## Guild displays art at Dinner Theater

West Texas Art Guild members who will be displaying their artwork Saturday night at the Covered Wagon Dinner Theater include Ronald Nicholas and David Carraway. The artwork can be viewed beginning at 6:15 p. m. and throughout the performance at the Caverns of Sonora.

As a graduate of Sul Ross University, Ron Nicholas holds a Master of Education degree in art education. For the past 10 years he has taught art in the Sonora Independent School District where he developed and instituted a career oriented art course which focuses on giving students marketable job skills.

Nicholas is a member of the Associations of Texas Professional Educators, and Kappa Delta Pi. Nicholas coordinated the community art

exhibit for Sutton County Days in 1991 and 1992. In addition to belonging to the Southwestern Watercolor Society and The San Antonio Watercolor Group, he is currently President of the West Texas Art Guild. Nicholas enjoys painting in oil and watercolor.

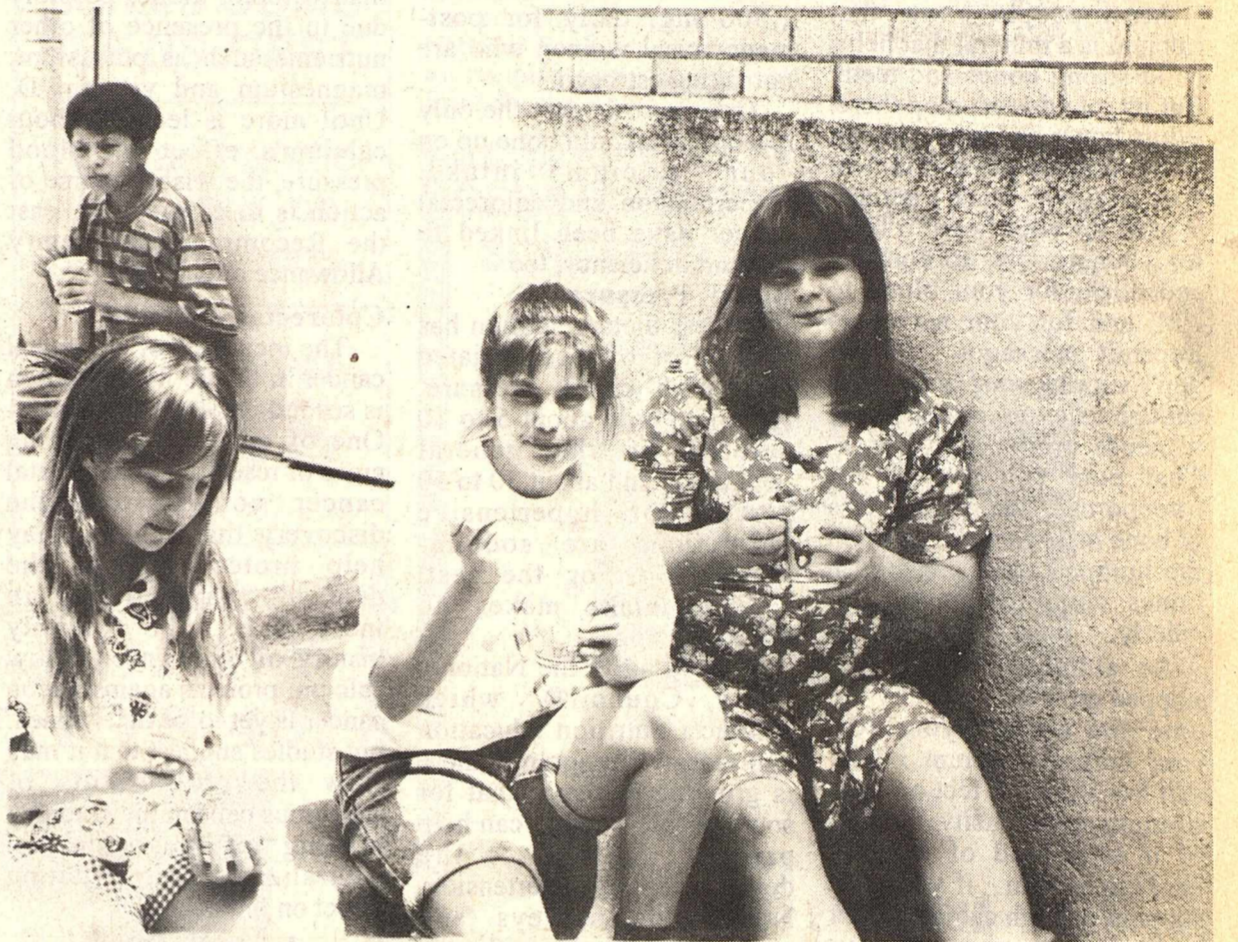

Ron and his wife, Susan, are the parents of 3 children and reside in Sonora. He is active in the Lions Club and is on the Session of the Church of the Good Shepherd.

David Carraway is a freelance artist who has designed numerous logos for businesses and individuals. One of his most notable designs was an anti-crime poster done for the national Market Basket Food Store chain. The posters were produced by Elite Productions and distributed to businesses

and malls.

In 1987 Carraway paved the way for artists who designed posters for the North Louisiana Catfish Festival to retain the rights to the posters, and the Festival would market the prints for the artist. Carraway won the Festival poster competition and the prints of his poster are still marketed throughout North Louisiana.

For the past 14 years Carraway has taught private art lessons in perspective, glazing and mixing color in oil. As an artist, he enjoys many different types of subject matter and works in oil, pen and ink, and watercolor and pencil color. Carraway's works will be on display at the Tom Green Library during June and July this summer. He is currently serving as the Vice President of West Texas Art Guild.

BLIZZARD PARY!- Jackie Bellard, Jana Hamlin, and Gail Porter enjoy a Blizzard that Gail provided for all her classmates, using her reading points.

