## Indians Match Bulldogs, 13-13

BY DON COMEDY

The Haskell Indians fought to a 13-13 tie last Friday night with the Stamford Bulldogs.

Both teams played fine defense and an extra point made the difference between a win or a loss for each team. The PAT's for the first score by each team were both good but each team missed the second point after.

A total of five pass interceptions also played a major part in the game. Stamford captured three Indian passes and the Tribe managed two snares.

The Tribe began their first scoring drive midway in the first quarter. Stamford had tried two offensive and the Indians one and all three attempts ended in punts before the scoring drive began.

The drive started following

a short punt by the Bulldogs giving the Tribe the ball on the 38. After gaining five yards in three plays a fifteen yard step-off against the Bulldogs gave the Tribe a first down only seventeen yards from paydirt. An eleven yard pass to Robert Rodriguez moved the ball to the six and Vonnie Hise got the call on two plays before driving over for the score.

Following the kick-off, the Tribe defense threw Stamford for a loss of five yards on their next three plays and forced the punt. The Tribe presented the Bulldogs with their first scoring opportunity three plays later with a pass interception. Stamford covered 35 yards in seven plays to tie the score at 7-7 with 10:50 left in the first half.

The Tribe couldn't manage a first down and punted on their next attempt and the Bulldogs carried in for their second score nine plays later. The drive fifty-seven yards. The PAT failed giving the Bulldogs a 13-7 lead.

The two teams switched possession on two successive pass interceptions and both teams punted once near the end of the half.

Haskell managed eleven yards and a first down on three plays late in the half and a 13 yard pass to Rodriguez and a 42 yard toss to Kirk Flippin moved the ball to the eight as time ran out.

The third quarter was completely defense, neither team managed a drive of more than six plays.

On the Tribe's first possession of the third period, Monnie Hise opened the drive down and ended the drive four plays later.

The Bulldogs attempted a pass on fourth and eleven and the incompleteness gave the pigskin back to the Tribe. Vonnie Hise got the first two calls and moved six yards and then broke loose for 23 yards. The drive ended four plays when the Bulldogs held on a fourth and two.

Stamford managed only two plays before Monnie Hise intercepted a pass, and gave the Tribe another opportunity. The drive lasted six plays and two fine runs by Mark Wallace of 15 and 6 yards were nullified when Stamford intercepted a pass near the goal line.

Both teams punted on their first possession of the final period and Stamford managed one first down on their second possession before being forced to punt.

The Tribe got the ball on the eight yard line. Monnie and Vonnie Hise moved the ball to the 37 on six plays and a five

yard gain by Steve Escobedo moved it to the 42. Mark Wallace connected with Robert Rodriguez on a 42 yard pass that moved the Tribe to the 15. Four plays later a Jim Harris to Vonnie Hise pass on a fourth and nine gave the Tribe their tying score. The PAT failed and ended the scoring with 2:05 left in the game. The Bulldogs managed seven yards on their next possession and a 35 yard punt with good coverage squelched any hopes the Tribe had of a last minute score.

The highlight of the game for Indians fans was to watch their team come back after being behind for three-quarters of the game and drive the ball 92 yards for a score. The drive took 14 plays and a five yard penalty near the end actually forced the Tribe to cover 97 yards.

Monnie Hise carried for 75 yards and Vonnie Hise rushed for 60 to lead the Tribe on the ground. Robert Rodriguez caught 3 passes for a total of 66 yards.

The Tribe will open district play this Friday night at 7:30 at Indian Field when they host undefeated Knox City.

Knox City defeated Rule, 12-7; Albany, 26-10; Archer City, 13-6; and Throckmorton, 35-0.

The Greyhounds have a good team but haven't really been pressed. They are basically a running team and run for a Houston Veer. They have the same basic defense as the Indians.

### Jury Selected In Rape Trial Here

A ten woman two man jury was selected Tuesday in 39th District Court and seated to try the case of Alberto Pearales Alvarez.

Alvarez was charged with rape by a Sept. 26, 1977 grand jury in Haskell County.

The jury selection began Tuesday morning and the jury was selected early Tuesday afternoon. Following jury selection, witnesses in the case began to testify.

The case continued Wednesday and District Attorney Joseph Thigpen said the case would probably not be completed until late Thursday or Friday.

