C AMARILLO, TX 791

be Dec. 5

Theme of this year's parade will be "Christmas Through the Ages." The theme was suggested by Carla Long and was announced immediately following last year's parade.

As a result, seven organizations and groups have called the Chamber to select periods in history they wish to depict on their floats. Many others are expected to be added, along with area bands, twirlers, etc.

Although floats in the theme division are required to be lighted and have music on board, other floats in the non-theme group are not.

Early entrants will be announced next week.

Arts, Crafts sale planned for Saturday

The annual Arts and Crafts sale of the Haskell Young Homemakers will be Saturday at the Haskell Civic

Activities begin at 10 a.m. and will conclude at 5 p.m.

Theme this year is "Gifts From

A light lunch of sandwiches and snacks will be available. Admission will be \$1 per person.

All residents of Haskell and neighboring communities are invited to come out to the sale and get an early start on their Christmas shopping.

FFA selling food products.

The annual fruit and turkey sale of the Haskell FFA chapter is now

underway. This year, the chapter also is selling 5-to-6-pound hams for

A 9-to-10-pound smoked turkey sells for \$17.95. Small boxes of oranges and grapefruit, containing 20 pounds, sell for \$10 each. Large boxes of oranges and grapefruit, 40 pounds, sell for \$16 each. A 20pound box of apples sells for \$12.

To purchase any of these items contact an FFA member or call 864-3310 between 8 a.m. and 3 p.m.

Thanksgiving services Nov. 22

The annual combined Thanksgiving services of the Haskell Ministerial Alliance will be Sunday,

Services will begin at 6 p.m. at the First United Methodist Church. Bringing the sermon will be Dusty Garrison of the First Christian Chruch.

Send off...

Haskell fans who would like to "wave" the Haskell Indians out of town Friday should spread out along the highway south of town immediately after the pep ally.

Indians meet San Saba Friday night in Coleman

Haskell meets the San Saba Armadillos in Coleman Friday night in the first round of the Class 2A football playoffs.

Kickoff will be at 8 o'clock. All tickets will be sold at the gate.

The Indians won the right to represent district 7-2A as the runnerup team by tying Anson 7-7 last Friday. San Saba is the champion of district

The Armadillos won the championship by crushing Coleman 37-13. The win gave San Saba a perfect 7-0 record in district play and a season mark of 8-2. The Armadillos lost their first and third games to DeLeon and Brady before peeling off seven consecutive victories in a district which includes Goldthwaite, Coleman, Cross Plains, Wall, Jim Ned, Winters and Bangs. In the seven district contests, they averaged 30 points a game while holding their opponents to an average of 9.

Four backs of fairly equal talent lead the San Saba offense. Mark Oliver, a 160-pound senior, handles the quarterback duties. Kevin Vogel, 190, and Brad Bowden, 180, give the Armadillos plenty of size at the running back posts. The fourth starting back is Humphrey, 160.

Medicine program next week

Know your drugs and avoid drug interaction problems.

With a "pills-cure-almosteverything" attitude in the United States, there also are drug interaction problems.

Are you aware of possible drug/drug and drug/food interactions? Are you aware of the habit-forming qualities of some of the pills you

The Home Economics Committee of the Haskell County Extension office has planned a program to help you learn more about the medicines you take and possible medicine interactions.

Keith Everett, pharmacist at The Drug Store, will present an educational program on medicine interactions on Thursday, Nov. 19, beginning at 12:15 p.m. in the Haskell National Bank Community Room. The progrm should last about 30 minutes.

You are invited to come and bring a sack lunch if you would like or just come and learn more about the medicines you take. Drinks will be

The educational program is free of charge and is open to anyone.

Haskell Coach Nelson Coulter said he thought the Indians played a pretty good game against Anson. They missed several scoring opportunities against an Anson team Coulter said was better than most people realize. Three times the Indians attempted field goals after drives had bogged down, but they were not successful

Pep rally Haskell High schol cheerleaders help lift the spirits at last Friday's pep rally prior to the Anson game.

1,500 voters here for amendments

Haskell County voters proved to be discriminating shoppers in last Tuesday's election.

With two referendums and 25 constitutional amendments on the ballot, Haskell County voters picked and chose from among the varied mix of proposals, turning down both referendums, approving eight amendments and rejecting the other

Approximately 1,500 voters, more than one third of those registered in the county, cast ballots in a surprisingly heavy turnout for an amendment election.

The parimutuel wagering referendum was soundly rejected by local voters, 908-564, although it was approved in the statewide vote.

And on the other referendum, Haskell County voters rejected the proposal to retain the appointed state school board by an overwhelming 1,028-398 margin. This referendum also was rejected in the statewide

County citizens voted "No" on all five amendments to authorize the state to issue bonds (agriculture and business, public works, prisons, Super Collider and water projects), although the prison bond proposal lost locally by the narrowest of margins, 692-694.

The most resounding local defeat was on amendment 7 which called for state bonds for local public works projects with 1,132 Haskell countians voting against it and only 251 voting

The largest margin of victory here for one of the amendments was a 1,075-410 margin for the proposal giving surviving-spouse school-tax homestead exemptions (amendment

Haskell County voters endorsed two amendments which were rejected statewide, and rejected five others which were approved statewide.

Emily Cox named national delegate

Emily Cox, daughter of Mrs. and Mrs. Wallace Cox Jr., was elected national delegate of Region II Academy of Students of Pharmacy at the academy's midyear regional meeting in Baltimore, Md.

The meeting brought together representatvies of nine schools of pharmacy from Pennsylvania, Maryland, Virginia, West Virginia and the District of Columbis to discuss and become aware of issues facing pharmacy students.

Emily, who is serving as her class prsident at the University of Pittsburgh, will meet with the other seven national delegates from across the United States in Washington, D. C. in January to write resolutions for the academy.

While in Washington the group will be lobbying in support of key areas such as physician dispensing and the recent federal and state cut backs in financial aid to students in health-related fields.

She also will represent her region at the annual meeting of the American Pharmacautical Association to be held in March in Atlanta, Ga.

WTU to have Weinert program

West Texas Utilities will conduct a "Holiday Delights" program Monday, Nov. 16, at the Weinert

The program will begin at 3:45 p.m. in the homemaking room.

Refreshments will be served and door prizes given.

ViJaske II Livic Lonter
10:00a.m. ~ 5:00p.m.

On Oct. 26, the Haskell Future Homemakers of America traveled to Munday for a Region II FHA/Hero workshop.

Kellye Lehman of Iowa Park and Christy Mowery of Knox City led the workshop.

The future homemakers discussed fund raisers, projects and programs with other future homemakers from Munday, Knox City, Rule, Rochester and Aspermont.