## Storyteller Biscuits to entertain at Theater

Biscuits O'Bryan, a.k.a. Rev. Monte Jones, will be the Chuckwagon Storyteller during this Saturday's Covered Wagon Dinner Theater performance.

Jones was the typical polite priest who could be found most of the time in Sonora's beautiful little St. John's Episcopal Church quietly working on a sermon or tending the duties as leader of the flock of parishioners.

Then, in the spring of 1977, the other person inside him came into being with the creation of "Biscuits O'Bryan."

Jones said he created Biscuits--a cowboy campfire cook character -- on stage during the first Covered Wagon Dinner Theater (amphitheater

located at the Caverns of Sonora grounds) using costumes, make-up and his voice. Actually, he was a "real" life campfire cook in his early days and what knowledge he didn't retain from experience, some recipes come from research.

The character "Biscuits O'Bryan" actually cooks chuckwagon dishes, using glowing campfire coals and heavy Dutch ovens while performing before a live audience.

But, Jones admits he never completely takes off his priest's "hat" even when he's wearing the cowboy felt hat.

Mingling with authentic cowpokes at cowboy poetry

readings and festivals has given Jones an appreciation for their spiritual sides. "A lot of them are deeply spiritual people, though not always in the conventional way," he said.

"A lot of cowboy poets will be very spiritual one minute and rank as all get out the next. That kind of goes with what most of us think about cowboys, that they're kind to women, children and puppy dogs but rough as a cob."

Jones says the two characters of his life have given him the opportunity to cross over between his storytelling Biscuits and his role as an Episcopal priest.

Information for this article was taken from 110 Magazine.

## Porter treats 5th grade classmates to Blizzards

The following letter was sent to Advantage Learning in Wisconsin Rapids, Wisconsin.

To Whom It May Concern

We have a student in Sonora Intermediate School we are very proud of! Gale Porter is a 5th grade student in our school. Gale is an avid reader and has amassed 400.8 points this school year. Since she will be going to another building next year she needed to spend her points. Gale decided to use the bulk of her points to purchase

"blizzards" for her entire homeroom class and teacher which came to 22 blizzards.

Gale, a student in Mrs. Friess' class took orders for each student's "favorite flavor." These blizzard coupons are donated by our local Dairy Queen, managed by Joanna Wuest. Joanna made up the blizzards and Mrs. Friess' class had a "blizzard party" outside our school building on a hot

May afternoon. Our local newspaper, The Devil's River News took pictures for us and we appreciate their support. We cannot thank Dairy Queen enough for supporting us with coupons, etc. from the very beginning of the program.

Sincerely,  
Donna Hill, Principal  
Sonora Intermediate School  
Edwina Friess, teacher  
Sonora Intermediate School

## Tri-Church Bible School set

The annual Tri-Church Vacation Bible School will be held June 21 - June 25 from 9 a. m. - 12 noon.

Sponsored by First United Methodist Church, Church of the Good Shepherd Presbyterian and St. John's Episcopal Church, this Bible School is open to all children,

ages 3 through 6th grade.

A nursery will also be provided. Registration will be at First United Methodist Church on Monday at 8:30 a. m.

For more information, please contact Sheryl Hall at 387-2684. We hope to see you there!

## CIDC helps needy children

Do you know a child who needs physician care, medications, surgery, medical supplies or equipment?

The Chronically Ill and Disabled Children's Services (CIDC) with the Texas Department of Health may be able to help that child receive the service he or she needs and deserves.

