Mayor resigns position

City Manager John Pape announced Monday that Mayor Lemuel Lopez had resigned his position effective immediately. Margaret Cascadden will serve as Mayor Pro-Tem. A special City Council meeting will be held on Tuesday, June 1 to accept the resignation of Lopez.

Lopez stated that to do the job properly like he wanted to it would take away from his as owner of The Commercial Restaurant business and he needed to spend more time there.

"I would like to thank the people of Sonora for all the courtesies and the confidence

that they have had in me," said Lopez. "I hope that I have represented them with grace and dignity."

Lopez added, "One of the proudest things that I think has happened during the time that I was mayor, was the hiring of a fine person for city manager like John Pape."

US currency seized by Trooper Ortiz after routine stop on Interstate 10

On May 19th at approximately 4:30 p. m., Texas State Trooper Norbert Ortiz was on routine patrol 5 miles west of Sonora on IH 10. Trooper Ortiz clocked a 1993 Cadillac at a high rate of speed. Ortiz was able to stop the suspects vehicle. While interviewing the driver, who was identified as Robert James Evans, age 47, of Lakeland, Florida, Trooper Ortiz developed probable cause asked and received written consent to

search the Evans vehicle. Trooper Ortiz located, in a suitcase in the trunk, \$15,413 in U. S. currency. Trooper Ortiz believed that Evans was en route to purchase narcotics at an unknown location.

Also located in the suitcase was under two ounces of marijuana. Evans was arrested and booked into the Sutton County Jail for possession of

marijuana less than two ounces. Later on this date, Trooper Ortiz was notified by DEA Dallas that Evans was a wanted felon for possession of methamphetamine.

Trooper Ortiz filed forfeiture procedures with 112th District Attorney's Office May 20.

The forfeited currency will be put in an interest bearing account by the 112th District Attorney's Office.

Business counseling session set

Business counseling services will again be offered at Sonora City Hall on Thursday, June 3, 1993 from 1 - 4 p. m. The Small Business Development Center (SBDC) of Angelo State University will provide professional counselors to assist business owners and entrepreneurs. The counseling services are offered at no charge as a continuing cooperative program between the SBDC and the City of Sonora.

That evening, the SBDC will host a seminar on "How to Write a Business Plan" at the First National Bank Community Room. The seminar will run from 6:30 p. m. until 9:00 p. m.

A fee of \$10 per person is payable at the door on the night of the seminar.

Persons wanting to schedule individual counseling sessions should contact the City Secretary's Office during regular business hours. Appointments are made on a first-come, first-served basis, and a limited number of appointments are available.

Those wanting to attend the seminar can register at the door. The seminar is open to anyone who is interested, and you do not have to have attended a counseling session to participate in the seminar.

TML conference coming to Sonora

At its recent Spring meeting in Eastland, the Texas Municipal League (TML) accepted a bid to hold their Region 6 Fall conference in Sonora. Mayor Lemuel Lopez and City Manager John Pape presented the bid to be host city to Brady Mayor H. L. "Bud" Gober, who is the current TML Region 6 President.

In offering to host the conference, Mayor Lopez touted Sonora's scenic beauty, many attractions and "well-known hospitality." The membership, which consists of elected and appointed officials from throughout the Concho Valley and Abilene areas, voted unanimously to award the fall gathering to the City of Sonora.

"Attracting conferences and conventions to Sonora is an excellent way for us to help stimulate the local economy," Pape explained. "Every event of this kind brings revenue into the community, and it gives us a chance to show off our fine city."

The event is expected to draw over 100 attendees from throughout the twenty-county region, extending from Sutton County to Haskell County. A total of fifty-seven cities, serving a population of over 310,000 people, belong to the regional organization.

Swimming pool to open May 31

Sonora City Pool will open for the summer on Monday, May 31.

Children six years and under must be accompanied by a person 12 years or older, and that person is responsible for the child. The pools hours will be

Monday thru Saturday from 12 noon to 6 p. m and Sundays from 1-6. The pool will be closed on Wednesdays.

The pool is available for party rentals on most days, from 6:30 - 8:30 p. m. The price for rental is \$40.

A ladies only water aerobics class will begin June 1 at 6:30 p. m. The class will last about an

hour and the cost is \$25 for the entire summer. Ladies must wear swimwear. No shorts or blouses will be permitted.

