NUMBER 13

SANATORIUM COMMITTEE

EXTENDS APPRECIATION

The following is a list of the subscribers to date to the Tuberculosis Sanatorium to be built near Kerrville, Texas, for the soldiers and sailors who contracted the disease in the service of their country.

This list is an honor to the citizenship of Kerrville and Kerr County. It is the evidence that Kerr County is making good her promise to back the boys at the front continued down to this time. Kerr County gave her quota and then some to every call made by the Government during hostilities, and now that the necessity has come to further extend a helping hand to the soldier boys at large, this county is again to the front and has not only put up the cash but extends to the boys a welcome hand to what is considered the best climate in America for the treatment of tuberculosis. To do anything less would be breaking faith with our protecting arm of the Government. Their health was broken in our mutual defense. God knows, it is our duty to care for them and to give them access to any place on the face of the earth that will help them regain their health, and if not restored to health then at least a comfortable place to spend what few days they may have left to them.

The committee wishes to thank every contributor for the loyal assistance given in the campaign to raise funds for this cause.

If any contribution has been overlooked, please advise the committee.

"CLIMATE OF KERRVILLE IDEAL FOR TUBERCULARS"

S. A. Evening News. The tubercular sanatorium is to be located near Kerrville, it has been finally decided. According to Dr. Douglas Largen work will be started within a few weeks, so that the men who are dying for lack of sufficient care may have a place of refuge. The sanatorium will be built on the bungalow plan. The plan at present provides for the erection of 138 neat, home-looking little cottages, of brick and hollow tile, to be located in a beautiful oak grove.

As everyone knows, the climate of Kerrville is ideal for the care of tubercular patients, many healthy Texas men and women having been brought there on stretchers to find again the joy of restored health and vitality.

For the 700 bed-ridden tubercular men there will be a number of wards. There is also to be a general administration building. Only the best of medical talent will be employed, and every man will be under the care of a tubercular expert and a trained, graduate nurse. No haphazard methods will be used in the care of these men.

Maintenance at the rate of \$3 per day will be provided for by the Government, under the war risk insurance act. The Federal Board at Washington has also agreed to institute vocational training under the rehabilitation act.

With climatic conditions so favorable, surroundings so beautiful, expert attention and care, it will be possible for hundreds of men, now

SAN ANTONIO Y. M. C. A.

TO BUILD CAMP HERE

S. A. Evening News. Plans are under way for the building of a permanent camping ground for the Young Men's Christian Association at Kerrville. Several prominent business men of Kerrville have asked that a committee be sent there to discuss the matter more thoroughly.

The permanent camping grounds, if located, will be in the old fair grounds on the bank of the river. The grounds are three-quarters of a mile from the business section of the city, which is very much closer to the city than the old camping grounds. A building will be erected for members of the association who wish to go for a few days' outing.

The residents of Kerrville are very anxious for the local Y. M. C. A. to erect a permanent building and have pledged their support to help make it a success. A swimming pool and boat house will also be erected, and it is hoped that these features will be finished by the time the Y. M. C. A. camp starts.

A Y. M. C. A. thrift club will be organized in a few days, the purpose of which will be to allow boys who are going to camp to put away small amounts from time to time so they will have enough money saved to go, and will not have to ask their parents for the full amount of one time.

DISCHARGED TUBERCULARS ARE EARNING GOOD PAY

Sanatorium, Tex., March 12.—The State Tuberculosis Sanatorium, located near Carlsbad, Texas, conducts a follow-up of ex-patients which clearly demonstrates the value of the institution to the State. Up to September 1, 1919, 922 ex-patients were on the follow-up rolls. Of these one hundred and fourteen were earning up to \$600.00 per year, twenty-six were earning up to \$1,900.00 per year, forty-nine up to \$2,000.00, five were earning up to \$3,000.00 per year, two \$4,000.00, and three were earning more than \$4,000.00 per annum. The highest salary reported to the institution was \$5,200.00.

One hundred and sixty-six ex-patients had died, eighty-six were at work but failed to report salary, and eight were students. Two hundred and twenty-four were continuing to take treatment for tuberculosis, and the Sanatorium failed to make contact with two hundred and thirty-nine.

Every imaginable occupation was followed by these men and women whose lives had been regenerated. Thirty-nine were farming, twenty-four were salesmen, and there were seventy-six housewives doing four hours or more work per day. Other occupations included merchants, office workers, ministers, lawyers, dentists, physicians, dentists, and engineers. The subject being "The workers, carpenters, and Last Chance."

It is estimated that after 18 months' service with the greater Cross on the battle fronts of the S. A. Bonfils, former managing editor of the Kansas City Post, returned a few days ago to Kansas City.

He has been notified that a D. S. C. badge and a Rumanian decoration will be awarded him. Bonfils began his work in France for the famous Forty-second Division as a lieutenant and returned a captain.

FINE FIXTURES ARRIVE FOR SCHREINER STORE

Two carloads of elegant fixtures for the dry goods department of the new Schreiner Store are being installed this week, having arrived from Grand Rapids, Mich.

They are of approved design and construction, and place the new store in line with similar establishments of the large cities.

The finishing work on that portion of the immense building is moving apace, and the merchandise will soon be moved into it so that work on the remainder of the building can commence. When completed it will be an ornament, not to Kerrville alone, but to Southwest Texas.

K.M.S.

BOYS OF THE PIG CLUB DO SOME GOOD BUSINESS

County Agent Quintal tells us of some very interesting developments in the Boys' Pig Club, one being the recent sale of six of their registered big-bone Poland China pigs at thirty dollars each for shipment by express to Mexico City. The same buyer is coming back for more pigs, besides which the boys have offers of \$2 each for more pigs than they can furnish.

One of the boys, F. A. Rees of Center Point, 14 years old, has eight pigs from a sow for which he paid \$53, and has paid out \$43 for feed, a total outlay of \$96, from which his \$200 worth of pigs gave him a nice profit which enabled him to pay off the note which he gave in part payment of the sow and put \$100 in the bank.

Others of the boys have done almost or quite as well, and the interest is increasing.

K.M.S.

HON. H. B. TERRELL HEAD OF BIG DALLAS CONCERN

Dallas, March 6.—The Equitable Company, Inc., which filed articles of incorporation with the Secretary of State at Austin yesterday, is planning to erect a twelve or fifteen-story office building in Dallas in downtown district, it was announced yesterday.

The company is incorporated with a capital stock of \$1,000,000. Headquarters is located at Dallas. H. B. Terrell, former State Comptroller, president and manager of the Terrell Publishing Co., has been elected active president of the company. He will move to Dallas in a few days to make his home here. Mr. Terrell resigned as Comptroller last Fall.

The building planned by the Equitable Company will be approximately the same size as the Dallas County State Bank Building, now under construction. The location of the new building will be announced within a few days, it was stated yesterday. Construction work will be started within the year.

The Equitable Company is now occupying the greater part of one floor in the Western Indemnity Building. It has been operating in Texas for the past year under a declaration of trust. The company was organized for the purpose of accumulating and loaning money to acquire lands sold for taxes in the State of Texas.

Mr. Terrell resigned his place as State Comptroller last year after he had decided to associate himself with the Equitable Company. No announcement was made at the time of his resignation of his connection with the company. Mr. Terrell said yesterday he had been arranging his private affairs since leaving public office in order to give his entire time to the new position. A home will be purchased by Mr. Terrell in Dallas and he will move his family here as soon as possible.

Well Known Woman III

COMFORT NEWS

The News received a message from Louisville this week, saying that Mrs. Annie Fellows Johnston, the well known author of the "Little Colonel" stories and other books for young folks, was dying in a hospital in that city, after having undergone a serious surgical operation. A later message conveyed the news that Mrs. Johnston had rallied somewhat, and that the five physicians in attendance upon her felt that her life might be saved.