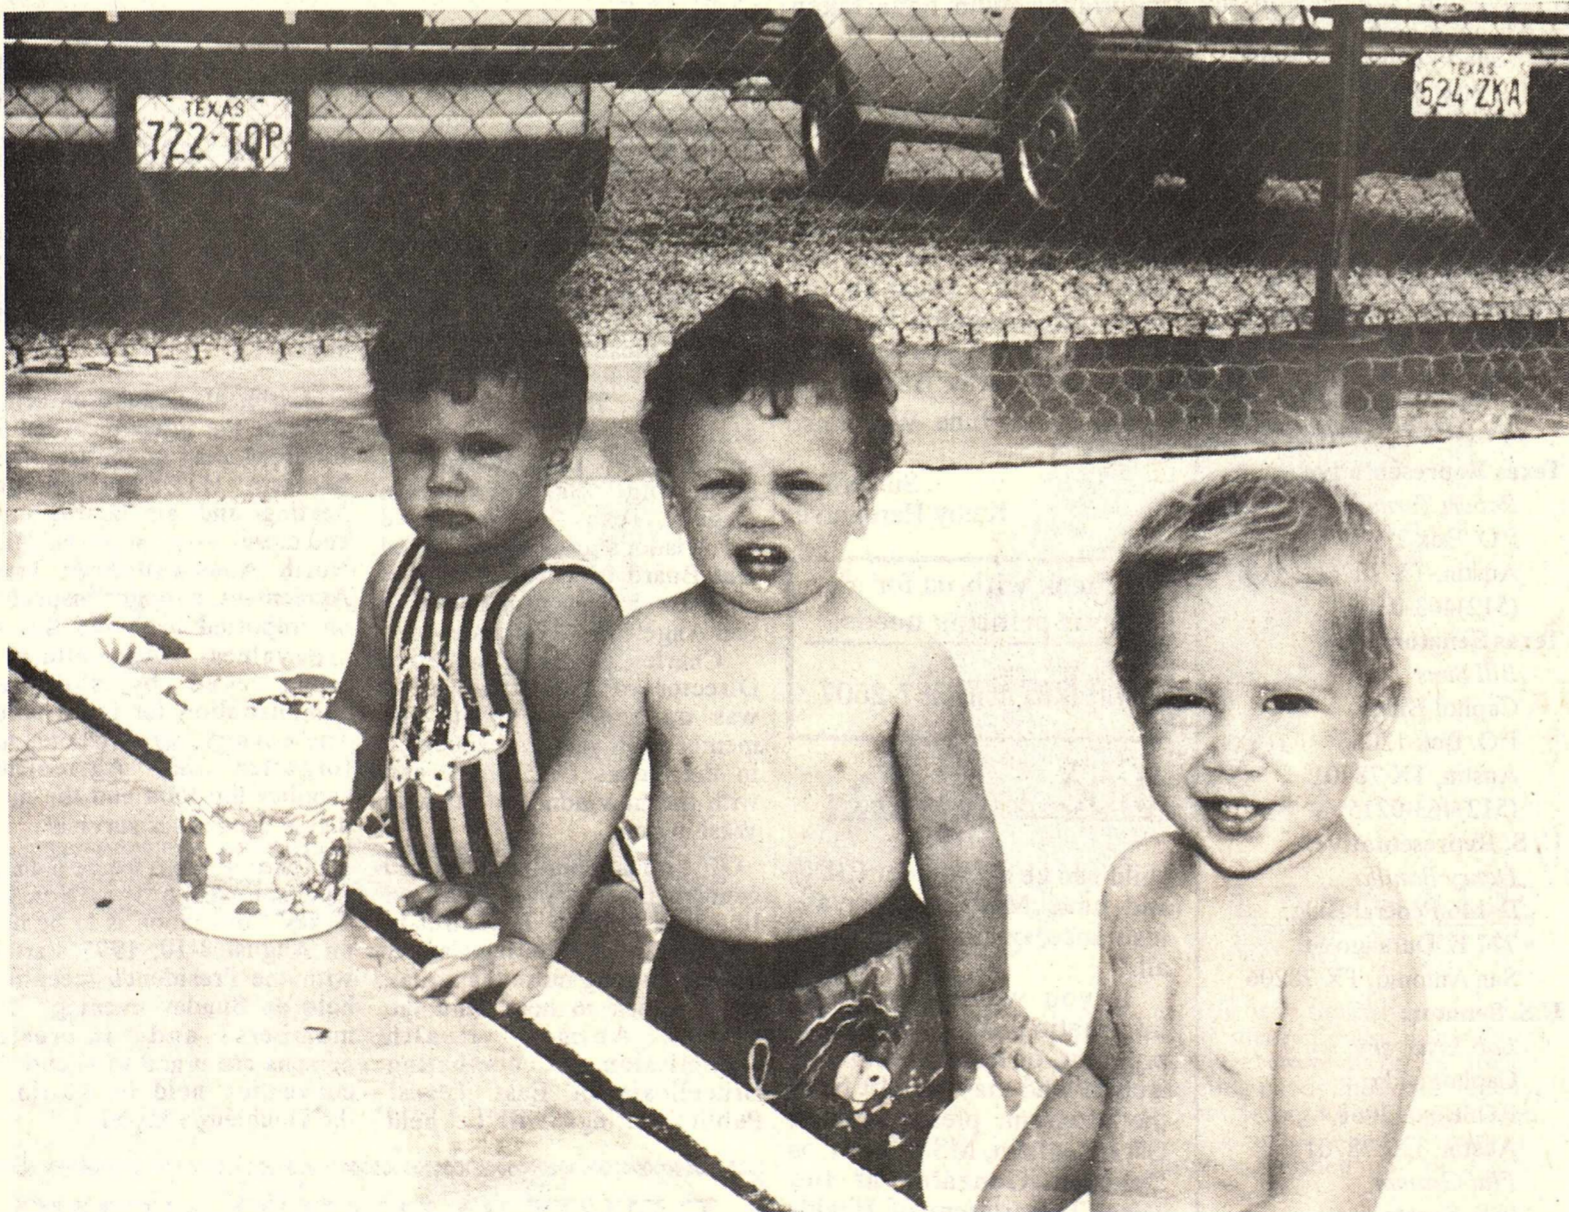

"The program was legislated several years ago to address the medical needs of Texas children who were chronically ill or disabled," comments Oscar Latham, CIDC Social Worker in San Angelo. "The program assists the child's family by arranging, and paying for the medical care."

A child is eligible for CIDC services if he or she is a resident of Texas, has a medical condition that the program covers, is under age 21, and the family meets the

program income and asset limits. However, families that have incomes over the limits may still be able to qualify for CIDC services.

Some of the medical conditions covered by the CIDC program include: HIV and AIDS; bone, muscle and joint problems; severe burns, cancer, heart problems; Cerebral Palsy and other neurological disorders; cleft lip and palate; craniofacial anomalies; diabetes; epilepsy (seizures); stomach and bowel problems that a child was born with; certain ear and eye problems; certain blood problems such as Hemophilia and Sickle Cell disease; certain metabolic and genetic disorders; Spina Bifida; and Cystic Fibrosis (for all ages.)

"CIDC is not the same as Medicaid," said Latham. "A

## You never outgrow your need for calcium

Mom was right when she told you to drink your milk. It supplies calcium, protein, vitamins and other minerals — essential nutrients for a growing body.

But what if you've long stopped growing? Should you trade your glass of milk for another beverage? No, say nutritionists and health experts, because you never outgrow your need for calcium.

Most people know that calcium is a mineral that helps build strong bones and teeth. But its role doesn't stop there. While bones and teeth contain 99 percent of the calcium in your body, the other 1 percent is used for your heart to beat, for your muscles to contract and relax, for your blood to clot, and for your nerves to transmit messages. If you don't supply your body with enough calcium, it takes what it needs from your bones. That puts you at risk for osteoporosis, the gradual loss of bone mass that can result in the humped back and brittle bones common among the elderly.

So although your bones stopped growing longer by the time you reached your 20s, your current calcium intake still has a great effect on their strength and density. Think of it as a kind of calcium banking system: if your diet supplies enough calcium, your body deposits some in your bones. If your diet is low in calcium, your body makes a withdrawal from your bones and deposits it in your blood so your body will continue to function.

