Musical scheduled

"Plan A" will be presented Sunday, April 21 at 7 p.m. by the Carol and Chapel Choirs of the First United Methodist Church under the direction of Bridgette Griffin.

"Plan A" is a musical play written by John and Phyllis Miller. Jeanette Cirrincione and Dorothy Asbill are assistant directors and Bevely Caldwell is the accompanist.

Written by the Millers who also created "The Rainbow Express", this musical begins with God's statement from Job 38, "Were you there when I made the world?" and moves through the Genesis story of creation.

A chorus of Heavenly Beings and Morning Stars take you on a musical journey which reveals God's plan of creation.

This imaginative 45-minute musical looks at this miracle with warmth and humor.

The part of God will be portrayed by John Gibson and Deandra Asbill will play Alpha.

Following the musical, a reception will be held in the Fellowship Hall of the Methodist Church. The public is encouraged to attend.

Election results told

Hershel Davenport, Lemuel Lopez and Matt Davenport, all incumbents, were re-elected to the Sonora City Council Saturday while five incumbents and two new members will be the new board of trustees for the Sonora Independent School District.

Re-elected incumbents for school board are Precinct Two-Dr. Johnny Fields, Precinct Three-Carl Teaff, and at-large members Rosemary Mathews, Sam Perez, and Scott Shurley.

Joe Garcia was elected to Precinct one and Julio Samaniego Jr. was elected to precinct four.

Joan Latta, SISD secretary, was defeated in the city alderman race and Earnest Lykins was defeated in the school board race.

The three at-large members of the school board will each serve three year terms while precinct members will draw for two one-year terms and two two-year terms.

Registration slated

Youth ages 13 to 15 may register for the Sonora Senior League Thursday, April 11, 7:30-9 p.m. at the Sutton County National Bank.

If you are 13-15, you are eligible, but you must sign up tomorrow night. Entry fee is \$10.

According to a spokesperson for the league, practices and games will not interfere with school activities.

The spokesperson added that coaches and helpers are needed for the 1985 season. If you are interested, you are asked to attend the registration tomorrow night at Sutton County National Bank.

Boosters to meet

There will be a regular meeting of the Band Boosters Monday night, April 15 at 7 p.m. in the band hall of the high school.

All parents of the band students of the eighth grade band are invited to attend this meeting.

Band Boosters is a very important part of the band program and we encourage all parents to attend and participate in this very important organization for our children of the Mighty Bronco Band.

This will be the last regular meeting for the 1984-85 school.

Revival planned

The First Baptist Church of Sonora will hold a Spring Revival Monday, April 22 through Sunday, April 28.

The first service will be held at 7 p.m. April 22. Tuesday through Saturday two services will be held each day, the first at 7 a.m. and the second at 7 p.m.

The Revival will conclude with the 11 a.m. Sunday service April 28.

Members of the First Baptist Church extend a warm invitation to everyone to attend any or all services and bring a friend.

Liaison due here

The County Liaison will be in Sonora April 22 at the Senior Center from 10 a.m. to 3 p.m.

Family abuse occurs in one out of four relationships in Texas.

You do not have to be a victim.

The services of the County Liaison are free, confidential and need no appointment.

For more information, call the shelter collect at 655-5774.

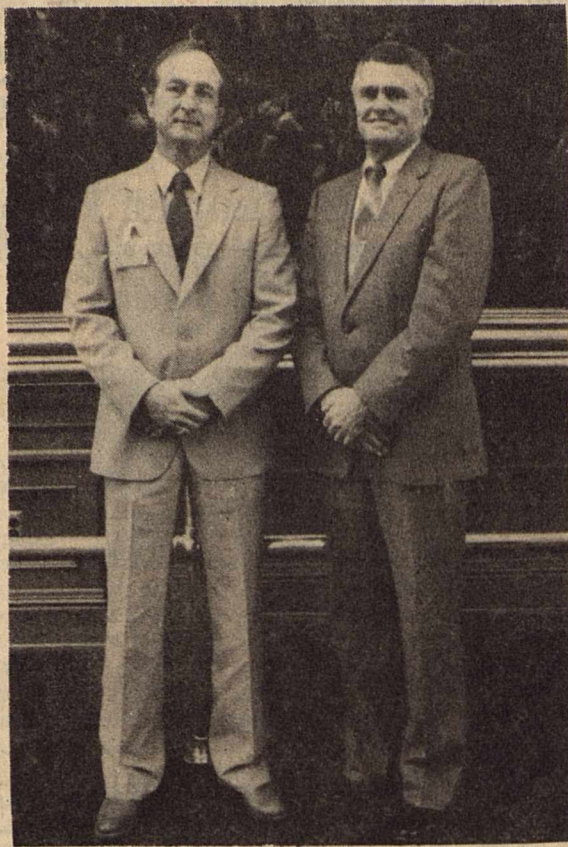

Ice Cream Supper set

Dee Ora Masonic Lodge No. 715 in Sonora will present three "Lifetime" certificates and six "25-Year" pins at an ice cream supper Friday, April 12 at 7 p.m.

The social will be held in the Masonic Lodge Hall and the public is cordially invited to attend.

Lions to meet

The Downtown Lions Club will hold its regular meeting next Tuesday in the basement of the First United Methodist Church.

County requests \$70,000 in damages from StaTex Oil

Severe winter weather has presented the Sutton County Commissioners with paving problems. Freezing weather and heavy rains are always a headache to road and bridge departments, however the normal problems facing Sutton County have been made much worse because of major damage to Station B Road.

An oil rig moved over Station B Road during the freezing weather in January damaged approximately 10 miles of pavement. In many places the pavement was completely broken through. The road has been repaired in preparation for seal coating later in the summer. Approximately \$25,000 has been spent on this repair to date. Seal coating requires about \$60,000 more.

County Attorney David Wallace has presented a letter to StaTex, owner of the rig, requesting \$70,000 in damages. If damages are not recovered the county is facing a deficit in road funds for this year necessitating delay in other scheduled projects.

A special meeting has been called for Monday, April 22 to establish road and bridge priorities and finalize plans to assist the city with their paving problems. The County Commissioners have repeatedly expressed the desire to cooperate with the city's paving needs.

