McDonald returns among hero's welcome

By Griffin B. Cole
DRN Editor

It wasn't a tickertape parade, but the return to Sonora of David McDonald brought out residents for a heartfelt reception.

McDonald, 20, spent about eight months as part of Operation Desert Shield/Storm. Sent to Saudi Arabia Aug. 6 with the 82nd Airborne, McDonald was at the scene just four days after the invasion of Kuwait by Saddam Hussein.

Monday afternoon marked the return of McDonald to Sonora, and the welcome committee was there. Not only family members, but citizens of the community greeted McDonald about a mile north on Highway 277.

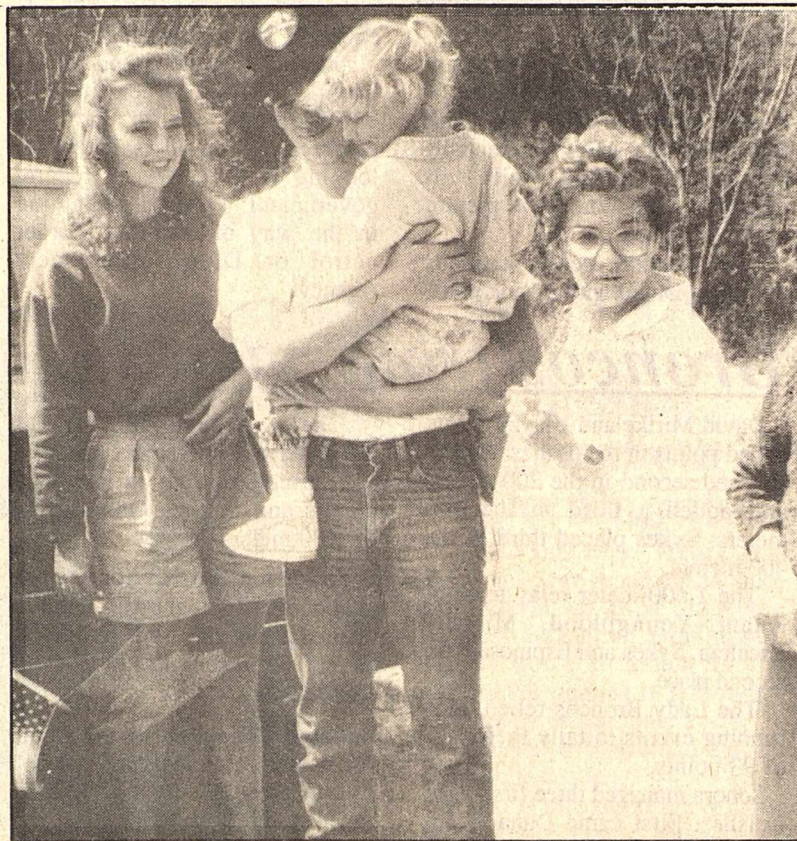

More than 30 people were so anxious to see David, his wife Amie and daughter Shannon, he was not even able to pull the car onto the side of the road.

Among the first to welcome David, Mrs. Mayhew, his grandmother.

After finally getting his car to the side of the road, David took the opportunity to receive and give hugs and shake hands.

The welcome for David was far from over as he visited with the

ARRIVAL - David McDonald arrived in Sonora early Monday afternoon with his wife Amie and daughter Shannon. The McDonald's were greeted on Highway 277 North by about 30 well-wishers.

CEREMONY - Tuesday afternoon David took down the yellow ribbon which had been hanging in his honor from the tree in the courthouse lawn. David will be in Sonora for a short time before fulfilling his time with the 82nd Airborne.

Sonora dominates Bronco Relays

The Sonora High School boys track team easily outdistanced district rival Reagan County to win the first Bronco Relays held in three years.

Sonora scored 177 points on the day, picking up seven first place finishes. Reagan County placed second with 86 points followed by Iraan, McCamey, Wall, Midland Greenwood, Eldorado, Ozona, Ballinger and Junction.

In the girls competition, the Lady Broncos finished third with 92 points. Sonora placed behind Wall, 134 points and Greenwood with 109. Following Sonora were Ozona, Eldorado, Iraan, Ballinger, Junction, Reagan County and McCamey.

Strong winds and warm temperatures were the rule during the field events in the afternoon. The Broncos were able to take advantage by taking first place in three events.

Johnny Terry finished first in both the discus and shot put. Terry's discus toss of 154-foot-nine-inches broke the Bronco Relay record.

Eric Espinosa took top honors in the long jump, the opener of three first place finishes for him.

Robert Gallion added more points in the field events with a third place finish in the shot put.

By the time the finals started in the running events, the temperatures dropped considerably and the wind slowed to a more moderate speed.

Sonora did not slow down at all, as it garnered four first place slots and several more in the top three.

As expected Espinosa swept the 110 and 300-meter hurdle events. Espinosa's teammate Ricky Gandar offered the toughest competition finishing second in the 300 hurdles.

Ramiro Luna continued to look strong in the long distance runs. Luna finished number one in the 1600 meters and second in the 3,200 meters. Helping out, Ector Castilleja placed second in the 1,600 meters and third in the 3200 meters.

Michael and Shannon Escalera completely dominated the 800 meters placing one-two respectively.

City council election brings on challengers

By Griffin B. Cole
DRN Editor

Two challengers have answered the call for this year's city council election, bringing the total to five candidates for the three vacant slots.

Preston Love, 52, and Marie Espinosa Barrera, 39, announced their candidacies for the city council. All three incumbents, Jaye (Butch) Campbell, 35, Robert Mooney, 55, and Lemuel Lopez, 37, have announced they are running for re-election.

Four of the five candidates expressed no specific dissatisfaction with the current city council actions.

