

PRESIDENT

Don Comedy, right, representing the Haskell Fire Department, was installed as President of the Mid-West Texas Firemen and Firemarshalls Association last Saturday in Colorado City. Shown congratulating Comedy is outgoing president Jackie Cannon of Merkel.

It's always a pleasure being from Haskell, but Saturday was a special treat for a group of Haskell Firemen and their wives.

The event was the 87th Semi-Annual Meeting of the Mid-West Texas Firemen and Firemarshalls Association.

A featured event at the meetings, held each year in April and October, are the hose races. While the races do little to prepare contestants for actual firefighting, they encourage teamwork, pride and training.

All three were evident when Haskell teams won first place trophies in four of the five races.

The same things carryover to firefighting and the local group of volunteers are as professional as any group of paid firemen anywhere.

This same dedication is evident in the Ladies Auxiliary. In addition to regular practice sessions to compete in hose races, the ladies are constantly involved in activities to aid the Fire Department.

The ladies are also adept at

scheduling family activities around Fire Department functions. They also realize the possibility of planning a special event and cancelling at the last minute because of a fire and even enjoying a regularly scheduled meal is sometimes impossible.

The pride and teamwork also offer another advantage which is almost unique in Haskell. Throughout the state, volunteer fire departments have a severe manpower shortage, not so in Haskell. An active organization with little turnover, the Department has a constant waiting list for membership.

The most gratifying aspect of any endeavor is the self satisfaction of knowing you did your best in a particular project and realizing that you are proficient enough to successfully meet any new challenge.

Thank you, Haskell, for allowing us to serve and represent you.

Otwell Twins To Perform For PCA

The Otwell Twins, regular performers on the Lawrence Welk Show, will entertain at Rolling Plains Production Credit Association's Annual Stockholders Meeting to be held Friday, April 23rd, at 10:00 a.m., in the High School Auditorium in Stamford.

