Bronco Cheerleaders Dominate Cheer Camp

Submitted

The Sonora Varsity and Junior Varsity Cheerleaders returned from U.C.A. (Universal Cheerleader's Association) Camp on Sunday with three blue ribbons for extreme routine, overall cheers, and game ready categories. They also received a trophy for most improved, a gold award for sidelines and stunts, and six spirit sticks.

Brandi Baize, our team mascot, earned a spirit stick and a gold ribbon for her amazing dance performance as "Rowdy"

During the four days of camp the girls learned many new cheers, dances, and stunt building techniques. They brought back many unique pep rally ideas and lots of school spirit to help make the 1999-2000 athletic season a guaranteed success! Comments from the girls include "It was a great experience," "We really learned a lot," and "We had a chance to bond as a squad and work together as a team.'

The girls extend an especially big THANKS to the community for its financial support and encouragement. Without your help we would not have been able to go. Everyone is invited to join the excitement at the SHS pep rallies and games and to support the

Broncos! Also, the girls would like to thank their wonderful sponsor Amy Davenport for dedicating her time and effort and leadership abilities

T.R. Stephenson to be M.C. for Sutton County Days Silver Anniversary

T.R. Stephenson, musician, songwriter, novelist, poet, storyteller, and Texas historian is scheduled to be the Master of Ceremonies for Sutton County Days, 25th Annual Silver Anniversary. T.R. was born March 26, 1935 in Victoria, a 5th generation Texan from parents of German and Swedish decent. TR's mother, Alice Evelyn Bader descended from German Lineage. Her father, William Bader and grandfather, Peter Bader, are noted in Texas history for being associated with the Mason County War.

T.R.'s father, W.S. "Slick"
Stephenson descended from
Swedish lineage. His forefathers
arrived in Texas in 1822 when Texas was a part of Mexico. John Stephenson, T.R.'s 2nd great grand-father, fought at San Jacinto and his name is inscribed on the monument.

In his younger years, T.R. was quite the rounder. He played life's game outside of society's rules, which gained him, the title of "Outlaw". While doing penitence for his outlaw acts, he found his true life's calling and talents were in writing songs, stories, and poetry.
He drew from his family's history,
stories from his childhood passed

down by relatives at the kitchen table, and life's experiences for the inspiration and sources of his writ-

T.R. has been associated, appeared, and toured with the likes of: the Louisiana Hayride, Big D Jamboree, the Dixie Jamboree from WBOK, Ira & Charlie Louvin, Jim Ed Brown, Jim Reeves, Johnny Horton, Charlene Authur, Slim Whitman, Web Pierce, and Red Sovine. Recently he appeared with Michael Martin Murphy at the rededication of the remodeled Empire Theater in downtown San Antonio. T.R. began writing poetry in 1990 and has been published in the major Cowboy Poetry magazines including "Boots" and the "Dry Crik Review". He has had more than 500 poems and a best selling book of verse, "Tales Ole T.R. Told" that has been nominated for best Cowboy poetry book of 1998 by the Academy of Western Artist's.

T.R. stands 6'4", and his brown hair has a touch of gray. His stature is weathered due to time and poor health over the years. Yet, his blue eyes adorn a sparkle when performing for audiences, whether it be sharing songs and verse of "Jesse James" with the wide eyed youngsters in the local libraries at his "Shake Hands

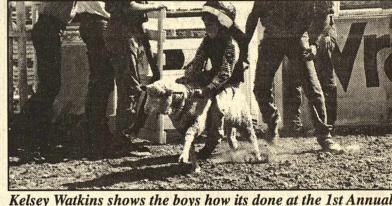

with a Cowboy" story telling program, or the ladies and gentlemen of the Texas and San Antonio Poetry Societies giggling at his readings of "The Armadillo" and "The Mule". T.R. can have most of the ladies in any of his crowds teary eyed when they've learned from

him, "How God came to Texas."
T.R. will be bringing his humor, music, and story telling to Sonora on Saturday, August 21 and Sunday, August 22, during Sutton County Days. Make plans to come out and see T.R., along with the rest of the musicians and entertainers on

Mutton Busters Get Ready!

