### SBOE MEMBER

Katherine Raines, of Cleburne, visited in Haskell last Thursday with Supt. James Lanier concerning recent school legislation. During part of the visit, Lanier asked principals Clayton Neal and Bill Blakley to show curriculum guides and lesson plans now being prepared by Haskell teachers.

## SBOE Member Visits Haskell School System

Katherine Raines, of Cleburne, was in Haskell last Thursday representing the newly appointed State Board of Education.

Mrs. Raines is one of fifteen members of the board and represents the 14 district which include Haskell County.

Mrs. Raines discussed education policies and concerns with Haskell Superintendent James Lanier and principals Bill Blakley and Clayton

Neal.

Neal and Blakley provided Mrs. Raines with several examples of lesson plans, curriculum guides and other planning reports which had been prepared by Haskell teachers in elementary, junior high and high school.

One of the primary concerns discussed with Mrs. Raines was the creation of additional paperwork on the part of teachers without

contributing to the education. Other areas discussed in detail by Lanier included funding schools career ladder and competency testing.

Mrs. Raines expressed hope that realistic solutions to the problems could be worked out either by the new State Board of Education or the legislature when they meet in January.

## News Briefs

### Seeking Periodicals

The Haskell Secondary School is seeking magazines and newspapers for the study hall students.

"The addition of the periodicals would not only give the students something to read after they've finished their work, but also they could use the periodicals for class projects," Mrs. Nancy Toliver said.

"Often students need magazine or newspaper clippings. Having periodicals in the study hall that could be cut up would keep the library's periodicals in tact," Mrs. Toliver said.

People wanting to donate magazines or newspapers can bring them by the high school office.

### Revival

Revival services will be held at Iglesia Bautista El Calvario, November 26 through December 2, 7:00 p.m. nightly.

The Rev. Daniel Banda of Dallas will be the evangelist. There will be special music lead by song director, Roberto Gonzales. Pianista will be Betty Alvarez.

Tony Banda is pastor of the church.

## Concession Stand Is Band Booster Topic

At the monthly meeting of the Haskell Band Booster, the boosters discussed plans to build a new concession stand.

Charles Thornhill brought plans for a proposed concession stand, and the boosters are hoping to meet with the school board to discuss sharing finances on the new building, which may house new restrooms as well.

President Charley Henry was in charge of the meeting, and Secretary Mary Jennings read the minutes of the previous month's meeting and these were approved.

The Boosters also set the date of Feb. 9, tentatively, as the date they will hold a Winter festival to raise

funds.

Also discussed at the meeting was the possibility of purchasing dresses for the band girls to be worn as concert uniforms for the Spring UIL contest, and the purchase of a new stereo system for the band was also brought into the discussion, but no action was taken on either of these issues, because the Boosters are going to see how the funds go on the Concession stand project.

The next meeting of the Indian Band Boosters will take place on Sunday, Dec. 16, after the Christmas concert, which will be held in the gym.

Approximately 15 Boosters were present at the meeting.

Thanksgiving is upon us and with it comes the giant rush toward Christmas. Shopping, parties, mailing cards and packages, and planning a multitude of special activities.

History tells us that the first Thanksgiving was held in the fall of the year after crops were harvested to "give thanks for the year just past".

What better time than now to pause and give thanks for our blessings.

The following is an article of unknown origin which we have printed in the past but still seems appropriate at this special time of year.

### "FOOTPRINTS"

There was a man who died, and he reviewed the footsteps he had taken in his life.

He looked down and noted that

over the mountains and difficult places he had been, there was only one set of footprints;

But, over the plains and down the hills, there were two sets of footprints, as if someone had walked beside him.

He turned to Christ and said, "There is something I don't understand. Why is it that down the hills and over the smooth and easy places You have walked by my side? But, here over the tough, difficult places I have walked alone, for I see in those places that there is only one set of footprints."

Christ turned to the man and said, "It is while your life was easy that I walked along by your side, but here, where the walking was hard, and the paths were difficult, was the time you needed me the most, and that is why I CARRIED YOU."

author unknown

## Happy Thanksgiving

### TOTALED

Albert Enriquez, 23, of Haskell is listed in good condition in Haskell Memorial Hospital following a one car accident Monday afternoon south of Haskell. The accident occurred in the Northbound lane of U.S. 277 and Enriquez was transported to Haskell Memorial Hospital by Haskell County EMS.

HASKELL — A GOOD PLACE TO VISIT, A BETTER PLACE TO LIVE

VOLUME NINETY-EIGHT HASKELL, TEXAS 79521, NOVEMBER 22, 1984 NUMBER FORTY-SEVEN

## Weinert Bulldogs Upset Highland, 48-20

The Weinert Bulldogs pulled off the biggest six-man upset of the year by defeating the two-time State Champion Highland Hornets, ending their 36-game winning streak by a score of 48-20.

Junior quarterback Shannon Forehand showed why he is an all-state candidate as he hit 11 of 16 passes for 283 yards and 5 touchdowns. The game was not a one man show, as the Bulldogs used a swarming defense to stop the once irresistible force.

The Bulldogs jumped out on top when Forehand rolled left and hit Freshman Berry Walker on an eight-yard scoring pass. Walker was in the game replacing Sophomore running sensation Louis Perez who missed the game due to a knee injury. Freshman Kevin White kicked the PAT.

The Hornets countered with a Courtney Gothard two-yard run. Forehand blocked the conversion attempt and the quarter ended with the Bulldogs ahead 8-6.

Forehand opened the second quarter when he again rolled left and hit fleet-of-foot Ricky Perez for his first TD of the night. A combination the Hornets would soon see more of and would soon like to forget. White again split the uprights and the score was 16-6.

Perez would light up the scoreboard two more times in the second stanza on a quick six-yard pass and a 68-yard bomb, both from Forehand. White added both PAT's.

The Hornets gained a little momentum before half as they scored on a Duane Hyde 4-yard run. The kick again was blocked, and the score at halftime was a stunning 32-12 with the Bulldogs on top.

The Hornets received the opening kickoff and Courtney Gothard ran it back deep into Bulldog territory. Hyde scored on a five-yard run and made the PAT to pull Highland as close as they would ever get, 32-20.

Coach Chet Forehand refused to sit on the lead, as he instructed son, Shannon, to stay with a good thing, and he did by hitting Ramon Castorena on a 55-yard scoring pass to let the air out of Highland's balloon. White added the PAT.

Fullback Edward Perez, who ran like a bull all night, put the icing on

the cake by breaking a 41-yard run and another Bulldog score. White ended the night with a perfect 6 for 6 in the PAT department.

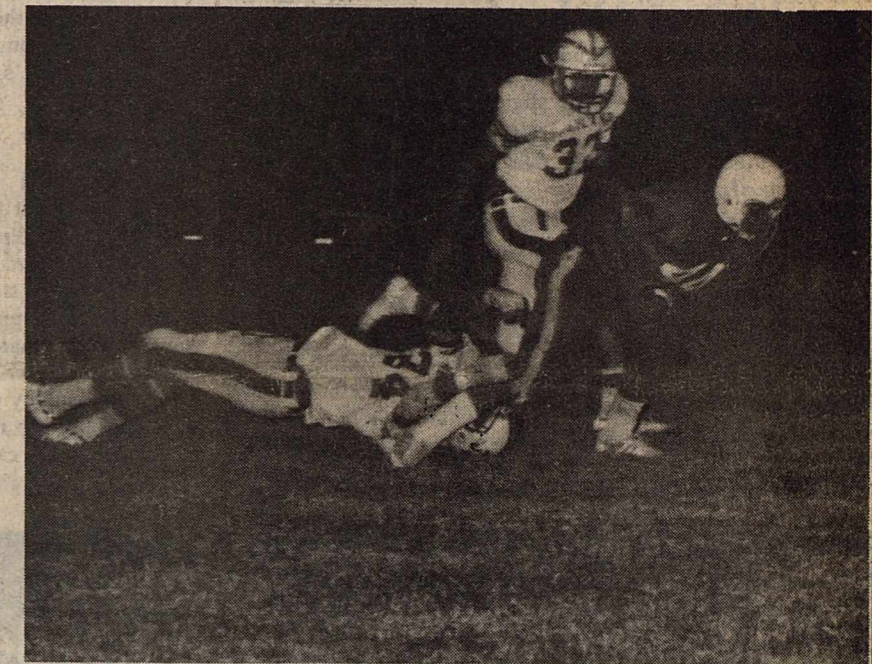

The game had an ironic story. In 1961, the Weinert Bulldogs had a 37-game winning streak. The quarterback in 1961 was a guy by the name of Chet Forehand.

The Bulldogs stopped the Hornets from equalling their mark, by stopping Highland's high-scoring offense, which featured two all-

staters from last year.

Johnny Perez was an inspirational leader of the game, as the 120 pound lightning bolt caused havoc in the Highland backfield all night. Edward Perez added pain to the Hornet misery with some crushing tackles.

The Bulldogs now advance to Bi-District play on Thursday, Thanksgiving Day, at 2:00 p.m. in Grady. The Bulldogs will take on the District 3 champion, Marathon.

## Lions Club To Sponsor Goodfellows

This year, again, just as in the past, the Haskell Lions Club Goodfellows will be distributing food and toys to the families in Haskell who otherwise would not be having Christmas.

The donations of food, and toys are already underway, and on December 8, and Dec. 15, the names of those who will qualify for the Goodfellows project can be placed, by application, in the office of the Chamber of Commerce, beginning at 2:30 p.m. each of the two days.

On December 21, the Goodfellows will meet at the High School Ag. Dept. to pack the boxes, and on December 22, the boxes will

be delivered to those persons who have been selected to receive them.

This project will be conducted as it has been in the past years, and a sincere effort will be made to provide food, toys, and a happy Christmas, where there might not otherwise be a Christmas provided for.

Cash donations for this worthy project may be left at the Haskell Free Press, Box 577, Haskell, 79521 or mailed to the Free Press. Persons who wish to contribute toys may leave them at the Haskell Fire Dept.

## Caution Urged During Thanksgiving

Lubbock Major V.J. Cawthor Department of Public Safety Regional Commander said "Drivers should be extra cautious during the Thanksgiving holidays. It is a time for us to rest and be grateful for many things." The Major urges Texas motorists to begin using seat belts on a occasions when operating a motor vehicle. He said, "Over 98% of a traffic fatalities last year were not wearing a seat belt."

The Texas Department of Public Safety finds that it is better to be safe than sorry. Remember when driving, a person who has been drinking is a slower thinking person. Most driving skills are not natural rather they are learned skills. This means that a drinking driver is less skilled and more dangerous than a sober driver. Remember the probably 50% of all traffic fatalities involve a drinking driver. Try to keep an eight hour span of time between the bottle and the throttle.

