Indians to play Electra

Still looking for their first 1987 victory, the Haskell Indians entertain the Electra Tigers here Friday night. Kickoff is at 8 p.m.

It promises to be another stiff test for the Indians, who will be meeting a Tiger team which defeated Olney last week after opening its season with a 6-6 tie with Frederick, Okla. The Tigers, who won the state championship two years ago, have had one of the most successful programs of any 2A school in recent years.

Coach Nelson Coulter said Electra probably won't have the overall size that Holliday did, but the Tigers do have plenty of size in places. On offense, tackles Dale Waters and Daren Coats weigh in at 222 and 218 pounds respectively. Center Jason Duensing is 6-6 and weighs 192. And fullback Grant Johnson, a highly talented performer who also plays defensive end, packs 200 pounds on his 5-9 frame.

The Tigers run from the wing T and pull their guards a lot, the coach said. They use a lot of trap blocking.

Coulter said Haskell team members are eager to taste victory after an opening loss to Munday and last week's defeat at the hands of Holliday.

"We were just physically outplayed by Holliday," the coach said, "and we made a number of execution errors which were disappointing."

He also was disappointed in the turnovers. Haskell lost four fumbles, had two passes intercepted and failed once to get off a fourth-down punt. Thirteen penalties also hurt.

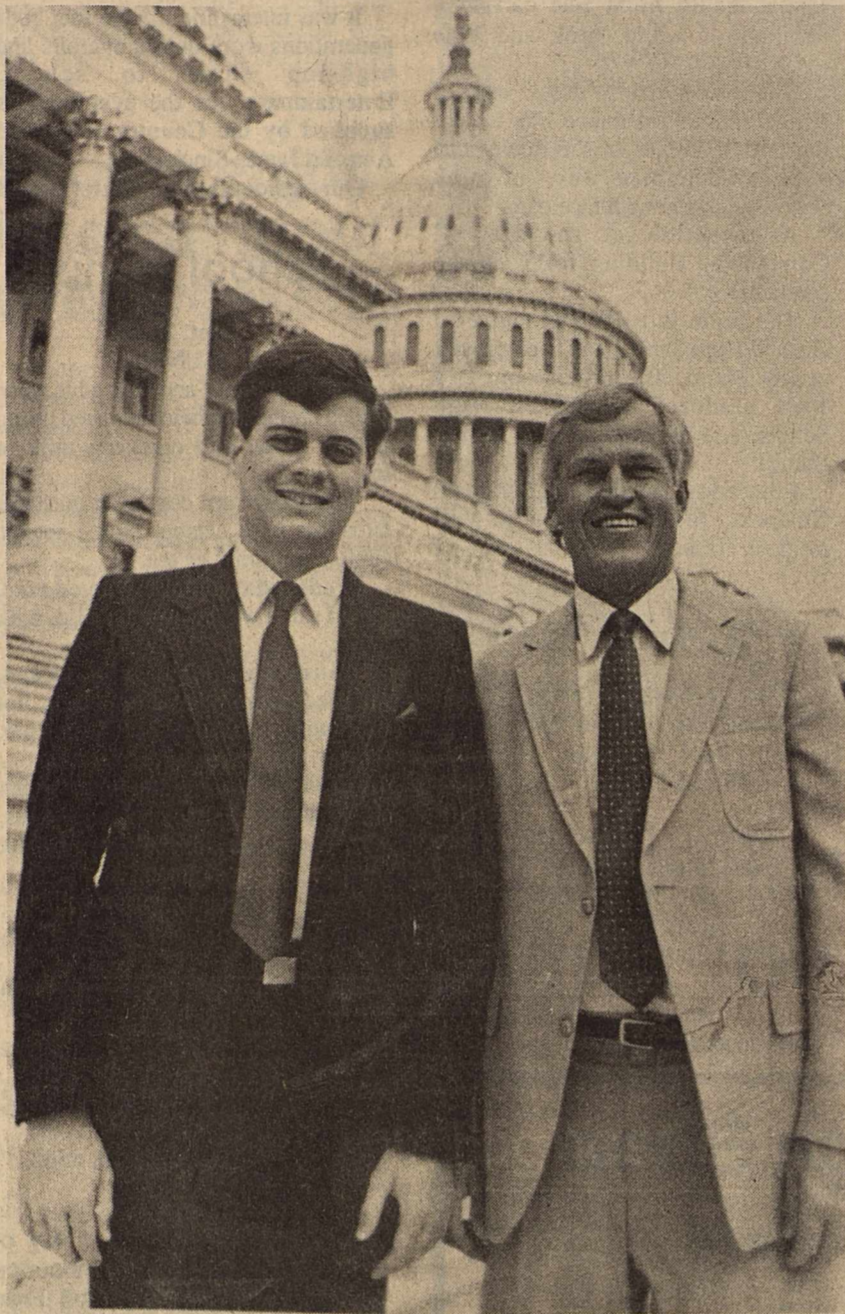

But the coach took nothing away from the Holliday team. "This was a very good team we were playing," he said.

Council reduces rate hike

The City Council last week passed an ordinance granting a 7-percent increase in utility rates to West Texas Utilities Co. The utility company had requested a 24-percent increase.

The ordinance was similar to those being passed by councils of about 20 other cities in the WTU service area. WTU will appeal.

In other action at Tuesday's meeting, the City approved a recommendation of the Zoning Board that zoning of property at 1404 N. Ave. J be changed from single family to mobile home; re-appointed Pat Hale as director of the appraisal board and tabled a request from the Fair Association for assistance in paying rent for the fair.

Steven Turnbow
...with Congressman Stenholm

Turnbow serves as Washington intern

Steven Turnbow has returned home from Washington where he served a five-week internship in the office of Congressman Charles W. Stenholm.

A student at Hardin-Simmons University, Steven received nine hours political science credit from HSU for his work in the congressman's office. The political science department of Hardin-Simmons has worked for the past year and a half with Stenholm's office in coordinating internships for political science majors. HSU is the only university in Abilene which has had the privilege of maintaining such a program.

Steven's internship duties consisted of general office work of typing, filing, running computers and doing special projects requested by the staff.

Particular experiences which captured Steven's interest were the viewing of Bell Helicopter's new XV-15 aircraft as it practiced various flight maneuvers at Andrews Air Force Base and hearing Speaker of the House Jim Wright and U.S. Sen. John Glenn speak in support of the mass production of the XV-15.

He also attended the luncheon in honor of Gen. Abramson, who heads the Defense Department's research on the Strategic Defense Initiative (SDI). He said he enjoyed the enlightening message Gen. Abramson delivered pertaining to the development of SDI. He listened to House and Senate legislative debates, and sat in on the Iran/Contra hearings while the panel questioned Attorney General Edwin Meese. He also had a Congressional tour of the Federal Bureau of Investigation.

Steven had the privilege of accompanying Stenholm to the Texas delegation luncheon in the nation's capitol. The luncheon has been hosted each week by every speaker of the house since Sam Rayburn, who began the tradition. After dining together, all Texas Congressmen individually introduced their interns and identified them with their universities and major fields of study.

"The highlights of my internship involved witnessing the dedication and hard work which Congressman Stenholm so fervently carries out, along with receiving the kindness and understanding that his staff so generously conveyed upon me," said Steven. "I certainly enjoyed my internship and I feel fortunate to have had such a special experience."

Steven is the son of Jean Turnbow and Bob Turnbow of Haskell.

Sound system installed

Installation of the sound system at the Haskell Civic Center has now been completed.

Purchased from and installed by Ray Clark of Tru-Sound in Stamford the system includes an eight-channel mixer board with a cassette disc tied in so it can either record or play music.

There are two large stage speakers, two smaller speakers in the rear and two stage monitor speakers. There are two separate overhead stage microphones, a podium mike and four mikes on stands. There is a separate portable public address system for use in the meeting room.

Dickie Greenwood was in charge of the sound system project for the Civic Center.

Four sisters all subscribers to Free Press

All four daughters of the late Mr. and Mrs. T. J. Hodgins are now subscribers to The Haskell Free Press.

When they got together last spring during the rural school reunion, they decided they would send each other subscriptions as birthday presents.

In the past, the one local sister, Minnie Pearl Kinney, had sent newspapers or clipped articles from The Free Press to her out-of-town sisters. That will no longer be necessary.

In addition to Mrs. Kinney, who already was a subscriber, The Free Press is now going each week to Mrs. Hazel Jordan of Eules, Mrs. Jessie Woltman of Bovina and Mrs. Elsie Booe of Graham.

Curb service

Postmaster Joe Alves was personally taking outgoing mail at the letter depository on South 1st Friday. The bin was full, so Alves was taking the outgoing mail from, postal patrons as they drove up to mail their letters.

Carla Long winner in football contest

Carla Long took first-place honors in last week's football contest, correctly predicting 17 winners in the 20 games listed in the contest.

Mrs. Long, who wins the \$20 first-place award, got all of the college games right, but missed on three high school games, Albany vs. Baird, Haskell vs. Holliday and Stamford vs. Clyde.

Right behind the winner was a log-jam of 12 contestants each of whom had 16 right answers. After applying the tie-breaker to determine the runnersup, two contestants remained tied, Vernon Brister and Tommy Watson. They will share the second- and third-place money and will be awarded \$7.50 each. Both Brister and Watson predicted a 24-10 win by the Cardinals over the Cowboys, just three points off the actual score of 24-13.

Others with 16 right answers included Mik Everett, Donna Markey, Jerry Saffel of Rule, Bob Wood of Weinert, Willie Faye Tidrow, Jesse Ortiz, Dickie Sloan of Rochester,

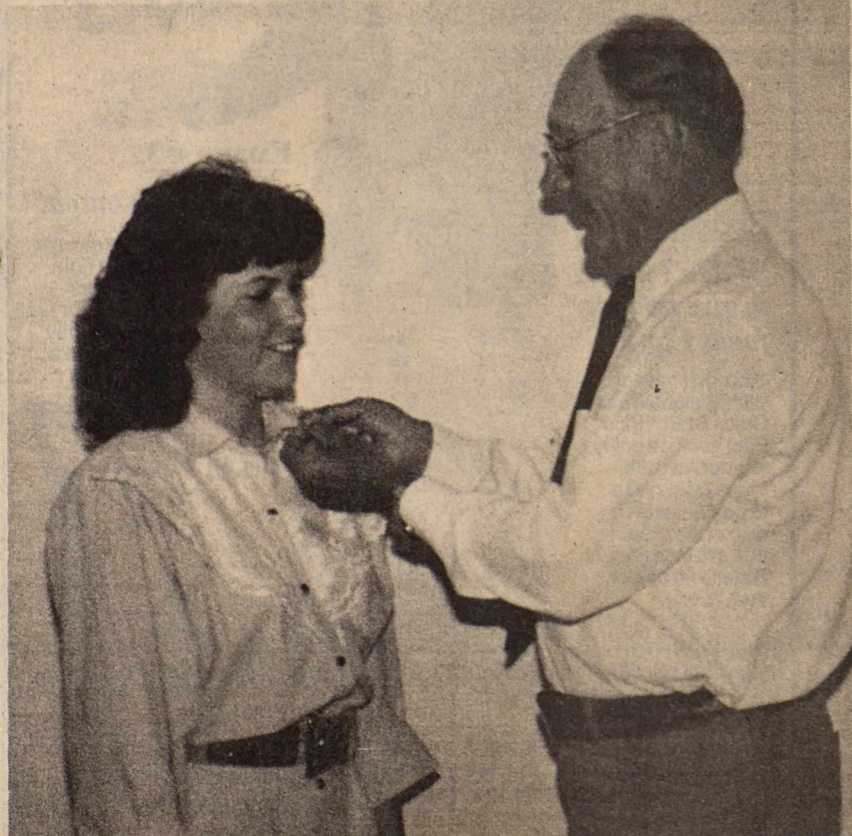

Ervin Unger, Todd Harris and Ricky Rojas.

