## Haskell To Host Jaycee Convention

Excite America 79 comes to Haskell as the Haskell County Jaycees and Jaycee-ettes, for the first time ever, host the Texas Jaycees Region I-C Convention. This is the theme adopted by the United States Jaycees, and will be used this year to emphasize and enthrall Jaycees throughout Texas and the nation.

The convention will get underway Friday evening with registration and a get acquainted and welcome party at the Haskell County Country Club, with a dance to follow.

Saturday morning at 7 a.m., the days events will begin with a prayer breakfast at the Country Club, with the message being delivered by Marty Jacobson, Minister of the First Presbyterian Church.

Chairmen are Steve Cothron and Jake Dusak Jr.

Registration will continue at the First Presbyterian Church, and competition in several areas for both Jaycees and Jaycee-ettes, with the winners to be announced at the Saturday night Awards Banquet.

The noon luncheon will be held at the Haskell County Country Club, with Abe Turner, President of the Haskell National Bank, and past president of the Haskell Jaycees to deliver the keynote address.

Various Jaycee and Jaycee-ette seminars and clinics will be held Saturday afternoon at the Country Club, and the Presbyterian Church for the delegates.

The Jaycee-ettes will also host for the

visitors a fashion show and tea beginning at 3 p.m. at the Haskell National Bank Community Room. The show will be presented by Mrs. Betye McBroom, and styles from the Hayloft in Haskell.

A general business meeting for the I-C Jaycees will be held at the Country Club, at 5 p.m., with various items of business for the region to be conducted.

The Awards Banquet will be held at the Country Club, beginning at 7 p.m., with Larry Weible, past president of the Missouri Jaycees, and past national Jaycee vice-president, to be the keynote speaker.

Other dignitaries to be on hand will be A. J. Clinton of Abilene, Regional Director of Region I-C, Lynn Smith of Snyder, vice president of Area 1, Jay Brim of Austin, president of the Texas Jaycees, Carol Heinke of Lake Jackson, president of the Texas Jaycee-ettes, Cindy Ferguson of Lubbock, Regional Director of the Texas Jaycee-ettes, plus some 100 other Jaycee and Jaycee-ettes to enjoy Haskell Hospitality 79.

The convention will close with a dance at the Country Club, beginning at 9 p.m.

All residents of Haskell are urged to make these visitors a part of Haskell and make Haskell Hospitality 79 a part of the community, and welcome these visitors, and use the Haskell County Jaycee theme of "Whatever it Takes" a reality, to make this convention a success.

## HBO Preview Set For Cable Viewers

Personnel from CenTex Cablevision have been busy installing a new earth receiving station at their antenna site northwest of Haskell. The station will be used to receive signals from a communication satellite located in orbit 22,500 miles above the earth. The signals will then be distributed to Haskell residents on the existing Cablevision system serving the city of Haskell.

For your convenience there will be a guided tour of the satellite receiver from 1-3 p.m. Saturday, October 6, at the CenTex tower located at the end of

North 9th Street in Haskell. There will be cold soft drinks for those who desire them.

According to CenTex's Manager, Jerry Smith, the earth station will be used to receive the signals of Home Box Office, a New Premium entertainment Service. Some of you may have already seen this popular new service. It is already being offered in many towns including Abilene and Sweetwater.

A Free Preview of this optional service will begin October 6 and each subscriber of Cablevision will receive details on HBO, and how to subscribe,

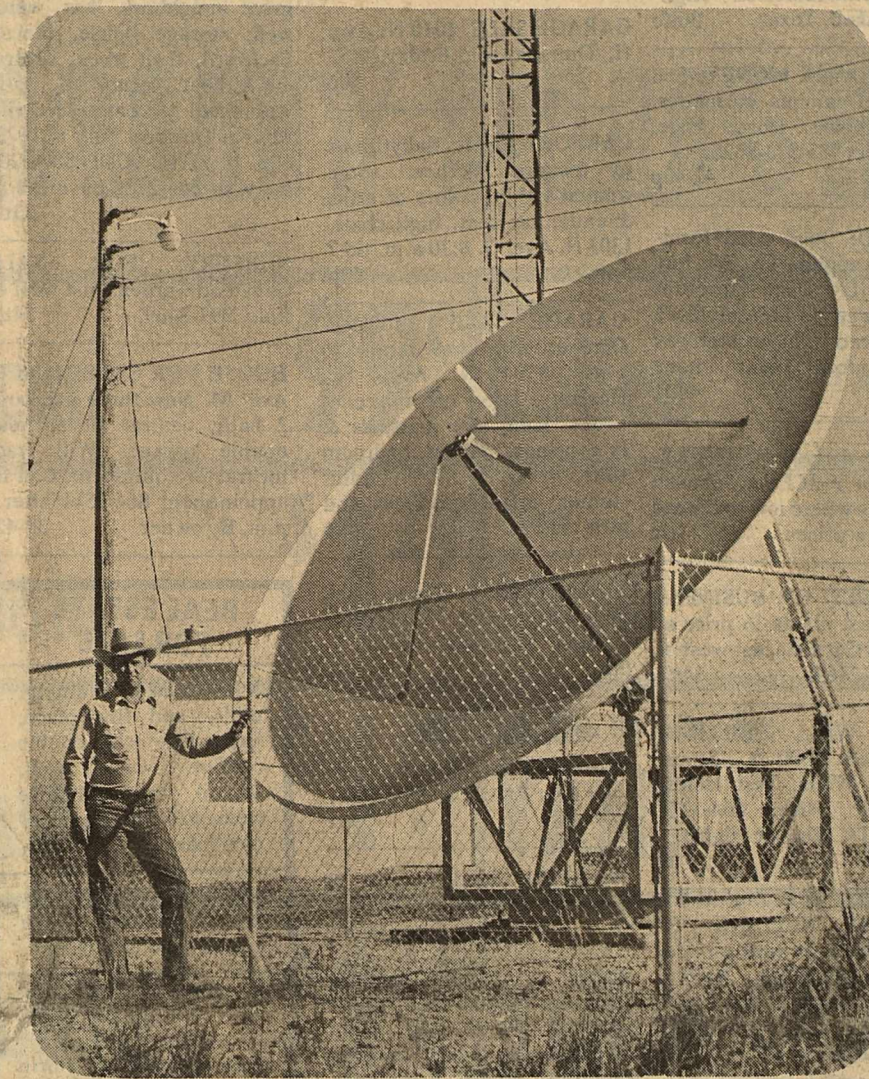

so watch your mail closely.

The core of HBO's programming package is made up of theatrical motion pictures—a wide range of features that includes recent box office successes, outstanding foreign and family films, and fine older films requested by HBO subscribers. HBO schedules premiere airings of most of its programs on Friday, Saturday and Sunday evenings in prime time, after which each program appears several times on different days of the week and different times of the day to insure maximum accessibility for subscribers. All films appear in their authentic theatrical versions, and are presented without commercial interruption. "X" rated films are not shown.

Home Box Office is also the largest producer of original material for pay television, and is currently presenting 5 new programs each month. HBO's "Standing Room Only" series of major entertainment specials focuses on individual performers such as Barry Manilow, Paul Williams, Ray Charles, Jerry Lewis, and Victor Borge taped live before paying audiences in Las Vegas, Los Angeles, Acapulco and locations. This category also includes a variety of celebrity tributes, award shows, and holiday specials. HBO's "On Location" serves as a well-established showcase for nightclub comedy and has featured the talents of such leading comedians as George Carlin, David Brenner, and Alan King, as well as such emerging stars as Martin Mull and Robin Williams. Additional Specials include comedy concept programs (such as National Lampoon's "Disco Beaver from Outer Space" and "Road to Yucca Luna"), theatre ("El Grande de Coca-Cola"), and documentaries ("The Great Consumer Rip-Off") and ("Legends").

