Robbery suspects apprehended within minutes of crime

Hurricane Gilbert definitely affected one Sonora resident Saturday morning.

Jackie Stewart was at work and pricing groceries at the IH-10 Texaco Convenience Store located at Highway 277 and IH-10 when two males pulled into the fuel island on the west side of the store about 8:15 a.m.

One of the men came into the store and inquired about the price of cigarettes while the other man pumped gasoline into their car. The first man looked around inside the store but didn't make a purchase. He then went outside and the other man came in and asked where the restroom was. Mrs. Stewart directed him and turned back to price more groceries.

She was grabbed from behind by this man and she felt an unknown object pressing into her back as the man told her not to scream. He then told her to open the cash register and threatened her life if she did not comply.

When the cash register was open the man took all of the currency and stuffed it into his pants pocket. He then dragged the clerk to the women's restroom and put her inside, telling her to count to one hundred before coming out and that she would be killed if she came out sooner.

The two men then left the Texaco in a small light blue car.

The hurried escape was witnessed by Sutton County Chief Deputy Sheriff Joe Fincher. Fincher was gathering evidence from an earlier vehicle pursuit which had resulted in a vehicle roll-over and criminal apprehension that had occurred at the 400 exit during the early morning hours.

Fincher drove down to the Texaco arriving just as a witness came out of the building shouting that there had been a robbery.

Fincher radioed the information to the Dispatcher who notified Deputy Ed Duncan and Chief of Police Gesch to respond.

Gesch was dispatched to the Texaco to gather information and begin the investigation while Deputy Duncan was instructed to go West on IH-10 to assist Chief Deputy Fincher who was following the suspect vehicle.

Crockett County was notified of the incident and the vehicle was stopped at the 391 mile post by Sutton County Sheriff's Deputies assisted by Crockett County Sheriff's Deputies.

The two males were taken into custody and transported to the Sutton County Jail where they remain. The vehicle which they were driving was reported stolen from the Houston area.

Arresting Officers recovered the missing monies as well as candy bars, lunch meat, cheese and cigarettes taken in the robbery.

The experience left Mrs. Stewart in shock and she was taken to Hudspeth Hospital by Patrolman Mike Routh where she was treated.

Chief Gesch said "I have been afraid of this for a very long time. I really thought it would have probably happened during the night instead of 8 o'clock in the morning but you never know."

Gesch stated that he feels that the convenience stores which stay open twenty-four hours and employ a lone female during a shift are the most likely to have an employee hurt or their business robbed.

"I hope people now realize that this can happen in Sonora like it is happening in every other town in the state and nation. It's true that times are hard but we also have more criminal elements traveling our streets today than ever before. We need to realize that today's criminal will come to Sonora and do his act just as quickly as he would in Houston.

"We also need to prepare ourselves to accept the fact that one day someone may not be as lucky as Jackie Stewart was Saturday morning," Chief Gesch said.

Chief Gesch also praises Chief Deputy Fincher for his alert and quick response and thanks all of the other deputies and officers involved in assisting him in the investigation and apprehension of the robbers.

Of the more than 550 persons attending this year's Health Fair were students from Sonora Junior High School.

One of the major successes of the Fair was the number of pints of blood donated by citizens to the United Blood Service of San Angelo. Staff photo/Susan Henderson.

Participation in fair healthy

A total of 575 people attended the Sutton County Health Fair on September 14 at the 4-H Center. This year's fair was sponsored by the Texas Agricultural Extension Service and the Sutton County Home Economic Committee.

The yearly Health Fair is intended to promote health awareness with a

variety of screenings, materials and demonstrations. The fair also gives visibility to and encourages the use of community services and resources concerned with meeting the needs of residents of the county.

The health screenings are not intended to replace a physical examination by a physician.

Several residents were instructed to see a physician as a result. United Blood Services collected seventy-three pints of blood at the fair.

Overall the response was favorable and the fair will definitely become an annual event with plans underway for next year's event.

