Midland University club held its monthly dance for March in the form of a "kid party" in the Crystal ballroom of Hotel Scharbauer Saturday night.

"Kid" costumes and a supply of lollypops brought back the atmosphere of childhood to the ballroom. In keeping with the theme of the dance, prizes of toys were presented for winning costumes as follows: Girls, Miss Lily Freeman first, Miss Bob White second, Miss Jean Burson third; boys, Ish McKnight Jr. first, Bill Crothers, second, and Jack Walker third.

Jack York and his marimba and "Thirteen Gentlemen of Swing" furnished music for dancing instead of Scott Cameron's orchestra as first announced. The York orchestra is from Lubbock and composed mostly of Tech students. Miss Jean Higgins and Sonny Burch were featured as soloists.

University club members present were: A. L. Attaway, R. H. Alagood, Mr. and Mrs. R. S. Anderson, J. J. Bailey, E. A. Beasley, Mr. and Mrs. Dick Blunden, J. G. Byrne, Leo Brady, Mr. and Mrs. C. C. Cool, Roy J. Downey, Mr. and Mrs. Allen Dorsey, Gordon Elderkin, Mr. and Mrs. W. J. Z. German, Mr. and Mrs. Francis Falcon, Jay Floyd, Marion Plynt, Mr. and Mrs. E. S. Hitchcock, Jack Harrison, J. H. Herd, Dick Hamlin.

Mr. and Mrs. J. A. Jorgensen, Mr. and Mrs. Fred Kotzky, Mr. and Mrs. Robert E. King, Boyd Laughlin, Jack Lawton, Mr. and Mrs. Ish McKnight Jr., Mr. and Mrs. B. G. Martin, J. F. Malloy, David Montgomery, Vann Mitchell, Mr. and Mrs. L. S. Page, David H. Pennel, John Porter, Phillip H. Sheridan, W. E. Shipp, James T. Smith, Mr. and Mrs. H. L. Straughan Jr., Mr. and Mrs. H. J. Stumm, Mr. and Mrs. L. A. Tullios, E. P. Van Zant, Mr. and Mrs. Charles West, Mr. and Mrs. M. L. Weatherall, Mr. and Mrs. Bob White, James Walker, C. F. Wilson.

Guests for the dance were: Miss Gladys Harrell, Mrs. Jessie Parsons, Miss Catherine Leach, Miss Ruth Lusk, Miss Modine Hagler, Mr. and

## Check List for Family Size Vegetable Plot

What should be grown in the vegetable garden which is intended to produce a full supply of fresh food for the summer, and canned food for the winter?

This naturally depends on the taste of the gardener and his family. The staple vegetable crops which should be considered and grown if they are not disliked, include the following:

Beans	Parsnips
Lima Beans	Parsley
Beets	Peppers
Cabbage	Onions
Carrots	Peas
Cucumbers	Radishes
Lettuce	Swiss Chard
	Tomatoes

Eliminate as many of these as your family has no taste for, and if you have plenty of room add sweet corn.

One of the advantages of the home garden is that uncommon and hard to buy vegetables and seasoning aids can be grown. They need not take up much space as your carrots or lettuce, but it is well to get acquainted with a few new things every year, and get the benefit of the variety.

Choose some of the following as experiments. There is no need to allot much space to them this year unless you are sure they will be welcomed at mealtime: Brussels sprouts, a good fall crop; celery, broccoli, the green sprouting types; Chinese cabbage for late salad material; chicory, collards, corn salad, eggplant, celeriac for seasoning; cress, kale, kohlrabi, leeks, melons, mustard greens, pumpkins, if you have the space; okra, salsify, squash, vegetable marrow, turnips

## Style Show Will Open at 8 o'clock This Evening

Final preparations are being made today for the fourth annual style show of the Episcopal auxiliary which will be presented in the Crystal ballroom and on the mezzanine of Hotel Scharbauer this evening at 8 o'clock.

Newest of the season's styles will be presented by Midland models representing the following stores: Everybody's, the Fashion, Gwen's, Kiddies Toggery, Smith's, Wadley's, and Wilson's.

Forty-three models, including several children, are scheduled to take part in the show.

