sheeting complete. Present plans now call for the 60x118 building to be in operation by this fall. (Staff Photo)

## Work Underway On FBC Activity Center

Work on the Family Activity Center of the First Baptist Church is progressing and present plans call for the building to

be completed this fall.

The activity center is to function not only as a recreation center for all age groups of the church, but also as a Christian outreach program for the church and community of Haskell.

Rules and regulations governing use of the building will be established by an appointed committee of the church. Sponsors will be present whenever the facility is open to use.

It is hoped that this facility will provide an atmosphere of Christian recreation for all participants, both church members and their guests.

Present plans call for the activity center to include: a full size gym for basketball and volleyball. The maple floor can also be used for roller skating. Game rooms, kitchenette, restrooms and an office will also be included.

Donations to the building fund for the activity center can be made by contacting any member of the fund

raising committee: Mr. or Mrs. James Powell, Mr. or Mrs. Ervin Unger or Mr. or Mrs. Elbert Johnson.

Members of the church can make designated offerings through the general church offerings.

### East Side Baptist Complete New Parsonage

The people of East Side Baptist Church are proud to announce the completion of their new parsonage located at 107 N. Ave. J. E.

To celebrate this completion, there will be an open house Sunday, September 16, 1979 from the hours of 2:00 to 4:00.

Everyone is cordially invited to attend this open house.

### School Board Sets 1979-80 Tax Rate

Members of the Haskell Independent School District met Tuesday night and set the tax rate for 1979-80 at 60c per \$100 value for maintenance and operation and 5c for bonded indebtedness for a total rate of 65c.

Board members also agreed to nominate Pat Hale to the County Tax Appraisal Board.

Members also voted to borrow \$25,000.00 from Haskell National Bank for 91 days at 6% simple interest.

A list of delinquent personal property was deleted from the delinquent tax roll by board members.

### Meet Hamlin Friday

# Tribe Wins Season Opener

The Haskell Indians opened their 1979 season with a 20-7 victory over the Anson Tigers last Friday night in Anson.

The Tribe controlled almost every aspect of the game with early season penalties and mistakes taking only a small toll on the Indian attack.

The Tribe lost two fumbles and threw two interceptions during the game and received eight penalties, six of which were in one quarter.

Offensively the Tribe chalked-up 198 yards on the ground and 155 in the air.

The defensive unit provided perhaps the most surprising part of the game by allowing Anson to only eight first downs and holding them outside the endzone until midway in the third quarter.

The defense also provided the offensive unit with four turnovers, including two fumbles and two interceptions.

Steve Escobedo and Jeff Hatfield recovered fumbles for the Tribe and Joseph Browning and Monnie Hise captured Tiger passes for the Tribe.

The Tribe offense received the opening kick-off and nine plays later crossed the Tiger goal line for the first score of the game when Quarterback Jim Harris scampered 25 yards for the score.

Anson fumbled the ball back to the

Tribe on their second play and the Tribe threatened again receiving the ball on the Anson 34.

Joseph Browning captured the first of three receptions of the night on the first play of this drive. The catch was a spectacular diving catch for a 27 yard

completion.

The Tribe gave the ball up on downs on the Anson six yard line.

The ball see-sawed back and forth until early in the second quarter when the Tribe started a drive on their own

31. The drive lasted ten plays and climaxed with a 20 yard Harris to Browning touchdown pass.

Indian Monnie Hise was knocked out on the last play of the first quarter and replaced by Joe Benavides who carried the ball five times for 34

yards of the 69 yard drive.

The Tribe completely controlled the fourth quarter but managed only one TD when Benavides captured a 15 yard scoring pass. Hise carried on the conversion for two.

Hise carried 15 times for 73 yards and Benavides carried 11 times for 70 yards. Harris carried 12 times for 34 yards and Escobedo carried 8 times for 20 yards.

The Tribe will meet Hamlin this Friday at 8 p.m. in Indian Stadium.

The Tribe has met Hamlin three times in the past two years and won all three contests.

Hamlin lost last week 22-14 to Stamford. They are predominantly a running team with an experienced quarterback and tailback returning from last year.

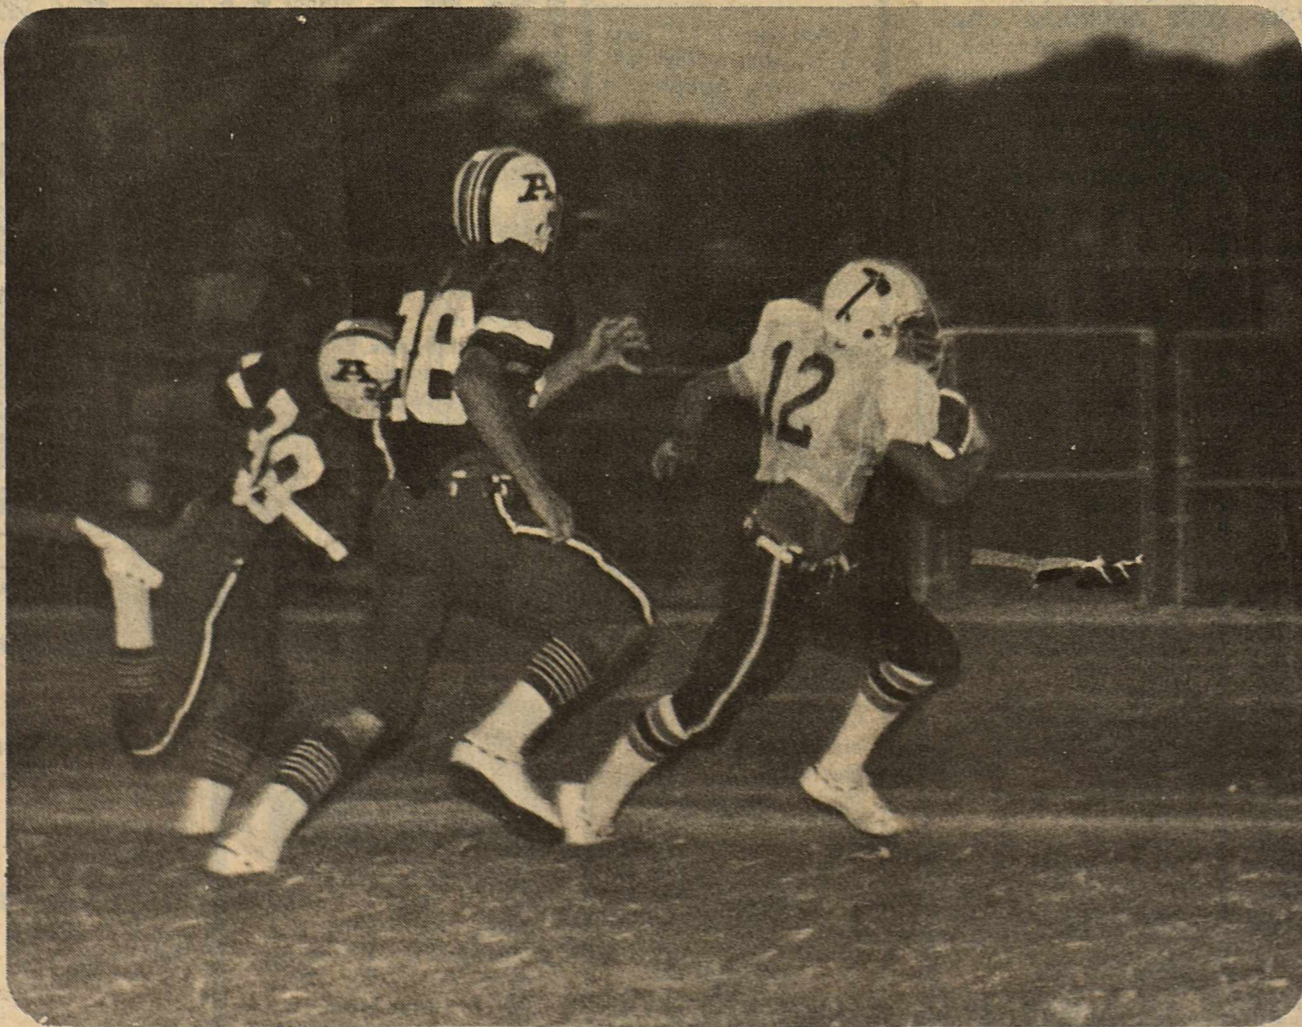

The three defensive linemen for Hamlin weigh 230, 255 and 200.