The exception being Barrera. In a statement given to the Devil's River News, Barrera said,

"The main reason I decided to run for the city council is that the majority of Hispanics inside the city limits don't have enough representation on the council."

Barrera, who filed on the final day, went on to say the needs of the Hispanic west-side have been ignored too long.

Specific needs mentioned by Barrera included streets and alleys that have been neglected and drainage problems.

In her statement, Barrera said she feels the odds are against her to win in an "at large" election. Barrera said, "If elected I plan on asking fellow council members that we come up with a single-member district plan...so that Hispanics can get the

Cox honored

Ronnie Cox was selected as Person of the Year and honored as so during the Chamber of Commerce banquet held Tuesday night at the 4-H Center.

Cox, a long time resident of Sonora, was modest in receiving the award saying there are many people in Sonora deserving of the award and needing recognition.

For the other awards handed out during the Chamber of Commerce banquet check next week's Devil's River News.

The banquet is an annual event held to honor those in Sonora and Sutton County who provide leadership and other qualities to make the area a fine place to live.

CHANCE TO HELP - Sutton County Judge Carla Fields and Westside Lions Club President Billy Burch share their knowledge that the annual White Cane Days event is coming March 30. Take the opportunity to help a neighbor and give generously.

Get your white canes

The second annual White Cane Days Event sponsored by the Westside Lions Club will take place March 30 around Sonora.

White Cane Days, a popular fund raising event of Lions Clubs since the 1950s, is the top fund raising event for Westside Lions. In a letter to local businesses, project chairman Wayne Munn said, it is necessary for the club to hold fund raising projects to fund the needs of those in the

community and surrounding area which are less fortunate.

Westside Lions Club members will be manning booths at Food Center and Perry's parking lot from 11 a.m. to 3 p.m. Saturday. In addition club members will be at the intersection of Crockett and Main Street to collect contributions from 11 a.m. until 1 p.m.

Club members would like to thank in advance, those who contribute to this cause.

No longer the new guy

I was reminded Tuesday evening that no longer am I the "new" editor of the Devil's River News.

Scott Gilmore (boy, that name comes up a lot) reminded me the Chamber of Commerce banquet was the first event I covered when I arrived in Sonora.

That is very true. I still remember walking into the 4-H hall and seeing all these people who I didn't know. Then came the introductions and I was completely confused.

The next day I walked around scared. There was an irrational fear on my part that I would see somebody I had met and not remember their name.

It was an irrational fear not because the person would be mad, but because just about everybody was friendly enough to re-introduce themselves. I considered myself most fortunate.

As I entered the 4-H hall Tuesday I remembered that day very well. How far off it seemed as I could now match the names with the faces.

The one thing I remember perfectly well is Mr. and Mrs. Russell wearing their costumes. I learned their names that night and never did forget it.

With all the patriotism being displayed these days, somebody said I should mention something about flag etiquette. Since I'm no expert I asked what they meant.

Mainly the person was upset (if I may use the word) because so many flags were being left out in the dark. Proper flag etiquette calls for the flag to be brought indoors if no light shine upon it.

Since there have been some inquiries...I officially (that is, according to me) lost 12 pounds during my extended time of walking due to my uncooperative car.

Now that my car is working, some are asking how many pounds I have put back on.

representation we deserve." Love, manager of the Devil's River Inn, said he has no big plans for changes if he is elected.

"I would like to see the city council try to utilize all the resources we have," said Love in reference to building the economy.

"I am not looking to knock somebody off the council."

Butch Campbell, bookkeeper, is running for a second term on the basis of what has been

accomplished the past two years.

In a released statement, Campbell listed several accomplishments including the replacing of maintenance equipment, improvements to the swimming pool facility, continued repair and maintenance to streets, the starting of a recycling program and closer dealings with the county.

"All...has been done without even a nominal increase in city

taxes," said Campbell.

For Bob Mooney, self-employed, he looks at another term as a chance to complete some projects.

"I don't feel like the work of the council is finished," said Mooney. He said several improvements have yet to be made for the citizens of the town.

"We're not spending city money, it's taxpayers money," said Mooney.

Lemuel Lopez, restaurant owner, has spent 15 years on the council and seeks an eighth full term. Lopez said he believes he represents the whole community.

"I'm not confrontational, I look at myself as a consensus builder," said Lopez. "By being Mexican-American and in business with a family, I am able to bridge both communities."

Editor's note: The Devil's River News will have an article on the candidates for the school board in the April 4 edition.

McDonald/from page 1

Downtown Lions Club Tuesday afternoon then attended a short ceremony in his honor on the Courthouse lawn.

This was the first real test for the Welcome Home Committee, just formed last week.

The idea of the committee was to honor the returning soldiers in a fashion which would show the community's appreciation for the job the soldiers had completed in the Middle East.

Sonora Mayor Bill Gosney presented David with a plaque of appreciation, t-shirt and cap indicating him as one of Sonora's best and he and his family will receive a commemorative picture of the occasion.

In addition, senior citizens presented David with a book mark

they made and Junior High School Student Council president Vicky Richardson gave him a heart which had been hanging on a bulletin board since he had been in Saudi Arabia.

As for his future, David said for the next two years he will fulfill his commitment to the 82nd Airborne.

"(The war) definitely made my wife decide that I'm not re-enlisting," said McDonald.

After leaving the armed forces, David said a career in law enforcement would be his preference. David said he is looking at the state or federal government. Perhaps something in the way of customs, border patrol or Drug Enforcement Agency.

Easter eggs and eggs in general--play it safe

The Easter season brings to mind Easter eggs and egg hunts, a holiday tradition. With current concerns regarding safety of foods such as eggs, follow these suggestions for selection, preparation and storage of eggs to contribute to a happy, healthy holiday.

