

Did This Start Name-Calling?

Charles Lindbergh talks to Sir Nevile Henderson. Russians charge he talked too much, denounce what they call "lies" told the British during the war crisis about the inefficiency of the Soviet air force. The American aviator and the British ambassador to Germany are pictured at the Berlin congress of the Lillenthal Society for Aeronautical Research.

Optimistic?

The grim countenance of Dr. Castillo Najera, above, Mexican ambassador to the United States, belies his optimistic report to Washington newspapermen after a conference with Secretary of State Cordell Hull. Dr. Najera said there were "good hopes" the dispute over expropriation of American properties in Mexico may soon be settled.

Hankow Becomes Japanese Target

Having succeeded in a three-sided attack on Canton, Japanese troops Saturday advanced on Hankow, and their leaders predicted the fall of the city was imminent, with Chinese retreating before mass bombing. Foreign shipping vessels were warned to proceed at least ten miles above Hankow on the Yangtze river. The map shows the campaign conducted on southern China, with inset marking the area covered with reference to all China.

Hero Pilot

Discovering that the right wing and motor of the passenger plane he had just taken out of Montgomery, Ala., were in flames, John David Hissong, above, Eastern Airlines pilot, brought his burning ship down in a field with only moonlight to aid him. By this feat, Hissong saved 14 lives, including his own. Later he commented that he hadn't done anything "any other pilot wouldn't have done." Five years ago, he was the hero of a similar mishap.

Sally Says She Won't—But She Does

"I'll pose any way you want—even stand on my head—but I won't pose with a policeman," cried Fan Dancer Sally Rand, but it was too late. Here is Sally, left, sans fans, in a Los Angeles court with Policewoman Cheryl Goodwin, center, and a reporter. Sally, was in court to explain why she hadn't appeared earlier in connection with a suit brought by one Hazel Dram, who claims to have bit her during a scuffle in a Los Angeles theater.

Although affliction cometh not of the dust, neither doth trouble spring out of the ground. Job 5:6.

Fall of Hankow Is Believed Imminent

Mayors End Conference Here

Selecting Silver City, N. M., as the mid-winter convention city, delegates to the fall meeting of the Southwestern Conference of Mayors and Chamber of Commerce Representatives concluded their two-day session at Hotel Scharbauer here Saturday noon. Silver City winning out over Las Cruces, N. M., and Chihuahua City in the fight for the next convention city. Silver City's invitation was extended by John C. O'Leary of Deming, N. M., in behalf of Mayor E. W. Ward who was called back to Silver City Friday night. Final convention registrations showed a total of 79 delegates from 17 towns and cities of West Texas, Southern New Mexico, and Chihuahua, Old Mexico.

Adoption of seven resolutions featured the Saturday morning session, the report of the resolutions committee being made by Representative-Nominatee James H. Goodman of Midland, chairman. The resolutions adopted are as follows:

Resolution No. 1.
Be it resolved at the meeting of the Southwestern Association of Mayors and Chamber of Commerce Executives:
Express their appreciation to Midland, its City Officials, Midland Chamber of Commerce and the Honorable Clarence Scharbauer and his hotel for the fine way that they carried out the program of the convention, and the many courtesies shown the delegates of the convention.

Resolution No. 2.
BE IT RESOLVED:
That the Southwestern Conference of Mayors and Chamber of Commerce officials, duly assembled in

convention at Midland, Texas, respectfully petition the State and Federal Regulatory Bodies to aid and assist in the development of the natural resources of the great Southwest. Particularly do we call attention to the recreational facilities as left by nature in this area, both in Texas, Mexico, and New Mexico; specifically referring to the Big Bend country of the Rio Grande, Texas and Guadalupe sections of Texas and New Mexico, with its all-around year vacation climate, where abounds wild game and natural beauty of this rugged section.

It is here in this area that the scientist located the best weather conditions for all-around year photographing and investigating of the universe. Here are located rich valleys irrigated by the water of the Rio Grande and Pecos rivers. Here are located some of the oldest relics of civilization on the continent. Here is located the largest reserve of natural resources—gas and petroleum—whereby modern industry and civilization moves.

WHEREAS, it behooves the States and Nations involved to protect these resources. We ask their co-operation and support as they may see fit.

Resolution No. 3.
BE IT RESOLVED:
That the meeting of the Southwestern Association of Mayor and Chamber of Commerce executives. The present traffic laws of the State of Texas are not strict enough to regulate the congestion of traffic and that a number of unnecessary accidents have resulted due to the lack of authority of the Highway Patrol and other State Officials to enforce these laws. Particular attention is called to the present Drivers License Law being wholly inadequate to carry out its intent and purpose and that a strict law be passed by the legislature at its next regular session. That the present arbitrary speed limits are inadequate to meet the present day traffic needs and that said laws be amended so enforcement can be based upon reckless driving rather than speed limit.

Resolution No. 4.
WHEREAS: The stretch of highway between Las Cruces and Anthony, New Mexico, a part of U. S. Highway No. 80, being now narrow paving with wide gravel shoulders and base prepared for hard-surfacing, and
WHEREAS: This approximately 26 miles carries the condensed traffic load of three connecting federal highways from the north, east and west in addition to its own normal load, all concentrating over this stretch from Las Cruces to El Paso, and
WHEREAS: It appears that basic preparations have been made for wider paving and have been so for many months past, and
WHEREAS: In its present state it is hazardous and for the past months has been the scene of many accidents both fatal and injurious, due largely to its present incomplete state, and
WHEREAS: It is so important a unit in U. S. Highway 80 as to require constant attention and immediate improvement.

BE IT THEREFORE RESOLVED: that this conference of Mayors and Chamber of Commerce Officials assembled in Midland, Texas, October 21 & 22, 1938, go on record calling

this immediate need to the attention of the Governor of New Mexico and the New Mexico State Highway Commission under whose jurisdiction this improvement comes; that the proposed plans for widening and resurfacing this stretch on Highway 80 be given immediate attention looking towards its completion at the very earliest moment.

Resolution No. 5.
WHEREAS: there has been carried on a program of developing and conserving the water resources of the Rio Grande and Pecos River water-sheds of the Southwest; and
WHEREAS: the Mayor's and Chamber of Commerce Executives of the Southwest in convention respectfully call attention to the Federal and State Reclamation Bureau to the possibilities of developing these projects into electric power projects for proper developing power for electrification of this territory, to obtain cheaper power at a minimum cost for the development of commercial and domestic consumption. It is particularly called to the attention of Federal and State authorities that the present power cost are excessive for commercial and domestic consumption in comparison with other power projects as now being developed by the Federal government of the United States, Mexico and Southwest. Specifically we call attention to the power project of the Elephant Butte dam and projects being contemplated to be built along the Rio Grande River and its tributaries and the Pecos River and its tributaries.

Resolution No. 6.
BE IT RESOLVED: that a copy of this and other resolutions be sent (See CONFERENCE, page 8)

Legionnaires From 20 Posts To Be Here Saturday-Sunday

Plans for the annual convention of the sixteenth district American Legion, to be held here Saturday and Sunday, were well under way during the week-end. Commander W. H. Hoffman reported. He had appointed Jim Harper, Midland insurance man, general chairman in charge of arrangements.

Twenty active posts with total membership of 1,200 will be represented, the attendance here expected to run to from 250 to 400 ex-service men. Posts represented are: El Paso, Fabens, Fort Bliss, Fort Stockton, Iraan, Kermit, Marfa, McCamey, Midland, Monahans, Odessa, Pecos, Presidio, Sanderson, Van Horn and Wink.

Registrations start at 8 o'clock Saturday morning, at Hotel Scharbauer, continuing throughout the day as delegates arrive. Business meetings will be held at the hotel's ball room, entertainment features being interspersed.

A barbecue will be served at Cloverdale park, Sunday at 12:30 noon, with Tom Grammar in charge.

The Forty and Eight, fun and benevolent body of the Legion, will conduct "the wreck" and Judge Roy Bean's court during the convention here. J. F. Friberg is in charge of this feature.

Denver Field of Yoakum Given Two Extensions of Production

BY FRANK GARDNER.

The Denver field of southern Yoakum, which is fast becoming one of the major pools of West Texas, at the week-end was widened further as new producers were completed on both the northeast and the northwest edges.

Toddle L. Wayne, trustee No. 4 Walter Fairman, 1,980 feet from the north and 660 from the west line of section 797, block D, J. H. Gibson survey, flowed 238.04 barrels of 33.5-gravity oil on 24-hour gauge, with gas-oil ratio of 763-1. It received treatment with 3,500 gallons of acid in pay horizon between 4,920 and 5,226, total depth. The well provides a quarter-mile northwest extension of the pool.

Extending the northeast edge approximately the same distance, J. W. Murchison No. 3 N. W. Willard, 660 feet out of the northeast corner of section 799, block D, flowed 247 barrels aday after treating with 7,500 gallons, bottomed at 5,145 feet in lime.

Texas Pacific Coal & Oil Company No. 1 Hall estate (formerly Eula Sanders), in section 800, is drilling past 4,185 feet in anhydrite and lime. Shell No. 7 Lowe is drilling at 3,484 in anhydrite and red rock, while Don Danvers et al No. 3 Shell-Lynn is drilling below 2,194 feet in anhydrite and red beds. On the north edge of the Roberts area, west of the Denver pool, Shell No. 5 Roberts had drilled to 5,109 feet in lime.

Shell No. 1 J. M. Ruyts, extension east a mile and a quarter southeast of the Bennett pool in southeastern Yoakum, section 743, is drilling below 3,521 feet in shale and gypsum. Top of Yates sand, although encountered, had not yet been announced. On the southeast edge of the pool, T. P. No. 12 Bennett, cemented 7-inch casing on bottom at 4,675 feet and is standing.

Social Security Board Infringes Power, Is Charge

WASHINGTON, Oct. 22 (AP).—State officials who administer the joint federal-state unemployment insurance program accused the Social Security Board today of exceeding its powers by voice vote.

Approximately 150 delegates from all states, at a conference here, adopted a resolution stating that the federal board "frequently infringed upon administrative authority of the states" in connection with making grants to the state to carry out the jobless insurance program.

Chinese Are Retreating Steadily

Foreign Ships Warned to Move Up the Yangtze

SHANGHAI, Oct. 22 (AP).—Japanese commanders said today the fall of Hankow was imminent and Chinese were retreating. Mass bombing in the Hankow area to shatter the last Chinese resistance was foreshadowed in a memorandum delivered to foreign envoys here, warning foreign shipping to proceed up the Yangtze river at least ten miles above Hankow by midnight tonight.

United States gunboats Guam and Luzon were among the foreign vessels at Hankow.

CANTON OCCUPIED.

The memorandum, which also advised foreign shipping to avoid the Canton area in South China, explained that Chinese troops were retreating across the Yangtze at Hankow and said extensive bombing might be necessary.

Japanese forces stabbing at Hankow's outer defenses were pushing nearer the city every hour.

Fall of Canton—Japanese announced the city was completely occupied—was said to have given impetus to the Central China drive against Hankow and the adjoining cities of Hangyang and Wuchang.

A wholesale Chinese withdrawal was said to be under way from both the Canton area in South China and the Central China Hankow region. Chinese were streaming northwest from occupied Canton, with Japanese controlling the area completely both on the ground and in the skies.

In the Yangtze river valley, Chinese troops were reported in retreat from defense positions east of Hankow to the city's environs.

MAY REST ON GAINS.

Hankow dispatches told of orders for Chinese officials and their families to leave the city. Fleeing civilians scrambled for places on river boats that were packed to the gunwales.

Japanese troops and river boats kept up their steady advance. A mid-afternoon communique announced ground forces had occupied Chengong, on the south bank of the Yangtze 35 miles east of Hankow, and were driving directly west against Wuchang.

Air, naval and ground forces gained new momentum in the invasion which, since the undeclared war started July 7, 1937, has brought all of China's chief seaports, its major cities, and the rich North China area under nominal Japanese control.

