The Haskell County Extension Homemakers (formerly called Home Demonstration Clubs) had their annual Information Day from 9:30 a.m. until 1:00 p.m. on November 14 at the Haskell Steak House.

Mrs. Adell Thomas, council chairman, served as Mistress of Ceremonies. Before lunch was served those

year's activities of the club. Mrs. Mabel Overton led in the singing of the Club Song. Mrs. Tom Yates, Mrs. M.E. Overton and Mrs. J.I. Trussell reported about their trip to the State Texas **Extension Homemakers Association** meeting held in Ft. Worth during September. Each Club President gave a summary of her club's achievements for the year. Those reporting were Mrs.

gifts from the Extension Homemakers in recognition of their receiving the Gold Star Award.

The highlight of the day came when Judge McDermett presented Mrs. Tom Yates as Club Woman of the Year. The Club presented Mrs. Yates with a silver TEHA pin and a lovely corsage.

Those attending had a very nice time. If you are interested in joining an Extension Homemakers Club please call or come by the Extension Office in Haskell (864-2546).

The annual Haskell County 4-H Awards Banquet was held at 7:30 p.m. on November 13 in the Rochester School Cafeteria. With the direction of Mrs. R.B. Townsend, the Rochester Community 4-H Club hosted the chili supper and awards program. A big thanks goes to the interested supporters who donated money to help finance this event for the 96 4-H'ers, parents, and other

Haskell County Judge John Wayne McDermett presented Kris Kupatt and James Hopkins their Gold Star Awards. The Gold Star Award is an award given to two 4-H members at county level each year. The Gold Star Award is the highest award a 4-H member can receive from the County. The recipients of this award are 4-H members who have shown excellence in project work, leadership and citizenship abilities. Also the recipients are outstanding students academically and have responsibilities outside 4-H work in their church and community affairs. The Haskell National Bank presented James a \$25.00 Savings Account and the Farmer's National Bank of Rule presented Kris with a \$25.00 Savings Bond.

The Rochester Club Officers closed the program by giving highlights of the five county 4-H Clubs during 1979.

Those receiving awards but unable to attend were: Holli High, Kelly Earp, Lori McGee,

Indians Advance To Play-offs

The Haskell Indians clinched a berth in the State Class A Football playoffs last Friday night when they defeated Paducah, 67-8.

The Tribe finished the regular season with a 8-0-1 record. Haskell tied Quanah, 21-21 and will represent the district because of a rule which states in case of a tie the team with the most penetrations will advance.

Haskell will face the Rotan Yellowhammers for the bi-district title this Friday night in Sweetwater. Game time is 7:30 p.m.

Last Friday, the Tribe had little trouble with Paducah, rolling up 30 first downs, and 515 yards total offense.

Several players made their debute in varsity action with Jonnie Hise scoring one TD and rushing for 153 yards on 19 carries. Domingo Villa scored two Tribe TD's and rushed for 44 yards. Both are Sophomores.

Indian Monnie Hise scored three TD's, Jim Harris and Steve Escobedo both scored two TD's.

Rotan is 10-0 for the season. The only team which both Haskell and Rotan played is Hamlin and Rotan defeated them 6-0 when they recovered a fumble in the end zone.

Rotan's defense is a split six similar to Haskell's and according to the scouting report of the Haskell Coaching staff, they are a better defensive team than offensive. They are not a physical team, but wait for a mistake and then try to capitalize on it.

Offensively, they run from a Houston Veer and are not explosive but are very consistent.

Bill Introduced To Exempt Savings From Tax

'Americans need positive incentives to save more during inflationary times. But our country actually discourages thrift by taxing the interest earned from savings accounts," observed John W. Harrel, President, First Federal Savings and Loan Association of Stamford. Harrel is urging public support for legislation pending in Congress that would provide tax

incentives for savers. The bill, S. 246 by Senator Lloyd Bentsen(D.-Tex), exempts from taxation the first \$500 of interest earned by an individual on his savings accounts in savings and loan associations, banks and credit unions. Couples filing a joint tax return could exclude up to \$1,000 from their taxable income.

