

SAMAR ISLAND INVADIED

Moscow Announces Soviet Troops 19 Miles In Germany

By DANIEL DE LUCE

MOSCOW (AP)—Russian penetration of German territory to a depth of at least 19 miles in East Prussia was proclaimed Tuesday in the first Moscow announcement of a powerful Red Army offensive that already has captured 400 Nazi towns and villages.

Summarizing results of a thrust from Western Lithuania that the Germans have been reporting for a week, a Russian communique said Gen. Ivan D. Cherniakhovsky's Third White Russian Army had broken through frontier defenses on an 87-mile front on the east.

Gen. Ivan C. Bagramian's First Baltic Army cleared the way to spring into the homeland of the Junkers from the north—and may already have done so.

The Soviet bulletin announced Bagramian's troops had occupied all of Memel territory except the port of Memel itself, where the main garrison was cut off, and had massed along the Niemen River, East Prussia's northern border, from the Baltic to Jurbarkas in Lithuania.

To Seized Rail Hub

Cherniakhovsky's offensive, which gave the Russians a solid foothold on German soil for the first time, drove directly westward on each side of the main highway and rail routes from Kaunas, Lithuania, to Insterburg and Konigsberg, Insterburg, a hub of five railroads 37 miles from the border, appeared the immediate strategic prize.

Late dispatches said the Russians were approaching Gumbinnen, on the main westward route only 15 miles east of Insterburg, and 63 miles from Konigsberg, East Prussian capital.

(A German broadcast Monday night said the Russians now had reached the Angerapp River, 17 miles west of fallen Goldap, for a total penetration of 33 miles inside East Prussia.)

In a battle for the frozen wastes of Norway's Northcap, Gen. K. A. Meretskov's Alpine troops deployed for miles along the Norwegian frontier after clearing up the nickel mine area around Petsamo. It was announced officially that the highway to Kirkenes, big German naval base in Norway. Front dispatches said elements of Hitler's new home guard, mobilized last week among civilian men from 16 to 60, had been killed or captured in the big break through in East Prussia.

Important Tests To Be Drilled In Andrews, Ector

By JAMES C. WATSON Oil Editor

Spread of two recently discovered producing areas, one in West Ector County, Texas, and the other in East Lea County, New Mexico, will each be tested in one direction by wildcats reported Tuesday.

Humble Oil & Refining Company No. 1 E. M. Jones, 690 feet from the east line of section 17, block A-40, in extreme West Andrews County, is scheduled to 8,500 feet.

Primary purpose of the project is to look for the pay section found about three miles west and the same distance north in the Gulf Oil Corporation No. 1 Drinkard (Wyand), in East Lea County, now testing producing ability of the section from about 6,370 feet to the total depth at 6,508 feet.

The new Humble prospecter is about one and one-half miles from the site of the same operator's No. 1 Scarbrough, completed several months ago as a dry hole from the pre-Permian, but which had interesting shows in the middle horizons. Adjacent To 1 TXL

Shell Oil Company, Inc., No. 1 Thomas, 664 feet from the north and 668 feet from the west lines of section 8, block 45, TP survey, T-1-S, is proposed to 8,500 feet to test for the lower Permian, Devonian, and Silurian production found in the Shell and Cities Service Oil Company No. 1 TXL.

The new exploration is a mile north and one-quarter of a mile east of that important discovery. It will likely dig to the Ellenburger (Continued on page 2)

WAR AT A GLANCE

By The Associated Press

PHILIPPINES—Americans drive ahead on Leyte against bitter Japanese resistance; Melbourne reports American forces have established bridgehead on Samar Island.

WESTERN FRONT—British storm into outskirts of 'S Heretogenbosch; Canadians, holding Breskens, strike to clear Germans from Schelde estuary.

EASTERN FRONT—Russians break through East Prussian defenses on 87-mile front.

AERIAL—RAF bombers meet strong German fighter opposition on Essen raid.

ITALIAN—Fifth Army troops approach Castel San Pietro, Po Valley junction town; capture two villages.

Stettinius Hopes For Second World Security Meeting

WASHINGTON (AP)—Undersecretary of State Stettinius disclosed Friday that the United States government hopes for a United Nations conference next January on world security, possibly following a Roosevelt-Churchill-Stalin meeting late this year to complete the Dumbarton Oaks plan.

The January conference, Stettinius speculated, may be preceded by a Pan-American meeting for the purpose of discussing hemispheric questions raised by proposed convening of the United Nations into a peace-preserving league.

Discussing these points at a press conference, the undersecretary acknowledged for the first time that the unexpected prolonging of the four-power planning conferences at Dumbarton Oaks had thrown the tentative schedule for the next move on world organization out of line.

Willkie Said To Have Sided Against FDR

INDIANAPOLIS, Ind. (AP)—A letter purportedly written by the late Wendell L. Willkie in which he said he had dedicated himself to the removal of the present administration from office was made public here Tuesday.

The 1940 Republican nominee's letter, written on Willkie's stationery and dated May 5, 1944, said: "I am and have been dedicated to the removal of the present administration from office, but I firmly believe the only way this can be accomplished is for the Republican Party to measure up to the responsibility it is seeking.

"No one can be more anxious than I am for the party to so measure up and no one will work harder than I will to bring this about. x x x."

The Willkie letter was addressed to Earl L. Jolly, general agent for an insurance firm in Evansville, Ind., who submitted a photostatic copy of it to Eugene C. Pflaum, publisher of the Indianapolis Star. The letter was published Tuesday in the Star.

Nazi Cities Lighted At Night Flyers Say

WITH THE U. S. FIRST ARMY IN GERMANY (AP)—American pilots have observed street lights at night in several cities recently in the Rhineland cities of Cologne, Duisberg, and Dusseldorf.

There are a number of possible explanations: That the Germans were forced to put on lights to move heavy and urgent military traffic; that rioting or other trouble had broken out; that the lights were turned on by foreign "slave" workers acting as saboteurs.

The lights first were observed Oct. 11 and have appeared intermittently since.

NO MORE NAZI MUSIC

STOCKHOLM (AP)—German military bands have been dissolved under Nazi mobilization plans and musicians will carry guns instead of horns and drums, a dispatch from Berlin said Tuesday.

Nazis Being Cleared Out Of Holland

LONDON (AP)—British troops stormed into the outskirts of the Dutch communications center of 'S Heretogenbosch; Canadians and Canadian forces to the west plunged closer to Roosendaal in the blazing battle to clear the Germans from the vicinity of the Belgian port of Antwerp.

A dispatch from Supreme Allied Headquarters in Paris said that Canadian units, fighting to clear the south bank of the Schelde Estuary held the ferry port of Breskens firmly Tuesday and were along or across a road all the way to Schoondijke, three miles south of Breskens. The Germans have been squeezed into a pocket in this area.

An earlier dispatch had reported that the Canadians who took Breskens Sunday had withdrawn from the town and that a confused situation prevailed there.

Demolition patrols which moved a half-mile beyond Breskens to Fort Frederik Hendrik withdrew, presumably leaving that bastion's powerful coastal batteries out of action. Neither side now occupies the fort, the Paris dispatch said.

North of Antwerp, Canadian troops cut the causeway leading to the islands in the Schelde Estuary. Their artillery previously had commanded this area.

Along the main 475-mile front facing east toward Germany persistent Allied pressure scored no major gains, and the winter's first widespread snow sharpened the plague of weather which has hampered the Allied armies for weeks.

Front reports indicated that the Germans in the 'S Heretogenbosch area were suffering from lack of artillery support. The British were using a powerful force of infantry, tanks and artillery.

To the west, Canadian troops neared Roosendaal in their drive to flank the German anchor of Bergen Op Zoom. An Allied communique, reporting fresh crossings of the Dutch border north of Antwerp, announced new gains northward along the Antwerp-Roosendaal railway. The Paris radio said the Canadians were less than three miles from Roosendaal.

The sector around Aachen was not active, but to the south German big guns, apparently railway weapons, hurled from 16 to 20 700-pound shells into the Third Army area.

O'Daniel And Band At Wichita Falls

FORT WORTH (AP)—Senator W. Lee O'Daniel (D-Texas) set out on a speech-making tour of Texas Tuesday, with 24 addresses scheduled, appearances he has said will be non-political. Tuesday night the Senator, accompanied by his well-known hillbilly band, will appear at a rally in Wichita Falls.

O'Daniel and the band arrived here from Washington Monday. In an interview, the Senator said "I will tell the people of Texas that I want limited terms for public office holders, that it is time for a change, that we need a good house cleaning in Washington.

