## War Department Works Out Point System For Releasing Enlisted Men From Service

WASHINGTON—(AP)—The Army Thursday set up its point system for release of enlisted personnel in the wake of victory in Europe, temporarily fixing a minimum score of 85 points as a requisite for such discharges.

The points are to be figured on the basis of service credit, overseas duty, participation in combat, and parenthood. The 85 minimum points will be required for the discharge of ground, air, and service force enlisted personnel.

Men with this total will be considered eligible for release and will start moving next week for separation centers.

Separate critical scores for each of the services will be established in about six weeks.

Because of the special requirements of the war against Japan, the strength of the Army Service Forces and Air Forces will be reduced much less than the strength of ground forces.

The War Department said its demobilization plan will not affect the continued release of enlisted men over 42 years of age, which was started recently. Holders of the Medal of Honor also are eligible for release upon request.

Married members of the WAC will be released at their own request if their Army husbands have been returned to civilian life.

About 1,300,000 men are to be released in the next 12 months under the point system.

Points are:

Service Credit—One point for each month of Army service since September 16, 1940. This is the same as 12 points per year. (More than 15 days will be counted as a full month.)

Overseas Credit—One point for each month served since September 16, 1940.

Combat Credit—Five points for each award of combat decoration since September 16, 1940.

Parental Credit—Twelve point for each child under 18 years of age to a limit of three children.

Other credits include awards for gallantry, and other military decorations. (Continued on Page 5)

## Another Wildcat In Ector Flows Oil From 'Burger'

By JAMES C. WATSON, Oil Editor. Phillips Petroleum Company No. 1-A TXL, in northwest corner of section 21, block 45, TP survey, T-1-S, has shown for production from the Ellenburger in West Ector County.

It is two miles south and one mile east of Shell Oil Company, Inc., No. 1-A, Thomas, discovery for production from lower Ordovician and now in process of completion.

The Phillips well ran a one-hour and 15-minute drillstem test at 9,597-9,640 feet. Tool was closed 16 minutes to take bottom hole pressure. Gas flow ranged from 90,000 cubic feet per day down to 30,000 cubic feet per day. The well did not flow.

Flowed For 25 Minutes. When 900 feet of drill-pipe had been pulled the well started flowing and flowed the water blanket of 1,600 feet, and then flowed oil for 25 minutes.

Then pipe pulling was resumed and when all but 500 feet of string had been pulled the well started flowing again and was spraying oil over engines and lights. Operations were suspended to wait for daylight to resume pulling and checking.

Gravity of the fluid was 40.5, which made the fluid typical Ellenburger oil.

Operator likely will drill ahead. It is estimated that approximately 7,100 feet of free oil came into the drill-pipe during the test.

Cowden Running High. Magnolia Petroleum Company and Humble No. 1 E. P. Cowden, in section 7, block A-55, ps survey, extreme Southwest Andrews County Ellenburger wildcat, had reached 3,205 feet, in anhydrite and shale, and was going ahead.

According to drilling time breaks top of Yates is reported to have been at about 2,620 feet. The (Continued on Page 5)

## Jap Lines In Hunan Crumbled

CHUNGKING—(AP)—The entire Japanese line in Western Hunan province, where the enemy has aimed an offensive at the U. S. Airbase of Chihkiang has been crumbled by a general Chinese counter-offensive, the High Command announced Thursday.

The enemy's lines fell apart at 4 a. m. Wednesday following the launching of the Chinese counter-offensive Tuesday morning, the Chinese said. Chihkiang is 250 miles southeast of Chungking.

More than 2,600 Japanese dead were reported counted in an area 55 miles east of Chihkiang, from which Maj. Gen. Claire L. Chennault's 14th Air Force has been playing havoc with Japanese communications along the China-Indo China corridor.

A dozen places where the beaten enemy burned his dead in traditional Japanese fashion were discovered. A Japanese force surrounded at a point 70 miles east of Chihkiang was wiped out. The Chinese prefer suicide to capture.

Pursuing the Japanese, the Chinese reached the vicinity of Shanmen, 75 miles east of the air base and north of the main highway to Chihkiang.

Another Chinese column slashed southward in an attempt to cut the retreat line of the Japanese along the highway.

Henlein and Frank Are Captured By American Troops. By HAL BOYLE. PRAGUE—(AP)—Konrad Henlein, the traitorous gauleiter of the Sudetenland, and Karl Frank, bloodthirsty Nazi military governor of Czechoslovakia, were taken into custody by American troops Wednesday, as German soldiers fled westward from this shattered capital toward American lines.

Henlein, the Sudeten organizer who paved the way for Hitler's march into Czechoslovakia, was seized by the First Division.

Victorious Russian troops paraded through the city amid the wild acclaim of the populace, which lost 5,000 casualties, by Czech account, in the last ditch battle three-day battle with the Nazis.

The dead and wounded are many they still are uncounted, declared Vaclav Capek, spokesman for the Czech National Committee, in describing the last major battle of the European war, which ended at 9 a. m., Wednesday when the Czech flag was hoisted over the last German stronghold.

Relief and Joy. The refugee crowded city—last European capital to be liberated—erupted in a mad outburst of relief and joy after the first reconnaissance elements of the Soviet Army had raced into Prague from the northwest at 5 a. m., after a 35-mile overnight sprint.

Fur-capped Russians, looking like Daniel Boone on motorcycles, were almost mobbed by the exultant throngs. Every Red Army vehicle soon was overflowing with pretty Czech girls—whom the G.I.'s have voted the best looking in Europe.

Westward from Prague to the American lines at Pilsen stretched a 45-mile column of broken German troops fleeing toward Yank positions to escape being taken prisoner by the Russians.

Among them were thousands of German occupation troops.

In the line of glum Germans streaming toward Pilsen were scores of colonels and personnel, and hundreds of wives and children of German occupation troops.

It took us hours to push our way through the fully armed German convoys from Pilsen to Prague, and hundreds of German soldiers who had celebrated the collapse of Germany's world empire dreams in an alcoholic debauch were sleeping off their last debacle in the meadows along the way.

But their columns on the road were orderly and staid as ever. At least every other vehicle contained a German woman soldier or nurse or sweetheart.

Women and men were separated at Pilsen.

## Hitler's Death Apparently Will Remain Mystery

BERLIN—(AP)—At least four bodies, any one of which may be Adolf Hitler's, have been found by the Russians in Berlin. None of them has been identified as being definitely that of the Nazi fuhrer.

The bodies of Propaganda Minister Paul Joseph Goebbels and his family, of Martin Bormann, successor to Rudolf Hess as Hitler's deputy, and a number of other top Nazis have been found and identified with fair certainty.

Searched For Past Week. For a week the Russians have searched through the ruins of the underground fortress where Hitler and his gang of last ditch Nazi fanatics held out until the destruction of Berlin was complete. Four bodies, blackened and charred, that seem to answer to Hitler's general appearance have been dragged out of the ruins. They have been measured and photographed for examination by experts. But the Russians are beginning to believe that no body that can be identified without any shadow of doubt as that of Adolf Hitler ever will be found now.

The underground fortress, which Hitler made his headquarters in the final mighty battle of Berlin was the huge, supposedly bomb-proof air-raid shelter underneath the new Reichschancellery.

It had been linked by deep underground passages with shelters under the nearby Wilhelmplatz, the great air ministry building 500 yards away in the Leipzigerstrasse, and the high command building in the Bendlerstrasse on the Leutow Ufer, about a mile distant. There were other big underground shelters under the Tiergarten Park. The whole was linked together by communicating passages to form a great subterranean fortress.

Deep Passages. A committee on structures and procedures of the general assembly decided last night to let each country have as many as five representatives in the assembly but only one vote.

These other developments attracted top interest:

1. A Big-Five committee on international trust-ships is reported to have reached agreement "in principle" on what sort of machinery to set up for governing the ex-enemy territories of this world war and the previous one.

2. Senators Vandenberg and McNamara (D-Texas) made clear in public statements that they and other American delegates are constantly concerned with what the United States Senate may or may not be willing to accept, by two-thirds vote, in the way of a security league.

House Passes Rural School Aid Bill Of \$29,200,000 Thursday. AUSTIN—(AP)—A \$29,200,000 rural school aid bill received final approval of the House Thursday, sending the last major appropriation bill toward conference committee for adjustment of House and Senate differences.

The Senate had approved a \$28,000,000 rural aid measure and House attempts to increase the \$29,200,000 bill approved by its appropriation committee were cut off by a vote which prohibited consideration of many amendments seeking to increase various allowances to county schools.

The vote on final passage was 108 to 10.

Arguments on amendments had consumed several days when Rep. Jo Jumbrey of Abilene, a member of the appropriations committee, took the floor on personal privilege to berate attempts to increase appropriations above amounts recommended by the appropriation committee.

"We should go slow," he cautioned, "because revenues will not always remain at present war inflated levels."

## Cuba Proposes Enlargement Of Security Council

SAN FRANCISCO—(AP)—The United Nations Conference faced its first big test Thursday on a small nation bid for greater voice in the proposed peace-enforcing security council.

A Cuban proposal to enlarge the council from 11 to 14 or 15 nations was put forward in the conference committee charged with working out council membership and some who attended last night's session a vote probably would be taken Thursday.

Top Problem. This problem topped all others as delegates struck from the list of remaining conference issues the proposal backed by Senator Vandenberg (R-Mich) that the proposed assembly of nations should have power to probe trouble spots whenever and wherever they appear in the world.

A conference committee approved Wednesday night this amendment to the Dumbarton Oaks plan, which seems to promise easy sailing for it hereafter.

A committee on structures and procedures of the general assembly decided last night to let each country have as many as five representatives in the assembly but only one vote.

These other developments attracted top interest:

1. A Big-Five committee on international trust-ships is reported to have reached agreement "in principle" on what sort of machinery to set up for governing the ex-enemy territories of this world war and the previous one.

2. Senators Vandenberg and McNamara (D-Texas) made clear in public statements that they and other American delegates are constantly concerned with what the United States Senate may or may not be willing to accept, by two-thirds vote, in the way of a security league.

## McFarland Calls For Lifting Of Censorship Ban

WASHINGTON—(AP)—Senator McFarland (D-Ariz) called Wednesday for lifting of censorship controls in Europe as "quickly and completely as possible."

He expressed agreement in a statement with the stand taken by Sen. Cooper, executive director of the Associated Press, against continued censorship, and criticized the military censors' handling of news of the German surrender.

"The best proof of this most important story of the past decade was badly mishandled by censorship officials lies in the fact that the Germans themselves know most of the facts long before we in America were permitted to know the official story," McFarland said.

## War Bulletins

SHAFF—(AP)—General Eisenhower thanked the resistance forces of France, Belgium, the Netherlands, Denmark and Norway Thursday for their "inestimable service to the Allied cause and to the future of all freedom loving people."

LONDON—(AP)—President Eduard Benes has returned to Prague, the Czechoslovak capital which he left in 1938 after Munich, the Prague radio announced Thursday.

PARIS—(AP)—Gen. Maxime Weygand, last commander in chief of France's army before the fall of the republic in 1940, was arrested in the night, police disclosed Thursday. The charges still are unspecified.

STOCKHOLM—(AP)—The Swedish foreign office Thursday denied rumors that German Gestapo Chief Heinrich Himmler had arrived in Sweden.

## Yank Casualties In Okinawa Now Number 16,000

Superforts opened new leaks in Japan's disintegrating oil pipeline Thursday. Waves from a record striking force of more than 400 B-29s bombed major aviation fuel manufacturing and storage centers.

The rest of the great flight of Superforts continued neutralizing attacks on Southern Japanese airdromes in support of the Okinawa invasion where Yanks have suffered 16,425 casualties.

Four divisions of Marines and infantrymen fought slowly southward on Okinawa over mud, pinnacled ridges and Nipponese pillboxes.

Far to the south in the Southern Philippines, the 24th Division invaded Samar Island without opposition. Samar lies in Davao Gulf of Mindanao where other 24th units launched an offensive to wipe out Japanese trapped in a triangular area and relieve a battalion of Yanks cut off by an enemy counter-offensive.

