## Sawyer named to FNB Board of Directors

Edwin Sawyer III has been elected to the Board of Directors of First National Bank of Sonora, according to an announcement by J.W. "Web" Elliott, Chairman of the Board of the West Texas bank.

"Mr. Sawyer will be the third generation of his family to serve on our board," said Mr. Elliott. "It is rather unique that three generations serve their friends and neighbors for such a long period of time."

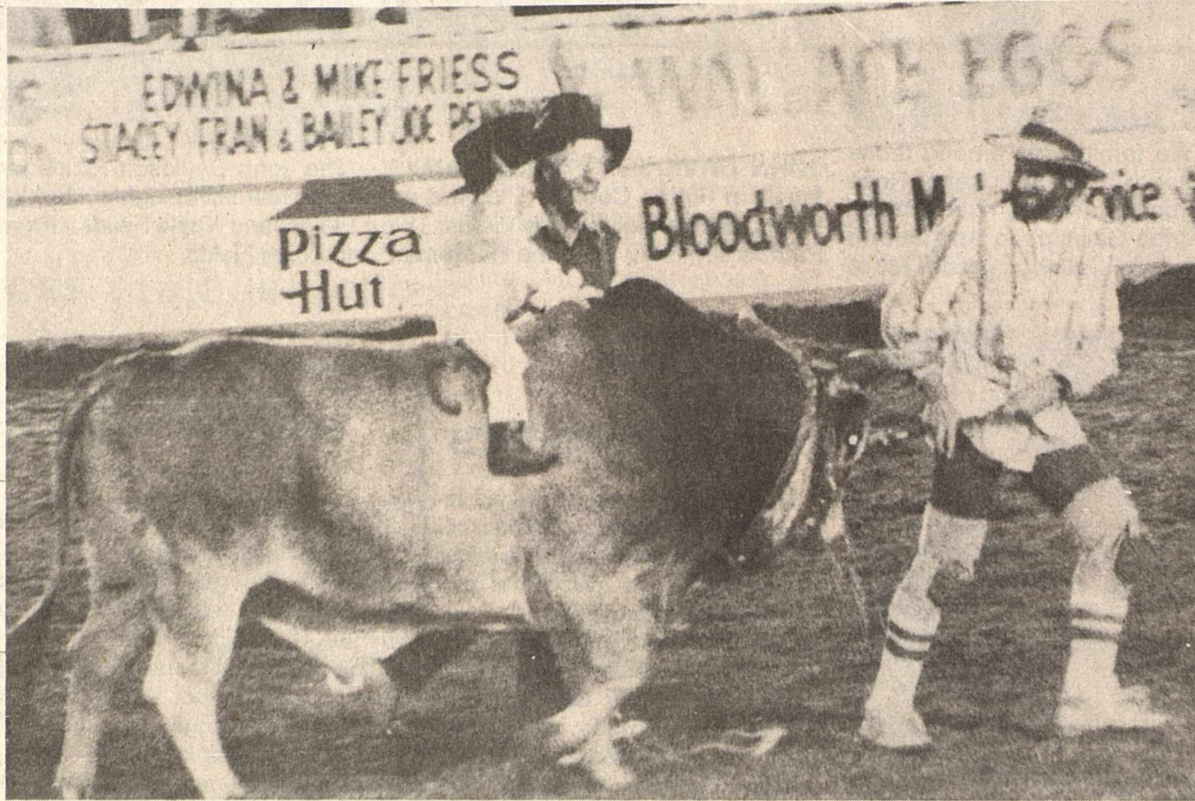

E.E. Sawyer, Sr., a pioneer Sutton County rancher and businessman served on the Board from January 1911 to April 1935, over 24 years. His son, Edwin E. Sawyer, Jr. was elected to the Board in September 1935. At the age of 20, he was the youngest director ever elected to the Board. He served the Board actively until his death in July 1989, a tenure of almost 54 years.

Edwin Sawyer III attended public schools in Sonora and graduated from Sonora High School. He attended Southern Methodist University and Texas Tech University.

He presently serves as an active Director of Sonora Wool & Mohair Company, Texas Sheep & Goat Raisers' Association and Sutton County Underground Water Conservation. He is Chairman of the latter.

A past director of the Sonora Chamber of Commerce, he is secretary of the Sutton County Historical Society and is Chairman of the Sonora Depot Committee and was active in the responsibility for the renovation of the old Sonora depot into the Cauthorn Memorial Building and Amphitheater.

