

Construction Underway On New Fire Station

With the delivery of the new building scheduled for sometime next week, workers on the new Haskell Fire Station

were busy this week. The final preparations on the site were completed Monday and Tuesday

and plans called for the pouring of the slab Wednesday.

A rain late Tuesday afternoon delayed the pouring of the slab and all steel had to be removed and cleaned and dried.

Footings were poured Wednesday and workers were hopeful that the slab could be poured Thursday.

Donations to the building fund continue to be received and the fund has grown to almost \$47,000.00, including pledges.

With work underway and the largest portions of the project to be completed within the next few weeks, fire department members are asking that all persons who have made pledges, please deposit their pledge at Haskell National Bank or leave the pledge at the Fire Station.

Donations received this week include:

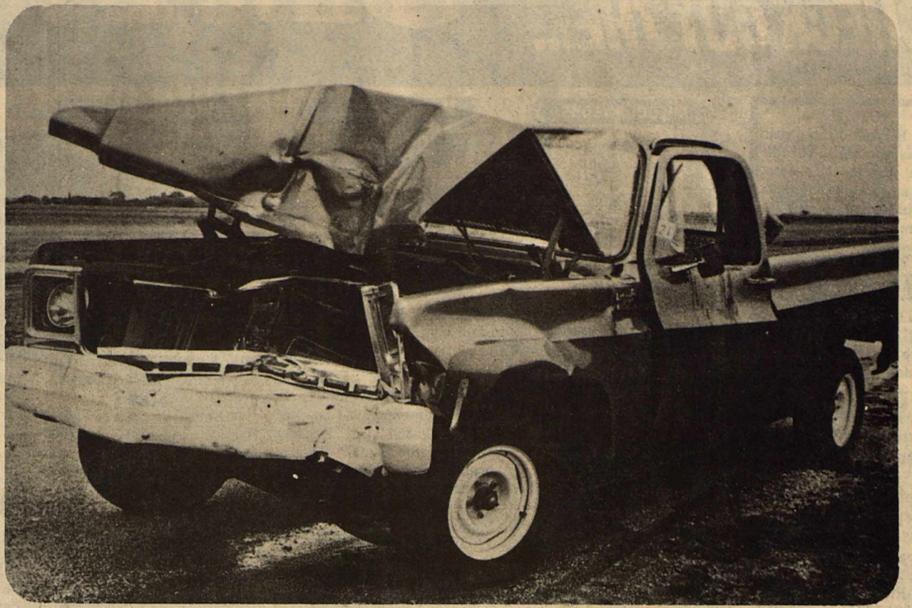

Mr. and Mrs. James Lanier	25.00
Biggon and Glenda Drinnon and Family	25.00
James and Elaine Davis and Family	25.00
Mr. and Mrs. Bob Guess	50.00
Mr. and Mrs. H. M. Bledsoe	25.00
Mr. and Mrs. Vernay Teague	30.00
Mr. and Mrs. Edgar W. Wells	50.00
Mr. and Mrs. Floyd Hester	75.00
Mr. and Mrs. Walter Fischer	25.00
Baird's Cleaners	75.00
Mr. and Mrs. Dennis Young	35.00
Rice Springs Care Home	100.00
Woodley and Alta Faye Davis	25.00
Arrowhead Motel	50.00
Mr. and Mrs. R. M. Walker	25.00
Haskell Livestock Auction	100.00
Haskell Lions Club	100.00
Maye Bell Taylor	25.00
Total This Week	865.00
Previous Total	45,984.49
Total To Date	46,849.49

Donations to the building fund are almost \$47,000.00, about \$13,000.00 short of \$60,000.00 goal. Donations will be taken at the fire station or at Haskell National Bank.

(Staff Photo)

WORK UNDERWAY...Concrete footings were poured Wednesday morning on the new fire station. The slab foundation should be completed by the end of the week and the building is scheduled to be delivered next week.

JOHN WILLIAM GAY, 68, of Wichita Falls, received lacerations to the head and a fractured hip Tuesday when this pickup collided with a tractor driven by Clarence Edward Tatum of Haskell. Both vehicles were traveling south on U.S. 277 six miles north of Haskell

when the accident occurred. DPS Trooper II James Davis said the accident apparently occurred as Gay attempted to pass the tractor and the tractor attempted a left turn. The accident is still under investigation. (Staff Photo)

VOLUME NINETY-THREE HASKELL, TEXAS, 79521, THURSDAY, JULY 19, 1979 NUMBER TWENTY-NINE

Taxpayers Schedule Meeting

To Discuss New Laws

A special meeting of the Haskell County Taxpayers Association will be held tonight, July 19, at 8 p.m. in the Community Building of the Haskell

National Bank. Discussion during the meeting will center on suggesting individuals who would be qualified to serve on a local board to manage a separate tax assessor-collectors office for local taxing entities.

Charges Filed After Shooting

Members of the Haskell County Commissioners Court met in special session Tuesday to officially petition Gov. Bill Clements to open any called session of the legislature to consideration of restoring appropriation of County Lateral Road Funds.

At the present time the city and school would come under jurisdiction of the board and it is possible that the Hospital and water authority would also fall into that category. The county would have the option of entering.

Gov. Clements recently line-item vetoed to funds from the appropriation bill and in so doing will keep Haskell County from receiving approximately \$28,000.00 per year in funds for maintenance of County roads.

During the meeting of the association last week, approximately 58 persons heard Bill Baker, president of Texans for Equitable Taxation, of Knox City, explain the law passed by the recent legislature which will initiate the one appraiser per county concept.

In a letter to the Governor, the County Judge and Commissioners stated that Haskell County has been receiving these funds since 1933 and that the funds were needed to keep county roads maintained.

Baker explained that under this

The county will receive \$27,610.23 this year from the fund and if the Governor's veto is not changed in a special session, the county will not receive the funds in the future.

Commissioners Petition Governor

Aggravated assault charges were filed Monday against Clyde Williams Patterson, 35, of Rule, in connection with the shooting of Bobbie Ann Williams of Haskell.

The incident occurred at approximately 7:45 p.m. Sunday in front of Ms. Williams residence at 109 N. 14th in Haskell. She was treated at the scene by members of the Haskell County Emergency Ambulance Service and transported to Haskell Memorial Hospital where she was treated and later transferred to Hendrick Medical Center in Abilene.

Monday afternoon she was listed in critical condition. Patterson was placed in jail and bond was set at \$2,500.00.

A complete investigation of the incident is currently being conducted by the City Police Department and the District Attorney's Office.

GROUND BREAKING...The Rev. Dudley Bragg and members of the building committee of the First Baptist Church and church members were on hand recently for the ground breaking ceremony on a new \$156,000.00 Family Activity Center for the church. The proposed structure will be

Fashion Revue Winners To Compete At District

Approximately 70 persons attended the Haskell County 4-H Fashion Revue which was held at the Rule Country Club on Friday evening, July 13.

Twenty 4-H'ers participated by constructing garments, preparing record books, and by modeling their garments.

The top winners of the three divisions will be participating in the District 3 4-H Fashion Revue on July 31, to be held in Abilene.

Winner of the Beginner Division was Kay Fischer, daughter of Mr. and Mrs. Gene Fischer of Paint Creek. She modeled a floral print camisole top and ruffled skirt accented by eyelet lace.

Winning in the Intermediate Division

was Debbie Quade, daughter of Mr. and Mrs. Dean Quade of Rochester. Her outfit consisted of a blue vested pant

suit of brushed denim. Her vest is lined with blue gingham check.

Lynn Weatherly, daughter of Mr. and Mrs. Jerry Weatherly of Haskell, was the top winner of the Senior Division. Her garment was a loose pullover dress of blue, white and rose fabric, with a contrasting blue vest.

First Place in the Pee Wee Division was Kristen Campbell, daughter of Mr. and Mrs. Duward Campbell. Kristen modeled a blue and white pop-over skirt. The Pee Wee Division does not advance to district Contest.

Alternates in these divisions were Michelle Scoggins, Rochester, Beginner; Kim Jones, Rochester, Intermediate; and Tainiya White, Rule, Senior.

Other participants were: Beginners - Stephanie Browning, Marcy Davis, Kelly Earp, Angela Fannin, Holli High, Rebecca Holt, Jill Jennings, Mary Lehrer, Lori McGee, Julie Roewe, Mindy Smith, and Melody Speck; Senior - Sonja Tidrow. All received blue ribbons for their outstanding work.

Baseball Tournament Scheduled

The senior teenage baseball tournament will be held in Haskell July 24-27 according to Sgt. Frank Jircik, tournament director.

Teams from Haskell, Baird, and Eastland or Cisco will compete in the double elimination tournament.

