## Airmen Destroy 58 Nip Ships And 89 Planes In Raid

By LEONARD MILLMAN  
Associated Press War Editor

Hundreds of carrier-borne American planes, ranging within 200 miles of Japan, struck at the Ryukyu Islands Monday in their boldest attack of the Pacific war, destroyed 89 planes and sank or damaged 58 surface craft.

Tokyo radio Wednesday 400 torpedo planes, bombers and fighters participated in the surprise raid. It said they came in four waves, from dawn until mid-afternoon, roving over 500 miles of the Island chain between Southern Japan and Formosa.

The attack, the first in the area at the very gates of the East China Sea, failed to stir out the Japanese home fleet or the air armadas based in Nippon and Formosa, both of which should have been within range of the American carriers.

**Closest Approach**

It was probably the closest approach to Japan of any great U.S. naval force during this war. Admiral Chester W. Nimitz reported that no supporting ships were damaged and losses to Vice Admiral Marc A. Mitscher's carrier planes were light. Tokyo asserted 26 attacking aircraft were shot down.

Nimitz announced that all Japanese "ships that could be found were attacked and severe damage was done to shore installations." He listed 12 ships, including a destroyer. (Continued on Page 5)

## Oil Increased In Dawson Wildcat As It Drills On

By JAMES C. WATSON  
Oil Editor

Richmond Drilling Company No. 1 Nelson, Northwest Dawson County possible commercial discovery in section 34, block M, EL survey, two and one-half miles north of the lone producer in the Welch pool, was making hole below 4,854 feet, and was reported to have about 2,500 feet of free oil in the hole. That was an increase of about 500 feet of oil since drilling by the 4,835-foot level.

Likely the operator will drill ahead to about 4,860 feet, and then start balling to determine how fast oil is coming in the hole. No water had been encountered.

Humble Oil & Refining Company No. 1 Federal-Leonard, section 12, 26-37e, Southeast Lea County, New Mexico, discovery for Ellenburger production, has apparently reached its bottom.

**Found Water**

A two-hour drillstem test at 11,948-958 feet, had a recovery of 460 feet of sulphur water when the pipe was broken down. The well (Continued on Page 5)

## Contributions By Mail Help Meet United War Chest Campaign Quota

More checks, payable to the United War Chest, are arriving by mail, but there are not enough to get far toward meeting Midland County's \$19,327 quota, Chairman R. L. Miller said Wednesday.

Midland still lacks \$7,146.15 of meeting its quota, as he announced contributions so far total \$12,180.85.

Appreciation was expressed by Miller for the splendid and enthusiastic work done by persons who have been working in the campaign, but stated there are not enough workers to canvass the residential districts.

He suggested it would be a splendid and patriotic project for some civic organization to assume the job of canvassing the residential district. With sufficient workers the project could be completed within two days, Miller pointed out.

**Three Counties Are Over Top**

Frank L. Slaymaker, district United War Chest chairman, was in Midland Wednesday and reported two counties of the district have gone over the top. Concho, Crockett and Sutton counties finished in almost a dead heat in meeting their quotas, he said.

Campaign officials were conferring Wednesday to devise plans whereby the campaign could be completed this week with Midland well over its quota.

Miller called attention again to the need for more persons to mail

## Memel Now Surrounded By Russians

LONDON—(AP)—The East Prussian port of Memel is surrounded by Russian troops who have reached the Baltic Sea north and south of the city, the Berlin radio announced Wednesday.

Earlier, the enemy said that the Russians had launched two heavy attacks north of Warsaw and that the German army had abandoned its frontier bastion of Taurage, just across the border in Lithuania from East Prussia.

Memel is the northernmost town of Germany. It was taken from Prussia by the Allies after the last war. Hitler seized it from Lithuania in a bloodless coup on March 21, 1939. It lies at the north end of Kurisches Haff, a Baltic lagoon, and 72 miles northeast of the East Prussian capital of Konigsberg. Its spacious harbor is protected by fortifications.

**"East Prussia Attack Open"**

"The autumn offensive is in full swing," Berlin said. "It may now be said that the general attack on East Prussia has opened. This offensive was expected. The thrust past Lomza (in Northern Poland) is directed toward Allenstein and Danzig, and the thrust from Memel is toward Tilsit and Konigsberg." (Continued on Page 5)

## Exploding Flywheel Causes Irish Scare

DOUGLAS, ISLE OF MAN—(AP)—This island town in the Irish Sea had a brief air raid scare Wednesday night when a 20-ton fly wheel in a powerhouse suddenly disintegrated, hurling chunks of steel over the landscape within a radius of a half mile.

No casualties were reported.

Sketch above is Mechanix Illustrated's conception of another vaunted German "secret weapon," the "piggy-back" bomb. An ME-109 is mounted on an obsolete JU-88, which is pilotless and loaded with 4000 pounds of explosives. On reaching goal, Messerschmitt pilot releases the robot plane, guides it onto target by radio. Slow speed of the gadget makes it easy prey for Allied fighters and ack-ack gunners.

## Farm Vote Bloc Hogs Attention

By The Associated Press

Renewed attention to the farm vote brought into the presidential campaign Wednesday a Republican word picture of the American farmer as a man harassed by "overlapping control agencies" and a Democratic assertion that under the New Deal once poor soil has been made to bloom.

Those talking were Republican Governor Schoepel of Kansas and Secretary of Interior Ickes. Schoepel, campaigning at Benson, Minn., for the Dewey-Bricker ticket, complained of "government by directives issued by irresponsible bureaus," and said: "Administration Reversed"

The basic philosophy of the New Deal in 1933 was one of scarcity in agriculture. x x x Later the administration reversed this scarcity position and called for greater production. But reversal did not come soon enough to prevent serious scarcities in domestic food."

Ickes pegged his argument, at Salt Lake City, largely on what he called "a campaign accusation" by Governor Dewey that President Roosevelt's administration has neglected the West.

The cabinet member, whose department includes the reclamation bureau, told of its work in irrigating Western acreage to such an extent that "the average crop value per acre has increased from \$30.10 under Republican reaction to \$95.84 today."

## Truman Wants South

While Ickes was speaking to Westerners, the Democratic vice presidential nominee, Senator Truman, told a news conference at New Orleans that he can not believe that the South will turn "against the Democratic Party," that "I can't imagine Southerners voting for a man like Dewey."

Senator Pepper (D-Fla.) told a news conference that John Foster Dulles, Dewey's foreign affairs adviser, is offering "an open threat that members of his own party will repeat their performance of 1920, when they destroyed peace, unless Mr. Dewey is elected."

Pepper based this on a letter purportedly written by Dulles, which said Senate support for a peace program "will come more readily" if Gov. Dewey is president than if Mr. Roosevelt is re-elected. Dulles declined comment.

### Weather

Partly Cloudy.

## WAR AT A GLANCE

By The Associated Press

**WESTERN FRONT**—Germans refuse to surrender Aachen, Americans begin city's systematic destruction.

**EASTERN FRONT**—Berlin says Memel surrounded by Reds; Soviets gain in South, launch two attacks north of Warsaw.

**ITALY**—Rain again holds Allies to short gains.

**PACIFIC**—U. S. carrier planes down 89 Jap planes, sink or damage 58 ships in strike at Ruukyu Islands within 200 miles of Japan.

## Soviets Intensify Campaign

By EDDY GILMORE  
MOSCOW—(AP)—Russian troops fought within seven miles of Memel and 15 of the East Prussian rail center of Tilsit Wednesday after slashing to the Baltic sea above the port, cutting land routes for up to 150,000 Germans still in Latvia and Lithuania. Yet another death trap was being fashioned in a Soviet drive south-east of Memel, which Hitler annexed to East Prussia early in 1939 from Lithuania.

Advancing along the last 50 miles separating them from the sea south of Memel, the Russians swept along the Nieman river in a lightning move which appeared likely to cut off from three to five enemy divisions between Taurage and Kirisches Haff.

Then German divisions, totaling perhaps 150,000 Nazis, were trapped Tuesday in a Lstyan pocket north of Memel, when Gen. Ivan C. Bagramian's battering ram overran the Baltic beaches 15 miles above the besieged and shell-rocked port.

Red Army forces southeast of Memel were less than 18 miles from the German communications center of Tilsit, in East Prussia, and eight miles from East Prussia's northern frontier. Only 48 miles of the Nieman River—the Germans' defense line along the entire north of East Prussia remained in Nazi hands.

**Shelling Reported**

(A Moscow dispatch received in London by Reuters, British news agency, said Red Army artillery had begun shelling of Tilsit with heavy batteries brought to advanced positions on the Memel front.)

Red air force bombers and fighters attacked German shipping at Memel and Riga, with low-flying Stormoviks joining the assaults on transports and warships in both harbors. Other aircraft bombed and strafed convoys and individual vessels. (Continued on Page 5)

## Bad Weather Still Mires Allied Efforts In Northern Italy

ROME—(AP)—American troops, still slowed by rain and deep mud, have reached the southern outskirts of Livorno, 11 miles due south of Bologna on highway 65, and advance elements there are meeting fierce German counterattacks, it was announced Wednesday.

