It will be presented by Dr. Don Udell, Associate Professor, College of Education, University of Oklahoma. Sponsored by Concho Valley Resource Conservation & Development Area. Call Iris Garza for more information, 387-2730.

Adult Education Classes will begin on Tuesday, September 30. Classes will be at the Middle School Gym from 6:30 - 9:00 p.m. Classes will include GED preparation and English as a Second Language. For more information call 387-3029 or 387-3023.

Clases de educacion para adultos empezaran el martes, 30 de septiembre. Las clases seran de las 6:30 a las 9:00 de la noche en el gimnasio de la escuela secundaria en la calle E. 1st. Las clases incluyen preparacion para el GED y ingles como segunda idioma. Para mas informacion llame al telefono 387-3029 o 387-3023.

Llano Football Tickets - Ticket prices for the varsity football game in Llano on October 3 will be \$5 for adults and \$2 for students. Tickets will not be sold in advance.

Bronco Booster Club meets every Monday night at the Field House at 6:30. Game film will be viewed at 7:00.

Social Security Representative Garland Gregg, has scheduled his September visit to Sonora. He will be at the County Courthouse in Sonora on Tuesday, September 30 from 9:30 a.m. to 10:30 a.m. Anyone who needs to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Don't Forget, Thunderbird Transit is here for you. Moms & dads we want to remind you we can give your child a ride for only 50 cents one way or round trip for \$1.00. We will also be offering transportation to and from school for all ages. For more information or to make arrangements, call 387-2509.

Marshall crowned '97 homecoming queen Broncos suffer defeat against Eagles

Brad Legan brings down Eldorado's Lance Mitchel.

Submitted

A damper was put on Sonora High School's Homecoming last Friday as the Eldorado Eagles beat the Broncos 20-9 in a typical West Texas rivalry.

Eldorado's goal line defense

kept the Broncos out of the end zone in all but one of 11 tries inside the 10, six of which were from inside the 5 yard line.

Sonora began the game with a good drive starting at its own 19 yard line. With runs by Terry Stone,

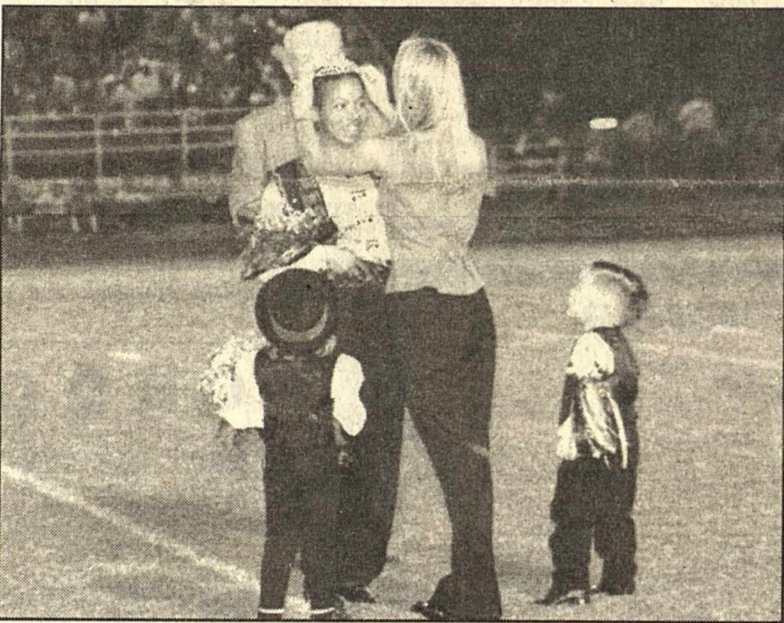

Jason Jacoby, Justin Mathews, Steven Gandar and Kasey Wood, the Broncos made it to the Eldorado 30 before Wood's punt pinned the Eagles on their own 2.

The Eagles got as far as the 50 yard line before Garrett Bownds punted the ball back to Sonora. Starting again on their own 19, the Broncos, this time came inches short of a first down and punted back to Eldorado.

Eldorado then began the first of 3 consecutive drives that ended in touchdowns. The Eagles were mixed running and passing in only 5 plays. The score came on the first play of the second quarter when Eagle quarterback Casey Snelson hit Mark Fryar on a play that covered 40 yards. Corey Reeves added the extra point and Eldorado led 7-0 with 11:47 to go in the first half.

The following drive ended when the Eagles recovered the first of three Bronco fumbles, this one on Sonora's 33. Six plays later the Eagles scored again on a Bownds' 3 yard run. Reeves' point after gave the Eagles a 14-0 lead with 6:55 to go in the first half.

But again the Eldorado defense held the Broncos and Bownds' punt return to Sonora's 41 yard line set

Camille Marshall was crowned 1997 Homecoming Queen by '96 queen Kenley Black, assisted by Little Mr. & Miss Sutton County, Bryce Smith and Hunter Jennings. Miss Marshall was escorted by Mr. George Wallace.

POTENTIAL DONOR CATEGORIES New Community Center FINANCIAL GOAL- \$450,000

COPPER- Contributors of \$100 to \$499 will receive recognition as copper donors on a plaque located within the entrance of the Sutton County Community Center.

BRONZE- Contributors of \$500-\$999 will receive recognition as bronze donors on a plaque located within the entrance of the new Sutton County Community Center.

SILVER- Contributors of \$1000 to \$4999 will receive recognition as silver donors on a plaque located within the entrance of the new Sutton County Community Center.