Youth Center committee to host dance

Moms and dads who want to "get involved" can do just that by volunteering their time Saturday night to serve as chaperons at the first Sonora Youth Center benefit dance. Members of the Youth Center Committee and their spouses will serve as chaperons, but more chaperons are "desperately needed," according to Youth Center board president Barbara Stroud.

Mrs. Stroud noted that teenagers from all over West Texas will be converging on Sonora Saturday night to kick off the summer schedule of activities to benefit the Youth Center project. The Youth Center Committee has sent invitations to all the area high schools inviting their students, incoming freshmen through outgoing seniors, to come to Sonora for the evening.

Michael Todd of KLITE radio and Gary Karshner of Eclipse Entertainment will be donating their services to the benefit event.

Todd, who has rollerbladed for the March of Dimes was "auctioned off" at the Dates for Diabetes, says he looks forward to helping with worthwhile

causes. "And the Youth Center benefit is a perfect example of that," he noted.

"I can do something that helps people and have fun doing it," he said.

Todd, whose on-air program can be heard from 6 to 10 p. m. nightly, is a familiar voice to area teens, but few of his faithful listeners recognize his face. Events like the Youth Center dance allow him the opportunity to get out from behind the console and meet people, and

Letters to the Editor

Dear Sonora,

We are writing in order to congratulate our class, the class of 1993.

Not being born and raised in Sonora, our kindergarten pictures don't get put in the annual, so we decided to make our own little contribution to our class. There are many things going on that have brought our class closer together in the last few weeks. As a class, we have made a mark on Sonora with our many accomplishments. Every one in our class is special and unique in their own way. Who can forget Monica Chavez's great laugh, Kathy Cooke's sucking her thumb, the often mute Annette Gamez, the night-owl Shannon Escalera, Pete Perez's wonderful wake-up serenades on the bus, Tracy-the-Nazi-Crites, Michelle-glow-bug-Barker, Roy Ivy's great eyelashes, Jessica Ortiz's wonderful awareness of her surroundings, Daniel-the-boy-who - finally - grew - Anderson, Carmen-let's-sing-along Chavez, Mature Michele Pruitt, Wild Willy Haltom, Meticulous Tara Urbanski, Tell-it-like-it-is-Whitney Condra, Sunburn Shane Keller, Chris "He just never quits" Perez, Wil Trainer singing the school song in a pep rally, that great place where Oscar Jimenez parks, Leslie-can-we borrow-your-homework Carrasco, Vicki-I'm-not-saying-another-thing-Downing, Lorna-I love Abel-Olenick, Cristina-I'm so dark! Ramirez, Chase-You make me weak-Wardlaw, Lance-help me K. P!-Castro, Carmen-Swear, Swear-Burch, Eric-intercom-Geske, Joe-the cool haircut-Buitron, Matthew-Martha did his homework-Smith, Adam or is it Speedy Mirike, Brian-pull your socks down-Faris, Kent Newkirk or Kirk Newkent?, Anna Banana Bells Teaff, Brandy-I fell at the Homecoming game-Bauldree, Gaby-Mr. Carroll always forgets the roll sheet-Bonilla, Mando-I wish I didn't look like George Foreman-Robles, Frank-I love Sandra-Guzman, the poetry god Matt Hazelton, and many others who have helped to make this year special and fun.

We have been very lucky to have the teachers that we have had these past years in high school. Coach Snodgrass is always a favorite, Mrs. Dempsey

taught us so much math stuff that we had brain overflow and can sing the quadratic equation to the Pop Goes the Weasel tune, we had tons and tons of Coach Creek's senior advice, and finally our most fun class, English IV with Mr. Carroll. Mr. Carroll has made us work our rear ends off in order to prepare us for college. His class has been the most interesting of all. We learned so incredibly much about intertext, doing a works cited page, and all the plays and novels worth knowing, that every senior could tell you all you would ever need to know about Dante, Hamlet, Chaucer, Beowulf, Joseph Conrad, and the advantages and disadvantages of a stable society, that it would make you sick. Although many of us have had a rough senior year, we've made it thanks to all of the teachers that we have had the privilege to learn under.

There are many memories that we have all had through the years. The senior trip was one of the most fun things that we have done as a class, sitting together and yelling for the spirit award in the pep rallies, the football and basketball games, the parties at which we have seemed to grow more into a family, our friends that we have had for years, the good times we have had in school griping and making fun of teachers in school, receiving our caps and gowns and trying them on for the first time, practicing for baccalaureate and graduation, and finally going our separate ways after graduation on May 28th, and then coming back in a few years together as a whole class to see how everyone turned out.