### Warriors

The Haskell Jr. High Warriors open their season this Thursday against Hamlin at Indian Stadium. The 7th Grade version of the Warriors will begin play at 5:00. The 7th graders have about 23 boys out for football. They have been working hard since the beginning of school. They are eager for their first game.

The 8th grade will play Hamlin at 6:30 at Indian Stadium. The 8th graders have about 30 boys out for football. They were undefeated as 7th graders and are ready to continue their winning ways.

The Freshmen and Junior Varsity will travel to Hamlin this Thursday for two games. The Freshmen lost to Anson last week by a score of 20-8. The Jayvees defeated Anson by a score of 12-0.

**TOUCHDOWN...**Indian Jim Harris crosses the goal line for the first Tribe score of the 1979 season last Friday night in Anson. The Tribe won the contest 20-7 and will face Hamlin this Friday at Indian Field for their

first home game of the year. Hamlin was defeated 22-14 last Friday by Stamford. The Tribe has met Hamlin three times in the last two years and has won each of the contests. (Staff Photo)

# Haskell Gold Star Awards Presented

Kris Kupatt and James Hopkins have been chosen to represent Haskell County as 1979 Gold Star Recipients.

Kris is the seventeen year old daughter of Mr. and Mrs. Fred Kupatt of Sagerton. She is a senior student at Rule High School. Kris has been a member of the Rule 4-H Club since joining 4-H at the age of nine. Some of her projects include food, clothing, swine, citizenship and leadership. She has held offices in the local club and has served on the county council. Kris has attended the 4-H Citizenship Short-course and Heritage Tour in

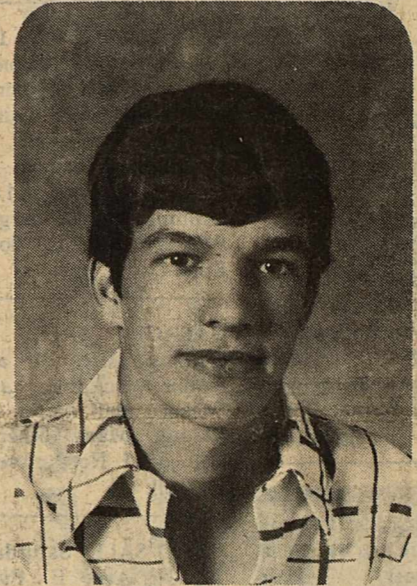

Washington, D.C., and Texas 4-H Congress in Houston.

James is the son of Mr. and Mrs. Howard Hopkins of Haskell. He is seventeen years old and a senior at Haskell High School. James has been in 4-H since he was nine years old. He comes from a 4-H family of many years. Both his brother and sister have been very active in 4-H as has James. His main project is his horse project, but he has also carried projects in Veterinary Science and Leadership. As a junior leader he has helped younger 4-H'ers in the horse program. James was the

winner of district veterinary medicine competition with his record book, which was sent on for state judging. He has served as an officer in the local 4-H club and has served on the county 4-H council.

### Fire Station Donations

Donations continue to be received and work is progressing on the new fire station in Haskell.

Electrical work in the truck area of the station is now completed and all fire trucks are currently being parked in the new facility.

Regular walk-through doors should be installed this week and hopefully by the end of the week finishing touches will be complete on all portions of the facility which must be finished before insulation is applied.

Following the insulation, sheetrock and paneling will be applied to the office and meeting area and the ceiling will be installed.

The public is invited to visit the facility anytime to view the new station.

The donation of Mr. and Mrs. Clyde Bland listed in last week's paper should have been reported in memory of Mrs. Erma Watson, Charlie Conner and Bill Reeves.

Donations received this week include:

Mr. and Mrs. R. C. (Gil) Geilhausen and family	100.00
Mr. and Mrs. Justin Pueschel	35.00
Mr. and Mrs. Tiffen

### City Council Approves Budget

Members of the Haskell City Council, Tuesday night, approved a \$587,571.12 budget for the next year.

The budget total includes \$35,196.12 in Revenue Sharing funds.

Total budget for next year is approximately \$78,000.00 higher than this year's budget with most of the increase attributed to salary increases and inflation.

In other council action, members agreed to nominate Pat Hale to serve on the Board of Directors of the Tax Appraisal District.

Council members agreed to sell lot 4, block 34, Brown and Roberts to Mae Catherine Lewis for back taxes and costs.

City Secretary Desmond Dulaney gave the monthly financial report and the meeting was adjourned.

# McDonald, Lockhart Vows Read

The Chapel of the First Baptist Church was the setting for the June 30th wedding of Miss Sharon Lea Lockhart, daughter of Mrs. Evelyn Lockhart of Murry, Kentucky, and Gerald Anthony McDonald, son of Mr. and Mrs. Earl McDonald of Haskell.

Dr. Bill Whitaker performed the double ring ceremony at seven o'clock in the evening. The center of the altar was adorned with a heart shaped candelabra while on each side was a seven branch candelabra. White bows marked the family pews.

A program of piano music was presented by Mr. Richard Jones. Vocal selections by Mr. Gus Robertson included "More", "Wither Thou Goest", and "The Lord's

Prayer".

The mothers of the bride and groom entered on the "Hawaiian Wedding Song", and the bridesmaids and the bride entered by the traditional "Wedding March".

As the guests arrived, they registered just before entering the sanctuary at a table covered with a white lace cloth. Beside the wedding book was a crystal bud vase with a single white rose with baby's breath. Each guest was presented with a scroll after they registered. Miss Mitzi Cathey, cousin of the bride, attended the register table.

The bride, given in marriage by her brother, Larry Lockhart, wore a formal gown of pearl white organza chantilly lace fashioned with a scoop neckline and lantern

style sleeves.

The all over lace bodice was accented with an empire waistline. Her flowering skirt was marked with three lace tiers. The Cathedral train was completely framed in the same lace.

Her waist length tiered veil of illusion was attached to a Juliet style headpiece accented with seed pearls. She carried a cascade bouquet of sweetheart roses, lilies of the valley, and baby's breath. The bouquet was accented with trailing lace.

Mrs. Madeline Van Keuren, was matron of honor. Her bridesmaids were Mrs. Kathy Domesick, sister of the bride, and Miss Brenda Andes.

The attendants wore floor length dresses of pale aqua knit. They were designed with matching sleeveless vests edged with lace. Around their necks each wore a gold necklace given to them by the bride. Each of the attendants carried a nosegay of white lilies of the valley, with white streamers.

Earl Lynn McDonald Jr., brother of the groom, was best man. Groomsmen were William Domesick, and Bob Toon.

The bride's mother wore a street length dress of pale pink linen, designed A-line with three-quarter sleeves. Her accessories were burgandy and she had a corsage of white orchids.

The groom's mother wore a street length dress of pale blue knit accented with white flowers. Her accessories were white and she wore a corsage of white orchids.

Immediately following the wedding, a reception was held in the fellowship hall of the church. In charge of the reception were Mrs. Shirley Toon, and Mrs. Ruth Bailey, aunts of the bride. Assisting at the reception were Mrs. Kyra Lockhart, Miss Shara Toon, and Miss Mitzi Cathey.

