U.S. Strikes Back

By David Espo, AP Special survived the initial aerial assault. Correspondent

WASHINGTON (AP) American and British forces unleashed punishing air strikes Sunday against military targets and Osama bin Laden's training camps inside Afghanistan, aiming at terrorists blamed for the Sept. 11 attacks that murdered thousands in New York and Washington.

'We will not waver, we will not tire," said President Bush, speaking from the White House as Tomahawk cruise missiles and bombs found targets halfway around the globe. "We will not falter and we will not fail."

The opening of a sustained campaign dubbed "Enduring Freedom,"the assault was accompanied by airdrops of thousands of vitamin-enriched food rations for needy civilians - and by a groundbased attack by Afghan opposition forces against the ruling Taliban.

In a chilling threat, bin Laden vowed defiantly that "neither America nor the people who live in it will dream of security before we live it in Palestine, and not before all the infidel armies leave the land of Muhammad." That was an apparent reference to Israel and Saudi Arabia. He spoke in a video taped statement prepared before the attacks, but both he and the leader of the Taliban ruling council of Afghanistan were reported to have

In a fresh reminder of the potential for renewed terrorist attacks, the FBI said it was urging law enforcement agencies nationwide to "be at the highest level of vigilance and be prepared to respond to any act of terrorism or violence.'

Bush gave the final go-ahead for the strike on Saturday, less than four weeks after terrorists flew two hijacked airplanes into the World Trade Center twin towers and a third into the Pentagon. A fourth plane crashed in the Pennsylvania countryside after an apparent struggle between passengers and terrorists on board.

In addition to the Sept. 11 death toll - estimated at more than 5,000 the attacks dealt a shuddering blow to Americans' feeling of security, and propelled an already weakened economy toward recession.

Bush said the military action was "designed to clear the way for sustained, comprehensive and relentless operations" to bring the terrorists to justice.

Sen. Carl Levin, D-Mich., said the ultimate goal is to bring down the Taliban, allowing Afghan rebels to assume power and 'tighten the noose" around bin Laden. "It would be better if the Afghan people could bring him down," said Levin, chairman of the Senate Armed Services

Committee.

"I know many Americans feel fear today." Bush, in his nationally televised announcement from the White House Treaty Room.

Signs of heightened security concerns were evident, as officials took Vice President Dick Cheney from his residence to an undisclosed secure location, security was stepped up around the Capitol and government nuclear weapons labs were put on higher alert. The FBI said it was acting on the basis of "the possibility of additional terrorist activity occurring somewhere in the world."

In Saudi Arabia, the U.S. Embassy remained closed on Monday, and authorities cautioned Americans to "review their own security precautions."

Within hours of the attacks, Bush drew public support from foreign leaders around the world including a statement from the Ministry. Russian Foreign Congressional leaders chorused their approval, as did the American

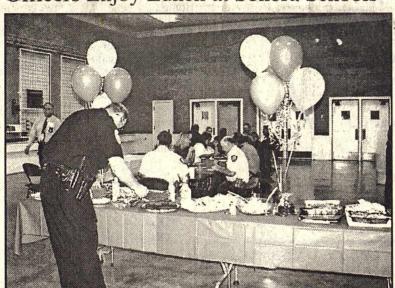

The initial strike involved 50 Tomahawk cruise missiles, launched from American and British ships. Gen. Richard Myers said 15 bombers and 25 strike aircraft, both sea and land-based, also

Gallegos Completes Eagle Scout Project

Sutton County Judge Carla Garner approved the Eagle Scout Project for Frank David Gallegos. The project, that consisted of repainting the interior of the Sutton County 4-H Civic Center, was completed on September 30, 2001. This service project is a requirement for the rank of Eagle Scout. Demonstration of leadership skills will encompass by planning and carrying out a service project. The building was in dire need of a touch up and Gallegos did a great job on the large task.

The American Flag... Display it Properly with Pride!

In the wake of last month's terrorist attacks on the World Trade Center in New York City and the Pentagon in Washington, D.C., American's everywhere are demonstrating their patriotism by displaying the national flag. But, not everyone displays the flag properly or with the respect it deserves. The Flag Code, which formalizes and unifies the traditional ways in which we give respect to the flag, also contains specific instructions on how the flag is **not** to be used. They are:

• The flag should never be dipped to any person or thing. It is flown upside down only as a distress sig-

 The flag should not be used as a drapery, or for covering a speaker's desk, draping a platform, or for any decoration in general. Bunting of blue, white and red stripes is available for these purposes. The blue stripe of the bunting should be on the top.

The flag should never be used for any advertising purpose. It should not be embroidered, printed or otherwise impressed on such articles as cushions, handkerchiefs, napkins, boxes, or anything intended to be discarded after temporary use. Advertising signs should not be attached to the staff or halyard. The flag should not be used as part of a costume or athletic uniform, except that a flag patch may be used on the uniform of military personnel, fireman, policeman and members of patriotic organiza-

The flag should never have placed on it, or attached to it, any mark, insignia, letter, word, number, figure, or drawing of any kind. • The flag should never be used as receptacle for receiving, holding, carrying, or delivering anything. When the flag is lowered, no part of it should touch the ground or any other object; it should be received by waiting hands and arms. To store the flag it should be folded neatly and ceremoniously. The flag should be cleaned and mended when necessary.