We just wanted to contribute our own thanks to the class that has made high school and Sonora a little less boring and a bit more exciting and also gives us our own little niche in history. We have had so much fun in the last few years (except our senior English research paper), even though we have undoubtedly said a thousand times that we can't wait to get out of school. It's a little scary to look forward in your life, but we hope that each of us has the ability to look back on our high school years and realize how lucky we were to grow up and live in a small

town like Sonora. We have been relatively sheltered in this town, but we have been well-prepared by our teachers for life in college and afterwards in the "Brave New World" (look Mr. Carroll, intertext!!). There is no way to put down on paper how much we have come to love this town, with its small scandals, big celebrations, and loving support that we have recently been acquainted with through parties, trips, and gifts we have received. Our class is special, as we're sure everyone feels about their own class, but we just wanted to thank each and every one of them for the good times. With love and good wishes for the best, Stephanie Roberts and Michelle Barker

Dear Editor,

I'm sure that by now, many of you know that I have resigned my position as a school board member. This is the toughest decision that I have had to make while serving on the board. I really and truly think that it is in the best interest of the school district.

Some of you will be unhappy and disappointed; others will not. That's life. I'm strong enough to accept criticism, so don't worry about me. I'll be okay.

My mistake was that I allowed myself to become too emotionally attached to the quality people and programs in the system. A good friend told me when I was first elected not to stay too long. Nine years is too long, and I wish I would have taken her advice.

Those of you who really know me know how competitive and temperamental I can be. That, coupled with the fact that I'm emotionally spent, does not contribute to intelligent thought. I do want to reassure those of you who voted for me that I will remain active with the school and the kids, and do it in a positive and supporting manner.

Our community is special. I think we all need to take a deep, collective breath, spend some reflective time, and look into our hearts for forgiveness for anything anyone has said or done. We are all imperfect human beings. The people we elect to any office in this community are good, concerned people, and they deserve to function without undue pressure and duress.

I'm proud of all the accomplishments that the district has achieved recently, and I'm sure Mr. Russell would appreciate some words of encouragement after graduation on Friday night. Under his leadership, our district has become a showcase of model schools that will be visited during the upcoming years by school people from all over the state of Texas. This is an honor that bears thoughtful consideration.

When we serve the public, we take a lot of heart and pressure. It affects not only us, but our families as well. Kathy and I need to spend some quiet, quality time in the next several months, so a smile or wave will be enough said. Sincerely, Gary

Dear Friends of Sutton County, Thank you for the wonderful farewell reception you had for us last Thursday evening. We will have fond memories in our hearts for the rest of our lives. The money tree was well supplied but your love is the greatest gift of all. Thank you for everything.

We would like to thank each one of you for the last twelve years. You have made our stay in Sutton County a wonderful experience. You have been a great strength to us as well as a source of joy and happiness. Words just cannot express the love we have for all of you. You will always have a place in our hearts. Thank you dear friends.

It is with mixed emotions that we have decided to leave Sonora and return to Three Rivers, Texas where we began our lives as a preacher family twenty-two years ago. We were invited by the elders there to return and work with them in that area. We will be near our children in Corpus Christi to enjoy our grandchildren, but not too far away that we could not return to help any of you at any time. Please keep us in your prayers.

We welcome you to come visit us there anytime, our doors and hearts are always open to you.

Our new address is: Don and Claudine Jones, P. O. Box 369, Three Rivers, Texas 78701.

Our house is located on Owen Street, one block off Highway 72. Ya'll come.

Love you all,
Don & Claudine Jones

Dear Editor,

I want to thank our Pastors for the stand they made for Christ and the city of Sonora. Our country was founded for our freedoms but most people want to forget it was founded also on morals and founded on God.

As parents we try to set good moral standards for our children and as citizens for our community. Bringing in female and male strippers to our community is not what I would call good moral standards. In the Bible, 1st Corinthians 6:9-10 "Do you not know the wicked will not inherit the kingdom of God? Do not be deceived: Neither the sexually immoral nor idolators nor adulterers nor male prostitutes nor homosexual offenders nor thieves nor the greedy nor drunkard nor slanderers nor swindlers will inherit the kingdom of God". Hebrews 4:13 "Nothing in all creation is hidden from God's sight. Everything is uncovered and laid bare before the eyes of Him to whom we must give account". Luke 16:15 "You are the ones who justify yourselves in the eyes of men, but God knows your hearts. What is highly valued among us is detestable in God's sight". Ephesians 5:11 And do not participate in the unfruitful deeds of darkness, but instead even expose them." Matthew 5:28 "But I tell you that anyone who looks at a woman (or man) lustfully has already committed adultery with her (or him) in his heart." That is what happens when you have male and female strippers in our city.