The bride's table was covered with a floor length blue satin cloth overlaid with white lace. The centerpiece contained blue and white daisies, sprengeri, and baby's breath and was accented with three blue candles. The three tiered cake was edged with blue roses and was topped with a miniature bride and groom. The silver punch bowl was complimented by other silver appointments. Dainty canapes, nuts, mints, and punch were served.

Out of town guests were: Mr. and Mrs. Lloyd Spiceland, Dearborn, Michigan, Mrs. Christine Dawson, Cadiz, Ms. Sharon Spiceland, Birmingham, Alabama, Mr. and Mrs. J. W. Cathey, Dearborn, Michigan, Mr. and Mrs. Larry Lockhart, Houston,

Mrs. Kaye Ryan, Findlay, Illinois, Mrs. Joan Baugn, Sullivan, Ill., Mrs. Ruth Bailey, Bowie, Md., Mrs. Madeline Van Keuren, Shelbyville, Ill., Ms. Brenda Andes, Findlay, Ill., Mr. and Mrs. Earl L. McDonald, Earl Lynn McDonald Jr., Haskell, and Mr. and Mrs. William Domesick, Houston.

Immediately following the reception the couple left for a short stay at Kenlake before heading back to Houston. They reside at Alexander House Apts. The bride will be teaching third grade at Ridgecrest Elementary and the Groom will be teaching horticulture at Spring Branch Sr. High School.

Mr. and Mrs. Earl McDonald, the groom's parents, were hosts for the rehearsal party which was held at the Holiday Inn.

The 3 tables were covered with white linen cloth. The centerpiece of each table consisted of live magnolias in a silver bowl. The bride and groom presented gifts to their attendants. Fifteen people attended the dessert party.

Stretch your energy dollars—install an energy-efficient electric heat pump  
A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

# Sagerton Community News

I guess we had a pretty good week at the home. Nothing out of the ordinary happened, but we did have quite a bit of coming and going.

We sure did enjoy the Tom Watson singers. They always thrill our hearts when they come to sing to us once a month. We always appreciate all the people giving of their time for our enjoyment.

Jason Smith of Dallas came for a short visit with his mother, Annie Smith.

Alvena Holle went to Sagerton last Tuesday afternoon to attend a baby shower for her niece. She spent the night with Steve and Karen Lehrmann and said that she sure enjoyed it.

Edna Collins had a visit from her daughter, Frankie Ophus, and granddaughter, Nita Posey both of Knox City.

Coming to see Willie Harrell were his daughter and son-in-law, Nettie and Raleigh Brock of Fort Worth.

Louis Stegemoeller and Mrs. John Clark of Sagerton came to visit Alvena Holle, Emma Lammert, Mary Schonerstedt and Hilda Kupatt.

Visiting Trudie Bush were her daughter, Mrs. Raymond Smith, her granddaughter, Sue Smith, Mrs. Flora Smith, and Gracie Mae Bristow all of Rule, Mrs. Ada Snyder and Mrs. Agnes Bowman of Seymour, Judy Wolsch of Rochester, Mrs. Vera Gober and Mrs. Gorge Rexroot of Woodson, and Mr. and Mrs. R. E. Spalding of Hamlin.

Visiting Charity and Mary Bradley were Peggy Kittley and Mary Place of Rule, and Mr. and Mrs. Luther Cummings of San Angelo.

Ida Phemister enjoyed visits from her daughter Helen Boykin and son Marvin Phemister both of Weinert.

Coming to see Mary Threet were Mr. and Mrs. Johnny Threet of Lubbock, Mr. and Mrs. Clayton C. Threet of Slaton, and Carl and Geneva Threet of Houston.

Visiting Maggie Martin were Ada Snyder and Agnes

Bowman of Seymour. Luther and Mattie Hines enjoyed visits from Inez Galloway of Aspermont, Mrs. Ollie Daniel of Lubbock, Perry Tillson of Crosbyton, and their grandson and wife Danny and Dale Wainscott of Tulia.

G. A. Bradford and his daughter Brenda of Peacock visited his parents, Mr. and Mrs. Sam Bradford.

Visiting Alma Cole were her granddaughter and family, Mr. and Mrs. C. R. Clark, Evangelyn, Kyle, and Judson all of Abilene, Tom Edd Simpson, Peggy Kittley, and Mary Place all of Rule, and Mrs. John Clark of Sagerton.

Tom May of Rule came to see Ora McCollough.

Visiting with Jonnye Pumphrey were her daughter-in-law Mrs. Jay Pumphrey of Fort Worth and Mrs. John James of Dallas.

Nannie McCaul enjoyed visiting with her daughters, Mavis Williamson of Plainview, Opal Simpson of Leveland, and Eunice Hunt of Rule here at the home and also at Rule during the weekend.

Visiting Mary Schonerstedt were her daughters Ella Nauert and Lena Boedecker both of Stamford. They carried her to Stamford Sunday for the day. Coming back with them to bring Mary were Gertie and Bertha Nauert of Stamford. They visited with Emma Lammert while they were here.

Visiting in Cleo Mondy's

hate losing you Laura, but take care of that new baby.

The Jaycee-ettes are helping with the March of Dimes reading program this year and we hope to have this started by Sept. 17. There will be more information on this a little later.

The Jaycees & Jaycee-ettes are working very hard planning a Regional Convention for Oct. and if you would like to help in anyway please contact Steve Cothron, Jake Dusak, Cora Proctor or Liz Reynolds. We are also working on our Halloween Carnival and need all the help we can get so please contact Mike St. John or Cora Proctor if you have any ideas or if you are interested in participating.

The next Jaycee-ette meeting will be held in the home of Louise Thornhill, Sept. 18, at 7:30.

and Ada Williamson's room were Martha Morton and Zena Mae Murray both of Rule.

Coming to see Joe Teague were his daughter and husband, Linda and Pete Perales and children of Lawton, Oklahoma.

Visiting Joe Ray were his wife, Mrs. Joe Ray and Mrs. Jim Camp, both of Rule, and Mr. and Mrs. Curtis Kelly of Houston.

Visiting Belle Kuenstler were Mr. and Mrs. Dink Bishop of Floydada.

Coming to see Hilda Kupatt were her son and family, Mr. and Mrs. Fred Kupatt and Kris of Sagerton and Kraig of Snyder.

Our Sunday services were both very good. They sure help us to have a better week.

By the way, we would like to welcome back to the home our beauty shop lady, Elsie Gholson, of Rochester. She has been on the sick list for several weeks and not only have we missed her fixing our hair, but also have missed her smiling face and friendly hello as she goes down the hall.

Guess I'd better sign off for this week, but before I do, I would like to urge everyone to come visit in the home, not only with your own family member, but with others here who may have no family. Also I'd like to encourage anyone who would like to do some volunteer work or entertain us in some way to get in touch with the home.

The Sagerton Volunteer Fire Department will be in need of a new fire chief, effective October 1, 1979. Long time chief, Zenor Summers plans to relinquish the job at that time. Some of you might consider the job which requires simply keeping the fire trucks and siren in working order. We generally do not have much occasion for the use of the fire department, but those times when the need arises certainly warrant the continuity. We in the community want to Thank Mr. Summers for his diligent efforts in keeping the property in good condition. We often tend to overlook these efforts until a major catastrophe presents itself in the midst of our daily activity. It is indeed a mark of superb citizenship when someone like Zenor, accepts and assumes the responsibility of an often,

thankless job.

Another thankless job is the upkeep of the Herman Baitz Park. Several people have worked to keep the grounds in decent condition this summer and the writer has attempted to give them credit as the need arises. This week we want to thank Mrs. Joe Clark who performed a general facelift on the park.

The Faith Lutheran congregation is currently looking for a grounds and building custodian. Any interested can contact a member of the church council.

