No. 1 Outlaw Slain By G-Men Today

What Makes Japan So Scruppy

Whether on the battle line in China or in the world's junk yards, Japan is ready for more scrap. As her troops pour thousands of tons of steel shells at Shanghai's defenders, her ships load up with scrap iron that can be made into munitions. Below longshoremen at the American port of San Juan, Puerto Rico, direct the hoisting aboard the Glasgow Maru, at top, of scrap iron with which its hold was filled before sailing.

General Tax Bill Hit By Opposition

Determined Bloc Seeking to Lower Sulphur Increase

AUSTIN, Oct. 12 (P)—The \$10,000,000 general tax bill ran into stubborn opposition in the house today, with a determined bloc seeking to scale down the sulphur increase recommended by the committee.

Legislators pleaded for a "moderate" tax raising course in order that the measure might muster two-thirds majorities necessary to put it into immediate effect. Friends of the proposal hoped to send it to the senate tomorrow.

The senate's economy advanced when members voted 23-6 for immediate consideration of a bill cutting \$4,857,932 from departmental appropriations.

House low taxers took command when the body voted to increase the sulphur tax rate only \$1.28 a ton instead of the \$1.50 advocated by committee. The present levy is \$1.03.

Greatest Oil Show Ever Shown in SW Opens at Houston

HOUSTON, Oct. 12 (P)—The nation's oil leaders, gathered here Monday for one of the greatest oil shows the Southwest has ever seen, cheered Congressman Albert Thomas' expression of hope that the federal government never would need to regulate their giant industry.

The Houston congressman, Mayor R. H. Fonville and oil executives spoke at opening ceremonies of the oil world exposition.

Their words opened the doors of a mechanical wonderland of pump-jacks, pistons, winching drills, grinding bits and scores of other marvels which men have devised to force mother earth to yield her precious black gold. The exhibits are housed in the unfinished Coliseum building.

Racing against time, the exhibitors virtually all had completed their booths and demonstrations when the show opened.

General Manager Ed G. Lenzner announced that the public already had purchased 100,000 tickets to the exposition.

Congressman Thomas was the principal speaker at the opening ceremony.

The throng of oil men, exhibitors and sightseers broke into applause at his words.

Congressman Thomas mentioned the fact that the industry was the one bright spot in the economic map of the United States during the dark period of the depression.

Jesse Jones, chairman of the Reconstruction Finance Corporation, and Governor James V. Allred, who were slated to take part in the opening program, were unable to be present.

France, Britain Chart Moderated Course With Italy

PARIS, Oct. 12 (P)—France and Britain today charted a moderated course in efforts to get Italian soldiers with the insurgent forces out of Spain.

Circles close to the French foreign office said it had been proposed Italy be given a "last chance" to agree to withdraw troops.

A lessening firm attitude from that adopted by the two nations last week was indicated.

British and French officials actively sought a new plan to bring Italy to the conference table to discuss withdrawal of foreign volunteers from the Spanish civil war, but it Duca remained aloof.

Authoritative circles in Rome indicated little fear France would open her Spanish frontier to let supplies reach the Spanish government. They believed such a move would bring such serious danger of European war as to make France and Britain wish to avoid it.

Rome also paid little heed to other suggestions for ameliorating the crisis, such as a Paris proposal for an Anglo-French occupation of the Spanish Balearic islands.

Paper on Dentistry To Feature Program

Presentation by Miss M. Elizabeth Wilson of the paper, "Dentistry and its Relationship to Health", by Mrs. W. B. Chapman will be the feature of the weekly Health program to be broadcast over station KRLH Wednesday morning at 11 o'clock.

Chase Murph, Baptist choir director, will sing two selections.

Mrs. E. H. Ellison will announce the program.

Town Population Up-to-Date.

DODGEVILLE, Wis. (U.P.)—Dodgeville is one of the most up-to-date communities in the nation, at least as far as the number of its residents is concerned. Population signs at the city limits read "1937."

1938 Work Program For C of C Is Heaviest Yet

Plans for the most comprehensive, most active and most definitely organized program of work ever attempted by the Midland Chamber of Commerce are being laid for 1938. It was revealed at the meeting of directors Monday night.

Manager Bill Collins submitted copies of a suggested program, divided into ten major fields of activity. Instead of merely appointing committees for various divisions, without suggesting definite steps to be taken during the year, the board of directors will approve and submit to the membership goals to be achieved in the various fields.

Major objectives are divided into (1) highways, (2) housing, (3) new industries, (4) business promotion, (5) new buildings, (6) petroleum, (7) livestock, (8) agricultural, (9) civic, and (10) general activities, according to the plan outlined by Collins.

Under highways, for instance, in-

Consul General To Syria Slain By an Armenian

BIERUT, Syria, Oct. 12 (P)—James Theodore Marriner, 45, United States consul general, and one of the best known American diplomats, who shot and killed by an Armenian today.

Marriner's chauffeur captured the assassin who confessed the killing because Marriner blocked his entry to America on grounds of insanity in the Armenian's family.

Mechanic School Conducted Here

Three representatives of Buick motor division, T. A. Bates, E. E. Griswell, and W. B. Adams of El Paso, are conducting a one-day school for mechanics here today.

The 1938 model Buick is being explained with attention paid to changes which will affect the work of mechanics.

Representatives are present from Roswell, N. M., Marfa, McCamey, Crane, Fort Stockton, Iraan, Hobbs, N. M., Odessa, Monahans, Wink, and Midland.

Twenty-four men attended a luncheon at the Hotel Scharbauer today, a feature of the day's program.

Russian Election To Be Held Dec. 12

MOSCOW, Oct. 12 (P)—Soviet Russia Monday announced its first direct secret election of a national legislative body will be held Dec. 12 when a new Supreme Soviet will be named.

The new Supreme Soviet, provided by the recently ratified Russian Constitution, will take the place of the Union Central Executive Committee which in the past has held the supreme legislative and executive power.

The new constitution, implemented by an equally new election law, guarantees universal suffrage for all Russians over 18, the direct election of representatives in place of the present pyramid system that permits direct election only of local Soviet members and secret balloting.