Observers have predicted that Japanese, once the Hankow region was conquered, might rest. (See HANKOW, page 5)

TENTATIVE DESIGNATION, SURVEY OF LAMESA-MIDLAND-RANKIN ROAD SOUGHT BY GROUP FROM COMMISSION

Planning to go before the Texas Highway Commission Monday morning, Clarence Scharbauer, Fred Wempie and Percy J. Mims, of the chamber of commerce highway committee, and County Judge E. H. Barron left this morning for Austin.

Tentative designation and preliminary survey of a state road from Lamesa through Midland to Rankin will be requested, it was announced. On previous trips before the commission, Midland delegations have discussed the route and now feel that the request is timely.

Representatives from Lamesa and Rankin also will go before the commission to ask the designation and survey, it was understood.

Details of the already designated Midland to Kermit highway also will be discussed, the remainder of that project being a matter of routine. The eight mile segment from the Midland county line to intersect highway 51 was undergoing work late in the week. Division Engineer Kilmer said a preservative asphalt and light gravel top will be applied over the caliche base.

Governor Lehman New Deal Minded

ELMIRA, N. Y., Oct. 22 (AP).—Governor Albert Lehman, a source close to him said today, will endorse the "principal aims" of the New Deal in an early campaign speech for re-election. The governor had "no comment" on a statement by Mayor LaGuardia of New York in which the mayor made it clear he would not support Lehman unless he announced firmly for the New Deal.

IN HOSPITAL.

A Harry Anderson has been admitted to a Midland hospital for treatment.

Oxygen Exhausted, Family of 5 Dies

JERSEY CITY, Oct. 22 (AP).—Five members of the Frank Cozál family were found dead in their apartment today. Deputy Police Chief Underwood said ambulance physicians explained that the family died because gas and electric heaters in the flat were exhausted of oxygen.

Consult Bulletin Before Buying Books

"Consult Subscription Books Bulletin in the county library before purchasing sets from book agents," advises the Midland county library. "You pay taxes to have expert advice available—make use of it."

Benes, at London, To Take Long Rest

LONDON, Oct. 22 (AP).—Former President Edouard Benes of Czechoslovakia, flying for the first time, arrived at London today, sick and tired. Intimates said he would rest in the country for several months. This was taken to mean that Benes would not proceed to Chicago, where he is scheduled to lecture at the University of Chicago, until after Christmas.

Dr. Barnes to Preach Here Today

Dr. W. W. Barnes, professor at the Baptist seminary at Fort Worth, will fill the pulpit at the Baptist church today, preaching at both the morning and evening services. Rev. H. D. Bruce, pastor, is away conducting a meeting.

Trees, Plants, Seeds Asked for Beautifying

Citizens who are now working their gardens and find trees, plants, or seeds that they do not want are asked to bring them to the county library or see the county librarian if they are willing to donate them for beautification of the Moody addition.

Terrorists Slain in Slovakian Fighting

PRAGUE, Oct. 22 (AP).—The general staff reported today that twelve terrorists and one Czech gendarme had been killed during fighting near Berekhovo, southern Slovakia.

EDITORIALLY SPEAKING

Old Clothes Drive Presents an Opportunity for Substantial Service

Announcement appears in this paper today of the annual old clothes drive in Midland, in which discarded, outgrown or un-needed apparel is distributed to less fortunate citizens, aiding children in going to school and adults in living their normal lives.

Quick action is asked by women of the local federated clubs, so that the clothing may be assembled and reconditioned to do the most good as winter approaches. Clothing in need of repair is welcome, as provisions have been made for renovation in the sewing room.

Many unemployed and otherwise needy will benefit greatly through this annual drive. Citizens who have cast aside useful clothing, through changes of style, growth of youngsters or other reasons, may render a substantial service without great outlay to themselves. The apparel may be left at the chamber of commerce or at the welfare office on East Texas avenue.

Freedom of the Press Still A Reality in the United States

Newspaper coverage of the recent events in Europe had a happy sequel in Chicago when the board of directors of American Society of Newspaper Editors held its annual fall meeting.

The board passed a resolution which, unlike the heavy verbiage of most resolutions, comes squarely to rest on the fundamental difference between the United States and some of the governments concerned in the "stripping of Czechoslovakia."

"While readers in countries governed by dictators and burdened by censorship were deprived of any information antagonistic to the claims and ambitions of their leaders, in the United States, the story was presented daily," the resolution read.

"Unrestrained by fear of reprisal, American editors, aided by news services that spared neither money nor effort to get the facts, kept their public constantly alive to each new fact."

"The newspaper readers of the United States were more familiar with the complicated succession of incidents abroad than was the public in the nations involved."

Here is the first line of defense of the heritage of freedom.

While the photographs of the new coiffures are splendid, close observation is apt to convince one that some hair-do and some hair-do't.

Drop kicking is no longer confined to the sports page. The politicians start kicking when the relief rolls drop.

There may be nothing to it, but a cynical author tells that the recent blast from the Russian aviators at Col. Lindbergh was merely a publicity stunt to draw attention to Mrs. Lindbergh's new book titled, appropriately enough, "Listen, the Wind."

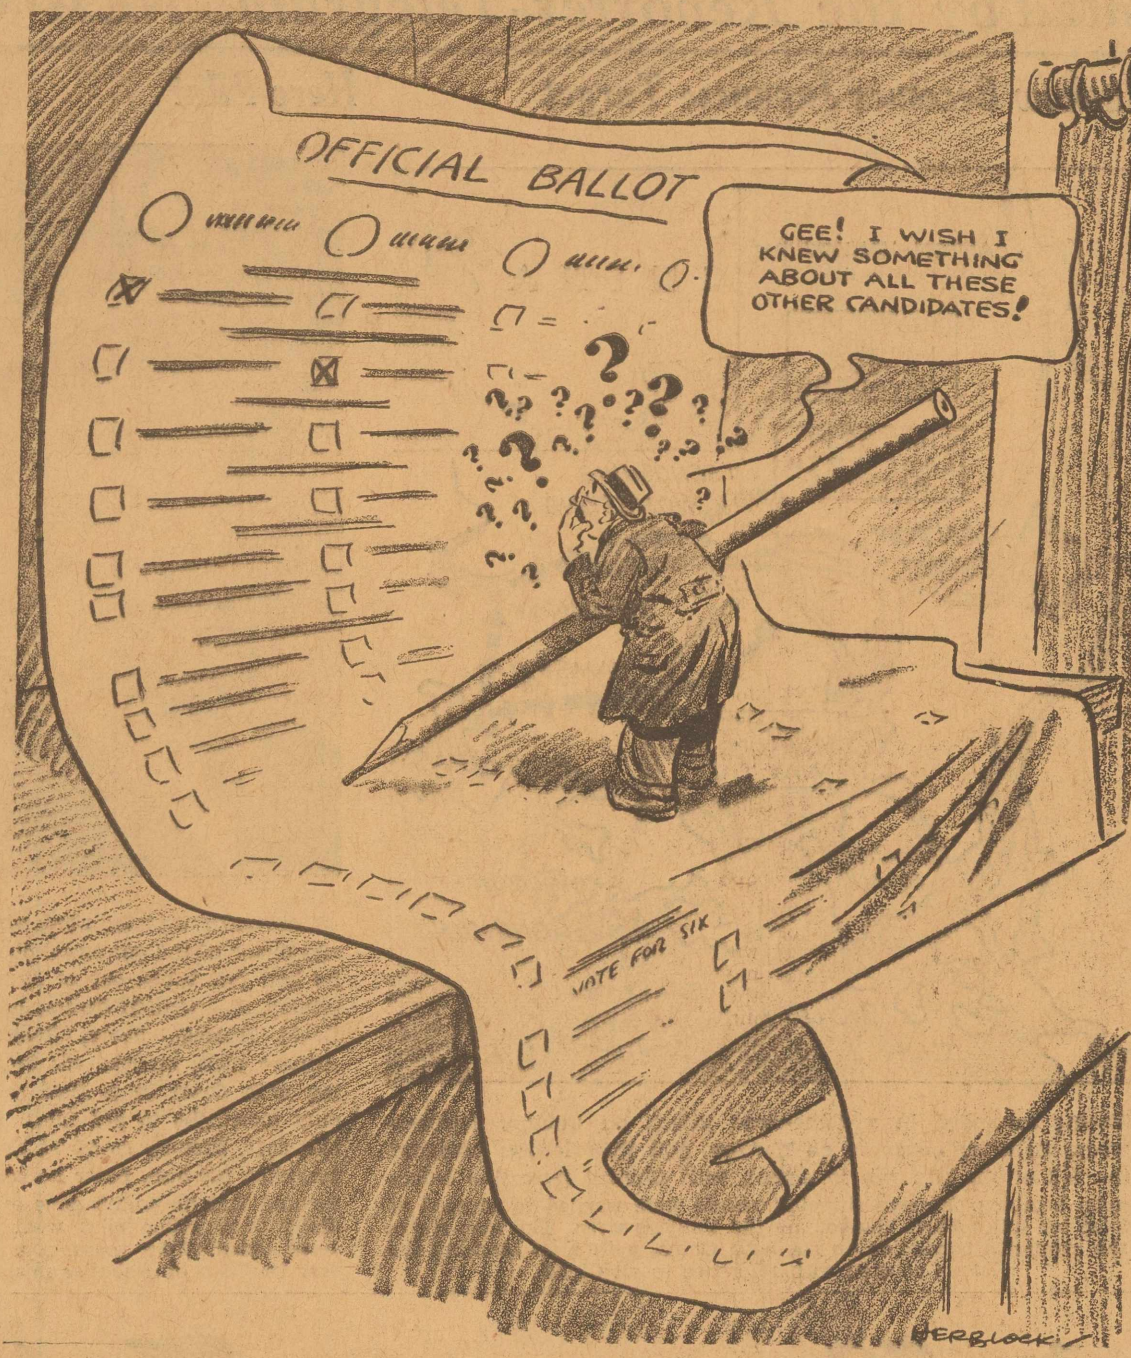

Sally Rand offered to jump out a window or stand on her head rather than have her picture taken with a policeman. It looks like innate modesty.

Hitler will have no army to put in the field when the highways of Germany are filled with new \$300 automobiles. He'll need all his men for traffic cops.

From a Washington bureau the statement that 100 pounds of cattle yield 60 pounds of beef—which is almost as much beef as one Washington lobby can yield in a day.

The eastern farmer who turned his pump into a grain scale knew his proverbs. Where there's a well, there's a weigh.

Now Is the Time to Find Out

BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Oct. 22 — Economic doers who expect something of a business boom this winter have been trying to figure out how people will spend their money when it comes. They conclude a lot of money will be put into home-building and they think that's fine.

The fact that more houses have been built this year than last, despite the sharp recession, indicates a strong trend which presumably will make itself even more evident when business seems definitely on the upgrade.

Money put into housing, the economists figure, not only provides a relatively large amount of employment but is spread over a wider area and through a longer time period with the result that it contributes to sound recovery. Martin Taitel, head of Leon Henderson's administration clearing house of economic information, prefers to be conservative in his estimates, but suggests about 400,000 dwelling units may be built next year, compared with around 310,000 in 1938.

ENCOURAGING FACTORS

BECAUSE at least 10 per cent of the cost of a house has to be paid in cash and few care to draw on their savings in hard times, the state of the country's savings has an important bearing on housing prospects.