Scores of the contest games went like this:

Cardinals 24, Cowboys 13; Albany 29, Baird 6; Eastland 16, Anson 0; Ballinger 22, Hamlin 15; Holliday 33, Haskell 6; Jim Ned 14, Hawley 6; Stamford 12, Clyde 0; Trent 46, Rule 6; Rochester 34, Patton Springs 13; Paint Creek 53, Moran 6; Munday 14, Knox City 0; Arkansas 31, Mississippi 10; Missouri 23, Baylor 18; Oklahoma State 35, Houston 0; Indiana 35, Rice 13; BYU 21, Texas 17; Air Force 21, TCU 10; Texas Tech 33, Colorado State 24; Alabama 24, Penn State 13; Oklahoma 28, North Carolina 0; Nebraska 42, UCLA 33.

Booth space

Commercial booth spaces still are available for the Haskell County Fair Sept. 24-26. Those interested in booths should call the county extension office at 864-2658.

Highest county 4-H award

Dalyn Gilly gets Gold Star

A 16-year-old Haskell High School junior has received the county's highest 4-H club award.

Dalyn Gilly, daughter of Mr. and Mrs. Duane Gilly, is recipient of the Gold Star Award which is awarded annually to one or two deserving Haskell County 4-H members.

To be considered for the honor, a 4-H'er must possess excellent leadership and citizenship abilities, outstanding academic credentials and responsibilities outside 4-H work in church and community activities.

In recognition of her selection, Dalyn received a Gold Star pin, compliments of the state 4-H office, and a U.S. savings bond and 4-H

jacket courtesy of Haskell National Bank.

In addition, she and her parents will be special guests at the District 4-H Gold Star Banquet in Vernon Nov. 3 and at the Haskell County Extension Homemakers Information Day in November.

Dalyn has been a member of the Haskell Community 4-H Club for eight years. During this time she has carried 13 4-H projects: breeding sheep, sheep for show, foods and nutrition, clothing, beef, child development, home environment, livestock judging, leadership, horticulture, natural resources, mechanical skills and teen etiquette.

She has participated in local, county, district and state 4-H contests. Last year she was an alternate to the State 4-H Fashion Show. This year she and her partner placed third in the Meat Science category at State 4-H Roundup in College Station.

She also participates in district and state 4-H trips. She attends district Teen Leader Lab each year, and she attended Texas 4-H Congress last summer in Austin.

Dalyn keeps records of all her projects and events by submitting a 4-H record book each year. This year her record book placed fourth in the state in the agricultural category.

She also shares her talents and knowledge by being a teen leader for her local 4-H club.

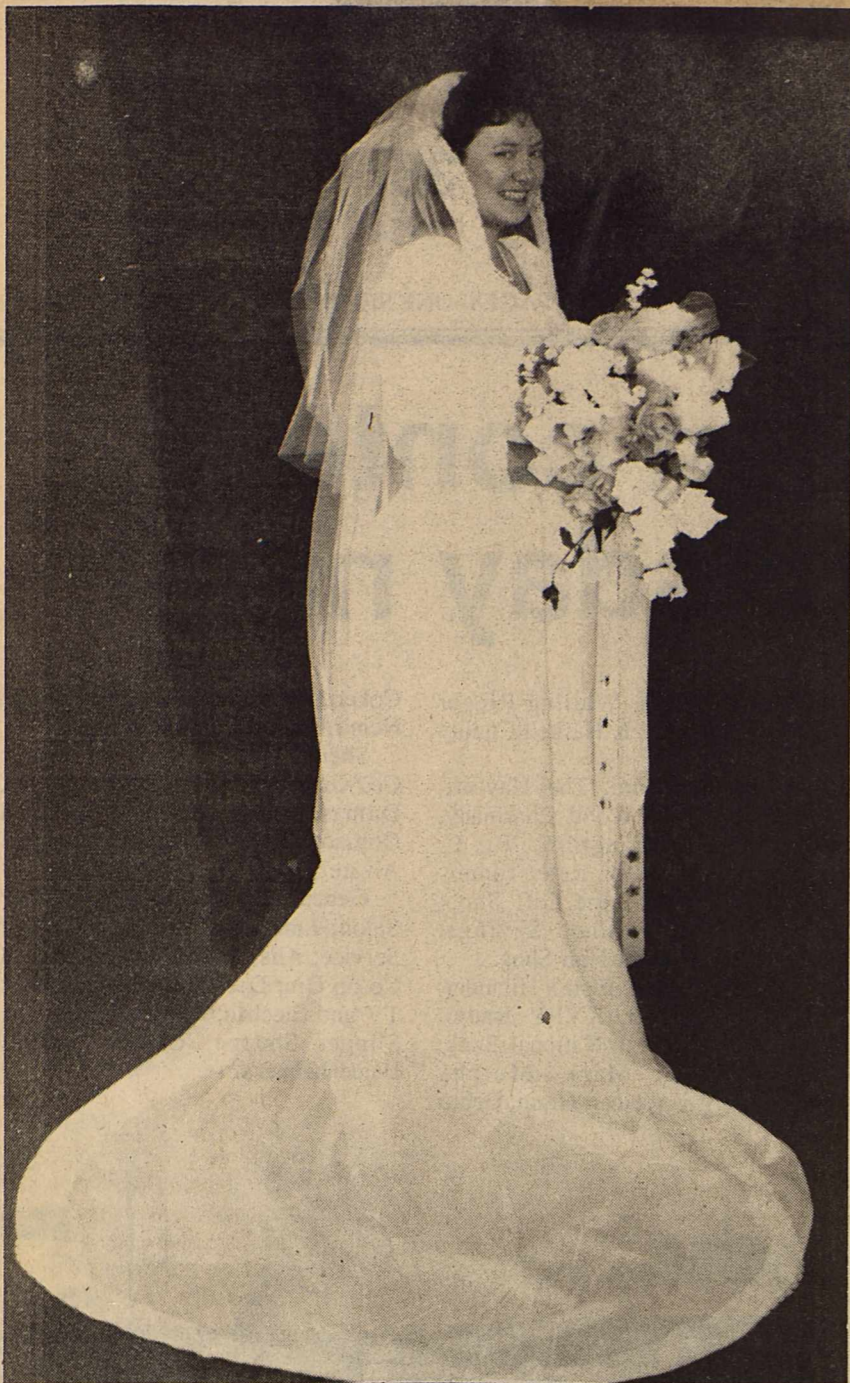

She has been president of her local 4-H club for the past two years, and she has been on the County 4-H Council for the past two years, serving as vice chairman. This coming year she will again be serving her club as president and will be first vice chairman of the County 4-H Council and will be one of Haskell County's two delegates to the District 4-H Council.

Dalyn has served as a judge for neighboring county food shows and fashion shows. She is always willing

Shelia Renay Swinney Morrow

Ceremony unites Haskell couple

Shelia Renay Swinney became the bride of Jerry Allen Morrow in a ceremony performed Sept. 12 at the Trinity Baptist Church. The Rev. Kenneth R. Blair officiated.

The bride is the daughter of Mr. and Mrs. Bill Swinney and the bridegroom is the son of Mrs. Don Morrow and the late Mr. Morrow.

Pianist was Mindy Elmore and soloist was Lori Darden.

Bridesmaid was Staci Mueller of Friona, cousin of the bride. Jennifer Comedy was candlelighter and Jessica Comedy was flower girl. Chancy Pogue was ring bearer.

Best man was Wayne Morrow, brother of the groom. Ushers were Joey Swinney, brother of the Bride,

Gary Isbell and Randy Messenger.

Given in marriage by her father the bride wore a floor-length dress of white bridal satin. The fitted bodice was overlaid with venise lace, with a chapel length train. She carried a bouquet of white, pink and blue roses.

The bridesmaid's dress was of mauve taffeta, fashioned like that of the bride. Dresses of the flower girl and candlelighter were of pink polyester cotton with lace trim.

A reception at the Haskell Community Building followed the ceremony.

The bride is a 1985 graduate of Haskell High School and is employed at Kis Photo. The bridegroom is a 1984 graduate of Haskell High School and is employed at Leon's Garage.

Following a wedding trip to Gulfport, Miss., the couple will reside in Haskell.

Scavenger hunt enjoyed by FHA

The first meeting of the Haskell Future Homemakers of America was held Sept. 7. Members and prospective new members taking homemaking classes this year, met at the Homemaking building for an autograph scavenger hunt which was organized by Gena Decker.

The scavenger hunt consisted of a list of names for which students had to go around town and get signatures.

After the hunt, refreshments were served and programs for the coming year were discussed.

Hostesses for the meeting were Christi Bartley, Gena Decker and LaKay Gibbs.

Haskell Nursing Center

By Jo Fischer
Activity Director

Haskell Nursing Center celebrated National Grandparents Day with an Adopt-a-Grandparent program.

Together the young people and our residents compared the one-room school, horse and buggy days with modern high tech computer education of today.

It was interesting to note that both generations wore denim overalls and high-top shoes to school. Entertainment for the evening was supplied by the Country Band and Ann and James Sinclair.

Our residents and visitors each

added a link to our friendship chain.

Our grandparent program will continue throughout the school year. If your youth group is interested, call 864-3556.

The Methodist ladies were in our home for a sing-along and devotional. We look forward to their visits.

Randy McLelland was here to sing and play his guitar.

Katie Hopper and Eleanor Blohm sang and played the piano for us.

Vivian Shaw is always faithful as a daily volunteer.

Visitors for the past two weeks were Kevin Strickland of Mabank with Albert Hannsz; Alta Harvey with Alvin Koonce; Jack Sessions of Elk City, Okla., Rolland Rose of Abilene, W. J. Rose of Highland, Calif., all with Pauline Williams.

Chucky Clark of Kernes, Myrtle and Walton Mitchell of Fort Worth with Kathryn Mitchell; Kathleen Felker with Albert Hannsz; Bonnie Workman with Elvie LeFevre; Clyde and Marvina Newberry with Eunice Newberry; Mary Rachel Densman with everyone.

J. W. and Lara Gifford of Brownwood with Mae Bell Turnbow; Willie and Donald Tibbets with Eunice Newberry; Mozelle Hoffer with George Goble; Jack Hanney with Alvin Koonce; Venita Larned Kreger of Granbury with Irman Whitaker.

Green Thumb

By Gladys O'Neal
Haskell Garden Club

"Who plants a seed beneath the sod, and waits to see believes in God."

What a nice quote!

Don't just admire fall from a distance. Move into the heart of color and you'll find that the season touches certain trees, branches and even single leaves in truly wondrous ways.

Appreciating autumn for all that it can be is a matter of changing your perspectives. The intensity of autumn can reside in an isolated tree or branch.

