

# GERMAN BORDERS ROLLED BACK

## Fires Cut Japs' War Production

By LEONARD MILLIMAN  
Associated Press War Editor

Great fires set by Superforts, which Tokyo admitted have sharply cut Japan's war production, raged through Kobe Tuesday while sweeping American advances on Okinawa and gains on three China fronts led Japanese to see "unmistakable signs" that Allies plan "to invade the Japanese mainland."

About 450 unescorted B-29s, flying through some of the worst weather they have ever encountered, including snow and thunderheads, rained 3,000 tons of fire bombs on Kobe in an hour-long daylight raid. The successful attack on Japan's greatest port celebrated the beginning of a second year of Superfort raids.

An amphibious landing by Sixth Division Marines "at the end of the rainbow" on Okinawa Island's Oroku peninsula carried them half-way toward all fighting on this potential landing island, which included extensive gains by three other divisions.

**New Offensive**

A hitherto unreported Chinese offensive has developed four towns on the South China Coast, Chungking announced. Press dispatches told of gains in the Fochow area of the East China Coast, and American observers reported Allied forces were within 21 miles of Luichow on the South China front.

Swiftly converging 24th and 31st Division columns in the Southern Philippines trapped a substantial number of Japanese on Mindanao.

## Atlantic Gets 15 Stands Oil From Crane Prospector

By JAMES C. WATSON  
Oil Editor

The Atlantic Refining Company No. 1-A University, East-Central Crane County wildcat in section 33, block 31, University survey, was to drill ahead from 8,566 feet in the Devonian after a drillstem test at 8,510-66 feet.

Tool was open one hour and a 3,000-foot water cushion and 5/8-inch bottomhole choke were used.

There was a good blow of air throughout, and recovery was 15 stands of free oil and three stands of drilling mud. Shutin bottomhole pressure, after 10 minutes, was 3,800 pounds.

**Edwards Will P-B**

Stanford Oil & Gas Company No. 1 Edwards, Southwest Cochran County exploration in section 13, block L, psi survey, likely will plug back to between 5,075-50 feet to eliminate water.

With packer at 5,082 feet, over plugged-back total depth of 5,090 feet, operator found 900 feet of water in bottom of tubing. That was swabbed out and then well was shutin over night.

When opened there was 4,386 feet of water in tubing, and no oil. That was swabbed out for eleven barrels in 12 hours, and it swabbed dry. Operator was running swab once hourly to determine rate of water fill-up, and was then to back up to try to stop the water. Casing is cemented at 5,025 feet.

**2 Discoveries Complete**

Discoveries for oil production in new sections and in new formations for the particular areas involved, in Winkler and Andrews counties, have been officially completed and reported to the Railroad Commission.

Sun Oil Company No. 2 Keystone, 660 feet from south and west lines of southeast quarter of section 4, block 77, psi survey, about two miles north and west of closest Ellenburger production, on north side of the Keystone-Ellenburger field in North Winkler County, on an official 24-hour potential test, pumped 62.66 barrels of 31.4 gravity oil, with gas-oil ratio of 761-1, from Silurian pay at 8,460-8,594 feet, after treating with total of 15,000 gallons of acid.

The oil was accompanied by an unreported amount of water. On a recent pumping test for 24 hours, a total of 96.6 barrels of fluid, 60 percent oil and 40 percent water, was reported.

This discovery drilled to total depth of 10,396 feet, in dry Ellen-

(Continued on Page 2)

## Legislators Wind Up Work

AUSTIN—(AP)—Seconds before the general session of the Legislature reached its final adjournment time at noon Tuesday final approval was given submission of a constitutional amendment creating a land sale plan for veterans.

Final adoption of a new free conference committee report on the \$28,000,000 rural school aid appropriation bill by both the Senate and the House cleared the way for final adjournment.

Submission of a constitutional amendment to prevent diversion of road user tax funds was assured when the Senate adopted a conference committee report on the measure which the House had accepted.

**Vote Is Unanimous**

House adoption of the rural aid appropriation bill was by a unanimous vote vote soon after Speaker Claud Gilmer informed House membership that the clock would not be stopped at noon to permit consideration after that time of conference committee reports.

Final enactment of the rural aid bill, which extends state assistance to country schools, had been considered the last major hurdle to be cleared before final adjournment of the legislature, previously agreed upon for noon Tuesday.

Gilmer said the clock would be stopped only to complete the final mechanics necessary to actual adjournment.

Rear Admiral E. M. Whiting, above, of Watertown, N. Y., is the new commander on Saipan, relieving Maj.-Gen. Sanderford Jarman of the Army who, according to reports, is slated for another important assignment.

## Big Infantry Show To Boost War Bond Sales In Midland

Seventy-seven enlisted men and five officers of the United States Infantry and 20 truck loads of equipment are scheduled to arrive in Midland Tuesday to start getting the Midland High School athletic field in readiness for the spectacular "Here Is Your Infantry" show at 8:30 p. m. Wednesday. The combat infantry veterans are visiting Midland and staging their show to help Midland County meet its huge \$1,425,000 quota in the Mighty Seventh War Loan campaign.

Before the show can be staged barbed wire entanglements and pill boxes must be erected at the field, and explosives must be planted to simulate battle conditions. The explosives will be handled by experts so that they will give all the noise and thunder of battle, but will not injure any of the men.

**Band Is With Show**

A 28 piece band is accompanying the show to provide music before the show and during the intermission.

Admission to the event is free, as the primary purpose of the show is to give citizens a better conception as to the cost of weapons and ammunition. When the weapons are displayed on the courthouse lawn from 3 to 6 p. m. Wednesday their cost will be marked on them.

Mayor A. N. Hendrickson, War Bond chairman, made arrangements for the visit of the unit to Midland.

Total sales of War Bonds in the campaign had reached \$913,339.75 Tuesday with \$207,971.25 of the total being in Series E Bonds. The county's Series E quota is \$600,000.

"I predict the totals will soar after the Wednesday night Infantry show," Hendrickson said. "The show will not only inform citizens as to the cost of weapons, equipment and ammunition, but will be an inspiration to them to do everything they possibly can to aid the war effort."

## Stettinius Seeks Word From Truman

By JOHN M. HIGHTOWER  
SAN FRANCISCO—(P)—Secretary of State Stettinius is looking to President Truman for a decision on whether the United States should force a showdown with Russia on the right of free discussion in a world security council.

Stettinius is caught in a sharp difference of American opinion here. The outcome depends on what happens overnight in Moscow. Premier Stalin has been asked to reconsider his government's recent statement to the Big Five at the United Nations Conference that any big power in the council should be able to veto discussion of any problem.

It is the conflict between this, and an American-sponsored statement accepted by Britain, France and China, which has deadlocked the conference on the whole veto issue, despite rapid progress on other questions, including approval of much peace-enforcement machinery.

American officials hope that a Moscow decision will be forthcoming promptly. It could speed the work of the conference committees on remaining problems and possibly permit a windup by June 15.

Even more they hope that Stalin will agree there is no need for a veto on the right to discuss. But a hot debate has been raging over what to do if Russia reaffirms its stand.

Virtually all United States delegates except Stettinius are reported urging that the delegation make a strong statement of its position and carry the fight to the conference floor, if necessary. In such an instance there is every prospect that the Russian veto would be voted down—for many small nations are becoming quite short-tempered about the entire veto situation.

## Lawmaker Declares Legislative Reforms Are Needed In Texas

AUSTIN—(P)—A constructive legislation program "instead of the present uncoordinated one," has been proposed by Rep. Roger Q. Evans of Denison.

Evans said that after watching the House through three sessions he has concluded certain reforms are necessary. These include:

Relieve the speaker of the House of the burden of making all committee assignments by appointing during the first week in the session an organizational committee of 21 members, one from each congressional district, which will make House committee assignments.

Require a minimum of five days a week in session, and designate three afternoons or evenings a week for committee work.

He would not pay members for time absent, except in case of illness or death in immediate family.

**More Suggestions**

To do away with the flood of bills which choke every session, Evans suggests two plans: 1. Let the chairman of each committee hold a series of meetings to determine if similar bills could be consolidated, or 2. appoint a year-around bill-drafting and codifying committee of three to receive all bills, correlate them with existing civil and criminal statutes and consolidate into one bill.

"There is now," said Evans, "too much consideration paid to pride of authorship."