Though Mrs. Johnston's home is in Kentucky, she is known in a particularly intimate way by many persons in Kendall County, she having resided in Comfort from 1903 till 1905, and moved to Boerne, where she died.

Miss Annie Johnston, 1911. Pills on hand County Fair any sign of kidney trouble. March 16.—I was weak and I had the directors ache and felt so tired fair and I could scarcely do my following. Aches annoyed me until H. Riley, acted irregularly. I used vice-presidential Pills from the Rockaway, and they quickly stopped the aches and regulated my kidneys in depend on them when I have good turn of the trouble.

Price 60c, at all dealers. Fair simply ask for a kidney remedy. Doan's Kidney Pills—the same Miss Michon had. Foster-Milb Mfrs., Buffalo, N. Y.

GOVERNMENT REQUIRES EXCHANGE ON EARLY BONDS

The Mountain Sun is authorized to say that the Government has called upon holders of temporary Liberty Loan Bonds to exchange them for the permanent bonds.

You will remember that when certain of the Liberty Loans were floated the Government issued temporary bonds, with only part of the interest coupons attached, which were to be exchanged later for permanent bonds with all coupons attached.

It is this exchange that is now called for, and both Kerrville banks will effect the exchange for their customers upon request. For more detailed information apply to your bank and DO IT NOW.

Y. M. C. A. TO TAKE UP RURAL COMMUNITY WORK

No American community—not even the most isolated village or the most widely scattered country district—will have need to feel "sighted" when the intensive program now under way for Young Men's Christian Association service for everybody everywhere is completed.

Better farming methods, organized play in country and small town communities, military drilling for boys, backyard gardening, personal and domestic hygiene, athletics, craftsmanship and agricultural clubs and contests, improved home surroundings and increased enjoyment of life in "your own home town" or on the "old homestead" are among the specific results to be achieved by this country work, which is reported to be already making substantial progress and finding an eager demand everywhere.

While under the direction of trained secretaries, the same as the Y. M. C. A. activities in cities and industrial communities, this work in small towns and country districts depends more upon volunteer leadership among local citizens, and devotes greater effort to help every individual man and boy to find his particular task of public service to his own community.

Like the up-to-date country pastor, the skilled secretary in charge of country "Y" work is informed in a practical way regarding the everyday problems of those among whom he lives and works. He is in no way a meddling or an "upstart reformer" but rather is he a man of sympathetic appreciation and understanding, with such a clear grasp of community life, longings, problems and accomplishments and such a genuine desire to help people help themselves, that he is called upon by young and old for suggestions, information and advice.

Thus he has a chance to instill the broader vision of community spirit, ambition to do things worth while without leaving home for "bigger fields," and appreciation of the true value of one's self and one's neighbor. The county—or country—secretary does not pose as a teacher of farming, but he is not willing to be a fool concerning farming fundamentals. When young men do leave farm or village to attend college, work in a great industrial center, or enter the United States Army or Navy, the friendship of this "Y" secretary follows them and help them get properly located and provided with suitable reminders of home ties.

K.M.S.

FOUR THOUSAND-MILE TOUR FOR 150 TEXAS CLUB BOYS

Dallas, Tex., March 17.—One hundred and fifty Texas farm boys will be taken on a 4,000-mile tour of Oklahoma, Arkansas, Kansas, Missouri, Iowa, Wisconsin, Illinois, Ohio, Indiana, Pennsylvania, Maryland, District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi and Louisiana, between next July 31 and August 21, by the Texas Chamber of Commerce and the Extension Service of A. and M. College, Walton Petzet, of the Agricultural Department of the State Chamber, announces.

"The 'Texas Farm Boys' Special' will stop along the way to see the best corn, live stock and general farms, fruit, alfalfa, dairies, creameries, hog and cattle breeding farms, wheat, truck, agricultural colleges, experiment stations, implement factories and the big sights in the cities," according to H. H. Williamson, who thought out the idea.

"The train will lay over in Washington, D. C., so that the boys can call on the President and Congress, and to take side trips to Washington's Tomb, Lee's Home, the Naval Academy, the Navy Yard and to take a boat ride down the Potomac River.

"Any member of a Boys' Agricultural Club affiliated with the Extension Service of A. and M. College will be eligible to go on this special. Selection will be made by competitive examination to be held in each county.

"Only boys who win prizes in competitive examinations will be permitted to make this trip. Inquiries concerning eligibility of boys and all about this examination should be addressed to the Extension Service of A. and M. College, College Station, Texas.

"Tickets entitling boys to all privileges of this trip will be sold to local commercial and business organizations, to banks and public spirited individuals. These tickets will be offered as prizes to the club boys of their county. Inquiries relating to purchase of tickets to be offered as prizes should be made to the Agricultural Department, Texas Chamber of Commerce, Dallas, Texas."

HON. C. B. HUDSPETH VISITS SWEETWATER

Sweetwater Reporter. Congressman C. B. Hudspeth of El Paso, of the 16th Congressional District, spent a few hours in the city Wednesday on business and made The Reporter office an appreciated visit.

The Representative was en route to San Angelo to meet with the wool and mohair growers of that section to discuss the matter of collecting from the Federal Government unpaid pledges due them for crops sold during the war at a figure less than that guaranteed. More than \$250,000 has been collected already, and a total of \$1,500,000 will be collected, Mr. Hudspeth said.

While the Congressman has no opponent in the field, he is spending some time going over his district. He will go to Washington from San Angelo.

K.M.S. OBITUARY

Mrs. Arthur Anderson died at Menard, Texas, February 29, 1920. She was the daughter of Mr. and Mrs. A. W. Baker and spent her childhood days in Kerrville, where she has a host of friends to mourn her loss.

She leaves, besides her husband, three small children. She was ill only thirteen days with the influenza which developed pneumonia, but she was willing and ready to go.

She was a true Christian, a devoted wife and a kind and loving mother. May God bless and comfort the loved ones as no one else can.

"A precious one from us is gone,
A voice we loved is stilled;
A place is vacant in the home
That never can be filled."

—A FRIEND.

PARENT-TEACHERS' CLUB ENJOYS FINE SESSION

The Parent-Teachers' Club held its regular meeting in the High School Auditorium, Wednesday, March 10.

The president called the meeting to order and Rev. Macdougall led in prayer. The minutes of the last meeting were read and approved.

This was Mother's Magazine Day and Mrs. G. C. Jones was appointed to solicit subscriptions to the Mother's Magazine at \$1.00 per year, of which the club is to receive 40 per cent.

The president read a letter from Miss Blanton, asking that steps be taken to place a woman on the School Board.

Mrs. Wallace gave a report on the Mexican dinner given by the club. The net proceeds of this dinner were \$69.70, of which Miss Smith and her Domestic Science class donated \$13, made by selling cakes and doughnuts. It was decided to have the secretary of the club write a note of thanks to Mrs. A. C. Schreiner, Mrs. C. C. Lockett, and Miss Smith and class for their help in making this affair a success.

Dr. Macdougall favored those present with a splendid talk, and you mothers who staid at home have led him to believe that Kerrville is in need of an orphan asylum. So let us all try to be present at the next meeting and so correct this mistaken impression. Aside from this, we received many helpful suggestions from him on how to rear children.

Charles Moore delighted her hearers with her recitation. Dr. McDonald's paper, "The Might of a Nation Is Represented by the Health of Its Children," sent us all home with the determination to make more strenuous efforts to prepare our children for future service. His many helpful suggestions on proper ventilation, nourishment and regularity will be of much benefit to the mothers who heard him.

The vocal duet by Aimee Louise Scherneck and Mildred Williams was enjoyed by all.