The third season with its shorter days and cooler temperature is not as fleeting as poets would have us believe.

Fall is the end of the functioning period. By the time color appears in the tree, the leaves, as such, have ceased to function. The tree is now essentially shut down. This is the glorious display that says, "I'm through work for the year."

The new colors clarify the country side. They ink in a readable landscape across summer's uniform green.

It doesn't really matter how the leaves fall; what matters is they do. Each leaf must fall, it is necessary for the tree. Leaves are not last year's litter; they are next year's life.

Autumn, there isn't a single explosion; it is a slow, methodical and delightful progression. We must be patient. Each day autumn lightly ignites and a new branch or touches a different leaf until the cold winds and rain of a coming winter sweep the color away.

Hints:
To prolong the life of cut flowers:

- (1) Mix one quart water 100

degrees F with two tablespoons of white distilled vinegar and four teaspoons cane sugar.

(2) Mix one teaspoon household bleach and one teaspoon sugar to one quart water.

The bleach and vinegar kill off micro-organisms which induce rot; sugar acts as food. Small amounts of charcoal, salt, ammonia or camphor added to water will prolong the flower's life. Do not use charcoal you start a fire with---use horticulture charcoal.

Scouts enjoy lake campout over weekend

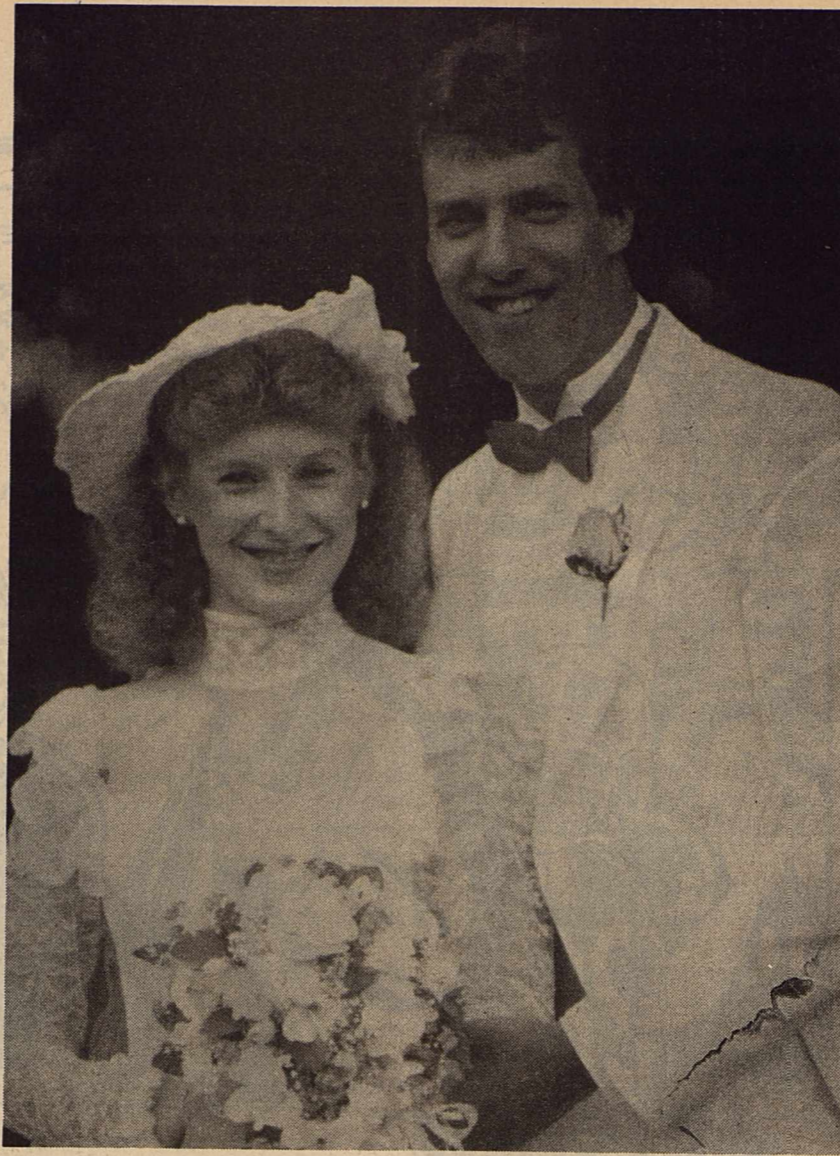

Troop 136 of Haskell had a campout at Lake Stamford this past weekend.

Saturday night, the Scouts had to deal with more of "Mother Nature" than planned. Storms with severe lightning forced the boys out of tents on two occasions. They were grateful to Vernay Andress who provided the group with shelter.

Twelve Boy Scouts were in attendance, along with Bill Perry, scoutmaster, and three other adults.

Scouts participated in knot tying, canoeing and compass reading.

The word "ye" in such expressions as "Ye Olde Shoppe," is pronounced like the word "the". The letter "y" in Anglo Saxon indicated the same "th" sound as apparent in the current spelling.

Mr. and Mrs. Wallace Godfrey Jr.

Miss Whitfield weds in Michigan

Christi Lynette Whitfield became the bride of Wallace Lyle Godfrey Jr. in a wedding ceremony performed Aug. 15 at The New Life Assembly of God Church in Escanaba, Mich. The bride is the daughter of Cotton and Frankie Whitfield of Escanaba, formerly of Haskell, and the groom is the son of Wallace Sr. and Diane Godfrey of Gladstone, Mich.

The Rev. Larry E. Young of Gladstone, cousin of the bride, officiated.

LaDonna Mills of Westminster, Calif., was matron of honor and Kaelyn Whitfield of Escanaba, sister of the bride, was bridesmaid. Flower girls were Karrie and Kristin Schemansky of Gladstone.

Best man was Jerry Russell of Merrillville, Ind. Groomsman was Steven Godfrey of Gladstone, brother of the groom; usher and candlelighter was Paul Larson of Wells, Mich. Ringbearer was L. J. Young of Gladstone, cousin of the bride.

Given in marriage by her father, the bride wore a dress of flourish lace and ruffles with a close-fitting bodice embellished with simulated pearls and sparkling sequins. Schiffli embroidery detailed the lace standup collar and illusion-net front yoke with ruffle trim, full skirt with tiers of lace and polyester sheer that extended into a heart-shaped chapel train with long button-and-loop closure in back in white of polyester, with polyester lace accents.

The headpiece was a taffeta hat trimmed with venise lace and simulated pearls, turned-up brim with a taffeta rosetta with a nylon veil and a back pouf in white. She carried a silk bouquet of white roses, cobalt blue sweetheart roses, miniature carnations, peach forget-me-nots and baby's breath.

For something old, she carried a white Bible given to her mother by her grandfather. Something new was her dress, something borrowed was a

gold bracelet belonging to her cousin and something blue was the garter.

The bride's attendants wore cobalt blue satin overlaid dresses with cobalt blue lace of polyester. The teal-length dress with above elbow sleeves, had a fitted low waist bodice, a front round neck and a v-neck in the back that was accented with a satin bow with cobalt blue shoes to match. They carried lace fans with cobalt blue sweetheart roses, peach forget-me-nots and baby's breath.

Flower girls wore peach satin teal-length dresses with short puffed sleeves, and the back of the skirt had four rows of white ruffling lace with a peach bow accented. The girls carried lace baskets with peach forget-me-nots and baby's breath.

The groom wore a white dynasty tuxedo with tails and a blue tie and cumerbund. The groomsman wore a white Miami Vice tuxedo with a blue jacket, tie and cumerbund. The usher and ringbearer wore the same.

After the ceremony, the bride and groom were driven by horse and carriage through Ludington Park.

The reception followed at the Wells Township Hall with a buffet meal served. Guests were registered by Vanea Schemansky of Gladstone.

The bride's table was decorated with a white table cloth and blue and white wedding bells. The three-tiered heart-shaped cake was decorated with accents of peach and powder blue and also topped with a blue heart with the couple's names. The cake top was powder blue with blue bells to match with kissing angels and cherub in fountain between tiers. The groom's cake was a two-layered German chocolate cake.

After a trip to Green Bay, the couple returned to Escanaba where they will make their home.

The surface of the moon has about the same area as Africa.

Extension club plans for fair

The Weinert Home Extension Club met on its regular date in the home of Alice Yates, with the president, Faye Jetton, in charge of the program. Mrs. Yates read the devotional and gave other reports, including the Haskell County Fair.

Roll call was answered with "The household chore I dread most." Hint for the day was: To soften hard paint on brushes, soak in hot vinegar, then wash in warm sudsy water.

Club members made plans for the club's fair booth, and Betty Sanders was appointed as chairman and Debbie Crump as helper.

State convention dates will be Sept. 22-23 at Fort Worth and headquarters hotel will be the Hilton. Any member is eligible to go. Mrs. Jetton and Laverne Mayfield are the club's delegates.

Mrs. Yates served a beautiful refreshment plate to Faye Jetton, Debbie Crump, Laverne Mayfield, Betty Sanders, Cordie Cunningham, Henrietta Rueffer and Anna Mae Roberts.

Next meeting will be hosted in the home of Debbie Crump on Tuesday, Oct. 6, and Mrs. Gilly, the agent, will present the program on "The Art of Being an Informed Patient." Visitors are welcome.

Bullock announces for Lt. governor

AUSTIN—With the '90 election three years away, Comptroller Bob Bullock took time from bird hunting in South Texas last Thursday to announce he will run for lieutenant governor. Lt. Gov. Bill Hobby, a Democrat, previously stated he will not seek re-election.

Bullock, the state's chief fiscal officer since 1975, made public his plans in a two-sentence statement which said he intended "to run for lieutenant governor in 1990. All visitors are welcome."

A spokesman told reporters Bullock is convinced he has been comptroller long enough. Hobby's decision not to run again prompted the comptroller's surprise announcement, he added.

No Committee Needed

Even though it's the way outgoing Chief Justice John Hill, a Democrat, wants his replacement selected, GOP Gov. Bill Clements said that he, not a committee, will make the appointment.

Hill has campaigned long and hard to have elected judges appointed by a committee on the basis of merit, and his out-front reason for stepping down in mid-term is to continue lobbying that issue.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

But even though Clements supported the concept last session, he won't use Hill's departure to make a trial run of the merit selection proposal.

The new chief justice will likely be a Republican who will run for election after his appointed term. Two sitting Democratic justices have already tossed their hats into the ring.

Energy Politics

Long-time Railroad Commissioner Jim Nugent seems to be a handy target these days for lots of people interested in energy policies.

He needs newly appointed Republican Kent Hance's vote to win the panel's gavel over fellow Democrat John Sharp, and it may result in a game of hardball and name-calling politics between the two.

Last week, Houston Republican Ed Emmett, a former House member, announced he was going after Nugent's seat in the '88 election. Originally, it was Houston Democrat Clint Hackney who was eyeing Nugent's spot, but now he's running for Hance's seat.

For now, Hance is seen as the swing vote on the three-member panel, and there is speculation about what would induce him to

vote with Nugent or Sharp. If Nugent, a conservative Democrat, switched parties, would that do it? Or, if Hance held out to be chairman with Nugent's support, could he make it?