Sawyer is presently operating the family ranch in Sutton County and is an active supporter of 4-H, Sonora Little League and many other community events. He is a member of the First United Methodist Church.

## New water well discussed at county commissioners meeting

The Commissioners' Court of Sutton County met on Monday, August 24. After the approval of the minutes the following items were examined and discussed.

Preston Faris, the County Extension Agent, reapproached the commissioners with a request for a new, high volume copier. The commissioners approved the purchase of the requested copier and agreed to allot funds to purchase the old copier for the E.M.S. office. Lenora Pool, the E.M.S. director gladly accepted the old copier.

The Commissioners also discussed the need to paint the inside walls of the Courthouse. Judge Carla Garner brought to the attention of the Commissioners the leak in the wall from the men's room. They agreed to budget \$12,000 for fixing the leak, redoing the wall, and painting.

Another item of discussion was the joint water well that the city and county were considering

drilling. At this point the city feels it is necessary to first have an extensive Assessment Plan professionally put together. This plan will determine if the well is needed and will help in qualifying for grant money.

The Commissioners agreed to look into this project at a later time if the city would purchase the needed property. Commissioner Ernest Barrera reminded the Commissioners that included in the last year's prison proposal was the fact that the present water facility could service a population of

10,000.

Judge Garner informed the commissioners that the new well would be an emergency back up water supply. The existing wells are in a sensitive area. If one well was to become contaminated all five wells would be shut down. The new well would be out of the sensitive area and could accommodate Sonora with water.

The Commissioners also approved to employ inmate Roger Goodall for four hours per day as the jail cook.

## Police have suspects in criminal mischief case

A routine traffic stop last Friday evening later led local police to the prime suspects in an act of Criminal Mischief.

Two Sonora students reported to Officers Tim Jarrett and Bryn Humphrey that their vehicle

windows were broken Friday sometime between 4-11 p.m. The cars had been parked at the school while they attended a football game in Iraan.

Earlier Friday evening on a routine traffic stop, Officer Bryn Humphrey noticed a T-Ball type bat with blood and glass on it inside a violators vehicle. The suspects were interviewed and are in the process of being charged with Criminal Mischief according to Police Chief Brent Gesch.

Charges were not filed as of press time and the suspects names have not yet been released.

## Broncos raring to go in 1992 Season

by R.C. Hall

It all started at the Caverns of Sonora. Saturday, August 15, as the 1992 Covered Wagon Dinner Theater came to a close, the Mighty Bronco Band and its dynamic leader, John Canfield, led hometown folk and visitors alike through a mock pep rally. The fight song played, the majorettes twirled their batons, and there was an unusual nip in the air. The only thing we needed was for Coach Bob Bellard and his boys to tee the football up.

Then Molly Zimmerman, this paper's publisher, called. "Would you like to write about Sonora High School football for the paper this year?"

"Would I! Who wouldn't?" I firmly believe that there is a place in most men's hearts where they secretly want to be involved in the sports media. We would love to be a respected columnist or a well-known commentator. Everyone wants to be a Virgil Burge or Bob Jackson. Want most men's opinion about sports? Just ask.

I love football. It has been a part of my life since Sarah Butler (my third grade flame) and her parents took me to see a game between Nashville Cumberland and Goodlettsville. I still remember the great adventure of traveling 15 miles across town and the secret thrill of drinking coffee, using the night chill as an excuse. I also remember that our team (Cumberland) lost 14 to 12.

I was never a great player, but I loved playing. The highlight of my football career was being a

student manager for the University of Tennessee Volunteers.

I now watch football every chance I get. I even watch the World League of American Football. Now that is dedication to the sport! Quick, what is the nickname of the Barcelona team in the WLAFF? The "Dragons." To have a chance to write about Sonora Bronco football, let's just say, I can't wait!!

### Confessions of a Homer

One of the great things about writing about the hometown team in the hometown paper is that no one expects me to be impartial. In fact, it might not be very smart to even try. I will try to be fair and honest in my reporting, but I must admit I want the Broncos to win. I will call 'em like I see 'em but I will be seeing the world through red and white colored glasses.