"Elimination of paid lobbyists within the ranks of the House membership would be a long stride in constructive legislation; and all legislators should be compelled to file under oath, a list of all sources of income," according to Evans.

## Li. Odie Kelly Is Missing In Action

Li. Odie Kelly of Midland has been missing in action at Iwo Jima since May 4, 1945, his wife was informed Tuesday by the Adjutant General's Department in Washington.

The officer, a graduate of Midland High School, received his wings and his commission at the Midland Army Air Field. He was a member of the football squad while in high school here. His parents, Mr. and Mrs. O. A. Kelly, also reside in Midland.

A brother, Flight Officer Charles Kelly, is stationed at the Big Spring Army Air Field.

Lieutenant Kelly entered the Army in June 1942.

Rear Adm. Harold B. Sallada, above, of Norwood, Ohio, has been named new Chief of the Navy's Bureau of Aeronautics. Admiral Sallada commanded a Pacific task force until Feb. 21.

## More Rooms Needed For Cowgirls And Rodeo Performers

Only one prevailing condition is likely to keep the World Championship Rodeo Thursday, Friday, Saturday and Sunday from being a complete success, Roy Parks, president of Midland Fair Inc., pointed out Tuesday.

A lack of rooms for the cowgirl sponsors and the rodeo performers is a threat to the success of the event, Parks said.

Farks, John Dublin and Leonard Proctor, members of the rodeo committee, spent Monday afternoon calling Midland citizens and asking them if they could spare a room Wednesday through Sunday for one or more of the cowgirl sponsors. Tuesday they still had not been able to obtain enough rooms for the sponsors.

Last year many of the performers used the civic auditorium for lodgings, but this year cots and linens are not available to convert the auditorium into sleeping quarters.

**Stock In Good Condition**

Everett Colborn, arena director, reported Tuesday the more than 200 head of rodeo stock shipped here is in the best of condition. He said new animals he has acquired since last season were tried out recently at the Dublin rodeo and their fighting spirit made a great hit with the fans.

Workmen are getting the rodeo grounds in condition for the five performances.

Members of the rodeo committee again reminded the fans the night performances would start a half hour later this year than last, starting at 9 p. m., except for the Sunday night performance, which will start at 9:30 p. m. The Sunday matinee will start at 2:30 p. m.

## Socialism Blasted By Churchill In Opening Campaign

By The Associated Press

Launching the Conservative Party's campaign to retain power when British votes on July 5, Prime Minister Churchill declared Monday night Socialism "is inseparably intertwined with totalitarianism and the worship of the state." He added that the socialist system can be established with a political police, "a sort of Gestapo."

He described the Labor Party's program as abhorrent to British ideas of freedom.

Herbert Morrison, chairman of the Labor Party's election campaign committee, said in an interview that Churchill's speech contained "abusive scurrility which frankly is more worthy of the profession open-air speakers of 40 or 50 years ago."

**Turkey Shows Interest**

Strong signs of interest in the French dispute with Syria and Lebanon were exhibited by Turkey, and rumors circulated in Istanbul of a forthcoming "international meeting" there. The Istanbul press declared the Turkish government should be represented in an international conference summoned to settle the controversy.

Gen. de Gaulle, who recently turned down suggestions for a French-American-British conference on the Levant, was believed to be working on a counter-proposal to broaden the conference to include at least Russia and extend the subject to the whole Middle East, where Britain has heavy interests.

French forces in Syria were reported remaining confined to barracks at some points and being gradually evacuated from others, always under heavy British guard as the natives remained in arms.

Anti-French demonstrations were reported at Cairo Monday.

## Churchill Disputes Charges

LONDON—(P)—Prime Minister Churchill Tuesday disputed Gen. de Gaulle's charge that the British had stirred up trouble in Syria and declared Britain was ready to withdraw all her troops the moment a treaty was effected between France and Levant states.

Churchill declared Britain had "absolutely no ambitions of any kind in the Levant states."

"We sought no territory there and no kind of advantage that was not given to any of the other nations of the world," he said.

The prime minister declared he favored only Britain, the United States and France negotiating the French-Levant dispute.

De Gaulle had suggested a five-power parley with Russia and China sitting in, but Churchill declared "this would certainly cause a great deal of delay and would require very careful consideration on many grounds."

**Replies to De Gaulle**

Churchill made his statement to Commons after explaining that "some harm" would be done by leaving unanswered some of the statements made by de Gaulle in a Paris press conference Saturday.

"Far from stirring up agitation in the Levant states, our whole influence has been used in precisely the other direction," he declared. "The most strenuous and successful efforts had been made by the British minister at Beyruth to produce a calm atmosphere in which negotiations could be conducted for the settlement of outstanding questions between France and the Levant states."

## Chinese Troops Push Japs Back

CHUNGKING—(P)—The Chinese High Command said Tuesday Chinese forces were executing an enveloping movement against Japanese forces at Luichow, former site of a U. S. 14th Air Force base, and Ishan, 43 miles to the west.

Severe fighting was reported in the suburbs of Szelo on the highway to French Indo-China, 70 miles southwest of Luichow.

The high command announced the recapture of Kweishien, important port on the west river in southwestern Kwangsi province, 35 miles south-southeast of Luichow.

A semi-official Chinese dispatch said Chinese forces had occupied Siapu, 75 miles northeast of Fochow, and added that Japanese forces were fleeing northward along the highway leading to Wenchow, 220 miles south of Shanghai.

## Navy Announces Loss Of Two Destroyers

WASHINGTON—(P)—Loss of the destroyers Morrison and Luce off Okinawa—with heavy casualties—has raised the toll of American naval vessels lost during the war to 313.

The Navy, announcing the sinking of the two craft, said each carried a crew of more than 200.

## Texas Company Official Dies

HOUSTON—(P)—Funeral services will be held here Wednesday for Ernest Carroll who died at his home in Sonora Monday.

Carroll was assistant to the vice president of The Texas Company here for 20 years. He was born in Corsicana.

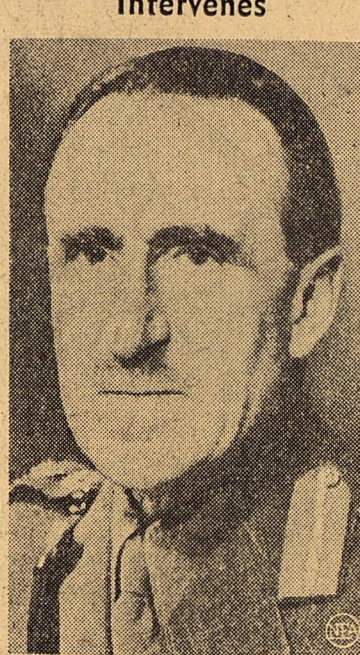

## War Bulletins

WASHINGTON—(AP)—Vice Admiral Marc A. Mitscher, commander of the fast carrier task force in the Okinawa operations, said Tuesday the Japanese suicide plane menace was "daily being reduced."

PARIS—(AP)—The French government decided to propose formally a conference of the "Big Five" to consider the entire problem of the Middle East.

SAN FRANCISCO—(AP)—All Tokyo's metropolitan papers agreed Tuesday that the Okinawa battle is "most critical" and that "unmistakable signs point to the enemy's intention to invade the Japanese mainland."

MANILA—(AP)—Converging columns of the U. S. 24th and 31st Divisions made swift progress Tuesday on Mindanao Island. Two centers of Japanese resistance have been broken in the past three days.

Gen. Sir Bernard C. T. Paget, above, commands the British Ninth Army in the Middle East which intervened in Syria to bring an end, at least temporarily, to strife between natives and the French.

## American And British Ships Given To Reds

LONDON—(P)—Prime Minister Churchill disclosed Tuesday that Britain met Russian demands for part of the Italian fleet by turning over eight former American destroyers among other ships.

The United States also turned over some ships, mostly merchantmen, but also the U. S. Cruiser Milwaukee, Churchill told Commons.

The Russians, he said, raised the question of the disposition of the Italian navy immediately after Italy's surrender. They asked for one battleship, one cruiser, eight destroyers, four submarines, and 40,000 tons of merchant shipping.

The agreement to turn ships over to Russia was reached at Tehran, he said.

Since Italian ships were built mostly for temperate waters of the Mediterranean, Churchill continued, it was decided that they would continue in service in the Allied cause, and an equivalent number of British warships and merchantmen would be delivered to the Red navy on temporary loan.

