Woman's Club Elects Officers

Mrs. Warren Morton was elected president of Bovina Woman's Study Club at their regular meeting Thursday afternoon at club house.

Other officers elected to serve next year are Mrs. Henry Ivy, vice-president; Mrs. A. E. Steelman, treasurer; Mrs. H. D. Bradshaw, recording secretary; Mrs. Jesse Walling, corresponding secretary; Mrs. Buck Ellison, reporter, Mrs. I. W. Quickel, parliamentarian.

Following the business session Mrs. Ovid Lawlis, Mrs. H. D. Bradshaw and Mrs. A. B. Wilkinson presented a program on Federation.

Plans were made for next meeting, February 8, to be open to all women of community. Films on cancer and a discussion will be conducted.

Hosting the meeting were Mrs. H. D. Bradshaw and Mrs. Earl Stevenson. They served refreshments of apple crisp, coffee and tea to those present.

Attending were Mrs. Warren Morton, Mrs. A. E. Steelman, Mrs. Billie Sudderth, Mrs. A. B. Wilkinson, Mrs. Reagan Looney, Mrs. I. W. Quickel, Mrs. Ovid Lawlis and the hostesses.

Coffee Fetes Recent Bride

Mrs. Keith Huggins was honored with a Bridal coffee Friday morning in the home of Mrs. P. A. Adams.

Mrs. Sam Berryman, mother-in-law of the bride, accepted gifts in the honoree's absence. She was presented with a corsage fashioned of kitchen gadgets.

Mrs. Arnold Hromas and Mrs. J. D. Stevens presided at the serving table which was laid with a lace cloth over pink and featured a centerpiece of a wedding candle entwined with pink roses. Crystal appointments completed the table. Refreshments of doughnuts and coffee were served to guests.

Hosting the occasion were Mrs. Ovid Lawlis, Mrs. Alvin Glasscock, Mrs. Charles Hawkins, Mrs. Reagan Looney, Mrs. Arnold Hromas, Mrs. J. D. Stevens and Mrs. Adams.

Several guests called throughout the morning.

Miss Leake, T. Carpenter Exchange Nuptial Vows

MRS. TERRY CARPENTER

Mr. and Mrs. Clifford Leake, announce the recent marriage of their daughter, Marcia Janice, to Terry Carpenter, son of Mr. and Mrs. C. C. Carpenter of Clovis.

The couple will make their home in Clovis. He is employed at McDaniel's Floor Covering.

Firemen Host Dinner Party

Members of Bovina Volunteer Fire Department entertained their wives with a dinner party Thursday evening at a Friona restaurant.

Following the dinner several of the couples went bowling.

Attending the party were Mr. and Mrs. Odis White, Mr. and Mrs. Bill Denney, Mr. and Mrs. Herman Estes, Mr. and Mrs. Jerry Rogers, Mr. and Mrs. James Taylor, Mr. and Mrs. John Wilson, Mr. and Mrs. D. R. Bushnell, Mr. and Mrs. Burl Spears, Mr. and Mrs. E. H. Moody, Mr. and Mrs. Henry Minter, Mr. and Mrs. Bill Horton, Mr. and Mrs. Pat Kunselman, Mr. and Mrs. Glenn Hromas, Mr. and Mrs. Bud Crump, Mr. and Mrs. Al Kerby, Mr. and Mrs. Jim Russell, Mr. and Mrs. Emmett Tabor and Dave Wines.

Mrs. Read At Home

Mrs. Robert Read was hospitalized Thursday at Memorial Hospital in Clovis for medical purposes. She was released Saturday and is improving.

Jana Rogers Has B'day Party

Jana Rogers, daughter of Mr. and Mrs. Jerry Rogers, celebrated her fifth birthday with a party at her home Monday afternoon.

Following the opening of gifts, children were served refreshments of strawberry cake, and punch and presented with favors

of balloons and books.

Those present were Neil Moore, Gaylene Holcomb Stephanie Wiseman, Margaret Minter, Candy Turner, Jimmy, Bobby and Lisa McLeroy, Shelly Bonds, Jill Gromowsky, Debbie Stanberry, Joni Rogers and the honoree.

Adults attending were Mrs. Paul Holcomb, Mrs. Henry Minter, Mrs. James McLeroy, Mrs. Joe Moore, Mrs. Clois Stanberry, Mrs. Bill Read, Mrs. J. T. Jones.

