Trade Scout

European experts are predicting that a triumphant Hitler will press his drive eastward via the trade-agreement route rather than by armed conquest. Forerunner of such a program is Germany's Economics Minister Walther Funk, above, who is in the Turkish capital of Ankara trying to arrange an improved trade agreement with the Ottoman government.

Surfacing Of Highway Is Started

Ector County Work Being Completed by State Highway Dept.

Surfacing of the eight mile strip of highway 158, from the Ector county line west to intersect highway 51, is under way this week by the State Highway Department. The project is a maintenance job under direction of Division Engineer Kilmer, and consists of a new caliche base, with a preservative top to follow. The job is not the final hard surfacing but will provide a smooth, fast road.

The project begins at the Midland-Ector line, twelve miles northwest of Midland, the Midland county portion being already hard surfaced. When completed, the project will provide a smooth road from Midland to Andrews and northern points, connecting up with the route to be constructed by the highway department west to Goldsmith and Kermit.

CONTRACT TO BE LET ON ODESSA-KERMIT ROAD.

ODESSA, Oct. 13 (Special).—Construction on the last half of the Odessa-Kermit highway in Ector county, approximately 13 and one-half miles, will be under way within the next 20 days, it was understood here today, with the announcement that contract for clearing, fencing, grading and drainage as well as caliche work will be let on Monday.

Following letting of the contract, ten days will be allowed for making bond and seven days for moving in machinery. This work will carry to the county line the highway which now is completed to the Goldsmith road intersection and is one of the heaviest traveled roads in Ector county.

AFL Contracts Are Labeled Illegal by National Labor Board

WASHINGTON, Oct. 13 (AP).—The National Labor Relations Board told the Supreme Court Wednesday that contracts between the Consolidated Edison Co. of New York and affiliates of the American Federation of Labor were "clearly illegal."

The board filed a brief in the case in which the utility and the International Brotherhood of Electrical Workers seek to invalidate a labor board order abrogating the brotherhood's contracts.

The AFL filed a brief attacking the order and saying that the labor board "has brazenly and by official act declared itself as a proponent of the CIO."

The board's order was issued in November, 1937, after the CIO brought charges of unfair labor practices. In answer to Consolidated Edison's contention that all of its business was within the state of New York and therefore not in interstate commerce, the board's brief said:

Faculty, Board and Rotary Ann Guests At Party Tonight

Passing up the noon luncheon, Rotarians of Midland, their wives, members of the public school faculty and members of the board of trustees of the school will meet at 7:30 o'clock this evening at the Methodist educational building, North Main street.

A buffet supper, informal program and "get acquainted" party will be observed.

Dr. Leggett Moves Offices to Clinic With Moore, Absher

Announcement was made today by Doctors Moore and Absher of the clinic bearing that name that Dr. L. Waldo Leggett, physician who has been here about five years, would be associated with the clinic hereafter.

Offices have been moved by Dr. Leggett to the clinic and the official name of the clinic will hereafter be the Moore-Absher-Leggett clinic-hospital.

Gas Tank Explodes, Truck Driver Dies

CISCO, Oct. 13 (U.P.).—Clyde Snell, 24, Fort Worth truck driver, was killed instantly yesterday when his truck was wrecked and burned three miles west. Enroute home from Midland, Snell apparently was attempting to pass another truck when his own truck hit a hole and buckled. The truck's gasoline tank exploded.

The victim is survived by his wife and two-year-old son. Funeral services will be held at Floydada, his former home.

Author Barred

Visiting the United States for a nation-wide lecture tour, John Strachey, above, noted British author, former member of Parliament and lecturer on Communism, faced a rigid inquiry by Federal immigration officials at Ellis Island, upon his arrival in New York aboard the liner Normandie. The investigation is based upon deportation proceedings against him in 1935 which were dropped when he voluntarily departed upon completion of his scheduled stay.

Early Day Events Recalled as Old Timers Get Together

J. Arthur Johnson, retired Midland business man, early trail driver and ranchman, attended Sunday the seventy-sixth birthday celebration of E. P. Stuckler of Balmorhea. With 350 guests, the Midland man entertained an outdoor barbecue given by Mr. and Mrs. Stuckler, revived early day experiences and told "tall tales" until a late hour.

Stuckler worked for Johnson in the early days when the latter was foreman of the TX ranch. When he arrived in Fort Stockton, in 1881, Stuckler marked his entry by shooting out the lights in one of the local saloons. For years, he has been engaged by ranchers and in the cattle business on his own hook, in the Trans-Pecos region. He formerly served as deputy sheriff of Reeves county and as a special ranger.

Rites Today for Mrs. Sloan's Mother

Funeral services will be held at Windsor, Ontario, Canada, this afternoon for Mrs. C. W. Colwill, mother of Mrs. Harvey Sloan of Midland. Mrs. Colwill died Wednesday afternoon after a serious illness.

She had visited her daughter here, having spent most of one winter in Midland.

City Rapidly Becoming 'Football Minded' As Game With Wink Only One Week Off

What with secret practice sessions for the football team, adoption of a "Beat Wink" slogan by civic organizations of the city, erection of more grandstand seats at Lackey field, Midland is rapidly becoming "football minded" to the nth degree.

One week from tomorrow night the Midland high school Bulldogs will meet the Wink Wildcats here in what will probably be the most important game in district 7-B this year. In fact, a district championship may well hinge on the outcome.

Should Midland defeat Wink, there is little doubt the local team would march on through all other opposition. And it is the same as far as Wink is concerned. The Wildcats will be the favorites—heavy favorites—but the Bulldogs have an idea they can and will hang up a victory. A Wink club has never won a game on Lackey field, and this year's edition of the varsity does not propose to be the first to let the jinx slip from them. Supporters of the Wink team are offering all the way from 7 to 30 points on the outcome of the game.

Head Coach Bud Taylor and Assistants Bob Myer and Jim Moore are working hard with the Bulldogs this week, teaching them several new offensive plays and driving them against Wink plays.

Andrews Urges CIO and AFL To Make Peace

HOUSTON, Oct. 13 (AP).—Elmer Andrews, wage-hour administrator, expressed hope today organized labor would settle its internal differences.

He told the convention of the American Federation of Labor that the dispute with the CIO could be settled with no bitterness. Andrews sought to quiet fears the new labor law, which becomes effective October 24, would give its administrator "dictatorial powers."

Producers Get 1500 Heavy Calves for Corn Belt Feeders

Last of the string of Midland calves, bought from various ranchmen by Foy Proctor and Roy Parks, and resold to the Producers Commission Co. of Chicago, were loaded this morning, being shipped to points over the Corn Belt. Approximately 1,500 head were included, representing some of the best early calves produced in this section.