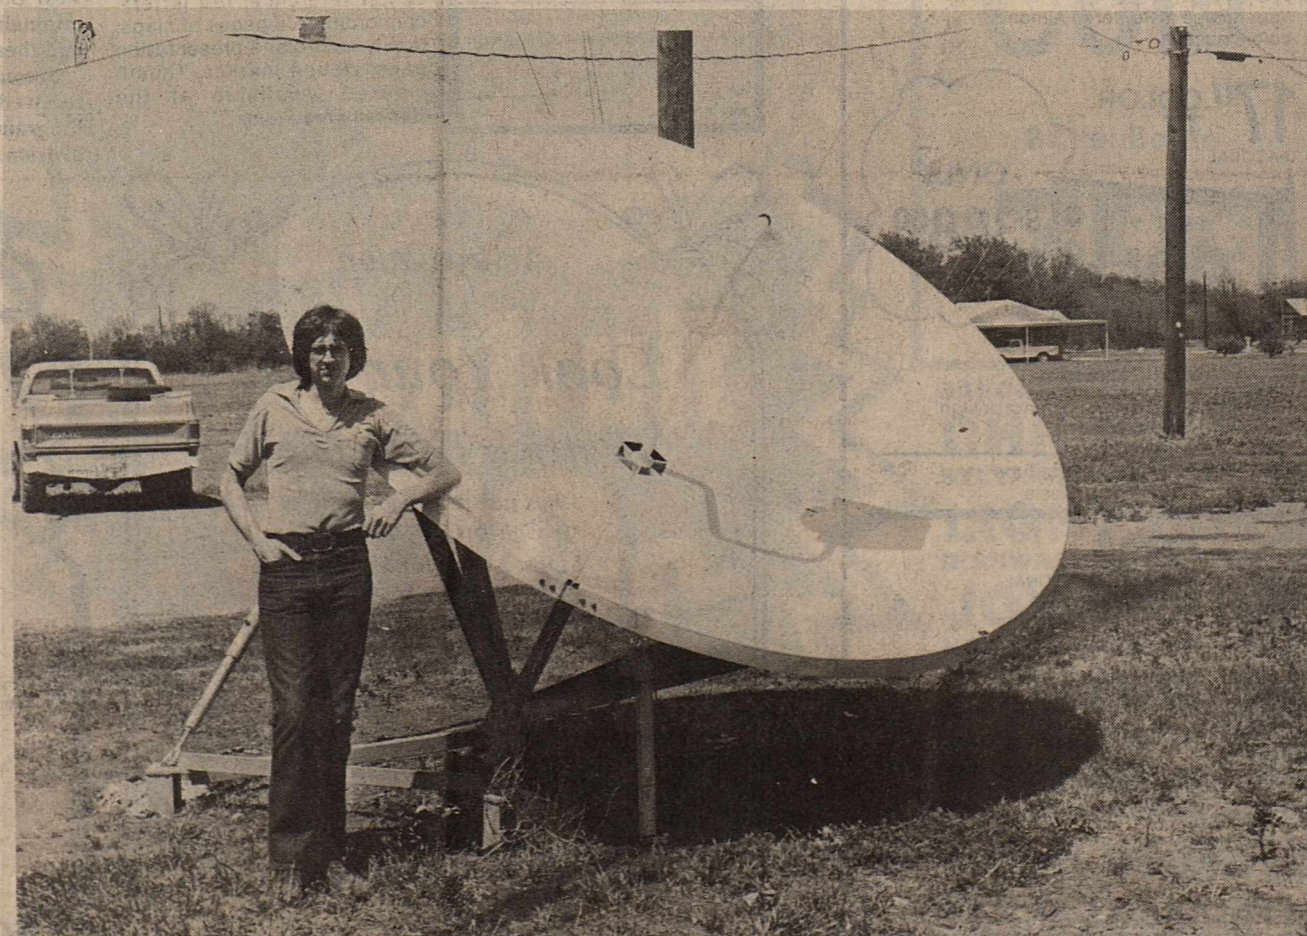

Lawrence Welk, upon hearing a tape of the singing Otwell Twins for the first time, was so impressed he wrote to their home town of Tulia and invited them to appear on his show. "And by the end of their first appearance," he says, "I knew I had found something special."

They have been singing together ever since they can remember. Many of their songs reflect their Texas

roots, and their deep cultural and religious heritage. Both boys love the land. "Our daddy was a landowner at one time, but by the time we were born he was a ranch hand, and we were poor. Real poor. We both worked at any jobs we could find all the time we were growing up to help make ends meet."

Fair Meeting

A open meeting for all persons interested in the Haskell County Fair will be held Tuesday, April 27 at 7:30 p.m. in the County Extension Office. Interested persons are urged to attend.

Rape Outreach Center Planned For Haskell

Statistics indicate that everyone is affected by the crime of rape. The victim suffers physically, psychologically, and emotionally; but the rest of society also suffers.

Victims range in age from 4 months to 89 years, and come from all ethnic backgrounds. According to National statistics, reported rapes have more than doubled, from 27,620 in 1967, to 63,020 in 1977.

A Justice Department study in 1978 showed that only one in four reported rapes result in an arrest;

only one in sixty results in a conviction.

The FBI reports that convicted rapists have a recidivism (repeating the same crime upon release from prison) rate of seventy per cent.

Odds are better than one in fifteen that a woman will be raped in her lifetime. Rape is a violent crime, not a sexual advance.

A Volunteer Rape Outreach Center is beginning in this community. If you are interested in becoming a volunteer please contact the Abilene Rape Crisis Center (915)677-7895.

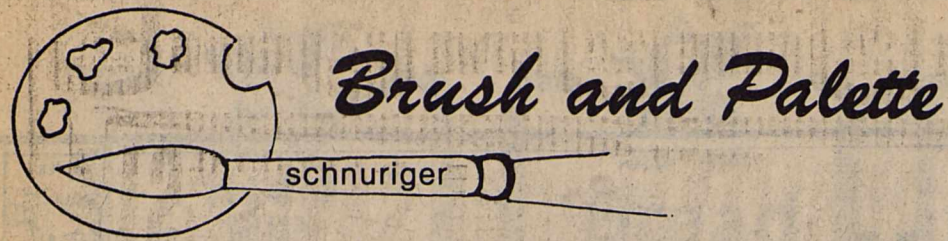

The training program for volunteers will be in Haskell, May 8th, from 9:00 a.m.-5:00 p.m. If you are interested and if you live in Haskell County, Knox County, Stonewall County or Throckmorton County, call (915)677-7895 for further information.

Bike-A-Thon Set Saturday In Rule

The Wheels for Life Bike-a-Thon for St. Jude's Children Research Hospital will be this Saturday, April 24 at 10:00 a.m. and the starting place will be at the First United Methodist Church in Rule. The chairpersons would urge all citizens of Rule to back the participants efforts by pledging a contribution for each mile they ride.

The money our riders earn will help to continue St. Jude's life-saving study of childhood cancer that has become so important to children all over the world," said Bike-a-Thon chairpersons David Hestand and Donna DeVries-Hestand.

Let us remember this special event Saturday, April 24 at 10:00 a.m. at the First United Methodist Church in Rule. We would urge everyone to be a part of this exciting event, Wheels for Life Bike-a-Thon.

Flowers are symbols of Spring. Flowers have been used in painting and architecture since the time of the Egyptians. Flower arrangements in a painting appeared as early as 1475 as in an altarpiece now in the Uffizi Gallery by the Flemish artist, Hugo van der Goes. The Northern artists used elaborate flower and fruit pictures to bring color into their cold homes. When the French brought out their outstanding sense of color in flower painting, it began to receive the attention of a wide audience. Painting flowers must combine all the principles of design, drawing, perspective and handling the

paint. Gather a few flowers from your garden, arrange them in an attractive setting and paint them.