Dinner Fetes Mrs. Ragsdale

Mrs. A. M. Wilson hosted a dinner party honoring Mrs. Mack Ragsdale Wednesday evening in her home.

The birthday menu consisted of lobster, baked potatoes, salads, relishes, coffee and cake.

Those present were Mr. and Mrs. Jay Sherrill, Mr. and Mrs. Jim Hemke and the hosts.

Correction

Mrs. Ruth Carter was initiated into Delta Kappa Gamma Teachers sorority recently instead of Mrs. Doris Carter as story in last week's issue of Bovina Blade stated.

FHA Has Family Program

Some 30 FHA members and parents attended a family night program Monday of last week at homemaking cottage. Each family presented a skit which included all members of that family.

Refreshments of punch and cookies were served to Mr. and Mrs. Bob Wilson, Ann Lynn, April, and Gandy; Mrs. Jack Patterson and Sandra, Mrs. Roy Crawford, Patricia and Judy; Vicki and Judy Strawn, Joyce and June Webb, Elaine Fuller,

Marilyn Brandon, Joyce Hudson, Tonya and Jeanne Ivy, Kay Embree, Shirley Carter, Kathy Jones, Dixi Hartzog, Becky and Paula Howard, Linda Gilreath, Floye Smith, Janet Gooch and Mr. and Mrs. Charles Thompson and Mark.

Widow's Club Has Luncheon

Mrs. Margaret Caldwell entertained members of Widow's Club Thursday in her home with a luncheon.

Members brought covered dishes to complement the hostesses menu.

Those present were Mrs. J. Sam Gaines, and her sister, Mrs. Betty Adams of Lamesa, Mrs. C. O. Edens, Miss Ellen Reminsider, Miss Rita Caldwell and the hostess.

Thrifty Club With Mrs. Ware

Mrs. Frank Smith was accepted as a new member of Thrifty Club last Monday at their regular meeting at the home of Mrs. E. M. Ware.

Following a short business session, the ladies spent the afternoon cutting quilt pieces for hostess.

Refreshments of apple pudding topped with whipped cream, coffee and soft drinks were served to guests.

Attending were Mrs. L. M. Grissom, Miss Lola Grissom, Mrs. J. D. Stevens, Mrs. C. R. Brandon, Mrs. Wilbur Charles, Mrs. G. A. Bandy, Mrs. H. D. Bradshaw, Mrs. H. H. Kelso and Mrs. Smith.

Local

Visiting in the home of Mr. and Mrs. Lloyd Killough over the week end were Miss Carolyn Sells of Lubbock and Mr. and Mrs. Norman Killough and Mike of Clovis.

HOT CHICKEN SALAD

3 cups cooked chicken
1/2 cup chopped almonds
1 tablespoon minced onion
1 1/2 tablespoons lemon juice
1/8 teaspoon pepper
1 cup mayonnaise
1 1/2 cups grated Cheddar cheese
1 1/2 cups crushed potato chips
1 1/2 cups diced celery

Combine chicken, celery, almonds, onion, lemon juice and pepper in mixing bowl. Add mayonnaise and toss. Divide into individual casseroles. Sprinkle the top generously with grated cheese and finish with the potato chips. Bake in pre-heated oven (375 degrees F) for 25 minutes.

No one respects a talent that is concealed

P.C.A. Official Predicts Excellent Year In '62

An excellent outlook for agricultural credit in 1962 for an eight-county area of the High Plains has been forecast by an official of the Plainview Production Credit Association, in a report of 1961 activities of the agricultural credit organization, made this week.

"Credit outlook for 1962 is excellent," Olan Alexander, general manager of the Plainview Production Credit Association, stated. "Our farmers in this area made one of the best crops in history and are in the best financial position they have been in a long time."

Alexander said that most of them are investing profits in land and new equipment and ex-

panding their farming operations.

"We are expecting to loan between forty and forty-five million dollars during 1962," he said.

The Plainview Production Credit Association, the nation's largest in loan volume, had one of its brightest years in 1961. Loan volume totalled 37,000,000 which was then an all-time record for the association.