### Bone Up On Calcium

Failure to meet calcium needs is common. According to the Nationwide Food Consumption Survey, more than 80 percent of women over 35 and 65 percent of males over 35 don't meet the RDAs for calcium of 800 mg., or two to three servings of dairy products, daily. The National Institutes of Health recommends an even higher calcium intake — 1,000 mg. daily for adults over 25 and 1,500 mg. daily for postmenopausal women who are not taking estrogen.

Osteoporosis isn't the only reason you should bone up on your calcium intake. Hypertension and colorectal cancer have been linked to calcium deficiency, too.

### Blood Pressure

Excess dietary sodium has been most often associated with high blood pressure. However, only about 5 to 10 percent of the general population and about 30 to 50 percent of hypertensive individuals are sodium-sensitive. For the rest, sodium intake makes no difference.

According to the National Dairy Council®, which conducts nutrition education and research programs, there is growing evidence that for some people calcium can help protect against the development of hypertension. Nationwide surveys and studies of people with and without hypertension support an inverse association between calcium intake and blood pressure. Studies found that, as a group, those with high blood pressure consume less

calcium than those with normal blood pressure. It is estimated that those consuming less than 300 mg. of calcium daily have a two to three times greater risk of developing hypertension than those consuming 1500 mg. daily.

But calcium does not influence blood pressure to the same extent in all individuals, and milk appears to have a better antihypertensive action than calcium alone, possibly due to the presence of other nutrients such as potassium, magnesium and vitamin D. Until more is learned about calcium's effect on blood pressure, the wisest course of action is to consume at least the Recommended Dietary Allowance of calcium.

### Colorectal Cancer

The incidence of colorectal cancer in the U. S. population is second only to lung cancer. One of the most promising areas of research on colorectal cancer comes from the discovery that calcium may help protect against the disease, particularly in individuals with a family history of this cancer. How calcium protects against colon cancer is yet to be determined, but studies suggest that it may slow the proliferation of cancerous cells in the colon by binding to bile acids and neutralizing their irritating effect on the colon.

### Pass the Milk, Please

Milk is as good for you now as it was back then. It helps build strong bones and teeth — and so much more. So pour a tall, cold glass of milk and drink to your health!

## Used oil filters banned

submitted by Sutton County Underground Water District

On April 1, 1994 it will become illegal for anyone to throw used oil filters in the trash. Instead, used filters must be taken to a collection center. Individuals who change their own oil are included in this group, and these citizens should take their used oil and filters to service stations, automotive recycling, or to any registered collection center for proper disposal. Containers with oil should be sealed tightly before delivery to a collector.

Question: Why punish those who do their own oil changes by prohibiting the disposal of used filters in the trash? Answer: Nobody is being punished. The simple fact of the matter is that more than 60% of this used oil is improperly discarded. By requiring that used oil filters be discarded appropriately, the potential for contamination is reduced, or at least stabilized.

To find out more, please call the CLEAN TEXAS 2000 Information Center at 1-800-64-TEXAS.

This information has been provided by Mike Smith, manager of the Sutton County Underground Water Conservation District, and was obtained from the Texas Water Commission.

## King reports for duty

Navy Petty Officer 3rd Class Robert S. King, whose wife, Debra, is the daughter of Eloy and Sara Rodriguez of San Angelo, recently reported for duty at Naval Air Station, Kingsville, Texas.

The 1978 graduate of Sonora High School joined the Navy in January, 1988.

## Letters to the Editor

Dear Editor,

I just wanted to write and tell the community what a great success I though project graduation was. It is wonderful that the whole community pitches in for the young people.

I don't know who donated the TV, but I was thrilled when I managed to win it at the auction. I certainly don't want to leave out a thanks to my friends who helped me with a few loans to make it possible.

It will always be a memorable night for years to come. Thanks for my special memories.

Anna Teaff

Dear Editor,

From all the families and friends of the children involved in Sonora's City League baseball program, a

big thanks goes out to those businesses and individuals responsible for building the covers over the stands. What a difference it makes to have some protection from the sun! I know that the out-of-town participants who come for our tournaments will be just as appreciative.

Thanks, too, to all those individuals who have taken the time to volunteer in the concession stand this year. Profits from the sale of food and drinks will remain within the City League organization, and will be used to build a new concession stand. More volunteers will be needed during the tournament weekend, scheduled for June 25th and 26th; if you can help, please call Kathy Hardgrave, 387-2227 or June Williams, 387-2108.

Sincerely,  
Kathy Hardgrave

CIDC cont'd from pg. 1

child can be eligible for CIDC and have Medicaid, private insurance, or no insurance at all."

If you would like more information about the CIDC program, or have or know of a child who may benefit from the program, please contact Oscar Latham, MSW/CSW or Deborah Gonzales at the Texas Department of Health Regional Office in San Angelo at (915) 944-9545, or call your local field office at 387-2234 or 387-5720.

## Freelance Philosophy

by  
G.C. "Country" Smith

This Sunday, June 20th, is Father's Day. A few months ago my Dad died. For the first time in my life, I will celebrate Father's day without a father.

Dad had cancer and we knew for a pretty good while that he was dying. I thought that I had prepared myself for his death, but when the time came I was not ready.

For the past few months, whenever I have had decisions to make, I have wondered what his advice to me would have been. I am afraid that I have valued his opinion more after his death than I did while he was living. Sometimes, that is the way it goes. We just do not realize what we have until it is gone.

Both of my daughters are traveling this summer. They will not be home Sunday. My son will be home, but I don't think he is old enough to understand the significance of the day. In any event, I feel certain that I will be more aware of the value of fathers this Father's Day. I will do some remembering. I will do some praying.

Somehow, I hope my dad knows how much I miss him. Some way, I hope that I can be the kind of dad that my children will someday miss.