Meet 'Baldy'

Leading the estimated 225,000 Jap troops now facing a showdown battle with Gen. MacArthur's Allied army in the Philippines is Field Marshal Count Juichi Teruchi, above. Bald since youth, he was once nominated "Japan's Champion Baldhead" by Kotokai, Tokyo baldheaded men's association. In 1939 Teruchi visited Hitler, lauded the Siegfried Line, declared it an "impregnable" work of military art.

Rep. Engel Says FDR Suppressed Nazi War Report

WASHINGTON (AP)—Rep. Engel (R-Mich.) declared Tuesday that it is apparent that President Franklin Roosevelt deliberately withheld from Congress vital information during the critical pre-war years and deprived our armed forces of much equipment.

This charge of suppressing "amazing and detailed reports" on growing German air power two years before Pearl Harbor, came shortly after an Army board sent to War Secretary Stimson a report of the Japanese attack on Pearl Harbor. The report, like one completed by Navy investigators last week, bore high secrecy classifications.

Stimson and Navy Secretary Forrestal will review the two reports, their departments said, and on the basis of the assembled facts determine whether court martial proceedings are to be instituted against any individuals.

Engel, a member of the House Appropriations Committee, set up two specific charges in a statement:

1. As early as November, 1937, Mr. Roosevelt received one of the most amazing and detailed reports on the growth of German air power and the rising menace to America ever to come from an American military attaché. This intelligence report gave detailed information in grave warnings to this country, but not one word of its contents was ever revealed to Congress.
2. Mr. Roosevelt from 1935 to 1941 "actually cut War Department requests by \$352,588,695 more than the Chief Executive asked."

Weather Fair

War Bulletins

SAN FRANCISCO (AP)—A daylight raid on Paramushiro and Onnekotan Islands in the Kuriles by American bombing planes was reported Tuesday by the Tokyo radio in a broadcast recorded by the Federal Communications Commission.

LONDON (AP)—The retreating Germans now are firing flying bombs at the liberated areas of Belgium, the Brussels radio said Tuesday.

LONDON (AP)—The Rome radio said Tuesday that the Germans had ordered the evacuation of Budapest, capital of Hungary. Russian troops last were reported within 50 miles of the great Danubian city.

LONDON (AP)—The Berlin radio reported Tuesday that the "first American woman" had been captured on the Western Front and described her as Mrs. Gertrude Le Gendre, 42, of New York.

Both Parties Plug Foreign Policy Plan

By J. W. DAVIS Associated Press Staff Writer

Supporters of Roosevelt, with Senator Ball (R-Minn) in their ranks, plugged the foreign policy hard Tuesday, while Governor Dewey set out to expound on the same hot dispute Tuesday night in Ball's home state.

The Republican presidential nominee, who will speak from Minneapolis at 9:30 p. m. CWT (NBC and Blue networks) said in advance that he will "fill in the gaps" of President Roosevelt's New York address on America's part in the peacetime world.

Awaiting Dewey in Minneapolis was a challenge from Senator Harry Truman, Democratic vice presidential candidate. Truman said in a statement there Monday night that if Dewey sincerely favors "a strong foreign policy," he will ask for defeat "of the eight isolationists" who were nominated by the Republicans for the Senate.

McCormick Speaks. Publisher Robert R. McCormick, whose Chicago Tribune was listed by President Roosevelt as part of "The Isolationist Press" commented that "the word isolationist is the word that a man controlled by foreign influences uses for patriot."

Senator Ball, bolting his party's nominee to support Mr. Roosevelt on foreign policy grounds, is to make a radio speech expanding his reasons Thursday night.

The fact that it is to be sponsored by a Republican for Roosevelt committee headed by Bartley Crum, California manager for Wendell L. Willkie in 1940, inspired Democrats to look around for more possible recruits from among the ranks of Stassen-Wikka Republicans. Ball backed Stassen for the nomination Dewey won.

Fifth Army Drives Slowly Forward

ROME (AP)—American troops of the Fifth Army battling down the northern slopes of the Apennines approached Tuesday within four miles of Castel San Pietro, large Po Valley junction town on the Rimini highway 13 miles southeast of Bologna.

Supreme Headquarters announced this American column had captured the village of Frassineto, southwest of Castel San Pietro, after a heavy battle. Rough terrain still lay ahead.

Thick minefields, demolitions and barbed wire entanglements held up another force advancing on dominating Monte Belmonte. A communique said the most bitter fighting centered around that feature.

On the southeast other Fifth Army troops drove for two and one-half miles along the highway to Imola, another junction point of the Rimini-Bologna road, and captured the village of Fontanelice. It lies seven miles southwest of Imola.

British forces battling along Highway 67 in the sector to the east pushed beyond the road junction of Portico on the way to Forlì.

On the Adriatic Coast Eighth Army forces advanced one-half mile beyond captured Cervia. Canadian forces enlarged and strengthened their bridgehead across the Savio north of Cesena.

Flood conditions made for difficult going on the Eighth Army front, but the troops were meeting only slight enemy resistance.

Validation Dates For Food Stamps Announced By OPA

WASHINGTON (AP)—Validation dates for additional food stamps in ration book four were announced Tuesday by the Office of Price Administration as follows:

Red stamps L5, M5, N5 and P5 will become valid Oct. 29 for buying meats and dairy products. Good for a total of 40 points, they will have to last over the five-week period to Dec. 3.

Processed food 10-point blue stamps S5, T5, U5, V5, and W5 will be good on Nov. 1 and will be the last issued until Dec. 1. All stamps to be validated will be good indefinitely.

PRODUCTION RESUMED

DETROIT (AP)—Production was resumed at three plants of the Kelsey-Hayes Wheel Co. Tuesday with the return of 6,500 employees who had been on strike for eight days.

MacArthur's Men Poised For Luzon Drive To Manila

By LEONARD MILLIMAN Associated Press War Editor

American invasion of Samar Island in the Central Philippines was reported Tuesday in a front-line dispatch from Leyte Island to the Melbourne (Australia) Herald.

The dispatch, passed by military censors, said a tank column had been ferried across narrow San Juanico Strait from a point north of Tacloban, provisional capital of the Philippines on Leyte.

Establishment of a bridgehead on Samar at this point would put U. S. tanks alongside a road leading to within 15 miles of Luzon Island, on which Manila is situated.

Franco's Men Fighting With Maquisards

LERIDA, Spain (AP)—

Spanish Army forces recaptured a frontier village Monday in the Aran valley and closed the main exit for Spanish Republican Maquisards who infiltrated Spain from France.

Tuesday, the forces of General Franco were moving down the valley in an effort to liquidate completely the dissidents.

The Maquisards are operating in groups of little more than 100. Army officers said they now had the choice of resisting until death or capture, or of disbanding for an attempt to escape through the heavily guarded passes which are banked with snow and which tower more than 10,000 feet. Those captured with arms face possible execution.

Rising In Intensity. Spanish Republicans in Paris said the border clashes had extended deep into Catalonia and were rising in intensity. The Maquisards were veterans of excursions against German occupiers of France and were said to be operating from bases in the Toulouse area of France. They were reported to have held several villages, at least long enough to liberate Anti-Franco political prisoners.

In some cases, Franco policemen were taken back into French territory, the Paris report said. It was reported in Paris that the French Forces of the Interior gave the Spanish Republicans bases to operations in reward for the part they played against the Germans.

Fifth Air Force Makes Longest Offensive Mission

A FIFTH AIR FORCE BASE, SOUTHWEST PACIFIC (AP)—In perhaps the longest offensive mission ever undertaken by fighter planes in the Southwest Pacific war, pilots of the Fifth Air Force Fighter Command knocked down 18 Japanese aircraft over Balikpapan, enemy oil center in Borneo.

Two of the planes were destroyed by Maj. Richard I. Bong of Poplar, Wis., America's leading ace, bringing his score to 30.

But Lt. William H. Strand of Pasadena, Calif., went Bong one better this day, engaging three opponents and making a clean sweep with his P-47 Thunderbolt's wings.

Among 11 other pilots chalking up victories was Lt. James A. Scott, Waco, who downed one enemy plane.

Italian front: 558 miles (from south of Bologna).

Captain Patch Buried In French Cemetery Monday

A U. S. SEVENTH ARMY COMMAND POST, FRANCE (AP)—Capt. Alexander M. Patch Jr., only son of the lieutenant general commanding the Seventh Army, was buried Monday in a little American cemetery a short distance behind the southern sector of the Western Front where his father's forces are fighting.

