THE LATEST EXAMPLE of a cross-country traveler this past week, a mule-drawn covered wagon, set us to thinking about all of the various people we have interviewed and photographed during the past three decades, who were making trips through the county, usually down Highway 60, on various crusades.

One of the most memorable characters we've met was Bob Wieland, who in June of 1984 was in the middle of a coast-to-coast trip from Los Angeles to Washington, D.C.

Wieland was a 36-year-old Vietnam veteran, who lost both legs in the conflict. Wieland completed his "Walk for Hunger," having secured sponsors who paid him so much per mile. He travelled over 2,400 miles, pulling himself along by his muscled arms and hands. Scooter Russell interviewed Wieland, and he was photographed both at Bovina and Friona.

Perhaps the most poignant of the travellers, at least to Ye Editor, was the Tom DeMarco family, who passed through Friona and Bovina in November of 1989, with his wife and five small children. Their mode of transportation was also a bit off-beat: a covered wagon pulled by a balky 30s-model Allis-Chalmers tractor, that had its share of break-downs.

The DeMarkos pulled into Friona on Thanksgiving weekend, and the First Baptist Church's benevolent committee fixed a Thanksgiving dinner for the family. Carol and I helped organize this, and we got to have dinner with this young family, looking for a new life in a most unusual manner.

In 1984, Jennifer Roy was a visitor. She had started on the West Coast, east-bound in her covered wagon pulled by a donkey.

Bob Wieland wasn't the only crippled person we've interviewed and photographed that was making a cross-country trip in spite of their physical defect. In mid-May of 1970, David Ryder came down Highway 60. The 22-year-old English citizen was left a cripple by polio. He was making his coast-to-coast trip on crutches, to increase the awareness for the physically disabled, and to show that handicapped persons aren't necessarily helpless.

In March of 1989, young Bill Duff, a Texas native and a paraplegic due to an auto accident, wheeled through Parmer County in a wheelchair. "Wheels Across America" was Duff's program. He was out to demonstrate that although many doors are closed to disabled people, many others remain open. While in Friona, he was given a room at the Holiday House Motel by Doris and Edward White.

We have interviewed and photographed two different cross-country projects who were on horseback, and they were 31 years apart!

In August of 1962, a pair of German brothers, Peter and Wolfgang Stoerchle, were in the midst of a 2400-mile horseback jaunt, that started in Toronto, Canada. They had been living in Canada a couple of years, working and saving money so they could see the U.S.A.-on horseback. Pete Mace, who was working as advertising manager of the Friona Star, and his wife Barbara, took the young men in for a couple of meals and furnished their beds.

This past June, Bob Tierney rode through Bovina and Friona on his horse and pulling a couple of pack mules. Tierney also had a physical defect, having lost his leg in an accident. He was raising money to start a youth ranch for crippled children in Tennessee. He was travelling from San Diego to Lawrenceburg, Tennessee, and had a travelling companion as far as Clovis, N.M.

Another 1962 traveller was Nate Aller of New York, a cross-country biker, who was getting riding experience in hopes of making an

Firemen Set Annual MDA Fund Drive

Bovina fire fighters will be hitting the streets soon, with boots in hand, to help fight Muscular Dystrophy. They will be located at various intersections in town to "fill their boots" for the Muscular Dystrophy Association by accepting donations from area motorists.

The money that is collected is used by MDA to fund research as well as pay medical expenses and purchase equipment for people with neuromuscular diseases.

The "Fill the Boot" drive is a nationwide campaign which is done on or before the Labor Day weekend as a kick-off to the Jerry Lewis Labor Day Telethon. Last year, Panhandle area fire fighters raised over \$23,000 for MDA. This year, they're hoping to top that figure so when you see a fire fighter, please remember to be generous for "Jerry's Kids."

Fund Will Assist In Project

The first week in October is "Fire Prevention Week" and members of the Fire Department have a special account set up at the First Bank in Bovina.

Citizens can donate to this account which will go toward education for the youngsters, pre-kindergarten through fifth grade. This will help pay for the materials used and also prizes and plaques for those children who enter contests.

This is a very worthwhile project for the volunteer firemen and your help with donations will be appreciated.

Ag Education Meeting Set Monday

There will be a meeting for "Friends and Families of Ag Education" on Monday, August 30 at 7 p.m. at Bovina High School's ag building.

All parents and residents of the community are invited to attend.

Car-Truck Mishap Claims Two Lives

A four-month-old baby and a Clovis man were killed Sunday afternoon after a truck-car accident in Parmer County.

The accident occurred at 2:12 p.m. Sunday at the intersection of U.S. Highway 60, Texas Highway 86 and Farm-to-Market Road 1381 about eight-tenths of a mile west of Bovina on Highway 60, the Department of Public Safety reported.

