Hospital Board Approves Landscaping Project

The regular meeting of the Sutton County Hospital District Board of Directors, was held on Monday, October 8, 2001 at 7:00 p.m. in the Hospital Annex. The following Directors were present: Alvis Johnson, President; Lewis Allen, Vice President; Virginia Epps; Lenora Pool; Preston Faris; Sherrill Dannheim. Also present were Keith Butler, Administrator; Ben Epps, Sheila Richter, Carolyn Lara, and Kathy Knight, Board Secretary.

Virginia Epps made the motion to approve the September 10, 2001, regular meeting minutes, with two corrections. (1) on the 2nd page, 2nd paragraph to include "motion carried" after the initial motion. (2) on page 1, 3rd paragraph - "change 2001 to 2000 taxes collected..." Allen seconded the motion and the motion carried.

Upon a motion by Faris, seconded by Dannheim, the Board approved the tax roll for 2001.

There was no business from the Sutton County Appraisal District.

Discussion was held regarding a Boy Scout doing the landscaping of the Hospital as an Eagle Scout project. The Scout will meet with the Board and get their approval on

United States Postal Service Message to Customers

We Are Taking Every Possible Measure To Assure Safety Of Customers And The Mail.

The Postal Service places the highest priority on the safety of its employees and customers and the security of the U.S. Mail. We are taking every possible measure to assure the safety for all and we are working tirelessly to keep the mail moving and to keep your employees safe and secure.

America's postal employees have done an outstanding job of keeping the mail moving since Sept. 11. We have delivered more than 20 billion pieces of mail since the tragedy. It's important to remember that these are isolated incidents.

While we are taking every possible precaution, we understand the importance of America's mail to its people and its economy and we will continue to deliver it.

We are coordinating our efforts with the FBI and the Department of Health and Human Services. Our Chief Postal Inspector is working with the mailing industry to strengthen the security of business mailrooms. We have established a Mail Security Task Force on hazardous biological and chemical materials that will include our unions, management associations, major mailers, and senior postal managers.

Now more than ever, America is depending on the Postal Service to keep the mail moving safely and

securely. Everyone needs to mobilize common sense in dealing with this unfamiliar situation.

The information below describes how to identify a suspicious mail piece and the procedures to follow:

What constitutes a suspicious letter or parcel?

- * Some typical characteristics which ought to trigger suspicion include letters or parcels that:

- * Have any powdery substance on the outside.

- * Are unexpected or from someone unfamiliar to you.

- * Have excessive postage, handwritten or poorly typed address, incorrect titles or titles with no name, or misspellings of common words.

- * Are addressed to someone no longer with your organization or are otherwise outdated.

- * Have no return address, or have one that can't be verified as legitimate.

- * Are of unusual weight, given their size, or are lopsided or oddly shaped.

- * Have an unusual amount of tape.

- * Are marked with restrictive endorsements, such as "Personal" or "Confidential."

- * Have strange odors or stains.

What Should I do if I Receive an Anthrax Threat by Mail?

Taxes And Life - Is Sutton County The Place To Be?

Everyone is invited to attend an Open Public Meeting hosted by the Sutton County Extension Program Council Executive Board to learn more about our tax system and especially how taxes where we live and work are calculated, assessed, utilized and especially what the future holds. Dr. Judith Stallmann, associate professor and extension economist with the Texas A&M University System will be joined on an expert panel by Ms. Rexanne Friess, Chief Appraisal Officer for the Sutton County Tax Appraisal District; Mr. Brant Myers, Superintendent of the Sonora

Independent School District; and a representative of Thomas Y. Pickett & Co. (responsible for Sutton County Mineral Tax Appraisal). The meeting will be held on Wednesday evening, November 7, 2001, at the Sutton County 4-H Civic Center from 7:00 - 9:00 p.m.

Registration will begin at 6:30 p.m. and the program should conclude shortly after 9:00 p.m. If District court is in session at the Civic Center then the meeting will be relocated to the Sonora High School Auditorium. Key topics of interest to be discussed will include an explanation of how Sonora and

Sutton County compare to other similar locations in our area, how Texas compares to other states, how our local property appraisals are computed, what percentage of the locals taxes generated are from the oil & gas industry, what the future holds for mineral appraised values, and information concerning the proposed new school bond issue. All persons are encouraged to attend this informative meeting and ask questions of these experts concerning our tax structure and what the future holds. Come and bring a friend.

The Sonora P.D. held its open house on Tuesday, October 16th with friends from the community. Everyone was treated to a tour of the new facility and some great refreshments.

City Council Accepts Bids For Fire Truck

On the 16th day of October 2001, the city council of Sonora, Texas met in regular session with the following to wit: JoAnn Hernandez, Mayor, Councilmembers Gloria Lopez, Jim Polocsek, and James Blackman; Brent Gesch, City Manager; Beth Wallace, City Attorney; Becky Covington, City Secretary.

Others attending all or part of the meeting were, James McLaughlin, Tony Lane, Ann Kay, Don Sessom, Justin McGeath, Rick Taylor, Juanita Mesa, Russell Green, Carl Teaff, Kyle Donaldson, Jimmy Cahill, Lewis Allen, Chris Croy, and Jess Harper.

Mayor Hernandez opened the council meeting at 2:00 p.m. Judge Sessom gave the invocation and the "Pledge of Allegiance" was recited.

Polocsek made a motion to approve the minutes for the regular meeting held on September 18, 2001 as written. Lopez made a second to the motion and all members present voted in favor.

Polocsek made a motion to approve the monthly tax collection report for September. Blackman made a second to the motion and the motion carried.

Lopez made a motion to approve a Resolution that Jim Stephen be nominated to serve as a Director on the Sutton County Appraisal District as the City's representative. Blackman made a second to the motion and the motion carried unanimously.

Polocsek made a motion to certify the following tax roll for 2001: Taxable Value: \$73,885,232; Total Tax Levy: \$382,771.42.

Lopez made a second to the motion and the motion carried.