# Superintendent's Views

BY JAMES LANIER  
Superintendent, Haskell ISD

This column will conclude the report on our budget for 1984-85. We will strive to explain the revenue side of the budget today. Approximately 65% of our total revenues are projected to come from the state level. HB 72 changed the method of financing schools extensively. We did receive an increase in monies. The state has anticipated Haskell ISD to receive \$1,320,200. \$942,300 of this total is basic grant monies. The rest of the amount consists of monies from vocational ed., compensatory education, special education, etc.

see no end to this spiral. However, we will dedicate ourselves to continue to strive for tight budget management and conservative expenditures. We are dedicated to providing the best possible education to our students at the most reasonable cost possible.

## New Rate To Be Effective On Friday

Approximately 29% of the revenue is anticipated from local sources. The majority of this figure is from ad valorem taxes. Our tax rate is 74 cents. 70 cents of this is for local operation. We are anticipating raising \$498,100 from this figure. The other 4 cents is for debt service. We are anticipating this rate to \$28,200 for the payment of bonded indebtedness. Another source of revenue locally are our gate receipts and cafeteria receipts. We are anticipating \$60,000 from these areas. Other sources including rent, donations, etc. are anticipated to run approximately \$28,200. The total figure we are anticipating from local revenues comes to \$594,300.

New rates for West Texas Utilities Co. customers became effective Friday, November 16, by order of the Public Utility Commission of Texas.

The Commission earlier had approved a settlement agreement reached by WTU, the intervening cities and the PUC staff. The agreement gives WTU an annual base rate increase of about \$12.4 million and a fuel charge decrease of about \$13.3 million. This would result in a net decrease in revenue for WTU, to allow for an expected decline cost of boiler fuel during the coming year.

The new rates, which include a winter-summer differential, will raise average residential rates by about 4.2 percent. The rates will be slightly lower than current rates during the November-April period, but higher during the rest of the year. This feature was insisted upon by the PUC staff to encourage conservation during the peak usage months.

Bills for all electric meter readings recorded after Friday will reflect the new rates, according to Holman King, WTU vice president and director of corporate relations.

The new rates, which include a winter-summer differential, will raise average residential rates by about 4.2 percent. The rates will be slightly lower than current rates during the November-April period, but higher during the rest of the year. This feature was insisted upon by the PUC staff to encourage conservation during the peak usage months.

## Conservation Viewpoints

USDA Soil Conservation Service  
Assisting  
Haskell Soil and Water Conservation District

Applications for assistance in applying conservation practices for 1985 will be accepted beginning November 24 and continue thru December 7, 1984. Both ACP and LTA applications will be accepted during this sign-up period.

The Agricultural Conservation Program assisted 71 producers install conservation measures on Haskell County lands in 1984. Practices from planting grass and building terraces to digging ponds and drilling livestock water wells. Many of these newly installed practices have already proven beneficial from the recent October and November rains.

For The Long Term Agreement Program this will

be the only sign-up period of the year. This is a contract arrangement to carry out conservation practices over a period of 3 to 5 years. Currently there are 8 LTA contracts in the Haskell Soil and Water Conservation District.

These programs and assistance with any conservation problem can be discussed by contacting either ASCS or the Soil Conservation Service. If you are not sure of what you need or have questions concerning application procedures, contact these offices. Eligibility for participation is established by law without regard to race, color, religion, sex, national origin or handicaps.

## Child Identification To Be Initiated By GTE

General Telephone Company of the Southwest has joined a nationwide effort to alert parents of the importance of making every effort to educate their children to the threat some strangers may pose, and to record information that can assist law enforcement agencies should their child be missing.

General Telephone has child identification forms available at all GTE Phone Marts and other customer contact offices.

The form is simple and easy to complete, and is to be retained by the parents. Information to be compiled includes photographs, address, age, date of birth, color of eyes and hair, height, weight and any identifying marks. Space is also available for thumb prints.

The company urges the information be updated yearly.

"The most important aspect of a program such as this is for parents to recognize that the potential exists for something to happen to their child and to take every precaution available to keep it from happening, primarily to be aware of strangers," Willis C. Wells, General Manager-Mid-Texas Division operations manager said.

Nationwide statistics show

that more than 150,000 children disappear from their homes yearly. Information such as that contained on the child identification form can aid law enforcement agencies in locating a missing child.

The Child Identification Program is one of several community relations programs sponsored by General Telephone of the Southwest. Others being utilized in some locations are the Helping Hands Program where Parent Teacher Associations sign up block parents to display Helping Hands stickers in windows to assist youngsters who are lost or need assistance, the Child's Room Program administered by fire departments to place stickers on the window of a child's room to show fire fighters that a youngster is possibly in that particular room during an emergency, and Crime Watch Program in which local GTE employees report suspicious activities to police. Contact Rob Rutherford, public affairs manager, 915-646-0561, to determine the availability of GTE community relations programs in your area.

## Letters To The Editor

(EDITORS NOTE: The Haskell Free Press will publish letters to the Editor dealing with any subject. All letters must be signed but names will be withheld by request. All letters are subject to editing for length and liability.)

Dear Mr. Comedy:

For over a decade I have served on the Board of Trustees of a home for abused and neglected girls and boys located just outside Las Vegas. The children there have an unusual project each year recycling Old Christmas cards from which they earn extra pocket money... a project I hope you can help them with, by alerting your readers to save the fronts of attractive religious cards to send to St. Jude's Ranch for Children, P.O. Box 985, Boulder City, Nevada 89005-0985.

If you need additional information about this home, just write its director, the Reverend Herbert A. Ward, Jr., SSC. I am sure Father Ward will be happy to send you whatever materials you might be interested in having. And I am equally certain he will be grateful to receive the used Christmas card fronts from your readers (and even a

donation to help feed and clothe his youngsters if your readers are so inclined).

I appreciate your help in this appeal, and I know the children will love you for it.

Sincerely,  
Ed McMahon  
Board of Trustees

Dear Don,

On behalf of the Haskell County Unit of the American Cancer Society, I want to thank you and *The Haskell Free Press* for exemplary participation in the 1984 Great American Smokeout.

The unit especially appreciates you for editorializing your commitment to give up smoking for the day.

Special thanks to KVRP, The Dairy Queen, The Pizza Barn, Rodriguez Inn, the Haskell Memorial Hospital, the Experienced Citizens Center, Haskell Secondary students, The War Whoop, and the "prime time" players Mayree Hollis and Gaylin Langhofer at The Drug Store for adopting you, Joe Alves and Cliff Dunnam.

The event was a light-hearted attempt urging smokers to give up their habit for a twenty-four hour period. Hopefully the occasion caused some people to reconsider their health options.

Sincerely,  
Jo Cox  
Public Education Chairman

## TSTI Sets Dates For Winter Term

Winter quarter classes at Texas State Technical Institute in Sweetwater begin Nov. 29. Registration for all credit classes is Nov. 28.

TSTI is offering day and night classes in most programs. New students are being admitted into autobody repair, air conditioning and refrigeration, automotive mechanics, computer science, drafting, diesel mechanics, technical office training and emergency medical technician.

Night classes are being offered in electronics, computer science, autobody repair, refrigeration, automotive mechanics, drafting, technical office training and welding. A basic algebra class will also be offered at night.

All classes, except mig welding and algebra, meet on Tuesday and Thursday evenings. Algebra meets on Tuesday evenings and mig welding meets on Monday and Wednesday evenings.

Tuition and fees for a fulltime student are \$95.50 a quarter. Tuition for night classes is figured on a prorata basis.

Applicants should have a high school diploma or a GED and make arrangements to take the Differential Aptitude Test. The test is given every Monday and Friday at 9 a.m. and 1 p.m. in the TSTI Student Center.

For further information and a complete course schedule, contact the Public Information Office at 1-800-592-TSTI or (915) 235-8441.

Basketball season is here, and with it comes the ever present lambasting of the officials. But, let's face it, the season would not be any fun if the fans could not get at least one good shot in at the refs.

Each year, referees receive a new handbook which is supposed to clue them in to any changes which have taken place in the rules, mechanics, or calls from the previous year.

One such little known rule is that the backboards must be washed at least once a week. I feel it is imperative for you to know that this is only mandatory at schools which have janitors over 11 feet tall.

Having run across that bit of enthralling information, I thought it would be fun to just come up with a few more rules which seem, more or less, to make about as much sense that one. Here goes:

This year, referees will give out printed business cards, with their name, address, and phone number on them, so that irritate fans and coaches can call the officials up following the game to chew them out, instead of taking up game time to do it.

Any fan who is caught lambasting the officials this year will be sentenced to a week of cleaning out the locker room of the home team.

The official game ball will be round and orange in color, unless the host school can afford to buy those spiffy looking balls that are red, white, and blue.

Optometrists will be stationed at every game in the state this year, so that when fans accuse the officials of being blind, a professional judgement of that can be arrived at when the accusation is made.

The officials this year will be required to wear brightly colored uniforms, which will be made of printed, not striped, material, so they are no longer confused with escaped convicts. Even referees are innocent until proven guilty.

Each official will be issued a set of brass knuckles so that if the game takes a turn for the worst, he can FIGHT his way out. NOTE: In the event this should happen, every official is on his own, and the chapter assumes no responsibility for damages incurred by, or to, that official.

It will be mandatory that all officials this year take out life insurance prior to the beginning of the season. This is necessary if the brass knuckles don't get the job done. NOTE: Be sure your beneficiary info is up to date before going out to call a game!

By Janet Wilke

## Sesquicentennial Maps Sold

In conjunction with the Texas sesquicentennial, the Texas sesquicentennial press, in Austin is making available for purchase a set of three historical maps of Texas. Each art piece tells the story of Texas' independence, from the first shot fired at Gonzales to the battle of San Jacinto.

Each battle, the leaders, and the number of fighters on each side are printed on these maps, and they are the product of over three years of research and over 1,000 hours of artwork by cartographer Rick Hubbard. The researcher for this project was Texas historian John Davis.

Three prints will be sent for those purchasing the maps,

one will be the Texas in 1836, one of Texas 1845, and one of Texas 1986.

Each of the three maps is 42x52 inches.

Each piece will be issued with a certificate of authenticity, and the signed and numbered maps will be priced at \$450 per set, with the unsigned maps going for \$200

per set.

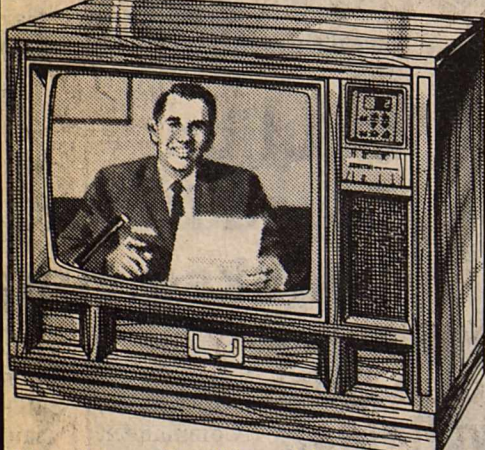

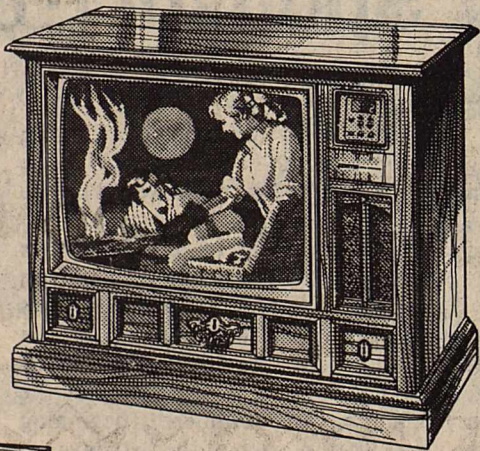

For those persons or businesses interested in securing a set of these maps, contact the Sesquicentennial Press, P.O. Drawer 3537-1836, Austin, 78764, or call 512-327-4777.