A Kenworth truck pulling a livestock trailer was eastbound on Highway 60. A 1978 Datsun was stopped at the intersection facing northbound on Texas Highway 86.

The Datsun, driven by James Matthew Gray of Clovis, pulled out from the intersection and was attempting a left turn in front of the truck when the vehicles collided. The accident cut the car in half, the DPS said.

The truck continued eastbound and crossed the westbound lane and rolled over 1 1/2 times.

DPS officer Trey Ellis stated that Gray was pronounced dead at the scene by Judge Vi Hutto, Bovina precinct judge. Lawrence O. Duff, 34, of Clovis was listed in critical condition with multiple fractures, abrasions and internal injuries in intensive care at Northwest Texas Hospital in Amarillo. Duff was a passenger in the car, driven by Gray.

Four-month-old Carolyn Cecelle Davis was pronounced dead at the scene by Dr. Robert Alexander of Friona. She was a passenger in the truck, driven by Michael Don Jenkins, 24, of Hereford. Another truck passenger, Sherry Dawn Davis, 19, of Hereford was in fair condition with lacerations at Parmer County Community Hospital.

Jenkins was treated and released with cuts and bruises at Parmer County Community Hospital in Friona.

None of the passengers or drivers were wearing seatbelts, Ellis added. Everyone in the accident was initially taken to Parmer County Hospital, and car passenger Lawrence Duff was airlifted to Amarillo.

Emergency workers from Bovina, Friona, Farwell, Texico, and Hereford were on the scene. Two emergency helicopters were flown in as well: one to the scene and one to Parmer County Hospital in Friona.

Ellis made a special point that the accident site was flooded by curious onlookers. "They hinder rescue efforts," he added. "Charges can and will be filed against gawkers in the future," he noted.

Highway 60 was closed from the intersection of the accident to the intersection of Highway 60 and Farm-To-Market Road 1731. The road was closed for approximately five hours.

RON & ALAYNE BRADSHAW

JUNIOR HIGH PREPARATIONS....Newly appointed junior high principal, Brenda Wilson, (right), discusses in-service activities with her new junior high reading teacher, Peggie Arnold.

NEW HICKORY STICK TUNER.... Congratulations go to Darla Sealey who was promoted to become Bovina's new Elementary School principal. Darla recently received her master's degree from ENMU.

Bradshaws Are Teachers Of Week

This week, we are featuring the husband and wife teaching team of Ron and Alayne Bradshaw. This is their first year to teach in the Bovina School system and they have made their home in Bovina.

The couple was married in December of 1986 and they have a four-month-old son, Tanner Dylan. Tanner stays with Susan Kerby during the day and daddy keeps him while mother coaches the girls basketball team.

Bradshaw graduated from Memphis High School in 1970 and graduated from Howard Payne in Brownwood in 1975. Ron then taught at Motley County High School four years. While there, he taught math and coached.

He then moved on to O'Donnell, where he taught nine years. While there, he met his

wife, and taught math and coached. He then moved to Midland, where he taught math and coached at Midland Greenwood High School. He taught there four years and then moved to Bovina in August, where he is teaching math and coaching.

Alayne graduated from Springlake-Earth High School in 1978 and then attended Clarendon Junior College. She went on to West Texas State University where she graduated in 1983. Her first teaching position was at Lockney, where she taught junior high science and coached.

She stayed there two years and then moved to O'Donnell, where she coached, and taught health and science. She stayed at O'Donnell three years and then moved with her husband to Midland. She taught biology, coached and taught elementary physical education at Midland Greenwood.

After staying there four years, she then moved to Bovina. Alayne is the head girls basketball coach and teaches Biology II and seventh grade science.

The couple stated that they are glad to be a part of the Bovina community and hope to be an asset to our community.

Melons Are Delightful Summertime Snack

By CARLA McKEOWN
Nothing cools off a hot summer afternoon quicker than biting into a thick slice of watermelon and having the juice run down your chin.

I would say I have those memories from my childhood, but I'm afraid I'm remembering a time much closer to the present. I still enjoy sloppily gnawing on a big chunk of watermelon until I'm practically covered in watermelon juice.

I've never outgrown my love of watermelon; I acquired that taste from my mother. The two of us sit at the table scraping the last bits of red flesh from the watermelon rind long after the others have had their fill.

If, by some chance, some of the watermelon is not eaten immediately, I usually store it in a covered bowl in the refrigerator and eat it the next morning for breakfast.

Although watermelon is by far my favorite melon, I enjoy cantaloupe and honeydew melons, too. And, although I appreciate the unadorned sweetness of the melons, I also enjoy using them in creative dishes. Melons can be used in salads, soups and cold drinks.