Mrs. G. M. Doyle, chairman of the Charity Committee, reported the collection of \$13.25, which is used to buy clothing for needy children.

Mrs. E. Dietert read a paper on "Child Welfare in the Home, School and Community," which showed much practical wisdom gleaned in rearing a splendid family.

Mr. Jones grieved us all with the information that he will not be with us next year. We welcome his successor, Mr. Franklin, and pledge him our support. We are sorry to see Mr. Jones go and we owe him lasting gratitude for the splendid things he has done for our school and our community, and wherever he goes our best wishes go with him and his estimable family.

Mr. Jones informs us that Miss Blanton has accepted his invitation to make the Commencement Address May 21. He has asked the Parent-Teachers' Club to entertain Miss Blanton at the School Board's expense.

The club adjourned and spent their usual social hour in the Domestic Science Room.

PRESS REPORTER

Interchurch Movement

Does the Lord help them that help themselves, or does He help those who help Him? In a sermon, which will be preached in all the churches of Kerrville affiliated with the Interchurch Movement, the negative section of the old adage will be taken. "Christian Stewardship" will be the subject of this sermon, an outline of which has been prepared by Rev. H. E. Beckler, State Stewardship Director of the Interchurch and Stewardship Secretary of the Texas Christian Church at Dallas.

Striking illustrations of the fact that material blessings come to those who exercise Christian stewardship and take God as a partner in their worldly wealth are being given by Dr. Beckler. One of these is the action of one of the smallest Adventist Churches in Texas, which last year, out of its membership of 48, contributed \$5,700 for religious purposes, local and foreign. This amounts to approximately \$139.98 per capita and is probably the largest per capita contribution of a Christian church in the world. It is almost six hundred times as much as the contributions of church members which amounts to about \$100,000.

prospered wonderfully. The Sanger and Garrett-Baker is largely due to a partnership in their and prospective Secretary Beckler's Court House, ministrations.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

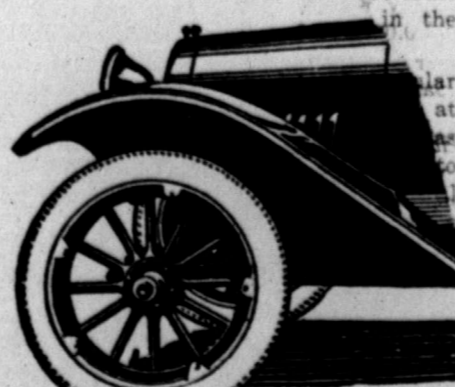

Send for our 1920 Year Book and get the facts about our business. Address Swift & Company, Union Stock Yards, Chicago, Illinois.

Swift & Company, U. S. A.

tween April 6 and 16, and an appeal will be made for an evangelistic campaign of two weeks just prior to Easter, which is to be the great "Join the Church" Sunday of the year. Arrangements for these county mass meetings are progressing rapidly, and announcement of the dates will be made next week. —BULLETIN.

Counting in Uncle Jabez's story, some pretty faint Sun didn't come in the

Chevrolet "Four-Ninety"

man finally made his town again and as usual went to the store for the evening. The old man was there and this question, naturally, was asked:

"How is gunning this Fall, uncle?"

The old man shook his head in a dismal sort of way and answered: "Not very good, but I did have a little luck the other day. I took the old gun out, and saw a fox lying beside a rock. I pulled up the gun to fire and I'll be blamed if another fox didn't come out and lie down on the other side of the rock. I fired at the sharp edge of the rock, the bullet split and killed both foxes."

"The gun kicked so that it knocked me over into a brook that was behind me, and my right hand landed on a muskrat and my left on a beaver. When I got up out of the water my trousers were so full of brook trout that they burst a suspender button and it flew and killed a partridge."

—K.M.S.—
If human nature would only work hard for pay as for more money!—Boston Herald.

POTATOES, USED AS MONEY IN POLAND

Potatoes are now being used as the standard currency in certain remote agricultural districts of Poland. The potato is the staple article of food, and its value fluctuates far less than any of the various types of paper money which are in circulation. In this district the American Red Cross reports that all local help is remunerated in a weekly wage of potatoes. About 20 pounds of potatoes is regarded as a fair weekly wage for an ordinary laborer.

One large landowner, whose manor house was wrecked during the war, recently refurbished the entire mansion with articles purchased with potato money.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. ——— about my taking Cardui. He said, "It's a good medicine, and good for that trouble," so he got me 5 bottles. After about the second bottle I felt greatly improved. Before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

CATHOLIC CHURCH NOTES

By Father Kemper

Services will not be held at 6 p. m. on Sunday, but at 7 o'clock because Father Kemper will leave for Comfort by auto instead of by train. The customary Bible classes will be omitted in the afternoon.

Last Sunday the ushers at the American and Mexican churches were placed at wit's end in their endeavor to seat the over-crowded attendance. This was particularly true at the Guadalupe Chapel, where over a hundred Mexicans came to hear an explanation of the unadulterated Bible in their own language. It is edifying to observe the serious study that these Christians make of Holy Writ. Of a truth the Gospel is the power of God unto salvation.

All the influenza-victims whom the Sisters, ever faithful at their post, so generously provided with drugs, care and groceries, have fully recovered and this influx of students taxes the accommodations at Our Lady of Guadalupe School, especially since the public school in that settlement had to be closed for dearth of pupils.

Gus Reininger, one of the ablest tax experts in Texas, who delivered a highly instructive lecture in the Court House on Wednesday night of last week relative to the "Long and Short Counties" on the school fund, was deeply impressed with the vast saving effected for the public schools by the Catholic taxpayers of this community. Accepting the official scholastic census of 547 students between the ages of 7 and 17, no matter where they attend school, the per capita apportionment from city, county and State taxes amounts to \$20.65, on which basis the Catholic Church saves Kerrville over \$3,600 a year. This growing annual economy totals more than the cost of the Tivy Annex since the foundation of Notre Dame.

A beautifully illustrated booklet dealing with the spiritual, financial and historical review of our congregations in the last triennium, has just appeared from the press and furnishes much educational data about the parochial school system.

Last week one of our former Notre Dame pupils, Miss Octavia DeHymel, now attending St. Mary's School in San Antonio, was declared "by far the best" in all Bexar County in the Army Essay Contest. This is the flattering commendation of Capt. Bernard Smith, head of the recruiting publicity department. It is particularly gratifying to us because her teacher of English is still a member of our faculty.

Miss Angeline Kemper motored to San Antonio on Thursday to attend the oratorical contest in which her twin nephews figured prominently. Hon. Buckley was the presiding judge at this exciting rivalry.

The sixth anniversary of the death of William Kemper, founder of Notre Dame Institute and Our Lady of Guadalupe School, was observed with a Requiem High Mass in St. Mary's Church on Monday, and in the Mexican Chapel on Thursday.

Heart-rending news about the barbarity of Moslem Turks comes from Armenia, which informs us of the butchery of ten Catholic Bishops. One of these, Rt. Rev. Tehelebian, Bishop of Diarbekir, was buried alive with only his head protruding above ground. Another, Bishop Katchadourian of Nalakiq, was roasted to death over a slow fire with all the refined cruelty inflicted on the Catholic martyrs of the Coliseum during the first three hundred years of the pagan Roman persecutions.

Anthony Blum left Kerrville temporarily on Thursday to inspect his Kansas oil fields. He is the author of several books on metallurgy and mining engineering, and has discovered one of the richest gold mines in Canada.

John Hope, a staunch Knight of Columbus, came up from San Antonio to visit his brother-in-law, Jake Lawson. On Monday he went turkey hunting at his mother's ranch near Hunt.

