Reflections

From
The Blade

SIX YEARS AGO . . . Sept. 23, 1959
 First cotton bale of 1959 was brought to Bovina Thursday. It came from Johnie Horn farm eight miles north of Bovina. The bale was ginned Thursday by Joe M. Brown Gln.

Bovina FFA's booth on "Producing Quality Cotton" earned a fourth place award at Tri-State Fair in Amarillo this week. The booth was set up by Roy Crawford, FFA advisor, and three freshmen, Wendol Davies, Earl Riley, and Laurence Kregel.

James Clayton, 170-pound junior tackle, who was a standout on both offense and defense and Jerry Barron, 140-pound senior fullback, who scored the first Bovina touchdown, were named outstanding players after the win over Whitharral.

THREE YEARS AGO . . . September 19, 1962
 Parmer County's first 1962 bale of cotton was ginned in Bovina Thursday. Tom Ware delivered the season's first bale to Bovina Gln Co. where it was ginned shortly before noon Thursday.

Elmer Kennedy produced second bale of 1962 cotton ginned in Bovina on Friday at Lawlis Gln Co.

Burglars, who seem to strike Bovina on a periodic basis, were at work again last week. Bill Moore's Deep Rock Service Station on Highway 60 was broken into Wednesday night of last week.

Interest continues to run high in Bovina Businesses 1962 Football Contest as 132 entries were submitted last week. Patsy Sherrill had the nearest perfect entry blank. She named nine of 10 correct winners, as did 11 other entrants.

AMMO NOTES

By Bill Bennett, Agronomist

Sulphur - Nitrogen Phosphorus Relationships

Sulphur deficient areas in the United States have been recognized for many years. Many of these areas are in the Northwest with a few in the Southeast. More and more deficient areas are being found in the Midwest and Southwest. In recent years, yields of grains sorghum, wheat and alfalfa have been increased in the High Plains of Texas.

The results of several experiments show a response to sulphur but they also show the value of a supply of other nutrients as well. Nitrogen and phosphorus are two nutrients that normally are in short supply in High Plains soil and either need to be present in adequate supply or added to the soil to obtain a sulphur response. One example is a sulphur application on malt-

ing barley in Washington. More grain was produced when sulphur was included with the nitrogen application, however, nitrogen content in the grain was not affected. Low rates of nitrogen were used in the experiment but the researchers considered a nutrient balance important.

The importance of an adequate phosphorus supply when applying sulphur was shown in an experiment conducted at the High Plains Research Foundation at Halfway, Texas. Sulphur alone did not increase wheat yields. Phosphorus alone increased yields about one bushel per acre. When both phosphorus and sulphur were applied, yields were increased slightly over five bushels per acre.

Approximately the same relationship was found with all sulphur application on malt-

ing barley in Washington. More grain was produced when sulphur was included with the nitrogen application, however, nitrogen content in the grain was not affected. Low rates of nitrogen were used in the experiment but the researchers considered a nutrient balance important.

The importance of an adequate phosphorus supply when applying sulphur was shown in an experiment conducted at the High Plains Research Foundation at Halfway, Texas. Sulphur alone did not increase wheat yields. Phosphorus alone increased yields about one bushel per acre. When both phosphorus and sulphur were applied, yields were increased slightly over five bushels per acre.

Approximately the same relationship was found with all sulphur application on malt-

SENATOR
Ralph Yarborough's

Last week the Senate passed the Agriculture Bill, which contains important provisions for the major Texas crops of cotton, wheat, rice, dairy products and wool production. This bill is very important, not only to the 227,000 Texas farmers, but also to every Texan who lives in a city. Without a healthy farm community, the cities would wither on the vine. Economic opportunities are necessary in our rural areas if our cities are to continue to prosper.

Under the cotton provision of the Farm Bill, a program was included which would provide a support price of 21¢ a pound, plus a direct cash payment of at least 9¢ a pound for farmers who reduce their acreage of cotton by 35%. In the case of farms less than 10 acres, the crop does not have to be reduced to get the additional cash payment, as the farmer needs all of his production to live on.

Cotton would be available to the mills at the best price since World War II and the United States would be better able to compete in the world markets. This is of next importance to the 152,000 Texas farm families who raise cotton.

The wheat provision in the bill would bring a farmer about \$1.90 per bushel, 9¢ higher than in the House bill. The wheat program will be voluntary, with a farmer receiving direct payments if he diverts part of his wheat-producing land into land conservation.

For rice growers, the Senate bill includes protection against loss of income, which the House bill does not. If the acreage is reduced in the next four years below the 1965 level, the Senate bill will pay for the reduction through diversion payments.

The Senate bill also includes a provision for the protection of dairy farmers, which is similar to the House bill. Under the bill, the dairy farmers in a particular marketing area, can, by a 2/3 vote, stabilize the price for Grade A Milk. Then, if production goes up, the price of the Grade A Milk will not be diluted by all the extra lower grade milk. This is a voluntary program, with no production limitations, and the government saves money by not having to buy the extra milk.