When purchasing eggs, check to be sure that eggs are clean and not cracked. Cracks give microorganisms a chance to enter and contaminate the egg. If a cracked egg is accidentally purchased, do not eat it.

Refrigerate purchased eggs as soon as possible. Store them in the cartons in which they were purchased, on a shelf in the refrigerator. The egg slots on a refrigerator door are not the best place to store eggs because the temperature fluctuates in this area as the door opens and closes.

Eggs need to be stored at constant refrigerator temperature to maintain safety. For hard cook eggs, place them in water in a pan and cover. Bring to a boil. Do not stack eggs. This will prevent uneven cooking.

When water comes to a boil, take the pan off the heat and let sit for 20 minutes. Pour off hot water and cool the eggs under cold running water.

Hard cooked eggs are still perishable, so store the cooked eggs in the refrigerator until time to decorate. When you decorate them, do it quickly and cleanly;

then place eggs back in the refrigerator until time for the egg hunt. If you plan to eat the eggs, don't leave them unrefrigerated.

If you plan to eat the Easter eggs, plan the hunt so that eggs are "hidden", "hunted" and gathered in a short period of time. Either follow the two-hour rule or don't eat them. The two-hour rule says that any perishable foods should not be left at room temperatures for more than two hours. Room temperatures promote the growth of bacteria that can cause food-borne illness. Be wary of consuming any eggs that may have become cracked in the hunt.

Any hard-cooked eggs not used in the hunt can be held in the refrigerator for up to a week.

It's wise to take precautions with any perishable foods including protein foods such as meats, poultry, eggs, fish and dairy foods. Cleanliness is very important for those people highly susceptible, including the very young, the very old, pregnant women and those with chronic diseases and weakened immune systems.

Raw or under-cooked eggs should not be consumed, especially for those susceptible groups. Exercise special caution with soft-cooked, scrambled, soft-fried and poached eggs. Do not taste any cookie or cake dough that contains raw eggs and always refrigerate leftover egg dishes.

TAAS results for Sonora I. S. D.

Sonora I. S. D. students scored at or above the state average in all areas of the TAAS Test with the exception of 9th grade math, reading, and writing and also 11th grade reading. Scores were noticeably lower than last year's which was expected; however, anything below state average is not acceptable in this school district. We have already begun preparation for next year's test with grade level and subject area meetings.

Every school district in Texas will receive a report card in August, 1991 based on the

following academic excellence indicators: 1) TAAS Test, 2) a norm referenced test including SAT and ACT Tests, 3) high school graduation rates, 4) student attendance, 5) student enrollment in advanced academic courses, and 6) the degree of change from one school year to the next in items 1 through 5 considering the impact of student mobility.

We continually maintain that we have a much better than average school and this report card from the state will give us an opportunity to demonstrate that quality to our community.

Broncos/from page 1

David Mirike and Blayze Sykes added points in the dashes. Mirike finished second in the 200 meters and added a third in the 100 meters. Sykes placed third in the 400 meters.

The 1,600-meter relay team of Adam Youngblood, Michael Escalera, Sykes and Espinosa took second place.

The Lady Broncos relied upon running events to tally their total of 93 points.

Sonora managed three first place finishes. First came Dana Evans in the 100-meter hurdles. Evans' time of 17.44 seconds broke the Bronco Relays record.

The other first place finishes belonged to Sonora was garnered by Carmen Chavez in the 1600 meters and Monica Gonzalez in the 100 meters.

Other top finishes for Sonora included Chavez, third in the 800 meters; Sanchez, third in the 400 meters; Melissa Teaff, third in the 1,600 meters.

Sonora also placed second in the 400-meter relay with a team of Yvonne Mata, Becky Hearn, Sanchez and Gonzalez.

In junior varsity boys track results Sonora finished sixth with 47 points.

Letter to the Editor

Dear Personnel,
Hi, it's me again. Sorry to be bothering you all but I had to inform you to please disregard the letter I sent this weekend. Today (March 12) I received both newspapers which I was asking for. (Feb. 28 - March 5)

Thank you very much and keep the news coming. Oh, before I

forget; could I have the following printed in the Out and About Town column by Corie Avila?

Thank you ALL very much and I'll be keeping in touch. God Bless you all. I'll be expecting the article. Thanks.

Richter - Metcalf wed March 16

Kathryn Michelle Richter and Lance Brandon Metcalf were united in a double-ring ceremony March 16 at College Hills Baptist Church in San Angelo. Gordon Mitchell officiated.

The bride is the daughter of Mr. and Mrs. Eugene Richter of Sonora. The bridegroom is the son of Mr. and Mrs. Wayne Metcalf of Odessa, Texas.

The bride given in marriage by her father, Eugene Richter, wore a 25-year old gown that was worn by her mother at her wedding. The gown is white peau de soie with a train, a bodice of chantilly lace over peau de soie with three quarter length sleeves of lace. Her veil was made of gathered illusion attached to a white satin rose and leaves, decorated with seed pearls.

The bride carried a silk cascade bouquet of white, off-white, pink and blue roses with seed pearls and lace, which had streamers of blue and white ribbon and strands of pearls.

In keeping with tradition the bride wore her gown for something old, something new was her veil, something borrowed was a handkerchief, something blue was her garter and she put a penny in her shoe from her birth year, 1969, saved for her by her late maternal grandmother, Dorothy Seedig.

Maid of honor was Ms. Kendra Whitten of Sudan, Texas. Bridesmaids were Ms. Deena McKeown of Big Spring, Texas and Ms. Michelle Dennis, cousin of the bride, of Pottsboro, Texas. Flower girl was Mindy Brown, niece of the groom from Duncan, Oklahoma.