Q. What is meant by monochromatic painting?

A. The "American Heritage Dictionary" defines monochromatic: "Of one color". Try any color, yellow for example. You will use all of the yellows, plus orange, Raw Sienna & yellow green - keeping in the range of yellows. This combination will be a challenge to you to paint a flower arrangement. Don't forget to inject yellow's complementary color - violet, in the shadows.

Q. How many glazing techniques are there? Can one

make a good painting by using the glazing technique?

A. I have known painters to use many glazes to arrive at the desired color combinations. Glazes must always be applied over dry passages. Glazing is not the only answer to your painting's beauty. The old cliché that "the operation was a success but the patient died" is often used to illustrate that the understanding of a technique isn't the secret to painting success. You MUST understand that there is only one technique in glazing, i.e., the application of a transparent color over a dried area. This one technique may be applied to the raw canvas as an underpainting or over a painted area - just one technique only. No secret!

Q. I am stuck on painting a string of pearls. What can I do?

A. Pearls do present a problem if not painted step by step. First, determine the perspective that coordinates with the shape and position of the neck. Then, using perspective, indicate the string of pearls with a faint dotted line of Yellow Ochre, English Red and a breath of White. This will be part of the shadow of the pearl so don't be afraid that it is too dark. Now mix a gray tone using White, Sap Green and Grumbacher Red. Paint a little round spot, which represents the size of the pearl, starting with the largest and foremost one at the front of the necklace. Now paint the shape of the shadows cast by the pearls, using the same mixture you used to indicate the string above, but adding more Sap Green. Finally, add a highlight on each pearl, never in the center, with Yellow Ochre and White. Always use a good small brush to paint pearls.

There are 1800 acres in the park and 17,000 graves. We also took a tour of downtown historical buildings.

The second day we went to Sea World near Orlando, Florida and spent about 7 hours which everyone enjoyed. The next day we went to Disney World and spent the entire day. We saw many interesting shows, took rides, and enjoyed the gorgeous flowers.

On Friday we went to Cocoa Beach, and then on to

The late Bellingrath's left all of this for the public to enjoy, and to the benefit of some churches, and colleges.

Extension Homemakers Attend District Meeting In Wichita Falls

Learning to select colors which most enhance personal harmony and developing skills in leadership, citizenship and parenting were the goals for 217 Extension Homemakers from Haskell County and other Rolling Plains counties when District 3 Extension Home-

maker clubs held their annual meeting Tuesday, April 13, at the Wichita Falls Activity Center.

A keynote session, an address by the President of the Texas Extension Homemakers Association, a luncheon, business meeting and three workshops were designed to provide a day of personal enrichment and club development.

Taking part from Haskell County were four Extension Homemakers, said Lou Gilly, county Extension agent for home economics. Those attending were Mrs. Dorothy Trussell and Mrs. Phylecia Bailey from the Josselot Club, Mrs. Frances Fischer of the Paint Creek Club, and Mrs. Anna Mae Roberts representing the Weinert Club.

Registration at Wichita Falls began at 9 a.m. The opening session at 10 a.m. featured Cathy Stevens, color consultant with Color One Associates, Inc., of Riverside, Calif. She advised the partici-

pants how to create personal color harmony charts to best utilize their individual natural coloring.

Reporting on activities of the state association was its president, Mrs. Billie McCraw of Raymondville.

A workshop to develop membership and leadership was taught by Mrs. June Cline, organization specialist with the Texas Agricultural Extension Service, College Station.

Developing skills of citizen-

ship and legislative processes was the subject of another workshop. It was led by Eleanor Richards of Port Arthur, vice president of TEHA.

At General Telephone We're Not Simply Talking About Service Improvements We're Making Them In Haskell

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects and modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For you, as a valued customer, this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