When you've had your fill of melon straight from the fields this summer, try the following recipes for a change of pace:

CANTALOUPE SOUP

1 medium cantaloupe, halved and seeded
3 cups orange juice
1/2 teaspoon lime juice

Scoop the pulp from the cantaloupe. Place the pulp, the orange juice and the lime juice in the container of a blender; process until smooth. Chill until serving. Makes 4-1/3 cups.

MINTY WATERMELON SALAD

1-6 pound watermelon
3/4 cup sliced mild white onion
1/2 cup minced fresh mint leaves
Spicy dressing (recipe follows)
Salt, to taste

Slice the watermelon into 1-inch thick rounds; cut the rind from the flesh, and discard the rind. Cut the flesh into 1-inch cubes and remove the visible seeds. Place the cubes into a large bowl (you should have about 3 quarts of watermelon cubes). Add the sliced onion and minced mint. Cover and chill up to four hours. Pour the Spicy Dressing over the watermelon mixture and mix gently. Add salt to taste. Makes 8 servings.

SPICY DRESSING

3 tablespoons cider vinegar
1 teaspoon chili powder
6 tablespoons vegetable oil

Whisk together the ingredients and cover refrigerated for up to 3 days.

TROPICAL FRUIT SALAD

3 large mangoes, peeled, cored and cubed
3 large papayas, peeled, seeded and cubed
2-1/2 cups honeydew balls
2-1/2 cups watermelon balls
1 fresh pineapple, peeled, cored and cubed
6 bananas, sliced
1/2 cup honey

1/2 to 3/4 kirsch or other cherry-flavored brandy or pineapple juice
1/2 cup grated fresh coconut
Fresh mint sprigs

Combine the fruit and honey, tossing gently. Cover and chill for at least 2 hours. Stir in kirsch or juice and coconut before serving. Garnish with fresh mint. Makes 15 to 18 servings.

WATERMELON SPARKLE

1/2 cup sugar
1/3 cup light rum
3 tablespoons lime juice
6 cups cubed watermelon

Combine the sugar, rum and lime juice; stir well. Pour the mixture over the melon cubes. Cover and chill for 2 to 3 hours. Makes 6 servings.

MELON THIRST QUENCHER

2-2/3 cups cantaloupe or watermelon, peeled, seeded and coarsely chopped
3 to 4 tablespoons sugar
2 to 3 tablespoons lime juice
2 cups water

In a blender, puree the fruit pulp and juice with sugar and lime juice; adjust sugar and lime juice to taste. Add melon mixture to water, then rub through a fine strainer into a large jar or pitcher; discard pulp. Cover and chill up to 1 week. Garnish with chunks of matching fruit just before serving. Serve over ice cubes in tall glasses.

Honeydew Thirst Quencher: Follow the above directions using 3 cups of seeded, peeled and coarsely chopped honeydew melon, 2 to 3 tablespoons sugar, 3 tablespoons lime juice and 2 cups water.

USDA To Help In Providing Housing For The Homeless

Rural residents who are homeless or inadequately-housed families may now have a chance to become homeowners under a plan being adopted by the Farmers Home Administration (FmHA), Thomas Taylor, FmHA County Supervisor, said this week.

Under the plan, special emphasis will be given to homes that have been in FmHA's inventory at least 18 months. Inventory homes will be offered to public bodies, including housing authorities and non-profit community-based organizations, for rent to the homeless, or in some cases, FmHA will rent directly to the individuals, Taylor said. In addition, homes which were recently acquired by FmHA into inventory but have not yet been repaired will also be offered for lease to the homeless.

The families who obtain the housing from the public bodies or non-profit organizations may apply to buy the house at any time during the lease. Those who rent directly from FmHA will pay rent based on their income and will be given the opportunity to buy the house they rent. Taylor said that many homeless people work, have incomes and have the potential to become homeowners.

"By helping people find a decent place to live, we also help eliminate the cost to taxpayers of maintaining vacant houses," Taylor said. FmHA officials in Texas are

seeking organizations which are interested in providing housing to the homeless and to inadequately-housed families.

"Information concerning housing for the homeless may be obtained from the Farmers Home Administration (FmHA) office located at 109 3rd, Farwell, Texas, 806-481-3349," FmHA county supervisor said. The FmHA office in Farwell is open from 8 a.m. to 5 p.m., Monday through Friday.

 Olympic team. We never did learn if he achieved his goal or not. We've had several other bikers come through on Highway 60. One was given a room in Parmer County Community Hospital, but we failed to locate the write-up to find his name and "cause."

Some of the cross-country visitors have had national press, such as in June of 1984 when the Olympic torch passed through Parmer County. The torch missed Friona and Bovina, as the runners went from Lubbock to Clovis via Highway 84. But it touched Lariat and Farwell, and they made the pages of the Friona Star and Bovina Blade.

