# The Bovina Blade

"In the Agricultural Center of Parmer County"

THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA.

WEDNESDAY, MAY 21, 1958

BOVINA, TEXAS

VOLUME 3, NUMBER 48

## The Blunt Edge

By LELAND BOYD

With the vegetable shed now located, officials of the company can breathe a sigh of relief, take a look at the carpenters begin driving nails. This is quite a change from the expressed uneasiness during the looking period, during which property owners of several places were courted for a hunk of Bovina soil for the building to light on.

The spot finally obtained is a good location from the angle of the company, and fairly striking, too, from the city's standpoint. The motto coined by Editor Moten, "In the Agricultural Center of Parmer County" is rapidly becoming more than a motto. The coming of the shed adds considerably to the agricultural marketing and handling facilities and heralds the growth of a new industry in the Bovina area. Also, the location of the building is near the center of the agricultural marketing and handling facilities located in Bovina.

**BULLS TO VEGETABLES**  
Bovina, the old-timers say, was once known as the volume cattle shipping point of the world. With a quality product in the melon and tomato crop for a couple of years the ballast that could make Bovina famous as a shipping point is vegetables.

**BOVINA'S BEST PRODUCT**  
Regardless of monetary values, the product of which the Bovina area can whip up the most pride over is not the bumper crops of wheat, cotton, corn, milo, vegetables or gourds, but the fine young people. They are Bovina's bumper crop of lasting quality.

Take a once-over look at the graduating seniors. (A group picture is published in this issue of the Blade on page four, sponsored by the business firms in the town.)

A man who is in good position to know the demeanor of the young people of the town commented recently that exceptional behavior is the only way to describe them. Boyd Gilbreath of Bovina Dairy Freeze, says he is proud of the politeness of the local young people. "They are well-behaved; none of this cut-up and rough stuff business that a lot of youngsters' groups are known by. They are polite. They don't make a show out of driving their cars like a hot rod either," he says.

The graduating seniors now and in the years ahead can mean much to the future of Bovina. In this era of youthness they can keep a vital spirit alive, if they will either remain in the community or return after an education or military service.

**FREE KITTENS**  
Mrs. Harold Hawkins reports that she will give kittens away free to as many as 12 people. Twelve is the number of kittens they have in stock at present. Dad told me never to refuse any gift that was free, but I departed from my up-bringing, not catering to kittens. Don't remember what breed they are, but they are guaranteed to be kittens.

**ART STUDENTS**  
Six Bovina women are enrolled in art class in Clovis, according to one of the students. A showing of their first paintings is to be staged sometime in June, and the students are considering posting the works in a slightly spot in Bovina.

They are Mrs. J. P. Macon, Mrs. Art Mast, Mrs. George Trimble, Mrs. Jess Walling, Mrs. John Hartwell, and Mrs. Reagan Looney. Hope the art will progress, for I have yet to see the scenery around the beautiful Plains really captured on canvas. Maybe one of them will supply this.

## 8th Graduation Is Tomorrow

Graduation exercises for the Bovina eighth grade will be tomorrow night at 8:15 p. m. in the Bovina school auditorium. Friday will be the close of the 1957-58 school term, according to Warren Morton, superintendent.

## Local Woman's Mother Injured

Mrs. C. E. Strawn of Littlefield, mother of Mrs. Roy Dodson, was injured in a two-car accident in Littlefield Wednesday night of last week. Confined to the Littlefield Hospital and Clinic, Mrs. Strawn suffered a slight concussion and multiple facial and arm abrasions.

Mrs. Dodson reports that her mother was released from the hospital Sunday afternoon and is doing as well as can be expected. Mrs. Strawn is 77 years old. The local family spent the weekend in Littlefield.

## PIONEER—

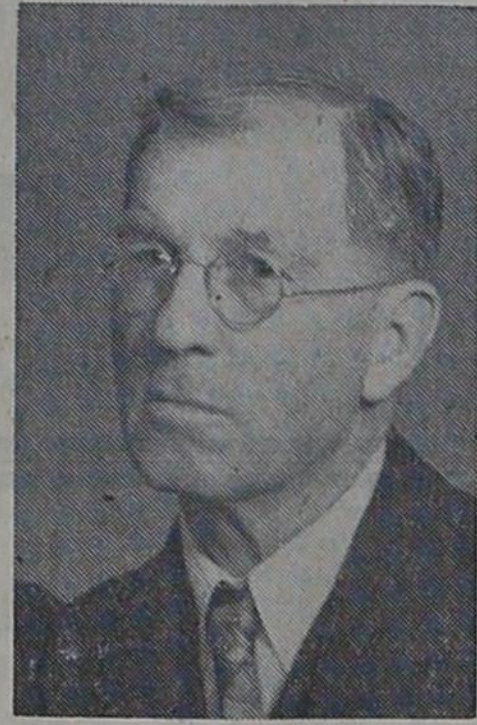

### Stacy Queen Dies Friday Afternoon

Stacy Queen, 73, pioneer of West Texas and long time resident of Bovina, died suddenly Friday afternoon. He suffered a heart attack shortly after 4 o'clock. He had been in ill health for some time and had retired last year from full time work.

Mr. Queen was born in March, 1885, near San Angelo in Tom Green County. He and his family moved to New Mexico while he was a young boy and he moved to this area in 1906. Here he was employed by several of the original ranches of the area as a cowboy, and later, he became a rancher in his own right.

In 1928, shortly after his marriage to his wife, Kate, the couple moved to Bovina and opened a butcher shop and grocery store in the building which is presently occupied by Comb's Grocery. Several years ago, Mr. Queen opened a slaughter house on First Street where he and his son, Stacy Queen Jr., were in business until last year. When the business was closed, Mr. Queen retired from full time work. Since then he has been employed by Earl Richards on a part time basis and has spent much of his time working around the rent property he and his wife owned in Bovina.

Mr. Queen was a long time member of the Methodist Church. Survivors include his wife, Kate, of Bovina; one son, Stacy Queen Jr. of Alamogordo, N. M.; two daughters, Mrs. John-

Mr. Stacy Queen

nie Maye Jones of Amarillo and Mrs. Dude O'Sullivan of California; four grandchildren, Mrs. Dickie Ann Thompson of Bismarck, N. D., Ivan Jones, Katie Jones and Jean Jones, all of Amarillo; and one brother, Bud Queen of Bovina; and a sister, Mrs. Maude Waldron of Miami, Fla. Three great-grandchildren also survive.

Funeral services were Sunday afternoon in the local Methodist Church with Rev. J. J. Spurrin, pastor of the Tatum, N. M., Methodist Church, officiating. Rev. W. R. Baird of the local church assisted. Interment was in the Bovina Cemetery.

### Bovina Post Office To Be 2nd Class

Bovina's Post Office will go from third to a second class rating effective July 1, according to Gene Ezell, postmaster. A letter received from the regional office in Dallas this week verifies the official inspection made recently.

The post office elevation indicates Bovina's growth, remarks Ezell. It means that there are more people here, and they are sending more mail.

Post office rating is determined by the postal receipts, he explains.

### Baptist Revival Begins

Special services with the theme "Let's Get Acquainted" are planned at the Bovina Baptist Church beginning Sunday. The services are scheduled until the following Saturday with two services each day.

Bovina Post Office will receive its second class rating on the basis of 1957 receipts. Receipts last year were \$5,978, a jump of nearly \$1,500.

The point at which a post office is rated second class is the \$8,000 mark, Ezell says. Bovina Post Office serves 350 boxes locally and 120 boxes on the single star route.

The increase in rating will mean salary increases for the two clerks, Mrs. Margaret Richards and Mrs. Flossie Rhinehart, as well as Ezell.

Pastor of the church, Rev. Jack Jeter, will be the speaker, with Mrs. Harold Hawkins directing the Chapel Choir for the musical part of the services.

Times for the services are 10 a. m. and 8 p. m. with prayer services to precede each evening service at 7:15.

Rev. Jeter, who has recently begun his pastorate at the church says "Our theme of get acquainted not only means get acquainted with the pastor and his family, but also with each other and subjects from the Bible."

An announcement and invitation to attend the revival is published in this issue of the Bovina Blade.

### Mustangs Pick '58-'59 Captains

The Bovina Mustang football team last week selected three hefty seniors to captain the 1958 football team, according to Coach Bob Wills.

To lead the Mustangs during their games of the next season are Kent Glasscock, James Lawlis and Billy Burnam, all returning lettermen to the squad.

Glasscock, the heaviest player to be on the team, weighs 180 pounds and is 5'10" tall. He is a two-year letterman, and will probably be stationed at either tackle or the center spot.

Burnam, a three-year letterman, was the single letterman of his freshman class. To be filling the post of halfback, the 165-pound senior has the potential to be the fastest back of the Mustangs. A 10-second flat 100 yards is his potential rating, Wills says. Burnam was also a captain of last season's team.

Expected to be either engineering the Mustangs at Q-back or playing at halfback is Lawlis, a two-year letterman of the 1957 Mustangs. Lawlis weighs 150 pounds and is 5'7" tall. Though he is not exceptionally speedy, Lawlis will probably see duty at both spots, Wills says.

About 35 players are expected to report for the next season, according to Wills.

TO LEAD MUSTANGS—Kent Glasscock, James Lawlis and Billy Burnam (front to rear) will lead the Bovina Mustang football team in action next year as co-captains.

## Class On Trip

Members of the senior class left this morning (Wednesday) at 4 a. m. on their senior trip. They are going by school bus and will be accompanied by the class sponsor, Bobby Willis. Other adults making the trip are Mrs. Lester Rhinehart and Mr. and Mrs. Frank Wilson. All of the seniors are on the trip.

Tonight the group plans to stay in San Antonio. They will also spend Thursday and Thursday night there, sight-seeing. Then, Friday morning, the class will drive on to Galveston and other coastal points of interest.

Monday morning they will begin their trip home, staying that night in Houston. They plan to be home Tuesday evening. The trip is financed, says Warren Morton, school superintendent, with a fund which the youngsters have built during the last two years. Through the sale of school annuals, bake sales and the junior and senior plays, they have accumulated approximately \$800, says Morton. The money will be used to pay for transportation, food and lodging for everyone making the trip.

## Taylor Promoted

Fairchild Air Force Base, Wash. (AHTNC) — James D. Taylor, 21, son of Mr. and Mrs. James A. Taylor of Bovina recently was promoted to special first class at Fairchild Air Force Base, Wash., where he is a member of the 10th Antiaircraft Artillery Missile Battalion.

Taylor, a generator operator in the battalion's Battery B, entered the Army in April 1956 and completed basic training at Fort Chaffee, Ark.

## Morton Wins Fourth Place In Rodeo

Danny Morton, who was the high scoring contestant of the Bovina Jaycees Rodeo, won fourth place in the regional contest in Plainview Sunday, competing with 17 area teenagers.