Major sports events on HBO include "Race for the Pennant," a weekly TV "news magazine" highlighting the previous week's top major league baseball games, and a series of top collegiate basketball games. Other sports attractions on HBO include same day satellite coverage of Wimbledon tennis as well as boxing, gymnastics, A&U swimming and boxing, and major indoor track meets.

Home Box Office, Inc. which began operation in Nov. 1972, is the nation's largest pay TV network, serving over 1,000 cable television affiliates in all 50 states and counting more than 2 million American homes on its subscriber lists.

**EARTH RECEIVER...**CenTex Cablevision Manager Jerry Smith is shown with a newly installed satellite receiver in operation in Haskell. The new receiver will enable all Haskell Cable TV subscribers to view Home Box Office programming October 6-14. The free preview can be seen on Channel 4 by all present cable subscribers. ### Fire Station Donations

Members of the Haskell Fire Department are waiting for insulation crews to complete their work before starting on the final touches of the new fire station.

The insulation started last week and mechanical break-downs have delayed the work. The problems have apparently been solved and the insulation should be completed this week.

When the insulation is completed, department members will complete paneling the office and meeting rooms, and complete work on the restroom.

Members of the Ladies Auxiliary have donated cabinets for the coffee bar area and they will be installed soon.

Still to be purchased are chairs and other furniture for the office and flooring for the office, meeting room, and restroom, and ceiling for the three rooms.

Donations to the fund received this week include:

- Violet H. Frazier Ranch.....200.00
- Mr. and Mrs. J. C. Yeary Jr. ....25.00
- Assembly of God Church.....100.00
- Ima Jo Watkins in memory of
- E. E. Welsh.....25.00
- Billie Dove Furrh.....100.00
- Mrs. Lynn Pace, Sr.....50.00
- Total this week.....500.00
- Previous total.....52,182.80
- Total to date.....52,682.80

### Rule Jubilee Set Oct. 13

Plans have been finalized for the Rule Jubilee to be held on Saturday, October 13.

The days activities will start with an Arts & Crafts Display & Sale, to be on the parking lot at the bank. People are asked to bring arts and crafts. Hours are from 9 a.m. to 4 p.m.

At 4 p.m. there will be a parade, starting at the First Baptist Church and continuing down town. Mrs. Sam Turner & Mrs. Malcolm Hertenberger are in charge and welcome any entries.

Following the parade the remainder of the activities will be at the City Park. There will be games, contests, raffling of gifts, a Cake Walk sponsored by the Eastern Star and other activities. Food and concession stands are sponsored by different organizations and include: Frito bags, Nachos, sandwiches, pie, homemade ice cream popcorn coffee and cold drinks.

At 7 p.m. there will be a program. Anyone wishing to give musical numbers or skits should contact Grace Bishop in Rule.

### Photo Club

All area persons interested in photography are invited to attend a photography meeting next Monday, October 8, at 7:30 p.m. in the kitchen of the Haskell County Courthouse.

Larry Smith of Abilene will present the program on portraits.

### Open District Friday

# Indians Down Stamford, 41-23

The Haskell Indians rolled up a 41-23 victory over the Stamford Bulldogs last Friday in a game that was every bit as good as predictions.

The Tribe offense moved the ball almost at will against the Bulldogs, scoring on six of their 13 possessions. Two of the drives were stopped after fumbles and one on a pass interception.

The Tribe scored on drives of 71 yards, 60 yards, 80 yards, 19 yards, 46 yards and a 90 yard kick-off return.

The Tribe defense allowed the Bulldogs a total of 306 yards, 250 of which came on only six plays. During the contest, the defense captured Bulldog runners behind the line of scrimmage a total of twelve times for losses totaling 101 yards.

The contest started on a wild note when the Bulldogs took the opening kick-off and on the third play, went 70 yards for an apparent score. The TD was called back to the Indian 35 after a clipping penalty was marked off against the Bulldogs. Stamford managed only 7 yards during their next four plays.

The Tribe got their first opportunity starting on their own 29 and it took 15 plays to cover the 71 yards. Monnie Hise carried in for the score from the 3 with 3:15 left in the first quarter. Three crucial first downs were made during the drive with Jim Harris completing passes to Joseph Browning and Albert Enriquez.

The Bulldogs scored next early in the second period when Victor Davis broke loose for 75 yards on a double reverse and a score.

The next Tribe scoring drive started about mid-way in the second period when Hise intercepted a pass and returned it about 15 yards, to the Stamford 40.

The Tribe covered the distance in 10 plays with Hise scoring from the 10. Harris connected with Enriquez for 12 yards on a crucial fourth and five

situation to keep the drive alive.

The Tribe went to the dressing room at half with a 13-9 lead that they would widen substantially before allowing the Bulldogs to score again.

The Tribe received the second half kick-off and moved the ball to within 16 yards of a score before giving up on downs. The defense then did their part by forcing a fumble on the next play and

Steve Livingston recovered. Two plays later, Hise carried in from the 14 for the score.