The bridesmaids wore embossed light blue satin tea length dresses with extended waistlines, full skirts, short sleeves with gathered caps. White accessories were chosen. Bridesmaids wore necklaces given to them by the bride. They carried white lace fans trimmed with blue ribbon streamers and blue, pink and white roses.

The flower girl wore a tea length dress of embossed light blue satin with full skirt, self collar and back sash and tulip sleeves. She also wore white accessories.

Best man was Mr. Jeff Metcalf, brother of the groom, of Odessa, Texas. Groomsman were Mr. Nick Metcalf, brother of the groom, and Mr. Robert O'Daniel both of Odessa, Texas.

Ushers and candlelighters were Mr. Kevin Richter of San Angelo, and Mr. Adam Richter of Sonora, both brothers of the bride.

The altar was decorated with a 15-arch golden candelabra flanked by two 7-arch golden candelabra, the Unity Candle stand was to the

Minerva Mata

Our beloved Mother, Minerva Mata went to be with our Lord on Friday, March 15, 1991 at St. John's Hospital in San Angelo, Texas. Rosary was held at 7:00 p. m. Friday at Kerbow Funeral Home Chapel in Sonora. Funeral mass was Saturday, March 16, 1991 at St. Ann's Catholic Church in Sonora with Father Lawrence D'Mello officiating. Burial followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Minerva was born June 15, 1931 in Schleicher County to Martin and Pilar Martinez. She married Robert Mata in Nov. 1951 in Sonora, Texas. She was a member of St. Ann's Catholic Church and a housewife.

She is survived by her husband, Robert Mata of Sonora; one son and daughter-in-law, Robert, Jr. and Irma B. Mata; one daughter and son-in-law, Mary Lou and Neto Jimenez all of Sonora; grandchildren, Monica and husband, Gilbert Galvan of San Angelo, Danny and Roberto Carlos Mata and Javier Jimenez of Sonora; Missy Jimenez of Arlington, Texas and Alison and Artie Charles Montalvo of Sonora, and one great-granddaughter, Krista Galvan of San Angelo, Texas. She is also survived by her parents Martin and Pilar Martinez of Modesto, California and 5 sisters, Mage Sanchez, Viviana Flores, Beatrice Sanchez, Cecilia Martinez and Maria Teresa Martinez all of California and numerous nieces and nephews.

Minerva was preceded in death by one daughter, Linda Sue Montalvo who died on May 23, 1989.

Pallbearers were her grandsons Danny Mata and Javier Jimenez of Sonora, her nephews Enrique Mata and Eugene Reyna of Sonora, Edward Mata of San Angelo and David M. Reyna of Van Horn, Texas.

Castaneda participates in training exercise

Army Spec. Osbaldo B. Castaneda has participated in Arctic Warrior 91, a training exercise for the defense of Alaska.

It provided an arctic environment for a major land battle between two large conventional forces in the state's interior, air-to-ground operations in support of the land battle, and air intercept operations.

The operation is conducted every other year to train Alaska-based forces to employ and sustain combat units.

Castaneda is a medical specialist at Fort Wainwright, Alaska.

He is the son of Belia B. and Osbaldo R. Castaneda of Sonora.

His wife, Melinda, is the daughter of Hector and Carmen Sanchez also of Sonora.

The specialist is a 1989 graduate of Sonora High School.

Charles Graves appointed general of Food Fight

The American Cancer Society is picking a fight—the Great American Food Fight Against Cancer—and Charles Graves has been drafted to be a key officer in this campaign. Graves from the Sutton County Unit has been appointed General to lead the Society's Community Crusade in Sonora.

I would ask each citizen of Sutton County to be aware of one very important feature of this crusade against cancer.

That feature is this: Every penny given to the American Cancer Society from us here in Sutton County is returned directly to us with greater value than our original contribution represented at the time of giving.

This direct return to us is in the form of the lives of loved ones who are with us because they are able to cancer or because they have received increasingly successful treatment of cancer.

The American Cancer Society has always been a leader in funding so many of these successful programs.

So please take advantage of this once-a-year opportunity to plan the seeds of future successes in the fight against cancer.

Even the smallest contribution becomes powerful when joined with millions of other fellow Texans.

The Great American Food Fight Against Cancer, to begin on April 18, is a lighthearted event with a serious message: people can lower their risks for certain cancers by making healthier eating choices. The Community Crusade, the American Cancer Society's annual fundraising drive, will take place the weekend following the Food Fight and will

Charles Graves

continue the educational messages.

Kent Kepler, President of Sutton County Unit, who made the announcement, says, "We're excited about having Graves lead our troops."

Charles Graves, who will recruit and lead more than 65 volunteers in Sonora, is County Auditor of Sutton County, a member of the Baptist Church, a family man, his wife Jo Ella Graves teaches at Grape Creek School, a community of San Angelo.

He has three children, two sons, Barry, and new bride Caren of Dallas, Texas and Clay Graves of Sonora, Texas. One daughter, Dina Blakely and husband Gary and granddaughter Sara of Arlington, Texas.

He is the past president of the Sonora Chamber of Commerce and has owned businesses in Sonora. He is involved in the group to welcome home Sonora military personnel and many civic programs and organizations.

"Our goal in Sutton County is to raise \$7,500," Charles says. "The money will be used to support programs in our town that help prevent, detect, and treat cancer and offer assistance to cancer patients. Considering the public's enthusiasm about the Food Fight and the Crusade this year, I am sure both will be winning campaigns," he adds.

"In addition to raising funds, the Crusade helps the Society save lives through education," Monty Yantis, Sutton Unit volunteer says. "Both the Community Crusade and the Food Fight will raise awareness of ways to reduce cancer risk through good nutrition."

