Father/ Daughter Cake Bake Sweet Affair

The 3rd annual Girl Scout Father/Daughter Cake Bake and Auction was held the night of February 8 and as usual for this event, the baking teams out did themselves.

The Cake Bake and Auction was begun to raise funds for the individual local troops to spend on the special trips and projects they wished to participate in and has been most successful. As the cakes are auctioned, the monies raised go to that girl's particular troop.

Before the auction begins, the team of judges select the winners. The only cakes not tasted by the judges are those selected in the categories of *Most Beautiful* and

Most Original. The cake judged as this years *Best Tasting* was sampled well as it was almost "sinfully delicious".

The *Most Beautiful* division produced Andriana Cabezuella and father, Manuel, as first place winners; the team of Lori Jardee and father, Jerry, as second place; and winning third was Haley Thompson and father, Bill.

In the category of *Most Original* Haley Jardee, and father, Jerry, won first; Elena Velez and father, Ruben, won second; and Quirine Perez, and father, Ram, won third.

Best Tasting first place was won by Amber Beebe, and father, Terry; second place went to Jennifer James

and father, Stanley; and third place was won by Tracy McKnight and father, Troyce.

Mary Jones and father, James, won first in *Sportsmanship* with Julia and Jennifer Galvan winning second.

Honorable Mention first place went to Edie Nixon with Dawn Beebe and father, Terry winning second.

Get ready teams, you have a year to figure out what you'll bake for the fourth Father/Daughter Cake Bake. And by then mom might have the kitchen cleaned up from the third.

(See page 6 for recipe of *Best Tasting* winner.)

TEAMS preparation underway

The Board of Trustees of the Sonora Independent School District met in regular session on Tuesday, February 9, 1988.

Bob Snodgrass addressed the Board on the subject of current

preparations for TEAMS testings. He said that the about 25 per cent of the present junior class at Sonora High School failed to pass the test in the fall of 1987. Since a passing grade on the test is now

mandated by the state for graduation those students are now in a special remedial class, preparing to re-take the test in May.

He continued with the information that those students who might fail it in May would have two more chances to pass it in their senior year. Mr. Snodgrass said that these students were motivated and had an excellent attitude, and he expected a high percentage of them to pass--that they were really trying.

Board President Shurley thanked Mr. Snodgrass for his time and presentation.

The Board President skipped to this point on the agenda for the convenience of the members of the Band Boosters who were present. They had requested a place on this agenda to discuss the need for new band uniforms.

President Shurley asked Director of Business Warren McCarson about the current revenue estimate for the 1988-89 fiscal year. Mr. McCarson replied that the latest estimate predicted up to a fifteen per cent additional drop in the mineral roll valuation, but that the district would not have a better

Voting explained

In the State of Texas, registering to vote is simply that and no more: you are not required to affiliate with or support any particular political party.

Primary Election

This is basically a party function and the way each political party determines who its slate of candidates will be in the November General Election. To participate in this process, you must decide in which party's Primary Election you wish to vote in a given election year, as you cannot vote in two different parties' Primary Elections in the same election year. However, you may switch from one party to another from election year to election year (every two years). At the time you vote, your voter registration card will be stamped to show at which party's Primary you voted; once it is stamped (or once you have signed an affidavit if you did not bring your card), you cannot

vote in another party's Primary during that year. The Primary Elections this year are March 8.

Primary Run-Off Election

If you voted in one party's Primary Election, you can vote only in that party's Run-Off. If you did not vote in either party's Primary Election, you can vote in either party's Run-Off Election. You cannot switch parties in the same election year. This year's Run-Off Primary Election is April 12.

General Election

In the General Election you may vote for any candidate, regardless of party affiliation. You may vote a straight ticket, or you may vote a split ticket. You are not bound to vote for any particular candidate or party even though you may have voted for that candidate or party in the Primary Election. The General Election will be November 8.

"Do you like this dress?" was but one of the questions asked as members of the staff helped residents at the Nursing Home select the garments they wished to purchase during the "Shopping Spree" held there last week. Staff photo/Ann Cates.

Shopping good at Nursing Home

"Nowhere but in Sonora!" remarked Hospital and Nursing Home Administrator, Scott Gilmore as he watched the "Sweetheart Shopping Spree" at the Nursing Home this past Friday.

"It takes the interest and caring of the community to make something like this possible," Gilmore added, "and Sonora is certainly filled with both these things."

With all of the donated clothes cleaned and placed on hangers--free of charge--by Thorp's Laun-Dry and displayed on racks loaned for the occasion by O'Bryan's and the Bright Spot, the residents of the

Nursing Home began to shop.