Apri Hill Taken. Australians captured strategic Apri Hill in their drive toward Tarakan's second largest oil field off the Borneo coast. This is the initial campaign to reclaim oil-rich Pacific islands, major goal in Japan's 1942 conquests. Air and sea blockades have already made them as useless to Nippon as the Burma oil fields, recently retaken by the British.

Development of Dutch Indies and Burma oil wells and refineries becomes increasingly important for the Allies with air and technical forces already moving from Europe's Mediterranean theater to the Pacific.

Need for them was emphasized by Maj. Gen. Claire Chennault, commander of the U. S. 14th Air Force in China, who indicated the combined efforts of the newly-opened Burma-China oil pipeline, the Burma Road and cargo plane flights over the Hump aren't delivering enough to China.

Probabilities of an American landing on the China Coast, originally named as an objective by Admiral Chester W. Nimitz, who has shifted his goal to Japan itself, were revived by both Chennault and Gen. Brehon Somervell. Chennault said well supplied Chinese troops could successfully handle the reconquest of the interior of China, implying that American help would be needed on the coast. Discussing the unloading of supplies, Somervell said some help "can be expected along the China Coast."

Shifting of air power from Europe will be so great, said Gen. Henry H. Arnold, chief of U. S. Army Air Forces, that "we do not expect Japan to stand up under the weight of our air forces as well as Germany did."

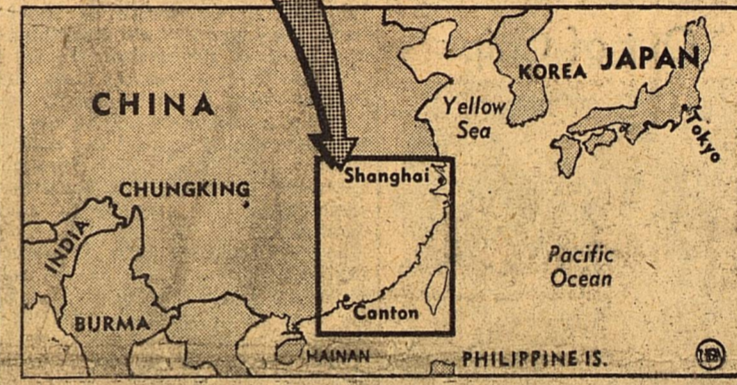

Indicative of what is to come, strong forces of fighter planes raided Japanese air bases near Tokyo Tuesday and found the fields virtually deserted.

'Purely Political Censorship,' Is Kennedy's Charge. PARIS—(AP)—Associated Press Correspondent Edward Kennedy maintained Thursday that official attempts to hold up release of the Reims surrender story last Monday represented "purely political censorship" and that no question of military security was involved.

Kennedy emphasized that he had transmitted his story of the surrender—which preceded the official Allied announcement by a day—only after the facts had been disclosed by the German government.

He explained his stand in a statement, replying to Brig. Gen. Frank A. Allen Jr., director of the SHAFF public relations division.

"General Allen and other responsible officers of SHAFF public relations made it clear to me at Reims," Kennedy said, "that no question of military security was involved in release of this news. General Allen told me, in fact, that General Eisenhower was desirous of having the news published as soon as possible so that the fighting might halt and lives possibly be saved. General Allen told me that General Eisenhower's hands were tied (Continued on Page 5)

Maj. Gen. Claire Chennault, commander of the 14th Air Force in China, and Admiral Chester Nimitz are again advocating an early landing of Allied troops on the China Coast. The military leaders claim that with the establishment of supply bases on the coast, Chinese troops could successfully handle the reconquest of the interior of China.

## European War Fades Out As Allies Process Prisoners

LONDON—(AP)—The European war—most devastating in all history—bowed out Wednesday night to the deafening roar of 30 volleys from 1,000 Moscow guns, and all that was left of it Thursday was a series of sporadic outbursts of fighting and the monotonous processing of endless streams of German prisoners.

Nazi humiliation was complete. Fuhrer Adolf Hitler, who bullied Europe into the scouring conflict, still was missing—perhaps dead. The No. 2 Nazi, Reichsmarshal Hermann Goering, was an American captive.

The supreme German commander in the West, Field Marshal Albert Kesselring, was in Marshal hands. The Luxembourg radio said "Dunkelke, last Nazi gauleiter in France, had surrendered. Streams of detected German soldiers trudged dutifully from by-passed pockets in the Reich.

Not Destroy Germany. In a blunt, six-minute victory broadcast from his study in the Kremlin, Marshal Stalin said the Soviet Union would NOT "destroy Germany or its people."

Earlier the Soviet premier issued his 368th order of the day on the European war. It announced the liberation of Prague, occupied by the Nazis since March 14, 1939. The liberation came four hours after the deadline for cessation of hostilities.

In Yugoslavia, a communique of Marshal Tito's forces said the partisans were advancing toward Austria against disconnected groups of still resisting Germans.

Even in the case of these items, however, control orders will be amended to permit some production. OPA prepared meanwhile to announce Friday its policy for holding down prices on the new goods soon to re-enter the market for the first time in three years.

## Nazi U-Boats Sank Three U. S. Ships

By The Associated Press. German U-boats sank three American vessels in the Western Atlantic during the closing weeks of the war, while a fourth ship was damaged and a fifth went down off Cape Elizabeth, Me., after mysterious explosions.

The disasters claimed an estimated 112 victims—dead and missing. The stricken vessels included: A "large United States tanker," identified by the Navy as the S. S. Oklahoma, loaded with high octane gas and kerosene, sunk off the northern coast of South America late in March. Dead and missing—approximately 50.

Weather. MIDLAND AND VICINITY. Partly cloudy Thursday afternoon with thunder storm activity east of Midland. Friday, partly cloudy and cooler.

## Britain Now Concentrating On Japanese

By EDWARD J. DENNEHY. LONDON—(AP)—Prosecution of the war against Japan topped the tasks facing Britain as this nation settled down Thursday after a joyous celebration of V-E Day and shouldered its share of the tremendous problems connected with the care and rehabilitation of liberated continental countries and the occupation of vanquished Germany.

With the war in Europe finished, it is expected that British fighting men and equipment will be transferred as rapidly as possible to the Far East, where other British land, sea and air forces already are in action.

Meanwhile the government is rushing to completion plans for support of UNRRA work in feeding and sheltering the European continent's war-stricken millions.

Starting Home Program. Britain also is prepared to start a post-war program at home to aid thousands of bombed-out families.

The rejoicing and celebrating which began with the first news of the end of the war on Monday continued far into the early hours Thursday morning. Celebrants thronged the streets Wednesday night.

King George and Queen Elizabeth went out on the roof of Buckingham Palace just before midnight to get a view of the massed crowds, who cheered wildly when they glimpsed the royal couple. The king and queen waved to the milling thousands. As they had on previous nights, the Princesses Elizabeth and Margaret slipped out of the palace and mingled with the crowds.

Prime Minister Churchill, sitting on the folded top of an open automobile, made a triumphant trip through Whitehall Street as a cheering crowd swept through police lines and crowded around Britain's smiling war leader.

Goering's Reported Split With Hitler Makes No Difference. LONDON—(AP)—Marshal Herman Goering will be brought to trial soon, probably before a high tribunal made up of representatives of the Western Allies and Russia, a responsible source close to the United Nations war crimes commission said Thursday.

This source said Goering's report of a split with Hitler would make no difference in his treatment.

Final Decision Laid Aside. The final decision on the formation of a tribunal to try such cases as Goering's was laid aside before the San Francisco Conference convened until the next meeting of the foreign ministers of Britain, the United States and Russia.

It was learned here that the War Crimes Commission has been discussing the advisability of making public a list of those regarded as war criminals.

The status of Rudolf Hess also remained uncertain. The War Office would say only that he was a prisoner of war.

France Will Furnish Men To Fight Japan. WASHINGTON—(AP)—René Pleven, French Minister of Finance, said at the White House Thursday that France is ready to furnish two divisions, with more to follow, to fight Japan.

Pleven said he gave President Truman this assurance.

End Of The Line

Italian reaction to the death of Benito Mussolini confirmed an old suspicion of ours that Il Duce's fellow countrymen were never much impressed by his one accomplishment that seemed to impress Americans.

We would imagine that all this was somewhat less important to the Italians, whose tempo is somewhat slower than our. Train-riding isn't a major activity of most Italian lives—or of most Americans', for that matter.

It should have been obvious that if there was anything that Italy didn't want at the moment, it was the promise of another empire. Mussolini promised an empire once before, great young and reluctant lives trying to achieve it and failing ignominiously.

Then Hitler made the same promise, and failed. That was all he or Mussolini could offer—a promise of empire at the price of blood and fortune.

The Italians do such things rather well. Maybe they don't have the best railroads in the world, but they certainly can dispose of tyrants with swift justice and an elegant, operatic flourish.

Not Too Late—Yet. It is certainly no exaggeration to say that everyone in the country is familiar with rationing.

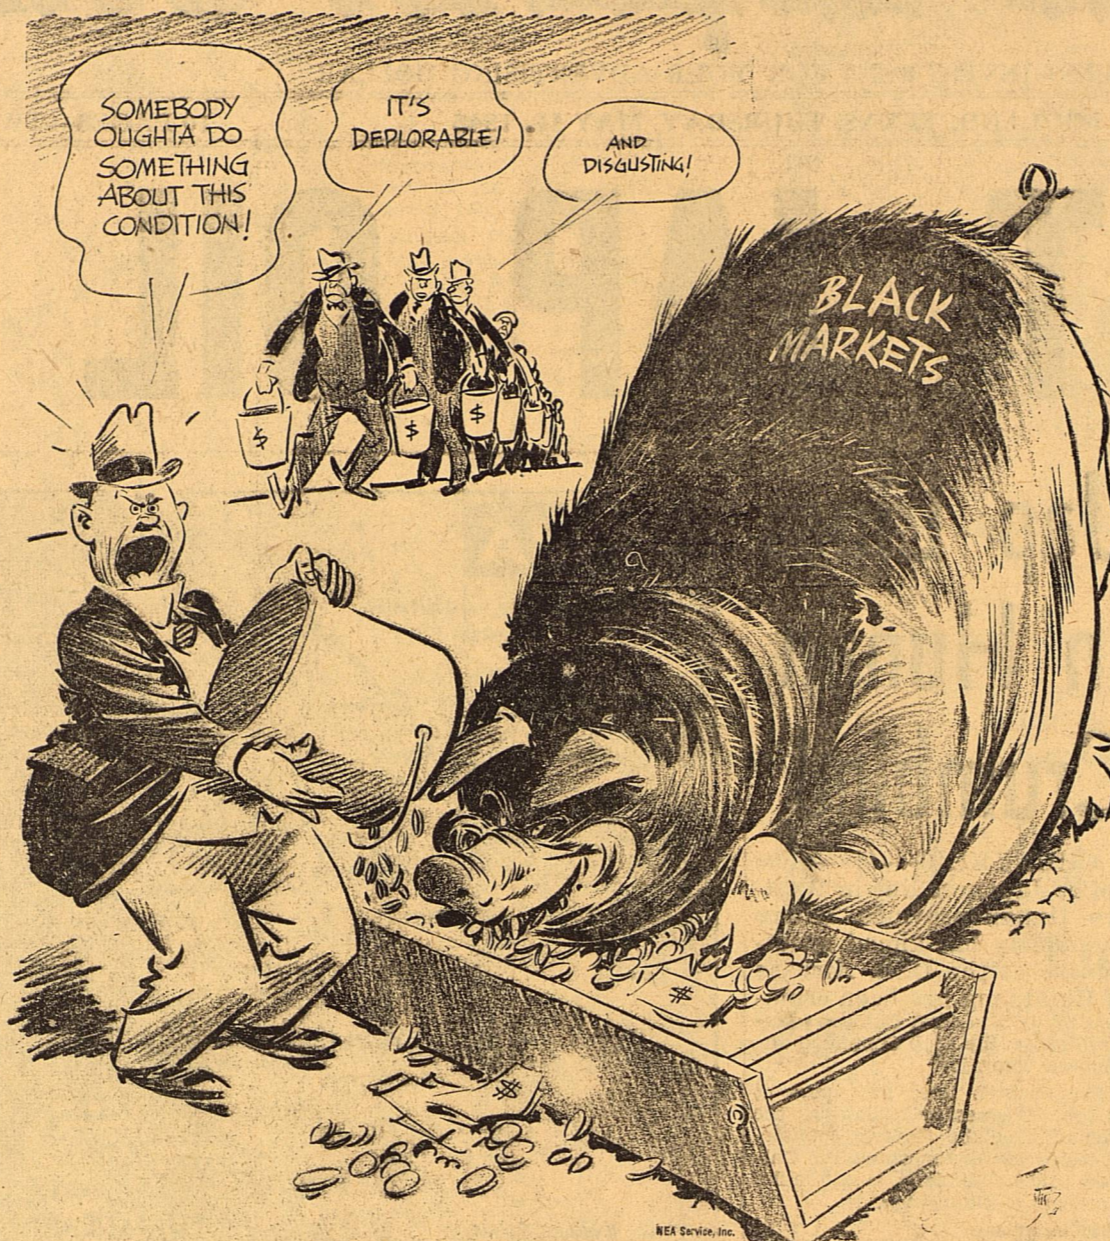

Why is it there seems to be more room for laughter in humble homes than in monstrous mansions?

