Behind the Scenes in Washington

Editor's Note: The opinions expressed in this article are those of Mr. Dutcher, NEA-Reporter-Telegram Washington correspondent, and are not to be construed as expressing the editorial policy of The Reporter-Telegram.

WASHINGTON, April 18.—Nomination of Congressman Scott Lucas in the Illinois Democratic senatorial primary was displeasing to Jim Farley, encouraging to advocates of good government, disappointing to militant labor and inconclusive as it affected the political fortunes of Mr. Roosevelt.

Farley had insisted on backing the notorious Kelly-Nash machine of Chicago in its support of Mike Igoe, and Assistant Attorney General Joe Keenan, one of Farley's generals, went out to make a speech at an Igoe dinner. Labor's Non-Partisan League also supported Igoe against Lucas, who last December voted to recommit the wage-hour bill.

No New Dealer. LUCAS is no New Dealer and if he is elected, as seems likely, he will be more satisfactory to conservatives than is the incumbent Senator Dieterich, who could always be depended on by the administration. New Dealers less "practical" than Mr. Farley, however, are glad the Kelly-Nash machine was licked and think the inference is that Roosevelt should be victorious any time he wants openly to appeal on behalf of a clean candidate against a corrupt big city machine.

Roosevelt himself kept hands off the Illinois primary and his relations with Governor Horner, whose state machine put Lucas over, remain friendly and close.

Further conclusions are difficult because a horde of Republicans, with not hot senatorial battle of their own, voted in the Democratic primary—mostly for Lucas.

Congressmen from other states are encouraged to note that all incumbent congressmen from Illinois were nominated. There had been fear that voters, soured by depression, were likely to boot out an unduly large number of congressmen now sitting.

Rout of Diphtheria Conquest of Science

AUSTIN, Texas. — "Few conquests of science have been so spectacular and complete as the rout of diphtheria. And this victory has most firmly established the value of serum treatment both in its preventive and curative phases. However, toxin-antitoxin or its successor toxoid for immunization, and antitoxin for timely cure, are brilliant achievements of which the general public even yet are not fully aware," states Dr. Geo. W. Cox, State Health Officer.

"As indicated, toxoid is the immunizing or preventive agent now usually employed, however, three to four months are required for the body to develop immunity. At that time the Schick test is applied to determine the results of this preventive treatment. This harmless and painless procedure is performed by injecting into the upper layers of the skin a minute drop of the diphtheria toxin. Your doctor can tell from this whether or not your child is immune.

"However, when a case of diphtheria exists, antitoxin is the only treatment that will have life. Also, to be effective it must be given early and in large doses. Delay is usually caused by parents failing to realize that any sore throat may actually be diphtheria.

"The means are at hand to fight diphtheria to the death, but it cannot be done without a hundred per cent cooperation of parents. May Day, the Child's Health Day, will soon be here and one of the best ways to observe it would be for parents to have their children immunized against diphtheria."

NOTICE TO BIDDERS

Sealed proposals addressed to the Hon. M. C. Ulmer, Mayor of Midland, Texas, will be received at the office of the City Secretary of Midland, Texas, until four o'clock P. M., Tuesday, May 3, 1938, for furnishing all materials, labor, and equipment for constructing a 300,000 gallon elevated steel water tank and tower on concrete foundation on site furnished by the City of Midland.

Proposals, based on standard approved plans and specifications, may be furnished on "Standard Form of Agreement" Between Owner and Contractor.

The right to reject any and all bids is reserved by the City.

Bidders shall be prepared to submit good faith check and performance bond in amounts satisfactory to the Mayor and City Council.

To pay for the above tank and tower the City will issue Revenue Warrants, payable out of the net revenues of the Water and Sewer Department, in the total amount of \$20,000.00.