He scored 494 out of a possible 565, and was four points behind the third place contestant. If he had won third place, Morton would have qualified to enter the state contest.

Accompanying Morton to the contest was Charles D. Smith, who was chairman of the Jaycees local rodeo.

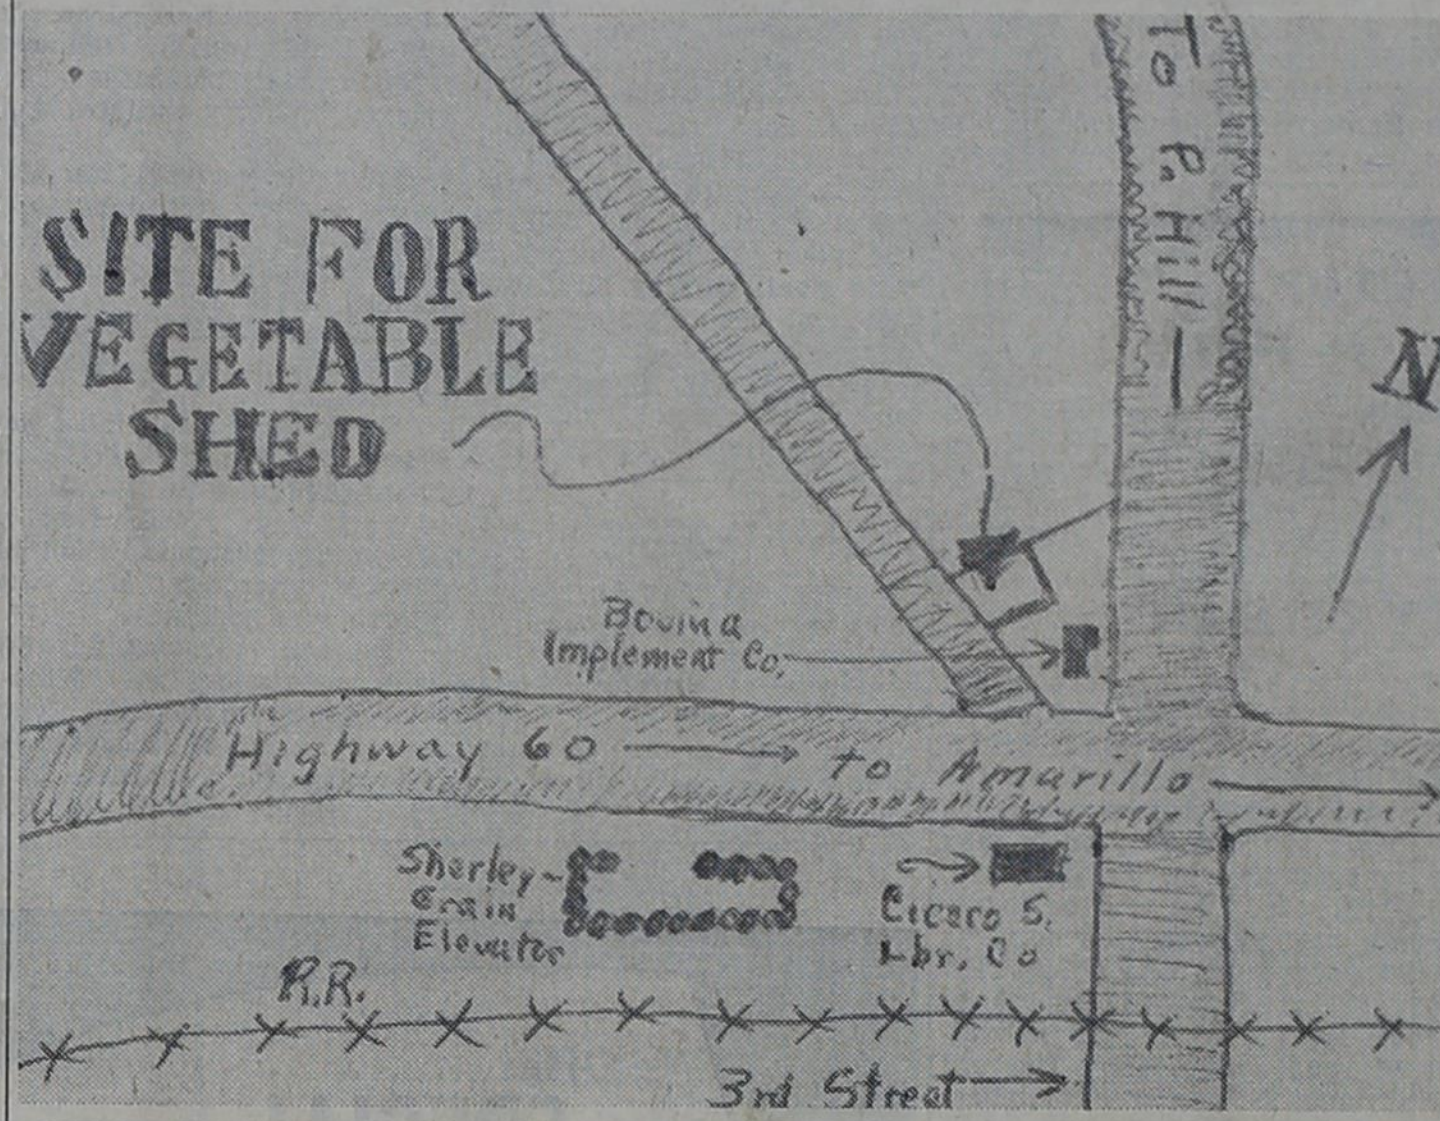

## WEATHER

by WILLIE

Very nice weather until weekend. Then good chance for more showers—a good rain likely.

—Willie

## Vegetable Packing Shed Site Certain

SHED TO BE HERE—Illustrated above is the site for the Gateway Produce Company vegetable packing shed. Construction is expected to begin in the near future.

## BACCALAUREATE SERMON—

### "Christ Is Answer," Jeter Tells Seniors

"Jesus Christ stands as the answer to the problems of today, whether they be personal or collective," said Rev. Jack Jeter in the baccalaureate sermon to 17 seniors of the 1958 graduating class.

The sermon was given Sunday morning before a crowd of several hundred persons in the Bovina School auditorium. Rev. Jeter is pastor of the Bovina Baptist Church.

The statement climaxed an address on the age, angles and answer for today's world. Rev. Jeter spoke of the age today as a time that would be remembered by the sputnik launching, the atom and nuclear power harnessing.

"Our space age, while blessed with destructive power is woefully absent from constructive

power. Our morals today are at an all time low. Every 12 seconds a crime is committed in America—almost 50 percent of which are committed by young people under 25," he told the audience.

## Baptist Minister Receives BD Degree

Rev. Jack Jeter, pastor of the Bovina Baptist Church, received the bachelor of divinity degree Friday of last week in graduation exercises of the Southwestern Baptist Theological Seminary in Fort Worth.

Rev. Jeter recently accepted the call of the local church and he and his family are now living in Bovina.

## WILSONAIRES' PERFORMANCE RECEIVES HIGH PRAISE

Three local girls won high praise Monday with their performance on KFDD, Channel 10 television, in Amarillo. The girls, who make up the Wilsonaire Trio and are under the direction of their vocal instructor, Mrs. Doris Wilson, appeared on the program Teen Time, at 6 p. m.

Making up the trio are Janice Leake, daughter of Mr. and Mrs. Clifford Leake, Marilyn Brandon, daughter of Mr. and Mrs. C. R. Brandon and Brenda Jones, daughter of Mr. and Mrs. O. H. Jones. The girls sang three selections, "Daybreak," "Are You From Dixie" and "This Ole House." They were invited to perform on a special two-hour military program Saturday.

The Army Show, which will be a two-hour, open air program in downtown Hereford Saturday afternoon, will be broadcast over KPAN, Hereford radio. It will be an army recruitment show and talent from the area will be used. The girls, two of whom are eighth graders and the other a freshman, have been working together seriously for about five months. They have appeared

at several benefits so far and were invited to perform at the Amarillo television station through the efforts of Otis (Pop) Echols of radio station KCLV, Clovis.

Accompanying the girls on the trip were Mr. and Mrs. Jones, Mrs. Leake, Mrs. Brandon and Mrs. Wilson.

## FHA Installation And Open House Is Thursday

The installation of officers for the coming year and an open house at the homemaking cottage were highlights of the Future Homemakers of America program Thursday evening. Members of the organization presented the program and installation in the school auditorium. The guests were invited to visit the cottage afterwards.

The program for the evening opened with the FHA Prayer Song, which was sung by the members with Verna Marie Estes accompanying them at the piano. Nickie Woelfel was mistress of ceremonies.

Girls of the first year homemaking classes modeled the clothes which they made in class during the year. Clothes (Continued on last page.)

Contractual action on the site of Gateway Produce Company packing shed was taken last week, verifying a verbal agreement that was reached last Wednesday, according to Otto Ables of the company.

All bids on the building that were asked for had been received, with the exception of one, Ables reports. Examining of the bids, and decision on the building is expected to be this week.

The site at which the shed will be built is northwest of Bovina Implement Company. (See illustration.) A 50x180 foot building is planned, with the type of construction to be decided after the bids are examined, Ables said.

Construction of the building is expected to begin as soon as the contractor is able to start after the decision is made on the type of building and the contract is awarded.

## Growers To Meet Friday

Cantaloupe, tomato and pepper growers under contract with Gateway Produce Company are asked to attend a special meeting Friday night, at which labor and insect control will be the topic for discussion.

