New Labor Party Swings to Democrats

Republican and democratic politicians wondering which way the young American Labor party would swing had their doubts settled on the opening day of the A. L. P.'s first state convention in New York. Democrats won support for the three major offices, the 954 delegates nominating by acclamation Governor Herbert H. Lehman and United States Senator Robert F. Wagner for re-election, and Supreme Court Justice Charles Poletti for lieutenant governor. Above, delegates from counties all over the state parade enthusiastically. Pictured below are three leading convention figures, Sidney Hillman (left), president of the Amalgamated Clothing Workers' Union, Elmore Herrick, vice-president of the A. L. P., and David Dubinsky, president of the International Ladies' Garment Workers' Union.

Royal Neighbors Open Convention Here Today

With attendance estimated at approximately 150 women with others expected to arrive this afternoon, the district convention of Royal Neighbors opened here this morning. Mrs. Lillie Wyrick of Midland, district president, is in general charge of arrangements for the day. Wink, Pecos, Big Spring, Monahans, Ranger, Sweetwater and Abilene have representatives here in addition to Midland. Ranking officials present today include Mrs. Myrtle M. Estes of Abilene, state supervisor; Mrs. Maude Marlow of Monahans, district deputy; Mrs. Wyrick; and Mrs. Erabelle Carson of Monahans, district vice president. Following registration this morning at 10 o'clock, pep songs were sung and Mrs. Wyrick called the convention to order in the Crystal ballroom. Rev. W. C. Hinds, Methodist pastor, offered invocation. Mayor M. C. Ulmer presented the welcoming address with Mrs. Myrtle M. Estes responding. Committees were appointed.

Rev. Bruce Will Talk at Convention

Rev. H. D. Bruce, Baptist pastor, will speak at the laymen's convention of district seven to be held at the First Baptist church of Clint, Texas (on the outskirts of El Paso), Thursday evening of next week. His subject will be "Our October Objectives." He spoke on the same subject at Lubbock last Tuesday evening.

Congratulations To:

Mr. and Mrs. G. D. Hollway are the parents of a son, weighing 8 3/4 pounds, born in a Midland hospital this morning. The baby has been named Leon.

Defense Against Spies Tightened

HYDE PARK, Oct. 7 (AP).—President Roosevelt today disclosed the administration is planning to tighten its defense against the activities of foreign spies. The president said he was seeking what new machinery might be set up to frustrate efforts of foreign agents to obtain military and naval secrets.

Mother Accompanies D. L. Hutt, Wife Home

Mr. and Mrs. Donald L. Hutt returned last night from Kansas City, accompanied by his mother, Mrs. J. E. Hutt, who will visit on the ranch for some time. The Midland couple attended the funeral of his brother, Richard Hutt, at Kansas City last Sunday.

Judges Told WPA Money About Gone

Drought Demands Legislature Act To Keep Men Busy

NEW BRAUNFELS, Oct. 6 (AP).—Warnings that WPA activities in Texas were threatened with extinction for lack of legislative action and that democracy might crumble before dictatorship unless public schools were adequately financed were given 600 members of the Texas County Judges' and Commissioners' association here Thursday.

Assembled for the first of a three-day annual convention in this beautiful city at the foot of the hill country, officials heard problems they face jointly with state and federal authorities discussed and analyzed. H. P. Drought, of San Antonio, state director of the WPA, informed delegates the greatest danger to their "joint enterprise" in this state was that funds of the Texas relief commission, federally-approved agency to pass on eligibility of WPA workers, were almost exhausted.

The director, who lashed critics of the government work program, said it was essential the legislature provide for the continuance of the commission's work so that 90,000 able-bodied persons which industry and agriculture had been unable to absorb, might earn an existence. L. A. Woods, state superintendent of education, lamented shortage of funds forced many rural school children to forego two months of school each year.

"Education is the life blood of democracy," he said, "and when it fails to teach the fundamentals of democracy, our American civilization will collapse."

State Comptroller George H. Sheppard appealed to the officials to collect delinquent taxes to reduce rates and not penalize those paying the levies by increasing the loan.

Scolding officials for what he said was their "looking toward the government for aid," the comptroller said the major portion of back taxes could be collected if proper efforts were made. "Your delinquent taxes reflect upon the credit of the state," he said.

Ernest O. Thompson, chairman of the railroad commission, advocated economy in government and commended a sub-group of the state senate finance committee for its efforts in recommending appropriations to departments be reduced to effect a saving of more than \$6,000,000 a year.

Adam Richetti Is Put To Death in Missouri Prison

JEFFERSON, CITY, Mo., Oct. 7 (AP).—Adam Richetti, last survivor of a trio which terrorized the Midwest a few years ago was executed in Missouri's lethal gas chamber today for his part in the 1933 Kansas City union station massacre of four officers and their prisoner. "What have I done to deserve this," were Richetti's only words as he was strapped into the chair.

Richetti, "Pretty Boy" Floyd and Verne Miller were named by officers as the actual murderers. Floyd and Miller were slain.

The massacre was bungled in an attempt to rescue Frank Nash, escaped convict, from officers taking him back to Leavenworth prison.

Yankees and Cubs Reach New York; To Play Saturday

NEW YORK, Oct. 7 (AP).—The New York Yankees and Chicago Cubs arrived here today to resume the World Series tomorrow, with the Yankees leading 2-0 in games.

Manager Hartnett of the Cubs said he would send Clay Bryant to the mound in an effort to stop the Yankees. He will be opposed by Monte Pearson.

Gas Fumes Fatal To 2 Policemen

TROY, N. Y., Oct. 7 (AP).—Fred Popp and Frank Connelly, Troy policemen, died in a hospital here today after they had been found unconscious in their automobile. They were believed to have died from fumes from their motor after closing the windows of the car to shut out the cold.

Strikers Close Two Detroit Factories

DETROIT, Oct. 7 (AP).—A United Automobile Workers' demonstration for a 32-hour week closed two large factories here today and left approximately 12,000 idle. The main plant of the Plymouth Motor corporation and the Mack avenue plant of the Briggs Manufacturing company were closed.

JUDGE SUCCEUMS. CANADIAN, Oct. 7 (AP).—Ernest Pickens, judge of the eighty-fourth district court since 1929, died today after a year's illness.

No Use to Fight---

Czechs Told to Reconcile Selves

Ready for Work

Chief Justice Charles Evans Hughes, pictured leaving his Washington home for the opening of Supreme Court fall term, eulogized the late Justice Benjamin Cardozo in his address opening the court. Chief Justice Hughes, who is 76, spoke of Cardozo's death "at a time when he should have enjoyed the full exercise of his powers." Cardozo was 64.

Encampment Lodge Instituted Here Thursday Night

An Encampment lodge was instituted here last night with 26 charter members. The lodge is a higher branch of the Odd Fellow Lodge.

Members of the new Encampment are composed of members of the subordinate Odd Fellow Lodges of Midland, Stanton, Odessa, Wink and Pecos.

The Encampment was instituted by the officers of the grand encampment of Texas, Grand Patriarch E. C. Weaver, McAllen; Grand Scribe W. R. Francis, Fort Worth; P. G. P. S. O. Schiffbaugh, San Antonio, and P. G. P. O. F. Perfect, Paris.

D. C. LYKINS.

A large number of visitors was present from Big Spring and Odessa and saw initiation of E. E. Hicks, Floyd Friday, Truman Friday and Chas. Robinson and Floyd Hall. A banquet supper followed.

Officers elected and installed were D. C. Lykins, Midland, chief patriarch; W. E. Johnson, Midland, scribe; J. W. Pace, Midland, treasurer; C. O. Fuller, Midland, high priest; E. N. Thompson, Midland, senior warden; Joe Hammett, Odessa, junior warden; H. A. Biggs, Odessa, guide; C. E. Timmons, Stanton, first watch; Riggs Shepperd, Stanton, second watch; E. V. Woodward, Midland, third watch; F. O. Rhodes, Stanton, fourth watch; A. Smyrie, Midland, first guard of tent; C. W. Blalock, second guard of tent; R. D. Blalock, Midland, inside sentinel; Henry Wade, Midland, outside sentinel.

Members of the encampment will meet each Thursday night and all are urged to be present.

The Grand Encampment meets at Gonzales on October 10-11, and several members are expected to attend there.