The pace of the fighting along the Italian battlefield generally was reported retarded by adverse weather.

West of the highway, too, the Germans were fighting for every mad pace, but some progress was made in the drive for Bologna and advance elements were approaching Vado, 12 miles to the southwest. South African troops were reported locked in bitter fighting on Mount Stanco, just west of Grizzana on the American left.

The Eighth Army appeared to be making some progress in the hills of the Adriatic front despite almost constant rain. British and Indian troops reached the summit of a new ridge extending from Montigallo to Mount Farneto, northwest of San Marino, and threw the Germans out of a few houses they attempted to hold in the villages of Roncofreddo and San Paolo.

Air operations again were restricted by the weather, but there was some activity against rail bridge and gun targets by fighters and fighterbombers. Five Allied planes were lost from about 800 sorties.

## China Estimates Postwar Needs

WASHINGTON—(AP)—China figures it will need almost \$3,500,000,000 worth of relief supplies in the first year after liberation, and has asked the United Nations Relief and Rehabilitation Administration to provide \$945,000,000 of this total.

## Road To Berlin

By The Associated Press

Western Front: 302 miles (from west of Duren).  
Russian Front: 310 miles (from Warsaw).  
Italian Front: 560 miles (from Bologna).

Capt. Henry W. Brown, above, of Arlington, Va., is America's newest Number One Ace of the European theater of war. He's credited with 30 German planes.

## Stalin Praises Allied Efforts

By DANIEL DE LUCE  
MOSCOW—(AP)—Talks between Prime Minister Churchill, Premier Stalin and their aides moved forward Wednesday on a new note of harmony sounded at a state banquet Tuesday at which the Soviet leader warmly praised British and American contributions to victory and toasted postwar Allied collaboration.

Twice during the elaborate three and one-half hour luncheon in the Sverdlovka Palace, Stalin rose to emphasize the ties binding Russia and her Western Allies.

The first time, he solemnly emphasized the need for postwar cooperation in the interests of international security declaring that "peace loving nations are never prepared but aggressor nations always seem ready." This, he said, must in the future be avoided.

Later, after other speakers had acclaimed the Red Army's triumphs, Stalin asserted that Russia could not have done what she has done without the aid of the Allies.

**Stalin Lauds Allies**

He praised the military might gathered by the United States and Britain, singling out for particular comment the high quality of British-American planning and the work of the Merchant Marine of both countries.

Turning toward U. S. Ambassador Harriman seated on his left, the premier emphasized Russia's gratitude for the great material aid given by the United States.

Previously, in referring to the achievements of Allied statesmen in drafting the Dumbarton Oaks security plan, Stalin also had turned to Harriman and paid a special compliment to Secretary of State Cordell Hull.

## Planes Bombard Supply Depots

LONDON—(AP)—Military targets in the areas of Cologne and Coblenz, key supply points close behind the Western Front, were attacked Wednesday by American Flying Fortresses, escorted by long range Thunderbolts and Mustangs.

The attack was carried out by a smaller force than usual, indicating hundreds of heavy bombers possibly were being used in the assault on Aachen.

## Decorated

(Navy photo from NEA) First Navy nurse to receive the Bronze Star medal—awarded for her meritorious service as chief nurse of a fleet hospital in New Caledonia—is Lt.-Comdr. Faye E. White, above, pictured at Washington, D. C., shortly after her return from the Pacific.

## Guns And Bombers Begin Leveling City Hour After Expiration

LONDON—(AP)—Massed American big guns and dive bombers opened an assault to destroy Aachen Wednesday after its commanded rejected a surrender-or-die ultimatum.

Heavy 8-inch guns, 155-mm. Long Toms, and 105-mm. howitzers thundered in an obliterating barrage and bombers hurtled down on the surrounded city. By refusing to accept the 24-hour ultimatum for unconditional surrender or complete destruction, the German commander had sealed the doom of the city and its 1,500 SS troops.

Gunners loosed the first salvos at noon, an hour and 10 minutes after the expiration of the ultimatum.

As a test case, Aachen indicated the Nazi leadership will see their cities destroyed rather than yield.

White flags appeared over many of the ancient buildings of Aachen before the ultimatum expired, but they apparently were hung by civilians, hiding in cellars of the already badly-damaged city, remained of Aachen's 165,000 pre-war population.

**Ring Tightened**

As the blows to level Aachen began, First Army men closed the ring tighter about the city. To the north they seized Scharfenberg and Bardenburg, advanced to Wurselen, and mopped up Germans in the southern part of Haaren, northeast of Aachen.

South of the siege site, Third Army men and Germans battled underground in a winding tunnel at Fort Driant before Metz, ricocheting bullets off the walls. Doughboys and Germans were so close they could hear each others' orders.

The fierce struggle for surface positions in the fortress continued unchanged. Farther south, Americans virtually cleared the enemy from (Continued on page 2)

## USDA Reports Delayed Harvests But Fine Pastures

AUSTIN—(AP)—Rains and wet fields have delayed harvesting and other field work, but moisture conditions are highly favorable for ranges and pastures and for growth of late feeds, the United States Department of Agriculture reported Wednesday.

Reviewing farm and ranch conditions for the week ending Oct. 9, the USDA reported:

Cotton was opening rapidly in Northern, Northwestern and Western areas, and much was ready for pickers as intermittent rains again delayed harvest and lowered grades. Many North Central counties were at the peak of harvest and picking was still active in South Central counties, when weather permitted.

Livestock held their recent gains and were in good condition. Stock water was generally adequate and pastures were in excellent condition, with the exception of a few Eastern counties where general rains would be helpful. Prospects for winter grazing and feed appeared favorable.

## War Bulletins

LONDON—(AP)—The Germans rushed up troops Wednesday night in efforts to reinforce Aachen, which American artillery and planes were pounding after the Germans rejected a surrender ultimatum.

LONDON—(AP)—The German radio reported Allied bomber formations over Western Germany and also over the lower Danube, indicating a scissors play by the U. S. Eighth and 15th Air Forces from Britain and Italy.

STOCKHOLM—(AP)—All men and women remaining in Vinena and the lower Danube district of Austria have been ordered to report immediately to erect fortifications, the German-controlled Scandinavian Telegraph Bureau said Wednesday.

NEW YORK—(AP)—Cluj, capital of Transylvania and sixth largest city of Romania, has been captured, the Romanian command said Wednesday in a special broadcast communique.

## New Partnership A-Borning

When Earl Browder was Communist candidate for president he spoke as a Communist. But no more. He has packed the party in camphor for the duration. So when he made a speech the other night in New York it sounded, in tone and spirit, like a lot of other campaign speeches this election year.

It was on the wild and extravagant side, which is in the best political tradition. It predicted everything just short of the end of the world if Dewey should be elected.

Browder's logic was no more flattered by close examination than that of most campaigners. His thesis seemed to be that since Dewey objects to Communism in America, his election would wreck all hope, of world peace, and would invite every country in Europe to plunge into immediate civil war. Browder's thought, once the sulphurous smoke had drifted away, was basically similar to that of Harland H. Allen's booklet, "The Businessman's Stake in America-Soviet Friendship."

Allen doesn't sound like a Communist. He is a consulting economist with his own investment management business in Chicago. His main interest, judging from the booklet, is in private enterprise and the interests of businessmen and investors. And for the sake of those interests he feels any postwar friction with Russia might be ruinous.

The war's end, says Allen, will find this country and Russia in possession of most of the world's military and industrial power. He suggests the possibility of their fighting it out, as Rome and Carthage did 2,000 years ago, or collaborating, as the United States and Russia have in the matter of sea power during the last century.

Allen makes other sound and obvious points: that Russia offers an excellent postwar market; that we aren't the only country she can trade with; that Russia has licked tough enemies like transportation bottlenecks, food shortages and industrial disruption, as well as the Nazis; that this took resourcefulness and character that can work wonders in peace as well as war; that American-Soviet harmony is about the best guarantee of world security.

These may have been some of the things Browder was driving at, though certainly for different reasons. But the point is that the considerations favoring good relations with Russia must be apparent to more thinking Americans—including Roosevelt, Dewey, Browder and the National Association of Manufacturers.

We shall probably get along with the Russians and do business with them so long as businessmen have enough voice to be heard in the White House, whoever is living there.

What they say won't please Browder, or speed the revolution. For what business will be urging is a relationship which, oddly enough, should do a lot toward keeping American capitalism a healthy, prosperous, going concern.

BUY WAR BONDS AND SAVINGS STAMPS

## No Fear Of Farm Surpluses

Danger that the United States is heading into a period of unmanageable farm surpluses is being played down in Washington as the same kind of a scare that didn't materialize back in the winter of 1942-43, when some dour prophets were predicting that the country faced famine.

What has subscribed a good many farm experts in this war is the ability of the United States to consume farm products. More foods and fibers have been chewed by the human beings, livestock and machines than the economists ever thought possible.

Milk consumption is an example. For years the nutritionists have been telling people that milk was the best food in the world. This wasn't wasted effort, but it didn't do nearly as much good towards increasing milk consumption as the increased purchasing power of the country. As soon as people got more money to spend, they started buying more milk.