## Brashears Becomes Business Manager Of Reporter-Telegram

R. S. Brashears Monday became business manager of The Reporter-Telegram. He came to Midland from San Angelo where he was advertising manager of the Standard-Times. He has been on its staff for the last five years.

A native Texan, Brashears had spent practically all of his life in the newspaper business. Mrs. Brashears and their son and daughters will move to Midland as soon as a house is obtained.

## Gen. Eisenhower Goes To Berlin

By TOM OCHILTREE  
Associated Press Staff Writer

Gen. Eisenhower left his headquarters on the Main headquarters Tuesday for Berlin, where he and other Allied occupation commanders will decide the location of the seat of the Allied Control Council and details of control authority over Germany.

Commanders representing Britain, Russia and the provisional French government will meet with him. A Supreme Allied Headquarters announcement said:

"The purpose of the meeting is to sign a quadripartite declaration regarding the defeat of Germany and the assumption of supreme authority with respect to the German occupation by the United States, the United Kingdom, the U.S.S.R. and the provisional French government."

The announcement described Eisenhower as "commander of the forces of occupation." The trip to Berlin was the first time he has served in any capacity other than that of supreme commander of the Allied Armies in the West since his forces stormed the Normandy beaches a year ago Wednesday.

## Police Want To Give Away One Good Horse

Chief of Police Jack Ellington has a prisoner he is anxious to release. Police found a blood bay mare in North Midland last month, and since that time the animal has been enjoying an easy life at the city pound.

"Won't someone please claim her," Ellington said.

## Weather

MIDLAND AND VICINITY

Continued hot Tuesday and Wednesday. Scattered showers south of Midland Tuesday night. Cloudy Wednesday.

## 'Greater Berlin' Area Will Be Governed By Inter-Allied Group

WASHINGTON—(P)—Germany's frontiers were rolled back to the boundaries of Dec. 31, 1937, Tuesday in a joint occupation statement by the Allied powers.

The statement, setting up occupation zones for the United States, Great Britain, France and Russia, recreates the German nation as it was before Hitler's annexation of Austria and Czechoslovakia. The declaration was made simultaneously in Washington, Moscow, London and Paris.

With Germany's unconditional surrender, the statement said, there no longer is any central government or authority there "capable of accepting responsibility for the maintenance of order, the administration of the country and compliance with the requirements of the victorious powers."

"It is in these circumstances necessary, without prejudice to any subsequent decisions that may be taken respecting Germany," the pronouncement went on, "to make provision for the cessation of any further hostilities on the part of the German armed forces, for the maintenance of order in Germany and for the administration of the country, and to announce the immediate requirements with which Germany must comply."

**Four Occupational Zones**

Four occupational zones were set up and allotted to the victorious Allied powers as follows:

An eastern zone to the Soviet Union.

A northwestern zone to the United Kingdom.

A southwestern zone to the United States.

A western zone to France.

In addition, an area of "Greater Berlin" was created, to be administered by an inter-Allied governing authority with representatives of each of the four powers.

None of the zones was further defined in the statement.

"The governments of the four powers hereby announce," one of the series of four statements on the occupation said, "that it is their intention to consult with the governments of other United Nations in connection with the exercise of this (occupation) authority."

## Marines Battle For Control Of Okinawa Airfield

By HAMILTON W. FARON  
GUAM—(P)—American Marines fought for complete control of the last Japanese-held airfield on Okinawa Tuesday in the wake of a surprise amphibious landing which put strong American forces on three sides of the enemy's Oroku Peninsula garrison.

Tough Paratroopers and Marine raiders of the Sixth Division overran half of the big Naha airdrome Monday as they plunged ahead from the southern shore of Naha Bay, on the island's west coast.

Other Tenth Army troops slashed ahead in the central and eastern areas, reaching the southern coast and registering advances up to three miles, a record for the campaign.

**Nimitz Says "Well Done"**

Admiral Chester W. Nimitz in a hearty message of "Well done," to the officers and men of Lt. Gen. Simon Bolivar Buckner's Tenth Army, foresaw the conclusion of the Okinawa campaign within the next "three or four days" if they "can maintain their high-speed maneuvers."

Supplies were parachuted to battle line troops as the clinging mud, which for days slowed troop advances, continued to hold supply vehicles in its grip.

Japanese propagandists viewed their garrison's lethal position with alarm and Tokyo's newspapers agreed "unmistakable signs point to the enemy's intention to invade the Japanese mainland."

Japanese Domei news agency warned the loss of the island would lead to increased air attacks, both from Okinawa-based planes and by Superfortresses.

## Permit Issued For \$25,000 Project

Building permits were taken out Monday by the Schlumberger Well Survey Corporation for the construction of a \$125,000 brick office building at 904 West Front and a \$125,000 garage and warehouse, E. E. O'Donnell is the contractor for the project.

Permits were issued to the Sun Oil Company for the erection of two \$60,000 residences. One will be built at 1908 West Missouri and the other at 1608 West Indiana. Kelly Coppedge Inc., is the contractor.

Fred Wemple obtained a permit for the erection of a brick and tile business building adjoining the post office grounds on North Loraine Street. The structure will be 25 by 65 feet and is being erected at an estimated cost of \$4,500. G. W. Breneman is the contractor.

## No Cutback In Research

The cutback in airplane production is welcome, bringing as it does an estimated saving of \$4,000,000,000 in the construction of 17,000 aircraft, and a sizable but gradual return of aviation's tremendous labor force to the civilian job market.

This is a preview of what will happen immediately after V-J Day in aviation and other war production industries under Section 202 of the War Mobilization and Reconversion Act. But it also raises the question of what will happen then to aviation's research and development program.

Section 202 states: "Any contracting agency shall terminate contracts for war production whenever, in the opinion of the agency, the performance under such contracts will not be needed for the prosecution of the war, and shall not continue performance under such contracts merely for the purpose of providing business and employment."

Then comes the phrase on which the question rests, "... unless the Office of War Mobilization and Reconversion finds that the continuation of some or all of the work in process under such contracts will benefit the government."

The phrase's interpretation is a matter of personal opinion. There is no clear definition of the fate of the aviation development now in progress, not only for the Pacific war but for the future. What becomes of research into jet propulsion, guided missiles and other developments when the war ends? At present there is no agreement and no answer.

It seems to us that there should be both. When the first German jet plane and the first robot bomb appeared in the European skies they put the mighty Allied air fleets in the obsolescent class. The fact that the number and power of these fleets retarded full use of new air weapons in Europe and will probably prevent their use by the Japs does not mean that their military days are not numbered.

We may hope that there will be no military need for these air weapons in the future. We must work to make that hope a reality. But at the same time we cannot afford to repeat our costly aviation errors of the period following the last war.

That means that we cannot wait for some future day to think about aviation research. Rather we need a long-range, continuing research program carried on by the aviation industry's present engineering teams, and made possible by congressional authorization of the Army and Navy to direct and finance such a program.

Buy War Bonds and Savings Stamps

## Scoring Play

In the fabulous borough of Brooklyn, New York, a girl office worker tossed a bag containing \$1050 to a feminine colleague. The second girl missed the toss and the bag flew out the window. A passing bobby-soxer neatly intercepted the lateral, scooped the bag off the sidewalk and streaked for the goal line. Not a tackler laid a hand on her.

When last we heard the police were still seeking her, so we can't end the story properly. But if the law lets her go she's a cinch to get a scholarship offer from some freshwater college. In this time of scarce talents, you don't run into a pass receiver like that every day.

Buy War Bonds and Savings Stamps

Then there's the one about the GI returning from overseas, who remarked as he passed the Statue of Liberty: "Put your torch down, honey; I'm back home."

(Continued from page 1)  
Island. Tanks led British through minefields in the Burma cleanup.

American Marines were surprised at the ease with which they seized a 1,200-yard beachhead south of Naha in a surprise landing on Western Okinawa Monday. During the day they captured as island in Naha harbor, built bridges to the captured city, and drove southward over the best air field the enemy had built on the island. They were slowed down only by minefields and mortar and machinegun fire on the left flank.

**Marines Advance**  
In the island's center, the First Division Marines and 96th Army Division pushed 400 to 1,200 yards down muddy roads and over hills as they reached toward the southern coast and a junction with the Seventh Infantry Division.