## When you wanted to talk about some change in CD rates, we listened.

Commodore Savings listens to its customers. That's why, when you told us you wanted a variable instead of a fixed CD maturity term, we heard you. And now, Commodore Savings gives you what you asked for: on any Commodore Certificate of Deposit - from our 32 day CD all the way up to a 5-year CD - you can pick your maturity term.

With a Star CD from Commodore Savings, you set the maturity date at 7 months...or 2 years and 3 months...or 1,713 days...[of any length CD you want up to 5 years.] And on each one, you'll receive the same high CD rates you always expect from Commodore Savings.

At Commodore Savings, we think listening is important. Because when you know how to listen, you know how to help with innovative ideas like our Star CD's. Come talk to us about opening a Star CD today.

We're Here To Listen. We're Here To Help.

# TEHA Clubs Hold Information Day

The Haskell County Council of T.E.H.A. Clubs met on Wednesday, Nov. 14th at the Porthole for their Information Day luncheon. Registration and coffee began at 10. At 10:30, Mrs. Betty Sanders presiding, the delegates to the State Meeting at San Angelo gave their reports. Mrs. Alice Yates, Mrs. Frances Fischer and Mrs. Margaret Wall gave the highlights of the State meet and the plans for programs to be given in 1985 to the clubs. A summary of Club achievements were given by the presidents of the four Haskell County Clubs. For the Eager Housewives Mrs. Burnett reported, for the Josselot Club, Mrs. Mildred Robertson, for Paint Creek,

Mrs. Frances Fischer and for Weinert, Mrs. Henrietta Rueffer. Joetta Burnett reported on the 4-H Scholarship given by the Council. This year's recipient is Kim Jones of the Rochester 4-H Club, and the scholarship is for \$300. The invocation was given by Mabel Overton, and the Mitchell's of the Porthole served a delicious buffet luncheon. Following lunch Judge B.O. Roberson presented the Gold Star award to the County Gold Star boy, Chad Ballard of the Rochester 4-H club. Mrs. Frances Campbell of Rule installed the officers for the 1985 year in a most impressive installation service in which she compared each

officer to an instrument in a symphony orchestra with the president as the conductor. Then she played a symphonic recording of "The Blue Danube Waltz" by Johann Strauss, and she said she hoped our year would be a harmonious as the symphony. The following officers were installed: President-Betty Sanders, Vice-President-Phylisia Bailey, Secretary-Mrs. Agnes Winchester, Treasurer-Mrs. Frances Fischer, Parliamentarian-Margaret Wall, Reporter-Mabel Overton, T.E.H.A. Chairman-Alice Yates and County Agent-Lou Gilly. Judge Roberson then announced that Mrs. M.C. (Cordie) Cunningham had been chosen Club Woman of the Year. Following the meeting the T.E.H.A. Council had their November meeting. It was decided to put our cookbooks on sale till Christmas. They will be \$5. Frances Fischer, Alice Yates and Mildred Robertson were appointed to serve as a committee for the Pecan Cake and Pie Contest. The Council will order cotten tote bags to sell to fatten up our poor, sad bank account.

## TURKEY DINNERS

The Paint Creek Future Homemakers of America recently collected donations of food for the needy. Enough food was donated by the students to provide four families with a Thanksgiving meal. Haskell merchants donated a turkey for each family. The families were selected through the Department of Human Resources in Haskell.

## Restored Houses May Not Be Eligible For Tax Break

COLLEGE STATION — Most Americans who rehabilitate historic homes and then occupy them are not eligible for special tax breaks, say Texas A&M University accountants. Dr. Larry Crumbley and graduate assistant Mary Casey point out people must first obtain certification that the house is either on the National Register or located in a city's historic district. Then they must rent out the renovated property or turn it into a business to realize tax breaks for rehabilitation. "The rules are spelled out in the 1981 Tax Reform Act that was recently re-approved by Congress," said Crumbley of Texas A&M's College of Business Administration. Crumbley suggests anyone in Texas interested in rehabilitating an old house and realizing tax breaks for the work should contact their historical society or the Texas Historical Commission in Austin.

# Twenty Twirlers Participate In Haskell Twirling Contest

Twenty twirlers of all ages, shapes and sizes converged on Haskell last Saturday for a twirling contest, which was sponsored by Roz Love, of Love's Baton Studio of Abilene; and with help from Band Director Carl Wilke and the Indian Band Boosters, who provided the concession stand. Judging the event were Meg Hedrick, of Abilene, who is an NBTA judge, Lana Reeves, a former McMurry twirler, and Kim Beauchamp, a former Haskell twirler. Mrs. Love, the coordinator, is a former twirler herself, who is a registered twirling teacher, and an NBTA judge. Participants from Haskell, Rising Star, Cross Plains, and Abilene took part in the contest. In this contest, which was conducted along the same lines as a studio contest, the participants were judged on their ability in modeling, basic strut, marching routines, twirling, dance twirl, duets, and team twirling. Each contestant was judged on a 100 point scale, in five areas of the competition. The girls were penalized for each time they had a baton drop. The scores of 90-100 made up

the first place winners. Those from Haskell who participated in the contest included Wendy Smith, Dala Harris, Holli High, Holly Reed, Heather Stewart, Jessica and Andrea Bridwell, Kimberly Skiles, Julie Nanny, Jamie Johnston, and Tonya Anderson. Erica Hollingsworth also competed from Rochester, but she takes her twirling lessons in Haskell. Mrs. Love said, despite the cost of twirling, which may run as high as \$700 per year for suits, batons, lessons, etc., the advantages of becoming a twirler far outweigh the costs incurred. "The biggest incentive that I can see about becoming a twirler is that it gives a girl confidence in all areas, they are able to fit into other areas of life better, and it helps their coordination, grace, and poise", Love explained. She also said she felt that the attributes which make good twirlers include their desire to be good, attitude, lots of practice, coordination, and showmanship. Mrs. Love has taught the Haskell High School and Junior High twirling lines for the past four years, as well as

many individual twirlers in Haskell and in this area. She has been a twirler from the age of nine, and as an instructor, she had Florida's state twirling champions in 1973, and the beginner state champs in Tennessee, in 1976. She has been an instructor for the past 17 years. Mrs. Love is married, and she and her husband, Jerry, who is a CPA, reside in Abilene.

## Applications Accepted For Miss Texas Teen

Applications are now being accepted from girls 13 thru 19 for the Miss Texas U.S. Teen Pageant. The Texas winner will receive \$250 in cash, 1 year college scholarship, all expense trip to the national pageant including airfare, jewelry, color portrait, crown, banner, trophy, and a host of gifts and products. In addition to the state title, awards will be given in leadership, friendship, and photogenic categories. The Texas pageant will be held at the North Park Inn in Dallas. Judging is based on poise, personality, school, and community involvement. Over \$100,000 in cash and tuition scholarships will be offered at the national pageant. Miss U.S. Teen will receive a 4 year college scholarship, Caribbean vacation, \$1,000 in cash, watch, jewelry, perfume, makeup, complete modeling portfolio, TV and personal appearances, crown, banner, trophy and a year of travel and excitement. The national

pageant will be video taped for television. For further information contact: Carole Clements, National Director, Miss U.S. Teen, P.O. Box 1229, Auburn, AL 36830 or call (205) 745-6875 IMMEDIATELY.

**Changes In Diet Unaffected By Cholestrol**

COLLEGE STATION — Most Americans can add as many as three eggs to their daily diet and not worry about higher cholesterol content or increased chances of getting a heart attack, say two Texas A&M University medical researchers. Dr. Barbara O'Brien of Texas A&M's Department of Biochemistry and Biophysics isn't suggesting that people eat more eggs; she simply thinks that the American Heart Association's diet recommendations on the subject are misleading for most people.

**Births**

Mr. and Mrs. Clark Richardson of Hillsboro, announce the arrival of their son, Trenton Clark Richardson, born November 13, 1984. Trenton weighed in at 6 lbs. 14 oz. and 19 1/2 inches long. Paternal grandparents are Becky Tubbs of Anson, and A.C. Richardson of Haskell.

# Haskell Garden Club Learns Therapeutic Values Of Gardening

"Working Together" was demonstrated by several club members as the phase was taken from the theme, "Let us work and grow together" for the Haskell Garden Club on November 8, 1984 as the

president Mrs. John E. Robison, presided. The program director, Mrs. J.O. Blankenship introduced Mrs. Mary Jennings, who is the director of the Haskell Training Center. Mrs.

Jennings said the Training Center is an outreach of the State School of Abilene and locally supported by the City and County and work directly under the Board of Directors of the city and county representatives. "We are a sheltered work shop", she continued, "that does contract work for various companies". They do all the leather wrap for Trammel Bit Company and currently have a contract with the Hallmark Card Company. Each client is paid for their work. They have eight clients who also work in garden therapy. It has been proven that garden therapy can improve one's health and help a person to relax. Mrs. Jennings said the booth at the Haskell County Fair has helped in their garden therapy programs. The purpose of horticulture therapy is the improvement of physical and mental health. It helps to prevent illness by the promotion of well being and helps the patient relax.

This was noted by the injured soldiers. Garden Therapy was started when

people were not able to pay their bills. It improved the looks of the grounds around the hospitals and improved the lives of the patients of recovery from illness in vocational rehabilitation. Mrs. Carolyn St. Clair, director of Community Services of Abilene State School came with Mrs. Jennings.

The garden club members read the club collect together and answered roll call with, "What I am most thankful for".

Nettie McCollum gave some pointers on bulb planting. She said not to plant in a long line but in clusters in order for them to be more attractive.

Mrs. Blankenship talked about landscaping, not to hide chimneys and not to plant in a straight row in front of the house but to allow each plant room to grow. Avoid framing the windows with shrubs.

Several members brought some good horticulture and the flowers were taken to The Haskell Nursing Home and to Rice Springs.

The hostesses were Juanita Rhea and Jackie Nemier.

# Top Cooks Named At District 4-H Food Show

New ways to prepare and serve some old favorites joined traditional recipes as 152 boys and girls from 21 counties exhibited their nutritional knowledge and cooking skills at the Rolling Plains District 4-H Food Show in Wichita Falls Saturday (Nov. 17). Four seniors advanced to the state competition next year.

Winners in the senior division of the contest, held at Sikes Senter (cq) Mall, were: Michelle Scoggins, Haskell County, main dish; Angie Partridge, Knox County, breads and cereals; Bobbie Brown, Kent County, fruits and vegetables, and Mitzi Welch, Foard County, nutritious snacks and desserts. Each received a plaque and ribbon in addition to advancing to the state contest.