Deposits is 2 Banks Here At New High

Over 4 Million Is Reported by Officials Today

Deposits reached a new high in the two Midland banks today when a total of \$4,309,187.47 were reported by bank officials.

Deposits in the First National bank had passed the \$3,000,000 mark for the first time in history, a total of \$3,109,453.87 being reported. Deposits in the Midland National were reported at \$1,199,733.60. The total amount of money in the banks at present totals \$110,721.28 more than the total on July 1, when the comptroller of currency made his last call.

The First National bank reported loans and discounts of \$1,370,823.14 and cash and exchange at \$1,972,787.83. The Midland national bank reported loans and discounts of \$468,108.32 and cash and exchange at \$684,829.69.

COMPTROLLER ASKS CONDITION OF BANKS.

WASHINGTON, Oct. 7 (AP).—The comptroller of currency issued a call today for the condition of national banks at the close of business on September 28.

The Texas banking department issued a similar call on state banks.

Laws Regulating Life of Jews in Italy Announced

ROME, Oct. 7 (AP).—The fascist grand council ended a midnight session early today by issuing a sweeping series of regulations limiting the participation of Jews in Italy's national life.

After a four and a half hour session devoted largely to racial questions, fascism's supreme policy-making body banned all marriages between Italians and "African, Semitic and other races."

Civilian and military employees of the state were forbidden to marry "foreign women of whatever race," and other Italians were required to have the interior ministry's permission before contracting any foreign marriage.

The council declared "World Hebrewism, especially after the abolition of masonry, has been the inspirer of anti-fascism in all fields. Hebrewism abroad or among Italians exists has been in some periods like 1924 and 1925 and during the Ethiopian war unanimously hostile to fascism."

The grand council prohibited Italian Jews from:

1. Enrollment in the fascist party.
2. Owning or managing business firms of any sort employing more than 100 persons.
3. Owning more than 50 hectares (123.5 acres) of land.
4. Entering Italy's military services in "peace or wartime."

O'Daniel to Make Inspection Tour of Big Bend Country

FORT WORTH, Oct. 7 (AP).—Plans for touring extreme West Texas and the Big Bend section were announced Thursday by W. Lee O'Daniel, nominee for governor.

He is to leave Fort Worth Sunday, Nov. 13. Monday will be spent in El Paso in conference with business men and members of the legislature living west of the Pecos.

Leaving El Paso Monday night O'Daniel will spend Tuesday in Marfa, meeting there with a group of West Texas cattlemen.

Wednesday and Thursday will be devoted to an inspection of the proposed Big Bend national park which O'Daniel hopes to see become a reality during his term as governor.

Coke Stevenson of Junction, nominee for Lieutenant-Governor, and Emmett More of Houston, who is slated for the speakership of the House, probably will be invited to make the tour with him, O'Daniel said.

O'Daniel also said that he hoped to visit Laredo and the Lower Rio Grande Valley before his inauguration.

Store Opening Is Heavily Attended

Strong public appreciation was registered at the formal opening today of the Piggy-Wiggly Shopping Village, according to Bill and Ellis Conner, proprietors.

Buddy Badly Bumped

"You poor darling," said Mary Pickford to hubby Charles (Buddy) Rogers when she arrived at the Columbus, O., hospital where the former movie star and band leader was taken after his car overturned. Buddy suffered only torn shoulder ligaments, but his anxious wife, one-time "America's Sweetheart," flew from New York to his bedside.

An Accident? --- Adolf Gets Roses--In Face

BERLIN, Oct. 7 (AP).—Adolf Hitler was slightly injured about the face today when an over-enthusiastic Sudetenlander tossed a bouquet of flowers at the Fuehrer. Authoritative reports said Hitler's face was scratched when he was hit squarely with a big bunch of roses.

As a result of the mishap, Hitler issued a general order de-

claring Nazi party leaders would henceforth be held personally responsible for seeing that flowers were taken from all persons along the line of march. Even small bouquets in the hands of spectators must be seized.

Hitler today visited the first part of the fourth zone of occupation on the northern fringe of central Czechoslovakia.

Frankley & Rice Delaware Well Showing For New Pool Opener

By FRANK GARDNER. New Delaware pool for Reeves county appeared assured this morning as Frankley & Rice No. 1 Tunstill bailed 25 gallons of 42.3-gravity oil after being shut down for two hours. It is now shut down for orders, bottomed at 3,310 feet in sand, and it is reported that operators plan to shoot.

Yesterday while bottomed at 3,299 feet in sand, the well was shut in for an hour and a half, building up 800 pounds pressure on casing. Deepening, it encountered showing of oil from 3,300-10 and began spraying an estimated two gallons of oil per hour. No increase in gas was found by deepening. Previously, the well had gauged 1,510.80 cubic feet of sweet gas daily after finding shows at 3,289-90 and increase at 3,295. Yesterday morning, gas starting showing a little oil, the well having drilled itself in.

No. 1 Tunstill topped Delaware black lime at 3,254 and sand at 3,283, 377 feet below sea level. On the lime marker it was 112 feet higher than General Crude No. 1 TXL, failure a mile and a quarter to the south and slightly to the east, which showed some oil and gas in the Delaware. Location of No. 1 Tunstill is 330 feet from the north, 2,310 from the west line of section 10, block 56, township 2, T. & P. survey, three and a half miles northeast of Orla.

Another Reeves wildcat, Ohio No. 1 Popham is drilling below 4,225 feet in lime.

Empire Area Spread. Mile southwest extension of the old Empire area five and a half miles west of the Eunice pool in Lea county, N. M., loomed as F. C. Wilson No. 1 State filled 3,500 feet with oil and made a small head in drilling to 3,802 feet in lime. First show of oil and gas came in from 3,750-54, amounting to one-fourth barrel per hour. The well had 200 feet of oil in the hole when total depth was 3,776, and it bailed dry at that point. Drilling ahead, it logged increase in oil from 3,799 to 3,802, hole filling 1,600 feet with oil in 24 hours while drilling to that depth. Oil rose an additional 1,900 feet during the next 10 hours, and the well made a small head. At last reports, it was preparing to swab casing, bottomed at 3,803 feet in lime. Location of the well is the center of the southwest of the northeast of section 7-21s-35e.

South of Lovington in Lea, Westmount No. 1-A Amerada-State cemented 13-inch casing on bottom at 212 feet and is standing.

Magnolia No. 1-M State, which showed oil and gas in the Yates sand zone, is cleaning out at 3,140 feet following a 35-quart shot from 3,067-75. Total depth is 3,187 feet in anhydrite. Yesterday, the well headed a small amount of oil through tubing on natural production test. It topped Yates sand at 2,920. It is a south offset to Phil-

lips No. 7 Santa Fe, east side producer.

In the Vacuum pool, Phillips No. 3 Santa Fe is drilling at 4,420 in lime. In the east extension area, Helmerich & Payne and Conoco No. 1-G-36 State is cleaning out after shot, bottomed at 4,950; Phillips No. 11 Santa Fe is drilling at 4,260 in lime.

Southwest of the Vacuum pool, Texas No. 1 Lodewick is drilling below 2,160 feet in salt and anhydrite.

Shell No. 1 Harwood, southern Roosevelt county, N. M. wildcat, is drilling at 545 feet in red beds.

Mean Outcrop. Humble No. 1G University, Andrews wildcat a mile southeast of large producers in the Means pool, is preparing to plug and abandon as a result of having flowed 15 barrels of salt water per hour on tubing test at 4,942, total depth.

In southern Andrews, Rogers & Rogers No. 1 University, a wildcat, is preparing to core at 4,390 feet.

In the Shafter Lake area of Andrews, H. C. Wheeler No. 1 White & Shelton is drilling at 3,905 feet in anhydrite, while Texas No. 1-H State is drilling below 3,930 feet in anhydrite and lime.

Southeast of the Deep Rock pool in Andrews, Triplehorn No. 1 Thornberry is rigging up standard tools to drill plug from 7-inch casing cemented on bottom at 4,100 feet with 150 sacks.

In central Gaines, Atlantic No. 1 Parker is circulating to condition hole preparatory to taking drillstem test. Total depth is 5,150 feet in lime.

In southeastern Gaines, Devonian No. 1 King is drilling below 5,475 feet in lime. It is expected to reach contract depth of 5,500 feet today. Operators will run Schlumberger, measure hole then will probably abandon the well. It topped gray lime at 5,110 feet, reportedly low structurally.