Wayward \$21 Million

State officials were wondering last week if the story of a wayward \$21 million in Texas Housing Agency bonds would diminish voter confidence in the massive bond proposals on the November 3 ballot.

The \$21 million wound up in an uninsured West Indies bank and was the indirect source of a \$1.8 million construction loan in Indiana. By last week, most of the money was back in the Fort Worth trustee bank. The remainder should be home soon.

Following the incident, State Treasurer Ann Richards said the treasury should act as trustee and handle any state agency's unspent bond money to avoid a repeat of the near disaster.

Thus far, no one has implied impropriety, just a mixup in communication about investing the money.

Pari-mutuel Betting

To date, more than a dozen counties, including Harris, Bexar and Tarrant, have placed the pari-mutuel betting local option issue on their ballots.

A recent Texas Poll indicates 69 percent of Texas voters favor the referendum.

Supporters plan to spend \$1.6 million to pass the issue, and have lined up singers Willie Nelson, Jimmy Dean and George Strait for September and October fundraisers.

Some say the new industry will generate \$1.2 billion a year, create 8,000 construction jobs and 11,000 permanent jobs including breeding and training facilities.

Troubled state coffers will reap an estimated \$110 million in taxes, five cents from every dollar wagered.

Other Highlights

- Speaking of fundraisers, Atty. Gen. Jim Mattox recently raised \$600,000 at a Houston fete to fuel his quest for the mansion. He has a Dallas bash scheduled for December.

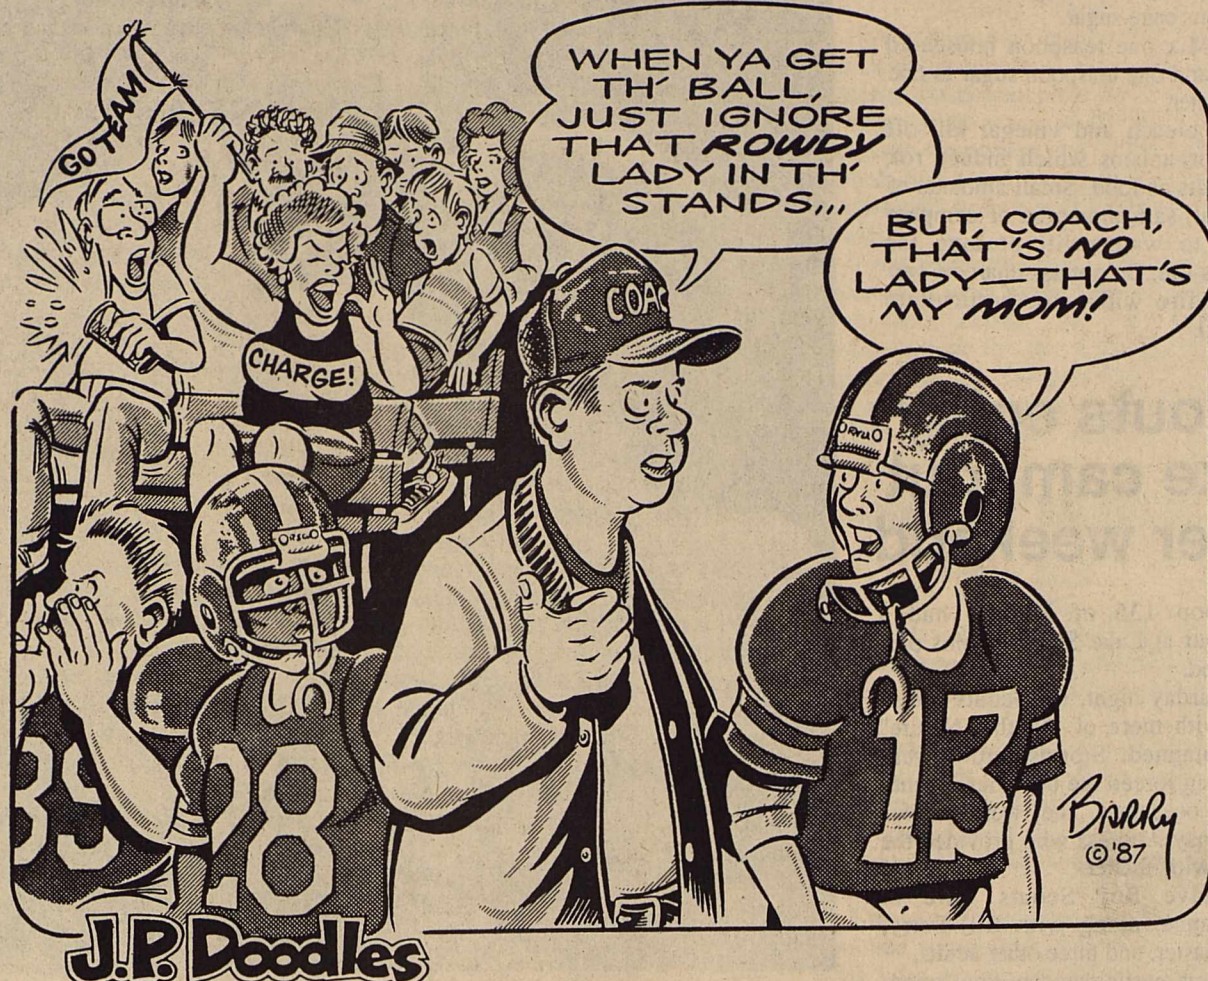

- A shakeup at the Texas Water Commission has resulted in the departure of several top staffers, including long-time chief clerk Mary Ann Hefner.

- Scientists at the Texas A&M Galveston branch have come up with a way to reproduce oysters that could speed the replenishing of troubled oyster beds, closed recently by Texas Parks & Wildlife commissioners.

"Swifts" sleep while flying

Strange bedfellows: Birds called "swifts" actually sleep while flying.

Ranger Rick magazine reports that for the first three years of their lives, swifts may fly a total of one million miles without ever landing—not even to sleep.

Administrator OK

Editor: I think our city administrator is OK. I think he is the best. He has done so much for our town.

Just look and you will see things he has done. I don't know why anyone would want to get a petition to get him out and to go behind his back and do it. I don't see how anyone can do that.

I am behind him all the way and I hope he stays in as city administrator. I will do anything I can for him. This goes for a lot of people too.

Someone who has lived in Haskell for years

Open meeting?

Editor: Tuesday night at 7 I attended a City Council meeting at Haskell City Hall.

As we all know this is supposed to be an open meeting to the people.

I was very surprised when after each member looked at a piece of paper they were asked by the Mayor Pro Tem if they had any additions or corrections. No one said anything so he said minutes were approved as read. We did not hear the minutes of the last meeting, neither did we hear the bills read and to whom they were paid, merely that the bills were approved.

For someone who is supposed to represent the people the Council have a very poor way of doing it.

We were told that if we marked the ballots and returned our answer and if we did not want an increase in taxes for salary raises, and if we did not want an increase in water bills, we would not get them. The most ballots returned were marked "no" four times but we got an increase in tax, also an increase in water bills.

Where will it end?

Dangerous drugs

I have just received a copy of an article concerning the newest form of insidious approaches to enticing young children into the use of drugs. I have requested the local paper to run

this article for the information about the children in our area. Please read this article yourself and share it with your children and with your friends. Urgent warnings should be given to even your youngest child to prevent what could be a major tragedy.

The following came from a police report. Please read it and warn the kids. It could be in your community, too.

"The Police Department has warned us that there is another danger in our community.

"It is a form of tattoo called 'Blue Star' and it is sold all over the United States. It is a small sheet of white paper containing blue stars the size of a pencil eraser. Each star is soaked with LSD.

"Each star can be removed and placed in the mouth. The LSD can also be absorbed through the skin simply by handling the paper.

"There are also brightly colored paper tabs resembling postage stamps that have pictures of Superman, butterflies, clowns, Mickey Mouse and other Disney characters on them. These stamps are packaged in a red cardboard box wrapped in foil.

"This is a new way of selling acid by appealing to our young children.

"A young child could happen upon these and have a fatal 'trip.' It is also learned that little children could be given a free 'tattoo' by older children who want to have some fun or others cultivating new customers.

"A red stamp called 'Red Pyramid' is also being distributed along with 'Microdots' in various colors and another kind called 'Window Pane' which has a grid that can be cut out.

"These are laced with drugs.

"Please advise your children of these new drugs. If you or your children see any of the above, do not handle! These drugs are known to react very quickly, and some are laced with strychnine.

"Symptoms are hallucinations, severe vomiting, mood change, and change of body temperature. Get to the hospital as soon as possible and call police."

plain talk

BY WENDELL FAUGHT

I've always gotten a kick out of newspaper column names when the writer's own name is incorporated therein.

First guy I ever worked for had a column "One Guy to Another." That was fine for him. His name was Guy.

For an old friend in Carrizozo, N.M., by the name of Paul Payton, the column name was "Payton Place."

Frank Graham once wrote a sports column for one of the New York newspapers: "To Be Frank."

For another New Mexico friend, Ed White, it was "White Wash." (He also answers his home telephone "White House".)

I wasn't so lucky, or maybe so innovative. Years ago when I owned a newspaper in Plains, Texas, I called my column "Plains Talk". When I moved to New Mexico, I just dropped the 's' on the first word. I used it there 25 years and then brought it with me to Haskell.

An advertising agency owner in Las Cruces, who for some reason said he liked these scratchings, drew the logo gratis, the one I'm still using. To date no one in Haskell has said anything about the mountain in the background or the yucca, the state flower of New Mexico.

Bill Harris, the Round Top man I wrote about a few weeks ago, says he would be interested in hearing from anyone who might have gone to school with Almeida or Lescher McGregor. He said he would come to see them on his next visit.

Almeida was his mother, born in 1900. Lescher was her brother, 18 months younger. They and their parents, Mr. and Mrs. Albert William McGregor, lived in Haskell from 1905 to 1912.

Bill says that when he settled his mother's estate in 1986, he found "boxes and boxes of family letters, business papers, jewelry boxes, old pictures beautifully framed, pocket knives, whet stones, pocket watches, etc."

He now has turned the second floor of his Victorian house at Round Top into a McGregor museum.

Someone living in Haskell, born between 1899 and 1905, may well remember going to school with the McGregors. If so, write to: Bill Harris, P.O. Box 106, Round Top, TX 78954.

We've been hearing a lot lately about the test given to 8,000 17-year-olds by the National Endowment for the Humanities. Poorest grades were made in the fields of history and literature.

Here are some of the questions:

1. When did Columbus discover America?
2. When was the U.S. Constitution written?
3. When was the Civil War?
4. When was World War I?
5. Which best describes Magna Carta?
6. Who wrote *The Canterbury Tales*?

7. Who wrote *Crime and Punishment* and *The Brothers Karamazov*?

8. Who wrote *Death Comes for the Archbishop*?

9. Which American poet wrote *Leaves of Grass*?

10. Which region did Falukner mostly write about?

Each was a multiple choice question. On each of the first four where dates were asked for, the students had a choice of four 50- to 100-year time periods.

Still, 68 percent didn't know within 50 years when the Civil War occurred, and one out of three thought (or guessed) Columbus arrived after 1750.

Eighty-four percent didn't know who wrote *Crime and Punishment*, 64 percent didn't know who wrote *The Canterbury Tales* and 60 percent couldn't identify Walt Whitman as the author of *Leaves of Grass*.

