

# HITLER'S TREASURE CAPTURED

## Vienna Encircled As Reds Battle To City's Center

**LONDON—(P)—**Rampaging Red Army tank columns, in a 14-mile sweep around the smoke-shrouded Austrian capital, encircled the greater part of Vienna Saturday and battled in the streets toward the city's cratered heart, Moscow disclosed.

At the same time, Berlin reported that tank spearheads had broken 23 miles through the Vienna woods west of the capital, and were plunging westward within 125 miles of Hitler's mountain retreat at Berchtesgaden, Bavaria.

Soviet forces, converging on Vienna from three directions, also were said by the enemy to have forded the broad Morava River east of the city.

Moscow's nightly communique announced that Russian troops had driven 14 miles around the western outskirts of Vienna, routing enemy groupings in the Vienna woods, and had reached the Danube at Klosterneuburg, one mile from the city's northwestern limits.

The swift surge isolated Southern Vienna, where 20 of the city's 21 districts are located, and cut three of its vital escape routes—the railroad and highway to Linz and the railroad to Prague.

Two Suburbs Taken  
The Russians also captured the fashionable southern suburb of Moedling and Pressbaum, seven miles west of the city. The Nazi DNB agency admitted that the battle had reached a "crisis" and a broadcaster said: "We have not been able to restore the situation."

Marshal Fedor I. Tolbukhin's tank spearheads, von Hammer said. (Continued on Page 3)

## Japan Assembles Third Cabinet With Suzuki

**SAN FRANCISCO—(P)—**Japan's third war cabinet, headed by Baron Kantaro Suzuki as premier, was formed Saturday in a shower of American air bombs and installed in imperial palace ceremonies held under a black cloud of naval defeat.

The war ministry straightway announced a reshuffle of the Japanese army high command, said Tokyo radio in FCC-monitored broadcasts, and Suzuki warned his countrymen

Admiral Baron Kantaro Suzuki the "very basis of our empire's existence will be threatened if the situation is allowed to pass as it has been."

Domestically, Japan's news agency, announced Suzuki, successor to Premier Gen. Kuniaki Koiso whose cabinet fell Thursday, personally took the portfolios of foreign minister and greater East Asia minister, two top rank posts.

Suzuki's retention of the foreign and greater East Asia minister gives him the key positions should Japan, falling in war and faced with Russia's denunciation of the Russo-Japanese neutrality pact, make peace overtures, a movement which the Army and Navy Journal in Washington predicted.

Suzuki reappointed Adm. Mitsumasa Yonai navy minister. Yonai held that post on Koiso's cabinet and also was co-premier. Suzuki appointed Gen. Korechika Anami war minister.

## War Agencies Want Controls After V-E Day

**WASHINGTON—(P)—**Heads of the war-born government stabilization agencies jointly called Saturday night for continuation of price and wage controls well past V-E Day.

"They are needed to prevent inflation, a statement released by the White House said, until some unspecified date when 'the danger is over.'"

At the same time, the officials called for consideration of changes that must be made to prevent a postwar collapse of values. Basically their solution was high wages and low prices when lessening war demands reverse economic pressure.

The statement was in the form of a letter to President Roosevelt on the eve of the second anniversary of his order to hold the line against inflation.

Signing it were Director William H. Davis of the Office of Economic Stabilization, Price Administrator Chester Bowles, War Food Administrator Marvin Jones and Chairman George W. Taylor of the War Labor Board.

The letter was released at a time when organized labor is adding new pressure for easing of wage controls and such business groups as meat packers are attacking price policies of the OPA.

A bill to extend the price and wage controls another year past June 30 has won the informal approval of the Senate Banking Committee. The committee is to consider it further on Monday.

The letter predicted that following V-E Day there will be great pressure—which the signers said must be resisted—for the lifting of controls.

"It may be," it said, "that for a brief period there will be an apparent end to the upward pressure on prices and even a general sag in prices."

## Norwegian Government Appeals To Sweden To Aid In Fighting Nazis

**LONDON—(P)—**The Norwegian government, declaring that a Nazi force of approximately 200,000 would make a "last desperate stand" in Norway, appealed Saturday to Sweden to drop its neutrality and rescue "what can be saved" of Norway.

"The general feeling in Norway," a statement issued by the Royal Norwegian Government said, "seems to be that the war against the Germans has reached the stage where neutrality has become a mere, empty word, that both the Swedish people and the government are in fact aware of their moral responsibilities and are prepared to assist in saving what can be saved."

A Swedish communique issued Friday said a Swedish-Norwegian volunteer association had been granted permission to train 200 of its volunteers at Swedish military establishments. The communique gave no further details about the "Volunteers for Norway" movement.

The statement of the Norwegian government said the Germans were bringing heavy guns and other war material into Norway, sending in ammunition by air, increasing the number of fortified U-boat pens, improving their air fields and stocking up supplies of gasoline.

### Weather

**MIDLAND AND VICINITY**  
Sunday, clear and warmer. Monday, partly cloudy in the morning, clear in the afternoon.

## FLIGHT OVER FUJIYAMA

Carrier-based planes of the U. S. Navy roar past Fujiyama, Japan's sacred volcano, en route to Tokyo. Record bombings have made more than a million Japs homeless and have dealt crippling blows to Jap war industries.

## U.S. Carrier Planes Blast Last Strong Jap Navy Force As 'Banzi' Attempt Is Tried

**By ELMONT WAITE**

**GUAM—(P)—**U. S. Navy carrier aircraft smashed probably the last strong Japanese naval force, including the super-battleship Yamato, in the East China Sea Saturday as the Nipponese steamed out apparently in a "banzi" effort to turn the tide of war.

Fleet Admiral Chester W. Nimitz announced from his headquarters here the battle was fought around noon Saturday.

The communique reported six Japanese warships, including the Yamato, and 391 enemy planes were destroyed in Friday and Saturday sea and air actions.

In Washington an official Navy spokesman said "a good 25 per cent of the remaining Japanese major combat force" was lost or put out of action in the engagement.

**We Lose Three Destroyers**  
U. S. Pacific Fleet losses were listed as three destroyers sunk, several other destroyers and smaller craft damaged and seven carrier planes destroyed.

The Japanese initiated the two days of desperate action in efforts to shatter the American amphibious force invading Okinawa Island, some 325 miles south of the Nippon homeland.

A large force of Japanese aircraft (Continued on Page 3)

## All Citizens Are Urged To Donate Wearable Clothing During Campaign

The United National Clothing Collection for the destitute of liberated countries will go into high gear in Midland this week with all preliminary organizational work completed. Clint Dunagan, chairman, announced Saturday.

The Boy Scout Mustang Hall will be used as a collection depot and citizens are asked to bring their bundles of old clothing to the hall between 3 and 5 p. m. week days. Boy Scouts will unload the bundles from cars.

The Junior Chamber of Commerce is sponsoring the collecting and shipping of the clothing. W. E. Neely has been named superintendent of collections, and A. A. Jones superintendent of shipping. Mrs. Russell Howard, president of the City-County Federation of Women's Clubs will make arrangements

## Billions Of Dollars Found In Salt Mine; German Army May Have To Fight Without Pay

### Hanover Encircled By Yanks

**By EDWARD KENNEDY**

**PARIS—(P)—**U. S. Ninth Army tanks outflanked Hanover Saturday in an 18-mile drive which swept across the Leine River 10 miles southeast of the city and roared down the direct road to Berlin—140 miles ahead.

On their south flank the U. S. First Army crossed the Weser River at numerous points against light resistance and west of the stream was locked in a raging battle with German troops held in their battle positions by their pistol-pointing officers.

On the north flank the British Second Army drove on east of the Weser to a point 20 miles west of Hanover as its tanks speared northward to within 20 miles of the big port of Bremen.

The Third Army shattered the first big counterblow aimed at its spearheads thrust within 130 miles of Berlin by knocking out 40 tanks in a melee west of Muelhausen.

Bled white by disasters east and west of the Rhine, the once-mighty German army seemed powerless to stem the big push on Berlin and a U. S. First Army staff officer declared confidently:

**"Mop-Up Stage"**  
"The Third Army no longer is capable of maintaining a cohesive front. We are entering the final mop-up stage."

From the salient thrust up near the North Sea southeastward for 300 miles to the Siegfried Line in the edge of the Black Forest, this was the front by front situation in what the Germans themselves called "the battle of decision."

The Canadian Army fanned out 35 miles south of the North Sea, cutting road after road on the diked lowlands of Holland which two hemmed-in German armies must have for attack or retreat.

Allied planes clamped an aerial seal-off on the 19-mile lane of retreat running up around the Zuider Zee from Amsterdam to Rotterdam, roaring out of the clouds and pounding everything that moved.

**British Gain**

The British Second Army in gains (Continued on Page 3)

## German POWs Send Appeal To Put Down Arms

**WASHINGTON—(P)—**An appeal by German prisoners of war in the United States to German soldiers and people to "put down your weapons immediately" is being broadcast to the Reich.

The War Department made public the text of the message Saturday night, saying that the "petition" was signed voluntarily by 1,391 of the 3,102 German prisoners of war held at Camp Devens, Mass.

The message was forwarded to the camp commander for transmittal and the War Department said arrangements had been made to broadcast it to the German people.

The peace appeal was addressed by the prisoners to "the German soldiers and workers, German men and women."

The message said that "at a moment when the severest fate has overtaken the German people as a result of Hitler's twelve years of political power, we the German prisoners in America raise our voices, voluntarily motivated by the anxiety for your destiny in the homeland and by the imperious necessity to be called to action, in order to enforce an immediate peace."

The signers of the petition said they were prisoners from the fighting fronts in Africa, Sicily, Italy and Normandy and "we are your husbands, your brothers, your sons and fathers."

**WITH THE U. S. THIRD ARMY—(P)—**The golden treasure of Adolf Hitler's collapsing Reich—more than 100 tons of gold bullion, the currencies of many nations, and stacks of priceless art works—was captured Saturday by the Third Army in an unexpected haul which may shorten the war by robbing the German army of its payroll.

The stupendous cache, its full value as yet undetermined but possibly worth billions of dollars, was found in a hidden salt mine at Merkers, 18 miles southeast of Hersfeld, when two talkative German women spilled the secret to military police.

Reichsbank officials on the spot said the bullion represented "all the gold in Germany," and the German army gave some confirmation by trying desperately to get back into Merkers Saturday with a heavy counterattack in the Muhlhausen area 30 miles north, in which the U. S. Sixth armored and 65th Infantry divisions knocked out 40 enemy tanks and smashed the attack.

Some 200 British prisoners of war who had been employed in the mine, which is called the Kerks Kaserode, said they had seen 30 ten-ton truck loads of gold unloaded in the mine. This would mean 300 tons of gold, but the German bankers insisted that something over 100 tons was the correct amount.

**Placed Under Seal**  
The gold still is under seal in a huge subterranean vault, and Third Army officers said its value would not be known until American finance officers break the seals and audit the hoard. They expressed belief, however, that the German bankers undoubtedly were telling the truth.

Going down into the mine in a big double-decker elevator, officers of the 90th Infantry Division, which made the find, did inspect the vast quantities of German, U. S., British and other currencies and the great crates of paintings and other art works.

One of the captured officials said the currency was particularly needed by the German army to meet payrolls and buy goods from Switzerland or Sweden, and that it could not be replaced because Allied bombs (Continued on Page 3)

**Hitler Splits Nazi Party To Aid Desertion**  
**LONDON—(P)—**Adolf Hitler decreed the splitting of state and Nazi party offices Saturday in a drastic move enabling top-flight Nazi leaders to abandon their posts in the path of Allied armies crushing Germany and take up underground stations in the "Werewolf" war.

The action apparently is intended to leave non-Nazi party "surrender stooges" in the areas overrun by the Allies and it was interpreted here as another indication that the Reich was in its death throes.

A decree by Hitler and an order by the party chancellor, Martin Bormann, as quoted by the German news agency DNB, said the move was made to facilitate "the freedom of movement" of functionaries in "these difficult times." There have been previous reports that Nazi party leaders had been executed for fleeing their posts.

This reversed an opposite trend during 12 years of Nazi history in which province after province fell under the rule of Nazi party gauleiters.

**Fleeing To Neutral Areas**  
The move also occurred amid mounting reports of chaos and terrorism in crumbling Germany and reports of many Germans fleeing to neutral countries. Only Friday German military planes landed at Lisbon and Barcelona, their crewmen asking to be interned since they no longer wanted to fight.

Hitler's order, broadcast shortly before the "werewolf" guerrilla station boasted of assassinating another German mayor who had prepared to surrender his village, said that "all party and state functions on the level of the kries (the administrative subdivision of a province) where they are held by the same person, shall be separated."

**Not Overlooked**  
A suggestion that the Nazis might be setting up a basis for a new postwar propaganda campaign was not overlooked in London. The Nazis contended that the German army was not defeated in the First World War, but was "betrayed" by the appeal of President Wilson's 14 (Continued on Page 3)

**American Airmen Down 87 German Planes In Battle**  
**LONDON—(P)—**American airmen shot down at least 87 German planes Saturday in the greatest aerial battle over Europe in three months as the Nazis tried frantically to stop 1,300 American heavy bombers plowing an invasion path for Marshal Montgomery's drive on the North Sea ports.

Following the big American daylight raids, the German radio reported Allied bombers were overheard during the night, indicating that the RAF was out again after a two-night layoff due to bad weather.

American losses were 22 bombers and three fighters, heaviest suffered by the Eighth Air Force since the Rhine crossing of March 24.

## War Bulletins

**LONDON—(AP)—**Premier Plastiras' government in Athens resigned Saturday night, a Reuters dispatch said.

**GUAM—(AP)—**American B-29s and their P-51 escorts destroyed or damaged 173 Japanese fighter planes in their 300-plane bombing of Tokyo and Nagoya Saturday.

**CHUNGKING—(AP)—**The Chinese High Command reported heavy fighting west of the Peiping-Hankow railroad Saturday as Maj. Gen. Claire L. Chennault predicted Russia's denunciation of the Soviet-Japanese neutrality pact would result in changes in both Allied and Japanese strategy in the China theater.

**WITH THE U. S. SECOND ARMORED DIVISION—(AP)—**The Second Armored Division has captured Baron Munchausen castle, where the legend of the Munchausen tales is said to have started.

## Nazi Versus German

When this war began the German people doubtless believed Hitler was sending them into battle to win land, power and glory for themselves. It may be that even Hitler deluded himself with the same notion at first. But the fiction has long since been dispelled.

To any German with access to even a smattering of truthful news it must have been clear for some time that the war was being fought for the Nazis, not for the Germans. Today that fact is abundantly evident to all.

Since the Allied breakthrough from the Rhine, the German civilian has been sampling the fate of the people of occupied Europe during their temporary conquest. Unarmed citizens have been machine gunned when they tried to surrender. Guns at their backs have forced the untrained aged and children to face the Allied guns before them.

Probably the Nazis defend their inhumanity on the grounds that it is a German's "duty" to defend his fatherland against the "hated invaders," the "terror bombers," the "bolsheviks," or whatever. Theoretically, that might be so. But actually it is obvious that the heiling throngs of yesterday are by now heartily sick of the Nazis and their war.

But the Nazis are not so busy with efforts to save their own skins that they neglect to punish civilians even in territory that has fallen to the invader. For example, they could spare three men to return to Aachen and assassinate Franz Oppenhof, the Allied-appointed mayor of that city. The Nazis may call Oppenhof a "collaborator." But even they must realize that the term has a different meaning here.

Aachen's fall ushered in no alleged "new order." It was the beginning of the last act in the terrible drama of Nazi ambition. That's all that it was. But life still had to be lived. And it was Oppenhof's job to help restore a semblance of orderly life, and to help dispense a stern but reasonable justice.

For that Oppenhof was murdered. The Nazis had threatened to kill those who aided the Allies. Now that threat was carried out. It can scarcely be the last of such murders. Oppenhof's fate will become known. His story will be whispered in the conquered portions of Germany and proclaimed where the Nazis still stand.

Thus any non-Nazi asked by the Allies to serve in civil government will fear for his life. And so long as any ardent Nazis remain at large there will be reason to fear. A desire to end the hopeless struggle and aid in a restoration of peaceful living will be overshadowed by the constant dread of the Nazi assassin's bullet.

Thus the inevitable may be defied a little longer. It cannot avert the Nazis' defeat. But it can and may complicate the conqueror's task and prolong to some extent the fighting and the occupation.

## Perfectionism Again

We have heard a good deal lately about "perfectionism" in the field of international relations. Now that form of reluctant reservation has made its appearance in an important area of our domestic economy.

The National Association of Manufacturers did not participate in drawing up the new labor-management charter because it found the charter's provisions overly general and premature.

The charter is a general statement, to be sure. It doesn't "get down to cases," as the NAM wishes. It is no blueprint. But it does define and recognize some specific rights of management and labor. And it reveals a desire for cooperation and good will, and a concern for the national interest.

There is need for the charter's principles to cover more territory than they do now. But the beginning is good. Any labor-management agreement which results from sincere good will and mutual respect, as we hope this one does, is worth cherishing and developing.

The NAM executives can foresee the alternative of postwar triumph or disaster which rests upon labor-management relations as clearly as William Green, Eric Johnston and Philip Murray, who wrote this charter. It is regrettable that the NAM has chosen to disregard the charter because it was not born in mature perfection. We hope they change their minds.

Experience is what you get when you're expecting something else.

Wouldn't we save a lot of time if so much time lost in hurrying wasn't wasted!

The older an auto, the more it needs the most important accessory—a bank balance.