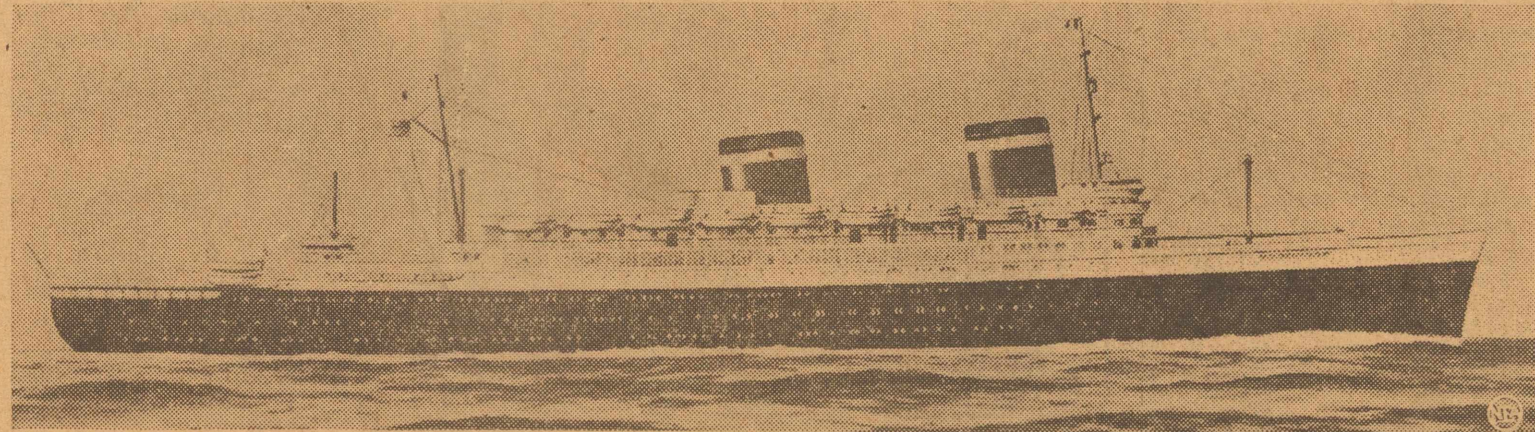

Only exceptions to universal suffrage are groups disenfranchised for criminal records or for activities under the Czarist regime.

The constitution guarantees rights of free speech, free assembly, freedom of the press, the right to work, old-age pensions and free education.

More See Toledo Museum.

TOLEDO, (U.P.)—Records at Toledo's Museum of Art shows that in the first seven months of 1937, 192,842 persons visited the galleries. July of this year brought an attendance more than 50 per cent larger than did July last year.

Preview of Uncle Sam's Biggest Liner

Not the biggest liner in the world, nor the fastest, the handsome ship that will be the pride of the American Merchant Marine, successor to the rusting Leviathan, is sketched above. The vessel will be built at Newport News, Va., at a cost of \$15,750,000, part of which will be a government subsidy, for operation by the United States Lines. It will be 723 feet long, displace 34,000 tons and have accommodations for 1200 passengers. Its speed of 22 knots is no rival for the Normandie's 35 knots.

Succumbs

Mr. and Mrs. C. B. Ponder and sons Art and Walton returned today from Sulphur Springs, where they had been called by the illness and death of Ponder's brother, Ambrose Ponder, 51, well-known Sulphur Springs business man.

Ambrose Ponder had lived in Sulphur Springs for a number of years and at the time of his death was an employee of the Sulphur Springs Cotton Oil Company.

Final rites were conducted at the Myra Wilson chapel yesterday afternoon, with the Rev. Clark H. Russell, pastor of the First Methodist church, in charge.

Ambrose Ponder died of lock jaw after an illness of only a week. He suffered an injury to one foot, at first considered slight, that was blamed for his final illness.

Former Secretary Of the Treasury Dies in New York

NEW YORK, Oct. 12 (P)—Ogden L. Mills, an aloof aristocrat of American politics and one of the last great leaders of the once powerful Republican old guard, died Monday of a heart attack.

He was stricken suddenly—only three days ago he had played golf in the old red brick and brownstone Mills townhouse that in itself is a symbol of a way of living that is passing.

His death at 53 years occurred just two and a half months after that of his predecessor as secretary of the treasury, Andrew W. Mellon.

An hour after his death became known, the street outside the door was filled with limousines, as weeping friends came to call at the gloomy old house.

Funeral arrangements have not been announced.

Mills had many political mentors, but save for President Hoover himself the most powerful was Andrew Mellon. They were in some respects strangely parallel men. Both were possessors of great wealth; each was an unquestioning advocate of political conservatism; and each moved in and air of great reserve, although the younger—Mills—was as able as the next man in political rough and tumble when it seemed necessary.

TVA Is Upheld in Ruling By Court

WASHINGTON, Oct. 12 (P)—The supreme court gave the Tennessee Valley Authority a victory over a private power company Monday and agreed to hear arguments on two other cases arising in part from Roosevelt administration laws.

In the TVA case, the court refused to review a lower court decision forbidding the Georgia Power company to prosecute, in the eastern Tennessee federal district court litigation intended to halt TVA expansion in Georgia. The question was solely of jurisdiction the right of the Tennessee court to consider the litigation. The legality of TVA activities was not involved.

In another order the high court consented to pass upon the right of the national labor board to conduct a hearing to determine whether the Bethlehem Shipbuilding corporation and the Newport News Shipbuilding and Dry Dock company have engaged in unfair labor practices as defined by the Wagner act.

The justices also agreed to hear arguments on a government appeal from a lower court ruling that interest must be paid on liberty bonds called for redemption prior to their redemption date.

This case involves a payment of \$17,500 sought by Arthur Machen of Baltimore.

Ministers, Laymen Open Presbytery; 75 in Attendance

Presbyterian laymen and ministers of West Texas and Eastern New Mexico were converging here today for the first session to be held this afternoon, of the two-day sixty-fourth state meeting of the El Paso Presbytery and for the second annual meeting of "Men of the Church".

The Presbytery will formally open its session at the church tonight at 8 o'clock with the outgoing moderator, Dr. D. F. McConnell of Big Spring, presiding.

A fellowship dinner will be held at 6:30 this afternoon. Dr. Henry H. Sweets, D. D., executive secretary of the Christian Education and Ministerial Relief committees of the Presbyterian church, with offices in Louisville, Ky., will deliver the Presbyterial message. The subject of his address will be "The Great Unfinished Task." Rev. Sweets is a past moderator of the general assembly and is now secretary of the ministers' annuity fund of the church.

