

## Striking Dance

Striking workers of a New York phonograph record company made some kind of record for dizzy picket lines when they went jitterbug and, as pictured above, snugged up and down the sidewalk before their former employer's establishment. A merry time was had until police swung into action and stopped the swinging couples.

## Possibility of Town Hall Lecture Series for Midland Seen

Formation of a Midland Town Hall, affiliated with the Associated Town Halls of America and with the object of supplying Midland with a first class lecture series, is now being projected here. The Associated Town Halls of America is a rather loosely-knit organization of local Town Hall groups with the principal objectives of giving the local organizations the advantages of collective booking of lecturers and collective experience with lecturers. It also serves as a means of promoting reciprocity among the local organizations, this having been perfected to the point where a membership card in any local Town Hall is honored for admission to any function of any other local Town Hall. If the organization of this group in Midland is successful, Midland can feel fortunate in being included in this association which has branches in most of the larger cities in Texas and the rest of the nation.

Although affiliated with the national organization, the local Town Hall group will, through elected directors, choose its own programs to a large degree. Normally, one lecture per month is presented from September through May. However, because the local group is being organized after the normal starting date, it is probable that only seven or eight lectures will be presented here during the coming season. Although the lecture season is on and schedules are filling rapidly, the national organization has indicated that the following are among those lecturers who are still available if the local organization acts quickly enough.

Sir Charles Morgan-Webb—Labor leader in the British house of commons and thoroughly acquainted with the present European situation.

Captain Stanley Osborne—Australian explorer who has traveled extensively in Australia, Africa, and the South Sea islands.

A. E. Wiggam—Noted author; outstanding authority on racial trends.

Gen. Smedley D. Butler—Fiercely marine general who lectures on his own field—war.

Clarence W. Sorenson—Fellow Royal Geographical Society; authority on Near Eastern countries and problems.

Dr. No Yong Park—Lecturer at University of Minnesota on Chinese history and problems; thoroughly acquainted with the present Chinese-Japanese situation.

Upon Close—"Time" and "Commentator" expert of Asia, former United States intelligence service operative in the Orient.

There are, of course, many other lecturers available from whom the local group can make its choice.

While it will be necessary for the local group to have a membership of at least 150 in order to support a lecture series of the high quality contemplated, the total membership will have to be limited to about 200 in order to assure adequate and comfortable facilities for the members. The group operates entirely on season memberships, no single admissions for individual lectures being offered. Anyone interested in joining the local group will be welcomed until such time as the maximum number who can be accommodated in Midland lecture halls has been reached.

## TO BE DISCHARGED.

Miss Dealva Shaw of Stanton is to be discharged from a Midland hospital today following treatment.

## Freight Rate Hike On Sheep, Cattle Rapped at Hearing

FORT WORTH, Nov. 4 (P).—Additional testimony that increase of railroad freight rates on feeder and stocker sheep and cattle would be a hard blow to the cattle industry in West Texas and New Mexico, brought to a close Thursday four days of testimony before an interstate commerce commission board.

Examiner C. E. Stiles of the ICC said the hearing of protesting cattle raisers and dealers against the railroad request for rate increases will be resumed Monday at Kansas City, Mo., and that the examining board will take testimony there for a week from cattlemen and others in the Missouri river market area.

The following week the board will move to Chicago for final testimony from cattlemen in the northwest central area who have asked to be heard at Chicago.

A record of the testimony together with recommendations of the examiners and briefs of attorneys in the case then will be presented to the ICC at Washington where arguments will be heard at a later date. Stiles said decision of the ICC at Washington might be expected late next spring or early next fall.

## 14 Persons Killed When Airliner Falls in England Today

ST. HELIER, Island of Jersey, Nov. 4 (P).—Fourteen persons, nine men, four women and a child, were killed today in one of Britain's worst airplane disasters when a passenger airliner crashed just after taking off for South Hampton.

The dead included men working in the field where the plane fell. The ship was on a regular run between Jersey, in the English channel, and South Hampton, and narrowly missed a hotel as it fell. The plane burst into flames and exploded upon landing.

## Judge Sarah T. Hughes To Make Address Here

Judge Sarah T. Hughes of Dallas, only woman district judge in the South, will address a public meeting in the district courtroom at the courthouse Saturday evening at 7:45 o'clock. District Judge Chas. L. Klaproth will introduce the speaker.

Her subject will be "The Legal Status of Women."

There will be no admission charges and the public is invited to hear the address.

Judge Hughes will arrive in Midland on the 8:40 o'clock train tomorrow morning and will spend the day here. At one o'clock she will be honor guests at a luncheon in the private dining room of Hotel Scharbauer which will be attended by members of the Business and Professional Women's club which is sponsoring her visit here, by their guest, and others who may wish to be present. Reservations for luncheon, at 75 cents a plate, should be made through the chamber of commerce office.

Mrs. Hughes (in private life she is Mrs. George Hughes) began her career as a judge through appointment by Governor James V. Alfred. Previously, she had practiced law in partnership with her husband at Dallas and had had a colorful and active career in the Texas legislature. Though many Dallas lawyers opposed her appointment, thinking she did not have the "judicial temperament," her first months on

## Bomb Sinks Nazis Ship On West Coast

### 4 Aboard Craft Hurt; Explosion Cause Is Sought

OAKLAND, Calif., Nov. 4 (P).—A mystery explosion, which injured at least four crew members, ripped open the German steamship Vancouver Thursday and caused her beaching in the Oakland estuary, where authorities sought the cause of the blast.

Police and District Attorney Earl Warren boarded the vessel late today to aid Captain W. Moessinger in investigating the blast, which tore a hole in the hull in No. 4 hold.

Aboard the ship were seven passengers and the crew of 54. Another 30 passengers were waiting to board at San Francisco.

Captain Moessinger said the ex-crewmen listed as injured were not hurt seriously.

Captain Moessinger said the explosion looked "damned suspicious," and claimed a column of water shot up outside the vessel, on the starboard side, followed by the sound of the blast.

A telephone call to the Oakland Tribune lent credence to a possible theory of sabotage.

"Do you want some good news?" an unidentified person told the Tribune city editor. "A bomb went up on a German ship."

He hung up immediately, and a few minutes later the blast occurred.

Harry A. Hutson, boatswain's mate on the coast guard boat, witnessed the explosion.

"I was proceeding up the Estuary, when I approached the Vancouver, which was outward bound," he declared.

"I heard the explosion, looked up and saw a great plume of steam and smoke come out of the stack and out of the ventilators."

"The ship started sinking immediately, turned in towards the shore and let go both anchors."

"I drew alongside and saw men hurry from the engine room covered with oil."

"Some of the men appeared to be scalded."

Other eyewitnesses reported seeing steam billowing from the funnel and ventilators.

The Vancouver had taken on canned goods at Oakland and was en route to San Francisco, after which it was to have left for Antwerp.

## Chamberlain Given Vote of Confidence By British Cabinet

LONDON, Nov. 4 (P).—Prime Minister Neville Chamberlain's government last night won its second vote of confidence for Britain's inadequate defenses was defeated 355 to 130.

The opposition motion asked the house of commons to censure the government's "admitted unpreparedness to protect the civil population when the country was brought to the brink of war" during the September Czechoslovak crisis.

Commons then gave approval to a government-proposed amendment to the censure motion supporting "the government's determination to complete with the utmost speed the measures necessary to provide for the country's needs."

Government spokesman was promised a triple effort along that line to "regain the insular security" of Britain.

KENDRICK RETURNS.

H. H. Kendrick, who for six weeks has been on a business mission to Corpus Christi and San Antonio has returned to Midland.

## Judge Sarah T. Hughes To Make Address Here

JUDGE HUGHES.

the bench convinced them otherwise and when the appointive term ended and she came up for re-election, approximately five out of six Dallas lawyers endorsed her candidacy. She won the election.

She is known for her fearlessness, her dynamic energy, her cool, quick thinking, and her impartiality when she sits on the judge's bench.

The public is urged to hear her speak.

## Case "Broken" ---

# 4 Kidnapers Facing Murder Charge

## Skywrites a Plea

In her first attempt as a sky-writer, Mrs. Grace Liebman, above, took her plane up over New York's midtown area and wrote "Vote Liebman" across the sky in letters of smoke. It was a campaign plea for her husband, Walter H. Liebman, a New York Democratic candidate for Congress. Commercial aviators expressed amazement at the perfect success of Mrs. Liebman's first skywriting attempt.

## Beautiful Flowers Most Fascinating Sight in Havana

The most beautiful things in Havana, famous for its beauty and pleasures, are the gorgeous flowers, amazing in their colors and abundance and in their inexpensiveness. At least so think Mr. and Mrs. David S. Goggin who have just returned from the island metropolis where they spent five days.

Going into Havana by boat, Mrs. Goggin said, one receives an impressive picture of the city, much like a bird's-eye view from a plane, with the elevated houses spread out to view.