When a flag is so worn it is no longer fit to serve as a symbol of our country, it should be destroyed by burning in a dignified manner. Note: Many Boy Scout troops and American Legion posts regularly conduct a dignified flag burning ceremony, often on Flag Day, June

Displaying the Flag Outdoors When the flag is displayed from a staff projecting from a window, balcony, or a building, the union should be at the peak of the staff unless the flag is at half staff.

When it is displayed from the same flagpole with another flag - of a state, community, society or Scout unit - the flag of the United States must always be at the top except that the church pennant may be flown above the flag during church services for Navy personnel when conducted by a Naval chaplain on a ship at sea.

When the flag is displayed over a street, it should be hung vertically, with the union to the north or east. If the flag is suspended over a sidewalk, the flag's union should be farthest from the building.

When flown with flags of states, communities, or societies on separate flag poles which are of the same height and in a straight line, the flag of the United States is always placed in the position of honor - to its own right.

.The other flags may be smaller but none may be larger. .. No other flag ever should be

placed above it. .. The flag of the United States is always the first flag raised and the last to be lowered.

When flown with the national banner of other countries, each flag must be displayed from a separate

Sonora Students Produce 500 Boxes of Support____

"What can I do?" This question was answered on October 6, 2001, when the students of Sonora responded with arms of support by constructing "Shoe Boxes of Support". This campaign of support involved the Elementary, Middle School and a few High School students. The aim of this drive was to bring needed supplies to the relief workers in New York City. Upon two weeks notice of the drive the students and faculty pulled together to produce over 500 boxes of support. Boxes from Sonora would be joined with boxes of support from the San Angelo area and taken to New

This drive could not have been a success without the involvement of businesses like: Dowell Schlumberger, Multi-Chem, Friends of Historic Sonora, the Sonora Chamber of Commerce and City Hall. We would especially like to thank Jim Kay, Becca Coates and Jane Kosub for making sure that these boxes reached their destination in San Angelo, Texas.

Graves Retires From Sutton County

After twenty-two years of service as Sutton County Auditor, Charles Graves has decided its time for some retirement rest. Graves co-workers, friends and family helped him celebrate his retirement at a party held in September. Maura Weingart, who has worked with Graves for all of those twenty-two years, has taken the position and will continue to offer the same quality service that Sutton County is accustomed to. Charlie will now be able to spend more time with his grandkids, pictured above with him. These blonde cuties are Zack, Zane, Jack, Margaret and Sutton. Charlie will be missed, but we wish him well.

On behalf of the Muscular Dystrophy Association and those we serve, thank you. On Wednesday, October 3, MDA held it's annual lock-up at the Sonora Bank & Trust and "volunteer jailbirds" did a terrific job of raising the "bail". The fine citizens and businesses in Sonora joined together and raised over \$5,000.00 for MDA. A special thank you goes out to the Bank & Trust for hosting this event; to the Sutton County Steakhouse for providing the wonderful food for the "inmates" and to the Sonora Police Department for going out and "arresting" the participants. Again, on behalf of the MDA and those we serve ~ Thank your for your continued support and dedication!

Vivian Miears was locked up for MDA.

Cards of Thanks

Dear Sonora Schools P.T.A. and Elementary School staff and students, The Sonora Police Department would like to take this opportunity to thank the Sonora Schools P.T.A. and Elementary School staff and students for the Law Enforcement Luncheon held at the Elementary School gymatorium on Wednesday, October 3, 2001. We really appreciated the lunch and marveled at all the posters and banners that the children had prepared. The Officers enjoyed reading all the cards on the table during lunch. It was also nice being able to visit with the children that passed through the gymatorium during their breaks from schoolwork.

We are going to display some of the posters and banners inside the Police Department for the next couple of weeks. We are very proud to serve and protect our community and appreciate the P.T.A. and Elementary school system for recognizing that. If ever there is anything that we can assist with, please don't hesitate to call on us.

> Thank you once again, Chief Chris Croy Sonora Police Department

I would to thank Sutton County Judge Carla Garner and Commissioners. My Eagle Scout Service Project was a success with the help of all involved persons. Special thanks to Janalyn Jones for keeping up with pre and post checking of the Center. The project consisted of painting all interior walls. Areas painted were the main entrance, main floor area, and two exit lobbies. Thanks to Sonora True Value, Lalo Gonzales and especially my parents, Carlos and Antonia Gallegos. Also, my Aunt Irene Guerrero.

Thanks Sutton County, Frank David Gallegos

Pete's Family wishes to express their deepest gratitude to family, friends, and others for your caring support, prayers, thoughts, cards and overwhelming kindness during our long journey and recent loss.

