SANATORIUM LOCATED ON POTTER BROWN PROPERTY BELOW TOWN

Sap Has Agreed to Build Spur to Site Within Week and Construc- tion Will Be Rushed.

The following letter, received late Wednesday evening, from Dr. C. W. Goddard, chairman for the Locating Committee of the Benevolent War Risk Society, is self-explanatory:

"In locating the Sanatorium for Tuberculous Soldiers on the Potter Brown property of 740 acres, the Locating Committee for the Benevolent War Risk Society wish to acknowledge with gratitude a cash donation by the citizens of Kerrville of approximately \$7,500.00.

"In selecting this location we have done so without bias, and after going thoroughly into every phase of the situation and every purpose to be served. The decision to locate this Sanatorium on the property selected has not been guided by the donation, wish or advice of any man or group of men. We have kept before us one purpose, namely, the interest and welfare of our unfortunate soldier boys. With us their interest comes first. The proper care of these boys and their restoration to health, happiness and usefulness is the answer to our decision and to all of our labors.

"The location of the Sanatorium on this tract of land through which the railroad passes will enable us to have our own spur and to erect the Sanatorium much more rapidly than we otherwise could. A conference has been held with the railroad officials this afternoon and they have agreed that this spur shall be put in within the week. By this arrangement we can push to completion with greater rapidity than had another site been selected.

"C. W. GODDARD,

"Active First Vice President and Chairman Com., Benevolent War Risk Society."

TRADE AT HOME

A review of Community Development is always of interest to the people of the Community. This is particularly true if the Community is Progressive and its people are Boosters, Community Builders—loyal men and women who have the welfare of their Community constantly in mind. That Community, because of its staunch, whole-hearted support, advances, achieves high standards, and accomplishes works of Community building that give birth to righteous pride among its people.

Despite the many monuments to Community Progress that daily gladden the hearts of loyal citizens in Kerrville and brighten the eyes of strangers in our midst, a review of our development for the past few months discloses a number of serious faults.

Of these, the most glaring weakness of our Community support and the one most vital to Community Progress is the fact that many dollars were sent away last year to the big mail order houses of Texas and the Northern States. That huge amount, from which a large percentage should have been turned into Community Building at home, was completely lost to the Community.

Buying Away From Home is becoming a serious problem. It threatens the very life of a Community in which it is permitted to reach such pretentious bounds. The Mountain Sun and the Home Merchants of Kerrville feel compelled to take action against such a custom rampant among our good citizens. We believe that the Home Town and Home Town Activities deserve first consideration from Home Town people.

For that reason, The Mountain Sun, supported by loyal, Home Boosting Merchants, is launching a Trade at Home campaign. The campaign will be educational, we believe, to people Trading Away From Home. It will be featured by Trade at Home advertising and specially prepared Trade at Home talks and letters, and will cover a period of ten consecutive weeks beginning with our issue of April 16. The purpose of the campaign is to show why people should Trade at Home; why, in the long run, they receive more for their money many times over than they do by patronizing catalogue houses.

Watch for our Trade at Home page during the next ten weeks. It will have a message for you.

AMERICAN LEGION POST COMPLETES ORGANIZATION

Garrett-Baker Post No. 13, American Legion, held a good meeting at the Court House Tuesday evening at 8 o'clock and completed its permanent organization, electing officers as follows: Post commander, Dr. John Dee Jackson; vice commander, Dr. J. E. McDonald; secretary, Will Garrett; finance officer, Mark Mosty.

Matters of interest to ex-service men were discussed, and another meeting was appointed for Tuesday evening, April 13, at 8 o'clock. To this meeting all members and those eligible to membership are invited, and all ex-service men of Ingram, Center Point and other communities are urged to be present. It is hoped that with the co-operation of all Kerr County men eligible for membership, a good strong Post can be maintained and be of more real service than several smaller Posts scattered over the county.

Garrett-Baker Post enjoys the distinction of having a real good-luck number, "13," the old superstition about that being an unlucky number having been long ago knocked into a cocked hat.

The Mountain Sun suggests that the community will be doing itself an honor to co-operate in every possible way to make Kerr County's Post of this great organization a success.

K.M.S.

DR. McDONALD'S PAPER BE- FORE PARENT-TEACHERS' CLUB

(The following paper was read before a recent meeting of the Parent-Teachers' Club and its publication requested by that organization.)

My subject today, "The Might of a Nation Is Represented by the Health of Its Children," is of vital importance to every person in the country. By keeping it constantly before the minds of the parents and teachers and all who in any way help to shape the destinies of the child it will undoubtedly result in a stronger, better and more efficient race of people.