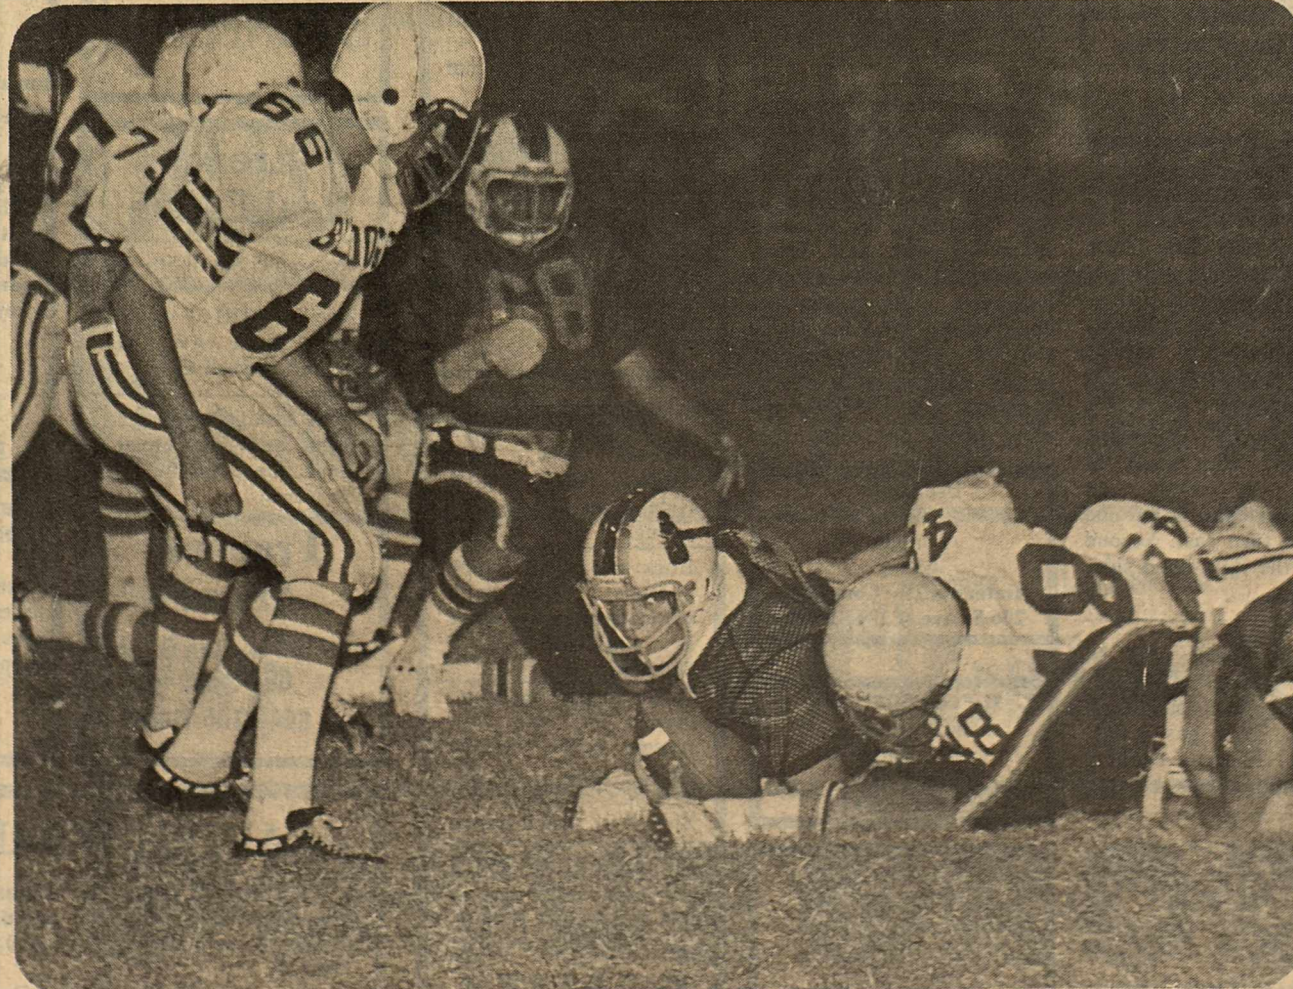

The next Tribe score was set up when the defense took advantage of a bad snap on an attempted punt and handed the offensive unit the ball on the Stamford 19.

Harris carried to the 6 and the Hise scored from there.

The Bulldogs mounted a scoring drive late in the third period and crossed the goal line on the second play of the fourth quarter on a 24 yard run by Davis.

The Tribe scored twice more during the final period, once on a 25 yard run by Hise and once on a 90 yard kick-off return by Joe Benavides.

Hise was the leading rusher of the

**ONE OF FIVE...**Indian Monnie Hise falls across the Stamford goal line last Friday night for one of five TD's he scored in the Indian's 41-23 victory. Hise was the leading ground gainer with 202 yards on 30 carries. The Tribe will open district play

this Friday night in Knox City against the undefeated Greyhounds. Indian cheerleaders invite everyone to a bon fire southeast of the City Park at 8 p.m. Thursday night and a pep rally in Indian Gym Friday at 11:30 a.m. (Staff Photo)

game with 202 yards on 30 carries and scored five touchdowns.

**KNOX CITY**  
The Tribe will face undefeated Knox City this Friday in the district opener in Knox City. Game time is 7:30 p.m.

Knox City has defeated Rule, 32-0; Albany, 27-13; Archer City, 31-6; and Throckmorton, 45-7.

Three of their four backs are returning starters from last year and the team has good size and speed.

Offensively, Knox City is well balanced, throwing and running.

**SPECIAL ACTIVITIES**  
Special activities this week include a bon fire, southeast of the City Park Thursday at 8 p.m., and a pep rally in Indian Gym at 11:30 a.m. Friday.

### Warriors

The four younger Haskell teams came away from last Thursday's games with a perfect slate: 4 games, 4 victories. The 7th graders, in their best performance of the year, defeated Anson to the tune of 30-0. This brought their season record to 3-0.

The 8th graders, again, had to struggle but, again, were successful. They defeated the much larger Anson 8th grade 14-6. The 8th graders are also 3-0.

The Freshmen defeated Anson 6-0, to bring their season record to 2-1-1. The Jayvees defeated Anson also, to level their record at 2-2.

This Thursday the 7th and 8th grades travel to Anson for 5:00 and 6:00 return engagements with Anson. The 9th grade will host Merkel at 5:30 at Indian Stadium while the Jayvees will also be at home against the Knox City Jayvees at 7:00 p.m.

## Genealogical Seminar Set October 13th At HSU

"Ancestors are found along with old furniture and captive selections in all our best regulated families. Ancestors consist of forefathers and foremothers, to say nothing of foreuncles and aunts, who have done something grand and noble, like being headed by a king or having a relative who was governor of a colony. This enables them to be pointed out with pride by their descendants forevermore.

Being an ancestor is one of the easiest and most attractive of jobs. It merely consists of being boasted by one's descendants. Thus many ancestors have been enabled to make good after they are dead...Ancestors are one of the most valuable and satisfactory of possessions. They are non-taxable and cannot be stolen. Their upkeep is practically nothing and they do not deteriorate with age and neglect. In fact, they increase in value as they grow older. An ancestor 600 years old is worth a whole mass meeting of 56 year old ancestors. Adam is the oldest ancestor. He is 6,000 years old, and has a fine record. But he is a common possession, like education and

liberty, so he is not valued very highly.

The "Big Country Genealogical Seminar" is being held at Hardin-Simmons University, Abilene, on October 13th to help you find these valuable assets—ancestors. Professional genealogists from Louisiana, New York City, Houston, Abilene, Odessa and Utah will be the speakers. Lectures will be given on New York Records, U.S. Census, Pennsylvania Research, U.S. Boundaries and Changing Lines, New Jersey Research, Basic, Tennessee & II, "How the New York Public Library Can Help You," Missouri Research, Migration Patterns, Kentucky Research, North Carolina Research, Texas Research, Louisiana Research, Indian Research and New England Research.

Pre-registration price (before September 30th) is \$12.00 single and \$16.00 for

man and wife.

The price is \$16.00 single and \$22.00 couple. All proceeds will go to supplies and equipment for the genealogical library in Abilene. For further information contact Gentree and Associates, 3334 Parkcrest, Abilene, Texas 79605 or phone 915/692-7542.

The U.S. Treasury Dept. made a profit of over \$400,000 in 1977 on the difference between the monetary value of coins and their cost.

## New Law For Vets In Effect

A new disability and death pension law for veterans and their widows and children went into effect January 1, 1979. According to C. H. Herren, Service Officer for Haskell County, many claimants who could possibly qualify for the benefits are not making application. This is possibly due to a wealth of erroneous information which is being repeated concerning this new law.

The law does contain specific annual income limits to which a claimant should be aware, and these apply to veterans as well as to their surviving widows and children. In many instances, however, claimants are not aware that the countable income for VA pension purposes may be reduced by reporting the family medical expenses. If a veteran or a widow is a patient in a nursing home, for example, the amount of his or her own funds which are used to pay for such care can be excluded by the VA in determining eligibility for pension. Likewise, if a child of a veteran is in a state school or other institution, and his or her income from Social Security or other sources is being used to pay for such care, the amount used for this purpose can be used by the VA to establish pension eligibility.

Even though the annual income limits are rather severe under the new pension law, it is suggested that all veterans and widows, when financial help is needed, should make every effort to discuss the matter with their local Veterans Service Officer. A decision as to eligibility can be made only after competent counseling has been accomplished in every case.

## Frazier's Appliance

Congressman  
**Charles W. Stenholm**

## Congressional Comment

**WASHINGTON, D.C.** — Congress is currently involved in a debate on the proposed 1980 budget. The very essence of this process is the setting of goals and priorities. We must allocate our scarce resources among an infinite number of competing demands. In recent years we have been unable to face up to our limitations and restraint has not been forthcoming.

The Second Budget Resolution calls for expenditures of \$548.2 billion and revenues of \$519.5 billion making a deficit of \$28.7 billion. This figure represents a continuation of the trend towards more federal growth. Government expenditures have outpaced the growth of the Na-

tion's Gross National Product over the last quarter century. Since 1950 the annual growth in GNP has averaged 7.2 percent while total federal expenditures have grown at a 9 percent rate.

The chief reason for this rapid growth rate has been transfer programs and grants-in-aid to state and local governments. Transfer payments only accounted for 15 percent of the budget in 1955 — now they are more than 40 percent. Almost half of all Americans are dependent on some sort of federal payment. Twenty-five years ago grants-in-aid accounted for 4 percent of the budget — now they make up 16 percent of total expenditures. More and

more revenues have been transferred to unproductive segments of the public sector. Less resources are available for private investment and this has limited the level of output and employment.