To the Hospital Administrator, Keith Butler and loving staff, Doctors Calderon and Pajestka, thank you for the wonderful care and compassion shown to Pete and his family. Special thanks go to Guy Cauthorn.

We would also like to thank everyone who donated, prepared and assisted with all the meals.

We want to thank the many family members and friends that could not be present but were with us in spirit.

Sincerely, Yvette, Pete (Pokey) and Halle Samaniego

Words cannot convey our deepest gratitude for all the love, care, support, the food, and most of all for your prayers shown to us during Pete's illness and in our time of sorrow. Your love and friendship for Pete will never be forgotten. He was very special to all of us and we will miss him very much. Thank you from the bottom of our hearts. Q. Were things as scary 100 years ago as they are now?

A. Every generation has something that they feel is the worst disaster to befall their nation. Pompeii was destroyed in a massive volcanic eruption, plagues hit Europe and decimated populations, the Spanish Inquisition, famine all over the world, fires in London, massive earthquakes, and war, war and more war. There have been wars over territory in the Middle East since the earliest recorded records of time, their war is nothing new. What is new is the fact that people all over the world now have immediate access to what is happening. Television has brought all these events into our living room. There is no such thing as an isolated little squabble anymore, the reporters are right there reporting every insult, punch and shot exchanged. This makes events that are happening all around the world seem much closer and more personal. So many of the same things are going on, only now you get to see them over, and over, and over again on TV. They didn't have constant replay back in the old days but they felt just as much pain and horror over the events.

Let's take a look in "The Devil's River News," of 1901- In January we find Sheriff E. S. Briant moving his drug store to the Koenig Building. S. H. Stokes, Sutton County Clerk is seriously ill with pneumonia. The Sheriff Briant and his deputies installed a new wood stove in the Methodist Church. Milt Clamp over in Brackett, died from la grippe.

Victoria Alexandrina Queen of Great Britain and Ireland, Empress of India, died January 23, 1901. She was born in 1819 and ascended the throne in 1837.

In February, Sheriff Sam Sparks came in from Coleman to pick up Jeff Taylor from our jail. Taylor was charged with attempted train robbery. Jeff Nieeman, colored cook on Loomis ranch was shot by Louis Goethels with a 41 Caliber Colt. A poll tax of 25 cents has been levied on each male and a sheriff, and the guard at the jail are each allowed salary of \$300 per annum.

In March the date for Tom Ketchum's execution was set and Tom Clifford was seriously injured when run over by his wagon on a

The Health Board says that Sonora has to be cleaned up or people are going to become very ill. Sheriff Howze took G. Kilpatrick to Concho Co. for trial.

In May, Ezra Teel shot and killed Opie Bradley in Pecos Co. Sheriff Garcia cut the rope and the gruesome hanging of Tom Ketchum took place in Clayton, N. M. Eugene Liebold and S. G. Jackson had a little gunfight and turned themselves in over in Kerrville. Dave Atkins forfeited his bond by failing to appear on murder charges in regard to the death of Tom Hardin at Knickerbocker 4 years ago. Ben Robertson was arrested and charged with the death of Rafael Ramirez, the 22 year old son of Meree Benavides.

In June Woody Temple and Ben Hardin had an altercation resulting in a slight bullet wound in the shoulder of Temple. Ex-Sheriff Joe T. Gurley is seriously ill. Ray Davis, youngest daughter of Mr. and Mrs. J. L. Davis, fell from the horse power at the ranch and broke her collar bone. Richard M. Glover, Sheriff of Gonzales Co., was killed by a band of Mexicans that murdered W. T. Morris, Sheriff of Karnes Co. In Alaska Kilcoon, Chief of the Hydah tribe was shot and the younger members of the tribe have declared war against whites. Joe T. Gurley died of cancer at his home in Ozona. W. A. Shephard was arrested for the murder of Chris Linzell.

In July the Great Northern Express Train was held up near Great Falls, Montana and \$83,000 taken. Tod Carver was arrested and Bill Taylor sawed through the bars and made his third jail break while awaiting trial for train robbery and murder. J. D. Cobling killed Wm. Wagoner at Terlinqua and surrendered at Alpine. Cole and James Younger were paroled from prison. Jesus Rios was found sitting under a hackberry tree, near a water hole on the T. P. Gillespie place, with two 30 - 30 wounds in his body, by Catarino Enriques. Authorities feel he has been dead about 3 days.

In August 1901 Felix Mann Stable was set on fire by unknown persons. In Lawton, OK the drought is so bad water costs 15 cents a

glass. Jim Huett was shot and killed by Charles Duke on Camp Charlotte Rd, 7 miles west of San Angelo. Deputy Postmaster Watson was shot twice in the breast by R. L. Vatte in Rockdale, TX. Pablo Flores was killed while resisting arrest at his home in Realitos, TX. Pedro Ortiz who killed Jesus Riaz was captured and confessed and Sheriff Wernett of Del Rio was given a \$50 reward by Sutton Co. Jonathan Miles arrested for murder of Harry Ball in Tom Green Co. Sheriff J. B. Allen closed all the saloons and business houses in San Angelo that were open on Sunday contrary to the law. Zapata Co. is famine stricken urgent appeals made for food. Al Gardner escaped from the Sonora

In September in Coke Co., a squatter, Mr. Scott killed William C. Haley, the legal land owner. Francis Tankersly is being held on \$1,000 bond for the killing of Bee Cox. Bob Ransom is in jail for killing Jim Lusk. James McArthur was killed at Deer Lodge, Montana for killing Capt. Oliver Dotson. President McKinley was shot. Alice died. President Hagerlund McKinley dies.