As part of the April Crusade, volunteer foot soldiers will be knocking on their neighbor's doors and offering information on how to reduce their risk of cancer through proper diet and nutrition. Door-to-door Crusaders will also be distributing a Food Fight brochure to their neighbors.

The 1991 Cancer Crusade in Sutton County is part of a statewide and nationwide effort involving more than 1.6 million American Cancer Society volunteers. The Great American Food Fight Against Cancer will be a nationwide event similar to the Society's popular Great American Smokeout.

Dorothy Baker says, "Graves will be a real asset to the Crusade by working to get the word out about the events we have planned. He has shown true commitment to the people of Sonora and the job at hand. Charles will give us the leadership to make the Community Crusade expedition a successful one."

We know 2.7 million people with unusually large hearts.

And we hope you'll meet some of them, too. They are the enthusiastic volunteers of the AHA, and they generously donate their time and care, visiting homes, schools and workplaces everywhere, helping millions learn how to reduce their risk of heart disease. Without them, our organization wouldn't be the success that it is. If you'd like to volunteer, or simply learn more, call or write your nearest American Heart Association.

Orienteering, a more challenging form of hiking, is of Scandinavian origin. With a detailed topographical map and a compass, participants must find the best route from one check point to another. In competition, the fastest time wins.

Many endurance athletes, especially women, are iron-deficient, say researchers at the USDA Human Nutrition Research Center in Grand Forks, North Dakota. They recommend more iron in the diet.

Shop for athletic shoes in the late afternoon or evening when feet are swollen (remember, exercise makes them swell, too).

Don't let the name "buttermilk" fool you. The creamy beverage is really lower in fat than 1 percent milk. Of the 99 calories in a cup, only 20 come from fat.

Why is it better to use a step machine than to climb flights of stairs at home? Exercisers say they lack the discipline to work out alone -- and they like socializing at the club.

Render income-producing personal property now

AUSTIN - Leon A. Willhite, executive director of the State Property Tax Board (SPTB), reminds business owners that they must file property rendition forms with local appraisal district offices by April 1, 1991.

The legal deadline for renditions is actually March 31, which falls on a Sunday this year. As a result, the 1991 deadline has been moved to the first working day after March 31. Property owners may receive a 30-day extension, but must file a written request with the appraisal district by April 1, 1991.

A rendition is a report a property owner files each year, listing taxable property he owns or manages as of January 1.

"The law requires certain property owners to file renditions every year," noted Willhite.

Anyone who owns or manages income-producing personal property on January 1 must file a rendition statement with the local appraisal district. "Businesses, for instance, must report their inventories, furniture and fixtures, machinery and equipment, and other tangible business property on a rendition. It is to their benefit to do so because chief appraisers use the rendition report to establish the property's fair taxable value," Willhite explained.

"When business personal property isn't rendered, the chief

appraiser is forced to estimate the value," he added.

The chief appraiser may also require other property owners or managers to render property. If so, the chief appraiser will send a notice and the appropriate rendition form.

While only business personal property must be rendered, anyone may voluntarily file a rendition with the appraisal district. Texas law does not require a property owner to render a home or other real property, but Willhite pointed out that homeowners who do render are in a better position to exercise their rights as taxpayers, for several reasons.

First, by filing a rendition, property owners ensure that the correct address will be on their value notices, notices of hearings which may be scheduled if they protest the appraisal of their property, and on their tax bills.

"It is essential that property owners receive this information in a timely manner," said Willhite. "For example, if the tax collector cannot deliver a tax bill because of an incorrect address, the property owner is still responsible for paying the taxes plus penalties that result from late payment."

Second, rendition is an opportunity for a property owner to record an opinion of the property's value.

Third, by recording an opinion of the property's value, the property owner has ensured that the chief appraiser must send the owner a notice before placing a higher value on the property. This notice allows the property owner time to gather information to protest the appraisal if the proposed value is too high.

If a property is appraised by more than one appraisal district, the property owner should file a rendition in each appraisal district office.

Property owners whose homes were damaged last year by a storm, flood, or fire may also file a special type of rendition report with chief appraisers, called a report of decreased value. The deadline for filing this report for 1991 is April 1.

Rendition and report of decreased value forms are available at local appraisal district offices. The law requires that the property owner provide all information requested on the form. Willhite noted that making false statements on renditions and reports of decreased value is a criminal violation.

Rendition forms and decreased value reports are confidential and not open to public inspection.

For more information, contact the local appraisal district office or the SPTB Tax Information Section at (512) 329-7901.

TEXAS PROPERTY TAXES:

A Taxpayers' Guide to Rights, Remedies, Responsibilities

Want to learn more about the property tax system? That's possible by reading a pamphlet the State Property Tax Board has written and made available at the local appraisal district office.

It's called *Texas Property Taxes: A Taxpayers' Guide to Rights, Remedies, Responsibilities* and it may help you save money. Learn about tax relief available through

- homestead exemptions
- disabled veteran exemptions
- productivity appraisal for farm, ranch, and timber land
- tax deferral for over 65 homeowners

You'll learn how your property is appraised. That way, you can decide if the appraisal district's value is reasonable.

If you think it isn't, the pamphlet tells you how to prepare an appeal to the appraisal review board. You'll learn the types of protests the appraisal review board can hear and useful evidence to bring to your hearing.

Important dates in the tax year are listed. You'll know what your responsibilities are and when you are obligated to satisfy them.