The Seventh hit the southeast coast for a second time in a 5,000-yard advance.

Recent Japanese attacks on shipping around Okinawa sank the destroyers Morrison and Luce, both with heavy losses, the Navy announced. Each carried a crew of more than 200. Admiral Chester W. Nimitz said one light unit was damaged in the enemy's latest suicide air attack Sunday in which 45 Japanese planes were shot down.

Raiding planes from Okinawa, where Tokyo admitted the situation was "most critical," swept up the Japanese coast to sink or damage seven ships. The 14th Air Force in China knocked out 32 enemy locomotives and 300 railway cars.

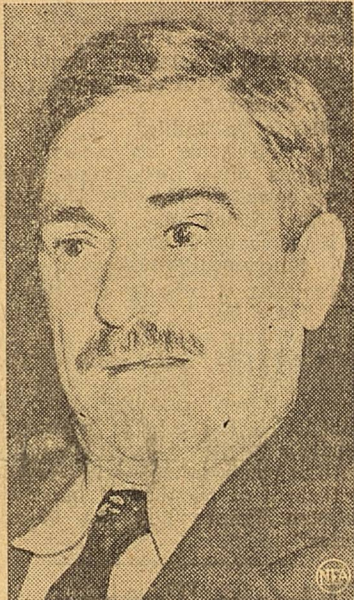

## Homer Norton Is Doing Nicely

ROCHESTER, MINN. —(P)—The condition of Homer Norton, athletic director of Texas A&M College, was described by his attending physician as "satisfactory."  
Norton underwent an operation at the Mayo Clinic Monday.

## Cotton

NEW YORK —(P)—Cotton values at noon Tuesday were 5 cents a bale higher to 5 cents lower, July 22.97; Oct. 22.61; and Dec. 22.50.

## Red Under Fire

Because he disbanded U. S. Communists as a formal political party a year ago, Earl Browder, above, No. 1 American Communist, has been blasted by Jacques Duclos, prominent French Red. Duclos charges Browder with abandoning the revolutionary class war in the U. S. Browder urged "most respectful consideration" of Duclos' charges.

**W. C. GRAVES ELECTED**  
AUSTIN —(P)—Sen. W. C. Graves of Dallas Tuesday was elected president pro tempore of the Senate. He will succeed Sen. George Moffett of Chillicothe.

## Congratulations To

Mr. and Mrs. Sam Midkiff on the birth of a daughter, Noma Sue.

Mr. and Mrs. John D. Furl on the birth of a son, John Michael.

OZARKA WATER CO. welcomes these new arrivals. Phone 111 and a bottle of OZARKA will be delivered to you free.—Adv.

## Eastland Paper Changes Hands

DALLAS —(P)—The Eastland County Record has been purchased by H. G. Vermillion, former publisher of the Winkler County News at Kermit, Texas. The Record was owned by G. C. Lee Sr., who will continue to publish the Strawn Tribune.

## LIGHT CRUISER LOANED TO RUSSIA

WASHINGTON —(P)—The light cruiser Milwaukee was loaned to Russia in April, 1944.

The Navy, announcing that the transfer was for "the best interest of the war effort," did not disclose whether the 7,500-ton Omaha class vessel has been returned.

## GREECE AND TURKEY CONCLUDE NEW TREATY

ANKARA —(P)—A new commercial treaty, designed to help re-establish normal conditions in Greece after a long famine, has been concluded between Greece and Turkey.

## Livestock

FORT WORTH —(P)—Cattle 4,200; calves 1,800; active, steady; good and choice fed steers and yearlings 14.00-15.65; common to medium grass fat and short fed steers and yearlings 9.00-13.75; medium to good beef cows 10.00-12.25; bulls 7.00-12.00; good and choice fat calves 12.75-14.00; common to medium butcher calves 8.50-12.50; good and choice stocker calves and yearlings 12.00-14.00.

Hogs 600, unchanged; all good butcher hogs weighing 150 lb. and up 14.55 with most sows 13.80 and stocker pigs 14.00-15.00.  
Sheep 22,000, active; spring lambs 25-50c higher; shorn lambs 25c high; aged sheep, feeder lambs; steady; good and choice spring lambs 11.00-13.00; medium and good shorn lambs 11.50-13.00 with common to medium shorn lambs 10.00-11.00; medium and good shorn ewes and wethers 6.75-7.25 with cull and common kinds 4.50-6.00; shorn feeder lambs 11.00 down.

## Atlantic Gets -

(Continued from page 1)  
burger, and then plugged back and completed as a Silurian discovery. In San Andres-Permian Chalmette Petroleum Corporation No. 1 Lake Shore fee, 1,980 feet from east and 660 feet from north lines of northeast quarter of section 24, block A-26, psi survey, north and east of Clear Fork-Permian production on northeast side of the Fullerton-Union area in Northwest Andrews County, which drilled to total depth of 7,636 feet in lower Permian, and failed to get production, has been finished as a discovery from the San Andres-Permian.

In a 24-hour pumping test for potential the well made 33.75 barrels of 35.2 gravity oil with gas-oil ratio of 660-1, from pay at 4,530-4,650 feet, through perforations in the 5 1/2-inch casing.

That zone had treated with a total of 4,000 gallons of acid. The oil was accompanied by 4.41 barrels of drilling water.

**In W-C Pecos**  
Phillips Petroleum Company No. 1 "Harvey," 690 feet from south and 1,995 feet from east lines of northeast quarter of section 2, block 114, GC&SF survey, is a location west outpost to production from the Yates sandy lime, on southwest side of the Fort Stockton field in West-Central Pecos County. The new project is to drill to around 2,900 feet, with rotary, starting at once.

**Western Production Company No. 1 Paul Moss**, one location southwest of production on southwest side of the South Cowden field, in Central-East Ector County, has been completed for a 24-hour potential of 671.65 barrels of 33.5 gravity oil, pumping and flowing for a rather thick section at 3,776-4,258 feet. The saturation was in streaks in that horizon. A total of 1,700 quarts of nitro was used in shooting the horizon.

The well is 669 feet from east and 1,920 feet from north lines of the lease in section 38, block 43, TP survey, T-2-S. Gas-oil ratio was 374-1.

## Another Good Flow

Phillips Petroleum Company No. 1-B TXL, at center of northwest quarter of northeast quarter of section 29, block 45, TP survey, T-1-S, one and one-half miles south of the initial Devonian producer in the TXL area of West Ector County, and one-half mile north of the farthest south well in the field, flowed at rate of 95 barrels of oil an hour during a drillstem test at 7,819-7,949 feet, in top of the Devonian.

Gas came to surface in five minutes after tool was opened; drilling mud flowed in 16 minutes, and drill-pipe flowed oil in 19 minutes and flowed a total of 111 barrels of oil in 70 minutes. Operator was drilling ahead Tuesday morning.

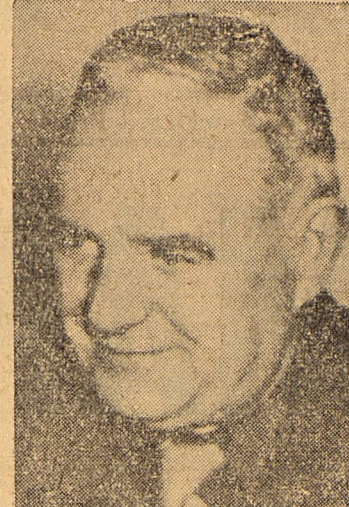

## Top From Samples

Magnolia Petroleum Company and Humble Oil & Refining Company No. 1 Cowden, Southwest Andrews Ellenburger exploration in section 7, block A-55, psi survey, had progressed under 4,938 feet in lime.

Top of San Andres has been picked from samples at 4,000 feet, on an elevation of 3,135 feet. According to some correlations that puts the point approximately 130 feet high to an old dry hole nearby by which nearly produced oil. Sunray Oil Corporation No. 1 Class, northwest Sterling County wildcat, spudded to 250 feet, set surface pipe, and was starting up with rotary rig to drill ahead.

Sinclear Prairie Oil Company No. 1 Williamson, in section 40, block 45, TP survey, T-1-N, between the

## War Prosecutors

The three men above will aid in bringing to justice Europe's war criminals. Top: Maj.-Gen. William J. Donovan, chief of Office of Strategic Services; below, left, Assistant Attorney General Francis Shea; below, right, Sidney S. Alderman, general solicitor for the Southern Railway. They will serve under Supreme Court Justice Robert H. Jackson, chief U. S. prosecutor.