Propose to your girl by telephone. That way you can give her a ring for a nickel.

Common cents help—eighteen hundred and seventy-five of them will buy a War Bond!

It's usually the workers' fault if the boss has to be a crank to start things going.

Well, We Could Easily Starve It To Death

Campaign To Underwrite Midland's 1945 Rodeo Needs More Boosters

The campaign of the Junior Chamber of Commerce to underwrite the annual World Championship Midland Rodeo against financial loss is not meeting with the success which it should largely because of a misunderstanding among business men as to what the underwriting involves.

Everett Colburn, who furnishes the rodeo stock for the show, receives no guarantee. He is paid 50 per cent of the receipts after federal taxes are taken out.

The only underwriting which is asked of Midland business concerns is to cover the operating expenses of Midland Fair Inc. in staging the rodeo, guaranteeing the organization against loss.

Prather suggested that business concerns who have been missed in the campaign, or who did not thoroughly understand what the underwriting meant, telephone him at 95, and he would see they were furnished a form to sign for their part of the guarantee.

Prather pointed out that the only reason the present campaign is being made is to preserve the fair committee's funds for necessary repair work. About the only possibility for the show to lose money is to be rained out for more than half of its performances.

There are eight daily papers appearing in Palestine in the Hebrew language.

Directing the sessions was S. K. Clark, Ponca City, Okla., chairman of the company's explanation committee. Others participating included: Dr. L. F. Athy, Ponca City, chief geophysicist; G. C. Clark, Ponca City, chief geologist; W. E. Haggard, Ponca City, land department manager for the northern region; A. K. Tyson, Houston, land department manager for the southern region; D. D. Christner, Fort Worth, division geologist; W. C. Stout, Fort Worth, division superintendent of land department; Charles D. Vertraes, district geologist; and W. Carroll Mitchell, district landman, both of Midland.

It was indicated that Continental's exploration program for this district is likely to continue on about the same level as has been carried on during the last two to three years.

Amazing Pep For Men 40, 60 or More

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life.

THE WAR TODAY

By DEWITT MacKENZIE Associated Press War Analyst

The text of this little sermon is found in an Associated Press Dispatch from Moscow regarding V-E Day observance there.

"Long live America!" they shouted. "Long live Truman!" "Long live the memory of Roosevelt!" "Long live the great American people!"

Now, that's a mighty friendly gesture, and seems to have a direct relation to a question one hears debated daily by the man-in-the-street: Is it inevitable that the Big Three come to a parting of the ways because of differences of view in international matters?

Big Three unity is the safeguard against another global war which would be catastrophic.

We are going to get an early test of Big Three solidarity. The laboratory is going to be defeated Germany within those borders the Allied armies of occupation will be stationed.

Well, now, does this European metamorphosis, with all its political and economic differences of viewpoint, necessarily lead to another world upheaval? We can see with half an eye that it could produce trouble—but does it have to?

There is no sign so far as I can see that Russia is bent on territorial expansion as such, although she patently does intend, to insure friendly buffer states on her frontiers.

It strikes me that the basic difficulty among the Big Three lies in suspicions of one another. The attitude of the Russian people seems to be friendly enough when they turn out and shout "Long live the great American people!"

From where I sit... by Joe Marsh

The Hoskins are a One-Family USO

Saturday night is open house for service men at Dad and Ma Hoskins'. They spread out sliced turkey and chicken, hotbreads and cake, sweet cider and ice-cold beer—and let any service man who wants to, come and help himself.

Some townsfolk thought the fellows might get obstreperous or take advantage of the Hoskins' hospitality. But the men are quick to recognize that here's a real American home, where friendliness and moderation are just naturally observed.

And do they appreciate it! A touch of home life, hospitality, good food, a pleasant glass of beer or cider—and, afterwards, maybe a sing around the piano, or a chat before the fire.

From where I sit, a lot more families could take a tip from the Hoskins', and give our service men a chance to spend off hours in homelike surroundings, in an atmosphere of moderation and good fellowship.

## Mrs. Don Johnson Presides At Meet Of Girl Scout Leaders

Mrs. Don Johnson presided at a meeting of Girl Scout leaders Wednesday afternoon at the Children's Library. Mrs. Holt Howell was introduced as the new training chairman of the Girl Scout Council.

A discussion of the day camp to be held at Cloverdale Park on each Monday, Wednesday and Friday, from June 18 to 29, was led by Mrs. Felix Aniele. Girls attending the camp go to and from the camp in buses leaving South Elementary and Junior High School at 8:45 a. m. and returning to town at 2 p. m.

Folders on the camp were given to the leaders who will in turn distribute them to members of their troops. Enrollments will be accepted on or before May 19.

Present for the leaders' meeting in addition to those taking part on the program, were Meses. Wilson Bell, Steve Hazlip, J. J. Hill, L. S. Page, Joe Heidelberg, R. L. Gray, J. T. Moore, A. E. Houck, J. S. Meriwether, A. L. Repeca, W. C. Cartwright and K. C. Slough.

## ROBERTS HOME IS SCENE FOR MEET OF LYDIA CIRCLE

Mrs. Hollis Roberts and Miss Maedelee Roberts were hostesses for a meeting of the Lydia Circle of the First Presbyterian Church Tuesday evening at the Roberts home, 1209 West Indiana.

The members went in a group to the prayer service held at the Presbyterian Church. The Bible study was led by Mrs. John Drummond, who was assisted by Mrs. Lucy Moore and Mrs. Byron Standefer.

Those present were: Meses Moore, Katherine Graecen, Rose Mary Hamlett, Dorothy Hamilton, Frances Little, Doris Little, Mary Louise Rhodes and Meses. O. M. Luton, Standefer, J. H. Fine, Drummond, A. P. Shirey, Bertie Sexton, R. C. Spivey, Park and Collins.

## TO VISIT IN HOUSTON

Mrs. Steven Leach left Thursday for Houston where she will remain for a visit with her husband before accompanying him home later in the month. En route to Houston, Mrs. Leach attended a Girl Scout Council meeting in Sweetwater.

## Maxine Cogburn Is Party Honoree

Maxine Cogburn, daughter of Mr. and Mrs. Floyd Cogburn, was named honoree of a party on her fifth birthday Wednesday afternoon at the home of her parents northwest of Midland.

Games were played during the afternoon and refreshments of ice cream and cake were served to the following guests: Betty Lou Whitmore, Leslie King, Jack Whitmore, Mary Ruth Whitmore, Bentley King, Earleene Watson, Charles Ray Watson, Eileen Beauchamp, Carol Ann Crago, Shirley Ann Watson, Billy Cogburn, Don Cogburn and Lonnie Cogburn.

Also present were Meses. R. C. Vest, Ray Watson, J. D. Beauchamp, Lynch King, H. C. Whitmore and F. T. Drummond.

## Doris Adams Directs Business Session At OGC Meet Wednesday

Doris Adams was in charge of the business session held by the OGC Wednesday afternoon at the home of Wanda Harris at Haley Park.

Refreshments of ice cream and cake were served to the following members: Doris Smith, Joan Williams, Rosie Hart, Neva Joe Lee, Albertine Webb, Kathryn Chisolm, Wanda Harris, Joyce Beasley and Vera Zachry.

## ADULT CLASSES OF BAPTIST CHURCH TO MEET FRIDAY

All adult classes of the First Baptist Church are invited to attend a covered-dish luncheon and a program on the study course theme, "The Organization and Function of Adult Sunday School Classes." The session will convene at 10 a. m. and continue through to 3 p. m.

This meeting will take the place of the regular monthly luncheon for the Lula Brunson Class. The following officers of the class are scheduled to be present: Meses. W. H. Rhodes, James Adamson, Cecil Aycock, John Biggs, Harlan Howell, C. H. Higdon, Van Mishiener, Cecil H. Craft, Edith Feemster, Russell Howard, Marvin English, Jerry Wakefield, R. L. Sutton.

Mrs. May Dunagan is the instructor for the class.

## Good Grooming Studied By Girl Scout Troop 5

Melva Jean Clark and Peggy Lou Whitson were in charge of the program on "Good Grooming," heard at the meeting of Girl Scout Troop Five Monday in the music room of Junior High School.

Fifteen members were present for the meeting.

## Coming Events

**FRIDAY**  
Mrs. J. C. Bird, Mrs. Joe Beakey and Miss Anna Ruth Bedford will be hostesses for the luncheon meeting at 1 p. m. at the Country Club for the Ladies Golf Association.

The Grace Lutheran Young People's Society will meet at 8 p. m. at the home of the Rev. G. Becker, 1606 West Wall.

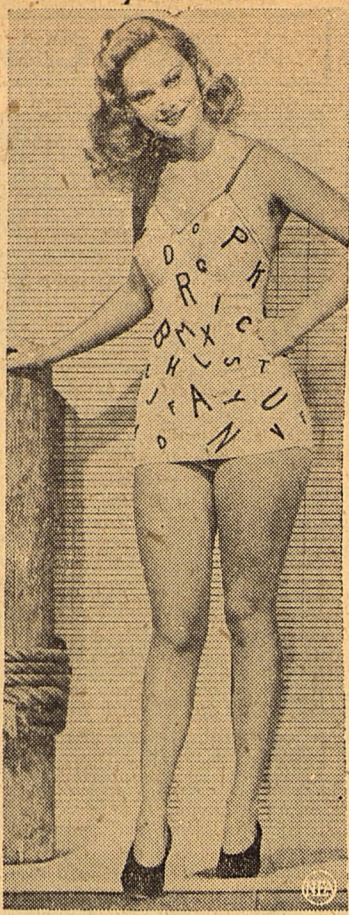

The Belmont Bible Class will meet at the Scharbauer Educational Building of the First Methodist Church at 3 p. m.

Adult No. 1 Department of the First Baptist Church will meet at 10 a. m. at the church. A covered-dish luncheon will be served during the noon hour.

**SATURDAY**  
The Treble Clef Juvenile Music Club will meet at the Watson School of Music at 11 a. m.

Children's movies will be shown in the courthouse basement at 2:30 p. m.

## Eye Tester

Screen player Daun Kennedy displays the latest in Hollywood's bathing suits, with the warning that if you can't read the letters on the "eye chart," you'd better get glasses.

## Mrs. Booth Honors Husband With Party

Honoring her husband, Archie Booth, on his birthday, Mrs. Booth entertained with a party Tuesday night at 1009 Big Spring.

Informal entertainment was enjoyed during the evening and birthday gifts were opened by the honoree.

Adding to the decorations in the Booth home was a large gaily-decorated cake centering the dining table.

Guests were Meses. and Meses. Ernest Smith, O. C. Hamlin, Mrs. Roberts, Joe Whitmeayer, C. V. Douglas, Lewis Stewart, Lawrence Madison, Sidney Baze, Fred Osburne, Al Trubler, S. Sgt. and Mrs. Bill Theis, and Jack Trubler.

## Mothers Day Gifts Keep Workers Busy

Workers at the Midland post office were reminded Wednesday afternoon and Thursday morning of the Christmas parcel rush as long lines stood in front of the parcel post window waiting to mail Mother's Day gifts. At times the line would reach from the window almost to the north side of the building.