Remedies is free and it's available in both English and Spanish. Ask for yours today at

LOS DERECHOS, RECURSOS Y RESPONSABILIDADES DE LOS CONTRIBUYENTES

¿Quiere saber más acerca del sistema de impuestos sobre las propiedades? Eso es posible leyendo el folleto que el Consejo Estatal de Impuestos sobre la Propiedad (State Property Tax Board) ha escrito y se ofrece en la oficina del distrito de valoración local.

Se llama *Los Derechos, Recursos y Responsabilidades del Contribuyente de Impuestos* y puede ayudarlo a ahorrar dinero. Aprenda como puede reducir sus impuestos por medio de

- exenciones de residencia
- exenciones para veteranos incapacitados
- valoración agrícola para granjas, ranchos y terrenos madereros
- aplazamiento de pago de impuestos para personas mayores de 65 años

Usted va a aprender como se fija el valor de su propiedad. De esa manera puede decidir si la valoración del distrito de valoración es razonable.

Si usted cree que no lo es, el folleto le indica como puede preparar una apelación a la junta de revisión de valoración. Usted va a aprender los tipos de protesta que esta junta puede recibir y la información que debe de preparar para presentar en su audiencia.

Las fechas y plazos importantes para el pago de impuestos durante el año se indican. Usted va a saber cuales son sus responsabilidades y cuando está obligado a cumplirlas.

UNIQUE LEARNING EXPERIENCE - Junior High School students listen intently to a volunteer from the Institute of Texan Cultures talk about life in early Texas. Students in Mrs. Valkonen's class were given the unique learning experience March 18.

Texas History classes enjoy medicine show

On March 18, 1991, Mrs. Valkonen, Texas History teacher in Sonora Junior High School, scheduled a unique learning experience through the Institute of Texan Cultures. Representatives from the Institute presented a Tex-Kit program about Texas cowboys. Volunteers from the Institute dressed in western gear, described life on the Texas range, and showed artifacts such as fence

tools, tobacco tins, branding irons, and hats.

Then on March 22, volunteers from the Institute returned to present a program on Medicine in Early Texas. Artifacts such as Medicinal herbs, natural remedies, and home cures were presented. Students in Texas History had an opportunity to see some of early Texas with a "hands on" approach

in both programs.

The Institute of Texan Cultures has fourteen traveling Tex-Kit programs. They travel throughout the state for the cost of mileage and other travel cost.

The Texas History students were enthusiastic participants in the two programs.

Angelo Relays this weekend

For the first time in history, an 11-member team of high school athletes from the Soviet Union will participate in a Texas high school relay event to be held March 29-30 in San Angelo.

The 33rd annual San Angelo Relays, well-known throughout the Southwest, will host 84 teams including Sonora, the largest in its history, according to Bob Beaver, meet director for the San Angelo Independent School District which co-hosts the event with the San Angelo Chamber of Commerce Sports Committee chaired by Stormy Kimrey.

"We are excited to add an international flavor to this high school event," Beaver said. "Soviet participation in international sports events is not uncommon, but as far as we can determine this is the first time Soviet high school students have competed in Texas."

Beaver said the Soviet times submitted on their entry forms are very competitive with other teams, but added they may be at a disadvantage because of jet-lag and later-than-hoped-for-arrival in San Angelo from their hometown, Ryazan, 114 miles southeast of Moscow.

"We have put over 18 months of planning into bringing this team here. It's all been worth it," Kimrey said. "We have had a lot of support from the community, Kimrey said.

"Bringing Soviet and American students and coaches together will be an educational opportunity for everyone involved.

"The leaders of our two great countries talk about peace, but grassroot contacts like these can contribute to a true understanding of what peace is. We look forward to welcoming our Soviet guests.

"Hundreds of people are involved and have contributed to providing West Texas hospitality for 17 Soviets expected to be in San Angelo March 28 through April 6," Kimrey said.

Sonora PD joins satellite network

The City of Sonora Police Department has announced membership in the National Law Enforcement Satellite Network.

Chief of Police Brent Gesch announced the membership this week.

A subsidiary of Dallas based Westcott Communications, LETN is a national satellite television network bringing up-to-the-minute training, news and information 24 hours a day. Information will be included on such issues as the war on drugs, officer survival, community relations, leadership and crime prevention.

Chief Gesch said that this training will enhance the professionalism of the Sonora Police Department. Gesch said the program will allow officers access

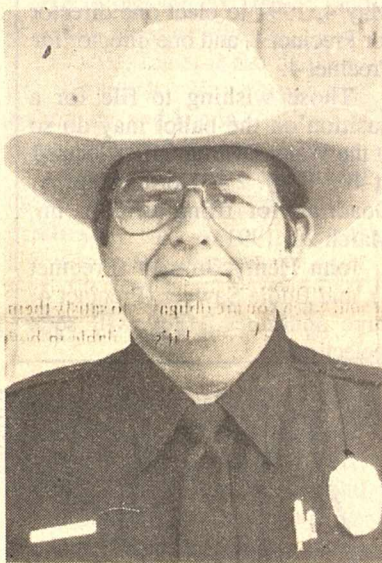

to a wide selection of training topics which are often available in only the largest agencies in the nation.

LETN's programming will allow officers on each shift to receive training and information from America's recognized experts in law enforcement.

Gesch said that should increase the safety, knowledge and effectiveness of law enforcement officers and assist them in improving the safety of the community.

LETN's signal is scrambled for authorized-only viewing by sworn police officers.

LETN programs are broadcast via satellite to law enforcement agencies throughout the United States.

CHIEF GESCH

March sales tax rebates rise moderately

AUSTIN - "We're sending more than \$229 million in local sales tax revenue back to local governments, money that they can use to better serve the consumers who paid the money in the first place," State Comptroller John Sharp said.