GOLD- Contributors of \$5000 to \$49,999 will receive recognition as gold donors on a plaque located within the entrance of the new Sutton County Community Center. In addition these donors will receive free usage of the center on two occasions (one day each) annually for a period of five years after the opening of the center.

PLATINUM- Contributors of \$50,000 or more will receive special recognition as platinum donors on a plaque located within the entrance of the new Sutton County Community Center. These donors will be recognized at the ribbon cutting ceremonies for the center. In addition these donors will receive free usage of the center on four occasions (one day each) annually for a period of eight years after the opening of the center.

Cummings coming back to Sonora

Quadruplegic, Ken Cummings, will once again make his cross country trek along I-10 in his wheelchair. This will be Ken's third trip cross country to raise awareness and funds for research.

Cummings will be in Sonora Saturday, October 4 at noon to speak about the fight to find a

cure for spinal injuries. He will also have t-shirts for sale for \$10 each.

This summer Ken met Victor Garza of Sonora, who donated \$5000 to the Ken Cummings Research Foundation.

For more information, contact Victor Garza and look for details in next week's issue.

up the Eagles third scoring drive of the quarter. This time it took the Eagles only 3 plays, one being a Bownds run for 33 yards. Snelson ran the final four yards with 3:28 to go in the half. The Broncos blocked the extra point attempt, Justin Mathews picked it up and ran it to the Eldorado 10 before being tackled.

The needed defensive adjustments were made at the half by the Broncos. On Eldorado's first possession of the third quarter the Bronco's Brad Legan intercepted a Snelson pass and returned it to the Eldorado 7, but the Bronco's hope for a score ended on 4th and goal from the 4 when Terry Stone fumbled in to the end zone and Eldorado recovered.

Sonora's only touchdown drive came a couple of possessions later. With 4:20 to go in the third, the Broncos started at the 50, and 6 plays later found the end zone on a 6 yard run by Stone at the 2:00 mark. The extra point snap was fumbled, and Anthony Renfro's pass was intercepted.

The Bronco's again got the ball in excellent field position when Michael Castilleja recovered an Eagle fumble on the Eagle 32. But 4 plays later, a Mathews pass was intercepted at the Eagle 7. Two plays later Renfro intercepted an Eagle pass and returned it to the 2. Four runs by Stone did not find the end zone. Over to Eldorado on downs. On the very next play the Eagles gave the ball back to Sonora via a fumble. This time the Bronco offense went backwards and settled for a 27 yard Renfro field goal with 7:11 to go in the game.

With 5:49 to go, the Broncos got the ball from what would turn out to be the final time. They drove down to the Eagle 28 before turning the ball over on a fumble. The Eagles were then able to run out the clock.

The Sonora Broncos are now 2-1 on the season and will host Marble Falls Friday evening at 7:30 p.m. Come out and support the Broncos!

Nationwide investigation involves Hudspeth Hospital

Approximately 4700 hospitals nationwide are being investigated by the U.S. Department of Justice for fraudulent Medicare claims.

Hudspeth Hospital is one of more than 400 rural hospitals in Texas that received letters from the Justice Department for overbilling between Jan. 1, 1992 through Dec. 31, 1996.

The Federal False Claims Act allows the government to recover three times its actual damages plus a civil penalty ranging from \$5,000 to \$10,000 for each false claim submitted.

Joe Hendrus, Hospital Administrator, stated that the amount of overbilling is being negotiated. "We have a right to defend ourselves."

Hudspeth Hospital is a member of the Texas Organization of Rural & Community Hospitals which comprises about 50 hospitals. TORCH is preparing to contest the validity of the Justice Department's allegations.

"Medicare is complex and detailed. Anything dealing with healthcare will be scrutinized more than it has been in the past," said Hendrus.

Social Security Update

If you have a problem with waiting in line for service at Social Security, you have a choice. It's possible to reduce waiting time dramatically when you conduct Social Security business by making an appointment at your nearest Social Security office, according to Social Security Manager Frank Upp, of San Angelo, Texas.

"When you call and make an appointment, we guarantee you will be waited on immediately within 10 minutes of schedule time," Upp said.

Upp said, to make an appointment, call Social Security's toll-free number 1-800-772-1213. A Social Security representative will ask you a few questions. Depending on the reason for your call, the representative may be able to take care of your business immediately and save you a trip. For example, you can change your address or sign up for direct deposit by telephone.

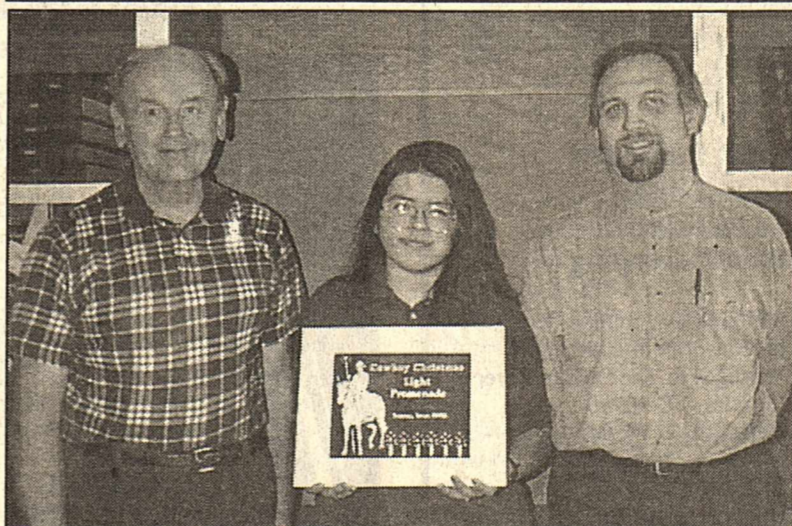

You can choose an appointment by telephone or in person at the Social Security office. The Social Security representative will help you select a convenient date and time.

