HASKELL, TEXAS, 79521, THURSDAY, JUNE 30, 1977

NUMBER TWENTY-SIX

# issioners View Seal Coating

Members of the Commissioners Court of Haskell County met Tuesday in the County Courthouse with all members present.

Members of the court studied price estimates for an underground lawn sprinkler system for the court house and when the estimates ranged from \$3,000.00 to over \$5,000. 00, members of the Court agreed to look at the possibility of placing pumps in two existing wells and using part time help in watering the lawn. The discussion arose when problems with vandalism made it impractical to leave unattended water hoses and sprinklers at night. The estimates were higher than

expected by the court and alternatives are being sought. The tax rate for 1978 was also discussed and members of the court tentatively agreed to set the tax rate at .75 per one-hundred dollar valuation pending final approval of the

budget. Commissioners voted to close courthouse offices July

4, in observance of Independance Day. Dan Shipley, engineer re-

presenting the West Central Texas Council of Governments, met with the members of the court by request to examine the seal coating project which was underway on the Jim Strain Road in Prec. 3.

Members of the court were not satisfied with the project and while meeting with the contractor, discussed several of the problems which have been encountered. The contractor voiced a desire to be released from the contract after satisfactory completion of the work already underway. Members of the court agreed to consider the request if submitted in writing. The contractor stated that the present project should be completed Wednesday.

# City Council **Holds Meeting**

Members of the Haskell City Council met in regular session Tuesday night in the Haskell City Hall with Mayor Belton Duncan presiding and all members present.

Following the call to order the invocation was given by Councilman Loraine Johnson. Minutes of the previous meeting were read and appr-

Billy Jacob representing Yeatts and Decker, met with the council to report on the construction of the new sewer plant. Jacob stated that the plant was over 50 per cent completed and construction He informed members of the council that since a portion of the funds used in constructing the plant are Federal grants, that the method of charging for sewer usage must be changed. He presented a proposed ordinance to the council which will base sewer rates on a portion of the water consumed. The ordinance must be approved by Federal agencies before the council can adopt it and further information will be presented as it becomes available.

Hershall Moore, of Austin, met with the council and entered into contract with the City on behalf of his law firm and the colleciton of delinqu-

ent taxes. Christene Green also met with the council to discuss water, sewer and garbage rates and collection methods at the Oates Drug Store building. She plans to open Potpourri Fashions there soon. The new business will be a beauty shop. Councilman Bob Philpot, water commissioner, agreed to meet at the building to attempt to solve problems encountered.

Members of the Council also agreed to pay raises for city employees. The raises were based on duties performed and the individual percentages varied but amounted to an average of approximately 6 per cent.

### NOTICE

There will not be a sale Saturday at Haskell Livestock Auction according to James Powell. The next sale will be held July 9, with hogs selling at 10:30 a.m. and cattle at 12

# Church of Christ Sets Annual Singing School

Students will begin arriving soon for the twelfth annual Haskell Singing School to be held June 4-15th. The school, which is under the oversight of the elders of the Haskell Church of Christ, Haskell. Texas, is anticipating a record enrollment. Last year's enrollment was one of the largest with approximately 150 students. Young people from all sections of the country participate regularly in the school. States represented last year were: Texas, Oklahoma, New Mexico, Arizona and California. Students have come from as far away as New Hampshire and Virginia to attend the well-known school.

Holland Boring, Sr. of Bryan will direct this session of the school. He has assumed this responsibility sinced the school's beginning. Other instructors will be: Holland Boring, Jr., minister, Grand Prairie; Bob Connell, minister from Abilene; Tom Chapin, minister from Amarillo and Bobby Simpson of Haskell.