Hy. Kuhlmann feasted a few intimate friends to a wild turkey dinner on Thursday. The "piece de resistance" was the trophy of Nathan Herzog and Bernard Kuhlmann.

On Friday John Rodriguez came from Sacramento, Cal., to visit his brother, Hippolite, whom he had not seen for twelve years.

Misses Inez and Doris Kane of San Antonio were Sunday visitors of their aunt and uncle, Mrs. W. G. Carpenter and Hy. Remschel.

Other Sunday guests in our parish were Mrs. Wm. W. Anglin of Houston and F. Thornton of Toledo, Ohio.

Rudolph Stehling motored with his family to his parents' home in Fredericksburg.

Next Thursday the Feast of the Annunciation of the Bl. Virgin will be solemnized in St. Mary's Church at 7:15 a. m. Catholics are reminded to bring their complete edition of the Holy Bible.

METHODIST CHURCH NOTES

ROY T. HOUTS, Pastor

The revival at the Methodist Church enters upon the second week with great prospects. The crowds have been growing every service. People are coming to church who have not been there in months, and some of them in years. The interest is deepening at all the services. Sunday was a great day for the meeting. Evangelist Flowers gave us three very fine Gospel sermons and the people heard him gladly. Seven came forward Sunday morning to unite with the local church. We are taking special pains to give all who come a comfortable seat. The Baptist people were kind enough to lend us additional chairs to accommodate the Sunday crowds.

Every afternoon this week at 4 o'clock we will have services for the children of the school. Monday these services were started with over a hundred children in attendance. They will form a Booster Choir, and will sing for the crowd on Thursday night.

Mrs. Flowers is now on the job and will speak to the "Married Women" of the town on Thursday and Friday afternoons at 3 o'clock. This is a rare opportunity for the women of Kerrville.

It is once in a very great while that Kerrville has the privilege of hearing a woman like Mrs. Flowers. Those of you who have heard Mr. Flowers know that he is fine, but his wife can beat him all to smash, of course. He acknowledges it himself, and for that reason he always preaches at the first of the meeting, for after the crowd hears Mrs. Flowers they won't come back to hear him. We sincerely hope that every married woman in Kerrville will be at these meetings addressed by Mrs. Flowers. Do not rob yourself of such an opportunity as this.

We could not speak too highly of the character of the work done by Brother Flowers. He preaches the pure Gospel of Jesus Christ. He preaches it fearlessly, yet very lovingly. He is here to do the town good, not only the Methodist Church, but all the churches. He will do you good if you will let him. A great revival is the best thing for all the churches that could come to Kerrville. All the churches will be strengthened by it. We, therefore, urge your co-operation in the meeting. Put all you have in the fight this last week that many of our people may be won to Christ.

Revival Announcements
Friday afternoon, Mrs. Flowers will give her second address to married women, her subject being "The Moral Law for Married Women."

Friday night is High School Night. The High School will come in a body and seats will be reserved for them. The subject that night will be "The Sacred Splendor of Youth."
Saturday night will be the first opportunity the general public will have to hear Mrs. Flowers. She is a speaker of unusual magnetism. She occupies the pulpit along with Mr. Flowers, and the people everywhere have been charmed with her messages.

Sunday morning at 11 o'clock, Mrs. Flowers will give a sermon-lecture on "The Home." This is always one of the greatest of all the services of the Flowers' campaigns. At Royce City, Texas, five hundred people were turned away when Mrs. Flowers spoke on "The Home."

Sunday at 3 p. m., Evangelist Flowers will speak to "Men Only" at the Methodist Church. His subject will be "The Pace That Kills." The program of the evangelist for the closing day of the meeting promises to be of unusual interest. Sunday night will be the closing service, the subject being "The Man Who Had His Last Chance."

K.M.S.
EDITOR BACK AFTER 18 MONTHS WITH RED CROSS

After 18 months' service with the Red Cross on the battle fronts of France, Rumania and the Dooordja C. A. Bonfils, former managing editor of the Kansas City Post, returned a few days ago to Kansas City.

He has been notified that a D. S. C. and a Rumanian decoration will be awarded him.

Bonfils began his work in France with the famous Forty-second Division as a lieutenant and returned a captain.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

Many of our people attended the Methodist Revival last week, very much to the gratification of this pastor. This meeting is doing lots of good and we hope our members will attend regularly and help faithfully.

Last Saturday General Evangelist W. D. Bowen, Missionary M. C. Moore and the pastor made a visit to Fredericksburg and Morris Ranch. That is an interesting and attractive part of the country.

The Bible School was larger and better in every way Sunday. The attendance was splendid and the spirit was fine. Our teachers are getting a vision of the glory of their task. Solve the teacher problem and the success of the Bible School is almost assured.

The Sunday morning congregation was most encouraging. The pastor preached on the "Bible Way of Giving." We are trying to get the Scriptural plan of giving carefully before our people. Solve the financial problem and you help everything in church life.

At the morning service Bro. Orion Procter and daughter, Miss Ayleen, sang a much enjoyed duet. The solo at the evening hour by Brother Procter was devotional and worshipful.

Bro. W. D. Bowen of San Marcos preached for us Sunday night. He is an old schoolmate of the pastor and we enjoyed having him with us. His sermon on "The Christ Mind" was most helpful.

Quite a number of strangers worshipped with us at both hours on the Lord's Day. We love to have them. Ours is the "Church of the Hearty Welcome." Come again, good friends.
Beautiful flowers graced the pulpit stand throughout the day. Let the flower bringers flourish. The Father above loves the beautiful in nature and so do all normal hearts. If we try to beautify our homes, why not much more our Lord's House.

A very promising Junior B. Y. P. U. was organized in the afternoon. A nominating committee was selected with a view to the election of officers next Sunday. We believe this bunch of young enthusiasts is going to make things hum in their department.

Missionary Moore and Mrs. Moore are on a short trip to Floresville where their daughter has a splendid position with the Ford people. They were accompanied by Miss Byrd of Morris Ranch.

Misses Ferrol Rawson and Faye Turley worked out the last list for the new envelopes for us. They did splendid work, as did all our canvassers.

"Soul Winning, Soul Winning," this should be our aim and prayer all the time and especially now. He is wise and happy that winneth souls. "Why call ye me Lord and do not the things I command you," said the Savior of men.

K.M.S.
KIMBLE COUNTY TO LET ROAD CONTRACTS APRIL 6

The Honorable Commissioners' Court of Kimble County, in special session yesterday at Junction, with County Judge and all the Commissioners being present, passed the following:

Upon motion, which was unanimously carried, April 6 was the day set for the opening of bids for the construction of Kimble County roads.

W. E. Simpson, road engineer, was present at the meeting and reported that all preliminaries were settled and everything was in readiness for real action.

As soon as the contracts are let work on the Good Roads through Kimble County will be started at once and rushed through to completion.

K.M.S.
ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Kerrville people endorse Doan's Kidney Pills. You can rely on their statements.