Selected to serve on the jury were: Blanche Harrell, Dorothy Halliburton, Caroline Mitchell, Elaine Glover, Annette Hester, James Lanier, Betty Helweg, Verdia Ashley, Chester Hodgkin, Sallie Grimes, Joyce Hager, and Anna Lees Davis.

## National 4-H Week Set October 1-7

"Freedom to Be" is the theme for National 4-H Week, October 1-7, 1978. During that week, community and 4-H people will take time to salute those who have been involved in the 4-H program.

4-H'ers from throughout the country will be not only saying thanks to those who helped them but also recruiting and trying to involve more people in the 4-H program. One out of

every six people you meet on the street has been a 4-H member at one time in their life. So you can see 4-H has touched the lives of many people and it can be a valuable activity for many other people, youngsters and their families.

"Freedom to Be" helps people to realize that through 4-H you can do and be what you want to be. Through 4-H you have freedom to set goals and reach for opportunities that are of greatest interest to you. In 4-H there is freedom to seek new knowledge and develop life skills through many programs that are shaped by the aspirations and needs of youth and adults. In 4-H there is freedom to explore and learn about the American free enterprise system and the responsibilities that 4-H members and leaders have within this system. Through 4-H there is a freedom to appreciate people of other cultures and other lands. 4-H is freedom to gain information and skills to plan for the future.

"4-H ain't all cooking and cows", there is many opportunities and many project areas that have grown rapidly during the past few years.

Shooting sports is one program that boys and girls from throughout the area have taken an interest in. There is also opportunities in wildlife, fishing, home environment, personality development, creative arts and crafts and nearly any topic that you would like to work up a project in.

4-H'ers are found everywhere from city streets and housing development to small towns, farms and ranches. 4-H members and leaders come in all sizes and shapes. Leaders are found in every age category from recently graduated 4-H'ers to those who are up in years and had a great satisfaction of working with young people. Learn more about the 4-H program today in Haskell County.

As an adult volunteer you can give a little of your time and talent to helping young people in your community grow and develop to be responsible citizens. Don't put it off, contact the County Extension Office at 864-2546 about being involved in the 4-H leadership program.

### Roping Set For Rehab Center

A calf roping event in Stamford to benefit the West Texas Rehabilitation Center will be held Saturday and Sunday (Oct. 7-8) at the Texas Cowboy Reunion Grounds.

Slack roping at 8 a.m. will kickoff activities both days.

Finals of the open roping and barrel race will be held at 8 p.m. Saturday with preliminaries earlier in the day. Two match ropings are also scheduled.

Main events Sunday will be an "old timers" roping and invitational roping contests.

A donation to the West Texas Rehabilitation Center is the only price of admission, according to Raymond Hollabaugh, and a barbecue luncheon will be available to all. Persons wishing to enter the event or wanting more information should call Mr. Hollabaugh at (915) 773-2766.

## Farm Bureau Has Annual Convention

Haskell County Farm Bureau held its annual barbecue and convention Monday night, Oct. 2 at the Elementary School. More than 300 farmers and their wives attended to hear guest speaker Carrol Chaloupka, Pres. of Texas Farm Bureau.

Chaloupka began by explaining that Farm Bureau is a grass-root organization. He told the group that the 42 Resolutions voted on here would go on to the State Convention to be held in Dallas in December. Not all will be passed-it is a Democratic process-we win some and lose some.

Chaloupka drew a standing ovation while talking of his recent world tour in which he noted he couldn't get a drink of water for 12 days in India and challenged the group to go to bed with "pride and appreciate being an American."

Seminar students Kay Campbell of Haskell, Gil Richardson of Haskell, and Kerry Quade of Rochester gave brief reports of their

experiences at the Seminar held on Baylor Campass, Waco, July 17-21. They each thanked Farm Bureau for sponsoring them. They too, were made aware of how valuable their American Heritage is to them.

Also, Eddie Chambers, the new Agency Manager introduced the Seminar Students and helped with the door prizes. Eddie is married to the former Donna Renfro and they have two sons, Shawn and Jay.

New directors and officers elected are: Dan Griffith, Pres.; Tim Burson, V. pres.; Jerry Hannsz, Rule; Leonard Weise, Haskell; Steve McGuire, Haskell; and Preston Ballard, Rochester. Hold-over directors are Coyt Hix, Haskell; Glenn Dudensing, Stamford; Phil Coleman, Haskell; Joe Kimbrough, Haskell; and Ronnie Chapman, Haskell. Billy Middlebrook of Paint Creek was elected to serve a one year term as director replacing Tim Burson since Tim was elected to a two year term as Vice-Pres.

