NUMBER FORTY-THREE

Recent comments in the Free Press have generated a reaction from the Haskell County Commissioners Court. The reaction came in the form of a black eye and a broken pair of glasses for the author of this column. The two were a gift of County Commissioner R. L. (Jiggs) Edwards, Commissioner of Precinct 2.

The incident occurred Monday night at a social function in Haskell.

My first comment on the incident is that I severely question the mental capacity of an individual who resorts to physical violence over what was intended as constructive criticism. If he cannot communicate his thoughts of disapproval any better than a right fist to my left eye, what qualifications does he have to communicate your views in Commissioners Court?

Congressman Burleson gave the principal address at the dedication of Munday's new airport and was enroute back to Anson.

James Roberts of Andrews published the following in his "Drifting Sands" column last week. It is an item about a young fellow's essay on the human anatomy:

"Your head is kind of round and hard, and your brains are in it, and your hair is on it. Your face is the front of your head where you eat and make faces. Your neck is what keeps your head out of your collar. It's hard to keep clean.

Your shoulders are sort of shelves where you hook suspenders on them. Your stummick is something that if you don't eat often enough it hurts and spinnage won't help it none.

Your spine is the long bone in your back that keeps you from folding up.

Your back is always behind you no matter how quick you turn around!

Your arms you've got to have to pitch a ball with and also so you can reach the butter.

Your fingers stick out of your hand so you can throw a curve and hold a pencil when you addup 'rithmetic.

Your legs is what, if you have not got two of you can't get to first base—neither can your sister.

And that is all there is of you, except what's inside—and I never saw that."

The Free Press enjoyed two distinguished visitors this past week in the persons of State Representative Bill Heatly and Congressman Omar Burleson.

Rep. Heatly stopped for a short visit last Thursday and said that because of a busy schedule he would not have time to see any of his friends in Haskell. He asked us to relay his regrets that he did not get to see many people while here and to tell everyone hello for him.

Friday afternoon Congressman Burleson, accompanied by his aides Dale King and Larry King came in the office for a few minutes.

## Cyclethon Set For Heart Assn. Benefit

Members of the Haskell Chapter of the American Heart Association have announced that they will sponsor a Cyclethon October 30, in Haskell.

Judy Covington, president of the local chapter, said that there would be two age groups, 0-14 and 15 and over. She urged everyone to pick up

entry blanks at any school in the County or at Busters Drive In Grocery and began contacting sponsors.

Those entered in the Cyclethon must get pledges stating how much per mile an individual will give for the bicycle riding event.

All participants will meet October 30, at 9 a.m. at the parking lot of the Haskell National Bank to register. Actual riding will begin at about 9:30 p.m. Riders will go to Rule and back and must stop at check points along the way.

All riders must then collect the pledges and turn the money in to Carolyn Everett at Haskell National Bank by 3 p.m. November 12.

A complete list of all prizes and donors of prizes will be listed in next weeks issue of the Free Press.

## Bud Lane To Head Carter Ag Effort

The state Texans in Agriculture for Carter Committee has announced that Bud Lane of Haskell will head a special Haskell County organization to demonstrate strong agricultural and agribusiness support for Jimmy Carter's Presidential campaign.

Walter Richter of Austin, co-chairman of the Carter agricultural group, said "We are pleased to have Mr. Lane to join our Governor and other top state officials who have come out strongly for the Carter ticket which offers real hope for a change for our farmers and rural Texans."

Declaring that Carter is the first genuine farmer to run for President since Thomas Jefferson, Richter said "Jimmy Carter knows what it's like to make a living in the country. He will do what is right to keep our agriculture and our rural communities strong."

He said Governor Dolph Briscoe, Lt. Governor Bill Hobby, House Speaker Bill Clayton, Agriculture Commissioner John White, Land Commissioner Bob Armstrong and Attorney General John Hill are all rural land owners who recognize the knowledge and new leadership Jimmy Carter will offer to agriculture and the farmers and ranchers of the state and nation.

Richter said "Bud Lane is a proud addition to our Texans in Agriculture organization. With leaders like Mr. Lane we will have a strong margin of victory in our rural areas. That means we will carry Texas for Jimmy Carter."

## Enrollment At WTC From 58 Counties

SNYDER—Fifty-eight Texas counties are represented in the fall enrollment at Western Texas College, Dr. Duane Hood, Dean of Student Services and Registrar, said.

There are also 18 students from states outside Texas and four students from Iran.

Freshmen outnumber sophomores by 797 to 266, and a large number of students (417) are attending college for the first time. Male students outnumber female students by eight. Only one time in its six-year history has WTC had more female than male students. That was in 1975 when female students outnumbered male students by 37.

There are 160 veterans attending WTC this fall, a decline of 15 from the previous fall when veteran enrollment reached its highest level.

Enrollment from counties in the immediate Scurry County area is as follows:

Fisher 45; Garza 29; Howard 2; Haskell 43; Jones 43; Kent 7; Lubbock 15; Mitchell 78; Nolan 180; Scurry 492; and Taylor 15.

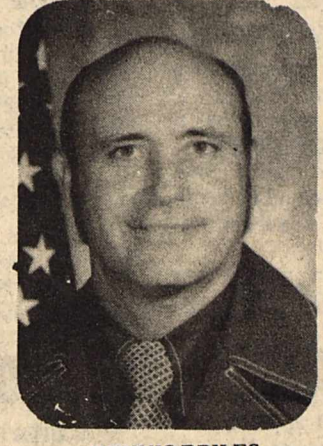

## Tragic Accident Claims Three Rule Residents

BY OLETA CORNELIUS  
RULE CORRESPONDENT

The town of Rule was thrown into shock and sadness last Saturday morning upon hearing of the death of three residents of Rule, Dennis Briles, his wife, Wanda and Mrs. Briles sister, Mrs. Elsie Kittley were all killed in a car-truck crash three miles east of Newcastle on highway 380 at 8:35 a.m. Saturday morning, October 16th. The trio were on their way to see the Briles' son Art, a sophomore who plays split end for the University of Houston, play at Dallas.

Their eastbound car was in a head-on collision with a westbound truck driven by Lowry Ero, 25, of Jacksboro. Ero received a broken arm and minor injuries.

The Briles were raised in Rule and had returned to Rule to teach and live in 1970. Mr. Briles, 44 was born November

DENNIS BRILES

WANDA BRILES

5, 1931 at Rule and had lived here 25 years. He graduated from Rule High School and was a 1959 graduate of West Texas State University of Canyon.

Briles taught at Kermit Junior High School for two years before moving to Abilene where he taught at Lincoln Junior High as a history teacher and assistant football coach in 1961 and became head coach in 1968 and won the city title that fall. After the 1969 season Briles accepted the job of principal and head football coach at Rule High School in 1970. He led the Bobcats to their first district championship in 21

## Sec. of State Compliments Tax Assessor

Secretary of State Mark White today stated that Haskell County is one of several Texas counties showing an exceptionally low voter registration error rate.

White said Haskell County's low error rate demonstrated the competence and dedication of the people in the county tax assessor-collector's office who are involved with voter registration.

The error rate associated with each county is a reflection of how accurate their data is concerning basic information such as name, permanent address, sex, effective date of registration, and certificate number.