Russell Green, Fire Chief, reported the following Fire Department activity for the third quarter: Total Alarms - 23, Structure Fires - 1, Grass Fires - 10, Vehicle Fires - 2, Rescues - 7, Trash Fires - 1, Other 2, Total Man Hours - 178, County Man Hours - 83, County Fires - 14, City Man Hours - 93.5, City Fires - 8, Mutual Aid Man Hours - 1.5, Mutual Aid Calls - 1. Blackman made a motion to approve the report as presented. Polocsek made a second to the motion and all members present approved the motion.

Polocsek made a motion to approve the quarterly financial report of the Sonora Industrial Development Corporation. Upon a second by Lopez, the motion was voted on and approved.

The quarterly investment report

was presented to the council by the City Secretary. Becky advised that interest rates had decreased and the last certificate of deposit that was renewed the interest rate dropped to 4.13%. Polocsek made a motion to approve the report and Blackman made a second to the motion. Motion carried.

Carl Teaff, Fire Marshall and Russell Green, Fire Chief, reviewed the fire truck bids with the council. Of concern was the cost of the truck and the amount the budget would be amended. In deliberation, Rick Taylor, Sonora Industrial Development Corporation Director, offered to assist the city with the funding if allowed by law. The council requested Beth Wallace, City Attorney to check into expending 4B sales tax for a fire truck. If Beth approved the project, Rick advised that he would bring the request to the Sonora Industrial Development Corporation board for consideration. Blackman made a motion to accept the low bid of \$79,527.00 from Semo Tank/Baker Equipment Company for a 2002 Ford F-550 Chassis and Aluminum Brush Unit with foaming equipment. Polocsek made a second to the motion and the motion carried.

The Chamber of Commerce presented the quarterly hotel occupancy tax report. It was requested that the financial statement include a budget/actual comparison so the council could review the report for compliance. Polocsek made a motion to approve the report. The motion was seconded by Lopez and was approved by all present.

Blackman made a motion to approve the Publicity and Tourism Agreement between the City of Sonora and Chamber of Commerce in order to make revisions due to the recent law change requiring additional reporting of uses of occupancy tax funds. Polocsek made a second to the motion and the motion carried.

The Friends of Historic Sonora presented the quarterly hotel occupancy tax report for review. Ann Kay reported that the Memorial Day Exhibit was one of the finalists considered for the Texas Downtown Association President's Award Contest. The purchase of a new computer was questioned and it was requested that expenses not budgeted be submitted to the council for budget amendment consideration prior to being purchased. Also, it was requested that a budget/actual comparison be included

School Board Discusses Upcoming Bond Election

The Sonora Independent School District Board of Trustees met on October 15th for a regular meeting.

Board members present were Tryon Fields, President, Dayton Armke, Jesse Bustamante, Tammy Favila, Scott Jacoby, and Tom Payton. Also present were Brant Myers, Superintendent, Doug Bawcom, Christy Bell, John Berry, Alice Cox, Louise Dermody, Diane Jacoby and Cynthia Keel.

After a quorum was announced by Fields, the minutes from the September 10th meeting were unanimously approved as written.

In the absence of the Chief Appraiser, Rex Ann Friess, the Board President announced that members had received a copy of the monthly tax collection report in their packets.

High School Counselor Christy Bell reviewed the Annual Performance Report for Safe and Drug Free Schools for 2000-2001. Following a question and answer session, Fields thanked Ms. Bell for her presentation.

Superintendent Myers reported that enrollment was holding steady at 921. Myers stated that he, along with administrators and three teachers, had attended a training session at the Region Center regarding the upcoming DEC visit scheduled for March 25, 2002. He also stated that the Region Center would conduct a mock visit on February 20, 2002. The Superintendent gave information regarding the upcoming bond election and presented a list of groups/organizations to whom he had spoken about the Facilities Project, commenting that he estimated he had visited with approximately 680-720 community members. He also informed the Board about the new project, Video on Demand, which is being implemented by the Region Center.

Myers concluded his remarks by stating that a watering system was being installed at the baseball field and that the cost of \$4500.00 was being shared by Sutton County (\$500), SISD (\$500), a donation from the Cauthorn Trust, and the Sonora High School Baseball activity account.

A motion was made by Payton, seconded by Favila, to certify the 2001 Tax Roll as presented. All members present voted in favor. The motion carried.

A motion was made by Favila to nominate Rusty Garner, Alvis Johnson, and Bruce Kerbow to the Sutton County Tax Appraisal Board of Directors. The motion was seconded by Armke and carried unanimously. The school district's nominees will be elected at the November meeting.

Bustamante made a motion to approve the Resolution for Dissolution of CED 22 as presented. The motion was seconded by Payton and carried unanimously.

Current bills in the amount of \$388,327.59 were unanimously approved for payment after a motion by Payton and a second by Bustamante.

The Superintendent informed the Board that only one bid had been received for the sale of the Spanish tile and it was from C.D. McKamie for 50¢ per tile. A motion was made by Payton to approve the bid from

Halloween Costume Safety Tips

Halloween should be a time for fun and treats. Unfortunately, roughly four times as many children ages 5 to 14 are killed while walking on Halloween evening compared to other evenings of the year, and falls are a leading cause of injuries among children.

Dr. Kremer, founder of KidsSafe.com and BeSeenOnHalloween.com, advises parents to pay special attention to the costumes they purchase for their little trick-or-treaters.

The following should be used as a safety guideline to permit your youngsters to have a Ghostly Good Time, and not visit Dr. Frankenstein.

Costumes:

- When purchasing costumes, masks, beards and wigs, look for flame resistant fabrics such as nylon or polyester or look for the label "Flame Resistant." Flame resistant fabrics will resist burning and should extinguish quickly. To minimize the risk of contact with candles and other fire sources, avoid costumes made with flimsy materials and outfits with big, baggy sleeves or billowing skirts.
- Purchase or make costumes that are light, bright and clearly visible to motorists.
- For greater visibility during dusk and darkness, decorate or trim costumes with reflective tape that will glow in the beam of a car's headlights. Bags or sacks also should be light colored or decorated with reflective tape. Reflective tape is usually available in hardware, bicycle and sporting goods stores.
- Children should carry flashlights to see and be seen on Halloween.
- Costumes should be well-fitted and not drag on the ground to guard against trips and falls.
- Children should wear well-fitting, sturdy shoes. Oversized high heels are not a good idea.
- Tie hats and scarves securely to prevent them from slipping over children's eyes and obstructing vision.
- If your child wears a mask, make sure it fits securely, provides adequate ventilation, and has eye holes large enough to allow full vision.
- Swords, knives and similar costume accessories should be made of soft, flexible material.