Demand for farm products has been greater than the supply, all through the war. Bureau of Agricultural Economics, in its latest "Demand and Price" report, says that this present high demand is going to continue even though there will be big changes in the general business situation after end of the war in Europe.

## "It's Better Than Nothing, Isn't It?"

## German Official's Diary Found In Aachen Describing Nazi Retreat

By HAL BOYLE  
HEERLEN, HOLLAND—(AP)—A German federal officer writing in his journal, described the Nazi army retreat from Holland into Germany as "a disgusting sight" and pictured the decaying of a once great military machine.

The journal was written by a Nazi official whose home was in Holland but whose office was across the border in Aachen, Germany.

"He also had a list of members of a German officers' and wives' association in Aachen," said Lt. Robert Kline, Mt. Pleasant, Mich., "and 25 of the 36 members were widows."

Excerpts from the journal follow:

"Streets were filled with retreating columns... for a real German it was a disgusting sight to watch the troops pass by... The road from Maastricht to Aachen was jammed during the first few days with long columns of men and all types of vehicles.

"Some soldiers have stayed in my tent drinking whiskey and listening to the radio. One unit of 20 men had three large radio sets

in their cars... others are spending their time stealing chickens, ducks and other things. They say that they have to stay because their horses are too tired. This seems strange to us as they do not much love their animals. They finally leave after we reported them to officers.

The soldiers who stayed in my tent told many stories of their action against the enemy and of their heroism. In the morning they are arrested by an officer because they had avoided fighting the Americans and were shirkers.

"Himmeler Speaks"

"Himmeler himself has visited Aachen and Maastricht and his opinion was that evacuation of Maastricht was unnecessary. However, the evacuation of Aachen was finally ordered by Hitler himself. The railroad is supposed to have one train a day to shuttle people from Aachen to Cologne. Everyone is surprised to hear of the evacuation, which is in the hands of the party.

"The Americans have come. This morning I was passed by an American tank with a ten-man crew. The Americans did not bother with us civilians. All the village is talking about the ten Americans who want to church to receive communion. The villagers say 'these seem to be a different kind of people from the Germans who persecuted the Catholics.'

"I have been reading an American propaganda paper. Of course it contains many lies but we are so starved for news that we read it and try to tell what is true. People have said that trains carrying the refugees went only part of the way to Cologne and let the people out in the country to shift for themselves. Those that did get into Cologne found no place to go and no one to care for them. We do not know what is happening... the talk is so confused... the stories are very discouraging."

## Nazis Choose -

(Continued From Page 1)

Parroy forest, and scored gains east of Luneville and Epinal. A house-to-house fight was on for Maltzere, six miles above Metz.

Canadians sliced the main highway connecting the Schelde estuary island of South Beveland with the Dutch mainland, lopping off the escape route for thousands of Germans holding there who have prevented Allied use of Antwerp port.

**Widen Beachhead**

To the southwest, other Canadian infantry widened their Schelde River beachhead to four miles, and drove three miles inland in the backdoor assault on the Germans below the Schelde's mouth. Berlin said this sea-borne landing east of Breskens opposite Flushing had been reinforced.

The Allies heavily bombarded the holdout port of Dunkirk on the French coast.

Southeast of Aachen, the communique reported gains to the southwest of the German town of Hürtgen and patrol and artillery action near Monschau.

**Belfort Near Capture**

West of Belfort, where the American Seventh and French First armies are striving to negotiate the Belfort gap between the Vosges and Alps, "progress has been made in the Champagne region," headquarters said. The last Allied position was reported within eight miles of Belfort.

Attention, however, centered largely on the dramatic climax approaching at Aachen. During the 24 hours which the ultimatum ran, the Allied radio at Luxembourg warned at intervals hour after hour that the defenders must make up their minds quickly, or see the city leveled.

"Achtung, achtung! The town of Aachen still has 20 minutes in which to accept the ultimatum," said one of the last warnings at 10:30 a.m.

Many high in command in Allied military circles consider Aachen a test case for all Germany. The action of the Aachen garrison may well set the pattern for sieges of other German cities as they are approached. A quick surrender or overwhelming of Aachen might mean a speedier termination of the war.

## Family Feeding Comes Secondary With Man

NEW YORK—(AP)—Holding up a half dollar, the last of seven defendant charged with feeding the bears in Prospect Park, Brooklyn, told the court: "I have a wife and three children to support and 50 cents is all I have."

"You can feed the bears but not your family. Either pay the dollar, as the others have done, or go to jail for a day," replied the magistrate.

The man sheepishly produced a dollar bill.

## Congressman Dies Opens Campaign Of Texas Regulars

FORT WORTH—(AP)—Rep. Martin Dies (D-Tex) said Wednesday he intends to stump the state in behalf of the Texas Regulars, because "Roosevelt loses Texas' 23 electoral votes he is certain to be defeated."

The Orange, Texas, congressman in a telephone interview said his Tuesday night's attack on the New Deal in an address here was just a starter and that he plans addresses soon at Houston, San Antonio, points in the Rio Grande Valley, and at San Angelo, and possibly other places in West Texas. After that he will go to Oklahoma, he said, for a round of speaking engagements.

"People of this state are anxious for an opportunity to register their disapproval of the New Deal," he stated, "and I am going to do my best to educate the citizens that by voting the Texas Regular ticket they can vote Democratic and still vote against the present administration."

Keynote Rally

Dies' speech keyed the first state-wide rally of the Regulars, the new Anti-New Deal Party in Texas which will have 23 presidential electors on the November general election ballot.

In his address Dies said the New Deal is anti-Democratic and un-American, "a form of Fascism disguised as a liberal movement to deceive gullible and unthinking people."

The representative said, in a prepared address, that as the result of his work as chairman of the House Committee to Investigate Un-American activities he had made discoveries which showed the New Deal opposing democracy as Texas and Southern Democrats know it.

Said he:

"There are certain telltale marks by which you can recognize the alien character of the New Deal. We judge men by the company they keep. The Communists, Socialists and crackpots with sure instinct of birds of prey flocked to the New Deal in such numbers that they have driven out the elements that might have kept it democratic and American."

"... the un-American character of the New Deal is shown by its policy in promoting class and racial consciousness in America. In their speeches to negroes and to the foreign-born in the East, they have said everything they could to stir up hatred against Southern people."

"There has been no demand among the negroes for social equality or the right to vote in our primaries until the New Dealers agitated the question for political purposes. The New Dealers want to build up in the South the same kind of political machines upon which they depend for elections in the East."

The "Bad Lands" of North Dakota is a weird region of lonely ridges, isolated buttes and deep gullies with many strange formations of rock and earth.

The campaign is to be "A first step toward Protestant unity, the announcement said, and will be undertaken by a newly-appointed laymen's committee. The committee includes George L. Hamilton, Sherman, Texas.

## Henry Kaiser's Yard Likes Number 13

PORTLAND, ORE.—(AP)—There's nothing half-way about Henry J. Kaiser's Swan Island shipyard, even in the way it flaunts superstition.

Friday the 13th the yard will deliver the 13th tanker from shipyard No. 13. There's be 13 persons on the launching program, and 13 diners at the sponsor's table.

## SKIN IRRITATIONS OF EXTERNAL CAUSE

Aene pimples, eczema, factory dermatitis, simple ringworm, tetter, salt rheum, bumps, (blackheads), and ugly broken-out skin. Millions relieve itching, burning and soreness of these miseries with simple home treatment. Goes to work at once. Aids healing, works the antiseptic way. Use Black and White Ointment only as directed. 10c, 25c, 50c sizes. 25 years' success. Money-back guarantee. Vital in cleansing is good soap. Enjoy famous Black and White Skin Soap daily.

Glory be!  
-Now fenders he  
Treats tenderly

## War has proved the value of considerate driving. And now this fine national habit keeps spreading.

There's been a fellow-feeling about cars. When it comes to even a dented fender it's no longer a question of who's to blame, but of sparing one another from costly slow repairs—and footwork. Some such spirit has been making live-and-let-live driving so general. It's only logical to be fully as thoughtful of your engine. You'll exercise wise foresight by having it OIL-PLATED.

You can defy internal acid corrosion... engine suicide! ... by means of OIL-PLATING. You can do it by changing to popular-priced patented Conoco N<sup>th</sup> motor oil—energized to surface your engine's interior with an acid-resistant shield of OIL-PLATING. This is the result of the special Conoco N<sup>th</sup> ingredient developed by costly pioneer research. And while fluid oil alone goes draining down to the crankcase, OIL-PLATING remains as closely attached as if it were chromium plating—keeps on serving its special purpose of hampering contact between corrosive acids and metals!

These unavoidable acids of combustion—always bad—reach their worst in cold weather, when there is rarely heat enough to get rid of acids. Hence they linger inside—aplenty. But every OIL-PLATED surface is armed against the spread of acid corrosion. That's why you want Conoco N<sup>th</sup> oil now... from Your Mileage Merchant's Conoco station. Continental Oil Company

## Twentieth Century Club Meets At Home Of Mrs. J. H. Mims

The Twentieth Century Study Club met Tuesday afternoon in the home of Mrs. Joseph H. Mims, 714 W. Storey.

