

HI HO!

## COME TO THE FAIR

## GROUND GAINERS

Indian Joel Torres (22) follows Robert Ivey enroute to rushing for 93 yards against Seymour. Ivey rushed for 94 yards during the Tribes first 84 win.

Photo by Charles Thornhill

## Indians Down Panthers, 20-7

BY SHANE HADAWAY

The Haskell Indians took their first win of the season over the Seymour Panthers by exploding for 20 points in three quarters and holding the Panther to just 7 points.

The Indian offense pounded out 248 total yards offense, 168 yards rushing and 80 yards passing. Fullback Robert Ivey rushed for 94 yards, and tailback Joel Torres rushed for 93 yards. The Panthers were held to 186 yards rushing and 0 yards passing.

The Panthers dominated the first quarter. They took the kick-off, and on the eighth play of the drive tailback Ernest Curley scampered for 29 yards with 8:00 left in the first quarter. Curley kicked the extra point to put the Panthers up 7-0.

From here on, the game was all Indians. With 46 seconds left in the first half, fullback Ivey bulled his way in for a touchdown from 12 yards out. The PAT was no good.

The Indians took the kickoff to start the second half, and on the

ninth play of the drive tailback Torres tiptoed his way in for a touch down with 8:20 remaining in the third quarter. The PAT by Todd Harris was good. The Indians were now up 13-7 and in control.

The Indians scored once more with 5:24 remaining in the ballgame when quarterback Harris unloaded a forty-yard bomb to Ivey, who made an acrobatic catch in the endzone. The PAT by Harris was good.

The Indian offense played an outstanding game holding the Panthers to just 186 total yards offense. The defensive charge was

lead by linebackers Ivey and Shawn Lane and cornerback Torres who each had 10 unassisted tackles apiece.

The Indians play their first home game Friday night against the Quanah Indians. Game time is at 8 o'clock.

Haskell		Seymour

## News Briefs

## Adult Education

An adult education class will be held every Monday evening (6-9) in room 106 at Haskell High School. These classes will prepare you for the high school equivalency test given in Abilene each Tuesday and Wednesday. Books and supplies are furnished free of charge to each student.

If interested call the local superintendent's office or 864-3004 in Haskell. First class will begin Monday, Oct. 1st at 6 p.m.

## Haskell SWCD

The Haskell Soil and Water Conservation District Zone 1 election will be held Oct. 2 at 7:30 p.m. in the Rochester High School Auditorium. One director will be elected and only land owners in zone one will be allowed to vote.

In addition to the election, a meeting will be held to discuss the flooding problem west of Rochester on China Branch Watershed. All landowners and operators are invited to the public meeting.

## Farm Bureau

The Haskell Co. Farm Bureau will host its annual convention and barbecue Monday, Oct. 1st in the Haskell Elementary School Cafeteria at 6:30 p.m. Speaker will be Vernie Glasson from the Waco Office.

A free meal to members and invited guests will begin at 6:30 p.m. with a short business meeting following.

Door prizes will be given.

## Grand Jury

A Haskell County Grand Jury was impaneled Monday. Members of the Grand Jury will serve until January 2, 1985.

Grand Jury members include: Jerry Carver, foreman, Basillio Andrada, Betty Lou Hearn, Phillip Cockerell, Raymond L. Smith, Jack W. Wilson, Jack Monse, Ralph Torres, Glenn Darden, Eddie Elmore, Gloria Capetilo, and Joyce Easterling.

## Weinert Homecoming

Mums for Weinert High School Homecoming on Oct. 13, will go on sale Sept. 20 through Oct. 5. Prices will vary. Pay when you order.

Contact high school cheerleaders or sponsor Kerri Urbanczyk to place mums order. The school phone is 673-2401.

You can pick up your mums the morning of Oct. 13 in the Home Economics department.

## Voter Registration

October 7 is the last day to register to vote in the November general election. Voter registration cards are available in the county clerk's office and may be completed at the office or returned by mail.

VOLUME NINETY-EIGHT HASKELL, TEXAS 79521, SEPTEMBER 27, 1984 NUMBER THIRTY-NINE

## School Attendance To Be Emphasized During October

"We're going to make every effort to have as many students in school as possible during the month of October", said Haskell school superintendent James Lanier.

The month of October will be the first of two-four month periods when all public schools in Texas will be required to compute average daily attendance (ADA) to determine the amount of State

funding.

Under legislation adopted this summer, schools will receive state funding based entirely on ADA. The basic State funding will be \$1,290.00 per ADA and with other allotments could amount to as much as \$1,700.00 per ADA.

Haskell ISD currently has an enrollment of 654 students. Historically, Haskell has averaged about 96 to 97% attendance. Local school officials have implemented a new system of awards and rewards for all students who maintain 100% attendance during October.

A second four week attendance period will be held in the spring and schools will be allowed to count the best of the two periods. Attendance is usually better in the fall and local officials hope to achieve 99% next month.

The importance of attendance based on the new legislation is easily understood considering the dollar amounts of State aid at stake.

A one percent change in attendance is worth over \$10,100.00 to Haskell ISD. An increase from 96 to 99% could pay as much as two classroom teachers annual salaries. A one percent change in attendance would amount to more money received or lost than a one cent per \$100.00 valuation change in the local tax rate.

The impact of attendance will not be felt by those persons paying little or no property taxes, but will be

easily understood by persons already paying substantial property taxes.

"We have always placed emphasis on attendance", said Lanier. "From an educational standpoint, if the student is not in school, you can't teach them. The law will simply mean that we will place even more emphasis on getting as many students to school each day as we can."

## Two Motions Denied In Braly Case

A motion for dismissal and motion for change of venue in the trial of S.E. Braly were both denied last week in District Court.

Braly was represented by Isaac Castro of Aspermont. Serving as appointed prosecutor for the State was Mack Smith of Weatherford. Smith was appointed after County Attorney Charles Chapman asked that another prosecutor be appointed.

A criminal trial for Braly ended with a hung jury in March. Braly was charged in connection with the shooting of Danny Ashley. The trial has been rescheduled for October 29, in Haskell.

## Investigation Underway In Rochester Shooting

Clarence Harold (Son) Webb, 57, of Talequah, Ok. was pronounced dead about 1:10 a.m. Tuesday near Rochester by Peace Justice Geraldine Hise.

Webb was apparently shot about 11:45 p.m. Monday night. An autopsy was ordered at the Southwest Institute of Forensic Science in Dallas.

According to Johnny Mills, Chief Deputy Sheriff, no charges have been filed and the investigation is still underway.

Webb was apparently shot at least three times.

## Fair Schedule

- Judging of all exhibits in exhibit hall, 9:00 A.M., Thursday, Sept. 27
- Drawing for \$100.00 each night, 10:00.
- Sheep Judging, 10:00 A.M., Sat. Sept. 29
- Rabbit Judging, 10:00 A.M., Sat. Sept. 29
- Beef Cattle Judging, 1:00 P.M., Sat., Sept. 29
- Queens Contest, Thurs. 7:00 P.M. Sept. 27
- Bonnie Workman Band, Fri., Sept. 28, 7:30 to 10:00 P.M.
- Gospel singing and Quartets, Sat., Sept. 29, 7:30 to 10:00 P.M.; under direction of Brian Burgess
- Admission: Adults \$2.00. Children \$1.00.

## Plans Underway For 3rd Christmas Parade

Haskell's third annual spectacular night Christmas parade is scheduled for Saturday, December 1, beginning at 6:00 p.m. on the downtown square.

Months of advance planning and work go into the mammoth parade which draws some 7,000 spectators, doubling the town's population.

The 1984 theme will be "A Child's Christmas" and is expected to attract an even larger crowd in the anticipation of parents and grandparents from near and wide bringing their children to see what parade planners predict will be the most exciting night of their lives.

Every float must be lighted and have music on board and each one will depict a different nursery rhyme, a Sesame St., Muppet or Walt Disney character, each doing something pertaining to the holidays.

Wanda Dulaney, originator of the night Christmas parade will continue as coordinator, with Grace Womack the parade marshal for

the third year. Around a hundred deputy marshals, communicators, law officials are required for traffic control and to oversee the lineup and procedure, working in the background to assure a smooth operation for the two mile, two hour happening.

Merchants are choosing characters on a first-come basis, but service clubs and other organizations have been asked to portray the following: Rotary Club, Snow White & the Seven Dwarfs; Lions Club, Wizard of Oz; Kiwanis Club, Goldilocks and the Three Bears; Fire Dept. and Auxiliary, Smokey the Bear; Young Homemakers, Raggedy Ann and Andy; City of Haskell, Hickory Dickory Dock; Progressive Study Club, Little Red Riding Hood.

Also Experienced Citizens Center, Humpty Dumpty; Brazos West Art Assn., Three Little Pigs; Girl Scouts, Alice in Wonderland; Boy Scouts, The Smurfs; 4-H

Clubs, Old Woman Who Lived in a Shoe; Ministerial Alliance, the Nativity Scene; Chamber of Commerce, Santa Claus.

Traditionally, all area mayors and Chamber of Commerce presidents are being asked to ride in decorated convertibles, plus riding clubs, new cars, clowns, drill teams, area high school, college and military bands.

The annual Christmas parade in Haskell is an all-out community effort, made possible by some 700 people who work on the floats, help with the procession or appear in the parade.

Once again, Haskell store windows and every window in the 3-story courthouse will be outlined in Christmas lights as Haskell "turns on" for its visitors. In addition to the many individual homes, the residents of several united areas will again provide elaborate decorations and lighting in keeping with Haskell tradition and unity and for the pleasure of out-of-town visitors.

# Willingham, Darnell Repeat Vows In Double Ring Ceremony

Gloria Doris Darnell and David Alan Willingham were united in marriage in the Pilot Grove Church at Old City Park in Dallas on September 22, 1984. Dr. Ward Walker of the MacArthur Blvd. Baptist Church of Irving officiated at

MRS. DAVID ALAN WILLINGHAM  
...formerly Gloria Doris Darnell

The afternoon double ring ceremony. The bride is the daughter of Mr. and Mrs. Burl Darnell of Haskell. The groom is the son of Mr. and Mrs. Andrew Willingham of Houston. The bride was given in marriage by her parents and presented to the groom by her father. The bride wore an ivory, floor length accordion pleated chiffon dress, with a mushroom pleated skirt and wired hem. The high V-neck bodice had a sheer yoke with Brussels lace trim, and the Bishop sleeves were cuffed with Brussels lace. She wore a new cameo brooch given to her by the groom on the lace neckline, with something borrowed being cameo earrings from her mother. A diamond pendant from the groom's mother was her something old, while a blue garter was made for her by Mrs. Bill Russell, her sister. The bride carried a bouquet of denrobian orchids with sonya roses.