Cards of Thanks

The Friends of Historic Sonora, Inc./Main Street Program would like to express our appreciation to all the businesses and folks who purchased Krispy Kreme Donuts on our Sonora Krispy Kreme Day. The Sonora Krispy Kreme Donut Day started on Sunday as Vivian Mearns and I traveled to Austin, Texas to purchase 342 dozen donuts. Monday morning at 6:00 a.m. the coffee was on and the cars were loaded and ready to deliver the best donuts in Texas. We would like to recognize Glenda Lowe, Vivian Mearns, Mickey Shaffer, and Nancy Davis who delivered the donuts to all the businesses and Joy Galbreath, Roy Jean Johnson, Tabby Sanchez-Abrego, Shelly Hughes, Tonya Brown and Rachel Duran who worked on this promotion for the Friends of Historic Sonora, Inc./Sonora Main Street Program. We will use this money to support the Fall Festival Community Thanksgiving Lunch and other activities that do not qualify for Hotel/Motel Tax funds. Special thanks to Austin, Texas Krispy Kreme Donut Shop for all their help in making the Sonora Krispy Kreme Donut Day a huge success in Sonora!!

We would like to express our thanks to Firemen, Pat Campbell and Tim Thorp for teaching fire safety to the children at God's Little Angels Daycare. The children had a great time especially during their ride on the fire truck.

Thanks alot,
Pam Bolt and God's Little Angels

Thank you to the City of Sonora's Mayor JoAnn Hernandez and the City Council members who approved my Eagle Scout Project, Rick Taylor and the Economic Development Council who's Nature Center plan I assisted, and T-Bar Construction who donated the use of its roustabout truck. I also appreciate the work of Zed Snodgrass, Randy Gillit, Pat Gillit, and Ray Glasscock with my project on Eaton Hill.

Ask the Historical Society

by Jo-Ann E. Palmer, Secretary

Q. How can I find out how old my house is?

A. Study the construction of your house from the attic down to the cellar. Check the size of the boards used. A 2 x 4 has changed measurements greatly over the years. You can many times find additions to your home by the different size boards used in the newer construction. Ask a contractor for the years the sizes changed. I prefer to use interiors to find ages of homes around here, the interior attic beams, floor joists, exterior walls, are much easier to read than local exteriors. What type of nails are used in the building, or are the beams pegged? Are there any hidden signatures and dates the contractors might have put in the peak of the attic or in the concrete porch or cellar floor. Don't just go by a sidewalk or porch date. They could have been added on at a later date. Many wooden porches were changed to concrete patios over the years.

In the 1920' - 50's many houses in Sutton County underwent extensive renovations. Additions were made to the homes and they were rocked or stucco added. In some cases whole floors were removed so that houses could have the "modern" flat roofed, stucco exterior that was so popular then. Some folks took one floor homes and added a second floor for their expanding needs. It is very difficult to say at a glance just when homes in some of the older parts of town were built.

If you are lucky you might find an old insurance company map that shows what your home looked like over the years. Sometimes you will find that from 1890 to present several different homes have stood on your lot. By checking deed records you can find out if your home was on the lot at the time of deed transfers, many times there is a very good description of the house and out buildings in the deed. Another thing to look for are vendors liens against the property. Loans taken out to pay for new construction or massive changes to the building at the time of sale.

Another great source is the little old lady or man next door or prior owners to help you. They might have lived there for many years or can tell you who has lived in the neighborhood the longest. They can give you names of people that have worked on the house over the years, maybe even what contractor did different updates to the home. Then call a reputable contractor to come by and give you some good sound advice before you start tearing out walls or making changes in the

house. If you rip out what you think isn't a bearing wall and it turns out to be you can have a very large repair bill on your hands.

Now I would like to apologize for missing my deadline last week. I learned that when my computer crashed that they no longer make typewriter ribbon for my old portable and didn't want to make the girls at the paper try to read my hen scratching. Computer is fixed and in the future we will no longer accept ANY attachments to files. I only opened those from close friends and still managed to catch several of those nasty viruses that were going around. So folks no attachments please.

Q. Was Sheriff E. S. Briant ever shot while in office?

A. Yes. Briant was wounded in the shoulder about a year before he captured Will Carver. He had gone out on a domestic dispute complaint with Deputy J. L. Davis and when entering the home was shot by one of the people fighting. Deputy Davis shot the person that wounded him.

Speaking of J. L. Davis reminds me that his daughter, Ray Davis Clark Williams died the past week. To me this is the closing of a door to the past of Sonora. This woman actually saw the body of Will Carver, the mother of Kilpatrick lived with her family while she nursed her wounded son. She watched Sonora grow from 1895 until she left Texas in the late 1900's to live with her daughter in North Carolina. I will miss her wonderful stories. Sonora has lost one of the best goodwill ambassadors it ever had. I think everyone in her elder care center knew where Sonora was thanks to Ray Williams. Our deepest condolences to her family.

Q. Do you have the Baxter - Reagan shootout story from 1925?

A. Devil's River News, January 9, 1926 - Charles Baxter 30, Carlsbad, farmer, and Frank Reagan, 45 of Camp Wood, shot out their differences on the Sonora-Ozona road just within the border line of Sutton County Saturday afternoon, Dec. 26, and both are dead. An inquest conducted by Justice S. H. Stokes of Sonora, found that Baxter was murdered and Reagan committed suicide following the gun duel.

The shooting transpired without warning in the roadway when the drivers of the cars met and recognized each other. With the machine yet in motion, Reagan is said to have fired at Baxter through the windshield of the Baxter machine, Baxter replying with a Winchester 44. One bullet broke Baxter's left wrist and

Joseph J. Huber, age 1, 1895

two others from a 30 - 30 from Baxter's gun plowed through Reagan's hat. As Baxter slumped in his seat and the last breath of life left in him, Reagan, who had gotten out of his car, said to Mrs. Baxter and the children, "I tell you all good-bye," turned the gun on himself, the discharge taking off the top of his head, according to testimony adduced at the inquest.