Bennett Well Flowing. Cascade No. 1-A Bennett, on the northwest edge of the Bennett pool in Yoakum, was flowing 14 1/2 barrels of oil per hour, bottomed at 5,270 feet, following first stages of acidization. It had been given a 500-gallon dump job, then pressure treatments of 1,000 and 2,500 gallons, respectively. Total depth is 5,270 feet in lime.

On the east side of the pool, Magnolia No. 4 Bennett is drilling at 4,392 feet in lime. Shell No. 3-A Bennett, west edge test, swabbed an estimated 300 barrels of oil in 24 hours while unloading hole, bottomed at 5,260. It had been both shot and acidized.

Slight show of gas was logged at 4,902 feet by Honolulu No. 1 R. M. Kendrick, test a mile east of the Denver pool in southern Yoakum. It is drilling ahead at 4,920 feet in lime.

Syrovoy Says Nothing Else Left to Do

Tells Troops Not To Commit Acts Against Nazis

PRAGUE, Oct. 7 (AP).—Premier General Syrovoy appealed to his army today not to commit any act which might "bring on intervention more cruel than the present situation" for what is left of Czechoslovakia.

"There is nothing to do but to reconcile ourselves to our fate," he told the troops.

Doctor Joseph Tiso, prime minister of Slovakia, and eight representatives of the most powerful Slovak political parties came here to discuss the Slovak role as an autonomous unit of the Czechoslovak federal state.

Both German and Czechoslovak sources indicated last night their countries might settle the issue of Sudetenland areas with mixed populations without resorting to a plebiscite.

The question of the mixed areas is the next to be solved in the progressive realization of the terms of the four-power Munich accord which marked out four zones in Czechoslovakia to be occupied by tomorrow by German troops—and the last of the zones was in process of occupation.

It also empowered the international commission to determine the remaining territory of preponderantly German character to be occupied by German soldiers by next Monday.

The commission defined this area and it was estimated that it and the four zones granted at Munich would give Germany approximately 5,000 square miles.

The next step under the Munich accord would be to determine territories which would vote in a plebiscite for union with Germany or for staying with Czechoslovakia.

But so favorable have negotiations progressed since the resignation of Eduard Benes as president of Czechoslovakia that prospects brightened for settling the question of the mixed areas without the necessity of a plebiscite.

Special Assessment Plan of AFL Will Be Retained Year

HOUSTON, Oct. 7 (AP).—Delegates to the American Federation of Labor convention, facing prospect of more intense rivalry with the C. I. O. in the industrial field, voted unanimously Thursday to retain for another year a special assessment for expanded organization work.

Recommendation of the executive council that the federation continue the levy of one cent a member a month, was endorsed.

Federation officials estimated the levy would raise close to \$500,000 to finance the extension of the A. F. of L. organizing drive, not only in the craft unions, but in fields where industrial unionism is suitable, such as cement, aluminum manufacture, textiles, chemical, lumber and agriculture.

Applauding the federation's organization drive in the past 12 months which cost the A. F. of L. \$1,171,014, President William Green assured the delegates they could "look forward to even greater gains in the next year."

The convention leaders brought the special assessment matter to a vote after the convention agreed earlier in the day to conditionally approve the disputed credentials of the International Typographical union delegates, whose organization had refused to pay the assessment.

Responding to the plea of A. F. of L. President William Green not to force the printer's union out of the federation, the convention voted unanimously to seat the I. T. U. delegates "on probation" until they decide by a membership referendum whether they pay up a special assessment levied a year ago as an aftermath of the split with C. I. O.

The A. F. of L. constitution provides that any affiliated union three months or more in arrears on dues or assessment payments "shall become suspended from membership."

To avoid an arbitrary setting aside of the constitutional provision, Green and Claude G. Baker, new president of the ITU, appealed to the convention to seat the delegates until the referendum recently initiated by the Chicago ITU local settles the long standing controversy over payment of the special assessment.

Receiving Lambs From Crockett Rancher

Foy Proctor is receiving this week 3,000 head of mixed lambs bought from Mack Scheiman of Ozona. They are being handled by Leonard Proctor, who also has just bought 5,500 head of ewe lambs from that area.

It Still Begins at 40

It's performing a service to pass along any kind of heartening news these days. Here's a little service for the man who can't get it out of his head that the business and employment world is shrinking for the middle-aged man like a ten-dollar suit in a shower.

An analysis of employment has been made on a national scale by an insurance company to determine what, if any, changes in the proportionate age groups at work and out of work have taken place since 1929.

What came out of the analysis was, very briefly, the fact that the employment, unemployment, and placement ratios between the age groups under and over 40 have remained stable during the entire period—through every phase of the depression, the recession, and whatever it is we're having now.

The same proportion has held among the men at work, among the men looking for work, and among the men being absorbed into the employment ranks. The man over 40, by the figures of this survey, is wanted by business, sought by it, and absorbed by it exactly as much as he was last year, or the year before, or any year in the past eight.

SO THEY SAY

TEACH DRIVING IN SCHOOLS

(Ahilene Reporter-News.)

Uncle Sam keeps a flying cadet for eight months at Randolph Field for primary lessons and four months at Kelly for the finishing touches before turning him loose with an airplane as a member of the flying corps.

A locomotive engineer spends several years as a fireman before he is entrusted with the important duty of piloting an engine on the main-line, several more years before he is given a passenger run.

But we sell a man an automobile, point out the gear lever and the accelerator, and tell him to go to it.

A flier doesn't have much traffic to worry about up where he operates, and a locomotive follows a track. Aside from the purely mechanical experience and skill required to operate a plane or an engine, the pilot or the engineer has a simple problem compared with the split-second decisions that constantly confront a man behind the steering wheel.

A good eye and a steady hand, a fine sense of timing and distance, is required of the motorist who would avoid accidents.

But we do little or nothing to teach him the fine art.

A better day is dawning in this respect. The state board of education has approved the placing of textbooks on safe driving practices on the free textbook list. The education committee of the state planning board is to make a study to determine the type of book needed.

Speed the day. When children are taught safe practices in crossing the street, and high school boys and girls are taught that it is better to be safe than sorry, we will get a better grade of automobile drivers in this country.

The field is unlimited and the need for instruction very great.

Herman Goering is reported almost recovered from his illness. It won't be long before he'll be sitting up and receiving medals.

America holds the key to the future of democracy, a congressman declares. And Europe holds the dead-lock.

In the present situation there's only one gear America can shift into neutral, and that's reverse.

The boys at Harvard have revived the handlebar mustache. Yale can now be expected to show its up-to-date-ness by introducing the steering wheel design.

News arrives that Shirley Temple's next picture will be in color. And it's a good bet Mr. Dies thinks he knows what color.

A Yale astronomer says he suspects the world's getting fat around the middle, and he might have added it's also getting circles under its eyes these days.

Things generally may be in a terrible state abroad, but you can't deny this has been Europe's plique year.

A prominent painter says America prefers "barber shop art." What do you suppose he means—talking pictures?

Consider the poor movie siren who just couldn't get away from her work—even on vacation she found herself willing away her time.

There's a boy in Europe who has won a philosophy degree at the age of 11. But then, in these times, they all get pretty philosophical at an early age over there.