The second annual Outlaw Pre-Rodeo Mutton Bustin' is scheduled to take place on Saturday, August 7, 1999 at 6:00 p.m. The Bustin' is open to children ages 3 - 7, weighing 55 lbs. or less. Protective vests and helmets are provided by the Outlaw Pro Rodeo Committee. To enter your little Buster, go by image apparel at 210 E. Main for an entry blank. There is a \$10 entry fee per child and a parent must sign a release. The top 10 contestants will get to compete in the Outlaw Pro Rodeo on August 20 and 21.

In addition to the Mutton Bustin' there will be Barrel Racing for all ages and a Locals and Sponsors Team Roping also held on Saturday. Entries open for the Barrel Racing at 5:00 p.m., with the action starting at 5:30 p.m. There are 3 age groups; 8 & under, 10 & under and the Open Barrels. The

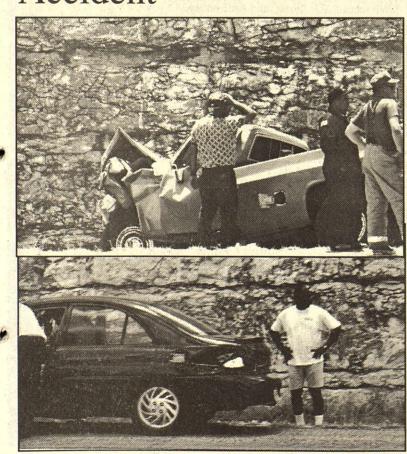

Mutton Bustin' held last year.

team roping is open to Sutton County residents and Outlaw Pro Rodeo sponsors. The entry fees for the Enter Once - Draw 4 roping is \$80 per man. Books open at 5:00 p.m. and close at 6:00 p.m.(last to enter - first to rope.)

For more information on any of the pre-rodeo activities call 387-5645 or 387-6577.

So everyone make plans now to come cheer on your favorite little cowboy or cowgirl and enjoy some rodeo action early.

Two Injured

The driver of the pick-up truck above, and his wife, were both taken to Hudspeth Hospital on Sunday, August 1, 1999 after running into this rock embankment. It appears that the driver of the truck may have fallen asleep and ran into the rear of the small car (bottom picture), which caused the truck to veer across the median, across the opposite lane and into the wall. The occupants of the truck were treated for minor injuries.

The Thunderbird Transit would like to remind everyone to drive with caution in and around school zones. Our young children are our future, so please Drive Safe!!

From The Superintendent's Desk

In a recent report, a consultant has told the Sonora ISD Board of Trustees that the elementary school buildings have many problems. These problems came to light as part of a report identifying improvements needed to make all of Sonora ISD's schools accessible for handicapped persons. Accessibility of public buildings has been required by the Texas Legislature and the federal government.

In the report, the consultant has informed the Board that a study of the elementary buildings should be made to help determine their future usefulness before substantial dollars

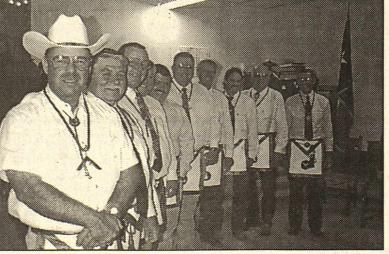

are spent to make them handicapped accessible. The study is needed to determine if costly renovations for handicapped accessibility should be made on these buildings on a site

that is very crowded. The report cites that all three elementary buildings have significant shortcomings in addition to not meeting accessibility requirements. The Old High School Building's classrooms, which now house upper elementary grades, are much smaller than current room size requirements for schools. In addition, the building may not be able to have the classrooms remodeled and enlarged because of the original construction methods. The report also found that the Old Rock Building has conditions that cannot reasonably be corrected and that classroom uses should be relocated from this building as soon as possible. The District has taken steps this summer to move the classes so they will not be in the Rock Building at the beginning of the new school year.

The consultant informed the District that the funds needed will be substantial to make the two occupied elementary buildings accessible and the classrooms meet current size requirements. The corrections will probably require some additions on a site that is already crowded. He recommended that these

Chiropractic Care Questions & **Answers**

Why would my chiropractor recommended that I increase my intake of Vitamin C after treating me for an injury to my neck? Your doctor is obviously well trained in proper nutrition. Vitamin C can be very helpful in healing soft tissue injuries. research has shown it can relax muscles spasms and control pain. The dosage should be regulated by your doctor of chiropractic. When combined with chiropractic adjustments and supportive therapies, Vitamin C can help speed recovery after a soft tissue injury. City Council Approves Closing Street for Sutton County Days Activities

On July 20, 1999 the City Council of Sonora, Texas met in Regular Session at City Hall. The meeting was called to order at 2:00 p.m. by Mayor Hernandez. Don Sessom, Municipal Judge, delivered the invocation, followed by the "Pledge of Allegiance."