One game will be played each night and all games will begin at 7:30 p.m.

Representing Haskell in the tournament will be the Haskell Indians, managed by Johnny Manchaca and Kyle Markey.

The winner of the tournament will advance to the State playoffs at Tyler the next week.

A Haskell team has qualified for the state tournament every year for the past 20 years.

The public is invited.

Public Notice

NOTICE TO ALL PROPERTY OWNERS OF THE WEINERT INDEPENDENT SCHOOL DISTRICT
Notice is hereby given that all persons who own their residential homestead may apply for the Residential Homestead Exemption in the amount of \$5,000 (Five Thousand).

In addition to the above, persons 65 years of age and older who own their place of residence within the Weinert Independent School District may apply for their Age 65 and Over Residential Homestead exemption in the amount of \$10,000 (Ten Thousand).

Those desiring or wishing to apply for the Age 65 and Over must show proof of age at the time of making the application by producing some form of proof of age such as birth certificate, drivers license, or medicare number. Applications are also available for Agricultural values (productivity) on rural land.

Applications for all of these exemptions may be obtained at the School in Weinert. Deadline for claiming exemptions for the 1979 tax year is July 20, 1979. 27-29c

NOTICE

The Rule Independent School hereby announces that all persons are entitled to receive an exemption of \$5,000 from the market value of their residence homestead for the purpose of school taxes. In addition all persons who are 65 or older or under a disability for purpose of payment for disability benefits under Federal Old Age, Survivors, and Disability Insurance are also entitled to an additional exemption of \$10,000 from the market value of their residence homestead for the purpose of school taxes.

To qualify for these exemptions, an application must be filed with the School District Tax Office by July 20. Application forms are available at the School Tax Office located at the City Hall at Rule. 23-29c

NOTICE

Notice is hereby given that the Board of Equalization of the Weinert Independent School District will meet Friday, July 27, 1979, at 8:00 a.m. at Paint Creek School, for the purpose of determining, fixing and equalizing the value of all real and personal property in the Weinert Independent School District for the year beginning January 1, 1979. All persons having business with the Board are invited to appear. By order of the Board of Trustees, Weinert Independent School District. Board of Trustees Weinert I.S.D. 29c

Conservation Viewpoints

SCS Office Approaching Busy Season

During the fiscal year quarter ending June 30th, the Haskell Soil and Water Conservation District assisted by the Field Office of the Soil Conservation Service personnel, developed 13 new conservation plans on 3058 acres, and one group plan between Mrs. Virginia Bettis and Hershell Tankersley. Ten conservation plans were revised on 4984 acres.

Personnel of the SCS Field Office contacted 74 Haskell SWCD landusers for the first time in the 1979 Fiscal Year, and rendered 491 technical services on planning and application. Fifty-three land-

users applied one or more conservation practices. 3,915,513 feet of terraces have been repaired or newly constructed since October 1, 1978.

Five landowners applied for cost-share assistance under the Great Plains Conservation Program and 1853 acres. Three contracts were developed and all are pending certification of funds. Three contracts were developed in October of 1978, and these three are also pending certification of funds.

Needs, feasibility, site selection and layout were accomplished on 67 1978

Emergency Conservation Program applications, and 71 ECP jobs were completed and certified to the ASCS County Committee. Out of the 616 applications received under this program last August 29, 362 applications have been serviced for needs, feasibility, and layout. 227 of the applications have been completed. We received 20 applications under the 1979 Agricultural Conservation Program. Thirteen have been serviced, and six have been completed. Ten GPCP contracts have been serviced and conservation work completed or started.

This next quarter, July 1 through September 30 promises to be a sizzler, like the weather. Workloads for 1980 and annual plans of operation for both the SCS Field Office and the Board of Directors must be completed. The long range program and plan of work for the District is due to go to the publisher in August.

This document will be a 20 to 24 page booklet, in color, detailing the full program of resource needs and plan of work of the District. Planning and servicing goals for the fiscal year need to be met. At present 34 producer's are on the waiting list for services, and more are being added daily.

SCS Field Office personnel and the SWCD Board of Directors are asking each and every Haskell County producer who anticipates their assistance this summer, to please get in touch with the Field Office as soon as possible, so that your needs can be met at the proper time.

Under the ECP program each applicant is allowed to produce one other crop after the August, 1978 storm before having your repair work started and completed. This means that any work needed on wheat land going back to wheat this fall must be done this summer, and that cotton

or maize land must be accomplished this fall and winter after harvest.

We will do our best to meet your requests on a timely basis. Just be patient with us if we ask you to wait a few days to a week or so. Currently, we are scheduled solidly for at least a week to ten days.

J.C. Yeary, Jr.
District Conservationist

Haskell Is One Of Leading Oil

Centers In U.S.

The International Petroleum Exposition will salute Haskell, as one of the leading oil centers of the United States at its 56th anniversary event, September 10-13, 1979, in Tulsa, Oklahoma according to John M. Houchin, IPE president.

The Tulsa Onshore Oil Show, first held in 1923, will have 10½ acres of inside exhibits in an air-conditioned building large enough to house seven regulation football fields, plus five acres of outside space for larger, moving equipment.

Exhibits will represent the exploration, drilling, production, pipeline and refinery/petrochemical divisions of the oil industry.

A special lounge will be furnished for Independent oil men.

Attendance of 40,000 oil men from 50 states of the union and over 60 nations are expected, Houchin said.

American Ag News

BETTYE McBROOM

Parity Inc. of Oklahoma and AAM Corporation of Texas have signed contracts with Portugal for 100 million bushels of wheat at \$4.80 per bushel. The wheat is in Houston and Portugal is there ready to load it out. Portugal would like to buy another 100 thousand bushels of wheat if it can be delivered to Houston.

Parity, Inc. has been contacted by the Chicago Board of Trade. They wanted to buy 100 million bushels of small grain, but the farmers in the Parity, Inc. told them they would not sell to them.

The farmers around the country have built their own storage tanks and it is beginning to hurt the Chicago Board of Trade because this wheat and corn is not going into the loans.

The American Agriculture Movement has called the farmers to rally again. The week of July 23-28 will be all-important to American farmers and ranchers. It is during this week that the English bill (HR 3398) which calls for an increase of 7% in target prices, will be on the floor of the full House of Representatives for its consideration. Also, the counter-cyclical beef import bill (HR 2727) will soon be scheduled for presentation to the full House.

The National AAM Headquarters, Springfield, Colo., urges each farmer and rancher, whose very livelihoods truly rest on the enactment of these two bills, to go to Washington during this week for more lobbying.

We cannot quit now when our goal of improved incomes and orderly marketing methods are so near at hand. We must all make a supreme effort and pass it through.

The Haskell AAM will meet Friday night, July 20, at 8:00 in the Bank Community Building. This will be an organizational meeting. We know you farmers are busy in the fields, but we are about

two months behind in organizing and we need to do it now. We will have some more information about selling your wheat through AAM Corp. If you are interested. Also, they are calling for cotton at 62¢ a pound delivered to Houston. REMEMBER - Friday, July 20, 8:00 p.m. at the Bank Community Building! You are needed.

Test Soil To Increase Yield

Two major reasons suggest the need for good soil sampling to have soil analyzed. County Extension Agent Max Stapleton said. A primary reason is so the producer can apply the proper amounts and grades of fertilizer to his cropland. The second major reason is that following a good production season, previously applied or accumulate fertilizer nutrients may have been utilized. A good soil sample and a soil test will then help maintain yield.

Normally, a soil sample at plow depth is adequate which is about six inches deep. If a subsoil sample has never been taken, then take samples from several sites to look at nutrient status below the surface. Subsoil fertility status is very important in deep-rooted crops such as cotton.

Next, the question that needs answering is, "How many subsamples and what

size field should a single sample represent?" If a field is uniform, then 10 to 15 subsamples per 100 acres should be adequate for a good soil analysis. Fewer subsamples and a larger area are possible if the field has never been fertilized, Stapleton said. Prior to taking small samples scrape the litter from the surface, then use a spade, soil auger or soil sampling tube. To use a sharp-shooter, dig a V-shaped hole and take a ½-inch slice of soil from the smooth side of the hole. Repeat in 10 to 15 different places.

Place subsamples in a clean container (plastic bucket, paper sack, etc.), mix thoroughly, and take out approximately 1 pint for the composite sample. Stapleton suggests.

Soil sample information and containers can be obtained at the County Agent's Office.

"Funny" or "Unfunny"

HEW gave \$35,000 to Donna (Tex.) High School to teach aviation to 33 children of migrant workers because school superintendent Ruben Rodriguez was worried about the high dropout rate for migrant students and thought the flying program might heighten student interest in school. Instruction includes solo flying, at a cost of \$20 per hour for the plane and \$10 per hour for the instructor.