The 24-year-old company commander was killed Sunday by a direct hit from a German 75-mm. anti-tank gun while leading an attack in the Vosges Hills.

Brief services were held in a little Protestant church, with burial in the U. S. Army cemetery a short distance away. Immediately afterward, the captain's tall taciturn father returned to his duty, which Monday consisted of a front-line tour.

Roosevelt Will Make Chicago Speech

WASHINGTON (AP)—President Roosevelt will deliver a major campaign speech in Chicago some time after his Friday appearance in Philadelphia's Shibe Park.

Presidential Secretary Stephen Early announced the Chicago speech Tuesday but told reporters he did not have the date. However, Mayor Edward J. Kelly of Chicago has announced a big Democratic rally for that city next Saturday, the day after the President's Philadelphia speech.

Germany's Industrial Disarmament

Opinions on what to do with Germany are a dime a dozen—as plentiful as grandstand strategy at a ball game, and for the most part probably as unsound. Everybody has had a crack at the problem, and you can take your choice of experts, from Lord Vansittart and Secretary Morgenthau to Joseph P. Doakes and your Aunt Minnie.

Solutions have ranged from mass extermination to Christian forbearance. But on one point most postwar-Germany experts agree: Germany must be kept from building another war machine. You can get a lot of opinions on how that should be done, too. And one of the most logical seems to us to be that offered by five national technical societies.

Its very source carries authority, for the suggested program comes from leading practitioners in five branches of engineering—civil, mechanical, mining and metallurgical, electrical, and chemical. They seem to know what's needed, and their outlined program states how the results should be achieved.

Briefly, they favor a process of elimination which would prohibit the production, above prewar needs, of synthetic oil, nitrogen and its compounds, heavy forgings and high alloy steels, aluminum and aircraft. They would apply like restrictions to imports of manganese, chromium, nickel, tungsten, flux material, iron ore, steel and steel products.

This program has already been presented to Secretary Hull, along with a request that advisers from these five engineering professions be included in the American delegation at the peace conference. Their request seems reasonable. The peace treaty is certain to involve industrial decisions of a technical nature that will need professional rather than political minds. And compromises in the philosophy of postwar industrial control would require further technical consideration.

In fact, it might be sensible if the nations at war with Germany formulated and agreed on an industrial disarmament policy for postwar Germany, and made it public before the end of the war. Agreement in this field should be possible, even though governments don't make separate diplomatic commitments in advance of a peace conference, of course, for fear of losing face and home and bargaining power abroad.

Such an announcement might take some of the wind out of Hitler's sails. As it is now, he is holding up the German people an exaggerated picture of total economic ruin as their price of defeat. He is using it to make them fight harder and to prolong the war.

All we have announced so far is unconditional surrender, so we cannot refute Hitler's exaggerations. Germany's industrial future will doubtless be brighter than what Hitler has painted. To announce it in advance might stimulate the German will for peace, and save Allied lives.

Training Casualties

A recent news item tells of one soldier being killed and nine wounded by overhead machine gun fire during a training maneuver at Camp Croft, S. C. The loss of soldier through accident, before he has had a chance to strike a blow at the enemy, always seem particularly poignant. But tragic as such accidents are, the use of live ammunition and other realistic devices in training has been justified by the American combat record.

It is impossible to tell precisely what a gun or machine will do in battle until it has been tried in battle. But throughout the war every item of American equipment, from clothes to bombers, has been put through the most stringent possible tests before combat use. Lessons learned in combat have been applied to later tests. The result has been increasingly superior performance and fewer costly failures, and it has been a large factor in the coming victory.

So the men who have lost their lives in deadly serious training here at home are no less heroes than the soldier who have fallen in battle. Their contribution is not to be discounted.

Heroes' Votes

A complete report on the fate of votes of servicemen killed in action is not in, but already it is certain that these votes will be voided in at least 13 states. In every case it seems that state governments are following the letter of laws which forbid counting the ballot of a person who dies before election day.

But at least one state, New Jersey, has been more concerned with the spirit than with the letter. Its attorney general has held that such votes will be counted.

It is incredible to think that other states will not take some similar steps.

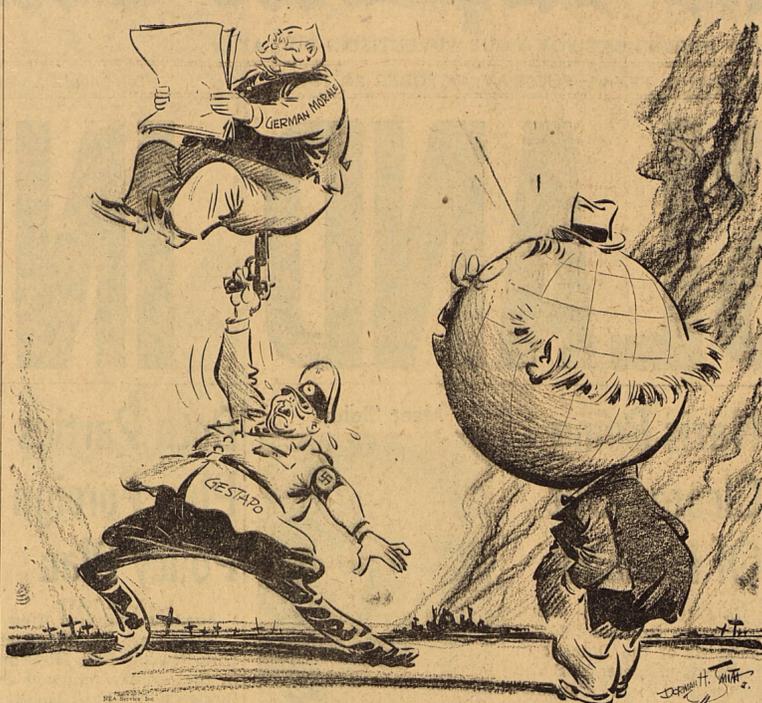

With some people patience is a virtue; with others it is just a case of not knowing what to do.

The man who marries to have someone to tell his troubles to soon has plenty to talk about.

Politicians are great fellows. They have to straddle the fence and keep both ears to the ground.

The powder that goes off with a bang is far more valuable than that which goes on with a puff.

No Endurance Contest Lasts Forever

Important Tests -

(Continued from Page 1)

It misses pay in the zones already developed in the No. 1 TXL.

West Of Apo-Warner

L. H. Armer, Fort Worth, has filed application with the Railroad Commission to drill a 1,700-foot wildcat in North-Central Pecos County in the region west of the Apo-Warner field.

It will be Armer's No. 1 W. T. Shearer, 650 feet from the south-west and 330 feet from the south-east lines of section 77, block 10, H&GN survey. It is to drill with cable tools starting Nov. 1.

An Unofficial Survey

Champlin Refining Company No. 1-B University, section 5, block 11, University survey, Southwest Andrews County wildcat, had tested through casing perforations from the bottom at 8,536 feet to 4,667 feet, and had found only water, with very slight indications of oil and gas in a few thin sections, according to unofficial sources.

It is currently on a plugged-back bottom of 4,667 feet, testing for production in the San Andres section of the Permian.

To Plug Back

Richmond Drilling Company No. 1 Nelson, section 34, block M, EL survey, Northwest Dawson County exploration, which had some indications of production between 4,765 feet and 4,965 feet and developed sulphur water at the total depth of 5,003, has started to plug back to 4,965 feet to try to eliminate water.

If that is done, the operator probably will shut the saturated formation to try to increase oil output.

Stanolind Oil & Gas Company

No. 1-D University, section 8, block 11, University survey, Southwest Andrews prospector headed for the Ellenburger, had reached 8,810 feet and was drilling ahead in lime and chert. It has assured production from the lower Permian and the Devonian.

Casing Cemented

Stanolind and Shell No. 1-B Wheeler, section 16, block 46, TP survey, T-1-S, south outpost to the Wheeler-Ellenburger pool in East Winkler County, which has shown for commercial production in the lower Ordovician, is waiting after cementing 5 1/2-inch casing at 10,643 feet.

Stanolind and Shell No. 1-C

Wheeler, section 12, block B-7, psi survey, on the northwest side of the field, was boring below 10,100 feet in the Simpson lime and shale.

Going On Down

Sun Oil Company No. 1 Martin, section 17, block A-41, psi survey, South Andrews County development, was making new hole below 4,226 feet in dry lime. No oil shows have been reported since the signs in the San Andres above 4,381 feet.