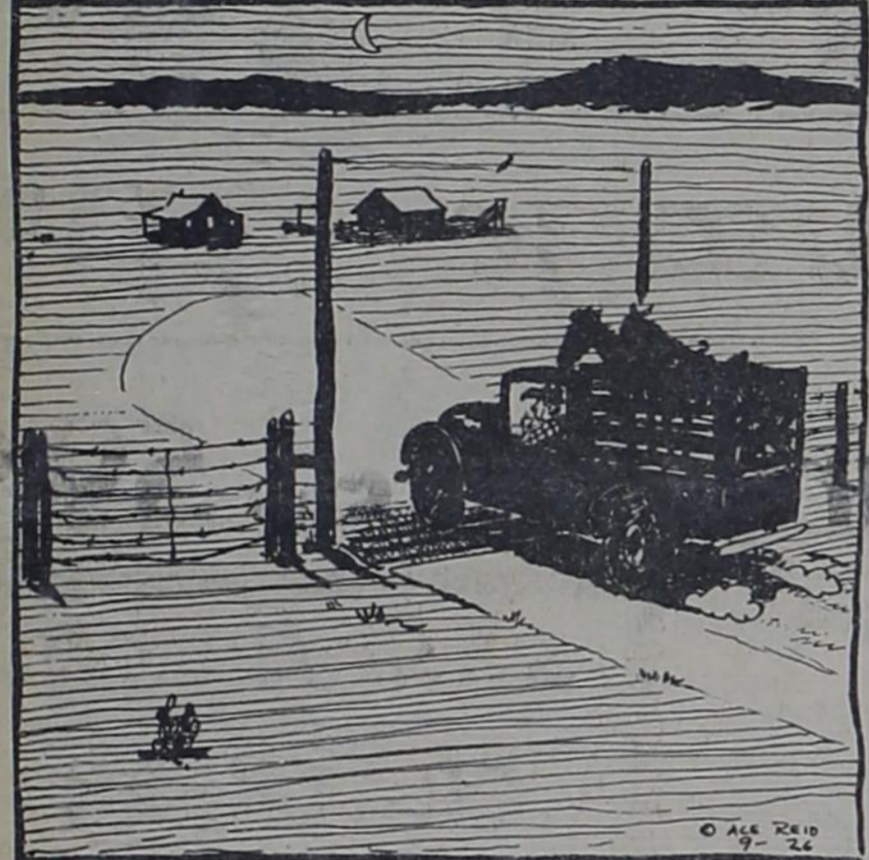

The National Wool Act of 1954 is also extended for four more years under the Senate bill. The support price for wool is set at 62¢ a pound, with a support price up to 5¢ higher for the small producer who does not market more than 1,000 pounds of wool. This is to assist the small family farmer in maintaining his living income.

As the most productive agricultural nation in the world, we must plan our resources so that farmers of this nation and of Texas are given reasonable incomes. Texas is one of the three greatest agricultural states, and I think this bill will assist the farmers in having a decent income.

Bulldogs Bite Ponies; Season's Third Defeat

Bovina's Mustangs put on their best offensive performance of the young 1965 season Friday night at Amherst, but it wasn't enough as the always-fast and tough Bulldogs emerged with a 12-8 verdict.

Lead by Scotty Rundell, hard-running halfback, the Bovina boys got their first touchdown of the season in the fourth quarter of the non-district game between the two Class B schools. Amherst had a 12-point lead at that time, however, and eventhough Quarterback Jerry Roach added two extra points on to Rundell's six-point touchdown total, it wasn't enough to overcome the host team's lead.

Bovina's score came on a drive which originated on the 50-yard line. It took 13 plays for the Ponies to cross the double stripe with Rundell and Fullback Dean Stanberry sharing the mail-carrying duties. Rundell went over from three yards away.

Roach scored the two extras after faking the ball into the center of the line and then circling his right end.

Late in the first quarter, the maroon and white had a touchdown called back because of a backfield in motion penalty. With that one, which didn't count, and the one which did, they could have won the game.

The Mustang defenders were able to halt Amherst's highly rated speed, but they weren't prepared for a fancy passing attack which kept the Bulldogs' offense working throughout the tilt. Amherst completed 12 passes, one for a touchdown, for 117 yards and would have done even more in the air department except for butter-

fingered receivers who had trouble hanging onto the football.

The host team drew first blood in the game midway through the second period. The TD came on a 16-yard pass play from Quarterback Johnny McAdams to End Johnny Norwood. The score was set up, however, on a 37-yard pass play from McAdams to End Danny Bench which moved the ball to Bovina's 22 yard line.

The Bulldogs had the score two plays later.

