# City sets hearing on taxes

A public hearing on the City's proposed tax rate increase is scheduled for Thursday, Aug. 20.

The meeting will be at City Hall, beginning at 7 p.m.

The City is proposing a tax rate increase of 13.63 cents per hundred dollars of assessed value, a 61-percent increase over the present rate of 22.37 cents.

Of the extra money the tax increase would generate, the City is proposing to use \$50,000 to finance the seal-coating of City streets and \$23,500 to grant pay raises to full-time City employees.

About 25 citizens showed up last Tuesday at a meeting when councilmen considered the budget. Councilmen Darrell Smith and Kenny Watson voted to increase the tax rate, Claude Payne voted against the increase and Robert Kramp did not vote.

Councilmen also discussed an alternative to the tax increase in the form of a \$4 monthly increase in the basic water rate. This, they said, would bring in approximately the same revenue as the proposed tax hike.

Citizens are being asked to voice their opinions by completing and submitting a survey form which appears in an advertisement on page 5 of this issue of The Free Press.

## Dr. McSmith opens practice

Dr. Bill McSmith, Haskell's newest physician, began practice Monday morning at the new Hospital Clinic.

He was in Austin last week where he passed an examination for a temporary license to practice medicine in Texas.

He joins Dr. Joe Thigpen in the recently opened clinic, which is located just south of the Haskell Memorial Hospital.

Dr. McSmith is not yet authorized to treat patients under Medicare. He has made application for a provider number which will allow him to do so. Neither is he a member of the staff of the Haskell Memorial Hospital. His application to join the staff will be acted on next week.

Dr. McSmith moved to Haskell from Tucson, Ariz., where he completed his residency in June.

## Dr. Cadenhead sanctioned

Dr. Frank Cadenhead has received a two-year sanction which will exclude him from receiving payments under the Medicare program. The sanction is effective Aug. 18.

Originally, the Texas Medical Foundation, the peer review organization for Medicare, had recommended a 10-year suspension

for the Haskell physician. The Inspector General upheld the recommendation, but reduced the suspension to two years.

The TMF also has recommended a one-year suspension for Dr. Wayne Cadenhead, but no final action has been taken on that recommendation.

## Comedy heads WTPA

Free Press publisher Don Comedy was installed Saturday night as president of the West Texas Press Association.

He assumed the presidency during the annual summer convention of the association, held in Embassy Suites in Abilene.

He succeeds Lynn Brisendine, publisher of the Brownfield News, as president of the WTPA.

Comedy's father, Bill Comedy, served as WTPA president in 1977-78.

Rep. Rick Perry (D-Haskell) and Rep. Ric Williamson (D-Weatherford) discussed the recent special legislative session and the new tax bill with the publishers.

Haskell postmaster Joe Alves discussed the new forms being used by the post office for second class mail audits.

## College students to register

Registration for fall classes at the Haskell extension center of Western Texas College will be Tuesday (Aug. 18) in the Haskell Elementary School cafeteria.

Classes will begin Aug. 27 and end Dec. 9.

Courses on the fall schedule will include Criminal Justice 132 and 138, English 131, Government 232, Human Development (Student Advisement) 001, History 131, Physical Education 211 (Body Conditioning and Beginning Racquetball), Developmental Math 002, Intermediate Algebra 132 and Psychology 231.

Anyone wishing more information about registration and fall classes should contact Bill Blakley, coordinator of the center, at 864-2891.

## Football

### 13 lettermen among 38 prospects

Thirteen lettermen were among 38 Haskell High School athletes who greeted football coaches when pre-season practices began Monday morning.

New head coach Nelson Coulter said he was impressed with what he has seen so far. "They have a good attitude," said the coach.

He also said that the seniors on this year's team are anxious to have a good year, and he believes their leadership will be a positive influence on the team.

Returning lettermen include

Patrick Perez, Chan Guess, Derrick Billington, Mark Young, Paul Harvey, Fred Shaw, Stephon Brockington, Michael Mendoza, Louie Torres, Matt Lane, John Halliburton, Marty Martinez and Bo Watson. All were starters during all or part of last season. Their ranks will be bolstered from a good looking crop from last year's junior varsity.

One of the first assignments of Coulter and his staff will be to find replacements for some top hands who graduated last year. Andy Griffith, an

all-district selection on both offense and defense, has departed via graduation. So has guard Joey Thomas, as well as Johnny Castillo, Steven Rodriguez, Joel Torres, Edward Nava, Jeff Neal and Ponciano.

The Indians began two-a-day practices Monday, gathering at 8:30 a.m. and 6:30 p.m. This schedule will continue through next week. A scrimmage here with Aspermont is tentatively set for Friday of next week at the conclusion of the two-a-day drills. Another scrimmage against Bronte will probably take place the following week.

The Indians will play the same teams they met last year. They open Sept. 4 at Munday and then play Holliday here, Electra here, Quanah there and Knox City here on successive Friday nights before wading into the district schedule.

The district slate starts at Hamlin on Oct. 9, and is followed by games against Albany here, Stamford here, Hawley there and Anson there.

Two other new coaches, besides Coulter, have joined the Indian staff this year. Walter Hargrove, who coached last year at Hamlin, is the defensive coordinator and will also work with the offensive line. Randy Stone, formerly of Paint Creek, will coach the defensive secondary and offensive ends.

They join two returning coaches, Jimmy Lisle who is coaching defensive ends and offensive halfbacks, and George Martin who is working with the offensive and defensive lines.

## School registration schedule announced

Pre-registration for secondary school students will be Monday through Friday of next week, Aug. 17-21.

Registration for classes will be Friday, Aug. 28.

Students have been mailed schedules for the new school year. Those who wish to make changes in their schedules will need to attend the pre-registration.

Pre-registration for seniors will be Aug. 17, juniors on Aug. 18, sophomores on Aug. 19, freshmen on Aug. 20, eighth-graders and seventh-graders on Aug. 21. Freshmen, sophomores, juniors and seniors will pre-register between 9 a.m. and noon on those dates. Eighth graders will

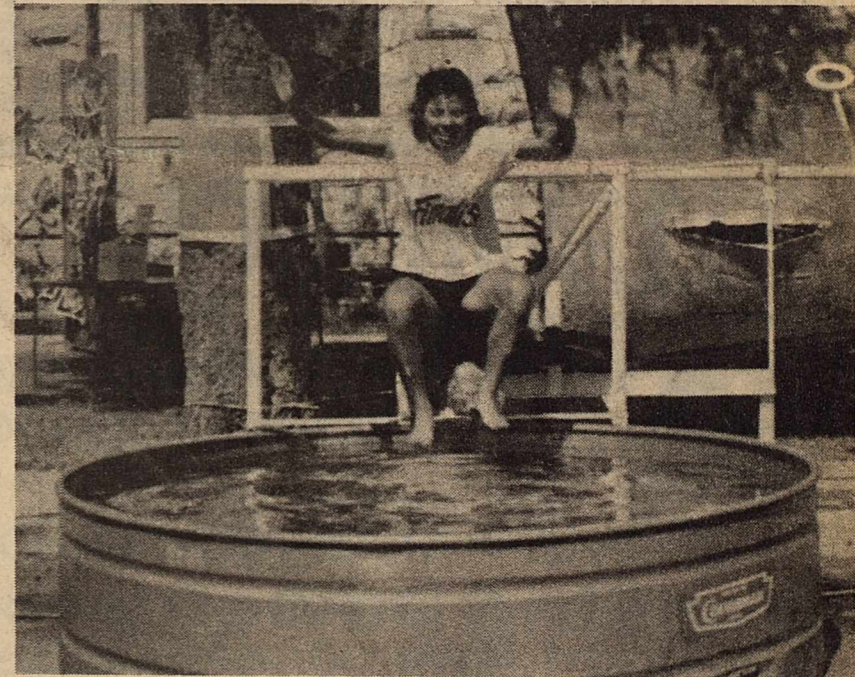

pre-register between 9 a.m. and noon

and seventh graders between 1 and 3 p.m. Registration for classes in the secondary school library on Aug. 28 will be at the following times: seniors, 9 to 10 a.m.; juniors 10-11 a.m.; sophomores, 11-12 a.m.; freshman 1-2 p.m.; eighth graders, 2-3 p.m.; seventh graders 3 to 4 p.m.

### County hearing

The Haskell County Commissioners Court has scheduled a public hearing on a proposed tax increase.

The meeting will begin at 1:30 p.m. Tuesday in the Commissioners Court room in the courthouse.

## Sales tax receipts up nearly \$1,000

An upturn in local business was noted this week when the City received a check for \$19,423.60 as its monthly share of sales taxes collected in Haskell.

The check represented an increase of approximately \$1,000 over the \$18,435.36 received in August of last year.

Most Texas cities were not so fortunate. Neighboring Stamford, for instance, saw its collections drop to \$19,113.84, compared to \$21,192.55 for the same period last year. Seymour dipped to \$18,218.67, compared to \$23,859.89 in 1986.