"If you make an appointment to file a claim for benefits at least seven days in advance, we will send you a confirmation letter," Upp stated. "The letter will include the time of your appointment and list the documents you will need to bring with you, such as a birth certificate or marriage license."

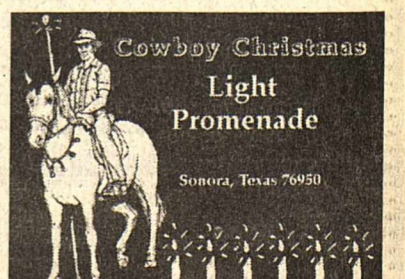

"If you select a telephone appointment, you can mail the necessary documents to us when you return your application. We'll return the documents as soon as we finish reviewing them."

City Secretary, Becky Covington, administers the oath of office to newly hired Municipal Judge, Don Sessom, after the September City Council meeting.

Nanette Sanchez, senior art student, won the contest conducted at the Post Office for the cancellation to be used for the annual Christmas lighting. She is pictured with Postmaster, Dale Lipsett, and art teacher, Ron Nicholas. The cancellation is pictured at right. Nanette is an 8 year art student of Nicholas'.

Letter to the Editor

I would like to respond to the Honorable Carla Garner's rebuttal to my letter to the editor.

The purpose and intention of writing my letter was to commend Commissioner John Wade for refusing to accept his portion of the 5% "across the board" raise that he and Commissioner Keel voted against.

The letter I wrote was not intended to be a forum for public debate on tax levies or personnel wages nor an expression of my opinion on these issues, but merely a thank-you to Commissioner Wade for making an extraordinary contribution to the county as an elected official and public servant.

Sincerely,
Carl R. Lang

Cards Of Thanks

I'd like to thank everybody for the flowers, calls, visits and prayers during my stay in the hospital and recovery at home. What everyone has done has been deeply appreciated. God bless you.

Florie and Frankie Gonzales

We would like to take this opportunity to say Thank You, to everyone that helped with the Merchants Float for the Homecoming parade. We know it took time from your home and family in order to help decorate.

A very special Thank You to Ben and Virginia Epps for the use of their flat bed trailer. Cam Campbell for his help. Bronco Ford for the (beautiful silver not green) pick up to pull the float. Lee Van Tucker for driving. Ann Kay for all her help above and beyond the call of duty.

Thanks again everyone. This is what makes Sonora a great place to live.

LEPC met in Sutton County

On Thursday, September 18, the Local Emergency Planning Committee (LEPC) met at 1:00 p.m. in the Sutton County EMS Training Room.

The members viewed a video provided by Unocal 76 titled "Sheltering In Place". The members were asked to have any group or organization that would be interested in viewing the video to call Donna Keese. She will set up times to show the video and answer any questions.

The committee was informed of

the donation to the shelter program made by the Days Inn-Devil's River.

Before leaving, all members in the Sutton County EMS Training Room had a chance to look at the new ambulance received by the Sutton County EMS.

George Keese, Chris Croy, Stephanie Campbell, Diana Green, Ram Perez, Joe Hendrus, Harold Martinez, Allan Prather, Tom Payton, Tim Talley, Danny Hardin, Patrick Campbell, and Donna Keese were the members and visitors present.

Community Grants Available

Did you know that there are over 2,000 private and community foundations located in Texas? And did you know that these foundations held over \$13.5 billion in assets and gave away almost \$710 million in grants in 1995.

Many grants from Texas foundations are given to organizations in your area. For example, Big Lake 4-H received a \$35,000 matching grant for the construction of a youth center. Menard's "Song of Silver" was awarded a \$5,000 grant to improve their theater sound equipment, and Brady Boy Scouts Troop received a \$20,000 grant for improvements to their Pioneer Scout Camp.

These grants are also available to schools, hospitals, museums, historical societies, EMS Units, law enforcement, and senior service centers to name just a few of the eligible organizations.

Knowing where to find these sources is the first step to funding your project. Concho Valley RC&D will be sponsoring a Grant Writing I Seminar in San Angelo on October

7th through October 9th. The seminar will be held at the La Quinta Inn of San Angelo. "The cost of the seminar will be \$150.00 per registrant and will include grant writing materials," said Tony Resendez, Coordinator.

"The seminar will first teach you the basic steps needed on how to research and prospect for potential funding sources," added Resendez. "There is a need for grant writers in your schools, hospitals, EMS units, volunteer fire departments, cities, and community organizations, and this is the perfect opportunity to attend a seminar like this close to home," he said.

The seminar will be conducted by Dr. Don Udell. Dr. Udell has authorized and published many articles and monographs. He has written and received funds for and directed over thirty federal, state and philanthropic grants.

The deadline for registration has been set for October 1 and if you need more information on the seminar, contact Tony Resendez in Brady at 915-597-1860.

Harrison named to cast of play

Tarleton State University student Wendy Harrison of Sonora has been named to the cast of the Tarleton Players production of "Lysistrata". The Classic Greek comedy is set for a five night run, September 23-27, in the Clyde H. Wells Fine Arts Center on the Tarleton campus.

Everyone knows the real way to a man's heart is through his testosterone and "Lysistrata" offers age-old proof. Written by Aristophanes in war-ravaged Greece, the drama has been translated several times for modern production.