Said Lynne V. Cheney, author of the report: "Western civilization is endangered because students don't know what it is."

CPR knowledge is needed by many

Medical personnel and life guards aren't the only people who need to know how to do CPR, or cardiopulmonary resuscitation, says a Texas A&M health education specialist.

"The composition of your family, where you live and your lifestyle may make it important that you know CPR," says Dr. Mary Ann Heussner.

In cases of drowning, suffocation, electrocution, automobile accidents, or heart attacks someone trained in CPR can provide proper lifesaving measures until trained professionals take over, she says.

According to the health educator, people who should have CPR training include:

- Parents of young children.
 - People who provide day care for children in their homes.
 - People who live in homes with backyard swimming pools, or a pond where family members swim, and apartment-dwellers who live in complexes where no life guard is on duty at the swimming pool.
 - People who provide care for an elderly parent or relative in their homes.
 - Rural families that live some distance from medical facilities and families in those areas that have limited ambulance service.
 - Individuals who engage in boating, swimming, water sports or higher risk outdoor activities, especially if they are done in remote areas with limited access to medical facilities.
- If your family falls in one of these categories, Heussner suggests taking CPR classes which are offered by

local units of the American Red Cross, American Heart Association and other health agencies.

"For a short investment of your time, you'll be better able to handle a medical emergency in your family," emphasizes the specialist.

Adult classes to begin

Registration and first class session for adult education will be at 6 p.m. Monday in room 106 at Haskell High School. Classes will be held each Monday from 6 to 7:30 p.m.

All materials and instruction will be furnished at no charge to the students.

Classes are preparatory for the GED tests which are given every Tuesday and Wednesday in Abilene. The program has helped many people in the community obtain the GED certificate and qualify for better-paying jobs.

Courses also will be offered to those desiring to learn to speak English as a second language. These classes will be from 7:30 to 9 p.m. each Monday in room 106 at Haskell High School.

The adult education program is provided by the State of Texas, in cooperation with the Haskell Independent School District.

Auto show to be Oct. 17

By Wanda Dulaney

Chamber of Commerce Manager
The second annual Automobile Show, sponsored by the Haskell Chamber of Commerce, will be held Saturday, Oct. 17, at the Haskell County Fairgrounds.

Buddy Lane, chairman, states that early entries and expressed interest indicate that the event will be even larger than the first year's show which attracted hundreds of people to the extravaganza and to the area to shop in local businesses.

Owners of antique cars are asked to contact the Chamber (864-2477) for detailed information about entering.

Area car dealers will be displaying their lines of new cars, with all automobiles to be displayed outdoors this year.

Displays also will include farm equipment, other vehicles and boats, or as Lane described, "anything on wheels."

The Civic Center will be filled with exhibits by related businesses, concessions, arts and crafts and an eating area where a variety of food will be served.

One of the highlights of the show will be an Open Rod Run, with all area rod clubs invited to participate and to sponsor games for all ages, Lane said.

These organizations compete in as many as 15 runs per year. More than 100 antique and restored autos and pickups were on display by their members at the Buffalo Gap Run held in August. Tens of thousands of dollars had been invested in the automobiles exhibited at Buffalo Gap.

Most of the owners drive their cars to the assemblies, again showing their mint condition as well as their eye appeal.

Last year, 11 antique cars were shown here with the number of entries limited because of limited space in the Civic Center.

"Putting them outdoors will not only allow us to display many more automobiles, but will allow additional room for exhibits in the Civic Center," Lane said.

In 1986 there were 23 exhibits indoors and five outdoors, plus many new cars shown by Medford Buick,

Pontiac, GMC; Bailey Toliver Chevrolet/Oldsmobile; and Bill Wilson Motor Co., Ford, Lincoln and Mercury. The first show was dedicated to the local dealerships and the automobile industry in general.

Many exhibitors are again expected to have drawings for valuable prizes and spectators may register at their booths, without charge or required purchases. Some of the 1986 winners included:

Phil Henshaw, who won a tape player and radio from the Chamber of Commerce; Cliff Dunnam's name was drawn for a \$100 savings bond from the First National Bank; Charlotte Peiser won a car vacuum from Williams 277 North Paint and Body; C. O. Holt and Gene Long won turkeys from M System; a child's riding pickup from Osborne's was won by A. C. Richardson.

Rosemary Brown was the winner of a thermostat from Cook Heating and Cooling; Darren Brandon got the satin jacket from Harmon Cablevision; Levi Garlick won a car stereo from Anderson Tire Co.; chef aprons from Olney Savings were won by Mrs. Henry Rueffer, Tammy Anderson, M. C. Josselet and Pearl Reinhardt.

Football and basketballs and coolers were prizes from Smitty's Auto, won by Ken Lane, Lorene Harris, Ember Miller, B. C. Chapman, E. C. Collins, Leisa Hutchinson, Randy Shaw, Rosemary Brown, Kenneth Wood, Casey Caldwell, Jereme Jordan, Stephen Foster, Abe Turner, Ervin Unger, Cliff Dunnam, Tara Miller, Sarah Densman, Eva Delle Hester and Carolyn Reynolds.

In addition to the drawings, many exhibitors gave away items such as balloons, ballpoint pens, matches, notepads, tote bags, litter bags, etc.

Lane asks that local merchants help promote the event by planning sales and promotions which the hundreds of out-of-town visitors can take advantage of while in the "shopping hub of the Rolling Plains."

A special newspaper tabloid about the Automobile Show will be inserted in the Oct. 15 issue of The

Haskell Free Press."

"Our event is unique in that most automobile shows are held in or near larger cities, and being at the crossroads of Highways 277 and 380 makes the Haskell show especially accessible," Lane said.

Entry fees for antique cars are \$12, if paid before Oct. 1, or \$15 afterwards. Fees for spaces for new cars, farm equipment, boats and other vehicles are the same. Six-foot tables and display area inside the Civic Center will again be \$20 each, or \$25 if an electrical outlet is needed. Other outdoor space will be \$20 for a 10x20 foot area.

A master chart at the chamber office, 112 1/2 N. Ave. E, will register the location of each display on a first-come, first-served basis.

"It's important to reserve space and choose your location as soon as possible," Lane reminded participants.

Seat belt law enters third year

Two years after the safety belt law went in effect, Texans are still buckling up in record numbers and front-seat fatalities are still declining, says George R. Gustafson, president of Texas Safety Association and a spokesman for the Texas Coalition for Safety Belts.

"Our rate of safety belt use has quadrupled since pre-law days, and we've showed remarkable staying power," Gustafson said. "The latest study shows about 60 percent of our drivers are buckling up."

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION

NOVEMBER 3, 1987

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 55 proposes a constitutional amendment to authorize the legislature to provide for the issuance of \$400 million in general obligation bonds to be used for loans to local governments for acquisition, construction, repair, renovation, and equipment of public facilities or for grants to local governments for planning public facilities. The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to corrections institutions

and mental health and mental retardation facilities."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11 ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting spouses to hold community property with right of survivorship."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18 ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19 ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23 ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

Pirates maul Moran

The Pirates' Pen

The Moran Bulldogs visited Paint Creek last Friday night, but not for long. The Pirates allowed their guests one score, but sent them packing at halftime.

Although it takes a lot of offense to score 53 points, the real stars of this Pirate victory were the defense. Defensive ends Ty Williams and Chris Cockerell, along with cornerbacks Angel Comacho and Daniel Acosta and safety Dan Benton with middle linebacker Johnny Ortiz held Moran to three first downs and an overall offensive output of 15 yards.

The first Moran series was indicative of what the entire night was to be like when on Moran's first snap, they lost 7 yards on a sack by Williams. On second down, they lost 4 yards when Williams and Cockerell snuffed out a sweep. Third down consisted of a missed snap and an incomplete pass caused by the pressure put on by Williams. Fourth down brought on a punt which was blocked by Cockerell who then fell on the ball in the end zone for the Pirates' first score.

The defense gave the Pirates numerous scoring opportunities in the first quarter as the Pirates went up 33-0. It looked like the Pirates were going to go up 40-0 when Benton returned a punt for a 65-yard touchdown, but it was nullified by an illegal blocking call. That, by the way, was the only Pirate penalty, showing considerable improvement after 12 penalties for 105 yards last week.

The second quarter rocked along with the Pirates actually trying to

keep Moran in the game with a deliberate interception and the use of defensive time outs. Then after a 57-yard kick return by freshman return specialist Dane Morgan the Pirates had 53 seconds left. Two running plays by Ortiz and Camacho left Paint Creek with 13 seconds and 15 yards to go. Quarterback Acosta found Cockerell alone in the left corner of the end zone and nailed down a 47-point difference which caused the game to be called at half.

Substitutes Morgan, Tanner Childress and A. G. Gonzales saw a lot of playing time and contributed a great deal to the team's success.

It is with a great deal of sorrow that we announce that the Pirates will be off this week. They were scheduled to play against the always powerful Weinert Bulldogs, but Weinert has run into the same problem that many small schools either have or soon will face, in that they cannot due to numbers and injuries field a team this season.

We would like to thank Coach Forehand and his teams for all the good football they've shown us down through the years. They truly stood for all the best in what true six-man football was all about, playing to win but keeping it fun.

The Pirate stats looked like this: Defensively the Pirates were led by Camacho when 11 tackles. He was followed by Ortiz with 9, Acosta and Cockerell with 7 each, Benton and Williams with 6 each, Morgan, Childress and Gonzales with 2 each. Cockerell added a blocked punt and Williams and Ortiz each recovered a fumble.

Offensively, Acosta was 4 of 6 for

52 yards and a touchdown, Camacho carried 6 times for 54 yards and two touchdowns, Ortiz carried 8 times for 114 yards and four touchdowns, Cockerell recovered a fumble and caught a pass for two touchdowns, Benton had one reception for 14 yards and Moran returned one kick for 52 yards.

AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on October 1, 1987.

- SDN (Software Defined Network) Schedule B prices will be reduced an overall 7.1%. Schedule C prices will be reduced 4.4% for the initial 30-second rate period of each call.
- WATS 80 service prices for both the initial period 80-hour usage and additional period usage will increase 5%.
- The monthly prices for AT&T's Private Line Service will increase up to \$25 per channel termination for Analog services and 10% for Digital Data Services.
- A \$25 monthly surcharge will also apply to any private lines which may be used to access the local exchange network, unless certified as exempt by the customer. The \$25 surcharge, which was previously authorized by the Public Utility Commission of Texas, is a flow through of charges assessed by the Local Exchange Companies to AT&T for those Private Line services.

The combined effect of these price changes is expected to produce approximately \$4.99 million annual revenue, which is approximately .5% of AT&T's annual revenues for all Texas intrastate services.

If you have questions regarding the changes for Private Line service, please call AT&T toll-free at 1-800-345-5092. If you have questions regarding the WATS or SDN price changes, please call our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on August 31, 1987, with an effective date of October 1, 1987.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221 for teletypewriter for the deaf.

THAT'S ENTERTAINMENT

There was a time when you could wine and dine a business client and deduct the full expense on your income tax return. With the passage of the 1986 Tax Reform Act, business-related entertainment deductions have been reduced substantially.

Most business-related meal and entertainment expenses are now, as of tax year 1987, subject to an 80% limitation on deductibility.