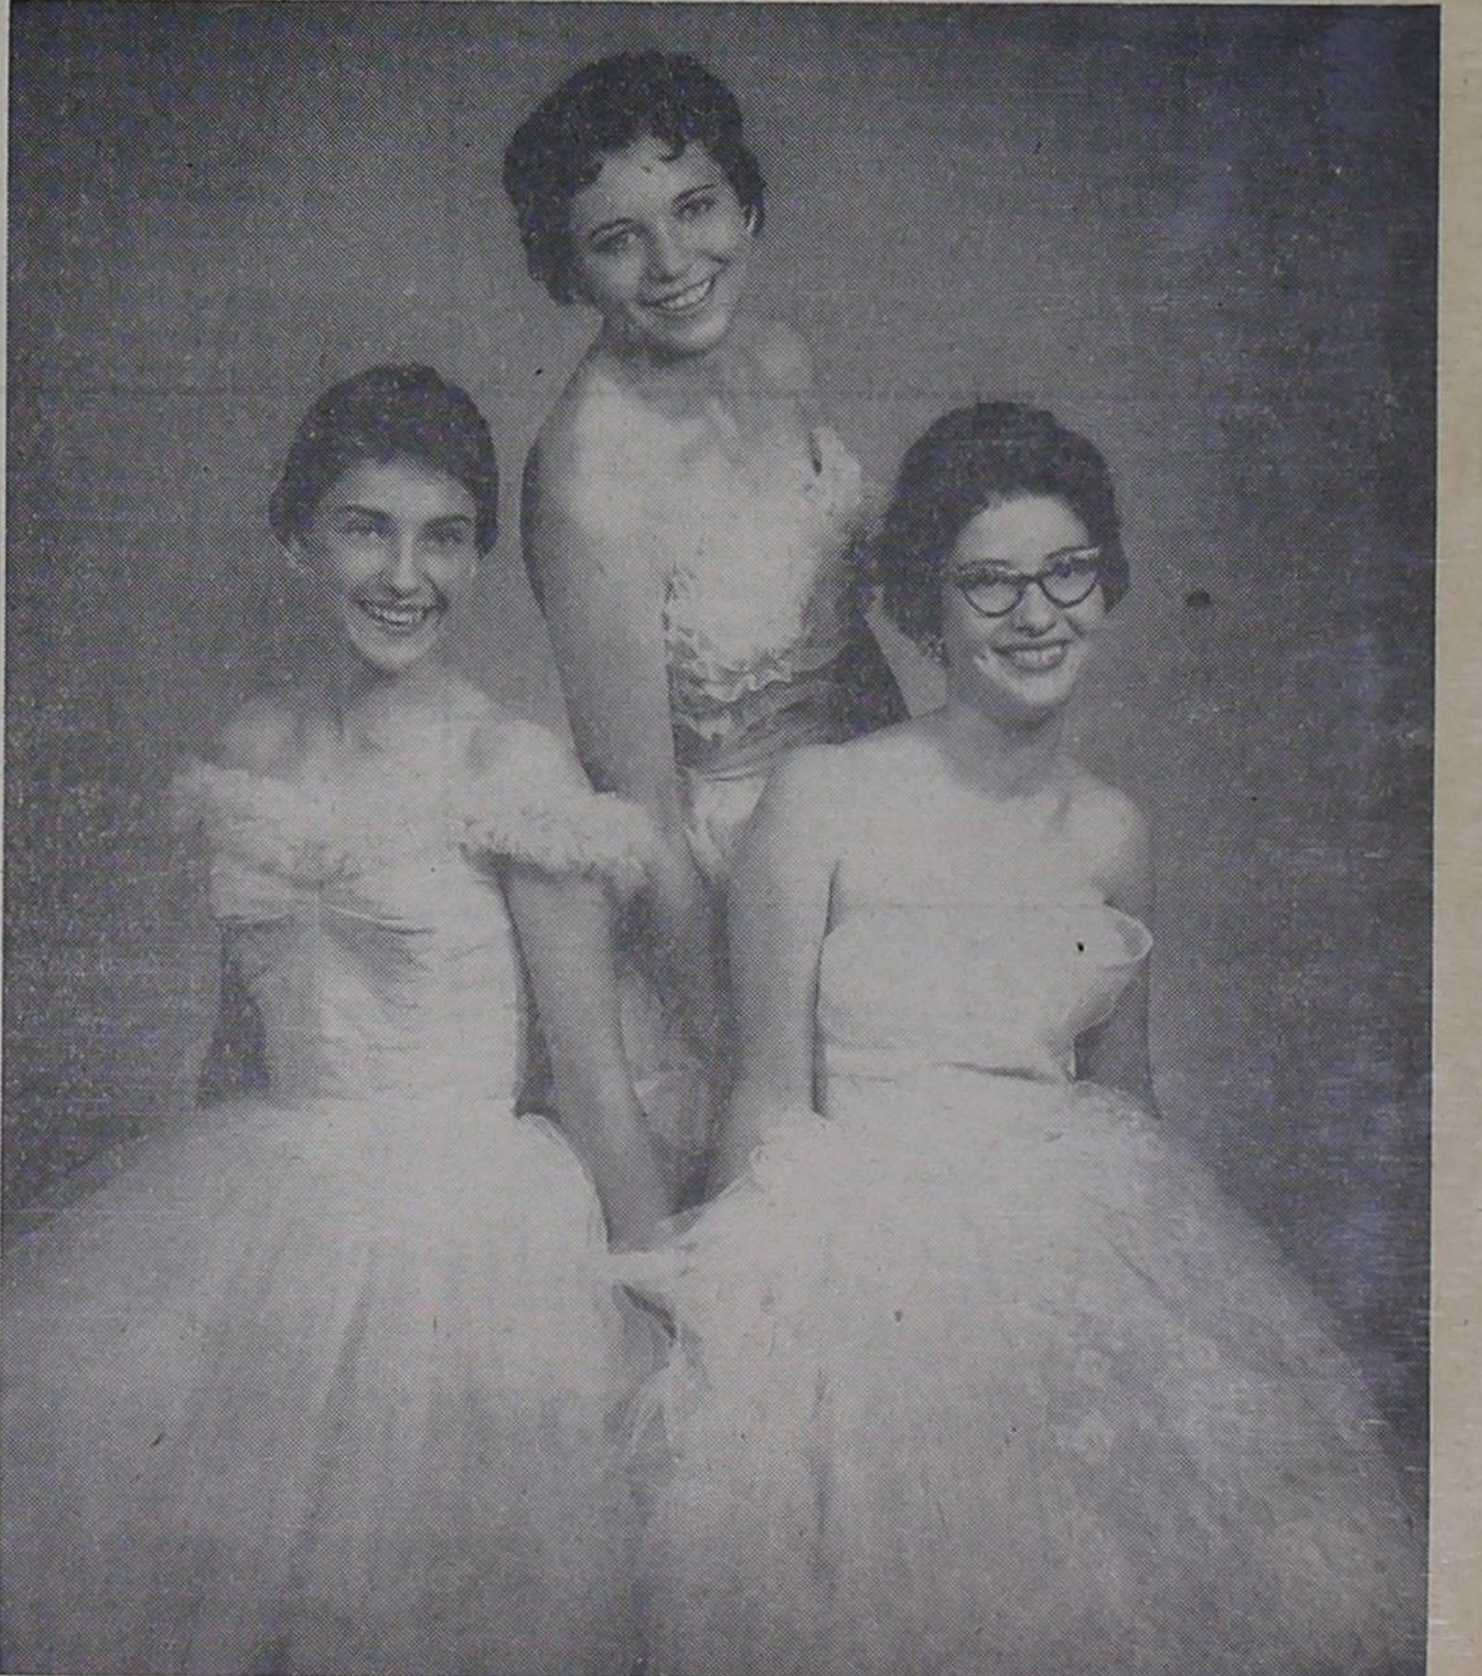

The meeting was called by Otto Ables, representative of the company, and is to be at 8:30 p. m. in the American Legion Hall.

To be present at the meeting will be a representative of the Farm Labor Association of Mulleshoe, to discuss the possibilities of securing Mexican Nationals for doing labor connected with the vegetable growing.

Ables will also discuss insect control, spraying and dusting. Charlie Flynn, owner of Gateway, will possibly attend the meeting. He was scheduled to be in Bovina the middle of the week, according to Ables, and might be here for the meeting.

About the situation of the vegetable crops, Ables reports that more than 300 acres of cantaloupes are up, and that 360 acres have been planted. The second go-round of planting on cantaloupes is to start this week. A good stand is reported on the cantaloupes already planted. Thinning out the excess plants is expected to start next week, according to Ables.

Tomatoes—some 225 acres—are shooting out of the ground, and are in good shape, Ables says. Forty-four acres of pepper have been planted, with a small amount of this crop coming out of the ground.

THE WILSONAIRES—A LOCAL TALENT GROUP GOING PLACES!

Kindergarten Has Commencement

Nine students of Mrs. Margaret Caldwell's Kiddieland Kindergarten received "diplomas" in ceremonies Sunday afternoon in the Bovina Methodist Church.

and directed by Mark Stevens, were played and a song, "Rain," was sung. Suzanne Wilson, daughter of Mr. and Mrs. A. M. Wilson, accompanied the singers and played a number of other selections afterwards.

Mother Rabbit; and Bruce Caldwell, son of Mr. and Mrs. Bedford Caldwell, portraying Peter Rabbit. The rest of the play was pantomimed by Jimmy Clark, son of Mr. and Mrs. Roy Clark, playing Mr. McGregory; and Candy Wilson, daughter of Mr. and Mrs. Robert Wilson; and Aulanna Levins, daughter of Mr. and Mrs. Scott Levins, played the part of sparrows.

Piano Students Have Guest Recital

A number of Mrs. Margaret Caldwell's piano students presented a guest recital Friday evening in her home. The program opened with the selection "Dreamland" played by Margie Carter.

month were made. At the luncheon, secret pal gifts will be exchanged and the meeting will be on a social level. Family socials are planned for every three months, with the next such social in July.

To Oklahoma

Mr. and Mrs. A. M. Wilson and daughters left Sunday afternoon for a vacation. They planned to go to Oklahoma City and then make a tour of several parts of the country.

WITH FATHER

Aubrey Rhodes went to Duncan, Okla., Sunday to be with his father, J. T. Rhodes of that city. The senior Rhodes has been ill for some time and will undergo treatment at Ardmore, Okla., this week.

The menu for the meal featured ham, scrambled eggs, hot biscuits, juice, French toast and cinnamon rolls. Those attending were Sandra Rhinehart, Sandra Martin, Kay Leake, Celia Barraza, Verna Lee Hall, Marie and Irene Drager, Danny Morton, Jerry Burnett, James Stevens, Mike Barraza, Terry Adams, Dick Horn, Dickie Steelman and Glenna Berry.

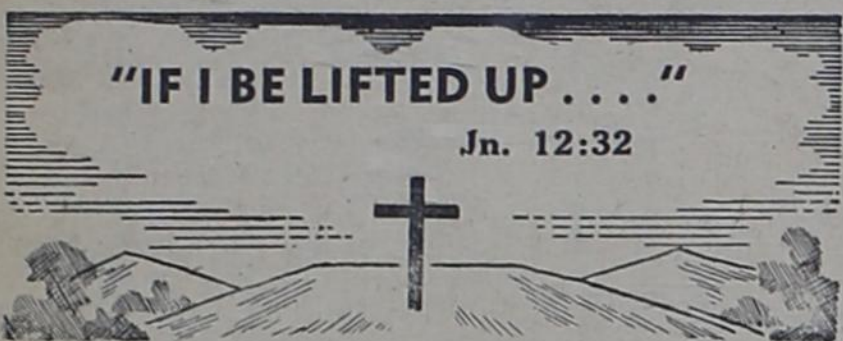

To Meet

Mrs. Mark Charles reported Monday evening that members of the Methodist Woman's Fellowship will meet Thursday morning at 9:30.