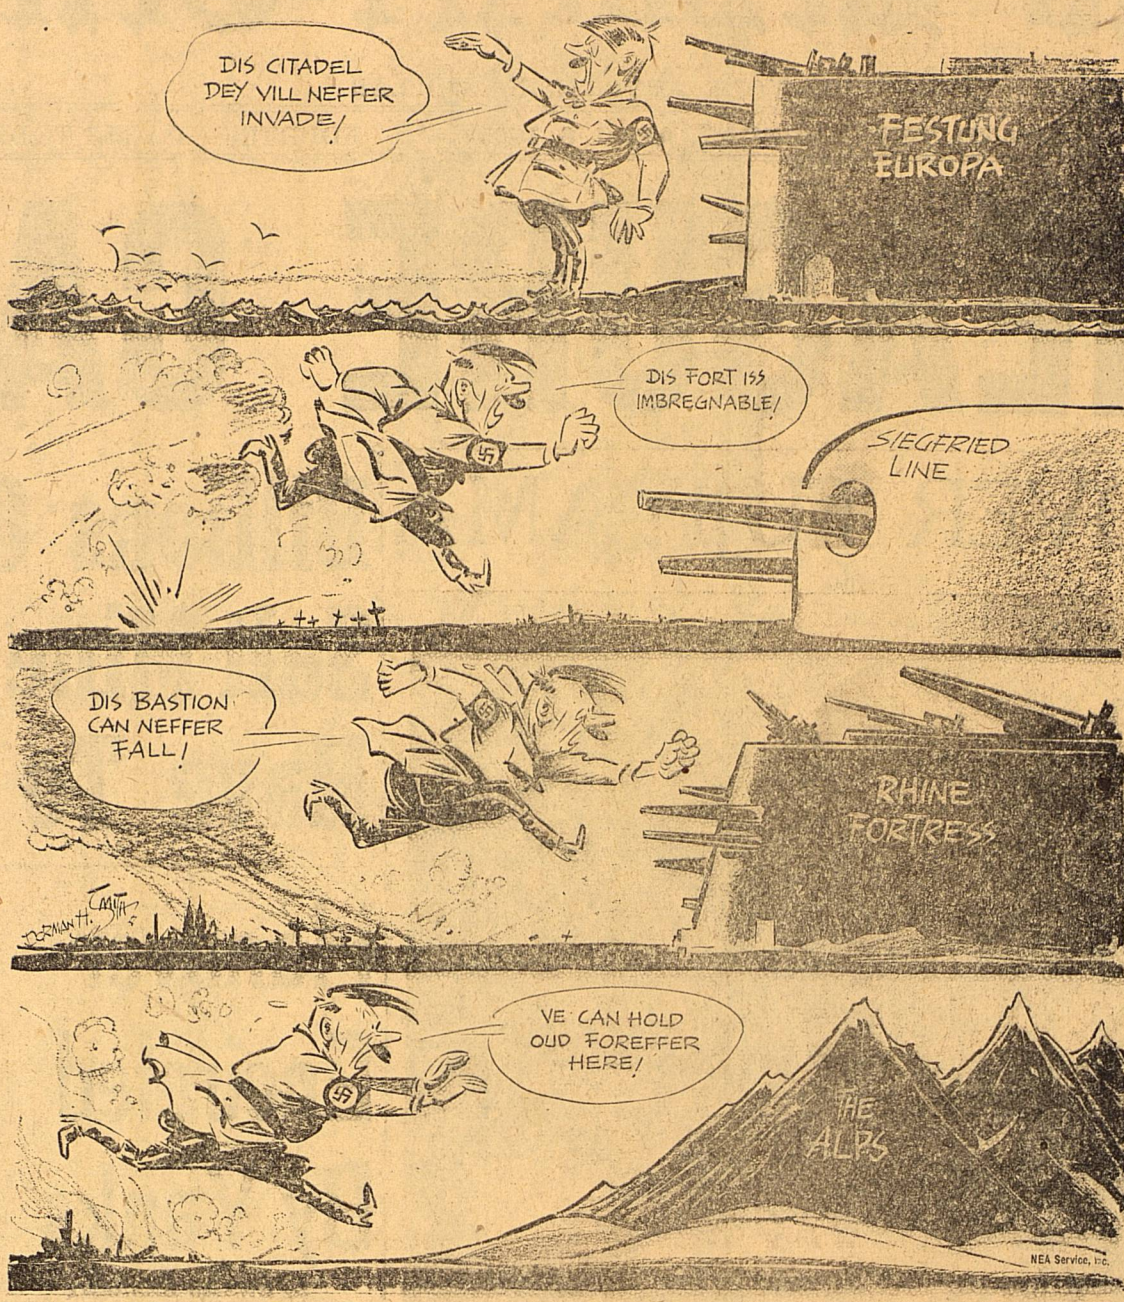

Just because he's a human dynamo doesn't mean that everything he has on is charged.

Green is the most soothing color, says a doctor. Especially when there is a one, or a five or a ten on it.

A bachelor is a guy who doesn't believe it is unlucky to postpone a wedding, so long as you keep postponing it.

A style expert says the average man doesn't know enough about women's clothes. All he needs to know is the price.

## Six Presented Awards At MAAF Review Of Troops

Under a chilly West Texas sky, Midland Army Air Field was the scene of a military personification as officers and enlisted personnel Saturday participated in the first review of troops ceremony to be held at such an early hour, in the history of the Nation's number one bombardier base.

Highlight of the morning's program was the presentation of awards and decorations by Colonel John W. White, commanding officer of MAAF, who awarded medals to five returned from combat bombardiers, and to one civilian employee of the base, who received two decorations awarded to her husband who has been reported as "missing in action."

Lt. Colonel Howard E. Watkins was commanding officer of troops, and Lt. Colonel Orland G. Huffman was deputy CO of troops. Lt. James W. Hogan was the review adjutant. The reviewing party consisted of Colonel White, Lt. Colonel Gilbert E. Naramor, Major Pat R. Warren and Major George E. Doyle. Capt. Richard H. Ellsworth, Post Adjutant, read the award citations.

Following the Salute to the Flag ceremony, Colonel White presented awards and decorations to the following officers and one civilian: Lt. Edward H. Johnson of Nyack, N. Y., who participated in thirty-nine combat missions in the Mediterranean theater, received the Distinguished Flying Cross and the Air Medal.

Lt. Charles J. Haggerty of Long Island, N. Y., who was bombardier on thirty-seven missions in the North African and Mediterranean theaters; and Lt. Giuseppe G. Napoli of Brooklyn, N. Y., who took part in twenty-five combat missions, were awarded the Distinguished Flying Cross.

The Air Medal with two Oak Leaf clusters was awarded to Lt. Howard D. Sparger of Durant, Okla., who is a veteran of forty-five missions in the Southwest Pacific. Lt. William F. McLean of Ecorse, Mich., who saw action in the Mediterranean theater, received the Air Medal.

Colonel White presented Mrs. Maxine M. Greenwell of Midland, who is an employee in the Civilian Personnel Office at MAAF, the Air Medal with one Silver and two Bronze Oak Leaf clusters and the Purple Heart, which had been awarded to her husband, Captain Robert E. Greenwell, who is re-

## Serves With Air Force

ported as "missing in action." Captain Greenwell was stationed at the local bombardier base prior to going overseas.

Following the presentation ceremony, a massed parade of officers, enlisted men and WACs passed in review before Colonel White and his reviewing staff.

**MINCE PIE SYMBOLIC**  
Originally mince pie was symbolic of Christmas. The pie was baked in oblong shape to represent the manger, while the pie crust represented the gold, and the spicy ingredients represented the frankincense and myrrh brought by the three wise men.

## Four More Land Owners Apply For Soil Conservation

One conservation plan and four applications for assistance in planning a soil conservation program were approved by supervisors of the Martin-Howard Soil Conservation District in their regular meeting last week. Herb Mickiff, district supervisor, announced Saturday. The plan was on the ranch of Mrs. Ida Mae Oldham, consisting of 2,535 acres, and the applications covered 8,751 acres including the ranches of O. H. McAlister and C. C. Thomas, and the farms of D. Branch and W. D. Powell. The soil conservation service assisted in the planning of Mrs. Oldham's ranch and will help in the planning of the farms and ranches on which applications were made, Mickiff said.

**Surveys Completed**  
Preliminary surveys have been completed by the Soil Conservation Service on the C. C. Thomas place, and on the farm of W. H. Neeb. These surveys will be used in planning a complete conservation program.

The major soil conservation practices being maintained by co-operators with the district are contour cultivation and stubble management on farm land and proper stocking on range land, Mickiff said. Most farm co-operators have put up their land on the contour and plowed their stubble land so as to leave the stubble on or near the surface of the soil.

## MAAF Aiming At \$544,000 Goal In Seventh War Loan Campaign

Midland Army Air Field's quota for the Seventh War Loan drive, now in its first week, has been set at \$554,000, the Personal Affairs Office announces.

MAAF contributed \$411,122 to the Sixth War Loan drive, oversubscribing its quota by 149.3 per cent and drawing commendation from both Brig. Gen. Walter F. Kraus, OEFIC commander, and from Col. J. W. White.

### Larger MAAF Quota

The quota has been increased, Lt. William H. Johnston, Personal Affairs Officer, explained, because the current campaign will run three months instead of the two-month period of previous drives. The greater number of officers now stationed here was also a factor in the increase, he stated.

The national goal for the Seventh drive, which will run until June 1, has been set at fourteen billion dollars. Future drives are expected to last three months and it is planned to have only two a year in place of three, as in previous years.

The MAAF quota is divided as follows:

Enlisted Personnel	\$ 77,910
Officers (permanent)	137,550
Officers (AAFIS-B)	260,400
Civilians	78,140

### Urge Allotment Buying

Emphasis is being placed during this drive on purchase of bonds through Class B pay allotments by military personnel and Class A pay reservations by civilian employees.

A "bonus" plan has been devised whereby each dollar invested in bonds by means of allotments at any time during the drive will count for three dollars against the field's quota. This applies to increases in existing allotments as well as to completely new reservations.

"The reason for this premium," Lieutenant Johnston declared, "is that an allotment involves purchase of several bonds over an extended period and is therefore a greater contribution to war financing than a cash purchase."

Allotments already on the books on April 1, when the drive began

## Interest Increases In Nazarene Revival

Scores of persons are attending revival services at the Church of the Nazarene, which are being conducted by the Rev. M. E. Turner and his wife, of Temple, Texas.

His subject Sunday morning will be "El-Shaddai, The God Who Is Enough." Sunday night's topic will be "When The Roll Is Called Up Yonder," and Monday night he will speak from the subject "Seek, Strike, Destroy."

### WFA Considers Relaxing U. S. Beef Inspection

WASHINGTON—(P)—The War Food Administration Saturday considered relaxing federal meat inspection requirements to help ease the civilian beef shortage.

By easing the regulations, yet not affecting the meat quality, the Army could meet some of its meat demands through local slaughterers, instead of having to rely entirely on the larger packers who have federal inspection.

The effect would be to make more federally inspected meat available in those areas which are wholly dependent upon the products of packers doing a nationwide business.

War Food Administrator Marvin Jones notified Chairman Anderson (D-NM) of a special House food investigating committee Saturday that he had called government experts together to consider slackening the federal regulations during the emergency.

The suggestion came from the committee after a long closed conference with government food agency heads.

Another committee suggestion—that the Army take over closed packing plants and process its own beef direct from ranges and feed lots—is being studied by the Army.

Relaxing of federal inspection requirements, Anderson said, will not affect the quality of any meat. It will mean simply that slaughtering plants located in areas not now reached by federal inspectors can qualify for sale to the government on the strength of state inspection.

Most state regulations now are as strict as those of the government, he said, but because of a shortage of federal inspectors many local plants forego the U. S. stamp of approval and confine their sales to their home states.

If the Army can buy from these plants to supply its posts in the vicinity, Anderson said, more beef in interstate commerce can go to civilian consumers. Practically all Army beef now comes from interstate commerce packers because they are federally inspected.

### Many Commercial Lines Plan To Attend Meeting

HAVANA—(P)—Commercial airlines of Australia, Brazil, Denmark, Scotland and France have accepted invitations to send delegates to the first international air transporters' conference here April 16-21, bringing to 26 the number of nations which will be represented, it was announced Saturday.

### CROP DUSTER KILLED

BROWNSVILLE—(P)—Crittenden Rogers Richmond, 32, Fort Smith, Ark., was killed instantly near here Saturday when his crop dusting plane struck a palm tree and crashed.

### Elected

Mrs. W. H. Gilmore

V. C. Maley

Mrs. W. H. Gilmore and V. C. Maley were elected to the Midland School Board in Saturday's election.

### Young Airline Rider Doesn't Know 'Priority'

DALLAS—(P)—A 12-year-old boy called American Airlines for a ticket to New York.

The clerk asked the boy if he were traveling with a priority. "No'm—there's just me," the young man replied.

Saturday he was flying to New York—all by himself.

### ASTR TESTS THURSDAY

DALLAS—(P)—Texas boys of 17 will take the qualifying test for entrance into the Army Specialized Training Reserve program at high schools Thursday.

Read the classified ads

### Doughboys Complete Mindanao Conquest

MANILA—(P)—Doughboys of the 41st Division virtually have completed conquest of Southern Mindanao, Gen. Douglas MacArthur announced Sunday, while on Negro Island elements of the 40th Division advanced 30 miles, capturing two airfields in their sweep.

The Far Eastern Air Force, maintaining its daily devastation schedule, blasted Formosa's shipping base with 114 tons of bombs and poured 87 more onto Hong Kong's Kowloon dock.

Direct hits were reported on a tanker in Hong-Kong harbor and at nearby Kaitan airbase.

A 3,000-ton freighter and several smaller freighters were severely damaged by other bombers ranging to the South China Sea. Two other small vessels were sunk east of Formosa.

### Served Schools

Mrs. Don C. Sivalls

N. B. Larsh

Mrs. Don C. Sivalls and N. B. Larsh declined to seek reelection to the Midland Independent School board.

### Boy Scout Troop Enjoys Hike Saturday

Boy Scouts of Troop 52 of Trinity Episcopal Church enjoyed a hike to Peewee Lake Saturday and several of the Scouts passed tests during the outing. A popular test was cooking.

Among those who took the hike were Jimmy Don Davenport, Charles Crabtree, Robert Roripaugh, Dick Morrison, Bobby Howell, Billie Howell, Kent Miller, Charles Chambers, Jimmy Funkhouser, Dwain Bush, Harold Cutbirth, Bennie Scott, James Elledge, Matt Sweeney, Richard Hull, Jimmie Weathered, Jimmy Olson and Allen Olson.

The Scouts also received instruction in first-aid and signaling.

### Marines Advance Slowly On Okinawa

GUAM—(P)—Marines of the Third Amphibious Corps advanced 3,000 yards northward along both coasts of Okinawa Saturday against negligible resistance but 24th Corps Army doughboys ran into stiff resistance from heavily entrenched Japanese in their push toward Naha, the island capital, Adm. Chester W. Nimitz announced Sunday.

The doughboys in the south were moving through hard terrain in which the enemy is fortified in extensive trenches, blockhouses and pillboxes, the admiral said.

The Japanese made a small scale aerial attack on the ground troops Saturday. Twelve attackers were downed.

### Vienna -

(Continued from Page 1)

had speared 23 miles through the Vienna woods to reach the key rail junction of St. Poelten, 28 miles west of the capital.

St. Poelten controls Vienna's communications with Linz, 60 miles to the west, and with Munich in South Germany. But the enemy said that the Russians already had smashed across the parallel railroad and highway between Vienna and St. Poelten and apparently had driven within nine to 10 miles of the Danube northwest of Vienna.

Reaching the Danube, Tolbukhin's men cut all Vienna's communications westward and leave the city with only seven of its original 22 railroads and highways.

### Berlin Front Heats

As the fight for Vienna waxed in fury, jittery German commentators for the third day predicted that an all-out Red Army assault on Berlin was imminent. The Soviet newspaper Red Star added to German fears, saying:

"We are now at Vienna and Berlin will be soon. The angry breath of our guns at the Oder River is reaching Berlin."

The German Transoceanic agency said that the entire central and northern fronts from the Carpathian Mountains to Stettin was expected to erupt shortly and said that Red Army preparations were entirely complete. The Soviet newspaper said that the battle for Vienna held the spotlight, far to the north in East Prussia, the Germans reported that the Red Army had launched an assault to reduce the long-embattled fortress of Koenigsberg.

The DNB agency said that the Russians were storming the city from the south and north with an estimated 11 infantry divisions—some 165,000 men—and more than 100 tanks had scored "minor breaches."

### All Citizens -

(Continued from Page 1)

Closet Week" as a boost to the clothing collection campaign.

"Most of us will be surprised at the clothing stored in closets," Dunagan predicted. "Each of us should search our closets for garments which can be contributed to the campaign, not only from the standpoint of humanitarianism, but to help reduce fire hazards in the home."

Most urgently needed types of clothing include infants garments, particularly knit goods; men's and boys' garments of all practical types. Any kind of a practical garment for women and girls is welcome. Service heavy duty caps and knitted headware are needed. Women's hats cannot be used. Bedding is needed urgently if in serviceable condition. Shoes with low or medium heels can be used, but novelty and high heel shoes are not wanted. Usable piece goods of more than one yard in length is needed if not badly damaged, dirty or worn out.

All types of cotton garments should be washed before being contributed, but need not be ironed.

Dunagan telephoned ministers of the city and requested them to ask women's organizations of churches to assist in the campaign.

"The goal is contribution of five pounds of clothing from each man, woman and child of Midland, the need is great, and I am sure the generous citizens of our city will respond as they always have," Dunagan predicted.

Physicists have suggested that the Appleton layer, highest of the atmospheric layers, has a temperature of about 1600 degrees Fahrenheit.

### Billions Of -

(Continued From Page 1)

ings had smashed German engraving plants.

The 90th unusual haul came about in quaint fashion. The division entered the little salt-mining village Thursday, knowing nothing of the cache. Friday night two German women were found on the street after curfew. They explained to military police they were looking for a midwife who was having a baby. During the course of the conversation the women mentioned that something of great value had been stored recently in the mine.

### Capture Officials

The division already had found that Dr. Fritz Vieck, one of the eight directors of the Reichsbank, two other bank officials, and Dr. P. O. Raabe, curator of the German State Museum were in Markers. Division officers told the Germans to show up Saturday at the mine for a treasure hunt. The Germans did, and—once the secret was out—talked freely.

The booty in the mine comprised 100 tons of gold bullion (about \$100,000,000); three billion German marks, two million dollars in American currency, one hundred million French francs, 110,000 British pounds, Spanish pesetas and Portuguese escudos.

The art treasure, assembled from Germany's national art galleries last February, included originals by Raphael, Van Dyke and Durer. There also were 120 cases of Goethe's original manuscripts.

### Hanover -

(Continued from Page 1)

up to 35 miles was quickly sealing the fate of Bremen, seat of Germany's once vast sea traffic, and was threatening to cut off the Danish peninsula and every enemy naval base on the North Sea.