Miss Adele Michon, Tivy St., Kerrville, says: "I keep Doan's Kidney Pills on hand and whenever I have any sign of kidney complaint they are sure to give me relief. My kidneys were weak and I had attacks of back-ache and felt so tired and worn-out, I could scarcely do my work. Head-aches annoyed me and my kidneys acted irregularly. I used Doan's Kidney Pills from the Rock Pharmacy and they quickly stopped the back-aches and regulated my kidneys. I depend on them when I have any return of the trouble."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Michon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

KERRVILLE, TEXAS

USED TO HAVE BILIOUS ATTACKS—STOPPED THEM BY INTERNAL BATHS

Mrs. Julia H. Fuqua of Sulphur Springs, Texas, writes to the Tyrrell Hygienic Institute:

"My nephew was subject to spells which the doctor pronounced bilious attacks. He would become numb all over and break into profuse perspiration, followed by fever. He has used the 'J. B. L. Cascade' since last February and he informs me that he has not had a single spell or felt in any but the best of health since using it."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

W. H. Rawson & Son in Kerrville will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.

K.M.S.
Notice of Election

By virtue of the authority vested in me as Mayor of the City of Kerrville, I hereby order an election to be held within and for the said City of Kerrville, Kerr County, Texas, on the first Tuesday in April, A. D. 1920, same being the 6th day of April, 1920, said election to be held at the Court House in the said City of Kerrville, in conformity to and under the provisions of the election laws governing such elections, at which said election the qualified voters resident within the City of Kerrville will elect the following officers for the said City of Kerrville, to-wit: A Mayor and two Commissioners.

G. W. Walther is hereby appointed as manager of the said election, and B. B. Lowrance and Ben Smith are hereby appointed as judges of said election.

In testimony whereof, witness my hand this the 2d day of March, A. D. 1920.

H. C. GEDDIE,
Mayor, City of Kerrville.

"Going some" often means "going
sum."

The Sabinal Sentinel has recently
placed its order for a Linotype ma-
chine, and expects to have it installed
soon. Good business, Brother Bald-
win.

Our sprightly neighbor, The Com-
fort News, last week entered its
seventeenth year of useful and cred-
itable existence. Editor McAttee will
please accept The Mountain Sun's con-
gratulation and best wishes.

Ain't it the truth! We mean that
little squib that's going the rounds of
the press: "There is a type of man
who is a veritable lion in demanding
that newspapers attack certain abuses
but who becomes a lamb when it is
suggested that he sign his name to
the attack."

The Mountain Sun's recent refer-
ence to the floods of propagandism
stuff, good, bad and indifferent, has
been rather widely copied and ampli-
fied, and we trust that as the wave
of comment widens it will finally
reach the ears or eyes of the in-
dustrious literary fellows who are
wasting so much time, money and
paper on a lot of it and cause some
curtailment of the waste. Some of it
is worthy and good, but much of it
is mere chaff.

The hearts of all good Texas people
go out to the citizens of the once
prosperous little city of Grandview,
Johnson County, which during the
high wind of Sunday afternoon and
night was almost wiped off the map
by fire. A thousand people were
rendered homeless, not a school build-
ing or church and only one grocery
store escaped the fire fiend, the prop-
erty loss running to one and a half
million dollars. Fire departments of
several nearby towns responded to
calls for help and saved part of the
town.

More good (?) news for the news-
paper people came in a New York
dispatch of March 12 saying: "The
paper committee of the American
Newspaper Publishers' Association
has issued another appeal to the pub-
lishers of the country to reduce the
consumption of print paper. Reports
to the committee showed that the
price of paper on the open or spot
market was 11 cents, with the pre-
diction that within a few days it
would go to 12 cents. Committee
members reported that conditions did
not warrant any hope of material im-
provement for another year."

Don't some of those gardens begin
to look tempting?

He, whose life leaves a song behind,
will have music in the Hereafter.

A new name for profiteers is
"prodigious plunderers," but the
skunks would be as odiferous under
any other name, as the poet remarked
of the rose.

Don't tear up any clothes over the
gubernatorial race. Back your man,
but do it good naturedly. Political
contests are not worth getting down
into the mire for.

In view of the fact that each of us
is to be "a long time dead," it be-
hooves each of us to seriously debate
with himself the question: "Where
will I spend Eternity?"

Not many weeks and our sick boys
will begin to arrive and go under the
care of the skilled doctors and nurses
in the Memorial Hospital, which the
people of Texas will erect near Ker-
rville for tuberculous soldiers, and a
cordial welcome awaits them.

If it were "all of life to live," or
even were it "all of death to die," the
problem of living and of dying would
be much simpler, but with "every
cradle asking whence, every coffin
asking whither," no young man or wo-
man can afford to pass the matter
lightly.

We note that Editor Getzenderan,
after many years' excellent work as
editor and publisher of The Uvalde
Leader-News, has sold that news-
paper to Miss B. Fletcher of San
Antonio and M. F. Clark of Stephens
County, who have taken charge. The
Mountain Sun extends its good wishes
all 'round.

It may be just as the science sharps
say, that if the earth's crust were
perfectly level there would be one
vast sea two miles deep, but what
we're sitting up nights worrying
about is, what would keep all that
water from spilling over the edges
of the crust?

Germany has Kapped the climax by
overthrowing the Ebert government
and setting up a new regime with
Herr Wolfgang Von Kapp as chan-
cellor. The new government is
monarchistic in its tendency, and civil
war is threatening to complete the
destruction of Germany.

No county in Texas could do itself
prouder than to place on the grounds
of the great Hospital for Tuberculous
Soldiers a memorial bungalow in
honor of its own soldier and sailor
boys. Think of the joy and pride a
sick soldier would feel in occupying
a cottage erected by his own folk at
home.

Evidently Kendall County's jurors
are not particularly partial to bur-
glary. In Judge Burney's District
Court in that county, at the recent
term, the jury convicted two men for
burglarizing a store at Comfort, and
instead of the customary two-year
suspended sentence verdict, sent the
gentlemen to the pen for five years.
More juries like that will make law
breaking a less popular sport. The
suspended sentence, when properly
used, is no doubt an excellent thing,
but its abuse has encouraged viola-
tion of the law.

IN MEMORY OF THE LATE ALFRED VANDERSTUCKEN

The ways of Jehovah, His plans and
purposes are inscrutable and beyond
the ken of mortal man.

Alfred VanderStucken died in San
Antonio at about 12 o'clock on the
night of March 11, 1920, after an ill-
ness of but a few hours; apparently
in the best of health but a few brief
hours before his death.

He was living, and had always liv-
ed, a life of usefulness among men.
Born in Fredericksburg a little more
than fifty-two years ago, he made
that his home until about seven years
ago, when he moved to San Antonio.
No man was ever held in higher
esteem by the entire community in
which he lived than was Alfred Van-
derStucken.

He was indeed a useful man in de-
veloping and preserving the material
welfare of various sections of this and
other States in a business way; and
in all of his useful and busy life he
commanded the respect and unlimited
confidence of his business associates,
of the business world, and of all with
whom he dealt, in trivial affairs as
well as those of the greatest magni-
tude.

But this phase of his life of use-
fulness is incomparably small in con-
trast with that better and greater
phase of it, developed by his social
dealings with humanity. "The pulse
of social life is dead and all its fonder
feelings fled," was never written of
Alfred VanderStucken.

No man by his life, his every act in
life, ever gave a higher value to the
meaning of the sacred word "Friend-
ship." My words, all words of all
languages, are weak and incompetent
to express that deep and feeling defini-
tion of the term "Friendship" that
his life and conduct gave to it. Men
many men, loved Alfred Vander-
Stucken, loved him devotedly for what
he was. Children loved him. Beloved
of all people who really knew him as
he was.

To those of his friends, who knew
him as the writer has known him for
the last twenty-four years, his death
brings not merely a feeling of regret,
but brings and will always bring a
poignant grief and sorrow that wrings
and saddens the hearts of strong men,
even in the midst of the busiest scenes
of life.

But let us indulge in the firm belief
and beautiful hope that his life of
interest in men and their well-
being, his life of devotion to and
beautiful love of his friends, has
brought to him its just reward, and
that he has but been transplanted to
a brighter and better world to other
scenes of usefulness and of a labor
of love.

"Where none but the Master shall
praise us,
And none but the Master shall
blame;
And no one shall work for money,
And no one shall work for fame;
But each for the joy of working,
And each in his separate star,
Shall draw the thing as he sees it,
For the God of things, as they are."
A FRIEND.