Some of the exhibitors represented this year include: American Cancer Society, Angelo Community Hospital, American Heart Association, Belton Hearing Association, Cosmetic Surgery Information Center, Dr. Lonnie Pollard, DDS, Lillian M. Hudspeth Memorial Hospital, Home Health Care of Eldorado, Mobil Mammogram from Odessa, Planned Parenthood of San Angelo, Shannon Medical Center, St. John's Hospital and Health Care Center, and United Blood Services.

The Texas Agricultural Extension thanks everyone who helped and attended the 1988 Sutton County Health Fair. We look forward to seeing you in 1989.

Sheriff's department recovers stolen vehicle

Sutton County Sheriff Bill Webster reported that on September 17 his department had recovered a car stolen from Florida which was occupied by three juveniles.

Webster stated the sheriff's office in Junction had reported the driver of the vehicle left without paying for gasoline in Junction early Saturday morning.

At about 3:50 a.m., Sutton County Deputy Rusty Frasier spotted the vehicle five miles east of Sonora on the interstate. However, when Deputy Frasier

attempted to stop the vehicle the driver tried to flee instead of stopping. The driver lost control and the car crashed through the guard rail on the exit ramp at the 400 exit and overturned.

The three passengers in the stolen vehicle were all treated locally at Hudspeth Hospital where one was admitted for overnight observation. The driver of the vehicle was transferred to Angelo Community Hospital by the Sutton County EMS and a female juvenile was released to juvenile authorities.

Law enforcement officers trained in use of force

Sonora Police Chief Brent Gesch would like to express very well deserved gratitude to Lenora Pool, the director of the Sutton County Emergency Services for allowing the Concho Valley Law Enforcement Training Academy to use the ambulance building for two different in-service training sessions during the last three weeks.

Gesch stated that the use of this training building allows area Law Enforcement Officers to attend schools here in Sonora that would otherwise be available only in San Angelo or other large cities. The quality and content of the training brought to our Officers through this training is a great asset to our local Law Enforcement. These schools also bring Law Enforcement Officers from other towns to Sonora which helps our community

as well.

The August training session consisted of sixteen hours training and certification in use of the PR24 baton. This session was attended by Chief Gesch and Sonora Police Officers Mike House and Mike Routh, San Angelo Police Officer T. Godfrey, Rocksprings Sheriff's Deputy J. Adams and Eden Detention Center Officers R. Gevara, L. Lopez, and Delmas Vandine.

The PR24 baton has been used as a non-lethal device for Law Enforcement Officers nationwide for years. It has become one of the most accepted non-lethal devices for Officer protection and self defense. Only Officers certified in the use of this device are allowed to carry or use it. This baton is designed as a defensive and blocking tool and