This is all the papers we have on file for 1901 but I know that huge memorial services were held in Galveston that year to commemorate the 6,000 victims of the massive storm that decimated that city on September 8, 1900. There is also slight mention of smallpox in the area, and records show that several

people died from it in the latter part of 1901.

So from September 1900 to September 1901 people are dealing with the deaths of 6,000 people from a disastrous storm in Galveston, there are killings all over the state, smallpox, drought stricken and famine stricken areas in Oklahoma and Texas, Indians declaring war in Alaska and attempts are being made to "civilize" the wild west. Meanwhile bands of Mexican outlaws are raiding back and forth across our bor-

The outlaws were stopped, U.S. Government troops were finally sent to patrol our borders and make our southern boundaries safe again. People recovered from the Galveston disaster, rebuilt and went on with their lives. Smallpox vaccinations almost eliminate the disease. People still kill people, we haven't found a way to stop that yet. England survived the death of their Queen, America the death of their President, nations healed their wounds and went on to thrive and prosper. Our ancestors have shown us the way through hard work and perseverance to overcome any disaster that might befall our nation.

This letter is to the sorry @#*! that stole my beautiful American Flag that was proudly displayed on my white mailbox on Highway 55. You are no doubt the scum of the Earth and must be anti-American to steal an American Flag. You think you have gotten away with this despicable act, but God knows what you have done and you will pay a penance, not only for lying, but also for stealing!

Dear Editor,

We would like to take this time to congratulate The Mighty Bronco Band on earning a Division 2 rating in the 2nd Annual Marching Festival held in San Angelo this past weekend. This Festival consists of many participating Jr. High and High School Bands from surrounding areas.

Having been in a band, having a nephew in band this year, preparing to have a band student in the near future, and with the contest being in San Angelo, a trip often made, my family and I decided to go show our support. We were surprised not to see a lot of parents and people from our community sitting in the stands supporting and representing Sonora.

If you missed this event you missed a good chance to see how hard The Mighty Bronco Band has been working and the extra effort they've put forth in getting better

and stronger as they prepare for marching competition in Brady, TX.

As an ex member of the Mighty Bronco Band, and having participated in marching contests in Brady, I know that these next two weeks these kids will be working harder than ever putting in extra time into early morning and late afternoon practices. If you have a child in band, go by to watch and support them in their afternoon practices. I'm sure Mr. Bedwell and Mrs. Esparza would appreciate any extra help and encouragement.

The Brady marching competition will be Saturday, October 20th. Again, if your child is in band, I know he/she would very much appreciate your presence and support at this very important event.

Good Luck Mighty Bronco Band!

Ramon & Juanita Estrada

Mighty Bronco Band Rates "Excellent" In San Angelo____

On Saturday, October 6, the Mighty Bronco Band went to San Angelo to compete in the San Angelo Area Marching Band Contest. The band students agave their all in competition and were rewarded with a rating of II (excel-

lent). The Bronco Band also placed second in the AA division. The comments received at this contest will help the band to prepare for the UIL Marching Competition, which will be held in Brady on October 20, 2001. We are really proud of the hard work the students have put in thus far this year and look forward to continued improvement.

Early Detection Reduces Breast Cancer Risk

An estimated 12,300 Texas women will be diagnosed with breast cancer in 2001, and about 2,600 women will die of the disease. Nationally, breast cancer is the most common form of cancer in women.

Research shows that breast cancer mortality could be reduced by at least 30 percent if women followed recommended breast cancer screening guidelines.

Though more than 75% of all breast cancer occurs in women 50 or older, women of all ages are at risk. African-American women are the most likely to die of breast cancer than any other group of women. Getting a mammogram and breast exam only once is not enough. The American Cancer Society recommends that women get a mammogram and clinical breast examination every year beginning at age 40.

A woman has the greatest chance of successful treatment if

breast cancer is found at an early stage. Early detection practices are part of a good breast health routine. A good breast health routine includes a yearly mammogram, clinical breast examination by a medical provider, and monthly breast self-examination.

Further, Medicare helps pay the cost of a yearly mammogram for women age 40 or older with Medicare Part B. Women who are between 50 and 64 may be potentially eligible through other programs for a clinical breast examination and mammogram.

A woman owes it to her family, friends, and to herself to do all she can to stay informed and have screening on time.

When we lost our beloved family member, Pete Samaniego, it would have been unbearable except for two things.

First, we are secure with the knowledge he has gone to a better place that has no pain.