Sheriff B. W. Hutcherson and Justice S. H. Stokes, conducting the inquest, questioned Mrs. Baxter and Ory. Mrs. Baxter said that her husband lived just long enough to tell her to get him to a hospital and notify his relatives. Further quizzing brought out that Ory had filed a complaint charging Baxter with the theft of clothes. Ory did not fire a shot in the gun duel, it was stated. Officers stated that Reagan and Ory ostensibly were hunting Baxter as a result of this complaint with a view of having him submit to arrest, though they believe other trouble between Reagan and Baxter was the real cause of the shooting.

Baxter who formerly resided at Leakey, with his family had been visiting his wife's relatives at Ozona. At the time of the duel, they were enroute to a farm in Tom Green County, near Carlsbad, which they had rented recently. Ory and Reagan

had been building fence on the Henderson ranch near Ozona and had learned Baxter was in Ozona, it was stated.

If you have any questions concerning Sutton County history, send them to "Ask the Historical Society," P.O. Box 885, Sonora, TX 76950-0885 or e-mail them to schs@sonorax.net. All requests must have a name and mail or e-mail address on them. You may call me at 915-387-2855 with questions, to rent the Cauthorn Memorial Depot Building or arrange tours of the Miers Home Museum or Old Jail Museum any day but Tuesday or Friday.

Many outdoor functions are held on the grounds of the Miers Home Complex, I must request that people walking their dogs on the grounds pick up after them or we will be forced to ban all but handicap assistance animals from the grounds. Also some children have been playing in the bathroom and stuffing the toilets with a whole roll of toilet paper, please keep an eye on your children when they use the restrooms, unless you would like to fish all that mess out of the bowl or find the door locked the next time you want to use these facilities. Thank you!

Fort Stockton Readies For Living History Day

Contact: Andi Martin, Fort Curator
Fort Stockton Historical Society
(915)336-2400

When students across West Texas and southeast New Mexico climb aboard the bright yellow school bus for a field trip later this month, they'll go down the road a few miles, and back in time about 130 years.

These students will be among the thousands from as many as 31 school districts that will participate in Living History Days 2001, a 2-day living history celebration at Historic Fort Stockton, Texas.

Friday, November 2nd, has been set aside as Education Day, when the grounds of the historic army post will be open only to visiting students, their teachers and chaperones. They will enjoy a living history lesson, visiting with

dozens of historical reenactors-soldiers and civilians, native Americans, artists, craftsmen and musicians-as they recreate the American Civil War era, the Indian Wars and the settlement of the Texas frontier during the 19th century.

While in Fort Stockton, the students will also visit the Annie Riggs Museum, with its collection of West Texas history and culture, and James Rooney Memorial Park.

Living History Days 2001 takes place November 2nd and November 3rd, on the grounds of Historic Fort Stockton. On Saturday, November 3rd the grounds will be open to the public. Admission to the event is free.

For more information about Living History Days 2001, you may contact Andi Martin, Historic Fort Stockton Curator, at (915) 336-2400.

Are You Aware?

Relating to Speed Limits on State Hwys.

Provided by Adelita Alvarez, Justice of the Peace HB299,

Effective 5/25/01 Section 1. Section 545.353, Transportation code, is amended by amending subsection (d) an by adding subsections (h) and (i) to read as follows:

(d) Except as provided by subsection (h), the commission may not: (1) modify the rules established by section 545.351 (b); (2) establish a speed limit of more than 70 miles per hour or (3) increased the speed limit for a vehicle described by section 545.352 (b)(5).

(h) Not withstanding section 545.352 (b), the commission may establish a speed limit of 75 miles per hour in daytime on a part of the highway system if: (1) the commission determines that 75 miles per hour in daytime is a reasonable and safe speed for that part of the highway system; and (2) that part of the highway is located in a county with a population density of less than 10 persons per square mile.

(i) The speed limit authorized by subsection (h) does not apply to: (1) trucks, other than light trucks and light trucks pulling a trailer; and (2) truck tractors, trailers and semi trailers.

Halloween Drivers Beware!!!!

To help everyone bring home treats - not tragedies --Progressive offers these 10 tips for a safe Halloween:

1. Know when your neighborhood is holding Halloween activities. The actual holiday falls on a Wednesday this year, so some neighborhoods may opt to conduct trick-or-treating on the previous Friday, Saturday or Sunday evenings.

2. Don't use a cellular telephone while driving through neighborhoods. A single distraction could lead to a tragedy. A recent country-wide survey by progressive.com shows that 46 percent of respondents report having swerved into another lane and 41 percent say they sped up while driving alone and talking on their cell phone.

3. Stay well below the posted speed limit during trick-or-treating hours.

4. Do not pass other vehicles that have stopped in the roadway. Other vehicles could be dropping off children.

5. Be intersection alert. Children could be crossing the street.

6. Never assume a pedestrian

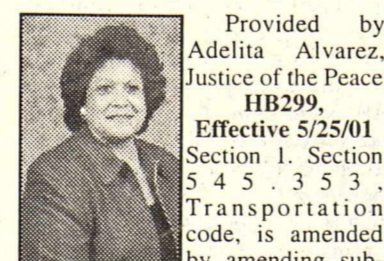

approaching the roadway will yield to your vehicle. Children may not see your vehicle approaching or might not be familiar with crossing roadways.

7. Make sure other drivers can see you. If you're driving a group of children, but staying in the running vehicle at curbside, be sure to put on your four-way flashers to alert other motorists.

8. Make sure other drivers can see the children. Give the children flashlights and glow sticks or use reflective tape on their costumes. These items will help the children make their way in the dark and ensure that drivers see them.

9. Be sure your children know how to cross a street. Instruct children to look both ways before crossing the street and to cross only at corners or crosswalks.

10. And, lastly, take advantage of your community's Halloween safety programs. Most communities offer Halloween activities for younger children that keep them out of harm's way. Your community may also offer a service that inspects candy to ensure that it is safe for children to eat.

Angelo State University Invites Students To College Days

Three "College Days" programs have been set by Angelo State University to offer prospective students a chance to sample the ASU experience.

College Days are scheduled for Nov. 3, Feb. 23 and April 13 on the ASU campus.