Until the next time,  
May God Bless,  
GCS

## ICA holds last meeting of the season June 7

The Independent Cattlemen's Association held its last meeting of the season on June 7th, 1993 at the Sutton County Steakhouse.

Mary Ellen Astudillo, Director of Sales and Marketing in San Angelo spoke on her work in promoting "Surprising San Angelo, Texas." She passed out "visitor's guides" and asked that Board of Directors might consider having a meeting in San Angelo at a later date. Charles Carter, Legislative Director of the organization was on hand to update the members on what is happening in the Texas Legislature and with the new administration in Washington.

Of utmost importance and concern, is the "user's fee" on livestock, which has already been passed by the legislature. This is nothing more than a tax on livestock to help fund the Texas Animal Health Commission in combating Brucellosis in East Texas! Public hearings will be held

Carter also spoke on school finance, the Edwards Acquirer, tuberculosis in cattle from Mexico, BTU tax on gas, heating and air conditioning and diesel, also, on the NAFTA, North American Free Trade Agreement, stronger inspection on imported beef and the Ag use values. Agriculture is being eyed by the new administration for more taxes. The country, as a whole, has forgotten that Agriculture supplies the food and the meat that is needed for survival.

The Independent Cattlemen's Association of Texas' Convention is to be held on August 8-10, 1993 starting with the President's reception, held on Sunday evening. All members and interested persons are urged to attend the convention held in Austin at the Doubletree Motel.

# Barlemann - Levitan wed June 12

Janet Elaine Barlemann of Sonora, and Marc Lloyd Levitan were united in a double ring ceremony June, 12, 1993 in the First Baptist Church of Sonora with the Rev. James B. Stephen and Rabbi Barry L. Weinstein of Baton Rouge, Louisiana officiating.

The bride is the daughter of Mr. and Mrs. Ray Barlemann of Sonora. The bridegroom is the son of Mr. and Mrs. David Levitan of Dallas, Texas.

The bride, given in marriage by her father, Ray Barlemann, chose a wedding gown made of ivory 100% silk Shantung. The portrait collar and fitted bodice were embellished with the floral delicacy of beadwork on fabric. The outline of the scalloped collar was covered with pearls. Her paneled skirt and train fell to chapel length with a double bustle bow. Covered buttons accented the back closing. Janet's headpiece was a halo of ivory satin rose buds centered with pearl pips, beaded leaves and a floor length illusion veil.

Maid of honor was Miss Kelly Cahill of Sonora. Bridesmaids were Miss Laura Barlemann of Lubbock, Texas; Miss Keisha Thomas of New Orleans, Louisiana; Miss Ricki Levitan of Dallas, Texas; and Mrs. Steven Martin of Dallas, Texas. Flowergirl was Miss Courtney Martin of Dallas, Texas.

Best man was Mr. Michael Levitan of Dallas, Texas. Groomsmen were Mr. Kyle Villyard of Austin, Texas; Mr. Mr. Galen Nixon of Waterman, Illinois; Mr. Larry Burns of Edmond, Oklahoma; and Mr. Vince Chupka of Newport Beach, California.

Ushers were Mr. Zane Dunnam of College Station, Texas; Mr. Byron Yeatts of Lubbock, Texas; and Mr. James Vlasak of Carrollton, Texas.

Mrs. Marc Lloyd Levitan

A reception was held following the ceremony at the Fellowship Hall of the First Baptist Church. A dance was held at the Cauthorn Memorial building.

The bride is a graduate of Sonora of Sonora High School and Texas Tech University. She is a graduate student at Louisiana State University.

The bridegroom is a graduate of J. J. Pearce High School in Richardson, Texas and received a Ph.D. from Texas Tech University. He is an Assistant Professor at Louisiana State University Department of Civil Engineering.

The couple will reside in

Baton Rouge, Louisiana after a wedding trip to the Virgin Islands.

## Library news

The Sutton County Library has the following new or donated books available:

Non-fiction: GHOST TOWNS OF THE WEST, JONI, I'M OK YOU'RE OK, WHAT EVERY WOMAN STILL KNOWS, WESTERN ART OF FREDERIC REMINGTON, THE ART OF THE JAPANESE GARDEN, WRITE BETTER SPEAK BETTER, LEONARDO DAVINCI, LA CONQUISTADORA, VANISHED CIVILIZATIONS, ORIENTAL RUGS, AMERICA FROM THE ROAD and

AMERICA THE BEAUTIFUL. Fiction: SOME UNKNOWN PERSON by Sandra Scoppettone; SLEEPING MURDER by Agatha Christie; BRIDGES OF MADISON COUNTY by Robert Waller; PAPER DOLL by Robert Parker; THE SCORPIO ILLUSION by Robert Ludlum; and FINAL PAYMENTS by Mary Gordon.

Audio Cassettes: DOLORES CLAIBORNE by Stephen King and THE MOSCOW CLUB by Joseph Finder.

## Card of thanks

Sutton County Emergency Medical Service Organization would like to extend thanks to our community and the First National Bank for honoring us as recipients of the Popcorn Fund for the month of May.

## Senior Center menu

Thursday, June 17 - Polish sausage, sauerkraut, sweet potatoes, cornbread and prunes.

While the cost of living has increased dramatically, at least the cost of calling your friends to complain about it hasn't.

It has a familiar ring to it. Food costs up 21%. Housing costs, 25%. Medical costs, 46%. And cable TV costs, 51%. But your local telephone service has gone up just 3%.\* And with GTE, the quality and service you

receive is perhaps the most cost-efficient and reliable you can find. So, if the economy has you a little out of sorts, remember you can always count on the great value of your GTE telephone service.

**GTE**

## Senate Bill 7 to have considerable effect on school districts across the state

Senate Bill 7 was passed on Friday, May 28 and took effect immediately. The school finance section of the bill will have considerable effect on a number of school districts in the state. The bill addressed the issue of equity by limiting the wealthiest districts in the state to \$280,000 per weighted student, based on the Comptroller's Office property values. The bill affects 101 districts including Sonora which has values of approximately \$296,000 per weighted student.