Second, we saw hundreds of Pete's friends come to stand beside us in our time of need and sorrow. Your support, gifts of flowers, food, and your love were invaluable help to us all and we thank you.

We love Pete and always knew others loved him, but until now we had no idea he had touched so many of your lives.

We will always be grateful for your love and the kindness you have shown to our family. We take comfort from your kind deeds. From our hearts to yours, thank you and may God bless you all.

Pete Samaniego's Family

Cuando perdimos a nuestro querido Pire "Pete" Samaniego, hubiera sido insoportable si no fuera por dos cosas.

Primero, estamos tranquilos al saber que el se ha ido a un lugar mejor donde no hay dolor.

Segundo, vimos a cienes de los familiares y amigos de Pire cuales nos acompaniaron en nuestro tiempo de necesidad y tristeza. Sus regalos de flores, comida, apoyo, y amor fueron ayuda inestimable para todos nosotros y les damos las gracias.

Queremos mucho a Pire y siempre supimos que fue querido por muchas personas, pero hasta ahora no teniamos una idea cuantas vidas el afecto.

Siempre estaremos agradecidos por su benevolencia y amor que mostraron a nuestra familia. Tomamos consuelo de sus actos de amabilidad. De todo corazon, muchas gracias y que Dios los bendiga.

Abstinence Program Scheduled for S.I.S.D and **Parents**

We are pleased to announce that Aim For Success will be presenting their programs to our students. Aim For Success is a nationally acclaimed educational organization that promotes sexual abstinence until marriage. These programs cover the risks of teenage pregnancy, the epidemic of sexually transmitted diseases, the pain of emotional scars, and much more.

The parent meeting includes a preview of the student program so you can see firsthand what the students will be hearing. This program equips parents with the tools and medical information needed to communicate effectively with their children without embarrassment. Parents learn how, when, and why to talk to their children (toddlers to teens) about sex. Aim for Success believes parents should be their children's primary sex educators, but they have found that many parents don't know how to approach this critical subject.

Aim for Success is the largest provider of sexual abstinence programs in Texas and one of the largest in the United States. They presented over 2500 of these healthbased programs last year. Ninety percent of those programs were in public schools across the nation, each in over 150,000 students and their parents.

This is a MUST SEE even for family members, youth workers, counselors, nurses, school administrators and anyone who is concerned about teenage sexual activity in our country. Come and bring a

A Parent Preview for all parents will be held on October 22, 2001 at 6:00 p.m. at the Sonora Intermediate Auditorium.

Sonora Broncos Football was all **Game Preview** Junction

by Nancy Glasscock

The Junction Eagles (1-4) travel to Sonora October 12th for the first district game of the 2001 season. Leon Greeson coaches the Eagles this year in a school district that has had several head coaching changes in the past few years. The Eagles return five offensive and six defensive starters from last season's 3-7 team. This season, the Eagles have played 1A Rocksprings and Menard. They defeated Rocksprings 28-0 and lost to Menard 13-0. They also played and lost to 3A Ingram, 21-7. 2A Johnson City and Center Point defeated Junction 27-10 and 13-0.

Rumors along the I-10 corridor have indicated there is a quarterback controversy in the Eagles' camp. Clay Holland, the sophomore quarterback has not had a good year. In the Ingram game, he was 4 of 27 for 45 yards and one interception. In the Menard game, Holland was 7 of 23 for 161 yards and three interceptions. In that same game the Eagles rushed for -31 yards. They also had 125 yards of penalties. Coach Greeson replaced Holland in the Johnson City game with his son, junior Dave Greeson. Greeson has been one of the few bright spots for the Eagles' this season. As the punter, he placed three punts inside Ingram's ten-yard line in their loss to the Warriors. He is also fast and has a good arm.

Although Sonora has soundly defeated Junction the past two years, the Eagles have many excellent athletes. Their offensive line averages 210 pounds. Even with their 1-4 record, their opponents have not blown them out this season. All-State hurdler, T.R. Sissel is back for his senior year as the Eagles' number one receiver and starting free safety. He finished 1st in the 300-meter intermediate hurdles at State this past May. He finished in second place in the 110meter high hurdles and was a member of the second place 4X400meter relay team. Holland finished in fifth place in the intermediate hurdles at State. He starts as a middle linebacker and wide receiver. The Eagle starting offense has six sophomores and two juniors. Their starting defense has five sophomores and three juniors.

The game begins at 7:30 PM at Bronco Stadium. Game photos will be posted approximately one hour after the game. The game story will be posted Saturday. The Booster Club web site address is

http://www.sonorabroncos.org.

Sonora Plays Football in San Angelo

Young boys, and even 1 girl, from Sonora travel to San Angelo every Saturday to play some football at the "PeeWee" and "Heavy Weight" level. There are two teams that compete, seperated by age. The kids enjoy the games and learn valuable lessons about working together as a team, sportsmanship, and the fundamentals of football.

Back Talk

Is there a best time of day to have a chiropractic adjustment?