The Midland party (Mr. and Mrs. Ray Rhodes were with Mr. and Mrs. Goggin) had trouble with making ways known in Spanish but managed to do so. People of the city are mostly Cubans, though there are some negroes and some Chinese, Mrs. Goggin explained.

The group visited Morro Castle, the tropical gardens, casinos, and other points of interest.

Upon leaving Cuba, Mr. and Mrs. Goggin spent two days in New Orleans, before returning home.

Mr. and Mrs. Rhodes, honeymooning following their recent marriage went on the Houston and to San Antonio and are expected to arrive in Midland this week-end.

## Sally Rand Facing Jail Term After Conviction in Case

LOS ANGELES, Nov. 4 (P).—Sally Rand, fan and bubble dancer, was convicted on two counts of assault and battery by a municipal court jury Thursday in connection with an attack upon a candid camera photographer and his young woman companion.

The dancer was charged with biting and scratching Ray Stanford and Hazel Drain after they had taken close-up pictures of her while she performed on a theatre stage.

Municipal Judge C. A. Balreich had instructed the jury that "the right of privacy does not exist where a person has become so prominent that by his very prominence he has dedicated his life to the public."

Miss Rand testified she "went to ask them if I could buy the films," but denied she scratched or bit Stanford or Miss Drain.

The maximum penalty for battery conviction is 180 days in jail. Judge Balreich ordered Miss Rand to appear next Monday for sentence, at which time a motion for a new trial will be heard.

The dancer, before the verdict was returned, said she planned to invite the members of her opening performance at a downtown hotel if they found her innocent.

"But if they find me guilty, I'll have to get ready for a long stay as the guest of the state," she added.

## BULLETIN

CHICAGO, Nov. 4 (P).—J. J. Pelley, president of the Association of American Railroads, announced today that major roads of the nation would withdraw notice of the fifteen per cent wage cut for nearly a million workers.

## Man Sought In Slaying Kills Self

### Ex-Convict's Body Discovered by Cops In Kerrville Hotel

SAN ANTONIO, Nov. 4 (P).—Declaring that Dr. David H. Carson, 61, Kerrville physician, was robbed and then slain by an unknown assassin, Dr. L. H. Webb, superintendent of the Legion Hospital at Kerrville asked the Federal Bureau of Investigation to search for the case and aid in "tracking down the person or persons responsible for the crime."

As Dr. Webb was presenting his request, further complications in the mysterious death of the physician developed at noon when the body of John C. Ireland, 42, ex-convict, reported to have been seen in Kerrville with Dr. Carson a few hours before he was slain, was found.

Ireland, according to a coroner's inquest verdict returned by Justice of the Peace J. Klevenhagen, committed suicide in a rooming house by first slashing his wrists, cutting gashes on his forehead and then using a bed sheet to strangle himself to death.

The body was found by Deputy Sheriff John J. Klevenhagen and Frank Mathews, who had been searching for him since it was reported he had accompanied the slain doctor to a Kerrville bank while the physician borrowed \$100 and then handed the money to Ireland.

Later, Dr. Carson and Ireland were reported seen together at a Hill Country service station. The officers had received a tip that a man answering the description of Ireland was driven from a taxi cab stand to the rooming house at 2 a. m. Wednesday, five hours before the physician's body was found.

A search of Ireland's room failed to reveal the \$100 which was reported to have been handed him by Dr. Carson. Deputy Klevenhagen reported he discovered \$6 in currency on the dresser.

"Near the \$6 was a note written on a brown paper bag. It read: "I cannot stand this any longer. I am tired of being broke," it was signed "Olen."

An examining physician said Ireland had been dead for at least 10 hours.

R. H. Rhodes, San Antonio police department fingerprint expert, said the suicide victim was identified by fingerprints. He then informed Judge Gerhardt that Ireland had served 13 years in a Kansas penitentiary for murder.

He said the ex-convict was deported from Lansing, Kan., in January, 1925, and released on parole Feb. 2, 1938. Rhodes said the man had no other records, but had been arrested several times under the name of Jack McManis.

Dr. Webb revealed Ireland had served in the United States navy and was discharged after the World War. He said he entered the veteran's hospital at Kerrville March 11, 1938, for treatment for a throat ailment.

Dr. Carson, the slain physician, was in charge of the hospital eye, ear, nose and throat clinic and Ireland was one of his patients. He remained at the hospital until Sept. 2, 1938, when he was discharged as cured.

## Baptists Will Hear Of Persecution of Members in Rumania

DALLAS, Nov. 4. —Baptists attending the general convention of Texas here Nov. 8-11 will be called upon to protest the "terrible persecution" of their fellow church members in Rumania, and thus carry on a fight for freedom to worship stimulated a year ago after the visit of Dr. George W. Truett to Rumanian Baptists.

Dr. Truett, pastor of the First Baptist church and president of the Baptist Alliance, reported graphically to the convention in El Paso last year on his observations of persecution in Europe.

Considerable emphasis will be given at the convention here to Baptist problems abroad, and reports will be heard from far-ranged mission fields, particularly in the Orient. Scores of Texans hold posts of danger in such fields, particularly in China. Dr. R. S. Jones of Richmond, a secretary of the foreign mission board of the Southern Baptist Convention, will be one of the outstanding speakers on the program which will bring Baptist leaders from all Texas and the South to Dallas for a week of sessions.

Dr. R. C. Campbell of Dallas, secretary of the executive board of the convention which has its headquarters in Dallas, will be one of the outstanding speakers on the program which will bring Baptist leaders from all Texas and the South to Dallas for a week of sessions.

The floor show during the buffet supper, beginning at 7 o'clock, will feature the comedy team of Barbee and Gray of Dallas. Plates will be \$1 each. Chic Scoggin and his orchestra, en route from Show Boat at Fort Worth to California, will furnish music for the dance, free to API Permian Basin chapter members, from 9 until 1 o'clock.

The business session, buffet supper with floor show and the dance will be held in the Crystal ballroom of Hotel Scharbauer.

The program committee is composed of E. A. Wahlstrom, W. P. (Red) Knight and E. H. Griswold, all of Midland.

Officers of the Permian Basin chapter are K. L. Sappington, Midland, chairman; Hugh L. Johnson, Hobbs; Earl Griffin, Midland; Fred Hyer, Big Spring; G. A. Poole, Odessa, vice-chairman; and E. A. Beasley, Midland, secretary. Advisory committee members are Glenn Bish, W. E. Cunningham, and J. N. Delavey, Hobbs; W. T. Doherty, L. A. Poland and Jack Rankin, Midland; J. K. Hufendick and J. T. Hildreth, Wink; H. B. Hurley, Big Spring; Charles Allen, Kermit; Jerome Sweeney and R. T. German, Odessa.

## "Mars Express"—Via Buffalo

Jittery folk who were panicked by the recent radio broadcast of an attack by Martian monsters might have an uncomfortable moment at first sight of the machine pictured above—the "Mars Express." This latest thing in super-streamlined automobiles is convertible into a rocket car, as shown in the rear view, above, where the vents for rockets are seen. Designed by Peter Vacco, of Buffalo, N. Y., the aluminum car is 30 feet long, and, powered by a V-8 motor and supercharger, makes 115 m. p. h. It cost \$16,000. In a side view, below, it resembles a wingless airplane.

## Early Drilling of Wildcat In North Central Dawson Forecast

BY FRANK GARDNER.

Drilling of a wildcat in north central Dawson county in the near future was seen today with the unconfirmed report that S. L. Guinn will start a 5,000-foot test by Nov. 15 on J. E. Neely land. Location has been staked, but it is understood it will probably be in the northwest corner of section 28, block 35, township 6 north, T. & P. survey.

Pure Oil Company, owner of extensive acreage near the proposed test, is reported to have agreed to pay Guinn \$10,000 dry-hole money. Other companies holding leases in the vicinity include Conoco, Texaco, Magnolia and Texas-Pacific.

The Neely wildcat, if drilled on the reported site, will be approximately nine miles east of the Ray Albaugh No. 1 John Robinson, first producer in the county.

Yeaquam Link Test.

J. E. Mabee No. 1-D Coline-Willard, link between the Bennett and Denver pools in southern Yoakum, yesterday evening had drilled to 4-170 feet in lime and anhydrite. Top of brown lime had not yet been announced.

Plug will be drilled tonight from 5 1/2-inch casing cemented on bottom at 4,850 feet in Shell No. 1 J. M. Ruys, extension test a mile and a quarter southeast of the Bennett pool.

In the Denver pool, Denver No. 14 Whitteburg flowed 1,189 barrels a day through tubing after treating with 7,500 gallons at 5,156 feet. It topped pay at 4,870. A. G. Carter No. 2-D Wasson, in the Gaines sector of the field, flowed 1,127.66 barrels of 37-gravity oil on 24-hour test, with gas-oil ratio of 1,900-1. It was treated with 9,000 gallons in

pay zones between 4,891 and 4,989, total depth.