Berrys Host To Senior Breakfast

Members of the 1958 graduating class of Bovina High School were honored with an informal breakfast Friday morning in the home of Mr. and Mrs. E. C. Berry.

The hosts presented the seniors with individual gifts; cosmetics for the girls, and ties for the boys. Bobby Wills, sponsor of the senior class, also attended. Remember back when a girl didn't care whether a spinning wheel had whitewall tires or not?

THE HEART OF MAN

When Jesus said, "Blessed are the pure in heart for they shall see God," (Mt. 5:8) He was not talking about the fleshly heart that pumps blood but the spiritual heart.

of the heart that can cause obedience or disobedience. A MAN'S ACTIONS COME FROM THE HEART. (Mt. 15:19) The word spoken comes from the heart and every action of man is controlled by his own will.

The Intellect

The Roman writer states, "With the heart man BELIEVETH unto righteousness and with the mouth confession is made unto salvation." (Rom. 10:10) This teaches that the spiritual heart can believe.

of doctrine which was delivered you." (Rom. 6:17) The will of man is moved by intellect or by love or hate to obey or disobey God. Man is a free moral agent able to discern good from evil.

The Conscience

Peter said, "The like figure whereunto even baptism doth also now save us (Not the putting away of the filth of the flesh, but the answer of a GOOD CONSCIENCE toward God) by the resurrection of Jesus Christ." (1 Peter 3:21) The person who knows the gospel, loves the truth and wills to obey Christ can never have a clear conscience (a pure heart) until obedience has been completed.

The Emotion

The emotion is that part of the heart that can love or hate. When Jesus said, "Thou shalt LOVE the Lord thy God with all thine heart." He was talking about the emotion of man. No wonder then Jesus would say, "If you LOVE me, you will keep my word." (Jno. 14:23) The ignorant cannot love because love comes from a knowledge of the divine mercy and love of God.

Do you have a pure heart? Do you UNDERSTAND the gospel, LOVE CHRIST, WANT TO DO HIS WILL and have a CLEAR CONSCIENCE by obeying the truth? Why not become a Christian today? Alfred White Church of Christ Bovina, Texas

With Mortons

Sunday dinner guests in the home of Mr. and Mrs. J. B. Morton were his sisters and families, Mrs. Stanley Baker of Altus, Okla., and Mr. and Mrs. Wilbur Charles, and Mr. and Mrs. Frank Smith, all of Bovina.

HD Club Meets

The home of Mrs. Mabel Newberry was the site of the regular semi-monthly meeting of the Bovina Good Neighbor Home Demonstration Club last Friday afternoon.

## Clovis Park Is Picnic Site

Members of the Friendship Church School Class of the Methodist Church had a picnic Sunday afternoon in the Clovis City Park. The group gathered at the park after the bacalaureate services for a "Dagwood" picnic, which was held in honor of their teacher, Mrs. W. R. Beard. Mrs. Beard, wife of the local Methodist pastor, will be moving to Ralls the first of June, after Rev. Beard retires.

Mrs. Beard was presented with a gift from the class and the afternoon was spent visiting. Among those attending were Mr. and Mrs. D. R. Bush-

nell and son, David, Mr. and Mrs. Lavon Hukill and son, Troy, Mr. and Mrs. Alton Wily and daughter, Beth, Mr. and Mrs. Jimmie Clements and children, Buddy and Denise, and Mr. and Mrs. Jimmie Ware and daughter, Linda.

Others were Mr. and Mrs. Leon Ware and son, Mike, Mr. and Mrs. Mark Charles and daughter, Brenda, Mr. and Mrs. Charles Corn and children, Eddi, Doris and Heidi, and Mrs. Beard.

## Birthday Party Held Thursday

Mark Charles was honored with a birthday party Thursday evening of last week in the home of his parents, Mr. and Mrs. Wilbur Charles. The honoree's wife, Sue, was hostess. The friends attending were treated to a hamburger fry in the backyard of the Charles home and afterwards, the guests visited and played "42."

Those attending were Mr. and Mrs. Leon Ware, Mr. and Mrs. Thomas Rhodes, Mr. and Mrs. Sammie Sudderth, Mr. and Mrs. James Boardman, Mr. and Mrs. Nicki Foster, Mr. and Mrs. Wilbur Charles, the honoree and the hostess.

## Larry Don Stevens Feted with Party

Larry Don Stevens, son of Mr. and Mrs. Wayne Stevens, celebrated his fifth birthday with a party at the home of his parents Saturday afternoon.

Mark Stevens, six-year-old brother of the honoree, played the piano as the group sang "Happy Birthday." Another brother, David, played for a game of musical chairs.

The guests were served cake, ice cream, and punch. Attending were Nick and Lisa Raven of Clovis, Bruce Caldwell, Buddy Clements, and Donny Kaminski.

## Family Picnic Is Friday

Mr. and Mrs. Wilbur Charles were hosts Friday evening to a family picnic held in their home. Each family brought a picnic supper and afterwards, games of "Rook" were played by the men.

Those attending were Mr. and Mrs. Stanley Baker of Altus, Okla., and Mr. and Mrs. Vernon Estes and Linda, Mr. and Mrs. H. J. Charles, Mr. and Mrs. Jimmie Charles, Lisa and Johnny, Mr. and Mrs. Mark Charles and Brenda, Mr. and Mrs. J. B. Morton and Mrs. Frank Smith.

Others present were Mr. and Mrs. Charles Don Smith, Tony, Randy and Robin, Mr. and Mrs. I. W. Quickel, Miss Ellen Remmsnider and the hosts.

The party was in honor of Mrs. Charles' sister and husband, Mr. and Mrs. Baker, who visited in Bovina last week.

## Thrifty Club Meets with Mrs. Clarence Gauntt

The home of Mrs. Clarence Gauntt was the site of the regular monthly meeting of the Bovina Thrifty Club last Wednesday afternoon. The afternoon was spent doing hand work for the hostess. She served refreshments of frosted punch, pecan rolls and canapes.

Those attending were Mrs. A. V. Campbell, Mrs. L. M. Grissom, Miss Lola Grissom, Mrs. G. A. Bandy, Mrs. H. H. Kelso, Mrs. J. T. Jones, Mrs. Dolie Williams, Mrs. J. D. Stevens, Mrs. Wilbur Charles, Mrs. C. R. Brandon, Mrs. E. M. Ware, Mrs. George Turner, Mrs. Elmer Lowrie and the hostess. One guest, Mrs. A. E. Burnam, was also present.

The next meeting will be the second Wednesday in June in the home of Mrs. Grissom.

## Grain Sorghum Planting Begins

Maize, the crop which Parmer County farmers make a practice of growing a lot of, is on the brink of its 1958 planting this week. On some farms, grain sorghum planting is already underway.

Maize planting momentum is expected to snowball from now until the first of June—by that date the bulk of it will be in the ground.

If it is planted by June 1, that is "plenty early" for most varieties, County Agent Joe Jones says. Jones believes that farmers will be better off to

postpone their planting date if they plant varieties which mature early. The agent offers two reasons for this belief—1. A farmer has longer to control weeds. 2. A later planting date allows for better conservation of water.

If sorghums are planted early, they reach the in-critical-need-for-water stage in August, which is ordinarily the hottest, driest High Plains month. If the planting date is postponed, the plants will be younger and won't reach the aforementioned water stage until

September, a month in which more moisture is more apt to come about naturally than in the one preceding.

Also, Jones points out that a later date for planting will make grain sorghum seeds germinate faster. Therefore, the plant will be out of the ground in a fewer number of days than its earlier-planted brother. This, thinks Jones, is important in that weeds don't have as much time to get out of the ground ahead of the young plant and then compete with it for soil food and water.

For the average reader this might present a puzzling picture. But for the cotton farmer, it means something. The arrow points to a two-leaf sprouting of cotton on a Parmer County farm. Most producers are satisfied this week with the results of their attempts to get a good stand as early as possible, although some re-planting doubtless will still be done.

## Parmer County Cotton Planted

Planting of Parmer County cotton was complete this week, according to calculations of County Agent Joe Jones.

Fortunately, since seed of good germination were scarce, the amount of cotton which had to be planted over was small. "Farmers had good luck getting good stands the first planting," Agent Jones believes.

There has been some planting over, and there could possibly be some to do yet, of course, but less cotton has been planted over this year than in most years.

In addition to being hard-to-come-by, seed this year had a lower germination percentage than most farmers desire. This was due to last fall's early freeze which didn't allow the seed to mature and left them undesirable for planting.

To compensate for the low germination percent, most farmers planted more seed than usual. Efforts to make up for the lack of germination by putting more seed in the ground have apparently been successful, Jones says. And this practice, Jones thinks, is one reason the majority of farmers have been able to get good stands of cotton up the first

planting. "Generally speaking, we're through planting cotton, barring big, washing rains or hail," Jones believes.

In a county that's gaining a reputation for its ability to produce King Cotton, Parmer farmers are off to a good start on the 1958 crop in spite of the fact they were handicapped by a shortage of good seed.

### Accident Involves Parmer Co. Pickups

A pair of Parmer County pickups were involved in a collision last Wednesday. The accident, which occurred on a Farm-to-Market road four miles north of Bovina, caused hundreds of dollars worth of damage, but no serious injuries.

In the accident were Joe Wilson, who was driving north on the FM road in a '56 Ford pickup, and Bill F. Glenn, who was attempting to cross the pavement from west to east in a '55 Ford.

Sheriff Chas. Lovelace, who investigated, estimated the damage to the Wilson vehicle at \$300-\$400. He figured the cost for repairing Glenn's pickup would be from \$400 to \$500.

The accident happened near noon Wednesday. The front of Glenn's pickup struck the left side of Wilson's, near the door. The drivers were "shaken up," but neither required medical attention.

Brownsville, Pa., Telegraph: "Government should be like your stomach: If it's working right you don't know that you have it."

## FHA Softens Loan Requirements

More farm construction—with better homes for farm families, better shelter for livestock and improved storage facilities for machinery and grain. That's the prospect in coming years, says Billy R. Boling, county supervisor for the Farmers Home Administration.

Recently, as an anti-recession measure, his agency expanded its farm housing loan program to the fullest extent under laws set up by congress. And Boling reports that he already has received several inquiries from interested people in the area. To be eligible now, an applicant must own a farm that is in agricultural production and must plan to produce at least \$400 worth of commodities for sale and home use, based on 1944 prices. Many part-time farmers who previously were ineligible can qualify for loans under the expanded program.

soon after the loan is closed. The loan bears four percent interest on the unpaid balance and may be repaid over a period up to 33 years.