The Road and Bridge Department has estimated that, including seal coating of Station B Road, the county is looking at a \$307,000 paving bill. The budget for 1985 allocated \$217,000 for road work. Projects that have been scheduled or which need to be done include: Ross Road (\$144,000), Station B Road (\$60,000), Bond Road (\$48,000), city street repair (\$30,000) and old US 290 (\$25,000). Even if funds are available for all of these, time may not be since paving must be done during hot weather.

In other action commissioners agreed 3 to 1 with the recommendation of architect Gary Donaldson that the interior of the new County Annex be accepted. Commissioner Keel cast the negative vote. Some exterior problems remain and final payment to the contractor is being withheld until these are resolved. These problems apparently involve shrinkage of some blocks and mortar joints which does not affect the structural integrity of the building. Offices scheduled to occupy the annex may now begin moving.

Two bids were received for purchase of a new EMS ambulance.

The low bid of \$29,915, submitted by Collins Ambulance Sales, was accepted. This included a \$6,500 trade-in on one ambulance now in service. Southwest Professional Vehicles submitted a bid of \$30,789.15 with a \$6,000 trade-in allowance.

The Tri-City Shrine Club was granted permission to hold a Shrine Circus at the county park on September 14. Proceeds from the circus will benefit crippled children. The money is used to pay for transportation and lodging for children and their parents when treatment is necessary at one of the Shrine hospitals.

The Sutton County Days Association presented a proposal to build box seats along the south side of the rodeo arena. Ten 10x10-foot boxes will be built with a four-foot walkway between the arena and the baseball fields at no cost to the county. The proposal was approved.

Sheriff Bill Webster announced that the county jail has now been fully certified by both state and federal officials. This makes Sutton County one of a very few Texas counties to comply with jail standards.

Approval was given for the curbing of existing lots in the cemetery. About four or five lots remain uncurbed. Opening of any new sections in the cemetery will be deferred until the next fiscal year.

The meeting adjourned at 12:35 p.m.

Ranch Edition to Preview April 24th

Mike Smith interns

State Senator Bill Sims' intern program is off and running, thanks to a Sonora resident who interned in the Senator's Austin office in March.

Michael W. Smith, president of the Federal Land Bank Association of Sonora and a 1972 graduate of Texas Tech University with a master's degree in agriculture from Texas A&M, spent a week monitoring the Senate Finance, Senate Natural Resources, Senate Intergovernmental Relations and Senate Education committees.

The intern program was launched this year as a way to provide interested citizens of all backgrounds with a taste of the inside workings of the Texas Legislature, now in regular session, and is strictly volunteer.

"The primary benefit of this program for me is the chance to get to know some of the people in the district who aren't necessarily elected officials or those you meet on the job," Senator Sims said.

"Of course, our office gets an enthusiastic and

knowledgeable helping hand without costing the State a dime," Sims added.

For Smith, working with Legislature had a few surprises. "I was very interested in the Natural Resources committee due to its relation to agriculture," Smith said. "However, in attending other committee hearings I became very interested in the various bills before those committees."

Residents of the 25th Senatorial District who are interested in working a few days during the legislative session that runs until May 27th may submit a resume, photograph, and convenient working dates to the Senator's office. The address is P.O. Box 12068, Austin, Texas 78711.

If Smith's experience was any indication, the program appears to be working. "I am very appreciative of Bill Sims and his staff for the opportunity to work with them this week," Smith said. "I'm ready to go again."

Broncos compete in three track meets over weekend

BY CHARLIE ADAMS

The Sonora boys track team traveled to Ballinger to compete in the Bearcat Relays this past weekend and finished fourth in a field of eight.

Gatesville won with 117½ points, Anson 98, Abilene Wylie 69½, Sonora 68, Clyde 66, Ballinger 59, Blackwell 29 and Winters 23.

The only gold medals were won by Jose Escalante in the 3200m at 10:00.0 and the 1600m in 4:31.2.

Jim Cooper was third in the shot put with a throw of 45' 11½" and fourth in the discus with 143' 11".

Esau Ramirez was fifth in the long jump with a jump of 19' 8".

John David Martinez and Thomas DeHoyos were 4-5 in the 110m high hurdles. Ricardo Sanchez, Manuel Duran and Santiago Faz were 4-5-6 in the 800m.

Alex Duenes and Ismael Duenes were 4-5 in the 1600m.

The 400m relay team of Elias Torres, Ismael Duenes, Esau Ramirez and John D. Martinez were fifth.

The 1600m relay team of Esau Ramirez, Ricardo

Sanchez, Elias Torres and Manuel Duran were third in 3:35.0.

The JV boys team finished with 60 points and fourth of 16 at Brady behind Lampasas 83, Mason 78, and Brady 63 points.

The Bronco Fems competing in a huge field at Iraan finished fifth. Gina Heffernan was second in the 800m and 1600m. Her times were 2:26.58 in the 800m and 5:36.5 in the 1600m.