Trucking of the cattle to the Midland stock pens started yesterday morning, continuing up to 3 a. m. today. Bob Fulton of Chicago and Roy Barton of Brady, representatives of the Producers, were here to receive the cattle, weighing them up and routing them to their Corn Belt feeder buyers.

Herdsmen represented were the C-ranch, with approximately 750 head averaging 500 pounds in weight; Guy Cowden, Fred Bird, W. T. Epley and John F. Epley of Stanton, Cal and A. L. Houston of Stanton, and Aldredge Estes. The C-ranch calves were steers, as were most of the other lots, with some heifers being shipped. Weights of the calves compared favorably with those of average years, some being slightly lighter than the 1937 crop, recognized as the heaviest produced here for several seasons.

Innitzer Methods Must Be Stopped, Nazi Paper Says

VIENNA, Oct. 13 (AP).—Vienna Nazis, using all propaganda means, launched a campaign today against Theodore Cardinal Innitzer and what they called "clerical agitators."

Newspapers were filled with attacks against the archbishop. They asserted "the cup is filled and it is time to act." More than 100,000 nazis are expected in Heroes' Square tonight for a "mass protest."

Two Men Lose Lives In Cave-in at Mine Water Works Jobs

MINERAL WELLS, Oct. 13 (AP).—Floyd Weida, 35, Iowan, and Fred Partney, 27, Olney, were killed today in a cave-in at Possum Kingdom dam site.

Two others, caught in a waist-deep surge of sand at the coffer of the dam, escaped uninjured. Workmen toiled for 25 minutes to reach the bodies of Weida and Partney.

Aggie Boys Say Home Paper Okay

Midland boys living at the "project house" down at A. and M. take pride in their home town paper. "You don't realize how much better we feel when we read the Midland paper to everyone, because most of the other boys' papers are dull," one of them wrote. In the group, happily located, are Dalton Cobb, James Connor, Jack Doran, Dub Stanley, Kelly Jones, Speck Voliva, Robert Carter and Bill Estes. The boys live at 204 West 29, Bryan, Texas.

Masons Asked to Attend Regular, Special Meets

Regular meeting of the Midland Masonic lodge will be held at 7:30 o'clock this evening, with all members and visiting Masons urged to attend, according to Claude O. Crane, worshipful master. He announced also that on Saturday evening, October 22, a "musical master's" degree will be conferred by a degree team from Abilene.

To Attend Meetings At Dallas Friday

Two Midland men will attend the meeting Friday of the Texas Good Roads Association at Dallas, working in the interest of better highways throughout the state, as well as on ways to connect up specific arteries of travel.

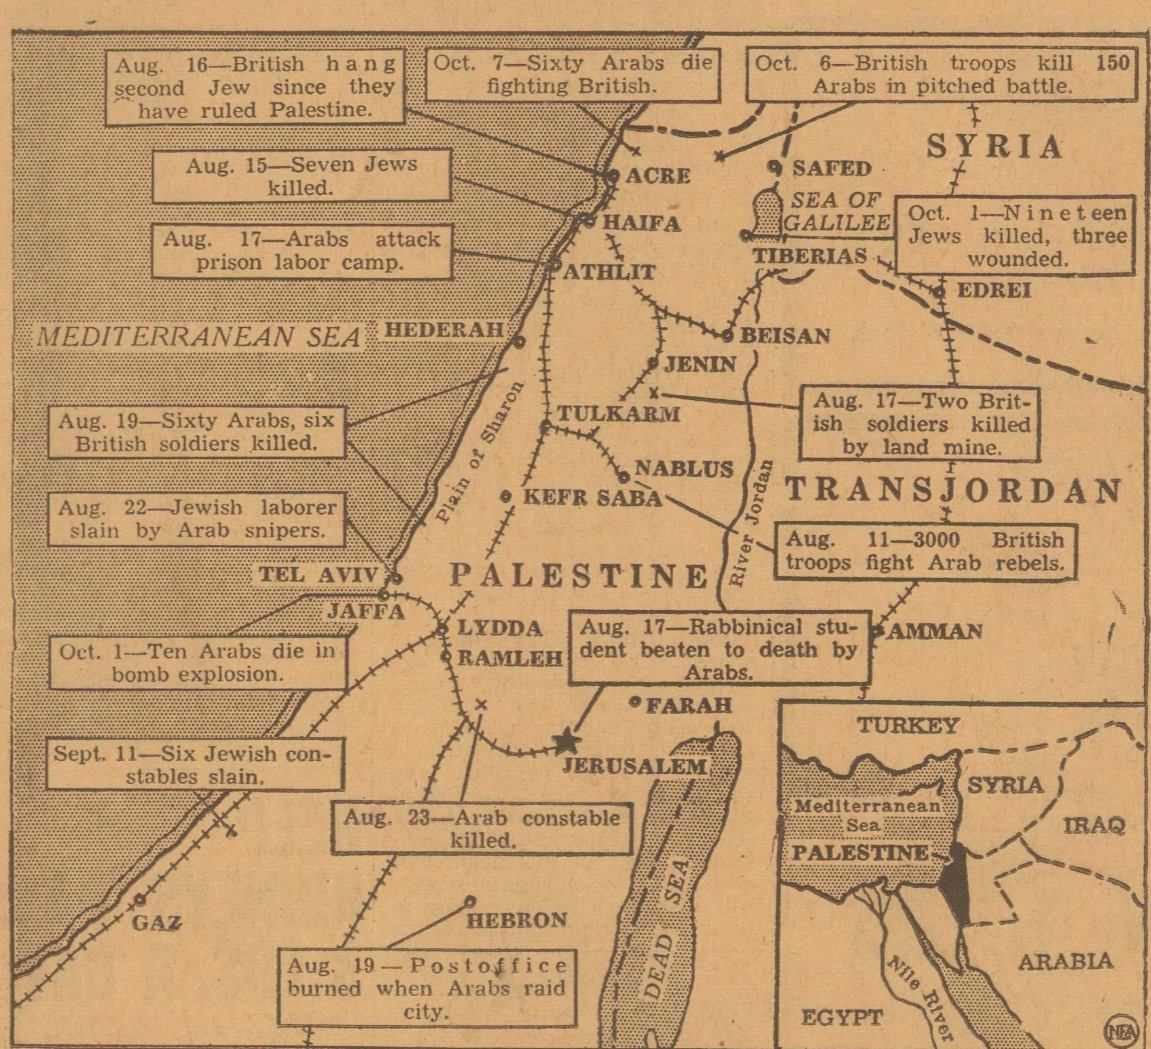

Fred Wemple, director in the organization, will attend as will Bill Collyns, manager of the chamber of commerce. Collyns also will attend a meeting of the board of directors of the Texas chamber of commerce managers' association Saturday inviting the next annual convention of the organization to Midland. Mrs. Collyns will accompany him on the trip.

Two Landings Made.