K.M.S.— School Notes

Parents' Day was observed in the
Kerrville School last Wednesday.
Many visitors came in response to the
invitation.

The Third Grade exhibit consisted
of art works done by the pupils, the
subject of which was Holland, that
country being the March geography
study.

The Sixth Grade pleased their
visitors with a Victrola concert and
some of their own musical selections.

After the meeting of the Parent-
Teachers' Association the members
adjourned to the Domestic Science
room, where the Second Year girls
served delicious sandwiches and cof-
fee, and also displayed the handiwork
recently finished by the First and
Second Year girls.

The subject of the Second Grade's
composition last week was "The Work
of the Wind." The following was
written by a little girl, whose eighth
birthday was in February:

"The wind flies kites for children.
It dries clothes for us. You know
how the wind helps the sailors at sea.
It blows the sails so the boats can
go. The wind blows water to where
it is dry. It cools us. It scatters
the seeds so the flowers will not grow
up too close together.
"The wind blows fruit and nuts
from the trees for us. It blows the
dead leaves down and they keep the
roots and seeds warm in winter. The
wind helps to dry the ground after a
rain. It blows the bad air and trash
away. It helps the windmill to pump
water from the ground, too."

K.M.S.—

If one of the Pilgrim Fathers, when
he stepped ashore on Plymouth Rock
after the Mayflower had anchored, had
invested \$100 in War Savings Stamps,
had they been on sale then as they
are now at all banks and post offices,
his heirs today would have more than
\$15,000,000.

We learn that Superintendent-Elect Franklin is to visit the University of California and probably other schools during the approaching Summer to take special work in methods and management.

J. F. Key and family, newcomers from Sonora, moved in Monday and took possession of the Masterson Ranch on Kelly Creek, which Mr. Key recently purchased. The place is fourteen miles from town.

The many Kerrville friends of John B. Williams, formerly a resident here but now employed in a shipyard at Rockport, are sorry to hear that Mr. Williams recently sustained painful hurts to his back in a fall from a scaffold in the shipyard.

As will be noticed elsewhere in these columns, President Schreiner and Secretary Real have called the stockholders of the West Texas Fair to meet Saturday, March 27, to discuss matters of urgent importance to the Fair Association and to the community.

Fire broke out in the school building at Harper during recess on Monday, March 8. The children saw smoke issue from beneath the ceiling and gave the alarm. Help arrived quickly and the fire was put out in short order, but desks and books were considerably damaged by water. The Harper school was closed for repairs during several days. The fire very likely originated from a faulty flue.—Fredericksburg Standard.

Ford

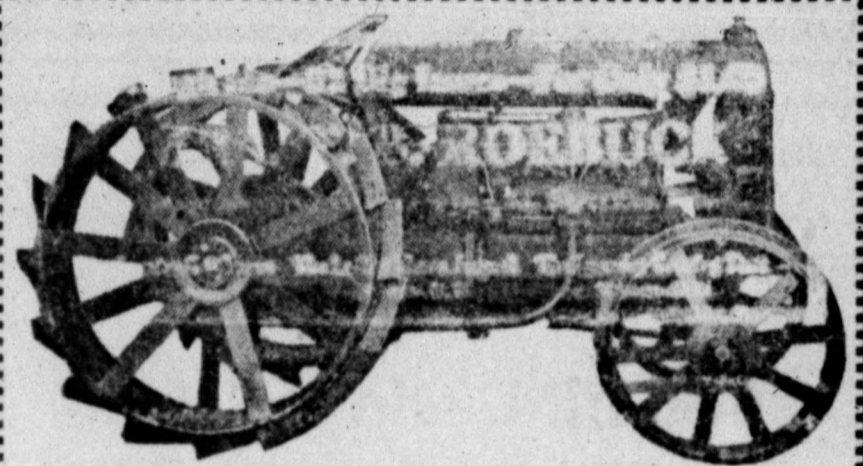

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3½-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

LEE MASON & SON

Authorized Sales and Service KERRVILLE, TEXAS

THE "FORDSON"

FORDSONS are going to be scarce this Spring. The scarcity of material and labor and the tremendous demand for Ford Cars and Tractors will cause us to run at least three months behind in our orders. The FORDSON, with its speed, is the greatest machine for reaping on the market, so place your order early and have yours in time to be of use for that purpose.

German Government has agreed to abide by the Treaty. Now all there is to do is make them do it.—Brooklyn Eagle.

It's not what you make, but what you save that counts. Are you getting ahead or slipping behind? War Savings Stamps are pretty good non-skid chains.

Hon. J. E. Grinstead and daughter, Miss Bessie, of Kerrville spent from Saturday to Tuesday visiting Junction friends. While here they were guests at the homes of Dr. R. H. P. Wright and J. D. Motley.—Junction Eagle.

Sergeants Forsythe and Brown of the recruiting party, whose stay here is drawing to a close, have received authority to enlist men for one year for the Construction Division of the Quartermaster Corps, no prior service required.

We sometimes imagine a newspaper man is kept pretty busy till he happens to see County Agent Quintal's coat-tails flying up the road "going from here to yonder," and then we decide we've got a soft snap. Quintal is as busy as the proverbial cranberry merchant or the old hen with one chicken.

One big union? What's the matter with the United States?—Minneapolis Journal.

"Nine-tenths of getting ahead consists of laying something aside."—John Wanamaker.

-How many War Savings Stamps did you get for yourself last month? They are \$4.13 a piece in February and worth \$5.00. The wise person puts away a little fund where it will be safe, snug and ready for use. Be wise!

Too much wishbone and not enough backbone is a bad combination. It takes backbone to save; wishbone won't get you anywhere, but Thrift Stamps and War Savings Stamps will if systematically purchased.

Ask your boy or girl about the Thrift-Savings Survey to be made in his school. Get interested in his financial education or her economic training, and you won't have to worry about your "young 'uns'" future.

State Agent M. T. Payne, District Agent R. W. Persons and County Agent W. P. Weaver of Kendall County were here this week for a three days' conference with County Agent Quintal, with regard to agricultural and live stock interests in this section.

The safe for the new First State Bank of Rocksprings arrived and was unloaded in the temporary quarters in the jail Saturday evening. It had been at Kerrville for some time. It is the latest in bank safes, and weighs toward 4,000 pounds.—Leader, Rocksprings.

ABREVIATED FICKSHUN
 Written for The Mountain
 Sun by A. Podger.

Not so abbreviated, either.
 I dropped into Uncle Milo's place of business the other day and picked up the following:
 "Nope, Sim Rogers, I ain't goin' to pay no bills this month, and for why? Listen, I'll try to make it plumb clear to you. I've got money in the bank, but I don't know whether it's mine or not."
 "For five years I've been accused and abused, advised and admonished, audited and analyzed, badgered and bluffed, coaxed and cajoled, cornered and counted, cussed and coerced, demeaned and demoralized; demoted and demobilized and demolished; discussed and discouraged; entertained and exhortated and exhausted; expostulated and exposed; fanned, favored and fussed at; gouged, gorged and gutted; hurrahed and harassed; humored and hampered; hounded and humiliated; instructed and invoiced; implored and impressed; impeded and impoverished; judged and jawed; jollied and justified; kicked and kidded; licked and laughed at; looted and lamented; massed and massacred; mauled and muled; misspelled, mistaken and misunderstood; misappropriated and misinformed; noted and numbered; notified and negated; opposed and oppressed; orated and originated; organized and ordered; posed and pictured; praised and patrioted; picked out and picked at; pulled and pushed; pitted and pampered; protected and pounced upon; pestered and posted; questioned and quoted and quizzed; quieted and quelled; reprovved and reported; ranted and raved at; raised and reduced; smiled and sneered at; slammed and saluted; sorted and selected; silenced and subjugated; teased, tormented and taxed; talked to and talked about and taxed; tickled, touted and taxed; urged and upset and taxed; uninvited, uninstructed and taxed; volleyed and volumed and taxed; visited and voted and taxed; verified and vetoed and taxed; wrighted and wronged and taxed; worried and worsted and taxed; warned and wanted and taxed; 'xalted and 'xplained to and taxed; yammered and yapped at and taxed. 'Til finally I'm plumb zeroed and taxed.

