## Fireworks safety should be every Texan's responsibility

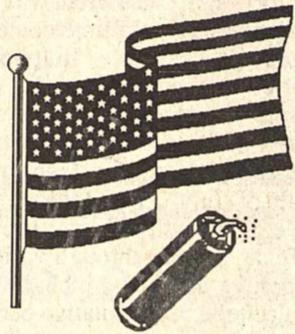

The Texas Commission on Fire Protection warns Texans that Mother Nature may not be as much help in preventing Fourth of July fires this year as she was in 1991. Executive Director Mike Hines said that wet weather in the summer of 1991 was one variable in the reduction of fireworks-related fires during the Fourth of July holiday.

"Wet weather during fireworks season certainly helps fire fighters," Hines said. "But every Texan should be responsible for preventing fires and injuries caused by fireworks by using them as safely as possible or by choosing another way to celebrate."

Fireworks-related fires in Texas decreased by 60 percent in 1991 compared to 1990 figures, according to Jean Mitchell, program manager of Texas Fire Incident Reporting System (TEXFIRS). TEXFIRS, a program of the Texas Commission on Fire Protection, collects data from 373 fire departments representing approximately 72.4 percent of the state population. In 1990, 1185 fireworks-related were reported to TEXFIRS; in 1991, 480 fireworks-related fires were reported.

Hines added, "Many cities in Texas have banned the use of fireworks within city limits. Although fireworks are still available, the ban has helped make the public aware of the potential fire problem."

State Fire Marshal Ernest Emerson said the safety option is to leave fireworks to the professional technician. "If you choose to use fireworks, use appropriate safety measures," Emerson said. "Teach your children fireworks safety by letting them see that you are concerned about the damage fireworks can cause."

Using fireworks safely can reduce the number of fires and injuries caused by fireworks. The Texas Commission on Fire Protection offers 10 recommendations for safely using fireworks:

1. Purchase fireworks only from a vendor that displays a State Fire Marshal's Office retail fireworks permit.
2. Remember that many cities and communities regulate the possession and use of fireworks. Contact the local fire department or law enforcement authorities for

rules in your community.

3. Never let children use fireworks. Always designate a responsible, sober adult to ignite the fireworks.

4. Use fireworks outdoor only, in a clear area away from houses and flammable materials, such as grass, trees, gasoline cans or wooden decks. Be sure that the fireworks, especially aerial fireworks, will not contact or land on potentially dangerous objects, such as power lines or automobiles.

5. Keep a bucket of water nearby while setting off fireworks. Use the water to douse any malfunctioning fireworks or accidental fires and to immerse minor burns. Also use this bucket of water for disposing of used sparklers.

6. Keep everyone, especially children under 15 years old, a safe distance away from the area where the fireworks are ignited.