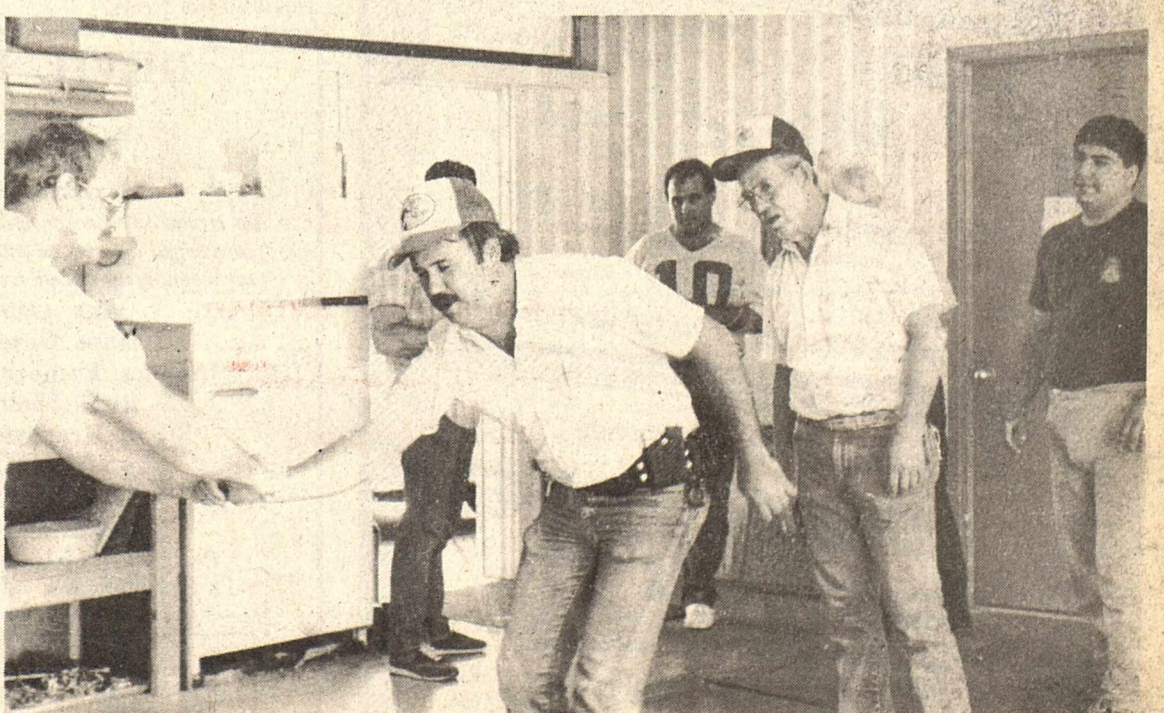

Officers are trained to strike only extremities or jab non-lethal areas.

The training last week consisted of twenty hours of Control and Restraint Techniques. Attending this school were Sonora Police Chief Gesch and Sonora Police Officers Gene Hazlett, Mike House, Mike Routh, San Angelo Police Officers J. Brewer, L. Kiser, T. Godfrey, G. Walker, and Eden Detention Center Officer Delmas Vandine.

These schools bring our officers in line with the modern non-lethal techniques of control, restraint, and arrest. The officers are educated on methods of arrest, handcuffing, and the use of non-lethal force.

"The use of force by the Officers attending these sessions is actually experienced by the Officers,

(Con't. on pg. 2.)

Officers line up to participate in both sides as restrainer and restrainee during the school held this past week. Many of the methods taught are based on using the various pressure points of the body when restraining a suspect. Staff photo/Ann Cates.

H.E.B. retreat

There will be a retreat for retired persons, sixty years of age or older, in Leakey on October 10, 11, and 12. Fishing, picnicing, and games are but a few of the activities to be held during the retreat.

The cost for the three days is \$30 per person which will include food and lodging. All that is required from the participants is that they provide their own transportation and bring their own linens.

A limited spaces are available. Registration can be done at the Senior Center, 104 Wilson. Call 387-5657 for more information.

Publishers Comment

The following editorial was supplied to the News office from Austin. We have chosen to run it because we couldn't have said it better!

The local spotlight should shine this week on the Emergency Medical Services (EMS) personnel in Texas. Every day, committed emergency medical specialists devote hours to saving lives and minimizing the effects of unforeseen injuries.

To honor them, Governor Clements has declared September 18th through 24th as Emergency Medical Services Week. The emergency medical technicians, nurses and physicians who work in emergency situations throughout Texas deserve a week in their honor . . . at least a week.

Unless it is our child who has been injured, unless it's our nephew who failed to wear a helmet on that fateful motorcycle ride, we tend to forget about the men and women who stand ready to respond to emergency calls any hour of the day or night, 365 days a year.

This week--Emergency Medical Services Week--gives us a chance to give something back to our emergency specialists. First, we can shine a spotlight on them and say thanks. They have a difficult job and they do it well; in return, the rest of us can at least offer public acknowledgment that we appreciate what they are doing.

Second, and perhaps more important in their eyes, we can listen to their messages and heed their advice. If we do this, the benefits are great: we help them save lives, we give them fewer injuries to attend to, and we may even give them a little spare time.

So what are their messages? Wear safety belts. Obey speed limits. Don't drink and drive. Develop safe pedestrian habits. Put our children in child safety

seats. And call the EMS number as soon as we spot an emergency.

This is simple, sound advice. If we follow it, we help ourselves. If we follow it, we also honor our EMS professionals.