### Warriors Remain Undefeated

The Haskell Warriors remained undefeated this week as both teams ran their records to 3-0. The 7th grade smashed a much bigger Anson team by a score of 28 to 8. The 8th grade defeated the previously undefeated opponents from Anson by a score of 18-0.

The Frosh were defeated by a score of 16-6 to run their record to 2-2. The Jayvees squad battled Anson to a 0-0 tie. Their season record is now 2-1-1.

The Junior High teams will play a return engagement with Anson this Thursday, starting at 5 o'clock. Jayvees travel to Knox City for a 7:00 contest.

## Water Due Today From Miller Creek

Water samples from Miller Creek Lake were taken to the Abilene lab Monday afternoon for the last test before Haskell residents could be connected to the system.

The test results were scheduled to be read about noon Wednesday and the expected negative report would enable the City of Haskell to open the valve and begin using the water shortly after noon on Thursday.

The water has been tested

at the pump station near the lake and all test have been satisfactory. This test will determine if there is any bacteria in the system between the pump station and the ground storage tank near the Haskell Airport.

The lines from the pump station to the airport were recently filled with water containing a high concentration of chlorine to kill any bacteria. System officials anticipate no problems and

expect the test to come back negative.

The local water system will be drained to a low level and only a small amount of the water should be mixed with the water currently in the Haskell system. It is not possible for all of the current water supply to be drained before the Miller Creek Lake water is introduced into the system so there is a possibility that it could be several days before the change is apparent.

## Round-Up Off To Record Start

With the 19th annual Cattleman's Round-Up for Crippled Children which benefits the West Texas Rehabilitation Center getting off to a record start cattle sale, the attention now centers on yet another important sale. Horses from all sections of the state of Texas, including many registered quarter horses, have been pledged to the Center horse sale which is set for 1 p.m. Saturday, October 7, at Abilene Auction, Inc.

Center personnel are now in the process of rounding up additional horses for this sale which last year raised more than \$15,000 to help provide services for handicapped individuals from all over the Southwest. Shelley V. Smith, executive director of the West Texas Rehabilitation Center, said: "We were most pleased and surprised with the outstanding response of our friends and supporters in helping us raise more than \$153,000 during our September 25 cattle sale. And now we look to our friends for their help in donating horses for our October 7 sale."

Smith went on to say, "Another important part of our annual Cattleman's Round-Up for Crippled Children is the Oct. 4 sale at 1 p.m. at the Coleman Livestock Auction, where we will be selling some late arriving cattle, sheep, goats and a number of specialty items."

Anyone wishing to pledge livestock or cash should contact his area chairman or the West Texas Rehabilitation Center campus nearest him.

program committee, introduced guest speaker, Erma Liles of Weinert. In her usual unique way she gave a very interesting and informative report on her recent twenty six day tour of Alaska averaging 400 to 500 miles per day. Highlights of the tour to Mentrou only a few were the different races of people, the beautiful flowers, Queen Wreath and Fire Weed, The Bald Eagle, the Husky Dog Farm, and the Monstrosity of the Alaskan Pipe Line. A most exciting highlight was the one hundred ten mile, eight hour train ride to Skagway.

After the tour "trinkets and treasures" were attractively displayed and viewed by fifteen members and twenty two guests. After a social hour hosted by the Legislation and World Affairs Committee, Edna Hassen and Opal Adkins, the meeting was adjourned.

## Scott To Present Demonstration To Brazos West Assoc.

Vincent Harold Scott is to be the guest artist and will present a demonstration for the Brazos West Art Association Monday, October 9 at 7:30 p.m. in the Community Room at Haskell National Bank. Mr. Scott, a native of the rolling plains, was born and reared on a farm near Cheyenne, Oklahoma. Although his college career was cut short by being needed to operate the family farm, Mr. Scott was fortunate enough to have access to excellent art instruction locally. When art sales exceeded farm income he decided to paint professionally and has been quiet successful as an artist and teacher. He has lived in New Mexico and Texas a number of years and has been associated with the Simms Gallery in Amarillo, for a number of years. Currently he and his wife, Barbara, and five children live in Sayre, Oklahoma. Mr. Scott draws on years of work and play in the great outdoors to create billowing cloudscapes and true to life colors in his work.