White added that he believes Texas will have more registered voters for the November 2 General Election than at any time in history. Much credit for this, he said, is due to the dedicated efforts of local county tax assessor-collectors.

years. Under Briles Rule won or tied for four district championships and two bi-district titles. The best year was 1973 when the Bobcats battled their way to the Class B finals before losing to Big Sandy 26-0. That season Rule was 13-1. At one stage, his football teams played in 43 straight games where they scored. His record against Class A schools was 18-5. Briles coaching career ran through the spring of 1975 when he resigned from the coaching profession, but retained his principal job to devote more time to school administration work.

Briles also coached junior high football and his teams were 41-1-1. Five seasons his teams went undefeated. As boys basketball coach, Briles won 180 of the 260 games his teams played. He also coached the track team to its first state championship in 1971.

Briles taught classes at Rule High School as well as serving as principal and was senior class sponsor. Briles and Jasper Wilson shared the honor of being selected as Rule's Men of the Year in 1974 and in April of 1976, he was elected to serve as mayor of Rule. He was a member of the Rule Lions Club and had served as president of that organization. He was a member of the First Baptist Church of Rule and a Mason. He served in the U.S. Navy in the Korean War and also farmed. He had taught for 18 years and held an office in the Haskell County T.S.T.A.

He married Wanda McCain, July 17, 1952, in Rule. Survivors include two sons, Eddie, a graduate student at West Texas State University in Canyon and Art, a sophomore student at the University of Houston; three brothers, Dudley and Darrell of Odessa and Darrell of Throckmorton; and one sister, Mrs. Doris Carroll of Weinert. Mrs. Briles was born

ARCHIE CRIM crossed the goal line for three touchdowns last Friday to lead the Indians in their 56-0 victory over the Aspermont Hornets. The Indians travel to Munday this Friday night. (Staff Photo by Don Comedy)

## INDIANS BLAST HORNETS, 56-0

The Haskell Indians continued their winning ways by destroying the Aspermont Hornets by the score of 56 to 0. This victory brought their season record to 5 victories and 1 defeat and their conference record to 3 and 0. The Indians so dominated the game that they were never forced to punt. The only hindrance to the hard charging Indian offense was penalties as the Indians amassed 197 yards in walk-offs.

The Indians travel to Munday this Friday for a 7:30 contest with the Moguls. The Moguls have a season record of 3 wins, one loss, and 2 ties. They have an excellent defense record and a good halfback in 205 pound Robert Spels. This should be a much closer contest for the Indians than the previous three.

Last Friday night, the Indians were a little slow in getting untracked fumbling away their first two opportunities, but then the flood gates opened. Archie Crim started it off with an 89 yard pass-run TD from Gary McAdams. On the PAT, the Indians ran a fake, with Crim scoring. On the ensuing kickoff, the Hornet runner was pinned behind the goal line to make the score 10 to 0 at the end of the 1st quarter.

On their first possession in

the 2nd quarter, the Indians drove downfield with Hise plunging in from the one yard line. The PAT failed. On the next possession, the Indians again scored on a McAdams to Crim pass for 20 yards. McAdams kicked the PAT, making the score at the halftime 23 to 0.

To open the second half, Kelvin Marshall, who again topped the 100 yard marker with 141 strides in 14 carries, caught a pass from McAdams and dashed 33 yards to the end zone. On the next possession, Jimmy Browning dashed 39 yards for another Haskell TD, making the score 36 to 0 following McAdams PAT kick. Browning made several outstanding blocks to clear the way for other Haskell runners. The junior halfback is making an excellent open field blocker.

In the fourth quarter Ronnie Hise scored on a 14 yard run breaking several tackles on the way with McAdams adding the PAT. Then Archie Crim, who split time between 3 offense positions during the game, made a brilliant 30 yard run blessed with good blocking for still another TD. McAdams kicked PAT. The last TD of the evening was a run around right end by Crim for 30 yards. PAT by Marshall failed making the score 56-0.

Outstanding on defense for the Indians were Archie Crim, David Tidwell, Frank Jordan, and Kyle Markey, while the 3 Indians with the highest grades on offense were Crim, McAdams, and Ronnie Hise.

The Indians with this victory matched Hamlin's record. They are now getting to the tougher part of their schedule. Munday has an excellent defensive team and a good offense. They have played tough opponents and still have a glimmer of hope for a district championship. It should be very interesting next Friday night at Mogul Field.

**CARD OF THANKS**  
It seems that words fail when we try to express our love and gratitude to each of you in the time of such deep sorrow in the passing of our precious mother, grandmother sister and aunt. There were so many acts of kindness shown us during her stay in the hospital and at the passing. We want to thank Dr. Cadenhead and Dr. Thigpen for all they did for her, and to all the nurses that waited on her and for being so sweet and kind. Also thanks to Mr. McCauley and the Funeral Home staff, and thanks to Reverend Jimmy Griffith for all his comforting words. Each visit and each card were appreciated so very much and for all the good food that was brought to the house and to the Church and for those who served this food. We were so grateful for the beautiful floral tribute to her memory. Thanks for each prayer that was said. We felt there were many. We still covet your prayers. If and when such sorrow comes your way, may you be comforted with just sweet friends we have had. May God bless each of you is our prayer. The family of Grace Andrews. 43p

**WASHINGTON**  
"As It Looks from Here"  
**OMAR BURLESON** Congressman—17th District

**WASHINGTON, D.C.—THE AMERICAN FEDERATION OF GOVERNMENT EMPLOYEES**, an affiliate of the AFL-CIO, met here in Washington a few days and had on its agenda the matter of unionizing the Armed Forces—the Army, Navy, Air Force and the Marine Corps. **IF THIS SOUNDS ABSURD**—it is. If it is dismissed as impossible—it isn't. To ignore the idea is to lend encouragement to the effort which will doubtless continue. **LEGISLATION HAS BEEN INTRODUCED** in the Congress to prohibit the unionization of our military forces which, though not publicized, dampened the enthusiasm of the national union's leaders from developing the issue at their recent convention. It faded out as not being practical as this time but it certainly does not mean that the plan is dead.

**THE BILLS INTRODUCED WILL NOT BE CONSIDERED** in the days left in this expiring Congress but will be reintroduced in the new Session beginning next January. **IT IS OBVIOUS THAT IF THE AFGE UNION COULD ENLIST** the membership of more than two million men and women in uniforms, their political power, which is already tremendous, would be greatly enhanced. Its power is already felt throughout Government and when, and if, the Hatch Act is repealed, nearly three million Federal workers will be free to participate in political activity. This again will be another issue in the next Congress.

**IT IS ARGUED BY THE SUPPORTERS** of unionizing the Armed Forces that, because we now have volunteers instead of conscription, it is the same as private employment. Actually and fundamentally, the issue is whether the Government or a union is going to determine who runs the military and foreign policy of the U. S. Imagine our military personnel going on strike at the order of union leaders. Under such circumstances, the unions could refuse to let soldiers make an all-night march because conditions were too harsh or the Marines were out of shape because their shop stewards insisted that physical training is too strenuous. Beyond this, it might become possible that fighters and bombers be grounded until a new contract was negotiated.

**IN SAN FRANCISCO LAST YEAR**, when firemen went on strike, the National Guard was called out to fight fires and save lives. It is a picture of horror to imagine that both might be on strike when your house was one fire.