Programs will begin each of those Saturdays with check-in at 9:30 a.m. in the Houston Harte University Center.

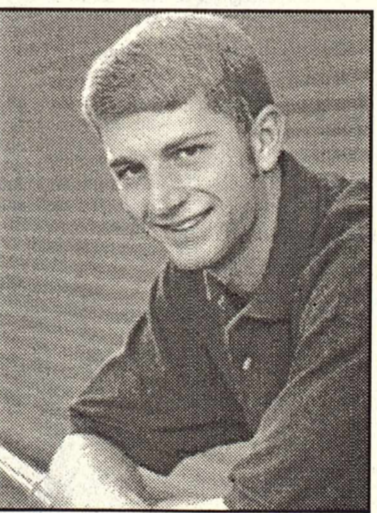

The program will include a welcome session, campus tour, a free lunch and an ASU Expo to allow prospective students and their parents to visit with faculty and representatives of numerous ASU offices and organizations.

ASU President James Hindman will welcome College Days participants and their families during each program.

In addition to the programs on academics and student life, participants at each College Days session will have the opportunity to attend an ASU athletic event. On Nov. 3 students and their families will be provided complimentary tickets to the ASU football game against Texas A&M - Commerce. On Feb. 23, College Days participants will be given tickets to Rabelle and Ram basketball games against West Texas A&M University. On April 13, College Days participants may attend the ASU Relays.

For more information on College Days, contact the Office of Admissions and Retention at 915-942-2058.

Sims Named AP Scholar

One student from Sonora High School has been named an AP Scholar by the College Board in recognition of their exceptional achievement on the college-level AP exams. Only about 13 percent of the more than 840,000 students in 13,680 schools who took AP Exams in May 2001 performed at a sufficiently high level to merit such recognition.

Students take AP Exams in May after completing challenging college-level courses at their high schools. The College Board recognizes several levels of achievement based on the number of year-long courses and exams (or their equivalent semester-long courses and exams). At Sonora High School, one student qualified for the AP Scholar Award by completing three or more AP Examinations, with grades of 3 or higher. The AP Scholar is Cameron J. Sims. Cameron is the son of Mary Jean and Jimmy Sims. He is currently attending Texas A&M University.

Most of the nation's colleges and universities award credit, advanced placement, or both based on successful performance of the AP Exams. More than 1,400 institutions award a full year's credit (sophomore standing) to students presenting a sufficient number of qualifying grades. There are 35 AP Exams offered in 19 subjects, each consisting of multiple-choice and free-response (essay or problem-solving) questions except for the Studio Art exam which evaluates students' original artwork.

The College Board is a national nonprofit membership association dedicated to preparing, inspiring, and connecting students to college and opportunity.

Bronco Express Rolls Through Grape Creek

by Tryon Fields

After a tough pre-district schedule, the Broncos rolled into District 2-2A play with the ability to coast for a few games if they wanted to. Two weeks ago, against the Junction Eagles; the Red Hosses began to stoke the fires of the Bronco Express; then this last Friday, the Broncos switched to a little higher grade of coal against the Eagles from Grape Creek. The quick strike offense of the Big Red Machine picked up where it left off at half time of the Junction game. The first five possessions of the Broncos resulted in five touchdowns. Seven of the eight scores by the Broncos would use only six minutes and eleven seconds of the total game clock. The eighth score came on an interception returned for a touchdown. The Broncos total domination of the Grape Creek Eagles would end with the Broncos scoring 55 points to the Eagles 13.

An excellent punt return by #15 Emmanuel Lopez set the Broncos up to score against the Grape Creek Eagles. Photo by Robin Street

Lopez and end up cradled by James Elliott for the Broncos fourth score in as many possessions. Once again Stetson Hall would add the PAT to give the Broncos a commanding twenty-eight point advantage with time still left in the first quarter. Broncos 28 - Eagles 0. The Eagles would end the first quarter in possession of the pigskin. They would use two minutes of the second quarter to finally cross the mid-field stripe.

Faced with a fourth and four at the Bronco forty-eight; Eagle quarterback, Jim Bob Steen, would go to the air. Bronco cornerback, Sean Fields, would pick the pass off at the Bronco thirty-two and with blockers in front of him would sprint the sixty-eight yards for the Broncos fifth touchdown of the half. The PAT by Stetson Hall would add the Red Hosses thirty-fifth point. Sonora 35 - Grape Creek 0.

Three plays and out. Bronco defense at its finest. Eagles in a world of hurt. Broncos back in business at their own forty-one. One play - twenty seconds. Student body right; and William Renfro is off to the races again. Excellent up front blocking; as well as tremendous blocks down field and the power of Renfro as he literally ran over an Eagle, defensive back would add six more points to the Broncos total. A busy Stetson Hall added his twelfth point of the game. Broncos 42 - Eagles 0.

Grape Creek's second turn-over would occur on their next possession. Bronco safety, James Elliott, would strip the ball from the grasp of the Eagle ball carrier and Red Hoss cornerback, Sean Fields would gather it in at the Eagle thirty-eight. Bronco reserivist led by Douglas Yokum would use the next four minutes to inch the ball down the field. Runs by Brandon Adkins, Louis Segura; as well as passes from Yokum to Tan Cade would get the football to the Grape Creek twenty-five. At the twenty-five, the Eagle defense would finally keep the Broncos out of the end-zone and force the Red Hosses to turn the ball over on downs. The Eagles would use the remainder of the second quarter moving the ball slowly down the field. Defensive plays by Chance Armke, Juan Rodriguez, and Luis Segura would stop the Eagles at their own forty-seven as time ran out on the half-time clock. Sonora 42 - Grape Creek 0.

The second half would begin with the Eagles taking the kick off. Same song - same verse; just different players. The Bronco defense led by Douglas Yokum, Tan Cade, Wylie Wagoner, Reyes Garcia, and Juan Rodriguez would force the Eagles to punt after gaining nine yards and using three minutes of the game clock. On the punt, a high snap from the center would get over the punters head and a hustling pair of Broncos, Cade and Rodriguez, would give the Red Hosses excellent field position at the Eagle thirty-one. Power running by Brandon Adkins

would move the ball to the Eagle fifteen. Bronco halfback, Luis Segura, would get the call on the next play and his first varsity touchdown at the seven minute six second mark of the third quarter.