In addition to financing major construction, the loan funds can help a farm owner repair and up-date buildings. For example, he may wish to add a bathroom, including a waste disposal system, modernize the kitchen, add an extra bedroom, improve the heating, insulation and electric wiring, put a basement under the house, and cement floors in service buildings, or paint the house and service buildings.

Boling reports that the agency has \$400 million available nationally which can be used over the next three years for farm housing loans. He said there is no specified limitation on the amount which can be loaned in any one state. Boling said that Walter T. McKay, state director for Texas, estimated that if present farm housing loan activity continues as it has in the past two months, that an appreciable amount will be channeled into this state by the end of the year.

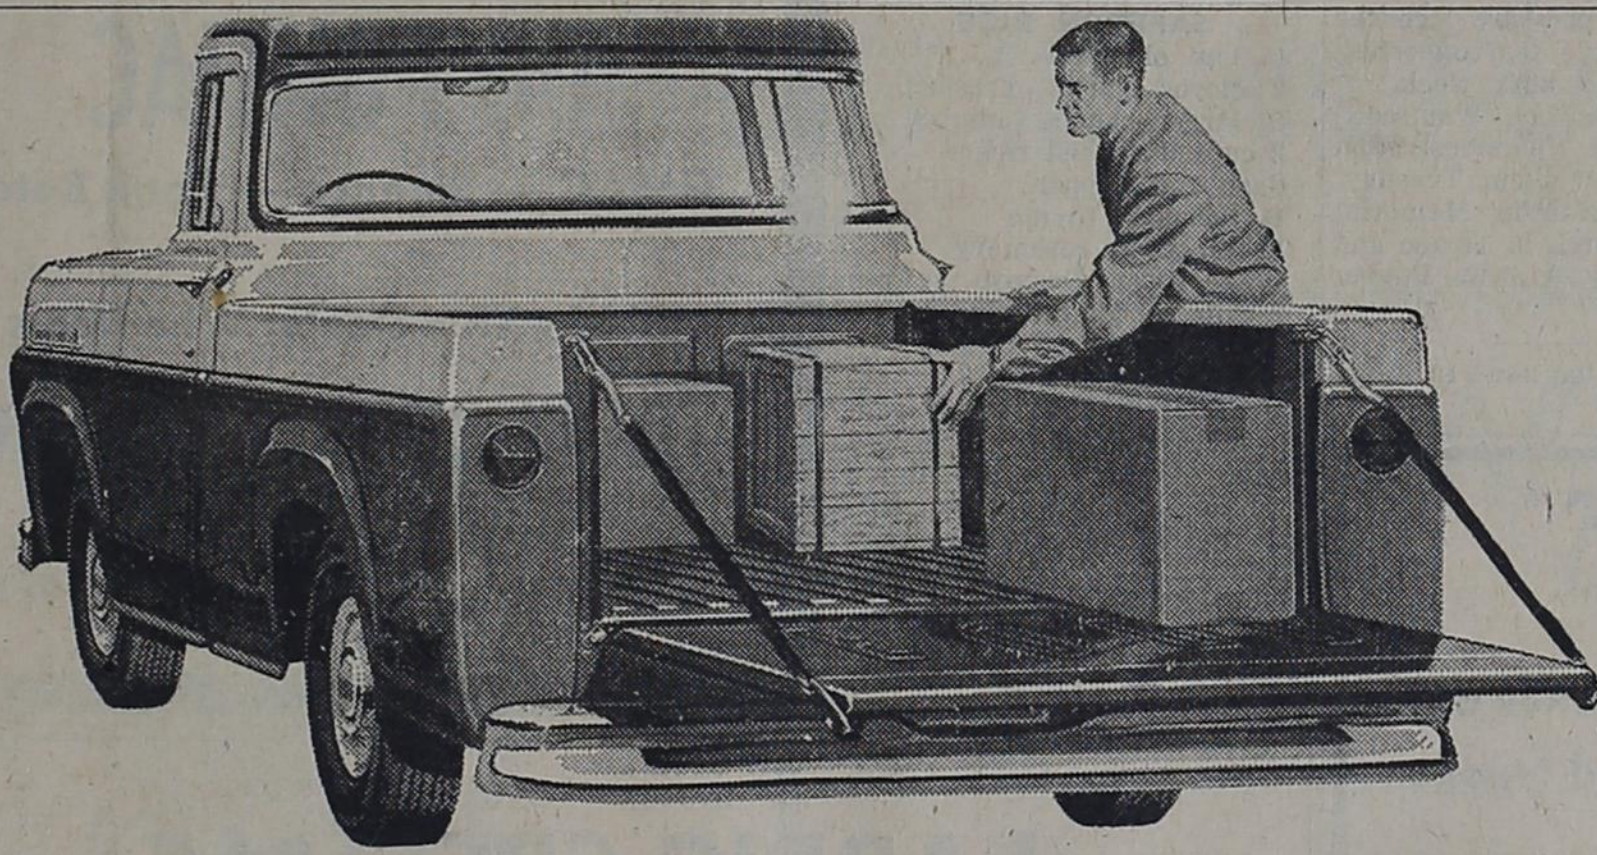

Staggered planting dates of grain sorghum have been practiced by area farmers so they might best utilize their water. If the crop is planted at different intervals it will need watering at different intervals, is the theory behind this practice.

However, the agent warns, "Staggered plantings don't always mean staggered headings." This is especially true where late maturing varieties are planted early and vice versa. "Though your varieties are planted at different times, they may get to the heading stage at the same time," he points out. Then, they're both needing water at the same time and the purpose of the different planting dates has been lost.

Jones' primary advice to grain farmers is to "Know your varieties and select the one which will do what you want done."

# FORD FIRST

in truck sales to American business...

and here are 4 reasons why

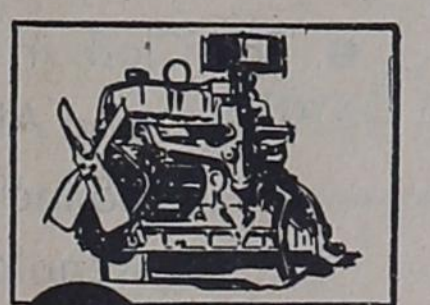

**1** Lowest-priced pickup...

Ford is the lowest-priced pickup with cab-wide box. You get 23% more load-space than in traditional pickup boxes... and it's standard at no extra cost.

**2** Most comfortable ride...

Scientific Impact-O-Graph tests prove Ford pickups give you the smoothest ride of any half-tonner... a ride mighty close to that of a car.

**3** Gas savings up to 10%...

Ford's new modern Short Stroke Six features a new economy carburetor giving you up to 10% greater gas mileage. And you get smoother acceleration, too!

**4** Safer, more comfortable cabs...

Driverized Cabs have weather-protected inboard step, suspended pedals, Lifeguard steering wheel, non-sag seat springing and Hi-Dri ventilation.

**FORD TRUCKS COST LESS** less to own... less to run... last longer, too!

Official registration figures show:

American business buys more Ford Trucks than any other make!

Farm Bureau, which is responsible for Farm to Market legislation to date, will be in Austin full force at the next session to protect the concessions they have gained over the years in this program.

An article in the Houston Chronicle of February 27 this year, makes it clear that there are some forces in cities that intend to change this Farm Road program, putting a stop to such construction so that the money can be used for what they call "more important freeways." They condemn Texas Farm Bureau for wanting even more money for rural road improvement, saying it is unfair.

The Colson-Briscoe Act is the one that has provided what you have, and it is the one the city boys are seeking to change. Your Farm Bureau membership will help in the battle, but you are perfectly welcome to come in for information on the subject, and suggestions as to how you can help, whether you are a member or not.

Justice Douglas has this to say in justification for the U. S. Supreme Court's reversing a California court's refusal to admit a communist to the bar: "Joining the Communist Party does not necessarily indicate approval of all for which that organization stands, just as all who belong to the Presbyterian Church, The American Legion, or the American Bar Associa-

tion do not necessarily endorse every tenet of those organizations". Do you think a man with that kind of a mind should be allowed to administer the constitutional provisions for us? CONSIDER THIS: The robbery of the wicked shall destroy them; because they refuse to do judgement. Proverbs 21:7

About 3 out of 4 traffic accidents occur in rural areas, according to the National Safety Council.

FRIONA PH. 2091

SOIL CONSERVATION DISTRICT NEWS

Last Wednesday at 9 a.m. the Parmer County Soil Conservation District Board of Supervisors had its regular business meeting.

Chairman Black opened the meeting by asking Crozier to give a report on the Great Plains Conservation Program.

Crozier also reported that the SCS office here in Friona will have two trainees to start work in June.

Checks were made out for the winners of the county essay contest on Soil Conservation. The winners were as follows: First place, Ramey Joel Brandon of Bovina; second place, Myrna Elyse Downs of

Bovina; third place, Earl Ryden of Lazbuddie, and fourth place, Gladys Marie Dean of Friona.

All but one piece of the equipment granted to the District has been received. The equipment will need some repair before being put into operation. John Logan was considered and interviewed by the Board to operate and maintain the equipment.

James D. Mabry of Hub has put from 8 to 10 tons of gin trash and cotton burrs on one part of a field on his farm. He has applied 80 pounds of anhydrous ammonia and plans to put more to be sure that adequate nitrogen will be available to the next crop.

Mabry says they sure make the difference. On one end of a field of wheat where burrs were applied the wheat is taller and has a better color.

One disadvantage of applying cotton burrs is they bring in weed seeds. Mabry says it's a good idea to let the area the burrs were applied lay out the following summer to control the weeds.

Farm and Home Appreciates Your News Tips

Will Matthews, pioneer farmer on the state line south of Farwell, shows off some of his Comanche dryland wheat, which is hoped to yield 25 bushels an acre. Dryland wheat all over the High Plains is looking extra good this year, and if favorable conditions hold, good yields are expected.

Dryland Wheat To Make This Year

There was some dryland wheat cut in the Parmer County area last year, but most of it was pretty skimpy. Any dryland that beat 10 bushels per acre was considered good.

This spring, though, prospects for a dryland wheat harvest appear the best since 1949 and, in many cases, the best since 1947. Parmer County area farmers have shared with those of the entire wheat-growing part of the High Plains in the rainfall that has come since sowing time last fall.

Since planting, rains have come with gratifying regularity, although a slight drouthy spell did set in about 10 days ago and cut back yields in some spots, especially in the northern parts of the Parmer County area.

Wheat used to be a big cash crop in county agriculture, but since big scale irrigation developed in 1953 and 1954, it has been pushed into the background.

Row crops such as cotton and grain sorghum respond very favorably to irrigation, but it's tricky to get really big yields by irrigating wheat. Hence, farmers took to watering their wheat rather slowly.

That's the main reason why only about one-half of the area wheat is irrigated, and why, when the rains do come, the effort of them is very noticeable in the amount of wheat produced in this area.