The bride had two honor

attendants. Deanna Robertson of Dallas, cousin of the bride, was maid of honor; and Mrs. Pat McManamon of Haskell was matron of honor. Two nieces of the bride, Lena and Molly Wootton, of Denton were co-flowergirls. The pump organ in the church which was built in 1900 was played by Mrs. Charles Gibson and the soloist was Mrs. Bill Blakley, both of Haskell. Mrs. Bill Russell of Brownfield read the Love Chapter, while Mrs. David Wootton of Denton read "On Marriage" from The Prophet. Mrs. Valeria Russell

and Mrs. Penny Wootton are the bride's sisters. George Elliott of Houston was the groom's best man, and his brother, Steve Willingham of Amarillo, served as groomsman. Mike Weger of Grand Prairie was the usher. The couple was taken from the church by a horse-drawn surrey to the Ambassador Park Hotel, where the reception was hosted by the bride's parents. The parents of the bride-groom hosted a rehearsal dinner on Friday night at

Ninfa's Mexican Restaurant. The bride graduated from Haskell High School, earning a B.A. from Hardin-Simmons University and a M.S. from Abilene Christian University. She is presently attending the Court Reporter's Institute of Dallas. The groom graduated from Tascosa High in Amarillo. He then earned a B.S. from the University of Houston, and a Doctor of Optometry from the College of Optometry, University of Houston. He currently practices at his Pearle Vision store in Irving.

**PARTIES**  
The bride was given a lingerie shower on August 4th in the home of her sister, Penny Wootton, in Denton. Co-hostesses were Deanna Robertson, and Melinda Busby. The table was laid with a peach tablecloth and decorated with a peach and blue silk flower arrangement, the bride's chosen colors. The bride was honored with

a gift brunch on September 8, given in the home of Mrs. Frank Cadenhead. Co-hostesses were Yuvi Cadenhead, Diann Proctor, Betsy McManamon, Helen Fouts, Patsy Blakley, Pam Gibson, Gladys O'Neal, Edith Wheatley, Thelma Thomas, Lois Sherman and Lee Barnett. The table was laid with a peach and white checked tablecloth applied with white eyelet wedding bells. The centerpiece was peach carnations and blue gladiolas.

## Rochester Hobby Club

The topic of the day was "The Quilt Show" and our annual Bazaar. Items are already trickling in to sell at the Bazaar and women are preparing their quilts and deciding on the best way to exhibit them. Even people outside the Hobby Club are talking about showing some of their quilts—both old and

new—and that is what it takes to put on a successful Quilt Show. You'll be sure to come! A bountiful meal was served at noon to 9 visitors and 20 members. Twenty is the most members we have had present in a long time. On October 2, Mary Ada Bowman and Olga Alvis will be co-hostesses at the covered dish luncheon.

## Phillip, Deidra Simpson Win Pageant Awards

Mr. Phillip Oliver Simpson, 5 months old, was recently crowned Photogenic Boy and has won the right to compete for the coveted title of 1984 National Mr. American Sweetheart. He received an official trophy plus a trip to the National Finals which will be held at Bronco Auditorium in Dallas. Miss Deidra J'Nay Simpson, 5 years old, was recently crowned model of the year and photogenic girl and has won the right to compete for the coveted title of 1984 National Miss American Sweetheart. She received an official crown, 2 trophies and a banner plus a trip to the National Finals which will be held at Bronco Auditorium in Dallas.

Tommy L. Simpson of Borger and niece and nephew of Mr. and Mrs. Troy Ash of Haskell. There are 3 crown winners in each of the 5 age divisions: 1-4, 4-6, 7-9, 10-12 and 13-17: American Model of the Year, American Entertainer of the Year and Miss American Sweetheart. Each National Miss American Sweetheart receives a complete wardrobe, cash scholarship bonds and a one year personal appearance contract for national promotional and catalog modeling assignments as well as numerous parades, ribbon cuttings and style shows in addition to an academic college scholarship being awarded to the winner in the teenage age division. This and much more awaits the national winners for the coming year.

Phillip and Deidra are the children of Mr. and Mrs.

DEIDRA SIMPSON

# Mrs. Johnston To Speak Child Safety Seat Demonstration Set Oct. 9 At WMU Annual Meeting

The annual meeting of Woman's Missionary Union, Haskell-Knox Association of the Southern Baptist Convention will be held October 2, 1984 at First Baptist Church, of Rule.

The meeting will begin at 9:45 a.m. and will conclude with lunch served by the host church. Special guest speaker for the occasion will be the Texas WMU President, Maurice Vance Johnston of San Antonio.

A graduate of Baylor University, Mrs. Johnston received the Home Economics Alumni Association's 1983 Outstanding Home Economist Award. In December, 1983 the University of Mary Hardin-Baylor conferred the Doctor of Humanities Degree to Mrs. Johnston.

She has been very active in denominational work at every level, having served as state Recording Secretary, WMU, 1968-72. She served as Texas WMU President 1972-76 and

again 1980-84, also as Vice-President of WMU, SBC those same years. She currently serves as Chairman of Finance Committee, WMU, SBC. She is a Director of the Baptist Standard since 1977, and holds membership in several sororities and clubs.

She is married to Earl W. Johnston and they have one son and two granddaughters. All area WMU members and pastors are urged to attend. A nursery will be provided.

"I'm just going a few blocks. I don't think anything will happen."

"I can brace myself in an accident."

"But my baby looks so lonely sitting in the backseat in that big car seat. I'll buckle my seat belt and I can hold him if we should have to slam on the brakes. He'll be okay in my lap."

These are common excuses for not putting on a seat belt or not putting a child in a restraint seat. These are also deadly excuses.

Almost 4,300 people were killed on Texas highways and streets in 1982 and thousands more were injured. According to statistics, auto accidents are the leading killer andcrippler of children under 4 years old.

While nothing can be done to make car travel completely safe, there is something simple and inexpensive that can stop the steady increase in car deaths and serious injuries — the use of seat belts and child safety seats.

Texas law will require beginning Oct. 31 that passengers 2 years and younger be in a safety seat and youngsters 2-4 years old be in a seat belt or in a safety seat.

Statistics show that thousands of children can be saved from death or serious injury because they are properly strapped in a safety seat.

To help meet the increasing demand for the child safety seats as the effective date of the new law nears, the Texas Automobile Dealers Association will be selling the seats at cost Oct. 15-20.

In addition to the October sale, TADA, the Texas Medical Association Auxiliary, the Motor Vehicle Manufacturers Association,

the Texas Highway Users Federation and the Texas Safety Association are sponsoring free demonstrations in September and October on the effectiveness of seat belts and child safety seats.

The demonstrations will include an exhibit of a federally-approved child restraint seat.

The public and the media can also observe or ride in a convincer, which will demonstrate the effectiveness of seat belts in an accident at less than 7mph.

Representatives from the sponsoring organizations and the Department of Public Safety will be on hand to discuss with the public and the media the need for using restraints while in a car. They will also distribute reading material encouraging the use of seat belts and child safety seats.

At the end of the demonstration, a drawing will be held to give away a free Century 100 child safety seat, which will protect children from birth through 43 pounds. Entry forms for the free seat can be picked up at the demonstration site or at area hospitals and doctors offices.

TADA President Gene Fondren cited National Safety Council statistics as the need for such a public education program.

The safety Council says almost 200 lives have been saved this year in Texas because people were wearing seat belts. But, the Safety Council says, almost 1,100 deaths and 28,800 serious injuries in Texas could be

prevented each year if every one wore seat belts and restrained their children.

The Abilene demonstration which is one of the 16 held September and October, scheduled for Oct. 9, 10 a.m. 12 noon at the Civic Center 1100 N. 6th.

TADA President Gene Fondren will be available the media at the demonstration 10:15 - 10:45 a.m.

## Tips For Choosing Quality Childcare

MAURICE JOHNSTON

One of the most difficult situations faced by employed parents is finding quality childcare for their baby.

Most parents are aware that the early years are critical for intellectual, emotional, physical and social development. Yet sometimes cost and convenience of location, rather than quality, is the primary

factor in selecting a caregiver. Finding quality care requires that parents first carefully investigate the skills and qualifications of the caregiver and the health and safety conditions.

In addition, child development specialists suggest that parents of children under eighteen months old, ask the following questions before hiring a caregiver:

- How many children will be cared for by this person and what are their ages? One adult should not be responsible for more than three infants or toddlers.
- How much and what quality of individual attention will my child receive in this situation?
- Will my child be held and cuddled during the day, especially during feedings?
- Will my child spend part of the day outside a crib or playpen and also outdoors, weather permitting?
- Will my child receive individual "playtime" attention?
- Will prompt attention be given to changing by child's diapers and meeting other physical needs?

Parents can answer many of these questions through talking with a potential caregiver, making observations and checking recommendations. Once a caregiver has been selected, however, the parents' job is not over.

Parents will need to monitor the childcare situation through frequent communication with the caregiver as well as announced and unannounced visits. Informed and concerned parents can make a difference in the development of their children.

At Commodore Savings, highly competitive interest-earning rates are not the exception: they are the rule.

Not everyone offers attractive rates like these, because not everyone shares Commodore's commitment — a commitment to *listen* to our customers. Because, when you know how to listen, you know how to help with some of the fairest and most competitive rates available in the marketplace — like our \$100,000 minimum deposit 90-day Jumbos\* and our innovative StarPlus Money Market Interest-Bearing Checking Account with a minimum balance of \$2,500 (\*substantial penalty for early withdrawal).

When you say you want higher rates, it's good to know that someone is listening...and someone is helping. Commodore Savings.

**We're here to listen. We're here to help.**

## Green Thumbers Attend 1985 Upland Crop Program Announced Training Session

If something sounds too good to be true, it probably is. Many have heard the term "rip-off". Some people call it "being taken" or "being conned". It is all the same thing, and as the sixty Green Thumbers learned in a recent training session, there are people who will try to take advantage of older citizens just because they are older.

In a program entitled "Bunko", Officer Billings of the Crime Prevention Unit in Abilene, gave tips on how not to be the victim of a con artist. The participants who gathered in Colorado City, September 24, were warned about rushing into cash transactions, disclosing personal banking information to strangers, and signing any contract without reading it first.

The group was reminded

that there are honest people in all businesses, but the number of dishonest ones is growing. Caution can save a lot of money.

Ray Green, Public Affairs Officer of the Department of Public Safety, shared travel information with those present, who learned about historic and scenic areas of the state that were within close driving range.

Diane Parrish, Green Thumb State Director, conducted a question and answer session on administrative matters. Green Thumb is an equal employment, affirmative action employer.

Attending the session from Haskell County were Eula Arend, Juanita Bevel, Ellie Hennigan, Lucinda Bogard, Rebecca Norman, and Williford Dutton.

Secretary of Agriculture John R. Block today announced a 20 percent acreage reduction program and a 10 percent paid land diversion program for the 1985 crop of upland cotton.