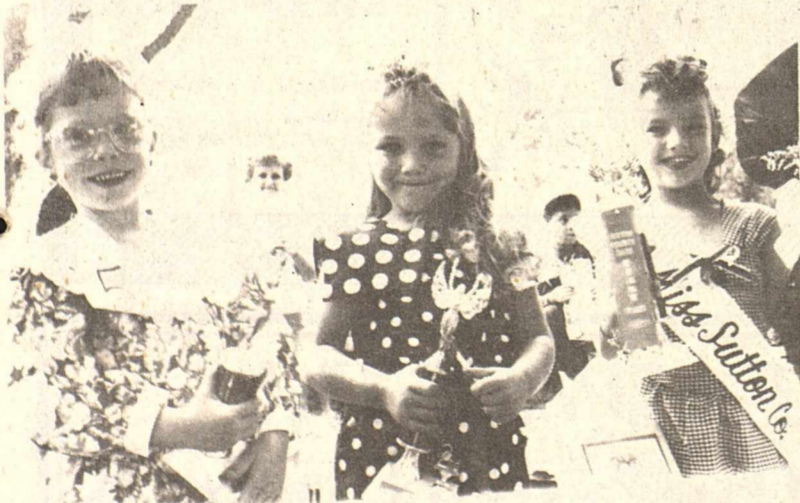

We will begin our coverage of this year's football Broncos with this Friday's scrimmage against McCamey at Bronco Stadium. The Junior Varsity will start at 5:30 p.m., followed by Varsity action at 7:00 p.m.

The first regular season game will be September 4 against District 6-2A preseason favorite, Wall. The Hawks are coming off a 9-2 1991 season and are led by San Angelo Standard Times "Preseason All-West Texas Team" linebacker, Ben Thomas.

It's nearly time to strike up the band and for the cheerleaders to begin to cheer. Its time to paint the town red. Let's tee that ball up and get this thing started.

COMING SOON - Football season is almost here and these boys are working hard to show Sonora a good year!

LITTLE MISS - Voted Little Miss Sutton County was Haven Holekamp (right). Runners up were Kayla McBride (center) and Sharee Short.

LITTLE MISTERS - Will Crittendon (left) was voted Little Mr. Sutton County at the festivities on the courthouse lawn. Also pictured are runners up Nathanael Prather (center) and Cameron Cox.

### Commissioners

Speed bumps were requested in the alley off of San Francisco Street. The commissioners determined this request does not comply with county policy.

The commissioners discussed in more detail the sick leave/holiday/vacation policy for the shortened work week. Employees falling under this new work week will receive one day of sick leave for every 160 worked hours. Employees would be required to work two extra hours during the week preceding a holiday.

After returning from a break the commissioners reviewed the proposed budget. The county insurance will have a 22 percent increase.

A possible three to five percent raise for county employees was proposed. This was declined.

During the budget review E.J. Wipff mentioned that he would like the commissioners to consider paving Baker Road. The consideration was denied because one bump gate is still on the road.

### Letter to the Editor

To the Folks of Sonora,

You've been great, but we've gotta go. Not just because of David's job, but we believe this is what the Good Lord wants. If we said all we wanted to this would be a much longer letter. All we can say is when people ask about Sonora, we'll mention the Rowdy Bunch, the Caverns, the Covered

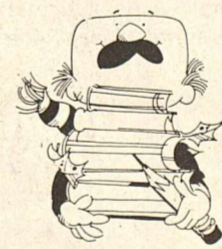

Wagon Dinner Theater, Sutton County Days, the wonderful schools & teachers, great churches, but most of all the friendly folks.

Landa will continue to teach gymnastics and I'll be back from time to time to work down here, so we'll see ya!

David, Landa, Kandra & Trista McIntyre

## Thorp attends conference

Carole Thorp, director of the Sutton County Senior Center, attended "Opening the Doors" or "Abriendo Las Puertas" held August 12-14 in Dallas.

The conference, sponsored by the Texas Department of Aging and co-sponsored by the Dallas County Area Agency on Aging and the Texas Association of Area Agencies on Aging, studied outreach to minority elderly.

The conference provided information on cultural diversity, explored methods for outreach to older persons who are members of minority groups, and developed plans of action for increasing and/or enhancing minority participation in aging services.

Thorp noted that in his welcome to Dallas, Mr. Norman Moorehead, Director of the Dallas County Area Agency on Aging, said he sometimes forgets that he is black and "wouldn't it be great if we could all forget what color we are" and just be people.