Credit Conservative Digest

Have You Written Your Congressman Lately?

Sometimes the taxpayer wins one: The Rockingham and Stafford (New Hampshire) Employment and Training Consortium wants to return \$3 million in unneeded CETA funds. "We did our very best to spend the money but we had no takers," explained consortium director Judy Gustafson. "I looked everywhere I could to find people who wanted to benefit from the CETA program and nothing worked."

"In three months I spent \$3,500 advertising in every daily, weekly and shopping center newspaper read in the area. We put ads on every radio station that covers the seacoast—AM, FM and even country and western. We got only a handful of takers."

Federal bureaucrats are dumbfounded. "It's never happened before, so we're not quite sure exactly what we do about money being returned to us," said Ed Leslie, a regional desk officer for the Department of Labor.

Grasshopper Control Suggestions

Hordes of grasshoppers are stripping rangelands in the Texas Panhandle and have their sights on pastures, ranges and crops to the south and east.

Some 1.5 million acres of rangeland have already been treated or will be treated shortly in the Texas Panhandle, report Dr. Mike McWhorter and Dr. Phil Hamman, entomologists with the Texas Agricultural Extension Service, Texas A&M University System. Counties in the spray area have a grasshopper count ranging from 32 to 54 per square yard. A count of eight adult grasshoppers per square yard is considered serious enough for control measures.

According to McWhorter and Hamman, the spray program for rangeland involves use of the insecticide malathion and is being conducted on a cost-share basis with ranchers; the Texas Department of Agriculture, and the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture. Spray applications are made after grasshoppers hatch and before females start laying eggs.

The entomologists encourage farmers and ranchers as well as homeowners to check for grasshopper infestations along roadsides, fence rows or idle, undisturbed ground where the pests may be hatching. A key to effectively suppressing grasshopper numbers is to treat these hatching areas early before young hoppers begin to migrate.

A bait mixture using toxaphene has been effective in

controlling grasshoppers along field margins and roadsides, point out McWhorter and Hamman. The formulation calls for 100 pounds of mill-run bran, 1½ pints of Toxaphene 6E, 7 to 8 gallons of water, and 2 gallons of blackstrap molasses. Sawdust may be substituted for up to ¼ of the amount of bran. Distribute the bait while still moist at 10 to 20 pounds per acre.

Another product, Hi-Plains Border Bait, is a ready-to-use formulation that is registered in Texas but currently has no distributorship.

To prevent extensive grasshopper damage to crops and home gardens, McWhorter and Hamman recommend the following insecticides:

Cotton—Malathion EC or ULV and Sevin 80S;
Corn—Alfator EC, Diazinon AG 500, Malathion EC or ULV, Sevimol 4, Sevin 80S, Sevin 50 WP and Sevin 4 Oil;
Sorghum—Malathion ULV, Sevimol 4, Sevin 80S and Sevin 50 WP;

Wheat and Other Small Grains—Malathion EC or ULV, Pennac-M, Sevimol 4 and Sevin 4 Oil;

Rangeland—Diazinon AG 500, dibrom 8, Malathion EC or ULV, Pennac-M, Sevin 80S, Sevin 50 WP and Sevin 4 Oil;
Home Gardens—Diazinon 25 EC, Malathion EC and Sevin 50 WP.

Consult respective insecticide labels for specific rates of application and use precautions, advise the entomologists.

McWhorter and Hamman emphasize that the above insecticides will kill only those grasshoppers present at spraying time or a short time thereafter. Followup applications will be needed, particularly in areas of high infestations, to control migrating grasshoppers.

STOCK MARKET

The market at Haskell Livestock Auction was active on a run of 1893 head of cattle, 237 hogs, and no sheep and goats at its sale Sat. July 14, 1979 according to James Powell reporter.

Other comments: Market active and strong on all classes with good buyer demand on all classes.

Butcher calves: choice, 68-70; good 65-68; standard, 63-65; rannies, 50-63.

Cows: fat, 45-50; cutters, 48-53; canners, 35-480 stockers, 58-72.

Bulls: bologna, 63-68; stockers, 70-90; utility, 58-63.

Stocker Steer Calves: choice, 1.00-1.20; good, 90-1.00; medium, 85-90; common 75-85.

Stocker Heifer Calves: choice, 95-1.00; good, 90-95; medium, 85-90; common, 80-85.

Feeder Steer Yearlings: choice, 85-90; good, 80-85; medium, 78-80; common, 70-78.

Feeder Heifer Yearlings: choice, 73-75; good, 70-73; medium, 68-70; common, 60-68.

Cows & Calves: good, 800-900; plain, 550-750.

Top on Hogs 38.50.
Sows 28-32.
Boars 25-28.
Shoats 35-45.
Pigs 12.50-20 by head.

Lankford Reunion Held July 7-8 in Haskell

For the first time in 18 years, all the living children of Mr. and Mrs. J. R. (Roe) Lankford of Haskell were together for a family reunion. The reunion was held during the fourth of July and several family members present attended the Texas Cowboy Reunion for their first exposure to a rodeo. The couple had nine daughters and eight are living and attended the reunion. Ora Mae Blackwell, the couples only other daughter died in 1962. This reunion was

attended by her husband, Carl Blackwell of New Mexico. Approximately 65 members of the family attended the reunion including Mrs. Lankford's sister-in-law, Mrs. Tommie Cox of Hale Center, and her 25 children and grandchildren. Recognized as the youngest person attending was the two month old son of Mr. and Mrs. George MacWilliams of Houston. Mr. Lankford was recognized as the oldest. Both were born May 2, one in 1979 and Mr. Lankford in 1892.

The daughters attending the reunion and visiting friends in Haskell were: Mrs. Ocie (Gladys) Carruth and Mrs. J. B. (Neoma) Kirby both of Haskell, Mrs. C. M. (Bell) Posey of San Antonio, Mrs. Odell (Wanda Jean) Dodson of California, Mrs. Herb (Mirtie) Irene Bunner of Missouri, Mrs. Melton (Rosie) Lang of Kansas, Mrs. Gerald (Evelyn) Graham of Ohio and Mrs. Joel (Geneva) Miles of Ozona. Also attending were 22 of the couples 28 grandchildren.

Gasoline poisoning has increased "tenfold" recently, according to Mike Ellis, director of the Texas State Poison Center, and Ellis says the upsurge seems to be directly related to the gasoline shortage in the area. Ellis says his department is receiving an average of 10 calls a day about gasoline poisoning. "This time last year," he admits, "we were only getting about one call a day for the same thing." The increased practice of siphoning, Ellis thinks, is a major connection between the rising number of gasoline poisoning cases and the gasoline shortage. He says adults, because of the shortage, are siphoning gas from car to lawn mower, from car to can to other car, and he calls this practice "dumb at the very least."

Gasoline siphoning can cause a person at least two major problems, he says. Ellis says a person can swallow gas while transferring it, and the effects can be serious, even deadly. "Gasoline can go into the stomach," he says, "if the epiglottis slams shut and does not allow it to go into the lungs." In the stomach it will be nauseating and may cause vomiting, he says. "One it is in the stomach," Ellis says, "it is absorbed, the aromatic hydrocarbons can sensitize the heart to any catecholamine, such as adrenaline. "What this means," he

continues "is with gasoline in the stomach and the heart sensitized, if a person becomes startled or afraid or experiences any sudden emotion that causes adrenaline release, that adrenaline can potentially cause the heart to go into ventricular fibrillation. That person can be dead in four minutes, unless remedial methods, such as counter-shock, are performed". A second potential problem of gasoline siphoning is that of aspiration or getting it into the lungs. "If a person coughs or chokes after sucking on the

hose, he may possibly have gotten some of the liquid into his windpipe and a set of new and different problems will occur," Ellis says. Upon entering the trachea and lungs, the gasoline is quite irritating. "The lung tries to take care of the irritating liquid by diluting it. The most severe effect of gas aspiration, however, is that the oil-based product physically spreads out and coats the lungs. "Depending on how extensive the coating is," Ellis says, "will determine how much lung tissue is

spared. It will determine if life can be maintained." In simple terms, aspiration can mean death. "Children," Ellis says, "are more likely to aspirate petroleum products than adults." Ellis recently watched two 15 month-old girls, in unrelated cases, die of petroleum distillate aspiration. "We put them on respirators," he recalls, "but only about one-third of their normal body oxygen was getting through. "Once a child ingests a petroleum product," Ellis says, "they're not out of the woods for 18 hours. We don't know whether they're absolutely clean for 18 hours." Ellis says if gasoline ingestion does occur in the home, the first thing to do is call the Poison Center at 713/765-1420. "If there is a lot of coughing or choking, we'll send the person in for an X-ray to see what the baseline looks like. If there's no coughing or choking, we'll put the person on an 18-hour watch for fever, coughing, chest congestion or any signs that we may have an aspiration problem. "Sometimes it may be that we tend to overtreat," Ellis says, "but we would much rather be safe than sorry."