## Laborites Heckle Churchill Tuesday

LONDON —(P)—Cries from the Labor benches of "where is the Gestapo?" greeted Prime Minister Churchill Tuesday when he entered the House of Commons.

The Laborites were quick to voice anger at Churchill's election address Monday night in which he suggested that no socialist system, as advocated by the Labor party could operate without "some form of the Gestapo." He called the Labor party program "abhorrent to British ideas of freedom."  
The Conservatives cheered their leader.

## Six Murderers In Greece Executed

ATHENS —(P)—Six ELAS supporters were sentenced to death and two others to life imprisonment Monday night by the Athens criminal court for killing Helen Papadakis, leading actress of the National Theater of Greece, and 43 Gendarmerie officers and men. The condemned men pleaded guilty.

## H. M. McReynolds IS ILL AT HOME

H. M. McReynolds is gradually recovering the use of his left leg after being stricken with paralysis on the left side Sunday. His left arm is still paralyzed. He was at his home when the stroke occurred.

His office at the A and M Packing Company reported he probably will be in bed about three weeks.

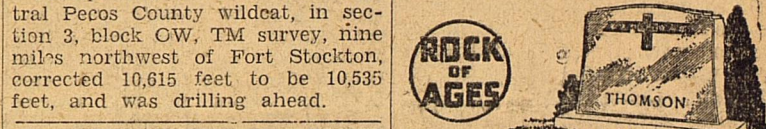

## MALARIA CHECKED IN 7 DAYS WITH 666 LIQUID for MALARIAL SYMPTOMS Take only as directed

TXL and Goldsmith fields, in Northwest Ector County, had penetrated under 7,874 feet in unreported formation. Some observers think it may be approaching the Devonian. Some sources had picked a Clear Fork-Permian top at 5,670 feet on an elevation of 3,238 feet. This mark has not been verified by operator.

## Ohio Couple Wed In Midland Rites

The marriage of Miss Barbara Monyeene Emig and Lt. Thomas Edwin Wheeler, both of Coshocton, Ohio, took place Saturday afternoon at the Midland Army Air Field Chapel. Chaplain Claude T. Miller performed the double ring ceremony.

Baskets of chrysanthemums against a background of greenery decorated the altar. Burning tapers in candelabra added soft illumination to the setting.

Sgt. Donald M. Gillett, organist, played the traditional wedding marches, "Cantilene Nuptiale," "Evening Song," "I Love You Truly" and "Liebestraum."

The bride, who was given in marriage by Lt. Frank Harper, was attired in a seafoam green afternoon dress designed with lattice trim. She wore a white flowered hat with a black veil. Her accessories were white, and an orchid corsage completed her costume.

**Attends Bride**  
Attending the bride as matron of honor was Mrs. James B. Thomas, who chose a black crepe afternoon dress. She wore a white hat with ruching trim and other accessories of white. Her corsage was of white gardenias.

Lieutenant Thomas served the bridegroom as best man.

Mrs. Wheeler is the daughter of Mr. and Mrs. Vernon E. Thompson of Coshocton. She is a graduate of Central High School in that city.

The bridegroom is the son of Mr. and Mrs. Ralph H. Wheeler, also of Coshocton. He attended Ohio State University at Columbus where he was a member of Delta Chi fraternity. He was with 307th Bomb Group in the 13th Army Air Force. Lieutenant Wheeler has the DFC, Air Medal with three clusters, Philippine Liberation with one star, and Asiatic-Pacific with six battle stars.

## Mrs. Thomas To Accompany Midland Girls To Waldemar

Mrs. Alma Thomas, representative for Camp Waldemar at Kerrville, Texas, will accompany Monta Jo Glass, Dorothy Jean King, Diane Buffington and Toya Chapple to the camp Wednesday where they will enroll for the first six weeks.

Other Midland girls to attend the first six weeks camp term are Gerlene Jowill, June Hazlip and Mary Martha and Betty Stivals.

After going to Kerrville, Mrs. Thomas will go to San Antonio where she will fly to Mexico City and later to Oaxaco, Mexico, to spend six weeks. Mrs. Thomas will spend the remainder of the summer months in Guadalajara where she will join a study group.

## Miss Rachael Brock Becomes Bride Of Lt. Fred Strickland

Miss Rachael Lew Brock of Wichita Falls became the bride of Lt. Fred Strickland of Lubbock, who is stationed at Midland Army Air Field, in a wedding solemnized Saturday afternoon at the post chapel. Chaplain Claude T. Miller read the vows for the double ring rites as the bridal couple stood before the altar decorated with white daisies, fern and candelabra.

Traditional wedding music was presented by Sgt. Donald M. Gillett, organist, who also played "Serenade" and "Cantilene Nuptiale."

Miss Dorothy Dunbar, who served as maid of honor, wore a muberry suit and a pink flowered hat. Her flowers were of pink carnations.

**Best Man**  
Lt. Seyman I. Mandel of MAAF attended the bridegroom as best man.

The bride chose a suit of powder blue fashioned with navy trim. Her accessories were in navy and she wore a shoulder corsage of gardenias.

A daughter of Mr. and Mrs. Albert Hornady of Wichita Falls, the bride attended the public schools in that city before enrolling at Texas Technological College in Lubbock.

Lt. Strickland, son of Mr. and Mrs. Robert E. Strickland of Lubbock, graduated from the high school in that city. He served with the 453rd Bomb Group in England nine months and in the Aleutians and South Pacific 48 months. He represents the city of Elmot, and Marian Parrish is to ride for Midland Army Air Field.

## Study Of Pacific Heard At Council

Mrs. Charles Klapproth was leader for a program on the topic, "Christian Pageants in the Pacific," at a meeting of the Woman's Council of the First Christian Church Monday afternoon in the church.

Mrs. J. H. Elder presided during the session and plans were made to sew and pack a box of clothing for the Juliette Fowler Home in Dallas at a meeting Monday at 1:30 p.m. at the church.

Following a devotional by Mrs. B. W. Reecer on "Seek Peace and Pursue It," Mrs. L. B. Pemberton discussed "Background of Philippine Life." Mrs. Delbert Downing gave "A Symposium of the Light of Freedom," and Mrs. J. E. Pickering presented a talk on "A Question of Independence" as the concluding parts on the afternoon program.

After the benediction, refreshments were served to those who appeared on the program, and the following: Mmes. S. P. Hall, Ella Ragsdale, George Ratliff, W. E. Price, Al Boring, John Casselman and Ivan Hood.

## Dance To Be Held Saturday Night For Cowgirl Sponsors

A dance honoring the Cowgirl Sponsors, here for the Midland Rodeo, has been planned for Saturday at 9 p.m. and will be held at the Crystal Ballroom of the Scharbauer Hotel.

All visitors here for the rodeo and army personnel are invited to attend this entertainment, sponsored by the Midland Jaycees.

## Will Ride For Snyder Ranch

Mrs. Judy Hays will represent the ZT Ranch of Snyder in the Cowgirl Sponsor contest at the Midland Rodeo, beginning Thursday night.

## Coming Events

### WEDNESDAY

The Grace Lutheran Parish Workers will meet at 2:30 p.m. at the home of Mrs. Palmer C. Ramsey, 320 East ADA Street in Odessa.

### THURSDAY

The Palatke Club will meet at 1 p.m. at the studio on North Colorado for a luncheon and business session.

Miss Velma Barrett of Odessa will be heard on the Midland County Library radio program at 4 p.m.

The Friendly Builders Class of the First Methodist Church will meet with Mrs. R. P. Duffield, 1811 West College, at 8 p.m.

## William J. Summy Missing In Action

Lt. William J. Summy, a B-29 navigator, has been missing in action since April 28. His parents, Mr. and Mrs. H. J. Summy, former residents of Midland, now live at Fort Worth. His father is division superintendent for the Sinclair-Prairie Oil Company.

## More Entries Are Received Here For Cowgirl Contest

Several new applications from entrants for the Cowgirl Sponsor Contest in the Midland Rodeo have been received at the Chamber of Commerce. The opening performance will be held at the Midland Fair Inc. at 9 p.m. Thursday and continue through Sunday.