Some studies indicate the time of day you are treated can have an impact on clinical results but these studies are anecdotal and not the result of controlled clinical trials. Your occupation and complaint may lead your chiropractor to recommend treatment before going to work. Other elements can lead your doctor to schedule a different time for treatments based on your schedule and the stresses associated with your schedule.

Texas State Soil and Water Conservation Board To Host 61st Annual State Meeting

Conservation Board (TSSWCB) October 15-17, 2001 at the nationally Municipal Auditorium in San will be gathering to discuss an issue that is vital to all agricultural production, conservation.

The Association of Texas Soil and Water Conservation Districts (ATSWCD) will hold their annual business meeting in conjunction with the directors meeting.

'Our Nation's food security has never been more important. American farmers and ranchers produce the most abundant, cheapest and safest food supply in the world. These producers know conservation keeps the land productive and will ensure the long term viability for our food and fiber production," Jose Dodier, Jr., ATSWCD President

The meeting will begin Monday afternoon with a series of committee meetings. The feature presentations will begin Tuesday at 9:00 a.m. with a color guard presentation by the San Antonio Southwest High School Navy Junior ROTC and a welcome

The Texas State Soil and Water by Senator Leticia Van de Putte. Congressman Henry Bonilla (R-San will be hosting the 61st Annual State Antonio) will then give remarks and Meeting of the District Directors, be followed by Baxter Black, known cowboy humorists. Mack Gray, Deputy Antonio. More than 800 farmers Under Secretary, U.S. Department and ranchers from across the state of Agriculture-Natural Resources Conservation Service will also speak to the group during the meet-

> ATSWCD is an organization of 216 local soil and water conservation districts that encompasses more than 99 percent of the land in Texas. The ATSWCD attempts to make owners and operators of agricultural land aware of the need to conserve and protect the soil and water resources of Texas and the consequences all citizens face if these valuable resources are allowed to deteriorate.

Dodier believes that the ATSWCD should provide service to every soil and water conservation district in Texas to help them achieve their conservation goals. This meeting will allow the local conservation districts to provide input from the grassroots level on conservation, including water quality and quantity and ways to improve

Michael Williams to Serve on Force for Homeland Security

Austin - Michael Williams has been selected to serve on the Governor's Task Force for Homeland Security. According to Governor Perry the purpose of the task force is "To enhance the ability of the state to identify individuals who might be planning attacks and to stop them before they do any

Mr. Williams currently serves as the Chairman of the Railroad Commission of Texas, the agency that oversees the Texas oil and gas industry. In addition to his current role, Mr. Williams has previously served in the federal government as Deputy Assistant Secretary for Law Enforcement at the U.S. Treasury Department. In that capacity he oversaw the Financial Crimes Enforcement Network, the U.S.

Secret Service, the U.S. Customs Department and the Federal Law Enforcement Training Center.

"I'm honored that the governor has selected me to serve on the Task Force for Home Security and I look forward to providing what knowledge and experience I can to the benefit of Texas," Williams said.

Former Governor George W. Bush appointed Michael Williams to the Railroad Commission in December 1998. In September 1999, he was chosen by his colleagues to chair this Commission. Williams was elected statewide in November 2000 for a term expiring in 2002. He is the first African-American in Texas history to hold a non-judicial statewide post and the highest-ranking African American in Texas Government.

Rep. Bonilla Discusses U.S./Mexico Issues With Mexican President, Congresssional Leaders

WASHING-TON, D.C. - Rep. Henry Bonilla (R-

Representative Henry Bonilla met today Mexican President Vicente Fox and

congressional colleagues to discuss Mexico's role in the War on Terrorism.

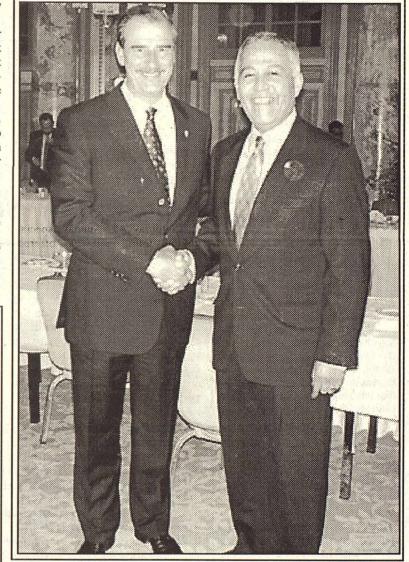

"President Fox has made it clear that he will do everything within his power to assist the United States in our war on terrorism," said Mr. Bonilla. "We must remember that neighbors and friends work together in times of trouble. These are difficult and unique times - I am reassured by President Fox's strong commitment to assist our nation." President Fox was in Washington, D.C. to meet with President George W. Bush. The group of congressional leaders held a working breakfast with Mr. Fox prior to his meeting with President Bush. The primary topic of discussion was how Mexico intends to assist the United States and North America in fighting terrorism.