Henry Cisneros delivered the opening address. He pointed out some facts and needs that the USA should address including income security for older Americans, tax exemptions at all levels of government, health policies, security and enhancing the quality of life for seniors in our communities. He also stressed encouraging and utilizing

volunteers of advanced age. Mr. Cisneros closed by saying that "America has a Future!"

Mrs. Thorp had the privilege of meeting Mr. Cisneros personally along with the Chairman of the Texas Department of Aging, Dan Roberts of Ft. Worth. She also attended sessions led by Dr. David Maldonado of SMU, Dr. Percil Stanford of San Diego, Stephen Applewhite-Lozano of University of Houston and other top leaders in the field of Aging.

## Eastern Star observes birthday

On the evening of August 18th, the families of members of the Order of the Eastern Star were entertained at an ice cream social at the Masonic Hall. The occasion was in observance of the birthday of Robert Morris, Founder of the Order.

Virgil Polocek, assisted by other officers, presented a play entitled

"Visions of Rob Morris" at the regular meeting later in the evening.

Plans were discussed for a "Friendship Night" program for the September meeting, when members of other chapters in this section will be guests of Sonora Chapter. Plans were also made to participate in the Sutton County Days Parade, and the Eastern Star School to be held in Eldorado in October.

Mr. and Mrs. Joseph VanderStucken

## VanderStuckens honored by West Texas Boys Ranch

Some 200 folks were on hand Tuesday, August 18, as the boys, staff and directors of West Texas Boys Ranch honored Joseph and Mabel VanderStucken for their many years of friendship to the Ranch. The reception, held at St. John's Parish Hall in Sonora, drew friends from Sonora, Ozona, Junction, Menard and San Angelo.

Highlighting the afternoon was a short program by WBTR CEO Roger Ellison with help from the boys and Dave Gottshall, past executive director of WBTR. The VanderStuckens were presented a plaque inscribed with a poem entitled "Joseph and Mabel" written by WBTR Ranch Manager Tim Jobe and some of the boys. The poem was read to the VanderStuckens and friends by Sam Ellis, a 15 year-old at WBTR, and appreciation was expressed by Lee O'Daniel, 15, also from the Ranch.

Fourteen year-old Ben Manriquez and Steven Pilger carried in two special gifts from the Ranch - a sack of corn and a deer block. "Knowing the pleasure Joseph and Mabel receive from feeding and watching their deer and turkey, we thought these gifts might help us express our appreciation best," Ellison said.

Sixteen year-old Forrest Breeden gave the invocation and Brian Turk, 16, closed the program.

"I knew you were going to do something, and I have had a whole hour of suspense, but it was well worth it for the past few minutes" Joseph commented to the crowd. "And on behalf of the game, we thank you."

The VanderStuckens passed out goodies to each boy from the Ranch.

"All of you that know Joseph, know he is not going to let ya'll do this for him without giving something back," said Reverend Monte Jones about the goodie bags.

For 40 years, the VanderStuckens have shared their time, talent, and generosity with the boys at the Ranch. Joseph joined the board of directors in 1952, only five years after the Ranch was first organized. He served as president of the WBTR Board of Directors from 1966-1967, and is an Honorary Director for Life.

Joseph was instrumental in the development of the WBTR Trust, and served on the WBTR Board of Trustees for many years.

### Fraser vows to stop confirmation of water commissioners because of new rules

"With the stroke of a pen, the Texas Water Commission eliminated over 100 years of constitutional water rights and stole the property of many Texans," said Troy Fraser, Republican candidate for Texas Senate District 25. During a visit to Sonora, Fraser said control of the Aquifer is the first attempt by the TWC to control all underground water in Texas and he vowed to stop the confirmation of Chairman John Hall and the other newly appointed Water Commissioners.

Fraser said recent Water Commission rulings would devalue millions of acres of private property, render some land useless and severely restrict economic development in West Texas and the Hill Country. "The value of millions of acres of land could plummet because of this action and land owners will not be compensated. I call that highway robbery," he said.

Fraser said the new ruling could be reversed by defeating the upcoming confirmation of the newly appointed commissioners, all of whom must be confirmed in the next legislative session.

"Water is the most precious commodity in West and Central Texas and the lack of it could cripple economic development in our part of the state," Fraser said. "The theft of private water rights by the Texas Water Commission could cause our area of the state to dry up and blow away," he said.