Number of loans increased from 1,585 in 1960 to 1,589 in 1961. Association stockholders increased from 1,685 in 1960 to 1,742 in 1961.

The association has loaned \$206,912,900 to area farmers and ranchers in its 28-year history.

The home-owned and operated Plainview Production Credit Association provides short and intermediate-term agricultural credit in Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale and Floyd counties. Alexander pointed out that the \$37,000,000 in loans made by the association in 1961 represents new money put into circulation in the area, providing a healthy boost to the area's economy.

Cotton Support Price Announced

Price support levels for 1962 crops of cotton has been announced by Secretary of Agriculture Orville L. Freeman.

The minimum national average support price for upland cotton will be 31.88 cents per pound, gross weight, the same as last year. This reflects approximately 82 per cent of the current parity price. For extra long staple cotton, the price will be 53.17 cents per pound, net weight, and 65 per cent of current parity price.

In the event the minimum level of support for upland or extra long staple as required by law on the basis of parity as of the beginning of the marketing year is higher than the level announced, the level of support will be increased accordingly, the secretary said.

Last week I stopped by Jack McCracken's place and caught him feeding cattle. While I was there, I looked at his new herd sire that Jack obtained from the Bridwell Ranch. Jack had been bragging about him, and after I looked, I knew why. He sure is a good calf, about 14 months old and weighs around 1100 lbs. He is of the right type and will be a big asset to the county.

Wilbur Kalbas was in last week with some alfalfa wafers. Wilbur is thinking about putting all of his alfalfa in wafers instead of baling, which is normal. On one analysis that Wilbur had looked at protein had been raised as much as 4 per cent, which is a great deal. Wilbur also said it would cut down on labor, which will be a big advantage. This could be a new wrinkle in feeding cattle.

The A&M College has developed some new varieties of grain sorghum. They are called the 3x4 dwarf hybrids and could mean a new revolution in grain sorghum production. There are

some 8 to 10 of these 3x4 dwarf hybrids which have produced as much or more than RS 610. They seem to stand much better than any hybrids grown in the past and they are resistant to head smut. From the information available on these dwarf hybrids, the college considers that this development could be a major breakthrough in sorghum improvement. They also know there will be disadvantages such as difficulty in production by the seed grower, and some of them may be difficult to thresh. There may be a small amount of seed available for a variety test.

Don't forget the County Livestock Meeting on February 1, at 1:30 p.m. at the Hub Community Center. Anyone who has any livestock will be interested in the information presented at this program. Three subject matter areas will be covered. They are as follows: 1. Market Cattle Testing 2. Arizona and California Feeding 3. Southwest Animal Health Research Foundation.

County 4-H Council Has Saturday Meet

Meeting Saturday in Farwell were members of the Parmer County 4-H Club Council.

Announcement was made that the county demonstration contest will be in the district court room March 31 starting at 9 a. m.

A bake show will be conducted the third Saturday in April. Boys interested may enter the baking contest. Members of the Farwell chapter are to enter two - crust pies and sweet milk biscuits in the contest.

The group agreed to take donations for the March of Dimes and to pay for two clippers and a tack box out of the council treasury.

4-H Clubs in the county will also sell new subscriptions and renewals to all the county newspapers.

Members present were Gary Foster, Darrel Foster, Reba Lesly, Bruce Billingsley, Bobby Tomlinson and Glenda Bass.