Mr. and Mrs. John E. Robison attended the Junior Olympic Relays in Lubbock last Saturday and watched their grandson, Tommy Robison win a gold medal in the Discus Throw competing against the top athletes of Texas, Louisiana and Mississippi. Tommy will now go to Lincoln, Nebraska to try for the 1980 Olympics, which will be held in Moscow, Russia. Tommy will be a senior at Gregory-Portland High School this fall. Jess Stiles, former Head Football Coach of Haskell, and now Backfield coach at Texas A&M called John E. Robison Monday morning and congratulated them on their grandson's win.

Robison Wins Gold Medal

Mr. and Mrs. John E. Robison attended the Junior Olympic Relays in Lubbock last Saturday and watched their grandson, Tommy Robison win a gold medal in the Discus Throw competing against the top athletes of Texas, Louisiana and Mississippi. Tommy will now go to Lincoln, Nebraska to try for the

1980 Olympics, which will be held in Moscow, Russia. Tommy will be a senior at Gregory-Portland High School this fall. Jess Stiles, former Head Football Coach of Haskell, and now Backfield coach at Texas A&M called John E. Robison Monday morning and congratulated them on their grandson's win.

First Texas Sales of Gasohol At Sunray Co-op in Panhandle

AUSTIN--The small Panhandle town of Sunray became the first site of commercial gasohol sales in Texas recently, according to the Texas Department of Agriculture (TDA).

The Sunray Cooperative made the efficient alcohol-gasoline fuel available to consumers June 22.

Among those visiting the cooperative-owned station during the occasion were officials of TDA's Amarillo district office. Encouraging the development and expansion of gasohol use in Texas has been, and remains, a priority goal of TDA. "The decision by Sunray

Co-Op to be the first to market this product speaks well for the managers and board of directors of this organization," commented Agriculture Commissioner Reagan V. Brown. "Judging from the number of applications for permits to produce and market gasohol being received by state and federal agencies, this is only the beginning."

According to officials of both the U. S. Bureau of Alcohol, Tobacco and Firearms and the Texas Alcoholic Beverage Commission, requests for permits needed to distill alcohol and blend it for motor fuel use are maintaining a rapid pace.

For earlier maturity—bigger yields

When bollworms or tobacco budworms infest your cotton fields there's no time for half way control measures. That's why thousands of growers rely on a new insecticide AMBUSH for dependable control.

AMBUSH insecticide is applied only when insect pressure begins to build up. So you must check your fields on a regular basis. As you know, each area will vary by climate, soil type, type cotton seed variety—so check with our representative in your area, he will give you instructions on the best method of application for your particular cotton operation.

Here are some of the important advantages you get with AMBUSH insecticide: effective control of budworms and bollworms, healthier plants, earlier maturity and bigger yields. Don't delay, order your supply today.

Fogle, Mahood Vows Read In Abilene

The marriage of Patricia Lee Mahood and Ronald Arthur Fogle was solemnized in Abilene in the Chapel of the First Baptist Church on Saturday evening, June 16.

The bride is a daughter of Mr. and Mrs. Robert H. Mahood, 107 West Silver, Hobbs, N.M., and the groom's parents are Mr. and Mrs. Arthur F. Fogle of Abilene.

The double-ring ceremony was performed in a candlelight setting by the pastor, Dr. James Flammang. The bride's father gave her in marriage.

The musicians were Dr. John Campbell of Hardin-Simmons University, Abilene, organist, and Debbie Steel of Midland and David Evens of Arlington, Soloist.

Dr. Campbell played for the Processional, "Trumpet Voluntary" by Jeremiah Clarke and for the Recessional, he played "Toccata, Symphony V" by C. M. Widor and "Jesus, Joy of Man's Desiring" by J. S. Bach. Dr. Campbell accompanied Miss Sebbie Steel who sang "He Has Chosen You For Me". David Evens accompanied himself on the guitar and sang "The Wedding Song".

Candles on three levels lighted the wedding scene. Two spiral candelabras framed a stained glass window with a Bible on a stand in front of the church and a Red Rose draped across the Bible. Four candelabra trees and a series of candles were on different levels. Complimenting the

candelabras were green palms laced through the holders and pew markers of fern and greenery completed the setting.

Attending the bride were her sisters, Kathy Mahood of Hobbs, N.M., as maid of honor and Mrs. Pam Austin of Abilene as bridesmatron. Other Bridesmaids were Miss Marcy Floyd of Hobbs, N.M. and Miss Jeanne Claman of Pasadena.

Best man was Boyd King of Odessa and Groomsman were John Orr, David Weaver and John Culver of Abilene.

Guests were seated by Dennis Austin of Abilene, brother-in-law of the bride, Bob Allen III, of Abilene and Mike Chastain of Plano, brothers-in-law of the groom and Bill Patton of Hobbs.

The bride wore a candlelight ivory gown of sheer sata peau and silk Venice Lace with long sheer sleeves with deep cuffs edged in silk Venice lace. The empire bodice with Queen Anne Neckline was overlaid with lace. The demi-bell skirt with Watteau train and the mantilla veil applied in lace design were edged in lace.

She carried a cascade bouquet of star burst poms with stephanotis and baby's breath.

The feminine attendants wore matching full length gowns of sheer polyester knit of ivory and marigold print, designed with empire bodices, scoop necklines and caplets extending below the hipline in the back and finished with self-ruffles.

They carried nosegays of butterscotch daisies with baby's breath and greenery with brown ribbon.

The brides' mother wore a full length toast polyester knit dress with ruching trim, slit long sleeves and overblouse giving a two-piece effect.

The groom's mother wore a warm brown full-length dress of polyester and chiffon with

V-neckline and short cape.

The mothers wore matching corsages of ivory cushioned poms with baby's breath. The groom's grandmother, Mrs. Walter Taylor of Abilene and the Bride's grandmother, Mrs. R. F. Mahood of Perryton, also wore matching corsages of ivory cushioned poms with baby's breath and greenery.

The groom wore an ivory Royale tuxedo with ivory shirt and stephanotis boutonniere. The groomsman wore toast Bently tuxedos and contrasting pants with ivory shirts and the ushers wore brown Bently tuxedos with ivory shirts. Boutonniers for the groomsman and ushers were of butterscotch daisies. The fathers wore dark brown Bently tuxedos.

Following the wedding, the bride's parents gave the reception at the Abilene Women's Club. Mrs. Bob Allen III, sister of the groom registered the guests. Members of the houseparty were: Mrs. S. C. Herring, Mrs. Derward Nollner, Mrs. Bill

Bradshaw, Mrs. Les Gentry, Mrs. Mac Brown, Mrs. Clarke Orr, Mrs. Tommy Evans, Mrs. Bob Hitt, Mrs. Charles Spicer, Mrs. A. G. Arrant, Mrs. Charles Trickey, Mrs. James Cassle, Miss Mary Helen Seibt, Ms. Sherla Smith all of Abilene, and Miss Barbara Faucett, Dallas. Miss Georgiana Massey, California, Miss Kathy Redeker, Denver, Colorado, Miss Paula Criswell, Hobbs, N.M. and Mrs. Mike Chastain, sister of the groom from Plano.

Guests were seated at tables ornamented with crystal hurricane lanterns with bronze daisies and greenery. Refreshments were served from the bride's table and the groom's table.

A four branch silver epergne holding lighted candles, green fern and baby's breath ornamented the bride's table laid with an ivory lace cloth. Silk beige flowers, greenery and baby's breath topped the four-tiered wedding cake and lower tier separated by columns. Fruit punch from a silver punch

bowl, toasted pecans and ivory and brown mints were served with the cake.

Chocolate cake and coffee were served at the groom's table decorated with brown linen runners, and a brass lantern surrounded by ferns and baby's breath.

A bridesmaids breakfast-brunch was hosted by the bride's sister, Mrs. Dennis Austin at the Kiva Inn Sidewalk Cafe Saturday morning.

After a wedding trip to San Antonio, the couple will be at home at 1315 Park Place in Hurst. For traveling the bride wore a floral beige and brown tissue gingham dress with short cap ruffled sleeves, gathered at the waist and flared in a gathered ruffle at the bottom. She wore beige accessories and white cushioned poms corsage with greenery and baby's breath.