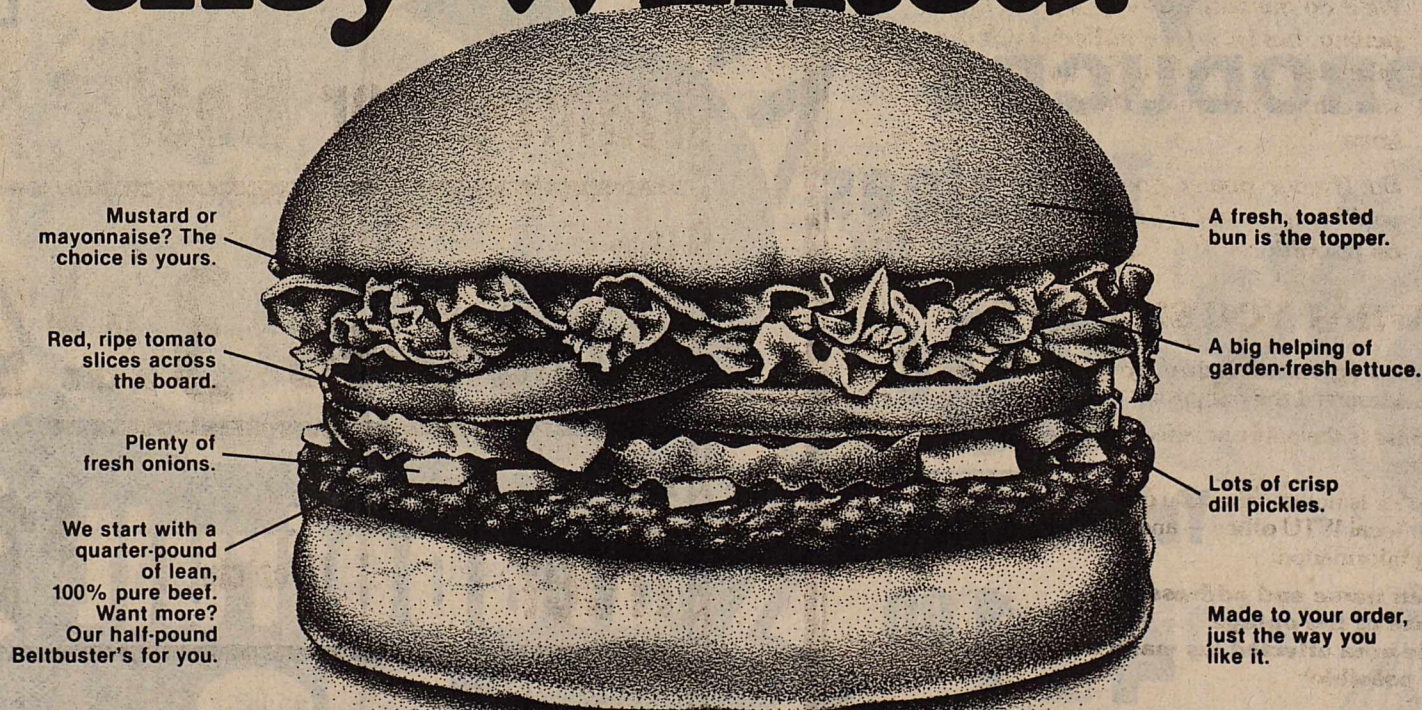

The Texas Public Utility Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

Chamber Encourages Rodeo Participation

BY WANDA DULANEY
Manager, Haskell Chamber of Commerce

Continuing the Centennial Celebration in Haskell, which was launched at the Chamber of Commerce Banquet, will be the RICE SPRINGS RODEO AND FRONTIER DAYS the week of May 10.

The spirit that prevailed in olden times should be duplicated, even surpassed, as our community joins in the many festivities that are being planned by the sponsoring organization, the Haskell County Jaycees. Gwynn Butler is chairman and Jake Dusak, co-chairman.

Merchants will be asked to arrange window displays featuring country, western and frontier merchandise as a salute to the early pioneers. The Jaycees are also suggesting that sales people in the stores and area and other businesses, customers alike, dress accordingly during the week of the celebration.

On TUESDAY MAY 11 a BARBEQUE AND STREET DANCE will be held on the Southeast corner of the square.

The Jaycees are not planning activities for Wednesday night, in respect for church services that are held regularly in the middle of the week.

On THURSDAY MAY 13, beginning at 5:00 p.m., the FRONTIER PARADE will be held, with Grace Womack as chairman. The later hour is planned to allow more merchants an opportunity to enjoy the parade, along with the hundreds of other spectators expected to assemble. Entries will include bands, floats, riders, farm equipment, all bearing the frontier theme. Persons and firms interested in participating may contact Grace Womack at M-System 864-3033.

Leading the parade will be The Haskell Horse Club, of which the following are officers: President, Cliff Morris; Secretary, Bud Lane; Treasurer, Bob Brandon; and directors: Jerry Briscoe, Phil Henshaw, Robert Weaver, Jerry Kuykendall, Gwynn Butler and Viola Sims. There are 25 members. Others asked to enter are: Vernon Riding Club, Shackelford Co. Pleasure Riders, Fisher Co. Sheriff's Posse, Brown Co. Sheriff's Posse, Sweetwater Blues Riding club, Ft. Worth Mounted Police, Ector Co. Sheriff's Posse, Seymour Remuda Riding Club, Quanah Riding Club, Taylor Co.

Sheriff's Posse, Taylor County Riding Club, Snyder Sundowners Riding Club, Morton Co. Sheriff's Posse, Santa Rosa Palomino Club and Knox City Riding Club.