Kellye Lehman, vice prsident of achievement, presented a program about the Power of One and Christy Mowery, vice president of programs, discussed the rules of leadership.

On Nov. 3, Lisa Hoff, a represenative of WTU, gave a Holiday Delight presentation to members, their mothers and Haskell High School teachers. She showed many packaging ideas for baked foods and gifts. Ms. Hoff also gave many helpful shopping and safety tips.

After the Holiday Delight program, there was a short business meeting. Gena Decker presented the new yearbook. Members voted to lower dues to \$6 and junior Bo Watson was elected the FHA beau for 1987. Hostesses were Wendi Watson, Stacey Martin and Tiffany Bradford.

Adolesence suicide

Beta Chi Chapter of Delta Kappa Gamma Society International met Sunday, Nov. 1 in Fellowship Hall of the First United Methodist Church in Aspermont for the first meeting of the new year with Aspermont and Old Glory members as hostesses.

Soon after arriving the members and a guest, Mary Lynn Kaigler of Haskell, were invited to an attractive refreshment table.

President Christie Stapleton called the meeting to order. Secretary Shirley Slaon read the minutes of the October meeting when Mrs. Holly Gaunt of Wichita Falls spoke on Child Abuse Awareness. Treasurer Margaret Chafin presented the budget and gave a financial report.

Donnie Fincher, chairman of membership, announced that the resumes of new members should be presented at the Dec. 6 meeting. Voting will take place at the March 22 meeting.

Mary Holden presented the Achievement Award, a beautiful red silk rose, to first vice president Vida White who is chairman of programs.

The focus of the year is "The Evolving Learning Environment" and the subject of the program was "Nourishing Positive Interpersonal Relationships." The Personal Growth and Service Committee, headed by Janice Vacek, was in charge.

Dr. Jeri Pfeifer, associate professor of education at Abilene Christian University who is now on a two-year leave of absence, was guest speaker. Her very timely and thoughtprovoking topic was "Tragedy: Where Do We Go from Here?" which dealt with adolesence suicide. Dr. Pfeifer has written a book based upon her research. Her interest in this international problem began in 1970 when one of her students displayed suicidal tendencies, wrote notes and spoke often of suicide.

After much research, numerous interviews with those who have attempted suicide, families and friends of those who have attempted and those who have been affected by suicides, plus much Bible research and prayer, Dr. Pfeifer has drawn

Holiday Parties

In our Spacious Dining Room

The first two steps in the recovery process are denial, that the suicide did not happen, and acceptance because it actually did happen.

Many people stop here but should go on to step three which is anger, not at the victim or at self because of feelings of guilt, but at the brain disease or chemical imbalance which caused the tragedy. Dr. Pfeifer said the survivors cannot cope without going through the anger.

The fourth step is resolution where the anger or fury is turned into power that enables the survivor to do something positive about it and be healed.

Some other conclusions she presented are that those who commit suicide are not egocentric and that the most basic instinct of any human is survival.

For the conclusion Dr. Pfeifer read several Bible verses, beginning with Romans 8:31. She is traveling and speaking in various areas of the United States, having been in Michigan three times, and was going to Arkansas on Monday. She told of some positive results and the reduction of teenage suicides.

The meeting closed with the singing of the Delta Kappa song, led by Susan Pope and Ellen Rieger.

The Dec. 6 meeting will be at Munday High School Cafeteria under the direction of Karen Longan and the Theatre Arts Class of Munday High

Commentary

State judges get big contributions

AUSTIN-Texans voted last week to return to electing members of the State Board of Education, but some folks wonder what would have happened if the Texas Supreme Court issue had been on the ballot.

The day before the election, a comprehensive media probe revealed that eight parties with major stakes riding on supreme court decisions have contributed nearly \$1.4 million to men sitting on the high court.

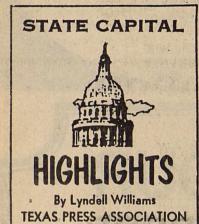

The news disturbed San Antonio state Sen. Frank Tejeda, who monitors judicial ethics. But when he asked two candidates for chief justice to return such contributions, they refused.

Texans vote again in March to elect, among other things, some new seats on the Texas Supreme Court, and Tejeda and outgoing Chief Justice John Hill will question whether justice is for sale when campaign contributions are needed.

Eight Big Ones

Those eight contributors include some lawyers and law firms well known and respected in Texas. No one has suggested, however, that the contributions were illegal.

Houston's Vinson & Elkins and Russell McMains of Corpus Christi, were involved in the

megabucks Pennzoil-Texaco lawsuit. That suit was decided the day

after the story broke last week.
Other names are Joe Jamail;
Ernest Cannon; Helm, Pletcher,
Hogan, Bowen & Sanders, and
Abraham, Watkins, Nichols, Ballard, Onstad & Friend, all from
Houston.

Also, the Pat Malone firm of San Antonio; Bill Edwards, David Perry and Anthony Constant of Corpus Christi, and Fisher, Gallagher, Perrin & Lewis, a Houston firm.

How Many Dollars

Records show that contributions from eight Texas lawyers and law firms account for nearly 18 percent of the campaign dollars received by current justices this decade.

Although he has been on the court the shortest time, former state Sen. Oscar Mauzy has received the most money from the eight parties, some \$327,420. Mauzy was elected last year.

Next highest is C. L. Ray with \$282,837. Ray was one of the targets of the House probe by Sen. Tejeda last year, along with William Kilgarlin who, reports show, received \$174,578, third highest. Next is Raul Gonzales,

March 3, 1870.

years, \$34.00.

the first Hispanic elected to the court, with \$141,000.

Other justices received gifts in the \$100,000 range, except for Franklin Spears, a frequent critic of such practices. Spears was last with \$27,950.

Two justices, Ted Robertson and Robert Campbell, are running for chief justice in 1988. Two others, Kilgarlin and Gonzales, are seeking re-election then.

Renting the Capitol

Yuppie financing has surfaced at the Texas Capitol,

A proposal to lease the Capitol for funds to underwrite its \$5 million renovation was called pathetic legal gimmickry, perhaps unconstitutional, by the chairman of the Texas Public Finance Authority.

Under the complex proposal, the finance authority would issue \$5 million in bonds to finance the State Preservation Board's renovation work.

The principal and interest on the bonds would be paid from "rent" paid by the Preservation Board to the Finance Authority

the Finance Authority.

The Preservation Board would lease the Capitol to the Finance Authority, which would sublease the building back to the Preservation Board. Neither would be in the business of operating the Capitol.

The Preservation Board would get its rent money from tax dollars appropriated by the Legislature.

Another Debate

Texas Democrats will hold a televised presidential debate next month at a site to be selected in the Rio Grande Valley.