The budget reflects the majority of Americans' preference for short term benefits instead of long term stability. As transfer payments have increased the investment in America's assets have decreased. In the mid-1950's military expenditures accounted for 56 percent of total federal outlays — today the figure is near 22 percent. In real terms our defense spending has shown no real growth for the past 10 years. Thus our military strength has declined

relative to the rapidly growing defense forces of the Soviet Union. The Soviet Union has overcome our once superior advantage in strategic nuclear arms and has achieved superiority in almost every category of conventional military strength. Our Nation has not responded to this threat and thus the world is becoming an increasingly more dangerous place to live. The President has made a commitment to our NATO allies that the 1980 defense budget will increase by 3 percent in real terms. The proposed budget does not meet that commitment. I do intend to support a substitute budget that will meet the President's commitment to NATO and make possible a balanced budget by

fiscal 1981. Our federal spending priorities are becoming more and more myopic in their scope. Large deficits, more spending, and the lack of investment in America's fixed assets have, in a large part, been responsible for our declining position in the world. If we are going to reassert our position in the international arena, then we must reevaluate our shortsighted priorities and start planning for our future.

## Sagerton News

Mr. Joe Clark, Mrs. Leon Stegemoeller, and Mrs. H. C. Raphael hosted the Golden Age party last Monday. They led the group in some games and served home-made ice-cream and angel food cake. Those present included Alice Newton, Ella Druessedow, Christina Ender, Laura Mathis, Etta Leach, Izetta Clark, Louise Stegemoeller, and Adeline Letz.

Mrs. H. C. Raphael was a guest in the home of Mr. and Mrs. Carl Druessedow for a hamburger supper Thursday evening. Then on Friday the two ladies attended the

Haskell County Fair. Mr. and Mrs. Fred Schonerstead are the proud great grandparents of Jason Edward Briles, the son of Captain and Mrs. Eddie Briles of Antilly Air Force Base in San Antonio. Jason's grandparents are Mr. and Mrs. Eugene Rhoads of Rule. He also has a 2 1/2 year old sister, Brandy Michelle. Jason was born September 19th.

Johnny Baitz was a guest in the home of Mrs. J. A. Hertel Saturday evening. On Sunday, he and Mrs. H. C. Raphael visited with Mr. and Mrs. Paul Anderson of Leuders. Mr. and Mrs. Glen Lovvorn of Stamford were also guests in the Anderson home.

Congratulations to Bill Hertel who had the Reserve Champion goose at the South Plains Regional Livestock Exposition in Harrold last week. Guests in the J. A. Hertel home Tuesday evening were Mrs. Mary Hertel and Mrs. Annie Urbanczyk of Munday, and Mr. and Mrs. Alvin Bredthauer.

## October Is... Girl Scouting

**OCTOBER IS** where the future begins in Girl Scouting for all Girl Scout adult and girl members in the nation. One out of every ten girls in the United States between the ages of 5 and 17 is a Girl Scout. They are led by Girl Scout volunteers—adults who are prepared for the future and making sure that our daughters are, too. Membership is available to any girl or adult who wishes to become a member whether in a troop group or as a non-troop affiliated member by registering with the West Texas Girl Scout Council and paying annual national membership dues of \$3.00. The payment of the membership dues automatically covers the girl or adult with basic accident insurance. Each member automatically becomes a member of the largest voluntary organization of its kind for girls, the World Association of Girl Guides and Girl Scouts, with 100 countries involved.

Girls can enter and progress in Girl Scouting at any one of four levels: Brownie 6-8 years, Junior 9-11, Cadette 12-14, Senior 14-17.

**OCTOBER IS...** October is Calendar month in the West Texas Council. Girl Scouts will sell the 1980 Girl Scout calendar for 80¢ each. The troop earns the profit for the troop budget for program supplies and activities of the girls. The 1980 calendar bears the new Girl Scout logo: Three faces of girls, silhouetted with a trefoil design in green above Girl Scouts in blue. The color photography for each month features Girl Scouts from Councils across the nation. West Texas Council has been invited to submit color slides of Girl Scout activities for consideration of the 1982 calendar.

Call your favorite Girl Scout for your 1980 calendar.

**OCTOBER IS...** October is Outdoor Month for Girl Scouts in West Texas. Troops take advantage of the beautiful weather to go on "penny-hikes" and woodland trails to discover the little things in nature.

One hundred Junior Girl Scouts and leaders will spend two nights at the Council resident Camp Boothe Oaks near Sweetwater to attend a badge workshop October 19-20-21. Consultants and Senior Girl Scouts will assist them to earn the Troop Camper badge and a choice of one other outdoor badge (Outdoor Cook, Rambler, My Camera, or World Games).

Two hundred 5th and 6th grade Junior Girl Scouts will participate in a Sports Spectacular at Rose Park, Abilene on October 13, 1979.

Other girls are making plans for an outdoor adventure in their October troop meetings. Brownies have a choice of November 5 or November 10 to spend a Brownie Day at Camp Boothe Oaks with a picnic lunch and an exploratory tour of the campsite. (Figure 200 Brownies each day!) All Girl Scout families are being invited to enjoy a Family Weekend at Camp Boothe November 2-4.

**OCTOBER IS...** when a Girl Scout, young or older, gets out in the fresh swing of things and walks into the future...

#### OCTOBER IS...

October is Happy Birthday, Juliette Low Month. October 31 is the birthday of the founder of Girl Scouting, Juliette Gordon Low. "Daisy" as Juliette was known, began the first troop in Savannah, Georgia in 1912 after she became acquainted in England with Lord Baden Powell who started Boy Scouting. All Girl Scouts in the United States celebrate Daisy's Halloween birthday. In her honor girls give a Dimes for Daisy gift to the Juliette Low World Friendship Fund which helps foster international friendships.

You receive Home Box Office on your television set, just like ordinary TV. But the similarity ends there. HBO is not regular "television." We program entirely differently in order to bring the best entertainment into your home.

**SOMETHING ELSE FOR MOVIES**

HBO brings you Hollywood movies always uncut and without commercial interruption. And they're scheduled for your convenience, with each show repeated several times within the month.

**SOMETHING ELSE FOR SPECIALS**

HBO presents its very own "Stand-

ing Room Only" and "On Location" comedy and entertainment specials. These are exclusive nightclub performances that you just can't see on regular television.

**SOMETHING ELSE FOR SPORTS**

HBO gives you exciting sports like basketball, tennis, boxing, gymnastics and more. Important events and superstars that regular television neglects.

**FREE INSTALLATION**

Now's the best time to become an HBO subscriber. If you already have cable, you can order HBO for just \$9.00 per month and save the \$15.00 installation fee. Or, non-subscribers

AUSTIN—Two grants are being awarded to the Texas Department of

Agriculture (TDA) to evaluate and improve marketing systems for cotton and feeder cattle, according to Agriculture Commissioner Reagan V. Brown.

The grants are being made under the U. S. Department of Agriculture's federal-state marketing improvement program and must be matched with at least an equal amount of private funds. Announcement of the grants was made by Secretary of Agriculture Bob Bergland during his recent tour of the High Plains area.

Some \$500,000 of the grant money will be used to evaluate the effectiveness of mechanical instruments for measuring

cotton quality. The money will be passed through the TDA to the Lamesa Cotton Growers Association which will be testing a "high volume instrument classing system" to determine if it improves cotton marketing.

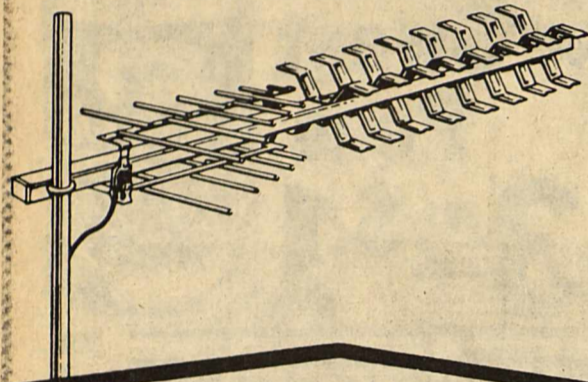

Cotton is now classified by the human eye and hand to determine grade and fiber length while fiber coarseness is determined by instrument. The development of high-volume instruments began in 1957 to provide a more complete and objective way of measuring the quality of cotton.