Senate Bill 7 provides school districts with several options to reduce their wealth to the \$280,000 per student level. The 5 options are listed as follows:

### OPTIONS REQUIRING BOARD ACTION ONLY

1. Voluntary consolidation with another district
  2. Detachment of property
- ### OPTIONS REQUIRING VOTER APPROVAL
3. Purchase of average daily attendance credits (pay to the state funds collected in excess of \$280,000 per weighted student)
  4. Contract for the education of nonresident students (pay

another school district money collected in excess of \$280,000 per weighted student)

5. Tax base consolidation  
I believe that the most efficient method of reducing the values in Sutton County would be option 3 which would be to send the excess revenue to the state. With a WADA (Weighted Average Daily Attendance) of approximately 1465 students times \$280,000 (limit of values per student), our school district would have taxable values of approximately \$410,000,000. The remainder of the revenue collected over that amount (approximately \$300,000) would be sent to the state.

It would be necessary to hold an election and pass option 3 before it could be implemented. If one of the 5 options is not approved by October 19, then the Commissioner of Education would exercise his right under Senate Bill 7 to either detach property from the district until values of \$280,000 per WADA were attained or to consolidate the district with another school.

After looking at the so called options, it is evident that we have very little choice on how to give up revenue. I

believe that transferring values out of the district (which according to my understanding would never be returned), consolidation with another school district, or tax base consolidation would not be viable options. Contracting with another school district to educate their students would result in additional bookkeeping and the result is still the same—a loss of revenue for our district.

Property taxes will increase in virtually all school districts in Texas with the passage of Senate Bill 7. The same problem continues to exist—an over-reliance on the property tax to fund education. To adequately and equitably fund education in Texas, the tax system must be restructured to allow the state to assume more responsibility for financing schools.

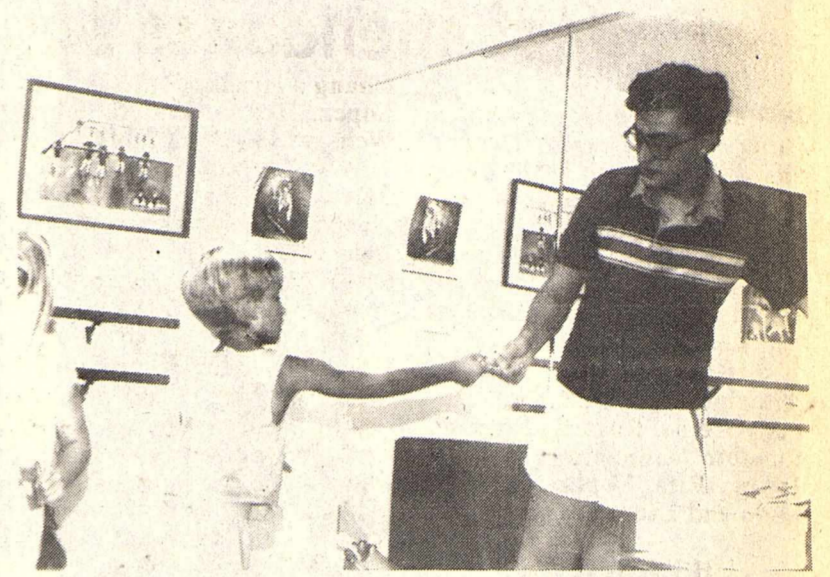

Additional articles will appear in the Devil's River News providing information on school finance as it affects our school. Please feel free to call or come by the Administration Office if you have questions or comments on the financing of education in this school district.

**SUMMER READING PROGRAM**-Junior Odem helps out with the Summer Reading Program at the Sutton County Library, here Junior is helping Benny Fraiser with a craft project.

A mechanical clothes washing machine was invented about 1860 by Hamilton E. Smith of Philadelphia. A crank on the machine turned paddles inside which pushed the laundry through the water.

## Ozona site of first logo signs

Tiny Ozona, on Interstate 10 in West Texas, will be the site of the state's first business logo sign.

The blue signs advertising nearby gas stations, restaurants, lodging and campgrounds will be similar to those in 37 other states.

Texas's first such signs were unveiled at 9 a. m. June 17 at a site west of Ozona.

The Texas Transportation Commission in September approved the state's first logo signs for placement along Interstate highways in counties with fewer than 20,000 people. Interstates cross 35 such counties in Texas.

"Not only will the signs raise money for Texas transportation, they make travel on Interstates safer," said Arnold Oliver, executive director of the Texas Department of Transportation (TxDOT). "Too often, travelers can't see a business sign until it's too late to exit. The logo signs will guide motorists well in advance."

The logo signs were authorized by the Texas Legislature in 1991. The contract to erect the signs went to Texas Logos, Inc. Businesses pay a rental fee to display their logos, and TxDOT will receive 5 percent of these fees.

## Ranchers asked to donate lambs to benefit WTRC

Club lamb breeders and area ranchers are being asked to donate lambs from their flocks -- wethers, ram or ewe lambs -- for West Texas Rehabilitation Center's Club Lamb Sale scheduled for 7:30 p. m. Saturday, June 19 at Abilene Auction.

"We're anticipating more than 100 market lambs from some of the Southwest's leading breeders," said sale co-chairman John Kearney of Sterling City. "Only lambs purchased at this sale are eligible for Rehab's Jackpot Show slated December 4."

Conducted since 1990, the Club Lamb Sale is a vital segment of Cattlemen's Round-Up for Rehab activities at which ranchers donate livestock to be sold at special

sales to benefit WTRC operations in San Angelo and Abilene.