Passes were again the key to the second scoring effort by the Bulldogs.

Early in the third period, McAdams threw from Bovina's 47 to Bench again for a 22 yard gain for a first down on the 25. Two plays later, the accurate quarterback tossed a 17-yarder to Halfback Leon Hardwick to put the ball on the one.

McAdams carried it across from there for the score.

Try for extra points failed for the 'Dogs following each touchdown.

The Mustangs missed a scoring opportunity which could have changed the tide of the contest late in the initial period. They recovered a fumble on the Amherst 40 and featuring a 20-yard gallop by Rundell were knocking on pay dirt's door six plays later. Rundell went into the endzone on the ill-fated play but the effort was nullified by the penalty and two plays later the ball was lost on downs.

Just before the half, Tackle Eddi Corn set up another scoring opportunity as he intercepted one of McAdams' aerials on the Amherst 25 and returned it to the 21. Four ground blasts

Roach connected on one pass in three tries. That one was a 16 yarder to End Kenneth Webb. Leading the defensive effort were Roman Ramirez, Corn, Don McKinney and Webb.

STATISTICS

Colts Play At Vega Tomorrow

Coach Roger Ezell's junior high footballers, smarting from shutout defeats in their opening two games, go to Vega tomorrow (Thursday) night to do battle with the Vega Calves in search of their first winning effort.

In a game played here Thursday of last week, the Colts were downed by Hart, 20-0. Their first game, the previous week, was lost to Farwell.

A scheduled game last Thursday between Bovina B-team and Friona Freshmen was cancelled. It was set to be played prior to the junior high game.

The game has not been rescheduled. "We don't have enough boys to play a B-team schedule along with our regular varsity schedule," Coach Roy Stone points out.

Interscholastic league rules say a boy may participate in only one football game per week. Therefore, if a boy plays in a B-team game, he isn't eligible for the varsity game.

Football Contest --

(Continued from page 1)

Bowling Green seemed to upset contestants most this week, but there were a few with faith enough in WT to name them as winners.

Sponsoring the contest are Big Nick Machinery, Bovina Insurance, Oklahoma Lane Gln, Bovina Wheat Growers, Bovina Gln Co., Cicero Smith Lumber Co., Sherley Grain, Bonds Oil Co., First State Bank, and Charles Oil Co.

"To make the best better" is the motto of some 2 1/4 million 4-H boys and girls from coast to coast.

LOTS OF CLOTHING -- Several hundred pounds of used clothing were sent from Bovina yesterday (Tuesday) morning to Hurricane Betsy victims in Louisiana. Shown with the boxes of clothing which were collected by Bovina Methodist Church are Mrs. Margaret Caldwell, H. J. Charles and Rev. J. B. Fowler.

Stone Instructor --

Bible Studies Start Tuesday

Starting Tuesday, Don Stone, minister of Bovina Church of Christ, will start another series of inter-denominational Bible studies.

There is to be no enrollment fee for any of the courses for the '65-'66 season.

WHITTLIN --

(Continued from page 1)

The \$5 first prize isn't all you get for winning that contest, either. You also get a long title of some kind to go along with the award. And you get to keep that title until a new champion is declared a year later.

This hasn't been confirmed yet, but Willie might even let you be his guest columnist once or twice during the year when he's out of town.

We're interested in seeing a large number of entries in this contest so the winner will be a true champion and won't get the honor by semi-default.

So if you haven't yet entered, get the date of your guess on a post card and bring it or mail it to The Blade. Remember, too, that in case of a tie, the guess which is submitted first will be the winner. That means that the earlier you submit your prediction, the better chance you have of being the winner.

Hurry!

Some remarks we made here several weeks ago about the high quality of peaches in the Bovina area paid off up at our house.

Mrs. Howard Shook sent us a plateful of delicious fried peach pies with the explanation that "town peaches are pretty good, too."

She's just as right as she can be. The pies were as good as we've ever eaten. Our mouths waters just to write about them!

And Mrs. Shook's fine cooking added to the quality of the fruit.

That's the way we like to see people prove a point.

Down through the years, we've heard a lot of people brag about, complain about, and discuss in general how much or how little gas mileage their cars and/or pickups would get.

And it's an interesting-enough subject, even when you consider that most people don't tell the truth about it.

But we've never, not even once, heard anyone discuss the "mileage" their cigarette lighter would get on a certain amount of fuel.

Stone will begin with Life and Letters of Paul, 7:30-8:30 p.m. Tuesday, October 5. The text for this course is the Bible.

On Thursday mornings from 9:30 - 10:30, starting October 7, Stone will hold a six-week workshop on "How To Study the Bible." This course will emphasize principles.

"Another course for Thursday nights will be announced later," states Stone.