This Sunday will be Mission Festival at Faith congregation. The mission speaker will be a native Indian, Mrs. Grace Desari, now making her home in Aspermont. A potluck dinner will be served.

Guests of Mr. and Mrs. Joe Clark for the Labor Day weekend were: Reverend and

Mrs. H. E. Driessner of Eden, Mr. and Mrs. Ronnie Driessner of Carrollton, Dr. and Mrs. Bob Winegar of Temple, Mr. and Mrs. Steve Linn of Dallas, Brother and Mrs. Bubba Walker and Max of Seguin, Mr. and Mrs. Don Bivins and family, Mrs. Emma Raphael of Stamford, Mrs. Milton Schmidt of Austin, Mrs. Buster Tredemeyer, and Mr. and Mrs. Ray Clark and Phillip Seguin.

The LOC Home Demonstration Club met at the home of Mrs. Delbert LeFevre Thursday. Velma Lou Hertel led the business meeting and plans were made to quilt a quilt for the rehab center. The next meeting will be an all-day affair including a covered dish luncheon, in the home of Mrs. Frieda Knipling, the 1st Thursday in October. Kris Kupatt presented a program of her Washington slides from

her 1978 Citizenship Seminar in Washington, D.C. Other members present included, Kristine Stremmel, Janet Thane, Ev Ulmer, Lorene Hansen, and Frieda Knipling.

Mrs. Karen Lehrmann was honored with a Pink and Blue shower in the Parish Hall of Faith Lutheran Church last Tuesday. Among those present were her mother, grandmother, sister, and sister-in-law.

Mr. and Mrs. Gary Laughlin of Lamesa were guests in the Delbert LeFevre home Friday evening. They were on their way to Sherman to watch their son play on the Carlton High School football team. The Laughlins also visited with Mrs. Alva LeFevre.

Mrs. Dorothy Toney celebrated her birthday last Wednesday night with the following present: Walter and Erna Schaake of Stamford,

Lena Schaake, Henrietta Stegemoeller, Mr. and Mrs. Leonard Kieke, Clarence Stegemoeller, Mr. and Mrs. Charles Clark, Mr. and Mrs. Leland Thane, Mr. and Mrs. Delbert LeFevre, and Mr. and Mrs. Louis Corzine.

Mrs. Alva LeFevre visited with the Van Laughlins of Rule Saturday.

Mrs. Etta Leach has been in Graham visiting with her daughter and son-in-law, Mr. and Mrs. Wilson Gibson.

Mr. and Mrs. Larry Cornelson, of Lewisville and Kathy Cornelson of Breckenridge were Labor Day guests in the home of Mr. and Mrs. August Balzer.

# Killingsworths Hold Reunion

Thirty-five members of the Killingsworth family met at the Kiva Inn in Abilene over the Labor Day holiday for their 49th consecutive annual family reunion. The first reunion was held at Christmas, 1931, in Dallas. The family assembled on Saturday and spent the weekend visiting, and taking advantage of the many recreational facilities of the Kiva Inn. The family dinner was held at mid-day on Sunday. Sunday evening there

was a picnic supper, and Gary Killingsworth of Houston showed movies (some with sound) of previous reunions, some dating back to 1968. Attending from Haskell were Cora and Alfred Pierson, Sadie and John Pierre Payne, Elsie and Grady Roberts, and Alice Ballard. Patriarchs of the family were Isaac David and Emma Killingsworth who moved to Haskell on January 1, 1900. After a long and arduous journey from Alvord in Wise

County, when they arrived at the Haskell County line, they were being inspected by the officials before being admitted to the county. One of the men in the party noticed a tick on one of the cattle, and knocked it off, hoping the inspector would not see it. However, the inspector saw what happened, and the entire party of three families - the Killingsworths, Grissoms, and Frees - were detained at the county line for ten days. Alfred Pierson related that he had visited the Briar Branch Cemetery in Alvord where the 13th child of Emma and Isaac David was buried. The inscription on the tombstone reads "Weep not for me, Papa and Mama, for I will meet you in Eternity." Although that child died in infancy, the other twelve

Killingsworth offspring grew to maturity and are today well-known in Haskell and throughout West Texas. Lee Killingsworth reported that, due to his vision problems, he has moved in with his daughter, Florine Underwood. Florine stated that she and Charles have a two-weeks' old grandson, and took a splendid Caribbean cruise earlier this year. Lois Walter lost her beloved son Bill McPherson, this year but a beautiful new baby, Shawn David, her great-grandson, had come to take Bill's place. Jim Killingsworth announced that he and his family took a vacation trip to Santa Fe and Taos, N.M., in spite of the gas shortage this summer. After leaving the Dallas-Fort Worth area, he found there was no gas shortage. There was a

grand round of applause when Dr. David Ballard announced that he broke 80 on the golf course this year! After observing the Miss Abilene preliminaries down the hall from the Killingsworth meeting room, it was decided to elect a "Miss Family Reunion". Balloting ended in a tie, and the winners were Misses Kimberly Smith, Debbie Nevill, and DeNise Cagle. Serving as this year's chairman was Mrs. Florine Underwood and her co-chairmen were Floyd and Jim Killingsworth, all of whom are to be congratulated for the excellent arrangements and accommodations. By majority vote, the next family reunion will be held Labor Day weekend, 1980, in Abilene.

# Haskell CAP News

A free Screening Clinic will be conducted at the Community Action Center, 706 N. Ave. D on Thursday, September 20, 1979 from 10:00-12:00 noon.

The Texas Department of Health conducts these Clinics monthly on the third Thursday of each month. Included in the screening is: blood pressure, diabetes, anemia, skin disorders, height and weight.

If an abnormality is found the person will be notified and referred to their physician. Also on the same day there will be the regular Immunization Clinic from 1:00-4:00.

## Fines Collected

Judge Geraldine Hise, Justice Court, Precinct 1, Haskell County Reports a total of 328 convictions for the month of August, 1979. Traffic and criminal cases were filed by the following law enforcement agencies: Highway Patrol 325; Game Warden 3; Sheriff's Dept. 0; Resulting in a total of \$7024.75 in fines.

Geraldine Hise, Judge, City of Haskell, Haskell County, Texas reports a total of 36 convictions for the month of August, 1979. Resulting in a total of \$741.50 in fines.

This includes: DPT, polio, DT, measles, mumps and rubella. These clinics are free for residents of Haskell County and the surrounding area. Monday, September 24, 1979 at 12:00 noon is time for our regular monthly luncheon. We try to have a program that will be a help to all at these meetings. It is also a time to

discuss problems and together try to find a solution. This meeting seems to be a good way of getting people involved in the local Community Action Program. That is what Community Action is all about. Sharing ideas and problems. Come and meet with us. All people are welcome.

## Davis Reunion

The descendants of the late B. P. and Maggie Davis held their annual reunion Sunday, Sept. 2nd, at the American Legion Hall. There were 68 present.

A bountiful meal was served at the noon hour. There were a lot of visiting and some pictures were made during the day.

Mrs. Clarence Mullins of Lubbock was the only one of the sisters and brother that was there. Mrs. Earl Bishop of

Floydada, Mrs. John Kuenstler of Haskell, and J. R. Davis of Haskell were unable to come because of their health.

The relatives were from Abilene, Rule, Stamford, Lubbock, Morton, Bledsoe, Goodland, Hawley, Crosbyton, Floydada, Petersburg, Mineral Wells, May, Roaring Springs, Wichita Falls, and Haskell.

Several Friends of the family came by to visit.

## Marriage Licenses

Marriage license issued during the month of August by the clerk of Haskell County, included: Alvin Lee Sammons, Haskell and Kendra Lee Sams, Haskell; Juan Manuel Martinez, Sagerton and Margarita Torales Arrellano, Sagerton; Mark Lee Jackson,

Haskell and Georgia Sue Gray, Stamford; Henry Cnandos King, Haskell and Pearl Callison Ivy, Haskell; Gregory Wade Kuehler, Knox City and Jean Carol Tremble, Knox City; and Andrew Arnold Hanson, Amarillo and Judith Kay Moeller, Amarillo.