Sun No. 2 Keystone, section 4,

block 77, psi survey, Ellenburger wildcat in North Winkler County, was coming out of the hole with a core from 9,783-9,803 feet in the lower Simpson section.

Amerada Petroleum Corporation

No. 1 Jones, Northwest Gaines County exploration, had plugged-back to 7,538 feet from a total depth of 7,838 feet.

The casing had been perforated with 100 shots at 7,500-25 feet, and the crew was cleaning out the start a test of possible oil production.

More Salt Water

Magnolia Petroleum Company No. 1 State-Hart, section 8, block 3, H&TC survey, wildcat about three miles southwest of the Abell pool in North-Central Pecos County, ran a drillstem test at 5,592-5,609 feet in the McKee section of the Simpson.

Using a 5/8-inch bottom hole choke, tool was open for one hour. Recovery was 270 feet of drilling mud and 2,520 feet of salt water. The test was shutdown for orders.

Magnolia No. 1 Johnston, section 38, block C, D&W survey, in East Lubbock County, was coring at 6,383 feet in lime.

The Texas Company and Phillips Petroleum Company No. 1 Cowden, section 7, block 44, TP survey, T-1-N, Northwest Ector County exploration, was bottomed at 4,250 feet in lime, taking a drillstem test.

Using a 5/8-inch bottom hole choke, tool was open for one hour. Recovery was 270 feet of drilling mud and 2,520 feet of salt water. The test was shutdown for orders.

Magnolia No. 1 Johnston, section 38, block C, D&W survey, in East Lubbock County, was coring at 6,383 feet in lime.

The Texas Company and Phillips Petroleum Company No. 1 Cowden, section 7, block 44, TP survey, T-1-N, Northwest Ector County exploration, was bottomed at 4,250 feet in lime, taking a drillstem test.

Married at 97

Ninety-seven-year-old John Henry Titus, New York poet who never satisfactorily settled his claim to authorship of "The Face on the Barroom Floor," recently married Elizabeth Philderer, 54, also of New York, at Elkton, Md. Above, Titus is pictured in a pose during his dispute with followers of Hugh Antoinette D'Arcy over authorship of the famous poem.

Den Mothers Complete Cub Training Course

The training course for den mothers interested in cub scouting activities has been completed at the Educational Building of the First Baptist Church with nine women completing the course, it was announced by Mrs. E. R. Osborn, instructor.

Those completing the course are Mrs. W. H. Gilmore, Mrs. Elmo Lineberger, Mrs. F. D. Grant, Mrs. J. C. Vian, Mrs. A. S. Hollingsworth, Mrs. C. P. Tenyok, Mrs. Edwin Alstrin, Mrs. Elmer Sellers and Mrs. Ralph Geisler.

Birdwell Gets Two Years For Forgery

A sentence of two years in the penitentiary in each of two indictments for passing a forged instrument were assessed Monday in district court against Gwen Birdwell by District Judge Cecil C. Collings.

Birdwell pleaded guilty in both of the cases. The sentences will run concurrently.

Callao, chief port of Peru, was raided by Drake and others in the 16th century and in 1746 was completely wiped out by an earthquake.

Phillips No. 1-A Cowden, 1,044 feet to the northeast. Final destination of the test is to the lower sections.

Belgians Favor Hot Trumpet Over Hot Tommygun

By HAL BOYLE

LIEGE, BELGIUM (AP)—How jitterbugging ever found its way into this country! remains one of the mysteries of the war. Dancing was banned by the Nazis. No one was supposed to have a radio. Social life under Gestapo rule was pretty furtive and dangerous.

But right under Nazi noses the Liege lads and lassies developed into the jitterest jitterbugs this side of Broadway. And that's why one plush little night spot, which looks just like many of its counterparts on 52nd Street in New York was jumping the other night.

It started out as a quiet evening. A dark-haired piano player listlessly accompanied a lean blond clarinetist while a bored drummer and a piccolo player occasionally made themselves heard.

Then out of the night and into the din and glare stroled five GI's with tommyguns under one arm and musical instruments under the other. They walked over to the bandstand, the music trailed off into silence and the dancers stopped.

Sgt. Bruno Manni of San Francisco, as fine a machinegunner as any platoon ever had, unlimbered his accordion. Sgt. Jim Hie of Inglewood, Calif., who occasionally drives a tank, blew a few sweet notes on the trumpet while Sgt. Robert Deacon of Indianapolis, a sometime cook, slid onto the piano bench and grinned at the startled pianist.

Sgt. Charles Funk of Baltimore, Md., gave the drums a few rolls like no platoon sergeant ever did before and Staff Sgt. Eddie Giga of Passaic, N. J., cleared his throat to see if he was in voice.

And Pfc. Louis Junod, Brooklyn, a rifleman, sang a few casual harmony notes.

Beating It Out
The boys began beating out "Flat Foot Floogie" and on the postage stamp sized dance floor these Liege youngsters just went out of this world.

The Belgian clarinet player jumped back on the stand and began giving like Benny Goodman while the local jitterbugs went into a frenzy. After that number the boys slid into "Night and Day," "Smoke Gets in Your Eyes," "Begin the Beguine." After "You're Gone" and all the old favorites, hot and sweet.

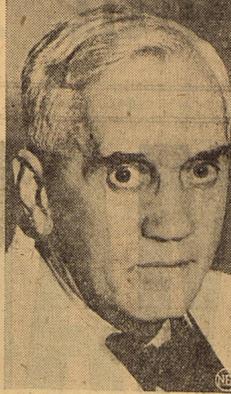

"It's like this," explained Junod during "Star Dust," "all us guys were wounded in battle and sent to a replacement depot. We sort of drifted together because we liked music and we'd have jam sessions now and then. The colonel liked it and had us put on a show.

Belgians Went Wild

"Well, it went over all right, I guess, because now they've got us on the road entertaining the boys and civilians. Today we played at the opera house. You shoulda seen those people. They went wild. They threw flowers and screamed and stomped just like at home, except they don't throw flowers at me back there. It was the first time they had heard swing music except on the radio in four years."

At tables the people who had been bored a few minutes before now forgot to drink their champagne, cognac and liquors. They kept time with their feet and every-

one was laughing and having a fine time. And before anyone realized it was 2 a. m. and the GT's tooted "that's all."

Japanese Relief For POW To Sail Soon

WASHINGTON (AP)—The Japanese ship Hakusan Maru will leave Japan Oct. 28 to pick up relief supplies at the Soviet far eastern port of Nakhodka for Allied prisoners of war and interned civilians, the State Department announced Tuesday.

Acting Secretary of State Stettinius said the Japanese government had informed the department through neutral channels of its decision to send the boat to Nakhodka, 60 miles east of Vladivostok. He added that some 1,500 tons of accumulated supplies have been moved from Vladivostok to the port which was made available by the Russian government.

The supplies are destined for American, British, Canadian and Dutch nationals in Japanese hands. Stettinius said an effort will be made to place on the boat any mail which can be forwarded in time.

Texas To Drill Deepest Oil Well

SAN ANTONIO (AP)—The deepest oil operation ever drilled will be attempted less than 75 miles south of San Antonio in Western McMullen County, the San Antonio Light says it learned Tuesday.

H. R. Cullen, head of the Quintana Petroleum Corporation, plans to drill to at least 16,000 feet on a location 12 miles south of Fowlerton and 4,850 feet northeast of the Greens Branch field, the newspaper reports. The well is scheduled for immediate drilling, it was reported.

At present the deepest oil operation in the world is in Kern County, California, where Standard Oil was drilling at 15,368. Phillips No. 1 Ada C. Price in Pecos County, reached 15,279 feet which stood as the record until last week.

No More Dates For Taxi Men Says Mayor

SPRINGFIELD, ILL.—(AP)—Mayor John W. Kapp has ordered Springfield taxicab drivers to quit giving free rides to their "girl friends" so that paying customers will have more room and get better service.