Richard Denning, chairman of Tarleton's Department of Fine Arts and Speech and director of the opening show, says absolutely "leave the kids at home for this one."

Led by the determined Athenian "Lysistrata", the women of the warring city-state of Greece are tired of the fighting and deaths. Asserting their power in the best way they know how, the women refuse their husbands sexual favors until all arms are laid aside. Full of

innuendoes and provocative suggestions, the comedy tells of the valiant defense of the women's virtue and the dismay of their frustrated husbands.

"We have toned down the script somewhat, but it is still an adult farce for mature audiences," said Denning. "We certainly don't mean to offend anyone so we want to make sure everyone understands the premise before they come to the theater."

The Players production will be set in a shopping mall, not ancient Greece; but the political points intended by Aristophanes are still present.

Denning said he selected the Greek comedy because of its large cast and because of the drama program's commitment to providing a variety of theatre experiences for its students.

Performances begin each evening at 7:30 in the Theater of the Clyde H. Wells Fine Arts Center of the Tarleton Campus.

Ask The Historical Society

By Jo-Ann E. Palmer

The picture with our column this week was just donated to the Sutton Co. Historical Society files. It shows four ladies in a formal setting. One is doing needlework, the two in the middle are either looking at a recipe or note and the fourth is reading to them as they work. The hair is perfectly coiffed and a great deal of thought has gone into their outfits for this picture. The reverse of the picture states that the photographer was a Mr. Stringfellow.

Our files show the following: Devil's River News, January 11, 1913. Died at the G. W. Whitehead & Sons ranch in Val Verde County, 35 miles south of Sonora on Wednesday, January 8, 1913, Edward T. Stringfellow in his 75th year. Interment was in the Sonora Cemetery and was attended by a large number of friends. The deceased was born in England, March 15, 1838. He was a man of education and refinement and for many years traveled over West Texas as a photographer, before making the Whitehead ranch his home about 25 years ago. Unfortunately, nothing is known of his family but all that could be done for him in his decline was administered to him in his last serious illness. May his soul Rest in Peace.

The "Sonora Burial Park" compiled by Ken and Candy Nelson of Nelson's Diversified, shows that Edward T. Stringfellow was born March 16, 1838 and died January 10, 1913.

We wonder if there is a picture of Mr. Stringfellow anywhere and if anyone has any of his other pictures.

This particular picture also states that the picture was taken at the Whitehead Ranch but does not give the date. The following names are listed: Mrs. Walter Whitehead, Mrs. John Deaton, Mrs. Dutch Wardlaw, Mrs. W. E. Hodges. In checking our files we find that Mrs. Walter Whitehead was Minnie Bales Whitehead born October 16, 1867, died March 17, 1929, buried in Del Rio with her husband Walter F. Whitehead. Mrs. John Deaton was Mattie Brotherton Deaton married to John Henry Deaton.

Mrs. Dutch Wardlaw is Emma Leanna Wardlaw, born December 4,

Turn of the century ladies in a formal pose.

Photo by Stringfellow

1887, died February 7, 1964, married to C. B. Wardlaw. Mrs. W. E. Hodges was Mae Bradford Hodges. We have no further information on file on the Deaton or Hodges but if you would like to share any information you might have on these ladies, we would appreciate it. This is a very beautiful posed picture taken some time in the very late 1890's or early 1900's.

Several of you have asked about the Hagerlund Bros. store you have seen in some of the old pictures. This building was destroyed in the 1902 fire. John W. Hagerlund was first in business with the F. Mayer & Co. in 1890. There is a deed on file showing that the brothers, John and James Hagerlund, bought the property Hagerlund Bros occupied in 1895.

John also owned a ranch near Juno. James Hagerlund was born in 1854 and died in 1918. He was buried in the Fairmont Cem. in San Angelo. He was preceded in death by two of his children, Alice, died in 1901 at Sonora and John Lee, died in 1890 in Ft. McKavett. Both children had been exhumed from their original burial places and

reburied in San Angelo. James was married to Clara Lee who later married Mike Murphy of The Devil's River News.

Records indicate that several months after the death of Alice, in 1901, Hagerlund Bros. filed bankruptcy. We know that John W. Hagerlund had a house designed and built by H. B. Graham in 1890. It had four rooms, with an octagon front, double gallery and hall, cost \$1800 and was in Sonora. On August 14, 1897 Hagerlund Bros. & Co. dedicated their new store house with a grand dance on the premises.

Aside from obituaries and gossip chatter around town in different papers this is all we have on file on the Hagerlund family except for a picture of Clara Lee Hagerlund.

One of our young readers asked, "What was snakeroot?" He had seen a reference to it in a TV show. Snakeroot is an herb that was believed to increase the flow of milk in cattle. It was given the Greek-derived name Polygala, which means much milk and the species name Senega. Senega refers to the early use of the root by the Seneca Indians. It was called snakeroot

because the Seneca thought it would cure rattlesnake bites. They would chew the root into a pulp and put it on the snake bite. It did not work too well. The Indians also brewed a tea from snakeroot that was used to treat asthma, heart trouble and fevers. Dr. John Tennent, a Scottish physician that had done research with the Indians, started to use it in 1736 in the treatment of pleurisy and respiratory ills. Today, primarily in Europe, it is used occasionally for coughs and colds in cough drops, herbal teas and syrups.

Again we urge students not to try to experiment with herbs and plants unless they are supervised by an adult that knows what they are doing.

Ingestion of many wild plants in error has caused severe abdominal pains and in some cases death.