We are, however, ready when and if that conversation ever comes along. Our lighter is a fuel-consuming contraption--gets only about two packages to the tankful, the best we can figure. And that isn't good, if you have one which you think uses quite a bit of fluid, we'll be glad to match ours against yours in a lighter fluid burning contest. Let us know.

We knew a fellow once who had a fast-running clock. He tried for several months, that we know of, to get somebody to match their clock against his in a race.

He never got any takers. Maybe our lighter won't, either.

At this time, we'd like to offer our sincere sympathy to all our friends who are fans of the Texas Tech Red Raider football team who were so bitterly disappointed following their team's 33-7 loss to Texas University Saturday night.

The most cheering thing we know to tell you is that it could have been worse. It could have been the Texas Aggies who beat you that much and think how much more bitter that would have been.

Your team will, no doubt, get sweet revenge this Saturday night in Lubbock by soundly trouncing the aforementioned Aggies.

But don't be too sure . . . And remember to keep the Red Raider's horse in a locked stable this year!

Boys and girls from 9 to 19 years of age are invited to join a 4-H Club during National 4-H Club Week, Sept. 26 through Oct. 2.

The four H's in the 4-H emblem stand for Head, Heart, Hands and Health.

"Learning for living" is the theme of the 1965 National 4-H Club Week. For more than 50 years 4-H Clubs have guided young people in their personal development.

Church Chuckles by CARTWRIGHT

"I appreciate your frankness about the way most churches are run. Before I leave, do you have any suggestions for improving the Bible?"

This Week's DEVOTIONAL

Read Matthew 22:34-40
Psalm 119:97-104

The True God

Thou shalt have no other gods before Me. Exodus 20:3

"Do you believe in God?" "Of course I do! I am not an atheist." Then here is another, more searching question. "In what God do you believe?" Everybody has some kind of god. That person or thing that you love above everything else, that really is your god, whether it be self, pleasure, money, or sin.

We have made many false gods for ourselves. When we replace Christ, the one great Mediator between God and men, with a multitude of human intercessors, then faith becomes a superstition. When the world of our day worships at the shrine of Mars and Mammon, when the shameless goddess of sex-love holds sway over the movies and magazines of America; when power, pride, and pleasure become the unholy trinity of the majority of our citizens, then faith has been profaned and truth has been perverted into falsehood.

Too many people still kneel before the altar of their own self-righteousness. They still pray with the Pharisee, "Lord, I am glad that I am better than other people." God will just have to admit them to heaven.

We had better get back to the God of the Bible, who gave His Son on the cross to reconcile us to Himself, and love and trust in Him above all things. This is the first and great commandment.

O Father, help us to know Thee and our Savior Jesus Christ. Amen.

New and used welders. Do you need a welder to run low hydrogen rod? Free trial. Bovina Wheat Growers, 9-4tc

This is the 4-H pledge: "I pledge my Head to clearer thinking, my Heart to greater loyalty, my Hands to larger service, and my Health to better living for my club, my community and my country."

The New Haven railroad is still having trouble with ticket thieves. The newest crime occurred in Westport, Connecticut where 8,980 commuter tickets and a validating machine were stolen by a courteous robber who left a note: "Dear Ticket Agent, Sorry to ruin your station. It's very quaint."

strate the need for a proper nutrient balance to obtain maximum benefit from fertilization.

4-H Clubs are organized groups of young people who carry on educational projects and activities. Both city and rural boys and girls from 9 to 19 can participate. National 4-H Club Week, Sept. 26 through Oct. 2 is a good time to start.