Four candidates, Paul Simon, Jesse Jackson, Richard Gephardt and Bruce Babbitt have committed to participate.

Simon last week picked up the endorsements of former congressman and ambassador Bob Krueger and former U. S. Labor Secretary Ray Marshall.

Other Highlights

• Texas Civil Liberties Union hailed the Texas Supreme Court's ruling, 9-0, that mandatory employee polygraph tests, implemented in 1983, was unconstitutional.

• Comptroller Bob Bullock says a drop in Christmas retail sales would be the first indicator that the stock market crash has affected the Texas economy.

• The State Board of Insurance heard staff and industry recommendations for increases (16.1% and 43.5%, respectively) in workers' compensation premiums.

About half as much hot water is used in the average shower as in the average bath.

30 Years Ago Nov. 14, 1957

An autopsy is expected to be performed on the body of a 50-year-old Fort Worth salesman who was found dead in his room at the Arrowhead Motel about 10:30 a.m. Tuesday.

An oil field worker, fishing in Lake Stamford Saturday afternoon, lost his life by drowning when he plunged into deep water toward a boat hurrying to his rescue. He was Elwood Ray Quisenberry, 27, of Henrietta, whose body was recovered some 25 minutes after he had gone under in water 10 to 12 feet deep, almost within reach of two Haskell men, Wallace Wooten and Orville Lynn Fought, as they tried to rescue the victim.

Rex Felker, manager of the Haskell Chamber of Commerce for the past six years, has announced his resignation and has accepted a similar position with the Quanah Chamber of Commerce.

Jeanette Jones, popular and attractive high school senior, has been elected FFA sweetheart for 1957-58 by the Dave Persons chapter of Future Farmers of America in Haskell High School.

Roddy Kuenstler, Eddie Lee Thane, Leon Thane and Nelta Walton from Cisco Junior College attended the Paint Creek-Weinert game and remained for the weekend holiday.

50 Years Ago Nov. 5, 1937

At the regular session of the City Council Monday night, Bill Ratliff, young Haskell lawyer, was appointed city attorney.

Plans are being made for a dedication program at the new Mattson rural high school which was completed this week. Work on the building, which cost \$25,000 was started June 1 by contractor W. R. Truss of Abilene.

By a majority of 3-to-1, directors of the West Texas Chamber of Commerce have voted to move the organization headquarters from Stamford to Abilene.

Buster Gholson reached the highest rank in scouting when he passed the examination for Eagle Scout at the Court of Honor for Troop 35 held Wednesday night.

Mr. and Mrs. J. M. Glass and daughter, Eula Faye, accompanied by Mrs. Irene Ballard, spent the weekend in Denton with relatives and friends.

On the first day he had ever pulled

cotton bolls, Milton Blackburn of Hillsboro, brother of Mrs. Floyd McGuire of Mattson, gathered 1,119 pounds of bolls, working on the McGuire farm.

Mrs. John P. Payne and daughter.

Mrs. John P. Payne and daughter, Mary Beth, accompanied by Mrs. W. P. Trice, are spending the week in Eastland, guests of Judge and Mrs. Clyde Grissom.

Mr. and Mrs. K. H. Thornton and son Jackie were in Sweetwater Sunday to attend the golden wedding anniversary of Mrs. Thornton's aunt, Mrs. J. W. Wallis and Mr. Wallis.

60 Years Ago Nov. 17, 1927

Rev. W. B. Vaughn has been returned to the Haskell Methodist Church for the third year by the Northwest Texas Conference which met last week in Big Spring.

County Agent W. P. Trice conducted a terracing demonstration Thursday on the farm of W. H. Spitzer west of Sagerton. More than 20 farmers of that section attended the demonstration.

Raymond Morgan has returned from the Abilene Sanitarium where he underwent an operation for appendicitis. He expects to resume his stuides in Haskell High School at an early date.

The Curtain Club of Haskell High School has elected the following officers: Ernest Kimbrough, president; Annie Beth Thomason, vice president; Geneva Golden, secretary-treasurer; O. B. Ratliff, sergeant at arms; Frances Ratliff, reporter.

King-Lawson Motor Co., dealers for the Hudson and Essex πautomobiles, have moved the agency to the Tonn Building where they have larger quarters for their display of models and a repair and parts department.

Mrs. C. E. Stamps and sons of Putnam were recent guests in the home of her sister, Mrs. N. I. McCollum and family.

80 Years Ago Nov. 8, 1907

A Negro man was lynched at Cameron Monday after an infuriated crowd of several hundred men had battered doors on the county jail to get the Negro. He was hanged form an oak tree nearby.

Capt. W. A. Craddock has just returned from a trip to Denton and other points east. He reports crops in Haskell County better than in any

Ask VA

Q: I am a Vietnam veteran, and I believe I was exposed to Agent Orange when I was on active duty in southeast Asia. What does the Veterans Administration offer in the way of examinations and health care?

A: Since 1978, the VA has operated the Agent Orange Registry Program for Vietnam veterans who are concerned about possible effects of Agent Orange. Veterans who participate in this program receive a comprehensive physical examination and complete a questionnaire about their service in Vietnam. The veteran is advised of the results which are entered into the registry. The examination can help to detect any illness or injury the veteran may have, regardless of origin, and may provide a basis for follow-up. Vietnam veterans are encouraged to request an Agent Orange examination at their nearst VA health-care facility.

Q: I have questions about my recent Agent Orange examination. To whom should I talk about my concerns?

A: If you have any questions about your Agent Orange examination, contact the environmental physician at the VA medical center where you had the examination.

Volunteer.

BY WENDELL FAUGHT

Don't call me obese. I'm just overweight. I know because my BMI is 27.137.

BMI (Body Mass Index) is a formula worked out by Dr. George A. Bray of the University of Southern California School of Medicine to determine the difference between overweight and obesity.

You take your weight in kilograms (one kilogram equals 2.21 pounds) and divide it by the square of your height in meters.

A BMI between 25 and 30 indicates overweight; a BMI over 30 indicates obesity, according to Dr. Bray.

I did some quick figuring. If I have my kilograms and meters straight, I need to lose 15 pounds to get down to a non-overweight 24.99 BMI.

Some of the anti-tax experts in Washington claim that a tax increase will increase the national deficit.

If that be the case, then it stands to reason that a reduction in taxes would decrease the deficit.

To follow through: Why not just eliminate taxes altogether, and get rid of the deficit at the same time?

* * *

Several local subscribers have called our attention to the fact that their names have not been on their newspapers in the past couple of weeks.

We have quit putting address labels

on the newspapers of subscribers within the city. Unaddressed papers are delivered to the post office, where postal personnel work from a master list of subscribers.

It saves time and expense at The Free Press. Hopefully, it's also saving postal workers some time.