If you have any questions concerning Sutton County history send them to ASK THE HISTORICAL SOCIETY at P.O. Box 885, Sonora, TX 76950-0885. Drop them off at The Devil's River News or Al Elliott's office or give me a call at 915-387-2855 afternoons or evenings. You may also e-mail me at schs@sonora.digicom.net.

7th Grade Remains Undefeated

Submitted

The seventh grade Colts got the Homecoming festivities started off on the right foot last Thursday, as they entertained their counterparts from Eldorado, and were able to defeat the Eagles by a score of 40 to 0. This gives the Colts their 3rd win in as many tries. This game was one of total domination by the Colts, as they not only dominated offensively with 40 points on the board, and 185 total yards of offense; but the Colts defense was able to limit the Eagles to only 43 yards of total offense and 0 points.

The Colts offense behind some excellent blocking was lead by Dustin Martin with 54 yards of rushing, 1 touchdown, and a 2 point conversion. Thomas Bloodworth had 48 yards rushing with 2 touchdowns. Quarterback Emanuel Lopez chipped in 26 yards, a touchdown and a 2 point conversion. Lopez was also 1 for 1 in the passing department with a completion to Landon Brockman for 7 yards. Douglas Yokuam was next with 24

yards of rushing. Gabriel Martinez though only having 9 yards of rushing, scored 2 touchdowns. Landon Brockman rounded out the rushing yardage with 8 yards.

The Colt defense was led by Isreal Arevalo and Reyes Garcia, as they both were continually making big plays either in the Eagle backfield or on the line of scrimmage. Jed Leal and Wylie Waggoner both played excellent games, with both individuals getting several quarterback sacks as well as a fumble recovery apiece.

Once again this was a team win, as all of the seventh grade Colts contributed in one way or another to gain the win over the Eagles. The Colts will be home again this Thursday, against the Grape Creek Eagles. If you did not get a chance to see them this past Thursday, then come on out to Bronco Stadium this Thursday at 5:00 P.M. and see some very exciting young football players.

GO COLTS!!!!!!!

8th Grade shows lot of heart in 2nd win

Submitted

This past Thursday, the 8th Grade Colts hosted the Eagles from Eldorado. This game proved to be a very challenging game for the Colts, as they had to come from behind to win the game 12 to 6.

The Colts received the opening kick-off but could not get anything going and were forced to punt. The Eagles only took 5 plays to get their one and only tally. The try for two failed.

The Colts, as they had the week before, struck quickly on their next possession, as Sean Fields gained 38 yards on the first play of the second series and then Chance Arnkke went around the left end for a 52 yard touchdown run. They try for 2 failed. The rest of the first half was a defensive affair, as neither team was able to sustain a drive. The Eagles got close at the end of the 2nd quarter, but Lionel Cervantez intercepted his second pass of the evening to stop a potential Eagle scoring drive. The second half

began pretty much as the first half ended; a defensive struggle with Beau Hughes being the leader for the Colts. Hughes controlled the middle of the Eagle attack. Hughes was aided by James Elliott, Stetson Hall, Jeremy Perez, and Lionel Cervantez. In the fourth quarter, the Colts put together a 61 yard drive getting 51, of this 91 rushing yards, on this drive. This 8 play drive was accumulated on a 6 yard touchdown run by Fields. The 2 point conversion was foiled by the Eagles. The Eagles, took the ensuing kick-off and moved it down the field, in hopes of a tying touchdown, but a heads up pass interception by Stetson Hall dashed all hopes that the Eagle might have had.

The Colts showed great character and heart in this win over the Eagles, for there were several times that the game momentum could have turned in favor of the Eagles. The Colts will play Grape Creek here this Thursday at 6:30 P.M. Come out and show them your support.

Back Talk

After examining me, a chiropractor told me I needed neck adjustment for pain in my wrists. How does this work?

The nerves that control movements and sensations in your hands are located in the neck and travel back and forth through the wrist. A severed important nerve in your neck could cause loss of of function in a major part of the hand. Minor irritation in the neck can result in pain, numbness, and other symptoms in the wrists and hands and adjusting the neck can aid in alleviating these symptoms.

A nurse told me that the neck adjustments I'm receiving from my chiropractor can cause strokes. While I'm getting the relief I want and am not concerned, I'd like to know how the nurse got this idea?

Every drug, every surgery, and every therapy, including chiropractic care, has some risk involved. A chiropractic patient has a greater chance of being struck by lightning while in the bath tub than having a stroke following a chiropractic adjustment.

A chiropractor I'm seeing wants me to diet in connect to my low back pain. What do nutrition or dieting have to do with my condition?

Your weight is a key factor in your health and obesity places added stress

Chiropractic Care Questions & Answers

on the discs that cushion the spine as well as causing a higher proportion of low back, hip, knee, and ankle joint problems as well as foot pain. Your nutritional profile also has a profound impact on your health. For instance, studies show that a chromium deficiency is a leading factor in chronic pain. It sounds like your doctor is addressing your overall health.

Freshmen pluck Eagles 21 to 2

submitted

When the Bronco freshmen met the Eagle J.V. team in Eldorado Thursday night, the Broncos won 21 to 2. Broncos had 9 first downs to Eldorado's 13 for the night. Sonora quarterback Bryce Williams had a good passing game, completing 3 of 6 for 62 yards while Eldorado completed 9 of 21 for 80 yards with 1 interception. Eagles moved the ball well from the 20 to the 20, but the Bronco's excellent defense bent but never broke. The Bronco defensive line held tight to stop Eagle scoring drives from the 15 yd. line and twice from inside the 10.