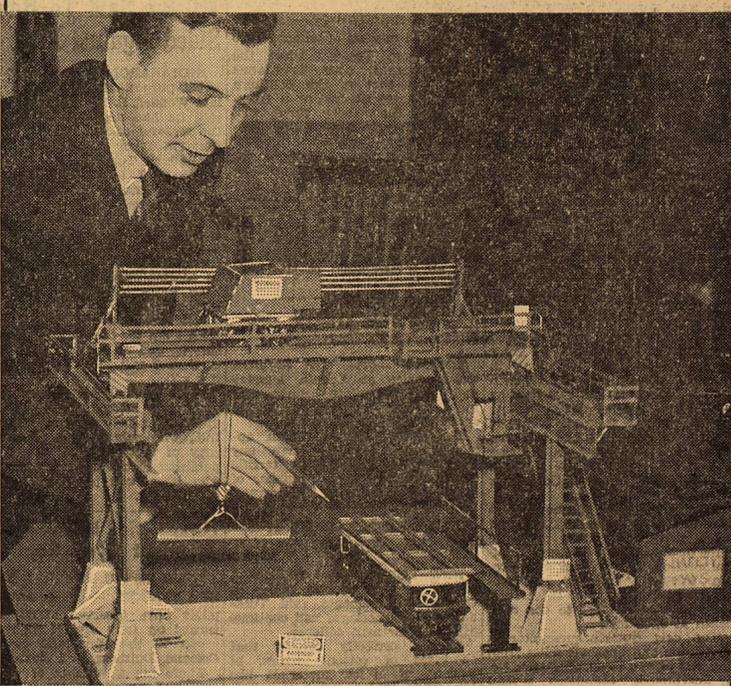

SEVEN KILLED IN FLASH FIRE

CINCINNATI (AP)—Seven persons died in a flash fire which swept the Cincinnati Pencil Co. section in the heart of the downtown section Monday night, injuring eleven persons, three of them critically, and causing a loss estimated by firemen at \$40,000.

Why a Steel Mill is a Safe Place to Work

The picture above shows one reason why the steel industry ranks among the nation's first three major industries from the standpoint of safety. This toy-size model of an overhead crane used in steel mills is complete to every moving part and safety feature, and a tiny electric motor makes it run just like its giant counterpart. Built by Richard V. Milligan, safety instructor at a plant of United States Steel, it is used in classroom safety meetings to teach workers how to avoid accidents. This is only one of scores of safety devices and practices used for the protection of U. S. Steel workers. The famous slogan "Safety First" was born in the plants of United States Steel at the turn of the century.

Mrs. M. W. Alcorn Is Guest Of Honor At Baby Shower Monday

A pink and blue shower was given Monday for Mrs. M. W. Alcorn and her newly-adopted baby girl, Jane Sharon, by Mrs. Wallace Henry and Mrs. Bernard Collins in the latter's home at 502 S. Loraine.

The guests registered in a baby book, presided over by Mrs. Leo Baldrige. Mrs. Henry and Mrs. Collins presented the gifts in a large pink and blue basket.

Garden Flowers Used

Garden flowers were used throughout the house, and the traditional baby colors were used in the table decorations.

At the end of the evening, refreshments were served.

Those attending the shower were Meses. W. P. Chandler, H. E. Skipper, J. Wayne Campbell, Juanita Hix, Lillian B. Hazel, Hutchinson, Ina Harris, C. E. Caffey, John Vaughn, John H. Biggs, Susie Spears, Lula B. Wycoff and Miss Evelyn Caffey.

Gifts were sent by the following women who were unable to attend: Meses. M. A. Floyd, Leora Cooper, Lee Thomas, Joe Dobson, G. C. Driver, P. P. Barber, R. B. Preston, Bob Quencer, Roy Jones and Lorraine Wallace.

BROWNIE TROOP 14 MEETS AT HOME OF MRS. TROY STALLS

Brownie Troop 14 met Monday afternoon at the home of Mrs. Troy Stalls, 802 W. Storey, Mrs. John E. Gaffney and Mrs. Stalls, co-leaders, had charge of the meeting.

The discussion for the afternoon was on seeds and seed pods. After the discussion, games were played and Brownie songs were sung. Cookies and milk were served for refreshments.

Brownies present were Betty Sue Crump, Janice Hill, Rosemary Gaffney, Judy Stalls, Peggy O'Neal, Margaret Pool, Miriam Speed, Retta Hazlip, Jerry Bizzell, Sue Blevins, Donna Marsh, Barbara Munson, Wanda Lee Bradshaw, Carolyn Leggett, Gwendolyn Campbell and Helen Zant.

The next meeting will be held Monday at the home of Mrs. Gaffney, 210 Ridglea, at 3 p. m. Each mother is responsible for her child's transportation to and from the meeting.

Circles Of W.S.C.S. Of Methodist Church Hold Joint Meeting

The Woman's Society of Christian Service of the First Methodist Church met Monday afternoon in the Scharbauer Educational Building.

Mrs. W. E. Chapman, president, had charge of the business meeting, at which interesting reports were given by the officers of the four circles.

A nominating committee composed of Mrs. Stacey Allen, Mrs. W. B. Hunter and Mrs. D. A. Pass was elected to select officers for the coming year.

To Mark Prayer Week

It was announced that the week of prayer would be observed Oct. 30 at 9:30 a. m., in the form of a morning retreat. Mrs. George Vanaman will lead the program. All church members are urged to be present.

Members present at the meeting were Meses. Nettie Crawford, J. A. Andrews, M. J. Allen, J. C. Vian, G. L. Shoemaker, H. M. Reigle, Clyde Gwyn, W. A. Black, Mary S. Ray, Jess Barber, Stacey Allen, S. H. Hudkins, Luther Tidwell, D. A. Pass, E. S. Hensley, Hugh Duncan, Mollie McCormick, Lucile Howell, N. G. Oates, Lewis Wallace, Ella Reising, L. C. Stephenson, E. J. Voliva, B. F. Haag and W. E. Chapman.

Texas General Wins DSM For China Job

WASHINGTON—(AP)—The War Department has awarded the Distinguished Service Medal to Brig. Gen. Thomas Otis Hardin of Fort Worth, for his work in developing the aerial lifeline to China.

Maj. Gen. Harold L. George, commanding general of the Army Air Forces Air Transport Command, presented the "medal" in Washington.

A native of Mexico, Texas, the 50-year old general until recently commanded the India-China Division of the Air Transport Command. He returned to the United States to take another assignment.

Two Couples Obtain Marriage Licenses

The marriage license business at the office of County Clerk Susie G. Noble was off to a good start Monday with two licenses being issued.

They were issued to Witt Belmont Elms and Bessie Christine Johnson, and Hyman Frankel and Ruth Jean Levy.

KILLED BY SOUND

Audible sound waves, so highly pitched that they are said to be "terrific squawks," have been used successfully by two Texas scientists to kill bacteria.

Nevada has the smallest population of any state in the union.

CITY 80 CABS

Shirtwaister

8696 34-48

Beloved by every woman is the classic shirtwaister dress with its smart good looks and air of assurance. This one, well designed and flattering to the figure, has a fly front effect and skirt pleating.

Pattern No. 8696 is designed for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, full length sleeves, requires 4 3/4 yards of 35 or 39-inch material; 1/4 yard less for short sleeves.

For this pattern, send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to The Reporter-Telegram, Today's Pattern Service, 530 South Wells St., Chicago 7, Ill.

The new fall and winter issue of "FASHION" is now ready—32 pages. It's a complete guide to your fall and winter wardrobe. Send for your copy. Price 15 cents.

Key to Smartness

Designer Lura de Gez used the famed Greek key motif in designing this gold head band for evening wear. Carrying on the theme of simplicity is the classic coiffure in which side-parted hair is brushed back to a low chignon at the nape of the neck.

Mary Elizabeth Truly Circle Has Session Devoted To Missions

The Mary Elizabeth Truly Circle of the First Baptist Church met Monday morning at the home of Mrs. G. A. Wakefield, 501 N. Pecos. Refreshments were served to the members as they arrived.

Mrs. B. C. Girdley opened the meeting with a prayer, and Mrs. John Dunagan presided over the business session. Mrs. George Phillips brought the devotional, which was entitled, "Comfort for God's Children."

The missionary lesson, "Pioneering with Christ in Chile," was taught by Mrs. Ray Howard. The closing prayer was given by Mrs. C. M. Dunagan and was for Mary Elizabeth Truly, a missionary in Africa for whom the circle was named.

Other members present were Mrs. Russell Howard, Mrs. J. K. Wright, Mrs. O. L. Bevil and Mrs. A. L. Bertrand.

Deadline Near For Dairy Subsidy Pay

Dairy producers of Midland County were warned Tuesday by W. E. Pigg, chairman of the Midland County ACA, they have only one more week to turn in their applications for dairy subsidy payments for the July and August period.