Statewide, monthly checks to city and county governments totaled \$81.9 million, 6.2 percent more than last March's checks. Quarterly payments to mass transit authorities added up to \$146.9 million, a 5.6 percent increase over the \$139 million forwarded to them last year at this time.

Sonora received \$15,150.98 this month which is 1 1/4 percent lower than the previous year.

"While the state's economy continues to grow at a faster rate than the U.S. economy, Texas is feeling the slowing effect of the national recession," Sharp said. "That's why statewide sales tax allocations this month increased moderately."

The March payments to cities and counties reflect taxes collected by businesses in January.

Sharp sent local sales tax rebate checks totaling \$73.4 million to 885 cities, an increase of 5.1 percent over last March's payments of \$69.8 million. City sales tax rates range from one to two percent.

Checks to county governments totaled \$8.5 million, up 16.7 percent from last March's checks of \$7.3 million.

Businesses collect both the state's 6 1/4 percent sales tax and all local sales taxes and send them to the Comptroller's Office with their tax returns. The state then retains its share and rebates cities, counties and other taxing entities

their local portion of the sales tax.

All local sales taxes must be approved by area voters. Most local governments deposit the money in the General Fund and use it for services such as fire

fighting, road maintenance and law enforcement. City sales taxes may also be dedicated for specific purposes, such as economic development and property tax reduction.

Screening program to be offered at Sonora I. S. D.

The Legislature passed a law in 1985 that requires all sixth- and ninth-grade students to be screened for spinal deformities. Early detection of abnormal spinal curvature can prevent serious health problems. This is a problem that may begin during early adolescent years (from 10-14 years of age), with an estimated 1 in 10 adolescents having some degree of abnormal curvature.

Curves that are detected early may only require periodic

observation by a specialist. Moderate curves may require the wearing of a brace, which is usually supervised by an orthopedic specialist. In most cases, the need for major surgery for this deformity can be eliminated through early detection.

Spinal screening for Sonora I. S. D. school children has been scheduled to begin on Tuesday, April 2, 1991.

Children will be screened for two types of spinal deformities: Scoliosis and kyphosis. Scoliosis is a condition in which the spine is twisted, causing misalignment of the upper body or lower back. This condition can worsen and lead to much pain, as well as complications of the heart and lungs. Kyphosis is an exaggerated rounding of the spine. Progression of these two conditions can often be arrested if detected early.

Sonora plans project graduation

Last year 50 or more Sonora adults stayed up all night after graduation, but they weren't worrying about the kids, they were partying with the kids. Two hundred or more individuals and businesses were responsible for making last year's "Project Graduation" a success, not by staying up all night, but by donating money and prizes.

Project Graduation is a community-wide project to provide our youth an all-night, alcohol-free party after graduation. High school juniors and seniors "lock in" at the city pool area for an evening of fun including a casino, where the play money reads, "I'm not going to gamble with my life." Other activities include swimming, volleyball, food, and a D. J. pumping out tunes all night. An auction is held in the early morning hours, where the kids bid on valuable prizes with the money they have won during the night.

We are beginning to plan for Project Graduation II, and again we will be asking Sonora for support in terms of volunteers for casino workers, cash donations, or prize donations. An important element of this project is that all money donated will be spent in the community, so a donation is an investment in Sonora. If you would like to donate money, call

Rex Ann Friess at 387-2809; if you would like to donate a prize, call Virginia Jones at 387-2472; if you would like to volunteer to work in the casino, call Cleve Jones at 387-3074; and if you would like to know more about

Project Graduation, call Jeryl Fields at 387-6533. Let's give our kids the message that Sonora supports them, and that they can have a great time... chemical free!

READY, ACTION! - Once again, Sonora High School has advanced to area competition in one-act play after winning district March 23 in Sonora. This year's play is Frankenstein. Last year, Sonora advanced all the way to state competition.

Boy Scouts awarded advancements

Several Boy Scouts of Troop 19 were awarded advancements in rank at the Court of Honor held Tuesday, March 19 at the Scout House.

Josh Hunt and Chris Clifton received their Tenderfoot badge.

Sam Odom, Curt Dempsey and Casey Fitzgerald received the Star badge.

In addition to those advancements in rank, Curt Dempsey and Casey Fitzgerald received three merit badges and Jon Zook received one merit badge.

On Saturday, March 30 Robert Zook will be awarded the Eagle

Scout badge during an awards ceremony at Good Shepherd Presbyterian Church at 1:30 p. m.

Scouts of Troop 19 are readying for their participation in the Permian Basin District camporee, to be held April 12-14 at Texon in Reagan County. The fifth-grade Webelos will accompany the Boy Scout troop on this campout, getting their first taste of overnight camping as Boy Scouts.

Fireman's Corner

by Travis Osborne

!!!! It's Barbeque Time!!!!

Now that the weather is progressively getting to be more agreeable for it, more and more backyard barbeque pits will be loaded up, fired up, and magically transforming those dull, everyday meats into tasty, finger-licking good hamburgers, hot dogs, ribs, steaks and just about anything the chef desires.

The Sonora Volunteer Fire Department would like to offer a few safety tips when barbequing to keep that fun family and friend gathering from turning into a potential tragedy.

1) Use only charcoal lighter fluid when lighting the fire. Hundreds of people across the nation every year are injured, severely burned and sometimes killed because of explosions caused by using gasoline or other highly volatile fluids to start a fire.

2) If using a gas grill, check all connections for any gas leaks,

especially if it is being used for the first time of the season. This can be accomplished easily by mixing some dish soap in water, applying it to all connections, and look for bubbles to appear. If any do, tighten or repair the leak immediately. Don't make the mistake of thinking a small leak will not matter.

3) Don't throw any trash on the fire while cooking. Some plastics can emit toxic fumes when burned which could become embedded in the food.

