MR. PANCAKE, C.O. Holt, and the members of the Haskell Lions Club served pancakes and bacon to over 300 people last Friday night. The event is sponsored annually by the Lions Club and proceeds benefit the Goodfellow Fund. Special thanks were offered to the following for donations: Busters Drive In, M-System, JRB, Pogue Grocery, and Tom Watson. (Staff Photo)

Christmas Program Plans Announced

Haskell merchants will begin giving Christmas drawing tickets to customers on November 1st and everyone is urged to ask for their tickets for three special drawings on Dec. 3rd, 10th and 17th.

A total of \$1500.00 will be given to lucky winners during the program which features several new innovations for 1977.

Shoppers will sign their names and addresses on the ticket and we will go by names only in presenting the awards. This will eliminate the practice of having to hold ticket stubs and look up the serial numbers as the drawing takes place. The tickets will be discarded after each drawing and persons who know they will not be able to attend a particular one,

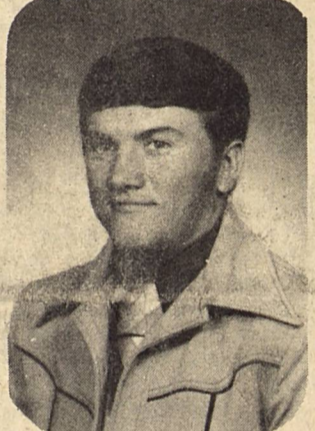

may hold their tickets and put them in for a Saturday when they know they will be present.

In an attempt to alleviate the parking situation downtown, the drawings this year will be staged at eleven a.m. on the courthouse square.

Approximately sixty merchants will be participating in this year's special Christmas event and the \$5 gift certificates can be spent with any one or with several as they desire. There will be nine winners on each of the Saturdays with first prize being \$100 and eight in the amount of \$50 each.

Santa Claus will also be present prior to each drawing and a short while after to visit with the little folks and pass out his gifts to them.

Rod Townsend Receives Award

ROD TOWNSEND

Roddy Brent Townsend, a 1977 graduate of Rochester High School, was recently awarded the 4-H State Fair Award. Rod and his parents, Mr. and Mrs. R.B. Townsend of Rochester, were honored with an all expense paid trip to the State Fair in Dallas by the

4-H Club. Besides touring and enjoying the State Fair, all the 4-Hers were treated to the performance of "Annie Get Your Gun."

All the state 4-H members and their parents stayed in the Sheraton Hotel in Dallas. The club members planned and organized the State 4-H Congress for 1978. Congress will be held in Fort Worth this coming July.

Rod, who has been a very active 4-H member for the past 9 years, is currently serving on the State Council as a Representative. He is also County Chairman and District III Chairman.

Rod is now a Freshman at Texas Tech University in Lubbock. Mr. and Mrs. Buck Townsend and Mrs. Earl Hanson all of Rochester are Rod's grandparents.

CHAIN REACTION...A 1969 Chrysler driven by Claude Reynolds of Benjamin, struck a 1973 Chevrolet owned by Donnie Hise, last Saturday night. The Chevrolet was parked along the side of U.S. 380 when the accident occurred. The Chevrolet struck a 1975 Toyota, which struck a small trailer holding a welder and the trailer struck a 1966 GMC pickup. The accident was investigated by City Patrolman Rodney Goss. (Staff Photo)

Chief of Police Resigns

Members of the Haskell City Council met in regular session Tuesday night and accepted the resignation of City Police Chief Jack Whorton.

Whorton told members of the council in a letter read by Mayor Belton Duncan that he was resigning to go into private business.

In other council business, R.C. Couch met with the council and stated that bids of the housing project would be opened at the Community Building of the Haskell National Bank at 2 p.m. on Nov. 3. Members of the Council also reappointed Joe Cortez and

Alvin Sherman to the Housing Authority Board for two year terms.

Mayor Duncan reported the receipt of a revenue sharing check in the amount of \$10,230.00 and a sales tax check in the amount of \$4,761.32.

Darold Roberson met with the council and requested permission for the Haskell Lions Club to construct a park on the city property near Av. M and N. 14th St. Members of the Lions Club plan to plant trees and grass this year and add tables, benches and playground equipment as it becomes possible. The City

Councilmen agreed to the project and agreed to be responsible for the maintenance of the facility.

In other council action, members discussed the need for City Ordinances concerning burning in the City Limits and also cows and horses. Both ordinances will be discussed at future meetings.

Others present for the meeting were councilmen: E.J. Stewart, Bob Philpot, Loraine Johnson, and Guy Kennedy, and City Sec. Desmond Dulaney, and Boy Scouts Steve and Don Horton.

SQUARE DANCE

The Knox Prairie Promenader of Munday will host a square dance Halloween special at the Rhineland gym Oct. 29 at 8:00 p.m. Caller will be Harper Smith. All area dancers are invited.