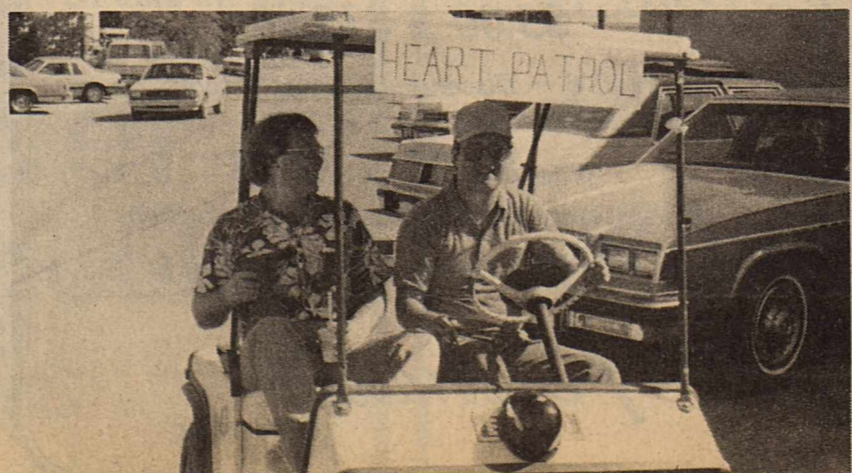

So far this year, the City has received \$100,668.33. For the same period in 1986, the City had received \$111,264.20, or 9.52 percent more.

August checks represent taxes collected on sales in June and reported to the State Comptroller by July 20.

Rule received a check for \$3,318.05, Rochester got \$892.79, Weinert \$458.45 and O'Brien \$360.96.

All Haskell County communities have received \$124,118.45 so far this year, a drop of 13.37 percent from last year's figure of \$143,281.55 for the same period.

## Klose, Hise marry Saturday

Sheila Diane Klose and Lonnie Alan Hise were united in marriage at 3 p.m. Saturday, Aug. 8, in a double ring ceremony at the East Side Baptist Church in Haskell.

The ceremony took place before an arch of everlasting tapers and greenery with white doves. On either side of the arch stood spirals of everlasting tapers and baskets of white and blue flowers.

The Rev. Darrell Feemster, pastor of East Side Baptist Church, performed the ceremony. The scripture reading was presented by the Rev. Victor Andersen of Trinity Lutheran Church of Haskell.

The bride was escorted to the altar by her father and was given in marriage by her parents, Jerry Don and Phyllis Klose.

The groom is the son of Bill and Geraldine Baker of Wichita Falls and the late Lonnie L. Hise.

The bride wore a formal gown designed by William Cahill. The gown was of white chiffon over taffeta with alencon lace appliques, seed pearls and crystal iridescence. Her Queen Ann neckline was point de espie netting accented with beaded lace appliques. Her gown had a fitted bodice which also was heavily appliqued. A full skirt and cathedral length train enhanced the formal gown. Crystal pleated silk organza

ruffles complimented her train.

The veil had a crown of seed pearls and crystal iridescence. Her silk cascading bouquet was made of white daisies accented with blue roses and highlights of pastel pink. She wore a white leaf pen that belonged to her great-grandmother for something old. Her dress was something new. Something borrowed was a mother-of-pearl inlaid Bible belonging to Mrs. S. Hassen. Something blue was her garter.

Shelly Bitner of San Angelo served as maid of honor. The matron of honor was Julie Bruno of Weatherford, cousin of the bride. Stephanie Browning of Lubbock and Jana Norville of Seymour served as bridesmaids. The attendants' tea-length dresses were blue and pink pastel floral print, with fitted bodice, puffed sleeves and full gathered skirt, accented at the back with a bow. They carried bouquets fashioned after the bride's. Jenny Brzozowski served as flower girl and was attired similarly.

The groom wore a black tux with tails and a white shirt and black cummerbund and tie. He wore a boutonniere of white daisies with blue accents.

Best man was Albert Sherman of Lubbock. Serving as groomsmen were Bill Lanier of San Angelo, Barry Tidrow of Lubbock, cousin of the groom, and Joseph Toliver of Haskell. Ring bearer was Coy Hise of Lovington, N.M., nephew of the groom. They were dressed in black tuxedos with blue cummerbunds and ties.

Ruth Ann Klose, organist, and Ellen Rieger, pianist, played traditional wedding songs. Holly McBroom of Austin sang "Long and Lasting Love" and "Through the Eyes of Love." Paul Cox of College Station joined Holly to sing the duet "To Me."

Felicia Klose of Austin, cousin of the bride, registered guests as they entered the church. Steven Klose of Haskell, brother of the bride, Lance McNeely of San Angelo and Allan Hise of Oak Harbor, Wash., nephew of the groom, served as ushers. Candlelighters were Steven Klose and Lance McNeely.

A reception was held in the

Sheila (Klose) Hise

fellowship hall immediately following the wedding service. The bride's table was covered with pastel blue underskirt overlaid with Brazilian linen woven with coconut hair. The three-tiered wedding cake was decorated with white icing, silk daisies, blue and pink flowers and baby's breath. Yellow slush punch, mints and nuts were served from silver appointments. The groom's table had the same coverings and served cheese balls, crackers, German chocolate cake and coffee.

Members of the house party were Jackie Fannin, Paige Phillips, Christi Terrell and Lynette Welch, all of San Angelo.

Birdseed bags were passed out by Jason Hise of Munday and Beau Klose of Haskell, nephews of the groom, and Alicia Hise of Oak

Harbor, Wash., niece of the groom.

The bride is a graduate of Haskell High School and is attending Southwestern Oklahoma State University. The groom is a graduate of Haskell High School and Angelo State University where he received a bachelor of science degree in physical education. He is employed by Cherokee Supply Co. in Weatherford, Okla.

After returning from a honeymoon trip to Las Vegas, the couple will reside in Weatherford, Okla.

Parties honoring the couple were held in the home of Hugh and Barbara Peiser of Haskell and in the home of Shelly Bitner and Paige Phillips of San Angelo. There was a dorm party at Southwestern State University and a bride's luncheon in the home of Linda Burson of Haskell.

## Fields Museum committee meets

Fields Museum Committee members met July 29 for their annual reporting and planning session. They met in the living area of the museum.

Trustee Peggy Vaughter presented the 990 PF financial form. Members observed and praised past accomplishments and discussed plans for future events in October 1988.

Present were committee members Mary Kaigler, Nettie McCollum, Mary Helen Fouts, Erma Liles and Peggy Vaughter.

# DeValle, Walker vows exchanged

Leisha Del Valle and Jerry Don Walker were united in marriage at 6 p.m. Aug. 1 at the First Baptist Church in Weinert. The Rev. Donnie Crump officiated at the double-ring ceremony.

The bride was escorted to the altar by her father and was given in marriage by her parents, Carl (Dale) and Charlene Del Valle.

The groom is the son of Jerry L. and Doris Walker of Weinert.

The bride's gown was of candlelight ivory satin and featured a Sabrina neckline trimmed with hand applied point d'espirit lace roses. Delicate cultured pearl beads highlighted the lace roses scattered over the bodice and skirt of the gown. The princess style skirt extended to a demi cathedral train and was trimmed with a ruffle of re-embroidered lace roses.

Wendy Del Valle of Lexington, Va., sister-in-law of the bride, served as honor attendant.

Shelley Judd of Haskell was bridesmaid. Jessica Nicole Frazier and Kayla Brittney Del Valle, nieces of the bride, were flower girls.

The attendants' long dresses were in the bride's chosen colors of burgandy. Silver ribbons and slippers

completed their attire.

The bride wore the traditional six-pence in her shoe, which was borrowed from her uncle, David Larned. An antique, lace trimmed linen handkerchief, belonging to her maternal grandmother, Juanita Cunningham, was attached to her cascade bouquet of burgandy and silver roses.

The bride's accessories were her diamond earrings and a diamond dinner ring belonging to her Aunt Azile Larned. Also, she wore a diamond necklace belonging to her Aunt Denia Cunningham.

Barry Walker of Weinert, served as his brother's best man. John Turner of Haskell was groomsman. Ushers were Ed Del Valle of Rule, Bruce Del Valle of Lexington, Va., Stacey Parrott of Wichita Falls and Rick Hacker of Knox City. The groom and his attendants were attired in silver grey tuxedos.

A reception was held in the Fellowship hall after the ceremony. The bride's table was laid with lace tablecloths over burgandy undercloth. A three tiered wedding cake, burgandy punch and finger sandwiches were served by Denia Cunningham, Azile Larned and Vickie Bullard. Silver and

Mr. and Mrs. Jerry Don Walker (Sue's Photography)

crystal appointments adorned the table.

The groom's table was laid with a neutral colored cloth with a brown woven runner down the middle. A chocolate cake, hand made mints and nuts were served on brown pottery

ware by Debbie Crump. Coca Cola was ladled from a large old fashioned churn crock by Cindy Parrott and Deena Hacker.

After a wedding trip to Padre Island, Corpus Christi and San Antonio, the couple will be at home in Haskell where he is a deputy sheriff of Haskell County.

In the 10 years between 1970 and 1980, the state with the largest percentage gain in population was Nevada, with 63.8 percent.

## How to write a personal letter

By Garrison Keillor, author of the best selling books *Happy To Be Here*, and *Lake Wobegon Days*.

We shy persons need to write a letter now and then, or else we'll dry up and blow away. It's true. And I speak as one who loves to reach for the phone, dial the number, and talk. I say, "Big Bopper here—what's shakin', babes?" The telephone is to shyness what Hawaii is to February, it's a way out of the woods, and yet: a letter is better.