The study should show that, with the use of the instrument classing system, further sampling and testing will not have to be performed on the cotton at later stages in the marketing chain, Commissioner Brown explained.

The TDA will also receive \$325,187 to develop an "electronic marketing system" to trade feeder cattle. Funds for the feeder cattle project will be used to set up a demonstration model of an electronic marketing system which uses computer and high-speed communications services to link together cattle buyers and sellers at distant locations. Texas A & M University will plan and execute the feeder cattle marketing program, Brown stated.

**Chinese at Texas**  
AUSTIN, Texas (Spl.)—Six employees of the China Petroleum Corporation are spending a year at The University of Texas to gain additional training in their field.

They are the first representatives from China to come to the State of Texas for an extended period of study. As part of their technical training in UT's Petroleum Engineering Department, the Chinese visitors are auditing courses related to oil refining, natural gas production, well logging, oil field mechanics and computer applications. They also will make trips to Texas oil fields and refineries.

Significant changes are on the horizon for researchers working on agricultural projects. Underlying factor for these changes is the growing consensus among scientists that current research with its aims at yield increases through better fertilization and cultivation technique may be nearing its peak. In short, there is a growing feeling that we are reaching the stage of making a plant produce all that is possible. That's the reason for the change in direction. Scientists are now beginning to experiment on changes in the biological potential of plants. Basic changes in photosynthesis are being considered. Methods of limiting a plant's respiration are under study and the strange yield increases of some plants when exposed to carbon dioxide are being examined. In short, the new direction for research involves changing the plant itself in ways which could develop new and much greater yield increases.

# Spider Bites May Cause Problems

Although most spiders are harmless and are even beneficial to man because they eat beetles, mosquitoes and flies, there are two types to avoid in Texas—the black widow and the brown recluse.

The black widow's venom—15 times more powerful than that of a rattlesnake—affects the nervous system. Fortunately, the black widow's venom supply is small. She is called a widow because she often eats her husband after mating.

The female black widow will spin a somewhat well constructed permanent web

in which she will remain while waiting to trap her prey," said Paul V. Fournier, of the Texas Department of Health's General Parasitology Branch. "Most cases of black widow spider bites occur when the victim inadvertently backs into or penetrates the web."

Fournier said exposure to this spider is generally outdoors in natural habitats such as tree holes or stumps, or abandoned rodent burrow openings. He said the black widow also lives in peripheral domestic locations such as garages, sheds, outdoor privies and water heater closets.

"In Texas black widows are frequently found under the eaves of residences, and under or inside mailboxes," Fournier commented.

Symptoms following the bite from a black widow spider are usually quite distinct and immediate. Some pain at the site of the bite may be evident, followed by acute stomach cramping, heavy perspiration, and difficulty in breathing. Treatment usually involves administration of the specific antivenin. According to the U.S. Department of Health, Education, and Welfare Public Health Service, only five percent of those

untreated die and there is no record of anyone having had antivenin treatment dying.

The black widow is easily recognized by its black, brown or gray globe-shaped abdomen and the red, orange, or yellow hourglass markings on the underside. Young females and males may have other reddish or orange markings on the upper side of the abdomen in addition to the hourglass, and unband legs as well.

The brown recluse spider is different from the black widow in many ways. Although its natural habitat is outdoors, it can readily establish an infestation inside homes. Unlike the black widow, the brown recluse will leave its loosely constructed web to search for food and this is when most of the bites occur.

"Very heavy infestations have been investigated in a number of Travis County homes," said Fournier. "In one case, an infestation of adults, spiderlings, and eggs was found thriving in springs of a living room sofa. Other infestations have been found in garages, yard buildings, cabins, and bedroom closets. Perhaps the heaviest infestation investigated so far was found in the attic of a house just outside of Austin. It was estimated that several hundred spiders were present."

Reports from central Texas physicians indicate that bites from brown recluse spiders may be more common than previously supposed. During 1977, a total of 100 cases were reported in Travis County alone. An additional 40 cases were reported from other central Texas counties.

The bite of a brown recluse spider, unlike that of the black widow, may result more often in a localized rather than a systemic reaction.

There is no immediate pain from a bite, but in four to eight hours the victim has intense pain and itching around the bite area. A thick wheal develops. This may later turn reddish or purplish and the skin may later die and slough off, leaving a deep, granular scar.

"One case brought to the attention of the Texas Department of Health involved a bite inflicted on the victim's hand," Fournier recalled. "The lesion slowly continued to expand over a period

of five months, eventually requiring a skin graft."

There is no antivenin for the brown recluse bite and cases are treated by treating the symptoms. Surgical excision of the center of the area that is sloughing off and the use of steroids is frequently prescribed by physicians.

The brown recluse looks much like many other spiders except for a distinguishing fiddle-shaped marking on the head. This marking explains its other common name, the "fiddle-back spider." The brown recluse is usually light to dark brown in color and has short brown hair. It has six eyes while most spiders, including the black widow, have eight eyes.

The Texas Department of Health has prepared an informational leaflet on the habits and control of the brown recluse. It is free upon request. In addition, specimens suspected of being a brown recluse may be submitted for complete determination. The specimen should be in alcohol and information as to the type of location should accompany it.

Specimens and inquiries for the leaflet should be directed to the General Parasitology Branch, Bureau of Laboratories, Texas Department of Health, Austin, Texas 78756.

## WTC To Offer Community Workshops

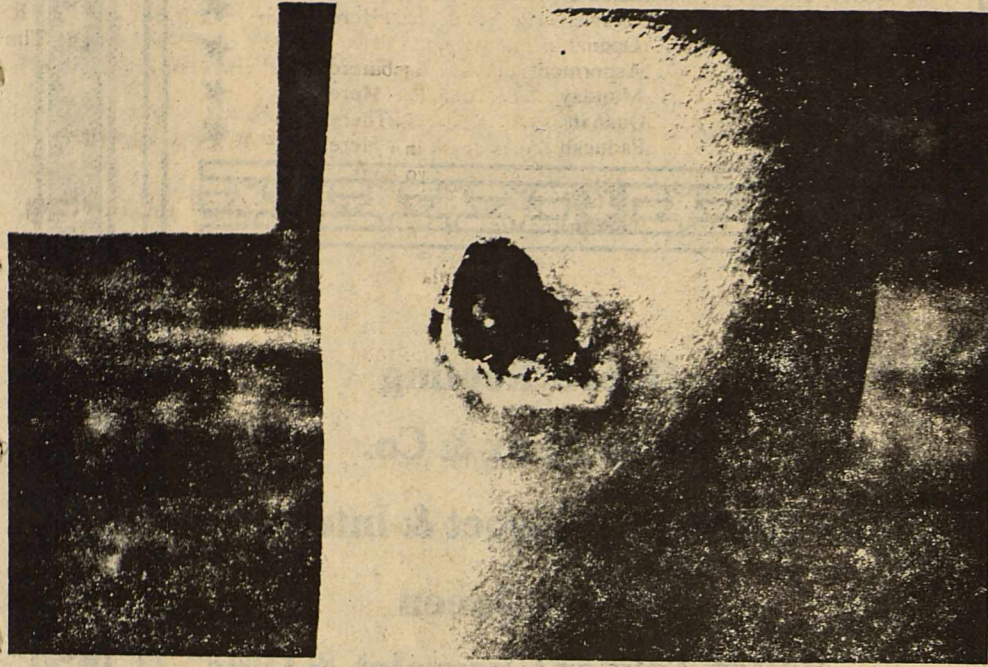

Western Texas College will be cooperating with Wigwam Craft and Plants in Haskell to offer two Community Services courses beginning in October.