This is what my Bible says, you look in yours and see if it says the same. Quotes taken from the NIV Version.

I feel certain that I sometimes say things that are not understood the way that I would have them understood. I try to be clear about what I am saying, but sometimes things are understood differently. I think many of us have had that experience. Maybe you have experienced this yourself.

I do not think anyone in history has had more mis-statements than baseball Hall of Fame catcher for the New York Yankees, Yogi Berra.

Here are a few of Yogi's best:

"It's deja vu all over again."

"Baseball is ninety percent mental. The other half is physical."

(After seeing Steve McQueen in a movie)

"He must have made that before he died."

(explaining a lost game)
"We had too many wrong mistakes."

"You've got to be careful if you don't know where you're going, because you might not get there."

(When asked during spring training what his hat size was)
"I don't know. I'm not in shape yet."

"We have deep depth."

"You give 100% in the first half of the game, and if that isn't enough, in the second half you give what's left."

I think it is time for me to stop writing these "Yogi-isms." They are starting to make sense to me.

Until the Next Time,

May God Bless,

Now's the time to plan your prescribed burn

by Tom W. Payton, Range Conservationist
Soil Conservation Service

Believe it or not, this is the time of the year to begin planning for your prescribed burn. The burn season normally falls in the period of December-March, but the previous growing season may be one of the most critical times of the burning process.

The amount of fuel present is critical in determining how well a fire will perform and if it will achieve the intended goals. It is recommended that at least 1500 to 2000 pounds of fine fuels (mostly grasses) be available. If you are planning to burn and you do not have this amount, then deferment during the next growing season is necessary to produce the fuel required.

As part of the overall brush management goal, fire is a very

useful and inexpensive tool. When used properly, undesirable plants such as junipers and mesquite, pricklypear and tasajillo can be suppressed or controlled. Suppression of these plants over a period of years, and the development of a more open canopy where more desirable vegetation can grow will cut down the number of dollars spent on other, more expensive brush control measures.

There are two other advantages to prescribed burning. One is the improvement of forage quality. Plants such as tobosa grass become coarse and unpalatable after a short time. Periodic fires will maintain the palatability of this plant for a longer period and therefore increase utilization. The other benefit is the stimulation of resprouting of desirable browse

plants such as liveoak and elbow bush. Most liveoak motts in this part of the state have very little or no resprouting because of the grazing by goats and deer, but with proper stocking in conjunction with a fire and deferment, desirable woody plants will come back and provide additional forage.

Prescribed burns are not wildfires. Prescribed burns are well planned and carried out under specific conditions. Proper planning before and adherence to the plan after the burn are essential. Deferment of pastures, proper grazing use and correct stock numbers are all part of the planning process. For more information or assistance, contact the local Soil Conservation Service. Programs offered by USDA-SCS are available to anyone without regard to race, color, creed, sex, age, handicap or national origin.

Remembering May 17th

The night the "dancers" came to town

by The Rev. Monte Jones

Tuesday evening of last week was a pleasant, overcast, moderately cool for 7 o'clock day, as 5 of us in the Sonora Ministerial Alliance, the Rev.s Clay Hall, Lewis Allen, Daniel de Leon, Daniel Timmerman and I, gathered on the sidewalks outside a certain, best-left-unnamed lounge to quietly make a statement about our displeasure over nearly-nude male exotic dancers who were to perform that evening. The few days leading up to the evening were anything but quiet, as, is usually the case in a small town, rumors ran rampant, especially the one about the ministers preparing to picket said establishment. (Picketing involves forming a human barrier which must be broken through in order to reach one's destination, which we had no intention of doing.)

Some of us received phone calls trying to dissuade us from "making a scene." Here are some of the excuses we heard (and my response to them) for why we should just sit down, shut up and stay away:

"It's just good, clean fun." I would love to hear those who said that define "good," "clean," and "fun."

"This is only for one night." I can almost guarantee you that when these people get a foothold in Sonora, they will make every effort to continue, especially if they make money. (Speaking of which:)

"It's just some ol' boys trying to make a buck." Prostitutes, pimps, drug dealers, bank robbers and embezzlers are only trying to make a living, too, but I can't say I would be too wild about their setting up shop in Sonora.