TWO BC-1's landed at the airport today coming from El Paso and departing for Hensley field at Dallas.

Czechs Facing New Crisis

Blood Runs in Land of Prince of Peace

Rioting and killing go on apace in the Holy Land where Arab and Jew battle for supremacy and British troops struggle to maintain law and order. The British, who rule Palestine under a League of Nations mandate, face a new and more serious threat in the uprising of fierce Arab tribes who have met British troops in several pitched battles. The large map above shows where major violence has occurred in the last two months. Inset map places Palestine in relation to surrounding countries.

Two Midland Women To Take Active Part In District Meeting

Two Midland women will take active part in the district 5 conference of Business and Professional Women's clubs which opens a two-day session at Abilene Saturday.

Mrs. Dan R. Carter, who is district director, will leave Friday for Abilene where she will preside over the conference.

Miss Fannie Bess Taylor, state education chairman, will appear on Sunday's program, discussing "Club Problems."

Miss Maria Spencer, Midland club president, will attend the special presidents' meeting Sunday morning.

Mrs. Frances Stallworth, another member of the local club, has recently been appointed district membership chairman.

Business and Professional Women's clubs all over the country are celebrating National Business and Professional Women's week. President Roosevelt, in a letter to the "National Federation president, said 'I am impressed with your slogan 'Better Business Women for a Better Business World.' Guided by this ideal, and encouraged by the incentive offered by existing and potential opportunities, women may well strive for greater preparedness for meeting their service responsibilities, and thus contributing to a better business world.

"Congratulations and best wishes for the success of National Business Women's week, and hearty greetings to all the members."

Among those appearing on the program in Abilene this week-end will be Hon. Clyde L. Garrett, congressman of district 17, who will speak Saturday evening on "Current Legislation as it Affects the Economic and Legal Status of Women"; Miss Kate Adele Hill, state president of Business and Professional Women's clubs and district home demonstration agent formerly in the Midland area, who will direct an analysis of the club program "My Business and Yours"; and Miss Grace Fitzgerald, Dallas lawyer and state chairman of Business and Professional Women's clubs, who will discuss "Problems of Taxation in Texas."

Roosevelt County, N. M. Draws Interest As Shell Wildcat High

Stir of interest was created today by a wildcat two miles north of Minesand in southern Roosevelt county, N. M., the Shell Petroleum Corporation No. 1 Harwood, as it checked high structurally on anhydrite top. The test topped anhydrite at 2,970, datum of plus 2,130, which is 231 feet higher than the Crandall, Osmond and Maxwell No. 1, Williamson dry hole three miles to the southeast. Drilling in the Shell well this morning had passed 2,100 feet in anhydrite.

No. 1 Harwood is located 330 feet from the south, 660 from the east line of section 27-78-35e, on farm owned from the National Refining Company. National Refining is reported to have given the Shell 2,340 acres for a 4,800-foot test. It is also reported that sufficient pipe has been ordered for the test to carry it to a depth of 8,000 feet or more.

The Shell wildcat is located on a touted geophysical "high" and consequently is being accorded more attention than the usual amount of attention. It showed a head of gas and rapid flow of oil while drilling the red beds sections from 1,160-85. Schlumberger electrical survey was run at 2,066 feet, both for check of the anhydrite marker and test of the showing.

Kendrick Flows 15 Hourly. Record production today continued to be indicated by Honolulu Oil Corporation, Ltd. No. 1 R. M. Kendrick, mile and a quarter east extension of the Denver pool in southern Yoakum, as it headed an average of 15 barrels an hour while drilling to 5,104 feet in line. It was shut down overnight because of wind blowing gas over boilers. In 10 hours ending at 7:15 this morning, the well gaged 152 barrels of oil into tanks, having made a head every hour and a half. Main pay was topped at 4,893, and steady increases have been logged below that point. The well is located 1,650 feet from the south and west lines of section 825, block D, J. H. Gibson survey.

Flow of 368 barrels the first 10 hours of potential test was gauged today by Shell No. 5 Lowe, Denver pool well, following sole acid treatment with 1,500 gallons, bottomed at 5,055 feet. Gas-oil ratio now is

1,405-1. The well had made a natural flow of 120 barrels in six hours.

Shell No. 5 Roberts, west of the Denver pool and north of the Roberts area, is drilling at 4,697 feet in line.

Magnolia No. 4 Bennett, on the east edge of the Bennett pool in Yoakum, drilled pat from 5,153 to 5,239 and stopped drilling at 5,240 to shoot.

Gaines Wildcat Spudding. New wildcat for central Gaines is being spudded with water well machine by Pittman and Duff. It is their No. 1 Ohio-Glenn Crain McGregor, 1,980 feet from the north, 990 from the west line of section 216, block G, W. T. R. R. survey. Ohio, which has the north half of the section except the west 20 acres, farmed out to Pittman and Duff.

The south half of the north half of 216, except the west 10 acres Shell has lease on a 41-acre strip lying on the west boundary of 216. No. 1 Ohio-McGregor is three and one-half miles due north of the Seminole pool and two miles due east of the J. L. Frick-Osage Drilling Company No. 1 Atlantic-Riley, 155-barrel producer believed to extend the Seminole pool four miles northwest.

Two and a half miles northwest of the pool, Atlantic No. 1 A. J. & J. J. Parker is coring unchanged below 5,270 feet in line. Drilling test at shallower depths has shown no oil or gas.

On the northeast edge of Seminole production, Magnolia and Atlantic No. 1 Havenmyer & Jenny is drilling below 2,600 feet in salt and anhydrite.

H. C. Wheeler No. 1 White & Shelton, wildcat four miles west of Andrews Means pool, is waiting for Cardwell cable tool unit after cementing 7-inch casing at 4,280 with 200 sacks. It reached present depth of 4,350 with rotary. Three and a half miles to the southwest, Texas No. 1-H State is waiting for standard tools, bottomed at 4,150, after cementing 7-inch at 4,101 with 135 sacks.

In southern Andrews, L. H. Wentz, Oil Division No. 1 W. F. Cowden lease, topped anhydrite at 1,625, datum of plus 1,504. On the marker See (OIL NEWS) Page Six.

Big Game Hunters, Glas sand Holt, Back From Canadian Wildswith Limit Bagged

Big game hunters of Midland returned last night from the Canadian wilds, having bagged the limit of moose, elk, mountain sheep and goats. O. B. Holt and George Glas, who arrived at Big Spring airport after a plane trip from Spokane, Wash., had enthusiastic tales to tell of their excursion, spending 25 days in western Canada, accompanied by guides and covering the country with saddle and pack horses.

They flew from El Paso to Spokane September 10, went by train to Edgewater, Alberta, Canada, and thence into the big game, mountain and timber country horseback. They found the weather ideal, with fairly warm days and no snow except on the higher peaks.