That same month, a Belgian native, Fernand Tonneau, ran through on Highway 60, going coast to coast and expecting to be in Los Angeles in time for the '84 Olympics.

1993 Property Tax Rates In Parmer County Hospital District

This notice concerns 1993 property tax rates for Parmer County Hospital District. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$ 355,109.00
Last year's debt taxes	\$ 53,606.00
Last year's total taxes	\$ 408,715.00
Last year's tax base	\$240,675,015
Last year's total tax rate	\$.1700 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$408,689.44
: This year's adjusted tax base (after subtracting value of new property)	\$243,410,798
= This year's effective tax rate	\$.1679 /\$100

In the first year a hospital district or city collects the additional sales tax to reduce property taxes, it must insert the following lines unless its first adjustment was made last year

- Sales tax adjustment rate	\$ -0-	/\$100
= Effective tax rate	\$.1679	/\$100

x 1.03-maximum rate unless unit publishes notices and holds hearing	\$.1729	/\$100
---	----------	--------

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for transferred function)	\$ 357,483.06
: This year's adjusted tax base	\$243,410,798
= This year's effective operating rate	\$.1469 /\$100
x 1.08=this year's maximum operating rate	\$.1587 /\$100
: This year's debt rate	\$.0355 /\$100
= This year's rollback rate	\$.1942 /\$100

A hospital district or city that collects the additional sales tax to reduce property taxes, including one that collects the tax for the first time this year, must insert the following lines:

- Sales tax adjustment rate	\$ -0-	/\$100
= Rollback tax rate	\$.1942	/\$100

Schedule A Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
	-0-

Schedule B 1993 Debt Service

The unit plans to pay the following amounts for long-term debts there are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

"Exports" Are Topic Of Lubbock Meeting

"Exporting plays a major role in promoting economic growth in our state. The State Comptroller's Office recognizes the need to support and promote export activity. That's why our office, in conjunction with Southwestern Public Service Company, the Northwest Texas Small Business Development Center, the Panhandle Regional Planning Commission, and the South Plains Association of Governments, will conduct a seminar on export assistance for business in the Lubbock area," State Comptroller John Sharp announced today.

"Small business exporting can be a profitable and lucrative opportunity if potential exporters know how to get their share of the export market," Sharp said.

The seminar will be held from 9:30 a.m. to 3 p.m. on Tuesday, September 14, in the Arlington Room of the Lubbock Plaza Hotel, located at 3201 S. Loop 289.

"Texas is in a unique position to take full advantage of the Free Trade Agreement. This seminar will emphasize ways small businesses can take advantage of exporting goods to other countries," Sharp said.

"Some of the businesses of the South Plains, and the Texas Panhandle don't receive their fair share of the export business, and we simply want to provide them the tools for exporting," said Mary Blinderman, of the Southwestern Public Service Company.

In addition to Sharp, scheduled speakers include Delbert Henry of the I.C.E. Company, Inc.; Thierry Meyrat, director of the World Trade Center; Ed Sosa, export finance coordinator of the Texas Department of Finance; and Pat Helton of Omni Export Management Group, Inc.

The seminar will include information on export opportunities, international banking, freight forwarding and costs of exporting. Also, the seminar will discuss all potential foreign markets, but a special emphasis will be placed on opportunities for Mexico.

Due to limited seating, registration is required. There is a nominal fee of \$15 to cover costs for lunch and seminar materials. For more information about the Lubbock seminar, please contact Mary Blinderman of the Southwestern Public Service Company at (806) 378-2378, or Larry Todd with the State Comptroller's Office in Amarillo at (806) 353-0263.

Ex-Resident Is Buried In Dimmitt

Funeral services for a former Bovina resident were conducted in Dimmitt on Thursday.

Eunice Thornton, 77, died Sunday, August 22, 1993.

Services were held Thursday in the First United Methodist Church with the Rev. Johnny Robertson, pastor, officiating. Burial was in Sunset Terrace Memorial Gardens at Farwell by Foskey Funeral Home of Dimmitt.

Mrs. Thornton was born in Bovina. She graduated from Farwell High School in 1932, attended what is now West Texas A&M University for a year and graduated from Texas Tech University.

She married William E. Thornton in 1944 at New York City. She moved to Dimmitt in 1963 and taught the fifth grade 19 years, retiring in 1982.

She had taught school in Bovina for five years.

She was a member of the First United Methodist Church of Dimmitt, the Wesleyan Circle of United Methodist Women, Delta Kappa Gamma, Retired Teachers Association and the Bovina Study Club.

Survivors include her husband; two daughters, Irene Helmcke of Clearfield, Utah and Susan Dunning of Austin; two brothers, John Austin Graham of Abilene and Howard Graham of Pampa; a sister, Katie Lee Ross of Morton; two grandchildren and a great-grandchild.