Immediately following the parade on THURSDAY, the KIWANIS CLUB is sponsoring a Barbeque at the Corral Building. Dan Hoover is in charge.

On SATURDAY MAY 15 a DANCE will be held from 9:00 p.m. to 1:00 a.m. at the American Legion Hall. Music will be provided by a live band.

Scheduled for SUNDAY MAY 16 from 1:00 p.m. to 6:00 p.m. will be JACKPOT ROPING AND BARRELL RACING at the Rodeo Grounds.

The main event of the week is the May 13, 14, 15 RODEO, produced by Runt Sloan of Newcastle who is also furnishing the stock. Charles

Thornhill will be the announcer for the events that include: Bull Riding, Saddle Bronc, Bareback Riding, Barrell Racing, Calf Roping, Pole Bending, Steer Mugging. Entry fees are \$35 for roping events, \$25 for bucking events, \$20 for Jr. Barrell Racing and Poles, \$25 for Senior Barrell Racing and \$35 for Steer Mugging. A \$5.00 Expense charge has been set per event. Books open May 11 at Thornhill Insurance Agency.

The Rodeo starts each day at 8:00 p.m. and a pair of boots will be given away every night, donated by Heads or Tails, Lane Apparel and Boot Hill. The stub for each admission ticket will be given to the purchaser at the gate and from these patron's tickets, the winners names will be drawn.

Admission to the RODEO is \$2.50 for adults and \$1.50 for children.

A new event at the RODEO will be the MERCHANT'S CALF TYING, enabling all would-be cowboys to compete with other amateurs. No doubt there will be "more spills than Skills" as they risk their limbs and pride for our entertainment.

Numerous organizations and individuals are putting many hours into the planning and preparation for this celebration. Jaycees spearheading it are: Charles Address, Gene Butler, William Butler, Steve Cothron, John Wilcox, James Davis, Jake Dusak, Jr., Jackie Escobedo, Nati Escobedo, Ed W. Hester, Thurman Howeth, Jr., Marty Jacobsen, Mike Jordan, Billy J. Lane, Jim Pace, David M. Ramsey, Jack Rueffer, Jerry St. John, William Steele, Charles Thornhill, Brian B. Toliver, Mike Turner, James Walling,

Kyle Wilfong, Dale Fischer. A committee of other citizens who are helping the Jaycees are: Phil Henshaw, Bob Brandon, Cotton Whitfield, Fuzzy Renfro, Clifton Morris, Paul Allen, Slover Bledsoe, Howard Hopkins, Tom Watson, A.B. McDonald, Ken Marr, plus the Haskell Fire Department, KVRP Radio, City of Haskell, & Kiwanis Club.

The Jaycees are trying to plan such a variety of activities, with still more to be added, that people of all ages and all walks of life should find something to suit their interests. This is a family celebration in memory of our early pioneers and a tribute to today's cowboys. It will be a time for laughter, good food, the great outdoors, for boots and big hats, jeans and prairie skirts, for horses and riders. It's part of a year-long celebration of a town that will

soon enter its second century. Wouldn't it, then, be a good idea to contact family members who live elsewhere, other relatives and friends, to have them visit Haskell and share the good times? The Chamber of Commerce congratulates the Jaycees and other participating organizations for their leadership in the continuation of the Centennial celebration in Haskell.

Does fertilizer on forage sorghum pay? This runs thru every cattle producers mind every year and too many times our doubts keep us from doing what is really best for the land, the forage itself and of course the cattle that will use it.

We read in all the "farm" magazines how fertilizer applied in the proper amounts can "super charge" your feed and boost your production. All too often these stories are from areas receiving more rainfall than Haskell County. Now however, there is a local story that gives us an example of the benefits of fertilizer.

Hank Peden believes the 5550 lbs. of 16-16-0 he used on this 37 acres of forage sorghum in 1981 proved to be beneficial. In 1980 this 37 acres

produced 704 bales of hay on 17.91 inches of rain during the hay season. In 1981 following fertilizer application this 37 acres made 3846 bales of hay on 18.57 inches of hay season moisture. Sure the times this moisture fell influenced production but Hank believes the fertilizer played a major role in this increased yield.

With the high cost of producing beef, Hank says, "We can't afford not to fertilize our forage sorghum and lose all that hay and grazing." 1981 was the first year fertilizer had been applied on the Hooker Ranch where Hank has been foreman for the past 4 years. "I know the fertilizer we used last year made money, in fact this year I fertilized my wheat and have just applied 7200 lbs. of 15-15-0 on my hay patch."

Hank based his rates on a soils test and ranch needs for winter feed. "Fertilizer use proved itself to me and I can't see anyone in the cattle business not using it" says Hank. If you want a personal view on the benefits of fertilizer contact Hank Peden or stop by the SCS office for more information.