### Such a sweet gift

Such a sweet gift—a piece of hand-made writing, in an envelope that is not a bill, sitting in our friend's path when she trudges home from a long day spent among wahoos and savages, a day our words will help repair. They don't need to be immortal, just sincere.

She can read them twice and again tomorrow. You're someone I care about, Corinne, and think of often and every time I do you make me smile.

We need to write, otherwise nobody will know who we are. They will have only a vague impression of us as a Nice Person, because frankly, we don't shine at conversation, we lack the confidence to thrust our faces forward and say, "Hi, I'm Heather Hooten, let me tell you about my week." Mostly we say "Uh-huh" and "Oh really." People smile and look over our shoulder, looking for someone else to talk to.

So a shy person sits down and writes a letter. To be known by another person—to meet and talk freely on the page—to be close despite distance. To escape from anonymity and be our own sweet selves and express the music of our souls.

Same thing that moves a giant rock star to sing his heart out in front of 123,000 people moves us to take ballpoint in hand and write a few lines to our dear Aunt Eleanor. We want to be known. We want her to know that we have fallen in love, that we quit our job, that we're moving to New York, and we want to say a few things that might not get said in casual conversation: Thank you for what you've meant to me, I am very happy right now.

### Skip the guilt

The first step in writing letters is to get over the guilt of not writing. You don't "owe" anybody a letter. Letters are a gift. The burning shame you feel when you see unanswered mail makes it harder to pick up a pen and makes for a cheerless letter when you finally do. I feel bad about not writing, but I've been so busy, etc. Skip this. Few letters are obligatory, and they are *Thanks for the wonderful gift* and *I am terribly sorry to hear about George's death* and *Yes, you're welcome to stay with us next month*, and not many more than that. Write those promptly if you want to keep your friends. Don't worry about the others, except love letters, of course. When your true love writes *Dear Light of My Life, Joy of My Heart, O Lovely Pulsating Core of My Sensate Life*, some response is called for. Some of the best letters are tossed off in a burst of inspiration, so keep your writing stuff in one place where you can sit down for a few minutes and *Dear Roy, I am in the middle of an essay for International Paper but thought I'd drop you a line. Hi to your sweetie* too dash off a note to a pal. Envelopes, stamps, address book, everything in a drawer so you can write fast

when your pen is hot. A blank white 8" x 11" sheet can look as big as Montana if the pen's not so hot—try a smaller page and write boldly. Or use a note card with a piece of fine art on the front; if your letter ain't good, at least they get the Matisse. Get a pen that makes a sensuous line, get a comfortable typewriter, a friendly word processor—whichever feels easy to the hand.

Sit for a few minutes with the blank sheet in front of you, and meditate on the person you will write to, let your friend come to mind until you can almost see her or him in the room with you. Remember the last time you saw each other and how your friend looked and what you said and what perhaps was unsaid between you, and when your friend becomes real to you, start to write.

### Tell us what you're doing

Write the salutation—Dear You—and take a deep breath and plunge in. A simple declarative sentence will do, followed by another and another and another. Tell us what you're doing and tell it like you were talking to us. Don't think about grammar, don't think about lit'ry style, don't try to write dramatically, just give us your news. Where did you go, who did you see, what did they say, what do you think?

If you don't know where to begin, start with the present moment: *I'm sitting at the kitchen table on a rainy Saturday morning. Everyone is gone and the house is quiet.* Let your simple description of the present moment lead to something else, let the letter drift gently along.

### Take it easy

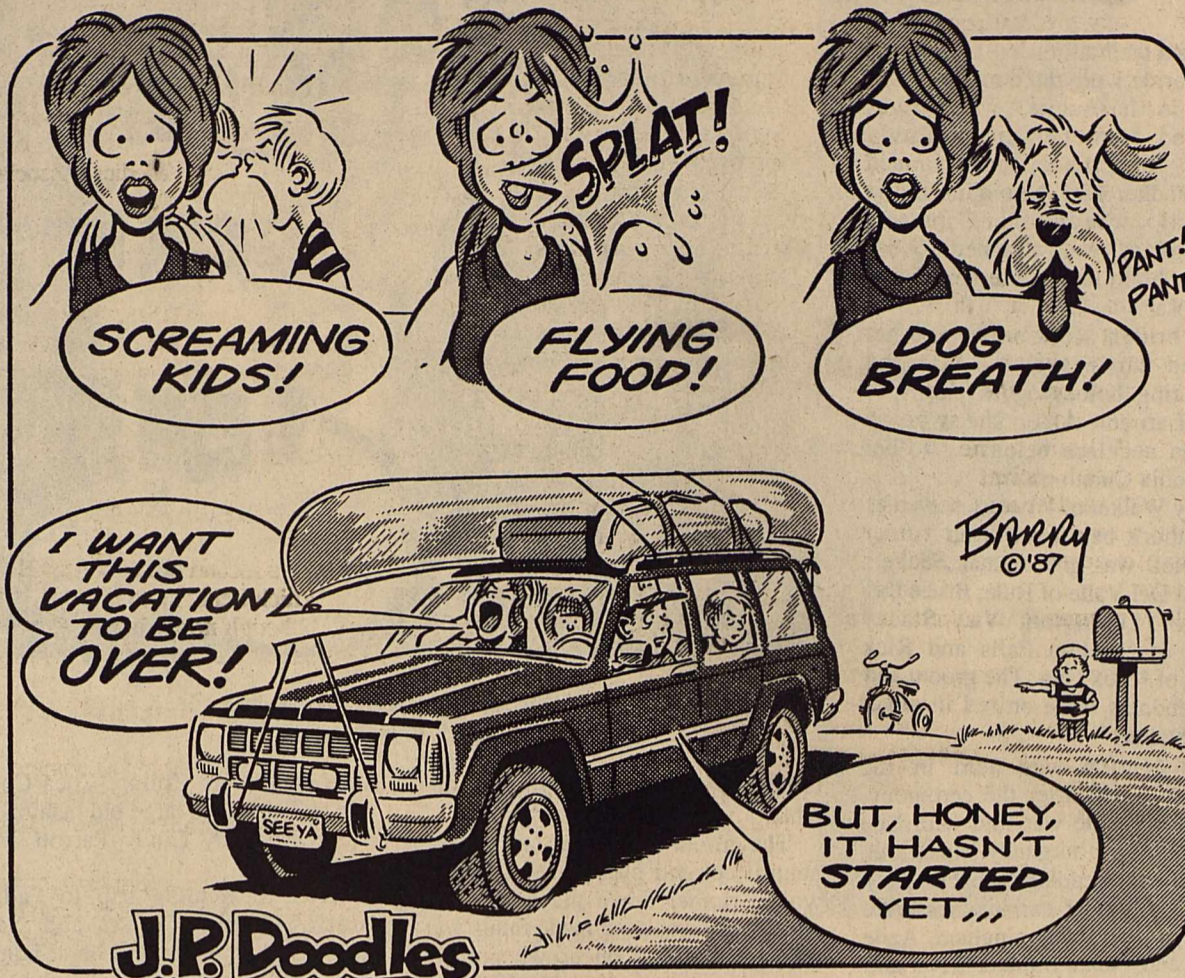

The toughest letter to crank out is one that is meant to impress, as we all know from writing job applications; if it's hard work to slip off a letter to a friend, maybe you're trying too hard to be terrific. A letter is only a report to someone who already likes you for reasons other than your brilliance. Take it easy.

Don't worry about form. It's not a term paper. When you come to the end of one episode, just start a new paragraph. You can go from a few lines about the sad state of rock 'n roll to the fight with your mother to the fond memories of Mexico to your cat's urinary tract infection to a few thoughts on personal indebtedness to the kitchen sink and what's in it. The more you write, the easier it gets, and when you have a True True Friend to write to, a *compadre*, a soul sibling, then it's like driving a car down a country road, you just get behind the keyboard and press on the gas.

### An object of art

Probably your friend will put your letter away, and it'll be read again a few years from now—and it will improve with age. And forty years from now, your friend's grandkids will dig it out of the attic and read it, a sweet and precious relic of the ancient Eighties that gives them a sudden clear glimpse of you and her and the world we old-timers knew. You will then have created an object of art. Your simple lines about where you went, who you saw, what they said, will speak to those children and they will feel in their hearts the humanity of our times.

You can't pick up a phone and call the future and tell them about our times. You have to pick up a piece of paper.

E. Denson was in town with a load of melons Tuesday. He sold the largest, which weighed 59 pounds, to S. K. Simmons for 30 cents. The melons were grown by Mr. Denson's son, Luther, on Wild Horse Prairie.

Sunday night burglars broke into the Wichita Valley Railroad depot here and blew open the iron safe with dynamite or nitroglycerine and secured about \$140 from it.

W. T. Weaver, E. O. Chapman and R. B. Guess, all of Bell County, have purchased homes and farms out of the old Ed Whitaker Ranch northeast of town.

### Senator Lloyd Bentsen Watching Washington

The Senate had concluded business one night this summer, and I was walking out of the Capitol with a colleague from a Northeastern state. He told me he had finally voted with me on an oil matter.

"Well," I replied, "wisdom has come to you a little late, but we're delighted to have you."

Thanks to him and a number of others, the Senate agreed that night to make repeal of the Windfall Profit Tax part of the trade bill. It was the second time since July 31, 1986, that the Senate has voted against this tax.

House members—who stopped our repeal provision dead in its tracks last year—included no such provision in their version of the trade bill this year.