All members of the association, prospective members, and interested guests are invited to attend this meeting. Mr. Scott will be conducting a three day workshop in Haskell October 10, 11, and 12.

Mary Anders of Rule will be featured as artist of the month for October. Her work will be on display at Iva Lee's Fabric Shop in Haskell. The public is invited to drop in and view her paintings.

## Wise Old Owls Hold Celebration And Meeting

The W.O.O.'s (Wise Old Owls) of the First Baptist Church celebrated their first birthday last Thursday. Mrs. Ozelle Frierson made owls holding balloons and birthday streamers for decorations. Refreshments of ice cream and pink lemonade were enjoyed along with a huge birthday cake.

A business meeting with the election of officers was held. All officers that had served for the first year were re-elected. David Bradshaw played his guitar while everyone joined in with singing.

David and Minette Bradshaw then presented all the committee members with bottles of cologne in appreciation of their work. There were 29 members present.

# College Night Scheduled

Junior and senior students of high schools in the Big Country who are planning to go to college and the parents of these students will have an opportunity to meet and talk with representatives from various colleges, universities, and vocational training schools at a college night program at Cooper High School on Monday, October 23, at 7:00 p.m. Representatives from forty institutions have been invited. In addition, representatives from the Army, Navy, Air Force, and Marine ROTC programs and a representative to discuss Financial Aid will participate in the program.

The evening program will begin in the auditorium where Robert Hughes President of Cooper High School Student Council, will preside. Mr. Walter Bryan, Assistant Superintendent for the Abilene Independent School District, will welcome the students and parents.

Following the general meeting in the auditorium, each student and parent will have an opportunity to attend three discussion groups of thirty minutes each to obtain information about three different colleges in which they are interested.

College representatives will discuss entrance requirements, application procedure, estimated yearly cost, courses of study, types of housing available, financial aid, and other topics of concern to students and parents.

The colleges and universities which will be represented are:

Abilene Christian University, Angelo State University, Austin College, Baylor University, Cisco Junior College, Hardin-Simmons University, Howard Payne University, Incarnate Word College, Lubbock Christian College, Mary Meek School of Nursing, McMurry College and Midwestern State University.

North Texas State University, Rice University, Southern Methodist University, Southwest Texas State University, Southwestern University, St. Mary's University of San Antonio, Sul Ross State University, Tarleton State University, Texas A&M Engineering Extension Service, Construction, Equipment, Training Division, Texas A&M University, Texas Christian University, Texas State Technical Institute (Sweetwater), Texas State Technical Institute (Waco), Texas Tech University, Texas Women's University, Trinity University, University of Dallas, University of Houston, University of Texas at Arlington, University of Texas at Austin, University of Texas at El Paso, West Texas State University, Western Texas College, Air Force ROTC, Army ROTC, Marine ROTC, Navy ROTC, and Financial Aid for College.

# Utility Tax Changes Due This Month

State Comptroller Bob Bullock Friday said Texas homeowners and renters should not be alarmed if their October gas and electricity bills continue to carry the state and local sales tax.

"Under the law, the utility companies will continue adding the tax on their October bills if their billing cycle begins before October 1, Bullock said.

The Texas Legislature voted in special session earlier this year to repeal the four percent sales tax on residential gas and electric bills effective October 1.

In addition, some 125 Texas cities have also eliminated the local-option, one percent city sales tax on those bills effective the same time.

Under the law, the repeal of the sales tax actually is effective with the start of the utility companies billing period on or after October 1.

This means, Bullock explained, that a customer whose billing period is October 3 through November 3 will get advantage of the tax break as of October 3.

A customer whose billing

cycle is September 25 through October 25 will continue to pay the sales tax through October 25, he said.

Bullock said that homeowners and renters needn't jump on their utility companies about the sales tax on the October bills.

"They are only following the law," Bullock said.

He said elimination of the

state sales tax on gas and electric bills will save homeowners and renters \$150 million a year.

# Sagerton News

Here in Sagerton, we have finally seen the light—sunlight that is. Only one inch of rain fell this past week and some ground is actually crusting over. Farmers are anxiously awaiting the chance to get back to work. Most plan to begin sowing wheat just as soon as possible. There is also extensive terrace repair ahead in the next few weeks.

Congratulations to the Rule High School Football team for really whooping it up on the Roby Lions Friday night. The victory evened the Bobcat's season mark at 2-2.