"During these tough economic times, government should be providing incentives for economic growth and jobs, not eliminating them," Fraser said. "The new corporate income tax and the elimination of private water rights will make it considerably more difficult to bring new jobs to this part of Texas."

Fraser said control of this vital resource must be returned to the people of Texas. "Replacing the current commissioners with people who respect individual water rights would solve this problem," Fraser said.

### NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$4,688 per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$4,998 per student in state and local revenues.

State law only requires a minimum tax rate of \$.7700 for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Sonora Independent School District hereby gives notice that it is considering the adoption of a tax rate of \$.24 that will provide \$4,618.78 per student in state and local revenues.

### Curtis featured at Art Show

Mary L. Curtis was the featured artist in Sonora August 21 and 22 during the Sutton County Days Celebration. Beginning at 10 a. m. each day, the show featured many of her pen/watercolors from her Sesquicentennial Collection and paintings inspired by her work at the National Wildflower Research Center on the LBJ Ranch.

Mary is returning to Sonora after 50 years. She left after her first year in high school, but has always felt that Sonora was home. Her work was exhibition at the newly restored Santa Fe Depot, along with other local artists.

Sponsored by the Sutton County Historical Society, the art show was a benefit for the Miers Home Museum Fund. The museum received 50% of the money made in sales.

Mary Curtis was a secretary in Austin for the State Board of Insurance. She returned to college to work toward a business degree. Her degree plan allowed room for electives, and she took a course in drawing. That elective changed her life. She realized a long hidden talent for art and majored in interior design. Graduating Magna Cum Laude from St. Edward's University, Mary began a new career as an artist.

On exhibit were a number of paintings from her Sesquicentennial Collection. She was one of the few private artist sanctioned by the 1986 Texas Sesquicentennial Commission. Many of her paintings originated in antique post cards, photographs, and sketches from the early day of Texas cities.

The works are divide, accurate depictions of our early days. Many

## Ask the Historical Society

by Sutton County Historical Society

**Q. When did the Dunbar family come to Sutton County?**

**A. We found the following in the Devil's River News of September 27, 1935:**

**MRS. MARY DUNBAR, 88, DROVE HACK FROM TENNESSEE IN 1875.**

Women, it seems to this observer, who has no intention of claiming to know anything about the sex, are just about the same whether they're twenty-eight or eighty-eight - that is, in certain respects. Take age and birthdays, for instance:

After a NEWS representative called Mrs. Tom Sandherr's home Monday to ask if he might call on her mother, Mrs. Mary Deborah Dunbar, eighty-eight years old last Sunday, Mrs. Dunbar laughed and asked her daughter.

"Why didn't you tell him I was forty-eight instead of eighty-eight?"

But rightly so, Mrs. Mary Deborah Dunbar isn't ashamed of her age. She just has a sense of humor, graciously answered

questions her interviewer and her daughter asked about her interesting life. It is believed she is the oldest person in Sutton County.

She liked Hack Driving.

Driving a hack from Tennessee with her husband and two small children, Paul C., who died in Hobbs, last spring and a daughter who is now S.E. Armistead of Del Rio, proved so attractive to Mrs. Dunbar that she wanted to push on when they got to Dallas so that they went to Waxahachie. They had a covered wagon to carry their belongings and at night they slept in it.

Mrs. Dunbar recalled this week that when they crossed the Cumberland River not far from her birthplace, her small son cried, "I

wanta go back to the house." Mr. and Mrs. Dunbar had sold all their Tennessee things and were determined to come west. Mr. Dunbar's sister, who lived near Waxahachie had died two weeks before they got started, but they decided to make the trip anyway.

**Dunbars "Farmers Once"**

That was in 1875 when Mrs. Dunbar was only twenty-eight. They farmed in that section for the next quarter of a century and in 1901 went to Reagan County. After four years there, they came to Sutton County and settled on the home place, still in the family, seventeen miles from Sonora on Cusenbary Road.

Although she was only a girl of fourteen to eighteen at the time of

the Civil War, Mrs. Mary Deborah Dunbar (we like the quaint sound of the name "Mary Deborah") remembers a great deal about it. But let her tell it:

"We lived nine miles from Fort Donaldson and about two miles from Dover. I remember the gunboats coming up the river to attack the fort. Those were troublous days. We heard the cannon booming for a week when the fort was attacked.

"Then after the surrender, soldiers trooped past our house by the hundreds. One of the poor fellows cried out - 'Fort Donaldson's surrendered, madam, and we're hungry!'"