Senior alternates, who will participate in the state event if the winners can't take part, were: Jan Posey, Fisher County, main dish; Audrey Kajs (cq), Foard County, breads and cereals; Jill Jennings, Haskell County, fruits and vegetables, and Lori Freemyer, Kent County, snacks and desserts.

Junior division winners and alternates in the four food categories also received ribbons and plaques, but don't compete beyond district level. Winners were: Jennifer Shaver, Haskell County, main dish; Robin Reneau, breads and cereals, and Missy Reneau, fruits and vegetables,

both Knox County; and Faye Mullino, Haskell County, nutritious snacks and desserts.

Alternates were: Barbara Franks, Wilbarger, main dish; Kim Gilly, Haskell, breads and cereals; Reece Walker, Throckmorton, fruits and vegetables, and Jae-Jae Reneau, Knox, snacks and desserts.

Other 4-H'ers from Haskell County and their awards were: Angela Hisey of Rule, blue award; Dalyn Gilly of Haskell, blue award; and Laurie Hester of Weimert, red award.

Each contestant had earned championships in their county to advance to the district meet, which was viewed by thousands of shoppers during the daylong competition.

The dishes were judged by panels of professional home economists and homemakers. Contestants were quizzed on nutritional values, preparation methods and costs of preparation.

This show is one aspect of the year-round foods and nutrition project in 4-H, explained Elaine Houston, district director with the Texas Agricultural Extension Service. 4-H is the youth development program of Extension.

She said the project helps youths learn the relationships between science, foods and nutrition, and food preparation, as well as food buying, managing time, use of energy, and food storage and safety.

MRS. ALEX SILVAS of Haskell announces the engagement and approaching marriage of her daughter, Tina Silvas Galindo, to William F. Bobadilla, II, son of Mr. and Mrs. Bill Bobadilla of Union City, Ca. The bride-elect is a 1973 graduate of Rule High School. She is employed by Sears, Roebuck & Co. in Abilene as a supervisor. The prospective bridegroom is a graduate of Logan High School and serves the United States Air Force as a security policeman at Dyess. The couple plans a March 23 wedding in Castro Valley Community Church in Castro Valley, California.

## Rochester Hobby Club

There was quite a hustle and bustle around Hobby Club when we were getting ready for the Quilt Show and Annual Bazaar, but nothing compared to the activity when Friday, Nov. 9th and Saturday, Nov. 10th rolled around. The kitchen was filled with cakes, pies, brownies, cookies and candies as the Bake Sale was in progress. But it was also draped with various quilts, bedspreads and quilt tops, all with a "For Sale" sign on them. All of the food moved out of our kitchen into

someone else's kitchen. And some of the quilts went home with new owners. Don't forget, however, that there are still some left if you decide to give one as a Christmas gift.

And speaking of Christmas gifts, many varieties of hand-made articles will be available from new-borns to the oldest person on your list. Many times we take orders for just the right size, color, etc. Our thanks to everyone who visited us the past week and helped us in any way. We had as good a time as you did.

Santa will be at Haskell

## Sears Catalog Store

Fri., Nov. 23—1 to 5 p.m.  
Sat., Nov. 24—11 to 2 p.m.

Harrell's Photography will be on hand to take your child's portrait with Santa.

\$5.00 plus tax

## Prices For Holiday Turkeys Are Higher

After two years of bargain prices for holiday turkeys, shoppers may be surprised to find that they cost more this year.

"Consumers can expect to find 20-25% higher prices for turkeys this year, says Dr. David Mellor, Texas A&M University Agricultural Extension Service poultry specialist. This year's wholesale price for standard 8-16 lb. hens is 81 cents compared to 63 cents last year, he adds.

Last year's lower prices were due in part to a plentiful supply of turkeys in storage. This year the excess supply is gone, although consumers won't have any trouble finding turkey in the supermarket, Mellor says.

To cut costs on thanksgiving or Christmas bird, Extension food and nutrition specialist

Dr. Alice Hunt suggests that consumers buy an un-basted, store brand turkey. Pre-basted store brand turkeys will cost more per pound than un-basted birds, and national brand pre-basted turkeys will cost even more, she says.

But turkey is still a good value, Hunt says, especially if you plan ahead to make good use of the leftovers. Smaller families or those who don't care for leftovers may want to consider purchasing a turkey breast or a boneless roast turkey for their holiday meal, even though these cost more per pound.

Whatever the cost of your holiday turkey, you'll be getting high quality protein for your money and relatively few calories, observes the specialist. An average 3 1/4 ounce serving of turkey has 190 calories. It's all the gravy and "trimmings" that make holiday meals high in calories, she adds.

### Hospital Notes

Visiting hours at Haskell Memorial Hospital are 2 to 4 p.m. and 7 to 8:30 in the evening. No visiting hours in the morning. No children under 14.

# Haskell FFA Members Participate In Area Leadership Contest

The Area Association of the Future Farmers of America held its annual Area Leadership Contest at Howard College in Big Spring, on November 17, 1984. There were approximately 300 vocational agriculture students and 50 vocational agriculture teachers,

representing 40 West Texas high schools, present for the contest and awards program, sponsored by Howard College. The primary aim and function of the Future Farmers of America organization is the development of competent, aggressive agricultural leader-

ship. Training students in scientific agriculture and agribusiness is not enough; they must be given an opportunity to develop their ability to think, to express their views, to defend their beliefs, to work together and to recognize and follow good leadership. As part of the FFA

Leadership Program, contests are held in parliamentary procedure, farm skills, farm radio and broadcasting, FFA quiz and extemporaneous speaking on agricultural subjects. Winners in each of these contests will participate in the State Contest to be held at Sam Houston State

University, December 3, 1984. Winners are as follows: Junior Chapter Conducting; 1. Anson, 2. Pecos, 3. Haskell, 4. Robert Lee, 5. Odessa. Senior Chapter Conducting; 1. Lamesa, 2. Wall, 3. Ira, 4. Clint, 5. Pecos. Junior Farm Skills; 1. Coronado-El Paso, 2. Lamesa, 3. Bronte, 4. Brownfield, 5.

Haskell. Senior Farm Skills; 1. Lamesa, 2. Ira, 3. Robert Lee, 4. Pecos, 5. Haskell. Radio; 1. Robert Lee, 2. wall, 3. Lamesa, 4. Lueders-Avoca, 5. Weinert. FFA Quiz; 1. Wall, 2. New Home, 3. Haskell, 4. Welman-Dawson, 5. Odessa.

Extemporaneous Speaking; 1. Haskell, 2. Weinert, 3. Sterling City, 4. Grandfalls, 5. Coronado-El Paso. Dr. Bob Riley, President; Lynn Walling and Dusty Johnson, Agriculture Instructors at Howard College, coordinated the

Awards Program and contests and presented FFA banners with the Howard College emblem to the winning teams. FFA Leadership contests are under the sponsorship of the Texas Education Agency, in cooperation with schools offering Vocational Agriculture.

VAL KING-EXTEMPORANEOUS SPEAKING WINNER

## Val King Places 1st In Extemporaneous Speaking

Val King, a member of the Haskell Chapter of Future Farmers of America placed 1st in the FFA Extemporaneous Speaking Contest at the Area Leadership Contest hosted by Howard College in Big Spring, November 17. Over 300 vocational agriculture students from 40 West Texas

High Schools participated in the FFA Leadership Contest. Each of the entries had previously qualified through District eliminations. Val is the son of Mike and Viola Wilcox of Rule. Pictured with Val are Vocational Agriculture Teachers at Haskell High School, James Bevel and Duane Gilly.

The purpose of the extemporaneous speaking contest is to develop the ability of FFA members to express themselves on a given subject without having to prepare or rehearse its content in advance. Each contestant is given 30 minutes to prepare their speech on an assigned agricultural topic.

First place winners will compete at the State Contest, December 1, at Sam Houston State University, Huntsville. FFA Leadership Contests are under the sponsorship of the Texas Education Agency in cooperation with high schools teaching Vocational Agriculture.

## Haskell FFA Quiz Team Places 3rd In Area Contest

The Haskell Chapter of Future Farmers of America placed 3rd in the FFA Quiz Contest at the Area Leadership Contest hosted by Howard College in Big Spring, November 17. Over 300 vocational agriculture students from 40 West Texas High Schools participated in