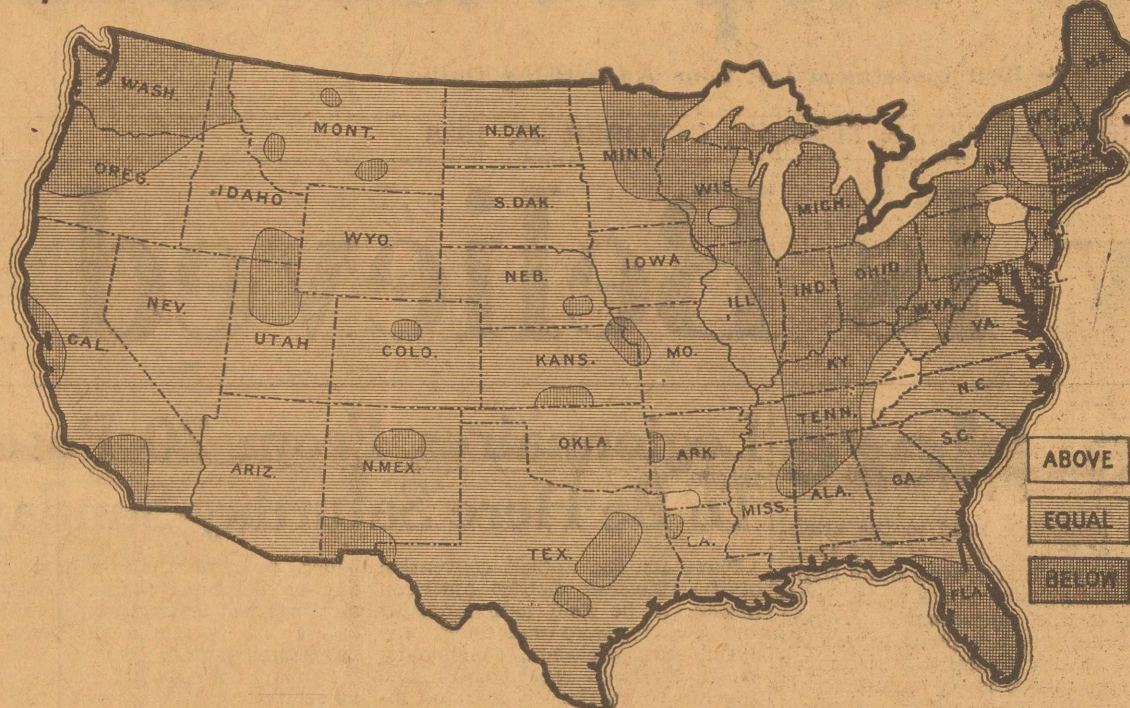

ELMER GETS THERE

WAGE-HOUR Administrator Elmer F. Andrews, who believes in moving slowly and methodically, never the less sometimes surprises with a spectacular dash.

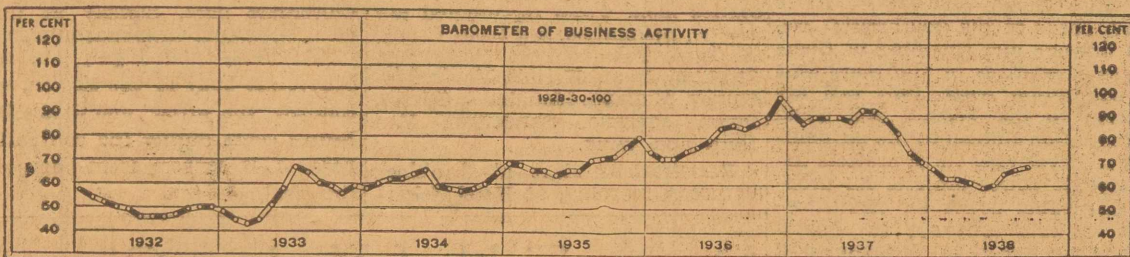

Andrews was billed to speak before the Washington Board of Trade on a Wednesday night at 9 o'clock and before the A. P. of L. convention the following Friday morning. But President William Green told him by telephone the convention would begin to drift away Thursday afternoon and urged him to get there that morning.

When aides started to cancel the Washington date Andrews insisted on keeping it and boarded a southbound plane immediately afterward in his dinner jacket.

Map Reveals Business Conditions

This map represents business conditions as of October 1, 1938, as shown in "Nation's Business", official publication of the United States Chamber of Commerce.

Improvement in trade and industry and better collections are reflected in the lessening of the heavily shaded areas of the map of the Nation's Business, official publication of the Chamber of Commerce of the United States, released today. The chart reveals a further slight rise with a tendency to level off at the highest point for the year to date.

The Town Quack

The Bulldogs, much of the time showed outstanding team work. At other times the failure to click held Francis back just the same as it did the other backfield men. With all that, Francis showed Wink some ball carrying they hadn't seen on an opposing club this year.

The referee got booted and a good time was had by all. A referee takes that risk when he agrees to officiate in a game. He can't be right every time, and when he makes a decision he has to stay with it, even if he's wrong. A "wishy-washy" referee never would get hired the second time. And they are a necessary evil, like baseball umpires.

And now I notice that Midland has a game scheduled with the Odessa team. Here I've been shouting all season that we ought to have played some class A club, and as I think back, Ralph Shuffler has been trying to call it to my attention that the Broncos will be over here Friday. As long as we had the Wink encounter coming up, I just couldn't see any farther ahead. But it seems that the Bulldogs know about it and have been looking forward to it. It will be the only class A team they will have a chance to beat this year, so they naturally look forward to it with some championing of the bits.

Where I differ from the sports writers is referring to the "one-handed assault" of Jay Francis. I take my hat off to this fast running, quick starting, supple hipped ball carrier, but I also seemed to notice a lot of hard work going on in other departments. Wright, Truelove and Geddes got in some good work in the backfield. Whitaker and Van Dyke were stand-outs on tackling, and a bouquet should go to Guards Klatt and Eldson. In fact Bryan, Ford and Poster put out all you could expect from them, size, weight and experience considered.

Dies asked for both the Washington and Portland files on the Bridges case and got them. He hasn't returned them. Officials say they include some very recent affidavits mentioning Bridges, which they would like to check up on.

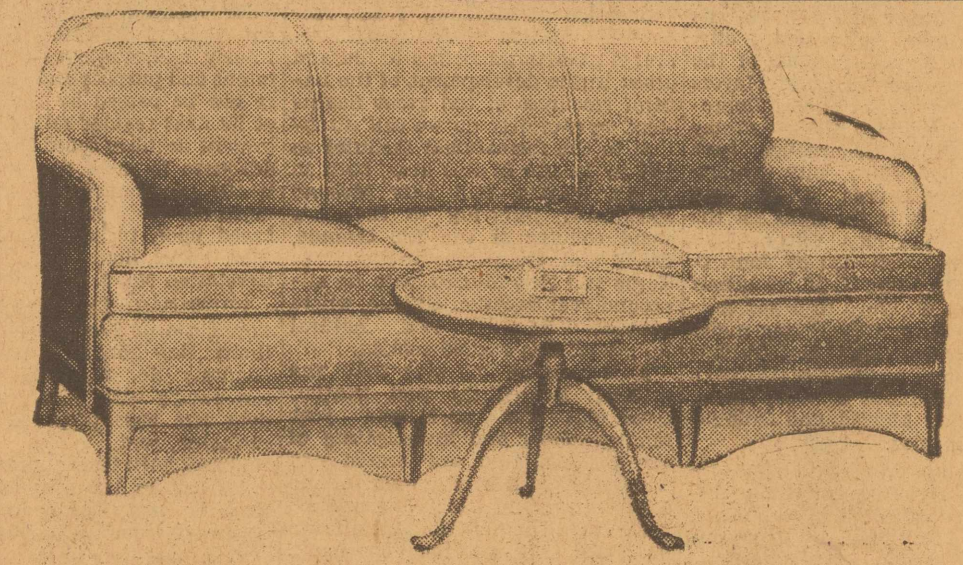

THE MISSING FILES

IF Chairman Dies of the House "jams" investigating committee wants the Labor Department to continue investigating the Pacific Coast labor leader, Harry Bridges—and he has persistently demanded Bridges' deportation—he better return the department's files.

Although Dies has shown no inclination to summon Bridges, whom he and others call a Communist, he may call R. P. Bonham, district director of the immigration service at Seattle, who clashed with his superior when he tried to force quick action against the labor leader.

Nominations In Order for Annual Queen October 25 As Boys Groom Speeches

The official announcement of the Catoico annual queen contest was made by Jeanne Davis, editor-in-chief of the 1939 annual staff, during the chapel period last Wednesday. The system of electing a queen will be different this year from any of the years before. Instead of paid votes, a penny a vote and the winner being the girl with the biggest sum of money in her name, the student body will vote by secret ballot. The election will be followed by many rehearsals for a glamorous coronation, a spectacle which no one will want to miss. This is only the fourth year that Midland high school has had a coronation. The first year was the coronation of Fredda Fae Turner, who was a freshman. The next year, a freshman again received

the honor; this time Eddy Gene Cole. Last year a junior, Jeanne Davis, was the queen. The rules for this contest, as read by Jeanne, are as follows:

1. Candidates for queen of the 1939 "Catoico" will be nominated in general assembly Tuesday mornings, October 25, at 8:30 a. m.
2. The editor-in-chief or the business manager of the "Catoico" will preside.
3. Any person desiring to do so may nominate a candidate. Nominations shall be made from the platform.
4. Any girl who is a regular student in the Midland high school may become a candidate for annual queen unless she has previously been queen of the "Catoico."
5. Any girl nominated shall have the privilege of withdrawing from the contest should she desire to do so. If she remains a candidate, she must accept the obligation of furnishing her costume should she be elected queen. Those who are elected as attendants must be willing to furnish costumes.
6. The candidates shall be voted on by ballot by the entire student body, who shall vote in their respective home rooms at the time designated by Mr. Shifflett.
7. The ballots shall be counted in each home room by the teacher in charge and two or more students who shall be appointed by that teacher.
8. Each home room teacher will turn in the votes and the totals to Mr. Shifflett, who, assisted by the four class presidents and any others whom he may appoint, shall add the totals.
9. The girl receiving the greatest number of votes shall be declared queen. The girls ranking second, third, fourth, fifth, sixth, and seventh in highest number of votes shall be the queen's attendants in order of rank respectively.
10. Tuesday, November 22, shall be selected as the tentative date for the coronation.

The speakers, coached by Miss Agatha Bruner, head of the public speaking department, who will make nominations are: Tad Crane, Louise Cox, Nell Ruth Bedford, Dorothy Sue Miles, Darrell Johnson, Elinor Hedrick, Roger Sidwell, Geraldine Griffith, John Turner, Bill Kimbrough, Gene Ann Cowden, Jim McHargue, Bill Ferguson, and Delmar Yoakum. The speeches will be made from the platform.

SIBERIAN WASTES IN THE WAY OF NEWS.

Either the old "nose-for-news" has been dulled by colds or the stand-bys for ready news have holed up for the winter; we don't know

WILLIAM HALES FIRST IN ART SERIES, NOV. 11

The senior class of Midland high school will present the first concert of the musical arts series November 11. The concert will be followed by concerts in January, February, March, and April. Season tickets are being sold by the high school students. The price of season tickets is \$2 for adults and \$1 for students.

The first concert presents William Hales. *Madras de Seguroia*, former basso of the Metropolitan Opera in the golden days of Caruso, Parrar, and Schumann-Heink and now the most outstanding vocal authority of Hollywood and teacher of Deanna Durbin, says of William Hales, "William Hales is the possessor of a baritone voice of exceptional beauty and range, with a considerable repertoire of opera, classic, art, and modern songs. I consider him an outstanding and promising young artist."

This young baritone, a native of Oklahoma, came to Hollywood two years ago to study with the world-famous de Seguroia. He has a voice of unusual quality and range and scored fine successes in his concerts on the Pacific coast last season. He won first place in the baritone operatic division of the Allied Arts Festival of Southern California, a much-coveted honor. Later this season, William Hales is scheduled for the Metropolitan Opera auditions. Radio, too, has claimed its part in the success of this young artist.

- "Confidential Secretary"—Mrs. Koon.
- "So Help Me"—Mr. Lunch cleaning up ink.

for sure; all we do know is that news this week has been as scarce as mountain trout in the sand hills. It's a funny thing how faithfully the young newshounds glean the fields of local gossip one week, only to find the acreage bare the next. Maybe the precious stuff comes in cycles like the bi-weekly train. It comes by one week and draws a "bye" the next. Well, maybe T. Paul Barron has had like experiences—if so, we sympathize with him, and if not, we say he's a "lucky stiff."