On their next possession; Grape Creek's offense would answer the Broncos touchdown with one of their own. Using four minutes of the third quarter clock, the Eagles used the pass and the run to move the ball steadily down the field. With two minutes and fifty seconds showing on the scoreboard, Eagle quarterback, Jim Bob Steen would loft up a seventeen yard pass to his wide receiver, A. Ramos, for their first score of the game. The two point conversion would fail; making the score: Sonora 48 - Grape Creek 6. The next two possessions by both teams resulted in the same outcome.

Bronco fullback, Brandon Adkins, fumbled after a good gain with Eagle defender, Colby Bates, recovering the slippery pigskin. Adkins redeemed himself on the very next play as he separated the Eagle running back from the ball and Bronco safety, Matt Glasscock, would recover it for the Broncos on the Eagle fifteen. It would take the Broncos four plays and a minute and forty-four seconds to notch their final score of the game. Brandon Adkins, behind excellent blocking would get the score on the first play of the fourth quarter. Hall would get back on track; as he would boom the football through the uprights for the PAT. Broncos 55 - Eagles 6. Grape Creek, not throwing in the towel, came roaring back on their next possession. Using five and half minutes on a twelve play drive to score their second touchdown of the game. Runs by Josh Cavaness, Jim Bob Steen, Jon Hays; as well as, passes to Colby Bates would move the ball to the Bronco nine.

Faced with a fourth and goal at the nine, Eagle quarterback, Jim Bob Steen would take matters into his own hands - literally. Steen rolling to his right, would tuck the ball and scramble into the end-zone for the score. Josh Cavaness would add the PAT to give the Eagles their thirteenth point. Broncos 55 - Eagles 13. For the next five and a half minutes; the Broncos would pound the Eagles with Adkins, Segura, and Cade effectively running out the clock and gaining the Red Hosses their second district win. Sonora 55 - Grape Creek 13.

This Friday, the Broncos will entertain the Mason Punchers at Bronco Stadium at 7:30 p.m.

Come out and support the Broncos as they continue their march toward a district championship. Good Luck Broncos! BEAT MASON!

The Broncos never gave up. They took the last kickoff and quickly drove the field. Martin finished the scoring with a nice keeper for the final touchdown. The PAT was stopped and the game ended 38 to 20.

This week the JV Broncos travel to Mason for a 6:30 game. The 7th and 8th grade Colts play in Sonora against Mason with the 7th grade game at 5:00 and the 8th grade game at 6:30. Come out and support the JV Broncos and the Junior High Colts.

The 7th Grade won their game 40 - 12 and the 8th Grade won by a score of 20 to 6.

The Broncos then went three and out, but Martin backed up the Eagles with a nice punt. Hall stopped the return man cold with a nice hit. Once again, the Eagle quarterback is too much for the Bronco defense. After a couple of good stops, he completed a long pass deep into Bronco territory. He then completed the drive by rolling out and scoring himself. The two

point conversion was successful making the score 16 to 6.

The Broncos attempted to answer the touchdown as time was running out in the first half. Ramos gained ten yards. Martin rushed for 20 yards on the keeper. Wilson Wallace ran the counter play for 20 yards. The drive ended after a nice run by Ramos who was stripped of the ball and the Eagles recovered. The Eagles ended the half by taking a knee.

The Broncos kicked off to start the second half. Two Grape Creek runs netted no gain. On third down, Perez intercepted. Cardona ran for ten yards, Perez for 15 yards, and Cardona finished the drive with a touchdown behind the blocking of the left side of the Bronco line. Perez took the pitch and ran for the two point conversion making the score 16 to 14.

The next Grape Creek drive appeared to be stopped after a nice tackle by Trapper Valliant. On a third down play, the Eagle quarterback threw deep to his receiver who caught the ball just behind the Bronco defender and ran untouched for the touchdown. The two point conversion failed and the Eagles led 22 to 14.

Bronco Booster Club is sponsoring a Pancake Supper before the Mason football game, October 26th, from 5:00 p.m. - 6:30 p.m. Tickets are available through the Cross Country Track Team members or at the door. The supper will be held at the High School Cafeteria. All proceeds will provide out of town post game meals for our athletes. Donations can be made by contacting Lee Bloodworth or purchasing a ticket.

Sonora Broncos Football Game Preview Mason

By Ray Glasscock

The Sonora Broncos (6-1, 2-0) take on the Mason Punchers (1-6, 1-1) at Bronco Stadium at 7:30 Friday night. Randy Jackson is the new head coach for Mason, and he replaced Joey McQueen who moved to Big Lake. Mason is 4 for 4 in returning starters after finishing 6-5 in 2000. The Broncos defeated the Punchers in Mason 42-7 last year.

This year in district play, Mason defeated Eldorado 28-6. Last Friday night, Wall blasted Mason 45-8.

Mason's quarterback is Dewey Stockbridge. Dustin McLeod is his favorite receiver. Manuel Gonzales and Victor Castillo are the Punchers' running backs. Mason has a very big line averaging 240 pounds, which is their strength. Their overall team speed is their weakness. On offense, they tend to run up the middle behind their large linemen.

The Bronco Booster Club is having a pancake and sausage supper prior to the game from 5:00 - 6:30 p.m. It will be held in the commons area of the high school. The profits from these meals are used to buy meals for ALL Sonora athletes when they are competing away from Sonora.

Fall Rodeo Season Ends With Wins

Submitted

The final fall high school rodeo was held this past weekend in Ozona. It was beautiful weather.

On Saturday, Stetson Hall won the steer wrestling with a time of 9.6. Stetson also placed 11th in the calf roping and he and Laramie got 11th in the team roping.

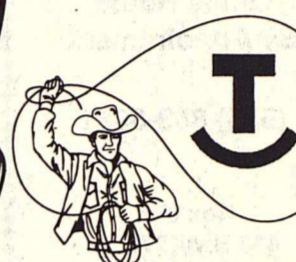

On Sunday, Stetson, once again won the steer wrestling with an outstanding time of 6.2. Laramie placed 5th with a time of 21.3. Stetson also placed 10th in the calf roping with a time of 18.3. They had a little tough luck in the team roping, but are ready to start preparing for the spring rodeos.