The minutes of the regular meeting held on June 15, 1999 were approved.

The monthly tax collection report showed 94.1% of current taxes collected through June 1999.

The quarterly fire department activity report showed the following: Total Alarms - 18; Structure Fires - 4; Rescues - 8; Spills - 1; Trash Fires - 1; False Alarms - 3; Stand by - 1; Total Man Hours -175.5; County Man Hours - 120; County Fires - 14; City Man Hours -56.5; City Fires - 4; and Mutual Man Hours - 4.

The quarterly investment report was presented by Becky Covington. She advised that the interest rate on the renewal of the \$1,375,000.00 certificate of deposits were lower than the previous year.

Guadalupe De Luna, of 502 Sant Clara, requested a variance to build a carport approximately 7' from Gonzales Street and 7' from Solis Street. The request was approved.

Margaret Elliott, of 709 E. Poplar, requested subdivision of property into two lots. Al Eliott explained to the council that the lots would be divided into one 85' x 210', to be retained by Mrs. Elliott and abutting her existing lot and the other lot that has been purchased by Lisa Karnes would be 311' on Poplar, 286' on Kisselburg and approximately 210' feet deep. The request was approved.

Upon recommendation from Mayor Hernandez to appoint Laurie Smith to the Planning and Zoning Board, a motion was made by Councilmember Campbell and seconded by Councilmember Donaldson to approve the appoint-

The council reviewed the quarterly financial report for the use of hotel/motel tax. Questions were asked concerning the Texas Historical Courthouse membership, the postage machine, and the payroll expense to Armstrong/Backus. Ann Kay advised that the Main Street Advisory Board had reviewed the financial report prior to the meeting and the Chamber added a Main Street Board member as an authorized signature to be required on all

Armstrong Backus presented the annual financial audit for the Sonora Chamber of Commerce. Mr. Moore advised that the Chamber were in compliance with the City's contract and state law concerning the usage of the hotel/motel tax.

A request was made by the Sonora Chamber of Commerce to close a portion of Water Street and Main Street on Saturday, August 21, from 8:00 a.m. to 5:00 p.m. and Sunday, August 22, from 12:00 p.m. to 5:00 p.m. for the Sutton County Days Association. The motion was made and approved.

A motion was made and approved to approve a parade permit for Saturday, August 21, for Sutton County Days.

A motion was made by Councilmember Donaldson to acknowledge the appointment of Mike Hale to serve as a liaison for the telephone subscribers in Sonora for Extended Area Service between the Exchanges of Sonora and San Angelo and GTE Southwest Inc. Councilmember Lopez made a second and the motion was approved.

A motion was made and approved to urge the Public Utility Commission of Texas to approve the extended area service between the Exchanges of Sonora and San Angelo and GTE Southwest Inc.

John Adams and other members of the Sonora Golf Club came before the council to discuss support for a grant from the Texas Department of Transportation for \$400,000.00 for the following project: (1) driving range on the south side of interstate 10 with sports lights for night time use, (2) Improvements to existing golf course, upgrade club house, and clear brush and enhance beautification along fence line on Highway 277 South, (3) convert Will Carver Park to a recreational vehicle park site. The council directed staff to check with David Todd, Professional Engineer, concerning the request.

Russell Greene, Assistant Fire Chief, requested permission to advertise for bids for a new cab and chassis to be used for grass fire fighting at an approximate cost of \$26,000 to \$32,000 and reported that the bed would cost an additional \$16,000. Aware of the interlocal government agreement with the county, it was discussed to wait on the bids until the city and county could meet in the next few weeks to discuss their contracts. A motion was made by Councilmember Donaldson to go ahead and advertise for bids for the truck. The motion died for a lack of a second.