One cannot lay too much stress upon the great importance of safeguarding the health of the children. A nation is, fundamentally, a league of individuals bound together, under appropriate laws and governing factors, for their mutual benefit and protection. In order to maintain a nation of the foremost rank, it must be composed of individuals of a healthy, vigorous and progressive nature, both morally and physically. We know that a chain is only as strong as its weakest link. Hence each and every link of our Nation should be tried and not found wanting in any respect.

A man physically or mentally below par is incapable of handling the massive problems which confront our progressive people today. One cannot direct, or even take an active part in the problems of today from a wheelchair or the sickbed. Every one of us has a voice in the selection of our Nation's leaders and all should be qualified to make a choice which will aid in placing our Nation in the foremost ranks of all.

No greater need for physically progressive and mentally capable men has the world ever known than was seen in the great war that has just ended. Seemingly physically perfect men broke down under training for army or navy, showing some inherent weakness for which the individual himself was not to blame and which could have been prevented by proper training and attention during their childhood. Their early environment and their parents' indiscretion in rearing them had sapped their vitality without leaving any signs which could be detected, but which nevertheless existed, and the extra strain of the emergency brought it out only too plainly.

Many other men were rejected for service at once for physical unfitness, much of which could have been prevented by careful and proper attention during their childhood. Grown-up, they are physical and, in many instances, mental wrecks and incapable of facing the world alone.

Now let us get to the bottom of this subject and see if we cannot improve this deplorable condition of affairs by eliminating some of the causative factors. The child, in the home and up to school age, is practically wholly under maternal care and guidance, so the burden lies almost wholly upon the mother's shoulders.

Only too often the mother, overwhelmed in trying to ward off disease

(Continued to Last Page)

ONE THOUSAND BOYS ARE EXPECTED TO CAMP HERE

San Antonio Light.

One thousand boys probably will attend the Y. M. C. A. boys' camp at Kerrville, June 8 to 18, according to J. Floyd Smith, boys' secretary, who said that arrangements are being completed for the Summer outing and urged boys desiring to attend to make their applications at once. They have until June 4 to file them, but it is desired to know as far in advance as possible just how many boys are to be counted upon.

Discipline at the camp will be largely under the direction of the boys themselves. A boy leader will be appointed for every eight boys, and he will see that every boy has a good time. Honor emblems will be awarded each morning to the boys having the cleanest tent and equipment. Trips over the mountains, and swimming in the Guadalupe River will be indulged in, and at least one day will be spent in Kerrville. The rules of the camp are simple, and the director will supervise all activities.

Reservations for the camp may be made by boys depositing \$2 as a nucleus of a saving fund of \$12, the dues required to pay for food, tent transportation and meet other expenses of the camp. The "Y" has developed a savings plan. Mr. Smith said, whereby it is hoped to make easier the raising of the expense money by the boys who will attend the camp. Several hundred boys have already "signed up."

K.M.S.

OPENER FOR 1920 SEASON WON BY KERRVILLE ATHLETICS

The large crowd of enthusiastic fans, who witnessed the opening game of base ball on Easter Sunday, were a bit surprised to see the Athletics open their 1920 Base Ball Campaign in regular mid-season form, by defeating the Ordinance Cubs of Camp Stanley by the score of 7 to 2. The Ordinance Cubs are considered one of the strongest military nines of the surrounding camps, and they put up a stiff fight to the end, and the game was a thriller featured by star plays on both sides.

Pitchers' Duel of the soldiers and Al Manny of the locals, both pitched creditable ball, each whiffing twelve slug'ers. Manny received a little better support, while his team-mates aided him materially with brilliant stick work in pinches.

Among the features of the game was the fine work of "Red" Houston the peppery received of the visitors and a home run in the sixth inning by "Lil' Bennie" Holehak, Kerrville's new budding short-fielder, while Pitcher Manny gained fame on offering the latest style in handling pop flies (fair four or any other kind).

Remember that Kerrville is after the amateur pennant of the State this season and who ever saw Kerrville fail to come through? At this time we are unable to say what club will try its luck against the speedy Athletics coming Sunday, but watch for the announcement later.

They all say it was the best opening game ever staged in Kerrville and we are sure that each game will be just a bit better, because we've got the goods this season. You can't afford to miss any of our games. The box score of the first game follows:

ORDNANCE CUBS

Score:	A. B. R. H. O. A. E.
Wright, rf.	4 0 1 0 0 0
Houston, c.	4 1 2 13 2 0

BANDERA'S FIRST TEST SPURRED IN WITH PICNIC

Bandera New Era.

The spudding in yesterday of Bandera County's first oil well, the Rex Oil Company's Adamietz No. 1, three miles south of town, marked the biggest event that has ever occurred in this county.