Following are the local persons who make up the out-standing Emergency Medical Services team in Sutton County:

According to Gene Weatherall, chief of the TDH Bureau of Emergency Management, knowing how to call EMS and what to do in the first few minutes of an emergency are sometimes crucial to a victim's survival.

"When you call EMS," Weatherall said, "stay on the line until the dispatcher tells you to hang up the phone. In many cases, EMS is on the way while you are still talking to the dispatcher."

"If possible, you should also turn on your porch light, and have someone wait by the road to direct the EMS crew," Weatherall added.

Texas is an EMS leader in the nation.

allowing them to feel the result of force which they apply during arrests," Chief Gesch stated.

"Teaching today's Law Enforcement and Detention Officers the modern and proper techniques of Control and Restraining prisoners complies with the use of force guidelines set by today's Penal Code Statutes.

"Social guidelines and the liabilities facing the individual Law Enforcement Officers are more demanding today than ever before. It is our obligation to provide our Officers with the best training possible in our profession," Gesch concluded.

Gesch would also like to thank the Sonora School System for the loan of their floor padding mats which made hitting the concrete just a bit softer.

Instructors for the schools have been Randy Harris, Chief of San Angelo Park Police and John E. Rodriguez, San Angelo Police Department Officer.

Chamber Notes

by Debbie Farrar

This past weekend Royce and Gloria Mears, Seco and Carol Mayfield went to the Texas Hunting Extravaganza in San Antonio. They had a great time promoting "Sonora". So that people of Sonora know, we promote Sonora as a whole--It's a great way to promote our town and businesses.

I was in San Antonio also for 4 1/2 days at the 3rd Annual Texas Travel Summit. It has proven to be the largest gathering of people involved in the Texal Travel Industry. We had special speakers and workshops throught the summit.

We are now planning for Homecoming October 14, and the annual Game Dinner on November 15. If any of you know of an activity or something that you would like to be put on the Chamber Sign at the Sutton Co. Bank, please let me know.

LETTERS TO THE EDITOR

Dear Editor:

Jo Ellen and I have lived here in Sonora since the fall of 1960. We reared and educated two children here and are in the process of rearing and educating another one. We like Sonora. We knew they were getting a good public school education, and we knew they were getting a good religious education here in Sonora. We knew where our children were and who they were with. We know dozens of families who live here for about the same reasons.

The point is, we citizens of Sonora mutually reside here. We support one another. I now see so many people who live here, work here, get paid here--with taxpayers money in many cases. Then they take that money out of town and spend it while our local merchants hang on by the skin of their teeth. In some instances, they do not hang on. They have to close up shop and move. I am aware that not everything we want or need can be purchased in Sonora, but most of what we need can be purchased here. I simply want to list a few of the things we purchase here, and if we can, others could too.

We support our church and civic organizations. We purchase medical care here--from the doctor and the hospital. We purchase groceries here. We purchase gasoline here. We purchase water, electricity, and gas here. We pay rent on a TV cable here even though the owner lives elsewhere. Local residents manage the business. We purchase medicine here. We buy home repair supplies here. We buy yard and garden supplies here. We buy clothes and shoes here. We buy gift items here. We bank here. We have clothes cleaned here. We eat at restaurants here. We buy vehicles here, and we buy parts and have the vehicles repaired here. We buy ALL kinds of insurance here. We buy hair care here.

It is too inconvenient to go elsewhere to purchase what we need; and besides, we want to put back into this community what this community pays us in salaries.

If just the people who are paid with tax money would shop in Sonora, it would make a tremendous difference. I am talking about people who are employed by the school, the county, the city, the hospital, the U.S. Post Office, the

ASCS, the Soil Conservation Service, the DPS, the Highway Department, A & M Experiment Station, The Fish & Game Commission, and the FAA. Perhaps there are some I missed. If these people would buy in Sonora, the merchants could sell to us at a lower price and they could stock a greater variety of merchandise.

How about it, would you try shopping in Sonora from now until after Christmas? You might be pleasantly surprised at what you can get here and at what price.

Sincerely yours,
Smith Neal

Dear Editor:

Cub Scout Pack 19 would like to thank the people of Sutton County for their support during the recent Sutton Co. Days celebration. We appreciate you support.