A unique feature of the Haskell Singing School is that all students are housed with local Christian families. In these individual homes they eat their morning and evening meals, rest, prepare for the following day's classes, help with assigned chores and participate in nightly devotionals. In essence, for a two-week period, they become a part of another Christian family whom they learn to love, made up of "fosterparents" and other young people. It is a concept that has proven most successful in the

ten year history of the school. Anyone 10 years of age and older is invited to attend. The purpose of the school is to improve congregational singing by training all Christians interested. Special emphasis is given to song leading. There are additional courses, however, in song reading, rudiments, song writing, etc. The school is for men and women, boys and girls. Cost of

attending the two-week school is \$35.00 tuition, \$55.00 room and board and approximately \$5.00 for other materials (text

# Certification of Crops Required

The Haskell County Agricultural Stabilization and Conservation Service (ASCS) has recently received notice that all acreages of cotton, wheat, barley, grain sorghum, and corn must be certified by July 15. (THIS APPLIES TO ALL FARMS REGARDLESS OF WHETHER OR NOT THE FARM HAS AN ALLOT-MENT). The reason for this certification of all crops is that the Senate and House of Representatives have proposed farm bills which provide that if a set-aside is put into effect for 1978, the acreage required to be set-aside, as a condition of eligibility for program benefits, may be based on a percentage of the acreage planted for harvest in 1977. Failure to certify could result in the farm being ineligible for program benefits in 1978. ASCS reminds producers that the use of this acreage will depend on the farm program that is finally approved for 1978, and if a

set-aside is put into effect. Reliable sources have informed local ASCS offices that regardless of the program approved, this 1977 acreage will not be used for the purpose of establishing allotments.

Producers are urged to come in to their local County ASCS Office and certify all crops planted for 1977. Each field has to be certified individually and producers are asked to certify as soon as possible in order to avoid the last minute waiting lines.

The Haskell County ASCS Office will be closed all day Monday, July 4, 1977, in observance of the Independence Day Holiday.

books, etc.) Additional information or application forms may be obtained by writing Haskell Church of Christ, 510 N. Av E, Haskell, Texas, 79521. Telephone (817) 864-3101 or

864-2772.

### TDA To Offer **Pesticide Test**

The Texas Department of Agriculture (TDA) will offer testing for area commercial pesticide applicators beginning at 8:30 a.m., June 30, in Haskell.

"The pesticide tests will be conducted following training sessions being offered June 28-29 by the Texas Agricultural Extension Service," Agriculture Commissioner Reagan V. Brown explained. Both the training sessions and testing will be conducted at the Haskell National Bank's Community Center.

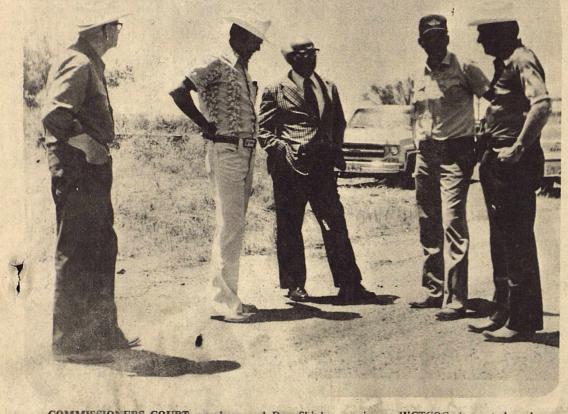

Testing, coordinated by TDA entomologists, will be provided for four categories:1) general, 2) fruit, nut and vegetable, 3) weed and brush control, and 4) field crop pest control. Applicators wishing to take the tests may sign up during the training session and pay their fees at that time. While there is no charge for the general test, a \$10 fee will be assessed for each other

Individuals who pass the tests will then be eligible to make application for licensing as a commercial or non-commercial applicator of restricted-

use pesticides. By Oct. 21. 1977, a license will be required for purchasing and using restricted pesticides to be identified by the Environmental Protection Agency (EPA). By the October deadline, the EPA plans to have categorized some 1,400 plesticide ingredients for either restricted or non-restrict-

A NEW DIRECTOR began duties at the Haskell Railroad Museum this week. Shown in the museum are I to r, Rex Felker, manager Chamber of Commerce; County Judge B.O. Roberson; Mary Hollingsworth, new director; Aubrey Headstream, historical committee; Opal Adkins, historical committee; Dr. T.W. Williams, historical committee; Clara Baird, histroical committee; and Steve Thompson, WCTCOG. Thompson assisted in the hiring of the new director with funds from a Federal program. The museum will be open Tuesday thur Saturday from 8 a.m. to 5 p.m. Objects of interest should be brought to the museum. There is no admission but donations are (Staff Photo)

COMMISSIONERS COURT members and Dan Shipley, engineer, WCTCCG, inspected seal coating on the Jim Strain Road Tuesday afternoon. Shown are I to r, C.E. Tidwell, C. A. Turnbow, Shipley, J.R. Perry, and B.O. Roberson, also present for the inspection but not pictured was R.L.