Included in the mail last Wednesday and Thursday were no fewer than eight pieces of literature supporting or opposing constitutional amendments which were voted on the previous Tuesday.

Thank you for reading The Haskell ree Press.

If a gas range flame isn't blue it isn't efficient. To save energy it should be repaired.

CAPITAL ASSETS STILL IMPORTANT

Taxpayers must still distinguish between ordinary gains or losses and capital gains or losses as well as short-term and long-term gains and losses. One must still arrive at net capital gain to take advantage of this year's 28 percent maximum long-term capital gains rate and to determine the limit on capital losses. Capital losses are still allowed against capital gains. If the losses exceed the gains, a deduction is allowed against ordinary income up to \$3,000 per year. Capital losses in excess of the \$3,000 annual limit may be carried over and used in later years.

Before 1987 individuals paid tax on only 40 percent of their net long-term capital gains. Since the top individual tax rate was 50 percent, that resulted in a maximum tax on capital gains of 20 percent. For years beginning after 1986, the 60 percent long-term capital gain deduction is no longer permitted. However, the highest tax rate on these gains is 28 percent for 1987 and later years.

One very unfortunate aspect of the new tax law is the treatment for existing installment sales. Even though you may have sold property on the installment basis prior to 1987 with the intent of getting a long-term capital gain deduction in future years, you will not be permitted to take that deduction. Payments received in 1987 and subsequent years will be taxed at the new rates regardless of what year the property was sold. Taxpayers receiving large balloon payments from pre-1987 installment sales could end up with a substantial increase in their tax liability.

If you are receiving payments on an installment sale with several years to go, do some tax planning. Your future receipts are generally predictable and, therefore, you can project your tax considerations and plan other financial transactions accordingly.

This is a good year to do a tax estimate before December 31 to see what tax problems you might have and what corrective action can be taken.

JAMES E. RODGERS & COMPANY

Certified Public Accountant 20 Southwest Third Street Hamlin, Texas

-- Letters to the Editor--

Editor: On behalf of the Board of Directors of the Haskell Chamber of Commerce, I want to thank the many people who helped make our sixth country dinner theater a success this past Saturday night.

Most of all, we appreciate the capacity crowd who came, many of whom we have seen year after year at this annual event. Your endorsement is very gratifying and your applause is so appreciated.

The Chamber board has two Junique auxiliaries, without whom we would be less effective and some activities would not be possible: (1) Wives and husbands who serve with our committees in preparing food, making decorations and assisting with the committee behind-the-scenes effort which are necessary for major functions, and (2) The faithful members of the Welcome Committee, the official greeters for the Chamber.

Thank you Rev. Victor Andersen, Trinity Lutheran Church, for asking Divine Guidance in our endeavors in your invocation, and Carolyn Everett, leader, and Mary Martin, pianist, for the very lively sing-along that preceded our play. The help of all those mentioned above freed the Board of Directors to form the cast for not only the performance but for the rehearsals as well.

In the absence of two board members, we appreciate pinch-hitters Elbert Johnson and Joel Fox. The cast and director, Wanda Dulaney, are especially grateful to Peggy Lane who served as prompter and as a stand-in for any characters who had to miss a rehearsal.

Several ladies at the Experienced Citizens Center gave up their Saturday off to cook the cobbler and the rolls, which have become synonymous with the Country Dinner Theater.

In an effort to give people of Haskell and our area some unusual entertainment, those who bought tickets helped the Chamber to finance its operation on behalf of the citizens of our town.

By your attendance, you showed support; your applause indicated enjoyment. It was a pleasure for all of us who were involved.

Dickie Greenwood President Chamber of Commerce

Handicap ramps

Editor: There is a great deal of sensitivity and understanding being shown in the installation of ramps downtown. This concern for ease of mobility shows we care! It shows we want to serve all members of our community and the surrounding area.

We are proud to be from Haskell and proud to be a part of this project. We congratulate those who thought

Editor: This is a letter to publicly thank the Haskell Volunteer Fire Department for helping our family with a fire in our home last Tuesday

A small fire developed suddenly in our kitchen from grease heating on the stove. The fire was extinguished before calling the emergency number; however, a great deal of smoke caused us to think that fire could be in the attic of our house that we couldn't

In only a few moments the firemen were there. They were wonderful in attacking the initial problem of fire, and then set about to rid the house of an enormous amount of smoke. Many of them expressed their personal concern for our welfare and encouraged us through the situation.

Thanks Volunteer Firemen from the Tim Burson family. You do a wonderful job of saving life and

property at a moment's notice. Thanks for caring. God's blessing on

Tim and Linda Burson Jimmy and Patrick

Faithful service

Editor: We want to express our heartfelt appreciation to R. C. Couch, who has been a director of the North Central Texas Municipal Water Authority for the past 22 years. The last 13 years he served as the board's

In the late 1960s and early 1970s, Mr. Couch's foresight, integrity and sound judgement helped pave the way for the construction of Miller's Creek Reservoir. His foreknowledge of the shortage of safe, potable drinking water and the understanding that the many pesticides, herbicides and insecticides would later affect the underground water supply in our area increased his determination to see that

HOUSE CALLS

Haskell and Knox counties would continue to be a healthy place to live. Today, the underground water is highly concentrated with different types of bacteria and is high in nitrates, making it unsafe for

Years ago, Mr. Couch received much criticism for showing his support of the North Central Texas Municipal Water Authority, but today there are very few negative comments made about the quality of water in our area towns.

We appreciate his faithfulness and dedication to the Water Authority. The decisions that he made have been in the best interests of the people he served. He helped us to endure the hard times, and now that those times have passed it is easy for us to coast through the better times. .

Only a few realize the numerous meetings he attended throughout the state and the money he spent out of his own pocket because he cared about the future for the City of Haskell. We are grateful for the leadership that he provided, and now that he is no longer a member of the Board of Directors, he will be sorely

> Board of Directors & Employees North Central Texas Municipal Water Authority

Taxes

Editor: Everyone is upset about the government voting themselves a raise. Why do you think 892 people signed the roll back petitions?

The commissioners and judge voted themselves and the county employees a raise, therefore raising our taxes to pay for this cost-ofliving increase. If you are mad about the government, then get more angry with the county. This is closer to home and they should know better than anyone how our local economy is at this time.

There will be a meeting at the Corral Building Nov. 20 (Friday) at 7:30 p.m. Our lawyer, Eric Samuelson, is going to speak to us about the writ we are filing against the county and will also discuss our city problems. We need everyone to

Also attending will be C. A. Stubbs, president of TACT; Bill Berka, research director from TACT; Joel Fox of KVRP and Jeff Claussen of the Reporter News from Abilene. We have 95 counties behind us through TACT-Texas, Association of Taxpayers, of which Haskell Tax PAC is now a member.