Concho Valley area committeemen serving as volunteer coordinators include Jerome Smithwick and Jim Thomas of San Angelo; Tom Lee, Robert Lee; John Stevens, Eden; Billy Reagor, Ozona; Ronnie Hurt, Garden City; David Whitworth, Junction; Gary Jennings, Fredonia; Sam Kuykendall, Menard; Brent Drennan, Big Lake; Gordon Hays, Ballinger; Preston Faris, Sonora; and Bud Poage, Rankin.

Persons wishing to donate lambs may contact a committeeman in their area or call WTRC-San Angelo at (915) 949-9535 or WTRC-Abilene at (915) 691-7290.

Shane Keller

## Keller wins scholarship during 4-H Round-up

Shane Keller was awarded a \$10,000, four-year Houston Livestock Show and Rodeo 4-H scholarship in a special ceremony held during the Texas 4-H Roundup in College Station.

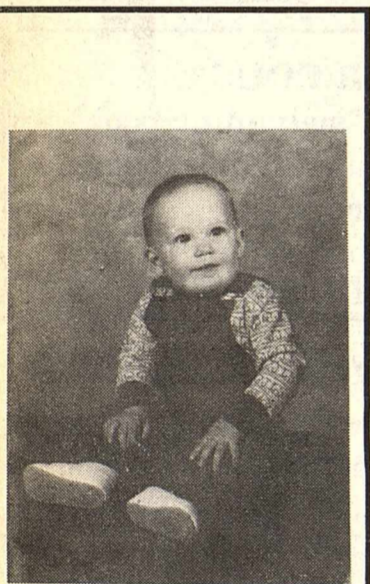

Shane, son of Michael and Diann Keller, is a recent graduate of Sonora High School where he was vice president of the student council and captain of the varsity football team. As a member of 4-H for 10 years, Shane was actively involved in the range management and foods and nutrition programs. He also raised and exhibited angora goats and lambs for six years.

Shane, who plans to major in bioengineering at Texas A&M University, was one of 50 Houston Livestock Show and Rodeo 4-H scholarship winners honored.

Members of the Texas Agricultural Extension Service choose the 4-H scholarship recipients. The selected students all demonstrated academic excellence and strong leadership skills throughout their high school careers.

All 4-H recipients must pursue a degree in agriculture or life sciences at a Texas college or university.

Scholarship funding is provided by revenues earned at the annual Houston Livestock Show and Rodeo. The Show has committed more than \$2 million in educational funds for the upcoming school year.

**Happy 15th!**

## Movie Review

**Jurassic Park**  
Rated PG-13 for violence and language  
Four Stars

The anticipation was high. The theater was packed. For weeks, you couldn't go anywhere without hearing this film's name, or seeing it merchandised in various ways (Jurassic Park toys, T-shirts, bubble gum, oven cleaner, odor eaters - you name it.) I had read the book. I had bought my ticket. I was ready.

Now when expectations are high, the final product usually disappoints. Yet Jurassic Park hooks you and keeps you watching, even if it isn't exactly what you expect.

For one, it translates roughly from the novel. Many characters are changed, many thrills disappear, and the violence is edited (The book had intestines and guts, the movie just shows one dismembered arm... darn.)

Yet, taken for what it is, Jurassic Park is one big, expensive Godzilla movie that packs a good wallop. Spielberg pulls off some amazing visual tricks, but he doesn't put that fear and dread that made his classic Jaws

such a nailbiter. Then again, I'm hard to scare. The audience screamed and howled like mad, and that's what counts. If it scares the audience (which it does) and if it keeps you amazed (which it does), then it doesn't matter if it isn't a masterpiece. All that matters is that the audience has a good ride. That's entertainment.

If you go to San Angelo to see Jurassic Park, you will see a sign posted that says, "Jurassic Park is rated PG-13 for a reason." Parental groups have been complaining back and forth that the film is far too violent for young children.

I think that very young children should not see this movie either, for one reason - They are too darn loud. When I saw Jurassic Park, there were babies wailing, children screaming... the theater turned into a daycare center.

Now, being part of the TV generation that has been desensitized to violence, I found nothing in this film is much too intense for the youngsters. Please leave them home. Let'em watch Barney the Dinosaur. Barney is Satanic, but at least he doesn't eat people.

## Colt 45's split games

Sunday, June 6, the Colt 45's hosted a double header against the San Angelo Indians.

The Colts won their first game with a score of 9-6. John Lopez, III, pitched, allowing only 12 hits, 1 walk and striking out 6 batters. The Colt 45's defense did a tremendous job backing Lopez up.

Offensively the Colts did an even better job against one of the better teams they have met up with for the season as seen by the following stats: Edward San Miguel, 2 RBI's, 1 run; Jesse Solis, 1 RBI, 1 run; Pin Lira, 2 RBI's, 3 runs; Henry Mata, 2 RBI's; Danny Hulsey, 1 RBI; Tommy Van Winkle, 1 run; John Lopez III, 1 run; and Junior Ramos, 1 run.

The Colt's lost their second game to the Indians with a score

of 8-5. The Indians came back determined not to go home without a win.

Danny Sanchez felt that determination as the Indians were picking off some of his best pitches. With the score 7-5 in the middle of the sixth inning, Danny Hulsey was brought in to pitch and allowed only one run to come in.

The Colt 45's brought one lone run in by Pin Lira but it was not enough and the game was lost.

Offensive stats for this game: Edward San Miguel, 1 RBI, 1 run; Pin Lira, 1 RBI, 1 run; Henry Mata, 1 RBI; John Lopez III, 1 RBI; Jesse Solis, 1 RBI; Jessie Solis, 1 run; Frankie Gonzalez, 1 run; Mike Oruke, 1 run.

## Jordan's Market Report

JUNE 10 and 14, 1993

Receipts totaled 1780 head. A Strong Market prevailed as buyers bid aggressively on most all classes of the medium to heavy weight stocker and feeder steers and heifer yearlings. Quality overall was much better than last week which attributed to a good \$1 to \$2 advance on the new crop calves and heavy steer yearlings. Two special consignments of pairs and bred cows added to the run on Monday and sold in very good demand. Some of the pairs were 3 in 1 and some had babies at their side while their mates were longbred which also sold in strong demand. Slaughter cows sold steady while the bulls went \$1 to \$2 higher on the better kind.