WHAT TO DO IF YOUR LIGHTS GO OUT

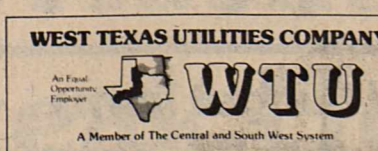

We'll do our best to keep it from happening, but let's face it. Even with the miracles of modern technology, it sometimes occurs in the best of systems.

So, if your power goes off, we hope you'll help us get it back on as quickly as possible.

HERE'S WHAT YOU SHOULD DO:

1. Check your neighbors. Call them or go outside and see how widespread the outage is.
2. If your house is the only one affected, check your breaker box.
3. If the trouble is not on your side of the meter, call us — your local WTU office — and give us the following information:
 - Your name and address
 - Time of the outage
 - The area affected (as many addresses as possible)

We'll take it from there. Please don't prolong the call with questions that can't be answered. We'll be getting many other calls, depending on how widespread the outage is. And, if you're answered by a recorded message, it means that the dispatcher already has been swamped with calls and that we're working on the problem.

WEST TEXAS UTILITIES COMPANY

Remember, our goal, as always, is to provide reliable electric service at the lowest practical cost. And if an outage does occur, we aim to restore service without delay. We appreciate your help.

Superintendent's Views

BY JAMES LANIER
Superintendent, Haskell ISD

This week I would like to feature a group of lady student athletes. That is the young ladies who qualified for regional in track. Seymour girls won district. They really have an outstanding team, but our girls placed second and tried their very best all day. I was extremely proud of them for their effort. We qualified 11 girls for the regional this week at Odessa.

Emily Cox, Senior, qualified in the 100 meter hurdles, 440 relay and 880 relay. Emily qualified for the State meet as a Sophomore hurdler, but she ran into injury problems as a Junior. She has had some injury problems again this year, but she seems healthy

now and running well. The 440 relay qualified with members being Holly McBroom, Freshman; Rinette Vincent, Junior; Cox; and April Turner, Junior. Karen Isbell, Sophomore, qualified in the 3200 meter run. This is her second trip to regional. Gina Kuykendall, Freshman, qualified in the 880 meter run. Mary Isbell, Junior, qualified in the 440 meter run. This is also her second trip to regional. In the 1600 meter run, Shannon Lane, Junior and Kathy Kemp, Sophomore, qualified. This is Shannon's second or third trip to Regional and Kathy's second trip. The 1600 meter qualified. It consists of Lorry Geilhausen, Freshman; Gina Kuykendall, Freshman; Mary Isbell, and Holli High, Freshman. The 880 relay consisting of Cox, Vincent, Turner, and McBroom qualified. April Turner qualified in the long jump also.

You will notice the events we did best in were the events that require more character and determination. Our girls work hard and compete hard. If desire was all that counted toward winning at track, we would never lose.

Bobby Busby is the coach of this group. We, in the Haskell School System, are very proud of these young ladies. We know that they will represent our community well both with their class and determined effort.

Jo Cox will sponsor this classy group of young ladies.

Girls Receive Awards

Shanna and Sherry Mueller received 11 trophies and 24 medals in a twirling contest in Wichita Falls, April 17.

Shanna placed 4th and Sherry placed 2nd in the Miss Red River Pageant. They placed first in the Strut Duet. Sherry was high point in division and open competition and Shanna was high point in division. They received 18 firsts; 10 seconds; 2 thirds; and 2 fourth places.

C. A. Turnbow Issues Statement To Voters

I would like to express my thanks to each and every person in Precinct #4 for your support in the past and will appreciate your help in re-electing me again as your Commissioner. I have enjoyed serving you and I take it as an honor to work with you and the betterment of Precinct #4. I feel that I am experienced enough that no problem is too much for me after two floods and the problems they created. I think I have experienced it all. I'm also fully aware of the business of Commissioner's Court.

I've had a part in several projects in the county that I'm glad to have had the chance to do. Because of the floods I couldn't accomplish as much as I would have liked.

Over the years I've come to know most of you by your first name and regardless of which way you choose to vote I will count you all as friends.

I have tried to contact each and everyone, and if I have missed anyone please accept my apology.

Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Editor:

I have some cold statistics about some warm people I would like to share with anyone who might be interested.

The graduating Seniors of 1982 may have set a record - percentage wise. For modern times, that is. Of the 55 young ladies and men finishing high school this year, 27 began the first grade together. This is very close to 50%. And most of them started their formal education together in kindergarten here.

Doesn't this speak well for the school system, and the community!

Haskell - it's Home.

Sincerely,
Mrs. Walter Kretschmer

Dear Editor:

I was born and raised in Haskell County near Rule, have lived here all my life and have loved this country and the good people, but Thursday when I received my "Free Press" and read on the front page about the meeting of the Commissioners Court I was ashamed of my county. C.E. Tidwell made the motion to return \$100.00 per month fee to our County Judge John McDermott which was part of his salary that the court had taken away from him, and there was a silence in the room.