**MAYBE ALL THIS IS A LITTLE PREPOSTEROUS** at the time but the fact remains that this is the ambition of the union which already controls large numbers of Government employees at all levels. The power to strike essential public services has already paralyzed some cities. It is a fear in the hearts of public officials who have, for political reasons, caved in to the union's demands. This is a major reason why some of the big cities across the Nation are worse than broke, notably New York City. These cities are run by the unions, not by the elected representatives of the people. The cities of New York, San Francisco and Detroit can hardly afford to pay garbage collectors from \$25,000 to \$30,000 and big pensions on an early retirement.

**IT IS A MATTER OF**

**WHETHER OR NOT** the Federal Government will eventually be run in the same way and, more seriously, as to whether our military defense will depend on what a union orders members of the armed services to do. The idea of the union organizers is not simply to provide collective bargaining but to require compulsory membership when they volunteer their services.

**VA News**  
A once-a-year Veterans Administration payment totaling more than \$9 million was mailed recently to disabled veterans who wear prostheses. Annual clothing allowance checks for \$175 have been mailed to almost 52,000 service-disabled veterans, the VA Regional Director, Jack Coker, reported today. Veterans compensated by the VA for service-connected disabilities, requiring use of prosthetic or orthopedic appliances, receive the allowance to offset expenses incurred in wear and tear on clothing. Appliances considered include artificial limbs, braces and wheelchairs. Coker explained that after initial application, veterans on VA compensation rolls receive the annual allowance automatically. Military retirees with disabilities requiring use of prosthetic devices, but who are not receiving VA compensation, must make application each year for the clothing allowance. Retirees are not required to waive any portion of their retirement pay to receive the allowance, Coker noted.

She helped in the organization of the Haskell-Knox Consortium and had worked in it seven years and taught in the classroom at Rule High School for five years. She was secretary for the 1975-76 Homecoming Association, was a member of the First Baptist Church and held an office in the Haskell County T.S.T.A. Association.  
 Survivors include two sons, Eddie and Art; a sister, Maybelle Yarbrough of Coalinga, California and a brother, Ollie Gerald McCain of El Paso.  
 Mrs. Kittley, the former Elsie McCain, was born July 14, 1910, in Rule and lived here all of her life. She was a former telephone operator. She married W. O. (Bill) Kittley October 10, 1925. He

preceded her in death in 1974. Mrs. Kittley raised her younger sister, Wanda after their mother died in childbirth. Close to the Briles sons, they looked upon her as a beloved grandmother. Mrs. Kittley was a member of the First Baptist Church of Rule. Survivors include a sister, Maybelle Yarbrough of Coalinga, California; a brother, Ollie Gerald McCain of El Paso; and two foster grandchildren, Edward Duane Briles and Arthur Ray Briles.  
 A memorial fund has been set up in the Briles name by the board of trustees and superintendent of Rule High School, Lavon Beakley. Persons can make contributions to the fund at Mr. Beakley's office or at the Farmers National Bank in Rule.  
 Services were held Monday, October 18th, at 2 p.m. in the Rule High School auditorium. Rev. J. R. Williams, pastor of the First Baptist Church and John Greeson, minister of the Rule Church of Christ officiated for the triple services. Burial was in the Rule Cemetery.

I was reading the October, 1976 TEXAS PARKS AND WILDLIFE Magazine the other night, and came across some very interesting facts that every hunter should know.  
 "Around the turn of the century, indiscriminate slaughter by commercial meat and hide hunters and ignorance of habitat requirements almost caused the deer's extermination. The establishment of bag limits and closed seasons, and protection by landowners, sportsmen and the newly hired game wardens helped the herd recover. Research and management programs financed by the sportsmen's licenses have enabled the herd to reach its present estimated level of 3,100,000 whitetails, and 150,000 mule deer. Last year's harvest, estimated at 349,000 whitetails and 11,000 mule deers could be increased substantially without endangering the present population."  
 However, our game laws and bag limits are set for the protection of the herd and the continued improvement of the herd. Soil Conservationists throughout Texas are working with Game Wardens and local landowners in the improvement of deer habitat. With your help in obeying game laws, Mr. Sportsman, and the continued interest of landowners in the improvement of deer and other wildlife habitat there will come a day in the not too distant future, when bag limits may be increased.  
 The population of quail and dove are also on the increase due to careful hunting and improved habitat. A population count is almost next to impossible to make as only 2% to 3% of both quail and dove ever reach maturity due to natural predators, diseases, and other causes of death in the young birds.  
 The article went on to describe hunting pressures on squirrel, javelina, pronghorns and bighorns.  
 J. C. Yeary, Jr.  
 District Conservationist

charge of field operations for the Animal and Plant Health Inspection Service (APHIS) Screwworm Eradication Program.  
 Three cases were verified in Haskell County during September bringing the County total to five this year.  
 September samples brought Texas' total for the year to 19,975 cases. This compares to 9,381 by the same date last year, and 71,651, the first nine months of 1972. So far this year Arizona has recorded 132 cases, Arkansas 2, New Mexico 68, and Oklahoma 53.  
 On the basis of samples submitted by ranchers during September, heaviest Texas screwworm populations are in the hill country and west into Pecos and Brewster counties, comments Novy. Case reporting has declined drastically in most of South Texas where only Hidalgo and Brooks counties recorded more than 100 identified screwworm cases.  
 Novy adds that verbal reports by South Texas ranchers indicate a severe problem exists in the area, but case reports give evidence the screwworm population has declined drastically over the area.  
 Screwworms are larvae of the screwworm fly. Adult females of this species deposit batches of about 250 eggs on edges of wounds in any warm blooded animal.  
 The Screwworm Eradication Program is based on the sterile male concept. Female screwworm flies mate only once in their lifetimes.  
 Screwworm flies, reared in the APHIS insectary, are sterilized by nuclear irradiation. Screwworm fly populations are located by lab identification of maggots collected by livestock owners.  
 Sterile flies are then released to mate with wild flies. Eggs produced as the result of a sterile to fertile mating will not hatch, ending the life cycle.

**Mental Retardation**  
 Editor—This is one of a series of articles about Mental Retardation prepared by Mrs. Eugene Cochran and the Public Education Committee of the Texas Association for Retarded Citizens.

**SHOULD A RETARDED PERSON OWN PROPERTY?**  
 It is generally agreed that it is undesirable for a retarded person to receive substantial funds or to possess property. There are several reasons:  
 1. In many states, institutional charges are higher or applied only to those retarded persons who have estates left to them outright; 2. It is felt that the inexperienced retarded person will have more financial responsibility than he can handle; 3. If the appointment of a guardian is found necessary, the estate passes to the probate court where financial management will be more rigid than parents may desire.  
 Property, therefore, should not be willed directly to a retarded person, in most cases. It is also felt that a retarded person should not be the beneficiary of a life insurance policy.  
 If your child is not competent to handle his own funds, it is well to advise relatives not to leave money, property or insurance benefits directly to your child. Well-meaning and concerned relatives do this in many cases with unanticipated financial problems for the retarded person.

## \$9 Million In Sales Taxes Recovered

AUSTIN—Comptroller Bob Bullock said Friday that his auditors turned up more than \$9 million in additional local sales taxes owed Texas cities and towns during fiscal 1976, more than double the amount turned up the two previous fiscal years.