Each with a fistful of "Shopping Spree" money which they had earned by attending and participating in activities at the home, they picked and chose from the large selection. Items were priced at fifty cents and a dollar so each was able to afford a variety of garments.

The ladies had no problem selecting from the brightly colored blouses, slacks and dresses but the gentlemen were a little more reserved in their shopping preferring to let the ladies out of the way before they began.

Staff members from both the nursing home and the hospital helped each of the residents select the correct sizes and items they wished to purchase amid statements of "Look how pretty this is" or "This would look so nice on you."

Activities Director for the Nursing Home, Lilia Gonzales stated "The residents have all been so excited about this and all of us want to let the people who have brought clothes up for this event know how much we appreciate the items. Thank you to everyone who made this possible."

Hidden drawbacks for reimbursing employers

DEAR COMMISSIONER NABERS: I am president of a small 501 (c)(3) nonprofit organization with six employees. I know that under the unemployment law I can either pay taxes on my employees or pay reimbursements in lieu of taxes. I am leaning toward reimbursing. Can you clarify the advantages and disadvantages of reimbursing status?

M.P.
Galveston, Texas

DEAR M.P.: A reimbursing employer pays no taxes. Instead, the reimbursing employer pays back dollar for dollar any benefits which are paid out to its former employees. If no benefits are paid, no money is owed. That is the obvious advantage.

The not-so-obvious disadvantage is that reimbursing employers have much less control over benefit payments than regular, taxed employers. The only time a reimbursing employer may protest the payment of benefits or appeal a decision to pay benefits is when it is the last employer for whom the claimant worked prior to

Commissioner

Mary Scott Nabers

Texas Business Today

filing the claim. Because liability on claims may be incurred up to 18 months after an individual has left employment, the reimbursing employer is frequently stuck with a bill for benefits drawn as a result of other work separations-separations in which it had no part and over which it had no control.