The U. S. Ninth Army, besides outflanking Hanover in a drive 140 miles west of Berlin, crashed 13 miles through the roof of the Ruhr pocket, knocking out Soest—a city 16 miles southeast of fallen Hamm which the 325,000 trapped Germans had converted into a keystone for their stand-and-die defense.

The U. S. First Army, while knocking in the sides of the Ruhr pocket from east and south, turned on its main power once more toward Berlin and crossed the Weser 163 miles west of the Reich's capital.

### POPE HEADS TEXAS EXES

AUSTIN—(P)—Walter S. Pope of Abilene Saturday was elected president of the Ex-Students' Association of the University of Texas at a meeting of the ex-students' council.

### Controversial Bills Keep Legislators At State Capitol

AUSTIN—(P)—Neck-deep in controversial proposals including the difficult and complex question of formulating a new policy in natural gas conservation, the 49th Legislature goes into its fourth month Monday.

Four suggested bills to strengthen present gas conservation statutes are still in committee stage, including one sweeping measure advanced as a compromise between certain leaders of the oil and gas industry. Its introduction this late could have the effect of prolonging the session far beyond the constitutionally-suggested 120 days, or, if not enacted, could create demand for a special session.

Proponents of the compromise bill are urging it partly as one means of forestalling what has been described as a threat of federal assumption of control of this state's vast stores of natural gas. It has been estimated that Texas possesses 70 per cent of the nation's reserves of this increasingly-valuable resource.

### U. S. Carrier -

(Continued from Page 1)

attracted the invasion ships and Okinawa shore positions Friday. The communique said the desperate Japanese airmen succeeded in sinking the three destroyers and damaging the other warships. U. S. fighter planes and gunners brought down 116 Japanese planes.

The Japanese surface force—representing probably about all that remained of the emperor's once proud combined fleets—was sighted heading into the East China Sea by U. S. Fleet Air Wing One search craft before noon Saturday.

Vice Admiral Marc A. Mitscher immediately sent his carrier task force to intercept the Japanese.

There was no air opposition over the Japanese ships—even that close to the heart of Nippon's empire—indicating the Japanese had used all available aircraft in the heavy attack on Okinawa the previous day.

## SPRING LEADERS

For Men and Boys

### Sport Jackets

Just right for spring and summer full cut leisure coats in styles and patterns for every man. Choose a sporty two-tone or all tweed and wear them with slacks.

12.95 to 16.50

Boys sizes, just like dad's

3.98 to 14.95

### Spring Felts

It won't take you long to make your selection when you are faced with this fine assortment... soft light-weight felts with wide or medium brims as you desire them. Hats you'll be proud to tip. 4.98 to 8.50

### Sport Shirts

For a cool, sporting summer there is nothing like a comfortable, full-cut sport shirt. Superbly tailored shirts in cottons, rayons, bench cloth and wool and rayon mixtures.

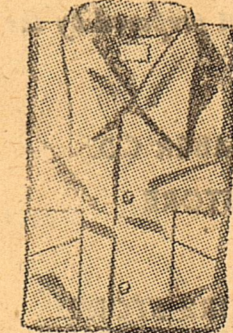

2.98 to 7.90

### Boys Polo Shirts

Polo shirts, cool, absorbent and comfortable... wonderful to wear with slacks or shorts. Cottons in stripes and solids, terry cloth in soft pastel shades... Sizes 2 to 14.

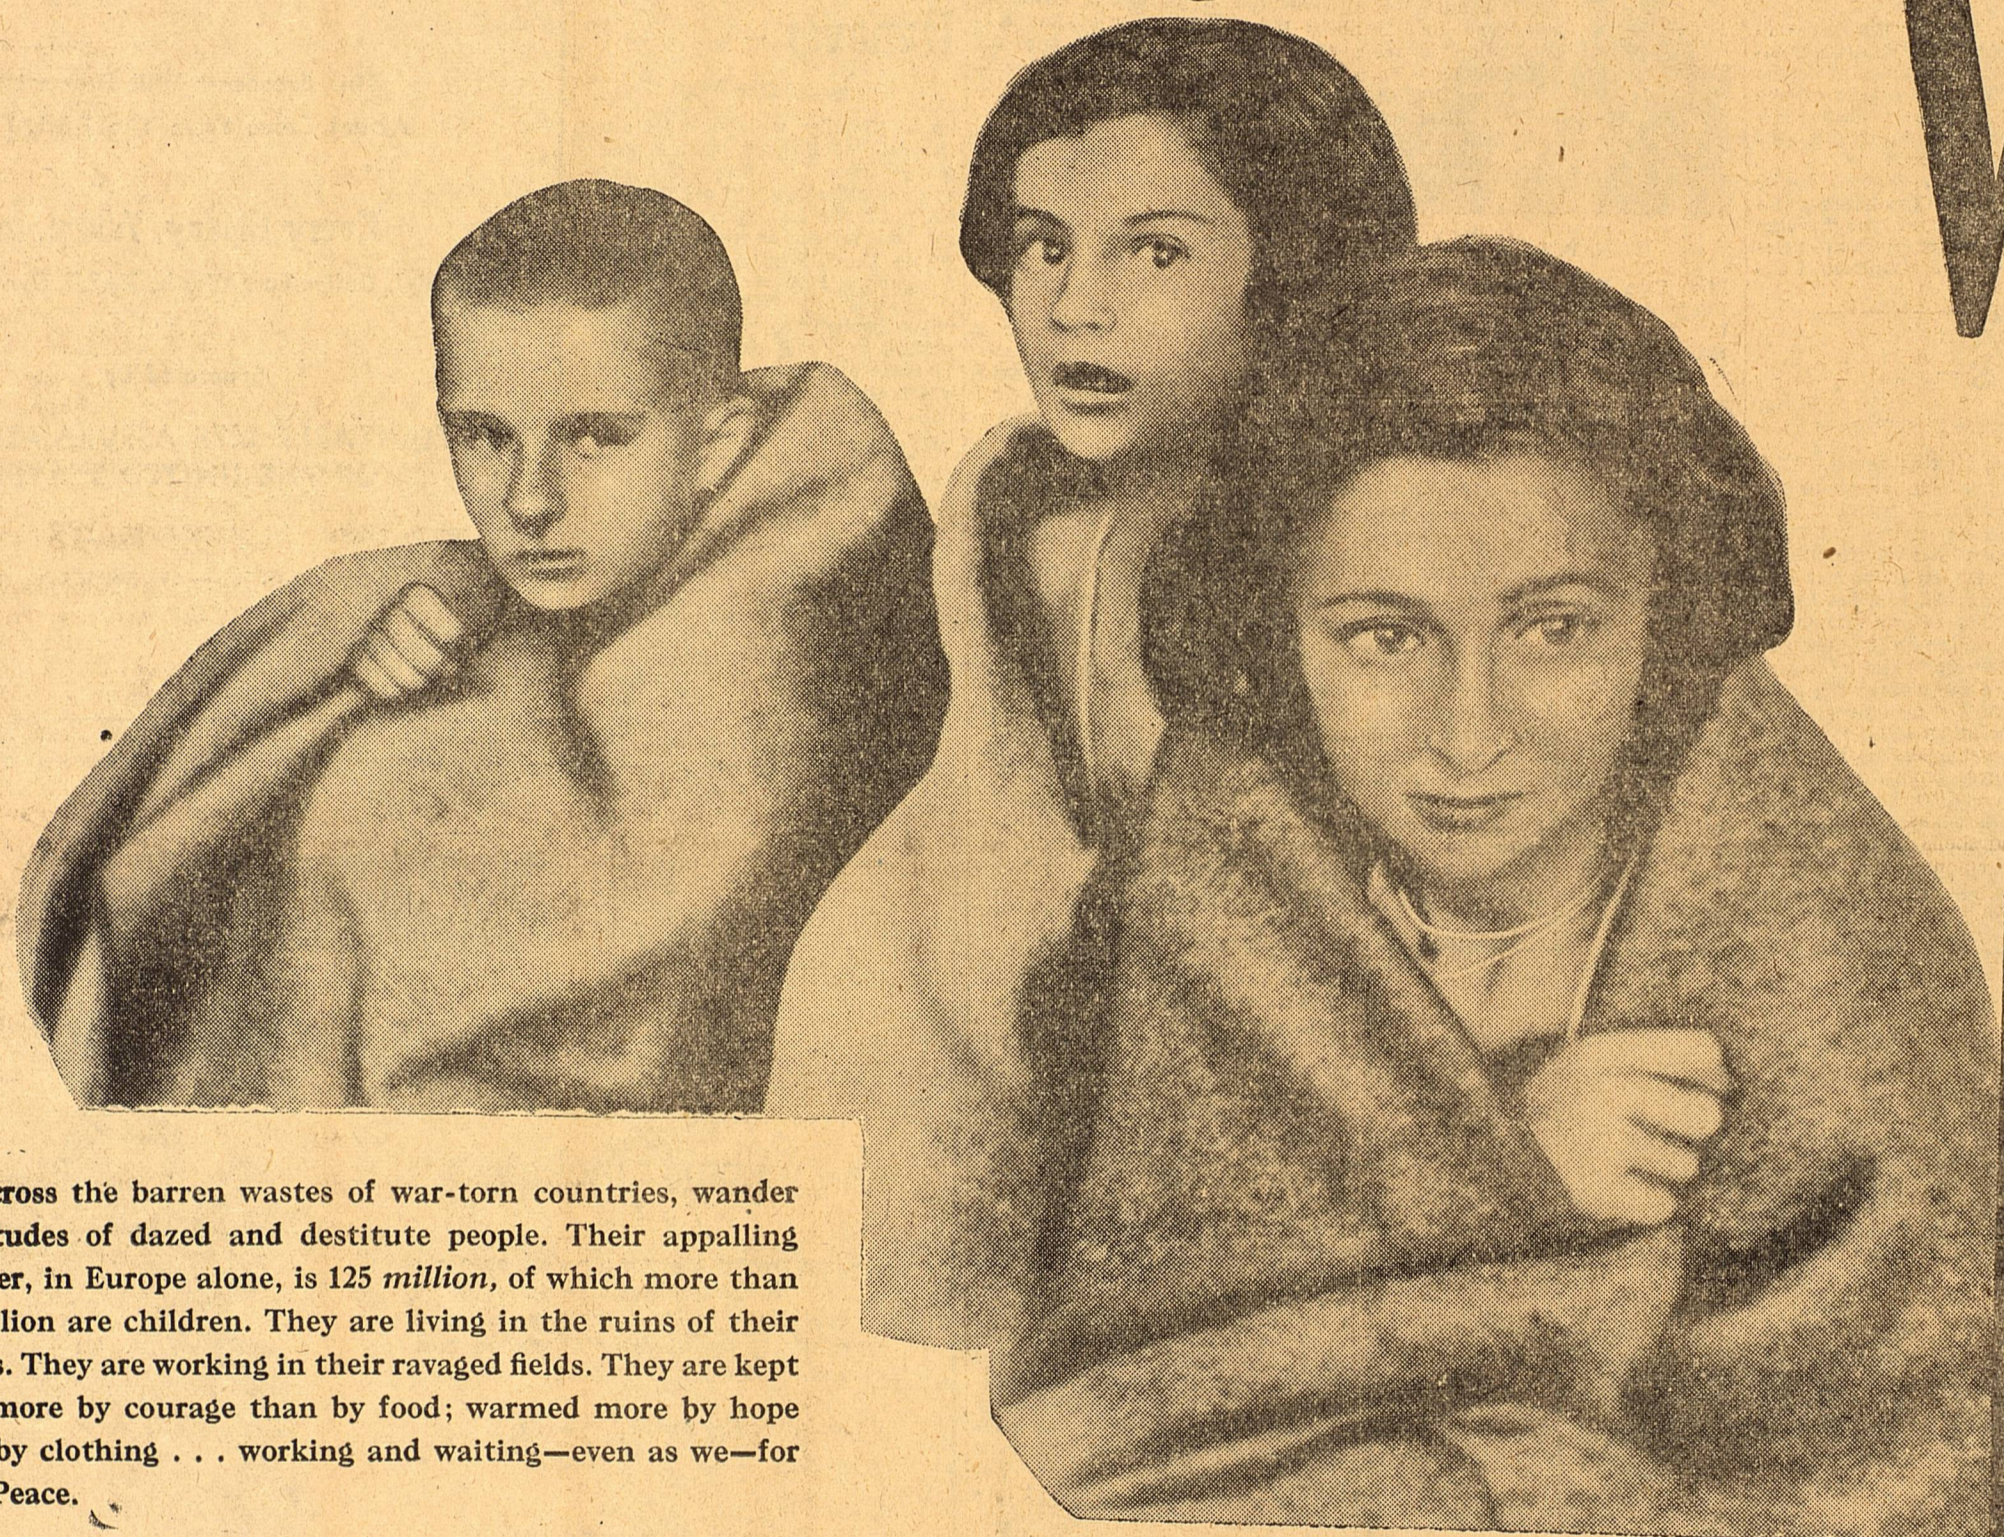

98c to 1.29

# What can you Spare that they can Wear ?

**A**cross the barren wastes of war-torn countries, wander multitudes of dazed and destitute people. Their appalling number, in Europe alone, is 125 million, of which more than 30 million are children. They are living in the ruins of their homes. They are working in their ravaged fields. They are kept alive more by courage than by food; warmed more by hope than by clothing . . . working and waiting—even as we—for total Peace.

These men, women, and children—innocent victims of Nazi oppression—have been robbed of all but life itself. During five long horror-filled years of war, the clothes on their backs have worn to pitiful shreds and rags. Production of new clothing has been impossible—so their need will continue long after the end of hostilities.

#### Many Thousands Have Died

So scarce and scanty have their garments become that, during winter months, deaths from exposure have equalled—and in some areas even exceeded—deaths due to starvation and malnutrition.

The clothing these people so desperately need is available.

Some of it now reposes in your own closet or attic! The rest of it lies, forgotten, in millions of other American homes.

#### 150 Million Pounds Needed

Look over your family's wardrobe—*now*. Pick out every garment you can possibly spare—serviceable used summer as well as winter clothing and shoes—men's, women's, children's, infants'. *Every* American home must give its share if the goal of 150 million pounds is to be reached.

Remember, these people of war-torn countries will one day—soon—be our proud partners in the building of a peaceful world. Will you help them—*now*?

## UNITED NATIONAL CLOTHING COLLECTION

for  
Overseas War Relief

HENRY J. KAISER

National Chairman

## What YOU Can Do!

1. Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION DEPOT *now* or arrange to have your LOCAL COMMITTEE collect it before April 30th.
3. Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

# Petroleum Prospectors Staked In Southwest Martin And East Pecos; Runnels Discovery Is Completed

By JAMES C. WATSON, Oil Editor

Applications to drill new petroleum explorations in Southwest Martin and in East Pecos counties were filed with the Railroad Commission Saturday.

Mabee Oil & Gas Company No. 1 J. E. Mabee fee, 15 miles north of Midland, and 660 feet from south and west lines of section 8, block 38, G&MMB&A survey, T-1-N, is the new prospector for Martin County.

It is about six and one-half miles southeast of the Mabee field, along the line of Martin and Andrews counties, the nearest production area. The project is scheduled to go to 5,200 feet, unless it gets commercial production above that point, and will drill with rotary, start by April 12.

C. L. Carpenter, Iraan, No. 3 I. G. Yates, four and one-half miles south of Iraan, in East Pecos, is to drill to 2,000 feet, with cable tools, starting at once. It is near the Pecos River, and southwest of closest production in the Yates field.

Phillips Petroleum Company No. 1-A TXL, in northwest corner of section 21, block 45, TP survey, T-1-S, West Ector County wildcat, which flowed at rate of 60 barrels of oil per hour natural, for 60 minutes, in a drillstem test at 8,421-71 feet, in top of the Devonian, was reported to be coring below 8,484 feet, in the same formation.

O. P. Leonard, Fort Worth, completed his No. 1 Livingston, East Runnels County wildcat, for a flowing production of 206.24 barrels of oil per day from pay section at 3,015-30 feet.

The new discovery is 660 feet out of southeast corner of section 110, J. H. Parramore survey, and is one-quarter of a mile inside east line of Runnels County, is two miles west of Talpa, and about 13 miles north and east of Ballinger.

Total depth reached was 3,093 feet. Salt water developed there. The hole plugged-back to 3,030 feet, and pay was treated with 1,000 gallons, 2,000 gallons and 3,500 gallons of acid. The 7-inch casing has been cemented at 3,008 feet. Gas-oil ratio was 530-1.

Humble Oil & Refining Company No. 1 Buchanan, Baldridge survey No. 32-692, East Midland County exploration, ten miles southeast of Midland, was to core ahead from 10,475 feet, in lime and shale.

A core was cut at 10,472-475 feet. Recovery was one and one-half feet of shale and lime with a slight show of gas. Operator reported it required three and one-half hours to cut the core through the three-foot section.

Fumble No. 1 Gresham, East-Central Upton County wildcat, in section 2, block Y, Indianola survey, was to core ahead from 7,363 feet, in sand and shale.

Coring In Upton  
A core at 7,344-62 feet, recovered 12 feet of sand and shale with no indications of oil or gas.

Humble No. 1 Parrott, section 3, EL survey, one mile east of No. 1 Gresham, in the East Upton section, had reached 10,305 feet, in shale and lime, and was continuing.

Rielfield Oil Corporation No. 1 Beane, Northwest Crockett County exploration, in section 13, block UV, GC&SF survey, was unofficially reported to have tried a drillstem test to total depth, supposed to have been at 7,913 feet, in Ellenburger, entered at 7,856 feet, on an elevation of 2,458 feet.

The packer failed and test was not satisfactory. Another attempt to test was to be run Saturday afternoon.

Phillips No. 1 McDow, North Glasscock County prospector, in section 31, block 34, TP survey, T-2-S, had reached 9,421 feet, in unreported formation and was continuing.

Pecos Extension Testing  
The Texas Company No. 1 Riggs, West-Central Pecos County exploration, in northeast quarter of section 8, block 146, T&STL survey, one and one-half miles south of nearest production in the Fort Stockton field, was testing, by flowing through tubing.

In last 16 hours reported the well flowed 16 barrels of oil. Total depth is 2,903 feet, in the Yates sandy lime. The 7-inch casing was cemented at 2,848 feet.