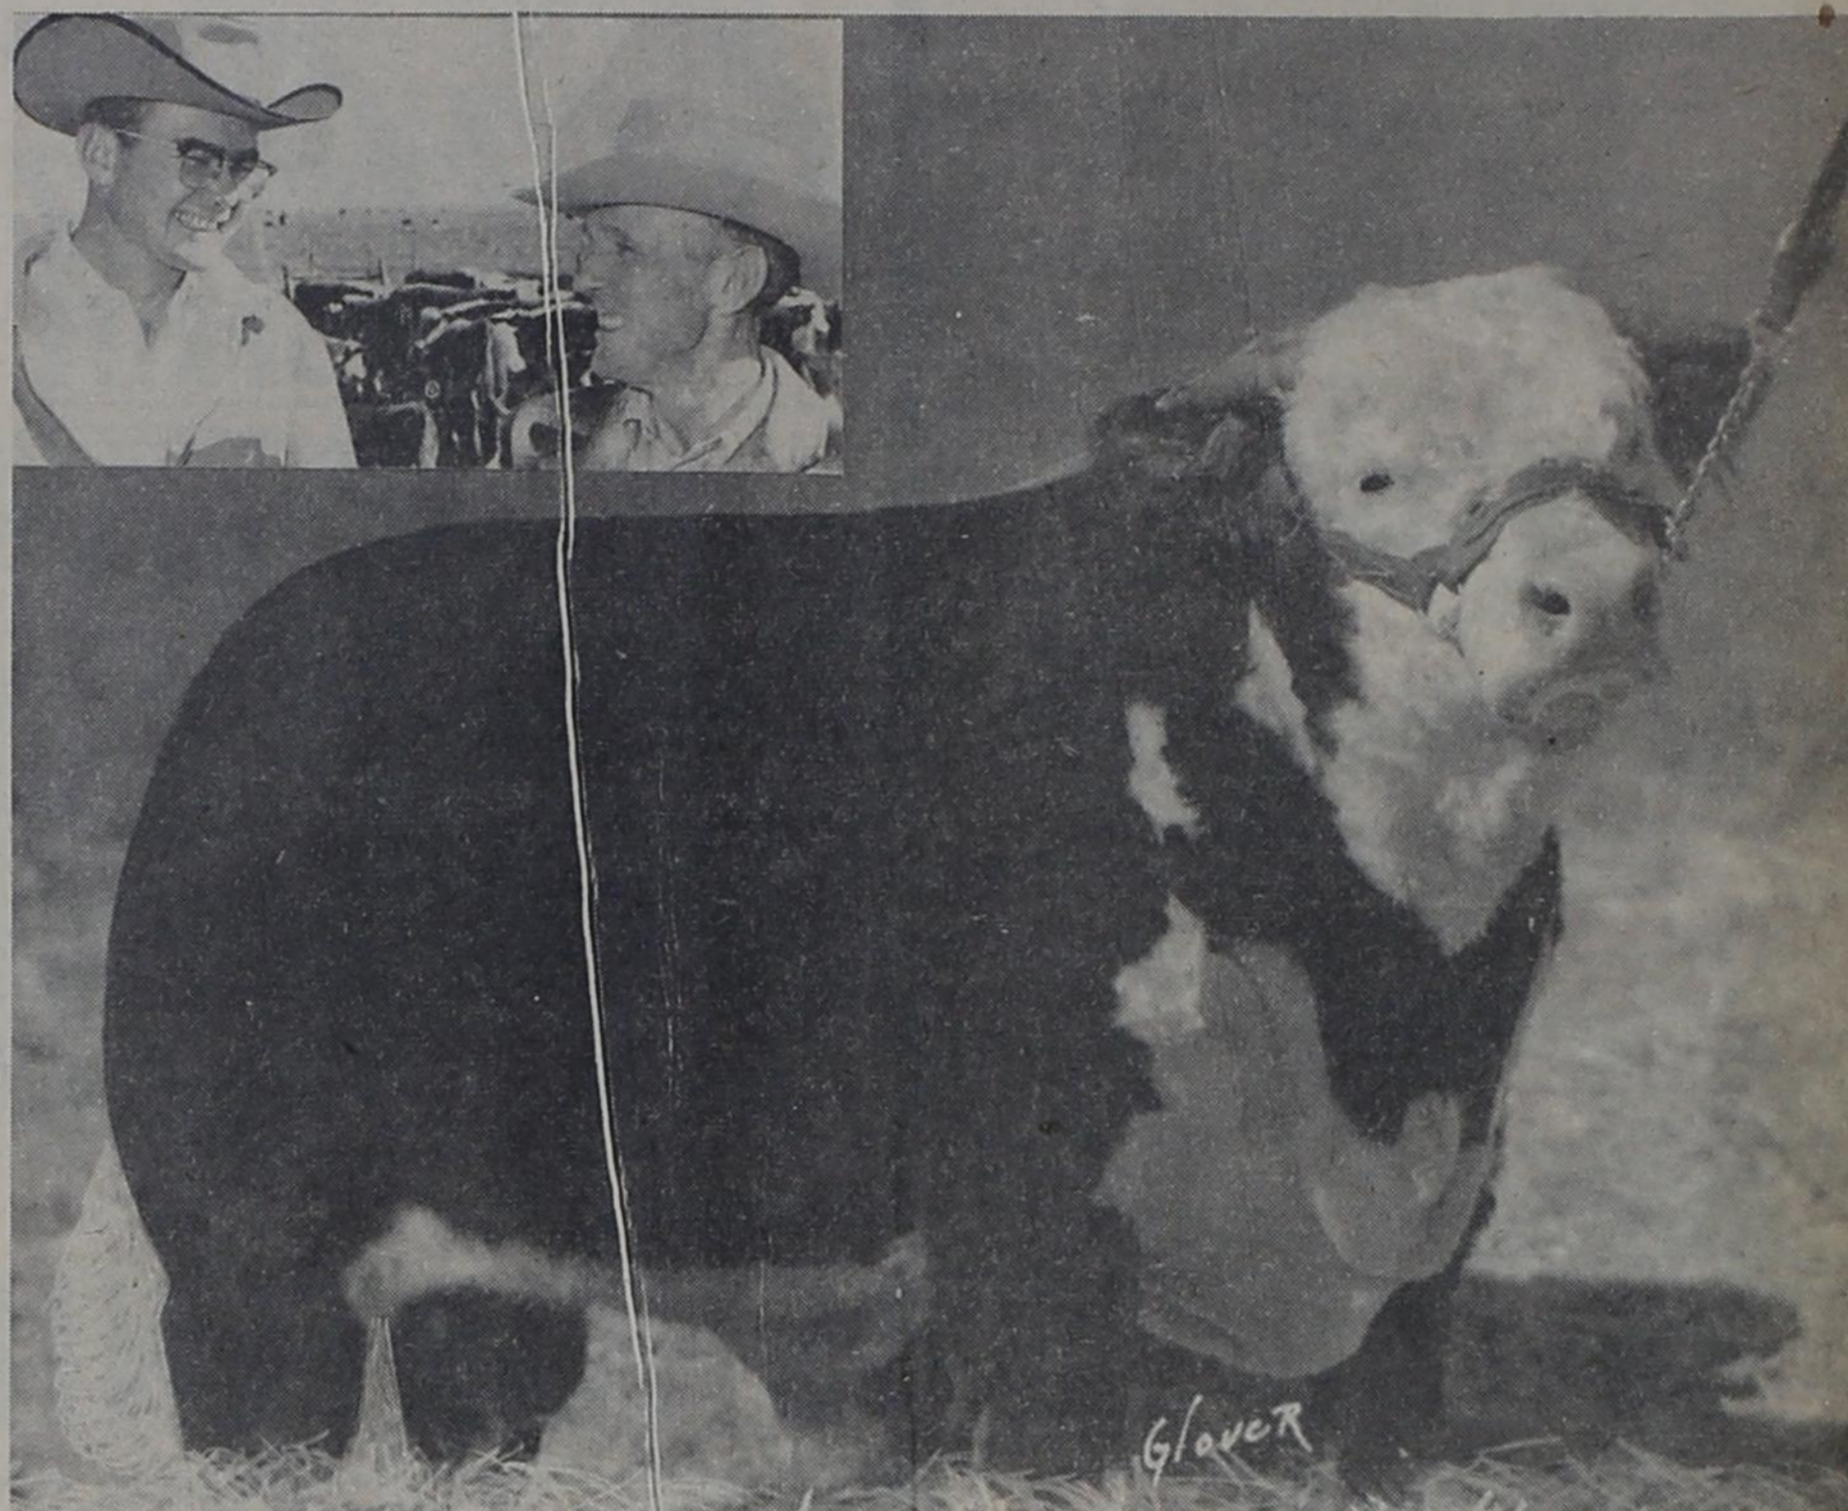

LCC President Leads Revival In Friona

The 6th Street Church of Christ will conduct a gospel meeting from February 4th through 11th. Services each week - day at 8:45 a.m. and 8:00 p.m. Dr. F. W. Mattox will be the guest evangelist.

Dr. Mattox is president of Lubbock Christian College, and prior to that was on the faculty of Harding College, Searcy, Arkansas for 14 years. He serves as one of the elders of the Greenlawn Church of Christ in Lubbock, Texas. Brother Mattox is well known throughout the great plains area for his ability as a gospel preacher.