When the House-Senate conference committee meets to iron out differences in the bills, I will be Chairman of the Senate conferees and will do all I can to send the President a trade bill that includes repeal of the windfall profit tax.

We will again face formidable opposition, but I am hopeful we will prevail.

I am encouraged by the progress we have made so far in demonstrating the dangers of depending too much on other nations for the energy that keeps our nation going. Recent events in the Persian Gulf underscore these dangers.

It also is appropriate that this provision is part of the trade bill. At a time when our trade deficit has reached unprecedented levels, this tax adds to the problem by encouraging dependence on imported oil.

By adopting incentives for energy exploration and production in this country, we can increase our energy self-sufficiency. Repeal of this tax can make a difference, though this action in no way constitutes a national energy policy.

In addition to discouraging dependency on foreign oil, repeal of this tax will also help relieve both the domestic industry and the federal government of the burdensome red tape involved in collecting it. Total administrative costs associated with the tax are estimated at more than \$100 million a year.

Texas has provided nearly half the nation's total revenues from the windfall tax. In recent years, though, the price of oil has dropped so low that there is little if any "profit" to tax. In fact, projections show the government will receive as little as \$50 million total from the windfall profit tax between 1987 and 1991. That would be far less than the costs of administering the tax.

Enactment of additional incentives for domestic oil production will continue to be a top priority for me as I work to improve our nation's energy self-sufficiency.

Certainly, energy matters—including repeal of this tax—are important not just to producing states such as Texas, but to our national security as well. It helps that more and more of my colleagues from non-producing states are starting to realize this.

By repealing this tax, we will have taken an important first step. Then we will need to put the other elements of a national energy policy in place so we can hold the line on foreign oil dependence.

That's vital for our national security, and that means Texas and every other state.

BY WENDELL FAUGHT

TV ads tell us what medicine to take "when we haven't got time for the pain."

But what are we to do on those long weekends when we have plenty of time?

No supply siders is Richard Rhorer Hill who is one of 149 men and women who have declared themselves as candidates for president in 1988.

The Houston man says he would give every U. S. citizen a check for \$50,000. He also says he would eliminate the Internal Revenue Service, release all non-violent prisoners and ask Mexico and Puerto Rico if they would like to join the Union.

He's an old hand at politics. He also was a candidate for president in 1980 and 1984.

A few issues back I mentioned something about a number of products which are used for purposes other than those originally intended.

I don't think Louis E. Repaci of the WD-40 Company in San Diego reads The Free Press, but last week he did send an interesting piece of information:

"The WD-40 Company receives hundreds of letters a year from customers with some interesting, and odd, stories to tell. Fishermen across the country are claiming WD-40, when sprayed on bait and lures, attracts all kinds of fish from trout to shark.

"A Wisconsin resident swears WD-40 saved his life when he applied the familiar lubricant to a stuck car door to free himself from his rolled car. Minutes after his escape, the car ignited.

"Others have discovered more humorous uses for the product. One industrious woman, fed up with squirrels stealing feed from her bird feeder, applies WD-40 to the feeder pole so the squirrels slip and slide while the birds dine undisturbed.

"A San Diego musician uses WD-40 on his guitar strings to prevent premature deterioration, and a Santa Barbara resident sprays WD-40 on used typewriter ribbons to get 'back in the black'.

"Consumers enjoy the fact that WD-40 removes price tag and sticker residue, dried chewing gum and road dirt from whitewall tires. If applied correctly, it can even help clear a jammed garbage disposal.

"Sports enthusiasts use WD-40 to lubricate and protect bicycles, skates, skateboards, water skis and golf clubs.

"Home gardeners also praise the benefits of using WD-40 on lawn mowers, wheel barrows, edgers and other garden tools.

"WD-40 is commonly used to lubricate squeaky door hinges, loosen nuts and bolts and clean and protect tools."

Repaci says he would like to hear from anyone who has an unusual use for "this familiar lubricant, penetrant, rust preventative, moisture displacer and cleaner."

What's in a name department: The chili cookoff in San Marcos Sept. 18-20 is called the "Republic of Texas Chilympiad."

Last Wednesday's Dallas News reported this interesting statistic:

Baltimore shortstop Cal Ripken hasn't missed an inning since May 29, 1982. Here is a partial list of what Americans have done during that time:

1. Built 9,000 new nuclear weapons.
2. Robbed 55,000 banks.
3. Wrote 37 million letters to President Reagan.
4. Smoked 159 trillion packs of cigarettes.
5. Smashed 93 million cars and trucks.
6. Gave birth to 185,000 pairs of twins.
7. Drank 312 billion cans of beer.

Another quote from an Abilene television station weather report: "It (temperature) is not likely to get above three digits tomorrow."

At least it was accurate. It got only 99, or 901 degrees short of the "above three digits" figure.

# —Letters to the Editor—

To the merchants of Haskell and chairpersons:

The third annual Summer Sizzler was a tremendous success. Thanks to all of you for helping. There were many of you who helped for several weeks and we appreciate that. We also deeply appreciate who stepped in at the last minute to help when some of us were out of pocket.

Summer Sizzler was a great way for us in Haskell to make our neighbor towns aware of how much we appreciate their business and their friendship.

Haskell is a special place to live and have a business. We have proven it this last weekend.

Thanks for all the hard work put into making the Summer Sizzler a huge success, and especially we thank those who came and those who participated.

## Liability crisis

Editor: Even though both the regular and special sessions of the Texas Legislature are over, the fact that in certain parts of the state Texans are finding it increasingly difficult to get the medical care they need proves the medical liability crisis is not over.

In a recent informal survey, the Texas Medical Association found that some hospitals and physicians in 18 TMA county medical societies have limited obstetrical care because of the rising cost of professional liability premiums or fear of a lawsuit. In addition, some hospitals and physicians in 11 county medical societies totally have eliminated this service due to similar reasons.

Through the efforts of TMA and others, the legislature took the first step toward alleviating the crisis and establishing a more fair and stable tort liability system. Also in the regular session, the legislature imposed sanctions against frivolous suits and limited the liability exposure for physicians who contract with the Texas Department of Health or who provide volunteer work for non-profit corporations. Sadly, the net effect on the cost of medical liability insurance is likely to be minimal.

TMA also strongly supported and helped to pass legislation that strengthens the disciplinary hand of the Texas State Board of Medical Examiners. Mandatory reporting of substantive disciplinary actions and immunity from retaliatory lawsuits are just some of the measures enacted to deal effectively with negligent or incompetent physicians.

But the legislature failed to act on a proposed constitutional amendment to validate the medical liability limits originally enacted in 1977. In addition, we believe that the Texas Supreme Court would find ways to preempt the purpose of the amendment even if Texas voters approved it in November.

It is clear that the Texas Supreme Court, not the Texas Legislature, is writing our tort laws. While we recognized going into the 70th session of the legislature that the courts had been broadening and inventing theories of recovery, we believed that the legislature was the proper place to write and pass legislation. But when it comes to tort laws, this apparently is not the case.

Physicians want persons who are harmed to be fully compensated. Upholding the medical liability laws passed in 1977, which places a cap on liability awards, excluding the cost of medical care, does this. Under this law, persons still can be compensated for items which cannot be quantified, such as pain and suffering. But a reasonable limit would apply so that the legal system, which is designed to redress wrongs, can continue to serve Texans that need it. The Texas Supreme Court's systematic overturning of most of the 1977 liability laws threatens this system,

and the health care system Texans have come to enjoy and expect.

Texas physicians will do their best to continue to care for their patients despite a legal system that has made it increasingly difficult to predict and therefore stabilize liability insurance premiums. TMA will continue to work for a fair and stable system that allows access to both the courts and to a quality health care system.

## My drive

Editor: I'm writing this with fear and trembling, but trusting that all Methodists have a good sense of humor:

To my friends in the First United Methodist Church of Haskell:

### MY SECOND HOME

I've a second home in Haskell,  
Which I cherish to this day,  
Although now I live in Anson  
Just, some thirty miles away.

Now my Haskell home's no mansion,

Not as "up to date" as some;  
But my daughter and my grandson  
Are quite proud to call it "Home."

Many times on Sunday mornings,  
For new blessings I do search,  
Then, go to my home in Haskell  
'Cause it's next door to the church.

But I'm sometimes disappointed  
Many times, when I arrive;  
For I try to park my auto  
And someone has blocked my drive

### Grady's Metal

Once a Methodist from Haskell said:

"Please mark the coming date,  
We've a special program Sunday,  
And then, dinner, "Don't be late."

Well, I thanked him very kindly,  
On church dinners I do thrive,  
So I breathed a prayer while going  
That no one would block my drive.

I was running late that Sunday,  
And, when last I did arrive,  
Well, I'm sure you've guessed  
what happened:

Right! Someone had blocked my drive.

Well, I thought it over quickly,  
Then decided what was best.  
I'd just drive halfway around the block

And turn in from the west.

Well, I reached the alley safely,  
Then turned left to travel east,  
But the alley was blocked also,  
And I almost missed the feast.

Now most people are kind hearted,  
As we all can plainly see,  
But with all their good intentions,  
Just how thoughtless can they be?

Now for ev'ry special program,  
I'll be coming "rain or shine,"  
So please keep my driveway open,  
And we'll get along just fine!