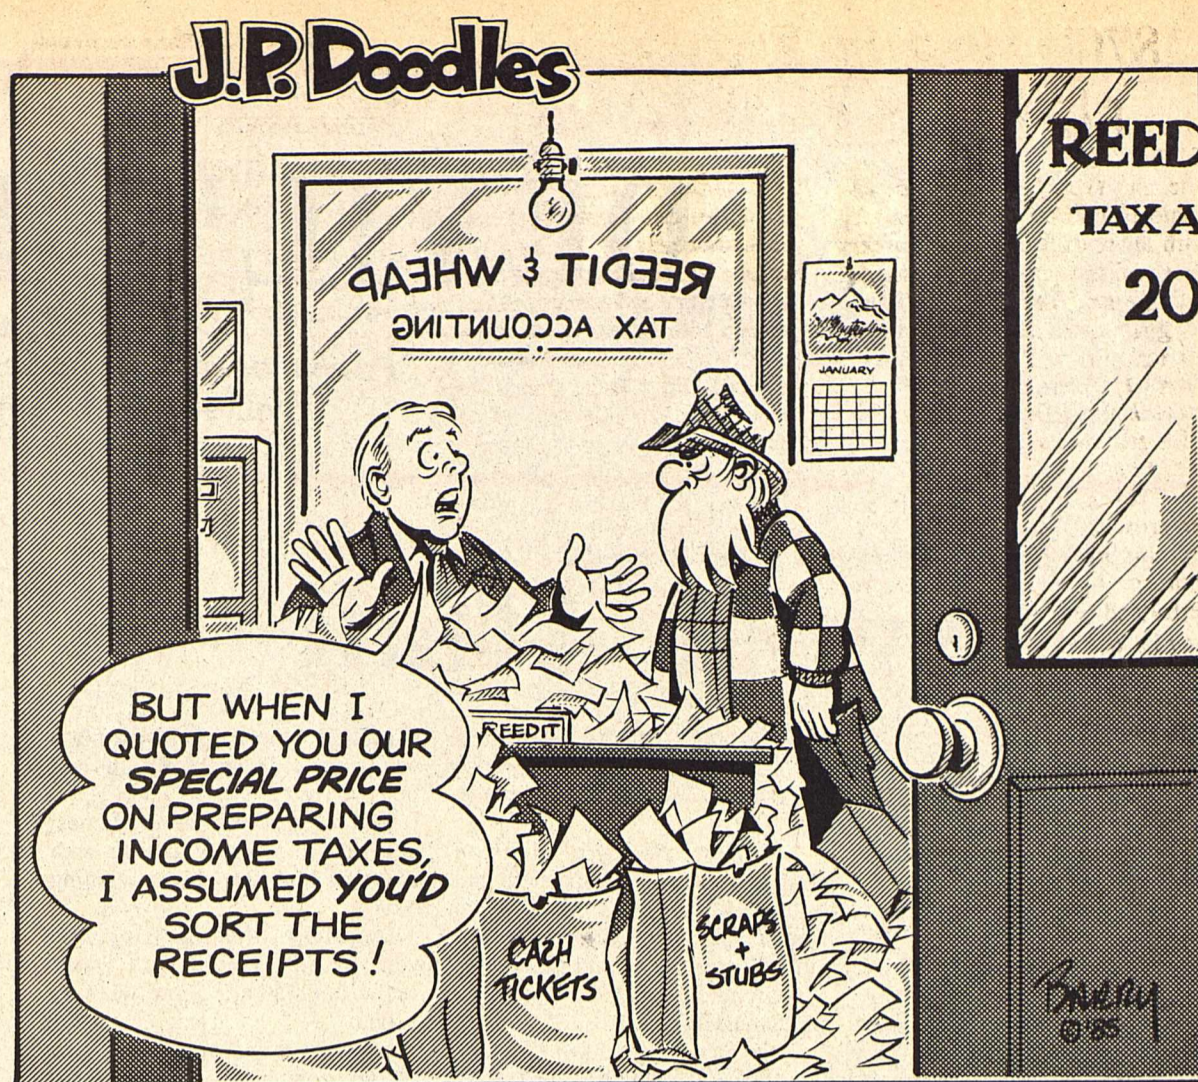

Finally, it is impossible for the reimbursing employer to budget for unemployment costs. An unexpected bill for \$5000 may cause a real hardship. The next letter illustrates yet another disadvantage of reimbursing status.

DEAR COMMISSIONER NABERS: Our school district has elected to be reimbursing under the

Texas Unemployment Compensation Act. We fired a teacher for what we considered misconduct; she filed a claim for unemployment benefits and the first decision was in her favor. We appealed it and finally got the decision reversed. By then she had drawn almost all the benefits. Now the TEC tells me we still have to pay the amount she drew. Surely this is not correct!
L.L.

DEAR L.L.: I'm afraid it is. Under the law, a reimbursing employer is obliged to pay for all benefits drawn. If it is determined that the benefits were improperly paid, the TEC must get the money back from the claimant before we can give it back to the employer.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

Letters to the Editor

Dear Editor,

I am writing in direct response to the wonderful outpouring of love and generosity from the people of Sonora to the Hudspeth Nursing Home. Friday, February 12, we celebrated Valentine's Day. As part of that celebration, we planned a "Bazaar" for the patients.

Some of the residents were in sore need of some good used clothing. In addition, almost none of the residents had been to a "Sale" in years. So, we let them earn money by coming to activities. Each time a resident came to an activity, they earned a dollar in "Funny Money."

The newspaper and the radio advertised our need for good clothing for the patients. But I never expected to have so much! We borrowed clothing racks from the Bright Spot and O'Bryan's. Thorp's Laundry donated hangers. And the people of Sonora outdid themselves in giving clothing. For about 45 minutes the lobby of the nursing Home looked more like a K-mart "blue light special!"

Again, for some of the residents, this was much needed addition to their wardrobe. For others, it was a lot of fun.

Thank You Sonora!
Scott Gilmore

To the Editor:

At the risk of appearing to lack political savvy, I'd like to put into words the appreciation many of us feel for the quality of the law enforcement we citizens of Sutton County enjoy because of the continued service of Sheriff Webster and his deputies.

The professionalism exhibited by our sheriff's department on all occasions is impressive, and the effectiveness of the sheriff as an enforcer of the laws of the land has been proven time and time again. His qualifications and natural talent for the job are top-notch, and Sonora and environs can be considered lucky indeed to have a man of such caliber willing to dedicate himself to the often thankless job of County Sheriff.

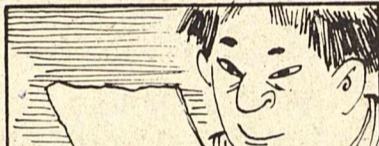

I do not know the sheriff's rival in the Democratic primary set for

"super Tuesday" on March 8, but find it difficult to believe that a change in leadership is desirable or warranted at this time. Our department functions very well, thanks mainly to the guidance and good judgment provided by an informed, professional lawman. The choice we face next month leads one to question the wisdom of the elective process when it is applied to lawmen, judges, etc. But that's a soapbox of a different color.

In the local political arena at least, change merely for the sake of change is more often than not a step backward rather than forward.

Or, to quote an old maxim, "If it ain't broke, don't fix it!"

County Jail is inspected

Sheriff Bill Webster announced today that the Sutton County Jail was inspected on February 9th, by Joe Slater, of the Texas Commission on Jail Standards. Sheriff Webster stated that for the sixth straight year the jail was in compliance with the standards set by the state commission.