Bullock said city sales tax audit production during the fiscal year ending Aug. 31 was \$9,056,072, compared to about \$4.5 million each of the two previous fiscal years.

The Comptroller Friday also mailed checks totaling \$9.1 million to 478 cities and towns as their October rebate of the one-cent city sales tax.

He added that city sales tax rebates have totaled \$239.1 million so far this year, well ahead of the \$209.2 million rebated during the same period in 1975.

To start National Business Women's Week, Haskell's Business & Professional Women's Club met for breakfast at the Haskell Steak House, Sunday, October 17.

President, Callie Robison, welcomed members and guests. Dora Montgomery gave the invocation and Nettie McCollum introduced the speaker, Retha Mullins, who spoke on an Outstanding Young Christian Woman, Anita Bryant. Mrs. Bryant has sung 14 times at the White House for both Republican and Democratic presidents.

The tables were centered with autumn leaves and roses brought from Tyler by Nettie McCollum and Madalyn Hunt. Thirteen members and three guests attended.

## Creamy King Crab Chowder

Convenience and good flavor join to create this creamy King Crab Chowder. Juicy chunks of Alaska King crab permeate the rich chowder made in an instant with canned soups.

The unique combination of tomato and green pea soups complements the delicate flavor of the crab. Additional seasonings include chicken bouillon, green pepper and sherry.

Caught off the Alaskan coast, the King crab is available in both the canned or frozen form. The delicious, snowy-white crab meat with bright red striations is fully cooked, cleaned and ready to use right from the can or package. Simply defrost the crab, if frozen, drain and slice against the grain with a sharp knife.

**King Crab Chowder**

- 1 can (7-1/2 oz.) Alaska King crab or 1/2 pound frozen Alaska King crab
- 1 can (10-3/4 oz.) tomato soup, undiluted
- 1 can (11-1/2 oz.) green pea soup, undiluted
- 2 cups chicken bouillon
- 1/2 cup heavy cream
- 1/4 cup diced green pepper
- 1 tablespoon sherry wine
- 1 tablespoon chopped parsley

Drain canned crab or defrost and drain frozen crab, reserving a few pieces for garnish. Slice crab with sharp knife. Combine tomato soup, pea soup, and bouillon. Bring to boil. Add crab, cream, green pepper and sherry. Heat gently, stirring until just heated through. Garnish with reserved pieces of crab and parsley. Serves 4.

## HYH Holds Meeting

On October 18 at 7:30 p.m. all the HYH goblins, ghosts, witches and cats met at the Homemaking Cottage to stir together some brew.

President Debbie Earles called the meeting to order and welcomed visitors. They were Beverly SoRelle, Shirley Wheeler, Debbie Merchant, Kathy Futch, Brenda McCabe, Glenda Van Horn and Linda Sicore.

Pat Grand gave the inspirational. Debbie then turned the meeting over to vice president Laura Alsbrook who introduced the speaker for the evening, Bro. Amburn, pastor of the Assembly of God Church in Haskell presented the program. He spoke on the subject of "Women in God's Plan."

At the conclusion of the program a short business meeting was held to discuss a next club meeting Nov. 15. Muriel Nanny and Gerry Larned were presented with gifts for their new babies by Paula Everett.

Louise Thornhill won the door prize for the evening. After the business meeting Hostess, Louise Thornhill-head witch, Scharlyn Hudson, Doris Watson and Peggy Darden served refreshments of hot spiced tea and Halloween decorated cookies.

The next club meeting will be Monday, Nov. 15 at the Homemaking Cottage with Anita Herren presenting the program on water colors.

## 4H CLUB

October 18, the Beehives 4-H girls met at the County Extension Office. Officers were elected for the coming year. They are Shannon Lane-president; Donna Gilleland-vice president; Melinda Blakley-secretary; and Karen Campbell-reporter and Kathy Kemp. Beehives will meet every Monday at 4:00 p.m. The project is Foods and Nutrition.

The Rookie Cooks met last Thursday to discuss plans for a Halloween party and also to talk about plans for future meetings.

This was their second meeting. On the first meeting the girls made chocolate chip cookies. Holly McBroom is the president of the group and Missy Briscoe is secretary-treasurer. Shawna Welch is in charge of committees and appointing chores. Two new members joined. They are Denise Young and Kami Medina. Their leader is Kerry Kemp.

The girls are planning a Halloween party for Oct. 28 and are going to make chocolate fondue. They are working towards Jan. 8, 1977 which is the date for the food show. This year's food show theme is gourmet foods.

The Betty Crocker Bunch met recently with Miehle Stout presiding. Holli High called roll and read the minutes. The program consisted of a trip to the grocery store where the group compared prices. When they returned from the store, they made "Wrapples" and learned about the four food groups.

## SO YOU CAN KNOW US BETTER

INTRODUCING . . .

## TO SERVE YOU BETTER

Mary Lou, (Mrs. Ronald) Landes, is the friendly little brunette who greets you when you enter the door of the Agri-Loan Department in Haskell National Bank. She "directs traffic" in that area, setting up appointments for farm loans, and doing secretarial and filing work for the officers in that section. She is currently serving her second "tour of duty" with H.N.B., having worked the first time for eighteen months during 1974-1975. At that time, she was Executive Secretary and Receptionist in the main lobby of the bank, and did a very fine job in every way. She felt that she should devote more time to her family, so H.N.B. reluctantly let her leave for awhile. When it was decided that the Agri-Loan section should be made into a separate division, Lou was persuaded to return to H.N.B. in October of 1975. She began the tedious task (under the supervision of Royce Williams) of setting up the necessary bookkeeping and secretarial facilities for the new department. In addition, Lou acts as secretary for the Directors, and this entails doing the reports for the monthly meetings. A detailed report of all bank transactions for the preceding month must be typed: all loans made, expense checks issued, liquidity, overdrafts, cash items, and various other operations, is prepared for each of the eight directors. After each meeting, the minutes must be recorded in exact detail. Lou handles all these duties in a most relaxed and "unflustered" manner, taking time to give each customer that extra personal attention.

Mary Lou is the daughter of Mr. and Mrs. J. A. Neely of Rotan. She attended school there all but her Senior year, and was graduated from Roby High School. She worked for an accountant in Rotan, then later for West Texas Utilities Company, there. Lou is married to Ronald Landes, and they moved to Rule about four and one half years ago, where they own and operate Landes Lumber and Supply.

Lou and Ronald have two daughters, Lori, age 9, a Rule Elementary School student, and Traci, age 4. They live eight miles northwest of Rule, but will be building a home in Rule in the near future. Lou and Ronald presently are attending classes of Western Texas Junior College, being taught in Haskell, and Lou is taking an A.I.B. course, also. They are members of Rule's First Baptist Church, where they both sing in the choir, and help with Training Union.

## Kenneth Tooley Receives Award

Kenneth Tooley, executive vice president of the Texas Association of Life Underwriters, has been awarded the C. Carney Smith Award presented by the National Association of Life Underwriters for the advancement of professionalism in association management.

Tooley, who was also named chairman of the Association Executives Advisory Council of NALU, was one of four winners selected to receive the first award of this kind. Other recipients were Helen C. Hottenbacher, executive secretary for the Baltimore, Md., ALU for 54 years; Spencer L. McCarty, CLU, retired executive vice president, New York State ALU; and William F. Leax, executive director, Pittsburgh, Pa., ALU.