## Seymour receives recognition

Seymour is one of eight Texas communities which will receive landscape development projects for their efforts in the Governor's Community Achievement Awards program. The State Highway Commission authorized the highway department to set aside \$700,000 for the projects.

Other cities are Dallas, Waco, Galveston, Euless, Greenville, Cuero and Whitewright. Cities were selected by a panel of judges appointed by Keep Texas Beautiful, Inc.

Larry Suit, president of the Seymour Chamber of Commerce, said of that city's winning program: "The entire community became involved. The amazing thing is that it was all volunteer work. We had very little money with which to work, yet we accomplished what we set out to do--clean our town and teach our citizens to keep it clean."

## TO THE CITIZENS OF HASKELL:

The Haskell City Council held a meeting on August 4, 1987, to discuss a property tax rate increase. Approximately 25 citizens were present at this meeting and participated in the discussions.

As a result of this meeting, it was decided to hold a Public Hearing on the tax increase at City Hall at 7:00 p.m. on Thursday, August 20, 1987. State law requires the notice next to this one. Although a 61 percent tax increase does appear to be high, it actually means a \$.1363 raise. On a \$40,000 house, this amounts to a \$54.52 yearly increase.

An alternative to a tax rate was also discussed. There could possibly be added to the basic water bill about \$4 monthly. This would bring in approximately the same revenue as the proposed tax increase.

If this additional money becomes available, the City will designate \$50,000 annually to the Street Department and \$23,500 for employee raises.

Please let the City Council know how you feel about this matter. We ask you to complete the survey form below, and mail or bring it to City Hall.

## NOTICE OF PUBLIC HEARING ON TAX INCREASE

The City of Haskell will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1986 by 61 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on August 20th, 1987 at 7:00 p.m. in the Haskell City Council Chambers.

# Rochester Baptist schedules revival

The First Baptist Church of Rochester will conduct its summer revival next week, Monday through Thursday (Aug. 16-20).

Weekday services will begin with a lunch at noon, followed at 12:30 by the message from the evangelist. Guests are welcome and are encouraged to come for the noon meal and the worship. Evening services during the week will be at 8 o'clock Monday through Thursday.

Guest preacher is the Rev. Victor McManus, who was born and reared in Ireland. He has been in full-time evangelism for 30 years and has conducted more than 700 crusades and Bible conferences throughout the world. Educated in England, McManus and his wife are active members of the Ridgecrest Baptist Church in Greenville.

Guest song leader will be James Sinclair of Paint Creek. He has served

Victor McManus

a number of churches as music director and has led the music for revivals for many years. He and his wife Ann are talented musicians. He recently retired from the school system.

# Sliger - Gideon exchange vows

Kimberly Rankin Sliger and Ronald Gregory Gideon exchanged vows Friday, Aug. 7, at 8 p.m. in the First Baptist Church of Arlington with the Rev. David Bradshaw of Slidell officiating the candlelight service.

The bride is the daughter of Mr. and Mrs. Ray Rankin of Fort Worth. The groom is the son of Mr. and Mrs. Wendell Gideon of Stephenville.

Mrs. Jo Joiner of Stephenville played a piano solo, "O Perfect Love," by Joseph Barnby as the grandparents and mothers were seated. Mrs. Joiner played the wedding processional.

Given in marriage by her father, the bride wore a floor-length gown with chapel train of candlelight ivory satin trimmed with imported lace and jeweled in pearls and sequins. The dropped waist fitted bodice featured a sweetheart neckline and off-the-shoulder, short puffed sleeves.

The flared skirt featured a shaped front extended into the back with pleats forming a bustle with attached bow. Her hat with fingertip veil was of candlelight satin trimmed in imported lace appliques and jeweled with pearls and rhinestones.

She carried a linen handkerchief belonging to her maternal grandmother, the late Mrs. Nancy Ann Molloy, formerly of Chico, in her bridal bouquet of cream colored posies, roses, baby's breath, peach choke-cherry, sarahs stars and seafoam honeysuckle accented with streamers of antique lace with peach and seafoam satin ribbons. She wore a cultured pearl necklace belonging to her mother with matching teardrop earrings.

Maid of honor was Kari Martin of Stephenville and bridesmaids were Debbie Fuller of Midland, sister of the bride, and Terri Escobedo, sister of the groom. They wore matching floor length gowns of seafoam satin

featuring a fitted bodice with draped waist, a sweetheart neckline and short puffed sleeves and flared skirt. They carried a freeform group of flowers including peach choke-cherry, sarahs star, and seafoam honeysuckle accented with lace trimmed peach ribbon.

Flower girls were Stephani Escobedo of Stephenville, niece of the groom, and Leslie Rankin of Dallas, niece of the bride. They wore peach satin floor length gowns featuring a fitted bodice with dropped waist, short puffed sleeves and flared skirt with attached bow in the back. They carried baskets decorated with peach lace, ribbon and rosebuds.

Presiding at the bridal registry was Tisha Grice of Stephenville.

Best man was Jeff Frierson of Haskell and groomsmen were Gil Richardson of Haskell and Dwain Weise of Arlington. Ushers were Mark Rankin of Dallas, brother of the bride, and Lyle Castilaw of Warren. The groom wore an ivory formal tuxedo and the groomsmen and ushers wore black formal tuxedos.

Gerre and Jo Joiner sang a duet, "That's the Way," by Pat Terry. Sarah Snailum of Abilene sang, "I'll Still Be Loving You," by Restless Heart, accompanied on the piano by Jo Joiner.

Vows were taken before an altar decorated with candelabras and greenery. The family pews were decorated with antique ecru lace ribbon bows, baby's breath with peach and seafoam honeysuckle.

The wedding reception was held in the fellowship hall and was hosted by the parents of the bride. Included in the houseparty were Mrs. Ed Northcutt of Arlington and Mrs. Pat Younger of Chico, aunts of the bride; Mrs. Clifford Castilaw of Warren and Mrs. Thomas Fulmer of Arlington, aunts of the groom; and Lydia Loggins of Fort Worth.

The bride's table was covered with an antique ecru lace cloth over a peach satin floor length underskirt. The three-tiered wedding cake, decorated with cascades of peach and seafoam roses, was served by Cathy Van Hoose of Bridgeport, aunt of the bride.

A silver vase held a formal arrangement of cream colored roses, posies, sarahs star, seafoam and peach

Mrs. Ronald Gregory Gideon

honeysuckle accented with baby's breath.

Mary Nell Ryalls of Dallas served fruit punch from a silver punch bowl. Mints and assorted toasted nuts were served from silver appointments. The groom's table was covered by a hand crocheted cloth made by Mrs. Mary Van Hoose of Bridgeport over a peach satin floor length underskirt. Kenda Woodard of Stephenville served the groom's red velvet cake which was decorated with the bride's and groom's initials and topped with slivered almonds and chocolate drizzles.

Sarah Snailum of Abilene served coffee from a silver service. The centerpiece was a large three-tiered fruit cascade of green and purple grapes with pineapple halves, melon shells holding strawberries and pineapple ginger dip. The bottom tier held imported soft cheeses and wafers.

Parents of the groom hosted the rehearsal dinner on Thursday evening before the wedding. A barbecue dinner was catered and served in the

fellowship hall of the church. After a honeymoon trip to Alcapulco, Mexico, the couple will reside in North Richland Hills.

The bride attended Southern Methodist University and Tarleton State University and is employed by Trussway Fort Worth. The groom is a graduate of Tarleton State University and is employed by ITT Financial in Irving.

## HELP SLOW YOUR ELECTRIC METER DOWN THIS SUMMER.

**Set Your Thermostat at 78° or Higher.**

The recommended thermostat setting for summer cooling is 78° or higher. Portable fans or ceiling fans can help you feel comfortable at higher thermostat settings. Don't forget to turn fans off when you leave the room.

**Tightly Seal Air Leaks in Your Home.**

Make sure all cracks around windows, doors, pipes and wiring are tightly sealed with proper caulking and weatherstripping. Also, R-30 insulation in the ceiling, and R-16 insulation in the walls is recommended to adequately insulate your home.

**Check Your Filter Regularly.**

A dirty filter could keep your air conditioning system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

For more information on how to help slow your electric meter down this summer, call your local WTU office.

**Pam Cathey weds in Floydada**

First United Methodist Church of Floydada was the setting for the recitation of wedding promises between Pam Cathey and Chris Fulton. The couple stood before an altar illuminated with two pair of arched candelabra draped with huckleberry foliage and English ivy. An altar arrangement of white agapanthus, white daisies, elegnus and white larkspur centered the chancel area.

The bridal aisle was enhanced with countryside bouquets of German statice and mixed foliage.

The double ring ceremony was performed at 7 p.m. June 20 by Ron Pingleton of the First Christian Church in Alva, Okla.

The bride is the daughter of Tommy and Julie (Collins) Cathey of Pampa, former Haskell residents. She is the granddaughter of Mrs. Claribelle Cathey of Aspermont and the late Buford Cathey. The groom is the son of Laron and Joy Fulton of Floydada.

Given in marriage by her father, the bride chose a satin gown with elbow-length puffed sleeves, trimmed in antique lace. The fitted bodice was trimmed with lace flower appliques flowing to the waist, where they connected with a soft gather, raising the ruffled hemline to a point just above the floor. A lace underlay

accentuated her chapel-length train. In the back, old fashioned buttons and a bow were layered with flower lace and tied at the waist. The bridal bouquet, in cascade style, contained dendrobium orchids, champagne roses and lilies with garlands of English ivy.