The groom wore a toast Brownsport coat, with contrasting pants and ivory shirt, with brown shoes for traveling. The groom is employed by Fort Worth National Bank in Fort Worth.

Both young people were honor graduates this spring, the bride taking a bachelor of science degree in physical education with a minor in English from Hardin-Simmons University at Abilene and the groom taking a bachelor of business administration degree in banking and finance from Texas Tech University in Lubbock. Both graduated from High School in 1975. Patricia graduating from Hobbs High School and the groom from Cooper High School in Abilene.

The groom's parents were hosts for the rehearsal dinner on Friday evening at Briarstone Manor where tables were ornamented with crystal hurricane lanterns and bronze daisies with greenery.

A bridal shower was given for Patricia in Hobbs at the home of Mrs. J. C. Pye with other hostesses, Mrs. Cecil Brown, Mrs. Vernon Hepp, Mrs. Joe H. Floyd, and Mrs. Walter Case.

In Abilene a bridal shower was held at the home of Mrs. S. C. Herring and a couples' old fashioned ice cream and "pounding" party at the home of Mr. and Mrs. Derward Nollner.

The bride is the great granddaughter of the late J. E. Solomon of Haskell and the granddaughter of Mrs. Clara Busby of Haskell and the late R. D. Busby, Sr. of Haskell and Olney.

90 Register At Turner Reunion

The Turner Reunion was held at the Corral building in Haskell, on Saturday, June 30, and July 1. Of the eight children of the late Henry and Bertha Turner, six were present. They were: S. F. Turner of Rochester; Eula Turner of Donna; Vesta Wisenbaker of Donna; Neat Bevel of Haskell; Bernice Chambers of Donna; James Turner of Edinburg; H. B. Turner Jr. of Olivehurst, California; and Sylvia Mudd, of Renton, Washington; were unable to attend.

A baseball game was enjoyed by the young and old. Others spent time visiting with each other. A barbecue supper was enjoyed by every one. The main attraction was the auction, from which the money was used to pay for the

catered meal. There was 90 registered, coming from the following towns in Texas. Donna, El Paso, Brownwood, San Antonio, Ft. Worth, Rochester, Knox City, Corpus Christi, Brownfield, Petersburg, Haskell, La Pryor, Abilene, Canada, Lewisville, Rule, Big Spring, Sagerton and Monahans.

A devotion time was held on Sunday morning, S. F. Turner led the group in singing and James Bevel brought the devotion.

The following officers were elected: James Bevel, president, T. J. Turner, vice-president, and Pat Nielsen, secretary-treasurer, along with the immediate family were several cousins and all are making plans to attend next year.

Mrs. Bahney To Head Fall C/F Campaign

Ms. Marilyn Bahney has accepted the Chairmanship of the Annual Fall Campaign on behalf of the Cystic Fibrosis Foundation. She will be recruiting volunteers within the Community to plan a "Breath of Life Campaign" to take place this Fall in Haskell. The purpose of this Fall Campaign will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children affected

by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis, and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive CF gene. Cystic Fibrosis is inherited when both parents carry the recessive gene. At the present time, no cure for Cystic Fibrosis is known.

Engagement Announced

Bill W. Dodson of Bryan announces the engagement and approaching marriage of his daughter, Rhonda Gayle to David Wayne Hertel, son of Mr. and Mrs. Irwin Blair of Sweetwater.

The couple plans an August 10 wedding in Oak Street Baptist Church. The bride-elect attended Hermleigh High School and the prospective bridegroom is a graduate of Rule High School. He is employed by Rolling Plains Cooperative in Sweetwater.

MRS. RONALD ARTHUR FOGLE
...formerly Patricia Lee Mahood

Mrs. Comedy Named Arthritis Chairman

Mrs. Penny Willhite, Chairman of the West Texas Chapter, today announced that Mrs. Bill Comedy, has agreed to conduct a Special Event in Haskell to raise funds for the West Texas Chapter of the Arthritis Foundation.

Mrs. Willhite said that funds raised from this event will help to support services for Arthritis and their families in this area and to advance the National Foundation's research programs that are

directed at finding the cause and cure to Arthritis.

More than 31,000,000 Americans are afflicted with Arthritis serious enough to require medical care, \$01 right here in Haskell County. Arthritis, the Nation's # 1 Crippler, costs the National Economy a staggering \$13 Billion annually in lost wages and medical care bills. The cost in human suffering, in pain and disability, is beyond measure.

Smith, Thomason Repeat Vows

Jean Marie Thomason of Bonham and Jack Allen Smith were united in marriage July 14, 1979 in Northside Church of Christ in Bonham. Gene Wolf, minister Northside Church of Christ, officiated.

The bride is the daughter of Mr. and Mrs. Jim Thomason of Gainesville. The bridegroom is the son of Mr. and Mrs. John H. Smith, Jr. of Haskell.

Soloists were Mr. and Mrs. Phillip Seawell of Bonham.

Given in marriage by her father, the bride wore a formal length wedding gown of ivory Quiana and English net and lace. Her fingertip mantilla veil of illusion was trimmed in English lace. Her bouquet was a cascade of gardenias and stephanotis.

Lou Ann Thomason of Gainesville, sister of the bride, was Maid of Honor. Bridesmaids were Mrs. Dick Freeman of Denison, sister of the bride, and Mrs. Larry

Smith of Denton. They wore formal length gowns of peach crepe and carried bouquets of peach carnations and wore silk flowers in their hair.

Best Man was Danny Smith of Lubbock, brother of the groom. Groomsmen were Darrell Smith of Abilene, brother of the groom, and Don Love of Bonham. Ushers were Mike McCrary of Bryan, Jon Whittemore of Forney, Nick Miller of Waco and Bobby Wonreck of Fort Worth.

A reception hosted by the bride's parents followed the wedding at the church. A rehearsal luncheon hosted by the groom's parents was held in the Fountain Room in Bonham.

After a wedding trip to Beaver Dam Lodge, Okla., the couple will reside in Clarks-ville.

The bride is a graduate of Gainesville High School 1973, has a B.S. from East Texas State University 1976, and Med. from East Texas State University 1979.

The groom is a graduate of Haskell High School 1971, has a B.S. from Tarleton State University 1975.

Both are employed by Clarksville Independent School District.

MRS. JACK ALLEN SMITH
...formerly Jean Marie Thomason

Tips For Making Fruit Leather

Looking for a different way to use freshly picked fruit? Try making fruit leather for nutritious snacks to keep around the house.

Suitable fruits used to make the leather (known also as fruit rolls or fruit taffies) are: apricots, apples, grapes, berries, pineapple, oranges, pears, peaches, tomatoes, plums, and tropical fruits.

Follow these steps when preparing:

1. Select ripe or overripe fruit.
2. Remove stones or pits from fruits. Seeds of berries or grapes need not be removed. Peel or not, depending upon

individual preference.

3. Cut fruit into chunks and place in a food chopper or mechanical blender.

4. To yellow or light-colored fruit, add one tablespoon of lemon or lime juice for each quart of fruit.

5. Chop, grind, or blend until a thick puree is formed.

6. Add 2 tablespoons of sugar per quart to orange and pineapple pulp. (Additional sugar is not needed for other fruits.)

7. Line a cookie sheet or similar flat tray with saran or waxed paper. Make sure the cookie sheet or tray has an edge to prevent spilling the

The Haskell First Baptist and the Haskell Church of Christ are in charge of our Sunday services the entire month of July.

Pauline Dick furnished the prizes for our Bingo games this week and everyone enjoyed trying to win. We thank everyone that helps us in any way.

We have a new resident in our home this week. Mr. Harold Brian of Weinert has come to live with us and we are so glad to have him as one of us.

Mr. and Mrs. Andy Andrus of Port Arthur, Mrs. James Lumpkin of Amarillo, Mr. and Mrs. John Copeland of Ft. Worth and Rev. Max Copeland of Marble Falls visited with Rev. Walter Copeland last week.

Visiting with Jessie Lee Brown and Claudis Blankenship this weekend were Mrs. Betty Welch, Tina and Michelle of Carthage, Clara Thurman of Seymour and Gwendolyn Welch of Temple.

Mrs. Karen Strickland and boys, Bryan, Larry and Chris of Kilgore, Mrs. Alicia Cooksey, Lisa and Brandy of

Jacksonville, and Mr. and Mrs. O. O. Posey and Juanita of Knox City visited with Edna Collins.

Mr. and Mrs. James Boatwright and daughters Pam and Sue of Idaho, Mr. and Mrs. Philip Stephenson of Allen visited with their aunt and uncle Mr. and Mrs. Manley Branch. Also visiting them was their daughter Mr. and Mrs. R. J. Peace of San Antonio.