As chairman of the Association Executives Advisory Council, Tooley heads a six-person committee charged with the responsibility of reviewing national programs and activities and to make recommendations to the NALU staff and board of trustees. Duties also include responsibility for the annual Association Executives Conference held in conjunction with the NALU convention. He will be chairing the conference scheduled in Dallas in September 1977.

Tooley, who has been the TALU executive for 10 years, was appointed to the advisory council two years ago for a three-year term.

## Josselet HDC Holds Meeting

The Josselet Home Demonstration Club met Oct. 12, in the home of Mrs. Clyde Bland.

Mrs. Carl Bailey, presided at the meeting. Mrs. Barbara Elliott gave a program on table setting and how to make your table and food attractive when serving food. Nutrition on labeling was given by Kim Campbell.

Mrs. Eldon Anderson gave the council report. The delegates will give their report Oct. 20 in Mrs. Elliott's office.

Refreshments were served by Mrs. Bland to 17 members and 3 guests.

The next meeting will be held November 9, in the home of Mrs. Martha Toliver, 1005 N. 6th.

Fabric stains caused by fruit juices, artificially sweetened soft drinks or alcoholic beverages are sometimes invisible. Prolonged storage or heat used in drying or pressing caramelizes the sugar, causing a noticeable yellow, tan or brown stain. As soon as these stains are known, they should be sponged with rubbing alcohol or diluted bleach as safe for the fabric, reminds Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

HERE'S TO YOUR HEALTH

from Kenneth Jones

Two research doctors, studying the effect of smoking on body reflexes found the reflexes reduced by as much as two-thirds within four minutes after healthy young men began smoking high-nicotine cigarettes. The reflexes usually were not back to normal until 20 minutes after smoking ceased. The obvious conclusion from the U of Michigan tests is that mental and physical reactions are hampered by cigarette smoking. It is good to note that teenage smoking has greatly reduced during recent years.

## HARVEST PUMPKIN BREAD—A BEST SELLER

If you're looking for something special to bake for the fall bazaar and later, for gift giving, try Harvest Pumpkin Bread. This raisin filled quick bread is moist, keeps well and tastes wonderfully good. Bite-size crispy wheat squares are the surprise ingredient.

One timely tip—better make an extra loaf for the family. The tempting fragrance of the baking bread is sure to lure everyone to the kitchen. You may well have trouble holding on to those tagged for the bazaar.

### HARVEST PUMPKIN BREAD

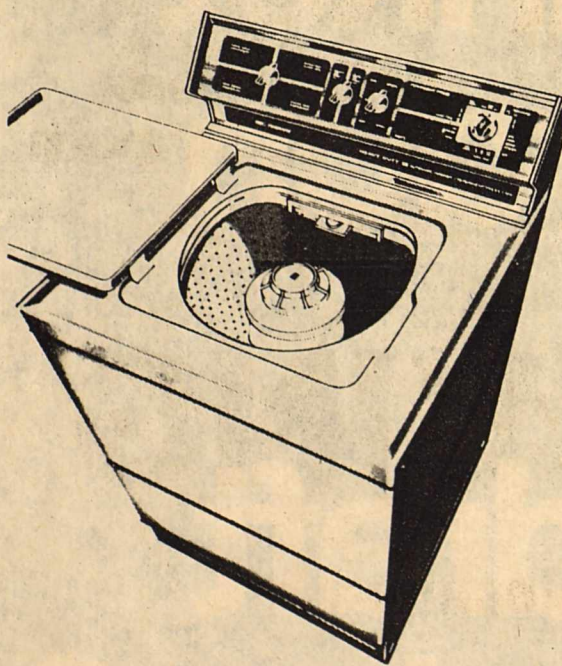

- 2 1/2 cups sifted all-purpose flour
- 2 1/2 teaspoons baking powder
- 1 teaspoon salt
- 1/2 teaspoon baking soda
- 1/2 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 2 eggs, beaten
- 1/2 cup milk
- 1/4 cup vegetable oil
- 1 cup canned pumpkin
- 1 1/4 cups firmly packed brown sugar
- 1 1/2 cups Wheat Chex cereal (bite-size crispy wheat squares) crushed to 3/4 cup
- 3/4 cup dark raisins, coarsely chopped

Preheat oven to 350°. Grease a 9 x 5 x 3-inch loaf pan. Sift together flour, baking powder, salt, baking soda and spices. Combine eggs, milk, oil, pumpkin and brown sugar. Stir in cereal and raisins. Add dry ingredients all at once. Stir just until moistened. Turn into pan. Bake 50-60 minutes or until tester inserted in center comes out clean. Let cool 15 minutes before removing from pan. Makes 1 loaf.

## Home Laundry

- ★ Avoid wasting hot water while laundering. Use the cold and warm water settings as much as possible to cut down on the energy needed to heat water.
- ★ Use the water level control on your washer. You should use less hot water for small loads.
- ★ Follow detergent instructions carefully. Over-sudsing makes your washing machine motor work harder than it needs to.
- ★ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.

Branding with confetti is making things rougher for grain thieves. Grain producers are picking up the old practice of marking small slips of paper with identifying numbers and mixing the confetti with their stored grain crop. According to producers who have been using the confetti method for some time, it takes only about seven pounds of the paper to adequately mark and identify 50,000 bushels of grain. Although the small slips of paper are virtually impossible for thieves to separate from the grain, mill operators report they have no problem in removing the confetti during their washing process. Agricultural authorities in areas where the grain identification program is used extensively report a remarkable decline in the number of grain thefts.

leading rusher, Joseph Browning seemed to confuse the Warriors. They were never able to untrack their offense and finally succumbed 14 to 0. This loss drops their season record to 3 wins and 2 losses. Both the 7th and 8th grade teams will play at Haskell this Thursday against Aspermont, starting at 5 p.m.

The Junior Varsity also played Munday last Thursday night. This team, made up mostly of sophomores, defeated the opposition to the tune of 56 to 6. The Junior Varsity remains undefeated, having allowed only 2 touchdowns all season. This team continues to play tough offense and aggressive defense.

The Freshmen played Anson Saturday morning at Anson. The score was 14-0 Anson, which drops Haskell's record to one win, two losses, and one tie. Freshmen will be idle this week. At this writing the coaching staff was looking for a replacement game for the Junior Varsity; Aspermont was forced to cancel for lack of numbers.

## Den Leaders Hold Meeting

Den leaders of the Haskell Cub Scouts met October 19, with Cubmaster Larry Gilliam.

The purpose of the meeting was to discuss the program for the monthly pack meeting which will be held October 26 at 7:30 p.m. in the Elementary School Cafeteria. All parents are encouraged to attend this meeting with their cub scouts.

During the meeting the group also made arrangements to attend the "push-mobile Derby" which will be held October 24, on the K-Mart parking lot in Abilene at 2:30 p.m.

### 60th Wedding Anniversary

In commemoration of Mr. and Mrs. Ed Fouts' sixtieth wedding anniversary, their three daughters, Gladys, Frances and Eddy Bess were hostesses to relatives and friends Saturday and Sunday at 607 N. Ave. G. The two days were spent very informally, taking pictures, playing games, and reminiscing past experiences and having a good time just visiting. It will be a long-remembered occasion for those attending.