"It's a free country." Name me some free things, and I'll bet you that this evening of arousing carousing won't be one of them. There is a price to pay, one way or another, for just about

everything, and the price we as a community pay for this kind of obscenity is really too high.

"Well, it really can't hurt anything, can it?" I saw mothers of young children in attendance. What do they say when their kids pull some off the wall stunt, especially if the child comes back with, "But you went to see the men take off their clothes!" And I saw some mothers taking their daughters to the show. Can't you just hear them, if one of these girls turns up pregnant or with AIDS, saying, "Well, I just don't know what's wrong with our schools and churches. They aren't teaching the kids any morals!"

And as we stood quietly, listening to the sometimes-immense roar of the crowd (albeit not quite the anticipated crowd), I couldn't help but say a prayer for those young men "performing." I wonder what the career ladder (or is it a "career slide?") for nearly-nude male dancer looks like, and thinking that everyone who paid to see them was helping push them into that ever-more-difficult-to-climb-out-of abyss.

And as we pulled up stakes (really we just picked up our signs) and walked away, I wondered how those women would feel when they got home and looked into their mirrors? I hope and pray that there was at least a glimmer of a twinge in their consciences. But, perhaps, like those of old to whom Jeremiah spoke, "Were they ashamed, when they committed abomination? No, they were not at all ashamed; they did not know how to blush?" (Jeremiah 6:15)

What will come of that May evening? Did our quiet statement-by-our-presence keep some folk away? I hope so.

Did it cause some embarrassment for those in attendance? I think it must have, for most who entered would not

Jordan's Market Report

Monday MAY 20 and 24, 1993

Receipts totaled 2446 head. The stocker and feeder calves and yearlings continued to sell fairly active on a steady to strong market on Thursday and Monday with a few of the 750 to 850 lbs. steers selling a dollar lower Thursday primarily because they were carrying a lot of flesh. The light roping calves continue in very good demand along with the replacement heifers. Slaughter cows and bulls sold steady, however not as many high yielding cows were offered last week as the previous week

Golf tourney sees good turn out

The Sonora Golf Club and the American Cancer Society had their Spring Golf Tournament May 1st. There was a very good turn out, the weather was perfect, and every one had a good time.

DeVoe Smith organized the sign-in and tee-off. Mike Holley cooked the hamburger dinner for the golfers and their families, while the members of the local American Cancer Society unit served the meal.

There was a large number of prizes awarded, thanks to the generosity of many businesses who operate in the Sutton County area. This year's winners were: Richard Gonzales - Longest drive (men), donated by First National Bank; Darlene Lipham - Longest drive (women), donated by Sutton County National Bank; Willie Gutierrez - Closest to pin, donated by Devil's River Inn; and Frances Tackel - Closest to the pin (women), donated by Sutton County Steakhouse.

Prizes for first, second and third place teams were made possible by generous donations from Meridian Oil Co., Cahill Construction, Jimco Enterprises, Creek Swabbing, and American Exploration Co.

The first place team was Jesso Cook, Ethel Olson, Javier Sanchez and Billy Bob Galbreath.

The second place team was DeVoe Smith, James Robertson, Steve Brents and Darla Lipham.

The third place team was Papo Sanchez, Dingo Ortiz, Ed Price,

Ike Eisenhant and Jan Eisenhant.

This was the second year that the Sonora Golf Club and Bob Quante, Manager of the Pro-Shop have extended their hospitality to the American Cancer Society. Both years have been very successful in raising funds for the War Against Cancer.

So far this year we have seen 5 local citizens receive patient services from the American Cancer Society. These Services have been valued at over \$5000 just in the current year. All of our golfers and other donors should be given our thanks for their part in helping to make these funds available.

Everyone involved is looking forward to next year.

Card of thanks

We would like to thank the following individuals and businesses for their support of the Nursing Home Bingo Booth at the Cinco De Mayo Celebration: Cindy Batchelor, Bright Spot, Lettie Coronado, Judy Edmundson, Exxon, Food Center, Flowers by Irene, Olivia Longoria, Maggie Mesa, Perry's, Pizza Hut, Sears, Don Surridge, Mandy Turk, Victoria's, Victor's Auto Parts and Westerman Drug. Memorial Day time for "Living Memorials"

Memorial Day is time for remembering someone held dear, and the American Cancer Society announced recently that it can also become a time for turning losses into victories.