At any rate we suppose all editors get prematurely gray after a few years at supplying fodder for the hungry presses. 'Sa tough life.

Staff of '39 "Catoico" Is Announced

The staff of the 1939 "Catoico" as officially announced by Miss Hefner is:

Editor-in-chief, Jeanne Davis.
Associate editor, Jane Bounds.
Art editors, Geraldine Griffith and Margaret Erwin.
Snapshot editors, Julianan Cowden and Barbara Jean Harper.
Literary editor, Jean Lewis.
Class editors, Fredda Fae Turner and Jessa Lynn Tuttle.
Organization editors, Margaret Mary Jordan and Eleanor Wood.
Shorts editors, Delmar Yoakum and John Dublin.
Calendar editor, Margaret Watford.
Society editor, Lois Guffey.
Band editors, Gloria Jeanne Smith and Helen Conner.

Division page editors, Kitty Jean Ellis and Cleo Tidwell.
Typists, Bill Rene Spaulding and Bertha Flournoy.
Junior representatives, Jacqueline Campbell and Elinor Hedrick.
 Only a small amount of work has been accomplished on the annual thus far. Most of the senior class pictures, a few junior pictures, the faculty, and school board pictures have been made. The staff is working to send the senior pictures to the engraver by November 15, in order to receive a large discount.

The type of annual decided on this year is composed chiefly of candid camera shots which should offer variety from the conventional annual.

Daily meetings of the staff will probably begin in the near future.

DEBATE CLASS AT WORK.

The debate class has been regularly debating for some time, and quite naturally, shows a vast improvement. Next Monday morning, Bobby Martin and John Dublin will clash in a heated debate. The subject will be, "Resolved: That the State Bond Issues should be approved for highway construction."

Then Wednesday morning, Delmar Yoakum and Cedric Ferguson will battle out the subject, "Resolved: That the United States should adopt the essential features of the British system of radio control and operation."

Although these debaters are comparatively inexperienced, they are rapidly improving, aided by their sponsor, Miss Agatha Bruner.

FOOTBALL PARLEY.

On Friday, October 28, the Odessa Bronchos will journey to Midland to be the guests of the local team in a heated parley. The game will continue a rivalry which has been going on between the two teams for a number of years. Last year the Midland congregation copped the game by a score of 30-6. This year the Bronchos will try to avenge the defeat.

The Bronchos are now in Class A football because of the enrollment. They have not lost a game this year but they have tied one game with the Pecos Eagles. They played three conference games and have won them all. They defeated El Paso High 13-6. They played Klapproth and defeated that club 6-0. Last week they played Ysleta and defeated them 52-6. People attending the game will be assured of getting their money's worth.

BUSINESS MEN GIVE PEP TALKS IN ASSEMBLY.

The Midland high school heard pep talks from some of the business men of Midland Wednesday morning during the chapel period from 8:30 to 9. The visitors were Bob Hill, Marian Flynn, Roy McKee, Joyce Howell, Bill Collyns, Fred Wemple, Bob Scruggs and Paul Barron. The men encouraged the Bulldogs and wanted them to know that the town was behind them, win or lose.

AN OPEN LETTER TO THE STUDENT BODY.

It has come to my ears that, due to unfavorable advance publicity, the newly organized senior high school Parent Teachers association has fallen into disrepute with some members of the student body before it has even started to function. In this connection, I would like to offer a few words of explanation and reassurance. The association is not organized to cramp your style nor check up on your activities. If you can't give us your hearty support, will you at least give us the benefit of the doubt and suspend judgment until we have had our chance?

Before I was either a parent or a teacher, I myself was once a high school student. True, that was several hundred years ago, and any proof of the fact is long since lost

Cheerful Cherubs

Marjorie Hall is doing all right. She has Bill Ferguson and Lynn Stephens on her string, only Lynn doesn't consider Bill any competition.

This affair between Kathryn Jordan and Billie McGrew is surely getting thick.

We wonder what senior girl is giving dates to a freshman boy. Could it be Margie Jordan?

When Margaret Murray rides around with Ed Dorsey, she's really in a whirl.

Information wanted. Anyone that finds out who Jean Lewis's secret love is, inform the high school news immediately.

Little brother scores again! This week it's Willene and Norman Turner rather than Willene and John.

Who was it that Frances Ellen enjoyed dancing with so much at Payton's dance? It couldn't be Hugh Corrigan, could it, Frances?

Is Jay turning Joyce down for Skippy King?

Wilma Mahoney said that Billy Joe was just like a big brother to her.

Jack Nobles was seen flirting with Louise Bryan and Spencer with Betty Gaffey. What's the matter with Jeanne and Fredda, boys?

FIRST MEETING OF THE SENIOR HIGH SCHOOL P. T. A.

The Senior High School P. T. A. will hold its first regular meeting next Tuesday, October 25 at 3:30 in the assembly hall. All parents and interested teachers are urged to attend. A full attendance is desired in order that the programs and objectives for the year's work may be discussed.

PET PEEVES.

Last week the boys had their chance to voice their opinions on girl's fashions. This week some of Midland High's most prominent girls have given their pet aversions.

"Barbara Jean Harper cannot abide bow ties and sailor straws. Fredda Fae Turner thinks it rude for a boy to ask bluntly if a girl has a date. "It would save so many explanations if he would ask, "Could I have a date Friday?" or "Will you go to the show with me?"

"I can't see why boys don't shave once in a while," is Kitty Jean's plaint.

From the junior girls come these pet peeves:

"I think boys should dress up a little for dates," says Louise Bryan.

Virginia Ford's pet aversion is to have a boy, instead of merely tagging at a dance, practically knock a girl down. "I don't like them to come up and push the girls, either."

Mary Jane Harper can't stand boys' shirt tails out. ("Thanks, Mary Jane, we've been hoping for that.")

Three of our prettiest and most popular Sophs have expressed their views:

Marjorie Ann Monahan's pet peeve is to have a boy honk for her. "If he wants to see me bad enough he can come in."

Melba Schlosser hates to have a boy call up late for a date. "I think it's most inconsiderate."

To have boys act extra silly in drug stores makes Kathryn Jordan maddest. "It attracts unwanted attention."

It will be your turn next week, boys; but, until then, think these over.

LATIN CLASS TRANSLATES QUOTATIONS.

Again, the fourth year Latin class has accomplished the translation of English quotations into Latin. They are excerpts from Houston and Lamar.

Beneficia Educationis et scientia utilis, vulgo sparsa per civitatem necesse saluti imperi liberit sunt. Mens promotu genius custodiens civitatis est. Ea est solus dictator quom cives salutant, et solium vadium quod cives cupiunt.

As before, you laymen may seek translation from the informed high school scholars.

NEW BOOK ADDED TO LIBRARY.

Mrs. Niebuh high school librarian, has announced the arrival of several books. They are for physical education, laboratory of industries, and Latin courses. The list of the new books is: Seven Roman Statesmen, Oman; Classical Myths, Herzberg; Handbook of Classical Mythology, Howe and Harrar; First Aid Textbooks, American Red Cross; Furniture Upholstery, Johnson; Hygiene, Meredith; Foreign Notebooks, Coleman; Electric Motor Work, Willoughby; Instructional Units in Finished Wood, McGee.

In the mists of antiquity; you will just have to take my word for it. But my memory is good, and I still recall that, at that stage of my development, both parents and teachers were among the greatest crosses I had to bear. I felt sure I could have managed my life much better without assistance from either of them. With those ancient memories still in mind, I want to assure you that I still have your interests at heart. I am not taking sides with either parents or teachers, but you, the students, the poor helpless guinea pigs upon which both bodies are concentrating their joint efforts, are the real "objects of my affection."

Our first regular meeting is next Tuesday afternoon. Until such a time as we have been weighed in the balance and found wanting, will you please not be too firm in ordering your parents to stay away (and I do mean you Elbert)? And if any of you with truly conscientious have good and sufficient reason why your particular mother should not meet some particular teacher, I would suggest that you see me before the meeting—and I will do what I can to break up any threatening-looking conferences.

Very sincerely,
 Vera H. Lewis,
 President, Senior High School P. T. A.

PERSONALS.

Ex-students came from many miles to witness the game between Wink and Midland. Present in assembly Friday morning were David Wafford, R. O. Brooks, L. E. Klebold, Mary Merle Howard, Janelle McMullan, Pat McMullan, Lucille Midkiff, Brooks Roberts, E. R. Rountree, Ruth Jo Shirley, George Walker, Wanda Walker, Dozier Truelove. Several of these made speeches urging a Midland victory.

Telegrams were received from ex-students at Denton, one from Mary Beth Scruggs, Dorothy Lou Speer, Jane Doran and Rebecca Epps. Another was received from Helen Dropplemann and Louise Elkin.

Fredda Faye Turner left for Dallas Friday night after the game.

Talks by Mr. A. L. Gilbreth, L. M. Freels, and J. R. Kimbriel, all from Junior High, were given Friday morning at the pep rally.

Dr. and Mrs. Wiggins of El Paso were visitors at school last Friday. Dr. Wiggins is president of the El Paso School of Mines, and was in Midland as a representative to the Mayor's convention held here last week.

Billy Noble, Wallace Wimberley made a trip to San Angelo Saturday.

Six girls from the second year home economics class; Betty Jo Doherty, Marjorie Hall, Marilyn Hall, Winona Jones, Carolyn Oates and Beth Prothro served the Rotary club and the teachers at a dinner at the Methodist church last week.

MIXED-UP PROVERBS.

1. "Better not at all than ever"—the boys quartet.
2. "The devil's brain is an idle-workshop."
3. "Misfortune will surely befall him who loves unwisely"—Lynn S.
4. "We should never lose a good opportunity"—Billy Joe and Marilyn Moore.
5. "Those who betray their friends must not expect others to keep faith in them"—The journalism class.

The sea mouse is a worm. It has a body divided into 43 segments and is covered with a thick coat of hair.

"Figures are not always facts"—girls who wear corsets.

"It is easier to make a suggestion than to carry it out"—Esquire.

"Don't count your chickens till they hatch"—girls who haven't dates to the banquet.

HOME EC. PARTY GIVEN IN HOME OF JOYCE HEARD.

The third year Home Economics class had a party Saturday night at the home of Joyce Heard. Members of the class present were Miss Iva Butler, instructor, Sue Bryan, Beatrice Cooke, Joyce Heard, Clara Belle Jones, Helen Ruth Merrill, Inez Pittman, Mary Ruth Roy, Mary Evelyn Taggart, Nellie Terry, Nona Truelove, and Eloise Zinn. Guests were Glenn Hyde, Albert Knight, David Tidmore, Thomas Wright, Lloyd Pittman, Kid McCulasky, Charles Rann, O. D. Stanley, J. E. Wallace, Jack Lunday and Al Bradley.

Games were played and cake and hot chocolate were served as refreshments.

ENTHUSIASM AND PEP MARK RALLY THURSDAY NIGHT.

Thursday night the pep squad and band paraded through the downtown section showing enthusiasm and lots of pep for the Wink game.

Following the parade a large bonfire on the campus was the center of attraction. All Midland seemed ablaze. Rumors were floating about that the Odessa fire department was called out.

A prize was offered by Mr. Lambert to the freshman bringing the most boxes for the fire. J. C. Hejl won the contest, bringing in one hundred and sixty-one boxes. Clarence Schaubauer and Grady Jennings got honorable mention. This was one of the best pep rallies ever given in Midland.

Great Britain imports more commodities from Russia than does any other country of the world.

"Don't count your chickens till they hatch"—girls who haven't dates to the banquet.

STORIES IN STAMPS

After Munich, What Next For the League?

ALMOST a score of years back, the creation of the League of Nations, incorporated in the Treaty of Versailles, was hailed as perhaps the most remarkable of all the direct results of the World War. Today, nearly all that was done at Versailles has been undone or faces further critical test. So the question comes, what next for the League of Geneva?

For in a series of shattering strokes, Adolf Hitler has undermined the Covenant of the League of Nations, rendered it wholly ineffective. One more blow in the League's long struggle was delivered that day at Munich when Hitler and Chamberlain and Daladier and Mussolini sat around a table and decided the fate of Europe—a task which the great powers agreed just 20 years ago must be reserved specifically for the new League.