She was preceded in death by a brother, Benton Graham.

The family requests memorials be to a favorite charity.

Church Sets Crafts Project

Wesley United Methodist Church of Hereford will be hosting its 13th annual Festival of Arts and Crafts, December 4 from 9 a.m. to 5 p.m. at the Hereford Community Center.

Only a limited number of booths are available, with applications being screened. Booth fee is \$10. Applications may be obtained by writing to Ellen Collins, 801 Miles, Hereford, Texas, 79045 or calling (806) 364-0774.

VISIT CAPITOL....Rebecca Rushing of Friona and Don Metcalf of Hereford are pictured on the capitol steps in Washington, D.C. The duo were part of the "Youth in Action Tour" sponsored by Texas Electric Cooperatives, Inc. Their parents are Eric and Linda Rushing of Friona and Stan and Jan Metcalf of Hereford.

Couple Has Baby Boy

Marty and Michelle Gonzales of Friona are parents of a baby boy, Martin Alexander, born August 18 at 1:10 p.m. at Clovis High Plains Hospital.

The infant weighed seven pounds, four and one-half ounces and was nineteen inches long.

This is the couple's first child.

Grandparents are Larry and Janie Gonzales of Friona and Dean and Wendy Stanberry of Bovina. Great-grandparents are T.D. Stanberry and Manuel Hernandez, both of Bovina, and Tomas and Marcia Gonzales of Seymour.

Friona Girl Makes D.C. Youth Trip

Rebecca Rushing, daughter of Eric and Linda Rushing of Friona, and Don Metcalf, son of Stan and Jan Metcalf of Hereford, represented Deaf Smith Cooperative during the 1993 Government-in-Action Youth Tour to Washington, D.C., June 10-22.

The Youth Tour is sponsored by the electric cooperatives of Texas and is coordinated by Texas Electric Cooperatives, Inc.

President Lyndon Johnson promoted and encouraged the idea of the youth tour during the 1950s when, as a senator, he selected outstanding young people and offered them an opportunity to observe their national government at work.

While in Washington, the Texas teenagers visited with their congressmen and observed the legislative process in action.

Other highlights of the trip included visiting the many famous monuments, memorials and other attractions of Washington, D.C.

Among these attractions were the White House, Arlington Cemetery, the Smithsonian Institute, Ford's Theater, Mount Vernon, the National Archives, the Supreme Court and the Vietnam Memorial.

Special activities included Rural Youth Day, participating in the wreath-laying ceremony at the Tomb of the Unknown Soldiers in Arlington National Cemetery, viewing the sunset parade at the Iwo Jima Memorial, and attending the U.S. Army's production, "The Spirit of America."

Boys Ranch Rodeo Highlights Labor Day

The Texas Panhandle's most exciting Labor Day weekend event is still the annual Cal Farley's Boys Ranch Rodeo!

The proof of this claim is visible in the large number of spectators who return each year to cheer about 200 youngsters riding broncs, bulls and calves, competing for trophies and the titles of Jr. and Sr. All-Around-Cowboys. About 10,000 people attending the two-day rodeo, September 5 and 6, also applaud young cowgirls challenged in barrel racing and pole bending events. It is a rodeo for all the Ranch's youths, even the smallest cowpokes riding stickhorses.

From around the nation, the rodeo fans travel to Cal Farley's Boys Ranch, 36 miles northwest of Amarillo, for various reasons. Some have cared about helping the Ranch's youths for many years. Others look forward to wholesome family entertainment and excellent Ranch-cooked barbecue. Among the crowd are more than two dozen riding clubs from the tri-state area

that participate in the rodeo Grand Entry.

Also attending the Labor Day extravaganza will be members of the Boys Ranch Alumni Association who return for fellowship during their annual reunion. Former Ranch students, most leading productive lives with families of their own, share old memories while lending a hand to help children living at the Ranch today. Returning alumni are expected to travel from as far away as Germany this year.

Tickets for both performances of the rodeo are still available in Amarillo. Reserve bleacher seats are \$3.50, general admission \$2.50, and children 6 to twelve years old are admitted for \$1.00. Rodeo performances begin at 2:30 Sunday and Monday afternoons. Barbecue lunches prepared by the youths are available for \$3.50. Tickets and information may be obtained by calling (806) 372-2341 in Amarillo.

PRAIRIE ACRES recognizes its resident and employee of the month for the month of August. Resident of the month is Camille Lacewell. Camille is a newer member of the Prairie Acres family. Magazine Can Aid Planners

Families, school mates and military buddies across America eagerly anticipate summer and autumn reunions.

In 1992, 350,000 reunions averaging 50 people each were held throughout the U.S. Many organized families and military reunion groups number in the thousands. Reunions typically last from one to three days but many now enjoy a full week.