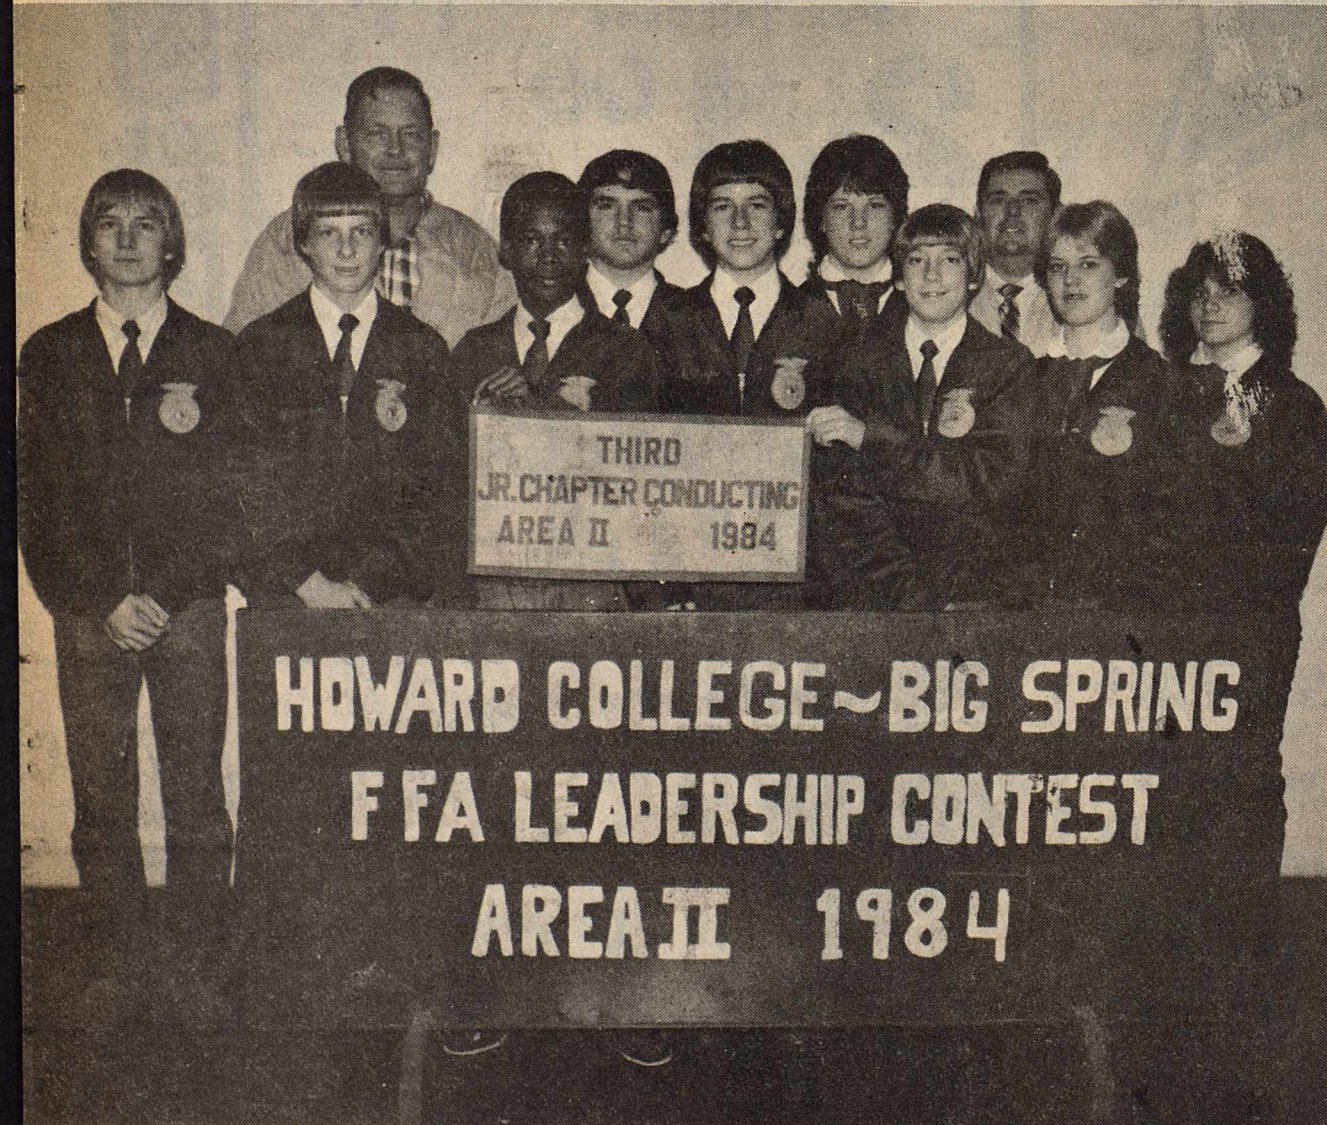

the FFA Leadership Contest. Each of the entries had previously qualified through District eliminations. Team members include: Kristen Campbell, Wayne Geilhausen, Tiffany Moeller, Leiza Morales. Also pictured include James Bevel and Duane Gilly, Agriculture

Teachers at Haskell High School. The purpose of the FFA Quiz Contest is to encourage a thorough knowledge of parliamentary procedure, promote a better knowledge of FFA and afford students with outstanding academic ability an opportunity to be

recognized. First place teams will compete at the State Contest, December 1, at Sam Houston State University, Huntsville. FFA Leadership Contests are under the sponsorship of the Texas Education Agency in cooperation with high schools teaching Vocational Agriculture.

HASKELL FFA QUIZ TEAM

JR. CHAPTER CONDUCTING TEAM

## Junior Chapter Conducting Team Places 3rd In Area

The Haskell Chapter of Future Farmers of America placed 3rd in the Junior Chapter Conducting Contest at the Area Leadership Contest hosted by Howard College in Big Spring, November 17. Over 300 vocational agriculture students from 40 West Texas High Schools participated in the FFA leadership Contest. Each of the entries had previously qualified through District eliminations. Team members include

Marty Decker, Bruce Geilhausen, Daniel Swann, Jason Whitehead, Kirk High, Donna Rowan, Steven Klose, Lori Peiser, and Shanna Mueller. Also pictured are James Bevel and Duane Gilly Vocational Agriculture Teachers at Haskell High School. The purpose of parliamentary procedure is to promote efficient meetings so that business can be transacted in an orderly manner. It is necessary that

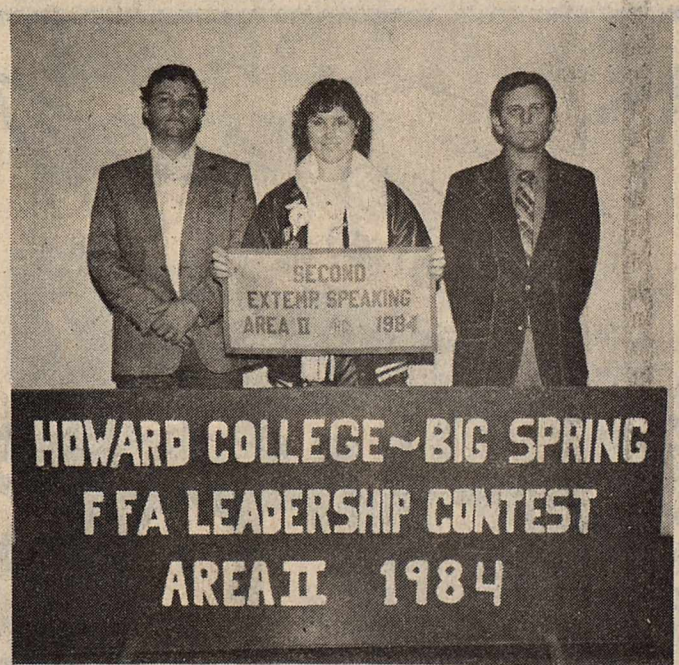

each member of the Chapter know how to take part in a meeting, how to conduct a meeting, and how to protect the rights of members so that the rights of the minority are protected while carrying out the will of the majority. A knowledge of parliamentary procedure will not only serve to strengthen the Chapter meetings but will provide the members with a valuable tool of leadership and participation in their chapter as well as in other

organizations in the school and community. Many of today's community, state, and national leaders are using the knowledge of parliamentary procedure learned in the FFA. First place teams will compete at the State Contest, December 1, at Sam Houston State University, Huntsville. FFA Leadership Contests are under the sponsorship of the Texas Education Agency in cooperation with high schools teaching Vocational Agriculture.

## Weinert FFA Teams Fare Well At District, Area Contests

The Weinert FFA Leadership teams fared well at the District and Area Leadership Contests last week. The Farm Radio and Greenhand Quiz teams placed first, and the Extemporaneous Speaker placed second at the Double Mountain District contests last Tuesday, qualifying them to compete at the Area II Contest at Big Spring on Saturday. At the Area Contest, they brought home a second place banner in Extemporaneous Speaking, placed fifth in the Farm Radio Contest, and sixth in the Greenhand Quiz Contest. Competing in the Extemporaneous Speaking was Kelly McGuire, daughter

of Mr. and Mrs. Budge McGuire. The Farm Radio Team consisted of Shannon Forehand, son of Mr. and Mrs. Chet Forehand, Stacy Hester, son of Mr. and Mrs. Jerry Hester, and Eric Turnbow, son of Mr. and Mrs. Woody Turnbow. The Quiz Team consisted of Mondy Mayfield, son of Mr. and Mrs. Tiffen Mayfield, Barry Walker, son of Mr. and Mrs. Jerry Walker, Shawnee Russell, son of Mr. and Mrs. Ricki Russell, and Kent Sanders, son of Mr. and Mrs. Kenneth Sanders. All of these students are members of the Weinert FFA.

### DONATION

Members of the Haskell Progressive Study Club recently presented a \$1,000.00 donation to the Haskell Memorial Civic Center. Accepting the donation from Study Club member, Sandy Horton, right, are Carolyn Everett and Abe Turner, assistant treasurer and treasurer, of the Civic Center Board.

## Varsity Maidens Face Seymour In Tues. Game

By Janet Wilke

The Maidens started the year Tuesday with a tough game against the Seymour Panthers, and according to Coach George Martin, the girls had their work cut out for them even before the game.

Prior to the Tuesday night game, the varsity squad lost one of their potential starters, Lori McGee, until after Christmas, with a broken thumb.

"Well, right now, she has a hard cast on her thumb, and the doctor said it would be after Christmas before she could come back," Coach George Martin lamented, Monday.

Starting for the Maidens Tuesday were five of these six players; Julie Roewe, post; Holli High, wing; Tamala Randle, wing; Jennifer Davis, Denise Young, and Holly McBroom.

Important bench strength

for this game and throughout the year will come from players like Denise Burris, Michelle Stout, Lorry Geilhausen, Stephanie Browning, Kelly Wallace, Patricia Henry, and Mindy Smith. While for the first game, these girls were not starters, they may at any time assume a starting spot.

Martin said the varsity would have to use their man-to-man effectively, press, keep their composure, and have patience against the Seymour girls.

Seymour, according to Martin, has a good ball club, with a good post game. It was the Maidens job to try to keep the Panthers to one shot, being effective under the boards getting rebounds.

Next Tuesday, however, the Maidens will have a chance to play the Seymour girls another time, as they will see action here at home in the first home game.

In other varsity girls action, the Maidens will be playing in the Seymour tourney Nov. 29-December 1, and then they will be on the road to Merkel, Dec. 4.

December 6-8, the girls will be involved in the Wylie tourney and will return home to play Munday Dec. 11. They will have the night off December 13, as the Eastland Rangers will be in Haskell to play two boys games, but will see action December 20 against Merkel, here as the last game prior to the Christmas break.

All basketball fans are urged to get out and support the Maidens, and the Indians, as they begin their season. These high school athletes need your support. Show them they are the home team anywhere they play!

## JV Boys See Action Against Seymour Tues.

By Janet Wilke

The Junior Varsity boys basketball team saw action against Seymour on Tuesday, and Coach Jim Mickler said they felt they would be able to contain the Panthers with Haskell's speed, and experience.

In comments prior to the game, Tuesday, Mickler said he would be starting Stephen Rodriguez, at point guard, with Ponciano Lopez and Lance Hanson playing wings, and Chris Lopez at post, along with Andy Griffith.

Of the five starters, Hanson and Chris Lopez are juniors and the other three are sophomores.

Of the Seymour team, Mickler said they would be a good zone team. They liked to trap.

On the bench for the Seymour game were juniors Scott Schaake, Michael Wallace, and Felipe Arredondo, and sophomores B.J. Mitchell, Jerry Davis, Scott Burris, Jeff Neal, Kelly Klose, Eduardo Nava, Jerry Hunt and John Wilson.

Mickler said prior to the Tuesday game, that he felt the Panthers would not be too hard to beat, but they could play a physical ballgame, and the home court advantage could well play a role in the game.

"They play in a small gym. The end walls are short, and if they really get on us, it will make it hard to throw in any long passes from the out of bounds line. Seymour also plays a good man-to-man defense," the coach commented.

Outstanding performers for the JV this year are likely to be Lance Hanson, a junior, who is the team's best outside shooter, according to Mickler.

"The Lopez boys always play well, and Griffith will be a plus for us in the rebounding dept., with Rodriguez (Stephen) being a big help because he can handle the ball

so well."

In non-district play, Munday seems to be the team to beat, according to Jim Mickler, and in the district, Mickler expects Anson to be their toughest competitor.

In upcoming JV games, the team will again face Seymour on Nov. 27 but they will be playing here in Haskell.