Meanwhile, in the beautiful palace of the League at Geneva, statesmen have not quite given up hope. They see in the Anglo-German accord and other moves a possible rebirth of some form of collective security such as the League might again make possible. They believe such agreements might be extended again between most nations of the world.

The League of Nations buildings at Geneva are among the most impressive in the world. The main building of the Palace of the League is shown here on a 1937 Swiss stamp, one of four issued in commemoration of the opening of the great Assembly Hall.

"I LIKE this milk!"

Children instinctively prefer our new Frigid Filtered milk because of its superior, more natural flavor. This improvement in milk processing was devised by the famous Johnson & Johnson Laboratories, and is used for every quart of our milk. It permits milk filtration at 40° Fahrenheit, which removes sediment before it dissolves. You'll enjoy this better, wholesome flavor, and it costs you no more.

Engagement of Miss Laura Aldine Goss to Odessa Man Announced

Betrothal Told at Morning Coffee For Which Miss Georgia Goss and Mrs. Yeager Are Hostesses Saturday

Social interest for the week-end reached high point in announcement of the engagement and approaching marriage of Miss Laura Aldine Goss, daughter of Mrs. G. W. Goss, and Don Thompson of Odessa. News of the betrothal was disclosed at a coffee for which the bride-elect's sisters, Miss Georgia Goss and Mrs. W. A. Yeager, were hostesses at the home of the latter, 1704 W. Missouri, Saturday morning from 10 o'clock until 12 o'clock.

Chrysanthemums in yellow and purple shades were used in the reception rooms.

In the dining room the coffee table was appointed in white and silver, with a Madeira cloth. Table flowers were roses.

Mrs. John West and Mrs. Frank W. Miller poured.

Designated to assist the hostesses were: Mmes. O. C. Harper, J. M. Armstrong, J. B. Leonard, Robert Muldrow, Louis Thomas, Miss Dorothy Henderson, Miss Frances Gillette.

White scrolls of white paper tied with white satin ribbon bearing the important inscription "Don and Aldine, October 27, 1938," were presented at the coffee table.

The invitation list included: Mrs. P. L. Vickers, Misses Maureen Howie, Mary Boatright, Marguerite Rose, Mrs. P. V. Misses Margaret Logsdon, Kathleen Maxwell, Cleo Smart, Lillian Hickerson, Clarice Worsley, Mrs. Reeder Webb, Mrs. J. B. Nance, Miss Rita Cox, Mmes. John Head, Son Hendricks, Melvin McDonald, Glenn Rathbun, Miss Nora Patton, all of Odessa; Mrs. Neil Marks, Hobbs, New Mexico.

Mmes. Carl Covington, John P. Butler, Holt Jewell, Overton Black, I. E. Daniel, Paul Schlosser, Iva Williams, Jack Jordan, Don Traylor, N. B. Larsh, Scott Black, Jack Kelsey, J. H. McClure, Grace McClure, Fred Turner Jr., Curtis Inman, P. O. Sill, John M. Speed, Miss Mary Maude Sparks, Miss Lucile Thomas, Mmes. W. M. Blevins, Ben Black, Donald M. Oliver, Alfred Reese, R. E. Young, Barron Kidd, Tom Seal, Hugh West, Ralph Geisler, Thomas Lee Speed, Jack Wilkinson, John West, Frank W. Miller, O. C. Harper, J. M. Armstrong, J. B. Leonard, Robert Muldrow, Louis Thomas, Miss Dorothy Henderson, Miss Frances Gillette.

Mrs. C. W. Ramsey and Miss Juanita Boyett were visitors at the meeting of the Stitch and Chatter club with Mrs. F. D. Reven, 809 N. ...

To Hold Revival

Evangelist J. E. Wainwright, shown above, will conduct a revival at the Church of Christ here, opening Friday evening, Oct. 28. Mr. Wainwright has preached in Churches of Christ for 35 years. For the past five years he has been in Los Angeles.

Friday Needle Club Meets at Home of Mrs. D. Davis

Mrs. D. Davis, 410 S. Main, was hostess to the Friday Needle club in its bi-weekly meeting Friday afternoon.

Members brought their handiwork and occupied the afternoon with this and with conversation. Refreshments were served at the close of the sewing hour to: Mmes. Raymond Eines, Gertrude Cantelon, Harvey Childress, Buck Dupuy, Addie Rochelle, O. H. Jones, W. F. Hejl, L. L. Hanks, T. L. Dunlap, Alvin Bodine, Paul Jackson, A. G. Bohannon, one guest, Mrs. Johnston of Cisco, and the hostess.

Weatherford.
The group quilted on a wedding ring quilt.
Refreshments were served at the tea hour to the visitors and the club members including: Mmes. Fred Klatt, A. E. Dixon, Paul Hedges, Boyett, Charles Ward, J. C. Bryant, L. M. Hedges, Ben Biggs, E. L. Reagan, and the hostess.
Next Friday the club will meet with Mrs. L. M. Hedges, 406 E. Tennessee, at 2 o'clock in the afternoon.
HOUSE BURNS.
Fire of undiscovers origin Saturday night destroyed a house in Moody Addition. The house and all furnishings were a total loss.

Two Are Hostesses At Luncheon for Medical Auxiliary

Mrs. Tom C. Bobo and Mrs. Jas. H. Chapple were hostesses to the Medical Auxiliary with a luncheon at the Log Cabin Friday afternoon at one o'clock.

Twenty-one women were present for the meeting including the following auxiliary members from Midland: Mmes. W. G. Whitehouse, W. E. Ryan, Alton Absher, L. Waldo Leggett, T. L. Morgan, J. M. Devereux, and the hostesses.

Miss Ruth Carden, high school faculty member, was guest speaker. She discussed her travels through several countries of Europe, stressing the high points of interest among the various nations.

Mrs. W. G. Whitehouse discussed "Dangerous Lullabies" or medicines used to induce sleep.

Mrs. E. Headlee, auxiliary president, was in charge.

Red chrysanthemums decorated the two long luncheon tables and dahlias were used elsewhere in the dining room.

Next meeting of the group will be in Odessa.

Two Weddings in One Evening Record Of Rev. Pickering

Friday night was "marrying night" to Rev. J. E. Pickering of the First Christian church. He was called upon to read marriage vows for two couples during the evening.

At 7:15 o'clock, Miss Maxine Daniels and R. D. Sheppard, both of Midland, were married in the auditorium of the First Christian church with Mr. Pickering officiating at the single ring ceremony.

Mr. and Mrs. Thurman Bryant attended the couple as best man and matron of honor.

Several friends of the couple were present for the wedding.

After the ball game at 11:15 o'clock, Jesse Lindsey and Miss Margaret Clements of San Angelo were married at the parsonage, with Mr. Pickering reading the ritual for the second time during the evening.

The San Angelo couple was accompanied by a group of Midland friends.

The Friday night weddings brought the pastor's total for the week to three, as he had officiated at one ceremony earlier in the week.

Donations of Old Clothes Asked by Club Federation

Midland county Federation of women's clubs is asking that you donate—as soon as possible—the clothes you can spare to those less fortunate who will soon need protection from chill winter winds. Federation officials announced Saturday.

"This year you are asked to take the clothes either to the chamber of commerce office or to the Midland welfare office, 319 E. Texas, near the Catholic church. Miss Josephine Skeen is in charge. Phone 157."

"Do not hesitate to give clothes needing repair. They will be reconditioned in the sewing room. "Those looking forward to these benefits are the unemployed—or partially so, the transient and those known as unemployables—widows with small children—old people unable to draw the pension and families where the father is an invalid.

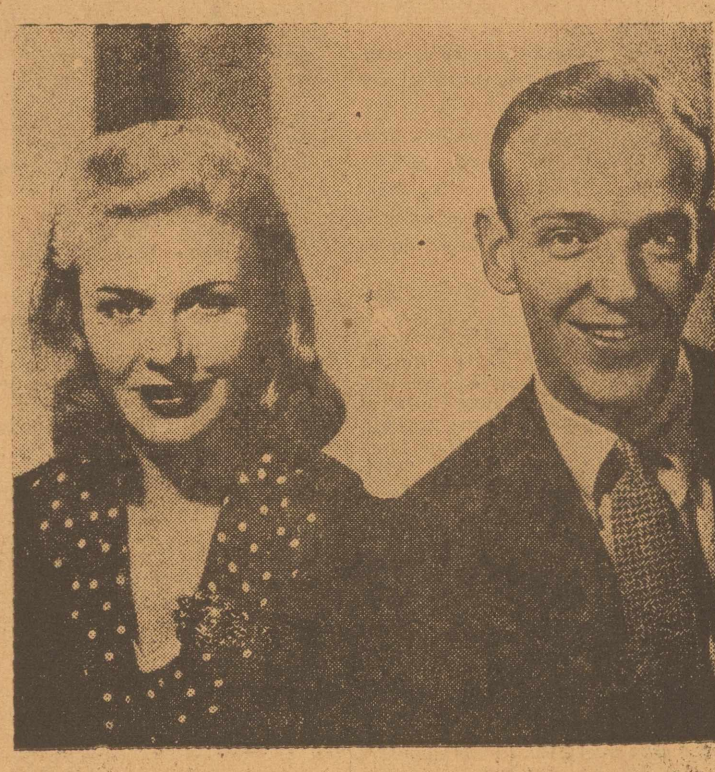

"Let's make our donations doubly a blessing—by getting them down in time so they can be reconditioned and ready when the need arises," members of the sponsoring committee urged. "Cold weather may be just around the well-known corner."

Three Children on Story Hour Program Saturday Morning

"The Distant Hills," by William Adams, a theme story, "Good Night," a poem by Victor Hugo, and "Persimmon Creek," a continued story by Nellie Fage Carter, were features of the program at the Story Hour in the children's library at the courthouse Saturday morning. In addition to the numbers mentioned, Mrs. W. Bryant, who was in charge of the hour, told the story of "Chicken Little," anonymous, and of "The Three Foxes" by A. A. Milne.

Stories were told by Toya Chapple, Suzanne Schouten, and Marilyn Dickson. Children present included: Marvin Frazer, Tom Kimbrough, Valda Dee Pigg, Billie LeJean Pigg, Joe H. Trickey Jr., Jean Ann Preskitt, Betty Ruth Pickering, Eloise Pickering, Charles Alfred Tom, Joan Frances Tom, Luls Jane Black, Gail Black, Dorothy Black, Marilyn Dickson, Henrietta McCarty, Joyce McCarty, Rita Merle Dunlap, LaJuan Dunlap, Toya Chapple, Sonya Blackford, Fay Manville, Dorothy Blackman, Annie Aycock, Betty Chansler, Ramona Smith, Jackie Smith, Monta Jo Glass, LeRoy Payne, Donald Fritz, Dianne Fritz, Mary Nell Moran, Suzanne Schouten, Betty Jean Wilson, Janice Jones, Charles Jones.

See "The Yam" at the Yucca

Separated for sixteen months for solo starring pictures, Fred Astaire and Ginger Rogers are joyously reunited in RKO Radio's sparkling musical spectacle, "Carefree." Ralph Bellamy heads the rich comedy cast, and the entire proceedings are set to Irving Berlin's tantalizing melodies.

Three Guests Play With Club At Escondida Party

A trio of guests, Mrs. M. A. Park, Mrs. G. A. Bradley of Odessa, and Mrs. Geo. Kidd played with members of the Escondida club in an afternoon party at the home of Mrs. O. L. Wood, 522 W. Missouri, Friday.

Mrs. D. H. Griffith held high score in the two tables of bridge played, Mrs. Kidd held guest high, and Mrs. S. S. Stinson high cut.

A party plate was served at the tea hour.

Club members present were: Mmes. Harry Adams, E. C. Hitchcock, Stinson, Griffith, and the hostess.

FROM AUSTIN.