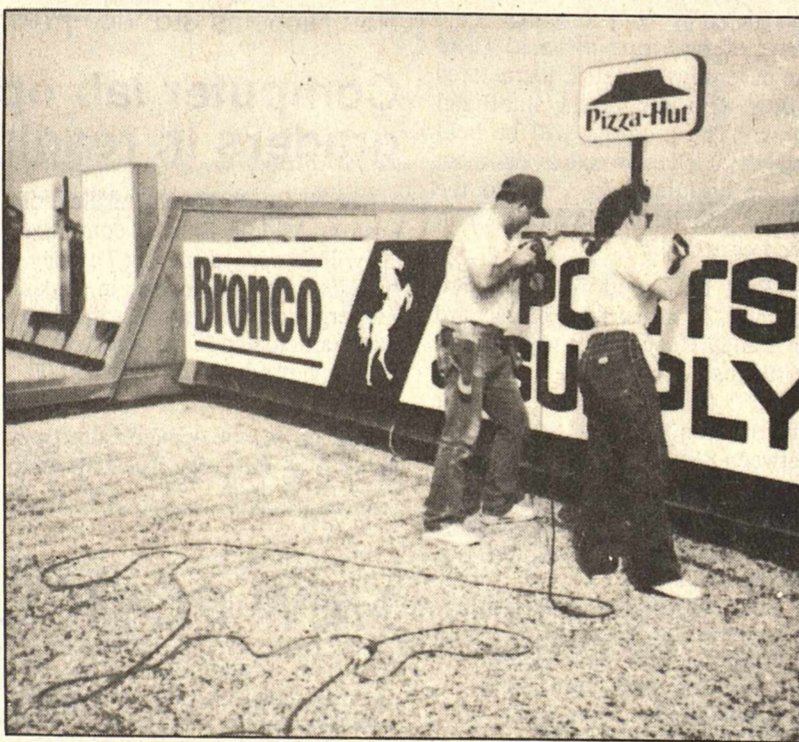

7. Read and follow the directions exactly.

8. Never touch a firework after it has been lit. If the firework malfunctions, do not try to relight it or pick it up. Carefully douse all used fireworks with water.

9. Never experiment with fireworks. Don't take fireworks apart or mix anything with the contents. Never make fireworks at home. Don't set off fireworks in metal, glass or other types of containers.

10. After you have finished lighting fireworks, cool the remains with water. Then collect all used fireworks materials and put them in a metal container. Cover with water again to reduce the chance of an accidental fire.

"Even one fire from fireworks is one too many," Hines said. "Most of these fires can be prevented. The fun that children and adults have with fireworks can never equal the loss of lives and property caused by fire."

## 4-H program brings Swiss student to Sonora

Would you be interested in hosting an exchange student from Australia, the Netherlands, or even Switzerland? The International Four-H Youth Exchange (IFYE) program can help you.

Beat Stampfli, age 26, is among the IFYE exchanges visiting Texas this summer.

Beat, hosted by Don and Anita Spiller, is from a 100 acre family farm in Switzerland.

The exchangees come to Texas during the summer and early fall to live with urban and rural families to learn about their culture and way of life, and not to be treated as a tourist. As a host family, you should follow your regular routine, and encourage your exchangeee to follow along.

The exchangees stay approximately two weeks in most homes.

A strong friendship is the reward for hosting an IFYE. Many exchangees have returned to the United States to visit their host

family, as well as the host family traveling overseas to visit the exchangees family.

Families interested in hosting an IFYE exchange representative should submit a "Host Family Application" to their county Extension agent.

Families are needed May through November.

## Minor League All-Stars bring home trophies

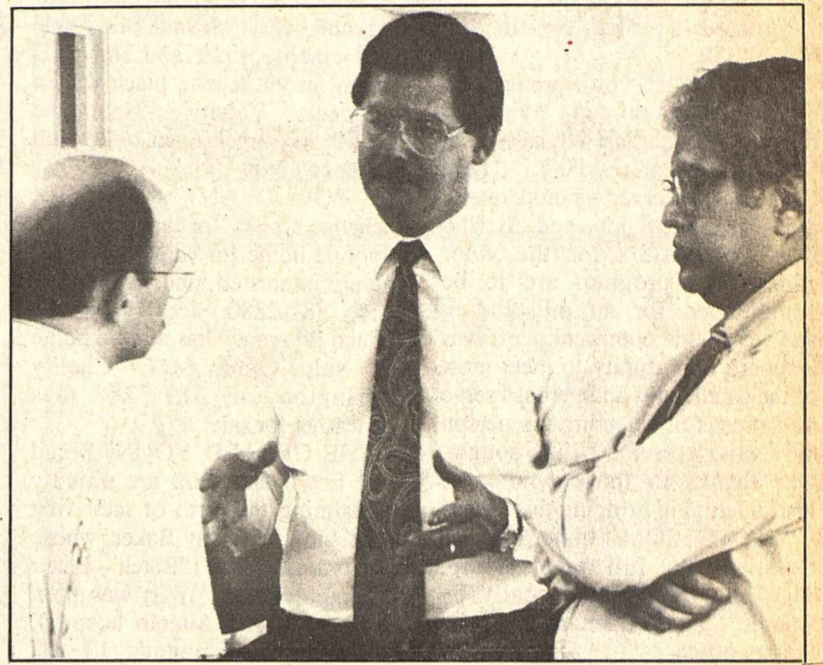

After playing in regular season baseball games during six weeks of May and June, 24 outstanding players from the six minor league teams were chosen to the two All-Star teams. The Sonora White All-Star Team was coached by Head Coach Rick Cearley, Bill Cascadden and Bob Cramer. Players were David Benson, Jana Johnson, Simon Murillo, Reece Simpler, Nicholas Lozano, Ryan Cramer, Bill Renfro, and Cole Cearley.