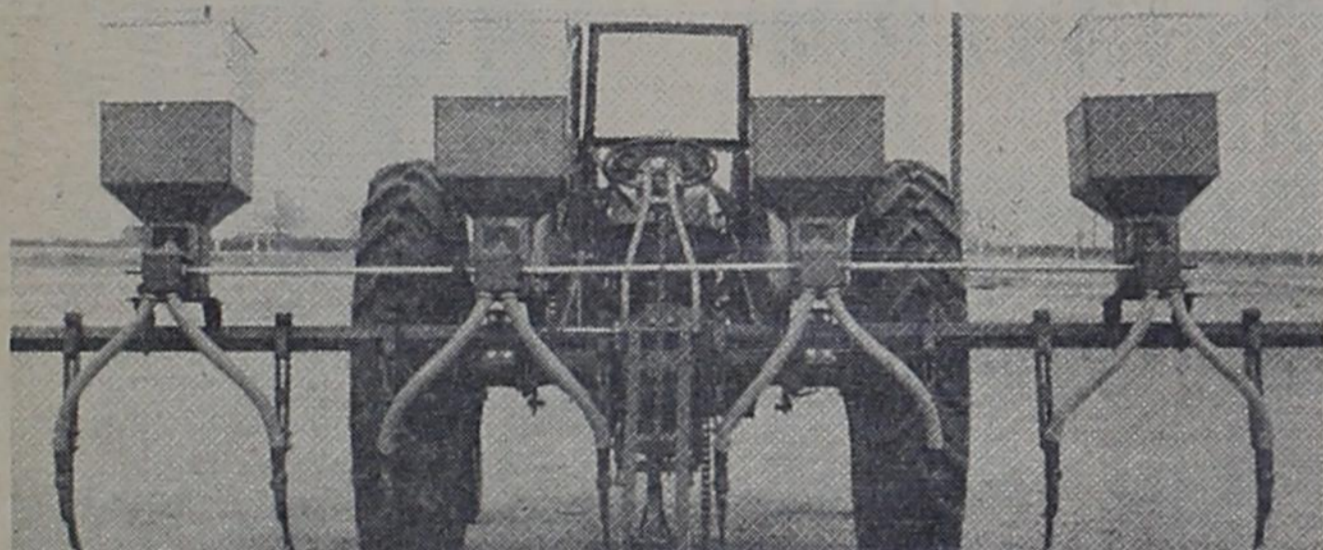

A very cordial invitation is extended to everyone in this community to come and enjoy the gospel of Christ presented in the spirit of Christ.

THE HIGH PLAINS FARM AND HOME

Silver Mischief 171st, son of one of the Hereford Breed's most outstanding herd sires, Real Silver Domino 181st, was purchased jointly by McCrackin and Son of Elovina and Elmer Langford and Son of Pleasant Hill on Dec. 11. Jack McCracken (L) and Elmer Langford are pictured in the inset above. The bull was one of 65 offered at the Bridwell Hereford Ranch production sale near Wichita Falls which averaged \$3,050 each. The price paid for Silver Mischief 171st is reported to have been well above the average. At about 13 months of age, 'The 171st' weighed 1,175 pounds. He is light colored, exceptionally thick and stands on straight legs. Outstanding cattlemen from many areas pointed to the McCracken-Langford bull as one of the better herd bull prospects offered in 1961. His time will be divided between the two breeders in six month periods.

For Ap

Farmers and businessmen from Parmer and other plains counties filled the legislative galleries in Austin during the past few weeks. In an effort to gain passage of gas legislation which would place the sale of gas for irrigation purposes under the jurisdiction of the Railroad Commission. The picture above was taken last week of the Parmer County delegation. Shown here are W. T. Magness, T. F. Taylor, Keith Brock, Billy Carthel, Charles Hough, Loyd Messen-

ger, Ernest Kube, Carl Schlenker, Harry Hamilton, A. W. Anthony Jr., Bruce Parr, Gene Welch, Vernon Symcox and Travis Stone. An amendment was added to the original bill in the House and caused the bill to be returned to the Senate for re-approval. Early this week, the delegates were trying to settle differences with North Plains interests which were opposing passage of the bill.