Mrs. E. H. Ellison is in general charge of the affair, assisted by committees under the following chairman: Contacting committee; Mrs. I. E. Daniel; property, Mrs. Don Sivalls; publicity, Mrs. C. D. Vertrees; tickets, Mrs. R. E. Kimsey; arrangements, Mrs. R. B. Dewey; music, Miss Frances Gillett.

A program of music and dances will be presented in addition to modeling of the fashions.

Mrs. J. M. Foster and Mrs. R. C. Tucker will announce the mannequins.

## Talks, Election of Officers to Mark PTA Program

## Study Programs Are Presented By Endeavors

"The City Churches and Their Relationship to Christianity" was the subject discussed by the Senior Endeavor in its meeting at the First Christian church Sunday evening.

Billy Joe Hall, president, was in charge of the meeting and Nell Ruth Bedford was program leader.

Taking part on the program were: The leader, Billy Noble, Elma Jean Noble, Doris Lynn Pemberton, Marvin Park, Jimmie Pickering, John Pickering, and H. G. Bedford Sr., who was a special guest speaker.

The meeting closed with the Endeavor benediction.

## Mrs. Richardson Is Hostess to Bridgette Club

Entertaining at the home of Mrs. S. O. Cooper, 1209 W. Illinois, Mrs. E. D. Richardson was hostess to the Bridgette club with a bridge party at 2:30 o'clock Saturday afternoon.

Two tables of bridge supplied diversion for the group with Mrs. J. K. Kelly holding high score and Mrs. A. H. Riley second high in the games.

A refreshment course was served at the close of play to: Mesdames Kelly, Riley, Cooper, S. M. Warren, K. S. Blackburn, Bill Van Huss, A. E. Horst, W. B. Stowe, and the hostess.

Junior Intermediates Meeting in the afternoon, the Junior-Intermediate Endeavor held Mrs. Zach Reader present a scripture reading after the song service.

The topic of "Encouraging Good Habits" was discussed by Charles, Adah Belle, and Leroy Reader, Raymond Mann, Betty Ruth and Eloise Pickering, and Frances Collins.

Raymond Mann played a piano solo as a special number.

After a circle of sentence prayers, the benediction closed the meeting.

About ten were present.

## League Will Have Council Meeting Tuesday Evening

Inez Pittman was program leader at the meeting of the Senior League of the Methodist church Sunday evening.

"Methodism as a Missionary Church" was the subject discussed. Mrs. Guffey offered the opening prayer and topics on the missionary prayer of the church were discussed by Mary Ruth Roy, Lois Guffey, and Mrs. J. L. Barber Jr.

Mrs. Barber led the song service with Mrs. Lige Midkiff at the piano. Miss Ruth Tidmore presided over the business meeting.

It was announced that council meeting will be held at the home of Mrs. Barber Tuesday evening at eight o'clock.

About 13 were present.

# MIDLAND VOTED INTO WTNM AGAIN; PLAYING MANAGER IS HIRED

## Six-Club League Assured; 2 More Teams May Enter

Six clubs announced ready and two others indicated they might be ready in a few days at the annual meeting of the West Texas-New Mexico League held Sunday in Lubbock.

Midland for the third time, was made a member of the league, along with Lubbock, Big Spring, Abilene, Clovis, and Amarillo. Lamesa announced ready but acceptance of the town into the league is being delayed ten days in order to know whether or not Pampa will become a member.

Directors of the Midland club after being voted a franchise in the league, chose a playing manager for the season and announced signing of players would be started immediately. The directors signed Jimmy Kerr, a young catcher who was with Dallas and Shreveport last year, as manager.

Kerr was hired after being highly recommended by Harry Faulkner, president of the Lubbock club. The Midland directors were anxious for a playing manager this year and Faulkner declared they could not make a better choice than Kerr. Kerr, who throws right and bats left, broke into organized ball in 1935 when he was with the Hollywood club. The next year he was with San Diego and in 1937 was with Kilgore. During the latter part of that year he managed the club. Last year he served with the two Texas league clubs.

Prior to breaking into organized baseball, Kerr spent four years in the Marine corps. He jumped directly to the Hollywood club after his term of enlistment was over.

Faulkner, who is in charge of operations of the Chicago White Sox in Texas, said he would aid Kerr in his hunt for players during the next month. Kerr is to come here on Wednesday, confer with officials regarding the set-up for the year and immediately start on a search for playing talent.