An expense can only be considered deductible when the following conditions are met: (1) it must be an ordinary and necessary expense and (2) the meal or entertainment must be directly related to the conduct of the taxpayer's business. In addition, the taxpayer, his employee or another representative must be present and a business discussion must take place before, after or during the meal.

Among the meal and entertainment expenses which are still 100% deductible are the following: (1) transportation to and from the place of entertainment, (2) meals or entertainment considered as compensation to an employee, (3) business gifts of food (such as holiday turkeys), (4) food given away as samples to the general public for promotional purposes, and (5) meals that are an integral part of a business banquet.

The 1986 Tax Reform Act has eliminated the deductions for certain travel expenses, including travel as a form of education, expenses incurred while attending investment seminars, and expenses for charitable travel which involves a significant amount of personal pleasure.

Proof of entertainment, business meals and travel expenses must be accurately documented in order to take the deductions at all. The IRS will want to know the cost, date, place and business purpose of the activity.

If you have questions as to the deductibility of your business-related entertainment expenses, please contact us.

Booster club

The Haskell Indian Booster Club met Monday night in the Ag Building. It was decided that henceforth meetings will begin at 7:30 p.m.

The upcoming Thursday, Oct 8 Hamburger Supper was discussed. Tickets will be \$3.50 and all high school athletes will be asked to sell three tickets each. A second hamburger supper may be had at a cost of \$2.

President Mike Guess asked if there were any injuries from last

week's Holliday game. Head coach Nelson Coulter said none that would keep anyone from playing.

He said the Holliday game was a real let-down from the week before. He said three things hurt: "They were a good football team, we played poorly and we gave them the ball three times inside the 30." He said a lot of execution errors were made along with some coaching errors.

As for the upcoming game with Electra, it was pointed out that they do a lot like Holliday, but they don't have as many big guys as the Eagles did. They vary their offense quite a bit but don't throw the ball as much as last year. Depth-wise they are in no better shape than the Indians, Coulter said.

Bob Lilly to be here for hunt

Former Dallas Cowboy great Bob Lilly and former New Orleans Saint Dave Parks will be special guests during a deer, turkey, quail and feral hog hunt in this area Nov. 14-16.

It will be on the Hendrick Ranch, a 42,000-acre spread in Haskell, Shackelford and Throckmorton counties, and it is being hosted by the Hendrick Home for Children. The ranch sprawls along the breaks and plains of the Clear Fork of the Brazos River.

Beginning Friday evening, a barbecue will be served for all hunters at the ranch. The hunt will begin early Saturday morning.

All proceeds from the hunt will be used to benefit Hendrick Home for Children in Abilene.

For more information, call Claude Hicks or Ron Keener at 915-692-0112.

Rochester posts 2nd win

Rochester's Steers made it two in a row Friday night with a 34-13 victory over Patton Springs.

The Steers took a 14-0 lead with first- and second-period touchdowns, and then stormed back to score another touchdown after Patton Springs had narrowed the margin to 14-7 shortly before halftime.

The Steers scored in the first quarter on a 30-yard run by Jamie Wyatt and added another in the second period when Anthony Brown went over from a yard out.

Patton Spring's Randy Finkenbinder scored on a 1-yard run to put his team back in the game, but Rochester scored 20 seconds later on a 17-yard pass play from Larry King to Denny Tibbitts. This gave the Steers a 22-7 halftime advantage.

Rochester added a pair of third-quarter touchdowns, on runs of 23 and 17 yards by Wyatt. Between those two touchdowns, Finkenbinder scored on a 39-yard for Patton Springs.

Wyatt was the game's top rusher with 142 yards on 16 carries. Brown had 83 yards in 13 stabs.

Morgan Walker led the Steer defense with 9 tackles. Lance Sloan had 8, James and Sammy Wyatt each had 7 and Brad Bevel recorded 6.

Weinert cancels football season

The Weinert Bulldogs have been forced to cancel their 1987 football season.

School officials made the announcement last week, stating that not enough boys are available to field a six-man team this year.

Weinert has been a power in the six-man ranks. Two years ago the Bulldogs reached the state semifinals where they lost to Jayton, the eventual state champion.

Cheerleaders

Haskell cheerleaders are asking all former cheerleaders to get in touch with their squads for the Oct. 2 homecoming pep rally. Former cheerleaders will perform at that rally. For additional information, get in touch with any present HHS cheerleader.

Holliday rolls past Indians by 33-6 score

Everyone agreed that the Holliday Eagles were a superior football team to the Haskell Indians Friday night.

But take out the turnovers and the Indians may well have made the game a much better contest.

The Eagles cashed in on five of these turnovers to score five touchdowns and send the Indians reeling, 33-6, to their second defeat of the two-game-old 1987 football season.

They scored first after recovering a fumble just two yards from the Haskell goal, another time after pouncing on a fumble at the Haskell 27, a third touchdown with a 44-yard march after a pass interception, again after a fumble on the Indian 12 and finally on the end of a 68-yard march following still another fumble recovery.

All told, the Indians lost four fumbles, had two passes intercepted and failed to get off a fourth-down punt. Add 13 penalties for 94 yards and you get the idea that Haskell could have made the contest a lot closer with a little less sloppiness.

Despite the cheap touchdowns, Holliday was firmly in control throughout the evening. Paced by 200-pound fullback David Hoepfner, who ground out 146 yards with 24 totes, the Eagles nursed a 14-6 halftime lead and then got two more touchdowns in the third quarter and another in the fourth.

The first score came at the 4:22 mark of the opening period when Hoepfner knifed over from the 2 after the Eagles had recovered a fumbled pichout at the 2.

In the second period, the Indians again turned the ball over to the visitors with a fumble at the Haskell 27. On three straight carries, Hoepfner gained 10 and then 3 yards before getting the final 14 to put his team up by 14-0.

Late in the first half, Haskell stormed back. After Patrick Perez' 48-yard boot pinned the Eagles back to the 18, Holliday could move out only to the 25 where Pat Maxwell kicked to Derrick Billington on the 50. Billington returned the punt to the 44 and an Eagle penalty moved the ball to the 29. Stephon Brockington made 4 yards and then Fred Shaw got the

other 25 and the touchdown on the night's longest play from scrimmage. A muffed kick attempt left the score at 14-6.

Haskell had an opportunity to close the gap when Billington recovered Hoepfner's fumble at the Holliday 32 on the first play after the Indian kickoff. An 11-yard pass from Chan Guess to Mark Young gave the Indians a first down at the 21. But three running plays and two 5-yard assessments against Haskell left the Indians with a fourth down at the 27, from where Guess' fourth-down pass fell incomplete as the first half ended.

Early in the third period, Holliday's Brad Pierson intercepted a Guess pass and returned it to the Indian 44. Five plays later, Robert Lindley went over from 15 yards out and the Eagles went out front 21-6 after Maxwell's conversion.

Before the third period was over the Eagles got another cheap touchdown. Guess, on a punt return, fumbled on his own 12. Hoepfner got the touchdown on the first play from that point and on the final play of the third quarter. Young blocked Maxwell's conversion attempt, but the visitors were in command at 27-6.

The kickoff which opened the fourth quarter was returned by Young to the Holliday 43. Perez then hit Young with a 20-yard strike, and Shaw rambled 13 yards to the 24. But after Brockington made 2 yards to the 22, Guess fumbled behind the line of scrimmage and the Eagles recovered at the 32.

Twelve running plays, a 6-yard pass completion and two penalties against Haskell produced the game's

final touchdown. Scott Belcher, another of Holliday's stable of running backs, got the touchdown from 4 yards out to cap the 68-yard drive.

Holliday held a wide statistical edge, out-first-downing the Indians 17-7. The Indians rushed for 155 yards, but 55 yards in losses left them with a net rushing total of an even 100 yards. Holliday had 242 net yards on the ground.

Brockington paced the Indian rushers with 38 yards in 11 attempts. Shaw, suffering from 17 yards in losses, netted 21 yards on five carries, while Young carried four times for 28 yards. Guess, who had one run of 19 yards, broke even in five other carries to wind up with 19 yards in six tries. Perez carried three times for 16 yards and Billington had 8 yards in three stabs.

Guess was 2 of 8 for 23 yards in passing and Perez was 1 of 4 for 20. Young was on the receiving end of all three completions.

Rochester hosts Rule Friday

Rochester and Rule, two Haskell County arch rivals, meet in Rochester Friday in the first district game for each team.

Rochester is 2-0, with victories over Guthrie and Patton Springs, while Rule is 0-1 after losing last week to Trent.

Paint Creek and Weinert had been scheduled to meet Friday, but Weinert has had to cancel its 1987 schedule.

Weinert News

by Myrtle Phemister
(news for the week of
September 10, 1987)

September-oh! that month of renewals--back-to-school for our youths--(bringing 8 hours of quietness to the home)--dove hunting--cool nights and of course the end of summer vacations for many.

Many in Weinert were out of town for Labor Day weekend, but we also had a great number of visitors.

Ernest and Louise McGuire had their family home, including Budge and Nancy with Kelly, Karen and Jo Beth of Keller, Texas.

Also, Danny McGuire, who is serving on the Police Force in Ft. Worth came. He brought two of his policemen friends to share with them the joys of country life. The fireworks show they put on would have delighted anyone who saw it.

Becky Fry of Bowie came early to her parents home, so she could attend the birthday party for her grandson, Brandon McGuire, of Haskell, and an early birthday for great-granddad, Ernest.

Raymond and Bernice Mathison hosted a fish fry on their farm for their Labor Day guests. Approximately 75 friends and neighbors were in attendance. Out of town guests included their daughter, Sandra Nicholson, with T. of Houston, Mr. and Mrs. Mack Turner of San Antonio; Margaret Sanchez, Dan McIntire and Mr. and Mrs. Pete Waters, also from Houston.

Mr. and Mrs. Wayne Puckett, with son Tommy, of Tuscaloosa, Alabama were here to visit his sister and family, Mr. and Mrs. Henry Ejems, Jody and Sherri.

Other guests in the Ejems' home were her sister, Mr. and Mrs. Charles Radusch, with Kenneth and David of Port Arthur, Texas.

Mr. and Mrs. Don Stafford of Denton, Texas, and Bill Jetton of Brownwood visited their parents, the J. E. Jettons and attended worship services at the Church of Christ, and later the First Sunday singing.

Guests in the home of the Leonard Mahan's were her sisters family, Mr. and Mrs. Bennie Maples and children of Odessa. Len Mahan returned to Odessa with his aunt to spend some time there.

Helen Boykin entertained her son, Mr. and Mrs. Raymon Boykin with Randy and Shelly of Vernon over the Labor Day weekend.

Bill Johnson of Abilene was in Weinert to visit his brother, A. D., who has been on the sick list several days.

The Weinert Church of Christ hosted the first Sunday singing on September 6th. The building was filled with singers representing most of the area towns, and the singing was superb.

Mr. and Mrs. Ronnie Watkins with Shannon, of Garland were here to visit her mother, Thelma Edwards, and spend some time with their daughter Kelly, who is a senior student in Weinert High School and lives with Thelma. They all attended the Mathison's Fish Fry.

Bertie Alexander attended memorial services in Gorman for her nephew, Wendell Sanders who was found murdered in his garage. Visiting in her home this week were her daughter, Faye Crawford, and daughter-in-law, Sue Alexander both of San Antonio.