Serving as maid of honor was Mysti Younger of Floydada. Carol Williams of Floydada and Kim Kotara of Groom were bridesmaids. They were attired in navy, cabbage rose dresses highlighted with ruffles around the necklines and completed with short sleeves. They carried garden style bouquets of pink and blue cornflowers, gerbera daisies, German statice and pink roses.

Acting as best man was Kevin Ogle of Canyon, cousin of the groom. Groomsmen were Tom Ross of Floydada and Brad Fulton of San Angelo, cousin of the groom.

Guests were registered by Kristi Neal.

Seating guests were Mike Gibson of Guthrie, Tommy Cathey Jr. of Pampa, Norman Allen of Lubbock and Todd Beedy of Silverton.

Musical selections were presented by Christy Brooks of College Station and Harvey Allen of Floydada, who played a piano and harmonic duet of "Edelweiss." Kerri Richardson of Pampa vocalized "The Rose" and "Sunrise, Sunset." She was accompanied on the piano by Penny Giesecke of Floydada. N. E. "Knocky" Tyler of Hereford sang "The Lord's Prayer," accompanied by Penny Ogden of Floydada.

A reception following the ceremony was held in the fellowship hall of the church. Walls of white lattice and lush greenery created a garden setting. Petit-fours were served from antique silver trays.

The bride's table was draped in re-embroidered alencon lace and embellished with seed pearls. A large arrangement of peonies, rubrum lilies, larkspur, blue delphinium and dendrobium orchids centered the table. Serving at the bride's table were Shereshe Covington of Floydada, Jill Willson of Canyon and Liz Dean of Canyon.

Canadian geese in a woodland arrangement was a natural setting for the groom's table. An imported cheese selection, fresh fruits, chocolate cake and coffee were served from brass appointments. Presiding at the groom's table were Shonda Fulton of Lubbock and Deborah Ogle of Bowie, sister and cousin of the

Mrs. Chris Fulton

groom.

A graduate of Floydada High School and West Texas State University, the bride was formerly employed as a mathematics teacher with Lefors ISD.

Fulton, also a graduate of Floydada High School and West Texas State, is engaged in farming.

Following a wedding trip to Telluride, Colo., the couple is residing in the Sandhill community.

# Weinert News

by Myrtle Phemister

The soft .6 of an inch shower we received Sunday night brought some relief from the torrid heat wave we have been enduring. The weather man promises more rain...we pray it comes soon.

The sounds from the football field remind us that summer is almost gone, and it is an uplifting "noise" as young men prepare themselves for competitive games, and young women prepare to encourage them with songs, chants and yells. Every season has its own good qualities.

We send birthday greetings to Mrs. Cindee Davis, to Cory Wood, Perry Patton, Denise Carroll, LaVern Mayfield, Pam Davis, Gwen Ejems, Reuben Castillo and to A. D. (Pete) Johnson, who was surprised with an early 73rd birthday party held in his honor on Sunday, August 9th.

Twenty-six of Pete's family came from many towns to spend the day, and brought gifts and birthday food to share with each other.

A son, Ray Gene, is in California at this time, and was unable to attend, but Pete's brother, Bill Johnson of Abilene, was a very special guest.

Mr. Johnson is in poor health, we hope the party left him in good spirits and a boost in health. Happy Birthday, Pete, and many more!

The Baptist "Teen Time" was terminated on Thursday night when Cindy Guess, the "Mystery Lady" gave her concert of music and her testimony to the group. It was a successful week for all, and a trip to

Six Flags on Friday was the final event.

The R. A. and the G.A. groups were all treated to a trip at the same time and a total of 21 people enjoyed the "full day".

Those making the journey were Mitch Mayfield, Kenny Forehand, Ron Davis, Kelly Earp, Shanna Murphy, Darla Griffis, Laurie Hester, Jace Yates, Heather Guess, Callan Perry, David Crump, Heather King, Tabitha Crump, Jerry Harlan and Dusty Yates.

Adults sponsors were Mr. and Mrs. Donnie Crump, Mr. and Mrs. Joe Yates and Mrs. Hal Guess.

Francis Mahan is announcing the arrival of another great-granddaughter, Casandra Rae Ware, 7 lbs. 12 oz. granddaughter of Mr. and Mrs. James Allen (who was born to Mr. and Mrs. Brian Ware on Aug. 6th.) in Mesa, Arizona. Congratulations to all!

Our sick:  
Brenda Sanders is recuperating in Hendricks Hospital following emergency surgery there last Friday. She is doing well and will be home by the weekend.

Ila Moody is recovering from hip surgery as quickly as her failing heart will allow. She is taking therapy, and we continue our prayers for her recovery.

Ida Farrel is doing really well, and will probably be doing some foot races when she recovers from that hip surgery. She, too, will be home soon.

T. E. Reeves is able to be up, and met with his "domino" opponents

one day last week.

Latest word about Bill Allen of Phoenix, Ariz. is that he underwent surgery on Tuesday, to have a valve replaced in his heart. We pray it will be successful and he can have a long and healthy life.

## HOME EXTENSION CLUB

The Weinert Home Extension Club met for its regular meeting on Tuesday, August 4, with Betty Sanders as hostess. The Paint Creek Club met in conjunction with the Weinert Club for the month, and Delores Medford served as co-hostess.

Sarah Meinzer, Director of the Mental Health Clinic in Haskell, and Renee Woley of the Vernon Office were guest speakers for the program and they related all the services that the clinic offers.

In the business meeting, Alice Yates reported the calendars are ready, and are being delivered at the present time.

Mrs. Gus Rueffer reported the quilt we make for the Rehab center is almost ready for the quilters, and it will be put up in frames in the home of Faye Jetton. You do not have to be a club member to quilt, and outsiders are always welcome at any meeting.

The State Extension meeting will be held in Ft. Worth on September 22 thru 24th, and the Hilton Hotel will be the headquarters. LaVern Mayfield will represent our club and anyone else may attend.

Our County fair will be Sept. 24-26, and reports of the activities sound very interesting. Everyone was urged to make crafts, paint pictures, can food, or take photos to enter the various contests.

Mrs. Sanders and Mrs. Medford served a refreshment plate of sandwiches, macaroons, and fruit with frosted cokes and lemonade.

Roll call was answered with "Something money can't buy--and 'love' was the most frequent answer. Hint for the day--pure lemon extract will remove the ink stamped on products.

Those from Weinert who attended the Nocona Fun Tours party held in the home of Mr. and Mrs. J. L. Toliver, Sat. Aug. 8, included Rene Vojkufka, Ted and Faye Jetton, and Marvin and Myrtle Phemister all of whom were on the bus trip to Alaska in August 1986.

Mr. Weldon Cowan, tour director, was in attendance, and announced future plans for a tour in October 1988 to Nova Scotia, Canada and many are making plans to join the tour.

Mr. and Mrs. Ben McMillen of San Angelo attended worship services at the Church of Christ on Sunday to hear Ben's cousin, Roy Phemister, teach and preach. They were in our area for the Fun Tour celebration at the Toliver home.

Mr. and Mrs. Eddie Sanders enjoyed a trip to Lockhart and San Marcos this week, with plans to go on to "the Valley". The intense heat changed their mind, and they will go in cooler weather.

Wayne and Linda Phemister, with Lee, are spending sometime in Weinert until their home is available

in Avoca. Wayne has accepted the principal's position there, and Linda will join the teaching faculty.

## Rayne Reunion

There were 61 descendants of the late Mr. and Mrs. M. L. Raynes, Sr. who registered for the family reunion held at the Seymour Country Club on August 1st, with Mary Nell Coltharp as hostess.

Illness and jobs kept many from attending, but the cities represented included Wichita Falls, Brownwood, Holiday, Haskell, Munday and Weinert, in Texas, as well as Sulphur Springs, Oklahoma, and the cities of Larned and Great Bend in Kansas.

The usual reunion activities filled the day with love and laughter, but the auction of handmade items was the most hilarious event.

The next meeting will be the first Saturday in August 1988 and will be held at the same location, with Mary Nell Coltharp as secretary in charge of the gathering.

Two sisters unable to attend were Christine Roberts and Lou Munzert of Seminole, Texas.

Marcus Phemister has returned with his parents to Wimberly, Texas where he will be a junior in High School and participate on the "Texans" football squad.

## Stocker cattle health seminar in Rhineland

Area cattlemen are invited to a Stocker Cattle Health Seminar Tuesday afternoon at the Knights of Columbus Hall in Rhineland.

It is being sponsored by the Knox County Extension Program Council Livestock and Range Committee. Attendance will be limited to the first 50 producers to register.

Dr. Tim Jordan, DVM from the Palo Duro Veterinarian Service, will present a program addressing the many questions of stocker cattle health.

Dr. Nelson Adams, extension livestock specialist, will cover stocker cattle implant management and other stocker cattle procedures.

## Health services slated Sept. 17

Screening services by the Texas Department of Health will be conducted in Haskell Sept. 17.

Adult health risk assessment will be from 9 to 11:30 a.m. at the health office on the third floor of the courthouse. Immunizations will be from 1 to 3 p.m. at the Experienced Citizens Center.

In addition to adult health risk assessment and immunizations, services for diabetes, high blood pressure, anemia and weight will be offered.