Reunion organizers have worked all year to make their 1993 reunion the most memorable their family, class or group can remember. Reunions are the culmination of months--sometimes years--of planning and preparation.

Reunions will be held in every corner of the country--in small towns, major metropolitan areas, on plantations and in rural cemeteries.

Reunions Magazine is for both beginner and veteran reunion organizers. Each issue delves into the latest information about planning all kinds of reunions, searching for and contacting people, finances and fund-raising, record keeping and what's new in reunion services and products.

Reunions Magazine is available by subscription only. Special reunion season subscription price is \$20 (reg. \$24). Sample copies are available to reunion organizers who must include a note about the kind of reunion they're organizing and \$2 for shipping and handling. Send to Reunions Magazine, P.O. Box 11727, Milwaukee, Wisconsin, 53211-0727.

THE CAVE OF ADULLAM---DAVID'S HIDEAWAY IN THE WILDERNESS!... THE TOWN OF ADULLAM, IN THE TERRITORY OF JUDAH, WAS IN EXISTENCE A LONG TIME. IT WAS INHABITED BY CANAANITES AS EARLY AS THE TIME OF JACOB (GEN. 38:1,2). A PETTY KING RULED AT THE TIME OF JOSHUA'S CONQUEST. IT WAS ALSO FORTIFIED BY KING REHOBOAM (I CHRON. 11:7) AND CONTINUED TO FLOURISH IN THE TIME OF MICAH THE PROPHET. ITS CLAIM TO FAME WAS ITS SECLUDED HIDEOUT FOR DAVID WHEN HE NEEDED A HEADQUARTERS THAT WOULD BE SAFE FROM KING SAUL. IN FACT, IT WAS HERE THAT DAVID WAS JOINED BY MOST OF HIS FOLLOWERS, INCLUDING HIS FATHER AND HIS BROTHERS.

Chile Peppers Can Be Cooked Several Ways

By CARLA McKEOWN

One of my greatest weaknesses is spicy food. I don't necessarily like it so hot that it burns off my taste buds, but I do like a little bite to what I eat.

When we try a new restaurant—especially Mexican or Oriental—I tend to start with a not-so-spicy dish just to test the waters. On the second or third visit, I'll move up the scale and try something from the hot and spicy menu.

At home, we grow our own cayenne peppers, jalapeno and green chiles. And, I add peppers to everything! If a dish isn't spicy enough for my tastes, I just add a sprinkling of ground cayenne peppers.

The most common peppers in this area are:

*Jalapeno, a hot thick-fleshed pepper about 2 inches long with a smooth dark green skin.

*Bell, a large, mild pepper with green, red or yellow skin.

*Anaheim, a long, mild green pepper often used in chiles rellenos.

*Serrano, a small green or red pepper that is hotter than the jalapeno.

*Fresno, a short green or red very hot pepper.

*Poblano, a mild, dark green triangular shaped pepper that is known as ancho chile when it is dried.

All of these peppers are delicious in their fresh state, but for a variety of flavor, try roasting the chiles. Roasting chile peppers gives them a sweetly smoky flavor and tames the fiery hotness.

Any kind of pepper can be roasted, but bell, Anaheim and poblano peppers are the most frequently roasted. Chiles can be roasted in the broiler, over a gas flame or on an open grill.

To roast chiles, place the whole peppers in the broiler, directly on the flame of a gas burner or on the barbecue grill. Allow the chiles to cook, turning frequently, until they are charred and blistered—about 20 to 30 minutes.

Remove the peppers from the heat and place them in a paper or plastic bag or wrap them in a dish towel or paper towel for about 15 to 30 minutes to steam them and help loosen the skins. Remove the skins when the chiles are cooled. Do not rinse the peppers in water or you will wash away the distinctive taste.

Roasted chile peppers may be used in salsas, soups, salads and any dish calling for peppers. The roasted chiles also can be stuffed with such fillings as guacamole, chicken or tuna salad, chunky fresh salsa, etc.

Try the following recipes calling for roasted chiles:

ROASTED PEPPER SOUP
2 tablespoons butter or margarine
1 medium-sized onion, chopped
2 garlic cloves, minced or pressed
4 medium red bell peppers, roasted and peeled, deveined and seeded and chopped

2 tablespoons all-purpose flour
2 cups chicken broth
3/4 cup heavy (whipping) cream
Salt and pepper, to taste
Fresh basil

In a medium-sized saucepan over medium-low heat, melt the

butter and saute the onion until transparent; add the garlic. Add the peppers and cook for 5 minutes. Stir in the flour and cook for about 2 minutes. Slowly, whisk in the chicken broth and bring the mixture to a boil. Reduce the heat and simmer slowly for 20 minutes. In a blender or food processor, puree the pepper mixture until smooth. Return the mixture to the saucepan. Whisk in the cream and cook until heated through; do not boil. Salt and pepper to taste.