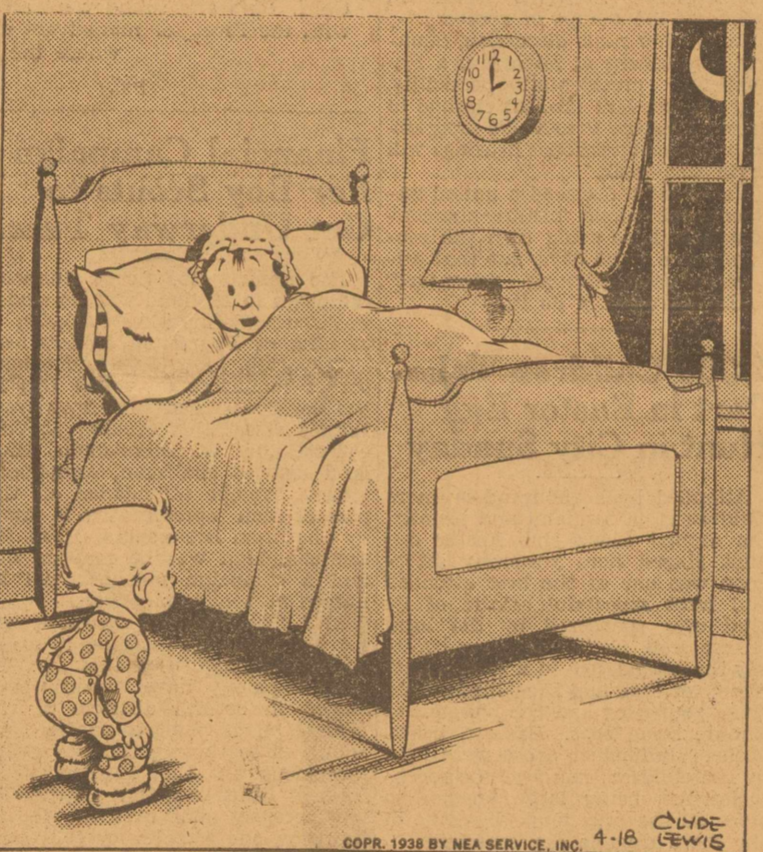

Said warrants shall be numbered consecutively from one (1) to twenty (20) both inclusive, shall be of \$1,000.00 Denomination, and shall be payable on or before twenty (20) months from date of their issuance, in monthly installments of \$1,000.00.

Said warrants shall bear interest from their date at the rate of 5% per annum, payable one (1) year from their date, and annually thereafter until fully paid.

The City reserves the right to redeem any or all of the warrants prior to their maturity date by giving five days written notice.

J. C. Hudman, City Secretary. April 18-25.

Wear your clean shirt Tuesday, and come down to meet the Fort Worth special train at 3:15 p. m. A group of 117 big shots from that city will be here a whole hour. They will walk from the depot to the ball room of Hotel Scharbauer where a brief session of greetings from each place will be unloaded. Then they want to meet everybody. Although they are men with plenty to sell, they won't try to sell you anything while they are here. They are not the hired hands, but are the big business men of Tarrant county. Turn out and meet them and let's show them Midland can put up an old time West Texas welcome.

Are you a pacifist? If so, you will enjoy this article by Paul Talbot in United Business Service.

In these days when "wars and rumors of wars" are before us at al-

most every turn, you may be interested in reading—as I was—the following comment by Nicholas Murray Butler, President of Columbia University:

"The World War, all told, cost—apart from thirty million lives—four hundred billion dollars. With that money we could have built a \$2500 house, furnished it with \$1000 worth of furniture, placed it on five acres of land worth \$100 an acre, and given this home to each and every family in the United States, Canada, Australia, England, Wales, Ireland, Scotland, France, Belgium, Germany, and Russia. We could have given each city of 20,000 inhabitants and over, in each of the countries named, a five million dollar library and a ten million dollar university. Out of what was left we could have set aside a sum at 5% that would provide a \$1000 yearly salary for an army of 125,000 school teachers and a like salary for another army of 125,000 nurses."

Whether President Butler's cost figures are exactly correct or not is beside the point. It is clearly obvious that many of the conditions which tend to bring about wars could be alleviated if a fraction of the world's war costs could be devoted to that end.

In the name of Heaven, isn't there some way to do it?

Neither flood nor storm can silence your telephone long

We depend upon Western Electric... Bell System supply unit... to pour material into wrecked areas AT ONCE!