**THE SITUATION:** Your child comes home with a toy belonging to a neighbor's child.

**WRONG WAY:** Let him play with it as long as he wants to and when he is through with it return it yourself, to make sure it gets back all right.

**RIGHT WAY:** Send the child back with the toy. (Children must be taught to respect the property rights of others.)

The women of the Middle Ages wore brooches of the ring type, in which the pin was held in place by the fabric through which it passed.

Seventy-four women medical officers now serve in the U. S. Army, holding the ranks of majors, captains and lieutenants.

## END PAIN NATURE'S WAY

Adult humans often suffer from a painful bladder, sore, aching back, rheumatic pains from improper kidney elimination. Blood chemistry has proven pains can be eliminated by correcting the pH of your body fluids. Get CIT-ROS \$1.00 at your druggist. For sale by

## Interesting Study Is Given At Meet Of Progressive Club

Mrs. W. C. Kimball gave an interesting talk on the topic, "The Man of the Year for the United States-GI Joe," at a meeting of the Progressive Club Wednesday afternoon at the home of Mrs. Norris Creath, 2110 West Missouri.

Another feature of the program was a poem entitled "The Murder of Lidice," which was read by Mrs. Lindley Latham.

Mrs. Cecil Waldrep presided during the business session in the absence of the president, Mrs. Steven Leach. Plans were completed for a luncheon to be held for the member at the Odessa Country Club.

Refreshments were served during the social hour by the hostess. Those present were Meses. R. A. Estes, A. A. Jones, E. A. McCullough, W. C. Mitchell, Cecil Waldrep, H. B. Whittacker, Betty Reach, James Phelan, W. E. Cox, R. J. Hickman and William H. Johnston.

Edible mushrooms contain some nitrogenous foods and about 90 per cent water.

## Escapist

Pierre Laval, above, No. 1 French quisling, was reported trying to escape into Switzerland with other collaborationists.

## RETURN FROM VISIT

Mrs. E. N. Stracener and daughter, Linda Marl, have returned from visiting Mrs. Stracener's mother, Mrs. A. C. Fleminster, at Brownwood.

## AAA Says Grain Bins Now Are Available

The Midland County AAA is now able to obtain grain bins for farmers and ranchers of the county. W. H. Waddle, secretary of the Midland County AAA, announced Thursday.

The bins, in two sizes, are 12x18 feet with a capacity of 1,375 bushels and 12x24 feet with a capacity of 1,850 bushels.

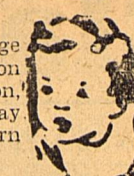

The cap of a true mushroom very seldom exceeds five inches in diameter.

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off ungainly weight and help bring back alluring curves and graceful slenderness. Just get from any druggist, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

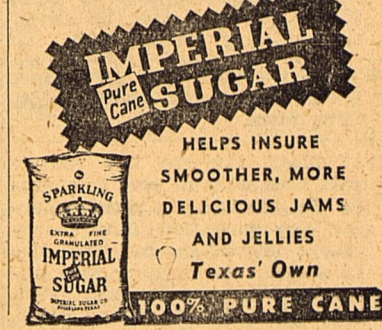

## Congratulations To

Mr. and Mrs. George Friday of Midland on the birth of a son, George Jr., Thursday morning, at the Western Clinic Hospital.

OZARKA WATER CO. welcomes these new arrivals. Phone 111 and a bottle of OZARKA will be delivered to you free.—adv.

## Native Chief Takes to Air

(U. S. Marine Corps Photos)

Chief Mok, Micronesian head man of a Pacific island, has much to tell his people, for he recently had an airplane ride. The chief looks slightly apprehensive as a parachute is fitted to him by Marine Pfc. Raymond N. Bleser of Janesville, Wis. Looking on is Marine Maj. Menard Doswell, III, of Santa Barbara, Cal., commanding officer of the "Red Devil" Torpedo Bomber Squadron, who piloted the plane in which the chief was a passenger. In the lower photo, Chief Mok's relief was evident after the plane returned to the field and the radio gunner's compartment door was swung open. The chief is wearing Marine clothing which replaced his usual lap-lap, the native wrap-around skirt.

Temperature Climbs To 90 Degree Mark

The mercury climbed to 90 degrees Wednesday in Midland and held there from 2:30 to 4 p. m. to register within six degrees of the high for the spring season, which was reached Tuesday when the thermometer registered 96.

The minimum temperature for Thursday was registered at 6 a. m. when the mercury ceased falling at 64 degrees.

## MAAF Nursery Tots Attend Birthday Party

Children of the MAAF day nursery were guests at a party given Wednesday afternoon by Mrs. Charles C. Caruth, a former employee of the nursery, in honor of the first birthday anniversary of her daughter, Caroline Ann Caruth. Mrs. Caruth was assisted in serving by Mrs. Hornbuckle, supervisor at the nursery, and Mrs. Robert Fenton. Pictures of the children at the table will be sent to Caroline Ann's father, Sergeant Caruth, who is in Germany and has not yet seen him small daughter.

## Thirteen MAAF Wacs Get Good Conduct Medal

Thirteen WACs of Squadron D at Midland Army Air Field have been awarded the Good Conduct Medal.

The award ribbons, which are for "exemplary behavior, efficiency, and fidelity" over a one-year period, will be presented to the following: Sgt. Joy W. Shoffit, Pfc. Edith M. Allen, Lucille E. Amisk, Beatress Johnson, Evelyn L. Luce, Ida A. Mast, Rita J. McDonough, Mary G. Martinez, Inez E. Rex, Margaret S. Schrader, Lena F. Sturgeon, Lue Ellen W. Tucker, and Dorothy H. Zbosnik.

One out of every four children under 15 years of age suffers from defective vision.

**CASUALTIES**

WASHINGTON—(AP)—The fighting in Germany during April cost American ground forces 34,598 casualties, Secretary of War Stimson reported Thursday.

This figure included 5,324 killed, 25,407 wounded and 3,867 missing. At the same time, Stimson reported ground force losses on the Western Front from the time of the invasion last June until the end of April totalled 512,113, including 88,225 killed, 365,320 wounded and 58,568 missing and taken prisoner.

Stimson estimated that the cost in casualties for the Army among all forces and for all theaters in the war against Germany will amount to about 800,000, including approximately 150,000 killed. Fortunately, he added, about half of the wounded have already returned to duty and those who were taken prisoner are returning to American forces.

**Released From Prisons**  
Some 70,000 to 80,000 Americans have been released from prison camps and more than 8,000 have now returned to this country.

The casualties for both Army and Navy, meanwhile, neared the million mark with the announcement that Army losses in all theaters as reported through April 30 have reached 867,709 and Navy losses have mounted to 104,945. This totalled 972,654, an increase of 22,482 since the previous week's report.

A breakdown on Army casualties and similar figures for the preceding week:

Killed 175,168 and 170,407; wounded 536,029 and 520,208; missing 74,304 and 80,364; prisoners 82,209 and 77,110. Of the wounded, 283,472 have returned to duty and of the prisoners, 15,379 have been listed individually as exchanged or returned to military control.

Corresponding figures for the Navy:

Killed 41,458 and 40,271; wounded 48,858 and 47,739; missing 10,382 and 10,123; prisoners 4,247 and 4,250.

**Japanese Atrocities Surpass Nazi Horrors**

NEW YORK—(AP)—A wounded veteran of Iwo Jima believes Japanese atrocities he saw on Saipan were "just as bad if not worse than the Germans."

Marine Pfc. Edward A. Johnston of the Bronx, said he had found a Marine lieutenant hung in the form of a cross and left to die on Saipan.

"His eyes were cut out, his fingers chopped off and his belly slit open and then filled with sand."

"He was still alive when we got to him."

Friedrichshafen was the home town of the giant power-driven, metal framed gas bags designed by Count von Zeppelin for long-distance aerial navigation.

**Give Mother A Table Present**

Porcelain "Southern Belle" for Mother's Day table gift.

By GAYNOR MADDOX  
NEA Staff Writer

Bake a cake—plan a special menu for Mother's Day. And how about giving her a lovely piece of porcelain for her table or some of the exquisite and available glass now on the market? She'd like it—and will go on liking it for years.

The war has brought from Vienna to the United States the noted Goldscheider family, makers of world famous ceramics. Your mother's mother probably received a Goldscheider porcelain figure as a wedding present, such as a dainty lady in porcelain finery, a courtly gentleman in powdered wig, an exotic and colorful Oriental girl, or some beautiful animal group in glazed porcelain.

**Now Made In U. S.**  
You can give your mother one, too. These works of art to make the table lovely are within the range of the average purse and are now being made in the United States by the same Goldscheider family.

Some of the new glassware is another gift suggestion for mother's table. It is practical yet delicate and is being designed by several American artists after some of our traditional colonial models. The candlewick pattern in glass has a beautiful old-time feeling despite its modern manufacture. So has the Cape Cod pattern with its crisscross design and beading. A cake plate or handy ice cream server or salad bowl in some of this modern "old-fashioned" American glass will make a mother happy and proud.

**Two-Tier Cake Stand**  
One of the loveliest of pieces of modern glass is a two-tier cake stand. For the Mother's Day party, fill it with little sandwiches and iced cup cakes. Then, amid her friends, present it to mother from her children.

There is also a new dark brown glazed pottery for oven and table use. It, too, has an attractive old-fashioned feeling with modern usefulness. Mother would like a piece of this, too.

Falconry was carried into England by the Teutonic conquerors.

**Men, Women! Old at 40, 50, 60! Want Pep? Want to Feel Years Younger?**

**Kesselring Surprised That Hitler Did Not Try To Fight In Bavaria**

By HOWARD COWAN  
SAALFELDEN, AUSTRIA (AP)—Field Marshal Albert Kesselring, the last commander of the German armies in the West, is "most surprised" that Hitler did not lead his Nazis into a planned hold-out in the fortified underground tunnels of the Salzburg-Berchtesgaden area.

Kesselring, found by 38th Division Texans aboard his special train in the Tyrolean Alps and awaiting completion of his formal surrender, said he is "absolutely certain" Hitler is dead.

"I was most surprised," he told American war correspondents Wednesday night, "at the decision of der Fuehrer at the last moment to fight with his soldiers in Berlin."

He was at ease during the press conference.

Kesselring said he last saw Hitler about the middle of April in Berlin.

**In Excellent Health**  
"He appeared to be in excellent health," the field marshal added. "It was two or three days before the Russian attack."

"I had an opportunity to speak with the chief of staff of the Sixth Army Force today, and he was at the chancellery until two days before Berlin fell," the field marshal said. "He said Hitler had died, but said he had 'the absolute conviction' der Fuehrer was unwilling to fall into Russian hands alive."

"Out of a profound knowledge of Hitler," he volunteered, "I'm sure he would have welcomed an opportunity to conclude peace with Great Britain and America at any time. We are similar races—the Nordic type—and it is senseless to beat one another to death."

Kesselring was asked if he thought the German army could have fought better without Hitler's "intuitive" leadership.

"To give justice to der Fuehrer," he said, "I must say he was a genius in operations sense and conception. Sometimes, however, the ideas of genius are misunderstood."

"I only regret that der Fuehrer had to direct Germany's military, political and economic life. He was overtaxed by the weight of his burdens."

Discussing the war in general, Kesselring singled out Field Marshal

Sir Bernard L. Montgomery, Gen. George S. Patton and Air Chief Marshal Sir Arthur Tedder among the Allied commanders who had won his respect and admiration. He referred to the field marshal as "Monty."

Kesselring recalled a statement by Montgomery that whoever had the superior air force would win the war.

"As an old Luftwaffe soldier I cannot deny the truth of those words," he said. "Dive bombers and terror attacks on civilians and heavy bombardment were our undoing."

He asserted the Germans "never did entertain the idea of using gas." "We are not as bad as you believe us to be," the marshal added.

He followed up with these assertions: "I have seen an increase in the ability of American and English soldiers in combat."

"Soldier to soldier, I can only say that on the other side leadership has been very skillful and adaptable to all events. At least I can't say anything against the skill of General Patton."

**War Dept. —**

(Continued from page 1)  
Distinguished Flying Cross, Soldier's Medal, Bronze Star Medal, Air Medal, Purple Heart and Bronze Service Stars (battle participation stars).