Wheat produces well on any type land in the Parmer County area and is well suited here climatically. However, the heavier or "tight" lands to the north usually have the natural fertility to produce the highest yields.

In contrast, the sandier soils to the south can be depended on to make better use of the usually meager or inadequate supply of moisture, and so in a marginal year, the sandier land will outproduce the more fertile tight soils. It about averages out.

This year, there will be good dryland wheat produced both on tight land and in the sandier soils. As a rule of the thumb, most of the wheat on the sandier land suffered the least from the temporary drouth that struck about the time of heading out.

Will Matthews, who farms on the state line south of Farwell, says his dryland wheat looks the best since 1947. He believes that it will yield around 25 bushels to the acre. His Comanche looks the best.

Matthews has some of his land in the soil bank, and on one part of this land, he has barley as a cover crop. The barley is now looking so good that he is strongly considering harvesting it and paying a penalty to take produce from land in the soil bank.

A film producer was asked how he could afford 40,000 extras for a Western movie he was making. "It's only the first day that's expensive," he said, "You see, we use live ammunition."

the Pullman clay that the tests were run on in Hale County, so the story might well apply to our own area.

The Texas Employment Commission, which keeps a close check on wheat prospects because they are charged with controlling the labor supply for harvest, says that prospects are at an all-time (per acre yield) high this spring.

In a report dated May 12, they say a prospective yield of 19 bushels per acre is indicated, which is one-half bushel above the previous high and eight bushels above average.

With practically no loss of seeded acreage, growers expect to combine the largest acreage since 1949. The 3,576,000 acres now indicated for harvest would be over half again as large as last year. Total production expected is 67.9 million bushels.

Only four times in history has Texas produced larger crops—1931, 1944, 1949, and 1947 when the all-time record of 117 million bushels was combined. Responsible for this bountiful outlook are almost ideal conditions in the Panhandle, the state's main wheat area.

Homemakers who wish to have their pressure cooker tested will have two opportunities to do so next week. Miss Jimmie Lou Wainscott, county home demonstration agent, will test them Tuesday, May 27, at Hamlin Memorial Methodist Church in Texico and Thursday, May 29, at the Bovina School.

THE HAPPY HOMEMAKER BY JUNE FLOYD

We would like to express our appreciation to Mrs. Clytie Dial of Farwell for sending us a copy of the Parent's Magazine which we misplaced several weeks ago. This magazine was left at the State Line Tribune for us about two weeks ago and we surely do appreciate the thoughtfulness of Mrs. Dial.

Now that it is rose blooming time again, each of us should make a rose jar. They were very popular in days gone by and would be enjoyed just as much by us and our children. Things of this sort have taken a direct turn in reverse.

Not too many generations ago store bought items were very much to be desired and the novelty of just seeing some of the things shown in the shops was a rare treat. On the other hand, homemade items were very common place.

At this time if we want something different, we just about have to make it. Everyone has seen and purchased everything that has been shown in the stores or catalogs and homemade items are novelties.

Instructions for making an old-fashioned rose jar were given in a how-to-do-it Rose Growers handbook recently. They are as follows: "Be sure your jar has a tight-fitting lid. (We used a penny-candy jar.) Place a layer of dried rose petals (preferably red because they are more fragrant) in the bottom. Sprinkle lightly with ground cloves, mace, and cinnamon. Add another layer of rose petals and another of spices. Alternate until you reach the top. Add some sweet cedar or sandalwood if possible. These are usually available at large drug houses. On the very top sprinkle a few drops of your favorite perfume.

For something really different during rose blooming season we might try rose tea. Simply steep rose hips for ten minutes in boiling water, strain and serve. Would you add cream and sugar and drink it hot? The Rose Growers didn't say.

Our Mrs. America favorite recipes begin this week with Mrs. Hugh Mactier, who was chosen Mrs. Nebraska. Mrs. Mactier's favorite main dish is Paella Valenciana. With it she serves saffron rice which she makes in large quantities and freezes to have on hand.

SAFFRON RICE

1/4 cup olive oil, 2 cloves garlic, crushed, 2 large onions, minced, 2 cups uncooked rice, dash red pepper, 1/4 teaspoon thyme, 1/4 teaspoon rosemary, 1/2 teaspoon Spanish saffron, 2 cans consommé plus 2 cups water, 1/2 teaspoon salt.

Heat oil in deep heavy skillet. All garlic, onion, rice, and pepper. Cook over low flame until rice begins to brown, stirring constantly. Remove and discard garlic. Add remaining ingredients. Simmer 30 minutes or until rice is done, stirring occasionally. Makes 8 servings.

Mrs. Nevada, Mrs. Russell Neece, submitted her husband's favorite main dish.

SPAGHETTI CLAM SAUCE

1/4 cup olive oil, 1/2 cup butter, 4 cloves garlic, finely chopped, 1/4 cup minced parsley, 1 tablespoon sweet basil, 3 tablespoons grated Parmesan cheese, dash red pepper, dash freshly ground black pepper, 1 dozen cherrystone clams, 1 package (8 ozs) spaghetti, cooked.

Heat olive oil and butter in skillet. Add garlic, parsley, sweet basil, cheese, red pepper, ground black pepper, and clams. Simmer 10 to 15 minutes. Pour over spaghetti. Makes 6 servings.

From one of the New England states, New Hampshire, Mrs. Theodore J. Vogel sent her favorite casserole recipe. The Vogels have several young children, so their meals are generally simple and not highly seasoned.

HAMBURGER CASSEROLE

1 medium-sized onion, diced, 2 tablespoons salad oil, 1 lb. chopped beef, 1 large can diced green beans, drained, 1 can condensed tomato soup, 6 medium potatoes, boiled and whipped with 1 egg, 1/4 cup hot milk (or enough to beat smooth) and salt and pepper to taste.

Saute onion in salad oil. Add meat and cook slowly about 5 minutes. Add beans and soup.

Mrs. Nevada, Mrs. Russell Neece, submitted her husband's favorite main dish.

Stir together and put into greased 1 1/2 quart casserole. Top with whipped potato and bake in hot oven until brown and bubbly. Makes 4 servings.

For a crunchy change on the next spice cake you bake, broil this frosting right on the top of the loaf cake: Mix together 1 stick oleo or 1/4 pound butter, which has been melted; 1/2 cup brown sugar; 2 tablespoons milk; 1 teaspoon vanilla and 1/2 cup finely chopped walnuts. Spread over top and broil until bubbly, about two minutes.

Mohair Supports May Come in 1958

Incentive payments may be made to mohair producers in 1958 for the first time.

No payments were required on mohair sales during 1955 and 1956 and none are indicated for 1957. Recently, however, prices reported in Texas ranging from 46 1/2 to 51 1/2 cents per pound for adult mohair and 76 1/2 to 81 1/2 cents for kid mohair indicate that the national average price for mohair sold in the 1958 marketing year will probably fall below the 70-cent-per-pound support price, thus requiring payments. The 70-cent-per-pound price reflects 75 percent of the current mohair parity.

NEW FARM-POWER FOR MODERN POWER-FARMING

MM 5-STAR TRACTOR

Whether you are cultivating, plowing, harvesting or doing any of the many jobs that the modern farm requires, you will be able to do them better and faster with the big, powerful 5-Star Tractor.

You can do this because the 5-Star Tractor has so many work-saving, money-making features. Features that farmers have wanted for years and can now have.

These are the features that make high production easy: MM Ampli-Torc—The exclusive MM system which gives you ten overlapping forward speeds from 1.54 M.P.H. to 16.21 M.P.H. and two reverse speeds. Ampli-Torc lets you shift gears on the go without slowing down or declutching.

MM Tel-O-Flo—Another MM exclusive, the Tel-O-Flo Hydraulic system gives complete accuracy in implement control. It also lets you make precision adjustments on the go in its automatic draft control operation.

MM Power Steering—Only on MM Tractors can you get this built-in power steering system that takes all of the work out of tractor driving. It makes rough fields pavement smooth.

See these exclusive features plus a choice of three front-ends and four fuels, MM exclusive engine design, power adjusted rear wheels, the convenient arrangement of the operating controls and all of the other outstanding 5-Star features.

See why it is possible for the MM 5-Star Tractor to break production records on every farm job. Let us demonstrate the 5-Star Tractor to you and show you how easily you can own it with our convenient credit-purchase plan.

# Hybrids Outyield Standard Varieties

Hybrid grain sorghums led the yield test at the High Plains Station of Texas Research Foundation at Halfway in 1957. Twenty-seven of the thirty-one hybrids planted yielded more than any of the nineteen standard varieties included in the test, says Johnny Davis, station agronomist.

In this test of 50 different grain sorghums, there were 15 released hybrids; 16 experimental hybrids, and 19 standard varieties. They were planted in two row plots 100 feet long with four replications to eliminate differences in soil, watering and other factors. The test was planted June 19 at the rate of eight pounds of seed per acre. Thirty-six pounds of nitrogen and 45 pounds of P205 were applied at planting with 75 pounds of nitrogen sidedressed July 18.

This test was harvested before there was any appreciable lodging, so no differences as to

standability are reported. The soil was irrigated prior to planting with three subse-quent irrigations applied. A total of 15 inches of water was applied through irrigation with 17.4 inches of natural rainfall during the growing period of April 1 to October 1. This made a total of 32.4 inches of water which could be considered available for growth.

In this test a difference of less than 844 pounds per acre between any two entries could be due to chance. For example, there were only 825 pounds difference between the yield of DeKalb D50A, ranked 13, and R. S. 650, ranked number 1. This difference might be due to chance and in another test with similar conditions, there might be a change in the ranking.

Also, there were two entries of R. S. 650 which ranked 1 and 3 with 163 pounds difference in yield. Obviously there

was no significant difference in yield between these two entries.

## H. D. AGENT'S CORNER

Jimmie Lou Wainscott

### Raw Vegetables for "Dunking"

Work more vegetables into the family diet. Extension foods and nutrition specialists suggest crisp, colorful raw vegetables for appetizers... between meal snacks, and tasty salads. For entertaining, add some carrot curls, celery sticks, radish roses, raw cauliflower or broccoli flowerets to the refreshment tray. Serve a zippy sour cream cheese, or avocado dip for "dunking" the vegetables. Guests will enjoy the informal atmosphere of the party and appreciate the extra "vitamins."