Several Sagerton boys are members of both the Bobcat and Kitten football teams and we wish them the best of luck.

The Golden Age Birthday party was held on Monday, September 25th. Hostesses for the party were Mrs. Leland Thane and Mrs. George Hanson. Happy birthday was sung to Mrs. Etta Leach and to Mrs. Thane. Among those attending were: Mrs. M.Y. Benton, Mrs. J.W. Threet, Mrs. John Clark, Mrs. Will Stegemoeller, Mrs. Harmon Brooks, Mrs. Cliff LeFevre, Mrs. V.E. Newman, Mrs. Ollie Kitley, Mrs. A.F. Williams and Mrs. H.A. Hines.

Three ladies from the West Texas Home & Health Agency showed a film and talked with the ladies on home care of the sick. The next meeting will be in October and everyone is welcome.

Mrs. Leon Stegemoeller and sons Carl and Clifford visited with Mrs. H.C. Raphael of Stamford on Saturday evening. Johnny Baitz also visited with Mrs. Raphael later that day.

Sunday guests in the home of Mr. and Mrs. Melvin Baitz included: Mr. and Mrs. Fred Baitz, Kacy and Johnny Baitz. Melissa Nierdick was home for the weekend visiting with her parents Mr. and Mrs. Herbert Neierdick. She is a freshman at Tarelton State University in Stephenville.

Kraig Kupatt was home with his family Mr. and Mrs. Fred Kupatt and Kris. He is a freshman at Western Texas College in Snyder.

Congratulations to Mr. and Mrs. Johnny Manske who were married Friday evening in Faith Lutheran Church. Mrs. Manske is the former Jana Kupatt, the daughter of Mr. and Mrs. J.D. Kupatt. Mr. Manske is the son of Mrs. Mozelle Manske. The couple will live in the house recently vacated by Mrs. Johnny Spitzer who has moved to Stamford. Mr. Manske farms.

Sunday guests in the home of Mr. and Mrs. Bill Hertel were Mr. and Mrs. Sam Smith of Swenson Ranch, and their son Craig.

Mr. and Mrs. Fred Baitz visited in the home of Mr. and Mrs. Roy Letz of Rule on Saturday evening. Miss Heidrun Nobbe of Sundren, Germany is here visiting with Mr. and Mrs. Fritz Stegemoeller and Mr. and Mrs. Arthur Knipling. Her mother is a cousin to Mr. Knipling and Mrs. Stegemoeller. We wish her a pleasant and favorable stay in our community.

More congratulations are in order for another Sagerton resident, Mrs. Frieda Quade. We congratulate her on the arrival of her new grandson, Phillip Quade. He is the son of Mr. and Mrs. Dean Quade of Rochester.

# American Ag News

BY BETTYE MCBROOM

Several weeks ago I mentioned that Carol Tucker Foreman, Assistant Secretary of Agriculture, has no degree in nutrition and yet she is planning our nutrition for the 1980's. In the September 8 issue of the WASHINGTON NEWSLETTER published by the National Farmers Union appeared the following statement: "USDA NAMES NUTRITION COORDINATOR. Audrey Tittle Cross, a nutrition consultant in San Francisco, has been named nutrition coordinator for the Department of Agriculture. She will coordinate human nutrition activities within the Department with other federal agencies, private institutions, professional societies, and international organizations. Cross grew up on a farm in California and holds advanced degrees in public health and nutrition and earned a law degree. She is currently a doctoral student in nutrition and food policy and planning at the University of California." It helps to know there will be someone planning our nutrition that at least has knowledge of what nutrition is all about.

Remember in March the incident about the front door glass being broken in the USDA building when the farmers were demanding to talk with Bob Bergland, Secretary of Agriculture? The news media reported the incident as the door being broken by angry farmers. This was their assumption because it made a better story. What really happened was that a policeman with a night stick stuck in his belt turned around quickly and the stick broke the door glass. About 30 minutes after this incident the policemen let some of us ladies inside. Three other ladies and I brought coffee, sandwiches, and sweet rolls outside to the farmers waiting in the cold rain. We made four trips outside with the food until all the farmers had been fed. We got the food in the cafeteria and the personnel there were making the sandwiches for us. They were very friendly and sympathetic to the farmer's plight. Oh, by the way, the policemen told us how the glass was broken!