Sheriff Webster stated he felt this was a tribute to the community as well as the employees of the sheriff's office.

ONE MAN'S OPINION

by T. Driskell

Robertson's showing in Iowa brings home one major deficiency of the democratic theory in the television era. A candidate can, preferably shortly before an election, go on the "tube" and present a picture of him or herself that may be a total contradiction of his previous belief and behavior. Robertson's staff gets an "A" for 130,000 tapes to be played on Iowa VCR's. It's sure cheaper than renting television network time.

This technique offers the opportunity for cementing the undecided, and various dissatisfied groups (who do not have, or take the time, or do not have the ability to analyze the candidate's background) into a last minute voting block. It works as demonstrated in Iowa.

Robertson has authored several books. Essentially they are clerical treatises of biblical interpretation. The economics espoused therein are scary. "The biblical Jubilee year is something that our society ought to learn." Generally he is against credit, big banking, and the wealthy. Hardly the philosophy of a Republican, but his campaign is not based on Republican financing. Does his present position revoke,

or only cloak, the biblical economic solutions?

One, knowing Robertson's past, must assume the shift does not involve a revocation of the biblical solutions, but it must be another manifestation of "electioneeringese". What is "electioneeringese"? It is a catchall under which minor social errors to bare-faced mistruths in actions or verbalizations are acceptable.

Super Tuesday, a campaigner's nightmare will be very interesting. Jackson and Robertson will reap the benefits of the "Southern Bible Belt." Gore, on the other hand, has done a lot of campaigning. How will it come out? My questions indicate that a large number of

Democrats here in Texas would vote for Robertson, but how many will vote in the Republican Primary is another question.

It can be hoped that when Americans vote for president, they should vote for every Congressman on the ballot who is a member of the same party. If we elect a president, and do not give him a majority in Congress--the many million words of the campaign have no meaning whatsoever.

Concho Valley County Medical Society provides books on AIDS

The Concho Valley County Medical Society is providing 2,000 copies of *AIDS: A Guide for Survival* as part of the medical profession's participation in the San Angelo Independent School District's "Dare to Care" project.

"This probably is the most complete book available for the general public on the subject of AIDS," according to Dr. Judith Zentner, S.A.I.S.D. Coordinator of Health Services. "It was published by the Harris County Medical Society and the Houston Academy of Medicine. The school district is extremely grateful to the medical community for their cooperation and assistance to the Dare to Care project."

Concho Valley County Medical Society President Hampton Williams, M.D., said the Medical Society supplied the books to the school system as part of the society's efforts to educate the public about the health issues.

"There is more than AIDS involved here," Dr. Williams said. "As physicians and members of our

community we have an obligation to respond rationally and without panic to health issues. AIDS is the big issue now, but there have been other scares before-- polio in the early 1950s, for instance. There will be others in the future.

"Protection from AIDS and other contagious diseases requires basic common-sense precautions. AIDS focused our attention on the ways contagious disease can be spread through body fluids, and the medical community is cooperating with the school district, the police, fire fighters, paramedics and others to educate people about the precautions they should take."

Zentner said the books will be distributed to teachers and presented as classroom sets for high school health classes and family living classes.

The Concho Valley County Medical Society (formerly the Tom Green Eight County Medical Society) includes more than 160 physicians in Tom Green, Coke, Crockett, Irion, Schleicher, Sterling, and Sutton counties.

1870's Western Frontier event planned at Ft. McKavett

Ft. McKavett State Historic Site, an 1870s era frontier fort will come to life on Feb. 20 and 21 with the sounds of bugles, cannon shot and the jungling of cavalry riding gear. The Living History Program will draw reenactment groups from San Antonio, Victoria, Amarillo, San Angelo, Lubbock, Seguin and Waco to celebrate the heritage of Military life on the Texas plains.

Texas Parks and Wildlife Department officials have said, "The historic reenactment groups coming to this event have performed in numerous movies, they have died at the Alamo with Col. Travis and have been victorious at the San Jacinto Battleground with actor Sam Elliot playing General Sam Houston. Their costumes and gear are well prepared and representative of the 1870s."

One day in the life of a Texas Fort will be highlighted including reveille, meal calls emphasizing period foods, infantry and cavalry

drills, artillery drills, and a civilian buffalo hunters camp.

The two day event also features the Crossroads of Texas Living History Association consisting of both infantry and artillery. The Ft. Concho 16th Infantry will provide mules and a wagon in addition to more infantry. Camp Commander Riley Flynn, of San Antonio, will bring Eagle Scouts and reenactors representing the 4th U.S. Memorial Cavalry. Other groups expected include the First Texas Light Artillery of Seguin and, from Lubbock, another 4th U.S. Cavalry Memorial Regiment.