October 31 is the deadline for filing applications for the two month period. Payments will be made on the basis of 45 cents per hundredweight for whole milk and six cents a pound for butter fat. The subsidy payments are made to offset the high cost of feed, Pigg explained.

Veterans' Rights Is Due For Discussion

A question and answer program regarding readjustment allowances due veterans of World War II under the GI bill of rights act will be broadcast from KRLH from 7:30 to 7:45 p. m. Tuesday.

No veterans have filed in Midland for readjustment allowances since the act became effective September 4.

A representative of the Unemployment Compensation Commission will be at the Odd Fellows Hall from 9 to 10 a. m. November 7 to talk with veterans regarding the act.

Beta Sigma Phi Pledges Rushees At Preferential Tea

Beta Sigma Phi sorority held its preferential tea Sunday afternoon at the home of Mrs. W. I. Pratt, 911 W. Kansas.

The table was beautifully set with yellow and white flowers in an effective centerpiece. The yellow and white color scheme was carried out throughout the house, and even sandwiches and cakes were predominantly in these colors. Mrs. A. L. Barr poured.

A reading was given by Mrs. Lucille Johnson entitled "The Vagabond's House." Miss Faye Powers then sang "Beta Sigma Phi Sweetheart," accompanied by Miss Dorothy Pinkerton.

Become Pledges

Rushees who became pledged to the sorority were Mrs. Bea McClure, Miss Frances Jones, Miss Frances Little, Miss Aileen Maxwell, Miss Lillie Mae Stovall, Miss Mary Corbin and Miss Dorothy Braewell.

Members present were Meses. J. H. Fine, Ralph Guyger, Juanita Sherrod, S. R. McKinney Jr., G. B. Hallmar, Cecil Waldrep, A. A. Jones, R. H. Frizzell Jr., Archie Estes, Lucille Johnson, A. L. Barr, J. Howard Hodge and Mrs. Roy Johnson of McCamey.

Other members present were Meses Faye Powers, Doris Little, Dorothy Hamilton, Dorothy Pinkerton, Leana Gray, Maedelee Roberts, Carolyn Oates, Ruth Smith and Minnie Lee Hankins.

Mrs. Robert K. Seagraves of Abilene was a guest.

There are, actually, white blackberries.

WHAT TO DO WHEN A FUSE "BLOWS"

1. Know where the main and branch circuit fuse boxes are located in your home or store.
2. Disconnect the appliance, lamp or other electrical equipment that caused the fuse to blow.
3. Before removing or inserting a fuse, first open the main switch to cut off the electricity.
4. Look for the blown fuse. Usually the mica window is blackened where the thin metal strip has burned in two.
5. Replace the burned fuse with a new one of proper size (15 Amp. for branch circuits; 30 Amp. for the main circuit). Then close the switch.
6. Don't try substitutes for fuses. They afford you no protection and are dangerous.

GERMANY WILL TRY IT AGAIN

By Sigrid Schultz Copyright, 1944, by Sigrid Schultz Distributed by NEA Service, Inc.

As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns will culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.

FIRST TROJAN HORSE: WE WANT A LEADER

THE exasperated business or professional man who says, "What we need is a leader," is calling for the death of his cherished democracy. It was precisely by wishing for a "leader" to command them that the German people let themselves be sucked into the maw of Nazism.

We enjoy as a republic the privilege of choosing our representatives freely every few years. If the men we elect annoy or disappoint us, then it is not the representative system which is at fault, but our own judgment. It is the duty of our representatives to debate, to discuss, before reaching a decision. This makes for a certain slowness, a certain cumbersome. But with all its admitted faults, would we want to exchange our system for the public as opposed to the secret ballot, or for the single, Party candidate?

SECOND TROJAN HORSE: NAZISM PROTECTS PRIVATE ENTERPRISE

THE Nazis won capitalist support in Germany by claiming that they would protect private enterprise. Then they introduced a system more severely regimented than Communism.

soap-box orators, like the soap-box Communists in Union Square, Germany's Labor Front propaganda has reached an astonishing number of Americans. Within the past two years I have met more workers in the United States who believed that German treatment of workers shamed the American treatment than men who claimed the Communist system superior for the workers.

These men haven't been to either country. They know only what they have heard, glowing reports of workers returned or writing from Germany, from German relatives of other workers, from Swedish, Danish, Irish and other renegades who were Nazi agents, bursting with tales of labor's happiness under the Nazi regime.

I never hear evidence of the Nazi germ among American workers without remembering an agent of the Gestapo in Berlin who made a bit of pocket money now and then by providing me with news.

My Gestapo tipster talked repeatedly about the tremendous organization the government had built up to collect data on American industry, to foment labor trouble in the United States in the event of war.

Such extensive preparation for sabotage was not intended for wartime use alone. In peacetime, while we are "co-operating" with Germany, to be Christian and kind (and also to regain our markets), German agents who are thoroughly familiar with our procedures will exert every effort to hamper our output, to weaken us internally and to cripple us as a competitor.

The propagandists who point only to the "Communist danger" are trying to make us look the other way while they stick a knife into our ribs. Remembering the great man who said that if we were all good Christians there would be no need for Marxism, I have no doubt that if we use the full our democratic duties and privileges, we can make our democracy immune to any danger from Communism or Nazism.

with dummy's ace, the ace of clubs was cashed and a small club led to declarer's ten-spot. Next came the safety play, guarding against a bad break in diamonds. A small diamond was led. East won with the queen and returned a spade, North winning with the king. A small diamond was ruffed with dummy's queen of clubs, trumps were picked up, and now all the diamonds were good.

Five Attractions On Lion War Effort Show

Members of the Lions Club and the Midland County Civilian Defense Corps plan to welcome a large audience at 8 p. m. Tuesday at the High School Auditorium to witness the fourth of a series of war effort shows being sponsored by the two organizations.

The Tuesday night show will consist of five attractions, four film subjects and a talk by Lt. Joseph B. Smith of Midland Army Air Field.

The feature film for the show is "Battle of Britain," which reveals the German efforts to down Britain after the fall of France. Another of the War Department's subjects showing Americans in action over the world will be shown, "Attack Signal" pictures the Navy in action and the final unit on the program is a scene of the landing on Sicily.

NOT SO PEACEFUL
Doves are symbols of peace, but, during the mating season, fierce and bloody battle are fought by rival males of this seemingly gentle bird tribe.

Bond Reduced On Hillary Mayen

DALLAS (AP)—The bond of Hillary Mayen of Laredo, held in connection with the \$62,500 swindle in 1939 of Mrs. D. B. Flagg, former McAllen citrus grower, may be conditionally reduced from \$25,000 to \$15,000.

The reduction was tentatively arranged Monday after Maury Hughes, one of Mayen's attorneys, appeared before Federal Judge Whitfield Davidson and waived the hearing which was set for Tuesday. Hughes told the court arrangements had been made for reducing from \$25,000 to \$15,000 a bond which has been asked in Federal Court at Brownsville where Mayen is under mail fraud indictment under an alias. Judge Davidson said if the Brownsville bond were reduced and made, Mayen would be permitted to make \$15,000 bond in the Dallas case.

University Faculty Hearing New Report

AUSTIN (AP)—The University of Texas faculty meets at 5 p. m. Tuesday to hear a special committee report on "sound principles of university administration."

The committee drew its authority from a general faculty meeting last week, called after University President Homer P. Rainey outlined to the faculty a list of 16 instances which Dr. Rainey said illustrated "repressive measures" the university board of regents had imposed or attempted to impose on him.

Ralph Himstedt, executive secretary of the American Association of University Professors, was scheduled to arrive from Washington Wednesday for conferences with faculty members on the university administrative situation in general.

Himstedt planned also to meet with the board of regents in Houston Friday and Saturday. Dr. Rainey also will meet with the board which customarily meets once a year in Houston, location of the University School of Dentistry, and once a year in Galveston, location of the University Medical branch. Other meetings are held in Austin.

SIDE GLANCES

England the gendarme of Europe.

Thus it was with relief that the outside world received word through the Soviet press that the Stalin-Churchill conference was a success. The government paper Izvestia declared the parley gave good reason to believe that the Soviet Union, Britain and the United States would enjoy an era of increasing collaboration in speeding up defeat of Germany and of comradeship in the solution of peace.

If that's a correct estimate, then the prospects of the Dumbarton Oaks project seem good. There are many delicate moments yet to be bridged, but a peace organization can be created and made to function.