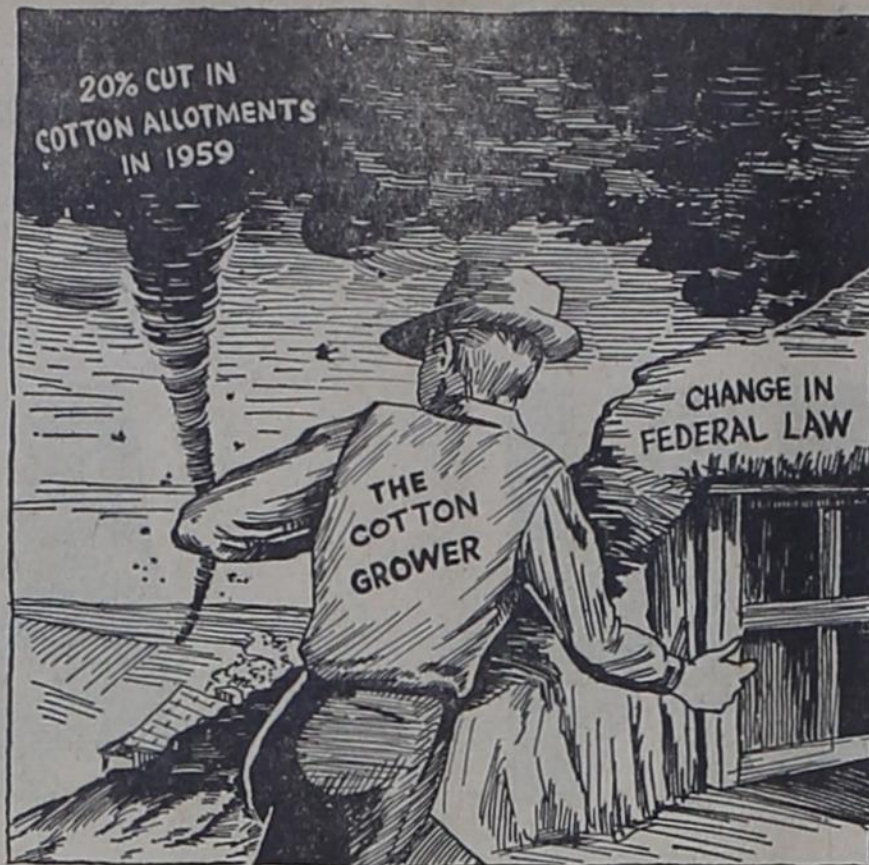

### Make Food Dollars Go Farther

Good health is priceless. Balanced, attractive, nutritious daily meals that build good health don't just happen. Extension foods and nutrition specialists say it's a matter of knowing what is needed, and managing your time and money in a business-like way. That's where the planning comes in. "Our Family's Food—How We Plan To Get It" is a new extension bulletin designed to give homemakers the information needed to plan ahead. Written by extension foods and nutrition specialists, it gives planning guides for daily meals, for weekly and for annual food plans. It also has a section on the care of food in the home. Get a copy of the new bulletin from your county home demonstration agent's office.

### Potato Burgers with Gravy

1 pound ground beef  
2 cups grated potato (Use coarse grater)  
3 tablespoons finely chopped onion  
1 1/2 teaspoons salt  
1/4 teaspoon black pepper  
1 egg, beaten slightly  
1/2 cup milk  
2 tablespoons butter  
Combine ground meat, grated potato, onion, seasonings, egg and milk. Shape into patties and cook in hot butter until brown on one side. Turn and cook on other side until patties are cooked through and browned. Patties may be covered and steam-cooked a few minutes, if desired. Remove to hot platter. Serve with Creamy Brown Gravy. Makes 5 to 6

## HEAD FOR SHELTER

**Creamy Brown Gravy**  
1/4 cup butter  
1/4 cup flour  
2 cups milk  
Add butter to skillet in which meat has been browned. Blend in flour; cook over low heat until slightly browned. Add milk, stirring constantly and cook until gravy is smooth and thickened. Season to taste. Serve with Potato Burgers.

**Tossed Green Salad Bowl**  
Wash greens, as lettuce, endive, escarole, spinach, mustard—use one, two or, all. Drain, take out tough centers, break leaves into fork-size pieces until there is about 2 quarts. Dry well, place in plastic bag; refrigerate.  
Just before salad is to be served, shred garlic into salad bowl. Add 1/2 teaspoon salt, 1/4 teaspoon pepper and 1/4 teaspoon mustard. Mash all the ingredients together with back of spoon. Stir 1 tablespoon vinegar and 1/4 cup salad oil into mixture and mix well with fork. Heap salad greens on top of dressing. (Refrigerate if meal is not ready.) Toss salad lightly at serving time. Serves 4 to 6.

"Good heavens!" cried Whisler as he saw his mother on her knees scrubbing the floor. "Have you gone off your rocker?"

## 4-H'ers Learn Methods In Homemaking

Use of mechanical refrigeration by farm families jumped from 63 to 90 per cent in six years, according to the USDA, and undoubtedly this has been a factor in more extensive use of the freezing method to preserve home grown foods. Among the young homemakers who utilize this process are the Texas 4-H Club members enrolled in the 4-H Frozen Foods project. Under the guidance of local leaders the 4-H'ers learn to plan balanced meals as well as to select and process meats, vegetables, fruits, pastries, breads and the like. Another project that helps to enhance family living is the 4-H Home Improvement program. Individual enterprises range from modernizing and redecorating an entire house to reupholstering a single chair. Both 4-H programs provide opportunities for club members to demonstrate and exhibit their skills as well as to de-

### District WSCS Meets in Local Church Thursday

Approximately 100 women gathered Thursday of last week in the local Methodist Church for a semi-annual Women's Society of Christian Service convention. The theme of the meeting was "Show Me Thy Way," and was under the direction of the Plainview District officers.

Registration was followed by a musical interlude by Mrs. Vernon Estes, and a devotional by Mrs. Luther Kirk of Plainview.

Reports were given by district officers and a panel, composed of several women who had attended the recent National WSCS Assembly, gave reports on the work of women who attended. The Assembly, which meets each four years, was in April, in Kansas City, Mo.

Mrs. Darris Eggar of Dimmitt was the main speaker of the morning session. She spoke on recruiting young people for the ministry and in the dedication of their lives to the missionary field. She spoke of the needs of missionaries, and the need for doctors, technicians, teachers and ministers in foreign lands.

Each woman brought a sack lunch and the local organization provided pie, coffee and tea. Mrs. Estes played piano selections during the lunch hour. Officers of each society present gave a report of work being done on the local level in their own church and community. The reports were followed by a short business meeting.

The program closed with a pledge service, with each local treasurer presenting the amount which her society pledged for the coming year for mission work.

The church was decorated with arrangements of fresh irises. The decorations were arranged by Mrs. Alton Wylie and Mrs. Jimmie Clements. Mrs. Leon Ware and Mrs. Jimmie Ware presided at the registration table.

Churches represented at the meeting were Lockney, Liberty, Cotton Center, Plainview, Dimmitt, Earth, Hale Center, Halfway, Coni, Olton, Matador, Wayside, Oklahoma Lane, Y. L., Petersburg, Floydada, Progress, Tulia, Muleshoe and Bovina.

Members of the local society attending were Mrs. L. M. Grissom, Mrs. George Turner, Mrs. E. M. Ware, Mrs. Jimmie Ware, Mrs. Leon Ware, Mrs. Clements, Mrs. Wylie, Mrs. R. G. Barron, Mrs. Wilbur Charles, Mrs. G. A. Bandy, Mrs. Mabel Newberry, Mrs. Bedford Caldwell, Mrs. Estes, Mrs. C. F. Hastings, Mrs. L. H. Pesch, Mrs. John Dixon and Mrs. Warren Morton.

### Wesleyan Guild Installs Officers Monday Evening

Mrs. J. W. Whelan was installed as president of the Wesleyan Service Guild Monday evening, May 12, at a meeting in the church parlor.

Prior to the installation ceremony, Mrs. H. J. Charles led a study titled "The March of Mission Dollars." It was given

in litany form with readings and responses. Mrs. Charles was assisted by Mrs. Margaret Caldwell.

Special music was by Mrs. Bedford Caldwell, who sang "Take My Life and Let It Be." She was accompanied at the piano by Mrs. Margaret Caldwell.

The second topic of the program was "Not Turn Back," and was led by Miss Grace Paul, assisted by Mrs. W. E. Williams and Mrs. W. Wayne Stevens. This was followed by a candlelight pledge service at the altar.

Others installed as officers for the coming year include Mrs. W. E. Williams, vice-president; Mrs. Hilton Terry, secretary; Mrs. Dean Hastings, treasurer; Mrs. Bedford Caldwell, secretary of missionary education and service; Mrs. Stevens, secretary of spiritual life; Mrs. Margaret Caldwell, secretary of promotion; and Mrs. Billie Sudderth, coordinator. Mrs. Warren Morton was installing officer.

Mrs. Alvin Farrell was hostess for the evening and served refreshments of cake and coffee to Mrs. Terry, Mrs. Stevens, Mrs. Whelan, Mrs. Margaret Caldwell, Miss Rita Caldwell, Miss Grace Paul, Mrs. Williams, Mrs. Morton and Mrs. H. J. Charles.

### School Transfers Due Before May 31

Warren Morton, superintendent of Bovina Public Schools, reminds all parents that parental transfer requests must be made before the last of May. This request concerns parents of students who live outside the Bovina School District but attend the Bovina Schools. It is also imperative that students in this district, but going to Farwell or Friona Schools, have the transfer.

Without the transfer, which has been taken before the county judge by the parents, youngsters must attend their own school. It's a simple operation, Morton reports, and urges all parents to get it completed.

### Seniors Honored At Breakfast

Members of the senior class of Bovina High School were honored with a breakfast Tuesday. Members of the Woman's Society of Christian Service and the Wesleyan Service Guild of the Methodist Church were hosts and the affair was in the fellowship hall of Methodist Church.

A Japanese motif was carried out in the decorations with lanterns hanging from the ceiling, arrangements of rosebuds in other lanterns and Japanese figurines and placecards and miniature umbrellas.

Served buffet style, the menu consisted of bacon, scrambled eggs, hot biscuits, hot chocolate, and coffee. The invocation was given by Rev. W. R. Beard; Mrs. Warren Morton, WSCS president, gave the welcome and Sandra Martin, president of the senior class, gave the response.

During the meal, Don Caldwell and Jerry Rigdon entertained with piano solos. Mrs. Bedford Caldwell and Mrs. Hilton Terry sang "Graduation Song," accompanied on the piano by Mrs. Margaret Cald-

### Widows Club Has Program On The Holidays

"Holidays and Holy Days" was the theme of the regular monthly meeting of the Bovina Widows Club when it met Thursday afternoon in the home of Mrs. Pearl Osborne. A covered dish luncheon was served at noon, after which a list of holidays observed in the United States was made by the members.