Sonora Industrial Development Corporation presented their Budget Proposal for fiscal year October 1, 1999 to September 30, 2000 for approval. A.W. Bishop, President, and other members of the board, explained that the new budget called for a professional coordinator and establishing an office. Cognizant of the need to aggressively market Sonora, the SIDC explained that they felt a coordinator was now needed to continue maximum involvement in economic development instead of relying totally on volunteerism. The motion was approved.

Mr. Simpler addressed the council concerning a notice he received from the city to abate several nuisances. The notice specifically addressed an overgrowth of weeds and high vegetation and repairing the leaks in the water and sewer system, on his property located at J&V Mobile Home Park and Stadium Mobile Home Park. Also, discussed was the ongoing problem with the pressure regulators located on the water system at Stadium Park, the city policy of servicing water only to the meter, and the procedure now in place concerning billing. Mr. Simpler advised that the leaks at the park will be taken care of. In view of all the concerns the council will study the problem and come up with a decision to put closure to the responsibility of the maintenance on the utilities in the

Ben Hernandez and Bill Flowers, Classic Cable Managers, addressed the issues of the complaints concerning the television reception. Of particular concern was the local stations of Channel 8 and FOX. Also, the city attorney advised that Classic Cable should publish a telephone number and provide complaint forms to customers who request one as their agreement

A motion was made and approved to use the Standard Building Code, published by the Southern Building Code, that is now

No action was taken on a from Williams request Communications, Inc. for directional boring for placement of fiber optics cable system under city streets, inside the city limits. Placement will be inside interstate 10 (I-10) right of way until they respond to the additional information needed.

Discussion was held concerning the procedures concerning the unsafe building abatement code and the cleanup of several unsafe properties in the city. A motion was made to apply the state law and the

breakfast for \$ 0.75

Parent/Guardian school serves meals each school day. Children may buy lunch for $\frac{1.50 \text{ PK} - 5}{1.75 \text{ 6} - 12}$ and The Sonora ISD

Children may also get meals free or at a reduced price.

If you now get food stamps or TANF for your children, your children can get free meals. If your total household income is the same or less than the amounts on the Income Chart below, your children can get free meals or reduced-price meals. A foster child may get free or reduced-price meals regardless of your income. The reduced price is 40 cents for lunch, 30 cents for breakfast, and TO GET FREE OR REDUCED-PRICE MEALS FOR YOUR CHILDREN, YOU MUST COMPLETE AN APPLICATION AND RETURN IT TO THE SCHOOL. WE CANNOT APPROVE AN APPLICATION THAT IS NOT COMPLETE.

HOW TO APPLY

If you now get food stamps or TANF for the children you are applying for, the application must have the children's names, a food stamp or TANF case number for each child, and the signature of an adult household member. If you are applying for a foster child, the application must have the child's name, the child's "personal use" income, and an adult signature. If you do not list a food stamp or TANF case number for all children you are applying for, then the application must have the children's names, the names of all household members, the amount of income each person got last month and where it came from, the signature of an adult household member, and that adult's social security number or the word "none" if the adult does not have a social security number.

Household Size Annual Monthly Weekly

Verification: Your eligibility may be checked at any time during the school year. School officials may ask you to send papers showing that your children should get free or reduced-price meals.

Fair Hearing: You may talk to school officials if you do not agree with the school's decision on your application or the results of verification. You may also ask for a fair hearing. You may do this by calling or writing:

Name Dr. William J. Harlan, Superintendent

Address 807 South Concho Avenue, Sonora, Texas 76950 Reporting Changes: If your children get free or reduced-price meals because of your income, you must tell the school if your household size decreases or your income increases by more than \$50 per month or \$600 per year. If your children get meals because you get food stamps or TANF, you must tell the school when you are not getting TANF or food stamps for them. You may then fill out another application giving income information.

Confidentiality: School officials use the information on the application only to decide if your children should get free or reduced-price meals. Free and reduced-price eligibility information may be subject to release to other federal, state and local education, health, or other means-tested programs. Some programs already identified are the National Assessment of Educational Progress and officials collecting data for Title I allocation and evaluation

Reapplication: You may apply for meals anytime during the school year. If you are not eligible now but have a change in status, like a decrease in household income, an increase in household size, become unemployed or get food stamps or TANF for your children, you may then complete an

Handicapped: Meal substitutions at no additional cost for children who meet the definition of "handicapped" will be served, provided a physician has submitted a statement attesting to this fact and prescribing a substitute.