Those enjoying the occasion were: Mr. and Mrs. Wilton Davis and Darise, Mr. and Mrs. Raymond Smith, Mr. and Mrs. David Spearman all of Dallas. Mr. and Mrs. Bill Lee of Wichita Falls, Bill Lee and Karen Ward of Lubbock, Mrs. Robin Fisher, San Antonio, Mr. and Mrs. Glenn

Power and Johnny of San Antonio. Mr. and Mrs. Randy O'Neal of Abilene, Mrs. Kenneth Thornton of Haskell. Mr. and Mrs. Huey Horton and sons of Haskell, Dr. and Mrs. Barry O'Neal called from Little Rock, Ark. to convey happy anniversary wishes to their grandparents.

### Luther League Holds Meeting

The Luther League met October 3. They elected officers and they are: Hollis Howard-president; Jo Ann Weise-secretary; Betsy Opitz-treasurer.

October 17 they met at the Trinity Lutheran Church at 4:00 p.m. They went to Abilene and ate at Crystal's and then went to see "Benji's Life Story" and "Hawmps." Everyone enjoyed the movie.

**ENGAGEMENT ANNOUNCED**—Mr. and Mrs. Milford Dunnam of Everman have announced the engagement and approaching marriage of their daughter, Nelwyn Elaine to Mr. David Layle Rose of Fort Worth. David is the son of Mr. and Mrs. Delbert Rose of Fort Worth and the grandson of Mrs. A. B. Arnett of Rule and Mrs. Opal Rose of Haskell. The wedding will be November 13th in the Everman United Methodist Church.

### Gift Tea Honors Miss Barbee

Miss Jami Barbee, bride-elect of Steve Anders, was honored with a gift tea October 16, in the home of Mrs. Wallace Allison between the hours of 3 to 4:30 p.m.

Mrs. Allison greeted guests at the door and presented them to the honoree, her mother, Mrs. J. R. Barbee, the prospective groom's mother Mrs. Norris Anders and Mrs. Allie Mae Anderson, grandmother of the bride-elect. The honoree wore a beige floral dress with a white carnation corsage.

Mrs. Kenny Ivy registered guests in the Bride's Book at a small round table laid with a white linen cloth with a white net overlay trimmed with lace. Small blue ribbon bows were attached to the lace. A white milkglass vase held miniature blue roses with white stock and greenery. Around the vase were white wedding bells with blue ribbon.

The serving table was laid with a white knit cloth and an overlay of white scalloped lace. Centerpiece was a large wooden lazy susan holding an assortment of nuts and mints, with the top of the lazy susan holding an arrangement of wooden fruit. Cheese burger balls, pizza bites, assortment of cookies, moca punch and coffee were served to the guests by Miss Cynthia Carroll and Miss Jan Allison both of Lubbock. Serving appointments were wood and silver.

Showing gifts were Meses. Festus Hunt, Norvell Lehmann, Rayberne Oliver and Eugene Rhoads. Other members of the houseparty were Meses. Bill Bowles, Joann Carroll, Carl Hertel, Novis Ousley, D. G. Pendleton, Roy Dean Smith, Jasper Wilson and Lee Roy Wilson.

Miss Barbee and Mr. Anders will exchange marriage vows on Friday, November 26th at 6 p.m. in the First Baptist Church of Rule.

# Sagerton News

Many from our community paid their respects at the Memorial Service for Dennis and Wanda Briles and Elsie Kittley at the Rule High Auditorium on Monday. Coach Briles had helped build character in the lives of many of our young people in the past seven years, and he was respected by many.

Monday, October 25, the Golden Agers will meet at the Sagerton Community Center and Mrs. Leonard Kieke, Mrs. Leland Thane, and Mrs. Clarence Teichelman will be hostesses. They will meet at 3 p.m. All Golden Agers from the surrounding communities are invited, especially those with October birthdays.

Mr. and Mrs. Alvin Bredthauer, Mr. and Mrs. Herbert Nierdieck and Melissa, of Sagerton and Mr. and Mrs. Ernest Bredthauer and Tony Carter of Rule were guests in the home of Mr. and Mrs. Alfred Bredthauer in Stamford for dinner Sunday.

Mr. and Mrs. Leonard Kieke went to Breckenridge over the weekend to visit with Mr. and Mrs. Johnny Kieke and family.

Mrs. John L. Brooks was in Spur over the weekend to visit with Mrs. Clota Engleman.

Mr. and Mrs. Steve Clark of

Big Spring were guests of the Charles Clarks over the weekend.

Guests in the home of Mr. and Mrs. Elmer Boedeker Sunday were Mrs. Mary Schonertedt and Mrs. Emma Lammert of Stamford, Mr. and Mrs. Herman Nauert and Leland Nauert of Stamford, Mr. and Mrs. Anton Teichelman and Mrs. Will Stegemoeller. The occasion was a birthday party for Mrs. Boedeker whose birthday was Monday.

The Women of Faith Lutheran Church packed up and sent off 25 school kits which they made from heavy cotton material and filled with school supplies to be sent to foreign missions. Miss Lillian Neinst is chairman of the group.

We are happy to report that our Community Park and Fairview Cemetery were both mowed recently and look very nice.

## LETTERS TO THE EDITOR

Dear Editor:

I would like to take this letter to urge all the churches in this surrounding area to check up and read the facts concerning the cult of Sun Myung Moon and inform their congregations and especially inform their young people as to the dangers of this man and his "Unification Church". In the Oct. *Christian Herald* Dr. George Swope relates how his daughter was abducted from the sect and successfully deprogrammed. He is an ordained minister and professor of psychology and this is quoting from his article: Quote: Question: How do these young people see their future? Ten years from now what do they expect to be doing? Swope said, "My daughter expected to be teaching congressmen. It is a very political outfit, and they have probably 50-100 Moonies in Washington full time. Every politician of any significance in Washington has had a Moonie assigned to him. Carl Albert has a girl assigned to him and she helps out in the office, gives him a flower every day, serves him tea, meditates in a corner of his office. They're not just playing games: they are there to persuade. In his inner-circle lectures Moon declared that 300 of their prettiest girls must be assigned, three to each senator; one for the campaign, one for diplomacy, and one for the parties". Moon said pretty girls can overcome senators, interesting in light of recent developments. Moon does not believe in democracy. During Watergate he said Nixon should have the authority to dissolve Congress. He urged Nixon not to quit. Two days after Nixon resigned, Moon said that if the President had understood that Moon's voice was the voice of God, he would not have resigned." end of quote.

All this sums up to is the fact we as Christians must each day pray for our leaders. On the last day of April this year, some young men were in Haskell selling bars of candy for their church, and no telling how many people mistook them as local highschoolers selling candy for a local church. If you paid by check you can see that it was for their Unification Church up north. Let us as citizens be more careful about who we buy from, and make sure that we know it is our own local kids. Check up on the facts about Sun Moon. There is a lot to scare you and make you glad you did check up.

Name withheld by request.

Dear Editor:  
I understand the recent comments in the newspaper brought a foolish and indefensible action by the County Commissioner in Precinct #2, who was elected to represent the people and is charged with the administration of a very responsible office.  
When a member of our local

government resorts to physical violence and has no respect for constructive criticism, it makes the people of Haskell County want to take a second look at all of our county government.