Texas No. 1 Boyd, in southeast Cochran, at drilling past 4,185 feet in lime and anhydrite.

Water In Lea Well.

Five hundred feet of salt water was encountered from 4,290-95 by Texas No. 1 Lodewick, wildcat nine miles southwest of the Vacuum pool in Lea county, N. M. It had struck a slight showing of dead oil from 4,260-80 feet.

Shell No. 1 Harwood, in southern Roosevelt, is coring at 4,059 feet, reportedly in the San Andres lime.

Barrage of new tests for the Vacuum pool was seen this week with starting of 10 wells. Phillips Petroleum Company announced location for Nos. 12, 13, 14, 16 and 17 Santa Fe; Shell staked Nos. 2-B, 1-V and 2-F State; Magnolia is starting the Company No. 1 State, failure a mile and a half to the south and slightly east.

Shafter Lake Wildcat.

Depth of 4,445 feet in lime had been reached by Texas No. 1-H State, Andrews wildcat a half-mile south of Shafter Lake. It logged rain See (Oil News) Page 6

## API Meeting Expected To Draw 200 Saturday

Oil men of West Texas and southeastern New Mexico are planning a big week-end in Midland, attractions being the fall meeting of the Permian Basin chapter of the American Petroleum Institute Saturday afternoon, beginning at 2 o'clock, and a buffet supper and floor show, followed by a dance, in the evening. Attendance exceeding 200 is predicted by K. L. Sappington of Midland, chapter president.

Officers for the ensuing year will be elected after technical papers are discussed and read at the afternoon business session. The papers will be presented by Prof. George H. Fancher of the petroleum engineering department of the University of Texas at Austin, by Jack Rankin of Midland and Paul Colliott of Hobbs.

The floor show during the buffet supper, beginning at 7 o'clock, will feature the comedy team of Barbee and Gray of Dallas. Plates will be \$1 each. Chic Scoggin and his orchestra, en route from Show Boat at Fort Worth to California, will furnish music for the dance, free to API Permian Basin chapter members, from 9 until 1 o'clock.

The business session, buffet supper with floor show and the dance will be held in the Crystal ballroom of Hotel Scharbauer.

The program committee is composed of E. A. Wahlstrom, W. P. (Red) Knight and E. H. Griswold, all of Midland.

Officers of the Permian Basin chapter are K. L. Sappington, Midland, chairman; Hugh L. Johnson, Hobbs; Earl Griffin, Midland; Fred Hyer, Big Spring; G. A. Poole, Odessa, vice-chairman; and E. A. Beasley, Midland, secretary. Advisory committee members are Glenn Bish, W. E. Cunningham, and J. N. Delavey, Hobbs; W. T. Doherty, L. A. Poland and Jack Rankin, Midland; J. K. Hufendick and J. T. Hildreth, Wink; H. B. Hurley, Big Spring; Charles Allen, Kermit; Jerome Sweeney and R. T. German, Odessa.

## Confessions Announced By Officers

### Human Jawbone Is Found in Club of 'Kidnap Syndicate'

NEW YORK, Nov. 4 (P).—The district attorney's office today announced murder charges would be pressed against four alleged members of a "kidnap syndicate" accused of slaying Arthur Fried, White Plains business man, kidnaping two Brooklyn residents who were released after ransom payments.

Assistant District Attorney Joseph Rosenblum, after all-night questioning of the prisoners, announced they had confessed. Officials also announced part of a human jawbone had been found by police digging the basement of Ukrainian hall, where one of the kidnapers said Fried's body was cremated.

The discovery started police investigating the possibility of other victims of the gang.

NEW YORK, Nov. 4 (P).—The long unsolved slaying of 12-year-old Peter Levine, kidnaped from his New Rochelle, N. Y., home last Feb. 24, was reported near a "break" last night as federal agents sought to link the crime with three captured members of an alleged "kidnap syndicate."

Dwight Brantley, New York FBI chief, disclosed that federal sleuths working on the Levine case ran across clues which put them on the trail of another unsolved mystery—the kidnap-slaying of Arthur Fried, young White Plains, N. Y., business man, last December.

Meanwhile, police with picks and shovels dug up the cellar of a lower East Side building known as Ukrainian hall—cited by G-Men as the hideout where Fried's body was cremated in a furnace—in quest of new clues to support a theory it might have been used as a gangland execution chamber.

Fragments of bone and teeth which police first believed to have been parts of Fried's body, exhumed from a freshly-cemented "tomb" in the cellar, were analyzed and found to be a chicken, beef and rabbit bones from the refuse of banquets.

Investigators had discovered dark stains, as of blood, on a coal chute leading to the cellar, as well as a secret room and a machine-gun.

The captured trio gave their names as William Jacknis, 27, John Vega, 34, and Demetrius Gula, 28.

They were arraigned on kidnaping charges in the ransom abduction of Benjamin Farber, 33, of Brighton Beach, who was freed after an original demand of \$25,000, last April 18; and Norman Miller, 19, of Brooklyn, released for \$13,000 after an original demand of \$20,000, last July 24.

Joseph Stephen Sacoda, 27, named by FBI Chief J. Edgar Hoover as the actual slayer of Fried, is now in Sing Sing for parole violation.

## President to Give Review of Laws in Broadcast Tonight

HYDE PARK, Nov. 4 (P).—President Roosevelt disclosed today he would discuss in a broadcast speech tonight all the new deal legislation passed in the past five years.

Asked if he was ready to discuss possible revision of the Wagner act in the light of the labor relation board's expressed opposition, he said every law needs improvement.

He said that while the federal administration couldn't be held responsible for coercion of WPA workers by local politicians, it was making every effort to keep coercion to a minimum.

## Election Results In Wednesday's Regular Edition

No election party or extra edition of the Reporter-Telegram is planned for Tuesday, general election day, due to the lack of interesting contests locally or of likelihood of upsets in any of the races.

Full associated Press reports will be carried Wednesday afternoon in the regular edition, with national, state and county totals. Although services of the Texas Election Bureau are available for extra service, the Midland daily will carry results in the regular edition only, using reports of the Associated Press.

EDITORIALLY SPEAKING

Good Work--So Far

Motorists in America may look back over the nine-month period since Jan. 1 with pride. For that period represents a reduction of the traffic death total of 21 per cent for the nation.

But that accomplishment must be continued the remainder of this year. The United States then will have reduced its automobile death total for the second year since 1906. There was a slight reduction in deaths in 1932.

Here is real accomplishment. It has been made through the individual efforts of motorists under the guidance of organizations like the National Safety Council, which compiled the figures used here. Traffic deaths this year until Oct. 1 were 22,130 as compared with 27,950 for the same period last year—a saving of 5820 lives.

Only seven of the 43 states reporting in the safety campaign of the national council have failed to reduce their death tolls. Individual honors for the reduction of traffic deaths go to Pennsylvania with a reduction of 39 per cent in the first nine months and to Michigan with a 38 per cent reduction for the same period.

Now to set a national safety record for the rest of the year.

SO THEY SAY

OUTSMART WINTER (Amarillo News)

There is nothing more deceptive than this mild Indian summer weather. Especially is this true in the Panhandle.

Winter can strike more quickly and with more devastating effect here than anywhere else on the globe. And sudden winter weather is dangerous weather, as far as motoring is concerned.

In September 126 people were killed by automobiles in Texas. This is a decrease over September of last year, but still is a tremendous toll of life. With winter weather in the offing, accidents no doubt will mount.

In the October issue of "Public Safety" is an editorial entitled "Outsmart Old Man Winter." It bears repeating here:

"Old Man Accident is a smart old guy. 'So is Old Man Winter. 'They're not only smart, but they're cruel. And the worst of it is, they're pals! When they get together, watch out! 'They'll be holding their annual reunion any day now. And the main order of business will be hunching up new ways of causing traffic accidents. Nice fellows. 'They have powerful weapons. Ice... snow... sleet... rain... more hours of darkness... gray, murky days... stuffy cars, with carbon monoxide seeping in. Best of all—human carelessness! 'No wonder they do so well at killing people. It's their banner season. Why, one-fifth of all the people killed in traffic accidents in the United States throughout the entire year die in November and December alone! 'Yes, it's a set-up for these two old meanies. Unless— 'Unless we—all of us who are so vitally interested in safety—get good and sore about it and make up our minds that this year we'll outsmart these wise guys. 'How? 'It's easy. Just get across to all drivers (and pedestrians, too) that they must do two things: 'First—be extra careful. Carefulness is poison to Old Man Accident and Old Man Winter. They can't take it. 'Second—make sure all cars and trucks and buses are in tip-top shape for the winter. Good tires... chains when needed... windshield wipers working... good headlights... good brakes, properly equalized to help prevent skidding. 'But, above all, MORE CARE."

