The Producer's Part,

The high cost of living for city people could be traced to the high cost of transportation, the high cost of handling and the high cost of speculation with liberal dealers' profits. There is a high cost of production, but farmers do not collect much of it. By the time the others are paid the cost is so high there is little left for farmers' profits.

Farmers are as a rule fair and just. They want the dealers who handle their products to make profit; they wish to see the transportation companies, when they give reasonable service, receive ample compensation; they want laborers in cities and towns paid a living wage with time for education and recreation. But farmers also expect reasonable compensation for themselves. They are entitled to it.

In the readjustment that must be made, products from our farms must pay the producer as well as others who handle them. There is one way to secure fair prices, that is to raise only the products that pay.—Farm & Ranch.

The Fredericksburg Standard reports that the Highway Commission has increased the Governmental aid for building a highway from the Mason County line at Cherry Springs to the Kendall County line at Bankersmith to \$132,500. Also that the highway from Austin via Johnson City and Fredericksburg has been designated and will soon be given Government aid. Our neighbor to the North is to be congratulated.

Sheriff Moore went to San Antonio yesterday to convey Mr. Bender

to the Southwestern Insane Asylum. Mr. Bender was adjudged insane several months ago, but had to be kept here in the county jail or under surveillance until there was room in a State institution. When, Oh when, will our State ever provide adequately for these poor unfortunates?

The Advance editor had letters from three of our soldier boys in France last week, but there was nothing of special interest in them only that the boys were well and hoping soon to come home. They were from Robert Callahan, Clement Mayfield and Harvey Stone.

Dr. Thompson has under construction several more individual cottages for his patients at the Sanatorium. If he continues to build he will soon have the big hill completely covered but he is determined, if possible, to supply room for the many patients that are coming to him.

The body of Mrs. Amaga Lee, who died in El Paso, was brought here Tuesday and was buried at Morris Ranch yesterday. Deceased formerly resided at Morris Ranch and had many friends throughout this section.

J. D. Bowden was elected Secretary of the Board to fill the vacancy made by Mr. Palmer's resignation.

The resignation of Miss Cavitt, teacher of the second grade, was accepted. It was on account of ill health resulting from a very severe attack of influenza, and it was with much regret that the board accepted her resignation.

Methodist Church Notes

The lecture given by Rev. Schlei'er last Sunday evening in the Methodist church was well attended and much enjoyed by all who came. He gave a graphic picture of the opportunities for Mission work in Europe. Coming from that country, and knowing it by personal experience, he was able to give us personal knowledge of the conditions and customs. The lecture was filled with sparkling sentences and good nuggets of thought. He says that America has already sent two Missionary forces "over there." The first was two million men with guns to make a military "clean-up." The second was the great Peace delegation. Now there is imperative need for the third, consisting of men and women armed with Bible, and equipped with Christian literature, to go in the name of Christ and build upon the chaotic debris a foundation of Christian citizenship. This is the churches' duty and privilege.

He also made us see that we have a wonderful mission opportunity at Home, for where we have one that is Christian, we have three that are not Christians.

We feel greatly indebted to Rev. Schlei'er for this address and hope to have him with us again. His people ought to deeply appreciate having a man with such altruistic visions and broad outlook upon the field of service, as well as the moral courage he has shown as their pastor. Our sympathy and prayers are with him and his work. May the Lord use him abundantly in His service!

We call attention again to the Boy Scout Service next Sunday evening at seven thirty. All the Scouts are urged to be there in a body. Also notice the change in the hour for the Senior League. It meets now at six thirty, instead of at seven. Do not forget the charge.

Wednesday night, the 12th, the Layman's Club will have a meeting in the church at seven thirty. An interesting program is provided, and all the laymen and lay women of the church are urged to attend. That means EVERY CHURCH MEMBER.

We have this one word to say to the strangers moving into our city. It seems to be the habit of a great many people that come here to go into a house somewhere and never let folks know who they are nor anything about them. Then they wonder why all the preachers of the town, and all the members of their congregations, have not been to see them. I have found a few families recently that had their noses up a little because they had been here some time and had not been called upon by the preacher. The preacher did not know there was such a family in the world, much less in Kerrville, so how could he be expected to find you the day you get here? The thing the church members ought to do when they get to Kerrville is to call up their preacher and let him know about them so he can come to see you. Don't wait for him to hunt and hunt for you, and finally come across you as if by chance. It is your place to come to your own church and let the church know where you stand. Do not stick off somewhere and expect them all to hunt you. If they don't find you it is not their fault, but yours.
Roy T. Houts, Pastor.

It Wasn't a Goose

That laid the golden eggs. It was a hen—a hen that kept on laying even when eggs were a dollar a dozen, as they have been this past winter. And

The COUNTRY GENTLEMAN

knows how she did it. What's more, it tells. It tells about "The New Way to Get Eggs"—from the back-yard flock as well as on the big poultry ranch. It tells about "Longer Days for Laying Hens"—by electric lighting the henhouse. It tells about "Beginning with the Incubator" and about "The Baby Chick's First Six Weeks."

These are only a few of the poultry articles THE COUNTRY GENTLEMAN will have this spring—all full of practical, money-saving suggestions that you can profit by. And there's "The Poultry Calendar" in addition, appearing weekly and packed with poultry advice adapted to every season.

Besides poultry, a year's subscription to THE COUNTRY GENTLEMAN—52 big issues—contains more than 500 articles on progressive farming from every other angle. For only \$1, I'll see that it comes to you every week. It will save you \$100.00 during the year ahead. Can you afford to be without it?

Catholic Church Notes
(By Father Kemper)
Next Sunday our customary program will be followed, namely services at the Guadalupe church 8 a. m., at St. Mary's 10:15 a. m. and public Bible class at 2:30 p. m.
The students of Notre Dame Institute and Our Lady of Guadalupe School were glad to resume their work after the absence of three weeks. Every opportunity will be given to the pupils to derive the most benefit out of the remainder of the season but whether a full year's work can be accomplished before summer, cannot be told until the end of May when plans can be more easily formulated. All that can be stated with certainty at present is that however much the Notre Dame faculty sympathizes with the students, the Sisters will not and can not lower their high standard of requirements. Last year some of the Sisters remained here during the vacation to coach pupils in their deficient work, but no arrangement for the present summer has assumed definite shape.