"I am greatly encouraged by President Fox's commitment," said Mr. Bonilla. "He has given this crisis a great deal of personal attention. In his words and his actions, President Fox has proven that he and his country will stand with us in the fight to rid our world of terror-

At the meeting, Mr. Bonilla addressed the economic impact of the terrorist attacks. He specifically questioned how the Mexican economy had been affected and what could be done to assist border communities. In response to Mr. Bonilla's question, President Fox reassured the leaders that while the Mexican economy had also been hit hard by the attacks, it was steadily progressing. He went on to impress the importance of a partnership between the two nations to

ensure future economic strength. "The United States/Mexico border is now - more than ever - an important segment of our two nations. It is essential that we work together to ensure safety, strength and prosperity along our border," said Mr. Bonilla.

"The United States and Mexico share more than just land. We share issues, businesses, resources and people. By working together, we have achieved great things. I feel confident this cooperation and friendship will pull us through these tough times and lead us down the road to success," said Mr. Bonilla. Mr. Bonilla represents more than 800 miles of the Texas/Mexican border and is cochairman of the Border Caucus. He has been a long-time leader in free trade policy and helped push the North American Free Trade Alliance (NAFTA) through

Rep. Turner Appointed To Anti-Terror Task Force

AUSTIN --Although the terrorist attacks of September 11 may have taken place in the eastern part of the United States, the State of Texas is taking steps to

combat terror on the home front. A task force has been formed that will study issues related to terrorism. Governor Rick Perry (R) has appointed State Representative Bob Turner (D-Voss) to serve on the

Although the task force's focus will be to make Texas an even safer place to call home," Turner said, "We hope that our work will also greatly contribute to the nation's fight against terrorism." The committee's main objec-

tives are to assure Texans of state and local preparedness to respond to

assistance. The task force will coordinate it's efforts with the newly created federal Office of Homeland Security. Governor Perry named Texas Land Commissioner David Dewhurst as the chairman and William S. Session, a former F.B.I. Director and a former federal district judge, to serve as vice-chair-

threats as well as to assess the abili-

ty of state and local government

man. Also appointed to the committee were Representatives Ismael "Kino" Flores (D-Mission) and Carl Isett (R-Lubbock), Senators Ken Armbrister (D-Victoria), J.E. "Buster" Brown (R-Lake Jackson), and Florence Shapiro (R-Plano). There were nine other non-legislative appointees to the task force. Rep. Turner, who is also the

Chairman of the Public Safety Committee, has dealt with numerous safety issues were serving in the legislature. In addition, his 35 years of service in the U.S. Army will benefit the committee in its work. A retired lieutenant colonel, he is a graduate of the U.S. Army Command and General Staff College at Fort Leavenworth, KS. He is also a graduate of every civil military operations, terrorism and guerilla warfare school at Fort Bragg, N.C.

'The cowardly yet monstrous attacks have deeply affected our nation," Turner said. "When all is said and done I am certain that the world will learn at least one thing. Despite the many ethnic groups and millions of people that live here, we are one people, one strongly united nation -- we are Americans.

5th Annual Cowboy Symposium - No Boots Required

Friends of San Angelo State Park Host 5th Annual Cowboy Symposium Trail Riders, Cowboy Singers, Cowboy Poetry, Kids Activities, Old West Gunfights, **Invitational Dutch Oven Cooking** Contest, Texas Ranger reenactors, Western Vendors October 20, 2001

San Angelo, TX - How many pairs of cowboy boots do you own? An online poll taken by AmericanCowboy.com showed that 61% of those polled owned from 1-4 pairs of boots and 33% owned 5-10 pairs of boots. Don't fret if you do not own a pair of boots because no boots are required at the 5th Annual Cowboy Symposium being held on October 20, 2001.

Round up your herd and join the Friends of San Angelo State Park at 10 am until sunset at the South entrance of the park on highway 2288. The Friends of San Angelo State Park is a non-profit organization for promoting the park, tourism, providing park youth programs, and raising funds for future park improvements.

Cowboy poets, musicians, sto-

rytellers, artists, historians, photographers, honest-to-goodness-cowboys and many more are heading to San Angelo to celebrate the region's western heritage on Lone Star Legacy Day. Highlights of the event include trail rides, Texas Ranger reenactments, western heritage children's activities, and Buffalo soldiers.

For the horse enthusiast there will be two guided trail rides. The rides will include a treasure hunt game played on horseback on Saturday and nice-and-easy trail ride on Sunday. The fee for adults is \$25 and includes a tee shirt, meal, and general admission. Children ride for \$15.

Events begin at 10 am with the trail rides and continue with performances beginning at noon along with a true Texas style barbeque. Advance tickets are \$5 for adults and go on sale now at the park headquarters. Children under 12 are admitted free.

For more information, contact the San Angelo State Park at 915-949-4757.

pole of the same height. Each flag should be the same size. They should be raised and lowered simultaneously. The flag of one nation may not be displayed above that of another nation.

Raising and Lowering the Flag The flag should be raised briskly and lowered slowly and ceremoniously. Ordinarily it should be displayed only between sunrise and sunset. It should be illuminated if displayed at night.