"If the money in the bank is mine I don't know it, and you don't know it, and nobody don't know it. The best I can say is maybe it is an' maybe it ain't. Any way I ain't takin' no chances; I'm bein' taxed; I ain't sellin' goods no more, I'm just passin' 'em over the counter to be taxed; I owe you three hundred or so, and I'm bein' taxed; if I pay you I'll be taxed, an' if I don't pay you I'll be taxed, an' any way you look at it you'll be taxed."
 "I know there's a chance of me gainin' to jail, but I'll be taxed. If I buy, I'm taxed; if I sell, I'm taxed; if I sow, I'm taxed; if I reap, I'm taxed; if I make a noise like doin' something, I'm taxed; if I'm silent like a hold-out, I'm taxed."
 "If I keep on living I'll be taxed, and if I commit susanside my inheritees will be taxed. I'll tell you what I'll do with you. You fill out this here tax schedule an' I'll for-give you what I owe you, but I'll sure be taxed."
 "I thought so! Neither can I, neither can Podger here, though he thinks he's somebody cause he's been to college and New York, and all over God's country. An' he ain't taxed. He borrows off'n me an' I get taxed; he pays me an' I get taxed. He's spoon-fed that's what he is, Sim, an' that's what makes him 'xempt, I reckon."
 "No sir, this here business is mine maybe, 'cause it ain't nobody else's Nobody's claimed it, anyway. It's taxed minutely, hourly, daily, weekly (not w-e-a-k-l-y), monthly, quarterly semi-annually and annually (that long eared kind of annually, you know); it's taxed up and down, in and out crossways and between and other ways not yet complainable or explainable."
 "It's a glorious, grand and interesting puzzle—this runnin' a business and runnin' to form—an' nobody, expert or simple, knows the answer or the way out. There's no certainty and no uncertainty about it. You do and you don't; it's up to me and it's down to me, an' I'm taxed."
 "There's only one acceptable way out of the mess. It says you can go to jail, or rather be put in jail. I reckon if it was fixed so you could go to jail of your own accord I'd be taxed to build a new jail, and any way I'd probably find a schedule of taxes pasted on the wall."
 "Say, Sim, do you really need that money? Well, I'll write you a check. Come to think of it, I got a hundred cents for every dollar, and I'm tellin' you I'm payin' you back in fifty-cent dollars."
 "Now git along about your business if you got any. Podger, you sit down here and I'll beat the daylight out o' you at a game of checkers, even if I'm taxed for it."
 And he went an' done it, too.

BUILD NOW!
 "Production Depends on Construction."

U. S. Department of Labor, W. B. Wilson, Secretary.
 Cutting down production, producing less food, less clothing, less fuel, never has and never will reduce prices. Increased production is the answer to the question of how we can reduce living costs.
 We must have production if we are to have lower living costs. In modern industry production is stimulated by construction. Building is a basic industry. If you build a home you make business for more than a hundred correlated and contributing industries. Each building erected sends its wave of demand through the industrial organization, from the ditch diggers to the bank presidents and back, and, by way of pay envelopes, to the ditch digger again.
 An immediate resumption of building activities will do more than any one thing to stimulate general business and accelerate the transition of industry from war demobilization to the peace normal.
 Construction stimulates production—it creates the demand—and production must increase until it reaches the volume production necessary to decrease unit costs before prices are lower.
 Assist business and serve your own and the Nation's interests—**BUILD NOW.**
 —K.M.S.—
 (First Publication, March 19)
 Notice by Publication in Probate

THE STATE OF TEXAS.
 To the Sheriff or Any Constable of Kerr County, Greeting:
 You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county) at least once a week for two consecutive weeks previous to the return day hereof, copies of the following notice:
 The State of Texas:
 To all persons interested in the Welfare of the Person and Estates of Solon and Lillian Crider, Minors.
 Mrs. M. M. Crider was by the County Court of Kerr County, Texas, on the second day of February, A. D. 1920, duly appointed Temporary Guardian of the persons and estates of said Minors, which appointment will be made permanent, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in May, A. D. 1920, the same being the third day of May, A. D. 1920, at the Court House thereof, in Kerrville, Texas, at which time all persons interested in the welfare of said Minors may appear and contest such appointment, if they so desire.
 Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.
 Given under my hand and the seal of said Court at office, in Kerrville, Texas, this fifth day of March, A. D. 1920.
 JNO. R. LEAVELL,
 Clerk, County Court,
 Kerr County, Texas.
 By W. A. LOCHTE, Deputy.
 —K.M.S.—
 (First Publication March 12)
 Administrator's Notice

The State of Texas, County of Kerr:
 To those indebted to or holding claims against the Estate of W. G. Bacon, Deceased:
 The undersigned, having been duly appointed administrator of the Estate of W. G. Bacon, Deceased, late of Nevada County, California, by the Judge of the County Court of Kerr County, Texas, on the 9th day of February, 1920, during a regular term thereof, hereby notifies all persons indebted to said Estate to come forward and make settlement, and those having claims against said Estate to present them to him, within the time prescribed by law, at his residence on his ranch, in Kerr County, Texas, about thirty-eight miles west of Kerrville; Hunt, Kerr County, Texas, is where he receives his mail.
 This, the 8th day of March, 1920.
 CHARLES LEINWEBER,
 Administrator of the Estate /
 12-4c of W. G. Bacon, Deceased.

These Tires Are a Revelation
 The Brunswick is frankly a combination of the best in tire building.
 There is one tread that's supreme beyond question. And that is now on Brunswicks.
 There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.
 Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.
 There are certain additions; each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.
 There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.
 Brunswick standards are known 't the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.
 Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

REVIVAL TO CLOSE SUNDAY EVENING

EVANGELIST FLOWERS

MRS. FLOWERS

Two weeks' very earnest evangelical work in our midst will close with next Sunday evening's service at the Methodist Church.

Evangelist Flowers, faithfully assisted by Pastor Houts and during the second week by Mrs. Flowers, has placed the Gospel before all who would come to the services and give him the opportunity. He is a most earnest and forceful preacher, and his messages have made plain the way of eternal life, and has faithfully discharged his duty. Don't fail to hear him and Mrs. Flowers in the remaining services.

THE "Y" DOES A GREAT WORK ALL WAY 'ROUND

That "teamwork" is highly essential to success in business, as well as to the winning of baseball league pennants, is coming to be more recognized every day.

Along a similar line—following the old adage that "two heads are better than one"—there is a tremendous increase every year, among leading industries, professions and trades, in conventions and conferences of the give-and-take kind. This experience-exchange program is also being carried on extensively in trade magazines devoted to practically all main lines of business and professional activity.

Both intensive teamwork and exchange of experiences on a wide scale are carried on—constantly in State Y. M. C. A. work, which is given credit for aiding extensively the production of bumper crops along with building character, cheer, happiness and Americanism.

In Kansas, for example, one of the secretaries of the State "Y" organization is a man trained scientifically in rural problems, who organizes county associations and studies constantly the needs of small towns and country communities, where fully half of the State's 500,000 young men and boys live. And the Kansas "Y" is always proud of the Kansas prize wheat crop.