"How? 'It's easy. Just get across to all drivers (and pedestrians, too) that they must do two things: 'First—be extra careful. Carefulness is poison to Old Man Accident and Old Man Winter. The Political Program Will be Followed Immediately By A Song-and-Dance Act

Taxpayers Raided by Pension Schemes

Babson Warns of New Threat Made On Business Men

BABSON PARK, Mass., Nov. 4.—Next Tuesday a new force in American politics will elect and defeat many candidates. From Maine to California the old age pension supporters will swing the balance in many a tight contest. Graft, dolos, and unneeded relief are a bad enough burden for the nation to carry. But the political exploiting of these fantastic pension schemes is a real menace to the nation's security. Every one of the ideas—from the original Townsend scheme to the current Ham-and-Eggs-for-California's version—could give us a period of wild inflation and end up by bankrupting the nation. Quoted Without Consent.

Armed, however, with quotations from prominent economists, the managers of these pension schemes build up a terrific following. I find, for instance, that I am quoted on the subject of increasing the velocity of money in the "Bible" describing "Life Begins at Fifty for Californians." So right here let me say that I have been quoted without my knowledge or consent and that I am 100 per cent opposed to the "Ham and Eggs" and similar pension schemes.

All voters have to do is to look at Alberta and Colorado. Aberhart was elected three years ago in Alberta to give everyone \$25 a month. The plan was a "bust" and the province has been in trouble ever since. After a year's experience with her \$45 per month system, Colorado is now ready to quit. Revenues which should be going to schools, highways, hospitals, jails, and to the really needy among the aged are being paid to everyone over 65 whether needy or not. The state is so poor now that the pensions have been cut to \$27 and may shortly be stopped altogether.

Paradise for "Pols." Politicians are asking furiously for details of these "pension" plans. The reason for such interest is obvious. The old-age pension racket is made to order for the politicians. The one great worry of a big-shot ward boss is how to "take care" of his faithful workers. He cannot crowd too many of the "boys" around one desk. He cannot be too open about patronage. So here is the perfect setup. He can put any number of friends and relatives on the public payroll, via old age assistance, without anyone knowing about it. They do not even need to go through the inconvenience of calling at the office for their pay—it's mailed to them! This is paradise for the politicians!

These pension plans are political dynamite. Three conservative Maine republicans endorsed the Townsend plan and were swept into office. The G. O. P. in New Hampshire is supporting the plan. Successful primary candidates in Texas, Oklahoma, Florida, and Idaho are hammering away on old age assistance. A battle royal is on in California over the "Ham and Eggs" scheme. Even Leverett Saltonstall—conservative, economically-sound republican candidate for governor of Massachusetts—is flirting with the Townsendites. The political power of this new pressure group is already stronger than the American Legion and labor factions combined. Watch its power continue to grow! "Gray-Hair" Line Rising.

Why? Because the rate of increase of the population of the United States is declining. This means that the percentage of "oldsters" is mounting and will continue to mount from now on. In

Your old clothes will be used if taken to the Welfare Office, 319 East Texas street.

BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Nov. 4.—The flaptrap between President Roosevelt and Chairman Martin Dies of the House "Un-American" committee has more political implications than appear on the surface.

The part Governor Frank Murphy played in Michigan's automobile sitdown strikes—a Dies committee witness branded it "treasonable"—was played in duet with the President. Roosevelt and Murphy were together on the telephone every day during critical periods. When the governor refused to use state troops or allow local forces to evacuate strikers, he was acting with the hearty concurrence — if not the actual urging—of the President.

So when Dies called up political foes of Murphy to attack him just before the Michigan election, Roosevelt was on the spot. That was plain to him, if not to the public. Furthermore, Murphy is a personal and political friend whose re-election means a lot to F. D. R.

DIES HAS THE VOTES. On the other side, although Democratic members, Arthur Healey of Massachusetts and Jack Dempsey of New Mexico are in revolt against what the latter calls "wild and irrational" testimony. Dies is well bulwarked on his committee. Democratic Congressman-at-Large Harold G. Mosier of Ohio is key man. Labor leaders, especially C. I. O. leaders, have taken credit for his defeat in the August primary as one of their few notable victories this year. Now, as the committee furnishes a sounding board for foes of C. I. O.-supported candidates in Michigan, California, Minnesota and elsewhere, Mosier gives Dies the one vote necessary to beat the Healey-Dempsey demand for cessation of Congressmen Thomas of New

den of old age assistance is to be placed on industry, then industry must be helped to bear it. It is no more possible to get around certain fundamental economic principles than it is to set aside the multiplication table. If the ox is to be given an additional load, he must be given additional food. If more efficiency, it is to be expected from machinery, it must be given additional charge. The higher a building is to be built, the deeper the foundation must be excavated. Therefore, the voters ultimately must decide whether they want higher and more general old age pensions or severe regulation and handicaps on industry.

To attempt to follow both policies is like trying to travel East and West at the same time. The government is not a separate "entity." It is ourselves. When we get the government to do things, we simply are binding ourselves to do them. There is no sense in endorsing our own notes. Ultimately every dollar paid out from Washington or any state capital—in order to have decent purchasing power—must be backed up by increased production, better efficiency and a more Christian spirit.

Tom Sloan and Russell Conking have been trying to tell Dr. Thomas, new in the oil business, about the other side of it—bringing in dry holes, but Doc says he doesn't know anything about dry holes. Tom says he has been called D. H. Sloan, the initials standing for Dry Hole, and has been known as operating the D. & A. oil company, dry and abandoned. Dr. Thomas said he is just now finding out what a snap the oil business is.

Meanwhile Highway Commissioner Harry Hines is waiting for Dr. Thomas to publish a supplement to his book containing anecdotes, jokes and aphorisms. He says Sloan feels "low" he gets on the Midland author's book and has a few laughs, then feels better.

When someone gets under the skin of an editor, columnist or sports writer, you can tell it pretty quickly. Our good friend Tony Slaughter must have caught it from all sides after Midland beat Odessa last week, judging from the "get backs" which appeared in his column the next few days. He even saw something in the

when here, couldn't be reached when the committee was polled. Storm over the Dies committee, now that both friends and foes seem to consider its work largely a phase of political war between Roosevelt forces and those of vice-President Garner, has just begun.

NEW YORK POSY.

Mayor Fiorello H. La Guardia of New York had more than a little to do with defeat of Congressman John J. O'Connor in the New York Democratic primary — lone New Deal purge victory. Anyway the mayor looks at it that way. Immediately after the results were known, LaGuardia, whose first name has been translated into the nickname "The Little Flower," telegraphed Roosevelt: "YOU SHOULD HAVE PLANTED LITTLE FLOWERS IN SOUTH CAROLINA AND IN MARYLAND."

offset the Thomas-Mason efforts

Jeffrey Lynn Newest Gift to Film Fans. The girls at Warner Bros. studio have a new heart-throb, a tall, brown-haired one with blue eyes—and his name is Jeffrey Lynn, so point is his charm that in his first major screen role in "Four Sisters" coming to the Yucca theatre on Sunday, he is object of all four girls' affections, and it is probable that the "Four Daughters" set holds a record for feminine visitor who "just dropped in." And having "just dropped in," they all made it their business to be introduced to Jeffrey Lynn.

Lynn played two small roles — in "When Were You Born?" and "Cowboy From Brooklyn" — but "Four Daughters" marks his film debut as a leading man.

Some of the old timers were reviewing wild experiences the other day and Leonard Proctor was reminded of the little mule he broke to ride, when Leonard was about 14 years old. The more he rode the mule, the meaner it got. One day he started to help pen some mares and colts and the mule cold-jawed and stampeded the herd. They had to pen Leonard and the mule before they could start working the wild horses again.

Big Boy Whatley said a mule was the only thing he knew of which could kick you while you were bridling it.

"SWEETHEART" SEES SLUMS.

Those who were surprised to find Mary Pickford here recently, inspecting a Washington housing project, learned that "America's Sweetheart" had been interested in housing for a long time. As a member of the city planning board in Los Angeles, Miss Pickford was especially interested in a program to eliminate slum dwellings and replace them with low-cost homes built on Mexican, Indian and early California lands.

SYNTHETIC SWING.

No political candidate ever lived

with cause so dead that he couldn't discern a late-campaign "swing" toward his banner. Often these movements are illusory, as was the celebrated "swing to Cox" in 1920. In the last three presidential elections, Smith, Hoover, and Landon thought they had them. And as the 1938 campaigns close, most Democratic candidates for governor and senator whose political fates have been in doubt are enjoying the sensation. Democratic and Labor's Non-Fairplay League headquarters exude optimism after latest reports from the big states. Watch election returns to see whether this "swing" was the real McCoy or merely moonshine.

Your Child's Future

THE biggest job you have ever had, parents,—that of caring for your children—is safeguarding their health so that their future happiness and success may be assured. Nothing is more important to them than their eyes. No child is healthy without healthy eyes. No child can achieve success without good vision. There's only one way to tell whether or not your children's vision is normal—have their eyes examined. Do it now before school begins.