Among the holidays mentioned were New Year's Day, St. Patrick's Day, Easter, Mother's Day, Memorial Day, Shut-In Day, Columbus Day, Labor Day, Thanksgiving and Christmas. Also listed were Yom Kippur, the Jewish New Year, and Hanukkah, which is a time of dedication in the memory of the seven sons of Hanukkah. The sons, according to the Jewish faith, were put to death rather than bow down before the altars erected to Zeus, the father of all Greek gods.

Those attending were Mrs. Minnie McCutchan, Mrs. Ola Free, Mrs. J. R. Glover, Mrs. J. Sam Gaines, Mrs. Betty Adams, Mrs. Ida E. McSpadden, Mrs. Maidee Brown, Mrs. Bessie Caldwell, Miss Loula Smith, Mrs. Margaret Caldwell, Miss Ellen Remmsider, and Mrs. Pearl Hastings.

The next meeting will be in the home of Mrs. Lillian Wheeler, on the third Thursday of June.

### WCS Installs Officers Tuesday

Mrs. Warren Morton was installed as president of the Woman's Society of Christian Service of the Methodist Church Tuesday afternoon. The installation followed a covered dish luncheon and program in the fellowship hall.

Mrs. L. H. Pesch was in charge of the program, "March of Mission Dollars." She was assisted by Mrs. Jimmie Ware, Mrs. Morton, Mrs. George Turner, Mrs. Earl Richards and Mrs. S. E. Redden.

A business meeting, presided over by Mrs. Morton, was devoted to reports of committee chairmen. Mrs. Redden, secretary of children's work, reported on plans which have been made for the vacation Bible school to be in June. Mrs. Jimmie Ware, secretary of youth work, reported on plans for a breakfast for members of the 1958 senior class.

The breakfast was Tuesday morning in fellowship hall of the church. Mrs. L. H. Pesch, vice-president and program chairman, expressed her ap-

preciation for the cooperation which members gave in the studies of the group during the past year. A treasurer's report was given by Mrs. Richards.

Mrs. Jimmie Ware, chairman of the nominating committee, read the recommendations of the committee and they were accepted by acclamation. Those elected were Mrs. Morton, president; Mrs. John Dixon, vice-president; Mrs. Earl Richards, treasurer; Mrs. Rouel Barron, secretary of promotion; Mrs. Jimmie Charles, secretary of missionary education; Mrs. Jimmie Clements, secretary of literature and publications; and Mrs. O. H. Jones, secretary of status of women.

Others elected were Mrs. G. A. Bandy, secretary of supply work; Mrs. Leon Ware, secretary of Christian social relations; Mrs. C. F. Hastings, secretary of student work; Mrs. Jimmie Ware, secretary of youth work; and Mrs. S. E. Redden, secretary of children's work.

As an outgrowth of the recent study, "The Gospel, According to St. Mark," Mrs. W. R. Beard suggested that the WSCS purchase a pulpit Bible to be used in the church. The suggestion was accepted and Mrs. Vernon Estes and Mrs. Turner were named as a committee to purchase the Bible.

The Wall Street Journal observes that if men behaved after marriage as they do during their engagements, there wouldn't be half as many divorces. But there would be twice as many bankruptcies.

## '58 Weather Gives Assist To Crops

It's an impossible chore for anybody's weather, but perhaps the elements in Parmer County this spring came as near to pleasing both cotton and wheat farmers as it would be feasible to do.

Except for spotted hail, the weather hasn't been bad—that's a farmer's way of saying it's been good—for either. Rains last fall, during the winter, and this spring have been wonderful for wheat and it's generally considered wheat crop prospects are the best in many years—maybe since 1949.

Too, dryland wheat is getting an assist from the weather of years previous to this one. Drought in recent years left many dryland fields all but barren and caused little, if any,

decrease in the soil's fertility. The fact that there has been no strain on the soil recently, coupled with the ample moisture this growing season, makes the dryland wheat picture look good at this point.

Though wheat farmers could stand more rain now, damp, foggy days could do them more harm than good. Too much dampness would aid that age-old enemy of wheat, rust. However, if the rain could come, followed by sunshine, it would fit favorably into the wheatman's operation.

Warm weather cooperated to the point that it allowed farmers to get their cotton in the ground at an "early enough" date. Also, it was favorable

when it came time for the young plants to rise to a stand. Rains did cause soils to crust over after cotton seed was in the ground, but, in most cases, this wasn't so serious that the plants couldn't be "scratched up."

From an overall standpoint, the county hasn't been hurt by hail. It was, as always, damaging where it hit—east of Lariat and southeast of Friona. But even in those areas, it was scattered.

Remembering last fall's moisture and early freeze, Parmer Countians aren't taking this spring's suitable weather for granted.

### COOK

### BETTER...Electrically

MRS. TED MAGNESS, Farwell, is shown here with Mem Sprowls, Farwell Electric owner, and her new Frigidaire electric range. "I especially like my new range because it concentrates the heat in a small area," she explains, "when I'm cooking on it, the entire kitchen doesn't get too warm. I certainly like it."

MODERN ELECTRIC COOKING is enjoyed by Mrs. Paul Jones of Bovina, who purchased her Estate range from Mrs. Troy Armstrong (l), manager of Gaines Hardware Company of Bovina.

Mrs. J. T. GEE, mother of two children, and wife of the agricultural teacher in Friona High School, is a booster of electric ranges. She purchased her Frigidaire electric range from Reeve Chevrolet Co. in Friona.

MRS. HARRY RATLIFF, home economics teacher in Friona Independent Schools, is full of praises for her General Electric range which she purchased from Claborn-Ferrell Furniture in Friona. "I just wouldn't swap it for another type of range," she says.

Mrs. Stacy Queen and family

**CARD OF THANKS**  
We wish to express our appreciation to our many friends for the cards, visits, flowers, and other neighborly acts when I was in the hospital recently. It is impossible to adequately express my heartfelt appreciation, but I want you to know your acts of kindness did make my heart glad.  
Bill Bradshaw

**FHA Installation**—shown by the group included simple blouses and gathered skirts. Those who modeled were Della Brady, Rosa Diaz, Leslie Fourmentin, Martha Drager, Elizabeth Edwards, Sandra Lamb, Shirley Mayhew and Judy Roach;  
And, Patsy Hart, Charlotte Hromas, Patsy Richards, Le-verne Riley, Brenda Jones, Penny Lloyd, Cynthia Patterson and Joyce Stowers.

Group singing followed, with the audience pantomiming one song. Second year students modeled their dresses, several of which featured two piece styles.

Those modeling were Celia Berry, Carolyn Crump, Myrna Downs, Sue Estes, Carole Hammonds, Jan O'Hair, Joy Redden, Margie Slovak, Harriette Lou Charles, Jackie Davies, Virginia Embree, Verna Marie Estes, Charlotte Morris, Barbara Rea, Lexie Stevenson and Jo Carol Wiley.

Cynthia Patterson gave two readings, and Verna Marie Estes gave the emblem service.

In this service, Miss Estes built the emblem of the organization, explaining the meaning of each symbol of the emblem. The service was a requirement for her to receive the junior degree in FHA work.

A trio, composed of Joan Kay Ezell, Nita Beth Estes and Kay Hartzog, sang the FHA song, "Around the World with FHA," which was written by a member of the organization. Verna Marie accompanied at the piano.

Mrs. Geraldine Whelan, home-making teacher in Bovina High School and sponsor of the local

chapter, presented the degrees to several girls. Nine girls received their junior degrees, which were earned through their participation in chapter activities. They were Jackie Davies, Verna Marie Estes, Patsy Richards, Lexie Stevenson, Penny Lloyd, Patsy Hart, Barbara Rea, Judy Roach and Cynthia Patterson.

Carolyn Crump received her chapter degree, which is awarded after the applicant has received her junior degree and has accomplished further requirements.

Miss Lexie Stevenson, who was president last year and was recently reelected to the post, honored chapter mothers for their effort and cooperation. Past chapter mothers were Mrs. E. C. Berry and Mrs. Mary Ruth Martin.

Chapter mothers for the coming year, Mrs. James Roach, Mrs. Earl Richards and Mrs. S. E. Redden, were also recognized and honored. Also receiving a gift from the chapter was John Lynn Riddle, who is Prince Charming of the chapter.

Virginia Embree was installation officer for the candlelight installation service. The installation table was overlaid with white lace and an arrangement of red roses, the FHA flower, was flanked by two white tapers. During the ceremony each officer held a rose and spoke of the duties of her office.

Miss Stevenson was installed as president; Nickie Woelfel, vice-president; Avis Williams, secretary; Nancy Cumpton, treasurer; Patsy Richards, historian; Martha Drager, parliamentarian; Janice Richards, reporter; Verna Marie Estes, pianist; and Kay Hartzog, song leader.

The program closed with the members singing the National FHA Song.  
Afterwards a reception and open house was in the home-

making cottage. Displays of the girls' sewing, handwork, and food preparation were on exhibit. On four tables were displayed summer work, home experiences, class experiences and FHA activities.

The girls served punch and cake to the guests. About 50 parents and friends attended.

## IN AREA HOSPITALS

Maurene Hammonds, ten-year-old daughter of Mr. and Mrs. Otho Hammonds, was admitted to Parmer County Community Hospital in Friona Monday morning. She is there, her maternal grandmother, Mrs. O. W. Rhinehart, reports, for observation and treatment of an infection.

Admitted to Clovis Memorial Hospital last week was Les Calhoun, son of Mrs. S. A. Calhoun. Released Thursday, he was readmitted the next day with pneumonia, friends report.

Also in Clovis hospital last week was Margaret Ann Minter, two-year-old daughter of Mr. and Mrs. Henry Minter. She was admitted Friday evening with convulsions due to tonsillitis. Her mother reported Monday evening that the little girl was released Sunday afternoon and is improving rapidly.

Mrs. Amos Shockley entered Clovis Memorial Hospital last Wednesday with an infection of the blood. Reported to be improving, Mrs. Shockley expects to be released the latter part of this week.

week in the home of their daughter and family, Mr. and Mrs. Aubrey Rhodes and son, Timmie.

Mrs. Margaret Caldwell and daughter, Miss Rita Caldwell, left this morning, (Wednesday) for a vacation and visit. They will spend about a week with Mrs. Caldwell's sister, Miss Lucille Aikers in Uvalde.

## Visit Here

Mr. and Mrs. J. A. Wigham of Duncan, Okla., visited last

## Visits Here

# COTTON DOES ITS SHARE IN BOVINA!

## Lawlis and Ely Gin Bovina

Even though acreage allotments and export controls are not exactly the best at present, cotton still does its share of boosting the economy of our community and our nation. It is an important part of our everyday living that no other product can replace!

Depend on Cotton for Quality  
Depend on Us for Ginning Service for Cotton.

Chapel Choir

Music Director, Mrs. Betty Hawkins

## Let's Get Acquainted