Approximately 75 persons have already registered for the two sessions here and attendance figures

Al Brady, Aide Shot In Maine

Third Surrenders As Machine Guns Used By Federals

BANGOR, Me. Oct. 12 (P)—G-men killed the notorious Indiana gunman Al Brady and one of his mobsmen, Clarence Shaffer, Jr., today in a sensational five-minute gun fight on a busy downtown street.

A third, James Dalhover, dropped his gun and surrendered when a bullet grazed his head.

The gangsters were surrounded while in a store buying ammunition. The federals opened fire when they walked out. The gunmen, surprised, sought cover, meanwhile blazing away.

One federal officer was wounded but his name and the seriousness of his wounds were not made known immediately.

Brady, who had boasted "I'll make Dillinger look like a punk," was wanted in three slayings and several robberies.

The wounded federal officer was later revealed as Walter Walsh, shot seriously in the shoulder. A federal officer and a Bangor policeman were in the store when the gangsters became suspicious and fled. As they emerged, Brady with a pistol in his hand, G-men riddled them with machine gun bullets from a vacant store across the street.

Arnett's Honesty Is Profitable to Loser, Finder, Newspaper

Newspapers customarily boast of the result-getting proclivities of their classified columns. Again the Reporter-Telegram classifieds got results, but this time the boasting must include the honesty of a Midland man who made the result-getting possible.

Monday morning when R. B. Blair, grocer of Goldsmith, was transacting business in Midland, he dropped on the streets a roll of bills including three twenties and a ten, or a grand total of \$70 in American money. Somewhat in a panic, he decided to risk an additional two bits and placed an ad in The Reporter-Telegram.

Leon Arnett, Midland farmer living a couple of miles north of town, chanced to be on the streets yesterday morning and found the bills. He kept them intact, waited for the paper, looked in the classifieds and immediately communicated with the newspaper. Blair had left express instructions to pay a reward of ten per cent to anyone honest enough to bring in the money. This morning, when reached by telephone, he rejoiced over the return of the money and added, "I want to meet that fellow Arnett."

Occupants of Trio Of Autos Escape Injury in Raid

SHANGHAI, Oct. 12 (P)—Three British embassy automobiles were machine gunned today by Japanese warplanes. None of the occupants was injured.

The British said the automobiles carried the Union Jack and could have been identified easily.

Japanese bombers roared over Nanking and dropped the biggest bombs thus far. Chinese announced five Japanese planes were shot down.

A duel between Chinese anti-aircraft guns and Japanese bombers in Chiapei against exposed foreign areas to a grave danger.

The Japanese army's conquest of the five provinces of North China appeared to be near completion.

In Peiping the capture of Shihni-chiangtung, vital railway junction, 175 miles south of Peiping, was hailed by Japanese as the beginning of the end.

Neutral military men were inclined to endorse the Japanese opinion the last effective Chinese defense line in North China had been broken. Shihni-chiangtung's fall appeared to open the way as far as the Yellow River, 250 miles to the south.

It brought the Japanese legions to the railway penetrating Shansi province, and opened the "front door" of the rich area.

The consensus of informed persons here was that in the three months of its North China campaign the Japanese army had either captured or advanced to within striking distance of the capitals of the five northern provinces—Hopeh, Chahar, Suiyuan, Shansi and Shantung.

This area, conquered or apparently marked for conquest, is home to 30,000,000 Chinese, a population larger than that of Japan proper.

The five provinces include China's richest coal, iron and aluminum resources and its best cotton and wool-growing country.

Executive Council Of AFL Given the Power to Expel CIO

DENVER, Oct. 12 (P)—The American Federation of Labor convention appealed to the C. I. O.'s rank-and-file Monday to overthrow its "power-greedy" leadership and march back into the A. F. of L.

By an overwhelming vote the convention gave the A. F. of L. executive council power to expel suspended C. I. O. unions.

The convention adopted the resolutions committee's recommendation, however, that the door to peace be kept open and that battle to exterminate the C. I. O. unions be delayed until all peace efforts failed.

The committee also warned political leaders that the A. F. of L.'s political strength hereafter would be used to oppose any candidate for public office, "who would in any way favor, encourage or support the C. I. O."

ATLANTIC CITY, N. J. Oct. 12 (P)—The Committee for Industrial Organization toyed last night with the question of adopting a resolution condemning Japan for its undeclared war with China.

Although the subject had not reached the stage of formal discussion in business sessions of C. I. O. leaders meeting here, some union heads predicted privately the organization would suggest the United States boycott Japanese goods, following the lead of the American Federation of Labor.

In a "progressive report," John Brophy, C. I. O. director, told the organization that, with a membership of about 4,000,000 it has become "the most vigorous and practical force for good in the United States."

Officials of the 32 affiliated C. I. O. unions applauded his statement the American Federation of Labor was responsible for the open split in the labor movement, had attempted to "becloud the issue," and has failed to make "progress in the mass-production industries."

Death of Girl and Wounding of Man Is Being Probed

SHREVEPORT, La. Oct. 12 (P)—An investigation into the death of Miss Lois Lewis, 22, and the wounding of R. Downs Poindexter, 22, at the home of the girl's parents Sunday afternoon is still being pushed today.

Officers reported several new angles being checked. Poindexter was quoted as saying the girl shot herself and then him because he told her their love affair was over.

Roosevelt Confers With Leaders Today

WASHINGTON, Oct. 12 (P)—President Roosevelt summoned congressional leaders to the White House today to consult with them before making his nationwide radio broadcast tonight.

DEPARTURE DELAYED.

A twin-motored Lockheed of the Humble Oil company which stopped for Monday night at the airport was forced today to delay its departure because of weather. The plane is enroute to California.

E. F. Cowden Farms Out Harper Pool Acreage To Oil Well Co.

BY FRANK GARDNER.

Elliott F. Cowden, Midland and Ector county rancher and oilman, announced here last night that he had completed another deal with Oil Well Drilling Company of Dallas on a 160-acre tract in the Harper pool in Ector county.

The tract is the southwest quarter of section 14, block 44, township 2 south, T. & P. survey. It lies one-half mile east of the A. G. Carter-J. W. Naylor No. 1 J. E. Parker, 606-barrel producer which recently extended the Harper pool two miles farther northwest. Cowden several weeks ago farmed out to Oil Well the northwest quarter of section 23, which is due south of the tract in section 14.