Continuing the program on the British Empire, Mrs. W. G. Epley spoke on "Social Service and Conditions in Britain." The keynote of her talk was that "none shall be without food, care, or shelter, in time of sickness," stressing the excellent medical treatment which is given to all classes in England.

Mrs. Gene McCollum then spoke on "Post War Reconstruction Plans in Britain." She pointed out that building will be the most important post-war project, and that plans are being made to relocate many of the big industries to the smaller and less crowded cities.

Mrs. C. C. Thomas was voted into the club at the meeting.

Other members attending were Meses. R. L. Alkin, C. L. Chase, Harlan Howell, J. B. Koenig, Raymond Leggett, Frank Monroe, Arnold Scharbauer, W. E. Shipp Jr., and Lawrence Evans.

Mrs. Charles Collins of Fort Stockton was a guest at the meeting.

## MRS. D. R. CARTER TO BE GUEST OF HONOR OF ODESSA P.T.A.

Mrs. D. R. Carter, 900 W. Tennessee, president of the Sixth District of the Parent-Teacher Association, will be guest of honor at a luncheon given by the Odessa City Council and the Odessa Parent-Teacher Association officers at the Elliott Hotel there Thursday.

Following the luncheon, Mrs. Carter will help in reorganization of the Odessa City-Council. Later in the day she will speak at a meeting of one of the schools' P.T.A. clubs.

## ROOM MOTHERS OF NORTH WARD P.T.A. TO MEET THURSDAY

The Room Mothers of the North Ward P.T.A. will meet at the home of Mrs. L. Waldo Leggett, 901 W. Storey, at 9:15 a. m. Thursday.

Plans for the Halloween Carnival will be made at the business meeting, and refreshments will be served.

## Valley View Community Victory Council To Give War Fund Party

The Valley View Community Victory Council, which was planning to honor I. O. Sturkie, former county agent, with a farewell party Friday night at the schoolhouse, announces that although Mr. Sturkie will be unable to attend, the party will take place as scheduled.

Paper sack lunches, contributed by each family in the community will be auctioned off and the proceeds will be contributed to the War Fund drive.

Entertainment in the form of games and a musical program has been planned by the entertainment committee composed of Mrs. Herd Midkiff, Mrs. Dwight McDonald and Mrs. J. D. Bartlett.

Mrs. James Baker, chairman of the Victory Council, is in charge of the party.

## Rachel Circle Holds Regular Weekly Meeting

The Rachel Circle of the First Presbyterian Church met Monday afternoon at the home of Mrs. W. G. Whitehouse, 1505 W. College.

Mrs. L. C. Link, assistant chairman, conducted the short business session and had charge of Bible meditation. Mrs. P. R. Pattison gave the lesson for the day, entitled, "And They Prayed." She was assisted by Mrs. Nelson Puett, Mrs. P. E. Pattison, Mrs. Ray Pool, Mrs. W. T. Knight, Mrs. R. C. Crabb and Mrs. Whitehouse.

There were eight members present.

## Ballet Star Of 'Oklahoma' Scores Tremendous Success In Broadway's Latest Musical Comedy, 'Bloomer Girl'

Pert-faced Joan McCracken, whom thousands cheered for her comedy-ballet performance in "Oklahoma!" has done it again. This time cheerers were critics and first-nighters at Broadway's newest musical hit, "Bloomer Girl," wherein Joan, in 1861 hoopskirts, does a strip routine while singing "T'morra T'morra." She's pictured above during the number. "Bloomer Girl" got off to more advance excitement, seat-sales and anticipatory agitation than any show since "Oklahoma!"

## Coming Events

### THURSDAY

Red Cross surgical dressings room in the courthouse will be open from 9 a. m. to 12 noon and from 1 to 4 p. m.

Hostesses for the Junior Canteen will be: 4 to 6 p. m., Mrs. A. C. Midkiff; 7 to 9 p. m., Mrs. Reese Cleveland.

The Progressive Study Club will meet at the home of Mrs. R. A. Estes, 2109 Brunson.

The Room Mothers of the North Ward P.T.A. will meet at 9:15 a. m. at the home of Mrs. L. Waldo Leggett, 901 W. Storey.

### FRIDAY

The Red Cross workroom in Old Heidelberg Inn will be open from 9 a. m. to 12 noon and from 1 to 5 p. m.

Red Cross surgical dressings room in the courthouse will be open from 9 a. m. to 12 noon and from 1 to 4 p. m.

The Ladies Golf Association of Midland County will hold its regular Ladies Day at the club. Golf will begin at 9:30 a. m., and a 75-cent luncheon will be served at 1 p. m. All women members of the club are invited to join the golf or bridge games.

The Children's Service League will meet at the home of Mrs. Cooper

Hyde, 413 South L Street. Meeting time will be announced later.

All those planning to take the home nursing courses which will be given soon are asked to be present at a meeting of the group at 10 a. m. in the courtroom of the courthouse.

### SATURDAY

The children's story hour will be held in the children's library in the basement of the courthouse at 3:30 p. m.

The Treble Clef Juvenile Music Club will meet at the Watson School of Music at 11 a. m.

## MRS. W. H. GILMORE IS HOSTESS TO ESTHER CIRCLE

Mrs. W. H. Gilmore was hostess to the Esther Circle of the First Presbyterian Church at her home at 511 North D Street, Monday afternoon.

Mrs. J. M. Devereux conducted the business meeting, and Mrs. J. M. Hawkins presented the lesson on "Cooperation in Prayer."

Refreshments were served at the close of the meeting.

Members who attended were Meses. Vern Cubit, Joe Dobson, E. C. Hitchcock, Y. D. McMurry, R. F. Peters, Frank Stubbeman, N. B. Winter and B. B. Hutsell.

## B. AND P. W. CLUB HOLDS SOCIAL AND BUSINESS MEETING

The Business and Professional Women's Club met at the home of Miss Maria Spencer, 502 W. Storey, Monday evening.

At the business meeting, plans were made to send representatives to a conference of Business and Professional Women's Clubs, which will be held in Colorado City, Oct. 28 and 29. The club also decided to contribute \$5.00 to the War Fund Drive.

A social meeting followed the business session, and cards and dominoes were played. Light refreshments were served at the close of the meeting.

## Civic Music Club Gives Program At Regular Meeting

Mrs. H. Don Johnson, 1007 W. Illinois, led the program at the regular meeting of the Civic Music Club, which was held at the North Elementary Auditorium Tuesday night.

The program opened with a biographical sketch by Mrs. Johnson, followed by a piano selection, "Concert Etude," by Mrs. Lee Cornelius. Mrs. R. I. Diekey played, "Flower Idyl," and Mrs. Eugene Vanderpool, "Witches' Dance." A song, "The Beaming Eyes," was sung by Miss Edith Conyers.

A trio consisting of Mrs. Edmund Hitchcock, playing the violin, Mrs. Charles Henderson, playing the cello, and Mrs. Cornelius at the piano, played "To The Sea," "From A Wandering Iceberg," and "Nautilus."

Mrs. Howard Swaim closed the program with a piano selection, "Shadow Dance."

**To Be Convention Host**

At the business meeting, plans were made and committees were appointed for the convention of the Ninth District Federation of Music Clubs, which will be held here Oct. 28. At the convention, the Midland club will be host to the music clubs of Odessa and Big Spring.

Members attending the meeting were Meses. Steve Briggs, Joe Mims, Delbert Downing, F. C. Cummings, John C. Dunagan, B. W. Stevens, George Grant, Holt Jowell, Glenn Mershon and Martha Jane Blount.

Mrs. Charles Henderson, Mrs. J. B. Koenig and L. Howard Swaim were guests at the meeting.

You can avoid ironing seersuckers by hanging them on the line from the waistband, keeping skirt and blouse in a straight line, when washing powders are thoroughly and then add clothes. Never sprinkle powder over clothing.

## Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### Rehearsals For 'First Lady' Off To Good Start

Mrs. Dorothy Feldkircher, 310 S. Martenfield, will play the leading role of Lucy Chase Wayne in the Civic Theater's production of "First Lady," Steve Briggs, president, announced Tuesday. Playing second lead of Irene will be Miss Ruth Alexander, teacher of speech at Midland High School. Others who were cast over the weekend were Dr. Velma Scott, who will play the part of Sophy, and Pvt. Mary Fortner, who has the role of Belle Hardwick.

Rehearsals for the play, which will be given Nov. 2 and 4, started Monday night at the Civic Auditorium, and will be held every night at 8 p.m.

Steve Briggs, who is directing the show, was greatly pleased with the first two rehearsals. He stated that he has rarely seen a more congenial group, and expressed the opinion that such a group should produce really excellent results.

#### Other Members of Cast

Other members of the cast are as follows: Mrs. Ives, Mrs. O. M. Wall; Mrs. Louella Mae McCreedy, Miss Susie Barrow; Ann Forrester, Miss Mozelle Dement; Emmy Paige, Miss Peggy Ayres; Stephen Wayne, Capt. Arnold Grubman; Senator Gordon Keane, Lt. Alfred Stiles; Senator Hardwick, Pvt. Fred Westphal; Ellsworth T. Ganning, Lt. Jack Ragotzy; and Blecker, Pvt. William Garry.