Visiting with Mrs. Annie Howard was Jerre and Ginger Cox of Dallas.

James Martin of Old Glory visited Johnnie Pumphrey. Allen and Hazel Letz of Old Glory visited his father Mr. Martin Letz.

Mr. S. E. Crume of Abilene visited with his mother Mrs. Sam Crume this weekend.

Mr. and Mrs. Edward Corzine of Ft. Worth visited Mrs. Angie Mullino. Visiting with Beulah Persons was her niece, Quatta Coley of Andrews.

Leisure Lodge News

Baseball, hot weather, picnics, and family reunions seem to be the main topics of discussions during our exercise class.

We extend our sympathy to the family of Tom Rogers in the loss of their loved one. Mr. W. O. Lewis, Haney Stanfield, and Dee Phillips attended the Tom Rogers funeral in Rule on Monday.

Mr. and Mrs. Melvin Boatright and two daughters of Idaho, and Mrs. Edna Adkins of Rochester visited Mr. Sam Parks, Jerry Stiewert of Mineral Wells also visited Mr. Parks.

Mr. W. O. Lewis and Tom Rogers made a sight seeing trip to Munday and Goree on Thursday. Mr. Leonard Alexander of Weinert visited Mr. Lewis and the Jeff Smith's. W. O. Lewis visited the Derrell Sorrells and

Florene Sorrells in Rule on Sunday.

Mrs. Roy Norman, Mrs. Middie Lees, Mrs. Floyd Norman and Wanda Lees all of Rule visited with Minnie Brady.

Mrs. Pauline Gruben of Weatherford, and Billie Hubbard of Mineral Wells visited their mother, Mrs. Mary Alice Smith.

Visiting Miss Alpha Dyches were her sister, Mr. and Mrs. Travis Smith of Stamford, Mrs. Gladys Dyches of Rule, Mr. and Mrs. Joe Mack Tillson and son, Jason of Floydada, and John Greeson of Rule.

Mrs. Ivy Massie had lunch with her sister, Mrs. Mammie Wheatley on Sunday. Mae Bartley and Sue Wolf of Abilene visited with Joe Larned.

Mrs. Mary Ray was in

Abilene on Wednesday to see the Doctor. Visiting Mrs. Ray was her brother, Mr. Menard Fields of Floydada and Mrs. Estelle Norman of Rule, and Mr. Sam Pierson of Tuscola.

Visiting Ned West was his daughter, Mrs. Sue Marie Reddell and daughter, Beth Ann of Pampa. Gaines Latham was out at Paint Creek to see Mrs. Treva Wells and family.

Mr. and Mrs. Bob Anderson of Perryton visited with Dora Long, and Dora spent the day with Mrs. Edith Long one day this week.

Mrs. Eunice Strickland of Rochester visited with Mrs. Cecil Whitt.

Mrs. Lynn Carlton and grandson, Kevin Carlton of Stamford, and Edgar Lee Schmidt also of Stamford visited with Mr. and Mrs. Albert Schmidt.

Irene Yarbrough spent Friday visiting in Rule. Visiting Mrs. Yarbrough this week were Mr. and Mrs. Orman Yarbrough, DeeAnn of Alpine and Julie Porter of Dallas.

Visiting with Lummie Westmoreland were, Mrs. Newton Westmoreland, Mrs. A. B. Arnett, Mrs. Roy Norman, Ella Franklin, and the three Franklin sisters, from various towns, and Edd

Verner from Rule.

Anita Camacho and son Eddie of Abilene visited Mrs. Nolberta Flores and Gladys Roberts. The Sunday services by the Dorcas Sunday School Class, Dept. III, along with several members and pastor, Rev. Dudley Bragg from the First Baptist Church, and the

Folks from the Church of Christ, the women from the First Methodist Church for Tuesday devotion were all certainly enjoyed, and many thanks. We also enjoy the piano selections and the sing-a-long by Laura Overton and Mildred Green each Friday afternoon.

Cheerleaders Win Second At Camp

Cheerleaders from Haskell Junior High School won second in the junior high division at the Western Texas College Cheerleader Camp recently.

Making up the squad are Holly McBroom, Terrie Andrada, Marla Gonzales, Denise Burris, Shawna Welch and Missy Briscoe.

First and third places in the junior high division went to schools from Dawson County, Klondike Junior High and Dawson Junior High.

Seventy-eight cheerleaders from high schools and junior highs attended the week-long

cheerleader camp, the sixth to be held at Western Texas College. Personnel from the All-Star Cheerleader Conference in Kansas City, Mo., provided instruction for the students. They were assisted by Mrs. Mickey, Director of Student Activities for WTC and sponsor of the WTC cheerleaders.

NOTICE TO HASKELL COWBELLES

The CowBelles will not meet during the months of July and August. The next meeting will be September 10 at the bank building.

Control Skunks With Garbage Can Trap

In rural areas where skunks find plenty of food and shelter away from man, they do little harm and in fact, are very beneficial to farmers and ranchers because of the harmful animals that they consume. The diet of skunks consists of 50% insects and grubs, 25% mice and other small rodents, 10% vegetable matter, and 15% a mixture of spiders, millipedes, centipedes, reptiles, amphibians, birds and eggs.

However, when these animals den in areas close to man, their foul-smelling musk (a clear, golden yellow sulfide fluid known as n-butyl mercaptan) is a disturbing nuisance. Another problem stemming from population of skunks is that they, along with foxes, are a major rabies reservoir and can infect domestic animals as well as people. Skunks that are out in the daytime or that are aggressive should be treated with caution for they could be suffering from a transmittable disease.

In many Texas cities and towns, skunks sometimes live under houses or out-buildings. The safest means of removing the animal is to trap it, and the common garbage can may be used as the trap. The garbage can is placed in an

area frequented by the skunks. Then, the lid is removed, and bait such as pork tallow, old hamburger, or sardines is placed inside with a wide board propped on the can to form a ramp which will allow the skunk to walk up to the rim of the can.

After he jumps down to eat the bait, he will not be able to get back out of the can so the lid can be replaced and the animal transported to a safe

place or destroyed. Normally, skunks will not release their scent in a dark, enclosed space so there is less chance of scent contamination when the garbage can trap is used.

For further information on the habits and the control of skunks, contact your local Wildlife Damage Control specialist at 304 Federal Bldg., Wichita Falls, Texas 76301, or call 817-767-4981.

Heatly Named To Committee

House Speaker Bill Clayton has re-appointed State Rep. W. S. (Bill) Beatly of Paducah to membership on the Legislative Budget Board (LBB).

The appointment of Heatly to the post gives him 22 years on the board, more than any person in history. The long-time West Texas Democrat has served in the House 26 years.

Clayton has appointed Heatly to the post every two years since he became Speaker in 1975. The Speaker serves as vice chairman of the LBB and three other House members are among the 10-member board.

The LBB is responsible for preparing the general appropriations bill to bring before the Legislature. The board works from estimates and

reports of each state agency and from its own inspections in producing a proposed spending bill.

Heatly is a long-time member of the House Appropriations Committee, which has jurisdiction over all state spending measures. He also serves the Judicial Affairs Committee as vice chairman for appropriate matters.

"The experience Rep. Heatly brings to the LBB through his many years in the House and his close association with the Appropriations Committee is unmatched by any persons in the state. His tenure on this board has helped in giving direction to the planning of state budgets for many years," Clayton said of the appointment.

Public Notice

Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories.

The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.

USDA Requesting Comments On 1980 Wheat Program

Secretary of Agriculture Bob Bergland has asked the public to comment on proposals for the 1980 wheat program. These comments should be sent by August 6, 1979.

Bergland asked for comments on whether barley and oats should be included in the 1980 Feed Grain Program and whether program decisions on Barley and Oats should be announced at the same time as for the wheat.

The Department of Agricul-

ture proposed to make the following determinations:

The amount of the national program acreages.

The reduction from the previous year's harvested acreage required to guarantee established (target) price protection on the total 1980 planted acreage.

Whether there should be set-aside requirements and, if so, the extent of the set-aside.

If a set-aside or land diversion program is required, whether a limitation should be placed on planted acreage.

Whether there should be a land diversion program and, if so, the extent of such diversion and the level of payment.

The loan and purchase levels for 1980 crops of wheat, barley, oats and rye.

Whether the special wheat acreage grazing and hay program should be implemented.