BABSON'S AUTHENTIC STATEMENT

By ROGER W. BABSON

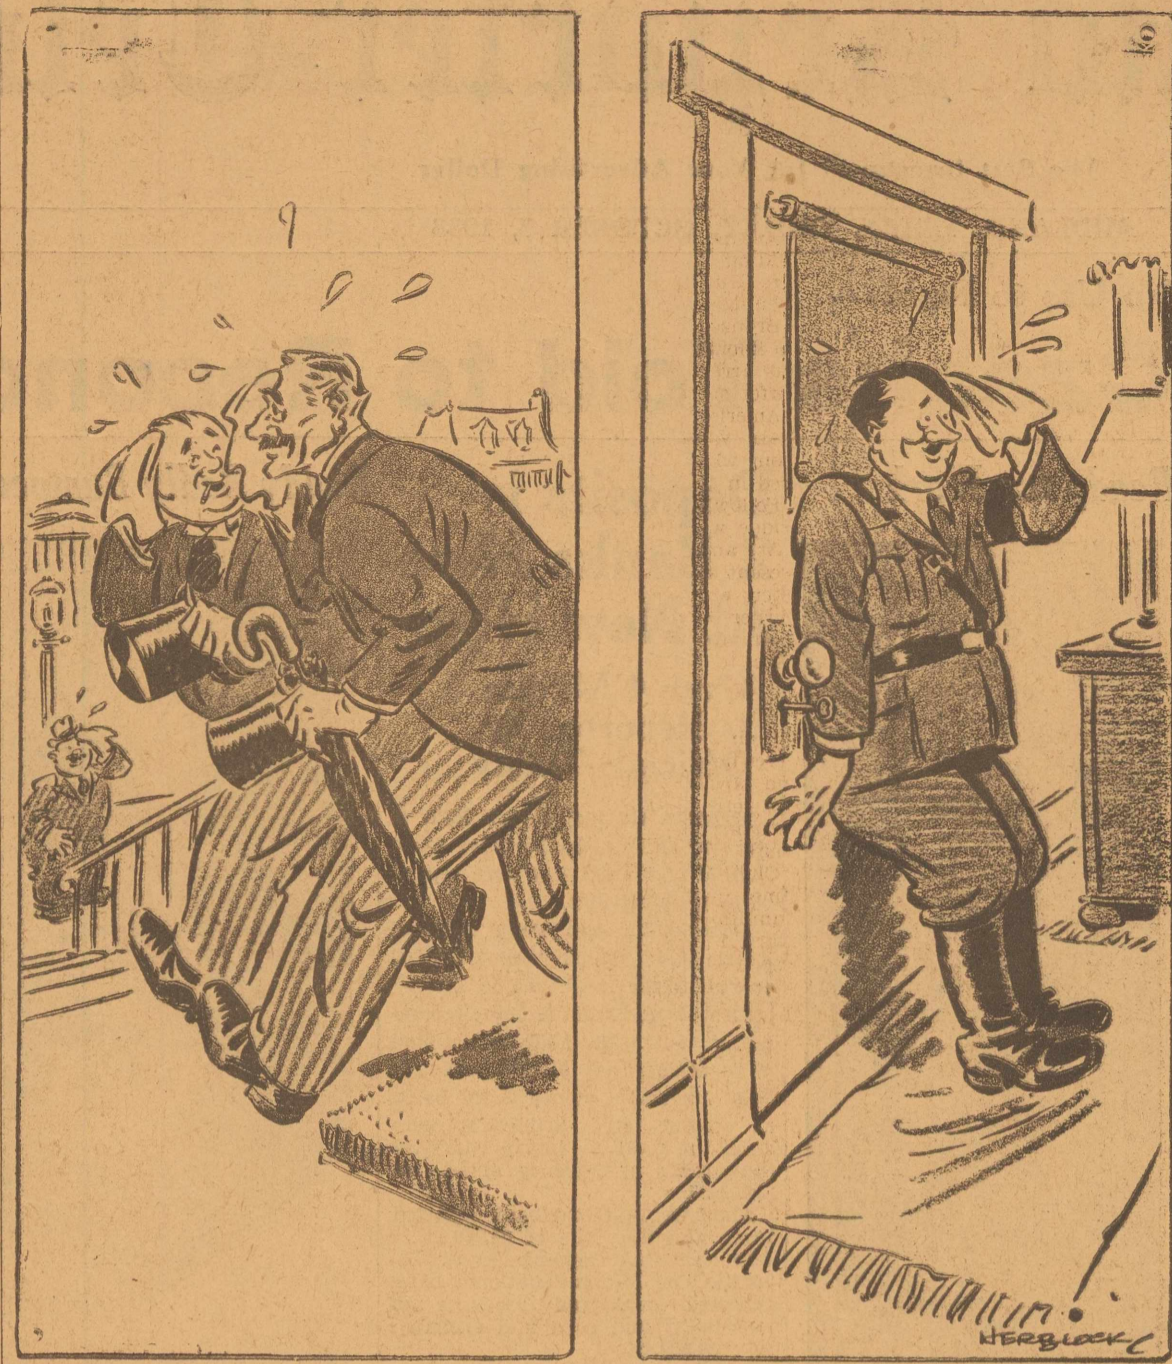

Copyright—1938—Publishers Financial Bureau

LONDON, Oct. 7. — The settlement of the European crisis was the most optimistic news in over a year. The war scare was the only barrier in the path of a sharp business recovery this Fall. If the Czechoslovakian situation had not reached such a high pitch of excitement all over the world the recovery from our recession would have been a lot further along.

London, of course, is over-joyed that Prime Minister Chamberlain dragged England back from what most people believed to be the brink of war. I have been here only a few days, but I have talked with numerous people in all walks of life—from cab drivers to high government officials. They have all told me that everyone momentarily expected war to come. However, while badly frightened, the people went about their daily chores as usual.

Germany Not Hated. In the recent poker game, Germany got what she wanted despite the earlier violent objections of the British and the French. Hence, England has lost a lot of prestige.

'Whew! That Was a Close Call!'

The Town Quack

I haven't seen Jess Miles, one of the forecasters who would have it rain by Saturday, but B. H. Blakeney, the other one, asked for another day. He believes the rain will be here by Sunday night.

Personally, I can wait until Sunday night, having let my lawn dry up anyway. But Ben Rogers is damaged. He took the promises of Jess Miles and B. H. Blakeney seriously and set out grass at his new place on West Texas avenue. He says he is not able to buy water to keep the grass growing, but set it out on the faith of the forecasters.

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER Reporter-Telegram Washington Correspondent.

WASHINGTON, Oct. 7.—New York's election campaign is the big one of 1938 and it ties in with the presidential year 1940 from several interesting and important angles.

Candidates for governor are: DISTRICT ATTORNEY THOMAS E. DEWEY, 36-year-old racket buster who accepted the Republican nomination with a promise to continue his warfare on crime and especially crime linked with politics. Many Republicans regard Dewey as a presidential "white hope."

Prospect of Dewey's nomination has been bothering New Deal politicians in Washington for the last year. Republicans nominated him unanimously and enthusiastically in the belief he was the only Republican who could win and would be unbeatable—except perhaps Senator Robert F. Wagner or Governor Lehman, who wanted to run for the senate seat of the late Royal S. Copeland. Almost to the end, National and State Democratic Chairman Jim Farley depended on his ability to persuade his friend Wagner to run for governor; Wagner refused.

But apparently they don't know what hidden batteries Dewey, who gained national publicity in his prosecution of powerful Tammany Leader Jimmy Hines may have in reserve. Although Lehman personally may be impeccable, Tammany is an important section of the New York Democratic party and the ties—if any—between some of its shadier characters and some of the party's state and national leaders have never been exposed.

W. Lee O'Daniel, democratic nominee for governor, was interviewed by a room-full of newspapermen in Dallas when he was a guest of the alumni chapter of Sigma Delta Chi, journalism fraternity, but there was not a reporter present. All his remarks were "off the record" by advance agreement, and not even daughter Molly, herself a reporter, was privileged to write what was said.

TOLEDO, O. (U.P.) — The lowest accident death rate in 12 years was scored here in the first seven months of 1938. Only 21 accident fatalities occurred this year, as contrasted with 54 in the same period last year.

THE CAPITOL JIGSAW

By HOWARD C. MARSHALL Associated Press Writer

AUSTIN, Oct. 7. (U.P.) — A constitutional amendment authorizing an appropriation to advertise Texas as our first line of defense? This is a question which is worthy of careful consideration by every person who lives in North America.

Before leaving America I was asked especially to find out what attitude Russia will take in case of a real European war. The best opinion here seems to be that Russia will use her influence not to prevent war, but rather to stir up war.

As sponsored by Senator Lough- ton, Brownlee of Austin in cooperation with Woodul, the amendment would have allowed an appropriation of up to \$3,000,000 to be spent over a period of five years.

"The one outstanding thing Texas needs is to advertise," Woodul said. "Other states are doing it. Why not Texas? Several Texas cities have tried it and are deriving real benefits."

He emphasized one point: "I Texas does adopt an advertising program," he said, "it should be just for a day. It should be continuous."

He suggested that any state advertising could well be supplemented by Texas cities.

Air conditioning hasn't helped people's health but it can if properly operated, says Dean W. R. Woolrich of the college of engineering at the University of Texas.