At the league meeting, President Milton Price was re-elected for his third term and Arthur "Daddo" Johnson of Midland and Jake Campbell of Clovis were elected vice-presidents.

Approximately 75 men were on hand when the meeting was opened Sunday morning, a dozen of them being from Midland. After roll call, the directors of the league voted to transfer the Midland franchise to Abilene and the Hobbs franchise to Amarillo. The Wink franchise was declared vacant. Midland, was then voted into the league to make the sixth member.

The directors voted to raise the salary limit from \$1,000 to \$1,100 for this year, but the player limit is to remain at 14 men. Each club will carry six first year men, five non-clubmen and three class men.

### Baseball Training Started at Baylor

WACO, Tex., Mar. 6.—The Baylor Bears opened their training for the coming Southwest conference baseball title chase here this week as 32 players reported to Coach Morley Jennings for the initial practice drill of the season.

Included in the lot were only three letter men from last year's team which finished second in the loop play, but the graying Bruin mentor was more than pleased with the prospects which included several promising sophomore performers and said that this year's team ought to be stronger than that of last year.

"One thing is sure, the club will be faster than the '38 nine and if our pitching comes through we might be able to give the top teams a battle for the top spot in the loop standings. Our catching, infield and outfield play should be much stronger and if our hitting is up to par, the Bears are going to be

# BLACK MOUNTAIN COLLEGE SPORTS THRIVE ON \$12.80 DURING YEAR

By DICK DASHIELL  
NEA Service Special Correspondent

Asheville, N. C.—Hundreds of athletic directors will turn green with envy as they read this.

The cost of athletics at Black Mountain College is about 2.6 cents a month per student, or a total of \$12.80 a year for the entire student body as there are only 50 pupils at the unique little school nestled in the steep Blue Ridge Mountains of western North Carolina.

Compare this with \$595,352 expended at Yale University in 1938, for example.

And Black Mountain students enjoy an even wider variety of sports than those of the so-called big time colleges.

Corn husking, for instance, usually is a boring chore reserved for hired men, but not at Black Mountain. Students filled the basement of the gymnasium of an evening with flying shuck and nubbins.

Another pastime which generally comes under the head of manual labor, but which is fun at Black Mountain College, is . . . digging post holes. The students, co-eds included, chop trees and dig holes to prepare the way for the erection of telephone wires, fences, and one thing and another. They build fences themselves.

MOUNTAIN BROOK PROVIDES WATER FOR SWIMMING POOL

This is not to say the more conventional sports are not included in the program. There is tennis, swimming, football, handball, volleyball, basketball, and badminton. In all these sports, including the impromptu football games, girls participate fully as strenuously as boys.

Of course there are features to playing tennis at Black Mountain not ordinarily encountered at larger schools. Courts must be scraped, rolled, and lined by the combatants.

A brook provides the water for the swimming pool . . . a big one, by the way . . . hence the lack of water bills.

A pair of brothers decided the school needed a heavy punching bag, so, in the usual unconventional manner, they purchased a second-

hand canvas feed bag for 25 cents, stuffed it with the innards of a bed tick, and punched away.

STUDENTS STUDY AND PLAY WHEN THEY FEEL LIKE IT

Educational concepts are equally as radical. Students select what courses they please, attend classes or not, depending on how they feel at the moment.

They play when they feel like it, and choose up sides as they go

Students of Black Mountain College play when they feel like it and choose up sides as they go along. Girls participate fully as strenuously as the boys.

up among the first four teams of the circuit."

The only real trouble Jennings has at the present time is to find two more pitchers to go along with Tommy Fine, ace chunker of last year who will bear most of the hurling duties. To go with Fine will be Franklin Golden, likely portside up from the frosh ranks, Bobby Roberts, righthander who saw a lot of service in high school, and Pete Creasy, baseball star who is a newcomer to the Bruin diamond ranks.

Rated as first string catcher is Babe Bryce, sophomore who starred with the freshman team last year. Bidding with Bryce for the number one backstop role is Ed Peel, unknown prospect from Mt. Pleasant who has shown plenty of promise in the early drills.

Don Haley, sensational first base candidate who gained central Texas fame last season with the Baylor Cubs and Waco Dons will probably open up at that spot, while Joe Terry, another basketball performer and Harry Tension, letterman from last year, are expected to battle it out for the hot corner assignment.