The stories reported lately about the grain sales being down to the foreign countries these past years, did not bother to state why the foreign countries have stopped purchasing grain from the United States. The truth is that the grain companies in the United States do not send clean grain to these countries. Somewhere and somehow "foreign matter" is mixed with the grain so that it will weigh heavier. The grain was being shipped with rocks, dirt, and animal matter in the grain. I do not blame the foreign countries for refusing to buy grain from the United States. We would not want grain sent to our country like that.

Out of the Camp David Summit meeting came the excitement of a Peace Treaty. My question is what did President Carter promise to Israel and Egypt if the treaty is signed, or is not signed? I hear one of the promises is

that the United States will build two air bases in Israel. What was promised to Egypt? How much of the United States did our President give away or sell? I truly hope the treaty is for real, but I cannot help but think there is much behind this that is not being told to American people. Americans stand up and demand to know the truth!

## The Land Bank ...money to keep the farm in the family

One of agriculture's toughest challenges is keeping the farm in the family. It takes long-term planning and, often, long-term credit. For more than three generations, the Land Bank has helped farm families pass along what they have worked so hard to build. We may be able to help you, too.

Help may be on the way for lowering the costs of feeding cattle. Initial research on a new compound called monensin has had positive results at several agricultural colleges and test stations. Classified as an antibiotic, the chemical has produced an increase in feed efficiency as high as 13 percent. Average improvement in tests at the University of Nebraska was 11 percent. On that basis a dollars and cents evaluation means a savings of about twenty dollars a head in the average feeding cost for feedlot beef. Food and Drug Administration officials are expected to react more favorably toward the new compound than toward the still controversial DES since monensin acts only in the rumen of the animal and reportedly leaves no residues in tissue. Researchers say the compound enhances gain efficiency when used in amounts small enough to be comparable to adding one pint to 5,000 gallons of water.

Hunters should learn first aid treatment for emergencies in the field. In gunshot wounds, severe bleeding must be controlled by applying pressure on key arteries to retard the blood flow and staunching the wound with a clean compress to keep out air and dirt. For chest or facial injury, speedy medical help may be most urgent because of breathing difficulties. Get the emergency help of a local doctor before transporting long distance to a hospital.

**WHO SAID "HIT THE DIRT?"**...This was no bomb drill but was typical of the hard hitting action last Friday when the Indians and the Stamford Bulldogs played to a 13-13 tie. Many of the players felt as though they had spent more time laying on the ground than standing on it when the game ended. Somewhere in this tangled mass of players is a football, but you sure can't see it. (Staff Photo)

## Conservation Viewpoints Election Set Monday

An election for a director to serve in Zone 5 on the HASKELL Soil and Water Conservation District Board is scheduled for Monday Night, October 9, 1978 at the Haskell High School Agricultural Building, at 8:00 p.m. announced R.V. Earles, chairman of the Board.

State Law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or part of which is in the district and the voter must be 21 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own

land in the zone he represents, be 21 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 5 of the district includes an area from a line beginning at the intersection of US 380 and FM 266, east of Haskell, going north up FM 266 to the intersection of FM 1080, thence west along FM 1080 to US 277 and across the county to the intersection of FM 2407 and State Highway 283 between Rochester and Rule; thence south through Rule to the intersection of State 283 and FM 1225; thence east to the intersection of FM 1225 and US 277, thence north along US 277 to Haskell; thence east along US 380 to point of beginning at FM 266.

Current members of the board of directors of the HASKELL SWCD are R.V. Earles, Chairman, Paint Creek; W.L. Ballard, Vice-Chairman, Rochester; F.A. Ulmer, Secretary-Treasurer, Sagerton; M.W. Phemister, Member, Weinert; and Milton I. Christian, Member, Haskell.

The purpose of the HASKELL SWCD, with headquarters in Haskell, Texas is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

All conservation programs managed by the district are of a voluntary nature to the landowner or operator.

Remember this date and time: MONDAY, OCTOBER 9, 1978, 8:00 p.m. Haskell High School Agricultural Building. SWCD DISTRICT DIRECTOR ELECTION. Please plan to be present. J.C. Yearly, Jr. District Conservationist

## County Librarian Attends Meeting

Mrs. Maxine Hamilton, County School Librarian, attended a Town Hall Library Meeting at the Abilene Public Library September 12. These meetings were held in selected sites of each of the fifty states. The meeting was the first step of a three-step plan to coordinate all information resources to provide people with access to the information they need.