One of the new cowgirl sponsors is Beth Knapp of Lockney. She is 20 years of age and has lived on a ranch near Lockney practically all of her life. Dude Barton will represent the city of Elmot, and Marian Parrish is to ride for Midland Army Air Field.

Also to participate in the contest is Mrs. Judy Hays of Snyder, who will represent the ZT Ranch, and Dorothy Yates of Stamford. Miss Yates, the 16-year old daughter of Mr. and Mrs. Harry Yates of Stamford, is in the junior class of high school.

Parma, named Coloma Julia Augustus Parma by the Emperor Augustus, was a Roman outpost in 183 B.C.

## Talk On 'Chile' Given At WMU

Mrs. Howard Bryant, wife of a Baptist Missionary to Chile, was the principal speaker at a meeting of the First Baptist Church WMU Monday afternoon at the church.

The meeting opened with the group singing the WMU hymn, "Lead On O' King Eternal." Mrs. J. M. White, retiring district WMU president, presented a devotional on the topic "The Mantle of Responsibility."

Mrs. Bryant compared the problems of women in Chile with those of America and urged all to consider more seriously the great commission. The Bryants have been in Chile for the last six years, and will return to that country some time during the month of July.

Members of the Mary Martha Circle served refreshments at a reception following the program. About 55 persons were present.

## 'Christian Home' Is Study Topic For Meeting Of WSCS

A program on the theme, "The Christian Home in Many Lands," was presented at the Woman's Society of Christian Service of the First Methodist Church under the direction of the Laura Haygood Circle Monday in the Scharbauer Educational Building.

Mrs. W. E. Chapman led the opening prayer after which Mrs. S. H. Hudkins discussed various points on "The American Christian Home." Other talks heard were: "Christian Homes in Africa," Mrs. Roy McKee; "Christian Homes in India and the Tremendous Task Facing Missionaries There," Mrs. B. H. Haag; "Contributions to Homes in Wartime" and a poem dedicating our homes and loved ones to God was read by Mrs. Hudkins. Prayers for homes and loved ones were offered as the closing part of the program.

Refreshments were served by members of the Winnie Prothro Circle. Those present were: Mmes. Haag, W. A. Black, F. A. Fannin, Chapman, Hudkins, McKee, Mollie McCormick, J. L. Barber, A. L. Armontrout, Nettie Crawford, E. H. Peyton, Clyde Gwyn, W. D. Hardgrove, Campbell, J. L. Tidwell, Jim Prothro, Stacey Allen and Frank Prothro.

## Miss Midland To Be Selected At War Bond Event

Some Midland girl will be chosen at the Yucca Theater's War Bond show June 20 to compete for the Miss America title and a \$5,000 scholarship. Clint Dunagan, president of the Texas Junior Chambers of Commerce, announced Tuesday. The state organization is sponsoring the contest being held over the state to select a Miss Texas to enter the national event in Atlantic City.

Any Midland business concern which purchases \$100 or more of War Bonds can sponsor an entry in the Midland event, and give the entry an opportunity to attend the state contest in Beaumont and possibly the national contest.

To be eligible to enter the contest a girl must be between the ages of 18 and 28 years and never have been married. She must possess some talent such as playing a musical instrument, singing, dancing or be able to give dramatic readings.

"This is a real opportunity for Midland girls," Dunagan said. "One of the girls entered will get to attend the state contest at Beaumont with all expenses paid by the Jaycees. If Miss Midland wins there she will get to attend the national contest with all expenses paid, and will be presented with a complete new wardrobe."

# Marriage is a Serious Business

By Randolph Ray

## When the War Bridegroom Returns

It is not only in things of the mind that the war bride can utilize the time while she waits for her husband to come home. The woman's basic contribution to the future is still that of preparing herself for a home. This includes learning to manage a house or apartment, to make it attractive, to cook meals which are agreeable and contain the proper nutrition, and to do so on a budget.

So many of our fighting men, perhaps just out of college, perhaps with one year or more of college, or a high school education, are going to return home un-equipped to earn a living. Their salaries, in most cases, are bound to be extremely small for some time. The war bride who understands that and is prepared to live economically and, if need be, to help earn the living, will be a better wife than the woman who is ill-equipped to handle money and who will demand of her husband a scale of living which he is unable to provide.

The day will come when the serviceman returns, when the war marriage will become a peacetime marriage, and when a man and woman, married perhaps in haste, must take up the job of learning to live together.

For long months, they have been separated. Their lives have followed totally different channels. It is a stranger who has come back, and intimate family life with a stranger is not easy. It has to be learned from the beginning, step by step.

For the war bride who has to make the psychological approach to a man of unknown qualities and potentialities, the greatest help will come with a clear understanding of the conditions which have brought about these changes in the man she married, and the experiences which have altered, perhaps, his character

and his personality, his sense of values, and the field of his interests. The extent of the changes will depend on many factors—on the nature of the experience to which the man has been subjected, on his emotional equilibrium, and on his age.

One thing is certain—this is no gentle boy who has returned. It is a man hardened by danger and horror. Sometimes, if the man is strong enough and wise enough, he has been able to hold onto his civilization, to keep his soul free of the primitive thing that war unleashes. Sometimes, he has given way to savage brutality and hatred and fear, and civilization has been stripped from him as completely as though he had not built it painfully for thousands of years. Sometimes, young and impressionable, brought up in an atmosphere of decency and kindness, the shock of horror and bloodshed is more than his spirit can bear. He believes no more in the decent and kindly things, and he is sick to death of the horrors. He has lost one set of values and has acquired no others to take their place.

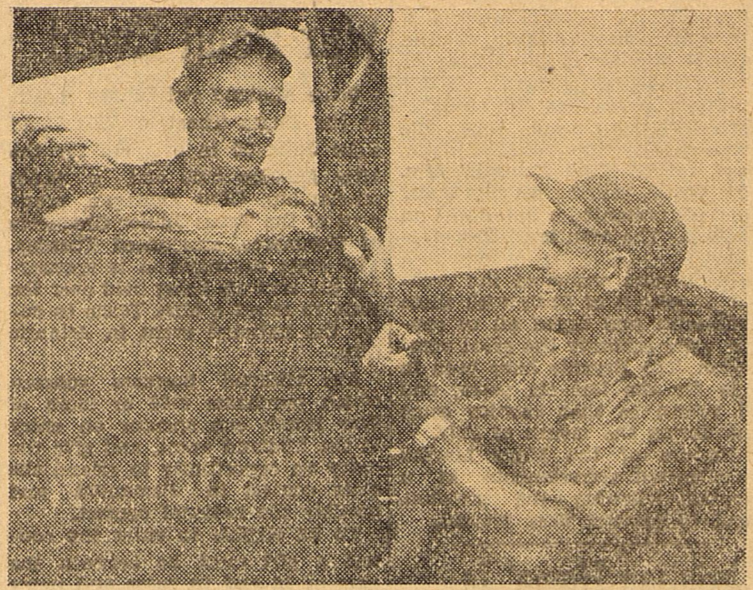

If these men, embittered or brutalized or shocked by the horrors of war, are to be readjusted to life in a world at peace, their well-being will rest, to a vast extent, on the understanding of their wives and on the efforts these women make to see that their lives together are happy during the first months.

One of the great lacks in marriage is the lack of common interests—nothing to talk about. The man who returns from the war is going to need interests to counteract the flat feeling of return to peace. Do you know what his interests are? Do you share them? Do you know how to develop others which you both can share?

An outside interest, a hobby which will be absorbing, can do a vast amount in helping a man to readjust himself to civil life.

**Next: The Bond of a Common Interest.**

## Hitchhiker Meets Brother In Pacific

James B. Lupton, carpenter's mate, first class, of Midland, Texas, thumbed a ride from a truck on a Pacific island road. The driver turned out to be his brother, John H. Lupton, painter, second class, of Colorado City, Texas, whom he had not seen for more than two years. Both have been with the Seabees since 1942.

## Jap Held Chinese Town Blasted By U. S. Air Force

CHUNGKING—(AP)—Eyewitnesses to the U. S. 14th Air Force attack Sunday on Japanese-held Liu-chow, former American air base city 430 miles southeast of Chungking, said Tuesday it was hit with one of the largest raids undertaken by Maj. Gen. Claire Chennault since last December.

The air blow was made in coordination with a Chinese drive against the rail center, a point in the now ruptured life line to Southeast Asia.