# Screwworm Case Confirm

Mr. Russell Green of the Screwworm Eradication Program of Texas has reported to Max Stapleton, County Extension Agent that a screwworm egg mass has been verified by the USDA Animal Health Inspection Service at Mission, Texas. The speciman was taken from a baby calf June 13th by the Brasdo Cattle Co., nine miles northeast of Stam-

ford in the Paint Creek Community. Mr. Green urges all livestock producers to be on the alert and collect all samples of worms found and send in to Mission, Texas.

Speciman bottles can be picked up at the County Agent's Office.

Thirteen counties have had screwworms verified in the state this year. Haskell County

#### **Drive Safely** This 4th

The Fourth-of-July holiday period was the deadliest 3-day weekend of last year. Fiftyfive traffic related deaths were recorded in Texas. Statistics also show July to be the heaviest traveled month of

Mindful of the long weekend and increased travel. Governor Dolph Briscoe asked Texans to rally to face the problem of traffic accidents. Said Briscoe, "Texans pride themselves on their sense of individual responsibility. If they are properly informed of a problem, it is my conviction they will respond positively and quickly. The fatality rate on our streets and highways during the Fourth-of-July holiday must be considered a critical problem facing all Texans. Any real solution depends on each of us taking full responsibility for his own behavior behind the wheel," said the Governor.

Briscoe's Traffic Safety Representative, Ken Nevil, said if motorists would not rush they would have a much better chance of survival as they travel. "Interstate accidents have increased by 45, percent over last year. This is due to several factors includ-

ing increased travel, disregard for speed limits, heavy alcohol use and the like. Frequently, drivers concentrate on their holiday fun rather than the heavy responsibility of maneuvering an automobile. As drivers, we must anticipate the unexpected and be prepared to react. We must rely upon good judgement and skills. But, we must be compassionate in our driving. The basic rules are: leave early enough for trips, limit the use of alcohol, maintain moderate speed and keep totally alert to potential traffice hazards. The traffic accident problem requires everyone's help, collectively and individually.

#### Fireworks **Ordinance** Will Be Enforced The City of Haskell has an

ordinance against the shooting of fireworks within the City Persons are to be warned

enforced. The lighting of fireworks is very hazardous and everyone should keep in mind that this ordinance will be enforced.

that the ordinance will be

cases. Mr. Green feels that a very good job has been done in controling screwworms this year, but to prevent another out break, it is very important farmers and ranchers collect specimans for verfication.

The First Assembly of God, will have a guest speaker from Ghana, West Africa, Sunday July 3.

Rev. Solomon Gomnah Nyabah was raised the son of an idolatrous Priest near Ghana. He first heard the Gospel in a High School Assembly program in which an Assemblies of God Missionary was speaking. A few years later, in an open-air evangelistic campaign, he surrendered his life to the Lord. His testimony will intrigue you as he tells of his conflict between him and hs idolatrous father. In Africa, he has pastored a number of churches and taught in Bible School. He has been a student in Southwestern Assemblies of God College, Waxahachie, Tex., where he has completed further studies. Now that he has received his degree, he plans to return to Ghana in August. The Assembly of God considers it a great privilege to have this man of distinction and faith to come to Haskell. We cordially invite you to come join us. Pastor. J.C.

# CI, ASSIBILI) ADS

NOTICE

Due to the bookkeeping involved and the high postal rates, we ask that you please remember that classified ads are Cash In Advance unless you are a business firm or have an established credit with the Haskell Free Press. Either mail your ad with check or if you need assistance in writing it we will be happy to help you. Rates are 5c per word or a minimum of \$1.50.