No cash bonus will be paid by Oil Well for the acreage but it assumes obligation to drill a minimum of six wells and as many offsets as are necessary to protect nearby fields. Instead of the customary one-eighth royalty interest, Cowden will be paid an eleven-thirty-seconds royalty, which amounts to a seven-thirty seconds override.

In the Foster pool of Ector, York & Harper, Inc. and Sloan & Zook company No. 3-B Foster flowed 769 barrels on 24-hour potential gauge, bottomed at 4,285 feet. It topped pay at 4,068 and was shot with 570 quarts and later with 120 quarts. New Wasson Producer.

A. G. Carter and Phillips Petroleum Company No. 1-B Wasson, field well in the Wasson pool in northwestern Gaines county, flowed 501 barrels of oil in 12 and one-half hours after acidizing with 1,000 gallons. Gas volume after initial acid job tested 750,000 cubic feet. On natural test, made before acidizing, the well flowed 289 barrels in 12 hours through 2-inch tubing set at 4,978. Total depth is 4,990 feet in lime. It is located 440 feet out of the southeast corner of section 49, block AX, public school land, offsetting the two largest producers in the pool, Conoco No. 1 McCarthy Moore and Carter No. 1 Sharp.

A southwest outpost to the pool, Amerada No. 1 Matthews, swabbed 97.2 barrels of fluid, 36 per cent water and two and one-half percent basic sediment, the past 24 hours. Swab was run once hourly. The well has been plugged back from 5,018 to 4,998 to shut off water. It is in the northeast corner of section 417, block G, C. C. S. D. & R. G. N. C. survey.

Ralph H. Gill No. 1 Simpson, wildcat four miles east of the town of Seminole in Gaines, is drilling

Behind the Scenes in Washington

WASHINGTON, Oct. 12. — Numerous Catholics, Negroes and Jews who might otherwise forever have been obscure are now coming more or less into the news because the New Deal was embarrassed by revelation that Roosevelt's first Supreme Court appointee once belonged to the Ku Klux Klan.
Jerome A. Cooper, Jew, has been chosen by Black as his law clerk. Miss Anne Butt, Catholic, is the new justice's secretary. Leon Smallwood, designated by the court as his messenger, is a Negro and a Catholic to boot.

Jew Backs Black. ONE of the very first if not the first case which Justice Black will hear argued before the court will be argued by a distinguished Jewish lawyer named Jerome Frank.

The Town Quack

It's funny how the rain can lay off of a cotton patch until it's time to pick the crop. And it seems like rain can lay off of a pasture until time to deliver the calves you have sold.

Might Not Have Happened. FURTHERMORE, if it hadn't been for the Supreme Court's previous handling of this same Duke Power case, Roosevelt might never have made his sensational proposal to enlarge the Supreme Court.

Delivering calf crops in the rain and cooler weather is what keeps the cowboys from going soft.

Horse buyers complain that you can't get hold of a well broken horse any more. At least, not enough of them.

Centipedes are harmless and should not be destroyed if roaches are a menace since they exterminate roaches.

TIP FOR 1938

Quacks, So-Called Cancer Cures Are Warned Against

AUSTIN, Oct. 12. — The increasing number of persons in Texas dying from cancer justifies a warning at this time against quacks and so-called cancer cures," states Dr. Geo. W. Cox, state health officer.
"While newspapers, as a rule, do not carry the cancer type of advertising, there are many other ways for misinformation to reach the public. Undoubtedly there are persons who, being thus deluged from seeking proper advice, unnecessarily become cancer victims, while others not having cancer are fleeced out of much money for a cure," Dr. Cox continued.

street is more appreciated, when the weather is dry and the ground is dusty or when the weather is wet and the ground is muddy.

Farmers Paring Debts to the RA

The Farm Security Administration in Washington announced this week that the debts of 62,099 farmers have been reduced \$51,423,010 or 25.2 per cent in the two-year period ending August 31 as a direct result of activities under the voluntary farm-debt adjustment program.

debts of these farmers before adjustment amounted to \$203,876,204; after adjustment \$152,453,194.
Settlement of these cases made possible the payment of more than \$3,680,000 in taxes to local governments.
An analysis of the 62,099 cases reveals that 36,000 were adjusted through outright debt reduction; 16,052 through extension of time for payment; 950 through substantial interest rate reduction; 4576 through a combination of these methods; and 3921 through unclassified methods.

Methodist Women Continue Moslem Study Topic

Circles of the Methodist missionary society met for study sessions at the homes of members Monday afternoon at 3:30.

Mary Scharbauer—Mary Scharbauer circle met with Mrs. S. H. Hudkins as hostess at her home, 1200 W. Indiana, with Mrs. D. W. Young, circle chairman, presiding at the business session.

Mrs. Cliff M. Epps, study leader led the devotional and also the round table discussion which fol-

lowed Mrs. Frank Haag's talk on "The Moslem Women."

Following the program period, a party plate was served to Mmes. T. A. Fannin, Epps, J. M. Haygood, O. F. Hedrick, Haag, Everett Klebold, C. E. Nolan, N. G. Oates, Young, Terry Elkin, Throckmorton, John M. Speed Sr., R. J. Kelly, and the hostess.

Laura Haygood—Mrs. M. H. Crawford, chairman, opened the meeting of the Laura Haygood circle with Mrs. Frank Nixon. After a brief business period, the group turned to study.

Mrs. H. C. Barnes, study leader, presented the lesson on "The Moslem Women," dealing with the

Child Study Club To Hold Second Meeting Friday

The Child Study club which was organized last week by Miss Elizabeth Howell, national study club organizer for the Child Conservation League of America, will meet again at the home of Mrs. R. W. Patteson, 904 W. Louisiana, Friday morning at 10 o'clock.

The object of the organization is based upon scientific principles for child culture under directorship of Garry C. Myers, president of the Child Conservation League.

Officers elected at the initial meeting were: President, Mrs. R. W. Patteson; vice president, Mrs. Jack Rankin; secretary, Mrs. F. I. McConnell; treasurer, Mrs. Jas. I. Maxwell; reporter, Mrs. John Cornwall.

The club will meet twice monthly, on the second and fourth Fridays.

country and the intimate life of the women.

In the social hour following, the hostess, assisted by her daughter, Mrs. Hunter Midkiff, served a refreshment course to: Mmes. W. A. Black, Pepper, Harry Tate, F. Prothro, Wilson, Frank Adams, M. V. Coman, Crawford, Mary S. Ray, Barnes, Jess Barber, and the hostess.