Indians Upset Munday, 17-13

When the going gets tough, the tough get going... and so it was last Friday night as a tough Haskell Indian team upset the Munday Moguls, 17-13.

The Tribe received the opening kick-off and moved the ball only 19 yards before punting to Munday. The Moguls picked up 7 yards on their first offensive attempt and then Robert Spells broke loose for 47 yards and the first score of the game. The PAT was good and with less than three minutes gone in the game the Tribe was behind 7-0.

The Munday score was the first TD scored against the Tribe in district play.

Less than three minutes later, Indian Jimmy Browning carried the ball in from the 8 yard line to put Haskell on the score board. The PAT by Robert Rodriguez tied the game.

The Tribe defense held Munday on their next series and the drive was halted when Mark Wallace recovered a fumble.

Six plays later on a fourth and four situation, Hise kicked a 28 yard field goal to give the Tribe a lead that they would

not relinquish throughout the remainder of the game.

The second quarter proved to be a preview of the defensive battle of the last half with neither team even threatening until with 16 seconds left, Mark Wallace took a hand off from Quarterback Rex Pittman, and tossed a 32 yard touchdown pass to Robert Rodriguez. Rodriguez kicked the extra point to give the Indians a 17-7 half time lead.

During the third quarter, the Tribe defense held Munday on two fourth down plays and stopped drives. Near the end of the quarter Munday got

the ball on the 13 yard line and Spells carried for the Moguls on the first play from scrimmage. The run for two points failed and finalized the scoring at 17-13.

The Indian offense couldn't seem to get untracked early in the last quarter and were forced to punt twice to Munday.

The Tribe defense rose to both occasions and stopped Munday once on a fourth and one play and once on a fourth and seventeen play.

The Indians took over on their own 24 yard line with about four minutes left in the game and moved the ball 66 yards in 14 plays to consume all but 10 seconds of the time left. Some confusion arose when, with 10 seconds left, and facing a fourth and one play, the officials signaled that Haskell had called a time out. The plan at that point was to run the clock out and not until the official signaled that the time-out was charged to Haskell because a player did not have his mouth piece in. Time ran out during the next play and the Haskell Indians found themselves sitting at the top of District 7-A.

The Indians finished the game with a bunch of tired players, a few bruises, scrapes and sore muscles but no serious injuries.

The Tribe defense turned in one of their best performances of the year during the game.

The statistics don't show this when compared to other teams Haskell has played this year. Consider the fact that Munday was undefeated until last Friday and that they have averaged scoring over 25

points per game this year. Munday's offense moved the ball for almost 400 yards the week before against Rotan and the Tribe defense held them to just over 200.

Offensively, Jimmy Browning carried 31 times for the 116 yards for an average of 3.8 yards per carry, and Ronnie Hise carried 13 times for 78 yards and an average of 6 yards per carry.

The defense again seemed to get better during the second half, and allowed Munday

only 76 yards as compared to 131 the first half.

The Tribe will face Hamlin this Friday night at 7:30 there. Hamlin has a record of 1-6, having beaten Stamford 14-12 and lost to Abilene Wylie, 12-7; Anson, 19-7; Munday, 14-8; Knox City, 15-12; Paducah, 22-7; and Aspermont, 14-0.

They have been plagued with injuries all year and have been forced to move players from one position to another because of this. Their quarterback has been out but is

expected to be back this week.

The Haskell 9th grade will meet Seymour here Thursday at 6 p.m. in a game which was scheduled earlier in the week.

B&PW Club Observes National Business Week

The Business and Professional Women's Club of Haskell, Texas, enjoyed two outstanding programs in their observance of National Business Women's Week, October 16-22, 1977.

On October 17th, the Club enjoyed a steak luncheon, at the City Cafe, at noon. The Program Committee acted as hostess for the luncheon. Members of the committee are: Ramia Lee Frazier, Nettie McCollum, Dora Montgomery and Jeffie Adams.

The tables were attractive with autumn leaves in vivid colors, down the center. The speakers table had a beautiful arrangement of fall flowers,

and the Club Emblem was displayed in a very attractive manner.

Novella Rastetter, president, presided for the meeting. Novella, greeted the guests, and introduced Ramie Lee Frazier, program director. Ramie Lee introduced Nettie McCollum.

Nettie introduced her sister, Mrs. Margarette Jordan, from San Antonio. Mrs. Jordan gave a very interesting talk on "Leadership."

Leadership was defined as One Who Finds Himself, or Herself, Out Front Of the People, With Them Following. Mrs. Jordan brought out the fact that women have found it

very difficult to attain leadership, but by determination and very hard work, many of late years, have reached their goals. She gave as examples, many of our women now in politics, medicine, and education. Judge Sarah Hughes of Dallas, Texas, a B&PW member, and their own Mayor Cockrell of San Antonio, Texas, a member, were given as outstanding examples.