I appreciate your column in the paper and I feel that any action concerning our county should be made public.

Name withheld by request

Dear Editor:  
I enjoyed reading the Haskell Free Press more last week than any issue since Mr. Carter left. I especially enjoyed reading your column, "Pipe Smoke."

As County taxpayers we have a right to know what is being done with our tax dollars and I appreciate your attempts to inform us.

Please do not print my name on this letter.

Dear Don:  
I would like to commend you on your article in last week's Haskell Free Press. I thought that it was a superb job of presenting the facts to the

county of Haskell as a whole. I regret the incident that occurred with one of the commissioners. It only showed the type of persons that comprise the court. I'm glad that you weren't hurt. It shows a much bigger man not to retaliate in the same barbaric manner. I only hope that this rekindles the fire in you to finish the job that you have started for the people of Haskell's sake.

Thanking you, I remain Respectfully yours,  
Frankie SoRelle III

## Five Accidents Investigated In September

The Texas Highway Patrol investigated five accidents on rural highways in Haskell County during the month of September, 1976 according to Sergeant Jircik, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident

summary for this county during the first nine months of 1976 shows a total of \*55 accidents resulting in \*two persons killed and \*24 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September 1976, shows a total of 567 accidents resulting in 15 persons killed and 306 injured, as compared to September 1975, with 551 accidents resulting in 29 persons killed and 314 persons injured. This was 16 more accidents, 14 less killed, and eight less injured in 1976 at the same period of time.

The 15 traffic deaths for the month of September 1976, occurred in the following counties: Three each in Potter; Two each in Wise, one each in Donley, Deaf Smith, Lubbock, Dallam, Gray, Moore, Wilbarger, Knox, Parker, Wichita.

\*One late report on a fatal accident August 29, 1976. One person killed and one person injured.

### BOBCATS NIP EAGLES BY ONE

The Rule Bobcats hosted the Chillicothe Eagles last Friday night in a game that was anything but dull.

The Eagles took the opening kickoff and fumbled, but recovered. Rule received the ball on downs and fumbled with Chillicothe recovering. They made two first downs before relinquishing the ball again on downs. Rule took the ball on the first play. Ronnie Oliver scampered 54 yards to score with 5:22 left in the first quarter. The PAT was no good.

Following two turn overs, Chillicothe's Mark Johnson retaliated with six points,

scoring from the three yard line with 1:07 left in the first quarter. The kick by Tony Martinez was good and made the score Chillicothe 7-Rule 6. Rule took the kick off and on the first play, Terry Lee threw a 32 yard pass to split end Jerry Tumlinson who ran forty yards for pay dirt. Leonard Menchaca ran the extra points over to make the score Rule 14-Chillicothe 7 at the end of the first quarter.

The Eagles took the ball at the start of the second quarter and drove to the ten yard line of Rule when Horace Forbs ran around right end to score for the Eagles. Martinez made the PAT good and tied the score 14-14. The Eagles recovered a Rule fumble, but was forced to turn the ball over on downs and Rule was in possession of the ball when time ran out for the half.

In the third quarter the Eagles made three first downs and then scored on a run from the 25 yard line, but a penalty nullified the play. Rule drove to the thirty yard line of Chillicothe before giving the ball up on downs. The Eagles took the ball and drove toward the Rule goal line and scored on a 25 yard run just seconds into the fourth quarter. The PAT was no good, but the Eagles led 20-14.

Rule received the ball and had a pass intercepted by the Eagles. They drove toward Rule's goal line again and a pass put them on Rule's 25 yard line when they relinquished the ball on downs. Following another turnover, Rule has the ball again on their 40 yard line when Ronnie Oliver carries around left end and zig zags down the field 60 yards to score for Rule. The kick by Jerry Tumlinson is good, making the score Rule 21-Chillicothe 20.

About fifteen minutes of confusion held up the game as penalties were given. One player was asked to leave and after much discussion, he was allowed to return to the game.

The rest of the quarter was a series of turnovers with Rule in possession of the ball as time ran out.

Chillicothe received a total of twelve penalties for 145 yards with the majority of the penalties being for unsportsman like conduct.

Rule is now 1-5-1 for the year and this week faces a tough battle with the Rochester Steers in Steer Stadium.

### KITTENS OVER KITTENS

The Rule Bobcat Kittens won their sixth game of the year by beating the Goree Wildcat Kittens 32-14, last

Tuesday night in Bobcat Stadium.

The Bobcat Kittens were outplayed the first half and were behind 8-0. They came back the second half on a pass from David Lisle to Danny Kittley for an eight yard touchdown. Lisle then passed to Leon Greeson for the two point conversion to make it 8-8. Goree came back and ran sixty yards for a touchdown, but missed making the extra point try and led, 14-8.

David Lisle then came back to score from twelve yards out and also ran the extra point to make the score 16-14. Leon Greeson later on intercepted a Goree pass and ran it back sixty yards for a touchdown. David Lisle ran the extra point over, making the score 24-14.

In the last quarter, Leon Greeson ran forty yards for the last touchdown and Lisle again ran the extra point across, making the final score 32-14.

Rule backs were able to pick up good yardage in the second half on some good blocking from the offensive line. These boys did a good job of blocking: Wes Jones, Terry Threet, Fred Benavides, Marc Thane, Rod Petty, Casey Hannsz, Jay Beakley and Cary Hannsz.

The Kittens had an open date this week and have two games left for the season. October 26th, they host Rochester at 7 p.m. and then on November 2nd, they host Newcastle for their last game of the year.

### HAPPY BIRTHDAY

Mrs. A. F. (Dora) West celebrated her 92nd birthday October 14. Mrs. West was born October 14, 1884 in Clay County, Alabama and moved to Texas in 1892 and lived in Moody thirteen years before moving to Haskell County to live at Old Marcy, a town which used to be three miles west of Rochester but now gone.

Mrs. West, the daughter of the late Mr. and Mrs. W. L. Ray, met her husband at the Valley Church near Moody. They lived near Moody and then moved to East Texas for two years and then to Haskell County where he farmed. Mrs. West married at the age of sixteen. She commented on the many changes she had seen in the world. She told of attending Sunday School and church in a wagon pulled by oxen, of the many washers of clothes put out on a rub board and the making of cotton sacks to pick cotton. Her parents were married for sixty three years and she said they were present to help her late husband and her when they celebrated their fiftieth wedding anniversary. Mr. West died in 1964 at the age of 85. He farmed at Jud 29 years before moving to Rule.

Mrs. West lives alone and does all of her house work. She loves flowers and works in

her yard some. Her hobby is canning and putting vegetables in the freezer. As far as she knows, Mrs. West is the oldest resident living in Rule. She has six children; Pete West of Carlsbad, N.M., Sam West of Lubbock, Mrs. L. A. Todd of Wichita Falls, Ned West of Rochester, Mrs. Bill Anderson of Brownfield and W. T. West of Lubbock. She has one sister, Mrs. Lester Burke of Seymour and one brother, Clarence Ray of Rule. Mrs. West is a member of the Methodist Church.

## Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

### Another Dismal Showing . . . Up and Down . . . Range Conditions Good.

While farm production of many commodities is at record levels, farm prices continue to slide.