The Haskell Free Press eserves the right to edit and/or delete all news stories and locals for length and liability and to refuse to print anything deemed not newsworthy.

Please notify us of your change of address. If you lo not, the Post Office charges us 25c for each time the Haskell Free Press is returned to us, this plus the cost of stencils, time and labor can make your move costly to us. In the future, failure to notify us will result in one month being deducted from your ubscription.

# **Earl Osment**

Funeral services for Earl F. Osment, 83, of Haskell will be held Thursday at 2 p.m. at Haskell First Baptist Church with the Rev. Dudley Bragg. pastor, and the Rev. Phil Watson pastor, Stamford First Baptist Church, officiating. Interment will be in Highland Cemetery in Stamford directed by Holden-McCauley Fun-

eral Home. Mr. Osment died at 10:35 p.m. Tuesday at Haskell

Memorial Hospital. Born April 12, 1894, in Cleveland Tenn., he cam to Jones Co. in 1904 and settled in the Tuexedo Community. He was married to Maude Appling, April 12, 1913 in Stamford. They farmed in the Tuxedo area until 1962, when he retired. She died Sept. 28, 1965. He married Carrie Kimbrough on June 3, 1966, in Stamford and had lived in Haskell since that time. He was a member of the Haskell First Baptist Church and the McFadden of Haskell; three Masonic Lodge.

Survivors include: his wife; one son, Joe of Stamford; two daughters, Mrs. Emmett (Helen) Askins of Snyder and Mrs. W.D. (Virginia) Rhea of Houston; one step-son, Joe Pallbearers were: Marvin Kimbrough of Haskell; two McFadden, Jack Todd, Richie step-daughters, Mrs. A.J. McFadden, Arvil McFadden, (Ella)Stewart of Arlington and Mrs. Philip (Helen) Homer of Munday; one sister, M.S. F.M. Jackson of Stamford; 8 grandchildren; 4 great-grandchildren; and 17 step-grand-

By Mrs. Dan Gerber Since babies grow so rapid ly, deciding on the right sizes for their clothes can keep

Natural Gas Co. He left mothers guessing. I know I was sometimes befuddled by what size to get-even for my 18th

grandchild. Now, thank heavens, there's sensible method that helps take the guesswork out of sizing. Gerber has developed a sizing system for its new babywear based on both

weight and age.

It works like this: For pullon baby shirts, for example choose size 6 months if the baby weighs up to 18 pounds, size 1 year if the baby weighs between 18 and 22 pounds. When clothing fits comfortably a baby is happier and. let me tell you, that makes Mother happier too.

35TH ANNIVERSARY

The children of Mr. and Mrs. H. L. (Cooter) Boles honored their parents on their 35th wedding anniversary with a reception in the Fellowship Hall of the Sweet Home Baptist Church on Sunday, June 19th, between the hours of 2 to 4 p.m. Their children are Mr. and

Mrs. Sam Houston (Mary Lynn) of Patterson, Louisiana; Mr. and Mrs. Donald Wayne Boles of Louisville, Texas; Mr. and Mrs. Tommy Houghs (Francelle) of Patterson, Louisiana; Mr. and Mrs. Ricky Dean Boles of Abilene and Mr. and Mrs. Steve Harrison (Cynthia) of Lubbock. Grandchildren present were Michelle Boles, Donive Boles, Rodney Houston, Jason Houston, Cooter Lynn Boles, Jaritt Houghs, Angie Boles, Pattie and Joanie Houston.

The approximately ninety guests attending were regist-Fered by Mrs. Christine Patterson of Graham at a small table laid with a yellow cloth with a lace overlay. A yellow rose in a crystal budvase was on the registering table.

The serving table was laid with a yellow cloth and a lace overlay. A fresh floral arrangement of yellow roses with greenery in a milkglass vase was centered on the table. Also on the table was a large three tiered wedding cake of white and decorated with yellow flowers and on the top of the cake was a bride and groom and wedding rings. Serving appointments were crystal and silver. Granddaughters Angie Boles, Pattie and Joanie Houston served punch and cake to the guests.