The Sonora Red All-Star Team was coached by Gary Hardgrave, Reggie Williams, and Russell Green. Team members were John Galvan, Edgar Gonzales, Ryan Hardgrave, Chang Hernandez, Trey Johnson, Anthony Luna, Ernie Perez, Anthony Sanchez, Jerrad Solis, Jake Trainer, Ubaldo Vaquera, and Bryce Williams.

The All-Star teams entered two tournaments, the first in Ozona on Friday and Saturday, June 19th and 20th. Playing against teams from Crockett County, Ozona, Junction and Eldorado, the Sonora teams came out on top, with the Red team taking first place and the White team taking second place. Most valuable player for the entire tournament was the catcher for the Sonora White team, Javier Gaitan.

## Teens arrested for felony theft after high speed chase

A high speed chase in Pecos county ended in the arrest of two teens who were later transported to the Lumberton County Jail.

Shortly before eleven Friday evening, an Oak St. resident notified police that a suspicious vehicle was parked in front of her residence.

An investigation revealed that the 1978 model Chevrolet pickup had been stolen from Lumberton, Texas earlier that day. The Lumberton Police Department informed Sonora Police Officers that the vehicle was last seen occupied by two white male subjects when it left Lumberton.

At approximately 7:30 a.m. the next morning, the Department of Public Safety in Ozona reported a gas drive off in Sheffield, Texas. A check on the license plate revealed the 1984 GMC pickup belonged to a Sonora resident. Upon investigation it was revealed the vehicle had been sold to Broncho Ford in Sonora. The manager of

the Ford dealership was contacted and it was determined the vehicle had been stolen at some time during the night.

Pecos County Sheriff's Deputies spotted the vehicle at mile post 272 on Interstate 10 shortly before 9 a.m. A chase ensued at speeds of over 100 miles per hour.

The vehicle overheated, forcing suspects, James Gregory McKay, 18, and Jerry L. Haga, 18, to pull to the edge of the roadway.

The two suspects were apprehended without further incident and brought back to Sonora by Police Chief Brent Gesch and Officer Bryn Humphrey.

McKay and Haga were charged with one count of Felony Theft each and bond was at \$20,000 by Justice of the Peace Adelita Smalling.

Charges of Unauthorized Motor Vehicle and Burglary of a Vehicle will probably be filed later this week according to Chief Gesch.

**A NEW LOOK** - Sonora Police Chief Brent Gesch proudly shows off the new sign in front of the police department and on the police cars which display the Sonora logo.

## Sonora City Police Department vehicles display new markings

Several concerned citizens have asked why the City of Sonora Police Department has not marked their new police cars. The reason according to Sonora Police Chief Brent Gesch is that the new streamlined design of the 1992 Ford LTD's caught the lightbar manufacturers off guard. "We have had to wait on mounting brackets for the light bars," stated Chief Gesch.

While the waiting period lingered on, Chief Gesch had an idea that he thought would improve the image

of the police department vehicles. He decided to change the markings on the police department patrol units in a way that would promote Sonora.

The new design is the logo that you see daily on the city water tower and around the chamber of commerce. "It is Sonora, Texas," said Gesch.

Chief Gesch went on to say, "If we are going to sell the rest of the world on the fact that Sonora,

This year Sonora had their share of exceptional players. Twenty-four were chosen instead of the traditional twelve. The players were divided into the Sonora White and Sonora Red teams.