## McKENNEY ON BRIDGE

The New York Athletic Club ran off its annual Club Championship not long ago and it was won by Dr. E. W. Morehead and Charles Cahot.

I dropped in just to kibitz a few hands and saw Dr. Morehead handle a nice squeeze in making today's hand. The opening club lead was won with the king in dummy. Dummy then played the ten of diamonds, West covered with the jack and Morehead put on the king, East winning with the ace and immediately cashing the queen. At this point, East played a heart which was won in dummy with

## This Officer Should Be Introduced

SPRINGFIELD, ILL.—(AP)—U. S. Attorney Howard L. Doyle jumped from his seat in Federal Court when five men started to leave the courtroom and asked the judge whether he hadn't forgotten somebody—only four prisoners had been arraigned.

Judge Charles G. Briggle grinned, told the prosecutor it was about time he became acquainted with one of the five men—Joseph Wilson, new deputy marshal.

## Tire Quota Here Is Still Very Small

The tire quota for this OPA district is only 60 per cent of the average for the nation, officials of the Midland County War Price and Ration Board said Tuesday. The quota probably will not be large enough to take care of tire failures due to hot weather, the officials pointed out.

Motorists were urged to have their tires recapped when needed and to practice every tire conservation measure.

## HOLD EVERYTHING

"How long does this art exhibit last? I'm getting hungry!"

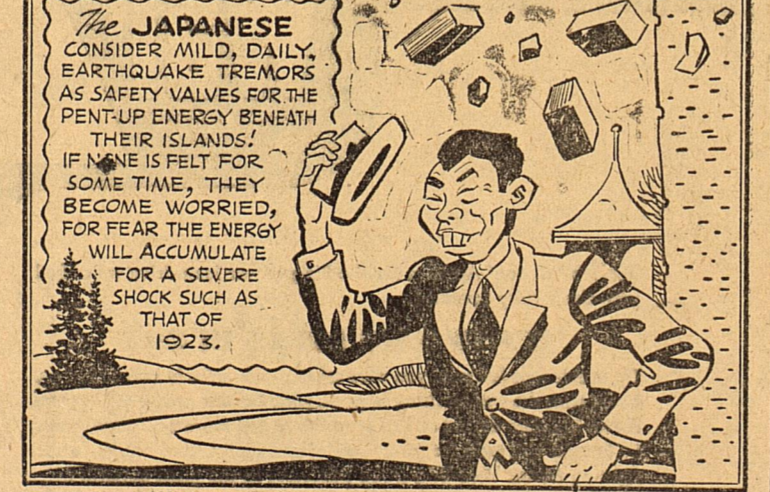

## Eggs And Fryers Hard To Get

Egg production in Midland County is only a fraction of what it was this time last year, R. A. Doran, Midland produce buyer, said Tuesday. He said he was getting less than 10 per cent of the eggs he was obtaining this time last year.

Fryers are scarce and practically all fryers eaten by Midland citizens must be imported, mainly from the Central Texas poultry producing section.

While fryers are scarce, hens are comparatively plentiful, Doran said.

## THIS CURIOUS WORLD By William Ferguson

## British Push On Toward Thailand

CALCUTTA—(AP)—Tank-supported British 14th Army troops have driven Japanese forces out of bunker positions 16 1/2 miles east of Toungoo and pushed them back another half mile through an extensive minefield, Southeast Asia Command Headquarters announced Tuesday.

This represented a gain of nearly five miles toward the Thailand border since Monday.

## On Criminal List

Dr. Bernhardt Rust, above, Hitler's minister for science and education, is considered by the United Nations War Crimes Commission as one of the leading German doctors responsible for "human guinea pig" vivisection experiments that took the lives of thousands of slave laborers and political prisoners.

## Young Kenneth Is Rather Careless

RICHMOND, CALIF.—(AP)—The parents of 18-months-old Kenneth Harnois may be forgiven if they think his latest playful trick wasn't cute.

Mrs. Julie Harnois, 29, asked police to help look for a purse containing \$900 in cash and the family's five ration books. She said Kenneth had thrown it from the car window on a busy street.

## France To Drill For Oil And Gas

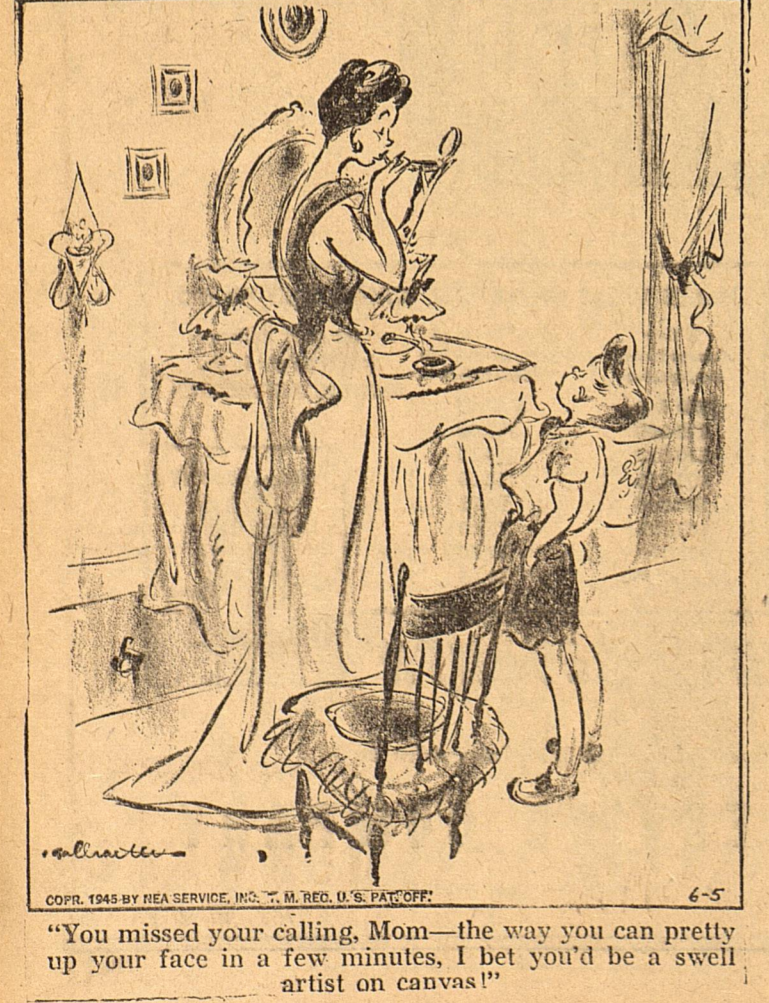

DALLAS—(AP)—Raymond Godet, member of a French government mission to the United States, is in Dallas to arrange contracts for drilling oil and gas wells in France.

Godet said he would be here several days seeking to engage American oil well drilling contractors to sink exploratory and development wells on 12 or more structures in his country.

## France To Drill For Oil And Gas

The Pan American Union started out in 1890 as the International Bureau of American Republics.

The purpose of the meeting is for the adoption or rejection of a proposal by the Directors of said Association that an amendment be made to Charter K by the addition

Republicans Want Changes in OPA Act

WASHINGTON (AP)—Six Republican members of the Senate Banking Committee demanded Tuesday that the Price Control Act be amended to insure producers, processors and manufacturers against loss.

When legislation extending price control another year past June 30 is called up in the Senate Wednesday, Senator Taft (R-Ohio) and five colleagues are ready to go to bat for changes they contend would "bring assurance to our economy and a protection in law upon which we can rely."

FREE ELECTIONS ARE PROMISED ARGENTINA

BUENOS AIRES (AP)—Gen. Edelmiro Farrell declared in a nationwide radio address that the Argentine government's international commitments "will be fulfilled loyally, since this is the desire of the people."

Marking the second anniversary of the revolution, Farrell said he was determined to carry out the military government's promise to restore constitutional government through free elections.

**Umpires Pay To See Ball Game**

ATLANTA—(P)—Steamboat Johnson and Frank Girard, Southern Association umpires, had an off day Monday.

So they took a busman's holiday. They attended the Mobile-Atlanta game.

Each had to buy a War Bond. It was the price of admittance. It was the first time the veteran Steamboat had ever paid to see a Southern Association game. And it was Girard's first time to see a game from the stands.