Mr. and Mrs. H.L. (Cooter) Boles were married in 1942 at Mount Vernon, Texas, and lived there about ten years

and then moved to the John Behringer Ranch and have farmed there until June of this year when they moved to Rule. All their children attended and graduated from the Old Glory School. They are members of the Sweet Home Baptist Church where Mr. Boles is song leader and Mrs. Boles has taught Sunday School. He is employed by Haskell County and she is employed by Gibson Memorial Nursing Home of Asperment.

SOCIAL SECURITY A Social Security representative will be at the Rule City Hall on Wednesday, July 13th, between the hours of 1 to 2 p.m. to help with questions pertaining to their social security or needing help in

filling out of forms. Persons needing assistance before this time may contact the Abilene Office at 142 South Pioneer Drive during the office hours of 9 a.m. to 4:00 p.m. Monday thru Friday. Or they may telephone at area code 915-698-1360. The mailing address is Box 5647, Abilene, Texas, 79605.

**RULE FHA NEWS** 

The Rule FHA and summer homemaking girls have had a busy month of June. The girls honored Mrs. Judy Ender, West Texas Utilities Home Economist, of Stamford, with a baby shower and brunch on Tuesday, June 14th.

The highlight of summer according to Bill Dennis homemaking was a tour of the famous Starks Cake Bakery of Jacksboro where they saw cakes being made and decorated professionally, and they also visited Hagar Slacks of

committees met and have planned a busy year for FHA for the 1977-78 year when school begins in August. The FHA also plans to have a booth at the Rule Jubilee Day to be held Saturday, August 13th, in the Rule City Park.

# Hilliard, Short United

Larry Warren Short were united in marriage on Sunday, June 26, 1977 at three o'clock in the First United Methodist Church. The Reverend Bud Adkins of Hamilin officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E.L. Hilliard of Haskell and the groom's parents are Mr. and Mrs. Warren Short of Rochester.

Given in marraige by her parents, the bride wore a gown of white organza trimmed in Venise lace. The high Victorian neckline was trimmed with lace and seed pearls. The three tiered chapel length train was trimmed with the lace around each tier. The ruffled cuffs of the sheer sleeves were of the Venise lace. Her chapel length veil was decorated with the matching lace and the capulet was trimmed with the seed pearls. The bride carried a cascading bouquet, on top of a Bible, of white miniature carnations with smaller blue silk flowers mingled in.

For something blue, she wore a blue garter. She wore new diamond and ruby earrings which were a gift from the groom. Something old and borrowed was a white lace handkerchief of the groom's great-grandmother's. She added two pennies, dated 1956 and 1957 the birthyears of the bride and groom, in her

Matron of honor was Mrs. Gary Shaw, sister of the bride, of Bryan. Bridesmaids were Mrs. Kenneth Hilliard, sister- ceremony. in-law of the bride, of Brownfield, Miss Brenda Hill of Abilene, and Mrs. Ronald Hilliard, sister-in-law of the bride, of Bastrop. Each wore floor-length blue dresses of carried a single blue killean

Cotton competition continues to develop new markets as evidenced by two recent happenings. One has been the successful development of flame-retardant cottons as highlighted last year when missioner John T. O'Hagan firemen will start wearing "Fire Stop" uniforms (100% cotton). That decision came after nearly a year of testing the cotton material against synthetic products. Second Regional Research Lab in New Orleans where scientists have produced glase from cotton. Cotton glas as a good chance for exten. e use since it has the unique ability different composition. sibilities include nearly everything made from glass, most immediate use will probably

be scientific glassware.

# Foreman, Stillwell Wed

Johnnie Craig Stillwell exchanged double ring wedding vows, Friday, June 24 in the Vine Av Baptist Church in Odessa with Rev. Bobbie

Phillips officiating.
Parents of the bride are Mr. and Mrs. L.V. Foreman, II and the parents of the groom are Mr. and Mrs. Johnnie Stillwell both of Odessa.