Program sign-up will be Oct. 15 through March 1.

Producers may request 50 percent of their projected 1985 deficiency payments and 50 percent of their 1985 diversion payments when they sign up.

USDA estimates the deficiency payment rate at 19.80 cents per pound. Advance payments to eligible farmers will be half that rate.

The land diversion payment rate has been established at 30 cents per pound. This is based on the per pound payment rate

times the farm yield times the acres diverted. Advance payments will be one half of the diversion payment.

A producer who accepts an advance payment, but who later does not comply with program provisions, must refund the amount of the advance payment with interest plus liquidated damages.

Secretary Block encouraged cotton producers to participate in the 1985 program and help prevent stocks from rising to excessive levels.

To be eligible for program benefits, a producer must agree to limit upland cotton acreage planted for harvest to not more than 70 percent of the farm's upland cotton base and devote to acreage conser-

vation reserve an acreage of eligible cropland equal to 28.57 percent of the 1985 planted acreage plus 10 percent of the applicable upland cotton base.

The 1985 target price is 81 cents per pound. The loan rate for the 1985 crop cannot be determined until after Oct. 15. The statutory minimum loan rate is 55.0 cents per pound.

Other 1985 upland cotton program provisions include:

- The 1985 acreage base will be the average of the acres planted and considered planted to upland cotton in 1983 and 1984.
- Acreage conservation reserve acres must have been devoted to a row crop or small grains in two of the last three years. For summer fallow acreage, the cropping requirement is one of the last two years.
- Haying will not be permitted on acreage conservation

reserve land. However, the acreage may be grazed except during the five principal growing months as designed by county ASC committees. Block said he has approved a standby measure authorizing, in the event of a natural disaster, implementation of emergency haying and grazing privileges. Approval of the emergency privileges would be made as needed on a county-by-county basis.

- Offsetting and cross compliance will not apply.
- Contracts signed by program participants will be considered as binding and will provide for liquidated damages in cases of failure to comply with program requirements.
- Recourse loans will be available for seed cotton. The seed cotton will be adjusted to a lint basis and the loan rate applicable to lint cotton will be used.

**TAX PLANNING**

by  
**Gerald Rodgers, CPA**

**BUSINESS AND THE NEW TAX LAW**

Business people and investors will need to learn about the many provisions in "The 1984 Tax Act" that will affect them. Here are some of the highlights of the act:

- Depreciation of business vehicles is limited to \$4,000 in the first year and \$6,000 a year thereafter. Investment credit on autos is limited to \$1,000. No investment credit is allowed for vehicles used less than 50% for business, and depreciation for such vehicles is limited to the straight-line method over five years.
- Depreciation on all real estate, except low income housing, is extended from 15 years to 18 years.
- Corporations have new rules to follow in many areas, including the dividends received deduction, distributions of appreciated property, and the calculation of earnings and profits.
- The amount of business property that could be expensed rather than depreciated was to have increased from \$5,000 to \$7,500 in 1984. This increase is postponed until 1988.
- There are new rules for the deductibility of accrued expenses.
- Tax-free like-kind exchanges of business or investment property will now have to be completed within certain time limits.
- Tax shelter promoters have new reporting requirements intended to curb abusive tax shelters. Maintaining customer lists and registering tax shelters are part of the more stringent rules.

The tax act has provisions that will affect exchanges of partnership interests and other partnership transactions, employee fringe benefits, and retirement plans. In that the act is over a thousand pages involving hundreds of provisions, it is a significant piece of legislation. Investors and business people should consult their tax advisors for details on how the law will affect them.

## Burris, Klose Attend Computer Camp

Gifted and talented teenagers from 33 Texas cities and two other states participated in the first annual SHAKE HANDS WITH YOUR FUTURE Computer Camp at Texas Tech University June 3 through 8.

The six-day residential enrichment camp provided participants with extensive hands-on programming experience.

Participants included: Scott Burris, son of Dale and Linda Burris; Steven Klose, son of Jerry Don and Phyllis Klose.

University faculty conducted classes exploring computer uses in business, the health sciences, music, agriculture, creative writing

and education. Students spent approximately five hours a day working on mainframe and microcomputers. In addition to classroom instruction, students participated in field trips, recreation, and social activities.

The SHAKE HANDS WITH YOUR FUTURE Computer Camp is an integral part of the Institute for Gifted recently approved by the Texas Tech Board of Regents. To participate in the Computer Camp, students must be nominated by a parent, teacher or counselor and provide documentation of standardized test scores of 90 percentile or higher in math or an IQ of at least 120.

## Holli High Attends Summer Enrichment Program

Gifted and talented youth from 114 Texas cities and seven other states participated in the fourth annual "Shake Hands With Your Future" at Texas Tech University this summer.

SHAKE HANDS WITH YOUR FUTURE, a summer enrichment program exposes participants to advanced learning opportunities and to living in a university setting. The three 1984 sessions involved 436 students in the fifth through twelfth grades.

Participants selected courses such as biochemistry, leadership, physics, math engineering, fine arts, agriculture, law, musical comedy performance, time and money management and experimental music.

Participants included: Holli High daughter of Doyle and Roberta High.

Classes were taught primarily by faculty of the university and the Texas Tech Health Sciences Center.

Supplementary activities included field trips, lectures, counseling-communication

sessions, mentor sessions, recreation and social activities suited to each age group.

The annual program is designed to enrich the educational opportunities to gifted and talented youth.

In order to participate, students must be nominated by a parent, teacher, school administrator, counselor or themselves. Selection is based on high performance on achievement tests, high IQ, creative thinking skills and visual and performing arts abilities.

"SHAKE HANDS WITH YOUR FUTURE," an integral part of the Texas Tech Institute for Gifted students, is administered through the Division of Continuing Education Department. More than 1,400 students have participated in the program since its inception in 1981.

ERASERMATE PEN by Papermate. Erasable ink that can be erased with any standard eraser and is refillable. Available in a variety of colors. Ideal for students. *Haskell Free Press*

## College News

Three Haskell area students have been named to the Summer Quarter honor rolls at Texas State Technical Institute in Sweetwater, according to Dr. Herbert C. Robbins, Campus President.

A minimum of 12 hours must be taken before a student is eligible for the honor roll. Students maintaining a 4.0 grade point average qualify for the President's Honor Roll. A 3.5 or higher

grade point average qualifies the student for the Vice-president's Honor Roll.

Roger L. Wheatley and Lane Hertenberger (Rule), students in the Computer Science Technology program, were listed on the President's Honor Roll.

Jacklyn G. Wheatley was listed on the Vice-president's Honor Roll in the Technical Office Training program.

## Meeting Held

The American Legion and Auxiliary of Post 584, Rochester, held a meeting Saturday at the home of Bill and Doris St. John in Haskell for the Commander and President of District 13.

Coffee and cake were served. Present were Commander and Mrs. Charlie Pullian, President Sandy Lucia and husband, Don.

Members present were Fats and Doris Vasek, Paul and Bette Stovall, Carl and Lillian Myers, Susan Whitworth, Jennifer Craig, A. D. Qualls, Linda St. John and Bill Haynes.

## Gospel Singing Set Sept. 29

A big gospel singing will be held Saturday night, Sept. 29 at 8 p.m. in the Hamlin High School Auditorium in Hamlin. The singing will feature the Arthur Ward family of Dallas and Freddie Weaver family of Hamlin.

The event will be taped for television. Everyone is encouraged to bring the whole family. No admission will be charged.

# Haskell Nursing Center

**MINI-FAIR**—Wednesday, September 26th. Everyone is working like mad getting ready for the fair. There will be lots of exhibits, refreshments, balloons, and fun for everyone, so make plans to drop by and visit us. Remember, that's Wednesday, September 26th, we will be looking for you there.

We are proud to welcome 3 new residents this week. Mrs. Delma Glover comes to us from Rochester and is a Baptist, and L.J. Dunn from Haskell who is also a Baptist. Be sure to stop by and introduce yourself and make them feel welcome.

We are so happy to have Versie Whitaker back after a lengthy stay in Haskell Memorial Hospital.

The "Sweethome Singers" presented a very special program of gospel favorites

for residents and guests Tuesday night. There was a large turnout and everyone had a good time.

Several of our residents enjoyed a lovely luncheon at the Eastside Baptist Church. Jack Jarred was the guest speaker.

Belinda Guadalcazar and Addella Villa were here to see David Pedroza.

A.J. Patterson was visited by his brother W.H. Patterson of Rochester.

Shirley Larence was down from Graham to visit with Lillian Greenwood.

Ray and Billie Oliphant had a wonderful time this past week when they were visited by Pete and Lorene Nichols, and Georgia Bingham of Haskell, Bob Reeder, and L.V. Reeder of Globe Arizona, along with Rev. Roy Herrick of Weinert.

# Booster Club Sets Hamburger Supper

The Booster Club met Monday night as regularly scheduled.

A charcoaled hamburger supper has been set for Thursday night, October 4, from 5 to 7 in the high school cafeteria. Tickets will be only \$3.00, and the menu will consist of charcoaled hamburgers, all the trimmings, chips, homemade desserts, tea, and coffee. This is the night of the Hamlin 7th, 8th and JV games at Haskell.

## PC Pirates

### Defeat Guthrie 28-18

The Paint Creek Pirates got their third straight victory by defeating the Guthrie Jaguars 28-18.

Leading scorer was Keith Medford with touchdown receptions of 5 yards and 12 yards. Lewis Lacey also had a 20 yard touchdown reception. Ronald Campbell ran a 38 yard touchdown on a sweep around the left end. Campbell led the passing attack with 96 yards and three touchdown completions.

The defense, with 98 tackles, held the Jaguars to 18 points. Leading the defense for the Pirates with 28 tackles was Campbell, followed by Medford with 15, Lacey and Mikeal Gonzales had 14 each, and Kenneth Jeffcoat with 13.

The Defensive Player of the week title is shared by Jeffcoat and Campbell. The offensive player of the week title is shared by Lacey and Medford. Those receiving these honors are selected by the team captains.

The Pirates will be on the road traveling to Ira to play the Bulldogs at 7:30 p.m.

The date for the All-Sports banquet has been set at April 20, the Saturday just after the District track meet on Friday, April 19.

It was reported that a wet-dry vacuum cleaner has been ordered for the field house.

Before the Seymour game film was viewed, Coach Blue Holt said that the coaches were "fairly well pleased with the team effort against the Panthers." He said "The farther we went, the better we got...the harder we hit." He said he was proud of the guys, that they came out in the second half to play ball, they "went with it and won it."

All the Indians will probably be able to play against Quanah this week except Ricky Rojas, still out with a knee injury.

Coach Martin, who scouted the Quanah game last Friday night gave a report.