A three-day workshop is scheduled October 9-11. Lorene Raines from Childress will be the instructor for the classes in oil painting. Classes will meet from 9 a.m. to 12 noon and from 7-10 p.m. Persons interested in the classes may contact the Wigwam for details.

Mrs. Raines has been painting for several years and has a studio in Childress.

On October 19-20, Mary Rike of Haskell will direct a workshop on tole painting for Christmas ornaments and gifts. Classes will start on the evening of Oct. 19 and will continue all day on October 20.

Community Services courses do not carry college credit and are open to students of all ages. Information about Community Services courses may be obtained by calling the office of Rex Hopkins, Director of Continuing Education, at WTC, AC 915 573-8511, extension 240.

A thick wheal may develop from the bite of a brown recluse spider. This may later turn reddish or purplish and the skin may later die and slough off, leaving a deep, granular scar.

# Rice Springs News

We at the home are really noticing the look of fall everywhere around here. Some of our residents are still enjoying sitting outside while they still can and soaking up the sun and dreading the winter months when they will have to remain inside most of the time.

Again this week, we would like to welcome some more new residents to our home. They are Ida Brinlee and William H. Carothers. We hope they will like living here very much and we are sure we are going to like their living here.

We also want to wish the best to William Reed who moved back to his own home in Haskell this past week.

Our administrator, Ruth Ann Klose, and bookkeeper, Joan Meier, were gone several days last week. They went to San Angelo to a workshop. We missed them and are glad to have them back.

We wish to wish a speedy recovery to Albert Klose who is in the hospital.

Visiting Ida Pheister were her nieces, Leatha Whitley and Ruth Cameron of Arlington and Martha Bracken of Fort Worth, also her daughter, Helen Boykin, of Weinert.

Joe Ray enjoyed going to his home in Rule for a visit. He also had visits here at the home from Mrs. Joe Ray, Lorien Camp, Mr. and Mrs. Burney Camp and Dellanie Camp, all of Rule and Odessa Hatfield and Marvin Bergan of Abilene.

Coming to see Annie Howard were Ginger and Kris Cox of De Soto and her daughter, Geneva Goolsby, of Lubbock.

Visiting Mary Threet were Trudy Andrew of Oroville, Calif., her son, Mr. and Mrs. S. H. Threet of Millsap, and her granddaughter, Mrs. Bob Barton, of Holland.

Nannie McCaul enjoyed visits from her daughter, Eunice Hunt, and also Lynn Matysiak both of Rule.

Coming to visit Trudie Bush who was under the weather all last week were her daughter and son-in-law, Mr. and Mrs. Raymond Smith, Opal Stryker, Mr. and Mrs. Grady Bristow, Sue and Dee Dee Smith, Flora Smith all of Rule and Ada Snyder and Agnes Bowman of Seymour.

Alvin and Alice Bredthauer of Sagerton came over Sunday and took her mother, Emma Lammert, to Stamford to attend Christ Lutheran Church, to eat lunch, and also to visit a friend, Mary Hilcher.

Tammy Drinnon and son, Damon, of Lubbock came to see her grandmother, Mae Belle Turnbow. Also visiting Mae Belle were her son and family of Abilene, Mr. and Mrs. Gary Turnbow and two children.

Coming by to visit Annie Jones on his way to Colorado was her brother, Mr. and Mrs. Ernest Curry, of Canton.

We wish to extend our sympathy to Claudia Blankenship in the death of her sister-in-law, Clara Shelly, of Seymour and Greenville.

Visiting Mary Schonerstedt were her daughters, Lena Boedeker and Ella Nauert, of Stamford.

Sena Mae Murray of Rule visited Ada Williamson and other residents of the home.

Ginger and Kris Cox of De Soto visited Dessie Marion.

Edna Collins enjoyed having her grandson, Gary and Nancy Posey, of Big Sandy come to see her.

Visiting Hilda Kupatt were her son, Mr. and Mrs. Fred Kupatt, of Sagerton. Her daughter, Mrs. B. H. Spraw, granddaughters, Sheila, Sharon and D'ann all of Midland came Sunday and took Hilda to Sagerton to attend Faith Lutheran Church, to eat lunch at Hilda's home in Sagerton, and on to Rule to visit with her son, J. D. and Meta Kupatt.

Mr. and Mrs. Roland Rose came to see his mother, Ethel Rose. Visiting Alvena Holle were

her nephew, Steve Lehmann, her sister, Lillie Lehmann, both of Sagerton, and Hazel Letz and Cecil Klump of Old Glory.

Maggie Martin enjoyed visits from Earlene Smith, Mr. and Mrs. Grady Bristow, all of Rule and her sister, Ada Snyder, and Agnes Bowman, both of Seymour.

Lou Hisey of Rule came to see her mother, Belle Kuenstler.

Visiting Ora McCollough were her sisters, Hallie Morgan and Zina Bills, of Rule, and her niece, Evelyn Green, of Fort Worth.

Visitors of Alma Cole were her son-in-law, Tom Ed Simpson, Rev. Waylon Dowden, Lynn Matysiak, Eunice Hunt, Lucille Martin, Mary Place, all of Rule.

Coming to visit Charity Bradley were her nephew, Mr. and Mrs. Roland Rose, of Abilene, her niece, Geraldine Pool, of Rule, also Ada Snyder and Agnes Bowman of Seymour, and Lynn Matysiak, Eunice Hunt, Lucille Martin, and Mary Place, all of Rule.

Hazel Letz of Old Glory visited with her father-in-law, Martin Letz, and many of the other residents while she was here.

Luther and Mattie Hines had a visit from Sigmond Stovall of Hamlin.

We cannot say enough thanks to the ladies of the Church of Christ who came again last week to give the monthly birthday party. We are so grateful to these ladies who come month after month to do this. The cakes and punch are always so good.

Onah Crume celebrated her 72nd birthday last Saturday.

The Sweet Home Singers came again last Thursday night and presented some good music for us and also invited us to sing along on quite a number of songs.

We enjoyed the weekly Bible Study with Tom Jones and the Friday morning devotional with Jo Simpson. The Sunday morning

service by the First United Methodist and the afternoon service by the Church of Christ were really enjoyed by all the residents who attended, and some of the residents who couldn't but could still hear them from their rooms.

Rev. J. R. Williams and some ladies from the First Baptist Church of Rule came Monday afternoon and shared with us in good old fashion gospel singing.

Thank goodness our janitors nearly have all the waxing done on all the rooms and halls. I sure had a hard time collecting the news this week because they wouldn't let me go anywhere to hear anything, but anyway they are getting everything all shiny and clean for all those visitors that I know are going to come to see us this week.

## Hawley Slates Playday

The Hawley saddle club will hold a playday at the club arena October 6, 1979. Everyone is invited to bring horse and family and join us, or just come and observe.

Registration is at 7:00 p.m. with events beginning at 7:30. Each event is 50c with ribbons awarded to first 5 winners in each event and each division.

Every age group is included, from the sucker race, for those below 6 and do not ride, up to the senior division.

Each month a high point trophy is awarded to the rider in each division with most points. This will consist of two (2) playdays with trophy being awarded October 20, 1979 following the playday on that date.

The concession stand will be open with lots of good food and soft drinks.

## HOW?"

Lone Star has the lowest distribution costs of the 4 major gas utilities in Texas.\*

We've done a better job of controlling our operating costs than any other major gas utility in Texas three years in a row: 1976-1977-1978. \* And we plan to do it again in 1979, because it's one way we can save you money.

Lone Star's operating-distribution costs include wages and salaries, the leases on our offices and facilities, taxes, supplies, maintenance, repairs, depreciation on our equipment, and scores of other things.

Gas is naturally efficient, naturally economical. Our low distribution costs make it an even better value for you.