## Haskell Co. Library Receives Memorial

Haskell County Library was the recipient this week of a one hundred dollar memorial gift from Miss Margaret Cousins of San Antonio.

Miss Cousins' gift, in memory of her father, the late Walter Henry Cousins, Sr., was given on the one hundredth anniversary of his birth. Mr. Cousins was born August 18, 1879 in McLennan Co., Texas, the son of Henry Clay and Frances Terry Cousins.

In November, 1898 the family moved to the northeast part of Haskell County. As a young man Walter Cousins worked at the Terrell Drug Store in Haskell.

After receiving his license as a pharmacist he moved to Munday where he owned and operated the Cousins Drug Store. There he married Sunie Reeves. Later Mr. and Mrs. and their two children,

Margaret and Walter H. Cousins, Jr., moved to Wichita Falls and eventually to Dallas where he was publisher and editor of the Southern Pharmaceutical Journal.

For many years, Mr. Cousins was Secretary of the Texas State Board of Pharmacy. He died in Dallas February 6, 1942.

In making her gift to the library Miss Cousins said, "My father loved and yearned for books all his life, and I am afraid they were few and far between on the frontier when he was young. Although the Library was founded after my father's time in West Texas, I feel he would approve of this small effort."

Mr. Cousins was a brother to the late Al Cousins, Mrs. J.R. Mitchell and Mrs. J. M. Diggs, all of Haskell.

# C/F Campaign Begins Sept. 24

The 1979 Kiss a Baby Week Campaign of the Cystic Fibrosis Foundation begins September 24, in the Haskell area, and chairman Marilyn Bahney is asking volunteers to donate their time to fund raising activities.

"I'm looking for people who can give a little of their time so that millions of lung-damaged children across the United States can live longer, more normal lives," said Mrs. Bahney.

Just breathing is a struggle for these kids. They must have constant care and treatment.

Some must take as many as 50 pills a day to fight infection and aid digestion, and breathe a medicated mist from a face mask each day.

The much needed funds raised from the campaign will go to support research, care and education programs aimed at lengthening lives and finding a cure for C/F. These programs include support for more than 100 Cystic Fibrosis Centers across the nation which provide diagnosis, treatment and referral to children suffering from asthma, chronic bronchitis,

"childhood emphysema," and recurrent pneumonia, as well as cystic fibrosis.

In addition to finding a cure for C/F, researchers are hoping to find a test to detect carriers of the C/F gene, and also a method of diagnosing the disease at birth. Early diagnosis and treatment help to extend and improve lives.

In 1955 when the C/F Foundation was established, most children with C/F died before reaching 3 years of age. Now more than 50 percent can be expected to live past age 19. But, we want to make it possible for all children with cystic fibrosis to live normal, full lives. Volunteers can help by giving of their time to support the giving of the most precious gift of all—the Breath of Life.

To volunteer for the Kiss a Baby Campaign, contact Marilyn Bahney at 864-3761.

## Mission Program Scheduled

Haskell Christian Church again this year holds a week-end mission program to inform the local church and the area of the efforts being done to inform the millions about our Jesus. This year for our week-end mission program Dallas Christian College will be speaking at three different services. Bro. Newland the president of D.C.C., along with some youth from the college, will present the college and its work on Sat. at 7:00 p.m. at the Christian Church. Following the 7:00 p.m. meeting we will enjoy the fellowship of the saints sharing in cake and ice-cream. Bro. Newland will be delivering the morning message at our 10:45 Worship & Praise Service on the Lord's Day Morning. Again at 6:00 p.m. the group from the college will present the needs of the school and its

plans for the future in training our youth in serving our Jesus. The public is invited to attend all of these services and learn about the college in Dallas. A special invitation is given to all area youth who are considering going into service for Christ or desire a year or two of strengthening their faith before they embark on a life's vocation. We know you will be thrilled by what you see and hear about the Dallas Christian College.

Dallas Christian College, Dallas, was established in 1950 for the training of men and women to full-time Christian Service and to better equip the Saints of God in daily walking with Jesus. The 1979-80 school term has the enrollment of around 200. It is supported as a mission giving institution, sponsored by the Christian Churches. Churches and individuals support the college and its work, with love offerings as they see the need and feel the responsibility in training men and women in the service of the Lord. Any information you would like to receive may be obtained by writing: Dallas Christian College, Box 340238, Dallas, Texas 75234.

Ever see a 15-million dollar cattle truck? It looks as though that's where things are headed with the announcement by major air carriers that 747's are going to be converted to livestock haulers for international markets. Officials say live cattle transportation to countries outside North America is already 80 percent by air with both the volume and the percentage expected to increase during the coming years. For the animals themselves it's all first class. Interiors are redesigned and structured to resemble a barn with separate pens or stalls. Special temperature control and ventilation systems are being designed and separate studies are underway to determine other ways to increase animal comfort. No one has yet decided whether to include in-flight movies but it sounds as if they may not be far away.

# "SAVING ME MONEY?"

# HOW?"

Lone Star has the lowest distribution costs of the 4 major gas utilities in Texas.\*

We've done a better job of controlling our operating costs than any other major gas utility in Texas three years in a row: 1976-1977-1978. \* And we plan to do it again in 1979, because it's one way we can save you money.

Lone Star's operating-distribution costs include wages and salaries, the leases on our offices and facilities, taxes, supplies, maintenance, repairs, depreciation on our equipment, and scores of other things.

Gas is naturally efficient, naturally economical. Our low distribution costs make it an even better value for you.

## UNCLE RAMOS' CORNER

This week we went around to the different residents here at the Lodge and asked them what one of their first memories were.

Alpha Dyches said one of her first memories was when her grandmother and grandfather used to walk her to school.

Dutch Wheeler remembers when he was about five years old in 1914 he took his first train ride from Haskell to Grayson County.

Florence Fly recalls an escapade when she was about seven years old. "My grandmother had brought all of us kids a black pony from Staten Island. My Daddy was a dentist and had to use a big black buggy to make his calls and one day I wanted to go with him to the farm about 8-9 miles away. He told me I couldn't go and then added, "If you ride the pony you'll have to ride him back." Well, I paid him no mind and rode the pony out to the farm. By the time I got there I was really looking forward to riding the buggy home, but Daddy stopped me from getting into the buggy. "I told you if you rode the pony here you'd ride him back home." I never did ask Daddy about going with him to the farm again."

One of Ivy Massie's first memories was at Christmas time. My Daddy played Santa Claus and when he came in he held a big doll in his hand, the body of the doll was made out of straw with some material

sewed to it, but I was afraid to take it. As Santa Claus began to leave all of a sudden I ran up and grabbed it out of his hand. I still have the doll head after all these years.

Bessie Piland says that one of her fondest memories was enjoying hearing her father ask the blessing at supper-time.

Eron Boykin remembers when she used to be afraid of horses because they were so big and mean looking until...

"I saw my brothers and sisters riding a horse, and then I just had to show them how big I was. I started out very slow barely trotting, but it didn't take long before I was riding as fast as the rest of them."

W. O. Lewis remembers several things that happened when he was around five years old. First he had his first birthday cake when he was five, another time his Aunt and Uncle came for a visit and he and his cousins jumped around in the broom straw.

"Once Riley Marshall one of the neighbor boys took me for a ride on a bicycle when a jack rabbit started running alongside of us like he was trying to race with us. One day I can't remember why but my mom was going to give me a whippin'. Before she could get ahead of me I ran down to the farm where my dad was working. I stayed down there until my Dad was off and then walked behind him into the house for protection.

Alot of the residents remember when they went to school...