Allowed only one moose, elk and sheep each, with two goats, they had no trouble in getting their kill and had numerous chances for additional shots. Small game was abundant and the Midlanders reported an exceptionally enjoyable outing. Each hunter took thirteen rolls of films, the pictures being developed here today. Animals and heads were in the hands of taxidermists, to be shipped here later.

Flying back from Spokane to Big Spring, they were in the air nineteen hours, the first day out being in stormy weather, with practically no visibility.

Both Holt and Glas are cattlemen and are inveterate hunters and fishermen.

Hungary Is Prepared to Start Fight

Troops Moved Up To Frontier by Both Countries

KOMAROM, Oct. 13 (AP).—The Hungarian delegation to the Komarom conference declared tonight negotiations with Hungary's demands for cession of Czechoslovak territory had been broken off. Foreign Minister Von Kanya read the declaration stating the Budapest government would hand over its claims on Czechoslovakia to the four-power conference for a decision. The announcement came an hour after expiration of a Hungarian ultimatum calling for Czechoslovak acceptance of Hungary's territorial demands.

KIMAROM, Hungary, Oct. 13 (AP).—Hungary served an ultimatum on Czechoslovakia today to accept the Hungarian territorial demands by 6 p. m.

Hungary sent strong troop reinforcements to the already heavily garrisoned Czechoslovak border. On one section, Hungarian and Czechoslovak troops were in fighting positions only 250 feet apart.

Slovaiks awaited word from Ferdinand Durciansky, Slovak minister, who was said to have returned to Bratislava from a conference with Adolf Hitler.

Sources close to the Slovak delegation said Hitler had been asked to mediate the crisis.

CZECHS DECLARE 'STATE OF SIEGE'

PARIS, Oct. 13 (AP).—A Havas dispatch from Prague today said a state of siege had been proclaimed in Mukacevo and other districts of Ruthenia following a series of "incidents."

Mukacevo is the principal town of Ruthenia. The Prague government granted the province autonomy, but both Hungary and Poland have urged a plebiscite to be held in the province with the view of its possible union with one of the two countries.

CZECH MINISTER TO PAY HITLER VISIT

BERLIN, Oct. 13 (AP).—Informed persons said today that Frantisek Chvalavskovsky, Czechoslovakia's new foreign minister, would go to Berchtesgaden tonight to discuss with Adolf Hitler the basis for future relations between Germany and Czechoslovakia.

Traffic Fatalities During September Bring Total to 1148

AUSTIN, Oct. 13.—Texas has counted its traffic dead. State police—who would much rather count the living—today announced that the September street and highway death mark reached 127 to bring the year's total to 1,148 casualties.

Safety analysis pointed to most of the records of these deaths as examples of recklessness on the part of drivers and pedestrians. Even the fact that the 1938 death march fell 294 short of last year's figure through the month of September, the traffic experts gloomily predicted a rising toll for the remainder of the year "unless drivers and pedestrians revolt against urges to speed, disobey safety regulations or commit other offenses against public safety."

Strengthening of the enforcement of traffic regulations on highways and in cities and towns was pointed to as the weapon that brought about a major portion of the death reduction this year.

Tribulations of the persons injured in September vehicle assaults were not completed because the statisticians know that a number of them will die of their wounds. However, as usual, the figure is expected to be well over the 1,000 mark.

Sympathetic state police did not forget the estimated 11,460 persons grief-stricken over the death of a loved one.

Even the financial losses were considered as the statisticians poured over the death books. With an economic loss of \$50,000 resulting in the death of one traffic victim—the amount includes a \$5 to one ratio of injuries—the state officers estimated the 1938 traffic crash cost to be \$75,000,000, enough money to maintain 55 state police departments, the size of the Texas set-up.

Czechs Ordered Out Of Polish Areas

TESCHEN, Poland, Oct. 13 (AP).—Orders were posted in the Teschen district today for all Czechs who had settled since November, 1918, in this area, newly acquired by Poland from Czechoslovakia, to leave by November 1.

HERE FROM STANTON. S. D. McWhorter of Stanton was a business visitor here this morning.

The Town Quack

difference between B and bullfoot? Certainly the impression has gone forth that the remote inhabitants of the eastern mountains are the victims of sudden ignorance and physical disability. This column has sometimes doubted the stories of misery sent down from the mountains. There has been a suspicion here that if the mountaineers were so desperately unhappy, so painfully pitiful in their mountains, they might make their way down to the farms and villages and cities of the plain. It is granted that they know how to scramble up their mountains with considerable agility, but it hasn't been generally admitted that they know how to scramble down. Also it has seemed sort of suspicious that all the benevolent money has been sought for the mountaineers of the Allegheny Mountains—none for the Rocky Mountains. The Rocky Mountains apparently are able to take care of themselves, an ability we have sometimes believed was shared by their eastern compatriots.

Only Tuesday, we had a NEA story about the down trodden mountain people of Kentucky and what the welfare workers are doing to help them. State Press comes along with one of our clippings and blasts the belief that such condition exist.

He picks up this recent comment in The Reporter-Telegram:

We have had preachers here who were football fans for quite a while. And now we have another one. Although he's not outspoken about it, the Rev. H. D. Bruce, Baptist pastor, used to coach a team of mountaineer boys over in South Carolina. The boys averaged better than 200 pounds and more than six feet tall. After beating all the high schools available, the long, rangy he-men took on some colleges successfully. State Press then deposes as follows:

How's that? Mountain boys weighing 200 pounds apiece and beating all the high school teams? Haven't we been told time and time again that the mountaineers are a flat-chested, pallid, backward people who need help and condescension from the valley? Aren't we to understand that we should send money to missionaries laboring in the mountains? Give help to mountain schools which are striving desperately to teach the young mountaineers the

Our Jim Harrison, advertising manager, is a particular kind of cuss. When one of us wrote up a classified ad for Mrs. J. E. Turner's eight sections of grass, he wanted to know if it was for lease, for sale, or for rent. For fear somebody else might ask foolish questions, we went ahead and put "for lease." Mrs. Turner said anybody interested in leasing the ranch may see her or me either, but to pay the money to her.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or steady passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acid or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pain, leg pain, loss of eyes and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Wildlife Board to Seek Law Changes In Kerr County

KERRVILLE, Oct. 13. (AP).—Changes in the hunting lease laws for Kerr and other Hill county counties are to be sought by the Kerr county wildlife association. The association desires the legislature to amend the law which will increase by 10 per cent the cost of hunting leases, rather than deducting 10 per cent of the price charged for the hunting privilege as now.

The association also desires a law that would require the state game, fish and oyster commission to report annually to the county judge of each county affected by the law a detailed account of licenses sold. A third proposed change would empower county judges to name a committee of three, including a ranchman, a sportsman and a business man, to advise with the secretary of the game commission on spending the license fund specified by the law to be disbursed in the county of collection.