The church was decorated with white carnations, greenery and white candles in silver candelabras. The alter was outlined with votive candles.

The bride was escorted to the altar by her father. She wore a white Victorian princess sytled gown of silk organza, embroidered with lace, with wedding ring neckline, long fitted sleeves overlaid from elbow with sheer lace Cardinal sleeves. Her princess paneled skirt cascaded into a chapel train. Silk illusion edged in lace fell to an elbow length veil from a Camelot headpiece.

Her bouquet was of apricot roses and greenery. She carried a handkerchief belonging to her maternal grandmother Mrs. Dick Andrews of Haskell. She wore a ribbon bow attached to the hemline of her petticoat that her paternal grandmother, Mrs. L.V. Foreman I, of Odessa wore at her

Maid of Honor was her sister, Darlene Foreman. Bri-

mire and Lynn Foreman, her sister in law. They wore apricot flocked silk voile princess styled gowns. Junior bridesmaids were Monica Nanny, sister of the bride and Susie Fielden, cousin of the bride from San Antonio. They wore lime green dresses. Each attendant carried a long stemmed apricot rose.

Best man was Mike Stillwell, brother of the groom. Gary Goodman and John Bradford were groomsmen. Ushers were the bride's brothers, Billy Foreman and Flint Nanny. They wore lime greem tuxedos.

Parents of the bride hosted the reception in the Fellowship Hall of the church. The bride's table was covered with a satin cloth edged with lace and centered with a three tiered cake.

Serving were the bride's aunt, Mrs. Billie Lou Fielden, San Antonio and Carol Goodman, sister of the groom.

The groom's table was covered with an apricot linen cloth. Serving were the bride's aunt, Mrs. Jean Henshaw, Casper,-Wyoming, and Cathy McGlothin.

Attending the wedding from Haskell were Mr. and Mrs. Charley Redwine, grandpar-

#### **Partnerships** Formed In **4-H Programs**

Parents, would you like to form a partnership with your youngster? Thousands are doing this every day in the 4-H program, says Barbara Elliott and Max Stapleton, County Agents with the Texas Agricultural Extension Service.

Through 4-H, parents get involved with their youngsters by helping them with one or more of over 40 projects. By getting involved with projects, parents help their youngsters learn the basic skills and information and help them to fulfill an obligation. The 'partners' then build on these successes in areas of project work, leadership, community service and many other character-building ex-

By spending time with your son or daughter, you can overcome the problems commonly referred to today as "communications gap" or generation gap." The 4-H project serves as a beginning to start the "partnership"-it growns through mutual understanding and trust between parent and child.

share the joys of winning the disappointment of losing and to jointly work out solutions to problems as they arise.

By becoming active 4-H

# Jenkins, New, Repeat Vows

Teresa Kim Jenkins and Michael Wayne New were united in marriage June 24, at East Side Baptist Church with the Rev. Jimmy Griffith pastor, officiating.

The bride is the daughter of Frank and Roberta Jenkins and the groom's parents are Joe and Lynda Kimbrough.

Given in marriage by her father, the bride wore a formal length gown of bridal satin over laid with silk organza. The gown had a shaped standing collar, high fitted bodice with contour shaped empire waist in front which dipped to waist in back with button and loop closing on the back. The full length sleeves were gathered into cuffs with button and loop closing. The waist, sleeves and bottom of the gown had inset appliqued lace trim. The finger tip veil of illusion was gathered to a lace trimmed bead piece.

She carried a bouquet of white roses and blue carnations with satin streamers. For something old she carried a inen and lace handkerchief of her grandmothers. Something new was a pair of diamond earrings given to her by the groom and something borrowed was a pearl necklace of her grandmothers.

Organist was Mrs. Kenneth Jarred and pianist was Mrs. W. O. Elmore. Soloist was Mrs. Don Coltharp, aunt of the bride of Seymour.

Maid of Honor was Camin Kennedy and bridesmaid was Roberta Shawver.