We need everyone to sign up for membership in Haskell County Tax PAC so we can continue with our work. Membership dues are \$10 a year. If you do not wish to be a member but can help us with a donation, please send any amount you feel you can afford. We do not have to tell anyone your name. So please help. Nathan, Christene, Randolph and I can't carry the financial responsibility by ourselves. Remember, we are working for all of

We have made many calls to Austin and to TACT plus there will be a lot of postage and mailers to send out locally and stuffing the mail. If you can help, call 817-864-2264 or Christene Greene. We are trying very hard to help the voters and taxpayers win the battle against Mr. Mattox.

Eric Samuelson has agreed to take our case for \$2,000 and I believe he can do a great job for us. The meeting place will cost \$30 and the mailings around \$250. So please help all you can. Send donations to 2 Ave. D, Haskell, TX 79521.

> Sue Patterson Treasurer Haskell County Tax PAC

Thanks

Stenholm internships available

Internships in the office of Congressman Charles W. Stenholm are now available, the congressman has announced.

College students from the 17th congressional district, teachers at any level, or residents of the district between the ages of 19 and 25 who have demonstrated an interest in government are eligible for the internship program. The interns, who are selected after a thorough screening process by a selection cmmittee, are paid a one-month stipend which helps cover basic living expenses.

Four interns work in Stenholm's office during June and July. While in the nation's capital, they attend committee meetings, floor debates and a speakers' series. They also research constituent inquiries and assist in the day-to-day operations of

Deadline for completed applications is Jan. 19. Ten finalists will be announced in February. Winners will be named in March at a selection luncheon after personal interviews of the finalists are conducted.

For applications and additional information, contact Raymond McDaniel Jr., Chairman, Omar Burleson Congressional Intern Selection Committee, P.O. Box 543, Abilene, TX 79604, or call Elaine Talley at the district office in Abilene (915) 673-7221.

Conservation Viewpoints

USDA Soil Conservation Service Assisting Haskell Soil and Water **Conservation District**

The Tax Reform Act of 1986 revised Section 1751(c)(3) of the Internal Revenue code regards soil and water conservation expenditures eligible for deduction on a taxpayer's return. Expense deductions under Section 175 are limited to those that are consistent with a conservation plan approved by the Soil Conservation Service of the USDA.

SCS and the Internal Revenue Service have determined that Section 175(c)(3) soil and water conservation expenses may be deducted by the taxpayer in the following cases: an individual conservation plan approved by the SCS or a county plan

approved by the SCS state conservationist. The county plan includes these practices: brush management, pasture planting, range seeding, irrigation water conveyance, fencing, wells, firebreak, irrigation systems, land smoothing, wildlife upland habitat management, mulching, prescribed burning, livestock pipeline, fish pond management, farmstead and feedlot windbreaks. A copy of the county plan is available from the local SCS

To claim deductions for soil and water conservation expenditures, the conservation activity must be in the approved conservation plan before the conservation activity is begun.

Other conservation practices that normally require SCS technical assistance must be specifically itemized in individual conservation plans. Some of these practices include terraces, waterways, ponds, diversions, critical area treatment, underground outlets, subsurface drains and grade establization structures.

For any assistance contact the local SCS field office at 510 S. 2nd, Haskell, Phone 817-864-3212.

All USDA programs and services are available without regard to race, color, national origin, sex, age, marital status or handicap.

Ag symposium set in Knox City

An agricultural producer management symposium will be held three consecutive Mondays in Knox City, beginning Nov. 16.

The program, sponsored by the Knox County Extension Program Council Crops Committee, will run from 9 a.m. to 3 p.m. on Nov. 16, Nov. 23 and Nov. 30 at the Knox City Community Center, located at 212 S. 3rd.

The symposium will cover in detail record keeping, financial planning, and financial analysis and management for agricultural producers. Delton Gerloff, extension economist-managment, will be the fatured speaker.

New ways to prepare and serve Penman, Dalyn Gilly and Darla some old favorites joined traditional Draper.

contest.

winners announced

All contestants had earned championships in their county to advance to the district meet which was viewed by thousands of shoppers during the day-long competition at Four seniors will advance to the Sikes Senter Mall.

Dishes were judged by panels of professional home economists and homemakers. Contestants were quizzed on nutritional values, preparation methods and costs of preparation.

This show is one aspect of the year-round foods and nutrition project in 4-H, explained Elaine Houston, district director with the Texas Agricultural Extension Service. Four-H is the youth development program of the extension.

She said the project helps youth learn the relationship between science, foods and nutrition and food preparation, as well as food buying, managing time, use of energy and food storage and safety.

Medical reports needed for SS benefits

A person who applies for Social Security disability benefits should be certain to list all sources that could provide information about his or her medical condition.

Very often a decision as to whether a person is disabled can be based

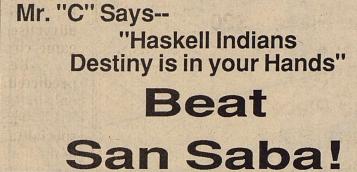

solely on medical reports obtained from the sources listed. If more information is needed, however, the person may be referred for a special examination or test. The government will pay for this additional evidence and certain travel costs that may be related to it.

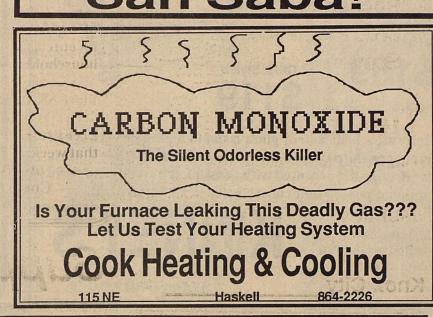

In an event, an applicant for disability benefits can help assure that the decision on his or her claim is made as quickly as possible and is based on the most complete information available.

Haskell residents are served by the Abilene Social Security office at 142 S. Pioneer (phone 915-698-1360). A free booklet, "If You Become Disabled," is available. It gives more information about Social Security disability benefits.

Be the Big Winner This Week

The Haskell Free Press

Haskell Free Press Official Rules

To enter, check the boxes appearing below. A game appears in each advertisers box. Circle the team you have selected to win. If you predict a fie in a game, circle both teams.

Be sure to predict the SCORE of the tie-breaker game! Fill in your predicted score for each team in the blanks provided. The tie-breaker will be used only in the event of ties between contestants.

The entire page is your entry blank. Submit your entry (entire page) to a specially marked deposit box located in one of the sponsor's businesses. Locations of the boxes will change each week.