Appropriations have been made by the county organization for \$125 for conservation work; \$25 in prize money to eradicate foxes, and \$20 to be used for prizes to winners in a rifle shoot prior to the opening of the deer and turkey hunting seasons.

Midland Boy on Dance Committee

Bob Throckmorton, of Midland, was appointed to serve on the dance committee by the student council of the John Tarleton Agricultural college, Stephenville.

The duties of the committee will be to sponsor dances for the entertainment body during the school year.

RETURN HOME.

Mrs. S. H. Hudkins has returned from Graham, where she visited at the bedside of a sick brother-in-law, Coots Holderman. Since her return she has been notified that Holderman is in a serious condition, having undergone two operations recently. Efforts are being made to locate a brother, reported to be working in the oil fields of this area.

CONSIDERED IMPROVED.

In a telephone call to John P. Butler Wednesday night, Mrs. Butler reported that she believed condition of her mother, Mrs. J. E. Wallace, now in a Temple hospital, was improved. The patient had had a good day and a good night she said.

FEMININE FANCIES
 By KATHLEEN EILAND

Nice complements to pastel-tinted pottery services are slender, pleasingly-designed bud vases in the same material and same colors as the dishes.
 Flat bows of velvet ribbon in three colors are piled upon a skullcap of brown felt to make an unusual and attractively bright hat for fall. It's anchored to the head by a narrow elastic, of course.
 The most elongated figure of a dachshund (or maybe it's a Scottie) we ever saw adorned the front of a bag seen recently. Quite a novel ornament it made, too.
 It might have been expected—the return of muffs along with piled-up hair, elegance in dress, and femininity in manners.
 Anyway, expected or otherwise, muffs are back. They may be small, like the tiny white ermine one to give the special flair to elaborate evening attire. Or they may be even larger than is necessary for the comfort of two hands.
 The muffs are designed as complements to coats or to suits. Or they match an asort of the same fur to be worn at the throat to ward off winter chill—and lend special beauty to the costume.
 Sometimes the muffs are in a fur matching one of the fur hats which are the last word in millinery. Or the fur trim of coats and suits.
 In other words—to be stylish, muff things this winter.
 These manufacturers are always thinking up things to create a sales appeal and entice our slim bank account away from us.
 This time it is those simple but lovely wooden trays in which stationery of a reputable company is packed. It seems to us these are particularly fitted for the role of playing Christmas gift or birthday gift, or hostess gift or bridge prize inexpensively and satisfactorily.
 For the older women or the one who belongs to one or more sewing clubs, there are knitting bags holding generous supply of writing paper and envelopes.
 Refrigerator sets come in sizes that stairstep up like different tiers of a foreign temple, the largest covered ovenware dish being on the bottom, the next fitting loosely into a depression in the lid of the first, and the topmost and smallest fitting into the lid of the second. In bright colors, whether mixed or all three alike, these are nice for those odds and ends that will accumulate even in the most scientifically run kitchens.

Traffic Patrol by School Children Organized Here

Organization of a junior traffic patrol was being effected in the John M. Cowden junior high school here today by State Highway Patrolmen McCasland and Matthews, Big Spring, and Principal . . .
 When perfected, the organization will be in complete control of traffic around the school building before school opens each morning, during the noon hour and when school is dismissed each afternoon. The sudden rush of the hundreds of students onto the streets simultaneously each day has created a distinct traffic hazard and officials are adopting the junior traffic patrol to guard against possible serious injury to some of the children.
 The students will elect their own officers, and about 25 will be used each week in directing traffic during the hours when needed. Uniforms for the junior officers will be given by various civic organizations of the city.
 Work by the patrol is expected to be started next week.

Nearby Towns Get PWA Aid for School,
 Rankin, Seminole and Lamesa will share in Public Works Administration contracts being let during October, according to information from the Fort Worth office, covering the seven southwestern states. Total for the southwest, in the list just released, will be \$3,918,297 of available PWA funds.
 Bids will be opened October 14 for waterworks projects at Rankin, with \$31,000 of PWA funds available. Engineers are Koch and Fowler of Dallas.
 On October 20, bids will be opened for a new high school building at Seminole, funds of \$78,200 being available. Wyatt O. Hedrick of Fort Worth is architect.
 Contract was awarded during the week of October 8 for a school building at Lamesa, \$8,979 of PWA funds being granted, with Suggs Construction Co. of Big Spring securing the contract.

Mrs. Armstrong Is Hostess to Midweek Club
 Mrs. J. M. Armstrong entertained for the Midweek club with an afternoon of bridge at her home, 1510 W. Texas, Wednesday.
 Fall flowers decorated the playing rooms where four tables were laid for the games.
 Guests were: Mmes. Jack Rankin, Tom Parker, L. C. Link, Jimmie Taylor.
 Club prize went to Mrs. Don Sivalls, high score guest prize to Mrs. Parker, and high cut to Mrs. John House.
 At the close of the games, a party plate was served to guests and the following club members: Mmes. Armstrong, W. L. Brown, Elliott Cowden, Hugh Corrigan, J. L. Greene, Allan Hargrave, John House, J. B. Leonard, M. D. Self, Don Sivalls, M. C. Ulmer, Fred Wright, E. A. Culbertson.

CONDITION REMAINS SERIOUS. IS IMPROVED.
 Condition of John Tolbert, elderly Midland man ill at the home of his son, Postmaster Allen Tolbert, was reported still serious today.

Mrs. O. A. Willingham, suffering from pneumonia, was reported by hospital attendants to be doing "quite well" today.

Treasure Hunt Compliments Guests, Sorority Members

Beta Sigma Phi members and guests met at the home of Mrs.

Tom Potter, 208 N. Marlenfeld, Wednesday evening as the starting point of a treasure hunt.

Nasturtiums, petunias, and other blossoms decorated the party rooms where the group gathered before being divided into parties for the hunt.

Rhymed clues carried the different parties back and forth to such places as cemetery, tennis court, South Ward school, and finally back again to the Potter home where the "treasure," which proved to be linen handkerchiefs, was found. Winners were Miss Willette Duncan, Miss Norene Kirby, Mrs. Frances Stallworth, and Mrs. S. R. McKinney.

After the hunt, the hostess served a party plate and drink with candy plate favors. Present were: Misses Ruth Pratt, Lou Annice Reeves, Mary V. Miller, Margaret Cronin, Mrs. Frances Stallworth, Mrs. Johnnie Sherrod, Mrs. Jessie Parsons, Mrs. M. D. Johnson Jr., Misses Alma Heard, Vivian Smelley, Marguerite Bivens, Ellen Potter, Norene Kirby, Maedele Roberts, Willette Duncan, Mrs. S. R. McKinney, Mrs. A. M. East, and the hostess. Miss Bivens and Mrs. Johnson assisted the hostess.