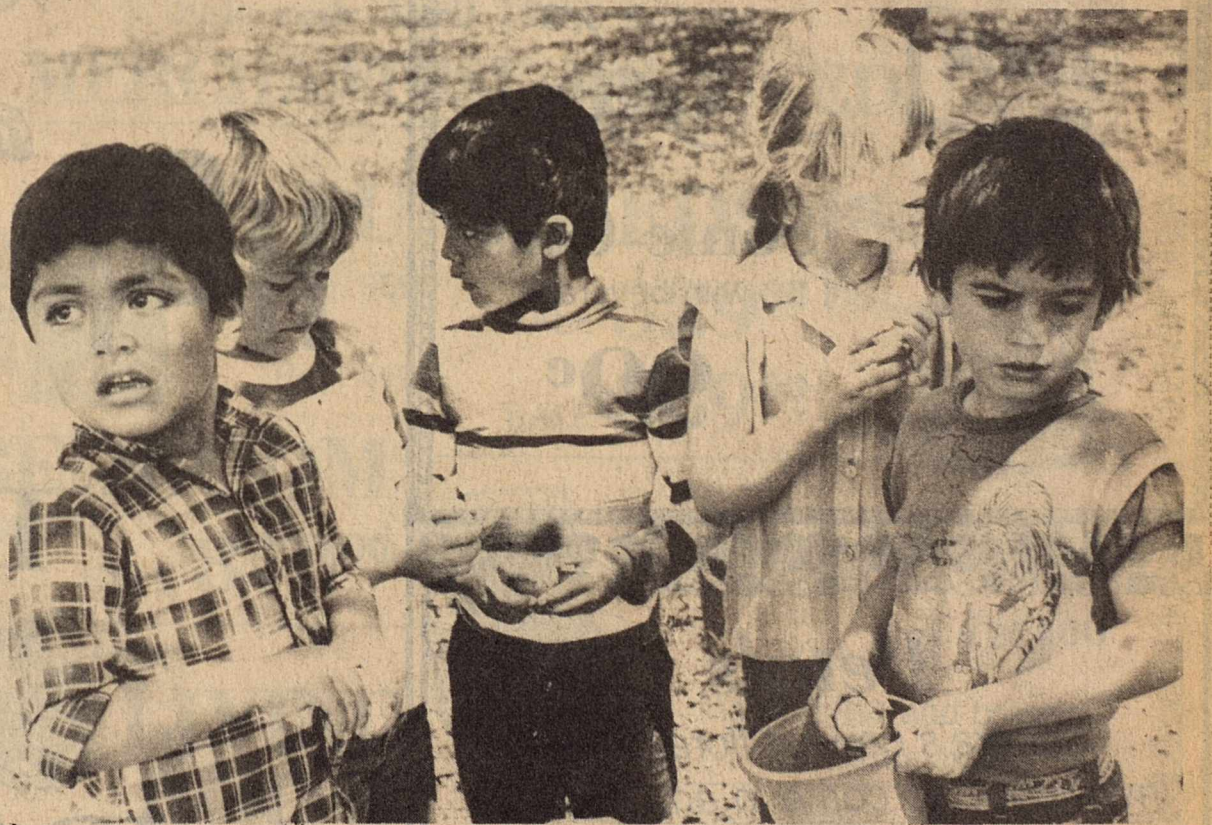

Traci Cascadden was third in the long jump at 16' 4".

The 400m relay team of Mary Ann Rogers, Leah Evans, Michelle McCleery and Traci Cascadden were fifth. Leah Evans was fifth in the 100m.

Gayann Dobbs was second in the 400m in 63.78.

The 1600m relay of Dobbs, Shannon, Sanchez and Chavez were fourth.

The final points showed Iraan 87, Sanderson 67, Coleman 64, Eden 58, Sonora 49, Coahoma 47, Stanton 40, Mason 38, Crane 28, Alpine 18, Reagan Co. 16, Ozona 15, McCamey 8, Rocksprings 7, Sands and Rankin 4, Greenwood 3, and Christoval 1.

Young children enjoy Easter egg hunt Friday.

Tedford Jewelry to present art show

Officers, directors and employees of the Sutton County National Bank cordially invite you to view the works in Oils and Watercolors of Remo Mario Trentini presented by Tedford Jewelry, by arrangement with Goss Galleries of Dallas Thursday, April 18, 7 to 9 p.m. at the bank.

Italian painter Remo Mario Trentini has won international acclaim for his works in oils and watercolors, and most notably for his oils painted on the reverse side of glass. Trentini, considered the only modern artist to master the technique of reverse glass painting, spent 13 years of experimentation to develop his method.

Born in Innsbruck, Austria, Trentini studied with the great masters in Torino, Italy and Paris, France, and as a young man, won a commendation from the Vatican for his frescoes in Argentinian churches. His works have been exhibited throughout Europe in fine galleries in

Montmartre, Florence, Vienna, Rome and Monte Carlo.

In 1976, Trentini and his family moved to Canada where he had several successful showings in Montreal, Toronto and Ottawa. In 1980, the Trentinis took permanent residence in Dallas, Texas. Since moving to the United States, Trentini's works have been exhibited in Dallas, Los Angeles and many other cities across the country.

His paintings have been acclaimed by international critics and can be found in the finest private and public collections in Europe, Canada and the United States, including: Buckingham, Palace, London; Academy of Arts "Albertino," Torino; Canadian Upper House; Secretariat Office, Vatican City; Government of Kuwait; Presidential House "Quirinale," Rome; the home of Nelson Bunker Hunt, Dallas; and Southland Corporation and Lomas & Nettleton, Dallas.

Sonoran escapes serious injury

Sonora resident Norris McCarty reportedly escaped serious injury Friday morning after the vehicle he was driving rolled-over two times on U.S. Highway 277 North at the North Frontage Road of Interstate 10.

According to Sonora Police Department officers Allen Tucker, Bill Ware, and Ladd Turner who all witnessed the accident at 1:55 a.m. Friday the 1985 Ford pickup driven by McCarty was traveling southbound on Hwy. 277.

The vehicle reportedly left the road and went into a culvert, striking a guard rail.

It apparently then rolled over, hit a stop sign and skidded onto its top, traveling across the highway to the North Frontage Road of I. H. 10.

The vehicle then hit a second guard rail, flipped over again and came to rest on its wheels, a police department spokesperson stated.

The policemen reported that the vehicle traveled 312 feet after it left the roadway.

McCarty told police officers that he had gone to sleep.

He was transported to Hudspeth Memorial Hospital by Sutton County Emergency Medical Service.

Tennis results told

On April 12 the Broncos played host to the Big Lake Owls in a dual meet. Results of the meet are: in boys singles, Ramirez def. Hernandez (Big Lake) 8-0; Anderson def. Smith (Big Lake) 8-3; Ramos def. T. Smith (Big Lake) 8-4; Tatum (Big Lake) def. Ramirez 8-2.

In girls singles: Carrasco def. Hester (Big Lake) 8-1; Ridgeway def. Coon (Big Lake) 8-1; Gonzales (Big Lake) def. Sanchez 8-4; Fisher (Big Lake) def. Ramirez 8-4; Carrasco def. Lavender (Big Lake)

8-0.

In boys doubles: Tuner-Tyler def. Patel-Creek (Big Lake) 8-3; Tatum-Griner (Big Lake) def. Martin-Ross 9-7.

In girls doubles: Miller-Ross def. Fisher-Lavender (Big Lake) 8-1; Doran-Kramer def. Vandeman-Mitchell (Big Lake) 8-4; Luxton-Morris (Big Lake) def. Bunkley-Cahill 8-4.