Three candidates—Lonnie Kemp and Otis Richardson, sophomores and Horace Moore, squadman—are vying for the keystone sack. All are good fielders, and the final choice will probably come on their hitting power.

As shortstop, Jennings will have James Witt, sparkplug of the Cubs last year who led the Baylor frosh

in hitting and fielding. The outfield seems to be well taken care of by lettermen Harold Bolger, Charles Holton, Jack Lummus, Adolphus Harris, Jack Willis and Johnny Lyons.

The Bruins open their season in Houston, March 17 and 18 against a leading semi-pro nine of that city.

WICHITA, Kas. (U.P.)—The old controversy over the spitball, which was settled in the major leagues years ago, is still a live issue in the organized semi-pro league.

Years ago the big leagues banned the spitball, but held that pitchers who had used it prior to 1920 could continue to use it.

Since the ruling was made the old time pitchers have dropped out of the big leagues and now the spitball, so far as the majors are concerned, is a thing of the past.

In sand-lot baseball, however, the spitball has been in use right along. In an effort to curb its use, Ray Dumont, president of the National Semi-Pro Baseball Congress, has decided that sand-lot regulations shall be similar to major league rules and that only pitchers who used the spitball prior to 1920 can use it now.

"There aren't many of these old-time spitball pitchers anymore," Dumont said, "but there are enough left in the semi-pro ranks to cause plenty of controversy."

"The sand-lot league contains many pitchers nearing the 50-year mark and these old timers can use the spitter if they grew up with it. The younger men will have to grin and bear it," Dumont said.

The rule exempting the old timers will apply to both the 1,000 leagues now being organized and to the series of district, state and national tournaments that are held annually.

Other three who placed on the Frogs' mythical five are Frankie Carswell, Rice guard; Pete Creasy, Baylor forward; and John Adams, Arkansas forward.

Texas A. & M. was the only team that failed to gain a nomination.

Pigeons Gather Pennies

FORT WAYNE, Ind. (U.P.)—The "penny mystery" at the Allen county courthouse still remains unsolved. Pigeons are suspected of collecting 29 pennies, most of them Indian heads, and depositing them outside the window of one of the offices on the third floor of the courthouse on the outside sill.

### Senators Get 'Cannon Ball' Cuban Rookie

By PAUL SCHEFFELS  
United Press Staff Correspondent

NEW YORK (U.P.)—The Washington Senators have come up with a Cuban rookie pitcher who does everything but the rumba out on the pitching mound. Roberto Ortiz is his name and he's supposed to be faster than any pitcher in the American League except Bob Feller. He has only played one full regulation baseball game in his life but Manager Bucky Harris says he'll stick . . .

If Dutch Meyer, coach of the Texas Christian's Horned Frogs, wants to retail his formula for producing passing wizards of the Davey O'Brien caliber, he'll find buyers in wholesale lots. Everybody sympathized with Meyer when Sammy Baugh was graduated, but along came O'Brien. Now they're all feeling bad at the passing of Davey but Meyer predicts that Charlie Ode will make you forget 'em all . . .

Oklahoma Produces Grapplers

Professionally, wrestling may be a flop but down at Oklahoma A. & M. they go in for the sport in a large way because they have the greatest wrestling team in the nation. In 21 seasons the team has had 17 undefeated seasons and lost only five meets against 121 victories and four ties. From 1921 to 1932 A. & M. ran up a string of 70 consecutive dual meet victories. The mat men have lost only one meet since 1932 and have won nine official and unofficial national team titles. They also have claimed six national A. A. U. team titles . . .

"Wild Bill" Boyd, latest heavy-weight protege of Jack Dempsey, was the only man ever to win the All-Navy heavyweight title two years running . . .

Doc Prothro, new manager of the Philadelphia Phillies, who is tackling the National League's most important reconstruction job, has at least one player on his roster to arouse enthusiasm. He is Merrill May, third baseman up from the Newark Bears. May batted .331 last season in the International league and drove in 108 runs.

Poin Dexter Also Promising

Another player that brings a smile of confidence to Prothro's face is Jennings (Dink) Poin Dexter, southpaw who was on Prothro's staff last year at Little Rock. Tom Sunkel, last year's strikeout king with the Southern Association is with the St. Louis Cardinals now but under Prothro's tutelage, Poin Dexter won the strikeout championship in 1936 and broke a league record by bunting 17 of them in one game.