Young Women—Mrs. Reese Cleveland was hostess to the Young Women's circle at her home, 721 W. Kansas, with Mrs. Barron Kidd presiding in the absence of the chairman, Mrs. S. P. Hazlip.

Mrs. Ernest Childers and Mrs. T. N. Roberts discussed the afternoon's lesson on "The Moslem World."

The devotional was brought by Mrs. J. M. Prothro, president of the missionary society.

Following the study hour, Mrs. Cleveland served tea to: Mmes. Childers, Tom Bebel, Dallas Dale, Kidd, Oliver Haag, M. C. Ulmer, Roberts, O. B. Holt, Tom Younger, and Prothro.

Mrs. Clyde Gwyn and Mrs. Ray Gwyn presented lesson talks at the meeting of the Belle Bennet circle with Mrs. J. L. Tidwell, 316 S. Big Spring, Mrs. Clyde Gwyn spoke on "The Gripping Power as Islam" from the book "What is This Moslem World?" and Mrs. Ray Gwyn gave an "Appraisal of Islam."

Mrs. Stacey Allen opened the meeting with prayer and Mrs. Geo. Glass, study leader, conducted question period and round-table discussion.

Present were: Mmes. Glass, C.

Dignity Wears Black

Jean Patou achieves rich dignity with this dinner ensemble of heavy black silk crepe. The top is entirely embroidered in black crystal tubes and has a high front neckline with the back extending in a deep decollete to the waist. A band of crystal embroidery from waist to hem increases the impression of height and the wide scarf cape can be draped in a great number of ways to suit the whim or personality of the wearer.

Gwyn, R. Gwyn, E. V. Guffey, C. P. Lancaster, R. B. Cowden, Phil Scharbauer, Stacey Allen, E. J. Voliva, John Andrews, and the hostess.

Report on Recent Survey Made By Business Women

Report on the recent survey of industry made by the Business and Professional Women's club in Midland county was given at the regular business meeting of the organization at the courthouse Monday evening.

The report showed that 3500 people in Midland county are employed in gainful occupations, this including farming and ranching. Of these 740 are women, mostly employed in Midland, as farm women were not included in the listing. Trade establishments and personal service occupations account for the largest number of the women workers, with commercial firms showing 76 and clothing stores 67 employed as the leaders in this field. The program committee, headed

by Miss Maria Spencer, was in charge of the evening's proceedings.

Other features of the program were a talk on the cattle industry by Miss Fannie Bess Taylor and a discussion of the oil industry in Texas by Miss Maria Spencer, district geologist of the Superior Oil company.

Sixteen club members were present including: Mrs. L. A. Denton, Misses Jerra Edwards, Christine Golladay, Elma Graves, Clara Jesse, Laura Jesse, Mamie Belle McKee, Maria Spencer, Fannie Bess Taylor, Lydie G. Watson, Betty Wilson, Mmes. Addison Young, Susie G. Noble, Iva Noyes, Frances Stallworth, Miss Norene Kirby.

Mrs. Stallworth, club president, presided.

It was voted to again sponsor a circulation drive of the three Curtis magazine publications, as was done last year.

Announcements

FRIDAY—Regular play of the Women's Golf Association of the Country Club will be held at 10 o'clock Friday morning.

Child Study club will meet with

Baptist Circles Re-Organize for Work of Year

Martha Holloway was the name chosen by members of the southeast circle of the Baptist women's missionary union, meeting with Mrs. John Nobles at her home on South Pecos Monday afternoon.

Officers elected were: Mrs. H. S. Collings, chairman; Mrs. C. E. Strawn, secretary.

Mrs. W. W. Wimberly led the opening prayer and Mrs. H. B. Dunagan presented the devotional.

The hostess presided at the business meeting.

Present were: Mmes. Wimberly, Strawn, C. J. Oliver, A. C. Francis, Collings, Martha Holloway, J. O. Williamson, B. C. Girdley, Roberta Rountree, Dunagan, and Nobles.

Walker Circle—

As a memorial to Dr. and Mrs. Glenn Walker, now in Africa, only missionaries ever to go out from the Midland Baptist church, members of the northeast circle, meeting with Mrs. J. M. White, chose to call their group the Walker circle.

Officers were named as follows: Chairman, Mrs. O. J. Hubbard; co-chairman, Mrs. J. M. White; secretary-treasurer, Mrs. Oran Collins.

Plans were made for the year's work.

The circle will be in charge of the missionary program at the joint circle meeting Monday.

Ten women were present including: Mmes. S. L. Alexander, H. E. Cummins, N. W. Bigham, Oran Collins, V. Z. Wren, M. D. Cox, W. L. Simmons, Winston F. Borum, J. V. Hobbs, and the hostess.

Mrs. W. D. Anderson, 120 W. Texas, was named chairman of the southwest circle of the union in a meeting at her home. The 12 members present voted to call their group by its geographical designation the Southwest circle.

Officers were chosen for the year. Present were: Mmes. Tom Bobo, J. O. Vance, R. O. Walker, A. B. Coleman, John Hix, Herbert King, M. E. Honig, T. O. Midkiff, Ray Hyatt, W. L. Fickett, and the hostess.

Mrs. R. W. Patteson, 904 W. Louisiana, Friday morning at 10 o'clock.

Belmont Bible class will meet with Mrs. H. R. Brazelle Friday afternoon at 3:30 o'clock.

SATURDAY—The Midland County Museum, in the courthouse, will be open from

Stunning

Heim's stunning dinner gown has a pink velvet bodice with braided motifs in purple to match the purple velvet skirt and a corselet belt in bright blue. It's worn with a cape of purple velvet. Note the long sleeves.

2:30 until 5 o'clock Saturday afternoon. The public is invited.

The Children's Story Hour is held each Saturday morning in the children's library from 10 to 11 o'clock.

Sewing Aids

Whether you are a professional dressmaker or whether you simply enjoy doing your own sewing, a small pin cushion that fits over the wrist or lower arm with a narrow elastic band always assures you a pin just when you want it. Handy, too, is a spool rack, capacity thirty spools of thread, which fastens to the inside of your sewing room door.

Rijnhart Circle Opens Season With Meeting Monday

Meeting at the home of Mrs. Geo. Ratliff Monday afternoon, the Rijnhart circle of the First Christian church elected officers for the year, heard a special program, and occupied the late afternoon with a social hour.