He said that Quanah probably has the best backs we'll see all year. "They can break from anywhere on the field," he said. "Their line is young," he also reported. Quanah came from behind to

beat Paducah. Coach Martin said he felt that our kids' winning last week should give them some confidence.

The Haskell/Quanah game will be broadcast on KVRP FM 95 with the pre-game beginning at 7:30 and live coverage of the game at 8 p.m.

# PCAs Join In Farm Credit Conference

The chief executive officer and directors of the Rolling Plains Production Credit Association joined approximately 200 other Farm Credit officials attending the 1984

PCA Directors and Presidents Conference held September 6-7 in Austin.

Representing the association were R.C. Cobb, president, and directors W.J. Boykin of Northfield, Dan Henard of Wellington and Garon Tidwell of Munday.

The purpose of the conference, held annually, was to provide a forum for Production Credit Association CEOs and boards of directors to discuss present and future matters concerning Farm Credit.

Featured speaker for the occasion was Gary Schwendiman, dean of the College of Business Administration at the University of Nebraska. Schwendiman's topic was "The Role of Financial Institutions in a Changing Environment."

Other sessions included discussion of Project 1995 and reports of various operating groups and committees.

Project 1995 is a nationwide study conducted by the Farm Credit System to assess its operating environment in the 1990s. Results will provide a basis for strategic planning in each of the 12 Farm Credit districts.

Larry D. Shepherd, chief operating officer of the Federal Intermediate Credit Bank of Texas, concluded the program by reviewing conditions in Texas the Tenth Farm Credit District.

Rolling Plains PCA is a member-owned, agricultural finance cooperative which serves the credit needs of 1,032 farmers and ranchers in 17 counties.

Rolling Plains PCA is one of 28 PCAs in Texas. Collectively they serve more than 15,000 agricultural producers and aquatic harvesters. Last year more than \$2 billion was loaned through PCAs in Texas.

PCAs have been a source of agricultural credit since 1933. Nationally they serve the credit needs of almost 341,000 farmers ranchers and commercial fishermen, with more than \$19 billion in loans outstanding.

# Parking Fees Are Target Of New Sales Tax

Paying to park your car at Astroworld or Six Flags over Texas is nothing new.

But now there is added admission: A tax on parking beginning October 2. It's the new law.

The new tax laws the Legislature passed and governor Mark White signed bring parking under the long list of items that can be taxed under the state sales tax of 4 1/8 percent.

The exact taxes Texans will have to pay for using parking lots, garages, or other parking structures will vary. The highest taxes will be in Houston and Dallas. Each city has an additional city sales tax and a special tax for mass transit.

The tax rate for those two cities will be 6 1/8 percent beginning October 2. How the new tax rates affect actual

parking prices remains to be seen. But it is unlikely parking lot operators will swallow the additional tax.

It most likely will be passed on to Texans who use parking facilities while at work or while having fun.

For those Texans in larger cities who have to park their cars every day in parking garages, the tax will be felt immediately.

A monthly parking fee of \$100 in Dallas or Houston will buckle up to \$106.13.

Texans who park their car at Astroworld or Six Flags for the day or at parking lots in San Antonio not far from the Riverwalk will see smaller increases.

A \$3 per day fee at Astroworld or Six flags climbs to \$3.18. In San Antonio an hourly fee of \$2 will rise to \$2.09.

However large or small the added parking tax to get into Astroworld, that is only the beginning.

You are going to have to pay an extra tax on admission to rides.

Any questions on the new parking tax can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-5555 or on the regular number, 512-475-1931.

# County Receives Funds For Employment Services

The Texas Employment Commission office in Abilene has been granted funds to offer part-time employment services to Haskell County.

The schedule for service in Haskell County for October-December is: Haskell County Courthouse (Commissioners Room) Fridays 10 a.m. to 1 p.m. Scheduled service times will be posted at the County Courthouse.

Kelley Jones, Employment Interviewer, will be available these hours to take applications for those seeking work, and job orders from employers in need of employees. She will also have available labor market in-

formation for employers, such as county figures for affirmative action programs, county unemployment rates, etc.

Ann Carman, Abilene TEC Office Manager, urges local employers to list all their

openings. TEC can recruit from Abilene and other areas for skilled workers if they are not available locally.

All services through TEC are offered without charge to applicants or employers.

## Deadline For Fireman's Ad Approaching

Members of the Haskell VFD Auxiliary are still collecting donations for names to sponsor an ad featuring the members of the Haskell Volunteer Fire Department during Fire Prevention Week.

The ad will run in the Haskell Free Press on October 11. Fire Prevention week is October 7-13. Namelines are \$3.00 each. The auxiliary uses their fundraising monies to help the Fire Department purchase equipment and other necessary items for the department.

Deadline for all names in October 1. Auxiliary members include wives of Haskell firemen.

TEXAS SALES AND USE TAX

# October 2

## New Tax Rates Start

The Texas Legislature changed the state tax laws during the summer. The new state sales tax rate is 4 1/8%. Some cities and towns collect additional local taxes. Many items previously sold tax free are now subject to the tax.

# Child Welfare Board Hears Various Topics

The Haskell County Child Welfare Board met in the third floor Jury Room of the Courthouse for its regular monthly meeting September 18, 1984, at 6:30 p.m. Five members, Linda Haynes, Courthouse for its regular

tative of the Texas Department of Human Resources, and Nancy Norman, supervisor, Abilene, were present. Amelia Perry, chairman, called the meeting to order. Minutes of July 16, 1984, and August 21, 1984, meetings were read, corrected and approved. Copies of the approved by-laws will be given to each member at the meeting.

Dorothy Tucker, Callahan County board member, will meet with the board on October 16, 1984, to tell about some activities and projects in her county.

Linda Haynes presented Haskell County statistics on child abuse for June, July, and August. At present two families are being provided with on-going services. She also listed some needs such as, fliers in bank statements, church bulletins, and schools about child abuse and how to report to Hotline and to local resource people, how to use sexual abuse prevention material in schools, funds for children's Christmas, clothing room for children's clothing and someone to operate such weekly, funds to pay for medical expenses incurred in child abuse investigations, fund-raising events to support the local board, co-sponsoring with other boards a workshop on child abuse, foster parent recruitment, and a booth or place at the Fair to give out information on child abuse. Several members volunteered to investigate these various areas and help create an awareness through announcements on local radio station and county newspapers.

A booklet, "Sometimes Kids Need Help!!" is available at the local office.

The board viewed a film strip, "For Pete's Sake - Tell!" and agreed that every child in Haskell County should have an opportunity to see it.

The Regional Council Child Welfare Board will meet September 25, 1984 from 10:00 a.m. to 1:00 p.m. at Regional Office in Abilene.

Meeting adjourned until October 16, 1984.

All County Child Welfare Board meetings are open to the public.

# Stenholm Calls For Amendment To Balance Budget

Congressman Charles W. Stenholm (D-Stamford) joined over two dozen other leaders in both Houses of Congress on the steps of the U. S. Capitol Building to call for a Constitutional amendment requiring a balanced federal budget. The leaders also were on hand to receive three million petition post cards calling for such an amendment, which were delivered in several hundred red, white, and blue bags.

"When I first came to Congress in 1979," Stenholm said, "I didn't believe a

Constitutional Amendment was the best way to achieve a balanced budget. But over five and one-half years, I've changed my mind. This isn't a Democratic issue. It isn't a Republican issue. It's a people's issue and the people want a balanced budget."

Stenholm has been active as a member of Congressional Leaders United for a Balanced Budget (CLUBB), a bipartisan organization of U. S. Congressmen and Senators working for passage of the amendment. CLUBB members stress the fact that, to

date, 32 state legislatures have petitioned Congress either to enact a balanced budget amendment or to convene a constitutional convention to draft such an amendment. Under Article V of the U. S. Constitution, if two more states follow suit, Congress will be forced to act.

Several of the Members of Congress, speaking to a large crowd of reporters and on-lookers at the Capitol steps, stressed the need for legislative action before Congress adjourns in October and

criticized the way the measure has been "bottled up" in the House Judiciary Committee.

Stenholm said, "Critics of this amendment have said that the Founding Fathers had a reason for not writing a balanced budget into the Constitution originally. They did: They assumed as a matter of course that the federal budget would almost always be balanced. Never in their wildest dreams did they foresee today's \$200 billion deficits and \$1.5 trillion national debt. If they had, this amendment would have been

in the Constitution in 1789.

"Normally, I am reluctant to amend a document crafted as carefully and wisely as our Constitution," Stenholm said. "But, over the last several decades, the institutional pressures within Congress and the Administration to spend more and more have grown beyond control. Unfortunately, we have reached a point where only the structural discipline of a Constitutional amendment will impose the fiscal discipline that the American people are demanding."

## WTU Settlement Agreement Now Pending Before PUC

A settlement agreement in the West Texas Utilities Co. providing an increase in base rate case now pending before the Public Utility Commission of Texas.

A formal hearing scheduled for this week in Austin was cancelled after WTU, the PUC staff and intervenors on behalf of several cities entered into a negotiated settlement on all issues involved in the rate case. A hearing is set for 3 p.m. Wednesday, September 26 for submission of the written agreement, which must be approved and signed by the cities. The hearing examiner then will make a recommendation to the three-member Commission.

Under the agreement, WTU would receive an increase in basic rates of approximately \$12.5 million. It will receive about \$7.1 million less for fuel costs because fuel prices apparently have softened. WTU also will refund to consumers about \$6.1 million in fuel costs over-collections during the past year, bringing the total fuel revenue reduction to roughly \$13.3 million. The refunds will be reflected in customer bills throughout the coming year.

The effects on various classes of customers depends on details of the new rate design which were being worked out by Company representatives and other interested parties. A new feature for WTU rates will be a summer-winter differential for residential and commercial customers. This will establish lower rates during the winter period, November through April, and high rates during the rest of the year, which is the peak usage season.

The new rates will not go into effect until a final order is issued by the three-member Commission. In WTU's last case, the hearing was held in September and rates became effective in January.

## Select Savings Option That Best Suits Needs

For much of our history, people's life savings were either in a piggy bank, under the mattress, or in a passbook account at their bank or savings and loan. Although passbook accounts paid a low rate of interest, they generally beat inflation, and you could take money from the account whenever you needed it.

Now things have changed substantially and it is hard to choose the savings option that is best for you. To help you out, the Consumer Federation of America, the nation's largest consumer advocacy group, in cooperation with various federal banking agencies suggests that you review these seven different points before you choose any savings plan:

1. How much do I earn on the deposit? Is the yield set at a fixed rate or does it change with market rates?
2. To what extent are my funds available for withdrawal? Is there a penalty for early withdrawal? Am I limited in the amount or number of times I can make withdrawals?
3. How safe is my deposit? It is insured by an agency of the federal government or by some other agency?

4. What is the minimum deposit required to open and maintain the account? What is the minimum required to earn the maximum yield and avoid charges?