## Fawcett participates in Cattlemen's Round-up for Crippled Children

Randee Fawcett is among 250 area ranchers and community leaders who are joining hands to help West Texas Rehabilitation Center by participating in the 1992 Cattlemen's Round-Up for Crippled Children.

This Sutton County supporter, who will serve as Sonora area chairman, will be asking neighbors to join her in donating livestock to be sold at special auctions throughout September and October.

Sale proceeds are converted into "treatment dollars" which help provide out-patient services for handicapped children and adults at

WTRC facilities in Abilene and San Angelo.

Scheduled sale dates for the 1992 Round-Up are as follows: September 24, Cattle Sale, Producers Livestock San Angelo; September 28, Cattle Sale, Abilene Auction; October 7, Special Sale, Stephenville Cattle Company; October 9, Special Sale, Central Texas Auction, Lometa; October 10, Horse Sale, Abilene Auction;

October 14, Special Sale, Coleman City Auction; October 15, Special Sale, Jordan Auction, San Sabá; October 20, Special Sale, Eastland Auction; October 24, Special Sale, Colorado City Auction; October 26, Sheep and Goat Sale, Junction Stockyards; and October 27, Special Sale, Brownwood Auction.

"If ranchers sell stock at other

times of the year, we're hopeful they will make a commitment now and then later ask their local auctions to send the Center a check when the stock does sell," said James (Jim) Alexander, CRCC general chairman. "Every day WTRC treats people who are friends and neighbors. Donating one or more animals is a good way for us to help Rehab help others."

Since 1952, West Texas Rehabilitation Center has provided out-patient treatment services to individuals without regard for age, race, origin or financial circumstances. More than 175 trained professionals deliver quality care in physical therapy, occupational therapy, speech pathology, audiology, orthotics, work evaluation/work hardening and support services to more than 13,500 patients annually.

## Special Cattle Sale to be Held in San Angelo

On Thursday, September 24, West Texas Rehabilitation Center will have a Cattle sale at Producers Livestock Auction in San Angelo.

This is a new sale for Cattlemen's Round-Up for Crippled Children and we're grateful to John Cargile for arranging it.

Please mark your calendar for this and plan to participate as a livestock donor and/or buyer.

If you bring cattle to Producers prior to that date, Mid-West Feed Yards will be glad to receive and hold them for the Rehab sale. Or, they will be glad to pick up donated animals. . . just call Rehab at 949-9535.

Also--please feel free to bring in sheep and goats to Mid-West. . . they will put them in one of the special sales listed in the article above.

## Mary Curtis

Mary was chosen to paint the wildflowers at the National Wildflower Research Center on the LBJ Ranch. Her vivid and bold colors combine with botanical accuracy to create exciting paintings of the wildflowers of Texas.

Her paintings are of a quality seldom seen in small town exhibits. She became aware of the possibility of art as a career when a professor bought a painting. in the 12 short years as an artist, she has given workshops, taught seminars, illustrated for magazines, and is now seeing her designs on T-shirts. paintings from this collection are owned by corporations and private collectors throughout the U. S. Europe.

## Historical Society

"We still had slaves then so we called to them to put meat to cooking in every available vessel. But the hungry men wouldn't wait. They grabbed it and began eating before it was even cooked."

Mrs. Dunbar's husband, W.E. Dunbar, who died in 1919 when he was seventy-two, ran away from home and enlisted in Morgan's Brigade, although his father tried to persuade him not to do it. Her brother was killed at Franklin, Tennessee, after having been captured by the Northern forces, held a prisoner in Illinois two years and finally sent to Mobile, Alabama, in an exchange of prisoners transaction.

Besides the Sutton County children - Mrs. Sandherr and D.B. (Bug) Dunbar, Sutton ranchman - and Mrs. Armistead of Del Rio, she has a son, Russell S. Dunbar, a Glasscock County ranchman, who makes his home in San Angelo.

Despite her advanced age, Mrs. Dunbar is in fairly good health at this time. She is quite deaf and her eyesight has been affected to the extent that she has not been able to read for three or four years.

There are many articles like the above scattered throughout the 1930's newspapers. They are a great resource to anyone working on their family tree.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Guidelines For Screening Mammography Established by the American Cancer Society.

I. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$70.00. The Unit accepts cash, check, Visa, Mastercard and American Express.