Mrs. S. P. Hall was chosen president of the organization. Other officers named were: Vice president, Mrs. B. W. Stevens; secretary, Mrs. F. C. Cummings; treasurer, Mrs. B. W. Reecer; teacher, Mrs. Geo. Ratliff.

The following program was presented:

Vocal solo—Mrs. M. A. Park.

Review of the Macabean Period—Mrs. Glenn Brunson.

Musical reading—Mrs. F. C. Cummings.

At the tea hour, Mrs. Chas. Brown and Mrs. B. W. Stevens poured.

Fall flowers were used in the reception rooms.

Attending were: Mmes. J. R. Crump, C. R. Perkins, Wade Heath, Chas. L. Klapproth, Cummings, J. K. Elder, Jas. H. Goodman, J. E. Pickering, Earl Griffin, B. W. Reecer, W. B. Standefer, R. P. Coats, M. A. Park, W. B. Simpson, Glenn Brunson, Hall, Stevens, Bill Blevins, Chas. Brown, Rev. J. E. Pickering, and the hostess.

Idle Hour Club To Sponsor Contest

The Idle Hour club will sponsor a game contest at the I. O. O. F. hall Thursday evening.

Features of the occasion will be bridge, 42, and other games and refreshments will be served.

The public is invited to attend. A small admission fee will be charged.

A Flare for Gloves

For the perfect accessory to your sports costume, look at the new flared gloves of stitched sheep-hide dressed in a neutral tone which blends so smartly with the warm, heathery shades of imported tweeds. Soft, supple and yet durable, this newly adapted leather of fine grain washes easily. Look at belts and the new "diplomat" bags to match.

The Metropolitan Museum of Art, in New York City, has one of the finest collections of jade in the world.

With FOLGER'S Drip Grind Get More Flavor and Better Flavor in Your Drip Coffee

To get better drip coffee—do two things! Use flavorful coffee! And see that it's ground right for your dripmaking.

Folger's will give odds to any other brand on both these points! First, because it's mountain-grown coffee—far more flavorful than lowland coffees in ordinary brands! Second, Folger makes a Drip Grind especially designed for dripmakers! It's scientifically cut into very fine particles. Your dripmaker gets all the rich mountain-grown flavor out of it quickly! You don't throw it away in the grounds!

If you've been using an "all-purpose" grind—give your dripmaker a break and try Folger's Drip Grind. You'll be amazed at the wonderful difference it makes!

It's only fair to warn you, don't use too much coffee when you first try Folger's. Use at least 1/4 less! It's mountain grown—much richer in flavor than lowland coffees in ordinary brands. And it's ground right—so you get a lot more flavor out of the same amount of coffee!

MEN, TIP OFF YOUR WIVES TO THIS MOUNTAIN-GROWN COFFEE—TANGY AS RARE OLD WINE!

Tune in JUDY AND JANE 1:45 P. M. daily, except Saturday and Sunday. Presented by Folger's Coffee over Station WFAX.

Coral Reefs in Missouri.
 FULTON, Mo. (U.P.) — A collection of Missouri coral reefs has been given to the Missouri Resources museum at Jefferson City by Dr. A. R. Hammen, Fulton dentist. He found the reefs while hunting Indian relics.

No Social Credit Yet And Another Utopia In Eclipse

For the fifth time in the two years of the Aberhart Social Credit government, the provincial legislature of Alberta meets here in the Capitol at Edmonton, Alta., to try to put in effect the Social Credit program. Stormy scenes in early sessions promise still more birth-pangs for the world's first Social Credit system.

By NEA Service.
 CALGARY, Alta. Oct. 12. — For more than two years the world's first Social Credit government has been in power in Alberta. But Social Credit is yet to come, and in some respects it seems farther from realization than it did back in Aug. 1935 when William Aberhart was swept into the premiership at the head of the largest party group ever to sit in the provincial legislature, 56 out of 63 seats.

The promise that led Alberta farmers to put Aberhart in office was the one put forth by Major Clifford H. Douglas, Scotch economist, who envisions a regular "social dividend" to every citizen — in cash to boost purchasing power — and a government-fixed "just price" for goods at retail. The government is to make good to the storekeeper and the difference between that "just price" and the real cost.

Aberhart, the evangelist, teacher, and radio speaker, was elected to put such a program into effect. Not in effect yet.

Today, more than two years later, it is not in effect, and there is a rising reaction against the Aberhart administration, partly because of his failure to fulfill the campaign promise, partly because improv-

crop conditions in many parts of the province are tending to wean many farmers from the Social Credit idea.

The People's League, a new orical Credit is yet to come, and in some respects it seems farther from realization than it did back in Aug. 1935 when William Aberhart was swept into the premiership at the head of the largest party group ever to sit in the provincial legislature, 56 out of 63 seats.

The promise that led Alberta farmers to put Aberhart in office was the one put forth by Major Clifford H. Douglas, Scotch economist, who envisions a regular "social dividend" to every citizen — in cash to boost purchasing power — and a government-fixed "just price" for goods at retail. The government is to make good to the storekeeper and the difference between that "just price" and the real cost.

Aberhart, the evangelist, teacher, and radio speaker, was elected to put such a program into effect. Not in effect yet.

Premier Aberhart

gone into effect, or if another is passed to replace the one ruled out at Ottawa.

Hasn't Been Idle.

Though the full Social Credit program has not yet been put in effect, and the "social dividends" of \$25 a month for everyone 18 months after taking office" promise is not yet fulfilled, the Social Credit legislature has not been idle. Recent orders-in-council have enacted minimum wage bills guaranteeing \$15 a week minimum wages, or 33 1/2 cents an hour. Another order recently canceled the sales tax, which was one of the first enactments of the Social Credit. Nothing was decided on to replace the income tax lost.

Registration of thousands of social credit benefits when bestowed have already been made, each beneficiary signing an agreement to cooperate with various plans of the

Conoco Sets New High in Safety

KANSAS CITY, Mo., Oct. 11. — Continental Oil Company has established a new high for safety in industry, it was indicated here today when the National Safety Council, at its twenty-sixth annual congress, presented bronze plaques to that company as first awards for the best 1936 safety records in all three branches of the petroleum industry — production, manufacturing and marketing.

This is the first time that any major company has won all three awards, according to W. H. Cameron, managing director of the National Safety Council. It is the fourth consecutive year that Continental has received the first award for safety in its production department, and the third straight year it has taken first in marketing. Now, by capturing all three first awards, it is an all-time record.