5. How much trouble is it to open, maintain, and close the account? Can it be done by phone, mail, or bank machine?

6. Are there one-time or periodic service charges? Am I charged for each deposit or withdrawal?

7. Does the account provide additional benefits such as check writing privileges, tax benefits, or the ability to transfer funds between accounts?

The look at the ways you can save. Banks, savings and loans, and credit unions, almost all of which are insured by the federal or state government, now have different types of accounts beyond the old faithful passbook or share account savings. Certificates of deposit require larger deposits to open and pay higher rates of interest, but the money is tied up for a specified period of time and can't be taken out early without a penalty. Money market deposit accounts require a minimum balance of \$2,500, but there are no restrictions on withdrawals as long as the minimum balance

is maintained. Most NOW accounts pay interest like passbook savings and you can write checks against them at no cost, but only as long as you keep the minimum monthly average balance as established by the bank. SuperNOW accounts provide much higher interest and check writing ability, but you must keep a minimum of \$2,500 in the account.

There are also savings options offered by non-bank institutions such as insurance companies, securities firms, credit or charge companies, and the government. Money market funds are similar to money market deposit accounts at banks in that interest is paid at a variable rate, you can write a limited number of checks, and there are no restrictions or penalties for withdrawals. The difference is that money market funds allow lower minimum deposits and they are not insured by the federal government. U. S. Savings Bonds, issued for a term of 10 years, are available for prices ranging from \$25 up to \$5,000. They pay 85% of the average yield of five-year Treasury securities of 7 1/2% interest, whichever is greater, if the bond is held for at least five years. However, your interest will be lower if you cash them

in before five years.

You can learn more about interest and how it is earned by sending for a copy of **The Arithmetic of Interest Rates**.

Just send your name and address and 50 cents to the Consumer Information Center, Dept. 406M, Pueblo, Colorado 81009.

## Main Street Conference Set Oct. 10-11 In Austin

"The Fall and Rise of Texas Main Streets" is the theme of the Texas Historical Commission's second downtown revitalization conference set for October 10-11 at the Driskill Hotel in Austin.

Designed for community leaders, city officials and staff, downtown merchants, economic developers, investors, neighborhood leaders, preservationists, architects, and designers, the conference will offer participants an opportunity to meet with state and national revitalization leaders.

Conference events include a special "conversations-at-lunch" activity, a tour of historic Sixth Street in Austin, a reception, and a bus tour of downtown Georgetown, a Main Street city which in just

three years has enjoyed investments in its buildings totaling more than \$6½ million.

A variety of special sessions will also highlight the meeting, including topics such as: Using Tax Incentives To Rehabilitate Downtown Buildings; Landscaping and Beautification of Downtown; Working with a Restoration Architect; Farmers' Markets; Effective Merchandising Techniques; The Revitalization of Downtown Brehman, Texas; The Revitalization of Corning, New York; and Recruiting New Businesses for Downtown.

Leading the speakers will be Norman Mintz, noted designer and planner who was instrumental in the successful revitalization of downtown

Corning, New York. Scott Gerloff, director of the National Main Street Center at the National Trust for Historic Preservation, will speak on recruiting businesses into downtown. And, Susan Guthrie of Guthrie, Oklahoma, will speak on the town's successful investment plan to redevelop the downtown area.

Community leaders and other interested individuals are encouraged to register early for this learning event. Registration fee is \$70, plus an optional \$10.50 for a ticket to the conversation-at-lunch event. Checks should be made payable to the Texas Historical Commission. Room reservations can be made at the Driskill Hotel by calling 512/474-2807; special rates are available for participants.

For more information, contact the THC at P. O. Box 12276, Austin, Tx 78711, 512/475-4407.

## 1985 Feed Grain Program Announced

Secretary of Agriculture John R. Block today announced a 10 percent acreage reduction requirement for participants in the 1985 feed grain program.

USDA estimates that per bushel deficiency payment rates will be: corn, 47 cents; sorghum, 46 cents; barley, 44 cents; and oats, 0 cents. Advance deficiency payments to eligible farmers will be half these rates.

A producer who accepts an advance payment, but who later does not comply with program provisions, must refund the amount of the advance payment with interest plus liquidated damages.

Price support loan and purchase rates and target prices will be the same as in effect for the 1984 crops.

Loan and purchase rates, per bushel, will be: corn,

\$2.55; sorghum, \$2.42; barley, \$2.08; oats, \$1.31; tye, \$2.17.

Target prices, per bushel, will be: corn, \$3.03; sorghum, \$2.88; barley, \$2.60; oats, \$1.60.

Other 1985 feed grain provisions include:

- To be eligible for program benefits, a producer must agree to limit corn, sorghum, oats and barley acreage planted for harvest to not more than 90 percent of the farm's feed grain base and devote to acreage conservation reserve an acreage of eligible cropland equal to 11.1 percent of the planted acreage. As under the 1984 program, two bases will be

established for determining permitted acreages — one for corn and sorghum, and one for barley and oats.

- The 1985 acreage base will be the average of the acreage planted and considered planted to feed grains in 1983 and 1984.
- Land designated for the acreage conservation reserve must have been devoted to row crops or small grains in two of the last three years except for a summer fallow farm. In the case of summer fallow, the cropping requirement is for one of the last two years. The land must be protected from wind and water

erosion throughout the year.

- Offsetting and cross compliance will not apply to the 1985 program.
- Haying will not be permitted on the acreage conservation reserve land. However, the acreage may be grazed except during the five principal growing months as designated by county ASC committees. Block also approved a standby measure authorizing, in the event of a natural disaster, implementation of emergency haying and grazing privileges. Approval of the emergency privileges would be made a

needed on a county-by-county basis.

- There will be no immediate entry in the farmer-owned reserve for the 1985 crops of feed grains. USDA intends to review the size of the reserve before regular price support loans for the 1985 crops reach maturity. At that time it will be determined whether entry into the reserve will be permitted.
- Contracts signed by program participants will be considered as binding and will provide for liquidated damages for failure to comply with program requirements.

## Texas Crime Rate Sees 3.7% Drop

A 3.7 per cent drop in the Texas crime rate was recorded for the first half of this year compared to the same period in 1983, according to statistics compiled by the Department of Public Safety.

"Combined reports from 776 agencies indicated a rate of 2,879.8 major crimes per hundred thousand population for the first six months of 1984," said Colonel Jim Adams, DPS director. "The rate for the same period in 1983 was 2,989.7."

Adams said the actual number of major crimes reported during the period also declined.

"A total of 452,825 crimes were reported, amounting to a decrease of almost one per cent compared to the first half of 1983. This is a continuation of the trend we saw in 1983, when the number of crimes declined for the first time since 1961."

The DPS director said four of the seven major crime categories registered decreases.

"Murders were down 8.2 per cent, robbery cases dropped almost 10 per cent, and

aggravated assaults declined by almost four per cent," Adams said. "Burglaries were down 5.1 per cent."

Arrest for the period totaled 439,061, a decrease of 4.3 per cent compared to 1983. Drug arrest were up 16.6 per cent, totaling 27,888. There were 66,959 DWI arrests in the first half of this year, a decline of seven per cent.

"Hopefully, the increased level of public awareness about the drunken driving problem and tougher laws have reduced the number of DWI offenders on our roads," Adams pointed out. "But the number arrested indicates that we still have a serious problem and DWI enforcement continues as a major priority of police agencies."

Two Texas law enforcement officers were killed in the line of duty by criminal action, while one died as a result of a job-related accident. A total of 1,751 officers were assaulted while on duty.

## Weinert Boys Compete In Calf Scramble

Four Weinert boys completed at the West Texas Fair and Rodeo last week. On Wednesday night, Shannon Forehand and Ramon Castorena caught calves in the Calf Scramble during the rodeo. They will each receive a one hundred dollar certificate which will be used to purchase a pig to show at Abilene next year.

On Saturday, Robin Raynes and Johnny Perez exhibited hogs that were purchased with certificates from last year's

Calf Scramble. In the class one gilt class Johnny Perez placed second with his hog and Robin Raynes placed fourth. Robin Raynes also received the swine showmanship award.

All four boys are members of the Weinert FFA. Shannon is the son of Mr. and Mrs. Chet Forehand; Ramon is the son of Mr. and Mrs. Ramon Castorena; Robin is the son of Mr. and Mrs. Bobby Raynes; and Johnny is the son of Besente Perez.

## Haskell JV Suffers Loss To Seymour

**BY ROBERT IVEY**

The Haskell JV were defeated last week by the Seymour Panthers 20-14. The Indians led the entire game until late in the fourth quarter. The JV scored their first touchdown midway through the first quarter. Patrick Perez connected a 20-yard pass play to Louie Torres, but PAT was no good.

Early in the second quarter

Mark Young ran back a short punt for the second score of the night. Val King ran in the extra point for the last Indian score.

"We looked alot better this week. The defense played well and our passing game came through for us. We had a few mental errors towards the end of the game that cost us the win," Coach Jim Bob Mickler said.

## Lions Club Plans Projects

The Haskell Lions Club held a Board meeting on Sept. 11, and plans were made for events to be carried out throughout the year.

The Lion's Club officers for this year are: president Dr. Ed Harris, first vice president Mike Struve, second vice president Doyle High, third vice president Dale Bullinger, sec./treasurer Jim Crain, Lion Tamer Darold Roberson, Tail Twister Dr. J.G. Vaughtner, Song Leader Brian Burgess, and Directors Phil Harris and Jimmy Hopper.

The Lions Club meets each Tuesday at noon at the Haskell Steak House, and the club is currently 26 members strong. They are planning a membership drive for October, in which they are hoping to enlist enough members to bring their group up to 40 members.

In the near future, the Lions members will hold a work night at the Elementary school, and they will be doing yardwork on the school ground, clearing the weeds, and getting rid of stickers, etc.

The Board also discussed the possibility of getting new playground equipment at a later date. This may be a joint venture with another civic group in town, and the plans are only being studied at the present.

The annual Lion's Club pancake supper has been set for Nov. 9 at the school cafeteria. This will be in conjunction with the last home game of the Indians, and tickets for the event will be on sale Oct. 23 from any Lion member.

Heading up the pancake supper will be Bill Trammel.

Doyle High will be in charge of the membership drive which will take place in October.

The Board members voted to participate 100 percent in the District's Eye Bank program. They also voted to donate \$10 per member to Kerville Crippled Children's Camp. This also is in 100 percent participation for the Haskell group.

It was decided by the Board to participate in the annual Christmas parade by having a float.

There will be a Cabinet meeting of the area Lions Clubs in Jacksboro on October 13. Haskell will be represented at the meeting.

It was also decided that the Lions Club "Goodfellows" program will be continued. This program provides food for needy families in Haskell.

The Lion's Club Sweetheart for the year is Hollie High, and the Lions are geared up for a good year.