LITTLE CHANGE.

Little change was reported today in the condition of Mrs. H. E. Cummins who has been quite ill for the past few days. Her daughter, Mrs. Marvin Storey of Dallas, has arrived in Midland to be at her bedside.

Sans Souci Club Has Bridge-Luncheon At Cowden Home

Mrs. E. W. Cowden was hostess to the Sans Souci club with a bridge-luncheon at her home, 111 North F street, Wednesday afternoon at one o'clock.

The Halloween spirit marked party accessories, with taffies and score pads in appropriate motif. Places for guests at the one large luncheon table were marked by Halloween place cards. A centerpiece of zinnias and marigolds on a reflector base and orange candles furthered the holiday color scheme. A three-course luncheon was served.

In the bridge games which occupied the afternoon, high score prize was awarded to Mrs. Frank Williamson and cut to Mrs. H. D. Dickson.

Present were: Mmes. W. H. Street, J. B. Richards, Dickson, Roy J. Downey, R. T. Mobley, L. A. Tullis, Rea Sindorf, Alton Absner, Williamson, Bert Hoffer, Lester Short, and the hostess. The club will meet Wednesday of next week with Mrs. Absner at 521 W. Wall.

Mrs. Drummond Discusses Booklet At Club Meeting

The second lesson in a study series was presented at the meeting of the Home Art club for which Mrs. Iris N. Bounds was hostess at the home of Mrs. Ernest Neill, 411 North A street, Wednesday afternoon. Mrs. John W. Drummond discussed the booklet, "What to Do with Walls."

Mrs. N. W. Bigham presided in the absence of the president, Mrs. Neill.

Mrs. Bounds made a report on the Safety council.

Needlework occupied the remainder of the afternoon until tea time when refreshments were served.

Mrs. Garth Neill was a new member present and Mrs. Eula Mahoney was a guest.

Other members attending were: Mmes. Bigham, Guy Brenneman, M. D. Cox, Drummond, Julia Filson, H. L. Albrecht, John B. Mills, B. C. Girdley, John Dunagan, and the hostess.

Girls! You Can't Conceal Love, Says Young Film Star

When a girl is in love she can't keep it a secret!

That is the firm belief of Andrea Leeds, one of the screen's most romantic beauties, who stars with Joel McCrea in Universal's dramatic story of young love, "Youth Takes a Fling," which starts Friday at the Yucca Theatre.

"When a girl falls in love," the star declared, "all of her friends know about it even before she tells them."

"They can tell it by the look in her eyes. Her feelings are as easy to read as an open book; her eyes follow the person she loves about the room, and her shy glances and occasional blushes speak more loudly than words."

To Stop Constipation Get at Its Cause!

If constipation's got you down so you feel heavy, tired and dopey—it's time you did something about it. And something more than taking a physic! You should get at the cause of the trouble.

If you eat only the things most people do, the chances are that a very simple fact causes your constipation—you don't get enough "bulk." And "bulk" doesn't mean heavy food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is your trouble, eat crisp, crunchy Kellogg's All-Bran for breakfast every day and drink plenty of water. All-Bran contains both "bulk" and the intestinal tonic, vitamin B. And it's not a drug, not a medicine! Made by Kellogg's in Battle Creek. Sold by every grocer.

Fine Arts Club Hears Two Papers Concerning Italy

"Italy" was the topic in the international studies series which was discussed in the Fine Arts club meeting held at the home of Mrs. Elliott H. Barron, 507 N. Loraine, Wednesday afternoon.

The subject was developed through the medium of two papers presented by club members. Mrs. Charles Brown read a paper on "Italy Under Fascism" and Mrs. Harvey Conger one on "The Private Life of Mussolini."

Mrs. Tom Sloan was a new member.

Present were the following other members: Mmes. Elliott H. Barron, T. Paul Barron, Charles Brown, L. G. Byerley, Harvey Conger, Alden Donnelly, Fred H. Fuhrman, W. H. Gilmore, George Kidd, Jr., Roy Parks, A. P. Shirey, R. C. Tucker, J. M. White, Fred H. Wilcox.

Halloween Theme Followed in Club Party Appointments

Halloween festivities were forecast in the afternoon party of the Slam club for which Mrs. G. W. Adams was hostess at the home of Mrs. R. L. Bailey, 1101 W. Indiana, on Wednesday afternoon. Handmade taffies were in the shape of pumpkins, score pads bore the figure of a witch, and the Halloween theme was repeated in the refreshment plate served at the close of play.

Three tables of bridge were played with high score prize for club members going to Mrs. W. G. Attaway, high score for guest to Mrs. R. R. Richter, high cut to Mrs. J. C. Webb, and low score prize to Mrs. R. L. Cline.

Three visitors were present: Mrs. J. L. Sneed, Mrs. K. L. Westahfer, and Mrs. Richter.

Members attending were: Mmes. Attaway, E. M. Bryan, Joe Dobson, Bailey, Morris, Bridges, H. H. Nicholson, G. A. Lamb, Robert King, Webb, Cline, and the hostess.

MIDLAND, TEXAS

Oil News - -

CONTINUED FROM PAGE ONE

It is 105 feet high to Rogers & Rogers No. 1 O. B. Holt, discovery producer two miles to the east, and 51 feet lower than Sinclair-Prairie No. 1 Emma Cowden, small producer now abandoned which is generally credited with being the discovery well of the Emma pool, which lies farther northwest. No. 1 W. F. Cowden is now drilling past 1,680 feet in anhydrite.

Rogers & Rogers No. 1 University, wildcat, a mile and a half northwest of their Holt discovery and three miles east of the Emma pool, is preparing to ream after halting coring at 4,523 feet in lime. Last cores were described as follows: from 4,475-93 12 feet of lime was recovered, being mostly dense dolomite with no shows; from 4,488 to 4,505 14 feet of dolomite with slight oil staining was pulled; and 13 feet of practically barren dolomite showing a little anhydrite was recovered by coring from 4,505-23.

In Ector, Fields No. 1 Owenwood, wildcat, three miles northwest of the Harper pool is drilling lime at 4,260 feet, with no shows logged. May Sell Gas.

I was reported today that owners of Frankley & Rice No. 1 Tunstill, northwestern Reeves Delaware test, are contemplating contract with the El Paso Natural Gas Company to sell gas from the well. It was said to be making an estimated 5,000,000 cubic feet of sweet gas daily, with light spray of distillate, following 100-quart shot. Clearing out has reached total depth of 3,305 feet. The well is only 22 feet in the Delaware sand and has run high structurally as compared with

a failure a mile and a quarter to the south and slightly to the east, General Crude No. 1 TXL, which showed a fair amount of oil in the Delaware. The El Paso company's gas line, from Jal, N. M., runs about 14 miles north of the Frankley & Rice well.