The established (target) prices for wheat, barley, oats. And other related provisions such as: Commodity Credit Corporation minimum resale price, commodity eligibility,

Farmers Should Still File

Although July 15 was the deadline for filing priority requests against curtailments of natural gas, farmers can go ahead and file a request with their supplier after this date, according to Glenn R. Brzozowski, Haskell County Executive Director of the Agricultural Stabilization and Conservation Service (ASCS). Users of interstate natural gas have been certified by the Secretary of Agriculture to be protected up to the full requirement against curtailment.

Requests should include: name and address; intended end user of volumes of natural gas needed; natural gas purchases for most recent 12 months for which records are available; documentation to support calculation of needs; standard industrial classification (SIC) code numbers such as 01 for crops and 02 for livestock; signature swearing or affirming to accuracy of the request; contacting local natural gas suppliers concerning procedures for obtaining agricultural priority.

Requests should be filed, in written form, with suppliers and if assistance is needed state and county ASCS offices will soon have information regarding eligible "Essential Agricultural Uses" as well as suggested format for filing.

Stressing the fact that even though July 15 was the last date, farmers should go ahead and file requests after this date, Brzozowski said. "Also, if there is an interstate line involved, it could move them from a lower priority to a higher priority."

storage requirements, premiums and discounts and other provisions as may be necessary to carry out the program.

Most of these determinations for wheat are required to be made by the Secretary on or before August 15. Normally a decision on the inclusion of barley and oats in Feed Grain program is made at the same time. The corn and sorghum program decision is made prior to November 15, as some barley is planted in the fall and does compete with wheat for the same acreage, the Secretary is considering

whether an announcement of the 1980 Barley and Oats program provisions along with the 1980 wheat program announcement is appropriate.

Before reaching his decision the Secretary will consider any recommendations and views regarding these items.

The Haskell County ASCS Office is urging local producers to make written comments on these proposals on or before August 6. Comments should be sent to: The Director, Production Adjustment Division, ASCS, USDA, Room 3630-S, P.O. Box 2415, Washington, D.C. 20013.

Sagerton Community News

The Sagerton Golden Age group will meet next Monday, the 23rd, in the Sagerton Community Center from 3:00-5:00. Everyone is welcome and encouraged to attend.

Mr. and Mrs. Fred Kupatt, Kraig, and Kris were in Stamford last Sunday at the home of Mr. and Mrs. H. L. Hewett to help Mrs. Hewett celebrate her 39th birthday (again). That group recently attended the Harvick Family Reunion at the home of Mr. and Mrs. H. B. Harvick in Throckmorton.

Mr. and Mrs. J. A. Hertel, Mr. and Mrs. K. A. Hertel of Hamlin, Gail Hertel of Hamlin, Mr. and Mrs. Melvin Baitz, and Johnny Baitz enjoyed Sunday dinner at the Cliff House in Stamford.

Paige Ulmer of San Antonio is visiting with her grandparents, Mr. and Mrs. F. A. Ulmer.

Ladain Anderson of Houston is in Sagerton visiting with friends and relatives.

Harvy Stegemoeller of St. Paul, Minnesota gave the Sermon at Faith Lutheran Church Sunday morning, he, his wife, and youngest son were here for the funeral of his father, Fritz, last week.

The L.O.C. Extension homemakers discussed decapouge techniques in the home of Mrs. J. B. Toney. Members and guests present were Wilma Teichelmann, Lorene Jansen, Ev. Ulmer, Frieda Knippling, Janet Thane, Dianne Perkins, Lois Knippling, and the hostess.

A Committee consisting of Rachael Teichelmann, and Margie Hertel was selected to prepare for the August get-together at which the husbands of the L.O.C. members will be entertained. There will be no regular meeting in August. The September

meeting will take place in the home of Joyce LeFevre, Mr. and Mrs. Delbert LeFevre and their children: Mr. and Mrs. Mike Bailey and sons, Mr. and Mrs. Larry LeFevre, Laressa, and Shane, Kent LeFevre and Jill LeFevre enjoyed a family reunion at Lake Brownwood last week.

Lois, Karla, and Tonya Askew of West Columbia brought Rene and Bruce Toney home. They had been visiting there.

Congratulations to Antone Teichelmann who won second in the Old timers fiddling contest at the Texas Cowboy Reunion in Stamford. We will be looking for him to win 1st place next year.

We want to welcome another new family into our community, Mr. and Mrs. Danny Lammert and Johnathan who have moved into the Leland Thane home. We hope they will fill right at home here.

JULY 12 NEWS

The Sagerton community is mourning the loss of long-time friend and resident, F. A. (Fritz) Stegemoeller, who passed away last Saturday morning after a brief illness. Fritz had lived in Sagerton for over 70 years and had spent some 40 of those years as a local merchant. He was the kind of man who always spoke his mind under any circumstance and that quality is certainly one to be admired. He is survived by his wife, Henrietta, two sons, Harvey and Kenneth, a brother, Clarence, and a sister, Mrs. Betty Balzer, several grandchildren and numerous nieces and nephews. We extend our sympathy to the family.

Congratulations are in order for Kevin Meir and Bruce Toney who were named to the

Rule-Rochester Little League All-Star team. The two, along with Tom Bivins and Joe Macias, were members of the 2nd place Yankees team. Kevin was the pitcher and 2nd baseman, Bruce the shortstop, Tom the centerfielder, and Joe the left fielder. These Sagerton boys all did a fine job and we congratulate them.

The all-star games begin Monday night, July 16th in Stamford. Rule-Rochester will play Haskell in the opening round and then Stamford, should they win, on Tuesday night. The area winners will then advance to the playoffs in Graham the next week.

On Tuesday night the four Rule-Rochester teams will be honored with a swimming party and ice cream supper at the Knox City Swimming Pool. Mr. and Mrs. Calvin Stegemoeller were guests in the home of Mr. and Mrs. Leon Stegemoeller over the 4th of July holidays. They are from Duncan, Oklahoma.

Mr. and Mrs. Allen Meir visited with her parents, Mr. and Mrs. S. F. Turner of Rochester Sunday evening prior to the all-star workout.

The L.O.C. Extension Homemakers will meet in the home of Mrs. J. B. Toney today at 2:00. They will work with decapouge. Members and visitors are urged to attend.

Johnny Baitz was a visitor in the home of Mr. and Mrs. J. A. Hertel Sunday afternoon. Mr. and Mrs. K. A. Hertel of Hamlin were earlier visitors in the Hertel home.

Clarence Stegemoeller celebrated the 4th in a big way. He started out by attending the annual 4th of July dance at the Sons of Hermann Lodge in Old Glory and enjoyed supper there also. Then on Tuesday night, he and his grandson, Clifford attended the Texas Cowboy Reunion Rodeo in Stamford. On Wednesday he attended the chuckwagon dinner on the rodeo grounds and then finally on Wednesday evening he enjoyed a Mexican dinner in the home of his granddaughter, Marla Hearn of Rochester. Clarence said she couldn't speak Spanish very well, but the good food more than made up for that. On Thursday morning Clarence took two Alka-Seltzer.

The Delbert LeFevre family enjoyed a reunion at Lake Brownwood this week.

We want to thank Dorothy Clark and Allan Meir for mowing the park recently. Dorothy mowed it a couple of weeks ago, and Allen mowed part of it this last week. The new picnic table cover has been completed and we want to thank the Rule Lions Club for that.

JULY 5 NEWS

We didn't get any rain this past week, but we did get just what we need--sunshine and hot weather. Prospects for an excellent cotton crop look good so everyone just keep your fingers crossed.

Mr. and Mrs. Joe Clark, Mrs. H.C. Raphael of Stamford, and Mr. and Mrs. George Olson of Ozona, were guests in the home of Mr. and Mrs. David Adler of Pecos. Adler was installed as the minister of the Lutheran Churches in Pecos and Fort Stockton. Mrs. Raphael had been a visitor in the Adler home for several days prior to the arrival of the others. Mr. and Mrs. Adler have one daughter, Anna and another child on the way.

Mrs. H. C. Raphael and Walter and Erna Schaake of Stamford were guests in the

home of Mrs. Lena Schaake Sunday evening.

Mr. and Mrs. Bill Hertel have returned from a vacation at Cloud Croft, New Mexico. They reported very favorable cool weather, quite the opposite of the scorching days we have been having her at home.

Mr. and Mrs. J. A. Hertel visited in the home of her brother and family Mr. and Mrs. Lloyd Cleveland, Monty and Latona of Breckenridge, this past week.

This is all the news we have, not much, but nonetheless more than last week. I have done everything but beg for your help in getting the news, but apparently no one is really interested in seeing the Sagerton News continue. If you cannot get the news to me by the deadline (Monday Morning at the latest) then go ahead and turn it in anyway because I can always use it in the next column.