Several good qualities for leadership were given in her talk: 1. A leader must first lead self, by strict self discipline, 2. Leadership calls for self-sacrifice, 3. Leadership calls for self-denial; 4. There must be a great love for people, and for the community they serve.

Mrs. Jordan closed her talk with a nice compliment to the Haskell Business and Professional Women's Club, for the services they are rendering to Haskell.

The B&W Club observed their second meeting of the week on October 18th, in the Community Room of the Haskell National Bank, at seven o'clock.

The Finance and Benevolence Committee acted as hostess for this meeting. Members of the Committee are: Clara Beard, Artie Mae Burkett, Callie Roberson, Betty Watson.

The committee members greeted the members and their guests as they arrived. They were seated at tables laid with white mats, and the centerpiece was an arrangement of bright fall flowers.

The speaker's table was covered with a beautiful yellow linen cloth, there was a beautiful arrangement of fall flowers on the table, and the Club Emblem was displayed.

Novella Rastetter, president, greeted the ladies present, and presided for the brief business meeting.

Callie Roberson, introduced the Director of District Seven, Mrs. Shirley Delaney, of Colorado City. Mrs. Delaney, is VP of the City National Bank, and besides her duties there, she is involved in many other activities of major importance.

Mrs. Delaney, gave a most interesting review of the conference recently held in Colorado City. She is very proud of the work being done

by all Clubs in District Seven. Mrs. Delaney stressed "It Is Time For All Clubs to Remember Our M.D. Anderson Fund."

Members have responded with great generosity to the MDA project during the past three years. M.D. Anderson was designated as a State civic participation project in 1974-75 and 1975-76. At year end, the then Presidents Chloe Monroe, and Darlene Bonner, were able to present checks for \$40,000 and \$20,017.76 respectively to hospital officials. The funds were used to help furnish and equip ten areas of MDA's new facilities, which are among the finest in the world for cancer patient care, and research and education.

In 1976-1977 members enthusiastically provided \$30,000 towards the fund. The Executive Committee allocated the contribution to two important programs, nursing career development, and high school student number program in Biomedical Sciences.

A new BPW scholarship was announced Career Advancement. This was discussed by the speaker. She also discussed the Mini-conferences to be held after Christmas. Stamford will act as hostess for this area.

Mrs. Delaney announced that the next State Convention will be held in Galveston in 1978. The National Convention will be held in Puerto Rico. A chartered boat will carry members to the Island for the weeks convention, after the convention the members will have a delightful cruise for a week, before their return home.

Some of the Haskell members are very interested in the Puerto Rico Convention, and hope to make the trip.

A delicious salad plate was served to twenty members and guests.

CowBelles Hold Regular Meeting

The Haskell CowBelles held their regular monthly meeting October 17 at 7:30 p.m. in the Community Building. President, Mrs. R.L. Morales called the meeting to order. It was a business meeting, with several items of new business discussed.

CowBelle of the Year, which was voted on by all members since the last meeting, was announced as being Mrs. R.L. Morales.

The nominating committee, composed of Mrs. W.R. Hager, chairman, Mrs. Lewis Thomas, Mrs. Giles Kemp Sr., Mrs. Herbert Fischer and Mrs. Wilbert Klose, gave the following slate of officers as the nominations for 1978: President—Mrs. Robert Free; First Vice President—Mrs. R.L. Morales; Second Vice President—Mrs. Alfon Peiser; Recording Secretary—Mrs. Buddy Brazell; Treasurer—Mrs. Gentry Middleton; Reporter—Mrs. Felix Klose; Parliamentarian—Mrs. Herbert Fischer; Historian and Scrapbook—Mrs. W.R. Hager. All officers were elected by acclamation.

A committee composed of Mrs. Lewis Thomas, Mrs.

Giles Kemp Sr., Mrs. Bobby Howard, Mrs. W.R. Hager, Mrs. Brooks Middleton, Mrs. R.L. Morales, Mrs. Alfon Peiser and Mrs. George Moeller will help host an "Autograph Party" for Mrs. Robert Free in honor of her newly published book, on Friday, Oct. 28 at the Community Building from 2 to 6 p.m.