In southeastern Reeves, Ohio No. 1 Popham is drilling below 4,510 feet in lime.

Humble No. 1 A. H. Robertson, northwest of Fort Stockton in western Pecos, is drilling below 3,230 feet in anhydrite and lime. Thomasson No. 1 Nations is shut down at 500 feet in shale.

Dickens Failure Plugged. Jim Morrissey No. 1 Bird Dickens county wildcat 12 miles west of Spur has been plugged and abandoned at total depth of 2,436 feet in lime. It had headed oil following acid treatment, thereby creating some excitement, but later swabbed only salt water.

Magnolia No. 1 Wright, eastern Cochran wildcat, is drilling ahead past 4,952 feet in lime, making seven batlers of sulphur water hourly. It topped water in the screw from 4,942-45.

Tropical Storm Reported Brewing. NEW ORLEANS, Oct. 13 (AP).—The weather bureau reported today a tropical storm of moderate intensity 275 miles from the mouth of the Mississippi. Storm warnings were displayed from Carrabelle, Fla., to Morgan City, La.

Mr. and Mrs. I. E. Daniel have returned from a trip to Dallas. Mrs. Sam Majors and daughter of Colorado were visitors to Midland early in the week.

Ex-Convict Sought As Man's Slayer

ALBUQUERQUE, N. M., Oct. 13. (P)—An escaped Arizona convict was hunted from Arizona to Louisiana last night as federal agents combed the Southwest for the slayer of Virgil A. Vaughn, 27, of Baldwin, Kan., whose battered, robbed body was found near Safford, Ariz., two months ago.

Vaughn, a health seeker, was last seen in Albuquerque Aug. 2 when he left by automobile for Phoenix, Ariz. Two days later his car was sold in Lake Providence, La., and on Aug. 14 a brushy arroyo near Safford yielded a body identified only last Saturday as Vaughn.

R. J. Untreiner, chief of the FBI at El Paso, Tex., disclosed that federal agents were seeking a twice-

escaped convict from Arizona State Penitentiary for questioning in the case.

"The convict has been identified as the man who left Albuquerque with Vaughn Aug. 2, and the man who sold Vaughn's automobile in Lake Providence, La., two days later," Untreiner said.

Vaughn's body was found about two weeks after he had been killed. It was covered with a cow hide and brush in an arroyo. The skull was crushed, arms bruised, and unclashed save for shoes. Articles of clothing identified as belonging to Vaughn have since turned up in Louisiana.

Vaughn lived at an Albuquerque hotel about a month before leaving here, apparently in company with

the widely-sought convict. Although his home is in Kansas, he came here from Long Beach, Calif.

PALESTINE. (P)—Two sets of twins of Mr. and Mrs. Laddie J. Lesker of Palestine have started early to make a world's record for attendance at Sunday school.

Laddie and Lynda, five and a half

Your Child's Future

THE biggest job you ever had, parents,—that of caring for your children—is safeguarding their health so that their future happiness and success may be assured.

Nothing is more important to them than their eyes. No child is healthy without healthy eyes. No child can achieve success without good vision.

There's only one way to tell whether or not your children's vision is normal—have their eyes examined. Do it now before school begins.

BOOT AND HER BUDDIES

BOOTS, NO FOOLING—THAT HANDY IS THE SWIFTEST FOOTBALL TOWER I EVER SAW! HE'S GOT IT!

I'M SORT OF WORRIED ABOUT HIM, THOUGH

Strange, Indeed

HE'S DOING TOO MUCH, COACH! HE CAN'T STAND IT! HE'S TAKING FAR TOO MANY STUDIES—THEN THERE'S FOOTBALL, BESIDES HIS JOB AT THE ICE PLANT, AND JUST OODLES OF OTHER CHORES

That Wasn't Asking Much

HE DOESN'T HAVE ENOUGH TIME TO HIMSELF

HM—M!

By EDGAR MARTIN

By ROY CRANE

BOOTS IS ABOUT THE UTMTH ONE WHO'S SPOKEN TO ME ABOUT THAT! S'FUNNY—ALL TH' GIRLS ARE SO WORRIED ABOUT HANDY WORKING TOO HARD!

WASH TUBBS

IF NECESSARY, I'LL FOLLOW HER TO THE ENDS OF THE EARTH.

That Wasn't Asking Much

BUT OF COURSE, CAROL DOESN'T EXPECT HIM.

I'LL NEVER SPEAK TO WASH TUBBS AS LONG AS I LIVE.

NOW YOU'RE TALKING, HONEY.

By V. T. HAMLEN

By ROY CRANE

By ROY CRANE

BUT I STILL CAN'T UNDERSTAND WHY HE DIDN'T APPEAR AT THE WEDDING.

WE'VE BEEN OVER THIS A THOUSAND TIMES, CAROL. NO MATTER WHAT HIS REASON, HE'S THRU!!

OF COURSE, DADDY, I HATE HIM. I DESPISE HIM—BUT SURELY THERE WAS SOME REASON.

HE'S A CONFUSED, INEBECILE, THAT'S WHY. ALL HE HAD TO DO TO BECOME A MILLIONAIRE WAS BE AT A WEDDING AND HE COULDN'T EVEN DO THAT. BAH!

ALLEY OOP

WHOA, DINNY! NEVER MIND ABOUT ME, DINNY! YER DOIN' FINE! IF YOU GIT US OUTA THIS, I'LL BE SATISFIED 'TIL I GET ALONG WITH LITTLE KAKKY.

GONNA GIT FOOZV A DINOSAUR WITH YOU STAMPEDIN' THIS WAY!

KAKKY! THAT SNIVELIN' LITTLE WART!

AT LEAST I'D KNOW WHEN I WENT OUT RIDIN' I'D NOT RETURN INSIDE 'EM!

Oops!

WELL, IF THAT'S THE WAY YOU FEEL ABOUT IT, I'LL HAVE NUTHIN MORE T'DO WITH YOU AND YOUR DANGED DINOSAURS!

THAT'S GREAT! AFTER WHAT YOU'VE JUST PUT US THRU, I'M—

SHHH—THE SPIDER'S AT THE DOOR!

YOU'VE RUINED EVERYTHING, BLUNDERING DOWN HERE LIKE THIS!

MEAN—WHILE AT THE VILLA...

SURE! THAT'S JUST ABOUT THE DISTANCE I PAGED OFF FROM THE MARKER TO THE FENCE!

SAY! LOOK HERE—THERE'S ABOUT 100 YARDS VARIANCE ON SOME OF THESE OLD MAPS OF THE BORDER NEAR BONILLA.

MYRA NORTH, SPECIAL NURSE

WHAT DO YOU MEAN, MYRA'S SAFE? WHERE 'S SHE?