## 1979 Texas Cotton Crop Largest in Three Decades

AUSTIN—Earlier predictions are still holding that the 1979 Texas cotton crop will be the largest in some three decades, according to Agriculture Commissioner Reagan V. Brown.

"Chances for the bumper cotton crop are still good, despite recent severe hailstorms on the High Plains which some area farmers

termed the worst they'd ever seen," Brown explained.

Recent reports issued by the Texas Crop and Livestock Reporting Service estimate the Texas Upland cotton production for the year at 5.6 million bales, 48 percent above the 1978 crop and two percent above 1977. If realized, the 1979 production will be the largest crop since

the 1949 crop of 6,040,000 bales.

Predictions for the bumper crop appeared to be in jeopardy in August due to a period of frequent and severe hailstorms which hit the High Plains area during August 19-25. Commissioner Brown noted. "But except for this period, cotton benefited from a very favorable August with days generally clear and warm

and timely rains providing need moisture in most areas."

"Of course, the cotton crop on the High Plains still has a long way to go and if this cooler than normal early fall weather we've been having turns into an early cold snap, we may find the total Texas production for the year diminished greatly," he added.

## Round-Up Sets New Record

The 20th annual Cattle-men's Round-Up for Crippled Children grossed \$180,050.19 for the West Texas Rehabilitation Center Monday to set a record for the annual cattle sale.

Of this, \$136,502.45 came from the sale of cattle eartagged for the auction, while \$43,547.74 was generated directly from donations.

Jim Alexander of Abilene, general chairman of the CRCC, expressed great satisfaction in the record sale which represented both the largest cattle and cash amounts ever for the annual cattle sale. The cattle sale always represents the first, and the largest phase of the CRCC, which also includes a horse sale, sheep and goat sale and special sale at later dates.

Alexander was also optimistic that additional cattle will be sold during the future Rehab sales in coming weeks. Alexander said there are still cattle to be picked up from throughout the state which means this year's Round-Up "was certainly a success."

One reason for the big total this year was increased participation by Texas cattle feed lots.

Mr. and Mrs. J. Willard Vinson of Abilene donated a pen of five fed heifers, purchased by Mr. and Mrs. R. W. McDonald for \$1.50 a pound, the highest priced beef in the nation on Monday.

A pen of heavy fed steers was donated by Abilene Cattle Feeders which sold for \$1.05 a pound.

Cal-Tex Feed Yard at Trent donated six head of heavy fed calves to the sale. Jane Rhodes of Abilene also donated four head of fed beef.

Other fed cattle came from Pre-Feeders, Summerfield; Reeves Company Feeders, Pecos; Balmorhea Feeders, Verhalen; and Palmer County Cattle Feeders, Bovina.

The largest entourage of cattle came from Shackelford County—59 head marked for the Rehab Center, along with \$7,765 in cash donations from Shackelford County ranchers.

Erath County sent 33 head including four pigs, one pony, two turkeys, five chickens, and one sheep.

Twenty bushels of Caddo wheat seed also went for sale.

Three longhorn crossbred calves were given in the memory of Artur Lance Sears, a Sweetwater rancher-businessman who died Satur-

day when thrown from a horse on his ranch at Alpine, by Matt Matthews of Albany. The Longhorn crosses brought \$1,050.

Matthews got top bid of \$200 on the 136-pound blue ribbon watermelon of the West Texas Fair grown by R. T. Ezell of Rising Star.

A pair of hand-made James Leddy ostrich boots brought \$3,000. Jerry Morris of Abilene, son of the late Charlie Morris, chairman of the CRCC for many years, bought the boots.

Mrs. Gordon Banks of Goldthwaite donated a beautiful, old fashioned dress for a little girl, which a rancher bought for his daughter for \$350.

Dozens of rope horses collectively brought more than \$4,000, and some were sold several times. Mr. and Mrs. W. H. Hailey of Stephenville made and donated the rope horses.

A rooster generated \$1,125 for the Rehab Center after being sold and re-sold eight times.

And so it went.

It was a nice day full of sunshine, according to the weather service, and for the handicapped of the Southwest who receive vital rehabilitation services of the West Texas Rehabilitation Center, Monday was a beautiful day. Shelley V. Smith, Rehab Center executive director, expressed deep gratitude to all who played a part of the sale's super success.

Meanwhile, the second

phase of the Cattle-men's Round-Up for Crippled Children will be the annual horse sale, Saturday, October 6, also at Abilene Livestock Auction. Other sales include sheep and goat sale October 15 at Junction and special sale October 17 at Coleman.

HEW Square Dances With Taxpayer Money...

The Department of Health, Education and Welfare (HEW) demonstrated its superb ability to spend the taxpayers' money by throwing a two-day celebration of its 25th anniversary, including concerts, catering and square dancing, to the tune of \$108,600.

HEW, the nation's largest (and most expensive) Cabinet department, has been trying to erase its flamboyant image recently by publicizing its efforts to eradicate fraud and waste. An HEW spokesman explained that the event "was very educational...a great moral lift for the people who work at HEW...and demonstrated how HEW has been trying to help the less fortunate for 25 years."

## UNCLE RAMOS' CORNER

Some things old, some things green, some things made, and some things new were exhibited this year at the Leisure Lodge Annual Mini Fair held September 19th from 9:30 a.m. until 4:00 p.m.

The oldest item was a beautiful end table piece made from strips of white linen crocheted together into an intricate design presented by Lummie Westmoreland and believed to be over 100 yrs. old. Lummie also had on exhibit numerous crocheted and embroidered handicrafts.

Another old item was the talk of the exhibit was a 1904 Remington Portable Model 5 Typewriter exhibited by

Mr. W. O. Lewis. The typewriter was basic black with a completely different keyboard than we have today. Instead of four rows of keys Mr. Lewis' had only three, also instead of one shift key for numerals and capitals it had two. The most unique feature was the way the ribbon was set on two small spools directly in front of the carriage and the ribbon was threaded through one small space on the whole carriage.

Leading in our plant exhibit with something red and green was Mrs. Elsie Norman with a miniature chili pepper plant. Mrs. Florence Fly exhibited a large creeping Charlie fern which tended to stand out

among other exhibits of cactus, ivy and air plants.

In something made Mrs. Mary Ray showed several afghans she had crocheted in various styles and colors. Mrs. Ivy Massie also exhibited articles which she had made. One of her exhibits displayed was a doll made out of different colors of crocheted circles.

Leading in something new was a dried plant of various shade of yellow, white, maroon and brown with wild orange zenias mixed into the display mounted upon a large mosquito stump for a base with a small artificial finch attached to the stump entered by Mrs. Eron Boykin. Alpha Dyches entered a lovely silk flower exhibit of various colors of mums.

We want to extend our deepest appreciation to Mrs. Virgil Walls and Mrs. Elden Anderson for judging our mini fair and Mr. Don Comedy from the Haskell Free Press for coming and taking pictures. A wholehearted thanks to these individuals who took time out of their busy schedules to participate.

Those winning numerous

blue, red, and white ribbons were:

Antique Division: Mr. W. O. Lewis, Mrs. Lummie Westmoreland, Mrs. Tommey Hawkins and Mr. Hollis Reynolds.

Plant Division: Mrs. Elsie Norman, Mrs. Florence Fly, Mr. Joe Larned, Mrs. Kathryn Mitchell and Mrs. Mary Smith.

Handicrafts Division: Mrs. Mary Ray, Mrs. Ivy Massie, Mrs. Gussie Stone, Mrs. Dora Long, Mrs. Ruby Moon and Mrs. Lummie Westmoreland.

Dried Flower Division: Mrs. Eron Boykin, Mrs. Dora Long, and Miss Alpha Dyches.

To end our activities for fair time was a field trip to the Haskell County Fair which many commented was the best fair Haskell had had. They enjoyed looking at the many beautiful art exhibits, though they liked all of the entries. The field trip was climaxed by a stop at the local Dairy Queen.