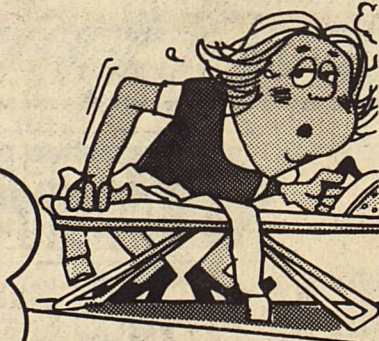

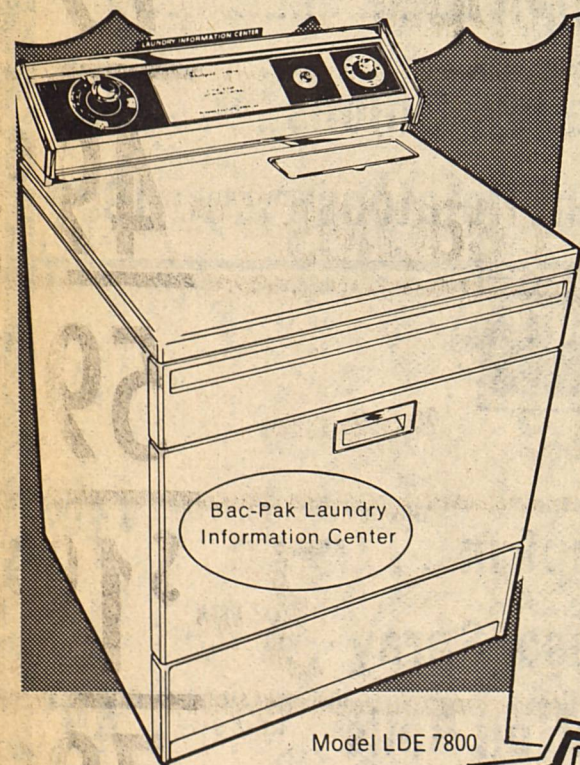

The following delegates were selected to attend the Texas CowBelle Convention in San Antonio: Mrs. R.L. Morales, Mrs. Bobby Howard, Mrs. Lewis Thomas, Mrs. Robert Free and alternate, Mrs. W.R. Hager.

The meeting ended with a discussion on the best method to alert more people in Haskell and the community of the desperate need to keep our Haskell Memorial Hospital open and urge people to contact the Department of Health, Education and Welfare, as to their feelings on this proposal. The public has until November 22, 1977 to voice their comments.

Hostesses for the meeting were Mrs. R.L. Morales and Mrs. Robert Free.

A long hot and dry summer has set back fall growth of native range grasses and improved varieties of dryland pasture grasses. All pastures and native ranges have been sorely hurt by the prolonged dry weather and intense heat, and are badly in need of an adjustment in grazing use.

Our range conservationists are telling us that each producer should be urged to take a real close look at the remaining tonnage of available forage resources on their pastures, making necessary adjustments in stocking rates. We certainly do not want to go into the winter months ahead without sufficient forage to carry through the next spring.

Take a close look at your drought plans. Do you have enough hay or stored feed to sustain a long dry winter? Don't count on any small grain grazing, unless you have irrigation. The small grains won't be grazable until December or January, if then, even if it were to start raining now.

To save your pastures, I would recommend that severe culling be considered. Every rancher and livestockman has some unthrifty and old head on the range or pasture that could be culled out. Every animal unit that can be removed will allow about 20

acres more to be divided among the remaining head retained.

Remember the old adage I've used many times—"Take half and leave half." Judge the weight of total annual production this year, and remove no more than 50 percent by weight. You'll be glad you did next spring.

Do not wait until it's too late. Now is the time to start your analysis of forage resources available, and what livestock can be disposed of without resulting damage to your grassland.

tree borer larvae feed in the trunk near the ground line. Infestations that are allowed to continue their damage will eventually girdle the tree, killing it.

Peach tree borers can be controlled during the period from October 20 to November 15 with an application of paradichlorobenzene crystals. To prevent injury to the tree care should be taken to make sure no crystals are placed in direct contact with the trunk.

When applying the crystals the soil should be dry, free of weeds and leveled one foot around the trunk. The amount of paradichlorobenzene crystals to use is based on the size of the tree: Use one half ounce on 2 to 3 year old trees, three fourths ounce on 4 to 5 year old trees and one ounce for older trees.

Place the crystals around the tree about 2 inches from the trunk and mound clean soil 6 inches high around the base of the tree covering the crystals.

In late March or early April the soil should be raked back from the trunk of the tree.

Inspect Your Peach Trees

The peach tree borer causes heavy damage to peach trees in Haskell County each year. Often its damage goes undetected until the tree begins to die. Peach trees should be inspected now to determine if the peach tree borers are causing damage and if control measures are needed.

If peach tree borers are present there will be large masses of gum mixed with brown frass or sawdust at the base of the trunk. The peach

ANNUAL CORONATION

The Annual Coronation of Rule High School was presented by the Bobcat Annual Staff on Tuesday night, October 18th, with the theme, "The Greatest Show on Earth". Using the circus as their theme, the staff had decorated the stage to resemble the Big Top with various colored streamers and balloons draped from the top of the stage. On each corner of the stage were more colored streamers to resemble cages with stuffed tigers and bears in them.

Serving as heralders for the coronation were Linda Rhoads and Tami Letz, with Bonnie Woods presenting musical selections with the circus theme.

Receiving the honor of Elementary Princess was Angela Fannin, daughter of Mr. and Mrs. Gary Fannin. Angela is in the second grade and was escorted by Ray Don Campbell son of Mr. and Mrs. Leroy Campbell. Crown bearers for the elementary grade was Stacy Dennis and Callen Benavides who were dressed in clown costumes with make up and all were very adorable. Following the crowning of the princess, Wes Jones and Linda Rhoads sang, "You've Got A Friend" to her.