# SOCIETY NEWS SECTION

## Slam Club, Guests Entertained With Three-Table Party

Autumn colors were chosen by Mrs. Robert King for tallies, place favors, covers, and prize wrappings when she entertained the Slam club and guests with three tables of bridge at her home, 401 N. Big Spring, Wednesday afternoon.

High score prize for club members went to Mrs. Joe Dobson, low score prize to Mrs. H. H. Nicholson, high score for guests to Mrs. R. L. McLain, and travel prize to Mrs. G. W. Adams.

Guests were Meses. McLain, R. R. O'Neal, T. C. Ferguson, R. R. Richter. Members present were: Meses. W. G. Attaway, Adams, R. L. Bailey, Morris Bridges, Dobson, Nicholson, J. C. Webb, and the hostess.

The club will meet next week with Mrs. Bridges hostess at the home of Mrs. Webb, 212 E. Indiana.

## Needlecraft Club Meets at Home Of Mrs. Bedford

Crocheting and needlepoint occupied members of the Needlecraft club in their meeting at the home of Mrs. H. G. Bedford 611 N. Marientfeld, Thursday afternoon.

Several members are now working on crocheted bedspreads and tablecloths, while others are engaged upon pieces of needlepoint. Bedspreads were a specialty of the club last year and about five have been completed while some new members are now starting spreads.

During the refreshment hour at the close of the sewing period, Nell Ruth Bedford, daughter of the hostess, entertained the group with piano selections.

Guests present were: Meses. Geo. Ratliff, Aldridge Estes, B. C. Girdley, J. A. Tuttle.

Attendance of club members were smaller than usual because of illness or entertaining of guests. Present were: Meses. Wallace Ford, A. W. Wyatt, Alvin Johnson, and the

## Feathers for Charm

Ostrich feathers are seen featured on the white velvet hoopskirt gown worn by Mrs. John H. G. Pell, socially prominent New Yorker. With a wide band of the white feathers outlining the strapless neckline, Mrs. Pell, with her hair up, wearing a chateleine neckpiece and long earrings, carries a lily ostrich feather muff, to complete the picture of a charming old-fashioned dame.

The club will meet next Thursday with Mrs. Robert Cox, 1907 W. Texas.

## Armistice Day Colors Feature Class Party

Four hostesses, Meses. Ira Cole, Walter Beauchamp, Newell Beauchamp, and H. Bird, entertained the Friendly Builders class of the Methodist church with a business meeting and social at the home of Mrs. N. G. Oates, 610 N. Main, Thursday evening.

A short business session, presided over by Mrs. Jess Barber, class president, preceded the social.

The initial prayer was offered by Mrs. J. L. Tidwell and the devotional from Psalms by Mrs. L. H. Pittman.

Forecasting the approach of Armistice day, the house was decorated in red, white, and blue.

Table games such as 42 and pick-up-sticks furnished amusement during the social hour.

The party plate featured sandwiches in red, white, and blue to

## Church Services

### FIRST METHODIST CHURCH.

W. C. Hinds, Pastor. 9:45 a. m. Church school. 11:00 a. m. Morning worship. Sermon by the pastor on the theme, "The Vine and the Branch."

6:15 p. m. Training union. Dick Denham, director. 7:30 p. m. Evening worship. Sermon by the pastor on the subject, "It's Living Epistles."

### FIRST PRESBYTERIAN CHURCH

W. J. Coleman, Minister in Charge. J. L. Kendrick, Church School Supt. 9:45 a. m. Church school. Good departments and efficient teachers for every grade. 11:00 a. m. Divine worship. Sermon by the pastor. Subject: "What Religion Has to Offer." This is the third in a series of sermons on religion.

7:30 p. m. The People's Hour.—The pastor will bring a requested sermon on "Why Home Missions?"

### FIRST CHRISTIAN CHURCH.

John E. Pickering, Pastor. H. G. Bedford, Supt. of Bible School. Mrs. M. A. Park, Director of Music. Mrs. Lee Cornelius, Church Pianist. 9:45 a. m. Bible School. 10:50 a. m. Preparation for the Lord's Supper.

11:00 a. m. Worship services. Sermon by the pastor on "Christ in A Changing World." 2:00 p. m. Board meeting. 5:00 p. m. Junior-Intermediate Endeavor. 6:30 p. m. Senior Endeavor. 7:30 p. m. Worship. Sermon by the pastor on the subject: "Salvation Through Jesus Christ."

7:30 p. m. Wednesday. Prayer meeting. 7:30 p. m. Thursday. Choir practice.

### TRINITY CHAPEL.

(Episcopally) P. Walter Henckell, Minister in Charge. Richard Gile, Lay Reader. 7:45 a. m. Celebration of Holy Communion. Rev. P. Walter Henckell, celebrant. 9:45 a. m. Sunday school.

### CHRISTIAN SCIENCE SERVICES.

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 6.

The Golden Text is: "He that is of earth is earthly, and speaketh of the earth; he that cometh from heaven is above all" (John 3:31).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He shall be great, and shall be called the Son of the Highest."

necessary expenses, including some sightseeing tours. The tour group will return to Dallas Nov. 22 and to Austin Nov. 23, closing the trip.

## Clubwomen Told of Post-Convention Tour to Mexico

Mrs. Hal Peck, International Goodwill chairman for the eighth district Federated clubs, has received announcement from the state committee at Austin of a special post-convention tour to Mexico which is scheduled to follow the Federation meeting at the capitol. The convention is to be held Nov. 7-11 and the tour group will leave Austin on the latter date.

Arrangements are being completed in Mexico City, Mrs. Peck was informed, at the request of Mexican club women for an International Goodwill conference with the Federated club women from Texas. This will be a practical demonstration of an International Goodwill program that will be efficiently conducted, club women are assured.

Roundtrip price of the tour is \$150, this covering practically all

Present were: Meses. D. E. Holster, Charles Pepper, J. F. Nixon, T. E. Steele, Douglas Nix, C. W. Hightower, Velma Smith, Dessa Gamblin, J. H. Rhoden, Jess Barber, A. B. Stickney, J. L. Tidwell, L. H. Pittman, Elkin, Roy McKee, N. G. Oates, Iva Noyes, Zimmerman, J. A. Andrews, Everett Klebold, C. E. Nolan, Miss Opal Franks, and the hostesses.

Your old clothes will be used if taken to the Welfare Office, 319 East Texas street.

Mr. and Mrs. Geo. Barham have returned from a trip to Kansas and Oklahoma.

## Flynt-Hubbard Displays 1939 Ford

Here are the new 1939 Ford V-8 cars. Above, the deluxe Fordor sedan, below the Ford V-8 Tudor sedan. The two cars are individually styled. The deluxe car has wholly new streamlines, a deep hood un-

broken by louvres, a low radiator grille in bright metal and wide spaced headlamps. The Ford V-8 has a full grille and unobtrusive louvres at the rear of the hood. The deluxe cars are available in five body types, the Ford V-8 in three, with color option.

any shorthand is simple, we've never seen an example of it. Or perhaps, though we hate to admit that possibility, WE'RE too simple to master it.

Half-and-half gloves, that is, those in two colors with back of one material and color and palm of another, are not such novelties as they were months ago.

But a variation of this type of glove is worth noting. These are really "two-faced" gloves with leather on one side and fabric on the other. The trick about them is that either glove may be turned over and worn on the other hand, thus providing you with a pair of gloves with fabric back and leather palms one day and the next with a pair having fabric palms and leather backs.

A nice idea for costume mixing, don't you think?

If you like to be dramatic, try one of these thoroughly-sophisticated but, deceptively little girl looking sets: A brushed mohair sweater, zipped up the front, and worn with a "picic bonnet", which is only a pointed cap of self-material, with a bow-tied-under-the-chin. In colors of course, but wouldn't you choose white for the perfect effect?

**Fall Smartness for All the FAMILY**

# BULLDOGS OUT TO BREAK TIE WITH KERMIT TEAM TONIGHT

## GAME WILL START AT EIGHT O'CLOCK ON KERMIT FIELD

Members of the Midland high school football team, band and pep squad left at 2:30 this afternoon for Kermit where the team will meet the Kermit team in a district 7-B game this evening at eight o'clock.

The band and pep square were scheduled to parade with the Kermit band and pep squad through the streets of Kermit at five o'clock this afternoon.

The Midland Bulldogs will be out to break a tie with the Kermit Yellowjackets and take over third position in the league standings when the two clubs meet tonight at 8 o'clock on the Kermit field.

The two clubs are tied with an average of 500 each having won one and lost one conference game. Midland has defeated Stanton and lost to Wink; Kermit has defeated Stanton and lost to Pecos.

There is an outside chance of the Bulldogs winding up the season in a tie for first place if they win all the remainder of their scheduled games. The chance is contingent upon Pecos beating Wink Thanksgiving Day. Wink, of course, is the prohibitive favorite to capture the championship but the chance does remain for either Midland or Pecos to come through. The Bulldogs won't be in any mood to give up the possible chance of a pennant in the game with the Yellowjackets tonight.