One of the strongest male roles, that of Carter J. Hibbard, who is named presidential candidate through the scheming of Lucy Wayne, is still open. Anyone longing for a chance to be a candidate for president, at least for a few nights, can audition for the part at any of the rehearsals. The part offers excellent acting opportunities, both serious and comic.

Set designers named by Briggs were Lt. Joseph Feldkircher, Mrs. William Goldstein, and Lt. and Mrs. Alfred Stiles.

### WACs Have Spaghetti Dinner At USO

A group of five WACs from MAAF enjoyed a spaghetti dinner at the Salvation Army USO Monday night. The dinner, which was cooked in true Italian style, was prepared by Pfc. Opal A. Francis, Pvt. Bernice Swetlicki, Pfc. Libby T. Smulovitz, Pvt. Rita McDonough, and Pfc. Alberta Poscholdt.

### Spotters Group Two Sews For Bazaar

Spotters Group Two met at the home of Mrs. G. E. Naramor, 1697 W. Illinois, Tuesday afternoon to sew for the bazaar, which will be held in November. Among those present were Mmes. Eugene McEachin, Alvin L. Bertrand, E. C. Hyland, R. B. Benoit, D. A. Mossuto, P. E. Hetzel, John H. Dent, W. A. Campbell, and G. A. Wakefield.

### Drafted As Temple Cheerleader

PHILADELPHIA — (AP) — Claire Lange is a Temple University cheerleader by request—she was notified of the appointment when officials learned she placed third in the National AAU tumbling championships.

As a protection against rain and sleet give window sills a coat of enamel at least once a year.

ring skill, take time out to relax ramped or overworked fingers.

Limbering-up exercises? Drop arms as limply as a rag doll's to your sides. With a vigorous shake of each wrist, let fingers fly. Then clench and unclench your hands.

Facile-fingered Shirley Taylor—from her pencil come blueprints for Westinghouse's electronic tubes for war at Bloomfield, N. J.—passes on these exercises, gives other tips for hard-working hands.

To ease out pencil-clutching cramps Shirley soothes hands with a semi-liquid hand cream, poured from a desk-drawer bottle. She has discovered that her shell pink cream will "wash" off ink and grime in between trips to the basin and, she proudly says, "keeps a gal draftsman's hands looking as smooth as silk."

### Finding A Home Is Chief Problem Of Service Wife

By RUTH MILLETT  
Grandma's old-fashioned neighborliness has nothing on today's service wives. They may not carry pies back and forth to each other—but they do the things for each other that count.

Does a man want to bring his family to the post where he is stationed? Then every army wife who has ever said "How do you do" to him starts tracking down rental clues.

If a service wife with a family is ill another service wife—and maybe they scarcely know each other—brings in food at every meal.

If there is entertaining to be done the wives pool their skimpy supplies of dishes and silver.

And when one husband gets orders the other wives agree to care for the children while the packing is done. They offer to run errands and see to all the leftover business that isn't remembered until too late.

Of course, while the wife is trying to pack, the telephone rings again and again with first one wife and then another saying, "I suppose your apartment is spoken for—but if it isn't I know a couple who desperately need a place."

#### Apartment Wanted

But the service wife doesn't ever mind that her recently made friends don't say, "I hear your husband has orders; we'll certainly miss you," but instead invariably come forth with: "I hear you're leaving right away; is your apartment spoken for?"

No service wife minds that practical, rather than sentimental response to her departure for the next post or back home for the duration. She remembers how glad she was in the past to have friends chasing down one and every housing clue in her behalf.

### Installment Buying Restrictions Will Be Relaxed Gradually

By ANN STEVICK  
NEA Staff Correspondent

WASHINGTON —Next question for far-sighted shoppers looking ahead to buying an auto, a vacuum cleaner, tires, or re-doing the house from new supplies of household textiles—"What will be the rules for paying for them?"

Going controls on your charge account and installment buying deals will be continued for some time after the European war, probably at least until the Japanese war ends, very likely longer with some changes. That's the opinion of informants at the Federal Reserve System, which holds your purse strings when it comes to charging your purchases.

When war production lets up enough so that tires, autos, washing machines, refrigerators are being made for the home folks in quantities to keep up with the income they have to buy them, controls will be lifted gradually. That is, unless that bogey appears—the Timid Buying Public, which more and more Washington officials say is a possibility. In that case controls may go off fast to encourage shoppers, keep people at work.

Plans in mind now for first changes to ease up credit rules are cautious. Probably retail accounts will be first to change, with extension of the time limit. Then may come more lenient rules on down payments and time payment and time limits for buying smaller articles, such as refrigerators and radios. Last to go will be rules on long-time payments for big purchases, such as autos. Present rules of 1/3 down, no more than 15 months to pay may go first to 1/4 down, 18 months to pay, and so on.

Florida's Everglades cover nearly 5,000 square miles.

# "I'm in a Cold Sweat!"

**FEAR IS WHAT DOES IT,** and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: Phillips 66 Motor Oil.

It's Phillips  
Finest Quality

The new fall and winter issue of "FASHION" is now ready—32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

Ninth Army Position Causes Speculation From Both Sides

LONDON —(AP)— Where is Lt. Gen. William H. Simpson's U. S. Ninth Army? Secrecy with which Allied headquarters is surrounding this fighting force has left its movements and probable present location a matter of conjecture on both sides of the Western Front. Its whereabouts, when finally made known, may be the key to Allied strategy—the master plan to deliver a final knockout blow to Germany. Allied headquarters emphasized the element of mystery concerning Simpson's Ninth Army when it officially disclosed Tuesday night that the 1st and 2nd Armies have been combined with the American Seventh Army to form the Sixth Army Group holding the extreme right flank of the Western front. Previously Gen. Dwight D. Eisenhower had said only that the new army group was composed of "French and American units."

Fans Buy Tickets For Friday Game

Sale of tickets to Midlanders for the Midland High School and Sweetwater game to be played at Sweetwater Friday night indicates a fairly large attendance of Bulldog fans at the event, Chamber of Commerce officials said Thursday. The tickets are for seats between the 45 yard lines. Thirty-four tickets have been sold at the Chamber of Commerce.

Fire Prevention Is Theme Of Lion Meet

Fire prevention was the central theme of Wednesday's Lions Club program as Fire Chief Luther Tidwell told of the history of Midland's volunteer fire department and its development. The department was organized in 1909, Tidwell said, and started out with three two-wheel carts. The present No. 1 truck is the first cab fire truck sent to Texas, the chief pointed out. Themes written concerning fire prevention and calling attention to the fire hazards around homes were read by Mary Elizabeth Arnold, Mary Frances Phillips and Maurine Denton. The fire prevention talk was preceded by a musical program consisting of two accordion numbers by Mickey McDonald. Her first number was Gounod's "Ave Maria," accompanied by Roy DeWolfe at the piano. Her second selection was a solo, "Schalkowsky's" "Concerto in B Flat Minor."

Sadler Praises Tidwell Harley Sadler paid tribute to Tidwell as fire chief and pointed to the fact his show usually plays in Midland under the auspices of the fire department. On most occasions fire department and Sadler's show signs no contracts, Sadler said. Each year when he returns to Midland, Sadler said he marveled at its growth. Work being done by Clint Dunagan over the state as Junior Chamber of Commerce president is attracting much favorable attention to Midland, Sadler said.

Each year when he returns to Midland, Sadler said he marveled at its growth. Work being done by Clint Dunagan over the state as Junior Chamber of Commerce president is attracting much favorable attention to Midland, Sadler said.

Cotton

NEW YORK —(AP)— Cotton futures prices at noon Wednesday were 15 to 55 cents a bale higher, Oct. 22.09, Dec. 21.91, March 21.92.

Livestock

FORT WORTH —(AP)— Cattle 3,200; calves 2,100; fully steady; good to choice slaughter steers and yearlings 12.00-15.50; good and choice fat calves 11.50-12.75; common to medium calves 7.50-11.50; stocker cows 3.00 down. Hogs 900; steady; good and choice 100-240 lb. butcher hogs 14.55; lighter hogs 13.75-14.55; heavier butchers mostly 13.80; sows 13.50-75. Sheep 4,500; fat lambs and yearlings wethers steady; slaughter ewes strong to 25 cents higher; medium to good lambs 11.25-13.00; medium to good yearling sheep 10.00-50; slaughter ewes 3.00-5.00.

Critical Production Stage Over Says Jones

WASHINGTON —(AP)— The nation now is past the critical stage for war production, says War Food Administrator Marvin Jones. "With this year's record of food production, we are safely through that critical period of expanding needs, both for immediate use and reserves, which challenged us at the beginning of the war," Jones said in a statement following issuance of the October 1 crop report. This year's crops may rank with those of 1942 as the greatest ever produced in this country, the crop reporting board said, unless bad weather interferes with harvesting.

Jet Expert

Recently decorated for his part in developing jet-propelled aircraft, Brig.-Gen. Benjamin W. Chidlaw, above, of Washington, D. C., now heads the U. S. 12th Air Force Fighter Command, operating in the Mediterranean theater. He helped plan air offensive that led to breakthrough at Cassino and Anzio, capture of Rome and invasion of southern France.