THE WAR TODAY

By DEWITT MACKENZIE Associated Press War Analyst

The most important product of any war is the ensuing peace—a truth which has been mightily impressed on public consciousness by the Dumbarton Oaks Conference to plan for a world organization to outlaw armed conflict.

Enduring peace is the star to which we want to hitch our chariot, but the difficulties to be surmounted in achieving it become more apparent daily as the European international political spars show about the open powder keg. Every point of the Continental compass produces its problem. A concrete example is the boundary dispute between Moscow and the Polish government in London—a dangerous situation which again is hot.

Big Three Responsible

Whether a workable peace league can be created seems to me to depend mainly at the outset on the big three—the United States, Russia and Britain—as this column previously has recorded. Of course all nations, big and little, are essential to perfect union, but the trio is the key to the problem.

These three dominant powers have the strength to enforce peace. By the same token the strength of each is so great that a serious falling out among them must mean a fresh upheaval.

Red-British Setup Important

While responsibility for peace can be assessed against the big three, it revolves strongly around Russo-British relations, which have taken on an entirely new complexion as a result of the war. Russia is emerging as the great new power of the Eastern Hemisphere, and fortune is transferring to Moscow much of the influence which long has made

Capt. D. G. Wells New Information Officer At Field

Capt. David G. Wells, who recently completed a special services course or information and education at Washington and Lee University, has been appointed Information and Education Officer, announced Col. Charles H. Dowman, commanding officer of Midland Army Air Field.

A bombardier by Army profession, Captain Wells won his wings and commission with MAAF Class 42-12 in September, 1942. Since then he has completed a bombardier instructors course at Carlisle, N. M., and a dead reckoning navigation course at Childress, Texas. He entered service as an enlisted man in March of 1941 and received his appointment as an aviation cadet in March, 1942.

A graduate of Central State Teachers College in Edmond, Okla., Captain Wells majored in education. He was born at Sherman, Texas, and hails from Oklahoma City, Okla. In civilian life he was an insurance and credit investigator and an investigator of taxes and titles on land and property. Captain and Mrs. Wells live in Midland.

Absentee Balloting Keeps Clerks Busy

Reports of apathy on the part of voters toward the presidential election must be false, County Clerk Susie G. Noble said Tuesday as she reported 17 absentee ballots were sent out or cast Monday at her office. The 17 ballots sent out or cast Monday brings the total number of absentee votes to 83, a record. Those who plan to be out of the county November 7, date of the election, have until November 3 to cast their absentee votes.

State Democrats in Squabble Over Records

DALLAS — (AP) — The Dallas News said in a story Tuesday that pro-Roosevelt forces, who gained control last September of the State Democratic party have been unable to secure custody of records kept by the ousted executive committee.

The News stated that "payment of party debts, said to total more than \$3,000, was one of the demands of Charles Simons, ousted executive secretary, before he would surrender the records." At Houston, George A. Butler, former State Democratic chairman, said he had received no request for the records and declared: "This is the first I know of it."

Butler said there is "quite a large deficit" and that since the pro-Roosevelt forces had been "running around collecting money," they should pay this deficit. After such payment, he said, the group would be entitled to the records.

Charged With Plane Theft In California

SAN RAFAEL, CALIF. — (AP) — Samuel W. Godsey, 24, was held here Tuesday for Oklahoma City authorities, on a charge of having stolen an airplane and later wrecking it. Godsey was arrested by Police Chief James Doyle of Sausalito when he applied for a job at the Marine ship yards.

Dilly Samuels Is New Texas Football Star

SAN ANTONIO — (AP) — Perry (Dilly) Samuels, the flying school-boy who sprints 100 yards in 9.7 seconds and carries a football like-wise, says he learned broken field running from riding horses through the high mesquite on his folks' ranch.

Samuels, a short 145-pounder who has stepped into the scoring lead of Texas high school gridirons with 97 points, gives it to you like this:

"I took Coach (Coach Barlow Irvin of Thomas Jefferson High School) down there one day and showed him some of that brush. 'That's a lot harder to dodge than tacklers,' I told him, but he wouldn't believe it."

It was on the ranch at Dilly in deep South Texas that he picked up his nickname, and those runs he has been making ought to perpetuate it.

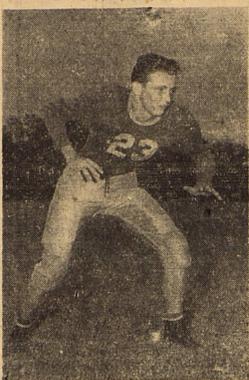

Some Of His Runs

Samuels raced 98 yards against Temple, 90 against Milby of Houston, 65 against Laredo, 64 against Texas Military Institute and 58 against McAllen, not to mention a

One of the big questions to Midland football fans this week is can the Bulldog ends, Miller, top left; Hyatt, top right, and Conly, lower, hold the Abilene team which specializes in running plays over a jammed end zone?

Abilene Playground???

flock of gallops around the 30-yard mark.

And he's not just a runner; the boy is a crack passer and a punting wizard. He once quick-kicked 74 yards in a game and another time booted the ball 66.

But it's running he likes. "Coach some times gets on me about not throwing more passes," Perry said, "but shucks, I'd rather run with the ball. Then they can't intercept it."

Samuels last Spring was the second fastest sprinter in the state, trailing only Charley Parker, king of United States dashmen.

"I've seen lots of backs come and go in over 20 years of coaching football," Harry Hamilton, assistant mentor, said, "But I'm here to say Samuels is the best."

"I've seen 'em—pros, college and high schools—but I think for a running back I'd rather have Samuels," Irvin commented.

From The Press Box

By JACK LIVELY

Coach Gene McCollum introduced a couple of new plays to the Bulldogs Monday afternoon and the greater part of the evening was spent in working out variations and improving the new strategy. These plays are to be used against Abilene this coming Friday night.

Coach McCollum realizes that he is up against a strong heavy team, stronger and heavier than any the Bulldogs have encountered this year. Although the record reveals that Midland won over Abilene 26-21 last year, it looks like the impossible to think the Bulldogs can pull it again.

Let's take a look at the facts: Abilene lost three games this season but in turn defeated Odessa and Lubbock, the latter being victor over the mighty San Angelo Bobcats.

Midland has played and defeated Pampa, El Paso, Plainview and Big Spring. To Sweetwater the Bulldogs lost.

That gives Abilene two up and three down while Midland has four up and one down.

Here Is The Catch

Midland has been playing the lighter teams in this area during the first of the season while Abilene has been trying into some real competition. The only tough team that Midland has encountered has been Sweetwater and Sweetwater kept the game, much in the same manner Midland has been doing in the majority of its games.

Midland has a good team. Midland has a fighting eleven that is a match for any team in its own weight but Abilene and San Angelo are out of this weight class and should be in a lot heavier grouping, we think.

This Is The Way They Did

In the Odessa game Abilene first scored from the 49-yard line on a pass to Altus who twisted his way down the field for the entire 49 yards. The next time they blocked an Odessa punt and carried the ball to the Odessa 20 before they were pulled down but on line plunges Dillingham (who is currently out of the team on account of diphtheria) shoved the ball to the six and then carried it over for the touchdown that spelled defeat for Odessa.

Abilene is strong on running back kicks and punts. A majority of the time they would run the Odessa boots back into Odessa territory before they would stop. Backfield man Murphy is plenty shifty and will bear a lot of watching.

Midland has a chance against Abilene, there is no doubt about it. But if they take the game it will be solely on playing a smarter, smoother brand of football and not on the ability to run roughshod over the Eagles.

From the way Abilene has been performing lately and the marvelous coordination in their plays, if the Bulldogs can hold them to a couple or three touchdowns, we won't complain.

Randolph Field Ramblers Have Hard Time Working In Any Extra Contests

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS — (AP) — Football teams over the country don't want any part of Randolph Field it seems—that is, teams lucky enough not to already be on the Ramblers' schedule.

Fort Worth was trying to get a strong opponent for Randolph in the game staged for Army-Navy relief there last Sunday. They called another headed service outfit.

"Our schedule already is filled—thank God," said the official contacted.

Stewart Praises

And still another coach who has viewed the greatest teams of all time lends his praise to the rollicking Ramblers.

"I think I saw the Chicago Bears at their best," says Jimmie Stewart of Southern Methodist. "At least they were World Champions. They were superb but honestly, I believe the Randolph team is better than they ever were."