According to Lou Faulks, communications for the Sutton County Unit of the ACS, Memorial Day is an appropriate time to make memorial contributions in memory of a loved one lost to cancer. "We call them 'Living Memorials'," said Allie Askew, memorials chairperson. "A gift today may spare others tomorrow."

Contributions to the American Cancer Society are used to sponsor the organization's attack on cancer through balanced programs of research, education, patient services and rehabilitation.

The ACS is the largest source of non-government cancer research funds in the country.

The current ACS research investment in Texas alone is more than \$8.9 million in grants at hospitals, universities and medical institutions throughout the state.

"The ACS is also very much a community-based organization, however," added Faulks. "Our programs and materials are managed by local volunteers--and I think that's important for the people of Sonora to realize when they contribute to this important cause."

"We are winning the fight," said Faulks. "Progress is being made, survival rates are rising steadily, but we've still got to do more. I think our memorial program remains a convenient and dignified way of turning losses into victories."

Anyone wishing to contribute to the ACS through its memorial program may do so by sending their contribution to Mrs. Allie

Askew at Box 1133, Sonora, Texas 76950. Contributions should include the name of the person in whose name the memorial is being made, along with the name and address of the individual who should receive acknowledgement of the contribution, and the name and address of the contributor.

Hunnicutt working on PA degree

by Karole Hunt

Carol Hunnicutt, native of Ozona, is working on her physicians assistant degree. She is currently working on her rural practice training under the direction of Dr. Charles Pajestka, local physician.

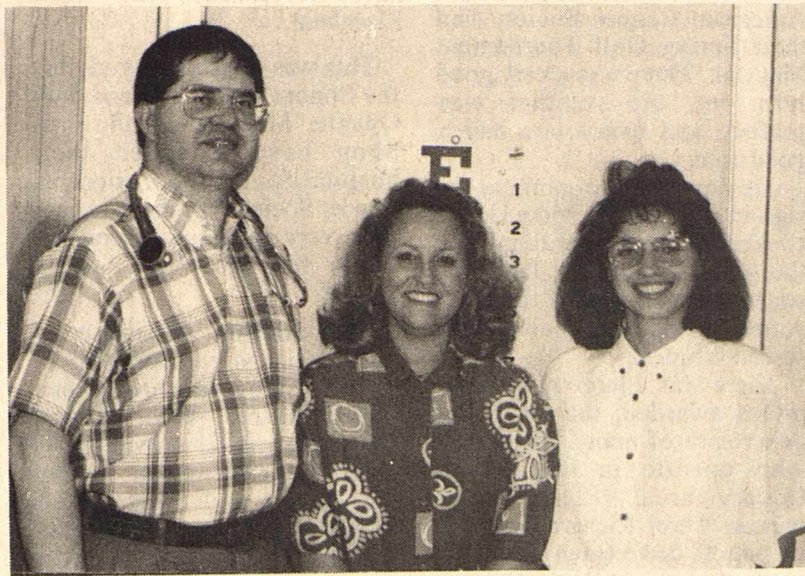

Carol has two very active children living in Dallas, a son age thirteen and a daughter age 12.

Previously a paramedic, Carol decided to become a nurse anaesthetist. When she started her undergraduate work she found out through her professors about the Physicians Assistant (PA) program. Because it was an upcoming field and PA's were utilized everywhere, she decided being a PA was a better way to go. Physicians assistants are used in all 50 states, making the job market better than a nurse anaesthetist.

Carol is attending the PA program through the UT Southwestern Medical Center in Dallas, University of Texas School of Allied Health.

Carol has been at Dr. Pajestka's office for two weeks, and continues for four more weeks.

After completing her pre-studies she applied for the program and was chosen for an interview. Training for the PA program is a medical school type program that includes cadavers, neurosciences and physiologies. A year worth of clinical science classes, broken down into medicines and certain area of

PHYSICIANS ASSISTANT- Carol Hunnicutt (pictured center) will be working on her rural practice training in Sonora for four weeks. Pictured with Hunnicutt are Dr. & Mrs. Pajestka.

medicines follows. The next 15 months is spent in rotation, much like medical students complete, consisting of general medicine, surgery, obstetrics, family practice, etc.

Carol is in Sonora to fulfill her rural preceptorship. The program requires that each student complete rural preceptorship either for four or six weeks, depending on courses taken previously. The students are required to work in a family practice at least 200 miles from Dallas, in a town with less than 10,000. Carol, being from Ozona, wasted no time choosing Sonora to her preceptorship.