Entries must be submitted by 4:45 p.m. each Friday following publication of the Haskell Free Press that week. There is no entry fee, and everyone is eligible to enter except employees of the Haskell Free Press and their immediate households. No late entries will be accepted.

The First Place Winner will Receive \$20; Second Place \$10; and Third Place \$5. In the event of ties, contestants will share the prize money.

Winners will be announced in the following week's issue of The Haskell Free Press. Prize money may be picked up at The Free Press office on Thursday of that week. (Prizes not picked up will be mailed to the winners at the address listed on the entry form.)

Contest entries will be judged by the staff of The Haskell Free Press and the decision shall be final.

Reporting Haskell County Sports for the past 100 Years

Booster Club

Friday night's Haskell Booster Club meeting began with a treasurer's report from Mary Rike. It was agreed that the club would pay for the team's meals following the bi-district game Friday night if it were not budgeted through the school. A discussion was held concerning what project to work on this year. Two suggestions were carpet for the boys' basketball dressing room and new golf bags.

The coaches present agreed that the Booster Club could run the concession stand for the seventh- and eighth-grade basketball tournament Jan. 28-30 and for all basketball playoff games held in Indian Gym.

Head Coach Nelson Coulter began the scouting report on San Saba by saying the Armadillos had been beaten by DeLeon and Brady, their first and third games. He said they remind him of Anson very much, both offensively and defensively, but that the Armadillos are better. Sizewise, they are again close to the same

on a regular basis, and all four are a little better than Anson. He said that these similarities should benefit us since they will be fresh on our minds.

According to the scouting report, San Saba will run at us with the power I and wing T formations. They will probably try to run right at us, then go to the outside, and finally to the air. The quarterback, 160-pound senior Oliver, is a tall guy who can throw the football.

As for what to expect defensively, Coulter said San Saba plays "straight up defense and they don't do a lot of stunging." Their defense is real sound and their coach seems to have the philosophy of "no gamble" and "let the other team make the mistakes."

The defensive ends are in a down position instead of standing up. Before an injury about six weeks ago, 195-pound senior McBride was thought by some to be the best middle linebacker in Class AA. He has been back to play for two weeks.

Coach Coulter ended by saying San Saba has a good team, but we've seen a better one or two this year. "We can play with them."

In practice on Monday he said the Indians "had a little fire in their tail today." There are no prohibitive injuries at the present time.

Coulter said he was told that every team we played in non-district is in the playoffs this week.

Sidelines

Anson's only penalty of the night came in the fourth quarter when the Tigers were penalized from their own 22 to the 11.

Except for Anson's touchdown drive, the Tigers were in Haskell territory only twice.

Just before halftime they reached the Indian 29, from where Robert Swann dropped Monty Hall for a 10yard loss back to the 39. In the third quarter, after recovering a fumble at the 49, Anson drove to the Haskell 20, but Mark Young and Paul Harvey collaborated to bring down Hall for a 3-yard loss.

Otherwise, the Tiger possessions reached their own 32, 33, 38, 29, 38, 16 and 19 yard lines.

On the other hand, Haskell had possessions as deep as the Anson 7, 9, 16 and twice to the 19.

If the game had been decided by penetrations, Haskell would have won

Seven of Anson's 10 first downs came during the Tigers' touchdown drive. They got only two first downs in the second half.

Coach Nelson Coulter defended his decision to settle for the tie by running out the clock instead of going for a field goal or touchdown at the end. "There was too much at stake," said the coach.

He said the tie assured the Indians of the playoffs and the chance of having a blocked field goal, intercepted pass or fumble was just not worth the risk.

That was no powder puff schedule the Indians played this year. All five non-district teams Haskell met are in the playoffs.

Electra advances as the champion of district 9-2A. The Tigers finished unbeaten in the district and with an 8-2 overall record. The losses were to Haskell and Munday. Holliday advances as the runnerup team of that district.

Munday won the South zone championship in district 5-1A, and Knox City was runnerup to Paducah in the North zone. Quanah finished as runnerup to Wellington in 2-2A.

Quanah plays West Texas in a playoff game Friday. West Texas High School is a consolidated district made up of what used to be the high schools of Phillips and Stinnett, two famous schools in football history.

Many years ago, under coaching legend Chesty Walker, Phillips consistently turned out some of the best teams in Texas. Stinnett, of course, was the high school of former Tech All-America and Green Bay Packer star Donnie Anderson.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Haskell, Texas Saturday, November 14th

Unit parked in Haskell Memorial Hospital's parking lot.

CALL 817/864-2621 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival

A mammogram can detect a cancer this small, before it can be felt.

Appointments scheduled from 9 a.m. to 7 p.m. by calling 817/864-

\$50.00

This charge includes radiologist reading fee.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

I. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk

III. 50 years of age and over -An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an xray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Steers make it 9-0 with win at Goree

Rochester closed out a perfect regular season Friday night with a 67-56 victory over Goree in a wild one at Goree.

The Steers have an open date this week and will sit back and wait to see who their first playoff opponent will be. They will play the runnerup of district 6 which presently is in a three-way tie between May, Panther Creek and Zephyr, with the latter two schools meeting this Friday.

In winning their ninth consecutive victory at Goree, the Steers spotted their hosts the first touchdown, but quickly stormed back with three unanswered touchdowns to take a 24-6 lead at the end of the first period.

After Rochester scored again in the second quarter, Goree answered with three touchdowns to pull within two points of the Steers at 30-28. But that was as close as Goree was to come as Rochester went up by 37-28 before the period was over.

Each team scored three touchdowns in the third quarter as the scoreboard showed readings of 45-28, 45-36, 53-36, 53-44 and 61-44.

After Goree scored early in the

905 Virginia Graham, Texas 76046 817/549-2261 fourth period to make it 61-50, the Steers added their final touchdown to bring the score to 67-50 before Goree scored late to make the final score 67-56.

Rochester touchdowns came on a 4-yard run by Anthony Brown, a 24-yard pass from Larry King to Morgan Walker, a 9-yard pass from King to Walker, a 40-yard run by Brown, a 7-yard run by Brown, a 3-yard pass from King to Walker, a 62-yard pass from King to James Wyatt and a 26-yard run by Brown.

Wyatt was the leading rusher with 139 yards on 19 carries. Brown had 134 yards on the same number of carries

Junior high closes season

By Matt Lane

The junior high football season came to an end Thrusday night with a loss to the Anson Cubs.

The game threw their season to 0-7-1 for both the seventh and eighth grade teams.

The teams combined for four of the eight games. Their record on the combined game was 0-3-1.

In the Warriors' final loss the score was 30-12. The two scores were made by Mike Layland and Mark Jones.

The junior high will now begin basketball workouts. They turned in their football equipment Friday.