There is evidence of an information explosion on all sides. No single library can afford all of the information it needs. Therefore, we need a better network of libraries and information service between libraries extending from the local library to the Library of Congress. Citizens of the Big Country were present to express their concerns and needs from libraries.

As a second step, delegates will assemble in Austin November 16-18 to bring the results of these area meetings together on a state level. Six delegates were selected from this area.

The third step will be a White House Conference on Library and Information Service in Washington in October and November of 1979. It will include representatives from all states bringing input from their citizens.

The main concern expressed was that the public is unaware of the information media i.e. books, films, records, Braille and large print that is available to them through their local library.

The meeting was profitable toward gaining better library interservice. Please contact your local or county librarian if you need help in finding information.

## Savings Bond Report

August sales of Series E and H United States Savings Bonds in Haskell County were reported today by County Bond Chairman R.W. Herren. Sales for the eighth-month period totaled \$49,692 for 30% of the 1978 sales goal of \$165,000.

Texas sales during the month amounted to \$24,834,922, while sales for the first eight months of 1978 totaled \$206,005,789 with 67% of the yearly sales goal of 306.6 million achieved.

## Nursing Homes Attack Problems

Nursing homes have become a political football and the personnel who work in them are dealing with the public conscience. Politicians who make the laws and regulations have oftentimes never visited a nursing home let alone worked in one. Most of us have a subconscious fear of growing old. To see a home full of constantly sick, feeble, incontinent, or totally senile elderly fills us with horror and fear, for we see ourselves in 20 or 30 years time.

Those who look deeper see the individuals and the character. The senile patient who is so gentle that you are compelled to protect her. The lady who has such a keen sense of humor that it brightens your day—the patient who flays like a wild cat, with such a gleam in his eye, that you have to stand back and admire the sheer guts and determination. We see their trials, tribulations and achievements, their fears, pettiness and joys. We work with people and their daily lives are ours.

Let's look at facts: Probably around 80% of our elderly in nursing homes are on the Medicaid program which pays a daily rate of \$18.91 per day, Type II patient and \$20.82 per day, Type III patient. The last hotel I stayed in cost \$40 per night. For half this cost, we are expected to supply 24-hour professional care, sufficient personnel to bath, feed, wash and clean, dress and serve meals and snacks, provide specialized diets, food, dietary supplies, housekeeping, laundry, maintenance, utilities, taxes, insurance, medical supplies and equipment, activities, social services, specialized services and clerical and administrative services. Costs are going up continually and as in every industry the first cut backs are usually labor. Add to this the stringent standards that nursing homes have to adhere to, and I am amazed that it is only 4% of nursing homes in Texas that are not in compliance. Rules and regulations, if kept to a minimum, are a must, but when you try to handle regulations from County, State, Federal, and Life Safety Codes—all with conflicting requirements and interpretations, and the reams of paper work attached, you stifle initiative, lose imagination and, worst of all, make a person afraid to use their own judgement.

A doctor once told me that the American Health Care System was based on the precedent that those with the most knowledge give the least care. This is particularly true in nursing homes. Physicians, consultants and professional nurses are so bogged down in the paper work—writing progress notes, nurses notes, health care plans, reviews, documenting medications and treatments, diets, clothing lists, recording observations incidents documentation on personnel, etc...ALL required by standards that the time left for PERSONAL care is very limited.

If a patient goes to the hospital, there seems to be an understood rule that the families will help. They sit at bedside day and night, offer

fluids, feed, change, call the nurse when needed, manicure, brush and comb hair, turn patients when required and do the laundry, if necessary. Yet these are the most common complaints received from families with patients in the nursing home. I have often wondered with hospital costs being what they are, why a so much higher standard is expected of nursing homes. I don't mean to criticize anyone and am not going to say the system is perfect—obviously there is room for improvement. But, constant decrying of nursing homes and more red tape is not the answer. We need to increase professional care—but it all costs money and eventually comes out of the taxpayers pocket. Another recruit more trainee aides per patient. We could even serve gourmet meals on a silver platter—but it all costs money and eventually comes out of the taxpayers pocket. Another alternative would be more community involvement—volunteers similar to the "Candy Strippers" in hospitals, who could lend a helping hand. We need to decrease the unnecessary paper work and have a lot fewer and more realistic regulations.