The Broncos will next see action when they travel to Big Lake for a return match on April 11. On April 19 and 20 the Broncos will host the district tennis tournament with action getting under way Friday the 19th at 11 a.m.

Society to meet

The Southwest Region of the Native Plant Society of Texas will hold an organizational meeting on Sunday April 14 at the pavillion at the Chihuahu Desert Research Institute Arboretum, 3.3 miles south of Ft. Davis on Texas highway 118. The arboretum will be open for tours from 10 a.m. on and the meeting will be at 3 p.m.

In connection with the meeting, an open house honoring Mr. and Mrs. Vernon Wesby, president-elect of the society, will be held from 8 p.m. until 10 p.m. Saturday, April 13, at 509 N. 8th, Alpine, Texas.

New Arrival

ALLISON BERNAL

Allison Diane Bernal made her debut Saturday, March 23 at the Schleicher County Hospital.

Her proud parents, Aimee and Robert Bernal, welcomed her into the world at 7:59 a.m.

She weighed six pounds three ounces and was 19 inches long at birth.

Her grandparents are Georgia Middleton and Mr. and Mrs. Eriberto Bernal, all of Sonora.

Cauthorn services held

Mack Cauthorn, 83, of Sonora died Thursday, April 4 at 10:30 a.m. in Angelo Community Hospital.

Funeral services were held

Friday, April 5 at 3 p.m. in the First United Methodist Church with Rev. David Griffin officiating. Interment followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Cauthorn was born January 1, 1902 in Sutton County. He was a rancher and a member of the Methodist Church.

He is survived by his brother, Dan Cauthorn of Sonora; three nieces-Blanche Smith of Del Rio, Ora Riggs of Sanderson, and Candau Albert of College Station; two nephews-Jim Bob Altizer of Del Rio and Dan Carter Cauthorn of Sonora.

Cauthorn is also survived by several great-nieces and great-nephews.

Pallbearers were Bill Wade, Web Elliott, Gene Wallace, Glen Chadwick, Billy Boyce, Mac McKinney, A.W. Bishop, and Joe David Ross.

Marche Lane honored

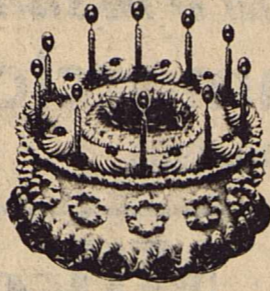

More than 1,800 students at Texas Tech University qualified for the president's and dean's honor rolls in the university's six colleges during the 1984 honor rolls in the university's six colleges during the 1984 fall semester.

To make the President's Honor List, a student must earn a perfect 4.0 (A) grade-point average while

enrolled in 12 or more semester hours of classwork. For the Dean's Honor List, a student must finish 12 or more semester hours with a grade-point average of 3.5 or above.

Students making the honor rolls included the following from Sonora: Marche Lane on the dean's list.

People & Pets

The eruption of spring brings with it a cornucopia of puppies and kittens, a phenomenon which is the focus of two appeals from members of Friends of Animals, Inc. the national animal protection society.

Alice Herrington, president of the group, appealed to all those who have a female dog or cat to have it spayed to avoid producing unwanted animals. "There are not sufficient homes to house litter after litter of puppies and kittens. And in nine cases out of ten the people who take a pet at the request of a friend abandon the animal in a few months," she said.

A survey conducted by Friends of Animals found that about 14 million abandoned dogs and cats are killed each year in dog pounds and shelters and an equal number die homeless on the streets, according to Ms. Herrington.

The second appeal was for the public to stop "impulse acquisition of pets." "The responsibility of pet care is expensive, time consuming, and troublesome," Ms. Herrington warned, "and all factors should be considered by the entire household prior to adopting or purchasing a pet."

The non-profit offers help with the cost of spaying and wants all prospective pet-owners to read its pamphlet "So You Think You Want A Pet." It is available free-of-charge by telephone toll-free to 800 631-2212 or writing to Friends of Animals, Inc., One Pine Street, Neptune, N.J. 07753.

Thank you for your vote of confidence.

ICD helps people

Nobody marries for worse. When the minister reads the final lines in the marriage ceremony "for better or for worse," nobody imagines the second alternative: daily terrorization, bruised and scarred faces, rape, broken bones, stab wounds, gunshots. The same is true for men and women in common-law marriage. Everyone wants the relationship to be healthy and functional. Yet in many instances, not long after the marriage begins, the "better" fades and the "worse" appears. Here is part of the testimony of a woman at a hearing:

...within a couple of months the battering began...the physical battering was just unbelievable. I began to feel that this was all there was to life - that there was no way out...there was an incident where I was five months pregnant, and I was grabbed around the waist and squeezed. My head was slammed against towel racks and into the top of the toilet, and the top of the tank broke. The baby lived...

Stories like this have been told more than hundreds of thousands of times in clinical interviews, police reports, testimonies in public hearings, published documents, and the files of battered women's shelters. Yet people cannot at first bring themselves to believe that such events actually occur daily across America or that such violence happens except in the homes of sadists and masochists.

The battered woman's decision to leave her own home shows desperation. It means things are so unpleasant, even dangerous, that any safe place is preferable to home despite the loss of possessions and perhaps even luxuries. But if a woman does make up her mind to leave, she still faces decisions. Where to go, whether she's leaving permanently or not and how she will survive financially and emotionally all must be decided. Of course, what is best for any individual woman is ultimately her decision to make.

The I.C.D. Family Shelter serves Tom Green, Runnels, Concho, Coke, Mason, Menard, Kimble, Schleicher, Crockett, Sterling, Reagan, Sutton, McCulloch, and Irion counties. The Shelter offers temporary safety for battered women and children, and battered men. Women who are experiencing abuse or are in danger of abuse can call the Shelter collect for referrals or help. The number is 655-5774.

The County Liaison from the Shelter is in each county once a month for confidential help. There is no charge, and the dates for the Liaison's visit are published in local media.

If you or someone you know is experiencing abuse, you can call the Family Shelter for help.

The sun is 110 times larger than the earth.

THANK YOU for the vote of confidence in the School Board Election Saturday.