Credit also will be given for the following Naval decorations to Army personnel: Navy Cross, Distinguished Service Medal, Legion of Merit, Silver Star Medal, Distinguished Flying Cross, Navy and Marine Medal, Bronze Star Medal, Air Medal and Purple Heart Medal.

In addition credit will be given for awards and decorations of a foreign country which may be accepted and worn under War Department regulations in effect when this program went into operation.

**Tougher For Officers**  
The department said the method for releasing officers will be "tougher than the plan for enlisted personnel primarily because officers have received additional training, have heavier responsibilities and have developed specialized skills and leadership capacity."

"Therefore, the department said, 'although officers will have an adjusted service ratings given based on the same multiples as for enlisted personnel, this factor will be secondary to the prime requirement of military necessity.'"

The department said enlisted men with the highest point totals will become eligible for release from the Army "except where considerations of military necessity make it impossible to let them go until qualified replacements can be obtained. This exception applies particularly to men possessing special skills required in the war against Japan and to men in units that will have to move into the Pacific so swiftly that no opportunity is provided for replacing men with high scores until they reach the new theater."

**Don't Neglect Slipping FALSE TEETH**  
Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. **FALSETEETH** an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey, pasty taste or feeling. Get **FALSETEETH** today at any drug store.

**Kennedy —**

(Continued from page 1)  
by a decision coming from 'high political levels.'

**Conflict Of Opinion**  
Allen, in his public statement, asserted that "to save Allied lives on both fronts" General Eisenhower had obtained authority from the Russians to negotiate for a German capitulation, on the understanding that the greatest secrecy would be maintained until later, more formal contact with the German high command.

His statement contended these considerations clearly involved neutrality and the saving of American lives.

During Kennedy's suspension, and without prejudice to him, Wes Gallagher has been appointed acting chief of the Paris bureau of The Associated Press, so that the normal operations of the bureau may be maintained in the interim.

Gallagher has been chief of The Associated Press field correspondents on the Western Front.

Humble No. 1 Parrott, section 3, EL survey, possible new discovery for lower Permian production in East-Central Upton County, was drilling out cement on 5 1/2-inch casing set at 9,944 feet, over plugged-back total depth of 9,948 feet. When hole is conditioned operator is to test horizon above 9,576 feet, where the project blew out and flowed for several hours.

**About To The Place**  
Mabee Oil & Gas Company No. 1 Mabee, Southwest Martin County exploration in section 8, block 38, G&M&B&A survey, T-1-N, about six and one-half miles southeast of closest production in the Mabee field along the Andrews-Martins County line, had reached 4,572 feet, in lime, and was drilling ahead.

It is unofficially reported that the test is about three feet lower than nearest producer in the area, indicate that the wildcat has a chance of encountering pay around 4,630 feet.

**Squeezing Water**  
Continental Oil Company No. 1-D Settles, South Howard County prospective discovery from the Strawn-Pennsylvanian, in section 133, block 29, W&NW survey, drilled out cement to 9,320 feet, and was to set a retainer at 9,230 feet, to squeeze water which had flooded out possible production at 9,100-9,200 feet. Many observers think the water can be eliminated and the petroleum produced without mixing.

**Another Completion**  
Stanolind Oil & Gas Company and Shell Oil Company, Inc., No. 3 Blue estate, 2,065 feet from north and 2,009 feet from west lines of the Blue estate lease in section 15, block 46, TP survey, T-1-S, on west side of the Wheeler-Ellenburger field, in East Winkler County, reported official completion gauge of 236.07 barrels of oil per day, flowing, after treating with 1,000 gallons of acid in the pay at 10,535-575 feet.

The flow was through a 16/64-inch tubing choke. Gas-oil ratio was 1,214-1, and gravity was 45 degrees.

**Still Digging**  
Jones & Ernest No. 1 Mowry, Hudspeth County prospector, had progressed under 3,491 feet, in white lime and dolomite, of the Silurian, and was drilling ahead with 3,160 feet of water in the hole.

**Pantry Shelves Will Be Stocked**

Housewives who relaxed home-canning efforts last summer when points were removed from commercial canned foods only to see them clamped on again last winter, are determined not to be caught short again. They are preparing to stock pantry shelves against food shortages. The food situation is critical now, and no amount of gazing into the crystal ball will reveal what may develop before another home-canning season rolls around.

Victory gardens and food conservation the country over are essential if supplies are to be sufficient to feed this country, its men and women overseas, and its Allies until victory is won and food production is restored in all nations.

Lightning type jars, with glass lid, rubber ring, and wire bale, and porcelain-lined zinc caps and rubber rings for use with Mason jars, again will be available this year. Women have canned with these closures for generation and the directions for their use are easily followed. However, the need for zinc in critical war industries has reduced the quantity of zinc caps manufactured, and the use of different type closures has necessarily increased.

Glass top seal caps and vacuum seal two-piece metal caps are the other type of closures. The methods of using them differ, and instructions packed in each carton of canning supplies must be followed to avoid improper sealing and spoilage. The housewife who does so avoids waste of materials and food and insures her family of a year-round supply of nourishing, delicious home-canned food.

He said each individual requires 3 1/2 acres of land and that it takes 3,000 years to build an inch of top soil for the earth.

With a motion picture he displayed how soil handled correctly can be made to increase production.

Green explained the history of soil conservation and told of the "needless waste of natural resources."

Alpha Barron was program chairman. C. H. Shepard, club president, announced that Dan H. Griffith and Delbert Downing will be in charge of programs during June.

**Twenty-One Miners Killed In Explosion**

SUNNYSIDE, UTAH—(AP)—Twenty-one miners were killed when a roaring explosion sprayed flames and gas through the Utah Fuel Company's No. 1 mine in this Central Utah coal digging center.

Two others were missing and believed dead. Seven injured were taken to hospitals. Three escaped injury.

**Okinawa Fighters To Have Additional Aid From Nazi Collapse**

By VERN HATGILD  
TENTH ARMY HEADQUARTERS, OKINAWA—(AP)—Germany's defeat will be felt first in Okinawa not in combat units, but in service troops and increased munitions, Lt. Gen. Simon Bolivar Buckner, Jr., Tenth Army commander, said Thursday.

He said American troops from the European theater would be welcome, but that it is expected reserves from the United States would reach this area first.

The Tenth Army chief said: "We believe our original estimate of 60,000 to 80,000 Japanese on Okinawa was too low, and estimate there are 45,000 to 50,000 yet to be killed. But we believe also that we have knocked out slightly less than half of their artillery."

"It would be fun to kill them rapidly, but we will take our time and kill them gradually," Buckner continued. "Don't look for anything spectacular here. We are progressing steadily and killing lots of Japs."

**Churchill Believes Draft Will Continue**

LONDON—(AP)—Prime Minister Churchill told the House of Commons Thursday conscription probably would have to remain in effect in Britain for "some years."

"We have got to settle this matter with due consideration of our difficulties and dangers which are by no means entirely at an end," he said. "And also we have to consider the very important point of young men going out to relieve their fathers and elder brothers in the duty of garrisoning Germany and in regard to the war in Japan."

### Honest Complaint Amazes Tax Collector

DES MOINES, IA.—(AP)—City Assessor Bert L. Ziver and his professional deputies were not surprised when a housewife came into the office to file a tax assessment protest. Complaints are common in his office, Ziver said.

But deputies blinked and Ziver commented, "It's never happened before," after the had read her objection. She complained that her assessment for 1945 was too low—by \$120.

### Ex-Fighter's Wife Is Sparring Partner

SPOKANE, WASH.—(AP)—The wife of Clarence Mathison, ex-fighter known in the ring as "Bull Montana," doesn't want to be his "sparring partner." In Superior Court seeking a divorce, Mrs. Blanche Mathison testified Mathison hasn't fought professionally since their marriage in 1939, but said that he beat her up on various occasions.

## Detroit Only Half Game Behind Top Spotted Chicago

By JACK HAND  
(Associated Press Sports Writer)

Detroit was breathing on the necks of the first place Chicago White Sox Thursday, only a half game behind because Dizzy Trout still had the hex on the New York Yankees.

For the seventh time since August 24, 1943, the colorful right hander from the Indiana farm country had turned back Joe McCarthy's club.

Trout's fourth success of the year served to accentuate the positive value of the Tigers' three-star mound staff. It was the Dizzy one's fifth complete game to four for Al Benton and two for Hal Newhouser. One had three-run fifth inning cost Rookie Al Gettel his first defeat, 4-1.

454th Homer  
Mel Ott's 494th major league homer in the New York Giants' night game 6-1 nod over Cincinnati before 23,303, tied Ottie with the late Lou Gehrig for third place in the all-time home run derby. Only Babe Ruth with 714 and Jimmy Foxx with 527 were ahead.

Ott's homer was incidental to the Giants' victory in their first inter-sectional test as a four-run first inning attack on Arnie Carter was the clincher. Harry Feldman had little trouble notching his fourth straight by scattering seven blows.

Johnny Rucker, New York centerfielder, stretched his consecutive hitting streak to 18 games, tops in the majors but long removed from Joe DiMaggio's 56.

Brooklyn Tops Cards  
Brooklyn earned a 6-4 verdict over the World Champion St. Louis Cardinals, for their fifth successive triumph. Rookie Vic Lombardi tightened up in the clutches to minimize 10 Card hits as Dixie Walker bashed a triple and double to doom Harry Brecheen.

Paul Derringer saw his four-game streak go up in smoke as he and the Chicago Cubs bowed to the Phillies, 3-2. Bill Lee was the winner over his old mates.

Tommy O'Brien's double with the bases loaded started Pittsburgh off to a 9-5 edge over the Boston Braves and a decision for Preacher Roe over Jim Tobin.

Cleveland shaded the Red Sox, 2-1, on a pinch single by Paul O'Dea with the sacks choked in the last of the ninth to give Allie Reynolds the edge in a tight duel with Jim Wilson.

The season's smallest crowd, 941, saw the White Sox triumph over Philadelphia on Thornton Lee's effective chugging. St. Louis was rained out of a date with Washington.

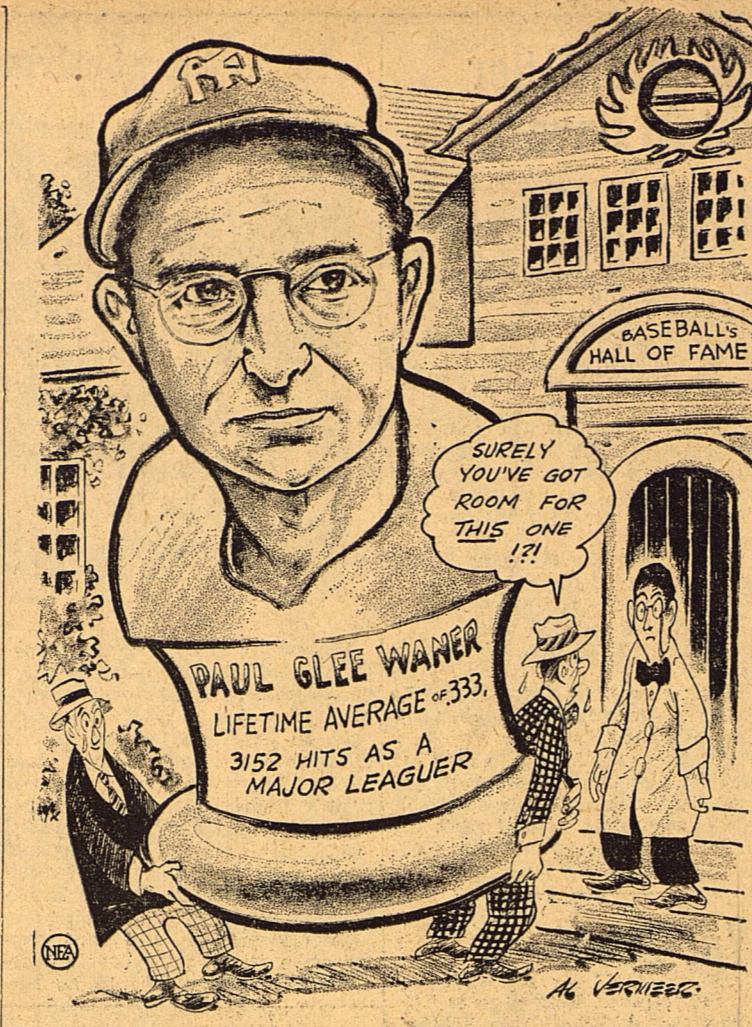

### Longhorns And Owls Win In First Games

By The Associated Press  
The Texas Longhorns meet the Southern Methodist Mustangs in the second of their two-game series at Austin Thursday, while the Rice Owls tangle with the Texas Aggies at Houston.