The awards were accepted by Joe S. Boylan, who has been safety director of Continental Oil Company for the past ten years, and an active worker in public and school safety programs.

"Our success in safety work," said Boylan, "can mainly be attributed to Continental Oil Company's interest in the welfare of its workers. Ballyhoo and banquets have had a very small part in this program. We do, however, believe in regular and careful inspection of equipment, with the view of providing safe working conditions. Give a man a safe place in which to work, give him practical information on how to work safely, and he will do the rest. It's all in their mental attitude. The workmen are responsible for winning these awards—I don't take any of the credit."

government before becoming eligible for the payments. And some of the "velocity dollars" or scrip issued last fall, with their tax on each turnover, are still circulating. But the real nub of the Social Credit system is yet to be realized.

May Seek Fresh Mandate.

Alberta is today under what amounts to a 100 per cent private debt moratorium. This is the second such moratorium during the past two years. The province itself has defaulted both interest and principal payments on its debt.

These and other developments have led many to expect that there may be a general election this fall. Aberhart has in one breath denied this possibility, and in another stated that "I may be compelled to have an election," apparently referring to the nullification of his bank bill at Ottawa.

If his resignation should be demanded by the Ottawa government for "lack of confidence" under Canadian election custom, Aberhart could then go to the people in a new election seeking a fresh mandate.

The present meeting of the legislature is the third this year breaking all Canadian records. Premier Aberhart now holds two cabinet portfolios, minister of education and attorney-general, besides being president of the executive council.

Minimum Wage Law Effective in Alberta

EDMONTON, Alta. (U.P.) — A new minimum wage law providing that all regularly employed workers except farm laborers and domestic servants must be paid 33 1/3 cents an hour or at least \$15 weekly went into effect in Alberta on Oct. 1.

The new basic minimum wages are the second highest in Canada, exceeded only by those in effect in British Columbia.

NOTICE OF SALE OF OIL AND GAS LEASES UNIVERSITY LANDS October 22, 1937

Pursuant to the provisions of Chapter 282 of the General and Special Laws of Texas, passed at the Regular Session of the Forty-first Legislature, approved March 29, 1929, and amended by Chapter 174 of the Acts of the Regular Session of the Forty-second Legislature, and as amended by Acts 1937 Forty-fifth Legislature, Senate Bill 343, the Board for Lease of University Lands hereby offers for sale, subject to the right to reject any or all bids, at public auction in Austin, Texas, at the State Highway Hearing Room, on Friday, October 22, 1937, at ten o'clock, A. M., the oil and gas rights in and under the following described University Lands.

All leases shall carry a royalty of 1/8 of the value of the gross production of oil and gas therefrom. The Board has fixed an annual delay rental of not less than 50c per acre on each tract offered.

All oil and gas leases sold at this auction will be for a term of five years, or as long thereafter as oil and/or gas is being produced in paying quantities therefrom. There is no limit as to the number of such tracts that may be bid in by any party or company.

No advance rentals shall be added to the bid price of successful bidders. But one per cent shall be added thereto and paid by successful bidders as provided in Sections 5 and 14 of S. B. 343, 45th Legislature, Regular Session, 1937.

Dated at Waco, Texas, this 6th day of August, 1937.
 BOARD FOR LEASE OF UNIVERSITY LANDS.
 By: K. H. Aynesworth, Chairman.
 Mrs. I. D. Fairchild, Member.
 Wm. H. McDonald, Land Commissioner.

Enrollment at Texas University Up Ten Per Cent Over 1936

AUSTIN—Enrollment at the University of Texas as of September 25 showed an increase of 10.9 per cent over the corresponding data last year, according to figures compiled by the registrar's office.

Since this analysis was made by the registrar's office, the fall semester enrollment for 1937 has reached the total of 9,351.

The largest increase occurred in the College of Pharmacy, with a gain of 34.9 per cent, the September 25 report showed.

In marked contrast was the School of Education, in which enrollment decreased 4.8 per cent, or from 228 students to 217.

Gains were reported in all other schools and colleges of the main university, as follows: Arts and sciences, 9.7 per cent; business administration, 14.2 per cent; engineering, 17.7 per cent; law, 0.9 per cent, and graduate, 15.3 per cent.

Enrollment of women students jumped exactly 50 per cent in the college of engineering, a total of 21 "co-eds" being registered this year.

The same number of women students are taking law, an increase of 16.7 per cent over last year, while girls in the college of pharmacy increased 41.2 per cent and those in business administration 34.1 per cent.

The total gain in enrollment was fairly evenly divided among old students, freshmen, and transfers, the respective increases being 11.2 per cent, 10.2 per cent and 9.8 per cent.

Students admitted under individual approval increased from 21 to 27.

Of the 1,657 freshmen, 1,279 are enrolled in the college of arts and sciences, 338 in the college of engineering and 40 in the college of pharmacy.

Of the 1,657 freshmen, 1,279 are enrolled in the college of arts and sciences, 338 in the college of engineering and 40 in the college of pharmacy.

Gains were reported in all other schools and colleges of the main university, as follows: Arts and sciences, 9.7 per cent; business administration, 14.2 per cent; engineering, 17.7 per cent; law, 0.9 per cent, and graduate, 15.3 per cent.

Enrollment of women students jumped exactly 50 per cent in the college of engineering, a total of 21 "co-eds" being registered this year.

The same number of women students are taking law, an increase of 16.7 per cent over last year, while girls in the college of pharmacy increased 41.2 per cent and those in business administration 34.1 per cent.

The total gain in enrollment was fairly evenly divided among old students, freshmen, and transfers, the respective increases being 11.2 per cent, 10.2 per cent and 9.8 per cent.

Students admitted under individual approval increased from 21 to 27.

Of the 1,657 freshmen, 1,279 are enrolled in the college of arts and sciences, 338 in the college of engineering and 40 in the college of pharmacy.

Two Sets of Twins Upset University, Confuse Faculty and Boy Friends

AUSTIN, Tex. (U.P.)—The Stamm twins, four of them, are creating havoc on the University of Texas campus these days.

There happen to be four because Aurelia and Eliska, 19, look so much like Joy and Jocelyn, 16, that only intimates—and not all intimates—can tell one from the other. They look so much alike, that the Alpha Delta Pi sorority pledged them all at once to avoid confusion.