Stanolind Oil & Gas Company No. 1 Slaughter, Central Cochran County development, in labor 49, league 101, Jeff Davis County School Land survey, had progressed under 10,526 feet, in lime, which may be Ellenburger, and was going ahead.

Stanolind No. 1-B Texas Land & Mortgage Company, section 17, block C-37, ps1 survey, in Southeast Terry County, had recovered twisted-or drill-pipe and was preparing to resume drilling from 6,920 feet, in lime.

Cole Shows More Oil  
Magnolia Petroleum Company No. 1 Cole, Northwest Dawson County possible extender of Permian lime production, and in the northwest quarter of section 46, block M, EL survey, one and one-half miles southwest of nearest production, had reached 4,863 feet, in lime, and was drilling ahead, with 3,500 feet of oil, and no water, in the hole.

Gulf Oil Corporation No. 51-E Keystone, 660 feet from north and 1,984 feet from east lines of section 10, block B-3, ps1 survey, on southeast side of Keystone-Ellenburger field, in North Winkler County, had reported official completion and a 24-hour flowing potential of 1,049 barrels of 44.2 gravity oil.

The pay section at 9,627-9,700 feet, had been washed with 500 gallons of acid. Gas-oil ratio was 1,659-1.

New Pay For Russell  
Shell No. 2 E. H. Jones, 1,980 feet from north and west lines of section 490, block G, OCS&G&N survey, in the Russell area of Northwest Gaines County, reported the first official completion in that field from the middle Permian.

The test drilled to total depth of 7,775 feet, and apparently missed the regular Russell, lower Permian pay.

It plugged back, and completed for a 24-hour pumping potential of 326.83 barrels of 32 gravity oil, plus 2.8 per cent water, from saturated horizon at 6,990-6,140 feet.

That formation had been treated with 8,500 gallons of acid. Gas-oil ratio was 184-1.

Continental Oil Company No. 1-D Settles, South Howard County wildcat, in section 133, block 29, W&NW survey, had reached 10,110 feet, in Ellenburger dolomite, encounered at 9,994 feet, and no shows of oil had been reported.

Sinclair-Prairie Oil Company No. 1 McKnight, Northwest Crane County prospector to the Ellenburger, in section 6, block B-22, ps1 survey, had reached 10,288 feet, in shale and lime, in the Simpson, middle Ordovician.

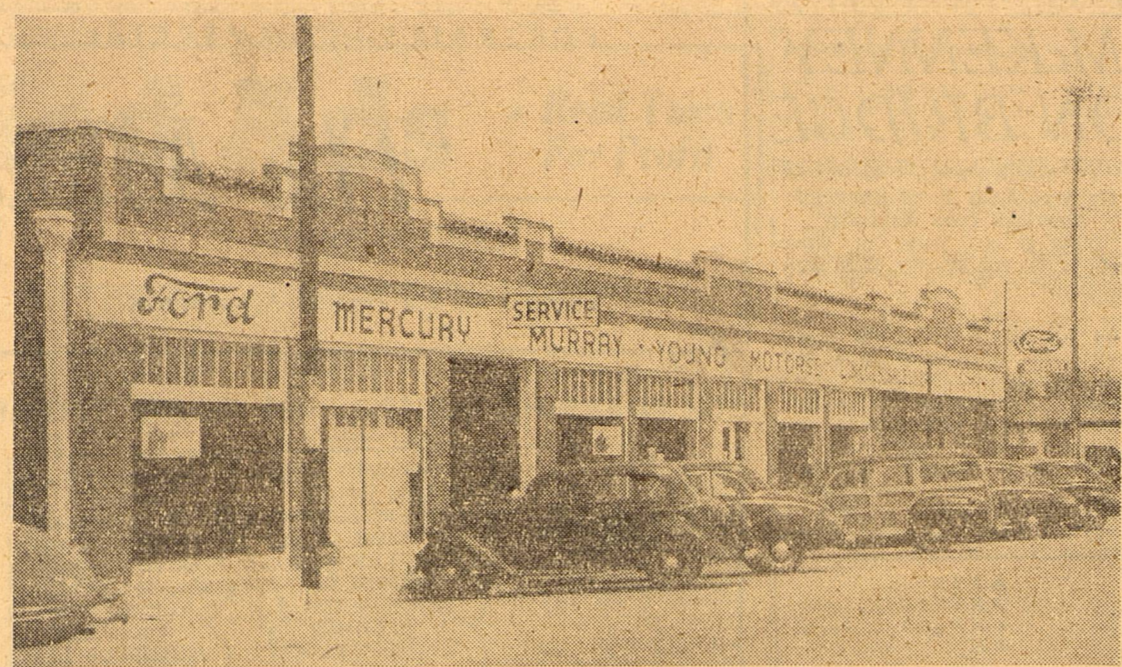

Ward Wildcats  
Gulf Oil Corporation No. 1-E Edwards, section 1, block B-19, ps1 survey, in Northeast Ward County, three and one-half miles south of Ellenburger production in the Monahans field, had penetrated past 10,494 feet, in unreported formation.

Standard Oil Company of Texas No. 1-X Durgin, section 15, block 34, H&T-O survey, slated 10,000-foot wildcat in the middle of the South Ward shallow field, was drilling ahead past 6,305 feet, which may be Devonian.

Amerada Petroleum Corporation No. 1 TXL, in the southeast quarter of section 7, block 45, TP survey, T-1-S, one-half mile diagonally northwest of discovery for Devonian production in the TXL field, in West Ector County, had reached 7,926 feet, in chert.

The Texas Company No. 1-B Fryer, section 31, block 45, TP survey, T-1-S, slated Ellenburger exploration in the West Ector area, was making hole past 9,110 feet, in lime—possibly the Simpson.

## Ford Dealer In New Home

The Murray-Young Motors, Ford dealers in Midland, are now located in their new home at 223 East Wall. The building was purchased by Harry S. Murray and John Young, owners of the firm, shortly after they purchased the former Midland Motors. Murray came to Midland from Dallas. Young is the Ford dealer at Tyler and Kilgore and is not active in the management of the Midland dealership.

## Texas Oil Generates Big Victory-Power Of Army And Navy

Dallas—The tremendous victory-power our Army and Navy are hurling against the Germans and Japs is being generated in a goodly measure by steel and oil provided by Texas. Mid-Continent Oil and Gas Association pointed out Saturday.

"Army and Navy appeals for industry to curtail demands for steel was answered by the oil industry of Texas by cutting its requirements in half," the association said.

"During the three-year period immediately before the outbreak of the war, the oil industry of this state drilled 29,246 wells and consumed 2,824,600 tons of steel. During the first three years of war, the industry drilled only 14,833 wells and consumed only 1,483,800 tons of steel. The difference, 1,440,800 tons, went to war.

Vast Saving of Steel  
"Visualized in terms of battle equipment, this huge tonnage might be translated into a task fleet for the Navy, consisting of two first-class battleships, nine capital aircraft carriers, fifteen heavy cruisers, thirty-five destroyers and fifty supply vessels. Or it might have been used in making 2,000,000 bombs or 10,000,000 rounds of heavy duty ammunition.

"The appeal for scrap metal met a quick response from the oil industry of Texas which piled up a 1,500,000 tons in used equipment. Sent back to the mills, this huge tonnage could have rolled out tanks, trucks, jeeps, mobile artillery, bazookas, mortars, machine guns and shells for one of our armies now ripping Germany apart.

"Despite the severe setback in drilling to save steel, the oil industry of Texas is drawing heavily upon its reserves of crude oil. During the first three years of war Texas produced 342,254,000 barrels more oil than it did in the three-year period before the war broke out, an increase from 1,483,200,000 to 1,825,562,000."

Location is 660 feet from north and 1,980 feet from east lines of section 7-138-39e. After drilling to total depth the well swabbed one barrel of oil per hour, natural for 19 hours.

The saturated formation was shot with 60 quarts of nitro and after cleaning out, it has been on the pump.

Dry Ones In Turner Sector  
Some definition to south and southeast limits of the Turner west extension to the South Lovington field, in Central Lea County, has been provided by two wells which have been completed as dry holes.

Humble Oil & Refining Company No. 1-R State, 650 feet from north and east lines of section 9-178-563, was plugged on a total depth of 5,125 feet. Slight shows of oil were found, but there was more water. Operator tested several sections, and used acid, but was not able to make an oil well.

Humble No. 4-P State, 1,980 feet from north and 660 feet from west lines of section 9-178-35e, drilled to 5,100 feet. It had sulphur water at 4,950-5,100 feet, and had no indications of oil.

Phillips Petroleum Company No. 4 Leamex, West Central Lea exploration, expected to drill to the Ellenburger, in section 17-175-33e, had progressed under 11,204 feet, in lime and shale—thought to be in the Simpson section of the Ordovician.

Neaving Objective  
Culbertson & Irwin, Inc., No. 1 Culbertson, Southwest Lea County wildcat to the Delaware, in section 26-228-32e, had penetrated past 4,565 feet, in anhydrite.

Humble No. 2 Federal-Leonard, Southeast Lea wildcat to the lower Ordovician, in section 13-268-37e, had progressed below 7,920 feet, in lime.

Continental Oil Company No. 3-B Skuggs, section 22-205-37e, prospecting to the Wolfcamp, lower Permian, at around 7,800 feet, was making a hole below 7,447 feet, in lime.

Stanolind Oil & Gas Company No. 1 Jones, slated 10,000-foot wildcat, in section 19-158-39e, seven miles southeast of Hobbs, in East Lea, was drilling below 9,173 feet, in lime. Showed Sulphur Water

A drillstem test at 7,949-8,532 feet, open for 45 minutes, recovered 1,400 feet of sulphur water, with no shows of oil or gas.

The Texas Company No. 1 Eaves, section 25-168-38e, 14 miles north of Hobbs, was drilling ahead, past 6,576 feet, in gray lime.

The section above 6,420 feet had shown some slight signs of oil—but extensive swabbing developed only water, with slight traces of petroleum.

Texaco No. 1 Reeves, section 23-188-35e, proposed a 7,700-foot exploration between the Vacuum and the Hobbs fields, had reached 4,425 feet, in anhydrite and lime.

## Gulf Wildcat Flows For 10 BOPH From Holt-Permian After Acid

HOBBS, N. M.—Gulf Oil Corporation No. 1 Paddock, Southeast Lea County wildcat, in southeast quarter of section 1-225-37e, wildcat prospect about two and one-half miles north and west of discovery for Clear Fork-Permian production in the Drinkard area, flowed 408 barrels of oil in ten hours from the Holt, middle Permian lime, after treating perforated section at 5,200-5,320 feet, with a total of 6,000 gallons of acid, for an average yield of over 10 barrels of oil per hour.

Operator was continuing to flow to clean out and test. Last oil recovered was cut about seven per cent with acid residue. Total depth is 5,843 feet, and 5 1/2-inch casing had been cemented there.

Wildcat In Hobbs Area  
George P. Livermore, Inc., Lubbock, staked location for a 6,500-foot wildcat in East Lea County, three miles east and four miles south of Hobbs.

It will be No. 1 I. C. Breckon, and is 660 feet from north and west lines of section 7-138-39e. If dry to 6,500 feet, it may be carried deeper.

Gulf No. 1 Watkins, at center of southwest quarter of southeast quarter of section 29-228-39e, is a new exploration in Southeast Lea to test lower Permian. It is one location due north of Gulf No. 1 Andrews-State, which flowed 113 barrels of oil in 24 hours, from perforated section at 6,950-7,000 feet, and is still testing.

New Discovery In NW Lea  
A new spot for small pumping production—in extreme Northwest Lea County, three and one-half miles north of the Caprock field, had been discovered by George P. Livermore, Inc., No. 1 Williams.

The discovery has been completed for an initial pumping production of 12 barrels of oil in 24 hours, from red sand pay horizon at 3,015-61 feet.

Location is 660 feet from north and 1,980 feet from east lines of section 7-138-32e. After drilling to total depth the well swabbed one barrel of oil per hour, natural for 19 hours.

The saturated formation was shot with 60 quarts of nitro and after cleaning out, it has been on the pump.

Dry Ones In Turner Sector  
Some definition to south and southeast limits of the Turner west extension to the South Lovington field, in Central Lea County, has been provided by two wells which have been completed as dry holes.

Humble Oil & Refining Company No. 1-R State, 650 feet from north and east lines of section 9-178-563, was plugged on a total depth of 5,125 feet. Slight shows of oil were found, but there was more water. Operator tested several sections, and used acid, but was not able to make an oil well.

Humble No. 4-P State, 1,980 feet from north and 660 feet from west lines of section 9-178-35e, drilled to 5,100 feet. It had sulphur water at 4,950-5,100 feet, and had no indications of oil.

Phillips Petroleum Company No. 4 Leamex, West Central Lea exploration, expected to drill to the Ellenburger, in section 17-175-33e, had progressed under 11,204 feet, in lime and shale—thought to be in the Simpson section of the Ordovician.

Neaving Objective  
Culbertson & Irwin, Inc., No. 1 Culbertson, Southwest Lea County wildcat to the Delaware, in section 26-228-32e, had penetrated past 4,565 feet, in anhydrite.

Humble No. 2 Federal-Leonard, Southeast Lea wildcat to the lower Ordovician, in section 13-268-37e, had progressed below 7,920 feet, in lime.

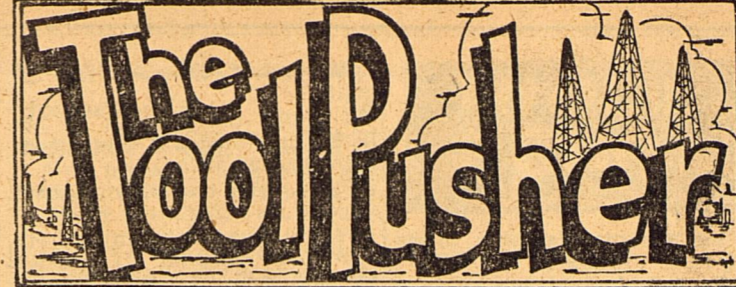

Continental Oil Company No. 3-B Skuggs, section 22-205-37e, prospecting to the Wolfcamp, lower Permian, at around 7,800 feet, was making a hole below 7,447 feet, in lime.

Stanolind Oil & Gas Company No. 1 Jones, slated 10,000-foot wildcat, in section 19-158-39e, seven miles southeast of Hobbs, in East Lea, was drilling below 9,173 feet, in lime. Showed Sulphur Water

A drillstem test at 7,949-8,532 feet, open for 45 minutes, recovered 1,400 feet of sulphur water, with no shows of oil or gas.

The Texas Company No. 1 Eaves, section 25-168-38e, 14 miles north of Hobbs, was drilling ahead, past 6,576 feet, in gray lime.

The section above 6,420 feet had shown some slight signs of oil—but extensive swabbing developed only water, with slight traces of petroleum.

By JAMES C. WATSON, Oil Editor

## PHILLIPS WILDCAT USED CHICKEN FEATHERS TO STOP CIRCULATION LOSS

—Shirley Miller of Odessa, drilling superintendent in charge of Phillips Petroleum Company's "company owned and operated tools," is credited with a new wrinkle in stopping cavities in drilling wells, which have the habit of causing loss of circulation of rotary drilling fluid.

—Phillips No. 1 McDow, North Glasscock County wildcat, had a bad case of "lost circulation" recently, around 9,000 feet.

—All regular methods of stopping the cavity so drilling could go ahead, were tried and failed. Cottonseed hulls, hay, and various other "stuffers" were used.

—Miller, according to a Midland representative of Phillips, obtained a quantity of chicken feathers, put them in the hole, stopped the leak, and drilling was resumed.

SOME OF THE TEXACOS MAY STOP HAVING LUNCH—SAYS CABANESS  
—Some of the boys in The Texas Company district office are claiming Otto "Jack" Cabaness, right-hand man to Levi F. Shiplet, district superintendent, has a way to play "Honest John" and gets the check.

—Earle W. Statton and Levi assert Jack plays the game to where he regularly takes from four to five of his associates to lunch.

—Jack tells a different story. We can't print all he says about Statton, Shiplet, et al, and their possible future lunch arrangements.

BRITISH AMERICAN OIL MOVES OFFICE LOCATION AND ADDS NEW PERSONNEL  
—British American Oil Producing Company's Permian Basin offices are now at 204 East Wall Street, in a building recently remodelled. Several other oil companies soon

will be headquartering in that structure, owned by Miss Agnes Fitzsimmons.

—Mark E. Stump, formerly in headquarters of EAOPC in Tulsa, is new Midland district geologist.

—H. B. "Dickie" Dickison, well known in the oil fraternity of West Texas and New Mexico, after almost 20 years in this area, is the new British American scout for New Mexico. He will work with Jack W. Goddard, district landman, and Ted R. Greene, who will be West Texas scout.

—Mary Pliska is another recent addition to the office staff. She is doing secretarial and drafting work.

McMILLIAN AND HENDERSON OF SO&GCO FORT WORTH OFFICE VISIT IN MIDLAND  
—J. Guy McMillian and W. Dave Henderson of Fort Worth, respectively division landman and division geologist for Stanolind Oil & Gas Company and formerly holding the same jobs with the company's Midland district office, spent several days here last week.

—They both indicated that Fort Worth was all right—and that they were happy in their bigger jobs, but that Midland and West Texas looked very good to them.

90 feet. They were not of great amount, informed operators reported.

Texaco No. 1 Blinberry, in southeast quarter of section 19-228-38e, northwest offset to Gulf No. 1 Drinkard, discovery for Clear Fork production in Southeast Lea was making hole under 6,545 feet, in lime.

It had reported slight oil indications, but had not developed any definite signs of production so far.

Central Lea wildcat to 5,000 feet, in section 30-188-34e, had cleaned up a fishing job at 4,417 feet, in the Artesia sand, and was preparing to resume drilling.

Cotton  
NEW YORK—(AP)—Cotton futures closed Saturday noon unchanged to 23 cents a bale higher, May 22.19-20, July 21.99 and Oct. 21.55-57.

It is believed by many anthropologists that the north-eastern part of North America was the last section to be settled by Indians coming to this continent by way of the Bering Sea.

## Blanscett Is Safe Aboard 'Penny'

ABOARD THE USS PENNSYLVANIA, SOMEWHERE IN THE PACIFIC—Although Radio Tokyo has reported her sunk several times, the USS Pennsylvania is still very much afloat, as members of her crew, including Thomas L. Blanscett, seaman first class, son of Mrs. W. J. Blanscett, Midland, Texas, will testify.