# Seminar planned on futures, options

The Crops Committee and Livestock and Range Committee of the Knox County Extension Program Council have scheduled a seminar for producers on using futures and options. It will be at 3 p.m. Tuesday, Aug. 25, at the Knights of Columbus Hall in Rhineland.

There will be a \$6.50 registration fee which must be turned into the Knox County Extension office, Box 167, Benjamin, TX 79505, by 5 p.m. Wednesday, Aug. 19. Checks should be made payable to the Knox County Extension Program Council.

The use of the futures market and

options as a marketing tool for producers will be discussed by Delton Gerloff, extension economist-management. The program will cover wheat and cotton, as well as stocker cattle.

In Virginia in 1619 excess in dress was discouraged by placing a wardrobe tax.

# Sagerton

The time was set for 8 a.m. last Wednesday to help our friends, Edward (Sam) and Mary Neinst who have been in Baylor Hospital in Dallas for over two weeks while Sam is ill. Plans were made to mow, weed and clean the yards and garden. The first truck pulled into the Neinst's place at 6:45 a.m. Soon others showed up with necessary tools to do an A-1 job.

With 26 workers and 2 hours time, all was clean and watered. Many thanks to Joe and Yonne Swofford for sending cokes.

The workers were Fred Kupatt, Alvin Bredthauer, Buster Tredemeyer, Mel Swoyer, David Letz, J. F. Dozier, Joe Clark, Ophelia and Dub LeFevre, Johnny and Jace Manske, Frances and Reece Clark, Toney Letz, Joyce LeFevre, Arthur Pueblo, Dean Quade, Craig Kupatt, Clancy Lehrmann, Ethel and Glyn Quade, Steve and Brian Lehrmann, Leonard Kieke, and Charles Clark, J. D. Kupatt sent a tractor and a worker whose name we did not get.

A big thank you to all of you for your work and for your love and concern for Mary and Sam.

Mrs. Bertha Vasek and Mrs. Johnny Havins of Rockdale came by to see Mr. and Mrs. Alvin one day last week on their way home from Amarillo.

Erna and Walter Schaake of Stamford, Clarence Stegemoeller, Mrs. Lena Schaake played 84 in the home of Mr. and Mrs. Alvin Bredthauer on Wednesday night and of course the men had to beat us.

Erna and Walter Schaake visited in the home of Mrs. J. B. Toney one day last week. She had eye surgery and has to stay in bed for 10 days.

The monthly Bredthauer get together was held in the home of Mrs. Carrie Bredthauer in Rule Thursday with everyone being there except Mrs. Adela Niedieck. Those who were there were Mr. and Mrs. Alfred Bredthauer of Stamford, Mr. and Mrs. Walter Bredthauer of Haskell, Mr. and Mrs. Alvin Bredthauer of Sagerton, Pastor Mel Swoyer and family. The afternoon was spent in playing 84.

Rector Guinn of Donna visited in the home of Mrs. John L. Brooks. Reece Clark visited with Rector in the home of John L. Brooks.

## Backyard Harvest

Isn't it rewarding to see the progress of your backyard garden? You started with just a bare plot of dirt and cultivated it with great care. Then you watched as it grew into bursts of colorful success. And now you're enjoying the fruits of your labor as the harvest graces your table.

Having a hometown bank lets you experience the same kind of success. You're close enough to watch your money grow in the same way that you chart the progress of your backyard garden. And like some of your garden plants, we're a perennial favorite that is always there for you.

We know you. We know your family. Chances are we've known you for a long, long time. And even if you're new to the area, you won't be a stranger. You'll always know where to find us, and you'll always find us friendly.

See us today for more information about our services and you'll agree that nothing can compare to a hometown harvest.

### Notice of 1987 Effective Tax Rate for PAINT CREEK ISD

The purpose of this notice is to inform you about your taxes. The 1987 effective tax rate is a tax rate that would levy the same amount of operating taxes the taxing unit levied last year on property taxed in both years, plus the amount the unit needs to pay certain long term debts this year. The rate is calculated as follows:

|  |                   |
|--|-------------------|
| 1986 maintenance & operations tax levy:  | \$ 416,087.00     |
| Less taxes levied to recoup 1985 appraisal roll errors and adjustments for lost value:   | - \$ -0-          |
| Equals adjusted 1986 maintenance & operations levy:  | = \$ 416,087.00   |
| 1987 total tax base:   | \$ 45,210.250     |
| Less adjustments for value of new property:  | - \$ 2,053.010    |
| Equals adjusted 1987 tax base:   | = \$ 43,157.240   |
| The adjusted 1986 levy divided by the adjusted 1987 tax base and multiplied by 100 equals the effective maintenance & operations tax rate: | \$ .9611 /\$100   |
| Plus rate to correct for appraisal roll errors:  | + \$ -0/\$100     |
| Plus rate needed to pay debts and obligations:   | + \$ -0/\$100     |
| Equals 1987 effective tax rate:  | = \$ .9611 /\$100 |

1987 effective tax rate: \$ .9611 per \$100 of value

The maximum rate the governing body can adopt without publishing notices and holding a hearing is: \$ .9899 per \$100 of value

The maximum rate the governing body can adopt before taxpayers can initiate rollback petitions is: \$ 1.038 per \$100 of value

This notice contains a summary of the calculations used to determine this year's effective tax rate. You can inspect the full calculations at PAINT CREEK ISD.

This taxing unit estimates that the following balances will be left in the unit's accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

|                   |               |
|-------------------|---------------|
| Type of Fund      | Balance       |
| GENERAL OPERATING | \$ 110,378.22 |

### SCHEDULE B: 1987 Debts Paid From Property Taxes

This taxing unit estimates that the unit will pay the following amounts out of property tax revenues for long-term debts that are secured by property taxes.

| Description of Debt | Principal or Contract Payment to be Paid | Interest to be Paid | Other Amounts to be Paid | Total Payment |
|---------------------|--|---------------------|--------------------------|---------------|
|                     | -0-                                      | -0-                 | -0-                      | -0-           |

Total Amount Required for 1987 Debt Service \$ -0-

Less Amount That Will Be Paid From Funds Listed in Schedule A - \$ -0-

Total To Be Paid from Property Taxes This Year = \$ -0-

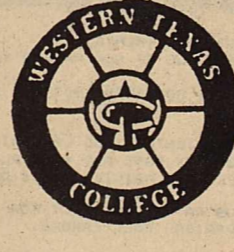

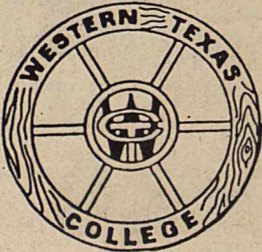

Amount Added in Anticipation That the Unit Will Collect Only % of its Taxes in 1987 + \$ -0-

Total Debt Tax Levy = \$ -0-

## L/C Bradford completes course

Marine Lance Cpl. Sterling W. Bradford, son of Mr. and Mrs. Wayne Bradford of Haskell, recently completed the Radio Fundamentals Course.

During the seven-week course, conducted at the Marine Corps Communication-Electronics School in Twenty Nine Palms, Calif., Bradford received instruction on the electronic theory and serving principles used in repairing Marine Corps radio communication systems.

He studied transmitters and receivers, transmission lines and antenna fundamentals, basic troubleshooting techniques and the isolation of malfunctions.

Bradford joined the Marine Corps in February 1984.

## Discovery channel offers non-fiction

Cable subscribers in Haskell are now able to enjoy 18 hours a day of some of the finest non-fiction television programming available.

On Aug. 1, Harmon Cable launched the Discovery channel, a new family-oriented programming service covering the fields of science, technology, history, nature, people and places, and human adventure. The Discovery channel is available on cable channel 7 from 8 a.m. to 2 a.m. local time daily.

Through the Discovery channel, viewers can join safaris in Africa, scuba dive off the coast of Australia,

converse with computer scientists, and relive great moments in history. In most cases, these programs have never before been aired on American television.

The signature series of the Discovery channel is "The New Tech Times," a weekly video magazine reporting on the revolution taking place in science and technology. Host Mort Crim, lets viewers peek into the future by escorting them to the places where dazzling advances in electronics and computer technology are being made.

"Our programs feed the curiosity of lifelong learners," says John S. Hendricks, chief executive officer and co-founder of the Discovery channel. "We are essentially the video equivalent of such high-quality magazines as the *Smithsonian*, *National Geographic*, *Science '85*, *Discovery* and *American Heritage*."

The programs aired on the Discovery channel come from independent film makers and foreign television companies such as the British Broadcasting Corporation, the Canadian Broadcasting Corporation, ABC-Australia; Granada Television and TV Ontario.

Many people find the programming of the Discovery channel similar to that which appears on the Public Broadcasting Service. The comparison is fair as far as it goes, says Hendricks. "PBS includes a number of programming areas that will not be included on Discovery. For example, Discovery will not have any performing arts, news or education programming. Rather, Discovery will focus solely on top-quality, entertaining non-fiction programs."

## Stamford posse plans play night

The Stamford Junior Sheriff's Posse will sponsor a play night Saturday, beginning at 7:30 in the Quarter Horse Arena.

## Kim Ybarra completes training

Kim Ybarra has just completed a three-day training course by House of Loyd Inc., a national toy and gift merchandiser of Kansas City, Mo.

The training was to improve her management skills and to introduce her to the 1987 marketing program.