Mr. and Mrs. Jim Stokes of Crowell were in town to visit their niece and family, Mr. and Mrs. Fred Green and Cody.

Visitors in the home of Mildred and Alton Sanders were Mr. and Mrs. Melvin Tarpley and Vannoy White, all of Lipan, Texas.

Out of town: Mr. and Mrs. Ronnie Alexander with Missy and Randy, were in Petersburg for the weekend where they helped with the wedding of

Veta's niece, Tracee Bearden, daughter of Mr. and Mrs. Robert Bearden when she became the bride of Ryan Frasure of Levelland.

Missy registered guests for her cousins wedding, and Randy served as candlelighter.

Mr. and Mrs. Marvin Phemister took their grandson, Greg to his home in Wimberly and spent a few days with their son, David and family. Greg accepted a job as "sacker" in the Safeway store in San Marcos, about 15 miles from Wimberly, and is excited about his first job.

While in Wimberly they attended Marcus' football game, where he plays guard position on the Junior Varsity team. He acts as manager for the varsity.

Mr. and Mrs. R. S. Sanders flew from Lubbock to Albuquerque, N.M. where they met their son, Larry and Linda, with Robert and Lynette of Los Alamos. They spent the time sightseeing and visiting. R. S. is doing really well and gaining strength each day.

John and Laverne Mayfield have returned from a leisurely tour of the hill country in celebration of their wedding anniversary. They spent some time in Fredericksburg. (We may lose LaVerne to that fair city), Wimberly and San Marcos. They returned by way of DeSoto and Dallas to share some time with their children there.

Mr. and Mrs. Donnie Crump were in Blue Grove for a Crump family reunion hosted by his parents there on Labor Day weekend. There was dove-hunting for the men, and lots of visiting for the women, with food and fellowship shared by all.

Mrs. Ila Moody was dismissed from her long stay in Hendrick Hospital following surgery and therapy for her broken hip. She will be with her son's family, Mr. and Mrs. Scotty Moody for a while and would love cards and letters from home. Her address is 613 South 19th St., Kingsville, Texas 78363.

We miss her so much, but we are happy she is receiving the tender loving care she needs.

We extend congratulations to the

following people. Birthday wishes to: J. D. Davis, III, W. R. Hager, Jr., Perry Turnbow, Tinka Herricks, Brad King, Alton Sanders and E. S. McGuire.

Also, we congratulate Ima Stewart who received a favorable report from her eye doctor, and to M. W. Phemister who was dismissed with a good report from his heart doctor in Abilene.

Have a nice day--Be good to yourself, you were made in the image of God! (Genesis 1:26, 27).

by Myrtle Phemister

If you missed this column last week, please accept my apologies for not being near enough to get the news here in time for deadline.

You see, I need a substitute reporter, but so far, no one will accept the responsibility. Help! Surely some one will want a part in this high-salaried position!

We continue having rain showers and electric storms, with some high winds. The moisture keeps the cotton green and lush, helps the early sown wheat to sprout, but it also helps the weevils who have been taking their toll of the cotton, and are still with us. In spite of them, the cotton crop looks good.

The school round-up was held at the football field on Thursday night, Sept. 10th., having been postponed because of rain, the previous week. Fun and games were enjoyed by a good crowd, with homemade ice cream and other goodies served for refreshments.

New teachers introduced to the patrons included Fred Green, Ag teacher who came to us from Tarleton State in Stephenville with his wife and 4 month old son, Cody.

Mrs. Joe (Janet) Frazier of Haskell will be commuting to teach kindergarten.

Danny Pruet, from Wichita Falls, will be PE teacher and other subjects. He is single but "promised" was the report on Danny.

Deena Hacker (our own former Deena Walker) will commute from Knox City to teach the 5th and 6th grades. All other teachers are "old stand-bys."

Mr. Guess has reported we have 57 enrolled in our school thus far. Coach Forehand regrets to announce there will be no football teams because of injuries and low enrollment, but basketball will be emphasized and encouraged.

The school offers a full curriculum of subjects and we hope to have newcomers to move here or transfer their children, if possible, so as to enlarge our enrollment and keep our school going.

The Church of Christ will host a lectureship beginning Sunday, September 20th, with area ministers as guest speakers. Services will be at 8 p.m. each night, and visitors are welcome.

The topics to be discussed pertain to "The Church", with Roy Phemister speaking on "The Prophetic Nature of the Church" on Sunday morning.

Steve Willis of Rochester will speak Sunday night, with W. E. Burkham of Knox City on Monday night. John Greeson of Rule will be speaking on Tuesday night, followed by Ray Hunter of Munday on Wednesday night. They request you mark your calendars and come hear these area churchmen.

The Baptist young people are having a car wash on the Church yard Saturday, Sept. 19 with the funds to go toward their mission projects. Prices will be \$10 per car, \$12 per pickup and \$15 per suburban. Cindy Guess is sponsor and you may call her at 673-8256 after 4 p.m. for appointment for your wash job.

The R. A. boys group wants a cover built for the church van so they have initiated a paper drive to start the fund for such. Each Monday afternoon will be pickup day and you may sack them and have them on your front porch, if you desire, or call 673-8310 for more information.

Alton and Mildred Sanders were in Crowell for a Lay-Renewal revival the past weekend, where Alton served as music coordinator.

Mr. and Mrs. Chet Forehand and Kinney were in Robert Lee to visit her mother there.

Margie and Pete Jordan of Hamilton were here to see about her mother, Francis Mahan, and to do some home repairs that mothers sometimes need to have done.

Wayne and Linda Phemister, with Lee, Lincoln and Laura of Avoca were in town were in town to visit Wayne's parents and other relatives. They continue their enjoyment of their new environment and jobs.

Several from Weinert attended Charlie Stenholm's Funday activities at Ericksdahl on Saturday. They were a part of 1,265 others who enjoyed the meal, entertainment and fellowship.

It was good to meet with out-of-state Congressmen that the Stenholm's bring each year, and to meet first-hand with Speaker of the U. S. House, Jim Wright.

Cindy and Charlie are outstanding people, and we certainly appreciate

his actions in public affairs, and the representation that the 17th District receives in Washington.

Attending from Weinert were Mr. and Mrs. Tiffen Mayfield, Mr. and Mrs. Marvin Phemister, Mr. and Mrs. Ted Jetton and their guests, Mr. and Mrs. Brett Frantz with Amanda of Brownwood.

This week's birthday people include Bob Wood, Ronnie Alexander, Douglas Boling, David Crump, Melvin Vojkufka, and Eric Hager.

Congratulations to Mr. and Mrs. Toby Yates who are celebrating a wedding anniversary.

Bernadine Epley and LaQuita Whitley, daughters of the late Ralph McGuire, with their stepmother, Eron Jenkins McGuire of Rochester were recent guests in the home of their uncle, Ernest and Louise McGuire. The girls were reared at Rochester, but now Bernadine lives in Crane and LaQuita lives in Pampa and only occasionally get to come back for a visit.

Mrs. Ricky Wade was honoree at a come and stay" baby shower on Sunday in the home of Mrs. Jerry Hester and Laurie.

Receiving guests with the honoree was her mother, Mrs. Toby Yates. Games were played after which refreshments were served and gifts were opened and displayed.

Other hostesses included Mrs. Johnnie Earp and her daughters, Kelly and Mrs. Ricky Harlan.

Battle-scarred ram is biggest

A battle-scarred Rocky Mountain bighorn ram went on record as the largest ram ever found in the United States when he died last spring of a virus infection.

According to National Wildlife magazine, he was known to many hunters and wildlife enthusiasts as "Old Scarface" because of a large wound on his nose and a missing right eye--the result of fierce battles with other rams.

Obituaries

Virgil Sonnamaker

Virgil Sonnamaker

Funeral services were Friday afternoon (Sept. 11) for Virgil Earnest Sonnamaker, 78. He died Thursday at Hendrick Medical Center in Abilene.

Services were at the Haskell Church of Christ with Tommy Harper of Munday and Woody Woodard officiating. Burial was in Willow Cemetery, directed by Holden-McCauley Funeral Home.

Pallbearers were Bud Pace, Joseph Thigpen, Roy Pitman, Kenneth Blair, J. B. Kirby, Willard Mullins, Melvin Hill and Jerry Hannsz.

Honorary pallbearers were James Adkins, Charles Swinson, Homer Josselet, Calvin Frierson, Leon Burson, J. E. Walling, Melvin Miller, Bud Turnbow, Bill Dennison, Wallace Wooten, Coyt Hix, Lynn Pace Jr., Buford Cox, Alton Middleton, Dr. Bill McSmith, Dr. Joe Thigpen and Gerald McCoy.

Sonnamaker was born Dec. 20, 1908, in Iowa Park to W. H. and Eugenia Sonnamaker.

A mechanic, he worked for the Chevrolet Motor Co., Ford Motor Co. and Reeves-Burton Dodge and Plymouth. In 1938, he and Charley Redwine opened the Service Garage. He sold his interest to his partner in 1940. He taught mechanics and welding at Paint Creek School.

He then became dealer for the Ford Tractor Co., selling his dealership in 1944 when he was appointed John Deere dealer until 1947. He then turned to extensive farming.

He became a member of the Church of Christ in 1940 and was active in church and community affairs until ill health forced him to retire.

He was married to Eunice (Ivy Jewel) Redwine June 24, 1939, in the Church of Christ parsonage. They honeymooned in Carlsbad, N.M.

Survivors include his wife of the home; a son, Jackie and a daughter, Peggy Middlebrook, both of Haskell; a sister, Alice Ivy of Fullerton, Calif.; five grandchildren, one great grandchild and a host of nieces and nephews.

Square dance lessons begin on Sept. 28

New classes in beginning square dancing are being offered by the Haskell County Squares.

Lessons begin at 7:30 p.m. Monday, Sept. 28, and will continue each Monday evening for 20 weeks. The first lesson is free.

Classes will be in the Corral Building on the Haskell Fairgrounds.

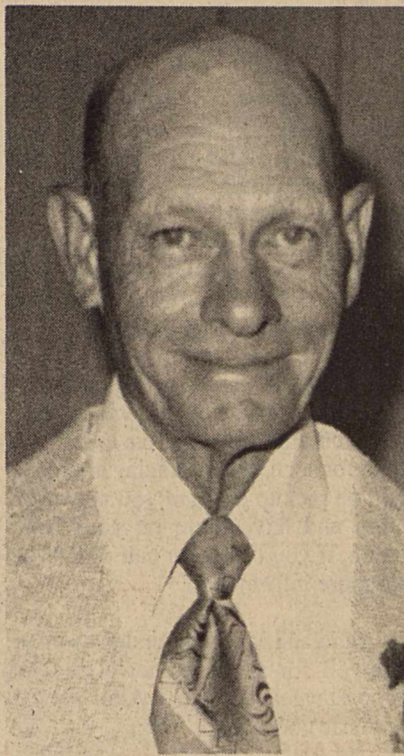

Leon Ivey, club caller, will be instructor. Maxine Ivey will teach fun dances and line dances.

Vesta Wheeler

Vesta Wheeler, 80, of Fresno, Calif., died Sept. 9. She and her family resided in Haskell County for many years.