Receiving the honor of Junior High Princess was Patrendia Bilbo, daughter of Mr. and Mrs. Jimmy Bilbo. Patrendia is an eighth grader and was escorted by Rod Petty, son of Mr. and Mrs. Gilbert Petty. Dressed in their clown costumes and carrying the name of the winners and

CATS OVER STEERS
Playing the inclement weather, the Rule Bobcats overcame the Rochester Steers with a 39-0 win in District 5-B Friday night, October 21st, in Bobcat Stadium.

The Rochester Steers received the opening kickoff and then Rule dominated the game for the rest of the night. Receiving the ball on downs, the first score was made by Ricky Kitley with a 2 yard run around left end, halfway into the first quarter. Tumlinson kicked the extra point to make the score 7-0.

Following the series of turnovers, David Lisle intercepted a pass for the Bobcats and a few plays later, Tumlinson ran 32 yards for a touchdown. The PAT was good to make the score 14-0. In the second quarter, Tumlinson ran 50 yards to score with 10:29 on the clock. The PAT was good. Score 20-0. Then in the middle of the second quarter, Rodney Threet intercepted a pass for the Bobcats and a few plays later, Tumlinson ran 49 yards for another touchdown with 5:21 left on the clock. The PAT was no good and the score was 26-0 at the half.

In the third quarter, Kitley scored on a 6 yard run with the PAT good and he scored again in the fourth quarter on a 47 yard run with the PAT being no good. Tumlinson intercepted a pass in the 4th quarter for the Bobcats.

Leading tacklers for the night were Tommy Sorrells with eight and Jerry Tumlinson with eight and Nicki Hunt with seven. Tumlinson rushed for 254 yards, Ricky Kitley for 106 and Rodney Threet for 51 yards.

Rule is now 1-2 for district and 2-5 for the season. The Cats will travel to Goree, Friday night, October 28, for another district game at 7:30 p.m. and will close out their season play on Friday night, November 4th, when they host Newcastle at Rule in Bobcat Stadium. Also at this time, the crowning of Rule's

Football Sweetheart and Football Hero will be held at halftime.
In other District 5-B games: Throckmorton 9-Goree 6 and Windthorst 51-Chillicothe 0.

IH Has New Equipment

International Harvester dealer Richardson Truck & Tractor Co., Haskell, Texas, soon will have available and display the newest, most advanced concept in grain harvesting, the IH "Axial-Flow Combine."

Under development and testing since 1963, the "Axial-Flow Combine" features a single rotor design which is much simpler, yet far more efficient than a conventional combine, according to the Company.

"What it amounts to is that we believe the new combine outperforms any other harvesting machine," said the local dealer. "And that means the Axial-Flow Combine enables the farmer to harvest more of his crops, more efficiently, and at greater speeds."

The name, "Axial-Flow," describes the radically-different threshing and separating system, according to the dealer.

While a conventional machine has a threshing cylinder mounted across the unit, the IH Axial-Flow Combine features the single large-diameter rotor, mounted lengthwise. This spinning rotor, the only moving part in the threshing/separating system, creates a gentle rubbing action that is repeated several times

as the crop is moved in a spiral path over a concave and grate area.

In contrast, the conventional combine's system allows only one rubbing action, and additional separation must be accomplished by "straw walkers," which shake the material passing through the machine.

"The Axial-Flow Combine process recovers more grain, therefore, with less grain damage," the dealer said. Because of this simplified system, 16 moving parts found in a conventional machine are eliminated, thus reducing service requirements.

IH introduced three Axial-Flow Combine models to meet varying customer demands throughout North America. They are:

-1440, equipped with a 135 horsepower diesel engine and 145 bushel capacity grain tank;

-1460, equipped with a 170 hp diesel engine and 180 bushel tank;

-1480, equipped with 190 hp diesel engine and 208 bushel tank.

The new combine line also includes major advances in the area of operator comfort and convenience, the dealer noted. The "Control Center", a concept first introduced with the Company's new tractor

series in late 1976, assures excellent visibility with a "deep pocket" windshield. Well-insulated for a quiet ride, the center has as standard equipment electro-hydraulic controls; electronic instrumentation; digital tachometer for engine, rotor and fan rpm; and, digital speedometer for ground speed.

Hydrostatic drive, pioneered by IH, also is standard and provides variable ground speed.

Farmers testing the Axial-Flow Combine report that, besides having fewer moving parts, serviceability also is simplified with easy-access to various machine components. Drives in particular have been designed for minimum service requirement.

The new combines permit crop flexibility since they are readily adaptable to a wide range of crops. The present IH product line of crop gathering units are continued for use with the new combine line.