According to Jim Crain, Sec./treasurer, the Lions Club in Haskell has a progressive board of directors who are striving to be more community oriented, and also to help others outside the community who are carrying on worthwhile projects, such as Kerville's crippled children's camp.

Anyone interested in becoming a member of the Lions Club can contact Dr. Ed Harris, Rev. Mike Struve, or Jim Crain.

Meetings are held every Tuesday at noon. Dues are \$15 per month and this fee includes meals each Tuesday, and dues for the International Lions Club organization.

## Obituaries

### Vernilla Wilson

Vernilla Wilson 84, of Breckenridge, formerly of Haskell, died at 3:20 a.m. Monday, Sept. 24, at Stephens Memorial Hospital. Services will be at 2 p.m. Thursday at Greater Independent Baptist Church in Haskell.

The Rev. Floyd E. Chenault, pastor will officiate. Burial will be in Willow Cemetery in Haskell, directed by Melton Funeral Home.

Born Sadie Vernilla Wilson May 9, 1900 in Bryan, she married McKinney "Buddy" Wilson in 1950, in Haskell. He died Feb. 3, 1981. She moved to Breckenridge from Haskell in July 1984. She was a member of Greater Independent Baptist Church in Haskell.

Survivors include five daughters, Velma Peterson of Houston, Rosie Parker Moore and Audry Gale Brown, both of Breckenridge, Hattie Marsh of Oklahoma City, and Cutie Brooks of Abilene; three sons, Alandrus Peterson of Bryan, Howard Gibbs of Lubbock and Eugene McDonald of Dallas; a sister, Thelma Burton of San Francisco; three brothers, Joseph Carey and Roosevelt Carey, both of San Francisco, and Charlie T. Wilson of Marlin; 42 grandchildren; and 53 great-grandchildren.

### Jack Collins

Graveside services for Jack Collins, 75, of Haskell were held at 3 p.m. September 23 in Willow Cemetery with Phil Harris, minister First Christian Church, officiating. Services were under the direction of Holden-McCauley Funeral Home.

Mr. Collins died Sat. Sept. 22 at 3:50 a.m. in Haskell Memorial Hospital.

Born March 12, 1909 in Texas, he was a retired farmer and rancher.

Survivors include two aunts and several cousins.

## Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Editor,  
In reading the **Haskell Free Press** paper of September 20th, which showed a picture and write-up of the loss of the Bobby Parrott home, I was disturbed by the comment that "Attempts to control the fire were hampered by lack of adequate water"—I wondered why there was not adequate water, because this Authority has three pumps at the Haskell pump station and with storage facilities we have there, you should be able to fight almost any kind of fire and plenty of water. I mentioned this to the girl that works with me in the office. She said she had seen this in, she thought, the **Ablene Reporter-News**, and they had stated the reason water was not sufficient was because of not having adequate fire plugs in the vicinity. I wish you had told of this in your write-up.

My reason for concern on the subject, which as you know, the opposition to this water supply that was held up from construction during the years of the '60s, by Haskell people, cost approximately an additional two million, five hundred thousand. I'm sure there are still opponents that will point out we were the cause there was not adequate water to fight the fire.

Pete Beecher  
North Central Texas  
Municipal Water Authority

(EDITOR'S NOTE: This fire was four miles south of Haskell and was not serviced by the North Central Texas Municipal Water Authority. In fighting the fire water was transported about two miles by fire trucks and water wagons.)

Dear Editor,  
Problems regarding law enforcement agencies around the country has been noted in the various media sources. I would like to take this opportunity to express my appreciation for both our Sheriff and Police Departments. I have had the pleasure of working with both of our law enforcement agencies on a professional level. Recently I needed to utilize such services

on a personal level. The sincerity and security I experiences while working with them through such difficult situations has been greatly appreciated.

People make mistakes and that is how we all learn as we develop and grow. Just as important, is the act of encouragement. Please join me in saying "THANK YOU" and supporting a group of people who do a hard job for all of us. They help to defend civilization against the barbaric forces of fear, violence, and evil that threatens our freedom.

Sincerely,  
David C. Smith

## Older Texans Have Camping Opportunity

Texans 55 and older have an opportunity to enjoy camping programs at the Texas 4-H Center at Lake Brownwood this fall.

Called Octoberfest '84, the camping program offers senior citizens a chance to spend a week learning and doing in a comfortable and supportive atmosphere, points out Marshall Crouch, 4-H specialist with the Texas Agricultural Extension Service, Texas A&M University System. The program allows participants from throughout the state to meet new friends and enjoy old ones and to take part in an enriching experience.

"This is the fifth season for these camps and participation has been truly outstanding," notes Crouch. "Some 2,500 Texans aged 55 and older have enjoyed the camps in the past years."

This year's program offers five different sessions: Oct. 2-5, Oct. 9-12, Oct. 16-19, Oct. 23-26 and Oct. 30-Nov. 2.

Each session allows participants to engage in a variety of "hands on" experiences as well as to enjoy a wide range

## Retirement & Aging Recommendation

The House Committee on Retirement and Aging, Rep. Charles Finnell (D-Holliday) Chairman, voted in September 17 meeting to approve its interim report on "alternative care services for the elderly" and to approve all eight recommendations in the report for the upcoming 69th Texas Legislature. The Retirement and Aging Committee is the first House Committee to complete its interim studies and present recommendations to the Speaker of the House, Gib Lewis, who assigns topics of study to each committee.

Four of the committee's eight recommendations are designed to encourage the development in Texas of "supervisory" service programs for the elderly, as provided in licensed personal care homes. The homes

provide room and board and such services, for example, as assistance with activities of daily living, like bathing, dressing, cooking, getting in and out of bed, and walking. The homes also provide other supervisory care. As the committee's report points out, such services are now available only on a very limited basis because of both insufficient state funding and overly stringent licensing standards. As it now stands, these licensing standards require such expensive construction methods and materials that promising ideas and plans for personal care homes are often abandoned.

The committee has thus recommended that the licensing standards established by the Texas Department of Health be revised. Rep. Finnell pointed out that revising the licensing standards would not only encourage the many unlicensed

homes now in Texas to upgrade their facilities. "With this recommendation we're saying that for these unlicensed homes, some regulation is better than none," he added.

The committee also recommended that government subsidy be provided for these types to supervisory services. Although nursing homes are subsidized by federal and state funds, personal care homes, which provide necessary but generally non-medical services, are not — with the exception of a small program called Supervised Living. Administered by the Department of Human Resources, this program serves only 340 elderly persons per month. There are 8,000 elderly people, however, who in the last 2 years have been refused admission into the publicly assisted nursing home program in Texas, yet who need the supervisory care

services provided in a personal care home.

Another group of elderly in need of supervisory care are victims of Alzheimer's disease, an estimated population of 68,500 according to the report. Since there is no medical treatment for Alzheimer's victims and other similarly "mentally confused" elderly, these people do not qualify for nursing home care. Yet they do require 24 hour supervision. The committee recommended that a demonstration program for this population be funded and implemented.

The committee also recommended that funds be provided for a project designed by the Texas Department on Aging to coordinate community-based services for the elderly. Many elderly citizens do not have access to the services available in their areas because the current system is so fragmented.

## 7th - 8th Combined Teams Defeat Seymour

BY SHAWN LANE  
The seventh and eighth grade football teams joined forces and defeated the combined junior high teams of Seymour 40-6.

Lack of Seymour players made the merger of the seventh and eighth grade teams necessary. Each team alternated every series of downs, but the special teams were handled exclusively by the eighth graders.

The Haskell seventh grade scored two of the six touchdowns. Those two TD's came off runs by Rodney Johnson. The seventh grade held Seymour scoreless.

A total of four touchdowns was scored by the eighth graders. The touchdowns consisted of runs by Paul Harvey, Derrick Billington and two kick off returns by Fred Shaw. "I was very pleased for the first game, and the line did

well, but execution was not there," Coach Jim Dan Raughton said about the seventh grade. "The defense played aggressively and Barry Tate defensive end, played especially well," he said.

Coach George Martin said he was pleased with the eighth grade except for a breakdown in the first series of defense when Seymour scored.

"Although this was the first game for the Haskell eighth grade, they did extremely well against a team that had already played twice this year."

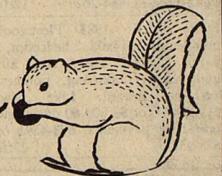

"I was pleased with the way the line fired off, and I was glad they had fun playing", he said.

Both the seventh and eighth grade are open this week, but will host Hamlin next week. Coming off the 40-6 victory over Seymour should boost the spirit of both teams.

## Research Study Concerns

### Women Vietnam Vets

According to C. H. Herren, Veterans Service Officer for Haskell County, a research study is being conducted with reference to women who served in Vietnam during the conflict in that area.

The study is being conducted at Cleveland State University, Cleveland, Ohio, and is an extension of research and information that has been collected by others since 1980. By means of a questionnaire, the University Center wants to learn more about the experiences of women while they served in Vietnam, and how such duty and experiences might have influenced their lives since returning home. The Center is interested in hearing from all women who served in Vietnam, including officers, enlisted personnel, nurses, administrators, etc.

The University Center conducting this study believes that participation could lead to networking for the women who served in Vietnam, and could even have some bearing or impact on the type of Government benefits that could be made available to them. The lady in charge of the research has stated for the news media that all information and replies received will be held in the strictest confidence.

Female veterans who served in Vietnam who wish to know more about this program may contact the lady who is in charge of conducting the research and survey. She is Margaret A. Gigowski, c/o The Department of Psychology, Stillwell Hall, Cleveland State University, 1960 East 24th Street, Cleveland, Ohio 44115.

## Survey Shows Texas Newspapers Pack Wallop For Texas Communities

Newspapers pack a solid wallop for Texas business and residential communities alike...far outdistancing all other forms of communication. Results of Texas Consumer Survey 84, the largest and most comprehensive study ever conducted on readership, listening, viewing and shopping habits, heavily documents Texas newspaper superiority.

- 86.3 percent of Texans read a newspaper every week, with 80 percent reading their local community newspaper;
- 70.6 percent of Texas newspaper readers usually read local merchant ads, and
- 87.6 percent of the readers say that the ads in their local newspaper are important to them personally.

These are just three of the dozens of highlights revealed by the statewide study which was conducted by Consumer Data Service (CDS), of Oklahoma City.

The massive survey was under the supervision of Dr. Ernest Larkin, director of the Journalism Research Center, University of Oklahoma.