The first public announcement of her record in the Pacific, made recently at Advance Pacific Fleet Headquarters, tells of her participation in 13 amphibious operations and of her part in the defeat of the large Japanese naval force in the battle for Leyte Gulf on October 24 and 25, 1944. The "Penny," as her crew knows her, has possibly shot more main battery ammunition at enemy positions than any other ship—more than 11,000,000 pounds.

Eleven miles above the equator the temperature frequently falls to 112 degrees below zero, Fahrenheit. Above that it gets warmer rather than colder.

# Death's BRIGHT DIAMONDS

## THE SMELL OF MURDER

XVIII

AFTER that dinner things began to happen. Eric discovered urgent business in Boston and Pat drove him to the train in the station wagon. Phineas Hudson rode along with Pat and Eric to make some telephone calls. Bruce Temple and Brenda departed almost immediately for home.

Charley and I walked spiritlessly along the sea wall. Charley said:

"Did you see Eric's face when Bruce Temple spilled that business about Estoril?"

"For a time," I said, "it was the only convenient way out of Europe."

"Yes," Charley fingered his chin reflectively. "I'd like to know when he was there."

"Temples?"

Charley looked at me. "Who else?"

"Eric," I said. "Or Booker or Calavestri."

"I don't suppose it would help much," Charley said. "Nick, did Booker know of your connection with the Hudsons?"

"He seemed to," I said. "He kept talking about the little girl on Beacon Hill."

"I only saw him once," Charley went on, "but I noticed something."

He paused.

"His feet," Charley said. "They were big," Charley said. "In fact, they were enormous."

"Lots of people have enormous feet," I said.

Charley looked at me shrewdly. I knew what he was thinking. The implication in the presence of those Blakely and Hogdon shoes

in the Hudson cellar were, to say the least, disturbing.

It was beginning to look as if Phineas Hudson was in on this somehow. That only confused matters. We might have pursued it further, but we heard a car wheeling along the gravel drive.

IT was Cass Hapes. He approached with a look half-worried and half-determined.

"Well, Cass," I said, "you were right."

"Mind if I have a look in the cellar?" he asked.

Neither of us minded although we were not over-sanguine about the results. We took him to the cellar. He said:

"Where's this room?"

We showed him the room. He glanced swiftly around.

"And the shoes?" he asked.

I looked. The shoes were gone. Charley said: "They were right there under the cot."

Hapes included us both in a withering glance of scorn.

"Why didn't somebody knuckle on to those?"

"I thought fingerprints—or something—" Charley shrugged weakly.

"Fingerprints! With those shoes we didn't need fingerprints. There probably weren't more than four pairs that size stocked in all the stores in the city of Boston."

"Maybe they weren't bought in Boston," I suggested.

"I'd have liked the opportunity of finding that out. Now what about that fellow who entered your room last night, Mr. Trent?"

"Did Mr. Hudson tell you about that, too?"

"Mr. Hudson didn't tell me. Brenda Temple called."

Charley's head came up like a setter. And I divined his thought. Why hadn't Mr. Hudson told Hapes?

"Well," I said, "he shot at me and missed; that's about all. He was tall and tough."

"He would be. You got his gun?"

I pulled the gun out of my pocket and handed it over. Hapes registered disgust.

"You weren't so careful about fingerprints here."

"Look, Cass," I began to froth a little at the mouth. "I wrestled for that gun. If I hadn't, there would have been some lovely prints on the gun—but no gun."

Hapes merely stared at me stolidly. Then surprisingly enough he passed it back.

"Know anyone who would want to kill you?"

"No."

"I do," Charley smiled brightly. Hapes did not smile back.

"Who?"

"A mechanic with eyes like shoe buttons and a knife-scar on his face."

"What's his name?"

"That's your job," answered Charley. He told Hapes the story of the tampering with his plane. Then he concluded: "but the guy who fired this gun wasn't after Nick; that is, not precisely."

"What do you mean—not precisely?"

"The shooting of that gun was a defensive act—just as the slugging in the basement. If that fellow had really wanted Nick out of the way, you'd have had your corpse and a nice fat murder to work on."

"I'll have the murder yet," said Hapes bluntly.

"Sorry to have disappointed you," I remarked.

"Listen, Mr. Trent," Hapes became quite earnest. "When you've been a general practitioner for 20 years, you don't need X-rays to detect the measles. You can smell 'em. Well, it's the same in police work. I can smell murder, and before long we'll have one."

With that comforting thought, Hapes left us. And it was characteristic of his New England laconicism, that when he passed Pat and her father coming through the gate in the station wagon, his greeting was imperceptible from where I stood—in fact, there had been any greeting at all. Cass Hapes seemed not to like us.

(To Be Continued)

# McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority  
(This is the third of three articles on the Warren slam convention.)

As already stated, most slam conventions show ace first, then in a later rebid disclose the kings which the responder holds. However, using the Warren slam convention, these key cards are shown in the same response, and thus, upon the basis of the response to the slam convention, it may be easier to decide whether to stop

at a sure six or try for a certain seven.

In today's hand, after North's trump response to the heart bid, South was not fearful about the safety of a contract of six, but when he bid four no trump, and his partner responded with five no trump, showing five points, South could safely contract for the grand slam, and rightly chose no trump as the final contract to avoid the possibility of a first round ruff, as thirteen tricks could be counted in top cards.

When the opening lead was made, South was able to spread his hand and claim all the tricks. His fortunate choice of no trump rather than hearts avoided the only possibility of disaster.

## Highway Patrol Opens Station In Midland

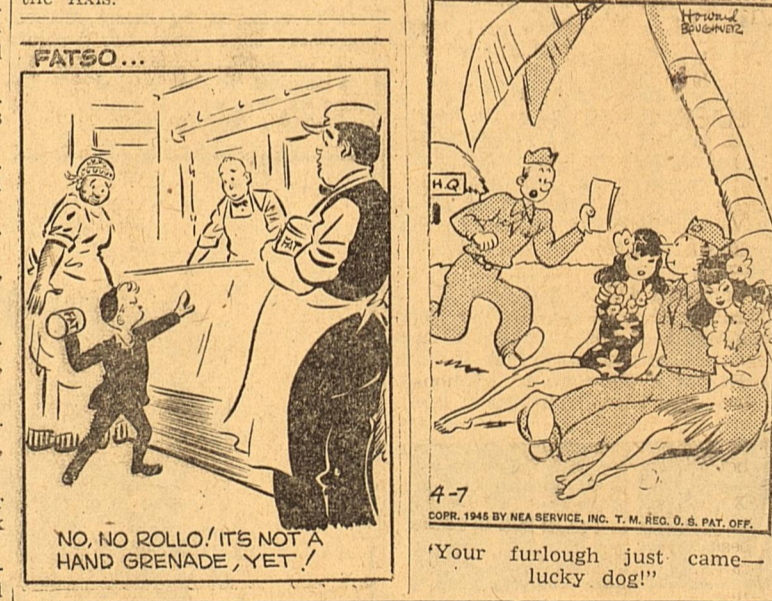

State Highway Patrolman R. H. Gifford arrived in Midland Saturday to open a highway patrol sub-station here.

Gifford has been stationed in Pecos since 1941 and has worked throughout this territory. He is well acquainted in the Midland area. Before becoming a highway patrolman he was with the Amarillo police department for eight years.

Gifford will have his Midland headquarters at the office of Sheriff Ed Darnell.

Jerusalem is the Holy City to Mohammedans, Jews and Christians alike.

# Five Records Shattered At Texas Relays

By HAROLD V. RATLIFF  
AUSTIN—(P)—The University of Texas edged out the former collegians from Corpus Christi, Texas, Naval Air Training Base for top honors in the Texas Relays Saturday as five records were shattered under the onslaught of more than 600 athletes, although only one of the new marks was hung up in the college-university-service division.

A crowd of 5,000 watched little Andy Shurr capture the 100-yard dash and spark the Longhorns to victory in the 440-yard, sprint medley and 880-yard relays to be acclaimed the outstanding athlete of his division in big track and field carnival.

**Schoolboys Hot**  
The schoolboys really tore the records to bits with San Antonio athletes smashing three of them. August Ehrfurth of San Antonio's Brackenridge who sped to a new mark of 14.5 in the 120-yard high hurdles, and Desmond Kidd of Austin, who ripped the quarter-mile mark with a time of 49.5, were selected as the top athletes of their division.

Texas won five relays and in one of them — the 400-yard shuttle football relay set the only new record of the college-university-service division. The Longhorn team of Don Deere, Dale Schwartzkopf, Franklin Crow and Charles Tatom came in with a time of 43 flat, one and two-tenths seconds better than the record Texas set in 1944.

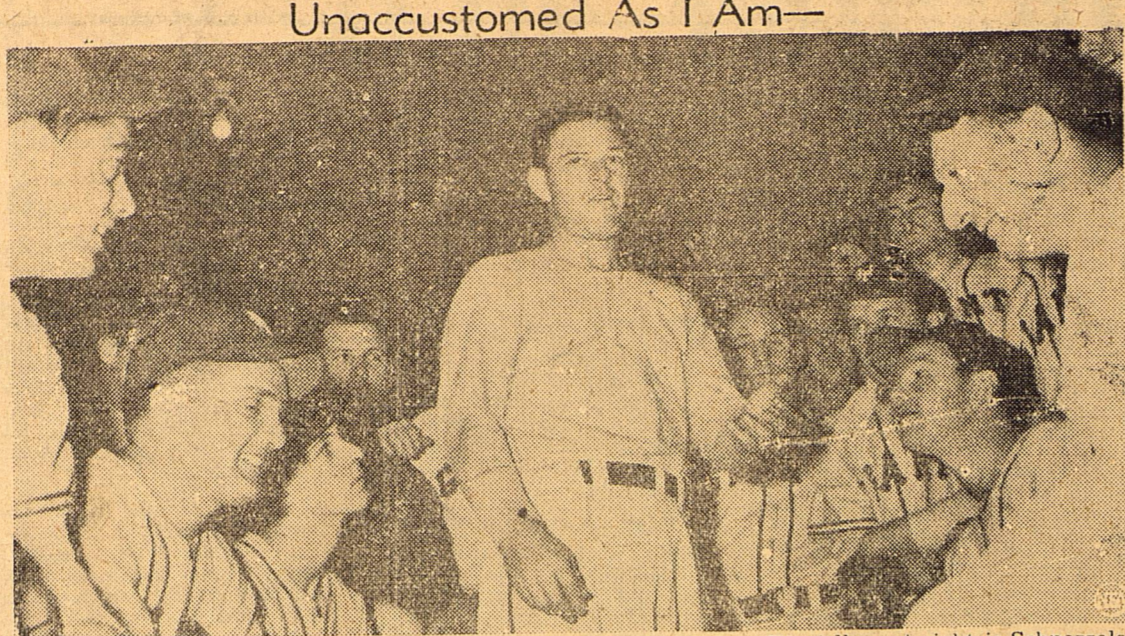

# Science Versus Slugs In Didriksen-Jameson Match At Los Angeles

LOS ANGELES—(P)—It will be slinger versus scientist in Sunday's 36-hole golf duel between Babe Didriksen Zaharias and Betty Jameson.

The Babe, former Texan who now makes her home here, hits the little white pellet the proverbial mile, averaging 270 yards off the tee. Betty, the two-time national champion from San Antonio, runs more to accuracy than distance, making up for lack of length with her deadly approaches and putts.

**Sharp Greenswork**  
However, Mrs. Zaharias' short game, while not as precise as Betty's, is considerably abnormal. The Babe has toured certain local courses in 64 and 65, and this isn't done without sharp greenswork.

That's why local golf pundits can see only a slight gleam of hope for Betty in the match, the first of two the girls are slated to play for the benefit of the war veterans rehabilitation fund of the Professional Golfers Association. They'll play a return 36-hole in San Antonio later this month.

Mel Ott outlines Giants' campaign in Lakewood, N.J., club house. Big fellow at right is Schwozzola Lombardi, who amazed everybody by reporting on time.

# SPORTS BOMBER

Pfc. Charles F. Masterson, who was a member of the public relations staff at Midland Army Air Field, and sports editor of MAAF's *Airscope*, was transferred last Thursday to the Aviation Cadet Center at San Antonio, where he will be assigned as an English instructor.

During his ten month stay at the bombardier base, Masterson had become quite popular in the promotion of sports, and he very seldom missed an event. His coverage of the "Invaders" — MAAF's post basketball team — was widely circulated, making the bombardier base as popular in sports as it was in turning out the "world's most dangerous men."

The nation's 14th ranking tennis player in 1942, Pfc. Masterson was well on his way to the first ten and possible Davis Cup play when he entered the Army Air Forces. He was also rated fourth tennis player in the Eastern States. Prior to coming to MAAF in June of 1944, Masterson had won the city tennis championship at Sioux Falls, S. Dak., and at Madison, Wis. In addition he staged exhibition matches at many Army posts.

In September of 1944 when MAAF sponsored a post-wide sports show, Masterson demonstrated his outstanding tennis ability by defeating two top-notch MAAF opponents without losing a single game. Just before his departure, he had been planning to stage one of the biggest tennis tournaments to ever take place in the West Texas area.

A Brooklynite, Masterson, who is an authority in English, was a teacher before entering the service. He received his BA degree in English at Long Island University, and his MA degree at Columbia University.

**All-Stars Meet All-Stars**  
Under the captaincy of Cpl. Ike DuBow, the MAAF "All-Stars" will meet Slim Hatfield's "Odessa All-Stars" at the Post Service Club gym this coming Thursday night.

The players on Corporal DuBow's basketball team have been picked from the outstanding teams on the post. Hatfield's team will be composed of Odessa's best.

The hot game will get underway at 8:30 p. m. and there will be plenty of room for visitors.

**Officers' Volleyball League Play:**  
In the first week of play in the officers' volleyball league, five sets were played.

Last Tuesday: Training beat Ground School No. 2, two out of three; and Ground School No. 1 beat Medics, two out of three.

Last Thursday: Ground School No. 3, won two straight from Squadron Six; Bottlenecks took Headquarters for two in a row; and Ground School No. 1 beat Training, two out of three.

**A New Week For Volleyballers:**  
Play in the Officers' Intramural Volleyball League will move into its second week with games scheduled for Tuesday and Thursday, April 10 and 12.

On Tuesday it will be Squadron Three vs. Headquarters, Squadron Six vs. Ground School Two, The Bottlenecks vs. Medics, Ground School Three vs. Ground School One, and Air Inspectors vs. Training.

Thursday's program is as follows: Squadron Three vs. Ground School Two, Headquarters vs. Medics, Squadron Six vs. Ground School One, The Bottlenecks vs. Training, and Ground School Three vs. Air Inspectors.

# All-America League Is Ready For Bigtime Football Competition

CHICAGO —(P)— The National Football League may suspect that the various and sundry proposed rival circuits are talking through their hats when they flourish post-war plans, but at least one proponent of the theory that actions speak louder than words.

That's the All-America Conference which will meet here April 20-21, hard on the heels of the long-established National Football League's current session in New York.

The All-America directors are assembling to adopt a constitution and by-laws, but the circuit is far beyond the blue print stage. It has granted seven franchises, rounded up five coaches and grabbed priority on a flock of former college stars.

**Show-Down Delayed**  
A show-down with the National League probably won't come until 1946 when the new loop's ear-marked performers switch back into civvies, although All-America officials probably will study the possibility of getting underway this fall, should the war end suddenly.

The directors also will consider franchise applications and decide whether the league will start with eight or 10 entries. Already tied into the coast-to-coast wheel are New York, Chicago and Cleveland in which cities the National League operates, and Miami, Buffalo, Los Angeles, and San Francisco.

The All-America Conference already has "poured hundreds of thousands of dollars" into its plans, according to Sports Editor Arch Ward of the Chicago Tribune, one of its guiding lights.

"There no longer can be any doubt that there will be competition for patronage in the post-graduate game, once the Japs lay down their arms," Ward said. "The All-America League x x x is here to stay and the National League knows it."

"They either will get together and work out their conflicts or they will slug it out with greenbacks. x x x"

**Green Proposes Utopia For CIO Workers**  
CAMDEN, N. J. —(P)— The Industrial Union of Marine and Shipbuilding Workers of America (CIO) Saturday proposed a program for the establishment of a guaranteed annual wage.

President John Green said the program was the first of its kind for a major American industry. He said the union's general executive board adopted the plan.

It called for a guaranteed annual wage of \$3,000 for standard skilled mechanics with other classifications paid in proportion and for a curtailment of the work week from 48 hours to 40 and later to 35.

**Sarazen Advocates Slow Return To Old Pre-War Golf Tempo**  
WASHINGTON —(P)— Gene Sarazen, who occasionally speaks for golf, thinks the sport would make a mistake by "rushing back into things" on a big scale, if V-E Day comes soon.

Before teeing off on a friendly round with Bob Hanegan, National Democratic chairman, and Senator Tydings (D-Md.), the little professional said:

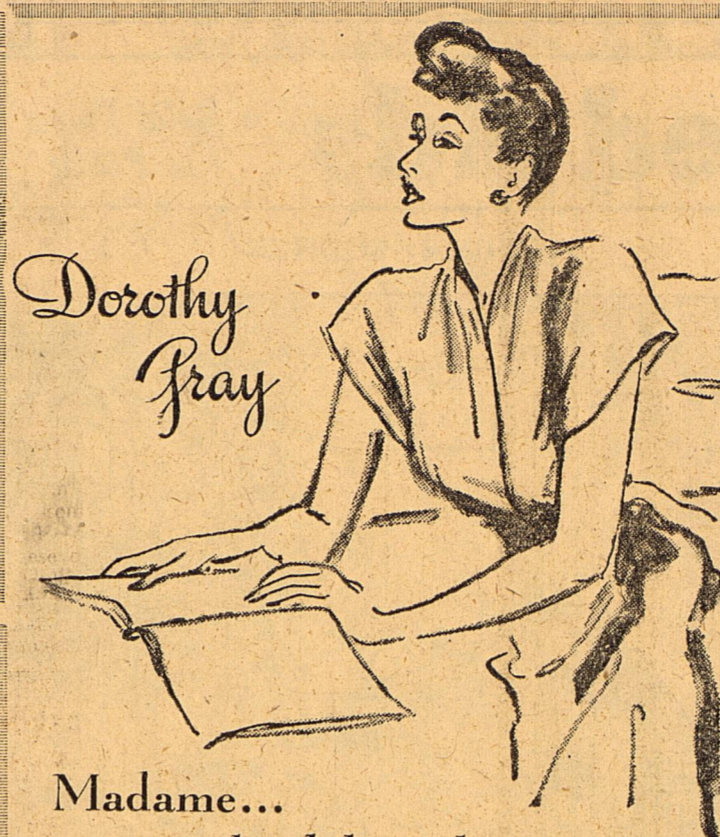

"The best thing that the professionals, in particular, can do is to concentrate on helping out at rehabilitation centers.