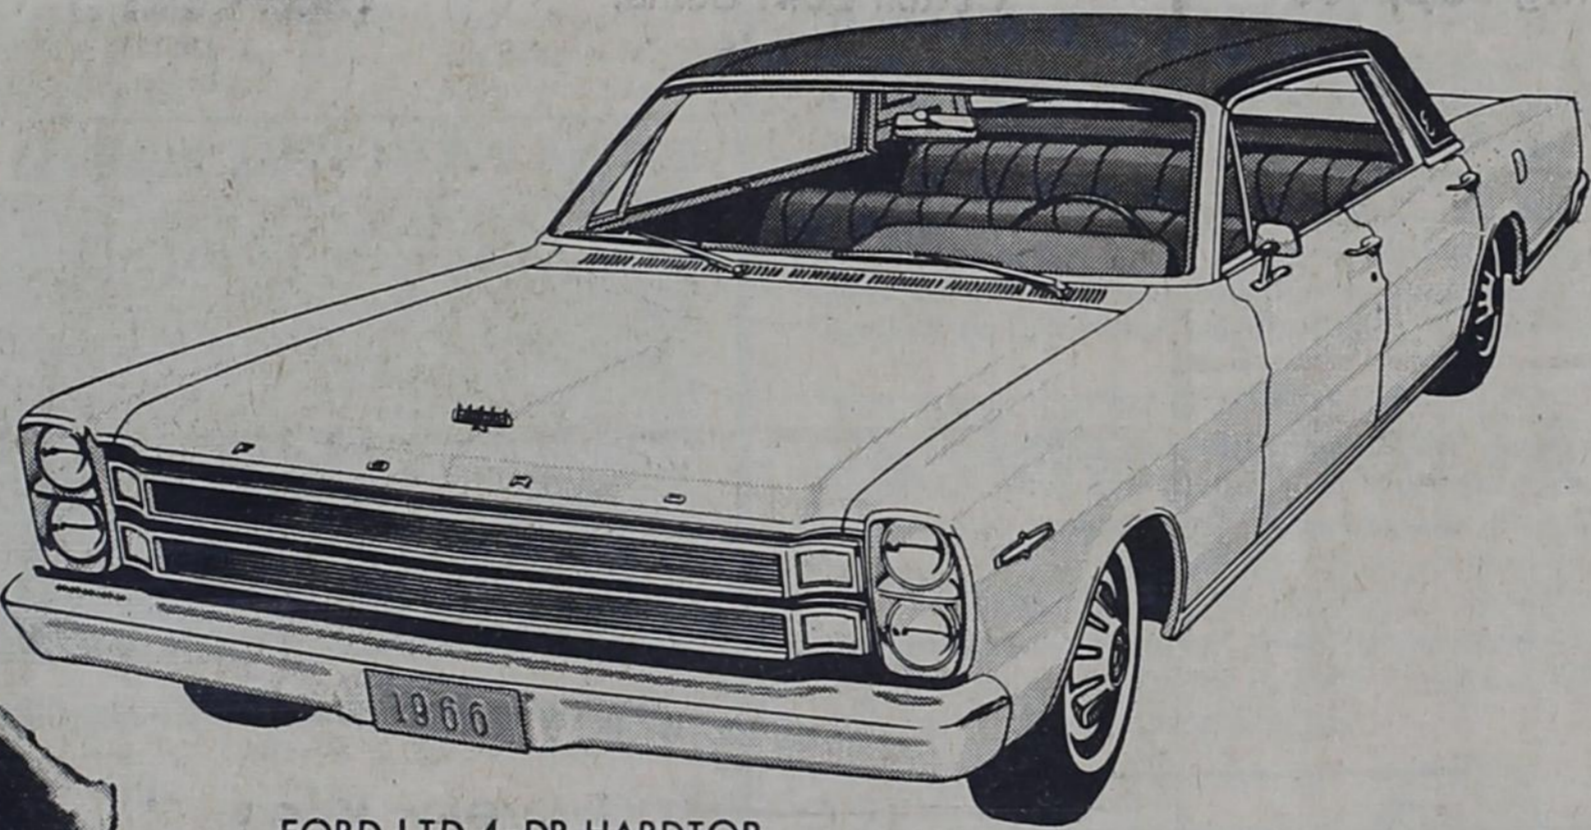

The 4-H Clubs are valuable training grounds for the nation's youth. More than 23 million men and women have been 4-H members.

Grand Prize Consists Of Expense-Paid ★ Trip For Two

To Cotton Bowl In Dallas, January 1, 1966

- ★ Expenses Include 2 Tickets To Cotton Bowl Game, Paid Hotel Reservations For 2 And \$55. For Food And Travel ing Expenses

You Don't Have To Be A Football Expert

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and travelling expenses to Dallas and the January 1, 1966 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

Final Non-District Game --

Ponies Play In Meadow; Seeking Year's First Win

In search of their first 1965 season win, the Bovina Mustangs journey to the South Plains community of Meadow for this Friday night's football game. Kickoff time is 8 p.m.

While the game isn't expected to be an easy one, the Ponies will probably be given an even, or better, chance of winning.

This was the game last year in which the Mustangs seemed to "catch fire." They came from behind in the second half and took a 20-12 decision from the Bronchoes and "set sail" from there for the district championship. Bovina fans are hoping the Meadow game will, again this year, be the turning point.

This will be the final non-district clash for the Ponies. The following week, they launch District 1-B competition against the Texline Tornados here.

Meadow's record is considerable better than Bovina's, but it is reasoned that Coach Roy Stone's troops have played stiffer competition.

The Bronchoes have lost one of three games. That was a 14-12 decision to Lorenzo. Their wins have been over Whiteface, 30-0, and Hermligh, 14-0.

In commenting on the forthcoming game, Coach Stone says, "Meadow has an experienced team; they have just about the

same people this year that they had last year. They'll have plenty of size, too."

"We haven't scouted them and we don't really know a whole lot about what to expect," he adds.