The reenactors will be setting up camp in tents near the parade ground on Friday, Feb. 19. Reveille on Saturday morning will start the living history program and it will close at 1 p.m. on Sunday following a Retreat Ceremony.

Ft. McKavett is located in Menard County 23 miles west of Menard on FM 864. Admission is free for both the program and to the park.

Scouter's recognition dinner scheduled for March 5th

Awards for outstanding service to youth will be presented to volunteer scouting leaders at the Scouter's Recognition Dinner of the Concho Valley Council, Boy Scouts of America, to be held at 7:00 p.m. on March 5th at the Houston Harte University Center, Angelo State University, according to Carl Cummins, Council Scout Executive.

The awards will include recognition of Veteran Volunteers in scouting as well as the presentation of appreciation awards to those individuals who have made significant contributions to scouting. Of particular interest will be the recognition of the 1987 Class of Eagles Scouts and

presentation of the Silver Beaver Award, which is the highest award available through the local council.

According to Cummins, there will be a special council court of honor during which Scouting's Eagle Scout Award will be presented. Area director Pete Cook, of Lubbock will officiate this special award presentation.

Council officers and board for 1988 will be installed. Over 400 volunteer scouters, interested parents, unit committee persons, sponsor representatives, and professional scouters will attend this event which will be the council's highlight of the scouting year.

BRONCO TAILS

News from Sonora High School
by Heather Bunkley

A big thanks is to be extended to all those who helped to make the Speech Tournament a success. Without the volunteer judges, timekeepers, junior class concession stand, student council members and many others the speech meet would not have been possible. Congratulations to these Sonora students: Cynthia Kepler-2nd number sense, 4th in calculator; Jesse Lynch-4th number sense; Rosa Trevino-1st editorials, 1st feature writing, 1st headlines, 2nd newswriting; Dora Escalante-3rd newswriting, 4th feature writing; Rodney Haltom-2nd ready writing; Allison Schwiening-3rd editorial; Oscar Perez-6th editorial.

The senior class has chosen San Antonio for their senior trip. They will travel there in May.

Basketball season is over and it is time for track, tennis and golf to

begin. Tennis season begins this weekend with the Central High School Tournament in San Angelo. Good luck to the Bronco Tennis Team.

The Freshman class has been taking the state mandated TEAMS test this week. All freshman in the state must take this test.

There will be Prospective Students Day held on the Texas Tech campus Friday, February 26. All interested juniors and seniors are encouraged to attend and tour the campus. For more information contact Mrs. Fields.

Many Sonora High School Students competed with their lambs and goats this past week during the San Antonio Livestock Show. Sutton County had many 4-Hers place and enjoyed good representataion.

Children's food program offered

The Texas Department of Human Services announces the availability of the Summer Food Service Program to eligible organizations next summer.

The program provides meals to children from needy areas when schools are closed for vacation. The program is to be offered without discrimination due to race, color, national origin, sex, age or handicap.

Service institutions eligible to sponsor the program include public or non-profit private schools, residential summer camps, and local, municipal or county governments. Service institutions must contact DHS by February 28, 1988, for more information. Applications for registration must be received by April 15, 1988.

Service institutions may also subcontract with food service management companies to provide meals. To be eligible to bid for contracts for the Summer Food Service Program, these companies must be registered with DHS. Applications will be mailed to companies that were registered in the last two years. Application for registration must be received by March 15, 1988.

Organizations interested in sponsoring the program should call Rick Gresser at (512) 450-3147 or write: Texas Department of Human Services, Food Services Program 520-W, P.O. Box 2960, Austin, Texas 78769, Attn: Rick Gresser.

Homemakers Update

Fitting fitness into your busy life

by Micki Miller CEA-HE

Between a job, family and household chores, most of us consider ourselves too busy to take the time to exercise. We ride instead of walk, gulp down our food and spend leisure time in sedentary activities.

We also like to believe that exercising would simply add to our fatigue at the end of the day. However, exercise has been shown to increase energy and help people cope with their stress.

The truth is, we don't need to find extra time and space for fitness. But we need to use our time and space a little differently. Here are some ideas:

Substitute moving time for waiting time. Don't wait for elevators, parking spaces or bus rides less than a mile. Wear your walking shoes and walk whenever possible.

Try an exercise break instead of a coffee break. Take a quick walk even if it's only around the office, or do some exercises right at your work station. The office is no place to do pushups, but you can do neck and shoulder rotations, flex your arms and legs, stretch your fingers and toes.

Get some midday relief from back aches by sitting in a chair, bending from the waist, letting your head dangle between your knees and then slowly rolling your spine back up into position.