December 4, the JV will face Merkel on their home court, with the first JV game beginning at 4 p.m.

December 11, the JV will show off their skills against Munday, in the second home game of the year. This will begin at 4 p.m.

## Remembering all ...with thanks!

Thanksgiving...a traditional day of thankfulness for the blessings of a bountiful harvest. And, in the day to day working relationship in our lives, we here at Farmers National have many things to be thankful for.

One is our pleasant business associations with you, the people and the business community in which we exist. We hope that our association will continue in that same beneficent atmosphere for many Thanksgivings to come.

We will transact no business on Thursday, November 22th, in observance of this day of Thanksgiving.

# Holiday Season Brings More DWI

By Janet Wilke  
As the holiday season approaches with rapidity, so will there be an increase in the number of travelers on the state's roadways. Unfortunately, there will also be an increase in the number of intoxicated drivers on the highways of Texas, as well.

facts are that there are already changes taking place in a person's body with as little as .05% alcohol content in the blood.

Above .08% the ability to concentrate is impaired, and at .10% respiratory depression can occur. At .14% a person can lapse into a coma.

The average 150 pound person, whether male or female, can be affected by three ounces of any intoxicating substance when consumed within one hour's time. In other words, drinking three beers in an hour's time will cause the blood alcohol level in the body to reach the legal limit, or exceed it, which is .10%.

Of course, if a person is heavier than 150 pounds, the amount of alcohol he can consume before reaching the legal limit is higher. If a person is smaller than 150 pounds, the limit he can consume in an hour's time is less.

In January of this year, there were new, stiffer laws enacted that make DWI tougher to get by with.

Upon conviction of the first offense of DWI, a person could be assessed a fine of up to \$2,000 and be held in jail for up to two years. Probation may be granted but the

defendant must undergo a drug/alcohol dependency evaluation.

On the second offense of DWI, the fines range from \$300-\$2,000. Jail time can range from 15 days to two years, and probation is possible, but a three days jail term is mandatory. Alcohol and drug treatment may be a condition for probation.

The third offense of DWI is considered a felony offense, and fines range from \$500-\$2,000, with jail terms for as long as two years in the county jail or from 60 days to five years in the Texas Dept. of Corrections. Probation may be granted after a jail term of at least 10 days, and license suspension can be from 180 days to two years, just as it can be for the second offense of DWI.

For aggravated DWI (DWI conviction when another person suffers serious bodily harm as a result of the defendant driving while intoxicated), the following punishment schedule applies: on the first offense, the defendant can be assessed a fine from \$600-\$2,500, can be assessed a jail term of 63 days up to two years, and must serve a 30 day jail sentence as part of a probation condition.

On the second aggravated DWI conviction, the person faces fines up to \$2,500, a jail stay of up to two years, and a mandatory 30 days in jail.

The third conviction of aggravated DWI is considered a felony, with the fine ranging from \$1,000 to \$2,500, and confinement in jail can be for as long as two years in the county jail, or from 120 days to five years in the Texas Dept. of Corrections. Thirty days in jail is mandatory for probation.

According to statistics from the Dept. of Public Safety, last year there were 1,006 persons killed as the result of intoxicated drivers.

Of this number, 509 of the fatalities were drivers who were driving while intoxicated, 216 were passengers in vehicles driven by an intoxicated driver, 200 were victims of fatal accidents when someone who was DWI had a collision with their vehicle, and 73 were pedestrians who were struck by drunk drivers.

Thirty one percent of all fatal accidents in Texas last year were attributed to the use of alcohol. Twenty six percent of all fatal accidents which occurred in rural areas of the state were attributed to the use of alcohol.

The average age of an intoxicated driver who was involved in a fatal accident last year was 20-24. It is also a statistical fact that the highest incident of fatal accidents occurred in males aged 20 years than any other age group in Texas. The second highest incident occurred in males, 22 years old, and the third highest incident of fatalities occurred in males aged 24.

Ironic, isn't it, that these numbers also bear out the fact that the highest number of intoxicated drivers were aged 20-24. The most common time and days in which alcohol related fatalities occurred were on Saturday and Sundays, from midnight to 3 a.m.

The number of citations issued for DWI last year, in the State, exceeded 35,000. Out of that number, 891 were for fatal accidents.

In the rural areas of the state, the number of violations written up in accidents in

which alcohol was a factor ranged upward to 11,000. Over 560 of these were for fatalities.

During the 156 hour combined holiday season (Christmas/New Years) there were 49 fatal accidents in Texas, and 73 persons lost their lives. That comes out to two person dying every hour, for 156 hours.

Well, all of the statistics, laws, and rhetoric is fine and good, but what is being done about the drinking and driving problems in Texas?

In the next edition, we will look at a group of people who are taking the laws into their own hands...and hearts. They are not getting even, they are getting M.A.D.D.

## Paint Creek FFA Members Attend Meet

The Paint Creek FFA sent two Leadership teams to the Double Mountain District Leadership Contest November 13 at Hamlin High School. The teams were Quiz and Radio.

The Quiz team members were Rhonda Coleman, Gina Calk, Mary Martinez and Sophie Gonzales. The team placed 4th in the contest.

The Radio team was Keith Medford, Jamie Braly and Rob Mickler. The Radio team placed 5th.

# Thirty-Nine Honored At Gold Star Banquet

Thirty-nine outstanding members of 4-H Clubs in 21 Rolling Plains counties were honored here Tuesday night with the coveted Gold Star Award. And the youths were challenged by State Rep. Steve Carriker to put their citizenship into action by becoming involved in governmental affairs now.

Joining the youths at the awards banquet in the community building were parents, government officials, Extension leaders, fellow 4-H'ers, educators and other community leaders.

Honored from Haskell County was Chad Ballard, son of Mr. and Mrs. Don Ballard, of Rochester.

One way they can become involved, Carriker told the youths, is to make their opinions known to their legislators regarding House Bill 72, the so-called school reform act.

"It seems nobody is happy with House Bill 72, or at least no all of it," Carriker said. But he stressed that the legislation, which regulates extracurricular activities more strictly than in the past, "is the law of the land, and we have to work with it." He noted that he didn't vote for the bill because he foresaw some of the problems which have resulted in numerous complaints about its rules.

He said that the special committee appointed by Gov. Mark White to draft the reforms failed to solicit the opinions of one very important group of concerned citizens, the students. "Education is for you, our young people... We need your input,"

Carriker said. He urged the youths to write their legislators and express their views honestly.

Carriker said one shortcoming of the bill is its failure to recognize "the extreme value of extracurricular activities." He noted that the committee which proposed the changes made many criticisms of the state educational system as not challenging enough to students.

"In my own extracurricular activities like 4-H, we have a challenging experience. That's why you're a Gold Star recipient."

He said the legislature will try to enact some amendments to the bill in the next session which "will recognize the importance of those activities and reward you for participating in them."

Mistress of ceremonies was Marianne Brown of Throckmorton County, president of the Rolling Plains District 4-H Council. Guests were welcomed by Kit Horne of Abilene, farm and ranch supervisor for West Texas Utilities Co., which sponsored the banquet.

The awards were presented by Ed Garnett and Mrs. Elaine Houston, district directors with the Texas Agricultural Extension Service of the Texas A&M University System. Four-H is the youth development program of Extension.

Other 4-H'ers on the program were Stacy Reeves, Kent County; Paula Kajs (cq), Foard County; Jennifer Wright and Ricky Spencer, Fisher County, and Scotta (cg) Masterson, King County.

# Money Matters

A Series Of Informative "Plain Talk" Thoughts Regarding Your Money Matters

## Certificates Of Deposit

Because of the recent deregulation of banks we are now able to offer more options to the customer interested in investing in Certificates of Deposit.

The rules regarding minimum deposit requirements have changed. Many C.D.'s now have lower minimum deposit requirements. Under the new rules you can practically create your own C.D. There are short, medium, and long term C.D.'s which offer you, the investor, the flexibility you need with today's economic conditions.

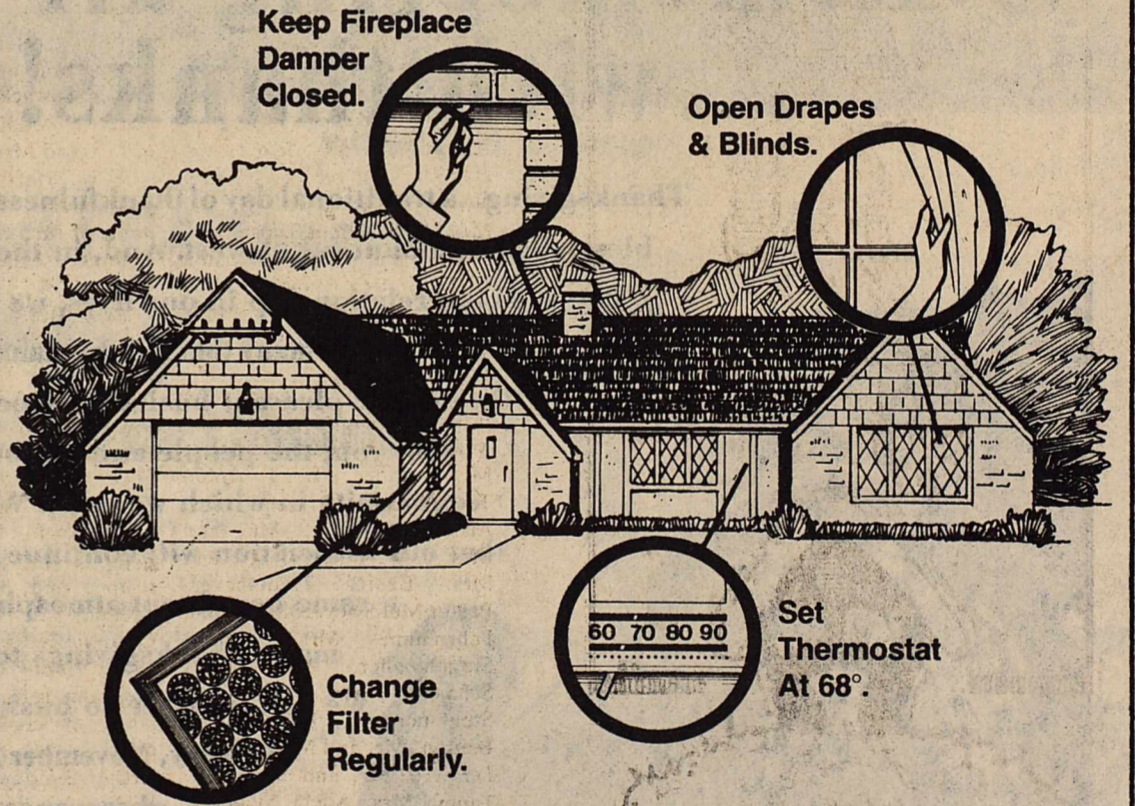

There is a substantial penalty for early withdrawal on Certificates of Deposit.

We Think Money Matters!

## Help Keep Winter Heating Costs Down By Following These Suggestions

Remember how cold weather caused your energy costs to go up last winter? Well, West Texas Utilities has a few simple suggestions that will help you keep energy costs down this winter.