Bronco Crispin Lira received the opening kick and returned it to the Eagle 43 yard line. On the first play from scrimmage, Tom Jacoby ran across the right side and right on down the field for a 43 yard touchdown run. When Javier Gaytan tried the 1 point conversion, the Eagles blocked it and ran it back for 2 points.

Gaytan kicked off and the Eagles drove the ball down to the Bronco 10 yard line but were unable

to score. Possession went over on downs and the Broncos started on their own 10. Running plays by Jacoby, Murillo, and Williams moved the ball 58 yards. On 4th and 6 Jacoby punted and Cole Cearley grounded the ball on the 2 yard line.

Eldorado's first drive of the second quarter was stopped on the 3rd play when Matt Torres intercepted a pass to give Sonora the ball at the Eagle 26 yard line.

It took the Big Red 6 plays before Jacoby scored 6 and the 2 point conversion on sweep plays around the left. Tough defense from both teams prevented any scoring and the first half ended 14 to 2.

Gaytan's opening kick for the second half was returned to the 30 yard line. Four penalties against the Eagles and a sack by the Broncos stopped all forward progress and the ball was punted to Lira at the Eldorado 30 yard line. An Eldorado face mask led to 1st and 10 from the 20, where Jacoby made good use of a hole opened on the right to shoot through for a touch down. Gaytan's extra point was good and the

Broncos were up 21 to 2.

Eldorado moved the ball well on this series starting at their 30 until they reached the Bronco 25 yard line. A sack by Riley Crain and Trainer, followed by a four yard pass stopped by Williams and another sack led by Lira gave the ball back to the Broncos on the 25. A crowd pleasing "long pass down field" to Shane Mathews on 3rd and 12 was stopped at the Eagle 33 ending the 3rd quarter with a bang.

Yellow fever struck the Bronco offense. Penalties for holding, then illegal procedure, followed by another holding helped the Eagle defense prevent another touchdown. When the ball went over on downs, Eldorado's offense received further punishment from fine tackles by Jerrad Solis and Thomas Schenkel and others. Fine teamwork by all the freshmen ran out the clock for a 21 to 2 victory. Jacoby led the rushing stats with 191 yards on 23 carries, and the hard work of Lira, Murillo, and quarterback Williams brought the total to over 250 yards.

Ballots and Information Mailed on Sheep and Goat Referendum

San Angelo..... The Texas Sheep and Goat Raisers' Association, sponsoring organization for the upcoming Sheep and Goat Referendum, has mailed ballots, return envelopes and information sheets to all TSGRA members, American Meat Goat Association members, American Boer Goat Association members and all County Extension offices.

The balloting period is from September 26, 1997 through midnight of October 10, 1997. All ballots are to be mailed to: Sheep and Goat Referendum, Texas A&M Research and Extension Center, 7887 U.S. Highway 87 North, San Angelo, Texas 76901.

Producers will be voting on whether or not to assess themselves up to 20 cents per head on all sheep and goats to be collected at each point of sale to finance promotion, research and education pertaining to sheep and goats across the 254 counties in the State of Texas. Assessments will be refundable to any party who requests a refund within 60 days of date of sale. Refund requests must be made in writing accompanied by a dated bill of sale verifying the assessment was paid.

All individuals who owned sheep and or goats in Texas on January 1, 1997 may vote. Family members or members of a partnership may vote as long as family members or partners split, or are assigned, production numbers. If only one member of the family or partnership is assigned production numbers, only that individual may vote. For example, if a man and wife own 500 sheep, each may vote 250 head. If a young person owns animals in his or her name and would be required to pay the assessment, he/she may vote. If a partnership owns 100 head, each partner may vote his or her share of the production.

Producers will also be voting to elect a nine-man Board of Directors which will be responsible for determining projects for sheep and goats assessed under this program if the referendum passes. The state is broken down into three districts, and three directors will be elected from each district. Producers should vote in the district where they live or where their major production lies, and they must also vote for directors from that district.

If the referendum passes by a two-thirds majority of producers or a simple majority of production based on Texas Statistical Service numbers for sheep and/or goats as of January

1, 1997, assessment will begin on a date set by the newly elected Board. Those needing additional ballots and envelopes or further information should contact their County Agent of the Texas Sheep & Goat Raisers' Association, (915)655-7388.

Ranchers' Lamb Opens

Ranchers' Lamb of Texas opened the doors of the new sheep and goat processing plant in San Angelo, Texas, at noon on September 23, 1997.

This plant will allow sheep and goat producers of Texas to have an active role in the value added processing and future of the industry.

Ranchers' Lamb of Texas Incorporated has constructed this new 19,000 square foot sheep and goat packing facility 3 miles east of San Angelo on Highway 380 adjacent to the city of San Angelo waste water treatment plant on city farm road. The processing of sheep and goats will begin on October 1, 1997.

This plant will employ approximately 55-60 workers, staff and administration. The plant opening will also provide additional jobs to support companies including pelt processing and rendering around the San Angelo area.

Investors in Ranchers' Lamb of Texas, Incorporated consists of sheep and goat producers and interested corporate and private entities. Financing for the entity will be provided by 17 area agricultural banks along with numerous grants from the city of San Angelo, Tom Green County and various agencies of the State of Texas.

Ranchers' Lamb of Texas, Incorporated will process approximately 8000 lambs per week and approximately 1500 goats per week. This plant will incorporate the latest in the United States, European, Australian, and New Zealand technology and will meet USDA and international health and safety standards.