North Texans are willing to believe Jimmie after watching the Ramblers against Camp Polk at Fort Worth. Seldom did a Rambler miss a tackle but if he did there were three fellows behind him who didn't. And razzle-dazzle! The late Francis Schmidt would have taken notes for a week on those boys. You should see how they pull their lateral passes. Three fellows run in single file each waiting until the one ahead may be tackled. They pitch the pigskin like a basketball.

Maybe You Can Pick 'Em

So you're good at picking football winners, huh?

Well, look over the record of Dick Freeman of the Houston Chronicle last week.

Dick picked Texas to win 20-0

(score was 19-0), took Texas Christian to beat Texas A&M 13-7 (that was the score exactly), and selected Rice to down Southern Methodist 20-14 (score was 21-10). Freeman, it is understood, is quite mortified over granting SMU four more points than it made—and understating Rice by one!

One Mistake

One little mistake may have lost Texas A&M its game with TCU last week. It was because of one of the newest rules in the book—that which prohibits a kicking team from touching the ball inside the other team's 10-yard line.

Bobby Goff had boomed a great kick that died on the Aggie one-yard stripe. The Frogs were really in the hole on that one—except that an eager cadet went down with the idea of killing the ball so it wouldn't roll across the goal line. He touched the pigskin and the officials brought it out to the 20.

Soon TCU made a touchdown after recovering a fumble on the Aggie 30.

But if the Aggie hadn't touched that ball and TCU had had to kick from behind its goal line—

Texas Win Three Places At Rodeo

NEW YORK — (AP) — Texans took three first places at Monday night's performance of the Madison Square Garden Rodeo.

Manuel Enos of Fort Worth won the bull riding contest. Kid Roberts of Strong City, Kan., was second and Dick Griffith, Scotsdale, Ariz., was third.

Buck Dowell of Sundown, Texas, took away first place in bareback bronc riding. Fred Baskys of Denver was second and Tyler Mills of Montrose, Colo., was third.

In wild cow milking, Texans were the whole show, with N. A. Pitcock of Aspermont, first; Tom Taylor of Spofford, second, and Irby Mundy of Shamrock, third.

Other Results:

Calf roping—Won by Buck Sorrells, Tucson, Ariz., 21.4 seconds; second, John Bowman, Okadale, Calif., 22.2; third, Jack Shaw, Roswell, N. M., 27.2.

Saddle bronc riding—Won by Raymond Ivory, Hayward, Calif.; second Manuel Enos, Fort Worth; third Claude Morris, Moreland, Okla.

Steer wrestling—Won by Gene Rambo, Shandon, Calif., 5.5 seconds; second Glenn Tyler, Modesto, Calif., 6; third Hugh Bennett, Colorado Springs, 6.4.

Second Highest Daily Double Paid Monday

SAN MATEO, CALIF. — (AP) — The second highest daily double payoff in the history of Bay Meadows track horse racing featured Monday's program when Milldust coupled with Bonatia to return \$3,546.90 to backers holding two-dollar tickets. The record of \$3,610.60 was established in 1937.

Connie Mack Silent On Minneapolis Buy

PHILADELPHIA — (AP) — Manager Connie Mack, the Philadelphia Athletics, said his rumored purchase of the Minneapolis ball club of the American Association "may take place sooner than we think."

He said "we have things pretty well mapped out but no money has changed hands yet."

Pacific Coast League Extending Games

LOS ANGELES — (AP) — The next Pacific Coast League baseball season will be 200 games long, instead of the 179 games played this year.

League directors have voted to open for business March 31 and close Sept. 23.

REISER LIKES THIRD

ST. LOUIS — (AP) — Pete Reiser, the former Brooklyn Dodger outfielder who led the National League in hitting in 1941 with 343, says he wants to play third base for the Dodgers when the war is over. Pete, now stationed at Fort Riley, Kan., was a recent visitor to the World Series.

Southern California Routs Huskies 38-7

LOS ANGELES — (AP) — Southern California was at its best, Washington—well, the Huskies couldn't have been worse—and 70,000 spectators will attest that the Trojans' 38 to 7 victory just about represents the comparative strength of the teams.

Washington, unbeaten, untied, lost its chance to get a western bid for the New Year's Rose Bowl game under a crushing Southern California attack Monday night, a diversified assault on the ground and in the air that disorganized and eventually routed the Huskies' defense.

Well Spacing Modified By PAW Monday

WASHINGTON — (AP) — Oil-well spacing regulations in 45 West Texas counties have been modified by the Petroleum Administration for War to permit simultaneous development of shallow and deep zones in these areas.

The PAW, acting Monday, authorized wells to be drilled on 20-acre spacing in the zone above 3,400 feet and on 40-acre spacing below that depth. Previously, the latter spacing was in effect at all depths.

The order also provides that each of the zones may be developed independently of the other. It leaves to the state regulatory body the requirements as to the distance between wells and the distance between wells and property lines.

Counties Covered

Andrews, Borden, Brewster, Cochran, Coke, Crane, Crockett, Crosby, Culberson, Dawson, Dickens, Ector, El Paso, Gaines, Garza, Glasscock, Hockley, Howard, Hudspeth, Irion, Jeff Davis, Kent, Kimble, Loving, Lubbock, Lynn, Martin, Menard, Midland, Mitchell, Presidio, Regan, Reeves, Schleicher, Scurry, Sterling, Sutton, Terrell, Terry, Tom Green, Upton, Ward, Winkler, Yoakum and Pecos.

In Pecos County PAW excluded the Yates field, saying it had been fully developed before the war "and a change of well-spacing requirements is not warranted in that area."

Tickets For Abilene Game To Go On Sale

Tickets will go on sale Wednesday at the Chamber of Commerce for the football game to be played Friday at Abilene between the Midland High School Bulldogs and the Abilene eleven, school officials announced Tuesday.

The tickets are for good seats in the stand in mid-field. A large number of fans are expected to attend the game following the Bulldogs' victory over Big Spring last Friday. When the Bulldogs played at Sweetwater more than 100 attended from Midland.

China-Burma-India Veteran At MAAF

A veteran of forty combat operational missions in the China-Burma-India theater of operations as radio-operator-gunner, and winner of the Distinguished Flying Cross and the Air Medal with one Oak Leaf Cluster, reported to Midland Army Air Field for duty yesterday.

He is T/Sgt. Joseph V. LeBlanc, who hails from New Orleans, La., and he came to the bombardier base from Grider Field, Ark. On returning to the United States, he was assigned to Truxev Field, Wis., as a radio-operator instructor. Prior to following his enlistment in the Army in July of 1939.

Sergeant LeBlanc, who served fifteen months in the CBI theater, also wears the American Defense Medal, the Asiatic-Pacific Campaign Medal, and the Good Conduct Medal.

Captain McGuire Is Hurt In Grid Game

A fractured elbow was suffered at Midland Army Air Field Tuesday by Capt. Tom J. McGuire, physical training instructor, in a game of touch football. A bone in the elbow was chipped and he was hospitalized overnight. The arm is in a cast.

Captain McGuire was playing left end on the Administrative Officers' team in a contest which was playing Training Squadron 1. He was skirting left end on a run when the accident occurred.

Road Building Outlook Gloomy, Says Gentry

AUSTIN — (AP) — Construction of any type road in Texas, super-highway or farm to market, presents a gloomy outlook, Brady Gentry, State Highway Commission Chairman, said Monday at the monthly highway hearing.

"The outlook for building the little country road as well as the super highway is very cloudy, in view of the way Congress is cutting pending road appropriation bills," said Gentry.

National Crude Output Up 18,350 Barrels

TULSA — (AP) — United States crude oil production increased 18,350 barrels daily in the week ended Oct. 21 to 4,740,000 barrels daily, the Oil and Gas Journal said Tuesday.

Kansas output was up 27,750 barrels a day to 295,650; the Rocky Mountain area, 2,150 to 128,900, and Eastern fields, 1,500 to 68,500.

Texas production declined 50 barrels a day to 2,133,350; East Texas, 50 to 371,350; Oklahoma, 1,900 to 343,350; California, 50 to 892,450; Louisiana, 700 to 382,000; Illinois, 14,000 to 190,700, and Michigan, 7,900 to 44,300.

Tuesday Starts Off With Cool 44 Degrees

The weather warmed up some in Midland Tuesday morning, but not much. A low of 44 degrees was registered at 8 a. m. Tuesday as compared with a low of 42 degrees for Monday. The mercury took an eight-degree drop between 5 and 8 a. m.

Maximum temperature for Monday was 80 degrees, 10 degrees more than the maximum for Sunday.