Paul Barnett Attends 51st FFA Convention

Local FFA chapter members attended the 51st Annual Convention of the Texas Association of Future Farmers of America, July 10-13, 1979, at the Lubbock Memorial Civic Center. Attending the convention was Paul Barnett.

More than 5,000 persons attended the four day convention, the highlight of the year's activities in FFA. Some 1,600 voting delegates representing 917 chapters in the state were on hand to elect officers for the coming year and to honor outstanding members of the organization.

Texas is the state with the largest membership in FFA. There are more than 60,000 members and the national organization has drawn many of its national officers from the ranks of the Texas membership. The current National FFA Western Region Vice-President is Elvin Caraway

from Spur. The convention had as its theme "A Brighter Future - A Golden Past." Created in 1928, the Future Farmers of America has had almost a million members since its inception. In its first half century, the organization has been noted for its distinguished contributions to youth, leadership, agriculture and vocational education. Current FFA programs encompass every phase of agriculture from livestock production to development of leadership to agricultural economics.

At the convention, outstanding FFA members were recognized for significant achievement in FFA programs including supervised farming, agribusiness and leadership. Also, more than \$300,000 in college scholarships was pre-

PAUL BARNETT

sent to 70 FFA members by nine organizations that are long time supporters of FFA.

FARM SAFETY WEEK

JULY 25-31

PREVENT FARM ACCIDENTS

**DON'T BE A STATISTIC,
CHECK YOUR FARM
FOR SAFETY HAZARDS
TODAY!...**

Most farm accidents can be avoided if a little time is taken to remove obstructions, fill hazardous field depressions and check machinery for unsafe operating conditions. Safe farming conditions are as much a part of farming as cultivating or planting. Don't gamble with chance, remove the cause of an accident promptly!

Little Village Is Unique

SAN ANTONIO—Many reasons are given by residents and visitors for their love of San Antonio, which prides itself one being one of America's most interesting and desirable cities. They speak of the Paseo del Rio, the winding stream through the heart of the city, and of the beautiful parks, nearby mission grounds and cultural attractions.

And invariably they mention La Villita, the Little Village, the historic district. It is a walled area with a background of 200 years, a section of downtown San Antonio that is a step into another time and place. Small buildings and narrow streets offer a different experience from the metropolitan San Antonio of today. Many restored and recon-

structed buildings house small shops, cafes and galleries. There are strong reminders of the city's Spanish heritage.

La Villita is open the year around, but each April during four nights of the annual Fiesta the area is the site for Night in Old San Antonio, with thousands in the streets, music, beer drinking and the serving of foods from street-side stands. It is a happy time.

The Little Village has a beautiful new hotel in keeping with the surroundings and tradition. It is a garden hotel, The Plaza Nacional. It combines the new hotel buildings with the restored historic structures within a six-acre complex. Included on the grounds are the Ger-

man English School, founded in 1858, and three 19th Century bungalows.

Dating back to the Spanish grants of the 18th Century, the La Villita area played a role in much of San Antonio's early history. South Alamo Street, at the main entrance of the Plaza Nacional, has been a part of the Mission Trail since the missions were founded in the 1700s.

The new hotel has 250 lovely rooms, a heated swimming pool, four restaurants (all different), a beautiful garden, two lighted tennis courts and meeting facilities.

Information on San Antonio is available from the Convention & Visitors Bureau, Box 2277, San Antonio 78298.

A FORMER RESIDENT of Snyder, Texas, Miss Kathy Mahood of Hobbs, New Mexico, has been selected for an International Opportunity in Western Australia this summer.

Kathy Mahood To Visit In Australia

Hola! Bonjour! Jambo! Namaste! Konichi Wa! Hi! Soon Kathy Mahood will be greeting new friends from around the world with these different words and gestures. She'll be eating new foods, hearing new sounds, seeing new sights and even smelling new scents. She will be learning about a piece of her world by actually experiencing it. She will find that there's no learning quite so exciting and yet so meaningful.

Miss Mahood has been selected to attend an international Girl Scout Event in Australia this summer. The State of Western Australia is celebrating its 150th anniversary in 1979. To commemorate the occasion, the Girl Guides Association of Western Australia is having an international camp. Girl Guides and Girl Scout organizations in 19 countries have been invited to send participants.

The camp is expected to number around 200 Senior-Rangers and adults. It will take place in York, a town 60 miles from Perth and will include such activities as arts and crafts, horseback riding, town and country tours. A period of home hospitality is also included in the invitation. Zia Girl Scout Council of Artesia, New Mexico has

appointed Mrs. J. N. Bryant of Hobbs as a liaison for Miss Mahood. She is helping her prepare for the trip by seeing that she gets community and state resources ready to take with her. She is making contacts available with people who have spent time in Australia.

This is a dream come true for Miss Mahood, who has a collection of Koala Bears she enjoys displaying. While attending CIT (Counselor-In-Training) at Camp Mary White, Kathy used the camp name "Koala" never dreaming she would one day get to visit Australia, the home of the tree-foot, tree-dwelling, thick grayed fur Koala Bear.

Miss Mahood is the daughter of Mr. and Mrs. Robert H. Mahood, 107 West Silver, Hobbs, N.M. She has been active in Girl Scouting for 10 years serving as president of the Cadette Planning Board in 1977, and as president of Zia Girl Scout Council's Senior Planning Board in 1979. She has held all offices of her troop as well as serving as Patrol Leader in 1979.

She attended a National Event in Connecticut and New York last summer and holds the rank of First Class Scout.

Miss Mahood is currently serving as president of the Sub Deb Sorority. She is active in the Hobbs High Eagle Marching Band and Acapella Choir, and serves on the Student Council. She was the Hobbs High School Eagle Mascot this past year. She

PLAYDAY

The Lake Creek Arena Association will host an Open Playday Saturday night, July 21, at 8:00 p.m. It will consist of three age divisions competing in barrels, poles and flag race. First place trophies and all-around trophy will be given to PeeWees, and \$5 first place prize money and all-around trophies to Juniors and Seniors. Events will be \$2.

agri-facts

Pat Hale
Significant changes are on the horizon for researchers working on agricultural projects. Underlying factor for these changes is the growing consensus among scientists that current research with its aims at yield increases through better fertilization and cultivation technique may be nearing its peak. In short, there is a growing feeling that we are reaching the stage of making a plant produce all that is possible. That's the reason for the change in direction. Scientists are now beginning to experiment on changes in the biological potential of plants. Basic changes in photosynthesis are being considered. Methods of limiting a plant's respiration are under study and the strange yield increases of some plants when exposed to carbon dioxide are being examined. In short, the new direction for research involves changing the plant itself in ways which could develop new and much greater yield increases.

HALE FARM SUPPLY

New Dollar Available

Five hundred million of the new Anthony dollars were available for release on July 2, said Director of the Mint Stella B. Hackel. The new dollar will be distributed by the 37 Federal Reserve Banks to commercial banks, who in turn will distribute them to the business community and to the public. Mrs. Hackel noted that the 500 million coins available for the initial release will provide sufficient coins to the public so that they are readily available. Production and distribution of the coin will continue after release at a rate needed to meet the demand.

Promotional materials are being sent directly to national retail and financial associations and major civic and women's groups, requesting their aid in promoting the coin and educating the general public to its many advantages. Each of the Federal Reserve Banks will also be distributing the promotional kits along with attractive posters to local retail and financial institutions. The Director noted that this is a joint effort of the Treasury Department and the Federal Reserve System. "We look forward to the wide acceptance and use of the new convenient and economical

coin by the American public," she said. "Providing that consumer acceptance meets expectations, the new dollar should generate significant savings," she said. The Treasury Department is already saving 60% of the cost of minting dollar coins when comparing production costs of the large Eisenhower dollar to the Anthony dollar. As the coin displaces the need for the dollar note, the Federal Reserve System could achieve dollar savings as high as \$50 million a year through reduction of printing, processing and destruction costs for dollar bills.

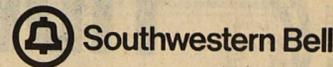

In expressing her enthusiasm for the new dollar, the Mint Director added that the widespread acceptance of the new coin will improve the nation's cash system for the benefit of the nation's retail and financial communities as well as the American public.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

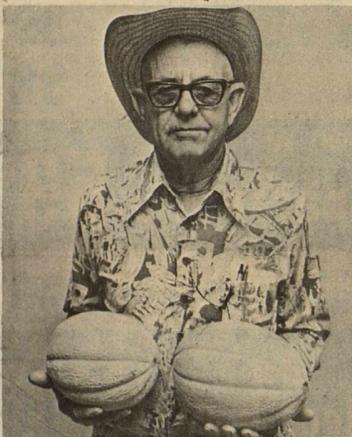

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.