**Wonderful For Vets**  
"Doctors say that golf is wonderful for war veterans. It gets them out into the fresh air and takes their minds off themselves, and it can help a lot this way."

If the war were to end Sunday, Sarazen feels that golf would be wise to devote this year to "laying the groundwork for 1945," and perhaps a return of national and international competition.

"We're low on all kinds of equipment, help is scarce, the courses aren't what they once were, and even the caddies are gone," Sarazen commented.

Sarazen estimated that more than 1,000,000 former bag-carriers are now in service.

# Cronin's Infield Is Holding Up Boston Red Sox

By ORLO ROBERTSON  
ATLANTIC CITY —(P)— If Joe Cronin could decide on his infield, the Boston Red Sox would be ready for the opening of the American League season ten days hence.

But it is almost impossible these days to find capable replacements for such top notch performers as Bobby Doerr, the league's No. 1 second baseman until he departed for the Army late last season, and Jim Tabor, who more than held his own with the circuit's third sackers before the Army also called him.

**Cronin Experiments**  
As a result, Cronin is taking full advantage of exhibition games with the Yankees here and at their own nearby Pleasantville training base to experiment with new men. George Metkovich, a converted outfielder, is set at first base and that is as much as Cronin knows definitely about the infield that will open the season against the Yankees in New York on April 17.

"I'm taking the opportunity to try some of our newcomers at several positions," Cronin said. In these days a player should be able to play in almost any spot and I aim to be ready in event the draft makes still further inroads on our squad.

# Lubbock Wins Odessa Meet

ODESSA—Lubbock High School's athletes carried off top honors in the annual Odessa invitational track and field meet Saturday by piling up 49 points.

Second place went to the Odessa Bronchos with 32 points, and Denver City was third with 12½.

Midland's Bulldogs were able to score only eight points. Seventeen schools entered the competition.

M. C. Hale of Midland placed third in the broad jump. Bobby Drake took second place in the mile run, and Bert Conly was second in the high jump.

# Yeager And Hale Top Tennis Men At Midland High

Wilbur Yeager and M. C. Hale will represent Midland High School in the boys' tennis double contest at the district interscholastic league meet April 13 and 14. They were the winners in the preliminary tennis contests played at the high school the past week.

Hale and Yeager defeated Joe Ehrigwell and Charles Moncrief in the final round of the doubles contests 6-3, 6-0, 6-0.

Birdwell and Moncrief bested Bernard Pemberton and Eddie Richardson 6-3, 3-6 and 6-3 to win the right to enter the final play.

**First Round**  
In the first round matches Hale and Yeager defeated Bob Cole and Barney Hightower 6-0, 6-0, while Pemberton and Richardson were defeating Tom Kimbrough and David Dickerson 6-1, 6-1.

Bob McDonald and Charles Vertrees will meet Monday for the final play in the boys' singles. McDonald won over Richard Clarke in the semi-final play 6-3, 6-3.

Bill Price won from Charles Barrow 6-1, 2-6, 6-4 in the first round of play. McDonald drew a bye, while Clarke defeated Maurice Cox 4-6, 6-4, 8-6. Vertrees won from Leroy Collier 6-0, 6-2. Jimmie Edwards drew a bye to be beaten in the semi-final round by Vertrees 6-3, 6-3.

As the only entrants in the girls' doubles event, Vera Williams Zachry and Rosie Hart will represent Midland at the district meet.

In the singles Florence Larsh defeated Dorothy King 6-1, 6-1 while Nita Notgrass won from Elizabeth Cowden 6-3, 7-5. The winners will play the final match Monday.

# Byron Nelson Leading In Iron Lung Open

ATLANTA —(P)— Byron Nelson shot a 65 Saturday in the \$10,000 Iron Lung Golf Tournament and goes into the final round Sunday with a seven-stroke lead over his nearest competitor, Sammy Byrd of Redford, Mich.

Byrd finished the third round ahead of Nelson and posted a 66 for a total of 205 but that to the big Texas leader was just like waving a red flag at a bull. He rounded the turn with a 33 and then came down the back nine with a 32 for his 65 and a total of 198 for the 54 holes.

**First Three In Sixties**  
With his three first rounds in the sixties, Nelson was conceded a good chance to crack the record 264 for a 72 hole tournament set some years ago by Craig Wood, Duration Open Champion.

Nelson garnered six birdies in the round and went over par on two holes. Once when he drove more than 300 yards on No. 7 and the ball came to rest in a ditch. His putter was working flawlessly and he one-putted eight greens.

Byrd was almost as good, only the muffing of a one-foot putt on the 14th hole keeping him from carding a 65. Both were making 20-foot putts look easy all day and Nelson canned one 45-footer.

# Dr. Homer P. Rainey Charges 'Politics'

AUSTIN — (P) — Dr. Homer P. Rainey Saturday in an open letter to Chairman Dudley K. Woodward Jr. of the University of Texas board of regents, charged "You and your political colleagues have dragged the university into politics to serve your own political purposes."

Dr. Rainey was discharged as president of the university last Nov. 1 by a board of which Woodward was not a member. The letter was in reply to the statement issued by Woodward Jan. 26, giving his reasons for voting against petitions seeking Dr. Rainey's re-instatement.

## Frank Stubbeman, Guest Speaker At Saturday Luncheon Meet Of AAUW

Frank Stubbeman, local attorney, was guest speaker at the meeting of the AAUW Saturday in the Scharbauer Building of the First Methodist Church. Luncheon was served during the noon hour. In giving his talk, Stubbeman used as his subject for discussion, "The Dumbarton Oaks Peace Plan." Arrangements for the program were under the direction of members of the international relations study group.

Following the program a business session was held at which time new officers for the organization were elected: Miss Kathryn Greacen, president; Mrs. Joe Canon, vice president; Mrs. James Maegen, secretary; Mrs. Frank Troseth, treasurer; and Mrs. L. R. Newfarmer, parliamentarian.

At this time, Miss Greacen was named as the delegate to represent the Midland group at the AAUW state convention to be held in Waco April 13.

Members present for the Saturday meeting were: Meses. H. S. Forgeron, George Kribbs, John Redfern, J. L. Thurman, Betty Elliott, Karl Mygdal, H. K. McKinnon, Russell Farmer, Walter Brummond, Ed Kemp, E. G. Benjamin, A. E. Barnes Jr., Samuel Ellison,

Ralph Pickett, George Putnam, Frank Ashby, Ellis Scooby, Jack Bliss, L. R. Newfarmer, J. R. Maedgen, Ebb White, Alan E. Leeper, Jeannette Thompson, Joe Canon, Jack Dolman, Frances Williams, Alma Thomas, E. E. Reigle, R. V. Hollingsworth, Paul Gries, Glenn Shoemaker, Charles Henderson, and Misses Eunice Latimer, Ruth Carden, Mary Louise Rhodes, Marie Spencer, Margaret Persons, Kathryn Greacen and Florence Bryan.

Guests were Frank Stubbeman and Meses. Louis Thomas, J. A. Mascho, J. G. Perry, Al Cowden, Felix Andele, Frank Stubbeman, Katherine Horuck and Robert Turpin.

## LADIES GOLF CLUB HOLDS LUNCHEON MEETING FRIDAY

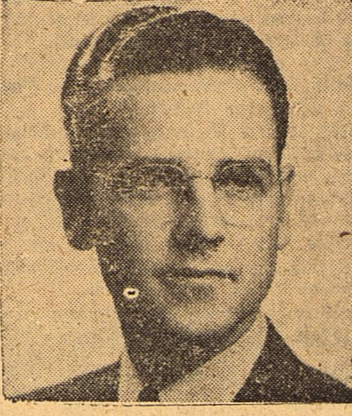

Members of the Ladies Golf Association of Midland met at the Country Club here Friday at 1 p. m. for a luncheon.

Those present were Meses. J. P. Ruckman, Elliott Miller, Jim Roark, P. H. Liberty, W. B. Harkrider, R. R. Porterfield, Bob Franklin, and three guests, Mrs. O. Jones, Mrs. Murray Dodson of Memphis, Texas, and Erma Nichols.

## To Attend District P-TA Meet

Mrs. F. E. Holman

Frank Monroe

Mrs. D. R. Carter

## County Library Receives Books

Nine new fiction and two non-fiction books have been added to the shelves of the Midland County Library, according to Mrs. Mary W. Beavin, librarian.

Fiction: Caldwell, The Wide House; Carelton, Cry Wolf; Fenwick, Two Names for Death; Ford, Philadelphia Murder Story; Lehmann, The Ballad and the Source; McLean, A Moment of Time; Maxwell, The Folded Leaf; Parsons, My Love Is Young; and Train, Mr. Tutt Finds a Way.

Non-fiction editions are: Bromfield, Pleasant Valley; and Poling, Your Daddy Did Not Die.

## FRIENDLY BUILDERS CLASS MEMBERS ENJOY SOCIAL MEET

A social and business session was enjoyed by members of the Friendly Builders Class of the First Methodist Church when they met Thursday evening at the home of Mrs. E. J. Voliva, 301 North Mainfield.

Mrs. H. M. McReynolds and Mrs. J. A. Fite were co-hostesses for the occasion.

Those present were Meses. Velma Smith, J. M. Conner, Iva Noyes, J. C. Miles, Jimmy Smith, J. W. Thorne, P. T. Barber and N. B. Beauchamp.

## Sons Arrive For Visit With Parents Here

Pvt. Delma R. Bizzell of Camp Wolters in Mineral Wells has arrived to spend a nine-day furlough with his parents, Mr. and Mrs. T. E. Bizzell, of Midland. To visit in the Bizzell home for just the weekend will be another son, Pvt. Thomas Elmer Bizzell, and Sgt. Cecil O. Peden, who are both stationed at Camp Wolters.

## County Library Receives Books

Nine new fiction and two non-fiction books have been added to the shelves of the Midland County Library, according to Mrs. Mary W. Beavin, librarian.

Fiction: Caldwell, The Wide House; Carelton, Cry Wolf; Fenwick, Two Names for Death; Ford, Philadelphia Murder Story; Lehmann, The Ballad and the Source; McLean, A Moment of Time; Maxwell, The Folded Leaf; Parsons, My Love Is Young; and Train, Mr. Tutt Finds a Way.

## TALKS SCHEDULED FOR LIBRARY HOUR

Mrs. Lois Lewis and Mrs. Jim Baker will have charge of the Midland County Library radio program to be heard over KRLH Thursday at 4 p. m.

The program will feature talks on what Valley View is doing to contribute to the war effort.

## Linda Murl Stracener Honored On Birthday

Honoring their daughter, Linda Murl Stracener, on her fourth birthday, Mr. and Mrs. E. N. Stracener entertained with a party Friday afternoon at their home on 502 North Loraine.

Games were played during the afternoon and refreshments were served. Centering the dining table was a birthday cake gaily decorated and topped with four candles.

Guests were Rozanne Yearby, Harriett Yearby, Mary Elizabeth Monroe, Ann Tillman, Linda Kay Murray, Carolyn Kay Cole, Sandra White, Glenda Gay Henderson, Ruth Ann Erskine, Jane Ray Nell, Iris Nell, Jimmie Jones, Topper Pyland, Joe Pyland, Eusty Howard, Carlton Downing, Michael Dunagan and the honoree, Linda Murl Stracener.

## FAREWELL PARTY GIVEN BY TROOP 2 OF GIRL SCOUTS

Mrs. R. L. Aiken and daughter, Mary Barbara Aiken, were named honorees of a surprise farewell party by members of the Bluebird group of Girl Scout Troop 2 Friday afternoon in the Junior High School music room. The Aikens are moving to Tulsa, Okla., where they will make their home.

During the afternoon, pictures were made of the Bluebird group.

Those present were Mary Barbara Aiken, Virginia Breedlove, Carrean Bryan, Eddie Juan Darnell, Julia Galbraith, Glenda Hamilton, Martha Scharbauer, Betty Worley, Gloria Dean Hale, Mildred O'Donnell, Melody Burris, Ann Wells, Barbara Ann Boring, Janet Forbis, Joan Nelson, and the four committee mothers, Meses. A. P. Scharbauer, C. C. Galbraith, F. Breedlove and A. L. Repecka.

## St. Ann's Altar Society To Meet Monday

Mr. Swagler, director of the Odesa USO, will be the guest speaker at the meeting of the Saint Ann Altar Society here Monday at 2 p. m. at the home of Mrs. Cecil Yaden on the Andrews Highway.

A business session will be followed with a social hour. Those wanting transportation to the Yaden home are asked to notify Mrs. Paul Schaefer.

## Mrs. P. F. McWilliams Presents Book Review For Methodist Class

Mrs. Paul F. McWilliams presented a review of the book, "Papa Was A Preacher," at the meeting of the Fifty-Fifty Class of the First Methodist Church Thursday evening in the Scharbauer Educational Building of the church.

The book review by Mrs. McWilliams centers around the life of a Methodist minister and his eight children. In giving the review, she related many interesting events which took place during the childhood of the minister's youngsters. The youngest daughter of this Methodist minister, Alvene Porter, is the authoress of the book and now lives in Dallas, Texas.

## Hostesses For Meeting, Mrs. U. A. Hyde and Mrs. Ernest Mance

Hostesses for the meeting, Mrs. U. A. Hyde and Mrs. Ernest Mance served refreshments to the following members and guests: Meses. John Rhodes Jr., Johnny Carter, Lige Midkiff, Hunter Midkiff, Buddy Walker, Clyde Pate, G. L. Shoemaker, Bill Wyche Jr., Paul F. McWilliams, Clyde Ceel, M. G. Crabb, Robert Filson, Charles Patterson, A. L. Patterson, Marvin Douglas, Edward Grimes, O. L. Crooks, Bill Wyche Sr., E. B. Patterson, J. L. Tidwell, Eunice Nye and Ina Nordyke.

The meeting room in the Educational Building was decorated with arrangements of spring flowers for the occasion.

## Stan Kenton To Play For Junior Canteen Dance Here Tuesday

Midland High School students are invited to attend Junior Canteen tea dance Tuesday from 4 to 5:30 p. m. at the Civic Auditorium. Music for the dancing will be by Stan Kenton and his 18 entertainers, including Anita O'Day, petite vocalist who won fame with Gene Krupa and Woody Herman; Gene Herman, romantic singer; and John Carroll, trumpeter. This entertainment is being made possible through the courtesy of the Midland Army Air Field and Stan Kenton.

Chaperones for the dance will be Meses. S. J. Lones, E. A. Culbertson, William Penn, J. D. McClure and Major and Mrs. Russell Brown.

All high school students are invited to attend whether or not they dance.

The Tuesday dance will be the first entertainment for Junior Canteen members since they moved from their old location the past week. Announcement has been made that the Civic Auditorium will serve as a temporary site for the present on Saturday afternoon and Saturday evening only. Donations have already been made for the building fund. The Sub-Deb Club contributed \$150 to the fund and proceeds from dance April 27 netted \$46.

## WOMAN'S COUNCIL TO MEET MONDAY

Members of the Woman's Council of the First Christian Church will meet Monday at 3 p. m. at the church.

A mission study course on the theme, "Concerns of a World Church," will be presented under the direction of Mrs. Glenn Brunson.

## Members Of Play Readers Club Entertain With Tea Saturday In Observance Of 13th Anniversary

The Play Readers Club celebrated its thirteenth anniversary with a guest day tea at the home of Mrs. William Y. Penn, 806 West Storey, Saturday afternoon. Highlighting the program for the afternoon was an entertaining review of the Broadway hit play, "Life With Father." Clarence Day wrote the play which was adapted to the theater by Howard Lindsey and Russell Crouse.

As the guests arrived, they were greeted by Mrs. J. Howard Hodge, club president, and the hostess, Mrs. Penn.

The reception room was attractive with a profusion of spring flowers, complimenting the colors of an oil painting over the mantle. Iris, roses, spirea and other flowers lent a spring atmosphere to the game room where guests were seated for the program.

## Mrs. L. G. Byerley To Give Talk At Palestine Meet

Mrs. L. G. Byerley, state vice president in charge of home and family life, will leave Monday for Palestine, Texas, where she will attend the 12th District Parent-Teacher Association "Inspirational" meeting. This session will be held April 11 and 12 in the First Methodist Church in that city.

Mrs. L. G. Byerley

"Strengthening of Local Units" has been chosen by Mrs. Byerley as her topic at Palestine. Another feature of the program will be a panel discussion on "That They May Live" which will be led by Dr. A. Caswell Ellis of the Hogg Foundation at the University of Texas in Austin.

Mrs. Byerley was present for a district P-TA "Inspirational Day" meeting held on the campus of West Texas State Normal College in Canyon this past week. "Local Units Ready to Go into Action," was the subject discussed by Mrs. Byerley at the Canyon sessions.

A talk on "Unifying Education in Texas" was given by Dr. J. A. Hill, college president. Dr. Ellis was also a guest speaker at the one-day session.

Approximately 75 attended the meeting held in the new science building on the West Texas State Normal College campus.

Mrs. W. T. Schneider poured tea from a silver samovar sent to Mrs. Penn from India by her husband. Mrs. Buffington served individual salads from a large silver tray. Meibba toast, flower mints and nuts added a dainty touch to the refreshment plate.

Guest List

Mrs. W. E. Shipp Jr., presided at the guest book where the following guests registered: Meses. Harris Eastman, E. A. Culbertson, Harry Tolbert, E. H. Davidson, William Ash, R. L. Denton, A. C. Midkiff, Fred Weimle, W. Bryant, J. H. Chapple, Norris Creath, William Kerr, Roy Proctor, K. Stuart, W. C. Whitehouse, R. C. Crabb, R. I. Dickey, Anton Theis, Paul Barron, Alma Thomas, Harvey Sloan, Thomas Lee Speed, George Kidd, A. N. Hendrickson, Fred Cassidy, O. C. Harper, J. E. Johnston, J. E. Beake, Olive Hamilton, W. H. Harkrider, W. T. Hoy, N. T. Hartwell, G. E. Kinsey, J. D. Ratliff, Charles Edwards, Paul Houston, Walter Fay Averitt, L. G. Mackey, Ellison Tom, Ray Rhodes, Jack Wilkinson, Ben Black, Bill Simpson, Jack Nobles, Joe Norman, O. J. Hubbard, Jack Hawkins, J. M. McClure.