Physically, the Ponies are expected to be in good shape. Lane Gober, starting offensive

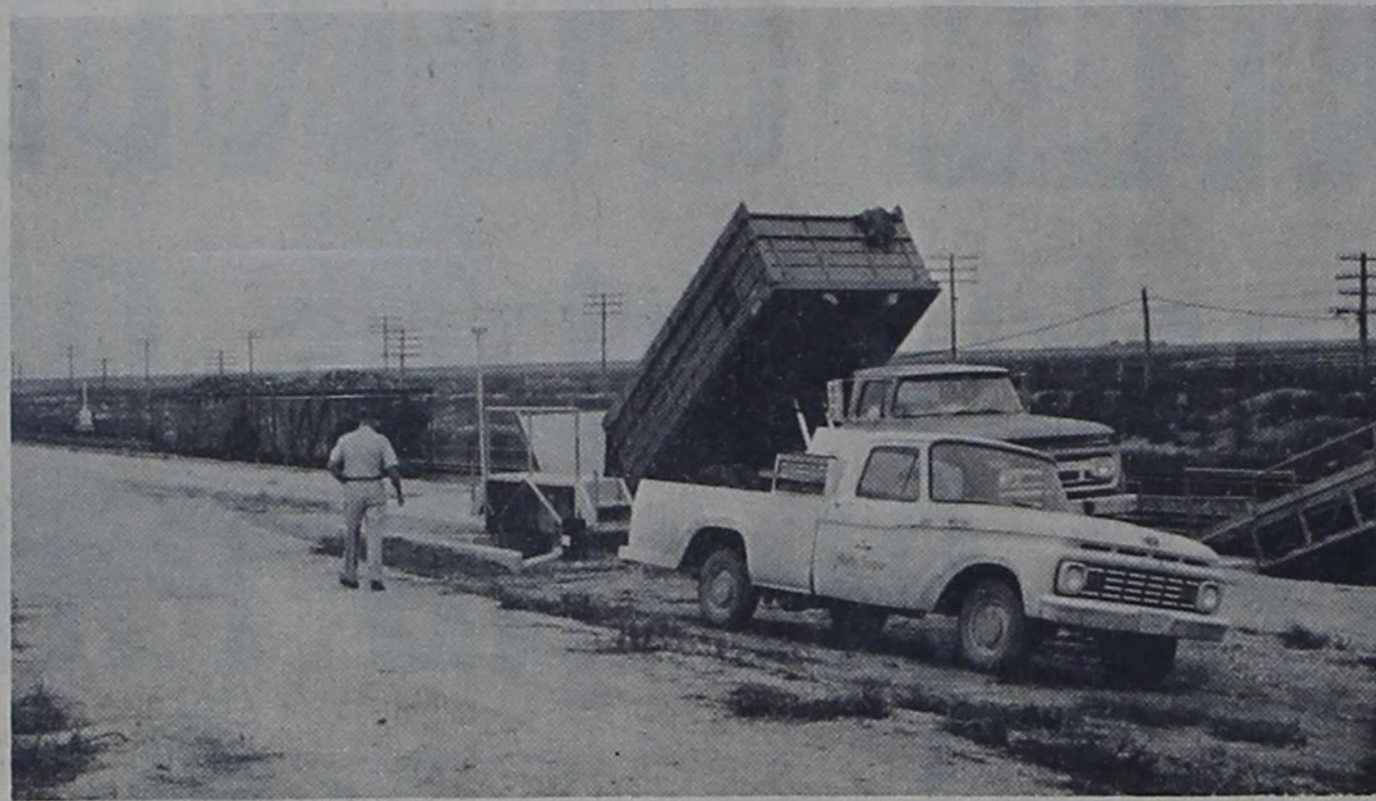

end who received a sprained ankle in the game with Springlake-Earth, is expected to return to "full speed" this week.

After playing their first two games in their home corral, this will be the second week in a row for the Mustangs to play away.

In the Amherst game, Coach

Stone says he was especially pleased with the running of Halfback Scotty Rundell and Fullback Dean Stanberry.

In spite of the long distance to Meadow and the team's current winning streak, a good delegation of Bovina fans is expected to be on hand for the tilt.

SUGAR (BEET) TIME -- Sugar beet harvest is underway here for only the second time in history as 1964 was the first year for the crop to be produced in this area. A truck is shown unloading sugar beets at the dump between Highway 60 and the railroad east of town. In the left background may be seen boxcars already loaded with Bovina beets ready to be transported to Hereford for refining. Beet harvesting started Monday.

On The Farm In Parmer County

By JOE VANZANDT
County Agent

HEAD SMUT

Over the past few weeks, I have been surprised at the amount of head smut in some sorghum fields, I've inspected. Some fields and varieties have more head smut than others. Every farmer should check his fields for head smut. Particular attention should be given to resistance among different varieties.

There is a direct relationship between the per cent smutted or sterile heads and the per cent yield loss. A 10 per cent smut infection would lower resulting yields by 10 per cent.

The smut fungus is carried in the soil and sorghum grown from clean seed planted on infested soil may be attacked by head smut.