Discovery May Aid Screwworm Fight

A recent discovery may prove of great value in future efforts to control or eradicate a very expensive livestock parasite, the screwworm. The discovery was a black screwworm fly. Normally, the flies are blue-green.

The first black screwworm fly was found by Dr. Leo E. LaChance, insect geneticist of

the USDA's Agricultural Research Service at Kerrville, in a laboratory colony obtained from Orlando, Florida. Since these flies had not been irradiated, the black one is believed to be the result of a naturally occurring mutation. Several generations of the black screwworm fly have been produced by LaChance and his associates.

An easily distinguishable marker, such as the black color, could eliminate this problem and speed progress in future eradication programs.

The ARS entomologists are now conducting studies to determine how the genetically marked flies compare with wild flies in mating activity, longevity, and flight range. If the black screwworm flies prove biologically successful, they will provide a valuable new tool for use both in entomological research and in control and eradication efforts.

This discovery could mean much to the program now getting underway in Texas under the sponsorship of the Southwest Animal Health Research Foundation.

SOIL CONSERVATION DISTRICT NEWS

About three weeks ago the supervisors of the Parmer County Soil Conservation District mailed second requests to some of the land owners in the Running Water and Catfish Draw. They would like to have that information as soon as possible, for this reason. The Hale County Soil Conservation District has made application for a Watershed and Flood Detention Project on Running Water Draw. The soil conservation districts along the watershed have agreed to co-sponsor the application along with the Hale County District. Therefore, they need the information on the amount of damage received from flooding that only the landowners and operators can give.

Should investigation prove that the benefits of such a project would out-weigh the costs, a series of floodwater retarding structures will be installed so as to control the flooding that has occurred from time to time in past years. Of course, all this depends upon whether the preliminary investigation shows it to be a feasible project.

All studies, state, federal and private, point to the next 10 to 15 years as being crucial in the development of the state's water resources to meet our needs. This will require intelligent and informed leadership in every community in Texas. The future of Texas and every Texan rests on what is done about water in the next decade. -- TEXAS WATER, December 1961.

The black color is important as a genetic marker (a distinguishable physical characteristic that is heritable) and could prevent a problem which delayed the eradication in the Southeast, a quick, effective way to identify the released flies.

Irradiation does not alter the appearance of screwworm flies, and they are not radioactive when recovered in traps. Dye or other markings are not sufficiently permanent for ac-

FOOTSAVING EDUCATION

by James E. Edwards

The Foot Has Many Shapes-The Shoe Only One

Stop a moment to consider this. It's really a staggering thought. Few shoemen and doctors realize it, and even fewer consumers. Yet, when you stop to think about it, several things happen. We instantly get a new appreciation of shoes. We realize more than ever the importance of fitted shoes, of proper lasts, of fine shoe-making, of quality materials. And perhaps the most significant thing that emerges is the firm conviction that shoes are far more than a foot-covering... but instead are truly a masterpiece of engineering. (Cont.)

1 step dries your clothes

Electrically!

It's so easy — so convenient... one step from your washer to your dryer... no wind to muss your hair — no cold to redden sensitive skin... no snow, no sleet! You'll wonder how you ever got along without the convenience of your electric clothes dryer. And, clothes dry so nicely — soft and fluffy... nothing harsh about an electric clothes dryer. Does other things, too, like fluffing pillows or gently fluffing dust out of drapes and curtains. You can start now to laugh at the weather — dry your clothes anytime — with an electric clothes dryer.

As The Last **Bale Of Cotton** Is Tagged This Season, Bovina Gin Co. Says-

"Thank You"

As we at Bovina Gin Co. put the tag on last bale of cotton during this ginning season, we wish to express our sincere Thank You to all the fine farmers who have favored us with their patronage during our first year in ginning business here.

For your help in making this first year a successful one, we are indeed grateful.

Without your patronage and support such could not have possibly been the case.

It is our aim to continue to offer top quality ginning service and fair and honest dealings in years to come.

During off-season, we stand ready to help you in any way we can with your cotton farming needs and problems. We hope you'll feel free to call us if we can be of service to you.

It has been a great pleasure for us to serve you during this year and we are looking forward to ginning for you come Cotton Harvest Time, 1962.

Again let us say Thank You for making this ginning season -- our first -- a success.

Bovina Gin Co.

Don Sides, Mgr. 238-4801