David Cook was still out with his injury, but we are looking forward to getting him back in the spring.

The team would like to thank everyone that bought ads for the state rodeo program and for purchasing raffle tickets for the Dodge Truck. Also, a special thank you to Jimmy Powers and Steve Duhon for their support of High School Rodeo. Last, but certainly not least, a special thank you to Coach Jason Herring for his support and encouragement of the boys.

Grape Creek's JV Defeat the JV Broncos 38 to 20

by Ray Glasscock

The Broncos won the toss and elected to receive. A series of runs by Stetson Perez, Shaun Ramos, and Diego Cardona moved the ball down the field. Perez took the ball into the endzone running the sweep to the right side. The two point conversion failed and the Broncos led 6 to 0.

On the next series, Angel Castilleja intercepted an Eagle pass. However, the Broncos returned the favor as Chris Martin rolled out and his pass to Laramie Hall was intercepted. Grape Creek tried two runs up the middle for no gain. On third down, the Grape Creek quarterback rolled left and completed a pass for a 30 yard gain. On the first play of the second quarter, the Eagles scored their first touchdown and two point conversion taking the lead 8 to 6.

The Broncos then went three and out, but Martin backed up the Eagles with a nice punt. Hall stopped the return man cold with a nice hit. Once again, the Eagle quarterback is too much for the Bronco defense. After a couple of good stops, he completed a long pass deep into Bronco territory. He then completed the drive by rolling out and scoring himself. The two

point conversion was successful making the score 16 to 6.

The Broncos attempted to answer the touchdown as time was running out in the first half. Ramos gained ten yards. Martin rushed for 20 yards on the keeper. Wilson Wallace ran the counter play for 20 yards. The drive ended after a nice run by Ramos who was stripped of the ball and the Eagles recovered. The Eagles ended the half by taking a knee.

The Broncos kicked off to start the second half. Two Grape Creek runs netted no gain. On third down, Perez intercepted. Cardona ran for ten yards, Perez for 15 yards, and Cardona finished the drive with a touchdown behind the blocking of the left side of the Bronco line. Perez took the pitch and ran for the two point conversion making the score 16 to 14.

The next Grape Creek drive appeared to be stopped after a nice tackle by Trapper Valliant. On a third down play, the Eagle quarterback threw deep to his receiver who caught the ball just behind the Bronco defender and ran untouched for the touchdown. The two point conversion failed and the Eagles led 22 to 14.

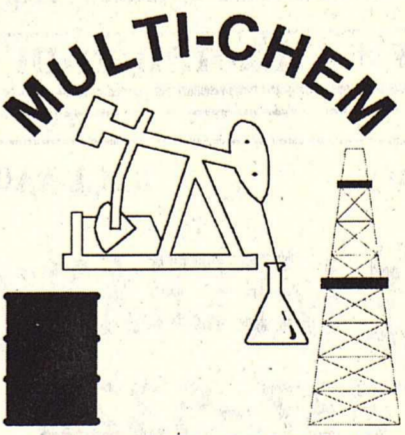

The Broncos made it easy for

the Eagles on the next drive by fumbling. The Eagles took over with great field position and scored again in five plays. The PAT was good and the Eagles led 30 to 14.

On the next series, the Eagles took over deep in Bronco territory. When they got the ball inside of the ten yard line, they used an old Chicago Bear play: the refrigerator up the middle. They inserted a player who must weight over 300 pounds as a fullback. The "refrigerator" moved the entire Bronco line backwards and scored the final Grape Creek touchdown. The successful PAT brought the score to 38 to 14.

A Summer Burning Field Day will be held at the Texas A&M University Research Station on Wednesday, October 31, 2001. The Research Station is located between Sonora and Rocksprings on Hwy 55. Coffee and donuts at 9:30 a.m. and program will start at 10:00 a.m. The topics to be discussed are:

- Summer Burning Toboagras Dominated Rangelands for Mesquite and Prickly Pear Control by Darrell Ueckert.
- Summer Burning Liveoak/Juniper Dominated Rangeland for Cedar and Prickly Pear Control by Charles "Butch" Taylor.
- Cheap but Effective Spray Unit for Fire Suppression by Nick Garza and Terry Brooks.

A B-B-Q lunch will be provided (Dutch treat) from 12:30 - 1:30 p.m. After lunch, from 1:30 p.m. to 2:45 p.m. the group will tour Hot Summer Burns conducted in 2000.

The Field Day will count as 3 CEU's. Representative Bob Turner will be attending the Field Day. For more information contact Charles "Butch" Taylor at 387-3168.

Fall Landscape Tour Planned

County Extension Agent Preston Faris has announced that the Extension Program Council Ag & Natural Resources Committee will be hosting a Fall Landscape Tour on Saturday, October 27, 2001, as a part of the Water 2000 Plus educational program being conducted by the local extension staff this year. Earlier in the year the group hosted a Water Conservation Home Landscape Clinic here in Sonora with Mr. John Begnaud as the primary speaker. This tour will visit several spots in San Angelo and again Mr. John Begnaud, Tom Green County Extension Horticulturist will be conducting the tour. The tour group will gather at the Sutton County 4-H Civic Center at 10:15 a.m. and will leave for San Angelo at 10:30 a.m. The group will have lunch in San Angelo and begin the tour at approximately 1:00 p.m. and conclude at about 3:30 p.m. The tour will concentrate on native plant landscapes which are particularly planned to conserve water. Both private and public locations will be visited. For more information or to reserve a spot on the tour contact the Sutton County Extension office at 387-3101 no later than noon on Friday, October 26. Persons requiring special accommodations to attend this event are asked to contact the extension office by 5:00 p.m. Thursday so that every effort can be made to meet that special need. Programs of Texas Cooperative Extension serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

McKamie and to sell him all but one pallet of tile, which would be kept for emergencies. The motion was seconded by Jacoby and carried unanimously.

Superintendent Myers stated that the finance area of the various improvement plans had not been completed and final approval for both the Campus and District Improvement Plans would be on the agenda for the November meeting. However, Principals Dermody, Berry and Bawcom gave brief reviews for the goals and objectives contained in their respective campus plans.