The Longhorns took a firmer grip on the Southwest Conference baseball lead Wednesday by defeating the Mustangs 7-4.

At Houston, the Owls had little trouble with the Aggies Wednesday, banging out 16 hits off a trio of pitchers to win 11 to 2.

Major league baseball clubs spend as much as \$80,000 a year in their search for talent among the teenage athletes of the country.

### Horse Racers Rush To Get Tracks Into Shape For Opening

By FRED HAYDEN  
NEW YORK.—(AP)—More than 10,000 thoroughbreds were "champing at the bit" Thursday as the lifting of the first nation-wide ban on racing found virtually all racing centers in the country either ready to resume operations, or close to it.

The racing blackout, which began Jan. 3, was lifted Wednesday by War Mobilizer Fred M. Vinson.

Earliest opening dates planned were for Narragansett, R. I., and Sportsman Park, Chicago, those tracks scheduling their inaugurations for Saturday. Other sectional openings either decided upon or desired are:

May 16—Pimlico (Maryland joint meeting); Keeneland at Churchill Downs, Ky.; May 21—Jamaica, N. Y.; May 29—Delaware Park, Wilmington; May 30—Cleveland District; June 23—Longacres, Washington; July 13—Garden State Park, N. J.

### Basketball Bribers Sentenced In New York Court Wednesday

NEW YORK.—(AP)—The Brooklyn College basketball scandal was closed Thursday with the conviction of Harvey Stemmer and Henry Rosen, who were accused of conspiracy to defraud the public in bribing five players to "throw" a game.

Judge Louis Goldstein Wednesday night sentenced Stemmer to one year in the penitentiary and a \$500 fine. Clemency for Rosen was recommended by the Kings County Court Jury, and Goldstein postponed sentencing him until May 16 in order to investigate his background.

Stemmer and Rosen, in testimony given by the five former players, were accused of paying a \$1,000 down payment on a \$3,000 bribe to "throw" a game with Akron (Ohio) University last January.

In the 12th century, there were few utensils, and food was generally eaten with the fingers.

### Texans Have Been Busy Rounding Up Notorious Germans

KITZBUHEL, AUSTRIA.—(AP)—Recently Abilene, Texas, asked The Associated Press to find out where the 36th Infantry was. The message was relayed to the press camp at Sixth Army Group's forward headquarters.

Wednesday came the reply: The boys from Texas have been busy.

At the time of the request the famous Texas Division was on its way out of a so-called rest period. It had been polling inside Germany. Security rules are that an outfit cannot be mentioned until its full strength has been committed to action for 48 hours.

And then headlines began to tell what the 36th was doing: They captured Admiral Nicholas Horthy, Field Marshal von Rundstedt, Field Marshal List, Field Marshal von Leeb, and a host of other military and political figures.

Wednesday the 36th captured Reichsmarshal Hermann Goering and Field Marshal Kesselring.

The Associated Press war correspondent in answering Abilene's query added the dry comment: The boys from Texas have been busy.

### Dairy Subsidy Rates Are Announced By AAA

The dairy subsidy payment rate for April has been set at 17 cents a pound for butterfat and 70 cents per hundred weight for whole milk, W. H. Waddle, secretary of the Midland County AAA, announced Thursday.

The rate for May and June has been set at 10 cents a pound for butterfat and 35 cents per hundred weight for whole milk. Payments for the second quarter will be made July 1, Waddle said.

Waddle reminded dairy producers that May 31 is the deadline for applying for the first quarter payments.

### Wife Believed Bathrooms Were Here To Stay

SPOKANE, WASH.—(AP)—Testifying in her suit for divorce, Bernice G. Peters said her husband refused to build a bathroom in their home because he thought "sanitary facilities were something new-fangled and wouldn't last."

### Sports Roundup

By Hugh S. Fullerton Jr.

NEW YORK.—(AP)—The University of Oklahoma's 40-year old high school baseball tournament, starting Thursday, drew 55 entries this year, far more than any previous year.

The kids will use eight diamonds for the three-day event.

The Portland Coast League Beavers have just learned that the fence around their ball park, which closes a street, has been illegal for two years. Wonder if they'll have to fess out all homers knocked over it?

Sports Before Your Eyes  
George Binks, the Senators' rookie outfielder, owes his job in organized baseball to Red Smith, the bulky Cub coach.

When Milwaukee needed a first baseman last season Red remembered that Binks had retired after a few seasons in the lower minors and was working in Chicago. The Brewers looked him up and Washington bought him.

Football tips: Next fall keep your eye on Mike Schumchyk, who went from Center Moriches, L. I., to Arkansas U., and George (Dreadnaught) Bolas of Ohio State. Schumchyk never played football until last year but was All-Southwest Conference end. Bolas, 19 years old and 335 pounds, is the biggest athlete Ohio State ever had.

Service Dept.  
Ens. Rowan "Tubby" Crawford, who competed in five sports in nine months at Penn State, says his postwar ambition is to be a sports-broadcaster. If he can talk, he should have the qualifications.

Don Budge and Frankie Parker are representing the Army in inter-service tennis matches in Hawaii against the Navy's Lt. Don McNeill and Ens. Bob Kimbrell.

Hugh East, former Giants pitcher, and Sid West, who played a little minor league ball, are teammates on the Bainbridge Navy team. Surely they must meet on the bench.

### Willard Today

Jess Willard loses Los Angeles court battle in first round as Superior Judge Ruben S. Schmidt grants studio motion for non-suit. Former heavyweight champion sought damages for pictures of his fight with Jack Dempsey appearing in movie.

### 'The Mobile Hedgerow' Was Top European War Correspondent

By HAL BOYLE  
WITH THE U. S. FIRST ARMY IN GERMANY.—(AP)—They call him "Beaver" and "the mobile hedgerow."

He is John Hall "Jack" Thompson and he sports the best known full-fledged beard in the American Army on the European front.

Jack is war correspondent for the Chicago Tribune, but he looks more like end man in the well-known couchdop ad. Besides turning out some of the finest dispatches of the war, he serves in a double capacity for the First Army press camp.

He has been president of its Correspondents' Association ever since D-Day and has thrust his chin shrewderly stubbornly forward on many occasions to break down news and censorship barriers.

His other function has been to serve as camp thermometer. Every one knew there were six more weeks of winter in store after that day in February when he crawled out of his bunk and saw his shadow and crawled back in again. And they knew spring had arrived the night he slept with his beard outside the bedroll.

That beard also caused a half-dozen false rumors last month that the First Army had linked up with the Russian First Ukrainian Army.

Weeks before the Soviet warriors were within vodka-pouring distance of their junction with the First Army on the Elbe River, startled soldiers would see Thompson whizz by in his jeep and cry out: "There goes the first Russian. The war is over, fellows."

Jack has been covering the war ever since the start of the North African campaign and is the only correspondent at the First Army press camp who has made two combat jumps with parachute troops.

The first one was on an airfield they were supposed to seize in Tunisia. They landed to find that the Germans had left and the French held the field.

The second leap was in Sicily. He came down in an olive tree and got the purple heart for a twisted knee and broken rib.

### Livestock

FORT WORTH.—(AP)—Cattle 2-200, calves 700, about steady; good and choice steers and yearlings 14.50-17.35; beef cows 8.75-12.00; bulls 7.50-12.00; good fat calves 13.00-14.00.

Hogs, 500; at culling; all weights from 150 lb. and up bringing 14.55; sows 13.80; stocker pigs 14.75-15.00.

Sheep 2,800, steady to 25c higher; slaughter lambs to shippers steady to 25c up, springers, 14.50; eighteen decks good and choice shorn lambs with No. 1 pelts 14.25; two decks good shorn lambs, 13.75; good ewes 7.00, which is 25c higher than Wednesday's price.

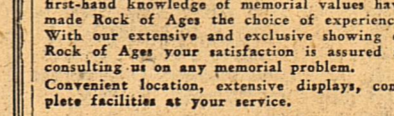

### Cotton

NEW YORK.—(AP)—Noon cotton prices Thursday were 5 cents a bale higher to 15 cents lower. May 22.96; July 22.74 and Oct. 22.20.

### Two Big Questions Face Legislators

AUSTIN.—(AP)—Back in the House Thursday were the two big questions of old age assistance and final adjournment of the 49th general session of the Legislature.

Awaiting House reaction was a Senate vote to terminate the session May 24.

Also ready for House consideration was a constitutional amendment placing a ceiling of \$35,000,000 annually on state spending for old age assistance, the needy blind and dependent children. It would also allow a maximum monthly grant of \$20 state money for individual old age assistance payments.

### Burris And Bates Lease Coffee Shop

HOYT Burris and Van Bates have leased the Crawford Hotel Coffee Shop from Cal Boykin and have started operation.

Burris is a former member of the Midland Police Department and Bates has been chef at a Midland cafe. The new owners promised they will serve only the best food, the market affords, tastefully prepared. Good coffee will be a feature at the coffee shop, the operators promised.

### Electric Company Has Trouble Near Eastland

Trouble on the transmission line of the Texas Electric Service Company near Eastland, Texas, caused several brief interruptions to electric service in Midland and the Permian Basin area Thursday morning.

Repairs were made promptly to avoid inconveniences to patrons.

# The American House

By Virginia Chase

XVI  
 COUSIN VICTORIA developed a real interest in Mr. Tapley, who avoided her as if she had been the plague. It was some time before she had caught on to his drinking. Then her interest doubled, for she was above all things a crusader.

"What a pity a fine man like that should be the victim of such a scourge," she said. She took to putting Temperance pamphlets under his door. (Ada used to find them in his slop jar.) As a result he brought his whiskey right into the dining room.

This only heightened Cousin Victoria's zeal. She sent away for a bottle of White Star Liqueur Cure, and one morning, very secretly, put a dose of it into his coffee. But he wasn't fooled for a minute.

"Damn you," he shouted, glaring across the room at her. Then he went out, banging the door.

We hoped this would start her packing, for Cousin Victoria abhorred profanity. But she was magnanimous. "Poor thing," she said. "It's not responsible." We had all but despaired of her ever going when she had her run-in with Mrs. Guptill.

Cousin Victoria was, as I have mentioned, much given to change. For years she had been going on new and outlandish diets. On one visit she would require meat three times daily, on another she would be strictly a vegetarian. We couldn't keep up with her. A few days after her experience with Mr. Tapley she turned against eggs. A pamphlet called *Receipts for the Refined* had easily persuaded her that they were vulgar. This pamphlet she sent by me to Mrs. Guptill. (Being so aristocratic, Cousin Victoria had naturally kept aloof from the kitchen.)

"Every receipt here can be made successfully without eggs," the fly-leaf read. Under this Cousin Victoria had written, "My diet from now on."

When I handed it to Mrs. Guptill, she took one quick look and threw it in the wood box. "Stuff and nonsense," she said.

I RUSHED back and knocked on Cousin Victoria's door. She did not answer. This did not surprise me, for she never allowed herself to be interrupted when she was writing in her Journal or even in the midst of a reflection. I waited impatiently. It was a good five minutes before she let me in.

I reported the incident with considerable zest.

Cousin Victoria drew a deep breath and raised her bosom high. "Show me to the kitchen," she said.

I had a hard time keeping ahead of her.

Mrs. Guptill was laying out some salt fish to serve with pork scraps for dinner when we came down the kitchen stairs.

"I should like a word with you," Cousin Victoria began loftily.

"I'm ready," Mrs. Guptill answered without looking up.

"It concerns the pamphlet I sent you," Cousin Victoria paused for an acknowledgment.

Mrs. Guptill kept right on working.

This only added to Cousin Victoria's annoyance. "This child tells me that you had the audacity to throw it in the wood box!"

Mrs. Guptill tasted her fish and added a shake of pepper. "In with the other trash," she said calmly.