We will work to be deserving of it.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas, effective May 6, 1985, unless otherwise determined by the Commission. The Public Utility Commission of Texas has received the application as Docket 6200.

While proposals as to specific rates vary, it is expected that the requested rate schedule will furnish a 10.5 percent increase in the Company's unadjusted test year intrastate revenues or a 9.7% increase in test year revenues as adjusted for test year customer growth and annualization of test year rate increases. The rate application seeks an annual increase of \$323.9 million in revenues. All customers and classes of customers of Southwestern Bell Telephone Company within Texas will be affected by the proposed changes.

Most rates proposed for increase would increase by about 18.5 percent, including local exchange rates. However, there are some exceptions. For example, those customers residing in cities that will be reclassified into larger rate groups will experience local exchange rate increases greater than 18.5 percent. Also, the rate increases proposed for private line services in El Paso, due to a proposal to restructure such rates, are greater than 18.5 percent.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas and with each affected incorporated municipality served by Southwestern Bell Telephone Company. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell Telephone Company's rate application. This filing includes, but is not limited to, proposals to increase rates for local exchange service, intraLATA long distance, intra-LATA interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates.

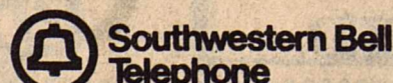

Notice to Customers of Other Telephone Companies

This filing includes, but is not limited to, proposals to increase rates for intraLATA long distance and for intraLATA, interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates. Changes in such rates would also affect customers of other telephone companies because such companies provide certain services in accordance with rates specified in Southwestern Bell Telephone Company's tariffs.

Notice to All Customers Concerning Access Charges and Certain New Service Charges

Southwestern Bell Telephone Company, as a part of this filing, is also proposing to reduce certain access rates charged such customers as AT&T Communications, Inc., MCI and other carriers. The resulting reduction in revenues is proposed to be offset by revenues from two new service charges, late payment charges applicable to business customers only and for certain operator services such as busy line verification, plus stimulation of access service charge revenues. Since this portion of the filing, if granted, would have essentially a zero net revenue effect on Southwestern Bell Telephone Company, Southwestern Bell Telephone Company is proposing that this portion of the filing be expeditiously handled by the Commission and not await Final Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso Público

En conformidad con las disposiciones de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia mediante el presente aviso su intención de establecer un nuevo arancel de tarifas telefónicas en Texas, con vigencia a partir del 6 de mayo de 1985, salvo disposición en contrario de la Comisión. La Comisión de Servicios Públicos de Texas a registrado esta solicitud bajo el Docket 6200.

Si bien existe variación entre las propuestas en cuanto a las tarifas precisas, se anticipa que el arancel tarifario solicitado aumentará en un 10.5%, los ingresos intrastatales no ajustados de Southwestern Bell Telephone Company durante el año de prueba, o sea, un aumento del 9.7 por ciento en los ingresos del año de prueba, después de realizar el ajuste por la expansión de los usuarios y por la anualización del aumento de tarifas para el año de prueba. El objeto de esta solicitud de tarifas es lograr un aumento anual en los ingresos de \$323.9 millones. Los cambios propuestos afectarán a todos los usuarios y grupos de usuarios de Southwestern Bell Telephone Company en el estado de Texas.

La mayoría de las tarifas que resultarían afectadas por el propuesto aumento aumentarían aproximadamente en un 18.5 por ciento, incluyendo las tarifas de centrales locales. Sin embargo, existen algunas excepciones. Por ejemplo, los usuarios que residen en ciudades que se reclasificarán para formar parte de grupos tarifarios mayores experimentarán aumentos mas elevados del 18.5 por ciento. Por otra parte, los aumentos de las tarifas propuestas para servicios de línea privada en El Paso aumentarán en más de 18.5 por ciento, como resultado de una propuesta para reestructurar tales tarifas.

Una copia completa del nuevo arancel de tarifas se halla archivada en las oficinas de la Comisión de Servicios Públicos en Austin, Texas, así como en cada municipalidad incorporada afectada que tenga servicio de Southwestern Bell Telephone Company. En el pasado, la Comisión ha sostenido que toda tarifa se halla sujeta a cambio toda vez que Southwestern Bell Telephone Company solicite nuevas tarifas. El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de centrales locales, de larga distancia intraLATA y por servicios de línea privada interLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso.

Aviso a los clientes de otras compañías de teléfono

El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de larga distancia intraLATA y por servicios de línea privada intraLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso. Los cambios en dichas tarifas también afectarán a los clientes de otras compañías de teléfono, puesto que dichas compañías proporcionan ciertos servicios de acuerdo con las tarifas especificadas en los aranceles tarifarios de Southwestern Bell Telephone Company.

Aviso a todos los clientes con respecto a los cargos de acceso y a determinados cargos nuevos de servicio

Al registrar esta tarifa, Southwestern Bell Telephone Company también propone reducir ciertas tarifas de acceso que se les cobran a clientes como AT&T Communications, Inc., MCI y otras compañías de larga distancia. La consecuente reducción de ingresos se piensa compensar por medio de dos cargos nuevos de servicio (cargos por pago atrasado que se aplicarían solamente a usuarios comerciales, y cargos por ciertos servicios de operadora, tales como verificación de línea ocupada) además de la estimulación de los ingresos por cargos por servicios de acceso. En vista de que, en caso de otorgarse esta parte del arancel tarifario registrado, su efecto real en los ingresos de Southwestern Bell Telephone Company sería igual a cero, ésta propone que la Comisión tramite dicha parte de la tarifa en forma expeditiva sin esperar la Orden Definitiva.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

The Lord wants to add you to His Church

BY PASTOR LOUIS HALFORD, 1st ASSEMBLY OF GOD

2nd Peter 3:9 says, "The Lord is not slack concerning His Promise, as some men count slackness; but is long suffering to us and, not willing that any should perish, but that all men come to repentance."

The Scriptures clearly teach us that it is God's desire for all men to be saved. God wants no man to perish. God sent His son Jesus to find you and save you. This is illustrated by a story Jesus told about one lost sheep. (Luke 15) The good shepherd had 99 sheep safely under his care in the wilderness, but he was not content as long as there was one sheep missing. So he left the 99 and went after the one that was lost until he found it.