Harrell said the legislation is needed because:

pared to other countries, we Americans do a relatively poor job of saving. The Swiss average saving 17 percent of their disposable income, the West Germans save 15 percent and the highly-productive Japanese save 25 percent. Americans invest a mere 5 percent. The first \$100 of stock dividends are already ex-

cluded from taxation in the same manner being proposed for savings interest. Any opposition to S.246, or other bills similar to i will arise from concern over lost tax revenues. The Treasury Department has estimated

that tax losses associated with S.246 would be approximately \$4 billion. But Harrell noted "that is less than 1 percent of this year's federal budget. And the initial loss of tax revenue would very likely be It would encourage personal offset by the tax-paying jobs created when capital

"Meet Our Residents" The residents that I would like you to meet this week are Sam and Ethel Bradford.

Sam Bradford was born to Albert and Bera Bradford on July 13, 1898 in Itasca. He then moved to Hamlin in 1907. He had 3 sisters and 3 brothers. He has only one sister, Kate Hoy of Swenson, and one brother, Ed Bradford of Lubbock, still alive.

Ethel Bradford was born on Nov.15, 1899 to George and Dora Bennight in Maybank. She had 4 brothers and 3 sisters. Only one brother, Joe Bennight of Sweetwater, and one sister, Louise Bradford of Missouri, remain alive. The family later moved to Stone-

wall County in 1919. Sam and Ethel met at a everyone out there a happy party and later married on Thanksgiving.

Cotton Classing

Cotton prices were steady to slightly higher and trading was moderate on local markets; according to Garland Dye, Officer In Charge of the Munday Cotton Classing Office. Grade 31, Staple 32 miking 35 to 49 brought from 57.60 cents to 58.90 cents per pound. Grade 41, Staple 32 brought from 56.30 cents to 57.60 cents per pound. Grade 31, Staple 33 brought from 60.05 cents to 61.35 cents per pound.

Scattered showers early in the week slowed the cotton harvest somewhat, but good harvesting weather returned to the area by the weekend and the harvest resumed. The Munday Classing Office graded 10,330 samples this week and this brought the total for the season to 35,000 just under 40 percent of the area's estimated production. The predominant quality this week was Grade 31 with 42 percent of the total. Next was Grade 41 with 32 percent and Grade 32 with 15 percent. Staple length was about evenly divided between Staple 32 and Staple 33. Staple 32 was 38 percent and Staple 33 was 34 percent. Eighty-four

574 landusers were serviced during the reporting year receiving 2308 technical services during the year. 294 cooperators applied one or more conservation measures. 15 units of government were serviced.

The most outstanding accomplishment of district work was the rebuilding of 3,122,538 feet of standard level terraces and 1,440,765 elected to the board to serve feet of parallel terraces under the EC Program. Over 790,000 feet of new terraces were constructed, and 139 acres of grassed waterways were constructed and sodded to grass. Over 72,000 acres of land was benefited by the application of conservation practices during the year.

The directors wish to thank the Haskell Free Press, the Twin Cities News, and Radio Station KDWT-Stamford for their fine cooperation in carrying out an outstanding informational program during the year.

Turkey Prices Look Favorable Recent U.S. Department of Agriculture reports show that

several factors point to a marvelous opportunity for buyers of turkey and turkey products during the last part of 1979 and early 1980.

The report says, "The 1979 turkey crop is expected to total about 158 million head, 13 percent above 1978's 140 million." This is the largest turkey crop ever raised in the United States.

'The larger turkey supplies combined with increased pork and broiler production will hold turkey prices well below a year ago.

Lew Walts, spokesman for the National Turkey Federation, says homemakers should find ready-to-cook whole turkeys an excellent buy between 79 and 89 cents per pound with some feature prices going even lower. Fresh turkeys and

turkeys with special features. like self-basting, timers and netting are likely to run 10 to 20 cents higher.

These favorable turkey prices will be reflected in all of the turkey products now in the markets. These include turkey parts like drumsticks, wings. thighs, turkey steaks and cutlets, and turkey breasts. The further-processed turkey products that have become so popular will also be great buys. They include such items as turkey ham, turkey pas trami, trukey hot dogs, turkey bologna, turkey sausage and smoked turkey.

With a total of 31 turkey products now available in markets across the country, there is a great opportunity for homemakers to serve turkey often, providing nutrition, economy and versatility to their menus.