IN THE OPERATION OF THE CHILD FEEDING PROGRAMS, NO CHILD WILL BE DISCRIMINATED AGAINST BECAUSE OF RACE, SEX, COLOR, NATIONAL ORIGIN, AGE OR

HANDICAP. IF YOU BELIEVE YOU HAVE BEEN DISCRIMINATED AGAINST, WRITE IMMEDIATELY TO THE SECRETARY OF AGRICULTURE, WASHINGTON, D. C. 20250.

We will let you know when your application is approved or denied

Sonora Experiment Station Developing **Improved Soremouth Vaccine**

Research scientists here are back to work creating an upgraded version of the Soremouth vaccine. The Texas Agricultural Experiment Station at Sonora has had a long history of working to cure soremouth. Dr. Hardy and Dr. Schmidt developed the vaccine to prevent the outbreak of Soremouth in sheep in the 1930's. The Experiment Station has produced and sold the vaccine since then. In 1991 the Experiment Station became an USDA licensed facility for the production of the Soremouth vaccine.

Soremouth (contagious ecthyma) is a disease condition caused by a virus that affects the mucous membranes of the mouth, gums and teats. The virus causes blisters, weeping sores and scabs. Outbreaks of Soremouth in a herd affect the ability of kids or lambs to nurse. This can cause a significant death loss in the lamb or kid crop due to starvation. The vaccine is what's known as a "live virus". Young animals that are inoculated with this vaccine, which is essentially a low titer of the virus, develop a resistance and immu-

nity to future exposure.

Viruses, however, are constantly adapting and mutating, and changing their genetic structure in response to their environment. This creates a "new strain" of the virus, which may be resistant to the vaccine. Recently a large number of outbreaks of Soremouth have been reported in Boer goats. The cause is still unknown and the subject of some controversy. The outbreaks may be due to the importation of a "new strain" of Soremouth, it may be due to the virus adapting and mutating in a new host species, or it may be due simply to the fact that Boer goats may be more susceptible to the current

Regardless of the cause, scientists at the Experiment Station are working towards the cure. By incorporating genetic material from the virus that is causing the outbreaks, they are improving current vaccine. Vaccination will stimulate the animal's immune system to provide resistance to this new strain. Tests are underway now and the vaccine is estimated to be available for use this fall.

Easy Methods of Water Conservation

by Cindy Cawley, Sutton County Underground Water Conservation District

At present, regional water planners are working on water use figures for our region. They have to determine how much water we are using now and will use in the future and then figure out if we have enough water to meet those needs. The bottom line is we must become better stewards of the water that we have not only for ourselves but for future generations. One method of stewardship is though conservation which starts with you and me in and around the home. This fact was brought to my attention by my daughter who turned the water faucet off while I was brushing my teeth and lectured me about wasting water. She was right! Changing a few daily habits makes a huge difference in the scheme of water use. Some simple conservation measures in the home include:

1. Brushing teeth - Brushing teeth uses one to two gallons of water of about 3,000 gallons/year for a family. Turn the faucet off while brushing and save about a half a gallon of water each time.

2. Leaky faucets - Leaks can account for up to 10% of a water bill. Did you know that a slow steady drip (100 drops/minute) adds up to 350 gallons/month. A little bit of time and a new washer or two can usually fix this type of water hog.

3. Toilets - Purchasing new toilets that use 1.6 gallons per flush instead of the standard 5 to 7 gallons is great. However, if purchasing new toilets is not in your budget there are other methods to conserve water. By using a toilet dam, plastic bottle, or plastic bag to displace water in the tank, you have saved water, money and energy. Also, teach the children to throw trash away in trash receptacles and not the toilet.

4. Insulate pipes - Hot water will reach its destination quicker where pipes are insulated thereby reducing the amount of water run before the temperature turns warm.

5. Washing clothes/dishes - When washing clothes, adjust the water level to the amount of clothes. Better yet, wash only full loads of clothes

6. Bathing - It's a personal preference of whether to bathe or shower. Filling the bathtub only half full is a good conservation measure. And generally, showering uses less water than bathing. Showering uses from 15 to 30 gallons or 22,000 to 44,000 gallons/year for a family. Curtail your singing in the shower to five minutes instead of 15 and conserve