He was commenting on a reported increase in the use of electrical power in Austin this year attributed by city officials largely to the greater distribution of air conditioning apparatus.

"Air conditioning is far from perfect," Woolrich said. "Many places are overcooled. One entering such places after a brisk walk may take cold."

There seems to be a growing feeling in official state quarters that if Texas should decide to give pensions to all over 65 state and federal cooperation in old age assistance would not be as difficult to work out as some had thought.

No one who has any real information on the subject thinks for a minute that the federal government is going to reverse its announced policy of basing its aid on need. This policy was reasserted in Dallas the other day by Arthur J. Altmeier of Washington, D. C., chairman of the social security board, who said federal aid would be available only to those who had been investigated and found in need.

The opinion is evident in circles which have been studying the matter that federal authorities would not oppose a dual plan whereby the

ant governor with the assurance that he and Mrs. Lehman could travel as widely as they liked while Poletti held down Albany. Finally, Dewey's acceptance speech, describing Democratic governors as "wind-dressers... for a thoroughly corrupt machine," angered him. He doesn't like Dewey. It ought to be a hot campaign.

GIRLS!
Which would you prefer for a husband?
Farmer?—Sailor? Truckdriver?
Joel McCrea is all three in "YOUTH TAKES A FLING"
Andres Leeds would like to know just which YOU prefer, so write her a letter in care of this paper and tell her of your choice. Have your letter in before Oct. 13. Guest tickets will be given to the best five letters.

SOCIETY NEWS SECTION

Leon Lusk to Wed Houston Girl in Ceremony Tonight

The wedding of Leon Lusk Jr., of Midland, son of Leon Lusk Sr. of Houston, and Miss Llewella Goodrich, daughter of Dr. and Mrs. R. E. Goodrich of San Antonio, will take place in the First Methodist church in Houston this evening at 8 o'clock.

The bride's father, Dr. Goodrich, will read the single ring ceremony uniting the couple. The bride will be given away by her brother, Baxter Goodrich.

Miss Maye Goodrich, sister of the bride, will be maid of honor. Other bridal attendants will be Mrs. Henry Adams of Houston, sister of the groom; Mrs. H. D. Myers of Alamosa, California; and Miss Margaret Henry of Shreveport, Louisiana.

The bridegroom will be attended by Clark W. Breeding of Houston as best man and Rev. Robert E. Goodrich Jr., brother of the bride, and Harry N. Holmes, both of Houston, and T. E. Thomsen of Port Arthur as groomsmen.

Ushers will be J. Duncan Goodrich and H. Wilson Goodrich, brothers of the bride.

The bride will wear a Lanvin bridal gown, with short sleeves, sweetheart neck, wide fitted bodice and a full skirt, falling into a long train. Her veil will be of bridal lace, attached with two gardenias. She will carry a white Testament adorned with valley lilies and gardenias.

The attendants will wear colonial dresses of rural autumn slipper satin, made with sweetheart neck, short sleeves, colonial hoop skirts with deep ruffle. They will carry colonial nosegays of bronze and gold chrysanthemums. They will wear long ear-bobs of fresh flowers and colonial hairdress.

A reception at the Plaza Hotel will follow the ceremony after which the couple will leave on a wedding trip to Mexico City.

The bride's going-away outfit will be a teal blue costume suit and blue accessories.

Mr. and Mrs. Lusk will be at home at 306 W. Ohio here upon their return.

The bridegroom has lived in Midland about seven months, being employed with the refinery division of the Gulf Oil Corporation. He is a graduate of Sam Houston high school at Houston and of Rice Institute, from which school he holds a bachelor of science degree in chemical engineering. Mrs. Lusk studied in Birmingham.

Southern College and Centenary, and received a master's degree from Southern Methodist University at Dallas. She has been employed in the district clerk's office in Houston.

Among pre-nuptial affairs honoring the couple was the rehearsal dinner given by the groom's sister, Mrs. Henry Adams, at her home in Houston, Thursday.

Beta Sigma Phi Group Attends Installation

Seven members of Beta Sigma Phi sorority here, including Mrs. A. M. East, former president of the Sweetwater chapter who is transferring her membership to the Midland chapter, went to Odessa Thursday evening to attend installation services for the chapter which has been organized there.

Installation ceremonies were held in the new courthouse, after which the group went to the hotel for a formal dinner.

Miss Marguerite Bivens, president of Beta Sigma Phi local group, and Miss Norene Kirby, past president, assisted Miss Stella Grace Elliott of Kansas City, field secretary, in the ritual for the new chapter.

Sorority colors were used at the ritual table with black tapers and yellow roses in a black vase.

President of the new club is Miss Nita O'Neal; vice-president is Miss Marie Christian; and educational director is Mrs. R. Steele Johnston, former Midland resident and educational director of the chapter here.

At dinner, place cards bore the sorority crest and each of the Midland visitors was given a subject on which she talked, some of the topics being humorous, others serious.

Going from here were: Misses Norene Kirby, Mary V. Miller, Marguerite Bivens, Willette Duncan, Ruth Pratt, Mrs. Frances Stallworth, Mrs. A. M. East.

Delphya Wood Is Honoree at Surprise Birthday Party

In honor of her seventeenth birthday, October 5, Delphya Wood was complimented with a surprise birthday party given by her sister, Mrs. Vernon Nalley, and her mother, Mrs. H. C. Wood, at their home, 107 W. Pennsylvania.

Refreshments were served to the following: The honoree, Miss Maudie Faye Bennett of Sweetwater, Miss Jerry McMullan, Nina Mae Brock, Maudine Chandler, and Nita Stovall.

Jack Martin, Thomas McMullan, Charles Sapp, Jack Connell, Thomas Wright, Paul Klatt, Bob Eidson, Mr. and Mrs. Vernon Nalley, Dale Nalley, Mr. and Mrs. H. C. Wood and daughter, Charline.

3:30 p. m. Monday. Circle meetings.

7:30 p. m. Wednesday. Choir practice.

CHRISTIAN SCIENCE SERVICES.
"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, Sunday, October 9.

The Golden Text is, "I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord" (Jeremiah 30:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I heard as it were the voice of a great multitude, and as the voice of mighty thunders, saying, Alleluia: for the Lord God omnipotent reigneth." (Revelation 19:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To break this earthly spell, mortals must get the true idea of a divine Principle of all that really exists and governs the universe harmoniously" (page 39).

TRINITY CHAPEL
(Episcopal)
P. Walter Henckell, Minister in Charge
Richard Gile, Lay Reader.

9:45 a. m. Sunday school.

11:00 a. m. Morning prayer and sermon.

Pastor O. W. Roberts

10:00 a. m. Sunday school.

11:00 a. m. Preaching service.

7:45 p. m. Wednesday. Prayer meeting.

Fall Colors Are Favored at Dinner And Bridge Complimenting Joie de Vie

Autumn tones of brown and yellow marked bridge appointments including tallies and prize wrappings at the dinner-bridge with which Mrs. Russell C. Conkling and Mrs. John Dublin entertained Joie de Vie evening club at the home of the latter, 1300 W. Missouri, Thursday night.

Bronze dahlias repeated the chosen colors in the dining room which was arranged for serving dinner in buffet style.

American beauty roses were placed at vantage points in the living room while La France roses were used in other rooms.

Following dinner six tables of bridge were played.

As an unusual feature, women present cut for a corsage of orchid asters which was won by Mrs. Fred Turner.

Mrs. George Glass won high score prize for women in the club and guest.

High score and second high score were held by Mrs. Overton Black and Mrs. Robert Muldrow.