Special thanks to Gary Hardgrave for the use of his trailer for our parade float and to Wade Fitzgerald for the use of his shop to decorate the float and for pulling the float in the parade. Also a very special thanks to the Tri-City Shriners for the use of their popcorn machine and supply donations for our booth.

And thank-you, Michael Hale, for your donation of our pack flag. We are very proud of it.

The successful Cub Scout program available to our young boys in Sutton County can be traced directly to actively concerned parents and continual community support. Thanks Sutton County for investing in children.

Sincerely
Cub Scout Pack 19,
Claudia Dempsey, Cubmaster

If you have a birthday you would like to have appear in the birthday calendar write or come by the Devil's River News.

We have observed the saga of Gilbert. Seven days have seen the sequence; minor tropical disturbance--tropical storm--the most intense hurricane observed--a hurricane--a tropical storm--an extratropical disturbance. It was a short period demonstration of the power of nature, but it may have been significant for us. Hopefully it is an omen of a return locally to what, we believe anyway, to be our normal sequence of weather.

We conceive our normal sequence to be moderate (occasionally heavy) precipitation in the spring, roughly from 15 March to 15 May and in the late summer-fall, roughly 10 August to 1 October with rare winter showers and more frequent summer showers. We have very limited observations, but the flora and fauna seem to have adapted for survival over many eons and survive, so it seems a fair assumption, but within our lifetime it has undergone some violent variation, as it probably always has.

Those variations are called droughts, although they may show moderate out of season rainfall which produce water soaked grass that does not cure out to winter feed. Some ranches seem to get fair precipitation while the rest of the area burns. As a small boy I believed that the isolated benefits of rainfall were a reward for good living. A later, closer look showed no correlation between personal sin and rainfall distribution, hence the conclusion that it was terrain effects on the thunderstorm movements.

How do the droughts end? Our

Locals attend state meeting

Adele Wilson and Ruth Turk Espy attended the Independent Cattleman's Association meeting on September 13 and 14. The meeting was held at the Stouffer Hotel in Austin.

The meeting was extremely informative and of the things discussed was the upcoming cattle sale scheduled to be held on September 30 in Beeville. Funds from the sale will go toward the support of the ongoing work ICA is doing for the cattle and landowners.

For more information on donating cattle or cash, contact the ICA office in Austin, (512)836-1321.

According to Espy, ICA is definitely on the go and on the grow!

CHAT with ANNE

by Anne Karnes May

This week our thoughts and prayers are with the family of Marilyn Adkins; we will all miss her so very much.

Thumb-nail Stitches: Elizabeth Neill is spending a few days in San Antonio with her daughters, Nancy Law and Jane Cooper. Gloria Kerbow is in Archer City to attend her class reunion and to visit her nieces.

Charlotte Wilson recently visited her son and family, Jim and Cherrie Wilson, Russell and Scott in Midland. Then, Joe and Tammy Wilson, Darcey, Jamie, Joey, Brandee and Erric, from San Angelo, visited Charlotte here.

Rhonda Hall, Stetson and Laramie, and her sister and nephew, Becky Taylor and Seth, Eldorado, spent the weekend in Hamilton attending Homecoming. Beverly Howard and Greta Smith spent a few days in Odessa visiting Curtis Howard, who is attending Odessa Jr. College.

Harva Cooper spent two weeks in San Marcos visiting her daughter and family, Betty Jack, Don, Jackie and Donald Patrick Raines, Don and Sandra Cooper and Beverly spent the weekend in College Station visiting Jim Cooper, who is a student at A&M.

High School Rodeo: This year the High School Rodeo Team has traveled to three 2 day rodeos: Del Rio, Big Lake and Rankin (the 2nd day was postponed due to rain).

Members of the team are as follows: Anna Balch, barrels, poles and break-away roping; Wheelless Baker, barrels, poles and goat tying; Lewis Baker, team roping; Tooter Jones, team roping; Tracy Love, team roping; Decky Spiller, calf roping, team roping and steer wrestling; Blayze Sykes, team roping and calf roping; Keith Wallace, calf roping and team roping; and Trey Wardlaw, calf roping, team roping and steer wrestling.