Citizens is this right, think it over. We People voted him in office should we not have a say in this. Come on Haskell Co. People we should get behind this and let the court know we are not going to stand still and let a good man be mistreated.

Lorene Vernon
Rule, Texas

Dear Editor:

I have finished reading the letters in the "Free Press", concerning our county. To me this is not right taking Judge McDermott \$100 a month away, when I understand the other four are still receiving theirs. To me the matter is very simple to correct. The people (voters) of two precincts of our county should put into our commissioner's court two new men May 1, 1982.

A few years ago the voters

felt like we needed new people in the court house. We put some new one's in. I feel like we have arrived at the same situation again.

I feel like I am just one of the many voters of our county that need to stand up and take a stand.

Venice Elmore
Rt. 2
Rule, Tex.

Dear Editor:

I wanted to write to you, as others are doing, to say that I am for John McDermott, the Judge. I felt that we live in a good county, with a good government and we surely can afford our Judge the \$100 monthly, that was deducted from salary that he was to receive when elected into his office.

This shows disrespect for our Judge, to whom was elected by the people of Haskell County. It belittles a man in the government of our towns, and shows a disregard for his position.

As a man, he is a Christian man with a good family that's trying very hard for the benefit of his county.

For obvious reasons I feel he should again receive his official salary.

Sincerely,
Mrs. T.R. Threet

Dear Editor:

I believe there comes a time in life when christian people should stand up for what they believe is right. I knew that sometime ago when Mr. McDermott became ill he was asked to resign his job, which he did not. This week I read that \$100 per month was taken off his pay. I also understand Mr. McDermott is fulfilling the duties of his office as he should, therefore I believe the aforesaid \$100 in pay should be restored immediately as this is the only fair and honest thing to do.

Mrs. W.D. Reed

Dear Editor:

We are backing John McDermott. We join others in wanting to help get his salary back. We understand that salary was set for him to draw this at the time all the others were set. Why would they want to take his away.

Dear Editor:

How many county employees have had \$100 taken from their pay checks other than the County Judge? Why him? I think it is very unfair to him that he can not receive this \$100 per month that he is supposed to get. Thank you.

Sincerely,
Mildred Robertson
Star Rt. Box 5

Dear Editor:

I enjoyed the letters to the Editor, it let us know what was going on. I am for John McDermott getting his full salary back. The budget for 1982 was voted on and set by the Commissioners Court. John Wayne's salary was in the budget. So now why would the three Commissioners decide to cut it? Why would anyone want to do this?

Minnie Holt
Haskell, Texas

Dear Editor:

After reading the "Free Press" and finding out what was going on in our courts, would like to say I am behind John McDermott. I think they are wrong in trying to take his salary away from him. I would like to see him get it back if it takes a Petition to do it.

Jerry and Vadie Harrell

Rule, Texas

Dear Editor:

John McDermott is a good judge and I would like to see him get his salary back.

He deserves his salary. Times are hard enough without being cut on your wages.

He's a good Christian and for the right things and we need him.

Pearl Solomon
Haskell, Tx.

Dear Editor:

I would like to see Judge John Wayne McDermott's salary given back to him as he is a very deserving, fine, hard working man.

Thank you,

Missionaries To Speak At FUM Church

Three missionaries with OMS International will speak at the First United Methodist Church in Haskell April 23, 24, & 25.

Services Friday and Saturday will be held at 7:30 p.m. and Sunday services will begin at 10:55 a.m.

Missionaries speaking will be Margaret Bonnette, missionary in Haiti, and Bob and Sydney Biddulph, missionaries in Spain.

Margaret Bonnette is the mother of Mrs. Biddulph. The general public is invited to attend all three special services.

Margaret Bonnette, a vivacious nurse, has had a varied and fruitful ministry with OMS International since 1965. Assigned for 12 years to the OMS outpatient clinic in Cap Haitien, Haiti, Margaret trained Haitians in preventive medicine, sanitation, and personal hygiene. During this time she also held outstation clinics in a mobile medical van, made house calls via foot and motorcycle, held Bible studies, and taught child evangelism classes.

Bob Biddulph's upbringing in Columbia, where his parents were OMS missionaries, providentially prepared him for service with OMS International in Spain. Fluent in Spanish from childhood and cognizant of the Latin culture, Bob and his wife, Sydney, have maintained a warm and fruitful ministry among the Spaniards. Arriving in Spain in 1978, they worked in the Evangelical Tabernacle, one of a small number of Protestant churches in Madrid.