- Tightly close the damper in your fireplace when you're not using it. The same draft that is needed to help make a fire burn could circulate through your fireplace and pull warm air out of your home.
- Keep drapes and blinds open during the day so the sun's energy can help warm your home. Be sure to close them on cloudy days and at night so they can serve as added insulation against the cold.
- Set your thermostat at 68 degrees or lower during the day. Turn it down at night and even lower when you leave home for any extended period of time. Every degree you lower your thermostat will help to increase your energy savings.
- Check the filter in your heating unit regularly. Cleaning or replacing a dirty filter will often make a difference in your systems performance. Also, make sure air vents aren't blocked by furniture or drapes.

## Finnell To Attend Pre-Legislative Event

In preparation for the convening of the 69th Texas Legislature on January 15, Rep. Charles Finnell, D-Holliday, will be attending the "Pre-Session Legislative Conference" hosted by the University of Texas LBJ School of Public Affairs in Austin. The three day conference provides an orientation for new legislators and an opportunity for incumbents to meet the new representatives.

members are women. On December 3, Finnell will attend the Prelegislative Conference of the West Texas Chamber of Commerce. Serving 132 counties, it is the largest regional chamber of commerce in the U.S. Rep. Finnell is an elected director. Chairman of the House Committee on Retirement and Aging, Finnell will rank fourth in House seniority of 150 representatives.

As a result of the November 6 general election, there are 32 new members in the Texas House of Representatives. The 1985 House of Representatives will consist of 97 Democratic members and 53 Republican members; 12

Need a tax break? Why not give to the **Haskell Co. Ambulance Memorial Fund?** Your contribution will be tax deductible, and it will go to aid in the upkeep and future of the ambulance service in Haskell. By your giving, you allow others to benefit. Please give!

## Sagerton News

Mrs. Velma Lou Hertel spent Tuesday night with Mary Hertel, played 84 and 1 really won this time. Dinner guests last Sunday was Mr. and Mrs. Kenneth Hertel of Hamlin in the home of Mrs. Velma Lou Hertel.

Mrs. Carl Hertel of Rule visited in the home of Mrs. Velma Lou Hertel on Tuesday. Brad Ulmer and David Tiemy spent the past weekend with Brad's grandparents Mr. and Mrs. Alvin Ulmer.

Erna Hanson of Stamford, Essie Frizell of Raton, New Mexico, Elsie Federicia of Santa Fe, New Mexico and Betty White of Tucomaie, New Mexico visited Mr. and Mrs. Alvin Ulmer Tuesday.

Mr. and Mrs. Winston Ulmer of San Antonio visited recently with Winston's parents Mr. and Mrs. Alvis Ulmer.

Those who attended the Friendship Club last Thursday were Mr. Herbert Lammert, Mr. and Mrs. Anton Teichelman, Mr. and Mrs. Arthur Knippling, Mr. and Mrs. G.W. Lefevre, Mr. and Mrs. Buster Tredemeyer, Pastor Mel Swoyer, Mrs. Lillie Lehmann, Mrs. Louise Stegemoeller, Mrs. Lena Schaake, Mrs. Henrietta Stegemoeller, Mrs. M.Y. Benton, Mr. and Mrs. Delbert LeFevre, Mr. and Mrs. J.B. Toney, Mrs. Adela Niedieck, Mrs. Carrie Bredthauer, Mrs. Ione Sheid, Mrs. Izetha Clark,

Mrs. Glyn Quade, Mrs. Lillie Handrick of Albany, Mrs. Alvena Holle, Mr. and Mrs. Alvin Bredthauer, Mr. Clarence Stegemoeller, Mr. and Mrs. Reece Clark, Mr. and Mrs. Alvin Ulmer, Mrs. Frieda Quade, Mrs. Velma Lou Hertel.

Mr. and Mrs. Jimmy Teichelman and boys had lunch in the home of Mr. and Mrs. Herbert Teichelman.

Mr. and Mrs. Cecil Bamuback spent the weekend in the home of Mr. and Mrs. Ernest Lowack also attended the 60th wedding anniversary of Mr. and Mrs. John Letz.

Mrs. Martha Macon of Stephenville visited in the home of Mr. and Mrs. James Gellner several days last week.

Mrs. Martha Macon, Mrs. James Gellner, Mrs. Alice Bredthauer visited in the home of Mrs. John L. Brooks last Thursday.

Carolyn Schur of West Texas Utilities had a Christmas program on decorations and holiday delights of kitchen tested recipes and decorations, on Tuesday at 7:30 at the Community Center sponsored by the Hobby Club. After the program, refreshments of all kinds of cookies, hot tea, punch, was served to Mrs. Arthur Knippling, Mrs. Hilda Kieke, Mrs. Buster Tredemeyer, Mrs. Herbert Stremmel, Mrs. Gladys

Martin, Mrs. J.B. Toney, Mrs. Delbert LeFevre, Mrs. Lola Toney, Mrs. David Letz, Mrs. Wilma Teichelman, Mrs. Bernice Wenderborn, Mrs. Kathy Teichelman, Mrs. Alvin Bredthauer, Mrs. M.Y. Benton, Mrs. Alvin Ulmer, Mrs. Glyn Quade, Mrs. Frieda Quade, and Mrs. Reece Clark.

Mr. and Mrs. John Letz celebrated their 60th wedding anniversary at the Faith Lutheran Church Fellowship Hall Sunday afternoon from 2 until 4 o'clock. There was a nice crowd of people there.

Mrs. Odine Dudsing, Mrs. Adela Niedieck ate supper in the home of Mr. and Mrs. Herbert Williams Sunday night.

Erna and Walter Schaake, Mr. and Mrs. Arthur Knippling had lunch in the home of Mr. and Mrs. J.B. Toney Sunday.

Those who played 84 in the home of Mr. and Mrs. Arthur Knippling Wednesday night was Mr. and Mrs. Leonard Kieke, Mrs. Adela Niedieck, Mr. Herbert Lammert.

Those who helped Lewis Corzine of Stamford celebrate his birthday were Mr. and Mrs. Gene Teichelman, Mr. and Mrs. Leonard Kieke, Mr. Herbert Lammert, Mrs. Velma Lou Hertel, Mr. and Mrs. J.B. Toney, Mr. and Mrs. Arthur Knippling, Mrs. Adela Niedieck. Games of 84 were played.

## Haskell Nursing Center News

Tuesday morning ladies from the Methodist Church brought a devotional and sing-a-long for residents. Rev. Mike Struve brought the devotional. Arnolia Foote played the piano and Grace Montgomery led the singing. Winnie Hiebert read a poem. Those attending the program was Dora Montgomery, Elva Kunestler, Mabel Turnbow, Clara Gary and Laura Overton. Everyone enjoyed the devotional and afterwards, hot chocolate was served to company and residents.

A decoration of Thanksgiving turkeys were made by the Fourth Grade students of Haskell Elementary School and donated for table decorations for the Home. They are very colorful and help to brighten the dining room. Thank you boys and girls of the Fourth grade from residents and staff.

Rev. Hodges, Elaine Hodges, Ceclia Lopez and Quinette Hammons were here Wednesday afternoon for a singing and devotional.

Colene Moody, Fannie Hargrove, Linnie Hickman, Willamet Oliphant, Eva White, Lectra Thomason, Pauline Williams, Mona Gibson and John McDermott attended the East Side Baptist Church Luncheon. The tables were decorated with colorful Thanksgiving decorations. The menu was made up of many home cooked dishes. John McDermott sang a selection of special Gospel Songs with Eleanor Blohm

playing the piano. Everyone attending enjoyed the program and fellowship with friends and members of the East Side Church. Maxine Grand and Mabel Mullings were here Friday morning for a program of singing and Bible study. Colene Moody was the accompanist for the music program.

Music Fun was presented by Laura Overton Friday afternoon with residents and visitors joining the program. The services Sunday morning was brought by the Methodist Church. Mrs. Winnie Heibert gave the devotional with nine of the ladies accompanying her for the program and devotion.

Visiting Eva White Sunday were her sons Floyd White of Ft. Worth and Lloyd White of Littlefield and her daughter Rordell Roberson of Rochester and Myrtle Townsend of Rochester. Delia Tidrow and Delia Petrick visited several residents of the Home.

Visiting L.J. Dunn was Danny Payne, Sherry, Daniel, Glenda, Rachel Payne, and Mrs. W.O. Irvin also Malinda Payne.

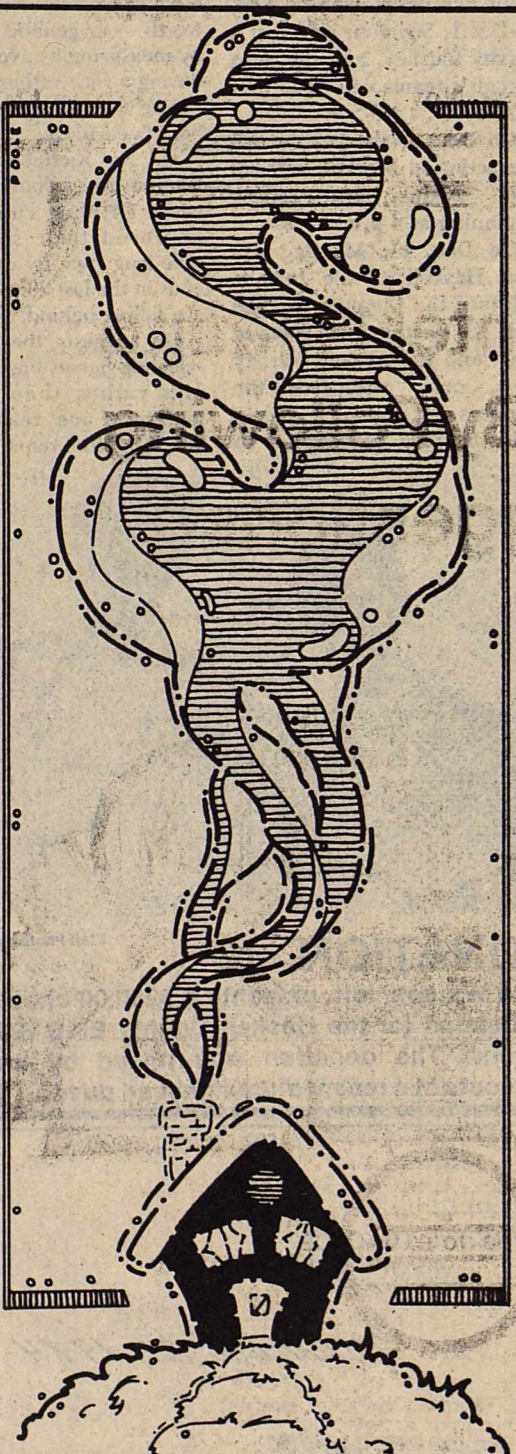

Frank Welsh from

Oklahoma City visited Maud Welsh. Mr. and Mrs. W.H. Patterson from Rochester visited A.J. Patterson.