According to the last census, there are 110 million men and 116 million women in the United States.

## Airshow to honor aviators

By Nancy Robinson Masters  
In today's society, airplanes and aviation have become commonplace items, but it was not always so. In fact, not too many years ago, flying was still a new and dangerous adventure. Many brave men and women faced and overcame tremendous odds to make air travel today the safe and enjoyable experience that it is.

In 1939, Congress set aside the third Saturday in August to honor these pioneer aviators. This tradition is carried on again this year at Elmdale Airpark, just northeast of Abilene.

Elmdale, which is a privately owned, open to the public airport, has been hosting the event since 1978. Participation has grown from five old-time pilots then, to over 70 who were honored last year. According to Nancy Robinson Masters, project coordinator, a good crowd is also expected this year.

"We've just been thrilled with the increase in attendance, both by the pioneers and by the public," Ms. Masters said. "Between the audience, the guests and the honorees, we are expecting several hundred people on Aug. 15." The formal program will begin with an honor guard at 10 a.m. Aircraft from World War II will be on display and airplane rides will be available for a small charge. The program will conclude with a Missing Man Flyover at noon.

This year, in addition to the pioneer aviators, Vietnam and Korean veterans will also be recognized and honored. Men who were imprisoned as POWs will also be remembered and saluted. State Rep. Bob Hunter is scheduled to appear.

The annual event is co-sponsored by the Big Country Squadron of the Confederate Air Force. The Confederate Air Force is an educational organization, dedicated to preserving and flying aircraft from World War II.

Admission to the ceremony is free, and the public is cordially invited to attend. Concession stands will be open, and all proceeds will benefit the aircraft restoration fund of the Big Country Squadron.

## Cub Scouts express thanks

The third annual Summer Sizzler was termed a huge success.

Undaunted by the sweltering temperatures, a steady crowd lined the streets of Haskell throughout the day Saturday and the sponsoring Chamber of Commerce expressed pleasure at the results of the promotion.

Ellen Rieger was winner of the trip to the Bahamas. Margaret Ratliff and Ronnie Bailey won the mini-vacations to Dallas. Cliff Short was winner of 10 yards of carpet, given by Sherman's Carpets.

## Summer Sizzler successful

By Betsy Nanny  
The Haskell Cub Scout Pack 136 would like to thank all the parents and citizens for help in making a successful bake sale and watermelon seed spitting contest during the Summer Sizzler.

Cub Scouts earned over \$250 and everyone had fun spitting watermelon seeds.

First place in the adult division and overall winner was Wallar Overton of Paint Creek Scouts.

Second place went to Mike Mendoza and third place to Steve Cothron.

In the junior division, first place went to Matt Perry, second to Matthew McFadden and third place to Casey Thompson.

## Governor signs rental order

Gov. Bill Clements has signed an executive order making the Texas Housing Agency responsible for administering a new statewide low-income rental housing program.

Under the program, approximately \$600 million in federal tax credits will be available for use during the next decade by local governments, non-profit organizations and for-profit investors who build or preserve housing for low-income Texans.

hands for service, I, Johnny L. Mills as Sheriff of Haskell County, Texas, did, on the 24th day of July, 1987, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit:

BEING 379 acres, more or less, out of the G. Harris Survey, Section 50, Abstract No. 157, 5 miles north of Stamford, Texas, also known as the G. W. Wedeking #1 Oil and Gas Lease, Haskell County, Texas, together with all personal property situated thereon used in the exploration and production of oil and/or gas and levied upon as the property of Avoca Petroleum Corporation and Louis Leutwyler and that on the first Tuesday in September 1987, the same being the 1st day of said month at the Court House door, of Haskell County, in the City of Haskell Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Order of sale and judgment I will sell said above described Real Estate at public vendue, for each, to the highest bidder, as the property of said Avoca Petroleum Corporation and Louis Leutwyler, their interests only

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper published in Haskell County, Texas. Witness my hand, this 27th day of July 1987. Johnny L. Mills Sheriff Haskell County, Texas

## THE BEST PARTNERS

### Advertising In This Newspaper Helps Our Town

(Local businesses that advertise in your newspaper are leaders in helping to build and improve the community. Such advertisers are the best supporters of every community.)

... newspaper ad revenues make possible the flow of information to the public ... these ad dollars are kept in the community as an investment in the local area.

... losses of ad revenues to direct mail destroys the flow of information to the public and, subsequently, damages the local community.

## Sayles-Centerpoint reunion enjoyed

Ex-students traveled from as far away as East Long Meadow, Mass., and several Texas cities to attend the 20th annual Sayles-Centerpoint rural school reunion over the weekend.

Saturday night, ex-students and their families met for visitation and once again traveled down memory lane to the days when the two schools enrolled a large number of students.

Sunday, the ex-students and their friends were greeted and registered by Dessa Jeter and Avis Pennington, ex-student of Sayles.

The invocation at the noon hour was given by Richard Robbins of Abilene. The catered luncheon was served by the Haskell Steak House.

Clyde Bland, president of the reunion, presided for the general assembly and business meeting.

Mrs. Della Corzine was recognized as the oldest person to attend the reunion. Woodrow Wiseman, ex-student of Sayles, traveled the farthest, 2,000 miles from East Long Meadow, Mass.

Four ex-students from the Wiseman family of Sayles were recognized: Bill of Temple, Earl of San Antonio, Emma Wiseman Bland of Haskell and Woodrow.

Clyde Bland was the oldest ex-student of the Sayles school present. The Bland, Wiseman and Kirby families had the largest groups to attend.

A poem written by Oleta Bland Pennington, "Our School Reunion," was read by Helen Wiseman. The history of the organization was read by the secretary.

The names of five ex-students, one teacher and two trustees were added to the "Memorial Prayer Book of Precious Memories." The memorial prayer was given by Ralph Johnson, ex-student of Sayles.

Several ex-students told of some special or humorous event they recalled, with basketball being the main topic. Both schools had girls' and boys' basketball teams and played against each other several times each season.

Ed Melton of Abilene was elected president for the 1988 reunion; Avid Bland Pennington, vice president; and Doris Felker Hannsz, secretary-treasurer.

The 1988 reunion will be held in the Haskell Memorial Civic Center.

## Waylon Jennings to be in Abilene

Waylon Jennings will be in concert at the first annual KTAB Fall Festival in Abilene.

The festival begins at 8 p.m. Aug. 22 at the Taylor County Coliseum.

## O'Keefe family meets

Descendants of William and Rose Middlebrook O'Keefe met July 25 for a reunion at Lake Whitney.

All five of the living children were present, including Pat O'Keefe of Haskell, Richard O'Keefe of San Angelo, Lola Jenkins of Lubbock, Beatrice McClellan of Waco and Bernice Witt of Waco.

Children of Pat and Lorene O'Keefe present were Mike and Betty O'Keefe and sons, Ryan and Scott, of Colleyville, Jerry of Euless and Kevin of Addison. Ronnie and Patricia Baccus and April of Abilene were unable to attend.

Richard and June O'Keefe of San Angelo and their daughter, and Mark and Sharen Gambrell and grandson, Kyle, of Carrollton.

Lola Jenkins, her daughter, Janette Frank, and her son and daughter-in-law, Greg and Jan Frank and their daughter, Heidi, of Salem, Ore. They traveled the farthest.

N. C. and Bernice Witt and their son, Rick and Debbie Witt and Mandy and Nathaniel of Waco.

Twenty-six family members attended.

## Band Boosters meet Monday

Fund-raising projects for the coming school year will be the main topic of discussion Monday when the Haskell Band Boosters have their first meeting of the year.

The meeting will begin at 6:30 p.m. in the Band Hall. All parents of beginning, junior high and senior high band students are urged to attend.

Another item of business will be the selection of chairmen for operation of the football concession stand.

## Financial seminar set for Aug. 24

A free public seminar on financial opportunities is scheduled Monday evening, Aug. 24, at the Haskell National Bank Community Building.

Sponsored by PaineWebber, the seminar will begin with refreshments and registration at 7 o'clock, followed by the program at 7:30.

Jim Wood, investment executive, will discuss PaineWebber's outlook on the stock and bond markets. "We also will discuss investment opportunities to take advantage of the new tax reform laws, retirement planning and much more," he said.

For reservations or further information about the seminar, call Wood or Donna Hoffman at 1-800-252-8336 or 512-338-6205.

## Booster Club sets first meeting

First meeting of the Haskell Booster Club will be at 8 p.m. Monday in the Ag Building.

Nelson Coulter, new Haskell High School head football coach, will attend.

All persons interested in the Haskell athletic teams are urged to attend this organizational meeting.

## Kretschmer reunion draws 106

The third reunion of the Christian and Ernestine Kretschmer family was held Saturday, Aug. 8, at the Sons of Hermann Hall in Irby. One hundred and six family members and four visitors were present.

Festivities began with registration and visitation at 10 a.m. A pot luck lunch was served at 1 p.m., followed by a business meeting.

New officers are Joe Kretschmer, president; Jimmy Wittenborn, treasurer; and Melba Kretschmer, secretary. All are from Haskell.

To help defray costs, a very successful auction was conducted by Renee Belyue of Haskell and Larry Brueggerman of Weinert.

After supper was served there was a dance provided by the entertainment committee.

Fifty-year-old blue whales have been known to reach a length of 100 feet.