Mmes. Dwight Schumaker, R. W. Hamilton, Ed Alston, Reese Cleveland, P. F. Brown, Watson W. LaFoe, Vaughn Maley, Robert M. Lupton, Doyle Lancaster, Davidson, Kyle Bastrop, Preston Lea, Eugene Russell, Jack Lively, James Maedgen, Ralph Troseth, D. H. Griffith, Frank Whittaker, Lottie C. Paton and Meses Lydie Watson, Lee Hawkins, Helene Miley, Dorothy Pinkerton and Billie Newburn.

Members of the club are: Meses. E. W. Anguish, Elliott Barron, Ralph Barron, DeLo Douglas, John P. Butler, B. K. Buffington, Fred Fuhrman, J. Howard Hodge, Wallace Irwin, Robert Muldrow III, William Y. Penn, Joseph Roark, W. E. Shipp Jr., Charles Klapporth and W. T. Schneider.

Sgt. Marion V. Hays Awarded Campaign Ribbons In Germany

Mr. and Mrs. Harley F. Hays, 809 North Loraine, have received word that their son, Sgt. Marion V. Hays, has been awarded ribbons for each campaign while serving with a tank battalion in France, Belgium and Germany.

The following citation for his outstanding performance of military duty was sent to his parents: "In Belgium during the period from Jan. 1 to 17, 1945, Sergeant Hays' foresight and careful devotion to his duty made possible the maximum number of vehicles being in operation to support the mission assigned to his battalion."

"Super Sixth"

Sergeant Hays is with the service company in the 15th Tank Battalion in Germany which is known as the "Super 6th Armored Division" of Patton's 3rd Army.

Before entering the service, Sergeant Hays was a civilian safety engineer at the air base in Denning, N. M. He received his first Army training at Camp Cooke, Calif., and has been overseas since March, 1943.

Sergeant Hays resided in Fort Worth, his birthplace, until 10 years ago when he moved to Midland. While in Fort Worth he attended Paschal High School and was an active member of the ROTC.

Sgt. Thomas K. Wallis Completes 22 Missions With Bomber Group

Sgt. Thomas K. Wallis, who resided in Midland before entering the service, recently completed his 22nd bombing mission, according to word received here by relatives.

A recipient of the Air Medal and three clusters, Sergeant Wallis is serving with the 9th Air Force in the 323rd Bomber Group, now based in France. He has been overseas since Nov. 17 and was stationed in England before going to France.

Sergeant Wallis' wife, Mrs. Iva Lee Wallis, and small daughter, Earlene, are living in Midland with his mother, Mrs. Mary Perkins.

When Hernando Cortes invaded Mexico he found the cacao tree in cultivated plantations, and "chocolate" being made from its bean.

## Sneak Preview Of Summer Fashions

By **EPSIE KINARD**  
NEA Staff Writer

**NEW YORK**—Afternoon dresses as low-cut as the beauty's on an old-fashioned candy box, and evening frocks which swing to the other covered-up extreme are style contradictions intended to make summer clothes more fun and women more provocative.

The summer collections hold more surprises in play toes which, in order to serve as well-covered street dresses, go through a multiplication act which makes one outfit do double and triple duty.

Applauded in one collection for this double-purpose role is the New York-designed dress launched by Troy Sisk, shown center, of over-fast black and lime-plaid gingham, with wrappings of lime jersey. These wrappings attach to a bolero to make surplice crossings over the bosom, to wind around the midriff and to return to the front of the waist to tie. When unwound, all of this business—including the bolero—comes off to give you a mere shift of a dress in which you can cool off when the thermometer zooms or wear when you go out to stalk the sun.

The down-to-her decolletage appears in sturdy cotton dresses—see Claire McCordell's print pique (left) which is shirred, moulded and draped like silk—and again in cotton and rayon sheers, which look more provocative because they hang by a single shoulder strap. Such

styles, variously dubbed "patio" or "cabana" dresses, are usually accessorized with arm-climbing gloves and make a charming foil for a girl's prettiest necklace.

In after-dark dresses which fall to the floor, the decolletage is apt to go up, because that's the designer's whim this season. An example of this trend is shown right

## A. B. Stickneys Receive Word From Sons Now Serving In Army

Pvt. Billy Joe Stickney, son of Mr. and Mrs. A. B. Stickney, 707 West Tennessee, recently left the states from the port of embarkation in New York City. He has been in the armed forces since July, 1944.

Receiving his training at Camp Hood, Private Stickney is now attached to a tank destroyer division as a driver in an M-10 tank.

The Stickneys have received a cablegram from another son, First Lt. Franklin Stickney, who is a pilot in the U. S. Army Air Force. He notified his parents that he had just returned to France after landing on the east side of the Rhine where he took paratroopers and other Army men. Before going to France a month ago, Lieutenant Stickney was in England.

## Miss Miles Hostess For Sorority Alumnae

Miss Sue Miles will entertain members of the Midland chapter of the Zeta Tau Alpha alumnae at her home, 208 South H, Saturday at 3:30 p.m.

All Zelta Tau Alpha members are invited to attend.

## IT WAS A SCIENCE

The skill of a scientist was required to fire the Big Bertha guns used by Germany during World War I. Curvature of the earth's surface and rotational speed of the earth had to be considered.

## BELMONT CLASS HEARS BIBLE STUDY

Mrs. W. L. Sutton taught the lesson from II Kings 21 at the meeting of the Belmont Bible Class Friday afternoon when members of that group gathered in the Scharbauer Educational Building of the First Methodist Church.

One guest, Mrs. George Phillips, and the following members were present: Mines, W. M. Craft, Margaret Parr, W. P. Collins, T. O. Midkiff, M. D. Long and H. M. Reigle.

## Lots of Hot Water With Natural Gas

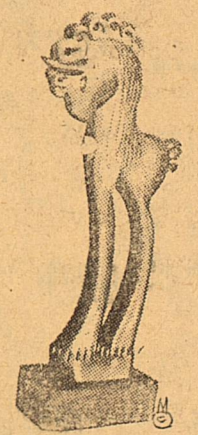

Hot water spells freedom to the housewife . . . freedom from the old-fashioned tea kettle and from the tyranny of an uncertain supply. Hot water makes light work of laundry, dish-washing, cooking, and cleaning, as well as baby-care and health and beauty routines. Every household can afford the luxury of WATER HEATED BY NATURAL GAS. The extra economy and satisfaction of an AUTOMATIC GAS WATER HEATER soon pays for the cost. After the war, look for the embodiment of new ideas in the science of water-heating by gas, and make your plans now to enjoy these benefits:

West Texas Gas Company

# Meet The Missis

by Louise Johnson  
ONE OF 'EM

She's a fashion designer. Her creations are not for milady of the languishing torso, the ultra in sophistication, but are the choice of discerning half-pinters—sizes 9 to 15—whose youth and vitality are expressed in their ensembles.

Surprisingly, she seems to be the only artist of her type in a long line of experts in the medical field—druggists, doctors, and nurses. Perhaps her environment had something to do with the choice of her career for St. Louis, as one of the most clothes-conscious cities in the country, is known to produce nearly eight million dresses a year, and most of them designed for the jaunty junior.

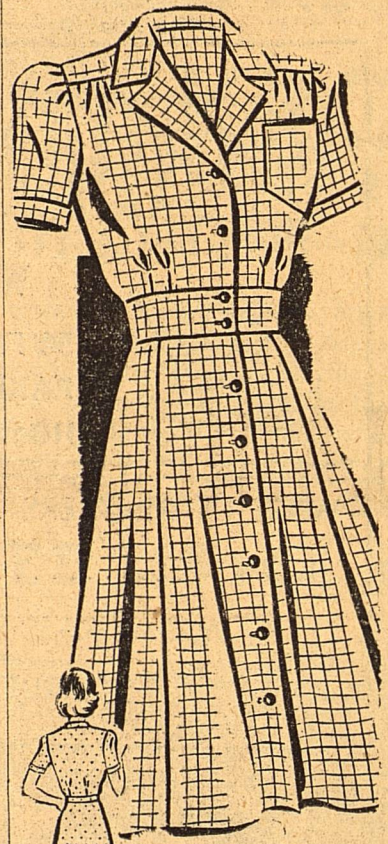

Could she come than St. Louis? The whole pattern fitted together beautifully. Miss Ambrose came—she saw—a smart red jersey suit won her heart—and St. Louis went native. And who was more fitted to model the creation of a hometown girl than another St. Louisian who had already made a name for herself? She was Maureen Cannon—pretty 17-year old singing star of the St. Louis Municipal Opera Company, and in the November Woman's Home Companion shows how to be smartly casual in a red jersey suit while practicing the classics.

**Concluded**  
The well-launched career came to an abrupt end when her future husband returned from combat and murmured something about wedding rings and things. She decided to let the fashion world fall into a state of disharmony, exchanged her studio for a kitchen, and her drawing board for an ironing board, until after the war. Her future is cut out for her because as long as people continue to wear clothes, there will always be a place for her among designers of those ensembles that "do" something for La Belle Femme.

Her design for living? A home that includes their own studio where her husband can continue with his commercial art and she can design clothes for the half-pints—and, perhaps, for Juniors.  
Her name: Mrs. Bob Watkins of St. Louis, Missouri.

**HOLD SECRET**  
Ten families of the Ile d'Orleans, near the city of Quebec, Canada, have held the secret of making "fromage de l'ille" for 250 years. This is a cheese highly prized by gourmets all over the continent.

## Stan Kenton's Band To Play For Midland AAF Dances

Stan Kenton and his "Artistry in Rhythm" orchestra will arrive in Midland Monday for a two-night stand at the Midland Army Air Field Service Club.  
Dancing will begin at 8 o'clock each night and will conclude at midnight. The Monday night entertainment will be for enlisted personnel for MAAF while the Tuesday night show will be for officers.  
Through the courtesy of MAAF and Stan Kenton's orchestra, the band will play for a tea-dance Tuesday afternoon from 4 to 5:30 p. m. for the Junior Canteen. All

Midland High students are invited to the dance which will be held in the Civic Auditorium.  
Although Stan Kenton is best known for his solid year with the Bob Hope radio show, his sweet and swing arrangements are familiar to juke box fans.

**New And Different**  
Kenton has created something new and different in modern music according to advance information. He is a pianist and arranger, with a firm background of classical training. Several numbers which have won him acclaim from radio

Stan Kenton

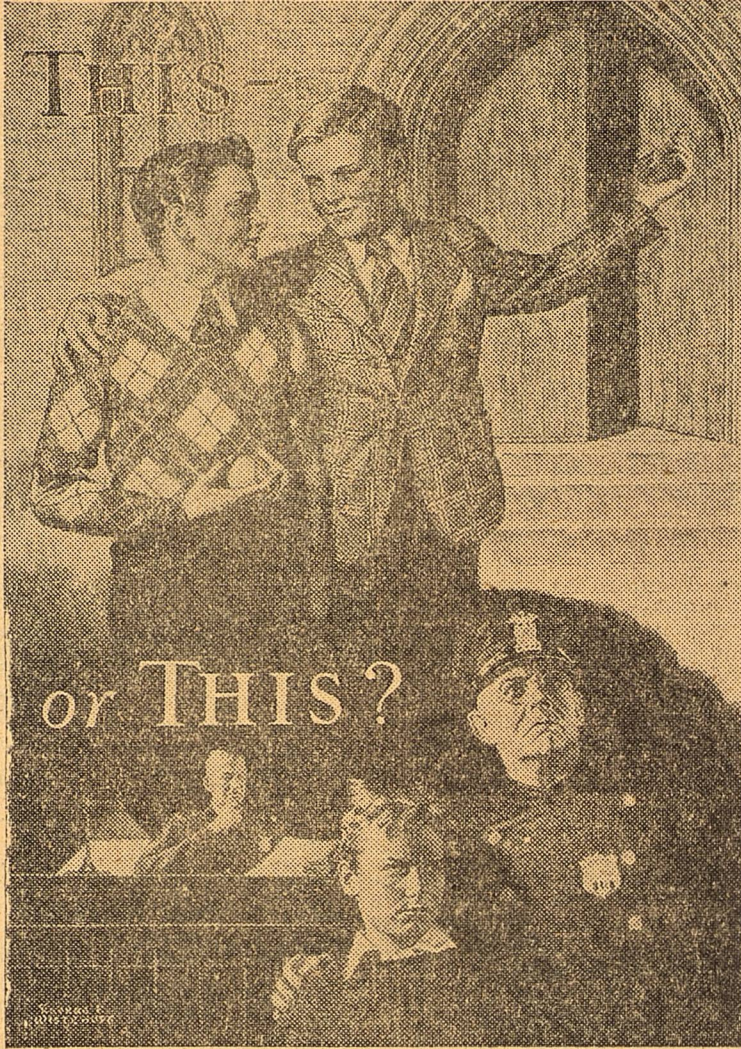

network listeners will be part of his dance program here.

Attractive swing-sing star, Anita O'Day, who will sing some of the "hit parade" tunes she has made famous, will share top honors with the piano-playing band leader. Gene Howard, who joined the Kenton organization recently, will handle the male vocals with John Carroll being featured on the trumpet.

In order to handle an over-capacity crowd both nights, plans have been made for special arrangements. Tables will be placed on the splanade between the Service Club and the swimming pool with tables to be placed around the edges of the dance floor, officials announced.

## National Sunday School Week

April 9-15

American children everywhere will stand up and be counted this week, when National Sunday School Week will be observed throughout the country.

This movement is sponsored by the Laymen's National Committee, a non-sectarian, non-profit organization with headquarters at the Vanderbilt Hotel, New York.

The Committee, now entering its sixth year of operation, is putting forth every effort to bring about a revitalization of a sober realization that

*America was founded on man's consciousness of God, man's daily labor and the fruits therefrom.*

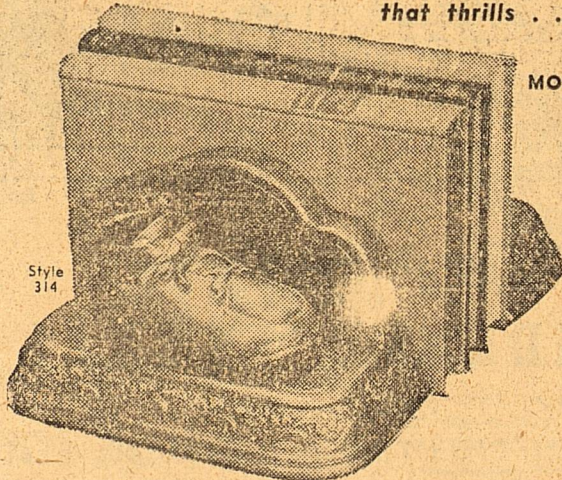

The purpose in sponsoring National Sunday School Week is to develop a serious acknowledgment that, "As the twig is bent, so the tree inclines," and that every parent owes his child a knowledge of God, whose light always shines for those who seek it.

National Sunday School Week represents an additional annual activity of the Committee, who sponsor National Bible Week the third Monday in October each year.

The above poster in color is obtainable at Chambers of Commerce throughout the country, or at the offices of the Laymen's National Committee.

## Hogan Takes Place On Council April 18

Fred T. Hogan will take his place officially as a new member of the city council at its regular monthly meeting April 18, Mayor A. N. Hendrickson said.

The present council, consisting of Hendrickson as mayor, Paul McHargue, mayor pro tem; Frank Stubbeman, R. I. Dickey, R. L. Martin and John P. Butler, will meet and canvass the returns. When the canvass is completed Martin will retire as a member of the council. Hendrickson, Stubbeman and Butler, who won reelection by a unanimous vote at last Tuesday's municipal election will be sworn in for new terms, and Hogan will be sworn in for his first term.

**Lt. GEORGE F. WATFORD STATIONED IN CALIFORNIA**  
SANTA ANA, CALIF.—First Lt. George F. Watford, 23, son of Mr. and Mrs. Hardy H. Watford of Midland, Texas, is currently assigned to the AAF Redistribution Station No. 4 at Santa Ana Army Air Base.

Lieutenant Watford, who has completed 35 combat missions as bombardier of a B-17 Flying Fortress, entered the service May 20, 1942, and went overseas in July, 1942. He has been awarded the Air Medal with five oak leaf clusters, the Distinguished Unit Badge and three battle stars for participation in major operations of the 8th Air Force over Germany.

## CLARENCE SCHARBAUER JR. RECEIVES PROMOTION

Clarence Scharbauer Jr., has been promoted to the rank of seaman first class. He is stationed at the Naval Air Station in San Diego, Calif.

## LOUIE CURE GOES TO OFFICERS' SCHOOL

T/Sgt. Louie A. Cure of Midland, who was transferred to the Salinas, Calif., Army Air Base of the Fourth Air Force March 14, 1945, from Hamilton Field, Calif., where he had been stationed since November, 1943, is moving again—this time to the AAF Officers' Candidate School at San Antonio.

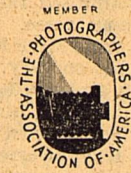

A former football player at Christian College, Abilene, Texas, Cure entered military service in June, 1942.

The United States, in normal times, manufactures and eats more ice cream than all the rest of the world.

## Lt. Bill Montgomery Receives Promotion

WITH FIFTH AIR FORCE, PHILIPPINES—Bill A. Montgomery, pilot and flight leader with 312th Bombardment Group, an A-20 bomber unit of Fifth Air Force in the Philippines, has been promoted to first lieutenant. He is the son of Mrs. Wade H. Morrow of 3650 4th Ave., San Diego, and the late J. C. Montgomery of Midland, Texas.

Lieutenant Montgomery is credited with 50 combat missions in this theater and has served overseas 10 months.