The study also provides in depth detail of the vast audience appeal of Texas newspapers. This portion of the data emphasized:

- (a) 69.6 percent read at least five issues of their local daily, and 84.3 percent read

every issue of their local weekly newspaper;

- (b) 72.6 percent of local newspaper readers who responded to the survey are married;

- (c) Over 50 percent of the families subscribing to local newspapers comprise three or more people;

- (d) Husbands and wives in 43.3 percent of the Texas newspaper reading families both have jobs with combined incomes totaling more than \$20,000;

- (e) 64.19 percent of Texans who voted in the 1982-83 elections are newspaper readers, and

- (f) 79.4 percent of Texas newspaper readers own their own homes.

Lyndell Williams, Executive Vice-President of the Texas Press Association (TPA) in Austin, after receiving the huge study report said this week:

"This survey not only confirms what major advertising retailers already know, but also provides undeniable proof of newspaper strength in all other areas as well."

He cited the high readership interest in local news as an example of "newspaper wallop for a better informed community and state."

Williams pointed out the following additional facts that were revealed by the survey

data:

- 82.8 percent of Texans read all local news in their newspapers;

- 70.3 percent read the special sections;

- 58.4 percent read the editorials, and

- 54.3 percent read the state news.

Williams also cited local merchant ads as the most thoroughly read advertising matter. Those figures read:

- 89 percent of Texas newspaper readers usually or at least sometimes read all local merchant advertising;

- 85.4 percent usually or sometimes read all grocery ads;

- 85.8 percent usually or sometimes read all the inserts in newspapers, and

- 85.59 percent usually or sometimes read department store advertising.

The survey also outlined the strengths and weaknesses of direct mail along with radio and television.

Direct mail advertising in Texas, much of it conducted by out-of-state firms, is usually read by 43.7 percent of the addresses, with only 31 percent of that number reading all of a single mailing.

Radio and television while being listened to by as much as 73 percent of Texas consumers and seen by at least that many people,

nevertheless, must divide those numbers by dozens of stations and channels. And the most watched cable television channels of all don't even accept advertising.

John Taylor, Director of the Texas Newspaper Advertising Bureau (TNAB), explained that an analysis of the massive survey easily reveals numerous additional newspaper assets that may be overlooked at first glance.

Taylor explained:

"Every Texas newspaper is a dues payer to its community and state, as well as a major contributor to a better society. Texas newspapers, their publishers and staffs have spent lifetimes creating communities that justify the investment of millions of dollars by major retailers.

"Our newspapers represent major local payrolls and substantial taxpayers to the local, county and state governments. And in all cases, one newspaper and not more than two thoroughly dominates the markets which they serve.

"Texas newspapers represent quite a choice from the major direct mailers who often don't even pay state taxes, and the electronic media which must share its hour-by-hour audience with about 50 competitors."

## Invitational Roping Set October 6 & 7

The 4th annual Jim Bob Altizer—Coors—Invitational Roping will be held October 6th and 7th at the Altizer Arena on Hudson Drive in Del Rio. Proceeds from the event will benefit West Texas Boys Ranch in San Angelo.

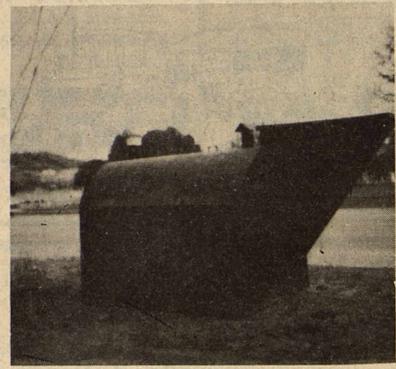

This year's event will feature 41 calf ropers, 35 steer ropers as well as a match roping between champion calf and steer roper, Mack Altizer, and the calf roping champion of last year's event, Arnold Felts.

Jim Bob Altizer, former world champion calf and steer roper, is the host for the benefit event. Altizer is a

member of the Boys Ranch Board of Directors and has served as its Roundup Chairman.

In addition to the roping events there will be a barrel racing on both days. A dance, featuring the Bo Hutto Band, will be held at the 4-H barn on North Main Street in Del Rio on Saturday night from 9 p.m. to 1 p.m.

Admission for the events are \$5.00 for adults and \$2.00 for children on both days. Overnight camping is available. For more information, contact West Texas Boys Ranch at (915) 949-1936.

## Booklet Offers Tips For Commodity Trading

When you go to the local farmers market for corn, you buy because you want some corn to eat, and it's usually a small purchase. If you buy corn in the commodities futures market, however, you're trading in contracts for the future purchase of thousands of bushels of corn. And, usually, the last thing you want is to actually end up with corn.

Commodities traders buy contracts for the future purchase or sale of corn and many other commodities, such as cocoa, oil, copper, and even currencies. The Commodities Futures Trading Commission has a booklet that describes how futures trading works and what to watch out for. For your free copy of **Before Trading Commodities, Get the Facts**, send your name and address to the Consumer Information Center, Dept. 610M Pueblo, Colorado 81009.

Here's a simple explanation of how commodities futures trading works:

Let's say you want to get into corn futures. In June, you buy a futures contract for 5,000 bushels of corn for December delivery at \$3.00 a bushel. This means you're betting that the price in December will be higher than the price you paid for it. If the price of corn contracts is \$3.10 a bushel in December, then you have made the ten cent profit between what you bought the contract for and what the corn is actually selling for. But if the price happens to fall, then you lose money and have to make up the difference.

Of course, contracts don't have to be held for six months. They are bought and sold every day at prices that can change daily because of anything from the weather to the state of the world.

One of the things that is most intriguing to investors is the fact that you are not required to put up the whole cost of the contract. In fact, investors put up only a very small percent of the price as earnest money. For example: To buy that 5,000 bushels of corn at \$3.00 a bushel, you could put down as little as \$750.00 to begin with. That's called the margin. Because you only put up a relatively small amount of capital, a very slight change in the market could mean that you would make a healthy profit, or that you would lose all of your initial investment plus substantially more.

People who are considering the futures market should be aware of this risk, and that to stay in, they will have to make up those margin payments when the market goes against them.

If you are thinking about

getting into the commodities futures market, **Before Trading Commodities, Get the Facts** suggests that you ask yourself these questions before you even begin: Do you have investment money you can afford to lose in case you have to make up for sudden price changes that require additional payments? Is the money in an account or a form you can reach quickly when you need it?

You should also beware of unsolicited high pressure sales pitches. If you receive a call out of the blue telling you futures trading is the wave of the future, ask how the seller got your name. Also ask if there is a well-known brokerage firm or bank you can call that will give references for the seller. How long has the company been in business? What services will the seller provide?

Don't agree to anything over the phone. Tell the seller to send you all of the disclosure documents — including everything promised over the phone — and statements about the firm's financial worth and trading record. Don't make the decision to buy until you have had a chance to review these documents carefully and ask any questions that may arise.

To learn more, send for a free copy of **Before Trading Commodities, Get the Facts**. At the same time, you will also receive a copy of the free **Consumer Information Catalog**. The Catalog is published quarterly by the Consumer Information Center of the U.S. General Services Administration, and it lists more than 200 free and moderately priced federal consumer publications on a wide variety of topics.

### CALF SCRAMBLE

Kenneth Jeffcoat and Scott Guenther of the Paint Creek FFA were in the West Texas Fair Calf Scramble held during the rodeo at the fair. Kenneth scrambled Tuesday night Sept. 18th, Scott scrambled Wed. Sept. 19th. Both students caught an animal, put a halter on the animal and lead the calf to center of the arena. They don't get to keep the animal they caught, but West Texas Fair gave the boys money to buy an animal for next year's show.

### Public Notice

Southwestern Bell Telephone Company, in accordance with an order from the Public Utility Commission of Texas, hereby gives notice it has filed a tariff to reduce the monthly rates for the Switched Access portion of the company's intraLATA Foreign Exchange (FX) Service offering that was implemented starting June 1, 1984. Simultaneously, the LATA-wide toll-free calling scope, also started June 1, would be discontinued and the calling scope would return to that in effect prior to June 1. The Commission has assigned this matter Docket Number 5891.

The net effect of the tariff will be a monthly decrease in total billing of approximately \$700,000 until November 1, 1984. After that time the net effect on the company's revenue is estimated to be negligible.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

### Aviso Público

En conformidad con una orden de la Comisión de Servicios Públicos de Texas, se anuncia mediante el presente aviso público que Southwestern Bell Telephone ha presentado una tarifa con el objeto de reducir las cuotas mensuales que se han cobrado desde el 1 de junio de 1984, por la porción de la tarifa para acceso a la red central necesaria con el uso del Servicio de Zona Exterior (Foreign Exchange (FX) Service).

Simultáneamente, el servicio de llamadas de larga distancia sin cobro dentro del área de servicio que también se efectuó el 1 de junio de 1984, se discontinuará; y el campo de llamadas será al igual que antes del 1 de junio de 1984. Se ha registrado la nueva tarifa bajo el Docket 5891.

El efecto real de la nueva tarifa se verá en la reducción del costo total de facturas de aproximadamente \$700,000 hasta el 1 de noviembre de 1984. Se calcula que después de esta fecha el efecto real para nuestra empresa será despreciable.

Los usuarios de Southwestern Bell Telephone Company que estén interesados en participar en esta reunión, o que requieran mayor información, deben dirigirse por escrito a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. También se puede obtener información adicional llamando a Public Utility Commission Consumer Affairs Division al 512/458-0223, al 512/458-0227, o al 512/458-0221 si requiere teletipo (aparato para personas con impedimentos de audición).

## New Tax Laws Affects Garden Items

Long before April showers bring you May flowers, October will have brought you higher taxes on your garden. New tax laws passed by the Legislature and signed by Governor Mark White go into effect October 2. For the first time, fertilizer used for non-agricultural purposes will be taxed.

For you, that means the cost

of growing your garden or taking care of your lawn will go higher.

Other than fertilizer, bedding plants bought at nurseries and plants bought at the grocery store are subject to the higher tax rate. Exempt from the tax are annual plants that die after a growth year or that yield food for human consumption.

The tax goes up 1/8 of a cent across the state, but it translates into a 4 1/8 percent tax hike for items such as fertilizer. In some cities that have local sales taxes and special taxes for mass transit, the cost may balloon by as much as 6 1/8 percent.

A bag of fertilizer, then, that costs \$8.99 would cost \$9.35 in most of the state, but \$9.54 in some cities with the add-on taxes. Fertilizer used for agricultural purposes remains exempt. Farmers and ranchers do not have to pay the tax on fertilizer if it is used for their agricultural production.

Questions concerning the new tax on fertilizer can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-5555 or on the regular number, 512/475-1931.