INTERNATIONAL HARVESTER DEALER Richardson Truck & Tractor Co., Haskell, Texas, represented by A.C. Richardson, soon will have available the Company's "Axial-Flow Combine," the newest concept in grain harvesting. This IH dealer is now taking orders for the machines, such as the popular 1460, featuring a 170-hp diesel engine and 180 bushel capacity grain tank.

Just how significant is the wheat producer in terms of world trade? Statistics provide a pretty solid answer. Although U.S. wheat production still ranks behind Russia and Western Europe in terms of total output, it has been the American wheat producer who has most successfully responded to meeting the growth in world demand. Only five years ago our wheat exports totaled just over 17 million tons... about 30 percent of the world trade. This marketing year United States exports of wheat will top 37 million tons and account for nearly one-half the world wheat trade. In just five years that represents an increase of more than 115 percent in volume and nearly a 70 percent increase in the share of the market. Well done wheat growers!

Letters To The Editor

Dear Editor:
We would like to thank the crowd that participated at the exciting Haskell vs. Munday game last Friday night for all the spirit and backing you gave to the Haskell Indians. We feel that this really

contributed to the Indian victory. It was really neat to look up in the stands and see everyone so excited and yelling. We really have a great team this year and your super support has helped put us where we are. Also we want to say thanks to the Free Press for the great publicity of the games. Keep up the great spirit and LET'S BACK THOSE INDIANS ALL THE WAY!!!

Weinert Matrons Hold Meeting

The Weinert Matrons Club met October 20 in the home of Mrs. R.C. Liles. The president called the meeting to order. The secretary read the minutes of the previous meeting. Mrs. Henry Smith gave a report on the prices of stoves that could be bought for the Community Center. Mrs. W.B. Guess moved that the club not buy a new stove but look for a good second-hand one. The motion was seconded and carried.

Mrs. V.C. Derr reminded the group to bring gifts to the Thanksgiving Love Feast for the Vernon Health and Retardation Center. She also reminded the group of fashions for fun that can be made and modeled and suggested that each one be thinking about displays for the art show in April.

Mrs. Derr asked that the women on the food committee for the Thanksgiving Love Feast have lists of food ready to be handed out at the next meeting.

Program chairman for the day was Mrs. Floyd McGuire. She introduced the program on conservation and suggested ways to conserve energy. Mrs. Henry Smith spoke on "U.S. Oil Supply and Demand." She told something about the rising cost of oil, off-shore drilling, ways of finding oil and the extreme amount of gas used by planes.

Roll call was answered with "What I Recycle," and the program ended with the group singing "This Is My Father's World."

The hostess served delicious home-made refreshments, and used a Halloween theme.

GO BACK TO CLASS WITH CLASS. Shop for your school supplies at the Haskell Free Press. Pens, pencils, notebooks, dictionaries, high intensity lamps, file boxes, pencil sharpeners, rulers protractors, you name it, we have it.

SCOUTING NEWS

Cub Scouts from the entire Chisolm Trial council of the Boy Scouts of America will converge on the parking lot of Abilene's K-Mart Store on October 30 for the 19th annual Pushmobile Derby, according to Roy L. Williams, district executive for the Boy Scouts.

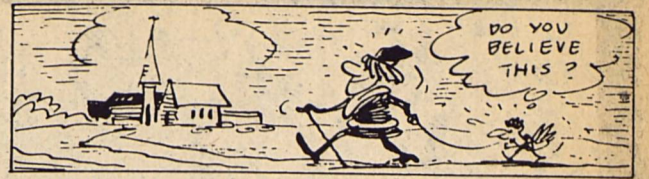

The chairman for this year's event is Bob McCathren, vice-president of Citizens National Bank in Abilene.

Teams of eight Cub Scouts will be pushing their home-made cars over an 800 foot race track. The teams are divided into eight, nine, and ten-year-old categories.

More than 100 teams representing about 50 Cub Scout packs attended last year's event with Albany Pack 255 taking home the top prize.

Prizes include ribbons for each scout that participates, trophies and ribbons for each championship team, trophies for the best made and best looking car in each age group

and a large traveling trophy for the grand champion team. Judges determining this year's winners come from the ranks of round track and drag car drivers.

In old Wales it was thought a good cure to walk three times around the church with a chicken.

THE INDIAN DEFENSE played a big part in the 17-13 win over Munday last Friday. Here, several Indians stop Munday running back Robert Spells for no gain. Seven Indian defenders are in the picture which was typical of the outstanding pursuit and effort put forth by the Tribe defense during the entire game.

Sagerton News

Mrs. Marie Kohout and Mrs. Vela Meier, both of whom had their birthdays in October, were honored at the Golden Age Party at the Sagerton Community Center Monday. Hostesses were: Mrs. Helen Lehmann, Mrs. Hilda Kieke, and Mrs. Judy New.