## Cast For 'Spring Green' Announced By Miss Blake

Miss Emma John Blake, director of the all school play, has announced the cast for "Spring Green," three-act comedy. The following students will take part:

Evelyn Wemple, Nina Cassel; Ann Cleveland, Scottie Cassel; Mary Bizzell, Tony Cassel; Buddy Anguish, Mr. Putnam; Mary Catherine Graham, Pickle Ames; Jack Howell, Dunk Doyle; Jimmy Edwards, Bing Hotchkiss; Dorothy Jean King, Genevieve Jones; Lawrence King, Major Todd; Bill Hamilton, I. Newton Todd; Dorothy Turner, Eula Hotchkiss; William Hoey, Dr. Tutor Blodgett; Joe Birdwell, Officer Ryan; Bill Shaw, Billy, Mrs. Rumble has not been cast yet.

Script girl will be Betty Joyce Gerald. Properties will be managed by Pat Flanigan and Nora Payne Long.

Miss Blake announced that the play would be presented May 4. Rehearsals began last Tuesday night. Rehearsals are carried on every night from 7:30 until 9:30.

## Midland Athletes Enter Odessa Meet

Twelve Midland athletes entered the invitational track meet at Odessa Saturday in which 17 teams participated.

Jimmy Edwards entered the 120-yard high hurdles, the 880-yard dash, the mile relay, shot put, and the discus throw. M. C. Hale ran the 100-yard dash, 440-yard relay, 220-yard dash, put the shot, and broad jump. Charlie Patterson ran the 100-yard dash, the 440-yard relay, the 220-yard dash, and the mile relay. Bert Conly pole vaulted, high jumped, and broad jumped.

Wilbur Yeager entered the 200-yard low hurdles, the 440-yard relay, and the 220-yard dash. Bobby Cole broad jumped, and ran the mile and the 200-yard low hurdles. Frank Goode high jumped, and ran the mile relay, the 440-yard relay, and the 440-yard dash. Leland Keith entered the 440-yard dash and the mile relay. Bobby Drake and Waylon Livingston ran the mile. Robert Hunter entered the 880-yard dash, and Burton Stringer ran the 200-yard low hurdles.

They were coached by B. E. McCollum and Jack Mashburn.

## Barron, Shirey, And Gerald Are Elected

Charles Barron, Beth Shirey, and Rex Gerald were elected president, secretary-treasurer and reporter, respectively, of the Student Council at its first meeting Wednesday.

Ralph Vertrees, Virginia Dunagan, Elizabeth Ann Cowden, and Richard Clarke were appointed to a committee to draw up a constitution for presentation at the next council meeting April 13.

## Still Fighting Today

(AN EDITORIAL)  
 As April 13 nears, we stop and turn back 202 years ago when Thomas Jefferson was born.

Thomas Jefferson was the most conspicuous of American apostles of democracy, and he tried desperately, in his own way, to install a democracy as the United States way of government.

Jefferson had unlimited faith in the honesty of the people; a large faith in their common sense.

No other man's ideas have had anything like an equal influence upon the institutions of the country.

His life interests and incidents can be summed up in a single word: Freedom—freedom in creed, government, thought and speech.

"I have sworn," he wrote in 1800, "upon the altar of God, eternal hostility against every form of tyranny over the mind of man."

Today we are fighting a great World War, and the basic principle for which we fight today is the same principle of democracy for which Jefferson also fought many years ago.

## He's Just Lucky, That's All

(AN EDITORIAL)  
 Now that we are nearing the annual Interscholastic League contest, it is important to remember the rules of good sportsmanship. It has often been said that it takes a better man to lose cheerfully than it does to win.

In the meet Friday and Saturday many contestants will be defeated, but they will admit that the winner is better than they are and will congratulate him and make friends, while others sulk and sneer.

Let's try to make Midland the winner in each contest but NOT give an unfavorable opinion of our town just because we can't win every time.

## Interscholastic League Schedule Is Announced By Harlan Howell

A schedule of events of the Interscholastic League 3-AA Conference meet here has been announced by Harlan Howell, director-general.

Friday at 5 p. m. the meet begins with volleyball in the gymnasium under the direction of Emma John Blake. At 8:45 p. m. the one-act play contest will be held in the auditorium under the supervision of Fred Gage. Admission will be 30 cents.

Saturday at 9:30 a. m. drawing for places in declamation will be held in room 109. All declamation, junior and senior, will be at 9:45 a. m. in the auditorium, under the direction of Murray H. Fly.

Typing and shorthand contests will be at 9:30 in room 208, with Mrs. Ruth Burman directing.

F. C. Gambill will meet with the tennis contestants at the gymnasium at 9:30.

Track and field events will be supervised by B. E. McCollum and will begin at 1 p. m.

The first events will be pole vault and shot put. High jump and 120-yard high hurdles will be run at 1:30 p. m. The 100-yard dash will be run at 1:45 with the 440-yard dash and the broad jump coming at 2. At 2:15 the 200-yard low hurdles and at 2:30 the discus throw with the 440-yard relay being run at 2:45. The 880-yard dash will be at 3, followed by the 220-yard dash at 3:15. The mile run will begin at 3:30 and the final event, the mile relay, will be at 3:45.

## Flash—'It's Over There,' Says Student

"The war is over in Europe!" shouted Red Scrogins in study hall Thursday. This statement brought everyone to attention and much confusion arose. Ann Ulmer was even sent down to the office to call the newspaper to authorize this statement. But they had not let Red finish his story. As he concluded by saying: "Yes, it's been over there for the past ten years!" Groans filled the room. That's how rumors get started.

## Boys To Take Army Qualifying Test, April 12

The Army College Qualifying Test will be given April 12 at 9 o'clock to approximately 10 Midland High School students.

To be eligible to take the test, the applicant must be 17 years of age between Oct. 1, 1944, and Aug. 31, 1945. He must be a citizen of the United States, and must have his parents consent to take the test.

Enlistment in the Enlisted Reserve Corps is required, and at the time of his enlistment, the candidate must present a high school diploma or a statement from school authorities asserting he is a high school graduate.

The test, which requires two hours, is divided into three sections. The first section pertains to math, the second test reading comprehension, and the third level of vocabulary. All questions are of the "best-answer" type.

On May 19, all candidates will be notified as to whether or not they passed the test.

## Kenton To Play For Canteen Tea Dance

Stan Kenton and his orchestra will entertain the Junior Canteen at the Civic Auditorium Tuesday from 4 p. m. until 5:30 p. m. with a tea-dance.

Kenton and his orchestra played for the Bob Hope program for a year and made many Capitol records. After touring nearby airfields, he and his band will return to the Paladium in California. Kenton has played over NBC, CBS, Blue and Mutual broadcasting systems.

At the dance Tuesday afternoon, Stan Kenton, pianist, will feature Gene Howard, vocalist, and John Carroll, trumpeter.

His theme song, "Aristy in Rhythm" will be followed by such favorites as "Do Nothing Til You Hear from Me," "Harlem Folk Dance" and "Eager Beaver."

All high school students are invited to attend. There will be no admission charge.

Kenton and his orchestra appear before the Canteen through the courtesy of Kenton and the Midland Army Air Field.

## Personals

Jimmy Greene was seriously injured Thursday when his motor-scooter and an automobile collided.

Mary Fern Bray, who graduated in the class of '44, was visiting her family last week-end. She is attending Texas University.

Ralph Vertrees, senior class president, is back in school after he spent some time in bed with a broken leg as a result of the Junior-Senior football game.

Jeanie Yount, graduate of '44, is visiting in Midland this week.

Jimmy Watson, graduate of '44, had been home from Texas University. He left Thursday for Austin to attend the "Round Up" at the University of Texas, after which he is going into the Navy.

Mrs. J. Akers, former Miss Helen Stewart, clothing teacher, is returning to her position on the faculty Monday.

Mrs. B. L. Deyerle Jr., who has been teaching in Miss Theresa Klapproth's absence, has been transferred to Big Spring.

Mrs. A. W. Wyatt has been substituting for Miss Klapproth.

## Music Corner

Forest Gambill, band director, has announced three numbers which the high school band will play in the public concert May 1 in the Midland High School auditorium.

Two will be overtures "Erica" and "Azalia." The concert section of the band will be featured in "The Phantom Trumpeters."

The choral groups are preparing number, which have not yet been announced, which they will sing on the concert program. The piano accompanist for the choral club will be Betty Ruth Pickering, who is also the daily accompanist for the choral club.

The senior quartet composed of Billie Ann Hill, Norma Conly, Virginia Aycock, and Ann Tiner has been invited to sing at the Lions Club next Wednesday on a musical program which will be presented by Midland High School students.

'Are You On The Beam?' Or ...  
 "Are you on the beam?" "Did you get a charge?"  
 The students were asking each other these questions after the program in electronics and radio given by Glenn L. Morris in assembly Tuesday.

Morris showed how an airplane followed a beam into an airfield. Arthur Rounds, senior, assisted him. Many unusual things were done by Morris with his electrical equipment.

## Midland Contestants Getting In Shape For Interscholastic Meet

Midland's Interscholastic League contest directors and coaches report all contestants will be in top shape for the meet Friday and Saturday.

"The one-act play is progressing fine, although Gilbert Sevier's part has been recast due to illness," said Mrs. Daniel Ungaro, director.

Billie Jean Jones, Bill Hamilton, David Dickenson, Buddy Anguish, Mary Catherine Graham, Evelyn Wemple and Mary Frances Phillips compose the cast.

"The Volleyball team is ready to meet its only contestant, Odessa," announced Miss Emma John Blake, coach.

The typing team, Mary Bizzell, Doris Denton, Joan Williams, Sharon Cornelius, and Joan Stanley will contest both Odessa and Big Spring teams.

Beth Shirey and Mary Ruth Bizzell will compose the shorthand team.

Members of all speech classes are trying for declamation and eliminations will be held soon. Miss Mozelle Dement, Miss Emma John Blake, and Miss Margaret Stuart will judge the eliminations.

In track and field events, Jimmy Edwards will enter the 120-yard high hurdles, M. C. Hale and Charlie Patterson the 100-yard dash, Frank Goode and Leland Keith the 440-yard dash, Wilbur Yeager, Bobby Cole and Burton Stringer will enter the 200-yard low hurdles, Edwards and Robert Hunter the 880-yard dash, and Hale, Patterson and Yeager will run the 220-yard dash. Yeager, Patterson, Goode and Hale will run the 440-yard relay and Edwards, Keith, Goode and Patterson will enter the mile relay.

Bert Conly will enter pole vault and Edwards will throw the discus. Hale, Bobby Cole and Conly will broad jump. Goode and Conly will high jump and Hale and Edwards will put the shot.

## Bob Norris, Betty Jo Joplin Take Honors

Bobby Norris, former Midland boy, has won many honors during his junior year in Lamar High School, Houston. This year Bob was tackle for the Lamar Redskins, and is a key figure in next year's line.

He is a member of the student council and was elected to the National Honor Society.

Also Betty Jo Joplin, a former Midland girl, is attending Lamar High, and has become a member of its orchestra. She was elected to the National Honor Society and student council. Betty was valedictorian for the Junior High School graduating class of '42.

## Senior Boys To Be Guests Of Rotarians

The senior boys of Midland High School will be guests of honor at a luncheon to be given by the Rotary Club Thursday in the Crystal Ballroom of the Scharbauer Hotel. The luncheon is being given so that the Rotarians and the boys may become better acquainted.

## J. B. - The Butcher

J. B. Terry, senior of Midland High School, has been chosen as the diversified occupations' student of the week.

J. B. is taking English, commercial arithmetic, and diversified occupations as his favorite.

J. B. is employed with Safeway

Stores where he has worked since school began. "I enjoy my work very much," he said. "It suits me to a 'T'."

He works in the meat market doing what needs to be done in the way of selling and cutting the meat. His job is waiting on customers. Yet while he isn't doing this, he is boning and cutting meat, or cleaning out the vaults.

Cutting of the meat is a very dangerous job if you are not a skilled hand. One slip of the knife and you might have one finger less!

J. B. is studying in the diversified occupations class how to prepare round roasts and pig's peak roasts. He also studies the flank steak, tenderloin, and other steaks. Studying these subjects will help him in the field of butchering. He plans to make a success of it by starting now.

J. B.'s favorite pastime is going to the show, and running around with a group of boys and girls.

# THE BULLDOG

## 53% Is Average For First Week Of April

The War Bond and Stamp report for the first week in April is 53 per cent. Below are listed the reports of each advisory room:

Magee, 107, 66 per cent; Hine, 207, 0; Philippus, 102, 100; Carden, 304, 91; Weaver, 310, 60; Latimer, 101, 48; Butler, 306, 100; Stuart, 306, 46; Miley, 205, 53; Black, 202, 11; Flesher, 108, 32; Moore, 109, 80; Sidwell, 301, 24; Farnham, 309, 0.

## Who's Who - Peggy

Peggy Ayres, senior of Midland High School, is to play the part of Mrs. Little in the annual senior play, "The Fighting Littles."

Peggy is treasurer of the senior class of '45, and she is taking English, plane geometry, physics, and American history. Of these English is her favorite.

Dramatics are one of Peggy's chief interests, and she has been very active along this line.

Last year, Peggy played the part of Mary Magdalene in the all school play, "Family Portrait"; and she was in the Civic Theater's recent play, "Song of Bernadette."

The students of Midland High School chose Peggy to be one of the attendants to the Queen in the 1945 Catoico Coronation.

Red headed, brown eyed Peggy has a job at the Paleontological Laboratory working after school and on weekends.

"Long Ago and Far Away" is Peggy's favorite song, and her favorite food is chocolate pudding.

Peggy is planning to attend college when she graduates from high school; but as yet, she hasn't decided which college.

There is a First Time For Everything

To the shock of Miss Katie McCluney, foods teacher, she saw for the first time a student who baked a pan of biscuits in the broiler of one of the foods department stoves.

Hendrickson Makes Trip To New York

Mayor A. N. Hendrickson left Friday night for New York, N. Y., on a business trip. The mayor plans to return to Midland April 16, in time to be sworn in for his second term as mayor at a meeting of the city council April 18.

## Echoing Halls

Tuesday: The perpetual weekend weary "mates" gradually trudged back to school. The students were amazed by how their memories were blurred by one hilarious weekend.

We all got a charge out of assembly; Paid assembly. (You know charge, paid assembly, charge—well, we thought it was funny!)

Wednesday: Today was relatively uneventful—(translation: nothing happened). Clubs met today.

The three play practices have caused much confusion and the casts are getting hopelessly mixed up.

Thursday: Spring is here, and the sprouts are blooming (freshman love life). While the world-weary seniors wander dazedly down the halls with paper and pencil in hand muttering, "When will I get this theme written?"

Friday: The girls are dashing around madly hunting dates for the dance Tuesday afternoon given by Stan Kenton for the Junior Canteen. It's also rumored that the Civic Auditorium will be given over to the Canteen on Saturdays.

Well, another week has passed, kids and we're signing off 'til next week.

FRANK MONROE WILL ATTEND P-TA MEET

Supt. Frank Monroe will attend the annual P-TA conference in Big Spring April 11. Mary Frances Phillips and Yvonne Schmidt will present a comic skit entitled "Just a Local Union," which was written by Mrs. D. R. Carter.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcol Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat

and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly least disappears—how much better you feel. More alive, youthful appearing and active.

## Red Cross Transfers Green To Camp Howze

Jacob B. Green, Jr., MAAF Red Cross Field Director, has been promoted to directorship of the Red Cross office at Camp Howze, Tex., and expects to leave for his new station, located near the Texas-Oklahoma border, sometime this weekend.

Milton W. Riney, Field Director at Eagle Pass AAF, Tex., is expected here today to take Mr. Green's place.

Mr. Green, who had been at MAAF since August 1944, will be in charge of seven assistant directors and ten in the hospital Red Cross office at Camp Howze.

"Much as I am looking forward to my new assignment," he declared, "it is with regret that I leave MAAF. It has been a pleasant tour of duty and I wish to thank everyone for the cooperation given the Red Cross office."

## He Probably Thought He Was A Dead Duck

LONDON—(AP)—A rescue squad leader searching the debris of a V-bombed house in southern England asked, "Is anybody there?" and a faint "Hello" came from beneath the tangled timbers. Each time the leader called he got the same reply. Finally his workers pulled out a parrot.

## MAAF Mess Sergeant Knows How To Attack Chow With Chop Sticks

If you have ever tried to eat with chop sticks you know what it means for a Yank to partake of a twenty-course Chinese dinner and leave the table well fed.

It took S/Sgt. George H. Schuller of Sloatsburg, N. Y., a long time to master the art of handling chop

sticks they invited him to dinner. Usually the meal was a major part of the day's activities, and as the hours rolled by, and one course followed another, Sergeant Schuller found that he could either eat with chop sticks—or go hungry. He ate with chop sticks.

He even bought himself a set of chop sticks to practice with and use. Made of ebony with silver chain and hammered silver grips, they now serve as ornaments.

"When he wasn't practicing with his Chinese version of a knife and fork, Sergeant Schuller had the serious job of feeding the officers

and men of a squadron of B-25s. Typical of the meals the bomber crews received is this one: cabbage soup, roast beef, mashed potatoes, bamboo sprouts, bean sprouts, rice bread, cookies, and Indian coffee.

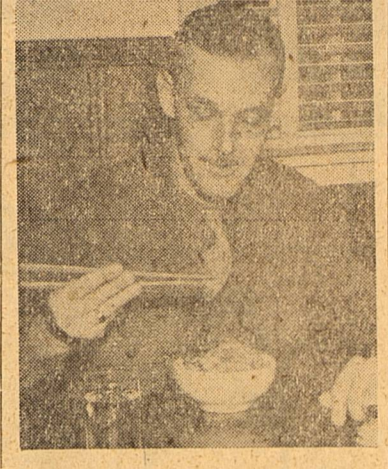

But the meal that Sergeant Schuller remembers as incomparable was the feed served on the night of the "Two Year Party" on that night a majority of the men at the base celebrated their second year overseas and they were looking forward to a return to the States.

On that night Sergeant Schuller

exposed all the tricks of his culinary art and produced a sumptuous repast that belied his limited resources and equipment. But it isn't the food alone that he remembers. It seems that the dinner was accompanied by a strictly American concoction of rum and grapefruit juice.

STILL MASSIVE

Although it has been losing weight at the rate of 300,000,000 tons every minute for millions of years, the mass and power of the sun have not been appreciably diminished.

—AAF PHOTO BY AAF TO S/SGT. GEORGE H. SCHULLER.