Mary Ray's first memory was when her family moved from Bell County to Haskell in 1906. "There was no train in Haskell so my uncle met mother and all of us kids in Stamford. Then we all climbed into the service hack driven by mules and rode to Haskell. We stayed in Haskell for a little while and then moved onto H. L. Sheryl's farm at Foster where we lived for about four years. During that time we would walk 3 1/2 miles one way to school with the Harrels, Clucks, and Thompsons. All of us would wait for the others and then we'd walk in a group. Our teacher at the time was Miss Whyche."

Myrtle Russell told of the time she was about five. "I was small for my age and I'd have to walk about a mile one way every day to school. The neighbor kids would feel sorry for me so they would pick me up and carry me part of the way."

Dora Long recalls one day her brother and her were walking down the trail to school when all of a sudden a wolf came out of nowhere and started howling. "We didn't wait to see what that wolf wanted, we flew away from that old wolf as fast as we could leaving our dinner pails behind. When we went home at the end of the day both of us were starvin' to death and all my daddy could do was roll on the floor laughin'."

Lummie Westmoreland remembers her first day of school like it was yesterday... "I was about five years old

and a friend of my father's, Mr. Gus Thompson wanted to start a summer school to make money so he could go to college that fall. My brother and I walked three miles down the railroad tracks to school. I claimed Mr. Thompson as my first sweetheart, he didn't think anything about it because he was 25 years old at the time, but I sure did like him petting me because I was the youngest at school.

Well, my mother had fixed a lunch kit for us and it was a special lunch because it was our first day at school. In those days they had levels in the kit. The first level was for sandwiches or whatever was the main part of the meal, the second level was for dessert, and the third level had a cup for drinks or things like sweet pickles. Anyway, lunch time came and my brother spread our lunch on the ground and then asked the other kids to join us just like you would at a church social. One of the older boys said, "Charles this isn't the way to do it, but I'll help you eat it anyway." We didn't get on lick of that special lunch. The kids ate us out of our lunch and their's as well."

Such were the school days back then. Hope you got your lunch today.

Uncle Ramos Fern Decker and Reba Whitehurst of Wichita Falls, visited with Mollie Jarred. Her great-granddaughters, Druann and Shawna Shaw from Abilene also visited her. Mrs. LaVern Sturdy and children, Jason and Wendy of

Irving visited with her grandmother, Mrs. Ruby Moon on Sunday.

Haney Stanfield spent a few days in Garland visiting with his brother, Mr. and Mrs. Billy Bob Stanfield and family.

Mr. and Mrs. Archie Jones of Houston visited with his mother, Mrs. Maude Jones. Mr. and Mrs. Ted Hines of Rochester also visited with Mrs. Jones.

Betty Ruth Basden of Rochester visited with Miss Myrtle Russell and J. O. Crawford. Mr. Newton Westmoreland of Rule visited with his mother, Mrs. Lummie Westmoreland.

Others visiting were Mrs. Nora Macon, Mrs. Ella Franklin, Mrs. A. B. Arnett, Mrs. Minnie Dickey and Mrs. Willie Geer all from Rule.

Elmer Penick of Rule visited with Mr. A. R. Lee and other residents.

Mrs. Nora Macon, Ella Franklin, Luch Williams, Clara Hines all of Rule and Mr. and Mrs. Orman Yarbrough were Irene Yarbrough's visitors.

Nick and Vonda Hall of Borger, Mr. and Mrs. Hubert Wilson visited with Mrs. Nancy Howard.

Inez & Lloyd McLaughlin of Carlsbad, N.M., visited with Mrs. Eron Boykin and took Mrs. Boykin to Wichita Falls to visit with relatives there.

J. O. Crawford had visits from Melton Walker, Edwin Moeller, Roy Harris, Eddie

Sanders, Mr. G. C. Brockett all of Weinert, Mrs. Sam Basden of Rochester and Debra Kreger and son from Rule.

Victor Davenport of Rochester visited with Mrs. Gussie Stone.

Charley Mapes of Euless visited with his aunt, Mrs. Ivy Massie on Sunday and took her to the home of his mothers, Mrs. Cortez Hill and had dinner with them.

Visiting Joe Larned over the week-end while attending a family reunion were, Mr. and Mrs. Jerry Larned and Pam, Monahans, Kenneth Larned of Port Arthur, Mrs. Jack Davis and Frances Jarman of Pasadena, Mary Jarman of Dallas, Edna & Garland Callaway, and Gale Bounds, and Selda Loe all from Kaufman, Mr. and Mrs. Jackie Harvey of Odessa and Mrs. Ruby Tidwell of O'Donnell.

Annie James of Dallas, Gladys Dyches of Rule and Mr. and Mrs. Travis Smith of Stamford visited with Alpha Dyches.

Mr. and Mrs. C. N. Gruben of Weatherford and Mrs. Billie Hubbard of Mineral Wells visited with Mary Alice Smith.

Mr. Donald Ray and son, Mark, of Odessa visited with

his mother, Mrs. Mary Ray. Mr. U. H. Mitchell of Anson visited his father, Mr. Juel Mitchell.

Paul Flores of Rule visited his grandmother, Mrs. Nolberta Flores.

Mr. and Mrs. Grady Hughes of Abilene visited with Lonnie Prince.

Weekly services were enjoyed from the Methodist and the Church of Christ on Sunday. The Assembly of God ladies on Tuesday afternoon and the sweet Home singers from Rule on Thursday night. The Sing-A-Long by Laura

Overton and Mildren Green Friday.

We appreciated visits from Mrs. Lucille McCurley and Mrs. Claudia Mae Bland from the First Baptist Church on a one-to-one basis. We appreciate our Volunteers and a hearty thanks to everyone.

Last, but not least. It's time for our annual "Mini Fair" to be held on Wed. 19th from 10 a.m. to 2:30 p.m. at Leisure Lodge. Everyone is welcome, so You All Come!!!

# Information Requested On Rule War Veterans

## ATTENTION WAR VETERANS:

Information from relatives or close friends is needed. The following article is being run in our local paper for the purpose of straightening out errors and omissions of veterans of U.S. Armed forces from Rule.

Jack Westbrook has asked me to get some facts together for him to publish in a book that will concern the past of Rule families. My part in this and what you will read, concerns the Veterans of Rule. I was asked to get him any information I could on Local Civil War Veterans, Spanish American, World War I and II, Korea and Vietnam. As you well know there was not a Rule at the time of the Civil War, so all I can do on those Veterans is go to the Rule Cemetery and find the tombstones of the Veterans of the Confederacy or the Union, record what is there and pass it on to Jack for publication, and I think this is all we want on this particular war. This will indicate to us that some Civil War Veterans did live here after there was a Rule, or that some of his family brought him here to live with them or brought him here for his final resting place.

Here is a list of Civil War Veterans Buried in the Rule Cemetery: J.K.P. Baugh, C.S.A.; 2nd Lt. Hays Smith, Company D. 25th Tenn. Inf. C.S.A.; Louis Edwards, Company L Wood's Miss. Calvary C.S.A.; William M. Turner, Private, 10th Regiment Tex. Calvary C.S.A.; Capt. Henry Donohoo, Tennessee Company Mounted Inf. C.S.A.; T.W.K. Head, Co. C. 3rd Bu. S.C. Light Artillery C.S.A.

## SPANISH AMERICAN WAR VETERANS

As for the Spanish American War Veterans, I have only been able to find five that were from the Rule Area. Here is that list: Will Davis, George Tanner, Dave Guinn, Joe Hilscher, Jess Finley.

## WORLD WAR I VETERANS

My memory of World War I Veterans serves me better, I

started out to include many Veterans of this War that lived outside of the Rule Area, but time forbids this, so I will stay strictly with the immediate area. I am going to miss some World War I Veterans and I will expect some letters of corrections and omissions.