I can't speak for all Churches of course, but I can say that our church feels the same way the good shepherd felt. The Church wants to see you and every other person who is lost, lonely, and unsaved brought in and added to Christ's Church.

When you are saved you are

added to Christ's Church, not the Assembly of God. You may become affiliated to the Church of your choice, but the first and most important need you have is to be added to the Church of the Lord Jesus. Being a member of a Church will not save you, only when your name is recorded in God's Book of Life are you truly saved.

Acts 2:47 says God adds to His Church "such as should be saved."

What does being saved mean? "Born Again" to be a new hope and new life and receiving eternal life.

The Bible says, "whosoever shall call on the name of the Lord shall be saved." (Acts 2:21)

For those who do not call upon the Lord will be lost! Romans 3:23 states, "All have sinned and come short of the glory of God."

1st Corinthians 15:3 says, "Christ died for our sins." He bore our sins in His body on the Cross. No man can save his own soul.

neither can one person save another. Only Christ can save. (Jesus means saviour)

Remember the story of Peter walking on water and as long as he kept his eyes fasted on Jesus he did not sink, but he suddenly looked down and he began to go under. He cried out, "Lord, save me!" (Mat. 14:30) And Jesus did. You don't have to pray a long prayer, but you have to mean it. If you pray, "Lord, save me." He will do it.

This promise is to "whosoever shall call."

It doesn't matter if you are brown or white, young or old, rich or poor, remember "He is the respecter of persons."

Salvation will come to you. Jesus will be your savior.

And He will add you to His Church. I encourage you to make Him Lord of your life and then get involved in a local Church. God Bless you as you make the most important decision of your life!

Tips to prevent crime

Neighborhood crime is a grass roots pursuit. And it requires a grass roots response. So don't call City Hall to complain about crime. Call across the street to your neighbors instead. It's time for the community to recognize and assume its responsibility for crime prevention rather than delegating it entirely to law enforcement officers.

As Jane Jacobs points out in *Death and Life of Great American Cities*, "...the public peace...is not kept primarily by the police, necessary as police are. It is kept primarily by an intricate, almost unconscious, network of voluntary controls and standards among the people themselves...No amount of police can enforce civilization where the normal, casual enforcement of it has broken down".

Think about it. Who is better equipped to prevent a home burglary? The non-resident patrol officer, or the retired neighbor who knows exactly who does and who doesn't live on his block? The crime prevention specialist who preaches about deadbolt locks, or the homeowner who uses them? The police cruiser that drives past the front door, or the alert neighbor who has a view of the back door?

Residential burglary is particularly amenable to citizen prevention. Locking up is just the first step--there's a lot more you can do. For starters:

Request a free home security survey from your local law enforcement agency and follow its recommendations.

Trim shrubbery so that it does not obscure doors and windows or provide cover for a burglar.

At night, leave a few lights burning outside your home, especially over doorways and garages.

On exterior doors use deadbolt locks--or double-cylinder deadbolt locks (both sides of which require a key) on doors with glass panels or doors near windows.

Secure windows by pinning the top corners of the inner frame to the outer frame.

Mark your property. Contact your local law enforcement agency about Operation Identification.

Make your home look occupied; leave a radio playing when you're away and leave a few interior lights burning at night.

Do not leave notes outside your home announcing your absence.

Do not leave an extra key "hidden" outside your home.

Do not indiscriminately open your home to strangers.

These actions will improve the security of your home and reduce your chances of being victimized. But they won't prevent crime. To do that, you need not only citizen involvement, but community involvement.

Residential security--locking up--is just common sense. It's the least a responsible citizen can do. But it is not the essence of community crime prevention. The security of the neighborhood as a whole is more than the sum of its parts. What is required is sense of community not a barricade mentality.

So after you've locked your door, cross the street and talk to your neighbor about how you can work together to prevent crime. You might want to start a Neighborhood

Watch group to encourage neighbors to keep an eye on each other's property and to report suspicious activity to the police. Or, depending on the community's problem, you might want to start a citizen patrol project.

But don't stop there. Think about the quality of life in your neighborhood. Remember, a reduction in crime is a free benefit of improved community life. So make your community the kind of place that doesn't breed crime.

Does that sound like too big a job

for a group of amateurs? If it does, break it down into specifics.

What is the unemployment rate in your community? Who is hit hardest by unemployment?

What is the dropout rate at your local high school? What services does your community offer the alcoholic and drug addict?

What does your community do to prevent drug abuse?

Is there enough for kids to do in the summer months? Is it constructive activity?

Time to stock fish

Ponds are full of water and temperatures are rising, which means now is the time to stock fish. By June, water temperatures are usually too warm to safely handle fish. Fish farmers have been preparing all winter for the spring stocking season. Place your order now while the selection of species and sizes are good. Later, the species you want may be unavailable.

The USDA Soil Conservation Service normally recommends channel catfish, or blue catfish in ponds less than one surface acre. A commercially available catfish ration can be fed, or flathead minnows can be stocked for the catfish to eat. If large-mouth bass are already in your pond, stock catfish that are at least 8 inches long and do not stock flathead minnows. You can feed your catfish a commercial ration which large-mouth bass will not eat.

In larger ponds, several combinations of fish may be suitable. Species often recommended include largemouth bass, bluegill sunfish, redear sunfish, channel catfish, threadfin shad, golden shiner, and flathead minnow. For larger ponds and lakes, stocking recommendations should be tailored to each water body.

SCS personnel at Sonora can help you with most aspects of pond management, including construction, stocking, fertilization, weed control, and harvest. The county extension agent and game warden can also provide helpful information.

Highway department employee honored

A Schleicher County resident was honored March 27, when he was presented a Certificate of Service and Lapel Emblem for 30 years service with the State Department of Highways and Public Transportation (DHT). James C. Doyle, and Engineering Technician V with the Resident Engineer's Office in Sonora, started his DHT career in 1955 at the Sutton County Residency. He was certified a Senior Engineering Technician by the Institute for the

Certification of Engineering Technicians of Washington, D.C., in 1974. He is under the supervision of Joe W. Lane, Supervising Resident Engineer.