Speaking at the opening ceremony were Governor George Bush along with Agriculture Commissioner Rick Perry, State Senator Robert Junnell, San Angelo Mayor Johnny Fender, Tom Green County Judge Mike Brown, Sam Fezell San Angelo Chamber of Commerce and A.H. (Chico) Denis Chairman of the Board of Ranchers' Lamb of Texas, Incorporated.

Windows 95's Improved Local Reboot

Local reboot lets you safely shut down a hung application without affecting other running applications. Under Windows 3.1x, you initiate a local reboot by pressing the [Ctrl][Alt][Del] key combination. However, Windows 3.1x allows a local reboot only when it has detected that an application has hung. Under those circumstances, you can try to shut down the hung application by pressing [Enter]. And as you may remember, Windows 3.1x's local reboot is far from reliable. Windows 95 provides a much

more reliable local reboot, which you also initiate by pressing [Ctrl][Alt][Del]. When the Close Program box appears, the active application will be highlighted. Select the application you want to close, and click End Task. Usually the application will close without further prompting, but sometimes a box will appear after about ten seconds saying that the application is not responding. If this happens, just click End Task again to close the hung program.

Under normal circumstances, Windows 95's local reboot is available at all times during a session and your original application may start responding again. D. Weaver

September 1 Texas Cattle On Feed Up 17 Percent From Last Year

Austin....Cattle and calves on feed for slaughter markets in Texas feedlots with capacity of 1,000 head or more totaled 2.39 million head on September 1, up 17 percent from a year ago. According to the monthly report released by the Texas Agricultural Statistics Service, the estimate was up 3 percent from the August 1 level. Producers placed 630 thousand head in commercial feedlots during August, up 24 percent from a year ago and up 37 percent from the July, 1997 total.

Texas commercial feeders marketed 540 thousand head during August, up 13 percent from a year ago. Monthly marketings were unchanged from the July, 1997 total.

On September 1 there were 1.92 million head of cattle and calves on feed in the Northern High Plains, 80 percent of the state's total. The numbers on feed across the area increased 19 percent from last year and was up 3 percent from the revised August total.

August placements in the Northern High Plains totaled 501 thousand head, up 34 percent from the revised August total. Marketings were virtually unchanged from last month at 435 thousand head.

Cattle and calves on feed for slaughter market in the United States in feedlots with the capacity of 1,000 head or more totaled 9.12 million head on September 1, 1997. The inventory was 16 percent above September 1, 1996.

Index of Leading Texas Economic Indicators Forecasts continued economic strength

(Austin)—"A strong stock market, plentiful jobs, and optimistic consumers are keeping the Texas economy growing," State Comptroller John Sharp said, as he released the latest Index of Leading Texas Economic Indicators.

"The Index is currently 130.2, an increase of 2.5 percent compared to one year ago," Sharp said.

For the fourth consecutive month, the Texas Stock Index is the strongest of the leading economic indicators. In July, the TSI hit 448.3, a 108.8 percent increase compared to one year ago. This is a sign of strong investor confidence in Texas-based businesses and the state's business climate.

Texas consumer confidence is up 18.3 percent compared to one year ago, a good sign as retailers begin looking ahead to the holiday season. July retail sales are up 2.6 percent compared to the same period last year.

Employers have jobs to fill. The Texas Help Wanted Index, a mea-

surement of job listings in Texas newspapers, is up 10.5 percent compared to one year ago, and up 1.4 percent compared to one month ago. Texas gained 213,000 jobs in July, including 173,000 in the services sector, 20,000 in construction, and 13,000 jobs in manufacturing.

Unemployment claims are down 1.7 percent compared to this time last year and the Texas unemployment rate is down 0.3 percent.

New business incorporations are up 7.3 percent compared to one year ago, as the Texas economy continues to encourage entrepreneurs.

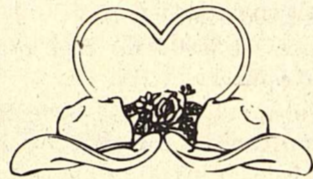

The average number of manufacturing hours per work week dipped 0.4 percent in July, compared to the same period last year. Manufacturing hours are down 1.1 percent compared to one month ago.

The home construction industry, which has been booming, has slowed somewhat. In July, 10,031 permits for new homes were issued, down 1.1 percent compared to one year ago.

The price of Texas crude oil is down 12.1 percent compared to one year ago. Oil was priced at \$17.28 per barrel in July. That is good news for consumers, who have enjoyed lower-than-usual summer gasoline prices.

The U.S. Index of Leading Economic Indicators is currently 104.1, up 1.8 percent compared to one year ago. Like the Texas economy, the U.S. economy is showing steady growth.

The Comptroller's office produces the monthly Index of Leading Texas Economic Indicators to help compare the Texas economy to the nation as a whole, and to help predict economic changes up to six months before they occur.

Public Notice

ORDINANCE NO. 490 SETTING THE TAX RATE FOR FISCAL YEAR 1997-98

AN ORDINANCE LEVYING AD VALOREM TAXES FOR USE AND SUPPORT OF THE MUNICIPAL GOVERNMENT OF THE CITY OF SONORA FOR THE 1997-98 FISCAL YEAR; PROVIDING WHEN TAXES SHALL BECOME DUE AND WHEN SAME SHALL BECOME DELINQUENT IF NOT PAID.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SONORA.

SECTION 1. That there is hereby levied and there shall be collected for the use and support of the municipal government of the City of Sonora, and to provide an Interest and Sinking Fund for the 1997-98 fiscal year, upon all property, real personal and mixed, within the corporate limits of said City subject to taxation, a tax of \$0.50898 on each \$100.00 valuation of property, said tax being so levied and apportioned to the specific purposes here set forth:

1. For the maintenance and support of the general government (General Fund), \$0.49266 on each \$100.00 valuation of property; and
2. For the interest and sinking fund \$0.01632 on each \$100.00 valuation.