Among Midland students home for the week-end are Mrs. Ralph Lamar and Aldredge Estes Jr., both from the University of Texas at Austin.

"And Tell of Time" Is Chosen to Be Reviewed Here

Tickets are now on sale for the book review to be presented here Tuesday, Nov. 1 by Miss Evelyn Oppenheimer under the auspices of the Woman's Wednesday club.

For the review, to be given at the high school auditorium, Miss Oppenheimer has chosen the new novel which has rocketed to sudden fame, "And Tell of Time" by Laura Krey. "Into a literary world agog with the glory and power of the South comes a story of Texas and the Civil War, Reconstruction days and all the excitement of a country torn asunder. Here is Texas as you've never seen her before" enthusiastically exclaims one writer in discussing the book and Miss Oppenheimer's review of it in Dallas, a review which was repeated.

The book is not a dry history volume but a novel which has won for

Plans in Progress For Annual Silver Tea of Club

Plans are being perfected for the annual Silver Tea which will be sponsored by the Business and Professional Women's club in the crystal ballroom of Hotel Scharbauer Saturday afternoon from 3 o'clock until 6 o'clock.

Special guests at the tea will be Legion Auxiliary members and American Legion members and their wives here to attend the Legion convention which will then be in session.

Decorations for the tea will follow a Halloween motif and color scheme.

Mrs. Francis Stallworth is chairman for the tea, proceeds of which will go to the club's medical aid fund.

Program Announced For Loyal Workers BTU Group Tonight

"Trusting the Holy Spirit in Witnessing" is the subject of study for the Loyal Workers BTU which will meet in the basement of the Baptist church this evening at the usual hour.

The program numbers will include:

Introduction: "Learn to Trust the Holy Spirit"—Leader.

Discussion I: "Trust the Holy Spirit for Power"—Martin Nell.

Discussion II: "Trust the Holy Spirit for Wisdom"—Miss Euda Lee Briggs.

Discussion III: "Trust the Holy Spirit for Convict"—Miss Lillian Arnett.

Discussion IV: "Trust the Holy Spirit to Regenerate"—Ima Merritt.

Discussion V: "Trust the Holy Spirit to Transform"—Lloyd Walker.

Discussion VI: "Trust the Holy Spirit to Witness for Christ"—Charles Swindle.

Upholstering done by a skilled workman. Petty & Gee. (Adv.)

itself the distinction of making the best-seller ranks as a fascinating story and one which has a tremendous sweep of material, permeated with beauty and charm. Mrs. Krey, whose home is in Minneapolis, has been in Dallas since Thursday, taking part in the annual meeting of the Texas Institute of Letters and speaking to the public. The public is invited to attend the review here. Tickets are 50 cents each.

Spiritual Uplift Provided Through Going to Church

Editor's Note: This is the first of contest letters on Why I Go to Church, or Why I Don't Go to Church, for which a Midland committee will pay \$5 each for the best affirmative and best negative letter. Contest ends Nov. 12. Address letters to Box 4, Reporter-Telegram.

In answer to your contest "Why I Go to Church," I attend church for a spiritual food and a spiritual uplift for the week, and I find the atmosphere and fellowship of Christian people an inspiration to help meet my everyday problems and make it possible to carry on. I have found attending a church service makes this possible.

If the sermon doesn't always fit, a song does, or a kindly word from some friend there does. In staying away, you would not get this inspiration for good. I find attending church enriches my soul and also those with whom you come in contact. For love radiates.

None of us would want to live in a community where there wasn't a church. Whether we attend or not, our neighbors might, and his good influence has an effect on our lives. We would not attend church if we were not looking for something good, and by going we always receive a blessing.

When entering the house of God, we are inspired, and can sit and meditate quietly on God's goodness. It gives us a chance to weed out our mental gardens.

Attending church is not only a glorious opportunity but a blessing to all who go.

Galaxy of New Chevrolets at Elder's Showing

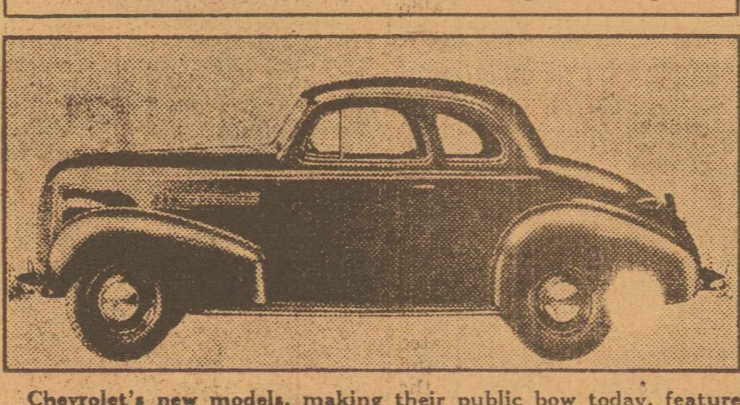

Sleek, graceful beauty characterizes this five-passenger two-door Town Sedan, one of the new models which Chevrolet presents

Restyled and streamlined, the new 1939 Chevrolets also introduce major improvements contributing to safety, comfort, and operating ease. They are on display today throughout the United States.

This handsome five-passenger model is among the new 1939 Chevrolets which are making their debut in dealers' salesrooms

Chevrolet's new models, making their public bow today, feature this new body style which combines utility and beauty. Hinged to the rear-quarter wall behind the front seats are two open seats which may be used for passengers or folded against the wall to make room for luggage. There is also a commodious rear deck.

Tuesday afternoon at 2 o'clock.

Business Girls' auxiliary of the Presbyterian church will have a Halloween social at the home of Mrs. L. H. Tiffin, 513 W. Wall, Tuesday evening.

Midland county museum in the courthouse will be open Tuesday afternoon from 2:30 until 5 o'clock. The public is invited.

STUDENTS HOME.

Midland college students home to see the Wink game included: B. C. Girdley, Clark Leggett, R. O. Brooks, and George Walker. The last two are from Hardin-Simmons, B. C. is from Texas university, and Clark from Texas Tech.

See our line of drapery slip-covers and upholstering samples. A most complete line. Petty & Gee. (Adv.)

EVERYBODY'S

Bible Class Has Two Visitors, Two New Members

Mrs. A. B. Stuckney was hostess to the Belmont Bible class at the home of Mrs. D. E. Holster, 206 South A street, Friday afternoon. The Bible lesson included the first chapter of Colossians and was taught by Mrs. W. L. Fickett.

The class decided to meet at 3:30 o'clock henceforth instead of at 4. Visitors were Mrs. W. W. Nelson, Jr., and Mrs. Forehan.

New members were Mrs. Joe H. Trickey, and Mrs. J. L. Sneed.

Newsboys 14-16 Eligible to Jobs Under Wage-Hour

WASHINGTON, Oct. 22 (AP).—Boys between fourteen and sixteen apparently may be employed as newspaper boys within provisions of the wage-hour act. Regulations issued by Miss Katherine Lenroot, chief of the children's bureau, specified that children of those ages were barred from employment in mining, manufacturing, operation of motor vehicles and messenger service.

Witness Describes Shock Troops of Labor Holiday

WASHINGTON, Oct. 22 (AP).—Donald W. Gardner testified today before the Dies committee investigating un-American activities that "roving bands of men" went about Lansing, Mich., June 7, last year, forcing stores to close while the "labor holiday" was in progress.

Gardner, who reported "holiday" developments for the Detroit Times, asserted that many of the men carried sticks and clubs. He said "these were the flying squadrons—shock troops of the United Automobile Workers."

ANNOUNCING COLORS OF PRECIOUS STONES ON PLATINUM

Manhattan

SHIRTS - PAJAMAS HANDKERCHIEFS

Here in this luxurious cast of platinum grey, fashioned after the aristocrat of metals, is the perfect color for men. Manhattan designers have borrowed the rich quiet colorings of precious stones for their patterns, and against a Platinum background have created a series of simple, effective designs. Neutral, soft, blending harmoniously with all colors, Platinum is the style triumph of the season.

FEMINE FANCIES

By KATHLEEN EILAND

Now comes the convertible coat, which surely be the answer to the poor working girl's prayer. For this coat can change from a practical, work-a-day garment into something with a festive air—in the time that it takes to put on or take off the luxurious fur collar.

This fur goes on over a smart sport collar of self-material. And just when we had been wondering how we'd manage to make one coat do for both work and dress!

Pearls and black velvet return to favor along with the trend to elegance in dress and gentleness in manner.

We can imagine nothing more genteelly fascinating than pearl earrings with a black velvet bow plus pearls clustered on velvet ropes or tri-strand pearls tied with ribbon.

Well, the big game is over. And, from the observation of one who knows nothing of the game but can sense its tenseness, it was a good game. Much closer than the score might indicate.

Yes, we were rather proud of the Midland boys, bucking a line that averaged considerably heavier.

Beginning Monday, October 24th, we offer a ten-day special on draperies, upholstering, slip-covers and refinishing. All work artistically done and guaranteed. Investigate and save! Petty & Gee, 310 West Texas Avenue. (Adv.)

BULLDOGS LOSE 45-21 THRILLER TO WILDCATS FRIDAY NIGHT

MIDLAND CLUB PLAYS GREATEST GAME OF CAREER IN LOSING CONFERENCE BOUT

The Midland Bulldogs came out on the short end of a 45-21 score with the Wink Wildcats on Lackey Field Friday night but in doing so they gained the respect of every one of the 5,500 persons that crowded the field for the game.

The Bulldogs were beaten as far as the score was concerned but not as far as spirit was concerned. Midland has had better clubs but never one that would come any nearer of actually "fighting its heart out" than the one that represented Midland Friday night. To name a hero of the game from a Midland standpoint it would be necessary to name every man that took part in the game. The boys fought like maniacs against a heavier and more experienced team for 60 minutes and were ready with fists when the game was over.

One fan at the game yelled up to the press box that he was going down to the box office and give them some additional money—he was getting more than he paid for. And that was the attitude of the entire crowd. Spectators were on their feet half of the time as each club pull one sensational play after another. There was everything in the game that anybody could possibly ask for—fights, long passes, long runs, and the most vicious blocking and tackling ever exhibited on the local field.

Standing out above all others was the little figure of Jay Francis. His interference was consistently slapped down but the doughy little warrior fought as only one inspired can fight and when the game was over it was practically the unanimous opinion of the crowd that he was the best man on the field. He did everything, and he did it perfectly. Critics might find fault with his quarterbacking, but not with his physical play. The Wink club was "set" for him before the game even started but he didn't let that bother him. He has been called great for the way he played in previous games, but Friday night he was at the peak of his career.

If it were necessary to pick out

TOUGH BEAR CLUB HOLDS AGGIES TO 6-6 TIE GAME

WACO, Oct. 22 (AP).—A battered and unbeaten Baylor Bear club reared up on its one-foot line to maul the Texas Aggies and escape with a 6-6 tie which only its courage earned.

Crippled and helpless before Aggie charges until the enemy had leaked past its ten-yard stripe the "Good Old Baylor Line" dug in while rain pelted their faces and slapped defeat back.

Baylor scored on Patterson's 23-yard pass to Wimpee, end, in the first period.

Two minutes before the half ended, the Aggies started from their 44 with a 12-yard jaunt by Todd. Rogers' and Kimbrough's smashes carried to the 23. Todd wriggled to the one and Kimbrough went over.

The Aggies rolled up 250 yards from scrimmage to Baylor's 35 and had 16 first downs to five.

Wink.

In the second quarter the Bulldogs came to life and put on a spurt that left them only four points behind at the half. Standing on his own 40 yard line, Truelove passed 23 yards to Francis and he raced across for a touchdown. Francis then kicked goal. It wasn't long after that until concerted line plunging by Francis and Wright put the ball on the Wink one and Wright plunged through for the marker. Francis kicked goal again. The half ended with the score Wink 18, Midland 14.

The third quarter was only a couple of minutes old when Callahan took a 10 yard pass from Ezzell and raced 55 yards for another touchdown. Alberding hit line for point.