The team still has three rodeos to attend: Odessa, September 24 and 25; October 1 and 2; and Eldorado, October 8 and 9.

These kids are doing a great job.

The Couples Bridge Club met

Thursday night, September 15 at the home of Clay and Gail Cade. Members present were Martha and George Wallace, Bobbye and Pete Thompson, Leona and A.W. Bishop, Mary Ann and Bill Gosney and Jane and James Alexander. Guests were Marti and Dean McLain.

High score was won by the Gosney's, the Thompsons won Bingo and the McLain's won the travel prize.

Allie Askew was hostess to the Wednesday and Thursday Bridge Clubs at her home on September 14. Members present were Mae Ward, Marti McLain, Doris Rousselot, Ruth Shurley, Virginia Epps, Jo Nell Adkins, Lura Sawyer, Lucille McMillian, Peggy Elliott, Dell Tedford, Dorothy Pope, Bobbie Lou Mayer, and Leona Bishop. Guest were Mary Adele Balch, Martha Wallace, and Jerry Wallace.

Ruth Shurley and Mary Adele Balch won high, Lura Sawyer and Virginia Epps won travel and Doris Rousselot and Jerry Wallace won Bingo.

Bobbye Thompson was hostess to the Tuesday Night Bridge Club at her home on September 13. Members present were Leona Bishop, Joan Cusenbary, Liz Hemphill, Gloria Kerbow, Marti McLain, Faye Morgan, Mattie Nix, Jerry Wallace, Martha Wallace and Cynthia Ward. Guests were Ethel Olson and Pauline Thompson.

Marti won High, Liz won Slam and Ethel won High Guest.

Rodeo News: Arnold Felts won 3rd place in the second go-around in steer roping in Kaycee, Wyoming, and in the Pendleton Round-up in Pendleton, Oregon, he won 3rd place in the 1st go-around, 2nd place in the short go-around, and 2nd place in the average go-around.

Jim Hadley, husband of Trina Powers Hadley, Thermopolis, Wy., placed 3rd in the 1st go-around, but had a no-time in the short go-around, taking him out of the average winnings.

Til next week, remember to Take Care and God Bless!

Ecumenical network begins operations

A new cable network featuring programs from mainline denominations began operations mid-September according to the United Methodist Reporter.

Vision Interfaith Satellite Network is planning to broadcast eighteen hours of programming daily which will include shows that are value-oriented, inspirational and informative.

Fund raising, criticism of other religions and overt attempts to persuade persons to change their current religion will not be allowed on the network.

Denominations participating in the VISN endeavor include: Seventh-Day Adventist Church, Salvation Army, Reformed Church in America, Christian Reformed Church, Church of the Brethren, Congregational Christian Church, Mennonites, The Church of Jesus

Christ of Latter-Day Saints, Presbyterian Church, USA, Episcopal Church, Lutheran Church-Missouri Synod, African Methodist Episcopal Church, Greek Orthodox Church, United Church of Christ, Christian Church (Disciples of Christ), United Methodist Church, Jewish, Evangelical Lutheran Church in America, and the Roman Catholic Church.

The network can't be made available in the Sonora viewing area presently as the local system is operating at capacity with contracted incoming programming. As these contracts expire, they will be reviewed along with all citizens written requests.

If the moral and spiritual programming offered on VISN appeals to you, drop a note to your cable company.

Foreign exchange student

Sonora is very fortunate to welcome their first foreign exchange student, Rosa Madera, from Oviedo, Spain. Rosa will be living with

Mike, Joyce and Kanda Kropp this year.

She is 17 years old and is a senior. Youth for Understanding, which is an international student exchange program is responsible for Rosa being in Sonora.

Rosa hopes her benefits from this program will be to know people, other ways of thinking, and other cultures, to speak English properly. Also when she is old, to be able to remember this great experience.

Rosa already loves Sonora. She likes school and thinks the people are wonderful.