Floods and storms in Arkansas and Oklahoma took heavy toll of telephone lines in February. Yet almost all the silenced telephones were back in service within a few days.

One reason: Western Electric warehouses, spotted so no Southwestern Bell town is farther than an overnight jump, poured material into the wrecked areas AT ONCE.

Without Western Electric supplies, instantly available, our job of giving you good telephone service at low cost would be vastly more difficult. And Western Electric prices are moderate. Over the last 20 years its earnings have averaged less than 7%.

Seated Tea Is Compliment to Sorority At Home of Mrs. Link Sunday Afternoon

Members and pledges of Beta Sigma Phi were complimented with a seated tea at the home of Mrs. L. C. Link, educational director of the sorority, 611 N. Pecos, Sunday afternoon at 4 o'clock.

The hostess and Miss Marguerite Bivens, vice president, greeted the guests at the door, presenting each with a wrist corsage of pastel sweet-peas tied with gold.

Poppies, Easter lilies, and yellow sweetpeas were arranged in the living room where a program of readings and music was presented.

Miss Norene Kirby, sorority president, introduced the numbers.

Miss Lucille McMullan read two selections, followed by a solo, "There's a Gold Mine in the Sky,"

Girls' Quartet Sings at Naomi Class Meeting

Special musical number at the Naomi class program Sunday morning was a selection by the High School girls' quartet, "Bird Song at Twilight." Mrs. De Lo Douglas accompanied.

In the absence of the regular teacher, Mrs. J. Howard Hodge, Mrs. Earl Griffin taught the lesson on "The Victorious Servant."

Miss Ruth Guy read the Easter story as the morning's scripture selection.

Song service was led by Miss Mary Lowry.

Mrs. Frances Farnham played the offertory.

Thirty-four women were present.

Ham and Egger Partners.

MIAMI, Fla. (UP)—When airways traffic signals noted two odd names on a passenger list for a flight to Havana, they questioned the men with the peculiar names—Clifford W. Ham of Charlottesville, Va. The conversation developed that the men were business partners—Ham and Egger.

The huge three-bladed propellers used on the Imperial Airways' flying boats are so finely balanced, it is reported, that the weight of a cigaret paper on one blade will start the whole propeller rotating.

Midland Couple Is Wed at Abilene by ACC President

Miss Christine Baker, daughter of Mr. and Mrs. N. G. Baker, and H. H. Hamlin, son of Mr. and Mrs. R. D. Hamlin, both of Midland were married in the home of President Cox of Abilene Christian College at Abilene, Saturday evening at 9 o'clock, with Dr. Cox officiating.

The couple had no attendants.

The bride wore a powder blue crepe faille pleated skirt with peach chiffon blouse and navy chiffon sash. Shoes, hat, and purse were also in navy while the peach tint was repeated in her gloves.

Mrs. Hamlin was reared in Midland and is a graduate of Midland High School. During her high school years she was a member of the choral club and was a member of the shorthand team which last year won the district meet and represented Midland at Alpine. She is now employed in the offices of the Federal Tank company.

Mr. Hamlin, a graduate of Abilene Christian College, has lived here about four years. He is foreman with G. W. Brenneman, contractor.

The couple will live in Midland.

Easter Programs Are Presented by Endeavor Groups

Easter was observed with a special program at the Senior Endeavor meeting at the First Christian church Sunday, Donald Griffin, as head of the group, presiding and Marvin Park being program leader.

"Knowing Jesus 'Better'" was the subject of study with the following taking part on the program: Glenn Brunson Jr., John Pickering, B. W. Reecer, Peggy Wright, Winifred Guiley.

Singing of Endeavor hymns closed the meeting at which 19 were present.

Intermediate Group.

"The Undeclared Christ" was the lesson topic for the Easter program presented by the Intermediate Endeavor with Doris Lynn Pemberton as leader.

Following the leader's talk a playlet was presented by a visitor and three Endeavor members, Jimmie Pickering, Betty Mae Collins, and Charles Reader.

Mrs. Glenn Brunson read "Gethsemane."

The meeting, attended by none, closed with the Mizpah benediction.