4) Keep small children away from barbeque pits. Some may not know how hot it is until it is too late.

5) If cooking in an open-type pit, have a water hose handy in case of any flying hot ashes that could land in some dry grass or anything else flammable.

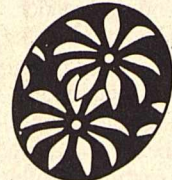

6) Be sure that after cooking, the coals are completely extinguished before leaving the area. Even a closed barbeque pit can be inadvertently knocked over and the coals spread out on the ground.

All firemen like to go to barbeques for fun, but not as a business call. The Sonora Volunteer Fire Department hopes everyone enjoys barbequing this season and hopes that you'll keep in mind these few safety tips to help you keep it safe for everyone.

Golf auxiliary meets March 20

The Sonora Golf Auxiliary met March 20, 1991 at the Sutton County Steak House with Carole Thorp and Jo Neville as hostesses. After President Lauri Smith called the meeting to order and the minutes and financial reports were read, the major topic of discussion was the two-lady partnership tournament to be held in Sonora on April 20th.

So far there have been a total of twenty-five tournament entries. These include ones from San Angelo, Big Lake, Del Rio, Eldorado, Ozona and Iraan, as well as several local entries. This is an annual event for the auxiliary and is always well attended by out-of-towners.

The Sonora Golf Club has over thirty new members and if any of the wives would like to join the auxiliary, please contact one of our members. We meet on the third Wednesday of each month, at noon.

Attending the meeting were Pam Browning, Margaret Cascadden, Becky Covington, Kathy Davis, Sammie Espy, Jodie Finklea, Peggy Fowler and her guest Marguerite Barker, Casey Henderson, Tressa Henson, Lee Ann Holt, Roy Jean Johnson, Sue Moore, Fae Morgan, Jo Neville, Wanda Neville, Ethel Olson, Marla Percifull, Patti Prather, Lauri Smith, Suzanne Surber, Ebbie Sutton, Frances Tackel, Carole Thorp, and Peggy Trainer.

Jones commissioned as second lieutenant

Kerry M. Jones has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officer Training School, Lackland Air Force Base, San Antonio.

Precommissioning training included basic military subjects, leadership and management, human behavior, professional knowledge, and defense and professional studies.

He is the son of Don R. and Claudine Jones of Sonora.

His wife, Lane, is the daughter of Kenneth V. Cayce of Arlington, and Linda C. Craig of Ruidoso, New Mexico.

Jones is a 1981 graduate of Olton High School, and 1986 graduate of Angelo State University, San Angelo.

Golf club holds appreciation scramble March 24

On Sunday, March 24, seventy golfers participated in the "New Members Appreciation" scramble, which was held to introduce the thirty-eight new members who have joined the Sonora Golf Club since January 1.

The participants were divided into twelve teams to enjoy eighteen holes of play, followed by a delicious supper. The club furnished the bar-b-que'd sausage and beans, and the participants each brought a covered dish or dessert to compliment the meal.

Devoe Smith and teammates Jane Archer, Albert Fowler, John Adams, and Preston Joy won the event with a score of 14 under par. There was a tie for second and third at 12 under, so the tied teams went back to the number 1 hole to try to break the deadlock. When each team birdied that hole, and with darkness setting in, they then had a chip-off to break the tie. J. T. Hill's team of Allan Prather, Melissa O'Harrow, Allen Alexander, Frank Gamboa, Ebbie Sutton and Quade Sutton took second. The third place team was led by Joe Ramirez, with teammates Mike Hale, Shelly Shannon, Harvey DuRussell, Lawrence Finklea and Don Burkes.

In fourth place, at 11 under, was the team led by Steve Tackel. His team members were Sammie Espy, Ed Price, Jerry Northcutt and Jimmy Crowder.

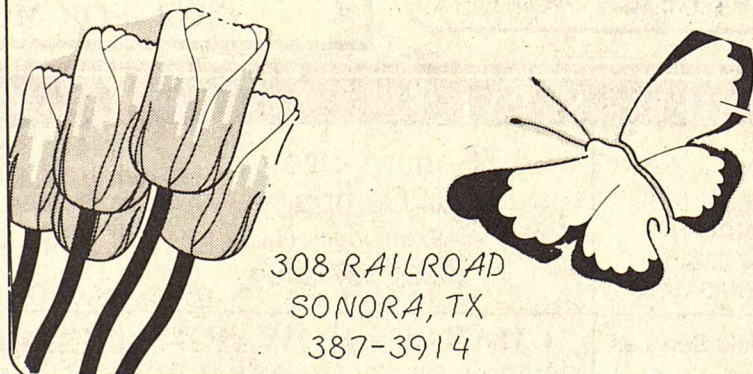

Other teams and scores were as follows: Ray Don Roe, Dicky Woods, Poochie Olson, James Barton, Larry Finklea and Manuel Munoz at 10 under. Matt Davis, Virgil Burge, Kenny Henderson, Casey Henderson, Harold Martinez and Bernard Rust at 9 under. Phil Browning, Pam Browning, Tony Stewart, Orlando DeHoyas,

Frances Tackel and Benny Frasier at 9 under. Jim Covington, Todd Churchill, Mark Holt, Patti Prather, James Edmondson and Savell Shannon at 9 under. Mike Percifull, Randy Sparks, John

Casparis, Jodie Finklea, Joe Turner and Mike Krieg at 7 under. Jason Donaldson, Kyle Donaldson, Stacey Reiner, Marla Percifull and J. W. Reddin at 5 under. Billy Bob Galbreath, Pat Day, Robert Day, Wes Henson, Tressa Henson and Mike Holley at 4 under.