Once you start exercising throughout the work day, you may decide you want more. Consider getting up earlier for stretching exercises or a brisk walk. Join a lunch time aerobics class or take a brisk walk over the noon break. Take an exercise class after work or use an exercise audio or video cassette at home.

When you put your body in motion, you may be surprised at how much fitness fits in a busy day.

estimate until May 15. Should the fifteen per cent loss materialize, the would amount to around \$52 million, or a revenue loss to the school district of more than \$450,000.

With a revenue reduction for next year in mind, Board President Shurley asked Boosters Co-President James Blackman to return to the Board in May for a decision on the uniform. In the meantime, it was agreed by all that any financial help that the Boosters could offer would be more than welcome.

After a general discussion, Mr. Shurley thanked the Boosters and assured them that the Board was aware of the need, and would do all it could come budget study time.

After a few brief questions, on motion of Sam Perez with a second by Gary Hardgrave, current bills in the amount of \$1,230,781.33 were unanimously approved for payment. It was noted that of this amount, \$1,048,822.50 was a principal and interest payment on the high school bond issue.

Chief Appraiser Rex Ann Friess of the Sutton County Tax Appraisal District, reported that \$3.5 million of the 1987 tax roll had been collected to date. The collection rate stands at 94 per cent, down one-half of one per cent from this time last year.

As the Board had requested in January, the superintendent reported on the purchase price of a heavy-duty commercial washer and dryer for the oil-treated mops used by the custodians. After a brief discussion, he was asked to provide the Board with a cost analysis for the purchase of the equipment, the mops, the chemicals, and the hot water heater which would be necessary if the equipment was installed in the shop area of the vocational building, thus eliminating the high cost of leasing the mops.

The superintendent was authorized to purchase a used refrigerator for \$125 and a new range for \$250 for the CVAE project mobile home now almost completed.

Mr. Bible closed his remarks with a reminder of the Speech Meet

on February 12 and 13, of the UIL alignment protest filed by Bandera and Hondo, of the repairs to the high school library furniture by TESCO, of the arrival of the new school vehicle, and a review of the Board member training hours earned to date. In addition, he said that there would be an AIDS workshop on March 21 presented by Eden Elementary Principal Ruth Marsh, and announced that the Sonora ISD Open House for all campuses would be on Thursday, March 10.

Principals reported enrollment as follows: Primary-315, Intermediate 249, Junior High 252 and High School 318 for a total of 1,134.

Intermediate Principal Mike Ramos reported that around \$1,200 had been raised for St. Jude's Children's Hospital by means of the 3rd, 4th and 5th graders participating in the Marathon.

Superintendent James Bible reported to the Board on the subject of asbestos control. The recently enacted state and federal mandated require that a management plan for detection and removal of asbestos in any form in all public buildings owned by the district must be on file in the governor's office no later than October 12, 1988, or a fine of \$5,000 per day may be assessed.

Mr. Bible said that Max Hardegree, supervisor of plant maintenance, would attend a school in San Antonio to become a certified asbestos inspector. In addition, a letter from the architectural firm of SHWC, Inc., the high school architects, was expected which would state that no asbestos was in the new complex. This would delete about 105,000 square feet from the area to be inspected, a consideration savings since the cost of the asbestos control project was estimated at around five cents per square foot.

On motion of Jim Garret with a second by Rosemary Mathews, the trustee election was ordered for Saturday, May 7, 1988, to elect three trustees for-at-large places, all for full three-year terms.

Election judges in the four precincts were unanimously appointed on motion of Sam Perez and a second by Joe Garcia. Those judges are:

Precinct 1, 4-H Barn, Joyce Jimenez; Precinct 2, Junior High Gym, Wanda Van Hoozer; Precinct 3, Courthouse Pat Tyler; Precinct 4, Fire Station, Vicenta Cervantes.

Absentee clerk and alternates were unanimously appointed on motion of Jim Garret with a second by Julio Samaniego. The are: Absentee Clerk, Phyllis McLaughlin; Alternates, Diane Jacoby and Joan Latta.

On motion of Rosemary Mathews with a second by Jim Garret, permission was unanimously granted for both the Hospital and Water Conservation Districts to share election workers at the polls on May 7. Stipulation was made that the school-appointed judges would be in full charge of the election and would be responsible for the ballots at all times.

Texas Association of School Board's Localized Policy Manual Update No. 30 was introduced by the superintendent with the comment that it contained the basic policy on AIDS in employees of the district, or the students. The Update is scheduled to be officially adopted at the March 15 meeting.

On motion of Sam Perez and a second by Joe Garcia, the March Board meeting date was changed from the second Tuesday, March 8, to the third on March 15 to allow time for preparation since Spring break falls from March 3 through March 7. The motion carried unanimously.