In a message to Congress, April 2, 1917, President Wilson recommended that the United States be put on a war footing and the war be pressed with all the resources of the Government. Four Days later, April 6, 1917, Congress declared War and promptly passed a selective draft measure providing for the registration of all men 21 to 30 years old inclusive. The following list of Veterans served their country either as draftees or volunteers. Some of the names you will recognize as not originally from Rule, but are citizens of the community now or have been in the years past.

## WORLD WAR II

I am going to list most of the names of WW #2 Veterans and the name only, and I do want more information than this from someone that is familiar with that Veteran. By necessity we have included only veterans that have attended Rule School at sometime. The only information that I have at this time is the Abilene Reporter (Evening) dated March 5, 1944, that was probably submitted by Mrs. E. B. Harris. There is quite a bit of information in this newspaper and she is to be commended for the amount of work she did but it is not as complete as I want. Also there is a book published at Vernon, Texas that also has lots of information concerning the young men from all of Haskell County, this again is not as complete as I need. The reasons that they are not is because of the date that this information was printed, but if we cannot hear from each and every one, we will publish the small amount of information we have on each Veteran.

Here is what I would like to have, typed, printed, or longhand, and I prefer it in that order.

Name  
 Entered the Service (Specify which one)  
 Stationed at (Camps, Posts, Air Bases)  
 Campaigns, E.T.O. or Pacific  
 Medals  
 Discharged as (rank)  
 Now reside in  
 It is not absolutely necessary that you stay with that but give me something along that line. If you want to give me more information or less I will be happy to accept either. I am sure I have failed to include any number of Veterans and within all probability I have included some names that were not in

the Service so please assist me in correcting these omissions and mistakes in order to leave an accurate account for publication in book form which will be available at some future date.

The address that I would like for you to use is:  
 Buddy Lewis  
 810 Sunny Ave.  
 Rule, Texas 79547

I need most all of this information in writing and not by a phone call.

I have also included some names of Veterans of WW #2 that you may not be familiar with but neither am I, they are buried in the Cemetery of Rule and if they or their folks thought enough of this place to bury them here, I think enough to submit their names to Jack Westbrook.

I will emphasize that the only information we have is in the Abilene Evening News dated March 5, 1944 and the Service Book, Haskell County Texas, Second World War 1941-1945 compiled and published by Greenbelt Publishing Service, Vernon, Texas. If you have access to either of these and it is complete enough for you or the Veteran you may contact, that is what will be put in the book.

Some two years after the end of World War II the nearest of kin was given the opportunity to have their loved ones returned to native land and interred with or without military honors. The American Legion, a very active organization was assigned this duty. Among the ones that had given all and now returned home to their final resting place were:

John C. Weaver (Hager-Weaver Post)  
 Melvin (Buddy) Brock  
 Lonnie Joe Corzine  
 Guy Dedmon  
 Emil Gundlach  
 Carl Thomas Hunt  
 James R. Hunt  
 Otto E. Mueller  
 Willie E. Stremmel  
 Loyd Webb  
 L. A. Wendeborn  
 Billy G. Yarbrough  
 Gene Hertenberger  
 Fred Nell Barr  
 Dr. Marshall Rogers was buried at Sea.

Merle M. Cloud perished over the North Sea after an air raid in Emden, Germany.

Rule with a population of less than two thousand during World War II makes the claim of sending more men into the Armed Forces and having more high ranking Commissioned and non-Commissioned Officers than any other place not only in the Nation but in the World per capita. Below is some of them and their rank. These names have been obtained from two reliable sources, Tom Ed Simpson and Joe B. Cloud and I will be glad to correct any errors or omissions.

# Conservation Program Developed For County

## GPCP PROGRAM FOR 1980 DEVELOPED

The Haskell County Great Plains Conservation Program Committee met yesterday to develop average costs for the 1980 GPCP. The list of available practices for Haskell County and the cost-share rates for each conservation practice were reviewed.

All data will be published as soon as it is approved by State Conservationist George Marks of Temple.

The Haskell County GPCP Committee is composed of J. C. Yeary, Chairman, District Conservationist, SCS; Dale Burris, County Supervisor, Farmers Home Administration; Burnell Gilleland, Chairman of the Haskell Co. ASCS Committee; R. V. Earles, Chairman of the Haskell Soil and Water Conservation District; and Max Stapleton, County Extension Agent.

## CHICKEN "COUP"

The August 1 issue of "USDA" presented the following that I thought worthy of passing on:

"Once upon a time there was a little red hen who scratched about the barnyard until she uncovered some grains of wheat. She turned to her workers on the farm and said: 'If we plant this wheat, we'll have bread to eat. Who will help me plant it?'"

"We never did that before," said the horse. "I'm too busy," said the duck. "I'd need complete training," said the pig. "It's not in my job description," said the goose.

"Well, I'll do it myself," said the little red hen. And she did. The wheat grew tall and ripened into grain.

"Who will help me reap the wheat?" asked the little red hen.

"Let's check the regulations first," said the horse. "I'd lose my seniority," said the duck. "I'm on my lunch break," said the pig. "Out of my classification," said the goose.

"Then I will," said the little red hen, and she did. At last it came time to bake the bread.

"Who will help me bake the bread?" asked the little red hen.

"That would be overtime for me," said the horse. "I've got to run some errands," said the duck. "I've never learned

how," said the pig. "If I'm to be the only helper, that's unfair," said the goose.

"Then I will," said the little red hen. So she baked the bread, and filled the barnyard with a tantalizing aroma. The she asked, "Who will help me eat the bread?"

"We will," said the other farm animals. "No, I will," said the little red hen, and she and her chicks began eating the baked loaves.

While the others were protesting, the farmer - who had been watching the little red hen's progress - stepped up and put a stop to the quarrel. "I saw little red hen do all the work," the farmer said, "so she shall keep the bread for herself. If you others want more food, you will have to work extra hard for it, just like little red

hen." Before long, the farmer noticed that some of the other workers were planting wheat, too.

## DISTRICT BOARD TO MEET

The Board of Directors of the Haskell Soil and Water Conservation District will meet for their regular monthly meeting on Wednesday morning, September 19, at 9:00 a.m. The Board meets in the Conference Room of the Haskell Chamber of Commerce. All farmers and ranchers with interests or problems are invited to attend.

The services furnished by the Haskell District are available to all regardless of race, creed, color, sex, or national origin.

# TSCRA Extends Membership

Texas and Southwestern Cattle Raisers Association will extend membership to livestock and ranch-oriented businesses for the first time in its 102-year history beginning Sept. 1, says John B. Armstrong, president.

"We feel that cattlemen and their agribusiness partners can deal more effectively with mutual problems and goals by pooling their resources and efforts," he said. "TSCRA is in its second century of service to cattlemen and with the enthusiasm, growth potential and clout allied industry membership will provide, this Association can do an even better job."

The new membership will cost \$250 a year and is tax deductible.

The mainstream of TSCRA allied industry membership is expected to come from animal health product suppliers, feed and grain dealers, commodity firms, automobile dealerships, equipment distributors, agricultural chemical companies and lending institutions at a local, state and national level, he said.

Allied industry members

will be able to display their support of the cattle industry and their customers, in particular, with an attractive wall plaque, window decal and membership card."

Information on the benefits of TSCRA allied industry membership can be obtained from Jim Kelley, membership chairman, TSCRA, 410 E. Weatherford, Fort Worth, Texas 76102.

## WASHINGTON, D.C. —

The maintenance of our standard of living and the promotion of economic growth has always been dependent on abundant electrical energy. Most of our present needs are satisfied by oil and natural gas which is becoming more expensive and harder to find. We are using these fuels at a rate that is one million times faster than it took nature to produce them. We are running out of cheap energy and running out

of time to find alternatives.