Junior Endeavor.

Easter songs were sung by the Junior Endeavor group which presented a program on "Living the Christian Life."

Children taking part were: Ada Belle Reader, Van Cummings, Howard Mickey, Sharon Lee Cornelius, Betty Ruth and Eloise Pickering, Bonnie Collins, Leroy Reader.

Mrs. J. K. Graves taught the Bible lesson.

Midland Women to Attend Convention

Delegates from a number of Federated clubs of Midland will attend the Eighth district convention which opens at Pecos today. Other club women are also expected to attend.

Miss Lydia G. Watson and Mrs.

F. H. Schouten are leaving for Pecos today.

Miss Watson, who is vice president of the district and also chairman of American and Texas music, will appear on the program of a luncheon to be given Wednesday in

honor of incoming and retiring officers. She has chosen "Trophies Along the Trail" as her topic, the talk being in the nature of a seminar of American and Texas music, a former meeting at Abilene and recounting some accomplish-

ments of clubwomen of the district. Mrs. Roy Parks is to sing a solo at the Tuesday evening meeting, accompanied by Mrs. Ellis Cowden at the piano.

A complete list of those planning to attend had not been received by

The Reporter-Telegram at press time but others among those expected to go to Pecos sometime during the three-day meeting are: Misses E. H. Ellison, Fred Fuhrman, Geo. Glass, W. B. Chapman, and if illness does not prevent, Mrs. Jas. H. Goodman.

Joe DiMaggio

has something to say about how different cigarettes can be!

PEOPLE DO APPRECIATE THE COSTLIER TOBACCOS IN CAMELS

THEY ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

JOE KEEPS his hand in on mending nets. His family are fisher folk. DiMaggio is 6 feet tall—weighs around 185 pounds. His nerves are h-e-a-l-t-h-y!

IN THE KITCHEN of his picturesque water front restaurant, Joe says: "I eat pretty much what I like all season long and smoke Camels with my meals and afterwards, 'for digestion's sake.'"

BILL GRAHAM, seeing Joe DiMaggio pull out his package of Camels, asked his opinion on smoking. Joe came straight to the point: "There's a difference, a big difference, between Camels and the others." You, too, will find in Camels a matchless blend of finer, more expensive tobaccos—Turkish and Domestic.

"How about it, Joe, do you find that Camels are different from other cigarettes?"

"Any all-cigarettes-are-alike talk doesn't jibe with my experience. There's a big difference. I've smoked Camels steadily for 5 years, and found that Camel is the cigarette that agrees with me, in a lot of ways. Good taste. Mildness. Easy on the throat. And Camels don't give me jumpy nerves. Like a lot of other people I know, I'd walk a mile for a Camel!"

CLOSE-UP OF JOE'S GRIP. "Ball players go for Camels in a big way," he says. "I'm a steady smoker myself. Camels have real mildness all right—don't irritate my throat."

Camels are a matchless blend of finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic

ONE SMOKER TELLS ANOTHER "Camels agree with me"

"TOBACCO GROWERS FAVOR CAMELS FOR THEIR SMOKING!"
 — is the majority opinion in a survey of well-known tobacco planters

"When Camel says 'costlier tobaccos' I know it's right," says Mr. Edward Estes, capable young planter, who knows tobacco from the ground up because he grows it. "Take my last crop, for instance. Camel bought all the best parts—paid me the most I've ever gotten. The men who grow tobacco know what to smoke—Camels!"

"Last year I had the dandiest crop ever," says Mr. Roy Jones, another experienced planter who prefers Camels. "I smoke Camels because I know they bid higher and pay more at the auctions for the choice lots of leaf tobacco. They paid the highest price I ever got from anybody. Considering that Camel uses finer, costlier tobaccos, it's not surprising that Camel is the leading cigarette with us planters."

Mr. Harold Craig, too, bases his preference for Camels on what he knows about the kinds of tobaccos that go into the various cigarettes. "I get the check—so I know that Camels use more expensive tobaccos. Camel got the best of my last crop. That holds true with most planters I know too. You bet I smoke Camels."