The abuse and neglect law is beyond my comprehension. I have been an administrator for 8 years and can honestly state that I have never seen a case of employees abusing patients. I have seen numerous cases of patient abuse to employees! Patients who are confused and senile will often become violent and hit, fight, kick, bite and scratch. Cut lips broken ribs, black eyes,

bruises, pulled hair and verbal abuse are an occupational hazard.

I believe that the vast majority of people who work in nursing homes discover it is more than a job—those who do not have the interest and patience never seem to last. Benefits and wages are a minimum in this industry and we get our rewards from the affection and confidence that our patients place in us. I have seen employees visit residents on their day off—provide personal items out of their own income, take clothes home to mend, bring presents for birthdays and Christmas—nurses pool their resources to buy insulin or medication that the patient cannot afford. I

have seen half a dozen employees stop what they are doing and watch with breath suspended while a patient takes his first step after an illness—the joy of achievement is shared by all. I have seen them cry when a patient dies, and spend their evening off at the bedside of a man dying of emphysema holding his hand. To me these are the positive things of a nursing home—the things the general public never see and never read about and the inspectors never know because we did not sit down and document them!

## Hearing Test Set For Haskell

Free Electronic hearing tests will be given at the Fieldan Motel, 115 S. Av E. Haskell, Tx. Friday, October 6, 9 a.m.-1 p.m.

Factory-trained hearing aid specialists will be at the Fieldan Motel to perform the tests. Anyone who has trouble hearing is welcome to have a test using the latest electronic equipment to determine if his loss is one which may be helped. Some of the causes of hearing loss will be explained; and diagrams of how the ear works will be shown.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even, people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the latest methods of hearing correction can help them hear better. The free hearing test will be given at the Fieldan Motel, Haskell, Texas. If you can't get there on Friday, call 864-2251 and arrange for an appointment at another time. In home testing is also available.

All former Scott Hearing Aid customers are welcomed to our service.

Officially, I'm a "General Telephone Communications Consultant, specializing in increasing customer profits by maximizing communications efficiency."

Whew!

We consultants would rather say we're people who know a lot about how to solve your phone system problems so you make more money.

So, you'll find us in offices, plants and stores. Analyzing phone bills and equipment needs and...

Looking for ways to help our business customers do their business better.

For example: How much do you lose if your phones are busy and a prospect hangs

up? Or if you can't answer letters fast enough because you can't find a typist?

If these have a sadly familiar ring (or remind you of other problems)...

You need us!

Even if you think your system is pretty good right now, we bet we can make it even better.

There's no additional charge for our help, by the way. And it's very easy to get. Simply call our business office.

**Rochester Homecoming Set**

Rochester Homecoming Activities have been planned for Oct. 14, 1978. This is a Homecoming not only for Rochester students and teachers but those that attended the country schools that consolidated with Rochester, such as Four Corners, Marcy, College Hill, Idella, Jud, Rhoda, Foster and New Mid. Schedule of Events:  
 Registration in Cafeteria, 9:00 a.m.; Coffee for Cheerleaders, Twirlers, Drum Majors, Ex-Teacher Coffee, Old Football Films, 10:00 a.m.; Noon, Sandwiches available; Football Game with Newcastle, 1:30 p.m.; General Assembly, Skits on Former Teachers, 5:00 p.m.; Catered Meal, 6:30 p.m.; and Class Reunions After Meal.

**SONS OF HERMANN**

Haskell Lodge #241 will have their regular monthly meeting Sunday, Oct. 8, at the Lodge hall. Meeting will be at 3:00. Each family is asked to bring a sausage to barbecue.

On Thursday night, the first night of the fair, the queen's pageant was held. Inclimate weather forced the pageant to be moved to the elementary school cafeteria. A standing room crowd attended this event. Milla Perry of Abilene was Emcee for the pageant. She helped to entertain the audience with her witty imitation of Bert Parks and the 'Miss America Pageant'. Several of the contestants performed on stage with skits, dance routines, and twirling. Miss Bonnie Woods, one of the 46 contestants, presented organ selections during the pageant after her 'walk' on stage. Judging had been held prior to the Thursday night event. Accepting honors were: fourth runner-up, Gena Fischer, Paint Creek; third runner-up, Angelia Reid, O'Brien; second runner-up, Kristi White, O'Brien; first runner-up, Patricia Arredondo, Haskell; and crowned 'Miss Haskell County Fair' of 1978 was Miss Kay Campbell, Haskell.