SPICY BROILED CHEESE
1-1/2 pounds Cheddar and/or Monterey Jack cheese, grated or sliced thinly

3-4 garlic cloves, minced or pressed
4-6 Anaheim or poblano chiles, roasted, peeled, deveined and cut into strips

1-2 jalapenos, chopped
3 green onions, chopped
1 tomato, chopped

2 tablespoons chopped fresh cilantro
Condiments: chopped onions, chopped tomatoes, cilantro sprigs, red and/or green salsa, avocado wedges, etc.

In a 9-inch-by-12-inch serving baking dish, mix cheese, garlic, peppers and half of the chopped green onions. Cook the mixture, stirring occasionally, at 450 degrees until bubbly. Add the tomato and broil until golden brown. Sprinkle with the remaining onions and chopped cilantro. Garnish with condiments. Scoop the melted cheese into warmed tortillas or tostadito chips.

STUFFED CHILES
6 Anaheim chiles, roasted and peeled
3 ounces cream cheese
1/4 cup grated Cheddar cheese
1/4 cup grated Monterey Jack cheese

1 medium-sized red bell pepper, deveined, seeded and diced
Leaving the chiles intact, slit the Anaheim chiles and remove the veins and seeds. In a small bowl, combine the cream cheese, Cheddar cheese, Monterey Jack cheese and the bell pepper; mix well. Stuff the Anaheim chiles as full as possible. Place the stuffed chiles on foil and place over a grill or in a 375-degree oven for 10 minutes until the cheese is bubbly.

MEXICAN SALAD
2 Anaheim chiles, roasted, peeled, deveined, seeded and sliced lengthwise
2 boneless, skinless chicken breasts, cooked and cut into long strips

1 large, ripe avocado, peeled, pitted and thinly sliced lengthwise
1 medium tomato, sliced
1 medium red bell pepper, deveined, seeded and sliced lengthwise
Lettuce leaves
Zest of one lime
Juice of one lime
2 tablespoons chopped fresh cilantro

1/8 teaspoon ground cayenne pepper
1 garlic clove, minced or pressed
3 tablespoons vegetable oil
Salt and pepper, to taste
Arrange the sliced Anaheim chiles, chicken, avocado, tomato and bell pepper on the lettuce leaves on a large serving platter or on six individual serving plates. In a small bowl, whisk together the lime zest and juice, cilantro, cayenne pepper and garlic. Whisk in the oil and add salt and pepper to taste. Drizzle the dressing evenly over the salad.

Scooter's Scoops

By SCOOTER RUSSELL

School began on Thursday of last week and no one has explained what having your first in school does to parents any better than what Steve Venable, pastor of the Methodist Church, wrote in the church newsletter. We thought it was worth sharing...

SCHOOL STARTS! Beginning Thursday, August 19, 1993, life at the Venable household will be forever changed.

No, that's not the day we're scheduled to win the \$10 million Publisher's Clearinghouse Sweepstakes. No, that won't be the day we discover radon gas in the parsonage.

No, Thursday probably will not bring a Cossack invasion from the north. What Thursday holds for us is more subtle yet more pervasive, more complex.

Our lives will, for the first time in more than a decade, be wrapped, stretched, anguished, bent and nailed to the school calendar. Mr. Tommy Cathey, superintendent, with the approval of the B.I.S.D. school board will, in effect, be telling me and my family when to get up, when we can leave town, when vacations are allowed, where to be, what to do, who to be...it's intimidating, and ready-or-not, probably by the time you've read this, the transformation will be complete, in real life, anyway, even if it takes a few months to begin thinking like a school hostage, but we are now parents of a school kid!

NEWS AROUND TOWN....

The Lawrence Widners' grandson, Keith Hunt, son of Chris and Terry Hunt of Farwell, was in the Clovis hospital on his eighth birthday recuperating from a rattlesnake bite. He was bitten while on the Widner farm near Bovina. This happened August 10. The youngster is getting along fine.

Barbara Lowe was in the office Monday morning and said husband, Gene, had been moved to rehab at the Methodist Hospital in Lubbock and is in room West 419.

She said Gene is steadily making improvement every day.

She said she was spending every day with him but had to make a quick trip to Bovina on business Monday. Our thoughts are with them and you may want to drop them a card because I'm sure the days get long for them.

We understand Ashley Zehner is back in Bovina and want to welcome her home. She is with her dad, Jim, and has been in England for about a year and a half with her mother, Helen.

Ashley's brother, Jonathan, stayed in England. It's good to have Ashley home and her friends are glad to have her back, too.