Basketball season to begin Nov. 17

The Haskell Indians and Maidens will open their 1987-88 basketball season next Tuesday at Aspermont and will follow those games with contests against Knox City there on Nov. 20 and Munday here on Nov. 24

After taking time out for Thanksgiving, the Indians and Maidens will compete in the Cisco Jurnior College tournament Dec. 3-4-5

After a home games against Knox City on Dec. 8, the Haskell teams will compete in the Wylie tournament Dec. 10-11-12, play Seymour there Dec. 15 and then compete in the Roscoe tournament Dec. 17-18-19.

Home games against Seymour (Dce. 22), Roscoe (Dec. 29) and a game to be announced (Dec. 31) will complete the non-district schedule for Haskell

District play begins Jan. 5 at home against Hamlin.

Junior varsity teams will compete in a tournament at Seymour Dec. 17-18-10

Indian cagers scrimmage today

The Haskell Indians' varsity and junior varsity basketball teams will scrimmage Breckenridge here today (Thursday). The JVs start at 5:30.

Missing from the lineup will be those boys who are on the football team.

Olney Savings is lending money.

Member FSLIC

Indians tie Anson 7-7; earn spot in playoffs

Speedster Derrick Billington raced 50 yards for a touchdown on the first play of the fourth period at Anson Friday night as the Haskell Indians came from behind to salvage a 7-7 tie with the Tigers. The tie was all the Indians needed to advance to the state playoffs.

The Indians repeatedly knocked on the scoring door, getting close enough to attempt three field goals, but each time the Tigers turned them back, except for Billington's scamper.

With Mark Young getting most of the yardage, the Indians marched to the Anson 7 and 9 on their first two first-half possesions but came away empty handed each time. On the first, they were pushed back to the 24 where Chan Guess' 41-yard field goal attempt into a stiff wind fell short of its mark. On the second, Guess attempted a 26-yard shot which failed to find its mark.

Following the second missed field goal attempt early in the second period, Anson began a methodical 16-play, 80-yard drive for the game's first touchdown. Quarterback Monty Hall got the score on a keeper from the 2 and Kyle McIntire's extra point boot put his team out front 7-0 with 3:03 to go before halftime.

Up to the start of that drive, the Tigers had had two possessions, and each time they had run three plays and punted.

The 7-0 score stood up until Billington's run. The Indians had taken over on their own 40 after an Anson punt. Marty Martinez ran 10 yards on the final play of the third quarter to set the stage for the Billington touchdown run. Guess tied the score with his extra point kick.

Although that was all the scoring, the Indians had a lot of offense left.

Irby Dance

Friday

November 13

8:00 - 12:00

Music by:

Members and Invited Guests Welcome

Game Stats Haskell Anson 12 **First Downs** 10 45-188 Yards Rushing 46-133 Yards Passing 66 11 8-15-2 **Passes Completed** 1-9-2 **Fumbles Lost** 0 1-11 7-55 **Penalties** 3-35 7-26 **Punts**

They got to the Anson 19 where Guess' pass on fourth-and-one fell incomplete.

After Paul Harvey's interception gave Haskell possession at the Anson 19, the Indians got to the 16, but Guess' try for a 27-yard field goal sailed slightly to the right of the goal

On Anson's first play from the 20, Guess intercepted Hall's pass and the Indians were in business again at the 27. But on third down from the 25, Young's pass was intercepted and returned to the 19. Four plays later the Tigers surrendered the ball on downs at the 24. The Indians ran three plays and got to the 23 before time ran out. Knowing a tie would get them into the playoffs, they elected to settle for the tie and not run the risk of a field goal.

Leading ground gainer for the Indians was Young who had 118 yards on a season-high 30 carries. Billington, in addition to his 50-yarder, had runs of 5, 6 and 8 yards to finish with 69 yards on six carries. Martinez had the one carry for 10 yards

Patrick Perez completed four of

five passes for 39 yards and Guess threw nine times with four completions for 27 yards and an interception. Young's lone pass was intercepted.

Stephon Brockington was on the receiving end of seven of the completed passes and had 42 yards. Billington caught one for 24.

Powder Puff game slated

The junior class will host the second annual Powder Puff football game at 7 p.m. Saturday.

Freshmen and seniors will make a combined effort to beat the undefeated sophomore-junior team.

Each class will select a homecoming candidate, a mascot, cheerleaders and a coaching staff for the special "homecoming" game.

King candidates will choose an escort to accompany them onto the field during halftime where the 1987 homecoming king will be announced.

Important safety typs from Lone Star Gas

You can take comfort in Natural Gas.

Trusting gas for your home is a natural. After all, Lone Star Gas Company has been faithfully serving its customers for more than 75 years. Through the years, we have worked to earn your trust by providing safe, dependable natural gas.

Do you know why gas has a strong odor? Because we have added a harmless odorant to the gas that lets you know it's there. This is for your safety, so if you ever smell the strong odor of gas in your home, follow these rules:

Do not switch anything electrical on or off. Do not use your own telephone (telephones use small amounts of electricity). Do not strike a match, and do not do anything that might cause a

Have everyone leave the house immediately, leaving doors open for ventilation.

Go to the nearest telephone and call Lone Star Gas
Company. Wait until we have found the cause before returning to your home.

Since gas lines run underground, you should also take precautions against disrupting these lines, particularly if you plan to:

Install an underground sprinkler system.

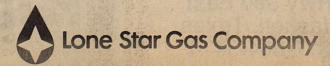

Perform any major landscape renovation

Before you dig, call your local Lone Star Gas office. If you smell a gas odor while you're outside, immediately contact Lone Star Gas

In our continuing effort to provide better, safer service, local Lone Star Gas offices are ready to answer any questions that contractors may have concerning the location of gas lines in their areas.

The safety record for natural gas is impressive, and peace of mind is an important part of what natural gas has

to offer. By following these simple rules, you can take even greater comfort in natural gas.

He is the son of Alvin C. and Mary S. Hertel of Rule.

MAGNUM means more.

Safety seminar scheduled

The Big Country Safety Association, in conjunction with the Abilene Chamber of Commerce, will sponsor a training seminar Thursday, Nov. 19, to explain the Commercial Motor Vehicle Safety Act that will take effect, in part, in Texas on Jan.

The act, which covers federal regulations governing interstate trucking, has been adopted by the Texas Legislature to cover intrastate truck traffic in Texas.

The new regulations will apply to owners and operators of all motor vehicles and/or combinations of vehicles with a rgistered or actual gross weight of 10,000 pounds or more. These rules will apply to private carriers as well as commercial carriers. Also, the new regulations apply to owners and operators of all motor vehicles, regardless of size, if the vehicle is transporting hazardous material which would require placards.

The seminar will be begin at 8:30 a.m. at the West Texas Utilities Lytle Shores Auditorium in Abilene.