WELL, TH' SPIDER'S HOLDIN' HER TILL I RETURN WITH THE CASH FOR LOVE'S RELEASE—BUT THAT BORDER MARKER WE SAW—

WHAT'S ALL THIS GAB ABOUT THE BORDER?

HURRY—DIG OUT ALL THE LARGE SCALE MAPS YOU'VE GOT AND I'LL SHOW YOU SOME THINGS!

Not So Loud

SURE! THAT'S JUST ABOUT THE DISTANCE I PAGED OFF FROM THE MARKER TO THE FENCE!

SAY! LOOK HERE—THERE'S ABOUT 100 YARDS VARIANCE ON SOME OF THESE OLD MAPS OF THE BORDER NEAR BONILLA.

WHY MOTHERS GET GRAY

POW! POW! POW! POW! POW! POW!

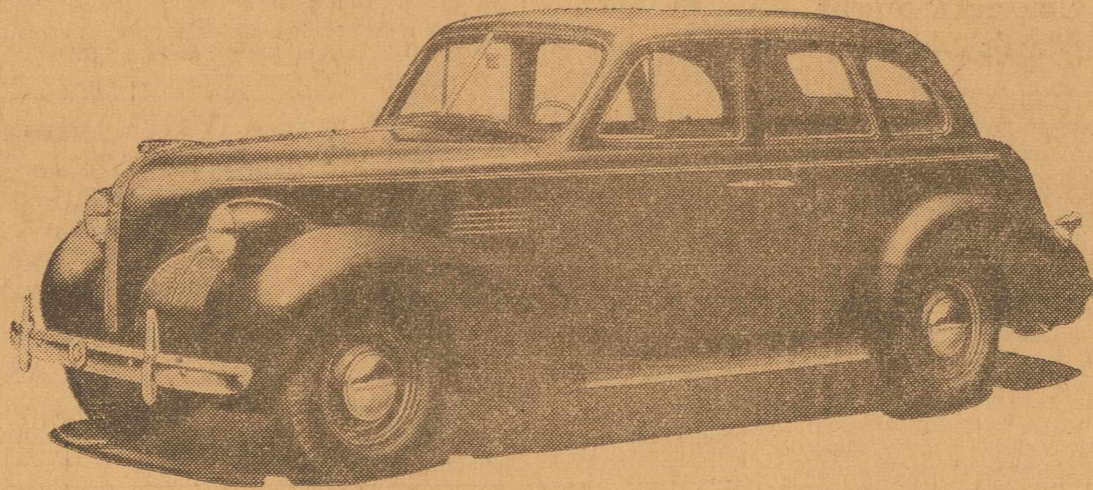

AND OUR ANSWER IS

Boom!

Midland Drug Company is not a member of any combine or organization that perhaps would have as its purpose the upholding of higher drug prices in Midland. We firmly believe that it is to the interest of the public at large for every man to operate his own business as he sees fit. . . Our large volume buying and economy in operating, have enabled us to effect appreciable savings on hundreds of items that we sell—and we pledge ourselves to pass the saving on to you, our customers.

Do all of your shopping with us . . . you will save on every purchase.

New Pontiac on Display Here

Pictured above is the new Pontiac, now on display at the Drake Motor company, 113 East Wall. The car is a deluxe six four-door sedan . . . styled in the modern manner with or without running boards . . . curb-high floors, two inches lower than ever . . . four inches greater over-all length than any previous Pontiac Six . . . 25 per cent greater visibility . . . wider, roomier bodies . . . Silver Streak . . . remote control gear shift standard . . . new clutch . . . Duflex rear springs, newest Pontiac feature, give one passenger the same riding comfort as six passengers.

Half Section Farm Involved in Sale

Sale of a well improved half section Midland county farm was made yesterday, George D. Phillips and M. N. Coston selling their place five miles north of Midland to Cecil Ricketson and Carl Ricketson, formerly of Monahans. The new owners will move here with a dairy

Quarterly Meeting Of Lions Club Is Held in Big Spring

Quarterly meeting of Zone Six, Lions International, was held at the Settles Hotel in Big Spring last night, John P. Butler of Midland, zone chairman, presiding. Approximately 75 Lions club members from Anson, Hamlin, Colorado, Big Spring and Midland attended the session. Principal address of the evening was delivered by Ross Covey, Sweetwater, past governor of district 2-E, Lions International, "Attitudes of Lionism" being the subject of the address.

Reporters to Feast On Roasting Ears

Members of the Reporter-Telegram editorial and mechanical forces were presented today with a bushel basket of fresh roasting ears given by H. H. Watford, Midland

High School PTA Is Organized at Wednesday Meeting

Organization of a high school PTA was effected at a meeting called by Mrs. W. L. Nicol, district vice-president, Wednesday afternoon. Approximately 35 women attended the meeting held at the high school building, with much enthusiasm reported. The following officers were elected: President, Mrs. Glen Lewis; first vice president, Mrs. Clyde Barron; second vice president, Mrs. J. M. Haygood; third vice president, Mrs. A. B. Johnson; treasurer, Mrs. Otis Kelly; secretary, Mrs. Herbert King. Mrs. Nicol outlined the aims and object of the PTA and it was decided to meet upon the fourth Tuesday of each month at 3:30 o'clock in the afternoon. Mrs. J. M. White served as secretary pro-tem.

Williamson to Show Calves at Odessa Pens

Frank Williamson, Ector and Winkler county ranchman, will have 400 head of steer and heifer calves in the Odessa stock pens Sunday, to be shown, he said today. The calves, all long ages, have not yet been sold. He is completing this week the rounding up of both the Flag ranch and the Walter Cowden place south of Odessa, from which the calves will be taken.

THE MAYTAG

COSTS LESS IN BUSHELS OF CROP THAN EVER BEFORE

Model 31

Gasoline or Electric Power

Prices of crops and livestock have advanced considerably, yet Maytag prices are still low. The new, improved Maytag gives you a finer washer and greater value per dollar than ever. You get the same distinctive features that won world leadership for Maytag—the one-piece, cast-aluminum tub, sediment trap, Gyrotator washing action, Roller Water Remover and other advantages. Ask for a demonstration. If it doesn't sell itself, don't keep it.

Free demonstrations in city or country

Sheriff Slain by 2 Robbery Suspects

NOWATA, Okla., Oct. 13. (AP). — Two suspected highway robbers shot and killed Hugh Owen, 48-year-old Nowata county sheriff, as he attempted to arrest them at a farm house, ten miles east of here Wednesday afternoon. The suspects, who fled through a back door and escaped in an automobile, had been traced to the farm house by Sheriff Owen, Deputy Bill Luper and highway Patrolman Roy Kannady, who were investigating a robbery here. A posse was formed quickly and an alarm was broadcast asking police in nearby points be on the lookout for the pair.