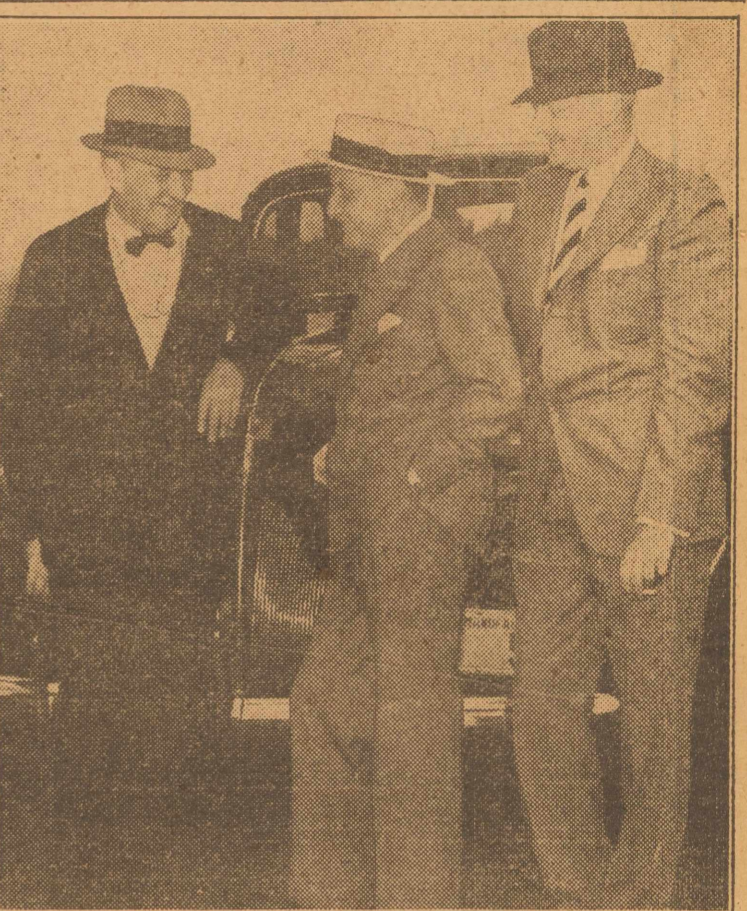

A refreshment plate featuring an autumn note was served at the close of the business period.

Twenty-two women were present. They were: Mmes. N. G. Oates, Everett Klebold (visitors), A. J. Andrews, A. W. Lester, Roy McKee, C. E. Nolan, J. H. Smith, G. D. Taylor, E. J. Voliva, Chas. Pepper, Gamblin, D. E. Holster, Frank Prothro, Luther Tidwell, L. H. Pittman, A. B. Stickney, Zimmerman, Steel, McReynolds, and the three hostesses.

One-Dish Dinners Save.
One-dish dinners mean a cooler kitchen and less work for the cook in both preparing and clearing away meals. Pot roast of beef, cooked over a fairly low flame, avoids use of a hot oven and the vegetables—potatoes, onion, carrots, turnips, even tomatoes—can be cooked around the meat, and, in fact, add flavor to the gravy. Put the prepared vegetables in about one hour before the roast should be done.

Use newspapers . . . the basic advertising medium.

Knudsen Tests 1939 Buick Cars; Sees Gain in Output Next Year

"IT'S A HONEY," said W. S. Knudsen, president of General Motors Corporation, to Harlow H. Curfice, president of G. M.'s Buick Division after giving the 1939 Buick a trial spin over the factory's private proving track. Photo shows, left to right, Mr. Knudsen, Mr. Curfice and Charles A. Chayne, Buick chief engineer. The corporation chief extended congratulations on the new line and predicted that Buick would have a substantially increased volume next year. Production already is under way with output of more than 55,000 cars scheduled by the end of November. More than 5,000 employes have been returned to their jobs with additional employment expected.

Mrs. Jess Barber Chosen President of Friendly Builders

Mmes. Jess Barber, Pat Barber, and Fred Barber were hostesses for the monthly meeting of the Friendly Builders class of the Methodist church, the meeting being held at the home of Mrs. Fred Barber Thursday.

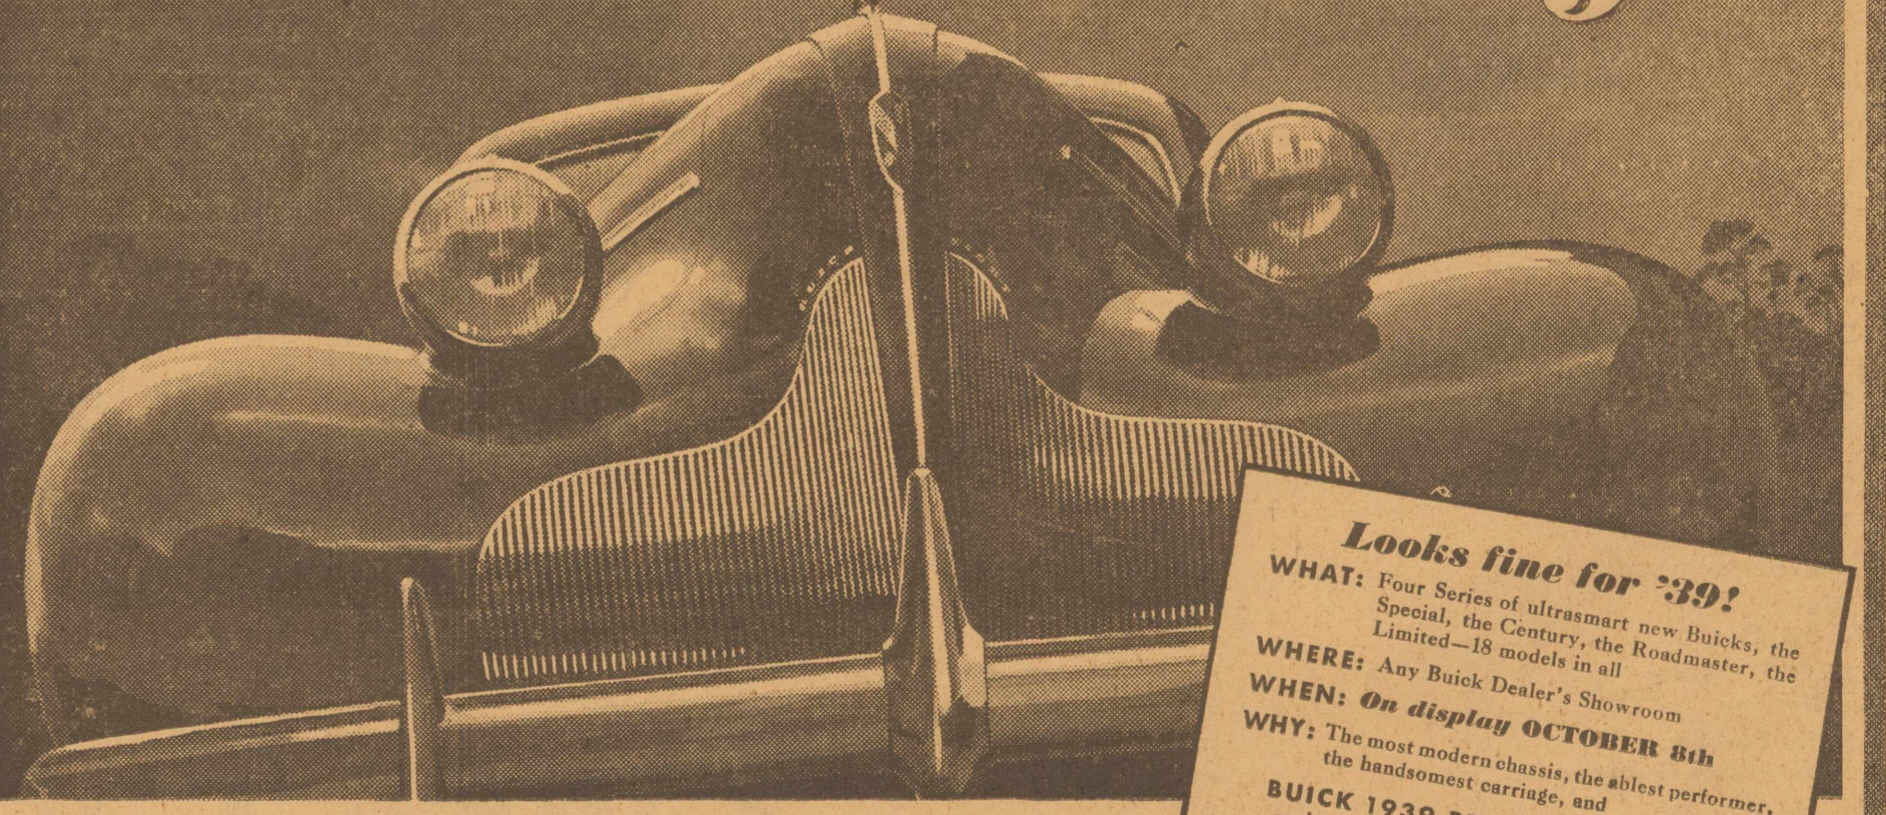

Election of officers was the chief business of the afternoon. Mrs. S. H. Hudkins was re-elected teacher and Mrs. C. E. Nolan re-elected assistant teacher.