In the six games played this fall, the Bulldogs have not scored less than three touchdowns in any game. In the same number of games, only one club has been able to make more than three touchdowns against Kermit—Pecos got four scores. It will be interesting to see whether the Yellowjackets can do what no other club has been able to do this year—keep the Bulldogs from making at least 20 points.

Coach Bud Taylor has declared that if his team can make as many as 20 points in four games, he undoubtedly come out winner. The Kermit club does not boast of any very potent scoring aggregation, having made only 91 points in six games for an average of 15 per game. Meanwhile, the Bulldogs have made 240 points for an average of 40 per game. Jay Francis, Bulldog quarterback, has personally accounted for 118 points, 27 more than the entire Kermit club has made.

Francis won't be in top shape for the game tonight, having been troubled all week with a bad knee. However, he will probably start the game and play at least half of it.

The coaches have indicated the Bulldog second string would get to see some action tonight if the starting line-up could roll up an early lead. Charley lead in whether or not Francis can be shaken loose for one of his now famous long runs and whether or not Wright can make holes in the Kermit line like he did against the Wink and Odessa forward wall. Both Wright and Francis are capable short passers and may do some hurrying of the ball early in the game. Dale Truelove, who has been working out on the second team this week, is sure to see some action during the game and some long as well as short passing can be expected when he is in there. Most of his heaves will probably be aimed at Francis and Van Dyke.

The Bulldog starting line-up will probably be the same as it has been in the past two games with the exception of Temple Harris in at half instead of Truelove. It will be Van Dyke and Bryan at ends, Ford and Foster at tackle, Klatt and Eldson at guards, Whitaker at center, Harris and Wright at halves, Geddes at full, and Francis at quarter.

## Tribute Paid to Will Rogers in Claremore Today

CLAREMORE, Okla., Nov. 4. (AP).—Homefolk who knew Will Rogers when he was a kid "cowpoke" and celebrities who knew him as a national figure, joined in common tribute here today at the dedication of Oklahoma's memorial to her most famous son on the fifty ninth anniversary of his birth.

From Hyde Park to the West Coast the nation took part. President Roosevelt was scheduled to broadcast at two o'clock. Jesse Jones and Governor E. W. Marland were the principal speakers here.

## Allisons Attend Funeral at Bonham

Mr. and Mrs. John Allison of Midland and Mr. and Mrs. Hence Barrow of Odessa have returned from Bonham where they attended the funeral of Mrs. Allison's mother, Mrs. E. Kirkpatrick. Mrs. Kirkpatrick, 78, died Monday a noon, following an illness which had lasted since March of this year.

## Youth Wounded in Robbery Attempt

ALBUQUERQUE, Nov. 4. (AP).—Thomas Arthur Naylor, 19, seriously wounded in an attempt to hold up the Lupton, Ariz. port of entry yesterday, was found today on a highway near Santa Rosa, 100 miles east of here, and brought to a local hospital.

## Jess's Guesses

By JESS RODGERS. Having improved the average by some very good guessing last week, I am willing to get out on a limb again this week. And I do mean limb!

Alabama-Tulane. It appears to be Bama in a tough one. Arkansas-Rice. A slusher with improved Rice coming out on top. Boston College-Indiana. Lots of votes for Indiana.

Centenary-Arizona. The Gents. Arizona just does not have it this year.

Columbia-Virginia. Sharpshooter Luckman should put Columbia ahead.

Dartmouth-Dickinson. A breather for Dartmouth.

Detroit-North Dakota. A cinch for Detroit.

Florida-Georgia. What is to keep Georgia from winning?

Fordham-St. Mary's. Too much power in the Fordham camp to lose.

Georgia Tech-Kentucky. A rest for Georgia Tech.

Holy Cross-Temple. Too bad for Pop Warner's Holy Cross.

Iowa State-Drake. This one should go to State.

Kansas-Nebraska. To repeat: Nebraska is overdue.

Louisiana-Miss. State. The Louisiana Tiger gets loose again.

Michigan-Pennsylvania. A lusty vote for Michigan.

Missouri-Michigan State. Missouri is not this tough yet.

Minnesota-Iowa. The Minnesota Badger bounces back with a win.

North Carolina-Virginia Poly. Bear Wolf's boys get it easy.

Northwestern-Wisconsin. Northwestern continues to win.

Ohio State-Purdue. Purdue won't go.

Oklahoma-Kansas State. This should be easy for the Sooners.

Pittsburgh-Carnegie Tech. This is no picnic for Carnegie Tech.

Rutgers-Princeton. These two clubs inaugurated football in the nation 69 years ago. That was the last time Rutgers won, including 1938.

South Carolina-Duquesne. A couple of weak clubs, Duquesne.

Tulsa-U. Cal. The Aggies beat Tulsa.

Texas Tech-Lovola (South). Tech in a gallop.

Tulsa-U. The Aggies beat Tulsa. And remember their game with TCU?

Army-Franklin Marshall. What Army needs to recover from Notre Dame.

Navy-Notre Dame. The gobs get what they want last week.

Vanderbilt-Sevaneau. An easy win for Vanderbilt.

Villanova-Auburn. A nod for Villanova.

Washington State-UCLA. Another tough one, UCLA.

Yale-Brown. Yale may win one this year but it won't be this one.

## Humble to Broadcast 4 Southwest Battles

The somewhat muddled Southwest Conference championship race with three teams tied for first place, will be considerably cleared Saturday as six conference members engage each other in three important games.

At the same time, T. C. U.'s Horned Frogs, looking for new worlds to conquer, travel north to Tulsa for a game with Tulsa University's Golden Hurricane.

That radio followers of the game may keep up with the teams they favor, on Saturday the Humble Oil & Refining company will broadcast all four of the games featuring conference teams.

## Parliament Ended With Praise From King George for FR

LONDON, Nov. 4. (AP).—King George terminated the present session of parliament today with a prayerful hope "a new era may have been opened for Europe" and warm praise for President Roosevelt's "timely action" to avert war during the recent crisis.

The king's speech, read in his absence, reviewed grave events of September, declaring "the cause of peace was powerfully aided by the timely action of the President of the United States."

## Allred Scores Job Seekers in Speech

AUSTIN, Nov. 4. (AP).—Governor Allred regards as the "biggest handicap to government" that public officials have to spend so much time trying to appease job seekers.

He said today he might have a recommendation to reduce the evil in his final message to the legislature in January.

## Mrs. Oles Attends Sister's Wedding

Mrs. Paul Oles has returned from Corpus Christi where she attended the wedding of her sister, Miss Imogene Willis, to Kenneth McLaughlin. The ceremony took place Oct. 28 at the home of another sister, Mrs. R. O. Frame. Mrs. Oles was accompanied by her mother, Mrs. W. T. Willis of Amarillo.

The bride has a circle of acquaintances in Midland, having visited Mrs. Oles here. Mrs. Frame has also visited here.

## HAS APPENDECTOMY.

Mrs. D. B. Watlington underwent an appendectomy in a Midland hospital Thursday afternoon. She is reported doing well today.

## BACK FROM ILLINOIS

Mr. and Mrs. A. N. Hendrickson are here from Illinois oil fields where he has operations under way.

# California Picked to Beat USC for Title

Harold (Babe) Ruth

## By HARRY GRAYSON Sports Editor, NEA Service.

Southern California has come on since Alabama shaded the Trojans in their curtain-riser, but hardly far enough to beat California, which on Nov. 5 in Berkeley is expected to clinch its second consecutive Pacific Coast Conference championship and Rose Bowl bid.

Victory for the magnificent troupe led by valiant and versatile Vallejo Vic Bottari again would mean the cancellation of a battle with Georgia Tech, listed for the Bears' Memorial Stadium on Christmas Day.

With Troy out of the way, California should not have undue trouble with Oregon and Stanford.

Notre Dame once more shuttles to the Atlantic seaboard, where at Baltimore the Irish should have less difficulty with Navy than they experienced in repelling Army.

Teams frequently bounce back with a vengeance following sound shellackings, so Colgate and Syracuse should be in fine trim for their traditional tangle in Syracuse, the Red Raiders being fresh from a severe pounding by Holy Cross and the Orange remembering its bouncing around by Penn State. It is my guess that the Colgate jinx will persist in Archbold Stadium.

## CARNEGIE TESTS PITT IN NEIGHBORHOOD ROW.

Pittsburgh may be in for a test as severe as that provided by Fordham, but should prevail over its neighbor, Carnegie Tech, in Pitt Stadium.

Scout Mary's catches a mighty good Fordham array on the rebound in New York, and the Gaels are likely to return to the west coast empty handed.

Yale is doped to once more get the ax... this time from Brown in the Bowl.