SECTION 2. That taxes levied under this ordinance shall be due October 1, 1997 and if not paid on or before January 31, 1998 shall immediately become delinquent.

SECTION 3. All taxes shall become a lien upon the property against which assessed, and the city assessor and collector of the City of Sonora is hereby authorized and empowered to enforce the collection of such taxes according to the Constitution and laws of the State of Texas and ordinances of the City of Sonora shall, by virtue of the tax rolls, fix and establish a lien by levying upon such property, whether real or personal, for the payment of said taxes, penalty and interest, and the interest and penalty collected from such delinquent taxes shall be apportioned to the general fund of the City of Sonora. All delinquent taxes shall bear interest from date of delinquency and thereto prescribed by state law.

SECTION 4. That Rex Ann Friess, Chief Appraiser, Sutton County Appraisal District is authorized to perform all duties required by law of the tax assessor-collector in regard to assessing and collecting ad valorem taxes.

SECTION 5. That this ordinance shall take effect and be in force from and after passage.

PASSED this the 16th day of September, 1997, at a Regular Meeting of the city Council of the City of Sonora, there being a quorum present by 4 year's and 0 nays, and approved by the Mayor on the date set out.
APPROVED:
Margaret Cascadden

Soccer players participated in a clinic held in Sonora, Sunday, September 14.

Sonora soccer big hit for young ones

Sonora Soccer kicked off its first season in San Angelo on Saturday, September 13th. There were four teams participating. The U6 Girls coached by Bonnie Lou Campbell and Erin McWilliams were: Shelby Burris, Brooklyn Caddell, Chelsey Lou Campbell, Hunter Jennings, Callie McWilliams, Kara Voight, Morgan Vyvlecka.

The U6 Boys coached by Carol Pope and Team Mom Fran Pennington. Those players are: Cadesman Pope, Ethan Morriss, Marcus Gamez, Christian Kenny, Allan Chambers, Cash Jennings, Tyler Creek, Colyer Dermody, Bailey Joe Pennington, Jorge Gaytan, Robert Buchholz, and Cody Snyder.

The U8 CoEd team is coached by Paul Chevalier and John Chambers and those players are: Chandler Caddell, Harrison Chevalier, Judson Chevalier, Colton

Moore, Steely Ingham, Amber Chamber, Aaron Gaytan, Reynaldo Gaytan, Alberto Tovar, John Duke Hudson, Stephanie Morriss, Kooper Liverman.

The U10 CoEd team is coached by Erica Morriss and JayJay Kimbrel. Those players include: Gabrielle Alvites, Dee McGee, Stacy Sanchez, Haden Burchard, Antonio Torres, Taylor Liverman, Shaylynn Kresta, Desirae Bolt-Morriss, Christopher Perez.

On Sunday, September 14th the soccer players attended a clinic here in Sonora given by Jack Stewart and Val Valez who graciously came down from San Angelo to help our kids learn more drills and help with game strategies and skill improvement. We are looking forward to the rest of this season and encourage our citizens to support Sonora Soccer every Saturday in San Angelo.

Looked At Your Cellular Bill Lately ?

If you haven't, it just might surprise you as to how much unused airtime you pay for each month. Especially if your cellular provider is still rounding up to the nearest full minute for airtime charges.

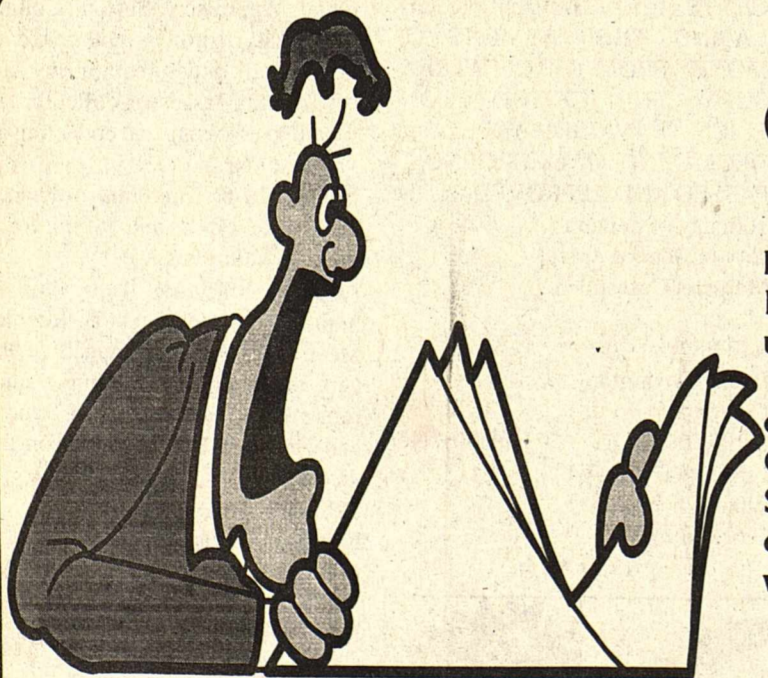

If you're tired of flipping your wig each month over airtime charges, it's time to talk to Plateau Cellular Network about Six Second Billing. With Six Second Billing from Plateau Cellular you pay only for the part of the minute you use, not the whole minute.

For complete details on all the advantages of service from Plateau Cellular Network, see one of these Authorized Agents today.