**Bill McKechnie's Weakness For Discarded Pitchers Pays Dividends**

By JACK HAND  
Associated Press Sports Writer  
Deacon Bill McKechnie's weakness for "washed up" discards of the major league stockpile is paying big dividends in the Cincinnati Reds' current eight-game win streak, longest active string in the big show.

Give Willy Bill a veteran pitcher who has been around and it's 2 to 1 he'll pop up as a winner in a Redleg uniform.

Joe Bowman is the latest example of the McKechnie touch. The 35-year-old righthander was tossed on the bone pile by the Athletics, Giants, Phillies, Pirates and Red Sox before Cincinnati picked him up by the waiver route a week ago. In his first start for McKechnie, Bowman whipped Brooklyn, in the

first game of Sunday's clean sweep. Walter (Boom Boom) Beck also qualifies for the class with two recent victories over the Phillies. As much as Detroit needed help for Hal Newhouser and Dizzy Trout, the Tigers decided Beck wouldn't do. The Phils and Dodgers had cut him loose years ago, but Cincy signed him and he's helping out in their hour of need. So is 44-year-old Hod Lisenbee, who started two decades ago.

**Reds On Upgrade**  
Now that Bucky Walters has snapped out of it and reeled off three wins in his last four outings, and Ed Heusser, another pickup from the big league ash can two years ago, has regained his early-season magic, McKechnie has his club on the upgrade.

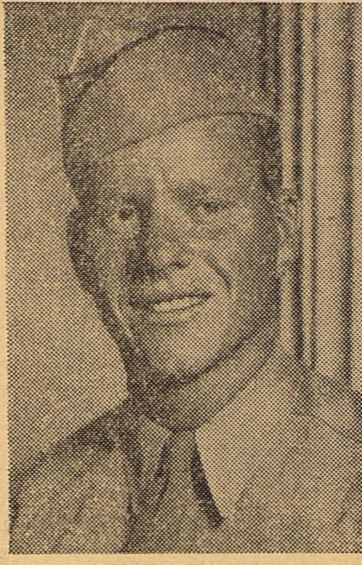

The Cincinnati fans, who have been so allergic to turnstiles that hardly 100,000 have paid, including 31,000 opening day, have been slow to accept the 1945 McKechnie version. They haven't warmed up yet but the win streak is bound to rekindle the spark, even if the pennant bug is absent.

With the majors resuming operations Tuesday after a day of inactivity, the Reds' victory string is endangered by the onrushing Pittsburgh Pirates who boast the best interseasonal record in baseball.

Counting the two East vs. West series, including a home series in each town, the Buccos have won 16 and lost 7, tops in the National and better than the St. Louis Browns' American high of 13-9 against the Red Sox, Yanks and Senators at home and abroad.

Advertise or be forgotten

**Promoted**

Sgt. Bert A. Streeter, son of Mrs. George Streeter, was promoted recently from corporal to sergeant. He is stationed at March Field, Calif. Streeter was graduated from Midland High School in 1941, and entered the Army June 10, 1943.

**Lightweights Ready For Friday Fight**

NEW YORK—(P)—Ike Williams, NBA lightweight champion, and Willie Joyce wind up heavy training Tuesday for their 10-round non-title bout at Madison Square Garden Friday night. It is their fourth meeting, with Joyce having won two of the three previous scraps.

The duck-billed dinosaur used his curious bill to gather aquatic vegetation.

**Banner Gets 11 To 1 Win Over Dunagan**

The Banner Creamery slammed out a 11 to 1 victory over Dunagan Sales in the first official game of the softball season Monday. The second game of the season will be played at 7:30 p.m. Tuesday at the softball field on South Main Street, with the Harris-Lockett team meeting the Reporter-Telegram.

Play in the junior league will get under way Monday, Gene McCollum, director of the summer recreation program, announced.

The summer swimming program will start Friday for the juniors. They will swim each Monday, Wednesday and Friday mornings at the city's Pagoda Park pool, McCollum said. They will meet Tuesday, Thursday and Saturday mornings at the high school gymnasium for free play.

**Back In 'States'**

Coast Guardsman Thomas McMullan, seaman first class of Midland, Texas, is back in the states after eight months sea duty aboard a Coast Guard manned Army freight and supply ship. A veteran of Pacific amphibious beach assaults, McMullan took part in the invasions of Leyte, Mindoro and Cape Gloucester. Prior to entering the service, he was associated with the Gulf Oil Company.

**Cherry May Coach Texas Longhorns**

By HAROLD V. RATLIFF  
Associated Press Sports Editor  
DALLAS—(P)—It's all speculation of course, because there has been no official action and the parties in question naturally would not be quoted even if there was an understanding, but from this corner it appears the next football coach at the University of Texas will be Blair Cherry, whose great teams at Amarillo High School brought him national note.

D. X. Bible is now coach at Texas and he certainly has done a fabulous job of bringing Longhorn football fortunes to the top. But indications are that D. X., who has been tutoring grid teams for more than 20 years, will retire from coaching in 1946 when his 10-year contract has run its course. Bible, the signs say, will continue as athletic director of the university.

**Sports Roundup**  
By Hugh S. Fullerton Jr.

NEW YORK—(P)—Senator Happy Chandler told New York scribes Monday the baseball commissioner-ship was "the only job I ever wanted—and I didn't ask for it." . . . That probably makes him the only guy who ever went around making campaign speeches just for the heck of it.

**One-Minute Sports Page**  
Col. E. R. Bradley sold Byme-abond when he was advised not to have a horse in the Kentucky Derby because of his ill health. . . . Then the Colonel's health improved and he got Burning Dream ready for the big race. . . . Burning Dream isn't considered the fastest horse on the grounds, but he is easily the best looking, having more the appearance of a show horse than a runner. . . . Virginia football authorities are discussing with Yale, Princeton and Penn for 1946 games, but the Cavaliers figure the Quakers might be too much for them.

When the War Department gets around to reviewing the status of Frankie Sinkwich, the Detroit Lions' fireball, wonder if the investigation will go back far enough to reveal that Frankie was turned down by the ROTC in his college days? . . . Four of Notre Dame's basketball regulars will be back in school next season, but South Bend fans still can't understand why Elmer Ripley isn't weeping over the loss of Vance Boryla. They feel it isn't like a Notre Dame coach to be cheerful.

**Happy Chandler Will Not Resign**  
NEW YORK—(P)—Senator A. B. "Happy" Chandler has squelched sub rosa reports that he would resign as commissioner of baseball. "I expect to be commissioner for life," he told New York baseball writer at a dinner in his honor Monday night. "That will set at rest talk of any successor for me."

**Fritzie Zivic Will Meet Zavalla**  
SAN ANTONIO—(P)—Cpl. Fritzie Zivic will meet Baby Zavalla of Mexico City June 12 in the first outdoor boxing show of the summer in San Antonio. Zivic, former world's welterweight champion, is stabled at Normoyle Field here.

**Most American War Prisoners Liberated**  
PARIS—(P)—The provost marshal's office of the European Theater announced Tuesday that virtually all American prisoners of war, including those in Russian-occupied areas, have been recovered and that more than two-thirds have departed for the United States.

The announcement said 89,776 recovered American prisoners were either en route home or awaiting transportation. Roughly 64,000 have been shipped home, it was said, and all except 3,000 to 4,000 of the remainder have been processed for shipment. "We feel confident that all of them will be en route home before the end of the month," it was stated by Lt. Col. W. P. Schweitzer, chief of the recovered Allied military personnel division.

**Treasury Salutes School Children**  
WASHINGTON—(P)—The Treasury Tuesday saluted the nation's school children, reporting that since August, 1944, their pennies, nickles, dimes and quarters have paid for \$107,741,730 worth of military equipment.

This equipment, each piece marked with the name of the school financing it through War Bond purchases, includes 7,866 ambulances, 115 hospital service planes, and 249 fighter planes.

In ancient China, when a guest entered a home he was given a leather glove as a symbol of welcome.

**BRIDE BY MISTAKE**

When you're buying boots, it's smart to let the mavericks find their own pasture while you tie up with a brand you'll be proud of — Acme — world's largest manufacturer of cowboy boots. Acme styles and Acme stamina have been tested in the slurrup — on the range and in the rodeo. They're tops for amblin' down the avenue or proddin' the palomino. Come in today and walk out in style . . . in a pair of distinctive Acme cowboy boots!

**\$11.50**