The Texas Crop and Livestock Reporting Service notes that farm parity for September was 70. That is a decline of one per cent from a month ago, and is nine per cent lower than a year ago.

Individual crop prices, except for cotton, are also showing declines as are all categories of livestock.

Hogs and cotton are the two biggest extremes. Hog prices as of mid-September averaged \$38.20 to Texas producers. A year ago, hog prices were at \$56.50 per hundredweight.

Cotton is averaging slightly more than 62 cents a pound. A year ago, cotton was 42 cents a pound.

Only one commodity - oats - continues above parity. Everything else is below that ratio.

Wheat prices averaged \$2.87 in the state. Parity is \$4.89. A year ago, wheat was selling for \$3.98 per bushel in the state.

Grain sorghum averaged \$4.16 as of the middle of September. A year ago that commodity was selling for \$5.49 per hundredweight.

Peanuts this mid-September were selling for 16 cents a pound. A year ago they were bringing 18 cents per pound.

The same story is true for livestock. Beef cattle averaged \$30.50 in mid-September; a year ago they averaged \$32.10. Calves averaged \$30.80 this past month; parity for calves is \$67.50.

Sheep and lamb prices are below parity levels.

Broiler and turkey prices are also under what they were selling for a year ago.

**IT'S AN UP AND DOWN SITUATION** for sheep and lamb feeding in the state. As of Oct. 1, Texas drylot sheep feeders with a capacity of 2,000 head or more had 68,000 sheep and lambs on feed for slaughter.

This is 28 per cent below a year ago, but is one per cent above last month.

Sheep and lambs marketed for slaughter during September totaled 25,000 head which is 29 per cent less than intended marketings.

Current intentions to market are 33,000 during October, 16,000 during November and 15,000 during December.

November and December intentions are incomplete since additional lambs could still be placed on feed.

**RANGE CONDITIONS** over most of the state are reported in good to average condition. Soil moisture is adequate in most counties.

Wheat fields in most areas are growing well. However, army worms have been reported in most wheat sections of the state. Planting of the crop is now about 50 per cent complete.

Oats are up to a good stand in most areas, although army worms are a problem.

ary Alice Jones read the minutes of the last meeting and they were accepted.

Gwen Hobbs brought information concerning preschool playground equipment and following discussion, the Young Homemakers decided to raise funds to purchase and donate some preschool playground equipment for the Rule City Park.

In other business, the Rule Chamber of Commerce asked the Young Homemakers if they would help sponsor a pep rally parade for the youngsters in Rule around Christmas. Discussion was held and decided to table the idea until more information could be had.

Guest speaker for the meeting was Joyce Eisel, associated with the American National Red Cross, Red River Regional Blood Program. She spoke to the members concerning the blood mobile in

Rule. A filmstrip was shown entitled, "Recycle Your Blood Recycle Life." The film showed some of the excuses persons use for not giving blood and then explained why it is important for everyone able to donate to do so.

Persons eligible are those 17 (parental consent required for 17 year old) through 66 years old, weigh at least 110 pounds, having eight weeks elapsed since the last donation, not donated six times in a year and be in good health. There are five steps to donating your blood. The first step is registration, at which time you receive a card which indicates your blood type. Persons need to carry this card with them so that future donations can be recorded. The second step is when your temperature is taken. This is one of several necessary preliminaries which determine whether you should donate.

The third step is when a registered nurse takes a brief medical history and checks your pulse, hemoglobin and blood pressure. Every precaution is taken to protect you and assure safe blood for recipients. The fourth step is the blood donation itself which takes only six to twelve minutes. The fifth step is following donation, one relaxes for awhile. Red Cross volunteers serve cookies and juice which helps replace fluids.

The blood you donate will last only twenty one days and this is where the need arises for continual donations of blood. The bloodmobile is how

the Red Cross achieves this goal. The human body has ten to thirteen pints of blood. When you donate one unit (approximately one pint), your body immediately starts to replace this lost blood and in only twenty four hours your blood volume will be 100% again. Not living in a cube and excluding others needs were brought out in the filmstrip. A person is permanently deferred if he has had hepatitis, heart trouble, jaundice or cancer.

Following the program, president Judy New announced that the November 22, meeting at 7:30 p.m. would be held in the high school library. At this time Martha Harmon and other ladies work all year preparing different recipes and different ways of packaging the products. Her programs are always very unique and special. This meeting will be open to the ladies of the community who would like to attend.

Following the program refreshments were served by Brenda Sedberry and Gwen Hobbs.

### 4-H GALLOPING GOURMETS

A group met October 7th and 14th. On the 7th, the group elected officers and a name for their organization and decided to call it the Galloping Gourmets.

Officers elected were: president-Lisa Baird; vice president-Barbara Oliver, secretary and treasurer-Carla Marquis; and reporter and historian-Mikeana Wilcox. Other members of the Galloping Gourmets are Leigh Ann Greeson, Charlene Hicks, Christine Kutch, Barbara Hicks, Julie Lee, Debra Norwood and Shannon Lusk. Adult leaders are Mrs. John Greeson and Mrs. Boyd Baird. Junior leader is Tauniya White.

In the October 14th meeting the group played a game the junior leader had made. Following the game, a cooking lesson was discussed and then refreshments were served to the group.

### U.M.W.

The United Methodist Women of the Rule First United Methodist Church, visited in the Rice Springs Care Home October 12 and brought a program of devotional and singing.

The women led the group in singing and then Mrs. A. R. Eaton led in prayer. Following the prayer, Mrs. Olis Macon brought a devotion of the wonders of the earth created

by God. She closed her devotional with prayer and then the group enjoyed more wonderful singing. Mrs. O. G. Lewis and Mrs. Corky Wilson accompanied the group on the piano.

### BUSY BEES

Mrs. M. L. Powell was hostess to members of the Rule Busy Bee Club October 14th, at 3 p.m. in her home. Mrs. C. E. Franklin presented the opening exercises entitled, "Cowboy's Prayer." Secretary Mrs. Olis Macon read the minutes which were approved and led the group in the roll call which members answered with good deeds they had done in the last two weeks.

Mrs. H. H. Hines president, presided over the program and business. Cookies had been carried to Rice Springs Care Home in Haskell by Mrs. W. V. Almond and Mrs. Cameron Sprayberry. Happy Birthday was sung to Mrs. Arthur Williams in honor of that occasion. A total of thirty nine visits were reported made to the sick and shut-ins and ten dishes of food carried to the sick and lonely.

Handcraft displayed by members included pictures in a foil frame and foiled plaques, refrigerator twenty two cut in half to make a flower pot, hand painted china plate, bamboo plaque, a white double knit tablecloth and ornamental butterflies made out of art foam. Mrs. Olis Macon told of a recently completed trip to Canada and other places. She thought the height of her trip was the beautiful scenery and the farming.

Following the program, refreshments of cake, cookies, tidbits and punch were served from a table laid with a white double knit cloth and an arrangement of red roses centered on the table. Members attending were Mmes. J. J. Wheeler, W. R. Mason, Arthur Williams, A. B. Arnett, Olis Macon, C. E. Franklin, H. H. Hines, and the hostess. Members will meet next with Mrs. H. H. Hines on Wednesday, October 27 at 3 p.m.