## Superintendent's Views

BY JAMES LANIER  
Superintendent, Haskell ISD

(Continuation on report of HB 72)

Student testing is also addressed in HB 72. Beginning in 1985, The Texas Assessment of Basic Skills (TABS) Program is expanded beyond the current grades 3, 5, and 9 to include grades 1, 7, and 12. Students must pass the 12th (or exit level) test in order for them to receive a diploma. Tests in all these grade levels will be given in the spring of 1986. Those not passing all sections of the exit level test will be given opportunities to be retested in the 11th and 12th grades. All sections of the test must be passed before a diploma is issued. Students who leave high school without passing the exit level test may take it whenever it is administered thereafter and may be awarded a diploma when they have passed all sections. Students at all grade levels who fail to meet the mastery criteria established by the State Board of Education must be provided remedial instruction by the district. The cost of this program will be deducted from the compensatory aid funds or other foundation school funds. The testing program for this year will remain the same as previous years.

State funds have been discontinued under HB 72 in several areas including drivers education, school community guidance centers, education television, minimum aid, accrued sick leave and student teaching.

HB 72 places emphasis on

the preservation of the school day for academic activities and requires the State Board of Education, by rule, to limit participation in and practice for extra-curricular activities during the school day and school week. Until further notice, districts should continue to observe the recently enacted SBOE rule governing extra-curricular activities commonly referred to as the 10 day rule. The law further states that students may not participate in extra-curricular activities during the grade reporting period which follows the grade reporting period in which a student received a grade lower than 70 in any academic class. This section becomes effective in January, 1985; consequently, students failing any academic class in the six weeks reporting period prior to January 1985 may not participate in any extra-curricular activity during the next grading period. This section of HB 72 stipulated that the University Interscholastic League must submit rules and procedures to the State Board of Education for approval. All present rules will continue in effect until disapproved by the State Board.

I hope to complete this series with next week's column. I am sure many of you as the reading public are growing weary of the length and detail of this report. However, I feel you have a definite need to understand this bill and the tremendous impact it is having on your school.

## Area Adult Education Classes Set

The Sweetwater Adult Education Co-op has scheduled classes to begin next week in the area towns of Rule, Weinert, Munday and Knox City.

Although Rochester classes are already underway, persons may still register. Anyone 17 years of age or older may register for one of three levels of instruction. The basic level (grades 1-3) will be held for those persons who have little or no schooling, need English as a second language, and/or are working toward U. S. citizenship. The intermediate level (grades 4-6) will be for those who have completed the basic level and have had some formal schooling. The advanced level will involve those who have completed the intermediate level. The advanced level will help prepare the students for the General Education Development (GED) High School

Equivalency Test. Persons may register at one of the schools according to the following schedule:

Rule classes will begin on Monday, October 1, from 6 to 9 p.m., at the Rule Grade School. Mrs. Vida White and Mrs. Dora Torres will instruct. In addition to the three levels, Conversational Spanish will also be offered.

The Knox City classes will begin at the Knox City High School on Tuesday, October 2, 6 to 9 p.m., with Mrs. Joanna Delgado and Mrs. Lee Reeves instructing. Typing and bookkeeping are also available for advanced students.

The Munday classes will meet at the Munday High School on Tuesday, October 2, at 6 to 9 p.m. Instructors will be Mrs. Ruth Ishmael and Mrs. Martha Andrade. Mrs. Ishmael will also teach bookkeeping in addition to the GED Level.

The Weinert Program, led by Mr. H. L. Guess and Mrs. Dolores Foster, will begin on Tuesday, October 2, 6 to 9

p.m., at the Weinert School. In addition to the three levels of classes, Mr. Guess will offer bookkeeping and typing to advanced students.

The Rochester Program, to be taught by Mrs. Jo Ann Gauntt, will meet on Monday nights, resuming on October 1, 6 to 9 p.m. at the Remedial Reading Building. All levels of instruction, Conversational Spanish, and Computer

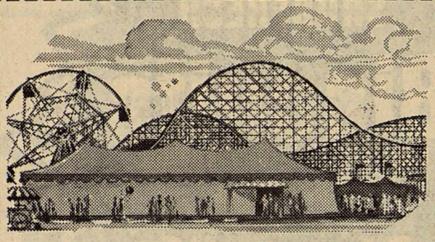

Literacy (limited), will be offered.

All adult education classes are free to those attending and books and supplies are provided without charge. Persons unable to register on the first night of classes may register on any following class night. For further information, call Mrs. Betty Davis, Area Program Supervisor, at Haskell Secondary School.

# 1984

# Headstream Center Provides Care For Those With Problems

**BY JANET WILKE**  
In this complicated world in which we live, there are days in which we all feel that the world will come crashing down around us if we cannot find someone to talk to and confide in.

For most of us, this is a temporary feeling, which lasts only through a few hours or days.

But, for a segment of society, there are those who encounter this feeling on a daily basis, on a yearly basis.

For those people, there is help here in Haskell.

The Headstream Memorial Center is a clinic for people who have problems - whether they be emotional, mental, drug and alcohol related or for those who just need to talk things over with a non-judgmental person.

David C. Smith is the social worker for the center, and he, along with Mrs. Aubrey Headstream, is the only full time worker here. There is also a part-time social worker as well.

Headstream Center has been in existence for the past 6 years, and is located just east of the Haskell Memorial Hospital.

It has been renamed from the Mental Health/Mental Retardation clinic, and from the Tri County Mental Health Center. The name was permanently changed to the Headstream Memorial Center in 1978, in memory of Aubrey Headstream, who volunteered many hours in counseling those who came to the center, prior to his death in 1978.

The center serves three counties: Haskell, Stonewall, and Knox. It operates out of the Texas Dept. of Mental Health, but most of the funding, with the exception of the salary for the staff, is provided by the three counties.

The center acts as a screening agency for the Vernon State Hospital as well.

However, this is not the primary duty of the center. In the words of Smith, its director: "We are here to

## NEW ADDITIONS

Shown above are the new signs which were recently constructed for the Headstream Memorial Center. They were purchased by contributions of individuals, and through the efforts of the counties which fund the center, and McGee Lumber.

provide a safe place for people to disclose their problems, and to try to work them out, in a non-judgmental, non-condemning way. We just want people to feel that they are cared for and loved... accepted."

Some of the services provided by the center include counseling in family-related problems, counseling in drug-alcohol abuse situations, and educational programs for the community.

Smith feels that the reason that such a center as this is necessary hinges on the fact that society has gotten away from the moral and ethical values of the past - a strong family unit, solid ties to the church, and the art of communication between human beings.

Part of the center's duties include getting people just to talk to each other again... reviving the lost art of communication. Smith claims that in many cases, this is one of the problems they see at the center the most. However, they also counsel with the elderly, and with those who have elderly persons in the home. The center also has counseling for those who need emotional help that might require medical screening as well.

Since funding is a major concern of the center, the three counties who help in the funding are vitally important.

And, due to the fact that some of the funding comes from donations and contributions, there is an Advisory Board, made up from persons from all three counties, who decides where the money should be appropriated.

From Haskell, the members on the Board are County Judge Beverly Robinson. At the present time there are two vacancies on the Board for volunteer members. Mr. Raja

Hassen is being considered for one of the volunteer positions, and there is a need for some other person to assume the other volunteer position.

In Knox County, the Board members are County Judge Homer T. Melton and volunteers Bobby Hudson and Jo Ann Asher.

From Stonewall County, the Board members are County Judge George Frazier and volunteers Marty Hamrick and Lillian Hicks.

Smith said as much as one-fourth of the operation of the center is funded by donations. The remaining portion of the funding comes from the three counties, with only the salary of the paid staff members coming from the State.

The Center is here primarily to provide services for those persons in the three county area. However, should an

emergency crisis occur, help would be provided until the person in need could reach their area clinic.

Smith said that on a monthly basis they saw approximately 260 persons at the center. Of this number the largest figure of those were seen regarding mental health. The other number, about 30 per cent were coming for drug-alcohol related abuses.

Due to high numbers of referrals which the center has, it would be impossible for the three persons who work there full time to see all of the people who come there without having help.

Therefore, each Tuesday afternoon, a team of three counselors from Vernon come out and lend a hand.

Jeff Bearden, a certified social worker, Nancy Renfro, a psychologist, and Sandra Wester, a caseworker, assist

Smith with the load at the center each Tuesday, until about 3:00 p.m.

The office hours of the Center are from 8 - 5 Monday through Friday.

Because of the large number of persons using the center, there is always a need for volunteers. These persons do not actually counsel with the clientele, but provide services such as answering the phones, and stepping in if one of the workers should have to leave for a while.

For anyone who might be interested in volunteering their time, David Smith asks that you contact the center for information on training, which will be provided at no cost to the volunteer. Counseling is provided by the Vernon team.

Occasionally, there are emergency calls in which Smith has to be away from the center, but by and large, he is almost always at Headstream.

For anyone who is needing any of the services which Headstream provides, they may make an appointment with Smith by calling 864-3472.

Fees for counseling services are determined on a sliding scale according to one's income and the number in their family. There would be no fee for a person whose income is less than \$4800 per year in a family of four.

The most which can be charged is \$44.00 per hour, and the minimum is \$2.00. There is no fee for indigents. Smith says, however, that no one will be refused services because they are not able to pay. "We won't turn anyone away, regardless of their financial circumstances", Smith promised.

Because their primary goal is to help people, the center and its staff is involved in speaking to churches, schools, and civic groups, and just about any topic. If there are any such organizations in the three county area who would like for Smith to speak, contact

him at the center to make arrangements.

As far as using the center, emergency cases will, of course, be accepted first, followed by appointments, with those persons who are walk-ins being worked in as soon as time permits.

The predominant age group seen at the center, Smith says, is the 30 - 50 year old bracket, with the elderly next, followed by the young.

The success rate for the center is high. Because it operates out of the Vernon Hospital, they are considered as a part of that institution, which ranks as one of the top mental health facilities in the State.

There is no age barrier to those persons who need the services of the center. And, of course there is no racial, sexual, or religious barrier in using the center.

All information discussed at the center is confidential, and the identity of those persons who are being helped by the center is not ever revealed to anyone, says Smith.

Smith would like to thank several persons whose donations and work provided the signs which are now up in front of the center. The signs were purchased by contributions from several individuals, civic groups, and with the cooperative effort of the county and McGee Lumber. Smith says if you haven't seen the signs, drive by and give them a look, and also find out where the center is.

Most important, though, is the fact that if you have a need, and cannot find anyone who cared, there is someone as close as a phone call who will help you, or at least find help for you, at Headstream Memorial Center.

each **TUESDAY & WEDNESDAY**  
at Modern Way Food Stores

We will redeem all manufacturer's "cents off" coupons for **DOUBLE** their value up to \$1.00 in value when the product is purchased.

—LIMIT—1 COUPON PER ITEM—

This policy does not include retailer (any food store) or free coupons, cigarette or tobacco coupons or refund certificates. The total redemption will not exceed the value of the item.

**AFFILIATED**

WE HONOR ALL AFFILIATED TV ADVERTISEMENTS

Open 8 a.m. til 8 p.m. Daily  
Sunday 9 a.m. til 7 p.m.

1200 N. Ave E.  
Haskell, Tx.