Once Carol has completed her rotation in Sonora she will go to

Connecticut to complete her thoracic vascular rotation there.

Carol loves working with Dr. Pajestka. "He is just wonderful and very nice to work with and patient," she said.

When asked what she thought about Sonora she said, "I love Sonora. The people are wonderful. When you live in a large town no one waves. It's nice to go in a small town and people wave."

Carol explained that Physician Assistant's is growing field established in 1965 at Duke University. There are approximately 21,000 practicing PA's in the USA and approximately 1,200 in Texas.

Nobody ever listened himself out of a job.
—Calvin Coolidge

Adult education classes end

During several months of the current school year, Adult Basic Education classes were offered in the Sonora ISD's Vocational Building. Both English as a Second Language and GED test preparation classes were offered. The ABE program is offered at Sonora ISD in cooperation with San Angelo ISD.

Sixteen students attended the GED classes with a total of 716 contact hours. Several GED students have recently taken their GED exams. Graduates include Yolanda DeLuna, Barbara Stroud and Mary Wallace. Others are awaiting results.

A special thanks to Noemi Samaniego who is employed by the Texas Department of Health for many volunteer hours of child care so that mom and/or dad could attend classes. Also a special thanks to Sherry Turner who volunteered several evenings to assist in math instruction.

Community speakers this year included Noemi Samaniego who spoke on health services available. Jeryl Fields spoke on GED testing. JoAnn Hernandez spoke on available banking services at the Sutton County National Bank. Sam David Hernandez talked to the group about income tax related questions. Two EMT's spoke with the group on careers in the Emergency Medical Field.

These speakers volunteered their time and presented timely, relevant information. Instructors for the classes were Delia Samaniego and Mary Beth Morgan. There is no charge for these classes. Classes should resume in October.

Red Hot Movie Reviews

by Roy Ivy

Dave
Rated PG-13 for mild profanity
Four Stars

This is the first comedy of the summer, and it's already one of my favorites of the year. The plot is simple. The president croaks and Dave, a simple likable small town guy, is hired to impersonate him. It's not the story, which of course slides into Frank Capra-land with the little guy seeing he corrupt world and wanting to make a change. The magic of this film is the acting. Kevin Kline is in top form as both the president and his hired boule, and he does both roles with ease. He doesn't have to try to be funny - he simply IS. Sigourney Weaver is very appealing as the former president's wife. The romance between her and Dave is so sweet that it seems to belong in another era. Dave is the kind of movie where the good guy doesn't get to kiss the girl until the very end, and the audience walks away with smiles from ear to ear.

Hot Shots - Part Deux
Rated PG-13 for profanity and sexual situations
Two Stars

The audience sat in their seats, ready for a funny ride. They had seen the first move, watched the previews for this one, and were expecting a drop dead hilarious movie.

They got one great big yawn. Hot Shots - Part Deux is filled with about 1,000 gags, and only about 30 of them get a laugh. Director Jim Abrahams, of Airplane and naked Gun fame, seems to have lost his edge. Whenever a bad joke appears, it

just gets run into the ground over and over until you are begging for mercy. The problem is not in the actors, but the material. Face it folks, Saddam Hussein jokes are just a little bit outdated. Watching Saddam step on a rake just doesn't smack my giggle button.

The two stars I give to this film come from the two funniest scenes. One scene is too sick for family publication, and the other is a drop dead funny parody of Apocalypse Now. For now, just ditch Part Deux, and wait for the video.

Sliver
Rated R for SEX, SEX, SEX, NUDITY, LANGUAGE, VIOLENCE, SEX, SEX, SEX.
Two and a half stars

Now I consider myself to be a pretty mature looking guy. I could pass for a nice 21, or at least 18. But at the box office for Sliver, I had to show my indentification. There was a cinematic gestapo going on at the Southwest 7 Cinema that night, and I wanted to see just what all of the commotion was about. When I was carded, I thought "YEAH, this is gonna be good!"

Guess what - you've seen it all before. Sharon Stone nude - big deal. The plot - Hitchcock's

Rear Window with a perverted twist.

Yet, it's a fascinating little movie that will grip your attention. Sharon Stone, playing a sexually shy female (ironic, eh?) pulls off her job nicely, even though you never feel like you really know her character. She moves into a fancy apartment complex where owner William Baldwin watches all tenants through hidden cameras. The movie camera acts like a peeping Tom, and it sucks the audience in. If Sliver does one good thing, it turns the whole audience into a big group of perverts. William Baldwin has sleazy appeal as her lover, and, like Sharon, he shows his hiney too. Tom Berringer, as a paranoid writer, shows charm that he hasn't displayed in years, but he doesn't show his butt.