Myers presented the Board Agenda Calendar which had been developed to provide the Board with more information regarding various action and/or required items and what month or months these items occur. The Board unanimously approved the board calendar as presented after a motion by Payton and a second by Bustamante.

Myers reviewed the Evaluation Document for Superintendent and announced that there would be training provided at the November meeting on how to use the evaluation form. The Board unanimously approved the document after a motion by Bustamante and a second by Favila.

The Superintendent stated that the Board of Trustees Effectiveness Appraisal Form was basically a mirror of the Superintendent Evaluation Form. The Board unanimously approved adopting the document after a motion by Favila and a second by Bustamante.

A motion was made by Payton, seconded by Favila, to approve a Policy Review Seminar by TASSB. The motion carried unanimously. Superintendent Myers announced that the seminar would be conducted sometime in the summer of 2002.

Myers reviewed a list of substitute teacher rates for various schools in Region XV and commented that Sonora was in need of a revision in the rates. He further stated that there was a shortage of substitutes in Sonora and it was the hope of the district that the change in daily rate would increase not only the quantity, but also the quality of substitute teachers. A motion was made by Jacoby to implement the following substitute teacher rates: 1) \$45.-- for non-certified substitutes, 2) \$55.00 for certified substitutes, 3) \$60 for long term substitutes (after day 10). The motion was seconded by Armke. Voting aye were Armke, Favila, Fields, Jacoby, and Payton. Voting no was Bustamante. Absent and not voting was Sam David Hernandez. The motion carried.

Myers presented a proposal from AVNET for providing technology support and services. He thanked Middle School Principal, John Berry, for all his recent help since the district no longer had a Technology Director. A lengthy discussion was held regarding all aspects of technology support and services for the district along with the various proposals from AVNET. A motion was made by Favila, seconded by Armke, to allow the Superintendent to sign an agreement with AVNET to provide technology support to the district. The motion carried unanimously.

After convening into closed session, the Board moved to the Elementary buildings to conduct an on site inspection of existing facilities. The meeting was adjourned following the inspection.

how the project will be handled. Upon a motion by Allen, seconded by Pool, the Board approved the concept of the Scout project.

Butler presented the three year capital budget. Dannheim made the motion to approve the budget as presented. Allen seconded the motion and motion carried.

Butler advised the Board that he would like to upgrade the phone system for the Hospital. He explained to the Board, that when the office employees move to the Annex they will have to help answer the phone, as there will only be one employee at the registration desk. At this time, it is not possible to tell that a line is ringing unless someone is within hearing distance. With the new phone system there would be the flexibility of more than one person answering the phone. Butler stated increased efficiency and better customer service by moving away from the current PBX system. He presented the bid of \$14,227.56 from Verizon. A discussion was held regarding the present phone system and the new system. Allen made the motion to approach the Corporate Board for the financing of the new phone system. Epps seconded the motion. Motion carried.

Butler advised that he had received new information on the Indigent Care Policy and would like to present the policy at the next meeting. Upon a motion by Pool, seconded by Dannheim, the Board tabled any action until the next meeting.

Sheila Richter gave the Quarterly Quality Assurance report. Epps reported that she had attended the Medical Staff meeting on September 25, 2001. Epps reported that the physicians were reminded to submit their suggestions for a more accurate form for credentialing delineation of privileges. Epps also advised that the hours for serving breakfast were changed to one hour later. This change will eliminate 7 employee hours from the dietary area and would allow for two lab phlebotomists during the morning draw times, thus improving patient flow while decreasing cost.

Butler reported that accounts receivable was up this month, due to the facility becoming a Critical Access Hospital and getting a new Medicare provider #. The facility was unable to file claims for several weeks. Medicare has updated the system and the claims are now being processed.

Kathy Knight gave the financial report for August. Knight reported that the hospital had total patient revenue of \$116,554.72, with the total operating revenue of \$76,400.34. The expenses for August were \$164,395.07, with an operating loss of \$87,994.73, and a net loss of \$57,708.80. The expenses are \$322,667.19 under budget through August.

Dannheim made the motion to approve the September 2001 expenditures. Faris seconded the motion and the motion carried.

With no further business, Faris made a motion to adjourn the meeting. Upon a second by Dannheim and an approval the meeting was adjourned.

City Council from page 1

ation prior to being purchased. Also, it was requested that a budget/actual comparison be included in their financial reports. Councilmember Poloczek made a motion to approve the financial report. Blackman made a second to the motion. Motion carried.

Lewis Allen, Member of the Sonora Industrial Development Corporation Park Committee, presented a preliminary proposal for a walking trail park. The proposal included walking trails from the Highway 277 North area, through the draw, across Water Street, onto Eaton Hill and to the downtown area. Discussion was held concerning the name of the park, signage, handicapped facilities, insurance, and public restrooms. It was explained that initially there would be no expense to the taxpayer to see if the project would work. In addition, a request was made to consider the donation of equipment, labor, and materials and the use of volunteers for the project. The council advised to place the request for donations on November's agenda. Blackman made a motion to table the item for further information and Lopez made a second. The motion was tabled.

Lopez made a motion to approve an ORDINANCE OF THE CITY OF SONORA, TEXAS, ESTABLISHING A MUNICIPAL COURT TECHNOLOGY FUND REQUIRING DEFENDANTS IN MUNICIPAL COURT TO PAY A TECHNOLOGY FEE AND STATING THE PURPOSE OF THE FUND; PUBLICATION; CONFLICT; VALIDITY; AND BECOMING EFFECTIVE TEN DAYS AFTER FIRST PUBLICATION. Poloczek made a second to the motion and the motion carried.

Jess Harper with the Concho Valley Council of Governments gave a report on the H.E.A.T. (Help End Auto Theft) Program, that is a statewide vehicle registration program managed by the Texas Department of Public Safety which helps law enforcement officials identify stolen vehicles. Ms. Harper advised that she conducts education programs to help consumers protect their vehicles and call attention to the seriousness of the auto theft problem in Texas and would be available to organizations and agencies free of charge to those who would like a program.

Beth Wallace, City Attorney, reported that Schlumberger had decided that they were not going through with the purchase of the 4.95 acre tract adjacent to their property. The meeting was then adjourned, having no further business.