The Sonora White team consisted of: David Benson, Cole Cearley,

Ryan Cramer, Javier Gaytan, Jana Johnson, Joey Luna, Nicholas Lozano, Simon Murillo, Alan Nicholas, Jared Percifull, Bill Renfro, and Reece Simpler. Sonora White is coached by Rick Cearley, Yankee Cascadden and Bob Cramer.

## NEW POLICE SIGNS from page 1

Texas is something special, we need to advertise that. Our police officers come in contact with several tourists and travelers from all over the world on a daily basis. If we show them something that they will remember then maybe they will return to Sonora or tell somebody else about our city."

Besides the fact that the newly marked patrol cars are distinctive, they will definitely set the City of Sonora Police Patrol Units apart. Chief Gesch feels that the new markings will make the city officers more visible and in turn help keep the local crime rate down.

All of the City Police Patrol Units were marked by local sign painter Ken Nelson who does custom sign making and vehicl marking. Ken's company, Nelson Diversified, marked the patrol unit with the reflective blue striping which has "DIAL 911" set into the stripe near the rear of each vehicle and the City of Sonora Police Department logo set on each vehicles front door.

Ken also fabricated a sign which is now standing in front of the Sonora Police Department building at 304 Northeast Oak Street.

## ALL-STARS from page 1

## Jehovah's witness meet

A crowd of 6,160 met in Taylor County Coliseum this past weekend and heard a number of speakers encourage virtues and values that promote close-knit family life. To observers of the amicable interactions of this cross section of our community, it was obvious this group has attained enviable success practicing what they preach.

The highlight of this annual convention of Jehovah's Witnesses

was the public address Sunday by Donald Van Ike entitled "Follow the Light of the World."

Another notable feature of the three-day gathering was the symposium Sunday morning on the theme "Caring for One Another in the Christian Household." The concluding speaker, Merced Melendez of Lovington, NM, emphasized how families should do things together. After first

The fifth inning is scoreless as both teams play a good defensive game.

In the sixth inning M. Sanchez relieves D. Sanchez as pitcher. Eldorado then scores five runs as they capitalize on errors by the Colt 45's. M. Sanchez closes the inning by striking out his last batter.

Bottom of the sixth the Colt 45's get six men up to bat, but come up with only one run by F. Gonzalez with a base hit, bringing in H. Mata. The final seventh inning is scoreless with no runners getting on base for either team.

**TEXAS POLLED HEREFORD QUEEN** - Tammy Fisher was crowned the 1992-93 Texas Polled Hereford Queen. She will go on to the Jr. National Hereford Queen Contest to be held in Milwaukee Wisconsin.

**ASCS announces changes in spousal signature requirements**

The Sutton County Agricultural Stabilization and Conservation Service (ASCS) announces Changes to spousal signature requirements. Changes to 1992 regulations have resulted in significant revisions on spousal signature requirements. Effective August 1, 1992, the signature requirement change will permit a husband or wife to sign on behalf of the other for most farm programs in which either has an interest. Written notification to the county office will be required to deny a spouse this authority.

This policy does not permit a husband or wife to sign on behalf of the other for a power of attorney authorization. Contracts and documents signed before the effective date can only be modified or terminated by the spouse who

signed the contract or with a proper power of attorney.

**REMINDER:** Spousal signatures will be accepted without "power of attorney" unless written notification is filed in the county office objecting to this authority.

Signature requirements have been simplified for partnerships, corporations, etc. When the program document shows the name of the partnership, corporation, etc., the person signing needs only to sign his or her name and does not need to add capacity or title. (Generally the authorized signer has been designated in an agreement, affidavit, corporate charter, or other document and will have been designated on ASCS Payment Limitation forms for ASCS use.)

explaining that it is God's will for families to do things together, Melendez discussed specific suggestions. Further he stated: "This is helpful because it builds understanding, respect, and love."

Throughout the stadium individuals and families were seen taking note of this instruction. To all who observed the commendable

conduct of these conventioners, it was obvious that they practice what they preach.

Encouraging witnessing for God by word and action, the theme of the convention appealed to all to be "Light Bearers." Sunday's sessions stressed the Scriptural exhortation: "Go on Walking as Children of Light."--Ephesians 5:8