Wink didn't get to enjoy the 2-touchdown margin for very long, however, as Wright picked up a Callahan fumble before it could touch the ground on the Wink 20 and scooted across for the third Midland touchdown. Francis again kicked goal.

Late in the period Don Ezzell passed 40 yard to his brother, Beekman, and the latter carried to the Midland 13 before he could be brought down. Callahan carried across in three tries and then hit center for the extra point.

Soon after the final period opened Wink recovered a fumble by Francis on the Midland 36 and concerted plunging by Callahan carried to the two and Callahan went over. The officials were plainly in error in giving Wink the ball after the fumble, a Wink man was plainly holding a Bulldog, letting Callahan fall on the ball for Wink. At least 5,400 of the 5,500 fans at the game saw the foul but for some reason not one of the four officials could see it. They were rewarded for their blindness by concerted boing of the entire Midland stands.

Late in the final quarter, Wink took the ball on their 25 yard line. Don Ezzell got loose to the Midland one after a lateral from Callahan and Callahan hit the line for the touchdown. The game ended with Midland in possession of the ball on the Wink 25.

First downs were 13-9 in favor of Wink. The Wildcats made 253 yards from scrimmage, Midland 192.

TEXAS TECH RED RAIDERS WIN 14-7 DECISION OVER MINES AT ODESSA

ODESSA, Oct. 22.—The Texas Tech Red Raiders rallied in the fourth quarter today to break a 7-7 tie and get a 14-7 decision over Texas Mines in a game played here on Fly Field.

The Raiders scored first in the initial quarter and held the 7-point lead until early in the fourth period when the Mines got their only tally.

An estimated crowd of 5,000 crowded the neutral field to see the two clubs battle in their Border Conference game.

The winning Tech score was made by Tech on a screen pass play—one used so effectively by Detroit last year in Sunday defeating Tech. Evidently the Tech coaches thought that if the play was good enough to beat them with it was good enough to beat other clubs. And Saturday it was.

Ken Heineman, middleweight Mines quarterback, was the outstanding player of the day. He intereared all during the afternoon to get loose, and was the highest individual ground gainer of the afternoon.

The Raiders got a break late in the first quarter and used it to score their first touchdown. A fumbled kick was recovered by Tech on the Mines 48 and using short passes and line plunges the Raiders carried to the Mines 14. From there, Aiken went around end for a touchdown. Marek was rushed into the game to kick the extra point and was successful in doing so.

The two teams spent the second and third quarters in battling back and forth, with neither seriously threatening to score. Soon after the fourth period started, Salcido, standing on the 35, tossed a 30 yard pass to Heineman and he raced the remaining 35 yards for a score. Salcido kicked goal to make the score 7-7.

On the following kickoff, Flusche of Tech returned 30 yards to the Tech 43 and on the next play the screen pass was used with Tarbox taking a 5-yard pass from Barnett and racing across. Marek again kicked goal.

An amusing incident occurred after the Mines touchdown when a Mines roofer suddenly deserted the sidelines and raced out so where the team was huddled. He was given personal congratulations to the boys when officers arrived and escorted him from the field.

O'BRIEN PASSES FROGS TO EASY 21-0 VICTORY

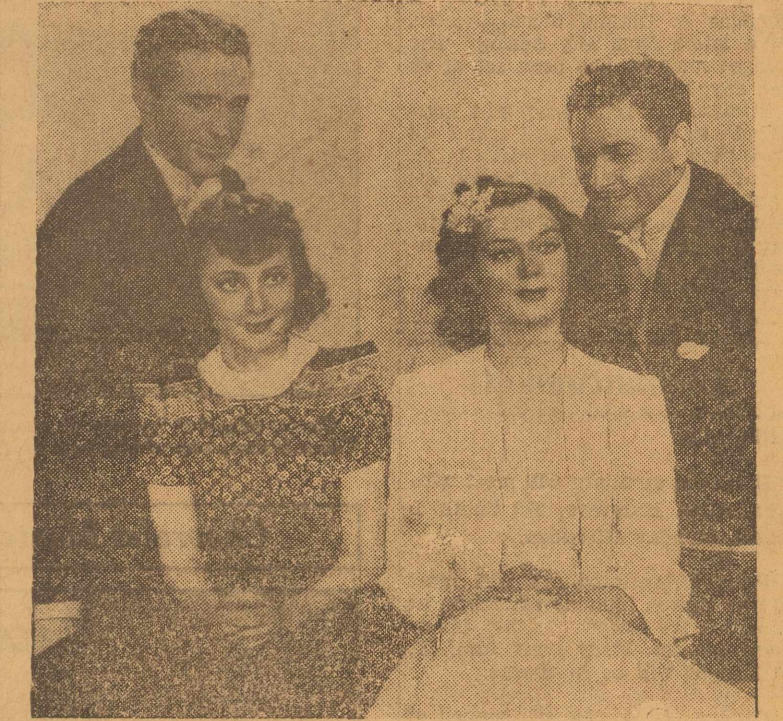

MILWAUKEE, Oct. 22 (AP).—Texas Christian University, led by Davy O'Brien, great little quarterback who tossed passes all over the field, smothered Marquette 21-0 here today.

Marquette was all but helpless as the team tried to stop O'Brien's accurate tosses in the opening period. He threw seven straight completed tosses which figured in two touchdowns before he retired at the end of the quarter.

After the first period thrust, TCU reserves took over and kept Marquette in check until the final quarter when O'Brien and mates came back for another marker.

The first score was on an 82-yard march of passing, which ended in a touchdown on a 30 yard pass from O'Brien to Hall. The last score came on a pass from O'Brien to Clark. O'Brien stood on his own 32 and passed 40 yards to Clark and he outran everyone to count. O'Brien kicked each try for point.

At The Ritz Today

Four's a crowd and this crowd's a picnic when it switches mates at the altar and sets of on a double honeymoon. (Left to right) Patrick Knowles, Olivia de Havilland, Rosalind Russell and Errol Flynn in "Four's a Crowd."

SANTA CLARA GETS 21-6 WIN OVER RAZORBACKS

SAN FRANCISCO, Oct. 22 (AP).—The undefeated and unled University of Santa Clara strengthened its bid for national recognition today with a smashing 21-6 victory over the Arkansas Razorbacks.

The ball changed hands time after time on intercepted passes, punts and fumbles in a thrill-packed game. Arkansas made its only touchdown shortly after the second quarter opened, the score coming after a 75-yard march. The Brones scored in the first, second and fourth periods.

One score came when Fullback Roche intercepted a pass and raced 52 yards. An intercepted pass also paved the way for the fourth period touchdown when Quarterback McCarthy snagged the ball 15 yards from the Arkansas goal. Clark went through for two yards and a touchdown.

MUSTANGS FAIL TO CHECK PITTSBURGH, LOSE OUT BY 34-7

PITTSBURGH, Oct. 22 (AP).—Pitt's football juggernaut, unbeaten in 21 games, swept over Southern Methodist University, 34-7, today in a scramble so bewildering at times that it left spectators gasping.

The Mustangs trotted out their southwest aerial attack for its first showing in this section and the Panthers struck back with the same weapon.

The Mustangs fought every minute but collected only once on their gallop. After Pitt's first score, Maulouf took the kickoff back 56 yards to Pitt's 33 and engineered the ball to the eight on a pass to Dewell, end, but there the drive stopped and a field goal attempt was wide.

Early in the second period the Mustangs traveled 78 yards in three plays with Dewell taking the ball out of a mixing bowl behind center to race the final 51 yards.

Pitt's power was too much, however, scoring once in the first, twice in the second and once in the third and fourth.

Pittsburgh completed nine of 16 passes for 120 yards. The Mustangs completed seven of 22 for 159 yards.

RICE SCORES LATE IN GAME TO WIN OVER TEXAS, 13-7

HOUSTON, Oct. 22 (AP).—Rice opened conference play today with a 13-6 victory over the University of Texas, scoring the winning touchdown in the last two and a half

minutes of play.

A long pass from midfield by Billy Cline, sub back for Olie Cordill, gave Rice the ball on the Texas 23 in the last quarter. Doug Sullivan made a first down on the Texas 23 and scored two plays later. Matt Lackey kicked goal for the extra point.

Texas scored first on a pass from Wallace Law, en to Lewis Gray, from the 30-yard stripe. The touchdown was made before the game was three minutes old. Rice scored in the second quarter on a pass from Ernie Lain to Cordill on the Texas 20. The victory may have cost Rice dearly, however, since Lain was forced out of the game a minute later and went to the hospital with a badly injured ankle.

Campaign to Eradicate Pink Boll Worm Being Pushed by Farmers All Over Texas

McALLEN, (AP). — A campaign to eradicate the pink boll-worm, one of the seven most deadly insects known to agriculture, is being pushed energetically from the southern tip of Texas to the Big Bend country and the high plains. The work is being directed by the bureau of entomology and plant quarantine of the United States Department of Agriculture.

The presence of the pink boll-worm was discovered in the Big Bend district several years ago and in the lower Rio Grande valley of Texas and Mexico in 1936.

Two important factors make the battle against the pink boll-worm mandatory. Of greatest importance is the fact that the United States until a few years ago, was the only cotton producing country free of the pest. The other is that if it spreads through the cotton-producing area of the south, a new economic crisis will face the south. The pink boll-worm is so destructive that an infection sufficient to result in "commercial damage" would destroy as much as 80 to 85 per cent of an entire crop, cotton growing experts estimate. The life cycle and habits of the pink boll-worm make it a most difficult pest to eradicate but

at the same time provides the only method known for its control. The moth of the pink boll-worm is a night-flier, less than a half-inch long and with a wing spread of about a half-inch. The worm, fully grown, is less than a half-inch long and pink in color. The eggs of the pink boll-worm moth are laid in old cotton stalks and the moth immediately dies.

When the eggs hatch, the tiny worm immediately enters the cotton boll where it remains three weeks, shedding its skin three times and growing larger at each shedding.

In the lower Rio Grande valley, the entire eradication program is based on the entomological life history of the insect. Cotton is the only host plant and if the stalks are destroyed before the worm enters winter hibernation the insect starves. Since there is no hibernation until cool weather, the valley is the only place where the pink boll-worm is a serious menace in which cotton can still be grown and the crop matured, yet leave four or five months as a host-free period, thus the food supply of the insect can be destroyed before hibernation begins.

The department of Agriculture and the Republic of Mexico is making every effort to co-operate with American authorities in fighting the infestation. Parallel regulations are

in force on both sides of the Rio Grande. Stalk destruction and sterilization of all lint and seed are mandatory.

The stalk destruction and seed lint sterilization program in the valley was severely enforced during the 1938 cotton season. Charges are being filed against growers who refuse to comply with the regulations. Minimum fines of \$100 per day may be assessed.

The pink boll-worm is a native of India, where it was discovered about 100 years ago. During several decades it spread to Egypt through seed shipments and made its first appearance in the western hemisphere in 1911 in a shipment of Egyptian cottonseed to the Laguna district, near Torreón, Mexico. It first appeared in the United States

at Hearne, Texas, in a shipment of cottonseed from the Laguna district. Scattered spots of the infestation have appeared from time to time at other places in Texas, invariably resulting from foreign shipments of contaminated seed or from wind-drift.

STILL SERIOUSLY ILL.