Other officers elected were: president, Mrs. Jess Barber; vice-president, Mrs. Chas. Pepper; second vice-president, Mrs. D. E. Holster; third vice-president, Mrs. A. B.

Thursday Club Meets at Home of Mrs. H. A. Hemphill

Mrs. H. A. Hemphill was hostess to the Thursday club with two tables of bridge at her home, 1207 W. Indiana, Thursday afternoon. Mrs. J. E. Simmons was the only

Come SEE why the Moderns are saying: "Buick's the Beauty!"

Star Performer ushers in new Style Cycle with stunning designs that keynote next year's mode

Looks fine for '39!
WHAT: Four Series of ultrasart new Buicks, the Special, the Century, the Roadmaster, the Limited—18 models in all
WHERE: Any Buick Dealer's Showroom
WHEN: On display OCTOBER 8th
WHY: The most modern chassis, the ablest performer, the handsomest carriage, and
BUICK 1939 PRICES ARE LOWER
—lower than last year, lower than you'd expect

It all started with "catwalk-cooling," on the costly racing cars of Europe.

They were shooting at better aerodynamics, not new styling—but they touched off something that will re-pattern cars everywhere before it's done.

Not that looks alone ever come first with Buick. What's really Buick is underneath all that, down deep in the good true metals, the split-hair precisions, the tough alloys.

But everyone goes for beauty, and you would be less than human if you didn't thrill to an eyeful of the smartest dressed automobile you ever saw.

So let your gaze take it in. Spot the radiator grilles. Down low. They're the key to new-day design.

They're also placed where air pressure's greatest—your engine cools under forced draft so to speak.

Under that comely bonnet, is the engine with more abundant life—that quick quiet Dynaflex valve-in-head straight-eight—quicker and quieter even than before.

Under the luxury of that roomy Body by Fisher are the great slow spirals of Buicoil springing, to give you the true "full float" ride. And in that body, is the new wide-paned outlook—up to 413

more square inches of glass!
The whole staunch, taut, firm, beautiful car looks like what it is—a car to love and live with.

Come see it. Just as it stands there, tuned and poised for your service, it seems to have drawn a deep breath and to be ready to fly!

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- * DYNAFLASH VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE
- * BUICOIL TORQUE-FREE SPRINGING * GREATER VISIBILITY
- * HANDISHT TRANSMISSION * ROOMIER UNISTEEL BODIES BY FISHER * TORQUE-TUBE DRIVE * TIPTOE HYDRAULIC BRAKES * CROWN SPRING CLUTCH * "CATWALK-COOLING" * OPTIONAL REAR AXLE GEAR RATIOS * SELF-BANKING KNEE-ACTION FRONT SPRINGING
- * FLASH-WAY DIRECTION SIGNAL

Elder Chevrolet Company

123 East Wall—Midland, Texas

for Stopped-Up NOSTRILS

WHY try to open stuffy nostrils by blowing into your handkerchief until your nose is red? Simply insert a little Mentholatum into each nostril. Note how effectively, yet gently, it relieves the stuffiness and soothes irritated membranes. Instead of being a "blowhard," use Mentholatum. It's the clean, gentle way to open stopped-up nostrils due to colds.

MENTHOLATUM
Gives COMFORT Daily

Two Hostesses for Shower Honoring Recent Bride

Mrs. G. D. Fuller and Mrs. R. E. Ward were cohostesses Tuesday afternoon at the home of the former, 108 E. Maiden Lane, for a bridal shower honoring Mrs. Tennis Alderson, whose marriage took place last Saturday.

The reception room was decorated with large baskets of sunflowers and bows of yellow crepe paper, carrying out a yellow and white color scheme.

The bride was seated in the place of honor during the short recreation period.

Guests upon arrival registered in a bride's book bound in yellow. Each was asked to write a recipe for the bride.

A contest to see which could make the largest number of words out of the name "Tennis Alderson" was held, with prize going to Mrs. Vernon Nalley.

Betty Jo Ward and Mary Ann Fuller, small daughters of the hostesses, presented the shower gifts to the bride in a huge basket.

A salad plate and iced drink were served to the following: The honoree, Mmes. Jack Young, G. D. Thompson, Horace Wood, Vernon Nalley, J. T. Harris, Miss Doris Harris, Mrs. Ray Bevell, Miss Marjorie Harwell, Mmes. Pat Swanson, M. E. Ward, E. B. Estes, Miss Edith Bizzell, Jerry McMullan, Delpha Wood, Mrs. Hugh Miller, Mrs. Everett Klebold, and the hostesses.

Midland Group to Odessa Meeting

Approximately 21 women from Midland attended the all-day district meeting of Presbyterian women held in Odessa Thursday. Several of the number appeared on the program.

Mrs. O. R. Jeffers sang a special number.

Mrs. J. B. Richards spoke on the increasing interest shown by women in auxiliary work.

Mrs. W. P. Knight made a report on the number reading the home missionary study book.

Mrs. B. C. Crabb was chairman of the courtesy committee and Mrs. J. L. Greene was a member of the finance committee.

The president of the Presbyterian, Mrs. Mays of Clovis, N. M., spoke on "Montreat," which is the general headquarters of the Southern Presbyterian church. Mrs. Thomas D. Murphy of Odessa discussed young people's work.

A Presbyterian official, Mr. Partlow, was principal speaker of the afternoon session.

Luncheon was served at the Methodist church at noon.

Back From Business Trip to Colorado

Mr. and Mrs. R. M. Barron have returned from Grand Junction and Gunnison, Colo., where he transacted business. They also visited Tincup, where they have a summer lodge, and reported snow having fallen in some of the mountain sections. They returned by way of Gallup and Carrizozo, N. M., coming by Fort Sumner to visit Lem Peters, injured recently in an automobile accident.

Newly-Weds Honored At Dinner Thursday

Mr. and Mrs. Pat Swanson and Mr. and Mrs. Tennis Alderson, both recently-married couples, were honored with a dinner at the home of Mr. and Mrs. R. E. Ward, Thursday.

Mrs. Alderson and Mrs. Swanson are nieces of Mr. Ward.

PROCTOR BETTER.

Foy Proctor, Midland ranchman who is in a local hospital for treatment of a throat infection, was reported this morning to be improving.

TO MONAHANS.

Rev. W. R. Mann went to Monahan today on business.

Wash Away Foggy Film.

The foggy film which appears on wood surfaces in warm damp weather can be washed away with a clean cloth, mild warm soapsuds or warm water and a soft oil soap.

Work quickly and over a small section, rinsing with a cloth wrung from clear warm water, and drying thoroughly with a soft clean cloth. Then apply polish or wax and rub to a gloss.

BULLDOGS OPEN CONFERENCE RACE WITH STANTON TONIGHT

MIDLAND TEAM IS FAVORED TO COP OVER BUFFALOES

The Midland high school Bulldogs were put through a light workout last night in final preparation for the game on Lackey Field tonight at 8 o'clock against Stanton.

Tonight's game will be the first conference affair of the season for the Bulldogs and they will be favorites to come out on top. The Buffaloes have lost a conference game to Monahans and an inter-district game to Colorado and have won a game against the Ackerley club. Meanwhile, the Bulldogs have rolled up easy victories over three non-conference foes.

The Bulldogs will go into the game boasting a weight advantage of approximately 8 pounds per player. The Buffaloes average 147 for the 11 starters, while the Bulldogs average is close to 155.

For the first time this year, the Bulldogs are expected to do a lot of passing. They have passed the ball only six times in the three games played so far and have a completion average of 500. The Stanton coach has his boys using a tight 6-3-2 defense that leaves plenty of opportunities for fast half-backs and ends to get into position to accept passes.

The Bulldogs will be doing some passing tonight because two of the backs usually depended upon for most of the ground gaining—Jay Francis and Dale Truelove—are not in very good physical condition. Francis is still favoring a leg that was injured in the Iran game last week and Truelove also got a leg injury that has kept him slowed down considerably this week. "Pat-so" Wright is likely to do most of the passing and ball carrying tonight.