We also want to take time to thank those from the experienced Citizens Center who attended a luncheon compliments of Leisure Lodge, Thursday, September

27. The center decorated the walls with many special paintings they had done as well as all the beautiful handicrafts they have made at the center. All of us enjoyed your visit and hope that you will visit us again. Thanks Again, Uncle Ramos

Eulalia Oats and Mr. and Mrs. Billy Bob Shaw, Druann and Shawna all of Abilene visited Mollie Jarred.

Miss Auda Mathison and Mrs. Francis Reynolds of San Angelo visited with Elsie Mitchell.

Mr. and Mrs. Warren Larned of Waco visited with Joe Larned.

Mr. and Mrs. Newton Westmoreland, Mrs. A. B. Arnett, Ella Franklin, Nora Macon, and Mrs. Alma Allen all from Rule, and Mrs. A. R. Westmoreland of Houston visited with Mrs. Lummie Westmoreland.

Mrs. Buford Westmoreland, Mrs. Ray Carter of Rule and Mr. A. R. Westmoreland of Houston visited with Mrs. Dona Westmoreland.

Visiting with Gussie Stone were Mr. and Mrs. Leo

Guffey of Munday, Martin and Ruby Pope of Spur.

Mr. Hubert Wilson of Rochester visited with Nancy Howard.

Recent visitors of Mrs. Jeff Smith and Mr. W. O. Lewis were Mr. and Mrs. G. C. Brockett, Mrs. H. H. Grimes and Mrs. Leonard Alexander, Mr. Eddie Sanders all from Weinert, Mr. and Mrs. Monroe Murphy of Granbury, Mrs. Nida Lewis of Alvarado, Miss Audra Mathison and Mrs. Loren Reynolds of San Angelo, Mr. and Mrs. Vernon Routh and Mrs. Don Coffman

from Goree. Mr. Lewis attended the Retired Federal Employees meeting in Stamford on Wednesday.

Visiting Irene Yarbrough were Nell Estes, Lynn Matysiak, Allie Mae Anderson and Lucy Fulbright all from Rule, Orman Yarbrough of Abilene and Martin Pope of Spur.

About fifteen ladies from the Adult IV Sunday School class of the First Baptist Church sponsored the monthly birthday party, with Mrs. Earnel Bevel as chairman. Having birthdays this month

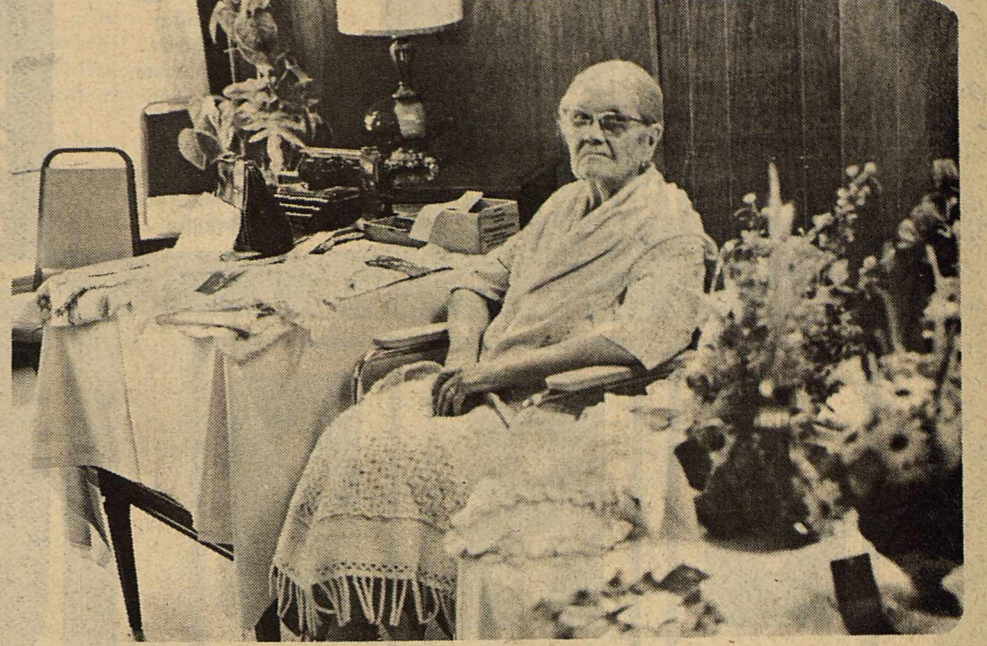

were Alvin Norman, Albert Henderson, Alpha Dyches, Sam Parks, Charlie Wells, W. O. Lewis, Lonnie Prince, Ruby Moon and Arthur Lee.

We certainly enjoyed having the Methodist and Church of Christ out for the month of September and we are looking forward to having Rev. Kenneth Blair and the people from the Trinity Baptist at 10:00 a.m. on Sunday during the month of October.

We want to thank Mrs. Frierson for making our birthday calendar each month.

## Bow Hunters Have Choice

It will depend upon which county the bow hunter chooses to hunt as to whether white-tailed and/or mule deer can be harvested when the annual archery season rolls around October 1.

Since West Texas has such varied deer habitat with both species overlapping in many areas, the Texas Parks and Wildlife Department has separated the hunting of the white-tailed and mule deer county by county across the state.

The Texas archery season for mule deer has been set for Oct. 1-9 and the bag limit will be one buck mule deer in Armstrong, Borden, Briscoe, Carson, Childress, Cottle, Crosby, Dallam, Deaf Smith, Donley, Fisher, Floyd, Garza, Gray, Hall, Hartley, Haskell, Hemphill, Hutchinson, Jones, Kent, Knox, Moore, Motley, Ochiltree, Oldham, Potter, Randall, Roberts, Scurry, Stonewall, and Swisher counties.

The archery bag limit for mule deer is not in addition to the regular open season bag

limit. In other words, once an archer bags a mule deer buck, he cannot bag another mule deer buck during the regular (gunning) season.

The bow hunter after white-tailed deer in Mitchell, Nolan, and Taylor counties and south into central Texas may hunt from Oct. 1-31. The bag limit for this region will be three white-tailed deer, either sex, no more than two bucks. No antlerless permits will be required by the bow hunter in these counties.

A more restricted bag limit of two white-tailed bucks has been set for Archer, Baylor, Borden, Clay, Cooke, Crosby, Denton, Duval, Ector, Ellis, Fisher, Garza, Glasscock, Harris, Haskell, Howard, Jones, Kent, Knox, Midland, Robertson, Scurry, Shackelford, Stonewall, Throckmorton, Wichita, Wilbarger, and other counties into central Texas listed in the new 1979-80 Texas Hunting Guide.

Bow hunters in the Texas Panhandle after white-tailed deer will have a one (1) white-tailed buck deer limit in Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Floyd, Gray, Hall, Hansford, Hardeman, Hemphill, Hutchinson, Lipscomb, Moore, Motley, Ochiltree, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler counties during their Oct. 1-16 season.

The archery bag limit for white-tailed deer is also not in addition to the regular November season bag limits.

There will be NO archery open season for white-tailed deer in Andrews, Bailey, Castro, Cochran, Dallam, Dawson, Deaf Smith, Dimmitt, Gaines, Hale, Hartley, Hockley, Lamb, Lubbock, Lynn, Martin, Oldham, Parmer, Terry, and Yoakum counties in northwest Texas.

Bow hunters must determine where they want to hunt as regulatory counties mentioned may or may not have an archery season. Non-regulatory counties such as Dickens, King and Foard do not have a special archery season for the bow hunter.

All persons who hunt wild deer, bear, turkey, or javelina during any open archery season in which long bows and arrows may be used are

required to purchase a \$3.25 archery stamp in addition to other Texas hunting license requirements. These stamps may be purchased at P&WD offices and some license vendors.

Specific questions about county and deer species restrictions should be directed to the nearest Texas game warden in your area.