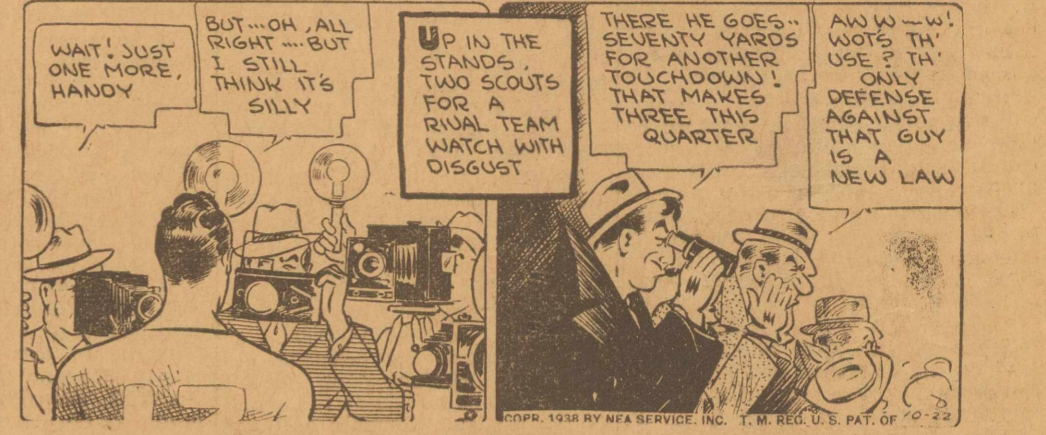

No change was reported by relatives Saturday in the condition of W. B. Preston, seriously ill for some time at Evant, Tex. Bob and Sam Preston of Midland, sons of the patient, are at his bedside.

According to estimates, the White House and its grounds are worth \$21,936,000.

to the governmental bodies, copies be given the press, and that committees be appointed for contacting the respective bodies in carrying in to effect this and other resolutions for the development of the Southwest.

WHEREAS: The Broadway of America is the only all weather paved road open for traffic from coast to coast throughout the entire year; we, the Southwestern conference of Mayor's and Chamber of Commerce representatives do hereby respectfully petition the State Highway Department of the Southwestern States and Federal Bureau of Roads of the United States and Mexico to improve said U. S. 80 so that it will be a standard width road throughout, and that lateral roads be built and paved connecting it with all points of interest through out its entire route, and that an immediate program be adopted by these respective bodies.

FURTHER, that a committee be appointed to contact these respective bodies to co-operate with them for the accomplishment of same.

Principal speaker on the Saturday morning program was O. V. Adams, Dean of Engineering at Texas Technological College, Lubbock. Mayor M. A. Harlan, El Paso, president of the conference, also made an address in which he outlined the objectives and policies of the southwestern association. Mayor Harlan presented Secretary H. B. Fort, El Paso, who made a brief talk. Preceding the addresses, a roundtable discussion on various problems confronting municipalities of the Southwest was held, the discussions being led by various department heads of the City of El Paso, including Hal Stacey, Chief J. W. FitzGerald, Captain Mike Snider and W. E. Stockwell.

The convention voted unanimously to prepare for publication a folder publicizing the Southwestern area, the present plan being to print 250,000 of these folders to be distributed over the entire United States. Member cities will be asked to contribute their share on a pro rata basis to pay for the folders. Dudley Ward of Pecos headed a committee on the folder project, other members of the committee being Dan White and Lloyd Bloodworth, El Paso; L. B. Starns, Alpine; J. C. O'Leary, Deming, and Bill Collins, Midland.

Highlighting the Friday afternoon business session were inspirational and educational addresses by C. C. Crutchfield, field consultant of the

League of Texas Municipalities, Austin, and Dr. D. M. Wiggins, president of the Texas College of Mines, El Paso. Mr. Crutchfield's address had to do with the close tie-in of the Texas League of Municipalities with the Southwestern Conference, while Dr. Wiggins spoke on "The Rapid Growth of Educational Institutions in West Texas."

Discussing the need of a far-reaching recreational program in the southwest E. R. Bowman, recreation director of the City of El Paso, spoke briefly on the recreational program as being carried on in El Paso, Bowman recommending that each member city adopt some sort of recreational program. Following Bowman's address, Louis A. Midland, Midland recreation supervisor, told of the recently inaugurated WPA recreational program in Midland, and outlined future objectives of the program. He told of the good already accomplished here by the recreational movement and said that much more will be accomplished as the program is expanded. El Paso and Midland are the only two cities in the Southwestern Conference maintaining recreational units.

Following the Friday afternoon business session, convention delegates were guests of Clarence Scharbauer at a barbecue at Cloverdale park, approximately 100 persons attending. The barbecue, song-a-gun and all the trimmings were prepared by Chunky Cowden.

Friday night, the delegates attended the Midland-Wink football game at Lackey Field as the guests of the Midland Chamber of Commerce. A dance in the Crystal ballroom of Hotel Scharbauer following the football game brought the day's program to a close, the dance lasting until 2 a. m. Mayor Plynt, chamber of commerce president, was in charge of the Friday evening entertainment features.

Most of the out of town convention delegates left shortly after noon Saturday to attend the Mines-Tech football game in Odessa yesterday afternoon.

Oil News---

near total depth. The well had headed from upper pays, topped at 4,130, with increase from 4,163-65.

In western Crane, Magnolia No. 9 Waddell, an Ordovician test, was fishing for rockbit cones, bottomed at 3,734 feet in lime.

Humble No. 20 Tubbs bottomed at a plugged back depth of 4,400 feet, flowed 43.30 barrels of fluid, 33 per cent oil and seven per cent basic

sediment, in 14 hours through 1/2-inch choke on tubing, with gas-oil ratio of 4,390-1. Testing continued. Humble No. 21 Tubbs is drilling past 2,556 feet in anhydrite and lime. In eastern Crane, Magnolia No. 1-6 University, north offset to Texas No. 1-G State, a producer, plugged back to 3,260 preparatory to shooting or acidizing. It had failed to show much free oil in drilling to 3,093 feet. Sulphur water was encountered from 3,500-03.

Stockton Wildcats Active.

Advanced drilling depths were reported yesterday from two important wildcats in the Fort Stockton area of western Pecos county. Seven miles southwest of the town, Helmerich & Payne, Inc. and Wright & McMillen No. 1 Dow Pockets had reached 3,122 feet in anhydrite. It is reported to have shown possible water in crevice at 2,910-12. The cavity was cemented off before drilling was resumed at that point.

Six miles north of the old Fryor-Courtney area, Humble No. 1 A. H. Robertson is drilling at 4,156 feet in anhydrite, lime and salt. It is now probably in the lower Castle. The well has been running a typical Delaware section.

T. G. Shaw No. 1 Wilkinson, Martin county wildcat is reported to be checking above normal regionally on Yates sand top, called by some at 1,920, datum of plus 599. At last reports, it was drilling at 2,070 feet in anhydrite and red rock.

In the Snyder pool of Howard county, Eastland Oil Company No. 3-A TXL, flowed 812.10 barrels of 30-gravity oil per day following 30-quart shot in pay between 2,600 and 2,793. Gas-oil ratio is 500-1.

Hockley Wildcat at 4,948.

No shows had been logged as Texas No. 1-B Mallett, southwestern Hockley wildcat two miles west of the Slaughter pool, drilled yesterday to 4,948 feet in lime.

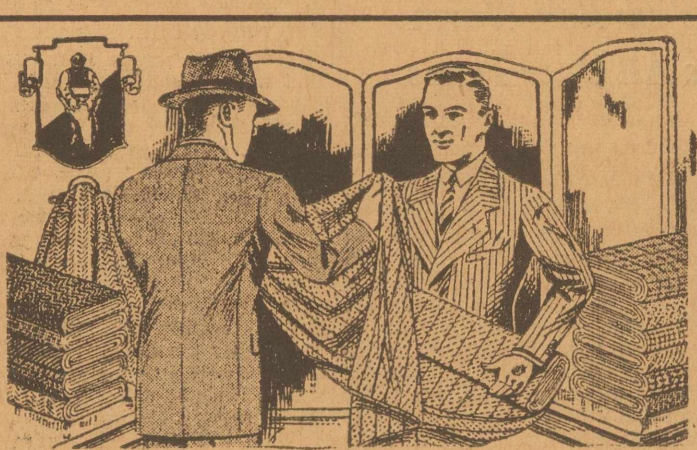

Gulf No. 1 Swenson, northeastern Garza county deep test, is coring ahead below 7,911 feet in lime after reaming down hole.

Magnolia and Atlantic No. 1 Haveny & Jenny, on the north-east edge of the Seminole pool in central Gaines, had drilled to 3,855 feet in anhydrite.

Harwood Yates Picked.

Southern Roosevelt county, N. M.'s closely followed wildcat, the Shell No. 1 Harwood permit, yesterday was drilling below 2,865 feet. Yates sand top in the well was picked at various points between 2,340 and 2,470 feet. It is said to be running high structurally in comparison with the Crandall, Osmond and Maxwell No. 1 Williamson, dry hole three miles to the southeast. No. 1 Harwood is two miles north of the town of Milnesand.

Reserved Seats for Midland and Odessa Game on Sale Mon.

Midland high school officials announced last night that reserved seats tickets to the Midland-Odessa football game—to be played here Friday night—would go on sale at the chamber of commerce office in the morning at 8:30. All seats on the west side of the field will be reserved, and it will be first come, first served.

Principal D. D. Shifflett announced no tickets would be sold at the high school, the entire block of tickets being placed on sale at one time. All tickets on the east side of the field have been sold to Odessa. Odessa school officials declared many fans from there would be over here for additional seats, since the 900 tickets procured would not be enough.

Officials here reported a total of 4,774 paid admissions were registered on the Wink game. An estimated 800 other persons including hand and pep squads of the two schools entered free.

Death Decreed for Escapee, Killer

GREENSBORO, N. C., Oct. 22 (AP).—A superior court jury today returned the death verdict for James Godwin, Highpoint youth, charged with fatally shooting Donald Moss, Highpoint textile worker, a few hours after he escaped from the Lexington jail with aid of the jailer's daughter.

HERE FOR GAME. Mr. and Mrs. Geo. L. Armstrong of Wink were in Midland last night, visiting relatives and attending the game. They were accompanied by Mr. and Mrs. W. B. Cope.

Our ten-day special will be a saving to you. See us and be convinced. Petty & Gee. (Adv.)

Number of Lambs To Be Fed Remains Uncertain in State

The number of lambs to be fed during the 1938-39 feeding season is rather uncertain, reports the bureau of agricultural economics. Shipments of feeder lambs into the corn belt to the end of September and reports from the western states point to some decrease in feeding operations this year. Most lamb feeders in the 1937-38 season experienced rather heavy losses, and in the past the volume of lamb feedings has usually been reduced in a season following one when returns from feeding operations were unfavorable. On the other hand, feed supplies are generally more abundant this year than last and prices of most feeds are much lower. Also, feeder lamb prices are mostly below those of a year ago and are low relative to prices of feeder cattle, and the numbers of lambs available for feeding is larger this year.

As was the case a year ago, the number of lambs fed this year will be determined to considerable extent by the disposition made of the large number of feeding lambs in Texas. Shipments of lambs and sheep (mostly feeder lambs) from Texas billed to points outside the state other than stockyard markets in July and August were somewhat larger this year than last. September shipments also may have been somewhat larger, but apparently considerably more feeder lambs remained in the state on October 1 than a year earlier.

Shipments of feeder lambs from stockyard markets into the corn belt states for the three months July through September were a little smaller this year than last. Shipments into the states east of the Mississippi river were much smaller, while those into the states west of the Mississippi were slightly larger. Information as to direct shipments, not going through stockyards, indicates a somewhat smaller direct movement during the July-September period this year.

Reports from the western states about October 1 as to the probable volume of feeding in that area point to some decrease in the number of lambs to be fed this year. The situation in a number of these states, however, was rather uncertain. The number of feeder lambs raised in these states sold under contract before August 1 was very small, in sharp contrast with a year earlier.

Colorado and western Nebraska feeders have very few contracts and the number in these areas will depend upon later purchases. Early October indications were that the number to be fed will be smaller this year in all of the important Colorado feeding areas. A rather sharp decrease in the Scottsbluff area of Nebraska also was indicated, but there may be a considerable increase in lamb feeding in the farming areas in the eastern part of the state. California is the only important lamb feeding state in the western region where some increase in feeding seemed likely.

There may be a rather heavy movement of feeder lambs to wheat pastures in the southern Great Plains area, especially in Kansas. Early seeded and volunteer wheat in this area made a very promising start in early September but additional moisture was needed by the end of the month. If growing conditions are favorable for wheat pastures during October, a considerable number of sheep raisers in Texas and in the western range states may decide to ship their lambs for finishing on these pastures rather