Attendents wore light blue knit floor length fitted dresses with white lace overlay on bodice. They wore white hats with blue ribbon trim and carried a white mum with blue

The church was decorated with an arch of greenery,

laced with bells and doves. The arch was flanked with baskets of gladiolas and candlelabra. A unity candle was also placed near the altar.

Lynn Brueggeman was best man and groomsman was Joey Kimbrough, brother of the groom. Ushers were Jeff Teague and David Tidwell.

The reception was held following the ceremony at the church and was coordinated by the bride's cousin, Mrs. Steve Kotera of Abilene, who also prepared the cakes for both the bride's and groom's tables. Serving in the houseparty were:Betsy Opitz and Carol Lehde at the bride's table and Lisa and Vickie New at the groom's table.

Following a wedding trip to Abilene the couple will reside at 601 N. Av L in Haskell.

The rehearsal dinner was hosted by the parents of the groom at the Haskell Steak House.

The bride is a senior at Haskell High School and the groom is a 1977 graduate of Haskell High School and is currently engaged in farming

### Lutherans Attend Conference

Rev. Don Marquart, Pastor of Trinity Lutheran Church; Mrs. Ruth Ann Klose, and Mrs. Pauline Dick attended a conference on worship and music at Texas Lutheran College in Seguin, June 19-24. The conference was sponsored the American Lutheran by the Church.

The participants at the conference came from Texas, Oklahoma, Kansas, Wisconsin. Ohio. Minnesota and Massachusetts. Attendance totaled over one hundred pastors, congregational worship leaders and organists.

Highlights of the conference were the nine worship services (three or which involved the celebration of Holy Communion), the individual study groups, and a considerable amount of discussion on the proposed new Lutheran Book of Worship which will be introduced in December of 1978.

The worship book is a project of the three synodical groups of the Lutheran Church The American Lutheran Church. The Lutheran Church of America, and the Lutheran Church Missouri Synod). The w hymnal attempts to bring more uniformity to Lutheran worship in this country. It introduces new worship settings, and forms; as well as new hymns and new liturgical language.

The faculty for the conference included Mr. Jerry Evenrud, Minneapolis, Minn., Convener; Dr. Dale Gregoriew, Topeka Kansas, Homelercian; Dr. Carl Volz, Luther Theological Seminary, St. Paul, Minnesota, Theologian; Rev. David Johnson, San Antonio, Chaplain; Dr. Walter Pelz, Bethany College, Kansas, Musical Director; and Dr. Donald A. Busarow, Wittenberg Universtiy, Ohio, Choral Director.

Daily, we walk over-and ered our land, they gave little exploited.

Today, we know that our natural resources are not boundless. Every farmer knoskillful use. This, of course, changes from season to season as moisture, temperature and crops change.

Such simple truths become much more evident when we face the disastrous effects of drought. Again, we are dung with which the thralls reminded of our urgent needs

> Our knowledge of soil management is greater than that of our parents, but we must learn more. Agricultural research will help provide this knowledge. More researchthorough research—in managing soil and water is a vital long-range program. Part of this effort must include wider dissemination and application of research results.

We must live in harmony with the soil. Only when we are in harmony, can we till, work and reap its rich bounty. For soil is a basic treasure to all Americans, no matter where they live.

Rough Idling

The next time you're are it's being done by an inept driver.

BETTER, MILEAGE TIP - A clean carburetor can save gas.

A good driver starts his engine and lets it idle quietly, without noisy racing. Autocompany engineers point out week that an engine needs just a quiet 20-second warm-up or very cold winter days. On warm days, no warm-up is needed.

Inept drivers aren't the only cause of rough idling. It can be caused by gum and dirt deposits in the lower throttle plate of the carburetor. Many experienced motorists use a spray to clean carburetor and the inside of easily is Jet-Spray Gumout since every can is equipped with a plastic extension tube

for precise application. When engines idle roughly, they can cause stalling as well as gasoline waste. By followcan help to put your car on the road to economy.