The presentation, along with a letter of congratulations was made by District Engineer D.R. Watson, of San Angelo. Watson thanked Jimmy for his long years of dedicated service to the Department and hoped his continued years would be pleasant and productive.

TAPE RECORD 'FAMILY HISTORY'

Got a child with a small tape recorder? Teach him family history with it. Let him do the recording--and the learning.

Recording an "oral" family history can help a child understand his cultural heritage. Also, it can give him a sense of accomplishment and pride.

Talking over family history--and recording it on tape--can provide facts and fun. Talks with older family members can tell a child about:

- *family origin
- *important historical events--and their effects on the family
- *factors that led to family change
- *and customs and traditions that have stayed with the family from generation to generation.

Also, tape recording the child himself adds importance to events in his own life. For example, when you capture the thrill of an achievement--or the excitement of a special day--on

tape, it can bring pleasant memories back to him in years to come. In addition, tape recording of family members talking about life can help a child deal with a rapidly changing world.

By listening to the voices of other family members--as they respond to questions about sociological and technological change, a child can get clues for living in today's world.

He can gain ideas on how to cope, how to behave and how to build his own self-fulfilling life-style.

Help your child decide who--and what events--he will record. Talk over questions he could ask to "get the conversation going" and to get the information he wants.

Help him make arrangements with participating family members. A practice run might help, if the child or family members feel "timid".

To start the "real" conversation, a child might begin by stating the month, date, year and topic.

He could name the participants--and their relation to the family unit.

After the conversation, the child could sum up the purpose of the conversation and thank the family members for their contributions.

Finally, be sure to label the tape, and store it in a special place--for more recordings later and to make sure it won't be erased. Besides allowing a child to feel a sense of purpose and accomplishment, gathering a family history has extra benefits.

It promotes cooperation and sharing among family members--especially among those in different generations.

Also, it provides understanding--of the child's unique qualities and those of his family members. Most of all it can be really fun.

New Arrival

Albert Borrego III

Mr. and Mrs. Albert Borrego Jr. announce the arrival of a son, Albert Borrego III.

The baby was born Monday, April 1 at 5:53 p.m. in Hudspeth Memorial Hospital.

He weighed five pounds, 14 1/2 ounces and was 20 inches long at birth.

The baby was welcomed into the world by grandparents, Mr. and Mrs. Arturo Gandar Sr. of Sonora and Mr. and Mrs. Albert Borrego Sr. of Ozona.

Great-grandparents include Mr. and Mrs. Gabriel Mata Sr. of Sonora, Mr. and Mrs. Frank Gandar of Sonora, Mr. and Mrs. Andres Borrego of Sonora, and Mr. and Mrs. Salomon Hernandez of Ozona.

Florencia Morin of Sonora is the baby's great-great-grandmother.

It has been estimated that about 2.5 billion copies of the Bible have been sold in the world since 1816.

Tom Loeffler Reports

Adoption of the Treasury Department's tax simplification package, that proposes to eliminate the present tax treatment for oil and gas development, could inflict disastrous consequences on our domestic energy industry, which is already reeling from worldwide reductions in the price of oil.

Our national security, as well as our nation's well-being are jeopardized, for these proposals undercut our continuing drive for energy independence.

As former Deputy for Congressional Affairs at the Federal Energy Administration and later as Special Assistant for Legislative Affairs for President Gerald Ford, I remember all too well the uncertainty and insecurity of dependence upon foreign sources of oil. I vowed during those dark days of the 1970's that I, as a policymaker and as an American, would do everything in my power to ensure that our nation never again takes the untenable risk of dependence upon foreign sources for our life-blood supply of oil.

Yet here we go again. Independent oil and gas producers, who have historically drilled more than 90% of the wildcat wells and brought in more than 80% of

the significant new discoveries in this country, are already caught in the worldwide price and production squeeze. Worldwide, oil prices, in a state of erosion since last summer hit a new low when OPEC announced an across-the-board price cut in late January, with benchmark Saudi light falling to \$28 per barrel.

As a result, the price of the domestic benchmark West Texas intermediate crude has fallen more than 10% in the last three months, from \$30 per barrel last December to an average \$26.50 during the first week of March. Rig counts, the real indicator of oilfield activity and exploration, have followed the price decline, dropping from 2,800 to 2,011 during the same three month span. Not only is this devastating to our oilpatch economies in Spring, 1985, but such slowdowns in exploration show up in years to come in the form of reduced production and proven resources.

The drop in worldwide oil prices has caused a tangible and immediate decline in domestic oil and gas exploration activity. Adoption of the proposed Treasury tax proposals would ensure the demise of the independent oil and gas industry as we know it.

I realized, back in December when the Treasury tax proposal was first released, the serious implications which confronted us. Since that time I have initiated and participated in numerous meetings with Cabinet Secretaries and senior White House officials regarding the devastating impact of these ill-conceived proposals.

I am proud to report that much of the ammunition being used in

these meetings to help shoot down this threat has been provided by energy experts from Texas. Because our attack was launched so early, I am hopeful that these tax preferences - which are so vital to our domestic industry and our national security - will be retained.

Notice has been served in Washington that I have just begun to fight - and I will not retreat.

Hurdles 3rd M. Yarborough and 5th M. Todd; 200 m 6th E. Perez and 2nd J. Keese; and 1200 m relay 4th M. Yarborough, M. Harris, J. Gomez and J. Keese.

The Colts had 90 points in all.

Cancer Society has 1985 kickoff

American Cancer Society volunteers from 16 counties, including 4 from Sutton County, attended the 1985 Crusade Kickoff for ACS District IV in San Angelo on March 28.

Dorothy Baker, Monty Yantis, Carry Morrison and Lou Faulks of Sonora represented the Sutton Unit at the kickoff which featured the theme, "We Are Winning". The annual meeting serves as the first official function of the Crusade -- the education and fund-raising drive sponsored by ACS volunteers each spring.

The 1985 goal for District IV was announced as \$168,425, which includes the Sutton Unit goal of \$9,300.

According to Lou Faulks, Public Information, these funds will be

used to continue the Society's three-fold attack on cancer through research, education, and patient services. The American Cancer Society is second only to the federal governments Nation Cancer Institute as a source of cancer research funds.