# Ask the Historical Society

What was happening in June of 1935?

Devil's River News, June 7, 1935

Heavy rainfalls in Sutton County brought Lowrey Draw roaring into Sonora, damaging the bride contractors work. Three men who attempted to cross Meckel Draw, six miles from Sonora on the San Angelo highway, had their vehicle washed over 100 feet down the draw and were forced to climb up on the roof and fire shots in the air so that rescuers could find them. At the Kirkland Ranch water from the draw, normally 300 yards from the house, stood about six inches deep in the house. The house sets on a 18 inch foundation. About 200 sheep and 100 chickens were lost. Eight and a half inches of rain fell at the Fort Terrett Ranch in thirty-five minutes according to Asa Hallum. At Lum Adams place ten inches fell and their garden was destroyed. Hail fell from the Robert Kelley place to the North Llano. Damage to the Lowrey Draw bridge now under construction is estimated at \$800.

Scoutmaster John Eaton announced the following boys will make the trek to Camp Louis Farr in Mertzon: Edward Archer, Herbert Andrews, Louis Davis, Claude Thomas Driskell, Robert Kelley, Lloyd McGhee, Bobbie Nisbet, Wesley Sawyer, Jack Shurley, Tom Thorp, Reginald Trainer, Kenneth Babcock, Dannie Friess, Paschal Odom, J. L. Barnes, R. W. Johnson and Hollis Bricker.

A great deal of equestrian skill coupled with a mite of baseball ability will be needed when members of the Sonora Lions Club attempt to mount their brave steeds to defeat the Ozona Lions in two games of "Donkey Baseball." Players will go to Ozona to fight for the glory of Sonora aboard the backs of the patient plodding carrier famous in Biblical times. In donkey baseball the pitcher and catcher are not mounted. When a hit is made the batter bravely, or otherwise, mounts his beast of burden which is encouraged to carry him to first base, he hopes! Be that as it may about two hours of uproarious entertainment is in store for onlooker and participants alike.

The following Eastern Star officers will be installed Monday evening: Mrs. Ruby Stephen, worthy matron; Merton Shurley, worthy patron; Mrs. Mary Lee Hull, associate matron; Joe Logan, associate patron; Mrs. Mamie Awalt, secretary; Mrs. Ardena Speed, conductress; Mrs. Vida Lightfoot, associate conductress; Mrs. Della Logan, chaplain; Mrs. Lucille Hutcherson, marshal; Mrs. Juliette Driskell, warden; Mrs. Pearl Lee Shurley, organist; Edmond Heinze, sentinel; Mrs. Nan Stokes, Ada; Mrs. Jesse Johnson, Ruth; Mrs. Guila Vicars, Esther; Mrs. Julia Heinze, Martha and Mrs. Winnie Fields, Electa.

Chain letters in Sonora had their effect on the post office receipts last month as total business for May was almost \$50 better than that of the May of the year before, stated Mrs. T. C. Murray, postmaster.

The Queen of Clubs met at the home of Mrs. C. D. Wyatt Wednesday afternoon with Miss Joanna Stokes hostess assisted by Mrs. John Fields and Mrs. Alton Hightower. The following were served ice cream and cake: Mesdames Joe Brown Ross, W. P. McConnell, Jr., Bryan Hunt, Henry Decker, John Ward,

John Fields, Joseph VanderStucken, R. C. Vicars, Duke Wilson and Miss Alice Karnes. Mrs. VanderStucken won high club score award. HOTEL MCDONALD "A Home Away From Home" Home Cooked Meals. . . 50 cents

**PUBLIC NOTICE  
NOTICE TO BIDDERS**

The Williamson County Commissioner's Court invites the submission of sealed bids for the lease of the surface estate (including grazing and hunting rights) to the following described tracts of land in Sutton County, Texas, which form a part of the Williamson County School Lands. Bids must be received by the undersigned prior to 10:00 a. m., July 12, 1993, at which time the bids will be opened in open court on the 2nd floor of the County Courthouse in Georgetown, Texas. Any bids received after that time will be returned unopened. As to each tract listed in this notice, the Court may either reject all bids or award a lease to the highest and best bidder.

All bids submitted must comply with the following restrictions, conditions, and limitations which the Commissioner's Court has determined to be necessary and proper.

The proposed lease shall be for a term of (5) five years, with a (5) year renewal option, commencing with the expiration of the current leases. The current lease on survey 1 will expire on September 15, 1993. The current lease on surveys 19, 20, 21 and 22 will expire on December 31, 1993. The Commissioner's Court retains the option to cancel said lease or leases in the event of sale or exchange of said property, with a pro-rata refund of any lease payments previously tendered.

The lessee shall be obligated to manage the land in a prudent, ranch-like manner, and shall employ the highest degree of care in conserving the land and its produce.

It is the intent of the Commissioner's Court to award leases separately for each tract. However, any bidder who wishes to submit a bid on more than one tract may do so. Unless the bid received expressly states that the bidder will accept only the award of all items bid, each item in the bid will be considered separately and will be rejected or awarded on a high item basis. No more than one bid will be awarded for any tract. Bids may be rejected for some tracts, even though awards are made for others. The convenience of having single a lessee for several adjacent or close tracts will be taken into considerations together with the experience of the bidder in determining the best bid. The Commissioner's Court of Williamson County reserves the right to reject any or all bids received.

For further information please contact Commissioner Jerry Mehevec at P. O. Box 1104, Taylor, Texas 76574 (512-352-2311). Please submit bids to: John Doerfler, County Judge, Williamson County Courthouse 2nd Floor SW, Georgetown, Texas 78626.