Also, when infested seeds are planted, the smut may be introduced into clean fields. However, the practice of planting treated seeds eliminates the spread of the disease on seeds to clean fields.

Therefore, it is the soil-borne brown fungus spores, which are able to remain alive

for years in the soil that are responsible for infection.

On fields having no history of head smut, the most careful sanitary practices should be employed to avoid introducing the fungus.

The most important means of controlling head smut is through growing resistant hybrids.

Three new head smut resistant hybrids have been released by the Texas Agricultural Experiment Station. They are RS 625, RS 626, and RS 671. The hybrid RS 671 has about the same maturity as Texas 660, and has consistently produced as much grain. RS 671 is 5 to 6 days earlier than the late commercial hybrids and has yielded nearly as well and should only be grown under irrigation.

Head smut has never been found on either resistant parent or their hybrids when the seed stock purity was unquestionable. The resistant parents are being used by commercial sorghum breeders to produce other resistant hybrids.

See me or come by the office for further information on Head Smut.

COTTON MATURITY

This recent cold weather has certainly slowed down the

growth and maturity of this year's cotton crop.

Even though we had some hot days this month, I believe cotton growers who cut their water off around August 20 and left their cotton with a good moisture supply on that date will come out ahead of those few who watered cotton in September.

I believe Parmer County cotton producers should strive to have a good mature crop to harvest. One that will have a better grade, staple and micronaire than cotton will have that received a September watering.