"Trash," Cousin Victoria shouted, now thoroughly incensed. "You will find it immediately and follow it. Do not forget that I will never eat anything cooked with an egg again."

Mrs. Guptill's neck reddened. She pushed the fish aside and reached up in the cupboard for a basket of eggs. Then, very de-

liberately, she counted out a dozen and began to break them in a bowl, hitting each one against the side with a sound crack. "People in this house eat what's set before 'em," she said, "or else they go hungry."

COUSIN VICTORIA was speechless. The last egg had been broken before she began to recover. "Such impertinence," she choked. "Such insubordination. I shall speak to the doctor." The rest of her words were lost in the racket the egg beater was making.

When my father came home at noon, she was waiting for him. "That cook of yours," she began. Even then she wasn't able to speak fluently. "She won't take orders."

"That's right. She won't," he agreed readily.

Cousin Victoria looked dumfounded. "Do you mean that I must stand for that?" she demanded.

"We do," he told her.

She drew her bosom up again. "I don't take impertinence from subordinates," she announced. "I will go back to Balmoral."

He was polite, but he didn't attempt to dissuade her, though her going meant the loss of seven dollars a week.

"I'm sorry things are like this," my mother said, coming in while she was packing, "but we aren't at home, you know. When we get there, we want you to come for a nice long visit."

Julia and I tried to help her pack, valiantly suppressing our enthusiasm. But she wouldn't let us. "I can look out for myself," she told us, dragging out her heavy bags.

My father did not wait to see her off, but he arranged that Benjamin should drive her to the Junction with Lady. It was an awkward parting. My mother kept talking pleasantly about the roads, the air, the sunshine, while Benjamin put in the bags. Cousin Victoria said nothing at all until Benjamin raised the car over Lady's back. Then she spoke coldly.

"I'll put all this in my Journal," she said.

(To Be Continued)

## British Eighth Army Liberates Allied POWs

SPITAL, AUSTRIA —(AP)—The British Eighth Army was spreading out in Lower Carinthia Wednesday, cheered by thousands of liberated French, American, Russian, and British prisoners of war.

Cossacks of a German slave division were bivouacked in the green fields along the highway.

British and American soldiers in a German hospital prison at Spittal greeted the first Allied soldiers almost hysterically.

In the prison camp were nearly 200 British officers and men and 38 Americans. They cheered as a jeep drew into the barbed wire enclosure.

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
 America's Card Authority  
 (This is the fourth of six articles discussing the suit directing convention.)

The suit directing play is a most modern and effective means of defense, but once again let me warn you: while it can be a very valuable asset to your game, if you attempt to use it on every hand it will definitely interfere with good play. Use it only when it is obvious.

East's opening lead was easily read as a singleton by both the

## Texas Camps To Again Be Filled With Men To Be Retrained

DALLAS —(AP)—Brig. Gen. C. B. Rucker told a conference of Eighth Service Command personnel officers Wednesday that posts and camps in the five states of the command would again fill with thousands of troops as overseas units returned to be retrained for duty elsewhere or inactivated and separated from service.

Rucker, chief of staff of the command, opened a conference at which problems brought by victory in Europe were discussed. The meeting will last through Friday. A similar meeting with emphasis on hospital personnel problems will be held next week at Fort Sam Houston, Texas.

Similar emphasis  
 "Just as the impetus was placed on training and supply for troops prior to their departure for overseas service, similar emphasis will be placed on handling and processing personnel upon their return to the zone of the interior," said Rucker.

He said that this activity for the command was already beginning, with redistribution stations and personnel centers being filled and expansion of hospital and convalescent facilities under way.

States in the command are Texas, Louisiana, Arkansas, Oklahoma, and New Mexico.

Back To School  
 BATH, ENGLAND —(AP)—Mrs. Elsie Shields, 24, was given a suspended sentence for three years for neglecting her four-year-old daughter and instructed to attend a child-rearing Army motherhood course.

Advertise or be forgotten

## Peace—and Protection

Secure in the knowledge that he is with strong friends, a little Okinawa war orphan sleeps peacefully between two Yank fighters, his tiny hands clasped before him. Sharing their foxhole and their ponchos with the war-waif are Cpl. Earl Brunitt, left, of Louisville, Ky., and Marine Pvt. Genaro Nuzzi, Staten Island, N. Y.

## No Change In Status Of Army Wife Travel

WASHINGTON —(AP)—The War Department said Wednesday there is no plan to change the restrictions against dependents of Army personnel joining their husbands and relatives overseas.

The department cited the shortages of transportation, and of food and housing facilities in occupied areas as reasons.

Capeskin is named for its port of embarkation, Cape Town, South Africa, and comes from a small African sheep.

## Egg In His Eye Worth \$4,339.20

WASHINGTON —(AP)—As the troop train rumbled through Tintah, Minn., someone in the kitchen cart tossed an egg out the window. It hit Michael C. Conatelli in the eye.

The House Tuesday passed and sent to the Senate a bill to pay Donatelli \$4,339.20 damages for the injury.

Forty-four times as many people between the ages of five and 19 died in the United States in 1942 from accidents as died from infantile paralysis.

declarer and West, so when the declarer played the queen of clubs from dummy, West played the jack of clubs. Why? Because he wanted to tell his partner, "If, by any chance, you can get in and want a ruff, you can put me in by returning a spade."

If West did not have the ace of hearts or the ace of spades, he would simply have played his four of clubs.

If he had put the three of clubs on the queen, he would be saying to partner, "The best chance of getting me in will be by leading a heart."

Now in this hand, when East won the diamond trick with the ace, he could safely lead a spade and now get a club ruff, defeating the contract.

Many Uses For Glass In Home Repair Work

Midland home owners who are thinking of having spring repair work done should investigate possibilities as to how glass can fit in the program, Q. M. (Shine) Shelton, owner of the Midland Glass Company, suggested.

He Was Just Out On A \$10 Tear

CHICAGO —(P)— John Paul, a magician who seems to read and repair currency before your very eyes, and Pinky Tracy, a comedian, entertained a country club audience. After their routines were over, a guest who had confused the two performers approached Tracy, produced a ten-dollar bill and asked him to tear it up. The comic obliged, handed back the pieces and explained he had no idea how to put them back together again.

Minute Inn's French Cook Knows Business

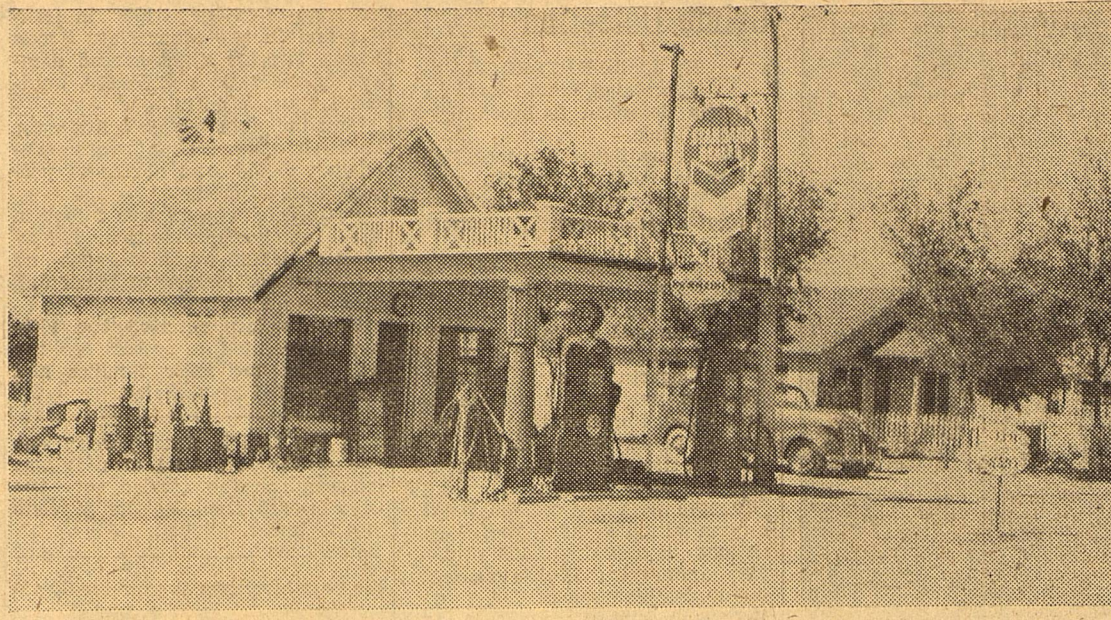

One of the reasons for the tastiness of the food served at the Minute Inn, 600 West Wall Street, is the work of its French, negro cook, Jack Petosky, owner of the concern, declares.

"He can really cook," Petosky asserted. "He was reared in the French tradition of preparing food, and the dishes he prepares taste delightfully different from the average cooking."

To Open With Prayer

ROCKFORD, ILL. —(P)— The Winnebago County Liquor Control Commission plans to open its monthly meetings with a prayer by a clergyman. Chairman Herman G. Nelson says: "In opening our deliberations with prayer we are following the practice of state and national law-making bodies and the trend, accentuated by President Truman in taking office, to ask God for guidance in affairs of government."

Brown's Service Station

Grady Brown, who has been in the service station business here since 1931, recently purchased a station on East Highway 80, where he is featuring the Standard line of petroleum products. Before purchasing the service station Brown operated a business on West Wall Street. He came to Midland in 1929, is a member of the Junior Chamber of Commerce and of the Volunteer Fire Department.

Fashion Cleaners Serve Midland Citizens With Quality Cleaning

The Fashion Cleaners at 412 West Texas Avenue have been serving citizens of Midland with a high quality cleaning service for more than nine years. The concern was established by A. B. McCain, the present owner, February 12, 1936, when he came here from Cleburne.

"We have had just one policy since we established the business, and that is to give our customers the best possible service and the highest quality work," McCain declared.

In order to carry out this policy the firm has the very best in cleaning and pressing equipment, and only the best quality, tested cleaning solvents are used.

Flexiform Equipment Included in the equipment is a dress blocking machine called Flexiform. When dresses are blocked on this machine their original lines are restored and creases blocked regularly on the Flexiform retain that new, clean-cut look for many months.

"Women who have not had their dresses cleaned the Flexiform way will look than when pressed by ordinary methods," the cleaning plant owner asserted.

Extra care is being taken with cleaning now because wartime fabrics do not have the quality of pre-war fabrics and are more subject to damage if not cleaned properly, McCain pointed out.

Know Fabrics "It is at a time like this when fabric quality is not at its highest that know-how in cleaning counts most," McCain said. "Our years of experience has taught us how to handle and clean fabrics so they will not be damaged."

Another service offered Midland citizens by the Fashion Cleaners is hat blocking. Hats last longer and look better if they are cleaned and blocked regularly, he pointed out.

The location of the Fashion Cleaners offers its customers the convenience of plenty of parking space.

"Many of our customers tell us it is convenient to leave their clean-

Need More Insurance As Values Increase

Values change and insurance policies with them, Alton Brown, district manager for the Employers Casualty Company, said.

Almost every piece of property has increased greatly in value in recent years. In many instances a check of insurance policies might reveal not nearly enough insurance is being carried to protect the property owner properly, Brown said.

The Circus Life Has Its Charms

CHICAGO —(P)— Circus performers are as superstitious as ball players.

Victoria Zacchini, the human projectile, never climbs into her cannon until she pats it twice.

Terrell Jacobs, the lion tamer, won't enter a cage before one of the big animals bites the handle of his whip.

Betty Parrott insists on donning something blue — a hair bow, for instance—before she goes aloft for her high ladder chore. "Once she forgot it. 'And,' she says, 'I dislocated my leg.'"

In 1923, when the sarcophagus of the ancient Egyptian king Tutankhamon was opened, several pairs of gloves were found.

Mental Experiment Is A Rank Failure

FORT RANDALL, ALASKA —(P)— Curious soldiers tiptoed around the quonset hut where a great experiment was under way: two amateur hypnotists were trying their stuff on each other.

The experimenters, ATC Pilot Norman Hilsen of Minneapolis, Minn., and Cpl. Clay Groton of Soda Springs, Idaho, had met with some success in hypnotizing others.

They sat and stared at each other. Minutes passed. Men held their breath in respect for what might happen.