Mr. and Mrs. Ed Bagwell from Gorman visited A.J. Patterson. Mona Gibson, Activity Director, Marsha Whittemore, Director of the Experience Citizen Center and Willie Berryhill Ombudsman for West Texas Council of Government attended the Alzheimers Disease Educational Seminar Saturday at Abilene Christian University in Abilene. The disease is a progressive debilitating and inevitably fatal disease that affects an estimated 24 million American adults; therefore, it is important that society become educated to the facts of this dreaded disease. Research is now beginning to be done by doctors and medical science to find the cause and means of treating the patient. Society needs to help support the education and research of this fatal disease which effects most victims that are over 65.

Low cost Classified Ads will bring positive results fast. Try them.

### WHY SPEND SO MUCH TO KEEP WARM?

Get a gas furnace. Gas furnaces save money. In fact, if you're heating your home with a non-gas system and you switch to high-efficiency gas heat, you'll cut your operating costs in half. Sound too good to be true? Believe it. Because high-efficiency gas furnaces operate for half the cost of non-gas systems. And compared to older gas models, that are 60% efficient, new high-efficiency furnaces are 83 to 96 percent efficient. And most come with a twenty-year warranty. So you can save on heating costs for years to come. Don't spend too much to keep warm. Get a gas furnace.

# Indian Starters Named For Opener

**By Janet Wilke**  
Coach Jim Raughton named the five starters who saw action Tuesday as they traveled to Seymour to begin basketball play.

Starting as post for the Indians this year is Shane Hadaway, a senior, who has three years of varsity experience. He is joined by Robert Ivey and Todd Harris, the wings, both of whom are three year lettermen for the team. David Adams is the

point guard and a two year letterman, and Steven Boyd plays post and is a two year letterman.

Bench strength comes from Sammy Baker, a junior, who will be playing post, Carl Dever, a senior, at wing, Tim Johnson, a junior at point guard, and Kelly Strickland, a junior at post.

In an interview with Coach Jim Raughton, prior to the Seymour game, which was played Tuesday night, the

coach said he was hoping to see the Indians control the tempo of the game.

"Seymour will play a 2-3 zone, they will probably not press us, and they will most likely have a good inside game," said Raughton.

The Panthers were supposed to have two good post players coming off of the bench from last year. They also have one returning letterman in Chris Gilstrap, 5'10".

According to Raughton, the Indians had to hurt Seymour with their press, and they had to be consistent in the way they played the Panthers.

"We have to keep the turnovers to a minimum, we have to get the ball to Shane (Hadaway), and we have to control the quickness of the game," summarized Raughton. He also added that he hoped the team could move the ball quickly up and down the court against the Panthers.

Another player, who Raughton hopes will be coming back to help the team after recovering from a knee injury, will be Ricky Rojas, who will see action at wing. He is expected to be out another four weeks.

In the strengths dept., the Indians have to look at Shane Hadaway as their mainstay for the year. However, Robert Ivey and Steven Boyd are expected to come along and lend a hand with the duties this year as well.

"A plus about this team is that they have played together for such a long time, and they all know what to do next, and what their teammates are going to do next," Raughton said.

The Indians are coming into this year with a 20-6-5 record from last year. They were regional qualifiers last year in basketball, falling to Morton in the playoffs.

In the weakness dept., Raughton laments that the team is not as tall as he would have liked for them to be.

"We are small, and we have some inexperience benchwise, but I feel that we are ready to play, and we will just have to see what happens," concluded the coach.

In varsity play, the boys will be seeing action Nov. 27 against Seymour again, but the advantage of the home court will be theirs as the game will be in Haskell. Nov. 29-Dec. 1, Seymour will host a varsity tourney, and the boys and girls teams will be in that tourney.

On Dec. 4, the varsity will see action in Merkel, with all four teams in action, beginning at 4 p.m.

On Dec. 11, Munday will visit Haskell as the Indians will face the Moguls, and the Dec. 13, Eastland will come to town and the JV and Varsity boys, only, will face the Rangers.

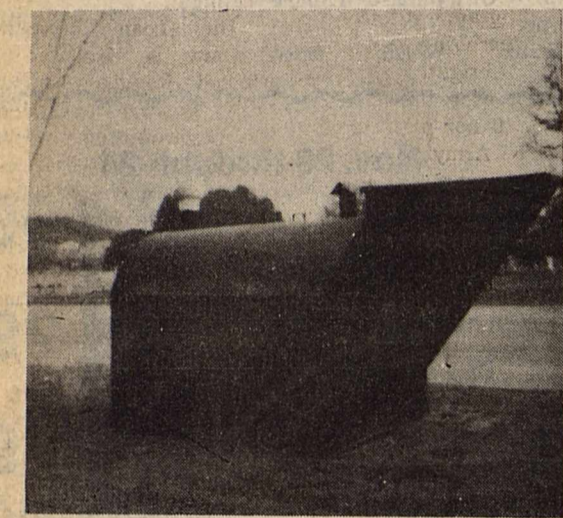

In the final game prior to the Christmas break, the Indians will play Merkel, here, beginning at 4 p.m.

**Texas A&M scientists devise new method of rating race horses**

Texas A&M University animal scientists are developing a new method of measuring a horse's worth — or genetic capacity — by measuring its average speed during a race rather than computing the value based on the horse's earnings.

Dr. Nat Kieffer and doctoral student James Pounds point out while Olympic runners have improved their speed for a mile-long race by over 13 seconds in the last 30 years, horses are falling behind.

He suggests the method of selecting horses based on earnings rather than on speed might be one reason horses haven't gotten much faster.

## JV Maidens Play Seymour On Tuesday

**By Janet Wilke**  
Tuesday night, the Junior Varsity Maidens team kicked off their year with a game against the Seymour girls, and in an interview with their Coach W.L. "Blue" Holt, prior to that game, we received the following story.

Probable starters for the JV

Maidens will be Pam Weise, Robyn Struve, Lori Peiser, Rhonda Adams, and DeShawn Lewis.

Relying on their bench strength, the starters will be backed up by the following girls: Janie Villa, Gloria Villa, Barbara Spiewak, Emily Camacho, and Rebecca

Flores.

Coach Holt also said that the JV might also carry with it five or six freshman girls, but that decision had not yet been made.

On the offensive game, the Maidens will be running a two-game offense against a man-to-man defense. Defensively, Coach Holt said they would be running a full court press whenever possible, and use the man-to-man defense.

Against the Seymour girls, Holt said the team would be looking for a good team in Seymour.

In non-district play the Seymour team was noted as the toughest contest the JV has and in district play, Coach Holt said that they would be faced with two equally tough teams, in Hamlin and in Hawley.

The JV Maidens have good size this year with posts Pam Weise and Robyn Struve. Peiser will serve as point guard, with Lewis and Adams wings.

If the JV team has a weakness, Coach Holt said it would be in their lack of quickness.

"We need to control the boards because we are not the best shooting team around. We need to get those rebounds so we can re-shoot the ball again," commented the coach.

The most promising players on the JV this year may be the juniors Pam Weise and DeShawn Lewis.

"DeShawn is probably our best shooter," said Holt of the junior girl, who is returning after an absence from the team.

As for the team, Coach Blue Holt says they will be competitive with anyone they take the court with this year.

### YARD SIGN

Not wanting to leave Coach George Martin out and to get revenge for this secret idea for yard signs, the Haskell Maidens presented him with his own yard sign last Friday. The 1½-foot yard sign bears a striking resemblance to him except Coach Martin said he doesn't wear a hat. Recently mothers of the Maidens made yard signs for their daughters. Coach Martin initiated the idea and helped to keep the secret from the girls. "We really appreciated what the mothers and Coach Martin did for us, and we are glad to know that somebody is backing us," Jennifer Davis, varsity player, said.

### TAX PLANNING

by Richard E. Rodgers, CPA

#### TAX REFORM ACT OF 1984

On July 18, 1984, President Reagan signed into law the foot-high document called "The Tax Reform Act of 1984." The purpose of the tax act is to raise an estimated 50 billion dollars of revenue in an attempt to reduce the federal deficit. The law involves hundreds of provisions, and is so detailed and complex that it has been referred to as the "Tax Complexification Act of 1984." Here are the provisions that will affect the most individual taxpayers:

- Income averaging will benefit fewer people because the computation basis has changed.
  - Below market and interest-free loans will now have income tax as well as gift tax implications.
  - Property settlements in divorces will no longer have income tax consequences. Alimony rules and dependency exemption rules in divorce situations are simplified.
  - Earned income credit for low income families is increased to a maximum of \$525 (up from \$500).
  - Maximum gift and estate tax rates were scheduled to drop from 55% to 50% in 1985. The new law delays the drop. The maximum rate will remain at 55% through 1987 and will drop to 50% for 1988 and thereafter.
  - The recent court decision that public housing agency bonds were exempt from federal estate tax had been reversed by statute. Such notes will now be subject to estate tax.
  - The long-term capital gain and loss holding period is reduced from one year to six months for assets acquired after June 22, 1984.
- Your tax planning must now be done under a new set of rules. Contact your tax advisor to learn how the new tax act applies to your individual situation.

## Army Offers College Degree Completion Program

"The Army College Degree Completion Program, or 2+2+2, is a new Army recruiting incentive designed specifically for those who have earned an Associate Degree or the equivalent of 60-semester hours of college credit at an accredited school," stated Lt. Col. George D. Featherston, Jr., commander of the Army Recruiting Battalion headquartered in Dallas.

Featherston is responsible for Regular Army and Army Reserve recruiting activities in 75 counties in north central and west Texas.

"The 2+2+2," Featherston said, "stands for a two-year Associate Degree or equivalency, a two-year enlistment in the Army, and two-years ROTC credit for the Army experience."

This program continues the Army's recruiting efforts to obtain bright, young applicants. More than nine out of every 10 non-prior service Regular Army enlistees during the past recruiting year had, at a minimum, a high school diploma.

"The 2+2+2 package includes an enlistment for two years in the Army, an offer to participate and receive up to \$20,100 in the Army College Fund for continuing education, entry promotion to Private First Class with the opportunity for a follow-up promotion after one year of Army service, and credit for ROTC Military Science level 1 and 2," Featherston continued.

"I don't want anyone to quit school to join the Army," Featherston related. "The Army has the technological advantage and the corresponding leadership and managerial challenges that demand educated, mature soldiers."

"In addition to the new 2+2+2 package, the Army has other education related incentives," Featherston concluded. "The Army College Fund offers from \$15,200 to \$26,400 for continuing education depending on applicant qualifications and length of enlistment."

"The Loan Repayment Program is available for selected Regular Army or Army Reserve enlistments. This program repays selected student loans based on each year of successful completion of the enlistment contract. The maximum student loan repayment is set at \$10,000 for an Army Reserve enlistment but is unlimited for a three-year tour in the Regular Army."

"It is obvious that the army is concerned with obtaining educated and motivated new soldiers. The incentives we offer are geared to continuing education in addition to professional training in more than 300 fields, the opportunity for travel, and," Featherston added, "the chance to 'Be All You Can Be.'"