Soviets

At Riga, advance armored units were reported probing the city's outer defenses in repeated strikes. Meanwhile, on the Yugo-slav-Hungarian front, one Soviet column was reported righting in the outskirts of the Hungarian city of Debrecen, a communications hub controlling international routes to Czechoslovakia, Poland and Romania. There were no new reports on the offensive aimed at Budapest. (The Germans have placed the nearest Russian force at Szolnok, 50 miles from the Hungarian capital.)

Pitiful Flow Of Supplies Blamed For China Reverses

CHUNGKING —(AP)— A Chinese cabinet spokesman asserted Wednesday that prior to the end of May lend lease supplies received by the armies in East and South China totaled 50 anti-tank guns, 60 mountain guns and 30,000,000 rounds of rifle and machinegun ammunition. The spokesman, P. H. Chang, said China appreciated the immense transportation difficulties involved but he reiterated that aid so far received in the way of equipment and supplies has been inadequate. He attributed recent Chinese reverses in Honan Province primarily to lack of anti-tank guns and tanks.

Dewey

and deliver a studio address, election eve, Nov. 6. The committee announced Tuesday night a speech in Buffalo for Oct. 21 and confirmed these addresses: St. Louis, Oct. 16; Minneapolis, Oct. 24; and Chicago, Oct. 25. In addition, it has been announced that Dewey will speak before the New York Herald Tribune forum on Oct. 18 and in Boston on Nov. 1. The schedule announced thus far made it evident that the New York governor is determined to hold as much reserve strength as possible for the last ten days or so of the campaign. This is when, his advisers feel, that so many of the independent and "on the fence" voters finally make their choice.

Light Norther And Shower Hit Midland

Midland had an assortment of weather Tuesday and Wednesday as a light norther struck at 8 p. m. Tuesday and sent the mercury tumbling to 60 degrees at 4:30 a. m. Wednesday, where it was still holding at 9 a. m. A light shower fell early Wednesday, but there was not enough precipitation to register at the city gauge.

Stalin

Red Army which clawed the guts out of the filthy Nazis. Harriman, who spoke twice in response to Stalin's remarks, said the United States was not prepared for war but that Japan had rendered a service by "throwing us into it."

Term Mechanic Strike Stab In Every GI Back

CLEVELAND —(AP)— Officials of the Mechanics Educational Society of America (Independent) stood firm Wednesday on their threat to tie up 64 war plants in Ohio, Michigan and New Jersey if a Cleveland Graphite Bronze Co. dispute is not planned before an arbitration panel. Matthew L. Smith, MESA national secretary, declined to estimate the total number of war workers that would be made idle if the unionists, some 68,000 strong, walk out at planned at 10 a. m. Thursday. He indicated that in several plants the stoppage probably would halt work by other non-MESA employees. In Washington, Undersecretary of War Robert P. Patterson said he telegraphed Smith the strike would represent "a stab in the back of American soldiers who now are locked in battle with the enemy."

# GERMANY WILL TRY IT AGAIN

By Sigrid Schultz  
Copyright, 1944, by Sigrid Schultz  
Distributed by NEA Service, Inc.

As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns may culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.

XV  
TO secure peace, the Allies made one concession after another to the Germans. For as soon as this concession had been made, the demand for more was increased, that political ruling class or modified, new loans arranged, suddenly it seemed that whatever had just been done was no longer enough to "save peace." The end effect was that Germany suffered so little from her first bid for world domination that she had no hesitation in embarking on a second.

This time, however, she meant to lessen the gamble by making it a total war, planned and executed along the bold Ludendorff pattern.

First emphasis came on economic preparations. General Hans von Seeckt, who had built up the Reichswehr, stressed the importance of an economic foundation and he got the idea during a tour of the United States. While in America, von Seeckt and his aides had been struck by one phase of American mobilization for the World War I—the speed of industrial conversion.

General von Seeckt went home and immediately ordered the economic section of his staff to concentrate on production and business problems. He held that Germany's advantage lay not in secretly accumulating large stores of weapons, which might become obsolete, but in building her factories in such a way that within the shortest possible time the plants could turn to mass production.

power at last, were able to toss their economic bombshell—proclamation of a new moratorium.

They allowed foreign businessmen to negotiate with German interests in an effort to secure what small payments on their loans they could get. They froze and unfroze the foreign balances in their banks to suit their political purposes. They were too poor to pay their debts, but they had plenty of money to buy raw materials for war. And they bought freely, on the world markets.

THE Germans stole a march on the rest of the world in using economic legerdemain to bamboozle their victims. They have had 25 years of successful practice. Their land conquests in World War II gave them, even if temporarily, new resources—raw materials, factories, foundries, and finishing plants for industrial exploitation.

It also provided their leaders with a new, first-hand knowledge of foreign hideouts and enabled them to explore native populations and quislings for the coming war-in-peace. For that new war will be primarily an economic conflict, and what then is more necessary than business stooges conveniently placed in strategic trading centers?

Men who, on their own home ground, will be ready to guide for their personal profit the German industrialists and businessmen in the vanguard of the new German invaders. Many German representatives of the very companies which co-operated with the secret general staff in bringing about World War II, have for some time been slipping out of Germany, with Nazi permission. They go to Switzerland, to Portugal, to Spain, to Turkey, to Sweden. Everywhere they become, miraculously, anti-Nazi. They loudly pipe the Nazi tune: "Chaos will engulf Europe," they cry, "if the German economic system is not saved. The democratic nations must win, of course, but we must be merciful, they must leave us our holdings."

These Nazi agents trust that we won't recognize the old sympathy gag, or noticing, will still be afraid to ignore it.

(To Be Continued)

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority  
The American Contract Bridge League has just announced that the fall session of its eighteenth annual national championships tournament will be held at the Brighton Hotel in Atlantic City, N. J., the week of Dec. 4. I predict that Mrs. Clive Peterson of Philadelphia, one of the few women who have attained the rank of Life Master, will establish new records in the two events of which she is chairman—the women's teams-of-four and the mixed pairs.

Mrs. Peterson is not only a great player, but a successful teacher of bridge. In her opinion the most important lesson for the beginner to learn is to count his tricks. In today's hand, you can count five heart tricks, five club tricks and the spade ace, enough to make a twelfth trick? Would you discard your losing diamonds on the good clubs? If so, you will make only five. One of the mistakes is not a loser as it can be ruffed in dummy with the fourth heart. Therefore, you should discard your three losing spades.

## Social Security A La King

RAYMONDVILLE, MO. — (AP) — Margaret Mae Morgan of Los Angeles was engaged to a sailor, married to a soldier, honeymooned with a civilian and now is living with a coast guardsman. It all adds up to Bill Hamlett.

She became engaged to Bill when he was in the Navy, but his Navy hitch expired and he was drafted into the Army. Just before being released from the Army, they were married, and went on a honeymoon as soon as he was out. He later enlisted in the Coast Guard.

## FATSO...

AN ADVANCED DUTCH NEW GUINEA BASE — (AP) — The Alamo Scouts are the most skilled of Lt. Gen. Walter Krueger's famed Sixth Army of jungle fighters. They have nerves of steel and they can kill a man with their hands or a knife. Equally important, they can write a full page description of a cocoanut tree.

They are men like Lt. John R. McGowan of Amarillo, Texas, who led a daylight scouting patrol to heavily-defended Los Negros Island and same out with highly valuable information.

They are men like Lt. John M. Dove, who led a fiction-like reconnaissance patrol deep within Japanese positions at Hollandia.

They are men like Lt. Michael J. Sombor of Wyoming, Del., who led a patrol which rescued more than 100 missionaries in Dutch New Guinea.

Men long have thrilled at the heroism and skill of the Western Scouts who inspired the battle cry of "Remember the Alamo!" The daring bravery and skill of the modern Alamo Scouts are no less than the men after whom they are named.

For almost a year the Scouts have been a military secret. They are the pride of General Krueger who personally commands them and named them for the Alamo in his home city of San Antonio.

General Krueger's idea of teams of patrol scouts paid dividends from the very beginning.

have an annual income, if not married, not exceeding \$1,000 or, if married, not exceeding \$2,500; have had at least 90 days military service or been discharged for disability if he served less than 90 days. And he can't get the pension if the disability resulted from misconduct.

All these pensions are free of state and federal taxes.

## THIS CURIOUS WORLD —By William Ferguson

## Pensioned Veterans Fall Into Three Types Of Disability To Be Eligible

By JAMES MARLOW  
WASHINGTON — (AP) — There are three kinds of pensions for war veterans. Two are for disability due to military service. The third is for disability not connected with military service.

Group One: For those disabled in line of duty there is a pension based upon the degree of disability. This could be anything from a stiff wrist or bronchitis to loss of an eye or limb.

The degree of disability ranges from 10 per cent to 100 per cent (total disability). There is no pension for a disability rated lower than 10 per cent.

These pensions are paid at the rate of \$1 per percentage point—starting at 10 per cent—plus 15 per cent.