The two hypnotists stared on. None of the witnesses had ever seen hypnotist meet hypnotist before.

Finally one of the hypnotists sighed. It was all over—a failure.

The soldiers clomped off in disappointment.

"Might have known," said one. "If there was anything to that stuff, Cpl. Groton would have more stripes."

Pirates Are Legion

PITTSBURGH —(P)— Twelve members of the Pittsburgh Pirates played American Legion baseball. They are Babe Dahlgren, Nick Strincevich, Al Gerhauser, Johnny Barrett, Al Gionfriddo, Bill Salkeld, Preacher Roe, Len Gilmore, Bill Rodgers, Tom O'Brien, Frank Zak and Lee Handley.

Carnauba wax is used in the manufacture of shoe, floor and furniture polishes, phonograph records, sound film, electric insulators, soap, candles and lubricating oils.

A. E. Murr Auto Parts Company Is Growing Business Concern Of City

The A. E. Murr Auto Parts Company will be in business in Midland a year June 1, and in the more than eleven months the concern has been here it has helped keep many cars and trucks operating at peak efficiency because of the quality parts supplied.

The concern is located at Main and Missouri Avenues. A. E. Murr, owner of the business, came to Midland in 1933, and until the time he started his own parts concern he was employed in the parts department of a Midland automobile dealer.

"We try to see that every part we sell measures up to the highest specifications," Murr declared. "Repair jobs often are expensive and it costs just as much to install a part of poor quality as one of good quality."

Feature Toledo Products The concern carries the Toledo steel products.

"Mechanics who have worked with cars and trucks for years recognize the high and uniform quality of Toledo steel products," Murr said. "They know when they install a Toledo steel product, they are installing a part which will hold up to the hardest kind of service."

Murr moved to his present location a few months ago.

"In our new quarters we are able to carry a much larger stock of parts than formerly," he pointed out. "When a customer comes in looking for a certain part we like to have it for him."

Murr pointed out many parts are scarce, but that he was fortunate in being able to obtain most of those needed.

"We are constantly on the lookout

to obtain the parts which our customers need to keep their cars and trucks operating," Murr declared.

The A. E. Murr Auto Parts Company is exclusive agent here for the Comet battery charger.

"This charger has become a great favorite with battery concerns, garages and filling station operators because of its efficiency and economy of operation."

Fram oil filters and cartridges are carried by the firm. As Murr pointed out, keeping oil clean is extremely important in keeping cars in operation until new ones are available. He stated he believed the Fram to be the most efficient on the market.

An invitation was extended to visit his concern next time they are in need of auto parts.

"We promise them quality products, a fair deal, and prompt and courteous service," Murr declared.

### Albany Lieutenant Believes Left Leg Is Definitely Jinxed

By JACK RUTLEDGE  
Associated Press Staff

Lt. Mack Castleberry of Albany must have decided by now his left leg is jinxed.

He was wounded in his left leg in a Fort Griffin fandangle show some time ago. Playing a cowboy in a scene, a small calibre pistol loaded with blanks injured him.

And now he's in a hospital in France with a wound in his left leg.

But it's one wound that didn't worry the parents. The War Department had notified Mr. and Mrs. J. L. Castleberry their son was missing in action in Germany. The next they heard was a letter from Lt. Mack telling of the wound, and informing them he was in a French hospital.

**Texas Talk**

Texas is even creeping into official war documents. Lt. H. M. Herron of Dallas wrote his mother, Mrs. A. J. Herron, that he had been writing such documents for the past few weeks, and that one had been returned with the notation "keep the Texas talk out of such things."

Lt. Herron, incidentally, was in on the crossing of the Rhine fire-works, later helped control traffic over the bridge they had captured.

**Dangerous Game**

Marking "PW" on clothing as a practical joke or during a game of cops and robbers is a dangerous thing to do, the Eighth Service Command warns seriously.

Officers pulled a gun on a Dallas youth recently. If he hadn't halted—

Not only do pranksters run a chance of being fired on, the Service Command says, but their practice hampers apprehension of escaped prisoners.

If U. S. shoppers paid as little as five per cent above selling prices for everything purchased, the extra cost to American families would amount to \$4,000,000,000 a year, or about \$120 to each family.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### CAA Authority Advises Private Flyers To Organize For Protection

WACO —(P)— Bill Berry, Civil Aeronautics Authority representative from Fort Worth, told a meeting Tuesday night that private and commercial flyers should organize to fight selfish interests in what he predicted would be a mushrooming postwar industry.

Berry spoke to a general meeting of the Texas Aviation Trades Association, Texas Private Flyers Association and Aviation Industry Representatives.

The group adopted a constitution. The following governors were elected:

Jimmy Marshall of Beaumont, H. E. Copeland of Waco, Clint Bredlove of Lubbock, Doyle Dunning of Hamilton, Paris A. Smith of Bay City, R. N. Edgerton of Yoakum, C. P. Erwin of Houston, P. L. Wise of Waxahachie, Robert Raddsdale of Austin, George Jalowick II, of Dallas, E. G. Burdett of Breckenridge, Ray Gillum of Coleman, W. B. Matthews of San Antonio and Les Bowman of Fort Worth.

Roy Taylor of Fort Worth, temporary president, presided.

In Mississippi a voter must be able to read any section of the Constitution or "be able to understand the same when read to him or give a reasonable interpretation thereof."

In Mississippi a voter must be able to read any section of the Constitution or "be able to understand the same when read to him or give a reasonable interpretation thereof."

### Special Cake For Mother's Day

"Old-fashioned" buttermilk chocolate cake for Mother's Day.

When young daughter plans a cake—and a really good one—to honor mother on Mother's Day, she may agree that there's a slightly welcome nostalgic note in a "buttermilk" cake. Furthermore, the idea of dusting powdered sugar onto the top of the cake, using a lacy paper doily as a stencil, seems just enough old-fashioned to please mother.

The recipe given here uses the new easy-mix method, and that may help the teen-age cook to produce a cake even better "than mother used to make."

**Chocolate Buttermilk Cake**

One and one-half cups sifted cake flour, 1 teaspoon soda, 1/2 teaspoon salt, 1/2 cup shortening, 1 cup brown sugar, firmly packed, 3/4 cup buttermilk or sour milk, 2 eggs, unbeaten, 1 teaspoon vanilla, 2 squares unsweetened chocolate, melted, prepared vanilla pudding.

Sift flour once; measure into sifter with soda and salt. Have shortening at room temperature; mix or stir just to soften. Sift in dry ingredients. Add brown sugar—force through sieve to remove lumps. If necessary, add 1/2 of milk, eggs and vanilla. Mix until all flour is dampened, then beat 1 minute. Add remaining milk and chocolate, blend, and beat 2 minutes longer. Turn into two 8-inch layer pans. Pans should be greased, lined on bottoms with waxed paper, and greased again. Bake in moderate oven (350 degrees F.) 30 minutes, or until done. Spread prepared vanilla pudding between layers, sift confectioners' sugar on top.

\*To sour fresh milk, add 2 1/4 teaspoons vinegar or lemon juice to 3/4 cup milk; let stand in warm place for few minutes.

Note: Mix cake by hand or at low speed of electric mixer. Count only actual beating time. Or count beating strokes. Allow at least 100 full strokes per minutes. Scrape bowl and beater or spoon often while mixing.

### Small Fry

S/Sgt. Francis Daggett, of Urbana, Ill., talks with German boy who is 15, but looks about 8. Youngster was one of a group in Kronach, ordered to don uniforms and flee to Bavaria. Instead they hid in the woods, gave themselves up to 11th Armored Division troops.

### Russian Armies Were Like Locust Hordes Moving Over Germany

By HAL BOYLE

PARIS —(P)— The Russian army on the march looks like a great plague of locusts moving over the land in incredible numbers.

It is an almost unbelievable sight, this vast, seemingly chaotic movement of men, horses and machines. It seems irresistible.

No American correspondents have been shown the full power of the Red Army—particularly its armored might—but a number have driven 25 or more miles into the Soviet Army lines to cover meetings between Russian and American army commanders.

**A Little Dazed**

They all come back a little dazed. Their first reaction was: "How could a people's army such as this ever whip the professional German army?"

American soldiers who have been behind the lines on official missions are inclined to return in the same state of puzzlement. They can't figure out how these ragged, dirt-stained peasant legions ever halted the massed power of Adolf Hitler's panzers, let alone throw them back 1,400 miles and wipe them out in their own green Prussian fields.

It is only when you begin to observe the amazing vitality of these people that you get a possible key to their startling victories.

### Summer Chic

Very pretty and very feminine is this exciting "dats" frock with figure-hugging lines and gay scallops for accents.

Pattern No. 8862 is designed for sizes 12, 14, 16, 18 and 20. Size 14, requires 3 3/8 yards of 39-inch fabric.

For this pattern, send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, The Reporter-Telegram, 530 South Wells Street, Chicago 7, Ill.

Ready now—the Spring issue of FASHION. Just 15 cents. A complete guide in planning wardrobe needs for all the family.

The sentence, "Pack my box with five dozen liquor jugs," contains all the letters of the alphabet.

Health authorities state that 10,000 of the 16,000 annual maternity deaths in the United States are preventable.

### Modern Methods Are Being Used In Texas Crime Detection

By JACK RUTLEDGE  
Associated Press Staff

Crime detection is becoming an exact science.

The Texas Department of Public Safety has so many gadgets—and so many experts to operate them—that criminals are downright discouraged.

Texas no longer goes after her criminals with six-shooters and lassos. They use things like these:

The chemical section of the Bureau of Identification and Records of the Department of Public Safety processes evidence, examines poisons, blood, fibers, stains, explosives, papers, paint, wood, dirt, rubber, gasoline, fire extinguisher parts and countless other objects.

It gave testimony in the last biennium which resulted in 127 convictions, aggregating 1,183 penitentiary years plus 11 life sentences and 12 death sentences.

**Firearms Section**

The firearms section examines firearms, bullets, cartridge cases, powder burns, shot holes and blasting caps. It also makes plaster casts of shoe, tire, tool and other markings at crime scenes. This department got 49 criminal convictions with sentences totaling 414 years. It sent four to life imprisonment, four to the electric chair.

The Questioned Document Section is a hoodoo for forgers. During the past biennium it examined 2,101 specimens of handwriting, typewriting, alterations, paper and secret writing. And sent 55 to the penitentiary for a total of 131 years. It also resulted in numerous fines.

Photography plays an increasingly important part in crime detection. Pictures preserve scenes of the crime, help identify fugitives, aid juries to understand evidence. The photographic section made 10,000 prints in one period.

Then there are radio, movies, spectographs.

Crime no longer is play.

### Halifax Demolished In 'Victory Rioting'

HALIFAX, N. S.—(P)—A sudden outburst of "victory riots" in Halifax and in two other Nova Scotia towns Tuesday night caused damage of more than \$1,000,000, unofficial sources estimated.

Two buildings were set afire, the entire business section was smashed and looted, and dozens of persons were injured.

Scarcely a window was intact in the city's business section. Thousands of dollars worth of goods and an uncounted amount of liquor and beer were looted.

Some sailors asserted the rioting represented a protest for the way they and their families had been treated by the city.

In the Middle Ages, jewelry was one of the industrial arts. It was fostered for the service of the Church and then by the jewelers of the towns.

### Dutch Villagers Aid Escapees

NEW YORK —(P)— The eight hundred residents of Mechelen, the Netherlands, during the last two years of German occupation rescued and sheltered 1,700 escaped prisoners of war and slave laborers, says the Netherlands Information bureau.

Organized groups of Mechelen boys and girls periodically slipped across the Dutch border to help their countrymen escape from labor camps, and also helped escaped French and Russian prisoners of war.

Every cellar and haystack in and near the village at some time provided a "home" for escapees, many of whom were wounded or ill and had to be nursed for months before they could continue their flight toward Britain.

One young village girl ran an improvised hospital located in a

### Paid In Full

CHICAGO—(P)— The Edgcomb hotel officials could contain their curiosity no longer. They finally opened a trunk that had been held for an unpaid bill for nine years. They found 18 boxes of shells and tear gas bombs.

Today the finest so-called do-skin leathers are taken from the village house. To prevent the Germans' entering the place, the village doctor had tacked a "QUARANTINE" sign on the door.