BRONCO TAILS

News from Sonora High School
by Cynthia Kepler

The Broncos went out on the field Friday night ready to win! Sonora fans packed the visitors side in Eldorado to watch the Broncos roll over Eldorado to a 24-6 victory! Last weeks captains were Rubeen Mesa and Osbauldo Castaneda. This weeks game is in Colorado City. I hope we can get all those fans we had in Eldorado to follow us to Colorado City. The JV tied 0-0 against Ozona JV last Thursday.

Class pictures were taken on Wednesday. For the first time, seniors also took pictures. This is to ensure that the yearbook gets a picture of each senior. Seniors are responsible for having their senior portraits taken, so they need to make an appointment with a photographer before November 1. Also seniors need to turn in their \$10.00 to Mr. Kirkpatrick for the color costs in the yearbooks.

The FCA elected officers in their meeting Tuesday night. Results will appear in next week's paper. Nick Anderson gave the program.

Just a reminder-dues continue to be due to Raina Newbury for the GAA's. Those of you who are doing senior football boys scrapbooks need to start saving clippings.

The Mighty Bronco Band will be having its annual ice cream social on Tuesday, September 27. Tickets are available from any band member for \$1.00. Everyone come on out and hear the band strut its stuff in concert. Other goings on in band include preparation for a marching contest on October 8 at ASU. The band will march in the morning for ratings and in the afternoon participate in a "mass band" performance with the ASU band during the halftime of the ASU game.

That's about it for this week, except one last note-three weeks failing slips come out next week.

Pre-sale of tickets

Student tickets to most of the football games this fall can be purchased on each campus for \$2. Only the Colorado City game will have no pre-sale.

Tickets will be on sale in each principal's office from Wednesday prior to the game through Friday at 12 noon.

All tickets, both student and adult, are \$4 at the gate.

Young men reminded

As the new school year commences, Selective Service State Director Col. Harold D. Doyle, reminds young men in the State of Texas that if college is in their plans, Selective Service registration must be on their minds. In order to be eligible for federal student aid, job training benefits and federal employment, a young man must first be registered with Selective Service.

More than 1,000,000 Texas men are registered with Selective Service. All men have a legal obligation to register within 30 days of their 18th birthday. "By

adding their names to the Selective Service list, these young men are not bringing themselves into compliance with the law, but are also guaranteeing their eligibility for some important federal benefits and are accepting the responsibility to defend this country in time of need," says Doyle.

By registering with Selective Service these men are joining more than 14 million of their peers across the country.

Colonel Doyle reminds those men who are 18 through 25 and not yet registered that they may do so at any local post office.

Broncos kick Eagles 24-6

by Decky Spiller
Friday the 16th of September, the Broncos traveled to Eldorado for their third game of the 1988 season. Eldorado received the opening kick-off and the Broncos proceeded to take command defensively.

The Bronco defense intercepted three passes and recovered two Eldorado fumbles in the first half. On the interceptions were #40 Chacho Cahill, #83 Osbauldo Castaneda, and #11 Michael Harris. Cahill and #86 Tate Fincher recovered the fumbles for Sonora. Cahill had eighty first half yards on ten carries and one touchdown. Manuel Martinez #3, powered his way to two touchdowns in nine carries and sixty-eight yards.

Also scoring for the Broncos was #23 Eric Espinosa. Harris was five for ten in pass completions to receivers #84 Eddie Virgin, Castaneda, and Espinosa for a total of sixty-three yards passing. Espinosa also returned a punt for nineteen yards.

In the last minute of the first half Eldorado finally scored.

Defensively for the Broncos in the second half, Harris, Espinosa, and #10 David Myrick had a total of three interceptions.

The Broncos held the Eagles scoreless in the second half but they, themselves failed to score also.

Broncos Beat the Bulldogs

Fumbles gave the Broncos trouble too. Second half leading rushers were #21 Todd Keller who carried three times for fifty-five yards and Cahill carrying three times for thirty-five yards.

Harris was two for five in pass completions with receptions going

8th Grade Colts win over Cubs

by Jason Morley

The 8th Grade Colts played a victorious game against the Ozona Cubs in the opening game on Thursday, September 15. The Colts had an outstanding win of 16-0.

The Colts accumulated close to 200 yards in offense. Lee Romero made an interception for a touchdown.