In Texas alone, more than \$6 million is currently invested by the ACS in 12 major hospitals and research institutions throughout the state. "All of these funds were raised by volunteers," added Faulks. "Our focus for this year's Crusade will be the prevention and early detection of colon and rectum cancer," she said.

For more information about the Crusade or the American Cancer Society please call 387-3671 or 387-3269.

Jewels & Gems

by John Tedford

The "cut" of a diamond refers to its proportions and dimensions based on certain measurements. Its brilliance depends not only on the light reflected from its surface, but on the rays that have been partly absorbed before being refracted. The diamond is extremely reflective. About 17 percent of the light falling on its surface will be refracted back, accounting for its "life". Diamonds will also absorb 80 percent of the entering light before it is refracted, creating the diamond's "fire". A perfectly cut diamond maximizes the amount of light returned to the viewer. Hence, the more finely proportioned the stone, the higher the value.

Psychologists have tried to analyze why, in cultures throughout the world, the diamond is so highly prized. One reason may be that its hardness and durability represent permanence in a world in which so few things last. A second reason may be that it stands as a symbol for the kind of beauty and perfection which we all yearn for - both in the outer world and in the inward self.

Hint: The word "cut" is also used to refer to the "shape of the stone."

Colorectal cancer more common

"Up until now, if you're like most people, you probably haven't spent a lot of time thinking about colorectal cancer," said Mrs. Alvis Johnson of the American Cancer Society in Sutton County. "But with recent national attention on the findings of President Reagan's physical examination, there is more public interest in cancer of the colon and rectum than ever before."

The White House announced on March 11 that doctors had discovered a second small polyp in the President's intestinal tract and that signs of blood in the President's stool had also been detected.

The President's physicians had used standard diagnostic techniques for early detection of colorectal cancer. These are:

1. **Digital Rectal Examination**, by which 12 to 15 percent of all colorectal cancers can be found. The American Cancer Society suggests that this examination be given annually to people age 40 and over.

2. **Testing for hidden blood in the stool**, which can be helpful in identifying cancer or pre-cancerous conditions in the colon or rectum. This test should be given annually from age 50.

3. **Proctosigmoidoscopy**, with which a flexible lighted tube enables a doctor to inspect the rectum and lower colon. More than 60 percent of all colorectal cancers can be detected this way. The "procto" should be given every three to five years after two initial negative exams one year apart from age 50.

"Because some medical condition -- like a history of polyps in the colon or rectum or a history of ulcerative colitis -- may put a person at higher risk for colorectal cancer, the Society urges such people to develop a personal check-up schedule with their family physician," said Mrs. Johnson.

Studies have demonstrated that it is possible to detect asymptomatic cancers at an early, curable stage at the time of the stool blood test. A positive test indicates the presence of hidden blood in the gastrointestinal tract. Diets, however, must be modified 48 hours before the test has begun to avoid red meat and aspirin, which can lead to false positive results. High doses of Vitamin C can produce a false negative reaction. A positive test should be followed by a second test to confirm the earlier finding.

Neon tubes were shown for the first time at the Paris Motor Show in 1910. Its main drawback was that it only came in red.

Other dietary recommendations prior to a stool blood test include consumption of foods high in fiber in order to increase quantity and stimulate the polyp to bleed. These foods would include cooked vegetables and fruits and bran cereals.

"Colorectal cancer is one of the most curable forms of cancer," continued Mrs. Johnson. "But unfortunately, most people don't realize this, and don't make the standard examinations for its detection a regular part of their physical examinations. Colorectal cancer is second only to lung cancer in incidence, and this year it will claim the lives of 59,900 Americans, 2,600 from Texas alone. With early detection and prompt treatment, the lives of three-fourths of the patients can be saved."

Know Someone Who Depends on Electricity For Life-Support?

Let WTU Know Who.

Electricity means more than convenience to some people—it means life itself. Their lives are maintained by special, electric-powered equipment, such as breathing and kidney machines.

West Texas Utilities wants to make sure we have a complete list of people who depend on electricity for life-support. In case of an outage or natural disaster, every effort will be made to restore their electrical power first and as quickly as possible.

If you or someone you know depends on electricity for life-support, please call your local WTU office and give us a name, address and telephone number.

Serving you with dependable electrical energy from the Red River to the Rio Grande.

CLASSIFIED ADS sure to get results

THANK—YOU'S

I wish to thank all who came to see me during my stay in the hospital. Also to those who were so kind in calling and sending cards, and a special thanks to Mr. and Mrs. Thorp and the Thorps' employees and all of my friends at Sutton County Bank for the fruit basket they so thoughtfully sent me. Your kindness will always be remembered.

Sincerely,
Pete Virgen

A special note of thanks to all our friends and family for the telephone calls, cards, visits, flowers, food, help, and prayers you've given to me and my family this past month. We appreciate all of you so very much.

Barbara, Alfred, Jack Blayze, and Shiloh Sykes

Many thanks to our friends and all the caring folks who helped our family with their prayers and acts of kindness during the ten days our daughter Amanda spent in the Hudspeth hospital. Your thoughtfulness is greatly appreciated!

Sincerely
Jim & Kerrie Adams

I.C.A. holds monthly meeting

The Independent Cattlemen's Association held its business meeting and had breakfast at Agnes' Fiddlers Restaurant Thursday morning, April 4.

During the business session, new officers were elected for the 1985-86 season. They are: Larry Finklea-Chairman; Clay Hicks-Vice chairman and Mrs. Ruth Espy-Secretary-Treasurer. The new directors are Mrs. Jodie Finklea, Mrs. Adele Wilson and George Wallace.

The outgoing chairman, Clay Hicks; wished to thank all the members and other persons who helped to make his two year tenure an enjoyable experience.

The 11th Annual State Convention will be held in Victoria June 13, 14, and 15, 1985 at the Victoria community center.

The delegates elected for the convention are Clay Hicks, L.P. Bloodworth, Larry Finklea, and Ruth Espy.

The alternate delegates are: Ben Epps, Mrs. Jodie Finklea and George Wallace.

Any person interested in attending the convention can call any of the officers of the Sutton County chapter for further information.

The next meeting will be held June 6th at the same place and same time.

The attendance was good and enjoyed by all.

Don Sessom, Agent 3R Realty 387-5797