One aspect of tonight's game that is likely to outshine any other is the duel that will be carried on between Eidson of Midland and Eidson of Stanton. The two boys are cousins but there is no "brotherly love" act when they get a chance at each other on the gridiron. They are "out" to get each other all the

time and what happens tonight should be interesting to watch. Stanton's Eidson does all the passing and most of the ball carrying from his quarterback post while "Boog" plays a lot of football at his guard position.

Coach Bud Taylor said this morning that he was not worried over the ability of his first string line to hold the Stanton backs but admitted the Stanton passing attack might cause some trouble. Pass defense has been stressed in all the Bulldog practice sessions this week.

21 Conference Games In Class-A Feature Of This Week's Card

DALLAS, Oct. 7. (P).—Twenty-one conference games, featured by crucial struggles in the oil belt, Fort Worth and Houston districts, headline the Texas Interscholastic League football schedule this week.

Sweetwater and Abilene, rated top teams of the western division of the oil belt, clash in the districts' outstanding game but the battle between Brownwood and Ranger in the eastern division is of much importance. Sweetwater and Brownwood are undefeated and untied in season's play and Ranger has only a tie to mar its record.

The game that may decide the district 7 championship brings Masonic Home and North Side together at Fort Worth. North Side rules favorite for the title but the Masons have a fine record this year, including a win over Highland Park (Dallas), a North Texas power.

The Houston district highlight brings together two of the state's undefeated, untied teams with Austin (Houston) clashing with Conroe, last year champion.

More than 50 games are on the week's schedule, 23 of them of inter-district nature and five inter-sectional.

Thirty-nine teams are undefeated in the state but 17 of them have ties on their records. Undefeated and untied are Childress, Graham, Brownwood, Sweetwater, Cisco, Ysleta, Gainesville, McKinney, Tyler, Livingston, Lufkin, Cleburne, Corsicana, Waco, Conroe, Lamar (Houston), Sam Houston (Houston), Austin (Houston), Goose Creek, Robstown, Mission and Mercedes.

This week's schedule shows the following conference games:

District 1, Borger at Plainview; district 2, Electra at Vernon; district 3, San Angelo at Big Spring, Sweetwater at Abilene, Brownwood at Ranger, Mineral Wells at Cisco; district 4, Austin (El Paso) at Ysleta, Fabens at Odessa; district 7, Masonic Home (Fort Worth) vs. North Side (Fort Worth); district 8, Forest (Dallas) vs. Wiodrow Wilson (Dallas), Adamson (Dallas) vs. Dallas Tech; district 9, Kilgore at Tyler; district 10, Mexia at Nacogdoches, Gaston at Anderson; district 11, Temple at Bryan, Hillsboro at Corsicana, Waxahachie at Waco; district 12, Harlandale (San Antonio) at Austin; district 13, Davis (Houston) vs. Sam Houston (Houston), Austin (Houston) at Conroe, San Jacinto (Houston) vs. Lamar (Houston); district 16, Pharr-San Juan-Alamo at Donna.

Interdistrict games: Borger at Plainview, Arlington Heights (Fort Worth) at Childress, Cleburne at Wichita Falls, Olney at Brecken-

Capacity Crowd Sees Yanks Win Series Opener From Cubs.

An air view of Wrigley field, Chicago, made from a TWA skyliner, during the ceremonies that opened the 1938 World Series between the Chicago Cubs and the New York Yankees. A capacity crowd of 44,000 fans saw the Yankees take the opener, 3-1.

ridge, Fort Worth Tech at Eastland, Lamesa at Bowie (El Paso), Sulphur Springs at Paris, McKinney at Denison, Denon at Gainesville, Longview at Highland Park, Marshall at Riverside (Fort Worth), Athens at Palestine, Orange at Lufkin, Corpus Christi at Brackenridge (San Antonio), Gladewater at Thomas Jefferson (San Antonio), North Dallas at Reagan (Houston), San Antonio Tech at Galveston, Sunet (Dallas) at Beaumont, Milby (Houston) at Goose Creek, Edinburg at Kingsville, Robstown at San Benito, Harlingen at Weslaco, Mercedes at Brownsville.

Inter-sectional games: Lawton, Okla. at Pampa, Capitol Hill (Oklahoma City) at Amarillo, Albuquerque, N. M., at El Paso High, Texarkana at Fair Park (Shreveport), Byrd High (Shreveport) at Port Arthur.

A game international in nature matches Laredo with Mexico City.

Junior High Team To Play McCamey Here Sat. Morning

The John M. Cowden junior high school football team will meet the McCamey junior high school on Lackey field at 10 o'clock in the morning for the second game of the year for the locals.

The junior boys won a 19-0 victory over the Odessa junior high team last Saturday and are confident of coming through with another win in the morning. Coaches Freels and Kimbriel have about 50 boys out at junior high, although only about 20 are considered "talented" enough to play on the "first team."

No admission charges will be made.

Present were the following members: Mims, A. W. Wyatt, Niles Winter, Reuben Graham, George Phillips, Alvin Johnson, and the hostess.

The club will meet Thursday of next week with Mrs. Wallace Ford, 1209 W. Indiana, at 2:30 o'clock.

Valley View Club Sees Demonstration

Valley View home demonstration club met at the home of Miss Ora Robertson Tuesday with her mother, Mrs. J. A. J. Robertson, serving as hostess in Miss Robertson's absence.

Miss Mary Jo Weigers, home demonstration agent, presented a demonstration on bedroom accessories. She brought out the point that accessories can be attractive as well as adding to comfort and usefulness. Gifts were presented to two in honor of their birthdays, Mrs. B. L. Mason and Miss Robertson.

Games were played in the recreation period. Refreshments were served to Mrs. D. A. Ray and Mrs. A. C. Francis, visitors, Mrs. Phelan Porter, a new member, Miss Weigers, and

Late News

BEAUMONT, Oct. 7. (P).—The charred and mutilated body of Rev. O. J. Schmidt, pastor of the Bethlehem Lutheran church here, was found today in the woods 60 miles north of here.

The minister had been reported dependent over difficulty with his congregation after dedication of its new church six weeks ago, and had been missing for six days.

Wreckage of his automobile, destroyed by fire, was found near his body. Tyler county officials said murder was possible, after viewing the body.

HOUSTON, Oct. 7. (P).—Daniel Tobin, head of the teamsters union of the American Federation of Labor, appealed to the federation convention today to make peace with the CIO. Previously, Joseph Padway, general counsel of the federation, attacked the National Labor Relations Board.

HAMILTON, Oct. 7. (P).—Floyd Stone, bus driver, was killed and a woman passenger injured when the bus plunged off a bridge today.

Mimes, B. L. Mason, G. C. Brunson, J. D. Bartlett, Harvey Kiser, Marion Holder, Preston Vest, W. S. Hudson, Earl Pain, Lois Lewis, and the hostess, Mrs. Robertson.

Next meeting will be with Mrs. M. E. Payne.

COCKE IMPROVING.

The condition of Fred Cocke, injured Wednesday when the wagon in which he was riding was struck by a car, was reported today to be getting along as well as could be expected. Cocke suffered a fractured spine and severe head bruises.

TO UNDERGO OPERATION.

Mrs. J. R. Custer entered a local hospital today to undergo an operation.

Scottish Rite Club Is to Celebrate Feast of Tabernacle

The Scottish Rite club of Midland will celebrate the Feast of the Tabernacle, with a banquet on Monday evening, October 10, at 7 o'clock in the crystal ballroom of Hotel Scharbauer, W. H. Hoffman, secretary, announced today.

This is an obligatory service upon all Scottish Rite Masons and all members are cordially invited and urged to attend.

The Midland club is the oldest Scottish Rite club in the state, having been founded in 1900. Complete set of minutes have been kept from its inception to the present date.

Ed M. Whitaker is club president and K. L. Sappington is vice-president.

FROM McCAMEY.

Jack McGrevey of McCamey was in Midland today.

for **Head COLDS**

ARE you at the mercy of a snuffy, sneezy, smothery head cold right now? Cheer up! A little Mentholatum, applied in each nostril, will soothe the irritated nasal membranes, help check the sneezing and relieve the stuffiness.

Also rub Mentholatum vigorously on the chest and back to stimulate sluggish circulation. You'll be grateful for Mentholatum's effective relief.