For Example: Tom Smith came out of the service with bronchitis. If it was chronic but mild, it might be rated a 10 per cent disability. He'd receive \$10 monthly, plus 15 per cent, or \$11.50.

If it was chronic but severe and was rated 30 per cent disability, he'd receive \$30, plus 15 per cent, or a total monthly pension of \$34.50.

The degree of disability is determined by a board of specialists within the Veterans' Administration which pays the pensions. The board consists of a doctor, lawyer and occupation expert.

If a veteran is discharged from service with a certificate of disability, the specialists' board generally does not examine him but takes the say-so of the Army or Navy doctors for his condition.

A man discharged as well and able, in the opinion of Army or Navy doctors, may file a claim for disability pension any time after his discharge if he thinks he has a just claim. He should start this procedure with the nearest regional office of the Veterans' Administration.

Group Two  
Veterans who have lost some part of the body—like an arm, leg, hand, eye—get a flat, fixed pension payment. And this is in addition to the pension paid for disability on a percentage basis as outlined in group one above.

For example: The flat pension payment to a man who has lost an eye, or leg or arm is \$35 monthly. Now suppose he lost a leg. If it was amputated at the hip, the specialists board—under the disability pension program in group one—would count that a 90 per cent disability. So he'd receive \$102.50 in disability pension (\$90 plus 15 per cent) and the flat \$35 pension for the loss of the leg.

But—in the case of more serious losses, the flat, fixed pension makes up the total pension payment and there is no payment for disability on a percentage basis.

Some of those fixed, total payments are: For the loss of both hands or both feet, or one hand and one foot, \$165 monthly; for the loss of both eyes, or both hands and one foot, or both feet and one hand, \$190; for the loss of both eyes and one hand or one foot, \$215; for the loss of both eyes and both hands or both feet or one hand and one foot, \$265; for the loss of both hands and both feet, \$265.

This should be noted: Loss of "use" is considered the same as "loss" in specific payments for disability.

Group Three  
There is a flat \$50 monthly pension for a veteran disabled after military discharge by a cause not connected with military service. But there are rigid conditions attached to this pension.

To get it the veteran must: Be permanently and totally disabled;

### They Have Something to Sing About

Singing lustily as they march along on an Adriatic island, this detachment of Yugoslav Partisan warriors of both sexes heads for a ship aboard which they'll sail for their native land to help finish the job of driving out the Nazi invaders.

### Klooga Prison Camp Scene Of Layer On Layer Prisoner Pyre

By **EDDY GILMORE**  
**TALLINN, ESTONIA**—(P)—Eighteen miles from this capital is what the Russians point to as evidence of the Nazis' most recent mass horror—the Klooga prison camp. There, the Russians say, 3,000 Jews, Russians and Estonians were murdered methodically.

This camp was located in the timber and cement country where prisoners slaved to produce vital material for the Nazi war machine.

People in the vicinity told correspondents this story: The Germans killed off the prisoners wholesale when they learned the Red Army was coming and retreat was in prospect.

It was Sept. 19—two days before the Germans pulled out of Tallinn. They announced the prisoners would be moved, always a bad sign in a Nazi camp.

The first group of 300 was marched into the woods, ordered to saw up piles of logs into pieces, and were marched into a field in groups of about 50, carrying the logs. They were forced to make a raft-like foundation, and then to lie down on it. The Germans shot them all.

**Layer After Layer**  
A second group formed another layer on top of the first—and were shot. When there were six or seven layers of dead, gasoline was poured over all of them and a torch was applied.

This is what people told us—and then we went up to see. In a little green field about 75 feet from the road and a half mile from the camp a mass of charred corpses was found lying amid a few hundred pounds of ashes. Most of the corpses were about half burned. There were men, women and children. I saw the bodies of at least three girls who must have been under 16. In the backs of their heads you could see what looked like bullet holes.

In one place was a completely burned building. An escaped prisoner said this was where the Germans drove a large number of men and women, locked the doors, set fire to the building and burned them alive.

Those who escaped said they were free because of the haste of the Nazis.

The name Marine comes from an old French word "marin," meaning sea soldier.

### 2 Types Of Pension Paid To Widows And Children Of Disabled Servicemen

By **JAMES MARLOW**  
**WASHINGTON**—(P)—The government pays two kinds of pensions to survivors of servicemen and veterans.

**Group One**  
Pensions are paid for death in the service in line of duty or for a veteran's death—any time after his military discharge—caused by a disability connected with his military service.

This pension goes to the widow and unmarried minor children. Widows and children in this group are automatically considered dependent and therefore get the pension no matter how large their private income may be.

Parents of veterans in this group are also pensionable, if dependent, but in their case dependency must be proved.

Death pension rates in all these cases, paid monthly, are: Widow without child, \$50; widow with one child, \$65 (with \$13 for each additional child although the total monthly payment to widow and children can not exceed \$100); no widow but one child, \$25; no widow but two children, \$38 equally divided, with \$10 for each additional child; dependent mother or father, \$45; or both, \$25 each.

**Group Two**  
Pensions are paid for death of a veteran—after discharge from military service—who had a service-connected disability but died of some other cause.

The Veterans' Administration (VA) pays all death pensions. Its interpretation of Group Two—a veteran who had a service-connected disability but died of some other cause—is so liberal that almost any service-connected injury or disability will bring a pension to his family after his death from some cause not connected with his military service at all.

For example: Tom Smith, while in service, was shot in the hand. The hand healed, never bothered him again. Years after his discharge he was killed by a truck. There would be a pension in this case.

**Widows and Children Only**  
These non-service-connected death pensions go to widows and children only. Parents are not eligible. But this non-service-connected death pension can not be paid

**OPA Reports One Happy Landlord**  
ALBUQUERQUE—(P)—The OPA rent office reports a surprised but pleased landlord. He remodeled an apartment, asked to rent it for \$30 a month. The OPA looked it over, and ruled it was worth \$32.50.

### Superbombers Play Next Two Games On Texas Gridirons

COLORADO SPRINGS, COLO. — (AP) — The Second Army Air Force's Superbombers, their two-year football winning streak broken by the Iowa Seahawks, are preparing for a two-game invasion of Texas gridirons.

Saturday, the Flyers go against the University of New Mexico in the Sun Bowl at El Paso and the following week they take on the North Texas Aggies at Odessa.

El Paso will be a familiar setting for Maj. William B. (Red) Reese of the Superbombers. Two years ago he led the team, then known as the Bombers, to a 13-7 victory over Hardin-Simmons in the Sun Bowl.

**Fast And Tricky**

New Mexico, fast and tricky, took heart from the 12 to 6 victory of the Seahawks over the 2AAF outfit which had breezed through five victories this season.

The Reese attack sputtered and stalled against the Pre-Flights in Memorial Stadium at Lincoln, Neb., before 29,000 spectators. The Seahawks were strengthened by the addition of several hard-bitten offensive gridmen. Two of these, Tackle Vic Schleich and End Jim Poole, were the outstanding linemen on the field and conspired to check the 2AAF passing ace, Glen Dobbs, who managed to complete only eight of 20 throws for 71 yards.

Dobbs, however, owns one of the outstanding passing records in the land, with a season's showing of 32 completions in 50 throws for 431 yards, six of his passes going for touchdowns.

**WALTERS KEPT CARDS FROM BEING PERFECT**

ST. LOUIS — (AP) — The St. Louis Cardinals can put the finger on Bucky Walters as the one-man reason they can't claim a perfect season.

The Cards were in first place, sometimes tied, the first nine days. Then on April 26 Walters blanked them 13 innings until the Cincinnati Reds got him a run. That run beat the Red Birds and put the New York Giants in first place for three days.

Advertise or be forgotten.

### Michigan Marine

Bob Nussbaumer, Marine trainee, is light for Big Nine star, hits hard from blocking back position for Michigan.

### From The Press Box

By JACK LIVELY

The score is three down and seven to go for Midland this season. Behind the Bulldogs are the conquered teams of Pampa, Austin High of El Paso and Plainview. The road ahead is strewn with Sweetwater, Big Spring, Abilene, San Angelo, Cisco, Lamesa and Odessa. That road ahead has some mighty rough places in it too for Coach Gene McCollum's well-organized gridiron task force.

Here's the way they look from here:

Sweetwater can be beaten by Midland but the Bulldogs will have to play the brand of football they displayed against Plainview and Quarterback Wilber Yeager will have to use his head to out-engineer a plenty smart Sweetwater quarterback who has been calling them close this year. In the Ballinger game, and Ballinger is reported to have better than an average team.

we understand the Mustangs out-generated them from the time the whistle blew for the first kick. No pushover by a long shot.

Big Spring hasn't been doing so well this season and should provide a breather. However it will be well to remember that Midland was supposed to provide a breather for Plainview.

**Abilene Is Tough**

Abilene is going to be tough. The boys from Abilene way are not going to stand for any foolishness from anyone and we have heard that they are "gunning" for the Bulldogs. That game will be played at Abilene and of course that tips the scales a little in their favor. We won't make any prediction on this one as we are afraid of it.