Shane Keller played an outstanding game with sixty-seven yards rushing and Tracy Crites rushed for forty-seven yards and a touchdown.

Outstanding job, Colts!!
The next game will be Thursday, September 22 in Brady. Good Luck!

Cubs kick 7th Grade Colts

by Jason Morley

The 7th Grade Colts lost 14-6 to the Ozona Cubs in the opening game on Thursday, September 15.

The Colts accumulated close to 100 yards in offense. Wade Spain ran for twenty-five yards three times in reverse play but each time the ball was called back on penalties.

For their first outing, the 7th Grade Colts played well. Way to go, Colts!

The next game will be Thursday, September 22 in Brady. Good Luck!

to #80 Danny Hulsey and Keller for seventeen yards passing.

Keller also returned a kickoff for thirteen yards and a punt for eight yards.

The Broncos were forced to punt three times in the second half. Punting was Hulsey who averaged

forty-one yards. Blayze Sykes, #12, also played quarterback in the second half.

The final score was Broncos 24, Eagles 6. Contrary to a certain sports column, the Broncos were not "given" anything. They just dominated!

American Cancer Society Says "Thank-you"

The American Cancer Society, Sonora Unit, were very pleased to be part of this year's Health Fair at the 4-H Center. It was a very good opportunity to present education pamphlets on many types of cancer and helps for early detection and aids available through the American Cancer Society. Three good video films were on-going throughout the day. Taking Control: Teaching about Nutrition and the part it plays in our health and lives; Chewing and Dipping, smokeless tobacco is also harmful to ones health; Living Proof, about survivors and how they cope with their problems. The breast cancer detection unit with R.T. Sharla Paucy in charge was available with low dose x-ray screening to locate early breast cancer. Twenty-five local women took advantage of the convenience of not having to leave Sonora for this test, also the low cost of \$50.00. It is planned for the unit to be in Sonora twice a year-Spring and Fall. Thanks to everyone that visited with the volunteers at the Cancer booth, also to all the groups of professionals and volunteers that offered test and health education to the 572 people in attendance.

Depot Diary

The gentle rains spawned by Hurricane Gilbert soaked deeply into Sutton County ranches-and also into the Depot. According to early specifications much of this wonderful building is made of "No. 1 clear red cypress and No. 1 long leaf yellow pine." You window "adoptors" should be very pleased with yourselves. We certainly are grateful. Now that the windows are restored and the rotting window sills replaced, the rain no longer seeps down inside the walls causing unseen but structural damage.

The roof is another matter. The ceilings, floors and wiring are all at risk. Use of the building for exhibits or even for storage is presently not feasible. Please help the Depot get a new roof. Adopt a square foot for \$4.00. All names of donors are displayed in the station-masters office. All donations to the Sutton County Historical Society are tax deductible. Make checks to SCHS-Depot Roof. Mail to Depot Roof Box 885 Sonora TX, 76950 or bring your contribution to Westernman Drug or the Devils Rivers News.

Fanfare for less than 10¢ a day!

An electric ceiling fan can help circulate the air in your home for more energy efficient cooling and heating and operates for pennies a day.

Electric energy also runs your television for less than 3¢ an hour, brew a pot of coffee for about 2¢ a pot, cook a couple of meals in your oven for just 20¢ and cleans the dishes for 6¢ a day.

When you add it all up, electricity is a real bargain when you consider all you ask it to do each month, and electricity from WTU is there when you need it.

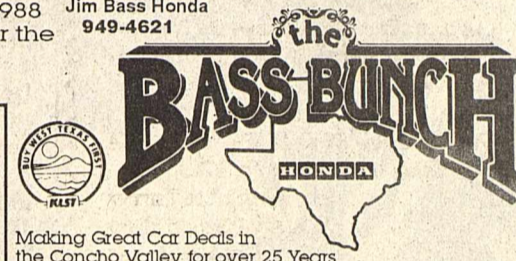

Remember REDDY supplies the energy — but only YOU can use it wisely!

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium. The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose. The proposed amendment will appear on the ballot as follows: "The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."