Tiny and Pearly Chisom celebrated their wedding anniversary with a trip up north and over to Beloit, Kansas. Tiny said they traveled about 600 miles in a couple of days and saw lots of country. He said it was hot in Kansas but they'd had lots of rain there in recent weeks.

Virginia and Charles Steele have been on a bus tour that took them to Colorado Springs and Cripple Creek. They saw many pretty sights in the area.

Cripple Creek was once occupied by 8,000 people, but after the gold rush days it was vacated in a short time. They viewed Pike's Peak and Garden of the Gods.

In Cripple Creek, they saw gun fights in the streets, "just like the good old days," Virginia said. They left on Friday and got home at 3 a.m. Monday morning.

Arlene and Justin Brozek have returned home from vacationing in Colorado and New Mexico. They visited with Justin's grandparents at Loveland, Colorado and an aunt and uncle in Estes Park, Colorado. Later they went to Mora, New Mexico to the Smiths' cabin and later made a trip to Santa Fe.

Mary Alice Merrill went to Lubbock on Saturday to attend a birthday party for grandson, Ezra, who turned twelve years old. It was held at Pistol Pete's Pizza Parlor.

Burnett Named TxDOT Director

Bill Burnett, district engineer in El Paso, was unanimously selected by the Texas Transportation Commission to succeed Arnold Oliver as executive director of the Texas Department of Transportation effective October 1.

"After conducting a nationwide search, we are confident that Bill Burnett is the right person to lead our efforts in providing the people of this state with a cost-effective, safe and environmentally sound transportation system," said David Bensen, commissioner of transportation. "This selection underscores the fact that the best qualified transportation people are in Texas."

Burnett started with the department in 1971. He is a graduate of Texas Tech University. He served as resident engineer in Pecos, Midland and Odessa. In 1986, he became one of the youngest district engineers ever when he was appointed to lead the Abilene District. Burnett was transferred to the El Paso District in October of 1991.

He was the chief inspector on one of the first contract fabric projects in the nation and developed the present department end-result hot mix pavement specification. In 1992, he was selected to the Texas Tech Civil Engineering Academy.

Burnett said, "I am honored and excited about the challenge of working together with our employees to build the TxDOT of the 21st century. I am grateful to the commission for their expression of confidence."

Executive Director Arnold Oliver said, "Bill will further the department's multimodal expansion as a department of transportation. His experience working with diverse groups will speed this. His leadership will further the department's and commission's partnership with our 15,000 employees.

"Bill worked on the department's front lines to provide quality customer service. In his more than 20 years of service to the department, he has met each

challenge with energy and enthusiasm," Oliver said.

The Texas Department of Transportation system includes highways, public transportation, general aviation, motor vehicle registration and regulation, local sponsorship of the Gulf Intracoastal Waterway and toll-road development.

TODAY'S THE DAY
Stop Smoking.

Mary Alice is enjoying having granddaughter, Jessica, for a few days. She is 14 months old and her parents are Paul and Connie.

Congratulations to Michelle and Marty Gonzales of Friona who are parents of a baby boy, Martin Alexander, born August 18. He is the couple's first child.

Also, congratulations to grandparents, Janie and Larry Gonzales of Friona, Dean and Wendy Stanberry of Bovina and great-grandparents, Thogal Stanberry and Manuel Hernandez, both of Bovina.

Owen and Arlene Patton have just returned from a trip to Visalia, California, where they were guests at the 50th wedding anniversary celebration of Lester and Betty Reece. Betty was the former Betty Jo Andrews of Melrose and Lester was from Sudan. The couple moved to Visalia in 1946.

Arlene and Betty grew up together and were both married the same year. They shared many secrets in those teen years, one which became a conversation piece at the 50th celebration.

Betty's dad was very strict so when Lester gave her the engagement ring, she kept it hid in the toe of her Sunday shoes when she was at home.

For an anniversary present, Arlene brought a miniature shoe

and put a ring in the toe as a memory gift. Everyone had to know the story.

Accompanying Owen and Arlene was Betty's brother, Wiley, and Bobbie Andrews of Melrose.

On the way to California, they stopped at the Ice Caves in Grants, New Mexico, the painted desert and petrified forest in Arizona.

They said the weather was perfect and they really had a good time!

Visitors in the home of Mace Cochran were Jessie Bailey and Lois Flinch of Paris, Texas. While here, the ladies ate out at Clovis, visited friends in Muleshoe and spent time playing 88 and other domino games. The ladies brought Mace 20 packages of fish and they took vegetables home with them. They came on Thursday a week ago and left the following Tuesday.

Charlie Eubank had a good time with her granddaughter, Becky Eubank, who came over from Hereford for the weekend. One day the ladies went to Friona and had lunch.

THINK ABOUT IT:

By the time a man can afford to hire someone to cut the grass, his doctor tells him he needs the exercise.

Have a good, rainy week...Scooter.