Games were enjoyed by the following: Mrs. Bob Mathis, Mrs. Marie Kohout, Mrs. Furrh, Mrs. Cliff LeFevre, Mrs. Maude Kittley, Mrs. Alice Newton, Mrs. Adeline Letz, Mrs. Beno Hertenberger, Mrs. John Clark, Mrs. Tony Letz, Mrs. Lorene Huggins, Mrs. Emma Lammert, Mrs. M.Y. Benton, Mrs. Clara

Hines, Mrs. Wayne Carlton, Mrs. H.L. Hewett, Mrs. Vela Meirs, Mrs. Louise Stegmoeller, Mrs. Claudine Chapman, and Miss Christine Ender.

For their November meeting, the group will have a covered dish luncheon. Everyone is asked to bring a covered dish of vegetables or salad, and the meat will be provided by the hostesses, Mrs. Evelyn Ulmer, Mrs. Lorene Huggins, and Mrs. Joyce LeFevre. That day a health clinic will be held at the Sagerton Community Center for checking blood pressure. More information will be available soon.

The 4-H girls in our community have been very busy with their food and nutrition project, with their leaders, Mrs. J.D. Kupatt, Mrs. Wanda Saffel, and Mrs. C.P. DeBusk. Members of the group, Lisa DeBusk, Renee Toney, and Karla Kupatt, joined the others from Rule and after the game at a Fondue Party at Mrs. Saffel's home Friday night and Monday they displayed their dishes at a luncheon at the Rule Homemaking Department, emphasizing place settings, with Mrs. DeBusk as their leader for a lesson in napkin folding. They are looking forward to a mother-daughter dinner soon.

The young people of the Sagerton Methodist Church enjoyed a party at the home of their teacher, Mrs. Jean Meiers, Monday evening. They had a scavenger hunt around town.

Mr. and Mrs. Luther Meier were hosts for a tacky party for the Sagerton Methodist Church family night at the church on Wednesday night of this week.

Congratulations to several of our young people who were selected by their classes at Rule High School to represent them at the Annual Coronation at Rule High Auditorium Tuesday night of last week. Lynn Fouts, daughter of Mr. Mrs. Ed Fouts, and Craig Kupatt son of Mr. and Mrs. Fred Kupatt, were crowned Annual Queen and King. They represented the Senior Class. Mike Hertel, son of Mr. and Mrs. Bill Hertel, was selected to represent the Junior Class, and Lisa DeBusk, daughter of Mr. and Mrs. C.P. DeBusk, escorted by Marc Thane, son of Mr. and Mrs. Leland Thane, were chosen to represent the Freshmen class as their candidates.

Jill LeFevre, daughter of Mr. and Mrs. Delbert LeFevre was selected by the student body as the Most Friendly, the Senior Class Favorite and is a candidate for Miss Rule High School. We feel that Sagerton was well represented.

With another successful hunt to talk about and remember all the fun they had, the following group returned home last week, Friday, from Colorado: Whit, Charles and Joe Clark, Anton Tichelmann, Roy Weak, J.W. Threet, and Ellis Clark and Tobe McGee for Lockhart. They have been going to their lease in Colorado for several years, and although they got their deer and had an enjoyable time, they and reported it warmer than usual and drier than usual this year.

Guests in the Charles Clark home last weekend were: Mr. and Mrs. Steve Clark of Big Spring, Mr. and Mrs. Bob Clark and family of Abilene and Mrs. M.Y. Benton.

Mr. and Mrs. James Lehmann and children of Mathis visited here with relatives and old friends last weekend.

MR. SKETCH-Instant water colors. Each color has a different fragrance, non-toxic, safe for children. For coloring books, murals maps, handcrafts, many uses, nothing to mix or spill. No clean up. \$3.90 set of 8 or 49c ea. Haskell Free Press

Miss Teenage Finalist

BONNIE WOODS

Miss Bonnie Woods of Rule was one of the twelve finalists selected from a field of thirty six semi-finalists in the Miss Teenage Pageant held Saturday night, October 22, at 8 p.m. in the Civic Center in Abilene.

The twelve finalists then presented their talent and at the conclusion of the talent competition, they were interviewed by the mistress of ceremonies, Paula Harper, Miss Teenage Abilene 1974.

Miss Woods talent presentation was playing of "Tico, Tico" on the Organ. The question asked of all contestants was, "If high schools curriculums should be changed and if so, in what way?"

Miss Woods was also recognized as the contestant with the highest score in the one hour written valuation examination held earlier, with questions taken out of the World Book Encyclopedias. Winner of the pageant was Margaret Massey, 17 years old and a senior at Cooper High school in Abilene. First runner-up was Debbie Henson 16 years old and a junior at Breckenridge High School. Second runner-up was Margaret Ann Rose, 16 years old and a junior at Cooper High School of Abilene and third runner-up was Teresa Hess, 17 years old and a junior at Central High School of San Angelo.