On motion of Sam Perez with a second by Gary Hardgrave, district administrators were unanimously offered a contract for the 1988-89 school year. A copy of the superintendent's recommendation is attached to and made an integral part of these minutes.

The Savings Really Add Up

with WTU's Energy Saving Plan!

Energy Savings

Your energy savings will really add up when you qualify your home for WTU's Energy Saving Plan. You'll save money in energy bills for years to come when your home meets the energy-efficiency standards of the Energy Saving Plan.

Cash Allowances

WTU's Energy Saving Plan will now pay you larger cash allowances for installing energy-efficient equipment in your home. Consider a central system electric heat pump:

WTU WILL PAY YOU:
\$500⁰⁰ per home
 with a Seasonal Energy Efficiency Ratio (SEER) of 9.0 and above.

To qualify for the cash allowances, your home must meet the E.S.P. requirements and be served electricity by WTU.

Resale Value

An E.S.P. Home will have a better resale value than other homes on the market, because it offers home owners lower energy bills. Energy bills are an important consideration for most families, so your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home.

FREE E.S.P. Book

The E.S.P. Book clearly outlines all of the programs, cash allowances and requirements of the Energy Saving Plan. The E.S.P. Book also has specific information on insulation, air infiltration control, energy-efficient equipment and much more!

FINANCIAL FOCUS

A look into the future

Although economic forecasting has never been an exact science, the market's sharp drop on October 19 and its continued volatility has made the art of forecasting the economic future more uncertain than ever. Here's a preview of what the research department of a major member firm of the New York Stock Exchange believes lies in store for 1988.

The Economy

Experts predict the economy's real growth will remain near 1.5 percent. While consumer spending accounts for about two-thirds of the total economy, or Gross National Product, growth in this area should

remain slow but steady. The decline in the stock market will cause many individuals to increase their savings ratio from around 3 percent disposable income to 4 percent or more. Consumer fear may also have a negative effect on the purchase of durable goods, such as automobiles and houses.

On a more positive note, increased exports, a result of a 41 percent drop in the value of the dollar since February, should help boost economic growth in the upcoming months and lessen the trade deficit. More positive economic news include increased output from the manufacturing

sector due to increased demand for exports.

Inflation

Inflation should hold steady, around 4 percent or 4.5 percent, as economic growth slows and energy prices decline. Additional factors attributing to the control of inflation includes moderately rising wages and manufacturing capabilities remaining at a manageable level.

Investing

1987 was a year of records for the stock market as it experienced the four largest point gains and the four largest point losses in the history of the Dow Jones Industrial Average--and all in the span of just six weeks. Despite this volatility, the market remains above its 1987 starting point of 1896.

While experts believe the market will continue to be volatile, they are not predicting an 1988 recession nor do they foresee any major downside risks for the stock market.

Following are some observations and recommendations from the firm's research department:

1) Although down 27 percent from its all time high of 2722 in August of 1977, price earnings ratios and dividends yields do not indicate a significantly undervalued stock market.

2) Earnings per share for the overall market will increase about 6 percent in 1988 after a strong earnings year in 1987.

3) Solidly financed companies in interest sensitive areas, such as utilities and banks, and companies likely to grow in spite of the tough economic times are wise choices.

Interest Rates

While interest rates will remain volatile, they should gradually lower throughout the year for several reasons. Among these are slower consumer spending and an increase in personal savings, controlled inflation, and the probability that the Federal Reserve will opt for lower interest rates to encourage continued economic growth.

While no one can predict the future with complete accuracy, 1988 promises to be a year of continued but slow growth. The best investment hedge for this slow economic period is to invest in financially strong companies in interest sensitive areas and in companies not strongly impacted by economic downturns, keeping in mind, of course, any investment in the stock market should be approached carefully.

Graves named "Distinguished Student"

Charles Barry Graves, a senior engineering technology major from Sonora, has been named to the "Distinguished Student" list at Texas A&M University for the fall 1987 semester.

In order to be named a "Distinguished Student," a student must be registered for 15 or more semester hours and earn at least a 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period.

Joseph Priestley not only discovered oxygen in 1774, he also discovered the way to make soda water.

Diabetic products offered by mail

One in four people in the United States is touched by diabetes. This means that many Sonora residents have, will have, or are close to someone who has the disease.

The diabetic needs a steady supply of products for self-care and good health. Today, more than 100,000 diabetics nationwide take advantage of the convenience of mail-order to obtain a complete range of diabetes equipment and supplies.