So here's the deal. The audience is sucked up into the movie. Tension is building. You're thinking, "Gee, how will it end." and then it ends.

I don't mean it gives a satisfying conclusion, I mean the movie simply ends. You're left thinking, "Gosh, none of it really makes sense. Boy, I feel cheap. I feel like I've been molested."

Yep, and you just paid five bucks to get molested, too.

Jesus Meza, if living, and if any or all of the above named defendants be dead, the unknown heirs of each or all of said above named persons who may be dead, and the unknown heirs of the unknown heirs of said above named persons, and the unknown owner or owners of the hereinafter described land, and the executors, administrators, guardians, legal representatives, legatees and devisees of the above persons, and any and all other persons, including adverse claimants, owning or having or claiming any legal or equitable interest in or lien upon the following described property, delinquent to Plaintiff herein, for taxes, all of said property being located in said County and State, to wit: Lot 6, Block D, Hermosa Addition to the City of Sonora, Sutton County, Texas being that property more particularly described in Volume 132, Page 344 of the Deed Records, Sutton County, Texas.

Which said property is delinquent to Plaintiff for taxes in the following amount: \$480.11, exclusive of interest, penalties and costs, and there is included in this suit in addition to the taxes, all said interest, penalties and costs therein allowed by law up to and including the day of judgment herein.

You are hereby notified that suit has been brought by the Sutton County Appraisal District, Plaintiff, against the above named persons, as Defendants, by petition filed on May 22, 1992, in a certain suit styled the Sutton County Appraisal District et al vs. Jesus Meza, for collection of the taxes on said property and that said suit is now pending in the District Court of Sutton County, Texas, 112th Judicial District, and the file number of said suit is 3829, that the names of all taxing units which assess and collect taxes on the property hereinabove described, not made parties to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of

delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and cost allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosures of lines, if any, securing the payment of same, as provided by law.

All parties to this suit, including Plaintiff, Defendants, and Intervenor, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the 17th day of May, 1993, same being the 27th day of June, A. D., 1993, (which is the return day of such citation), before the honorable District Court of Sutton County, Texas, to be held at the courthouse thereof, then to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the Plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said Court in the City of Sonora, Sutton County, Texas, this 17th day of May, A. D., 1993.

**Two accepted into
EMS course**

Donna Keese and Pat Campbell were recently accepted into the Division of Emergency Management course "Introduction to Emergency Management." The course was held April 26-29 in San Angelo.

Some of the agenda in the course consisted of the need for emergency management; the four phases of emergency management; the role of federal, state and local government in emergency management; integrated emergency management systems; coordination in emergency responses; and the role of the emergency operating center.

A series of emergency management courses are available to Texas counties and cities in order to give local government specific information on constructing and maintaining emergency management plans and activities.

YOUTH CENTER

they're opportunities that he accepts with enthusiasm.

"Besides, I grew up in Mertzson and I know it would have been cool to have someplace where everyone could hang out and have something to do," he added.

Local individuals and area businesses have also been instrumental in planning the dance and will provide free food for the event.

The dance, which begins at 8 p. m., will be held at the site of the proposed Youth Center, on Hwy. 277 South and Glasscock Avenue. Admission will be \$3 per person and although food is free, soft drink sales will benefit the project.

Parents who are interested in serving as chaperons are requested to contact Barbara at 387-3344, or, after hours at 387-5694.

Womens Fitness Center to open

Earlene White announces the opening of Total Women Fitness Center, located at 204 Main.

The Center will be teaching low impact exercises and will

also be holding emotional support meetings.

The Grand Opening will be May 27th thru May 28th. A drawing will be held and a free month of membership will be given away.

A Letter From . . . Mr. Charles Russell, Superintendent

TO THE CLASS OF 1993:

I would like to offer my congratulations and best wishes to the Class of 1993 and to wish them the best of luck in the future. This class has provided a positive contribution to our school as well as our community and I am extremely proud of them for all their accomplishments.

The Class of 1993 has been a group of students who displayed leadership, character and a wholesome attitude in all their endeavors and I will miss them greatly. However, the satisfaction of graduating students of this quality is a wonderful feeling that will remain with me for years to come.

Sincerely,

Charles Russell, Superintendent