The State office there, as in other States, also maintains a State clearing house for experiences, ideas and information; a department to recruit strong men for the ministry; a high school secretary for the benefit of the State's 15,000 high school boys; association work among 7,000 college men and hundreds of railroad men, and "local" associations in cities and separate industrial communities.

In Colorado, in addition to all the regular lines of State work, the association has the extra benefit of a secretaries' Summer School in Estes Park. Connected with this school for post-graduate study are the Western student conference and a Summer School for country pastors, both of which contribute valuable ideas and personal contact, bringing out a vast fund of practical information based on "the other fellow's" experience.

Through its staff of secretaries, every State "Y" organization carries to each local association the best of plans and experiences, and also sends out secretaries to help establish community organizations. Besides, there is the backing of business and professional men who serve as State directors, who put time, wisdom, money and zeal into the work, and who have their own personal pride of achievement wrapped up in its success.

—K.M.S.—

On February 29th, in the living room of Dr. Thompson's Sanatorium Dr. Dickey performed the marriage ceremony of Miss Zora Stubbs of Ennis and Earnest Frazier of Beaumont. Miss Jennie Martin of Houston was bridesmaid and Guy Moses of Richmond acted as best man. The living room was beautifully decorated in Southern smilax and roses. Mr. and Mrs. Frazier will stop a few days in Beaumont on their way to their future home in Dallas.

—K.M.S.—

An Eastern contemporary recently printed the heading, "Senate Orders Probe of Leak." Probing a leak usually makes it bigger.—San Francisco Chronicle.

OUR FARMERS ARE URGED TO PLANT MORE FORAGE

Dallas, March 18.—Figures issued recently by the United States Department of Agriculture on crop production and acreages for 1919 are of the utmost importance to the country as a whole and especially to the South, according to a statement of D. N. Barrow, agronomist of the Texas Industrial Congress. The general prosperity of the United States during the past year has been unprecedented, and is due chiefly to the value of its crop production amounting to a grand total of more than fifteen and three-quarter billion dollars. Of this tremendous sum fifteen Southern States, embracing the cotton belt, contributed over seven billion dollars.

"While there has been an increase in the value of the cotton crop, this increase has not been in proportion to the total increase," Mr. Barrow says. "The actual gain has not come from cotton but from the increased acreage yield of other crops as compared with 1918. There was in the South in 1919 an increased production of 207 million bushels of corn; 46 million bushels of wheat, and 32 million bushels of oats. For the rest of the country, outside of the South, the gain in corn was about the same but there was a loss in the yield of wheat of over 26 million bushels and 418 million bushels of oats. These figures are significant in that they point the road to true prosperity. As long as cotton remained the chief crop of the South it made a poor showing with other sections and was far outstripped in the race for accumulated wealth. But as soon as it turned attention to other crops, it forged ahead with astonishing rapidity.

"It is inconceivable that our people can fail to take this lesson to heart, but just now is the turning point. Though the tremendous prosperity of the country last year is traceable directly to other crops than cotton, and almost entirely to the production of grains, yet, owing to various causes, there is just now grave danger of slipping back into the old and demonstrated unwise policy of making cotton the dominant crop during the coming year. Already the falling off in the acreage of grain planted is alarming—being 25 per cent for the whole country and 900,000 acres for Texas. In some of the States it is still possible to at least partially retrieve this lost acreage by Spring planting of small grain, but for Texas the opportunity is gone, except it be made up by greater acreage of corn and similar grains.

"Despite the fact that it is still relatively the cheapest agricultural commodity of the South, the price of cotton, when its other apparent advantages are considered, appears dazzlingly high and it is going to take a stiff upper lip to resist the temptation of putting extra acres in this crop. Yet we know it is unwise; we know we will not have the labor to handle the crop; we know that with the shortage of grains already apparent that the prices of both food and feed are going to be even higher during the present year than in 1919; ordinary wisdom should warn us against committing this error. Again, the very conditions that have prevented our keeping up our small grain acreage have at the same time largely assured us of unusually good crops of corn and forage this Summer. Seldom has Texas gone into a Spring planting season with so great a prom-

Trails to Two Moons

Do you like a story of the sort that's called "red-blooded"? Of the big, open country, of men who fight for right, of life and death, of women who love sometimes not wisely but too well? A romance full of thrills and adventures? You do? Then subscribe now for

The COUNTRY GENTLEMAN

and start with the first installment of Trails to Two Moons. It's a story that is like THE COUNTRY GENTLEMAN itself—big, outdoors, vital, throbbing, virile.

Within the past two months there has appeared in THE COUNTRY GENTLEMAN a splendid complete novel that you will pay \$1.75 to get in book form. Folks who subscribed for a year two months ago have read that story; they will read Trails to Two Moons, and four or five other novels to follow for

only \$1.00. If that isn't a bargain I don't know one. And, better still, these stories are extras in THE COUNTRY GENTLEMAN. All the rest of its many pages each week are filled to overflowing with farming, farming, farming. Read it! Get to know it! Let it help you make more money! Buy it TODAY!

CASH-AND-CARRY GROCERY

Old Homestead Coffee

Our customers, who have been using OLD HOMESTEAD Coffee, will all agree with us that it is absolutely, without exception, the best coffee on the market (Mark that expression, we said BEST. We do not claim that it is merely as good). It has a better flavor and it takes less of it to give the desired strength.

The only complaint has been that it was too high in price. The customers who are using it will be glad to learn that we have decided to cut the price to 60c, the same price you pay for any other high grade coffee. By doing this we make a smaller profit on it than on any other high grade coffee we handle, but we are going to get our profit in the friends it will make us, and we want you, reader, to be one of them.

The next time you want coffee, just remember the name, OLD HOMESTEAD. It will cost you the same as any other high class coffee you have been using, but you will like it better, and it will take less of it, so don't fail to try it.

However, don't forget that we also have CHISCA, MAXWELL HOUSE and SUNSET Coffee. You know them and know the quality, so if they are what you want, this is the place to get them.

If you have children in your family, or if you have friends or relatives who have children, be sure to save the coupon letters from the SUNSET Coffee until you have enough to spell the word "S-U-N-S-E-T" and get a beautiful bisque doll free.

DO YOU LIKE TO GO FISHING?

You know, to a good sportsman, Shakespeare means something far more meaningful than "Hamlet" and "The Merchant of Venice." Your true angler may not know how Othello won Desdemona with wild and thrilling tales, but he could undoubtedly go the Moor one better with his stories of how he landed 'em one after another with Shakespeare fishing tackle. For he knows that Shakespeare means first, last and all the time the best tackle—the smoothest-running reels—the most dependable line—the luringest bait. To go fishing with Shakespeare stuff means that—if the weather is right—and the season is on—and you're not an utter boob—you're BOUND to get the biggest bass in the hole.

And Who Carries Shakespeare Tackle?

REACH AGREEMENT ON DRY LAW ENFORCEMENT

Austin, Tex., March 16.—At a conference here today State and Federal officers adopted a plan of action for enforcing the prohibition laws, which they believe will remove all danger of friction. Where the State and Federal laws conflict, it was decided that the former shall take precedence except in matters affecting the courts or where complaints may be filed under the Federal enforcement act. Information obtained by State officials is to be available to Federal agents and vice versa.

The conference was attended by Federal Prohibition Director Clifford Breckham, Federal Inspectors Allen Bailey of the Dallas District; Morris A. Moore of the Houston District; and Aubrey T. Stell of the Texarkana District, State Comptroller Mark L. Wington, R. V. Nichols, agent of the Attorney General's Department of Texas, and R. H. Hoffman Jr., Texas Food and Drug Commissioner.

Warning was issued to those Director Breckham termed "bootlegging doctors" and "bartending druggists" to find other avocations.