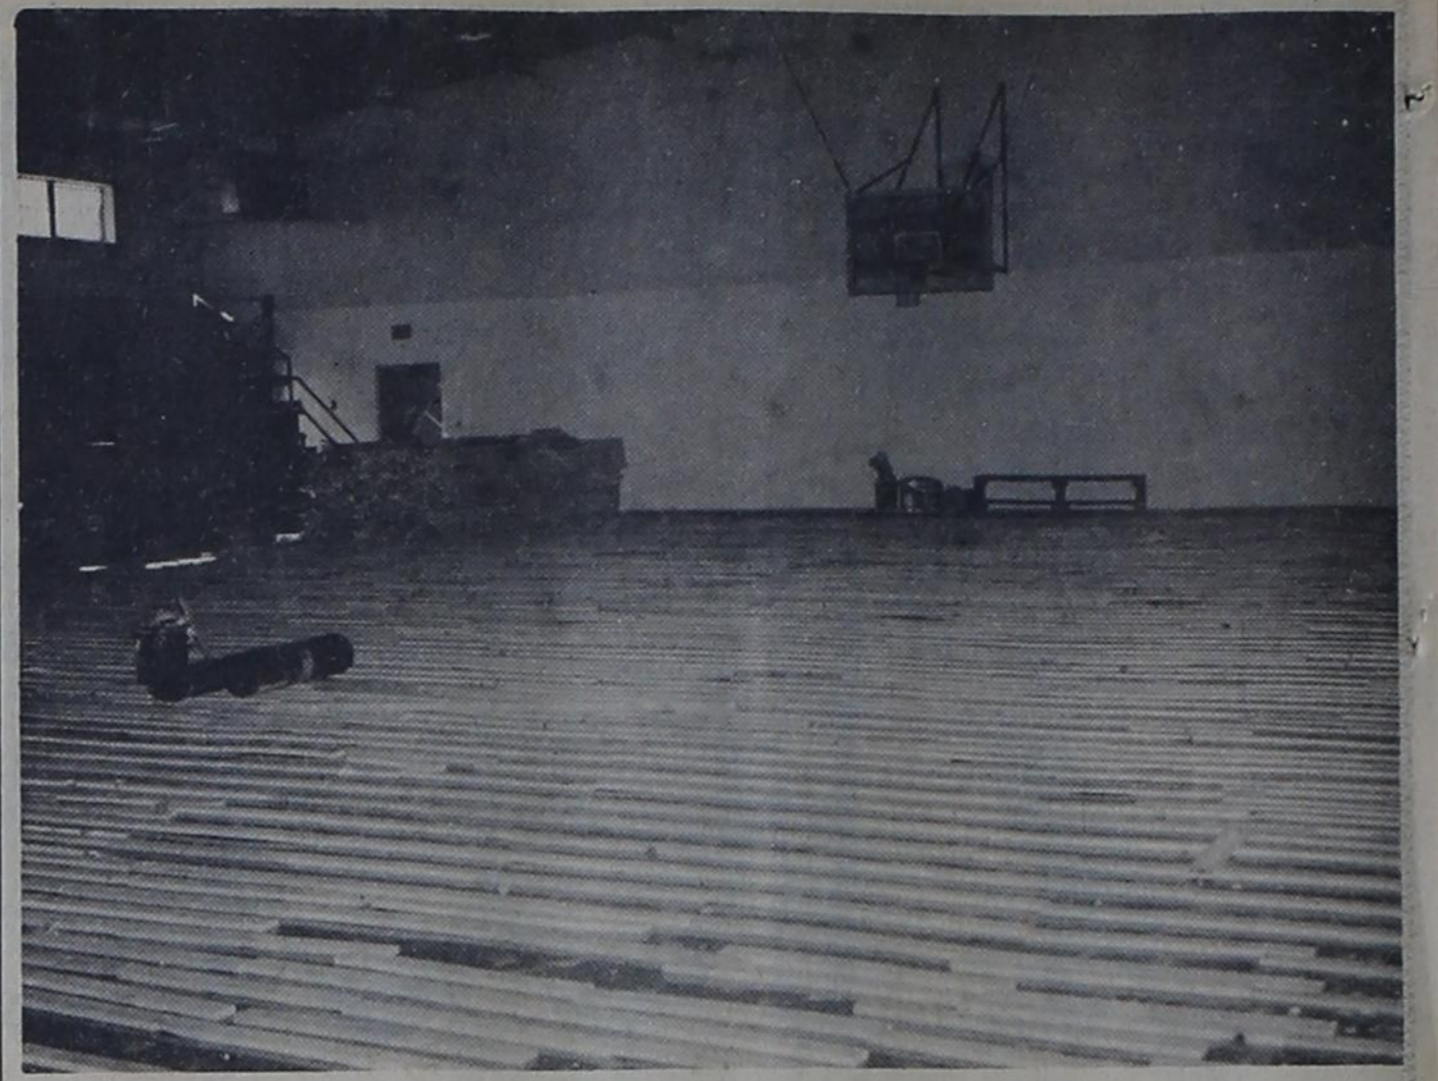

4-H NEWS

The Friona 4-H Club met on September 13 to re-organize for the coming year. We were glad to see many of the parents attend and take an interest in their 4-H members. Officers elected to serve during 1966 follow: President, Wayne Schueler; Vice Pres., Rusty Lindeman; Sec. & Treas., Carleen Schlenker; Council Delegate, Jan Jamison; Alternate Delegate, Jill Riethmayer; and Reporter, Kay Riethmayer.

The Bovina 4-H Club met September 20 in their re-organization meeting and they also had many parents in attendance. Bovina officers for 1966 are: President, Loy Christian; Vice President, Galen Carson; Sec. & Treas., Gregory Bell; Council Delegate, Mike Beauchamp; Alternate Delegate, Twila Hutto; and Reporter, Brenda Dyer.

GASOLINE TAX REFUND

The deadline for filing for the federal tax refund on gasoline used on a farm or ranch for farming purposes is September 30, 1965. The gasoline to be included would have been

NEW FLOOR -- Willford Gym has a new floor this week. The old floor was ruined by water damage from broken pipes last Spring. This was the scene in the gym prior to the installation of the new hardwood which may be seen stacked in the left background.

used after June 30, 1964 and before July 1, 1965.

We now have a supply of the forms available in the County Agent's office. Different rules apply to diesel fuel and special motor fuel and you should check with your District Director of Internal Revenue.

4-H'ERS WIN

We were real proud of two Lazbuddie boys over at the Curry County Fair. They walked off with the Champion and Reserve Champion Awards in the Open Barrow Show last Thursday.

These two boys, Danny and Loy Dale Clark are the sons of Mr. and Mrs. Wayne Clark of Lazbuddie. Danny showed a Chester White to the Championship with Loy winning Reserve on a Crossbred Barrow. These pigs were bred by the Clark family and proves again

we've got some real top hogs here in Parmer County.

In the Amarillo Tri-State Fair 4-H Wheat Contest, we've received word that Dwayne Bauer, Friona 4-H member has placed in the top ten in his attempt at the 4-H Wheat King title. Actually the winners will not be announced until Saturday morning, September 25 during Rural Youth Day at the Fair in Amarillo.

FAIR BOOTH

Last Saturday Dale Blackstone, Lazbuddie 4-H member accompanied me to Amarillo where we set up a County Products Booth at the Tri-State Fair. If any of you have a chance, go by and see the crops we have on display. I believe they rank among the best anywhere. Dale attended the District 4-H Council meeting in the afternoon.

4-H NEWS

During the past two weeks, Dee Brown who lives in the Lazbuddie area has inspected and scored all of the 4-H crop projects that members had this year. This was the first year for a score card to be used on the 4-H Crops Contest. We certainly want to thank Dee for the hours that he spent looking at these crop projects. We both felt like the members were learning more from this kind of contest rather than one based on yield per acre.

The Friona 4-H Club had a very nice window exhibit and float for the Mazie Days Celebration. We want to thank Mrs. Dale Houlette, Mrs. Earl Jamison and the Friona 4-H members for doing such a nice job on decorating.