12: Austin at Breckenridge (San Antonio), Jefferson (San Antonio) vs. Harlandale (San Antonio); District 13: Regan (Houston) vs. Milby (Houston), San Jacinto (Houston) vs. Sam Houston (Houston), Austin (Houston) vs. Lamar (Houston), Conroe at Jeff Davis (Houston); District 14: Goose Creek at Galveston, South Park (Beaumont) at Port Arthur, Orange at Beaumont; District 15: McAllen at Brownsville, Donna at Mission.

Interdistrict games: Forest (Dallas) at Bonham, Arlington Heights (Fort Worth) at Greenville, Kilgore at Sulphur Springs, San Antonio Tech at Laredo, Corsicana at Corpus Christi, Pharr-San-Juan-Alamo at Harlingen.

Galveston, tied with Port Arthur for the lead in District 14, engages Goose Creek, unbeaten but with a tie on its record.

Eleven teams remain undefeated. They are: Gainesville, Tyler, Livingston, Lufkin, Waco, Wichita Falls, Cisco, Corpus Christi, Donna, Brownsville and Sunset (Dallas). The last six named have been tied, however.

This week's conference schedule: District 1: Amarillo at Borger, Lubbock at Lamesa; District 2: Olney at Childress, Graham at Wichita Falls; District 3: Sweetwater at San Angelo, Big Spring at Abilene, Stephenville at Ranger, Eastland at Mineral Wells; District 4: Fabens at Yoleta, Odessa at Austin (El Paso); District 5: Gainesville at Paris; District 6: Denton at McKinney; District 7: Poly (Fort Worth) vs. North Side (Fort Worth); Masonic Home (Fort Worth) vs. Pascher; District 8: Riverside (Fort Worth) vs. Fort Worth Tech; District 9: North Dallas vs. Dallas Tech, Sunset (Dallas) vs. Adamson (Dallas); District 10: Athens at Gladewater; District 11: Palestine at Gaston, Mexia at Lufkin, Jacksonville at Livingston; District 12: Waxahachie at Temple, Hillsboro at Bryan, Waco at Cleburne; District 13: Regan vs. Milby; District 14: Goose Creek vs. Galveston; District 15: McAllen vs. Brownsville; Donna vs. Mission.

## Member Says 30,000 Communists in Ohio

WASHINGTON, Nov. 4. (AP).—Edgar Herzog, Elyria, Ohio, told the house committee investigating union-American activities today that the communist party claimed over 30,000 card-bearing members in Ohio.

He said he had been a member of the party since 1932 and that registration claims had been made to him by John Williamson, Cleveland, party state secretary.

Herzog said Dorothy Cannon, Toledo, conducted a worker's school in that city where public school teachers were instructed in methods of teaching communism to their pupils.

## Midland People to Attend Convention

Among Midland people who plan to go to the state WMU convention, pastor and laymen's convention, or state general Baptist convention in Dallas next week are: Rev. and Mrs. H. D. Bruce, Mrs. Myrtle Scarborough-Smith, Mrs. J. M. White, Mrs. Walter Cowden, Mrs. H. R. Braezeale, and possibly others whose names had not been reported at press time.

Rev. B. A. Rogers of Smith's Chapel will also go from Midland.

## CLAY FLOYD BETTER.

Clay Floyd, injured a week ago by the accidental discharge of a pistol, is able to be out with air of crutches. While removing the 38 calibre pistol from a dresser drawer, it was discharged, the bullet passing through the left leg between the two bones.

## THE STATE OF TEXAS COUNTY OF MIDLAND NOTICE IS HEREBY GIVEN

That the partnership lately subsisting between D. J. Finley and A. W. Cherry of Midland, Midland County, Texas, under the firm name of "FINLEY AND CHERRY" was dissolved by mutual consent on the 11th day of October, 1937; while all the indebtedness incurred by the partnership is recognized by the partners and is to be discharged by the partners, no further indebtedness or obligations are to be incurred for the partnership by either partner though either partner shall be allowed to use the name of the firm in liquidating all debts due to and from the partnership.

All demands on said partnership are to be presented to Mrs. Velma Flannery in the office of D. J. Finley in the Petroleum Building, Midland, Texas.

A. W. CHERRY DATED: October 12, 1937. Oct. 14-21-28; Nov. 4.

Dave Anderson

Bill Brunner

## Villanova is the choice to repel Auburn in Philadelphia. Indiana should break into the victory column against Boston College in the Hub, Pop Warner and Temple can't anticipate much luck in combatting Holy Cross' mobile giants in Worcester, Penn State, a champion in-and-out, ought to hurdle Lafayette at State College.

Purdue is expected to prove a bit too sound for Ohio State in Columbus in a game which easily may have a bearing on the Big Ten title.

Michigan should continue its comeback against Pennsylvania at Ann Arbor.

Rated off its smashing finish against Minnesota, Northwestern in Evanston, Minnesota gets back on the right road against Iowa in Minneapolis.

Johnny Pingel matches Paul Christianman, and Michigan State is otherwise better equipped than

Missouri, so the Spartans are given the nod at Columbia. Nebraska should break its 1938 slump against Kansas at Manhattan.

ALABAMA CHOICE OVER BRUNNER AND TULANE.

Tulane has Bill Brunner and the urge, but Alabama suffered its one reverse at the hands of Tennessee, and you can't get away from the Crimson Tide in New Orleans. Good enough to tie Villanova, South Carolina figures to be good enough to trim Duquesne of Pittsburgh at Columbia. Louisiana State has too much of everything for Mississippi State at Baton Rouge.

Georgia Tech has too capable a line for Kentucky in Atlanta. North Carolina State is given a shaky vote over Manhattan at Raleigh.

Rice beat Auburn, 14-0, with out large Ernie Lain. With both Lain and his able substitute, E. Y. Steakley, in harness, the Owls should leave Lafayette with Arkansas' scalp. Texas can't lose them all, so we're giving the Longhorns a close decision over Baylor in Austin. Dick Todd and Texas A. and M. should outgallop Southern Methodist in Dallas.

Washington rested for its engagement with Stanford at Palo Alto, where for the first time the thrashed Huskies should show some of the stuff that caused them to be rated so highly in pre-season roundups. Oregon gets back on the right track against Idaho at Eugene after three successive spankings. U. C. L. A. is a walk-over in Washington State at Pullman.

Santa Clara, which shares top coast ranking with California, will turn back its neighbor, San Francisco, in the Golden City.

That is the way it looks now, but football that is no more consistent than that of running horses.

## Marshall Man Dies As Car Hits Bridge

LONGVIEW, Nov. 4. (AP).—Billy McGowan, 25, Marshall, was killed and Clarence Campbell, also of Marshall, was seriously injured last night when their automobile smashed into a culvert near here.

## More Reasons for Non-Attendance at Church Are Cited

Editor's Note: The following article is a contribution to the contest, "Why I Go to Church" or "Why Do Not Go to Church," entries in which may be delivered to The Reporter-Telegram up to November 12. Sponsored by a local committee, cash prizes of \$5.00 have been posted for the best letter on each side of the question. Winners will be announced Sunday, November 13. Send in your letter today.

Man is incurably religious. This fact is demonstrated not only by the thousands upon thousands of forms of worship and countless creeds to which the adherents of varied sects and denominations subscribe but, in a larger and nobler sense, by acts, stupendous and trifling, of charity, kindness, humanity, self-abnegation and courage which are motivated by nothing less than a spiritual desire to abide by the code of honour and ethics of an individual, organization or community.

All of this what I choose to call religious expression may be observed with and without the membership of organized worship. Many of us can feel no particular stirring of the inner spirit by attending a church service; in fact, there are a large number of persons who feel actual revulsion at the absurdly dogmatic bickerings—Tweedle Dum and Tweedle Dee sort of wrangles, of which some churches are the scene, as, for example, whether or not the "saved" before or after baptism, whether "He descended into Hell" shall be included in the Apostle's Creed, whether one must be baptized with two drops of water or a whole tankful, and so on ad infinitum.

I have gone to church more or less intermittently during the three decades and a little more in which I've lived on this earth and almost not at all for the past few years. Here are the more or less base or worthy—you may be the judge—reasons for going: At the age of thirteen to fifteen I was an inveterate and passionate church-goer; the cause was no doubt bound up largely with my adolescence. Since then I have gone, variously, at the instance of friends I wished to indulge; because of the known or reputed brilliance of the speaker in the pulpit; to hear excellent music; for the beauty of the ritual; to observe masterpieces of architecture; for historical interest, such as my attendance at masses at St. Patrick's cathedral, the little church where Henry Ward Beecher once preached, and the famed "Little Church Around the Corner"; for morbid curiosity (under this head come visits to "Holy Rollers" meetings and Billy Sunday's Tabernacle); once through the joint desire to hear the renowned Dr. Timothy Stone and to see the inside of one of the several churches at which Mary Baker had left Abigail McCormick waiting (the unfulfilled trysts which were so much publicized by the newspapers). I went for a long time to hear a brilliant Congregational minister who was a keen student of the classics and almost as good a Shakespearean actor as Walter Hamden. I used to go to hear a scholarly little Unitarian preacher who had been ousted from a Middle West denominational college; he had the courage of his convictions and was almost Christ-like in his faith to them.