Registration may be made by calling the Abilene Chamber of Commerce at 677-7241. A registration fee of \$15 will be charged to cover the cost of materials and equipment. The fee may be mailed to the Abilene Chamber of Commerce at P.O. Box 2281, Abilene 79604. Registration will be limited to the first 100 persons.

Instructors will be from the Texas Department of Public Safety and the Department of Transportation.

You are reading The Haskell Free Press and we thank you.

--Obituaries--

Larry Don Mathis

Funeral services were at 3 p.m. Friday for Larry Don Mathis, 32-yearold Haskell man who was killed early Thursday, Nov. 5, in a traffic accident.

Services were at the First United Methodist Church of Haskell with the Revs. Kenny Kirk and Tommy Wilson officiating. Burial, under direction of Holden-McCauley Funeral Home, was in the Rule

Lynn Dale Dudensing, Gary Glasscock, Wayne Terry, Dr. Wayne Cadenhead and Casey Hannsz.

Mathis was a born July 26, 1955, in Haskell, the son of Joe Douglas and Gladys Terry Mathis. He had lived in Haskell County all his life. He graduated from Rule High School in 1973 and was a member of the First United Methodist Church of Rule. He was a partner in Mathis and Sons Well Service of Rule.

He was married to Pam Klose in

He is survived by his wife, of Haskell; two daughters, April K. Tenille Mathis and Tracy D'Lynn Mathis of the home; a brother, Terry Joe Mathis of Rule; and his father, Joe D. Mathis of Rule. He was preceded in death by his mother.

Edna Childress

Funeral services were at 2 p.m. Nov. 5 in the First Assembly of God Church for Mrs. J. B. (Edna) Childress, 78.

Mrs. Childress, a resident of

Cotton program provisions

A 12.5 percent acreage reduction and other provisions of the 1988 upland cotton program have been announced by the secretary of agriculture.

They include:

-- The established target price will be 77 cents per pound.

-- The loan level will be 51.8 cents per pound for the base quality of upland cotton (strict low middling 1-1/16 inch, micronaire 3.5 through 4.9, at average U.S. location).

-- USDA intends to implement the Plan B marketing loan program in the event the adjusted world price for upland cotton falls below the announced loan level. Currently, the adjusted world price is well above the loan level. If the adjusted world price during a week in which a loan repayment occurs should fall below 51.8 cents per pound, 1988 crop cotton pledged as collateral for a price support loan may be repaid at the adjusted world price in effect for that

The adjusted world price is determined for the base quality. It will be adjusted on the basis of quality and location using the 1988 crop price

this difficult time will always be remembered.

support program schedules of premiums and discounts for grade and staple, discounts for micronaire, location differentials and any coarse count adjustment in effect for the week in which the loan repayment occurs. The adjusted world price for any quality will not be established at less than 5 cents per pound.

Whenever the adjusted world price for a week in which a loan repayment occurs is above the loan level, 1988 crop upland cotton pledged as collateral for a price support loan may be repaid at the loan level for the specific quality and location.

Accrued interest, reconcentration charges previously paid by the Commodity Credit Corporation and warehouse charges on 1988 crop upland cotton under extended loan that have been previously paid by CCC will be added to the loan repayment value on all loan collateral redeemed with cash.

-- Loan deficiency payments will be made to eligible producers who agree to forego loan eligibility if the loan repayment rate is less than the announced loan level. The payment rate will equal the difference between

the loan level and the loan repayment rate during the week in which the cotton is sold. Up to 50 percent of any loan deficiency payments may be made in commodity certificates. Producers may elect to forego loan eligibility and receive loan deficiency payments on a bale-by-bale basis.

Any commodity certificates issued under the 1988 upland cotton program may be exchanged for any commodity in CCC inventory that is made available by CCC, including upland cotton of any crop which had been pledged to CCC as collateral for a price support loan. Upland cotton obtained with a commodity certificate will be valued at the adjusted world price in effect during the week in which the certificate is presented to CCC for exchange. The adjusted world price will be adjusted for quality and, in the case of CCC inventory, for any coarse count adjustment, following the same procedure as for cash loan

repayments, with a minimum adjusted world price of 5 cents per

-- A recourse loan program for upland seed cotton will be continued. -- A paid land diversion program will not be implemented.

-- The inventory reduction program will not be implemented.

The secretary of agriculture reserves the right to initiate cost reduction options as provided in Section 1009 of the Food Security Act of 1985. These options may include reopening or changing a program contract entered into by a producer if the producer voluntarily agrees to the change.

Common program provisions that apply to the 1988 wheat, feed grains, upland cotton, extra long staple cotton and rice programs were announced on July 2 and Aug. 25.

Sign-up dates and other details of the 1988 upland cotton program will be announced later.

will help you feel better, be healtheir, and probably lose---or keep off--weight. So now is the time to get

Guide on fitness

A new, self-paced fitness guide will help you do just that. The Maryland National Guard and the Maryland Department of Health and Mental Hygiene have published Getting Fit Your Way, (Item 121R, \$3) to help you find enjoyable exercises that will help improve your heart, lungs and strength, even if the temperature'is hot or cold and you are busy. It also has pointers on how to

And don't forget the kids. If they get used to exercising now, they will probably continue being fit for a long life. Get Fit! A Handbook for Youth Ages 6-17 (Item 457R, 50 cents), published by the President's Council on Physical Fitness and Sports, has exercises they can do and tells them how they can earn the President's Physical Fitness Award.

quit smoking and lose weight.

For your copies of these booklets, send your name and address, the item numbers and the price to R. Woods, Consumer Information Center, Pueblo, CO 81009.

Getting fit will help you to live a healthier life. But before you begin, make sure your body is up to it. If you have had any health problems, check with your doctor before you start any exercises.

If you have avoided exercising

may be ordered

because jogging and aerobics don't You know the excuses: "But exercise is so boring!" "It's too cold/hot out to exercise." "My day is turn you on, what about dancing, bicycling, walking, swimming, ultimate Frisbee, tennis, basketball? How about choosing a variety? The You also know that getting fit idea is to do something three times a week that will raise your heart rate well above its norm and keep it there

for 20 minutes. Getting Fit Your Way has a chart to tell you what your heart rate should be, but you should reach the point where you breathe harder and break into a sweat. To do that, you need to walk fast, bike at a reasonably fast pace on some hilly routes or dance with some energy. The reason to do it three times a week is that your heart begins to lose some of the benefits if you go for more than two days without exercising. If a few days or a week have passed, don't use that as an excuse to quit. Start again and get back into the habit.

WARNING SIGNALS THAT CAN SAVE YOUR LIFE ... IF **YOU SEE YOUR** DOCTOR!