The Sugar-Free Mail-Order Service for diabetics is the original and largest service of its kind in the country. Sugar-Free is staffed primarily by diabetes' health professionals, who understand the needs of people with this disease. The extensive inventory, handpicked by Co-Directors June Biermann and Barbara Toohy, is

based upon Biermann's 21-year experience as an insulin-dependent diabetic. Both women are Cordon-Bleu trained gourmet cooks, who travel the world looking for foods and other products that make life easier, healthier and happier for the diabetic.

Many diabetics across the country belong to the "SugarFree Association," a networking plan with special discounts, free samples, diabetes identification cards, annual accounting for tax

purposes, and a multitude of other services "For Members Only."

A complete list of SugarFree's affordable product line is available in the semi-annual, 40-page newsletter, "The Health-O-Gram" (HOG), which is also packed with spirit-raising articles and the latest information on living the good life as a diabetic. To receive a complimentary copy, write SugarFree at 13715 Burbank Blvd., Van Nuys, CA 910401, or call toll-free 1-800-972-2323.

Candidates need to file

Prospective members of the second Texas Silver Haired Legislature began filing petitions for candidacy on January 1 in anticipation of this spring's election on May 24, 1988. Four representatives will be elected from the Concho Valley Region.

The filing process, which will continue through February 29 will take place through the Concho Valley Area on Aging and through the designated polling places in the Concho Valley Region. Petitions may now be obtained at the following location:

Sutton County Senior Center, 106 Wilson, P.O. Box 1001, Sonora, TX 76950. Poll manager -Estela Acosta- phone 387-5657

The Petition, which is to include

25 signatures to be considered valid, candidacy form and a \$5.00 filing fee may be returned to the polling place or may be forwarded directly to the Concho Valley Area Agency on Aging, 5002 Knickerbocker Road, P.O. Box 60050, San Angelo, Tx. 76902. All Petitions accompanied by the candidacy form and the \$5.00 filing fee received by the Area Agency on Aging or post marked on February 29 will be accepted.

Any Texan who is 60 years of age and over prior to January 1 and is a registered voter living in the area from which he or she is applying for candidacy may run for the Silver Haired Legislature.

The Concho Valley Region has been divided into 3 areas: Tom

Green; a Northern Region (Coke, Concho, Irion, McCullough, Reagan and Sterling Counties); and a Southern Region (Crockett, Kimble, Mason, Menard, Schleicher and Sutton Counties). Candidates will campaign in their respective regions.

The Silver Haired Legislature is an elected, non-partisan body of seniors who will meet in Austin this year to draft and propose suggested legislation for consideration by the 71st Texas Legislature in 1989.

Reservations being accepted for Junction's annual show

Reservations are now being accepted for booths and tables at the Second Annual Kimble County Gun, Knife, Coin and Indian Artifacts Show to be held in Junction, Texas, on April 9 & 10, 1988, in conjunction with the spring turkey season. This year's show is sponsored by the Kimble County Chamber of Commerce, The Junction Rotary Club and the Kimble County Senior Citizens Foundation.

In addition to the approximately 70 trade tables, the two day show will feature displays of Guns, Indian Artifacts, German Military Items and Home Crafted Knives.

An out-of-door, two day Flea Market will be held in conjunction with the gun show this year. Both will be held at the Coke R. Stevenson Memorial Center one mile north of Junction of U.S. 83 & 377.

Anyone wanting a table or additional information should contact Roy Cooper at 720 Main Street, Junction, Texas 76849, telephone 446-3361.

Public Notice
ORDER FOR ELECTION
 It is hereby ordered by the Board of Trustees of the Sonora Independent School District, Sonora, Sutton County, Texas, that an election be held on Saturday, May 7, 1988, for the purpose of electing to the Board three (3) at-large members for three-year terms of office.

Pursuant to the terms of the Compromise Settlement Agreement approved by the United States District Court for the Northern District of Texas in Civil Action No. 6-83-0019 on January 23, 1985, and pre-cleared by the United States Department of Justice in March of 1985, three at-large members were elected in 1985 for full three year terms, those terms now being completed.

The polling places on the date of the election will be open from 7 a.m. until 7:00 p.m. and will be located as follows:
 PRECINCT 1-4-H Barn, Highway 290 West
 PRECINCT 2-Lobby of the Junior High Gym, 1st Street
 PRECINCT 3-Sutton County Courthouse
 PRECINCT 4-Fire Station, Concho Avenue

Absentee Voting by personal appearance will be conducted in the school administration building, 807 South Concho, Sonora, Texas, from April 18 through May 3, 1988, each weekday between the hours of 8:00 a.m. and 4:00 p.m.

This order for election is hereby approved by the Board of Trustees of the Sonora Independent School District in open session at a regularly scheduled and posted public meeting on February 9, 1988.