Strictly speaking, to which the foregoing might testify, I am not a churchgoer, because to me attendance at a church service has no more to do with religion, and sometimes not nearly so much, as listening to a grand bit of music or looking at a great painting. A favorite pulpit orator in my church-going days used to pray, "Make us God-conscious men and women." I strove vainly to feel what he meant, and had a vague idea many years later when I heard one of the great orchestra societies of America play Beethoven's Seventh Symphony and Tschalkowsky's "Pathetique" and Bethany College's famed rendition of "The Messiah"; one morning when I awoke and smelled the first lilac bloom of the spring; and upon viewing, again and again, such of my favorites as Ruben's "Portrait of Old Parr" and El Greco's "Penitent Magdalene" and "Sanitation."

## Ice Age Fossils Found.

HUBBARD, Ore. (U.P.)—Fossilized remains of an ice-age horse, an ice-age bison and what appears to have been a mammoth of the same period have been identified by E. L. Packard of the Oregon State college zoology department. The bones were unearthed by WPA workers near here.

## Announcements

### SATURDAY

## OUT OUT WAY

# JUNIOR HIGH SCHOOL NEWS

Written by students of John M. Cowden Junior High School, under direction of Miss Louise Latham

## JUNIOR FOOTBALL HIGHLIGHTS.

The Junior High School started the football season with sixty two boys out for the club. They were boys weighing from 55 to 135 pounds. With the exception of three boys none of them had ever worn a football uniform before, and about the same number and never seen a football game.

The "Pups" played their first game against Odessa Junior High and gave a very credible showing by winning the game 20-0.

The next game was with McCamey Junior High. This time it was somewhat different in both score and opposition. We played a club composed of older boys who were more experienced. Besides, Midland played the game without Troy West, the only speed merchant, and ball carrier on the club at that time. Despite the 19-0 loss, the boys still looked good in defeat.

The following Saturday, October 15, we played Crane, and were an altogether different club. West was back in the lineup, and every man was in top form. Each play clicked with precision. The first eleven men played only 13 minutes of the

game. And when the whistle blew, the score was 51-6.

The fourth game was with the "Nubbins" of High School. Even though outweighed and outclassed in experience, the "Pups" played their positions well, and real "heads up" football, losing by the small score of 6-0.

October 26th, the Junior tackled Monahans, champions of West Texas Junior high school. Here again the boys were outweighed about fifteen pounds to the man. At that it was a nip and tuck game, the scoring being the result of an error on the part of both teams. Midland was a trifle slow in kicking for extra point so the game ended 6-7 in favor of Monahans.

In spite of the fact that we are losers, three out of five games, we feel that we're doing swell in our early football career. And we know we have the best coaches in the country.

## OUR MUSIC DEPARTMENT.

By Mary Frances Carter

As a new student and a lover of music I am favorably impressed with the music department of our

school. Not only is music a means of culture, toward perfecting the character of students, but it stimulates cooperation among the students as a group.

Every morning before we have our lessons, we have a half-hour assembly. It cheers us up as well as wakes us up. In our class-work we have a note-book explaining music technique which is very helpful and interesting. I like our class book very much, for it contains many interesting things that appeal to pupils who like music. The music in our school is an entertainment as well as a study.

The knowledge and appreciation of the art makes one welcome where ever he goes.

## NEWS FROM THE PEP SQUAD.

The pep squad of Junior High School is giving plenty of support to the team which is a good one. Elaine Hedrick is the leader, and Martha Jane Preston and Betty Shockley assistants. We have pep rallies every Friday afternoon. Then Saturday, everyone comes to the game, ready to yell. Our pep squad

is doing just fine.

## MEET OUR NEW TEACHERS.

Mr. A. L. Gilbreth is our new principal who also teaches two sections of seventh-grade history. Mr. Gilbreth came to us from Hubbard, Texas where he was principal of the senior high school. He is very interesting in his classes. In fact, everybody is crazy about Mr. Gilbreth.

Miss Tommie Smith is our new lady teacher who teaches the fourth grade. She is a native of Midland, and a graduate of Midland High School. We like her, and hope she likes us too.

Mr. James (Cotton) Kimbriel is another of the new and well-liked teachers. He is a graduate of Baylor University where he took an active part in football, basketball and track. Mr. Kimbriel majored in business administration. He is a native of Texas, having received his early education at McKinney.

## ASSEMBLY PROGRAMS.

For the past few weeks the teachers and pupils have arranged for and produced three assembly programs of a new type. These programs are put on each Friday morning at the usual assembly time, from 8:30 to 9:00 o'clock. The first one was given by the whole assembly several weeks ago. On October 21, 7A gave an individual performance, and on the following Friday, 7B presented theirs. These programs will continue down the line until each room has given its performance.

Won't you pay us a visit at one

or all of them, Mr. and Mrs. Public?

## AS FELT BY A NEW STUDENT.

By Isabel Clark

When I registered at the Junior High School in Midland, I was very nervous. I felt as if I were in a strange country. It was my first time to enroll in school outside of West Virginia, as I have lived there all of my life.

On the day I registered, one little girl told me she hoped that I could be in her room. This made me feel a lot better. The first day of school I was greatly impressed with the teachers' and children's efforts to make me feel at home. They introduced me to others, and showed me various kindnesses.

I had often heard that Texas is noted for its friendliness, and I have found it all true. Both the teachers and the pupils have been nice to me.

## OUR LIBRARY.

The students are enjoying the books from our library through the help of Mrs. Tolbert. While the books are educational, they are also recreational. All of the books have been card-catalogued, making the situation convenient and easily handled by the student librarians. Our only grievance is that we need more room.

## PERSONALS.

Visitors Friday morning October 2, for the 7B program were Mrs. O. F. Hedrick, Mrs. N. G. Oates, Mrs. Bob Preston, and Mrs. H. H. Palmer.

We are sorry to report Miss Norman still absent from our midst. But there is no abler substitute than Mrs. Conner.

Grover Leo Rains has been absent from school for several days. He is quite ill at Dr. Ryan's hospital. How about going in to cheer him up, you Junior High students?

Our heartiest welcome to Doris Hinds who is a newcomer to 7C. Doris hails from Bryan, Texas.

Tom Smith, Montana's gift to Cowden Junior High, has hied himself back to "Ole Montany". We're going to miss him. But perhaps the smell of purple sage is more alluring than the promise of our March snowstorms.

All of our football enthusiasts made a pilgrimage into the office the other day. Jay Francis had been in that morning.

## COMIC SECTION.

What Happens When—

1. Mr. Freels finds a gum chewer?
2. Mr. Kimbriel finds a hole in the line at football practice?
3. Mrs. Philipps finds and incomplete notebook?
4. Miss Latham catches a guy who doesn't know his verbs?
5. We haven't studied thirty minutes on geography?

## Answers.

1. Some culprit enjoys a long full chew in front of the room.
2. A slow lineman gets socked on the seat with an over pumped football.
3. She says she'll pick your bones.
4. Speaking of getting your pack-in' eaten out! Do we catch it!
5. Better give a reason. And a good "un" my friends.

## Wadley's

kidneys, boiled tongue, fried liver, and pig's feet.

Mr. Freels: Don't tell me your troubles, sister, give me a chicken pie.

Mrs. Perkins: Why did you get an arithmetic coach for Martha Jane?

Mrs. Preston: Because the arithmetic teacher doesn't know anything. She told my child that IV spells four, and anybody ought to know that it spells ivy.

Miss Latham: Roy, what ten books would you choose to have if you

were to be cast away on a desert isle?

Roy Ruten: Well, if they were English books, I'd take just three and seven boxes of matches.

First Student: "Do you think all of our teachers really see things in their true light?"

Second Student: I doubt it. Some of them seem to be suffering from "I" strain.

Clever Answers on Exams.

1. A filibuster is a bird.
2. The principal parts of the verb "burst" are burst, bursted, and pop.
3. The three persons of pronouns are person, personal, and personality.
4. The Sahara Desert is a big thing. It is six rods long and four rods wide.
5. Fishing is important in New England States because you can sit on the banks and fish.

portant report on Texas hospitals. The report will be brought by Robert Jolly of Houston and a program for endowment of the institutions, including Baylor hospital, is expected to be presented at this meeting.

# MIDLAND Drug Co.

## Cut-Rate Drugs

We Deliver—Phone 258  
Barney Greathouse

**FAIR TOMORROW ...and Every Day**

• Prices in our Prescription Department are fair—always. Our charges are computed upon actual costs, rather than upon haphazard "guessimates."

To the cost of ingredients and labor, we add a small percentage for "overhead" expense—to cover such items as rent, light, taxes, etc., and a modest profit. Frankly, our costs are low because our volume is large. We make a business of filling prescriptions, and the emblem pictured below is your assurance of fresh, potent drugs and expert service—at all times.