Cheerleaders from Rule High School attended the recent cheerleader camp held on the campus of Tarleton State University. The cheerleaders are Mary Macias, Lisa Sherman, Jill LeFevre, Marla Lehrmann, Linda Rhoads, and Joanne Cloud.

all over a period of several freshen things up, we still need that good rain.

Farmers are slowing down some in their field work, but gardens and fruit trees are bearing, so housewives are busy.

Dates on our community calendar are: June 29-The Sagerton Methodist Church members will hold family night at the Herman Baitz Park here in Sagerton. Everywakened early in the morning one is asked to bring by someone noisily revving sandwiches and things to go up his car engine, the chances with them for their familieies and gather at 8:00 p.m. Mr. and Mrs. Reece Clark are hosts for the picnic. July 3-Sons of Hermann July 4th. picnic at the Sons of Herman Hall. Bring a basket supper. July 7-The L.O.C. Home Demonstration Club will hold its monthly meeting in the home of Mrs. Bill Hertel at 2:00 p.m. The program will be on "The People of Texas," given by Mrs. J.B. Toney.

oid fever.

The move to the suburbs has created quite a few unexpected problems for many home owners, and one with public health implications is the widespread use of septic tanks.

To their dismay, says the Texas Department of Health Resources, many residents have discovered that their soil won't soak up all the effluent being generated in their homes. This leads to the surfacing of septic tank effluent, which results in odorous standing water and breeding places for flies and mosquitoes. It also permits direct contact with diseasecarrying water by humans and

New standards for construction of private sewage facilities are being developed by the Department of Health Resources. A hearing is scheduled on the proposed standards on July 7 at 10 a.m. at the Texas Department of Health Resources, 1100 W. 49th St., in Austin.

Sherman W. Hart, P.E., Chief of the Plans and Specifications Branch of the Division of Wastewater Technology and Surveillance, says private sewage systems are usually single-owner types. 'In addition to residential systems, however," said Hart, "these can also include a motel, laundry, service station, or other commercial establishment system.'

With very few exception, the typical private sewage system is composed of a septic tank followed by a soil absorption system for the effluent. Normally, this is what the home owner has,' said Hart.

Hart said approximately 20 percent of the Texas population uses septic tanks, and about 95 percent of the private systems use the absorption system with lateral lines leading from the septic tank.

The residents of subdivisions, lake developments and individuals residing in the smaller towns and cities-as well as other rural residentsuse septic tank systems, says

Some of the areas where private sewage facilities are constructed are just not Hart. Under ideal conditions, a septic tank system should be located where soils have good permeability, such as sandy loam and sandy clay. "However," he said, "we're finding that many of the private Williams, and Mrs. Fuller, facilities are installed in rocky areas with no permeability, or in tight clay soils which won't allow passage of water."

"Where you have many residents and business establishments moving into subdivisions or other areas outside cities which have ordinances governing the regulation of private sewage facilities, problems have arisen with developers marketing small lots and contractors providing facilities which do not meet recommended standards. This has resulted in a variety of problems," said Hart.

Home owners find themselves with an individual disposal system which doesn't work, he said. In some cases, residents of these residential areas have had to construct and operate a central, or public, collection system and treatment plant at considerable costs, or tie in with nearly municipal systems, he said, to eliminate

public health nuisances. The new standards offer alternatives to conventional septic tank design, including eliminating wastewater by evaporation and plant transpiration. "This method will work very well in the drier areas of the state." said Hart. Where sufficient land area is available, an inoperative absorptive system can be changed to an evaporative system which has a much better chance of functioning proper-

ly, he said. The construction standards are intended to supply additional information to home owners, home builders and local and state public health authorities in order to upgrade the minimum acceptable standards for private sewage facilities installed in the state and to try to eliminate some of the problems.

Through the cooperation of the Texas Water Quality Board, counties have the

#### HELPFUL **Household Hints**

If your dish towels are badly stained, you might be able to wipe away the problem by soaking them in the sink with suds and bleach. Not only will this whiten the towels, it will bleach your sink as well.

If something in your refrig erator has given it an odor you don't cotton to, and that remains after the food has been removed, put a little vanilla on a piece of cotton and place it on a refrigerator