The flag of the United States of America is saluted as it is hoisted and lowered. The salute is held until the flag is unsnapped from the halyard or through the last note of music, whichever is the longest.

Displaying the Flag Indoors When on display, the flag is accorded the place of honor, always positioned to its own right. Place it to the right of the speaker or staging area or sanctuary. Other flags should be to the left.

The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of states, localities, or societies are grouped for display.

When one flag is used with the flag of the United States of America and the staffs are crossed, the flag of the United States is placed on its own right with its staff in front of the other flag.

When displaying the flag against a wall, vertically or horizontally, the flag's union (stars) should be at the top, to the flag's own right, and to the observer's left.

Parading and Saluting the Flag When carried in a procession, the flag should be to the right of the marchers. When other flags are carried, the flag of the United States may be centered in front of the others or carried to their right. When the flag passes in a procession, or when it is hoisted or lowered, all should face the flag and

The Salute

To salute, all persons come to attention. Those in uniform give the appropriate formal salute. Citizens not in uniform salute by placing their right hand over the heart and men with head cover should remove it and hold it to left shoulder, hand over the heart. Members of organizations in formation salute upon command of the person in charge.

The Pledge of Allegiance and National Anthem

The pledge of allegiance should be rendered by standing at attention, facing the flag, and saluting. When the national anthem is played or sung, citizens should stand at attention and salute at the first note and hold the salute through the last note. The salute is directed to the flag, if displayed, otherwise to the music.

The Flag in Mourning To place the flag at half staff, hoist it to the peak for an instant and lower it to a position half way between the top and bottom of the staff. The flag is to be raised again to the peak for a moment before it is lowered. On Memorial Day the flag is displayed at half staff until noon and at full staff from noon to

The flag is to be flown at half staff in mourning for designated, principal government leaders and upon presidential or gubernatorial order. When used to cover a casket, the flag should be placed with the union at the head and over the left shoulder. It should not be lowered into the grave.

Editor's note: Retailers across the nation are reporting a shortage of U.S. Flags. The American Legion is making downloadable flags available on their website at: http://www.vfw.org/images/americanflag.jpg

12:30 p.m. EDT - nighttime in Afghanistan.

Myers, sworn into office as chairman of the Joint Chiefs of Staff less than a week ago, said the attacks included B-1, B-2 and B-52 bombers as well as ships and submarines that have been deployed in the region in the days since Sept. 11.

The B-52s dropped at least dozens of 500-pound gravity bombs on al-Qaida terrorist training camps in eastern Afghanistan, one official

Defense Secretary Donald H. Rumsfeld said the strikes were designed to eliminate the Taliban's air defenses and destroy their military aircraft. Afghanistan's rulers are known to have a small inventory of surface-to-air missiles as well as shoulder-fired anti-aircraft missiles.

Afghan sources in Pakistan said the attack had damaged the Taliban military headquarters and destroyed a radar installation and control tower at the airport in the southern Afghan city of Kandahar. Smoke could be seen billowing from the high-walled compound of Mullah Mohammed Omar, the Taliban leader, these sources added.

One Pentagon official said that while highly visible attacks were being carried out, other operations would not be seen publicly. Officials have said previously that U.S. special forces have been operating inside Afghanistan.

Roughly an hour after the first volley of cruise missiles, Taliban forces came under attack from the northern alliance, Afghan opposition forces who fired multiple-rocket launchers from an airbase about 25 miles north of Kabul.

A spokesman at the Afghan Embassy in Tajikistan, a nation that does not recognize the Taliban as rulers of Afghanistan, said that the opposition could make an attempt to enter Kabul, the capital. Asked when, he said perhaps in days or a

thunderous blasts. The president said the military strike would be accompanied by the delivery of food, medicine and other supplies needed to sustain the people of Afghanistan. Pentagon officials said the yellow plastic packets, dropped by C-17 cargo planes, are about the size and weight of a hardcover book. They have a picture of a smiling person eating from a pouch and a stencil of an American flag."This food is a gift from the United States of America," says the inscription, in English.

Bush said the military effort was only part of a campaign against terrorism, "another front in a war that has already been joined through diplomacy, intelligence, the freezing of financial assets and arrests of known terrorists by law enforcement agents in 38 countries."

"We did not ask for this mission, but we will fulfill it," he said.

We are supported by the collective will of the world," Bush added. He said Canada, Australia, Germany and France have "pledged forces as the operation unfolds," and numerous other countries have granted air transit or landing rights. Still more nations are providing intelligence, he said.

To help sustain the coalition, officials said Bush was sending Secretary of State Colin Powell to Pakistan and India in the next few days. Pakistan has emerged as a key ally in the war on terrorism. India, in turn, has expressed concern lest the United States begin to favor Pakistan in a long-term struggle over the disputed territory of Kashmir.

British Prime Minister Tony Blair offered strong support in a speech to his own nation. He said of the Taliban, "They were given the choice of siding with justice or siding with terror. They chose to side

At press time attacks are still underway in Afghanistan. President Bush refused to say whether gound troops would be added to the campaign against terrorism.