On November 3, the San Angelo Bobcats invade Midland. Nuff said. Cisco is a team about which we have been able to learn very little. This is a darkhorse outfit. It will be well to be cagey as it is sometimes a trouble-maker.

Lamesa has been beaten by teams the Bulldogs have defeated. Ordinarily this would indicate an easy victory is in the offing for the

Bulldogs but overconfidence here could upset the applecart. We think Midland will take Lamesa by a comfortable score, despite the fact that the game will be played at Lamesa.

**Odessa Comes Here**

The final game will be played November 30 when the mighty Odessa Bronchos come here for the annual contest. Odessa has a strong team. Last week they walloped Big Spring for a margin similar to the Midland-Plainview game.

It is rumored that if Midland loses all the games in the season and then beats Odessa, it is a successful year.

This may be true.

However the reverse also holds true. The Bulldogs may go right on up the football ladder they have started and then lose the big event of the year. That usually provides a lot of very red faces around Midland.

There is one fact which stands out. If Midland plays the heads-up football it demonstrated against Plainview, it will go right on up and up over all teams. This corner opines that there isn't a team in the state which could have won that last game. The season will depend a lot on this.

### Randolph Field Player Once Bombed Germany

By NEA Service

RANDOLPH FIELD—Lou Yank is back in a football jersey as a Randolph Field lineman after 30 missions over Nazi-occupied Europe. Yank, a 220-pounder, wears the Air Medal with four Oak Leaf Clusters and the Distinguished Flying Cross. His combat missions include the first daylight raid on Berlin, five other attacks on the German capital and two assaults on Schweinfurt. He was bombed on B-17 which flew nine-hour long missions from last November until May, dropping 74 tons of 1000-pound bombs and incendiaries. He played football at Chaffey Junior College and Southern California and with the professional Hollywood Bears.

### Bobby Doerr And Martin Marion 'Most Valuable'

ST. LOUIS — (AP) — Two of baseball's most outstanding infielders, Bobby (The Swinging) Doerr, Boston Red Sox second baseman and Martin (Slats) Marion, towering storistop of the World's Champion St. Louis Cardinals, have been named by the Sporting News as the most valuable players in their respective leagues for 1944.

The baseball weekly made its selections independently this year, after working in conjunction with a committee of the Baseball Writers Association since 1938. The Association has announced that its selections, based on a poll of all its members, would be announced in November.

### Chamber Of Commerce Has Superbomber Game Tickets For Sale

PLYOTE AAF — Tickets for the coming Second Army Force Superbombers vs North Texas Aggies football game at Odessa on October 21 are now on sale at the Chamber of Commerce, Midland.

There are no seats reserved and from all indications the ducks will move very rapidly. The entire West stands have been allocated to the civilian fans with the East side going over to the military.

The kick-off is scheduled for 8:15 p. m.

### Cubs To Hold First Meetings Thursday

Two packs of Cub Scouts will hold their first meetings of the school year from 4 to 5 p. m., Thursday, Scout Executive J. V. Niedermayer announced Wednesday.

Pack 51 is sponsored by the North Elementary PTA. Mrs. Waldo Leggett is president, and Mrs. James Brown will be Cubmaster.

Cubs of Den 1 will meet at the home of Mrs. Alstrim in the 300 block of North D. Den 2 will meet at the home of Mrs. Levi Shiplet, 710 West Michigan. Mrs. Charles Lehrer, 109 Club Drive will be hostess to Den 3. Den 4 will meet at the home of G. W. Herring, 708 W. Storey. Mrs. R. E. Kinsey will be hostess to Den 5. Den 6 will meet at the home of Mrs. P. W. Houston, 1101 W. Indiana. Den 7 will meet with Mrs. J. C. Vian, 406 N. Maricfield. Mrs. C. P. Teneyck will entertain Den 8 at 620 W. Tennessee, and Den 9 will meet at the home of Mrs. Wingo at 500 N. Weatherford.

Den 1 will meet at the home of Mrs. W. B. Gilmore at 511 North D. Mrs. R. L. Wood, 800 W. Storey, will entertain Den 2. Den 4 will meet at the home of Mrs. F. D. Grant, 807 W. Michigan, and Den 6 will meet with Mrs. E. Linebarger, 1511 W. Washington.

### Germany Total Failure According To Private

PHILADELPHIA — (AP) — Pvt. George Rowbotham, links enthusiast in civilian life, writes from Germany:

"I don't see why the Nazis are fighting so hard to keep this country. I haven't seen a golf course in it yet."

### Northwestern-Michigan Game, A Family Affair

EVANSTON, ILL. — (AP) — Brother will face brother at Ann Arbor, Mich., Saturday when Northwestern and Michigan football teams meet in a Big Ten conference game.

They are Duane Sickels, veteran Northwestern end, and Quentin Sickels, a freshman who has won a guard post with the Wolverines. Both were outstanding high school athletes in their home town of Benton Harbor, Mich.

### Frank Lawrence Still Couldn't Laugh

HOUSTON — (AP) — The happiest boy in Rice Institute stadium Saturday afternoon couldn't laugh about it even a little bit.

Blond Frank Lawrence, Rice blocking back, was rushed into the LUS game by Head Coach Jess Neely to kick the all-important extra point.

Rice had just tied the score at 13-13. There was five minutes left in the ball game.

Lawrence kicked the extra point. He couldn't laugh because he still had four stitches in his nose from the Randolph Field game.

### Ira Hargrove Will Arrive On Furlough

Cpl. Ira D. Hargrove, son of Mr. and Mrs. F. A. Hargrove, is scheduled to arrive in Midland soon for a visit with his parents. He returned after serving 56 months in the Southwest Pacific.

### Bowling

#### MUNY AIRPORT LEAGUE

The Eighth Ferrying Service Station at Midland Municipal Airport opened its bowling league season Tuesday night at the Plamor Bowling Palace.

Teams of Line B, Medics and Operations took the lead with three games each. Mess A won two games over Line A to hold second place. Line A took third place and Mess B, Orderly Room and Tower each lost three games.

Manns	105	141	114	360
McGovern	153	172	156	481
Carter	139	124	132	395
557 636 633 1828				

### Buddy Scott Wins Over Jack Marshall

GALVESTON — (AP) — Buddy Scott of Tampa, Fla., 186 1/2 pounds, Texas heavyweight champion, successfully defended his title here Tuesday night by winning a decision over Jack Marshall, 191 pounds, of Dallas, in a 15-round match.

The fight was witnessed by 4,500 fans. Marshall, fighting cautiously, nailed Scott on several occasions but was unable to tag him with a pay-off punch.

### OUTSIDERS WALK OFF WITH UTAH TITLES

SALT LAKE CITY — (AP) — The way outsiders have moved in and grabbed off Utah sports championships has been highly embarrassing to home-grown athletes.

Kearns field, made up of soldier players from all parts of the country, won the state semi-pro baseball title.

Lt. Edward Alloo of Berkeley, Calif., captured the Salt Lake City tennis crown, and Dr. E. R. Foutz of Phoenix, Ariz., won the Utah left-handed golfers' championship for the fifth straight year.

### EPSON DOWNS COURSE ALMOST TOTAL LOSS

LONDON — (AP) — The English Derby will not return to its home at Epsom Downs until 1946 at the earliest. The damage caused by four years of bombings and five years of enforced neglect will not be repaired at present due to the shortage of materials and labor. For another year at least the Derby will be run at Newmarket.

Bombing of the famous race course began in 1940 when a daylight raid destroyed lunch rooms, kitchens and offices, smashed the main building and the water tanks and blew the doors off the private observation rooms.

Not a pane of glass was left anywhere and all iron railings were taken for war material years ago.

Martha Washington kept 16 spinning wheels busy at Mount Vernon, and she made George's inauguration suit herself.

# CALIFORNIA DRAPE

By Hart Schaffner & Marx

... swings to the button and scores a knockout

This double-breasted style is right ... on the button ... and scores another style hit for Hart Schaffner & Marx. For this California drape suit adds tremendous breadth to your shoulders and trims your hips ... subtly and naturally. The full lapels roll back to reveal plenty of tie and shirt ... and sweep smartly down to the bottom button ... a new note in double-breasted.

\$42.50

As Usual

### Sports Roundup

By Hugh S. Fullerton Jr.

**NEW YORK — (AP) —** An Ohio football official reports finding the toughest and best football player in the world in a game between Columbus St. Charles and West Jefferson. ... A West Jefferson pass was intercepted and, as the official headed toward the pile-up, one West Jeff boy called: "Hey, Ref, watch that 79. He's slugging me on every play." ... Five steps further another kid complained: "Gee whiz, watch that 79. He just slugged me." ... As he stopped where the players were being untangled, the official heard still another West Jeff boy remark: "Keep your eyes on that 79; he just slugged me." ... When the pile of players finally was loosened, there on the bottom was 79—with the ball. ... Along the same lines is a story they in Iowa about Heavy Graham, who used to referee a lot of big games. ... On one occasion a player kept complaining that a rival was slugging, asking: "Did you see that?" ... Twice Graham ignored the complaint; then, after a third terrific belt, the player again asked: "Did you see that?" ... "Yeah," replied Graham. "Wasn't it a daisy!"