Possible new sources include solar, geothermal, fusion and wind power. These renewable sources have good long term prospects but are infeasible for large scale production in the near future. Coal has been described as America's ace in the hole. But this fuel is becoming more expensive to mine and transport and its use presents hazardous environmental concerns. Whichever way we turn, major

problems have to be confronted.

Among our present options, however, power by our power were nuclear, and as much as a person living near a power plant would get in 20 years. And the chance of a person living in the general vicinity of a nuclear power plant being fatally injured in a reactor accident is one in five billion per year. Compare this with the number of people who die every year in coal mining accidents and the many individuals who will suffer from diseases related to the emission of gases by the expanded burning of coal, and you will see that nuclear energy

exposed to in a lifetime if all

nuclear fission appears the most promising alternative. Certainly there are problems with nuclear energy that must be resolved. It is essential that permanent waste disposal facilities be established to store nuclear by-products. Safety must always be an important consideration. Despite the potential catastrophic dangers the safety record of nuclear power cannot be disputed. A single dental X-ray gives three times as much radiation as the average American would be

definitely has a place in our energy future.

Nuclear power plants today account for about 12 percent of U.S. electricity production. "we institute a moratorium on issuing construction licenses for new plants, then substantial shortages of electricity will occur in the next several years. The General Accounting Office (GAO) has issued a report examining the implications and trade-offs of limiting nuclear power growth. The GAO finds that "if actions are taken to limit or halt the growth of nuclear power, they must be accompanied by actions to severely limit electricity requirements or programs to expand the coal supply or other non-nuclear fuels. Otherwise serious shortfalls of electricity supply are likely in the 1980's."

If we do not plan for sufficient production of electricity, many people will be out of work and we could even experience periodic black-outs with all the potential social upheavals that could occur with such an event. If we are to continue to experience economic prosperity, nuclear power must remain an important part of our energy future.

## Cattle Placements, Auctions Continue on Downward Trend

AUSTIN—Placements of cattle in Texas feedlots continue their downward spiral, with the number of head reported during July only a little over half the number reported for the same period in 1978.

Texas livestock auctions also showed considerably slower activity in sales of cattle and calves during July

compared to a year ago, noted Agriculture Commissioner Reagan V. Brown.

The August 1 report released this week by the Texas Crop and Livestock Reporting Service shows cattle placements at 58 per cent of the level in July 1978, reflecting the continuing downside in slaughter animals which began early last year. Auction sales of cattle and calves were down 39 per cent in July from the same month last year.

The number of cattle and calves in feedlots on August 1 numbered 1,700,000 head. July placements of 260,000 head were 38 per cent less than those for June 1979.

Marketings of cattle from feedlots were down to 300,000 head, a 27 per cent decrease from July 1978. Twenty thousand head of cattle and calves were sold for further feeding, were returned to pasture, or died.

**The Consumer Alert**

by Mark White  
Attorney General

One of the most frequently asked questions I hear as I travel around the State is, "Why are our electric bills so high?" A complete answer to this apparently simple question would require an extended discussion of highly complex technical, social and political issues. And, as is true with most issues over which there is a great national debate, any two experts will have three opinions about the answer.

Although I will not attempt a complete answer here, a brief look at the recent history of Texas electric rates may be helpful.

In 1963 Coastal States Gas Company formed Lo-Vaca Gathering Company for the purpose of contracting with various municipalities and industrial users of natural gas to supply their gas needs at a set price. Although Lo-Vaca contracted to provide more natural gas than it had on hand, the historical abundance of fuel indicated that all contractual demands could be

satisfied. In 1973 the Organization of Petroleum Exporting Countries (OPEC) put into effect an oil embargo which created an immediate shortage of oil. Because of the shortage of oil the demands for alternative fuels such as natural gas increased substantially. Increased demands for natural gas made it impossible for Lo-Vaca to supply its customers' needs with the supplies on hand, and, as a result, Lo-Vaca was forced to obtain additional supplies of natural gas from the open market in order to meet its contractual obligations to the municipalities and industrial users.

Lo-Vaca's contracts called for Lo-Vaca to supply natural gas to its customers for a price of 23 cents per M.C.F. (thousand cubic feet). When Lo-Vaca turned to the open market to purchase gas for its customers, however, it found the prevailing price to be 60-70 cents per M.C.F.

The difference between the

price at which Lo-Vaca had to buy natural gas and the price at which it was required to supply it caused Lo-Vaca to turn to the Texas Railroad Commission for approval to charge its customers the difference between the contract price and the market price.

After considering the evidence presented by Lo-Vaca and the opponents to Lo-Vaca's request, the Railroad Commission entered an order permitting Lo-Vaca to "pass-through" the additional costs. After the Commission entered its order, Lo-Vaca raised the price of natural gas to the municipalities and industrial users with which it had contracted. They, in turn, raised the price of natural gas to their customers, individual consumers like you and me.

The pass-through order used in the Lo-Vaca case has been used by the Railroad Commission and Public Utility Commission repeatedly in recent years in its dealings with many utility companies. Many of the pass-through orders permit automatic adjustments in rates whenever the cost of fuel changes. Automatic adjustments are permitted in order to save the expense of lengthy rate hearings, the cost of

which would be passed along to individual rate payers anyway.

Natural gas is, of course, only one of several fuels which are utilized in electric power generation. For example, now that the federal government has mandated the use of coal as a substitute fuel for boilers presently fired by natural gas, its cost has become a major factor in determining utility rates. The experience of Lo-Vaca with natural gas, however, illustrates that factors over which few of us have any real control frequently have a direct and immediate impact on the amount of money we must spend for our energy needs.

#### Investigate before investing

COLLEGE STATION — In playing the market of hard money investments — rare stamps, coins, antiques, art and precious metals — a little homework goes a long way, says an investment expert at Texas A&M University.

"You've got to be careful," warns accounting professor Dr. Larry Crumbley. "There is a great deal of fraud edging up these days."

The number one investment buy last year came in the little-known oriental ceramics market, indicated a rating report from a New York investment firm. Other leaders on the list were diamonds, paintings by old masters and gold. Stocks and bonds were rated well down the list, behind farmland, housing and silver.

### PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1979

#### PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

- Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and
- Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

#### PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;
- To prescribe procedures; and
- To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of

the process of rulemaking by agencies in the executive department."

#### PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."

### New Book Claims There Is No Worldwide Oil Shortage

Growing supplies of oil from other nations and a slowdown in world oil consumption are undermining the price-setting power of OPEC, according to economist Arnold Safer.

Dr. Safer suggests in his new book, *International Oil Policy* (Lexington Books), that the role of OPEC will be severely weakened by the mid-1980's as the rise in the price of oil encourages increased world exploration and an abundance of oil in the years ahead.

"There is no worldwide oil shortage," he says, "nor is there likely to be for many decades to come. By promoting the idea of impending world scarcity of oil, the United States has become paralyzed and cannot take the steps that might dilute some of the price-setting powers of OPEC."

According to Dr. Safer, by 1982 the sluggish world economy will cause consumption to grow by only four or five million barrels per day. At the same time, non-OPEC supplies could increase by eight or nine million barrels per day thereby cutting deeply into OPEC oil production. This situation, he suggests, will give major oil consuming nations an excellent opportunity to further weaken some of the cartel's price-setting powers.

Although the world as a whole will have an oil surplus, the United States will still be faced with a shortage. "So," he con-

cludes, "if we must import oil, we need to learn to buy it better."

His recommendations as stated in the book include removing all price controls from U.S. oil and subsidizing the purchase of foreign oil above an established price ceiling; eliminating the present system of foreign tax credits which tends to link the interests of some international companies to some OPEC member nations; establishing a worldwide oil futures market; financing oil exploration outside the U.S., especially in the non-OPEC developing nations; and adopting a bidding system for U.S. oil imports under which the government would estimate our oil import needs then use an auction technique among the would-be suppliers to provide for lower, more competitive prices.