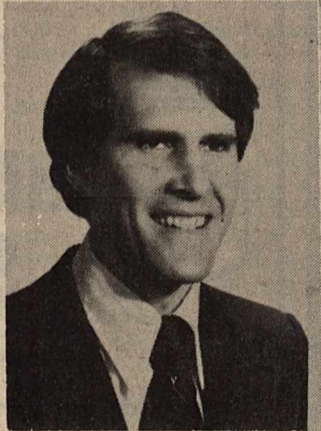

Since that time Bob and Sydney have ministered in the Moncloa area of Madrid. Their goal of establishing the nucleus of a church became a reality through their evangelism, counseling, and discipleship training.

Prior to their appointment to Spain the Biddulphs were involved for three years in a church in Texas. Bob holds an A.B. degree from Asbury College and an M.A. in Religion in the area of pastoral counseling from Asbury Theological Seminary. Sydney, also a graduate of Asbury College, completed her M.A. in history and education at Eastern Kentucky University. They have three young children.

MARGARET BONNETTE

SYDNEY BIDDULPH

ROBERT BIDDULPH

On her most recent term in Haiti she had a physical and spiritual ministry as nurse to mountain churches. Traveling by jeep or horseback or walking over dangerous mountain trails to reach remote areas, Margaret supervised Haitian nurses she had trained to man the small first-aid stations. She also took the opportunity to hold evangelistic services and children's classes.

These responsibilities have been important to Margaret, but she feels she must keep her priorities in order. Recently she said, "My first and foremost ministry is to love the Haitians and to pray that each may come to know Jesus Christ as his personal Savior."

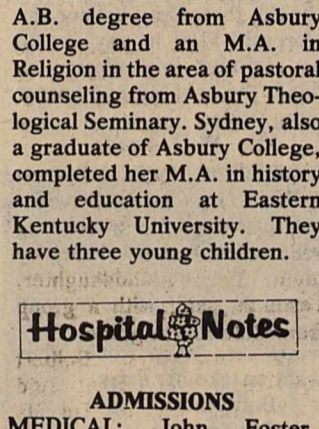

Her nursing ministries to Haitians have evidenced this love and, as a result, many have accepted Christ.

March Against Birth Defects Set May 1

An estimated 300 walkers from various Big Country Companies and organizations will be changing into shirts and their most comfortable walking shoes to join together in the Big Country March of Dimes Teamwalk against birth

defects. Last year, nationwide more than 5,000 teams totaling 27,000 employees and members participated, making the first Walk America a huge success. This year the biggest walk in the country will be

held in Abilene on Saturday, May 1.

"This is a good way to get to know your co-workers better, and you are guaranteed a day of great fun and exercise," says Betty Bray event Chairperson. "Each participant obtains sponsors to back him or her with monetary pledges in the 20 kilometer walk, she adds.

The goal of the March of Dimes is to protect the health of the unborn and the newborn. Pledges collected are used to support birth defects research, medical service and education. Teamwalk contributions will go toward various programs in the Big Country.

The walk will begin at 8:30 a.m. on May 1, from the Mall of Abilene. For more information, contact the March of Dimes at 698-4022. (Abilene)

Revival Services Set In Rule

Sweethome Baptist Church in Rule will hold Revival Services April 25-29. The Rev. Bill Dickson, pastor of Sardis Baptist near Rotan will preach and Mr. Charles Doty, minister of music at Sardis, will lead the music. Southern Baptist Churches in Texas are participating in a joint effort of simultaneous Revivals with the theme, "Listen Now, Hear Forever" during the month of April.

Bro. Dickson commenting on these troubled times in which we live said "There are people who have needs, needs that are so overwhelming,

they stagger under the load. Trouble from every direction leaves them exhausted, tired, annoyed, & heart broken. The Rotan pastor went on to say "God is a good God. He is more than enough to supply all our needs. What God did in the Bible for the people of Old, He will do for you. If you are in trouble," Dickson continued, "and in bondage to sex, drugs, or alcohol, or your home is torn apart, Jesus Christ is the Answer."

You are invited to come and hear God's word preached April 25-29 at Sweethome Baptist Church in Rule.

Sunday services will be at 11:00 a.m. and 6:00 p.m. while services Monday thru Thursday will be at 7:30 p.m. A nursery will be provided. Randal Hatfield is pastor.

Bigger Profits Begin In The Cascot Lab.

You already know that Cascot cottonseed can increase your yield by as much as 25%. What you may not know is why Cascot varieties are so much better. Well, it didn't happen overnight. The people at Custom Ag Service used the latest scientific methods in selecting and breeding until they came up with disease resistant, early maturing varieties. They selected quality seed perfect for farming in all conditions. Characteristics like premium mink and storm resistance were developed in all the Cascot varieties.

And finally they eliminated contamination by using a separate gin for new seed development.

If you're not planting Cascot this year, try 100 acres and compare its yield to your seed. We're betting next year you'll be knee deep in Cascot.