Ed Goddard, star halfback of the Cleveland Rams' professional football team, who is taking post-graduate work at the University of Southern California, has been offered a baseball contract by the Cincinnati Reds and expects to report to Ogden, Utah, a Red farm, at the close of the semester in June. ### Arabian Nights Romance May Forge Cultural Axis for Ancient Lands

CAIRO (U.P.)—An Arabian Nights wedding of the 25-year-old Crown Prince of Persia and the beautiful Princess Fawzia, 17-year-old sister of King Farouk of Egypt, may be the starting point of an "Arabic Axis," observers believe.

The wedding is set for early March, and the Crown Prince plans to arrive at Alexandria on March 3 with an entourage of high officials, returning to Persia with his bride on April 2 or 3.

For several months Princess Fawzia has been choosing her trousseau in Paris with her mother, the Queen Mother Na'ili, and her sisters.

Some political observers believe it is possible that a fully armed Egyptian, with Persia, Syria and Arabia, could form a strong cultural, but non-military defense league, which would have a powerful influence in mediation on situations similar to that existing in Palestine.

It is not believed that such an

axis could have a military character because it could never compete with the powerful armed nations of Europe.

The two people whose wedding has given rise to this political speculation apparently are admirably suited.

Princess Fawzia has large hazel eyes, smooth olive skin and lustrous black hair. Reared as a member of a large family—her education directed by the King and Queen, Princess Fawzia is an accomplished young woman.

The Crown Prince inherits his father's vigor and powerful constitution, as well as his love of outdoor sport.

"Piggs" Become Paiges

SEATTLE (U.P.)—Mr. and Mrs. Butler R. Paige and their three sons haven't had their surname long. Recently the King county superior court permitted them to change the last name, because it caused "inconvenience in the social and public relations of all members of the family." The old name was Pigg.

Far-fetched? Of course. But it's a good-humored way of calling your attention to a serious fact: Intelligent reading of the advertising pages will save you time and money.

# NEBRASKA SET FOR FIGHT AS STATE, PRIVATE INTERESTS CLASH ON POWER

Nebraska's "little TVA" irrigation and power project . . . flung across the lower half of the state . . . private companies fight the 1000-mile power transmission system indicated by power lines

BY MARK HOWARD,  
NEA Service Special Correspondent  
LINCOLN, Neb. — The six-year fight by private utility companies on Nebraska's "little TVA" power and irrigation project moves into a new and crucial phase.

upon the legislature to fasten regulatory curbs on the state's three public power districts which were created in 1933 as self-liquidating hydro-electric and irrigation projects.

The power interests ask state regulation of hydro-electric rates and demand taxing of the property of the districts on the same scale that the property of the private companies always has been taxed.

Senator George W. Norris, father of the districts and the unicameral legislature that holds some of the districts' fate in its hands, counter-attacks the "power trust" following launching of its new drive. He is supported by PWA officials in Washington.

"If the people of Nebraska want to kill the program," says Norris, "they are the ones who will suffer. The key thing in the project is the building of the 2,000,000-acre reservoir on the Platte river, fought by the power trust from the beginning. If that reservoir had been built this year there'd have been bountiful crops in the Platte valley. The water that goes down in the winter and spring to do damage farther down the Mississippi valley would have been held back."

fuel-burning plants.

DISTRICTS HAVE DIFFICULTIES.

TRI-COUNTY, Sutherland, and the Loup, common names for the three districts, have borrowed approximately \$60,000,000 from PWA since the summer of 1933. Their estimated combined capacities are enough to supply all the power now consumed in Nebraska, but only the Loup is in condition to operate at capacity.

Sutherland has had two years of serious construction trouble, and several months of testing will be required before its one huge plant will be put in service. Tri-County is not completed, and will not be until the fall of 1940. It will have three power plants, and is the costliest of the three projects.

Sutherland and Tri-County were originally organized as irrigation projects, and when completed will irrigate nearly a half-million acres of western Nebraska farm land.

Loup is only a hydro-electric project, started in an effort by Columbus, Neb., business men to stimulate local business conditions with some federal spending. Tri-County headquarters are at Hastings, Neb., and Sutherland at North Platte, Neb.

## First Aid Contest Slated for Scouts