She is survived by her husband, Elijah; two sons, Esmond Wheeler of Aubrey, Calif., and Charles Wheeler of Fresno; three sisters, Emma Conner of Selma, Calif., Lucille Yarbrough of Fresno and Thelma Pennington of Scottsburg, Ind.; a brother, Leslie Odom of Selma, Calif.; and several grandchildren and great-grandchildren.

Two sons, E. V. and Virgil, preceded her in death.

G.W. Roberts

G. W. Roberts

Funeral services were at 2 p.m. Wednesday for G. W. Roberts, 70-year-old Haskell farmer. He died Monday at Stamford Memorial Hospital.

Services were at East Side Baptist Church with the Rev. Darrell Feemster and the Rev. James Densman officiating. Burial was in Willow Cemetery under direction of Holden-McCauley Funeral Home.

Pallbearers were H. V. Woodard, Charles Swinson, Frank Jenkins, Ben McGee, Kenneth Lane, Gaston Tidrow, Charles Blair and Jim Sampson.

Born in Coleman County Aug. 2, 1917, Roberts had been a resident of Haskell since 1933. He was married to Doris Marie Banks in Haskell on Oct. 9, 1937. He was a member of East Side Baptist Church.

He is survived by his wife; a daughter, Doris Jean McMeans of Haskell; two sons, Bobby Ray Roberts and Albert Lee Roberts, both of Haskell; three sisters, Rose Logan of Abilene, Artie Price of McKinney and Mary Fowler of Cisco; a brother, George Roberts of Old Glory; eight grandchildren and seven great-grandchildren.

Stephen Horton gets SWTU degree

Stephen Horton of Haskell was among the 1,174 Southwest Texas State University students who were candidates for degrees awarded in spring commencement ceremonies Aug. 14-15 on the SWT campus.

Horton, son of Sandra Horton of Haskell, received a bachelor of science in recreational administration degree.

Get-acquainted tea held by Art club

The Brazos West Art Association held its "Get Acquainted Tea" Monday night in the home of Sophia Nix.

Anita Herren, president, welcomed the members and guests. A short business meeting followed.

Laverne Barnett read a letter from Martha Sullivan, 1987 Art Show judge, congratulating the club on the show and encouraging members to continue it.

Fern Livengood, fair chairman, reminded members to enter pictures in the Haskell County Fair Sept. 24.

Brochures for the Spur Art Guild Homecoming Show Oct. 2-3 and information concerning Esme Glenn's two-day workshop Oct. 8-9 in Abilene were presented.

The 20 members and two guests were treated to refreshments of cream cheese, topped with picante sauce, hors d'oeuvres, Texas cookies and orange sherbet punch. The table centerpiece was a beautiful arrangement of bluebonnets and yellow roses with a styrofoam State of Texas decorated with the Lone Star flag.

Hostesses were Iva Lee Gipson, Sophia Hix and Omitene Amonette.

Deadline near for insurance on grain crops

Wheat growers are reminded that Sept. 30 is the last day to apply for crop insurance on fall seeded grain crops of wheat, oats and barley.

Yield guarantees on the 1988 grain crops will again be based on the individual growers' own actual production history where possible. For years where farm records are lacking, the Federal Crop Insurance Corporation will use a "transitional yield" based on county production history.

Producers may check at the local Agricultural Stabilization and Conservation Service office for names of qualified insurance agents.

Cox family reunion held

The O. R. Cox family had its annual reunion over Labor Day. The men hunted birds and the women cooked and visited.

Attending were: Glenn and Wanda Cox of Plano, Diane Martin and Christophon Hendren of Albuquerque, Willis Joyce Shauenda and Eddy Cox of San Antonio, Joneta Ellison of Haskell, Fran, Benny and Paige Polston of Winters, Charles and Gwen Fischer of Houston, Sue, David and Jay Scott Moller of Haskell, Tammi Landon and Lindsey Pannell of Weinert, Dan Wynell and Larry Wadzeck of Rochester and Helen Cox of Haskell.

'Ice Springs Care Home

RSCH held a reception for Dr. Bill McSmith Wednesday which was well attended by staff, residents and families. Our appreciation to Dr. McSmith for coming and to all who helped make this reception possible.

The hearing aid man was nice enough to come to our home Friday after being at the senior center. Several had their ears checked and found out just how much hearing loss they had.

Christene Greene will read the rest of Lonnie Linton's book on Tuesday morning.

Visitors have been Sid Brown with Irene Reid; Mary Rachel Densman with everyone; Garland Wood with Bill Pennington; Mrs. O. W. Cox with Owen; Inez Smith from Temple, Harley and Winnie from Abilene with Aletha Scifres.

George Smith with Joe Teague and Herman Letz; John English with Elsy Eastland; Morgan and Jessie Nesbitt from Dallas with Jesse Jones; Ab Wright and Pete McKoy with Faye Cobb; Esther Conner, Rufus

Menchaca with Mary Hatley from Rule; Judy Davis and Renee from Hawley with Faye Woodson and Jess Kreger.

Venita Kreger from Granbury with Jess Kreger, Mildred Tonn, Georgia Mae Fouts, Faye Woodson and Lula Mae Kuenster.

Alma Mangen was visited by Randy, Rhonda, Shasta and Casey Garrett from Greenbrier, Ark. Nettie and Raleigh Brock visited Lucy Harrell and Mae Brock.

Cheerleaders to sell items at Friday game

Haskell High School cheerleaders will be selling bumper stickers and ponchos at Friday night's football game.

Proceeds will be used to help pay expenses for the cheerleaders' trip to Nashville in December.

Cheerleaders also are taking orders for mums for homecoming.

Band alumni forms group for promotion

An organizational meeting of the Indian Band Alumni and Friends Association was held Monday.

Officers are James Whitehead, president; Sharla Carver, vice president; Paula Everett, secretary; Peggy Adams, treasurer; Elaine Davis, reporter; and Glenda Drinnon, membership chairman.

The association is being formed in order to show support for the present and future Indians bands financially, mentally and spiritually.

Membership is open to any ex-band member, ex-band booster club member or Indian Band supporter. Annual membership dues are \$5.

Members hope to be able to offer a scholarship to a deserving band member each year.

Next meeting is planned for Tuesday, Sept. 22, at 7 p.m. in the Haskell National Bank Community Room.

Homemakers hear program on fashions

Haskell Young Homemakers held their September meeting in the home of Selina McGuire. Bettye McBroom presented an excellent program on accessories for the wardrobe. She emphasized the total look to look and feel better.

Hostesses were Norma Richardson, Valiene Bullinger and Pam Mathis.

Fruit pizza was served. Barbara Harris won the door prize. Scharlyn Hudson is chairperson of the Fair Queen contest and is finalizing plans with her committee to sponsor the contest Sept. 22.

Anyone planning to join Young Homemakers who has not yet signed up should notify Sue Anderson or Norma Richardson to get on the mailing list.

Oct. 12 is the date of the next meeting. Members and their children will have a Halloween party.

Who Gets Breast Cancer?

The American Cancer Society reports that one out of every 11 women will develop breast cancer at some time during their lives.

Study Club has program on history

The first meeting of the Progressive Study Club for the year 1987-88 was held Sept. 10 in the Haskell National Bank Community Room. Mrs. Reatha Mullins, president, was in charge.

The program: "Our Need for 'The Sweet Smell of Success' celebrating 50 years of achievement with a 'Slice of the Pie' party."

Yearbooks with the theme "Texas Women: Meeting the Needs of Now" were presented by Mary Kaigler, program director.

Mrs. Mullins introduced the guests, Mrs. Jimmy Weinert and Mrs. Elaine Densman. Mrs. Kaigler introduced Mrs. Frances Lane and Mrs. Anita Herren, charter members of the Haskell club. Mrs. Lane presented highlights of the club from the past 50 years. Mrs. Robbie Pitman talked about the early years, Mrs. Mary Holden, the years 1950-60, and Mrs. Mattie Merle English the years 1970-80. Mrs. Anita Herren presented the 50 years of federation.

Mrs. W. A. Lyles and Mrs. E. M. Frierson presented the club with a

\$50 check representing \$1 a year for the 50 years of the club.

Mrs. Margaret Jones discussed the chicken tetrazini supper to be held Oct. 16 at the high school cafeteria.

Slices of pecan, chocolate, coconut, strawberry and millionaire pie and coffee were served by the hostesses of the Yearbook Committee.

The next meeting will be Oct. 8.

Scout Roundup tonight

Boy Scout Troop 136 will have its annual fall Roundup Rally tonight (Thursday).

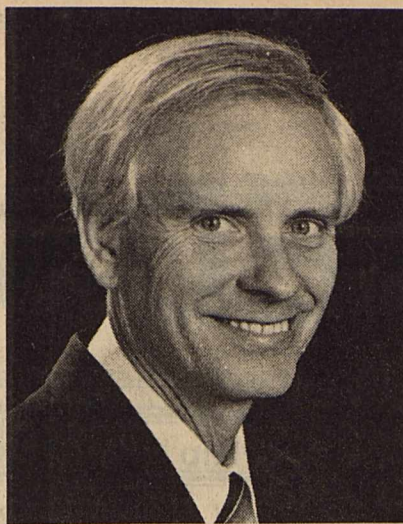

Any boy who has completed the fifth grade or reached his 11th birthday is eligible to join Boy Scouts. Those interested should be at the Scout Hut in the basement of the First United Methodist Church at 7 o'clock tonight.

Scoutmaster Bill Perry invites everyone to come out and join the fun.

Lackey family praises Center

One hundred ten people registered last weekend for the Lackey family reunion at the Civic Center.

Family members expressed their appreciation for the Civic Center, saying that everything was very nice, helping make the reunion a big success.

Seminar leader

Willard Tate of Abilene will conduct a selling seminar Monday and Tuesday evenings at the First National Bank. The seminar is sponsored by the Retail Merchants Association of the Haskell Chamber of Commerce. Enrollment fee is \$10 per person. Sessions will be from 7 to 9:30 on each of the two evenings.

Exciting year seen by Garden Club

The Haskell Garden Club met at 9 a.m. Sept. 10 in the Haskell National Bank Community Room with 10 members present.

The meeting opened with the president, Linda King, presiding. Mrs. King explained the new yearbooks by pointing out all the exciting and interesting programs for the new year. Mrs. Tom Kaigler compiled the new books and she did a wonderful job.

Mrs. Juanita Rhea and Mrs. Bernadine Blankenship directed a design workshop, explaining the flower show schedule for the Haskell County Fair. Then she said the main thing in designing flowers is to be

yourself by being creative. She discussed the elements of design, line, form or shape and color. Each is very important when arranging flowers into a container in the proper fashion or design.

The design must be seen first; secondly, the container, she said.

Mrs. Blankenship discussed the ways to display and label the horticulture for the fair show.

Members gathered around tables and made designs into flower arrangements with materials that each member had brought. Much fun and laughter were enjoyed as the information members had learned was put into action.

Anchor families meet for supper

Families who own homes at the Anchor, gathered Sept. 10 for a family supper. Seventy-three home owners and their guests attended the covered-dish meal.

Enjoying a lot of visiting were people from Midland, Odessa, Lubbock, Morton, Levelland, Littlefield, Smyer and Coahoma.

Vernay and Muylr Address look forward to an even bigger crowd next year.

Marriage license recipients told