Boys, they confess, occasionally go out with the wrong sister without ever knowing it. When Aurelia, for instance, get a chance to make two dates for the same hour, she merely passes one along to Eliska. Joy or Jocelyn. The boy never knows the difference, and everybody is happy.

All four are trim brunettes, and pretty. They live together and wear the same kind of clothes even the same sizes. They are almost always together and even teach 410s at the same time, Eliska said.

The girls are the daughters of Mr. and Mrs. A. F. Stamm of Rayme, La. Stamm is an oil dealer. The older twins were graduated from high school three years ago, went two years together to Southwestern Louisiana Institute, and then were separated for the first time in their life.

Last year Aurelia taught at Morse, La. and Eliska at Lake Arthur, 25 miles away. The distance was short but neither enjoyed the separation.

When Joy and Jocelyn chose the University of Texas, the 19-year-olds came along to take some more education courses. The younger two are studying physical education.

When the four girls appeared on the campus the eye-rubbing started. Aurelia and Eliska were waved aside with "we've seen you, quit kidding" when they appeared for medical examinations. Joy and Jocelyn had been there a short time before!

The girls have an older brother and sister.

"It's fun being twins," they all admit, but the double-twin business does complicate things a bit. "All I can say," said Eliska, "is that I'm sorry for the Dionne quint."s.

Hold Everything!

"Great Scott! They've broken my will!"

The PAYOFF

By JESS RODGERS.

"Rock, some day when the boys are taking it on the chin, when they think they haven't a chance, tell them to go out and win one for me. I'll be watching them."

Many of you have read how Knute Rockne, probably the greatest of all football coaches, used that short paragraph to fire an apparently beaten Notre Dame club to a victory over a superior Army team one year.

The statement was attributed by the coach to George Gipp, called by Rockne the greatest football player he ever saw, who died before he could round out his four years at Notre Dame.

From just such incidents often come inspiration to send an underdog team to victory.

And the Crane high school football coach, whoever he might turn out to be, has had just such a weapon placed in his hands to wield over other clubs for the rest of the year.

The death of Arthur Niebuhr, Jr., up until a couple of weeks ago coach at Crane, will furnish a spark for the Cranes the rest of the year that is likely to spell ruin for more than one club.

Youngsters of high school are susceptible to "pep talks" far more so than older youths. And when the Crane coach tells his boys just before game time to "go out and play the kind of a game that Arthur taught you, he'll be watching you," he is going to be giving them impetus for something more than a mere desire to win.

Niebuhr is not going to be on the sidelines to criticize the boys or to praise them—but he is going to be there as far as the boys are concerned and is going to exert more influence than if he were there in person. Who can provide an answer or rebuttal to that "he'll be watching you"?

He can't be out there to throw a block for the boys but they are going to remember that "he'll be watching" and will be throwing them all the harder themselves.

The new coach may decide to hold up the weapon for one game or he may decide to use it every game. Regardless of whether it is mentioned to the boys they are going to be thinking of it.

Niebuhr is going to be the "twelfth man" on the Crane club for the rest of the year and is going to exert more influence than the captain, coach or anyone else.

My own acquaintance with Niebuhr was slight. And unsatisfactory. Before the Crane-Midland game last year he changed jerseys on his boys, making their numbers appear different to what they did on the programs. Apparently his reason was an attempt to cross up the opposing team, but it was trick that is generally frowned upon, not only by the public but by coaches.

By that I am not attempting to take anything from him as a man or a coach. He may have been a good coach, he may have turned out to be a great coach. As a man the same holds true. My knowledge of him is limited to one talk I had with him.

Regardless of his ability, regardless of his character, he will "if he is watching," see his team turn out to be a greater one than if he had lived.

He had turned out a team this year that promised to be better than any he had ever turned out before at Crane and it is too bad he cannot be here to watch it.

Like hundreds of others, I sincerely regret his death.

University "Saved" By Addition of New Teachers This Year

AUSTIN—Relief which the legislature gave the University of Texas this year in the form of appropriations for additions to the teaching staff to help eliminate the congestion incident to too many over-size classes has "saved the situation" but in a somewhat different way from that contemplated by the lawmakers in their action. President J. W. Calhoun pointed out in a recent statement.

Instead of giving the contemplated relief when the appropriation bill was passed, and still obtaining, the new positions are now being used to take care of a thousand additional students who enrolled this fall, Calhoun said.

"With this large increase in the number of students, the increase in staff which was provided is largely nullified so far as reducing congestion is concerned," he continued. "Of course, without the staff in-

crease the congestion would have been intensified in a more grievous manner. For the first time in almost ten years the legislature made specific provision for the addition of a number of teachers to the staff of the university.

"The great growth of the university in recent years and the static condition of the staff had resulted in making the teaching load excessive and especially so because of the necessity of teaching classes containing too great a number of students. Following the legislative provision for increasing the staff there was the prospect of being able to relieve the congestion. However, the increased enrollment has defeated that plan.

"The steady increase in enrollment constitutes a sharp challenge to the university authorities to make the most of the resources of the university in serving the youth of the state now within its halls and to the legislature to provide facilities for giving to students of the University of Texas advantages second to none in the United States."

New Corporation Charters Decline

AUSTIN.—The number of new corporations chartered in Texas during September declined sharply from the preceding month and moderately from the corresponding month last year, the University of Texas bureau of business research has reported. Capitalization of the new corporations dropped off even more sharply from August to September but increased substantially over September last year.

Reports from the office of the secretary of state show a total of 103 new charters, a decline of 27.5 per cent from the preceding month and 16.5 per cent from the like month last year. Capitalization of the new firms totaled \$2,034,000, a decline of 49.6 per cent from July, but an increase of 24.1 per cent over September last year.

Groups showing increases in new charters granted over last year were banking-finance, public service, and real estate-building, the bureau's analysis showed. There were four corporations chartered with capitalization of \$100,000 or more, against ten in August and three in September last year.

November 6 Named Mines Homecoming

EL PASO.—A noon barbecue lunch and a football game between the Miners and Northern Arizona State of Flagstaff, Ariz., will feature Homecoming day, November 6, for alumni and ex-students of the College of Mines and Metallurgy, here, a branch of the University of Texas.

Registration of ex-students will begin at 10 o'clock Saturday morning, in Holliday hall, Brooks Travis of El Paso, president of the Alumni and Ex-Students' Association, has announced. A program will be held at 11 o'clock in the same building.

A homecoming dance will be held that evening. Election of new officers will take place at the morning session.