An award of a certificate of special recognition for her special achievement as her selection as a semi-finalist in Miss Teenage America competition was received by Miss Woods. The award was an acknowledgement of the high standards of scholastic attainment, personal development and community responsibility which she presented in generous measure in the contest. For being selected as one of the twelve finalists, Miss Woods received a charm with the wording, "Miss Teenage Abilene."

COTTON CLASSING

MUNDAY

Cotton prices remained steady with mixed lots of grade 32 and higher bringing from 44 to 45.75 cents per pound, according to Sidney Ferrell, in charge of the Munday Classing Office. Trading was slow with lots offered being mainly small to medium in size. White grades accounted for 85 percent of the cotton classed this week. The predominant quality was grade 31 with 67 percent. Grades 40 and 32 accounted for 11 percent and 14 percent of the weeks total classings. Four percent of the cotton was reduced in grade because of bark or grass. Predominant staple lengths were staple 31 with 64 percent and staple 32 with 26 percent. Mike readings were in the desirable range of 3.5 to 4.9 on 95 percent of the samples tested.

About 14,700 samples were classes by the Munday Classing Office for the week ending Friday, October 21. Our season total now stands at 38,000, plus 9,000 classes in the Abilene office, prior to the opening of this office.

Club, president of FHA, was voted Most Talented Girl, participated in UIL meets, Rotary Sweetheart and is organist for the First Baptist Church of Rule.

The town of Rule may well be proud of Miss Woods and the excellent representation she made for her town. Our youth of today are our leaders of tomorrow. Thank you, Bonnie, for being an excellent representative of your town.

SALAD LUNCHEON

The Haskell Band Booster's salad luncheon will be Wednesday, November 2 from 11:00-1:30 at the Corral Building. If you have not purchased a ticket you can either call 864-2807 and a ticket or tickets will be gotten to you, or you can pay for your meal at the door. The tickets are \$2.50 each.

If you cannot come down have someone bring you a plate, or if your husband comes home for lunch, come down and get plates for both of you.

In the past the fund raisings of the Indian Band have purchased new instruments, put carpet in the band hall, helped pay for contest entrance fees, and helped to buy their pretty uniforms. So please support our excellent band and our fine band director.

A Banker's Viewpoint...

On November 8, 1977, you will have the opportunity to decide, via Texas Constitutional Amendment whether your financial affairs remain your own private and personal business, or whether they will be open to scrutiny by Government on all levels and the private sector at various levels due to Electronic Funds Transfer. In its simplest definition, E.F.T. is a system designed to replace checks and deposit slips in personal banking.

Mr. Verne Atway, a member of the Presidentially appointed National Study Committee on Electronic Funds Transfer (E.F.T. for short), had the following to say about E.F.T.: "E.F.T. will cause information to be created where none existed before. Although a check contains the payer, amount, and date, E.F.T. transactions involving a purchase would also include not only this information, but in addition, it may include the time of day, location, and a transaction number. In an E.F.T. system these financial records will be maintained in an electronically readable form, thus making them easily retrievable." The real problem lies in his phrase "easily retrievable." Even after your bank gets a court order to produce check information, the check copy must be looked up by hand. This effectively makes government and private "snooping" very difficult indeed and is a real plus for handwritten checks.

Even more fundamental to the problem is the fact that a computer controls access to, and information from, this Electronic Funds Transfer (E.F.T.) system. The computer tells the salesperson whether your account is good or bad, the computer tells you your "secret" code which must be used for each purchase or withdrawal of cash outside of your bank (and the computer supposedly keeps the code secret), and the computer makes the immediate transfer of cash from your account to that of the merchant. By the way, in the last instance, the computer will essentially keep you from writing a check and then running down to the bank to keep it from bouncing in case you were a bit short of cash. For those of you who have had the misfortune of trying to straighten out a billing error in a book or record club with computerized billing, you will readily understand the potential problem areas. Remember this... a check is your written instructions to your bank and is made out and signed by you. On the other hand, an E.F.T. transaction involves clerks, machines, and computers over which you have no control... particularly in the event of electrical failure or equipment malfunction.

Vote **AGAINST** Texas Constitutional Amendment No. 6 which has as its title the following description which sounds as innocent as "apple pie" but in fact is VERY dangerous to "personal privacy". It is described as "A CONSTITUTIONAL AMENDMENT TO GIVE THE LEGISLATURE THE POWER TO AUTHORIZE STATE AND NATIONAL BANKS TO EXERCISE BANKING AND DISCOUNTING BY USE OF ELECTRONIC DEVICES OR MACHINES."

Lets vote to stamp out E.F.T. with its associated invasion of your personal privacy and its associated complexity and difficulty. Vote **AGAINST** Amendment No. 6.

We believe in this country and its people. Like the writers of our Constitution, we believe that the strength and the real intelligence of government originates with the people. So we urge all our citizens, here and elsewhere, to do our part—keep up with public issues and send our opinions about them to our elected representatives.