Notwithstanding the threatening weather, people began coming in to the picnic early and they came from all the adjoining counties. The crowd was estimated at from 1,200 to 1,500.

After a fine dinner was partaken of, Head Driller Chas. Beasley announced that the drill was ready to start and the big crowd flocked to the derrick to see the first oil rig start up. The machinery moved off smoothly and the big rotary drill began turning slowly, then more speed was turned on and down went the big bit so fast that its progress was easily perceptible to the eye. A depth of about forty feet was soon reached when the machinery was stopped to put in the first casing.

After this the crowd went over to the goat pen to witness the goat roping. In this contest there were ten entries and they gave the big crowd some good entertainment. Booker Davenport won first prize, tying his goat in 28 seconds. Harley Eckhart was second, 35 seconds; then in order were Ed. Mansfield, 38; Bob Davenport, 48; Ike Stevens, 48; C. Rodriguez, 55; Vic Saul, 58; F. Trejo, Henry Adamietz, John Olliff and Herschel Lewis failed to catch their goats. Some of the best ropers had bad luck in having their goats turn back into the crowd, or they would have made much better showing.

The crowd was then given an exhibition of real Wild West bronco busting. Charles Ross mounted a bad looking big horse which for a few jumps got down to real business, but Charley soon had him tamed. Next was Raymond Cravy, who had a real nifty bronco, but after a few rounds Raymond came out on top. The last was John Graham, whose bronco downed his head and made a few bucks and proved to be a better racer than a buckaroo, but John stayed with him.

The balance of the contests were omitted on account of the threatening weather, except the base ball game. The single and married men watched a dandy game and played 2 to 1 in favor of the married men at end of the fourth inning, when they were rained out.

There were a number of prominent oil men present to see the well spudded in, and all expressed themselves as well pleased with the rig and the prospects for a real oil well. It was altogether a happy crowd and the day was well spent.

K.M.S.

Messrs. Louie Adams and Max Fritsch, representing the Associated Advertisers of Fort Worth, are in the city this week arranging a ten-weeks "Community Development, Trade at Home" campaign through the advertising columns of The Mountain Sun.

NEIGHBOR CITY HONORS CITIZEN OF KERRVILLE

Junction Eagle.

In response to a call made by Hon. Coke R. Stevenson, County Judge, and Hons. J. N. Hodges and Roy Blackburn, school trustees, a mass meeting was held at the Court House in Junction, Saturday, March 27, at 2:30 o'clock.

After the meeting was called to order by Judge Coke R. Stevenson, who gave a brief explanation of the purpose of the meeting, the subscription list was started by sixteen of our citizens subscribing one thousand dollars each, followed closely by other subscriptions that amounted to approximately twenty-five thousand dollars. There was only a small representation of our good school enthusiasts present at this meeting, and needless to say that Junction is going to have the most modern school house in Southwest Texas.

In addition to the school building contemplated by our citizens, adequate laboratories, auditorium and library in keeping with this up to date school building, will be installed.

This building will leave all of the proceeds of the district school tax to be used for the hire of teachers.

Action is what counts and to anyone who is in doubt that Kimble County is going to be among the best in our section of the State, we call your attention to what we have done. In the past twelve months we have raised two hundred and fifty thousand dollars for good roads and are going to raise one hundred thousand dollars to erect a High School at Junction. All of these subscriptions will be paid within sixty days. You can come to see us over a hard-surfaced road and send your children to the best equipped high school in Southwest Texas by next harvest time, as April 6 is when our road bids will be let to contractors.

To the best friend that West Texas has and more especially Kimble County, that great philanthropist Capt. Charles Schreiner, the citizen of Kimble County and their posterity owe an inestimable debt of gratitude. We are going to partially emblazon our appreciation by naming our school the "Charles Schreiner High School," not that we believe this sufficient to repay him for his generous gift toward its erection, but as a monument to the greatest act that has ever come to the people of Kimble County.

All interested, see Oren C. Reid, W. P. Riley or Coke R. Stevenson.

K.M.S.

School Trustee Election

The present School Board was endorsed last Saturday by the re-election of Messrs. A. E. Self, Walter Coleman and T. C. Johnston, whose terms had expired, Messrs. John Ward, E. Galbraith, J. N. Ewing and J. D. Bowden holding over.

The election was entirely harmonious, not a ripple disturbing the placid waters. Kerrville knows when she's got a good School Board.

 The real perfect face powder, in the three desired tints. Has all the qualities Milady looks for in the higher priced packages. Try it and be convinced.
 One Box, 75c; Two Boxes, 76c

What is a One-Cent Sale? It is a sale where you buy an item at the regular price—than another item of the same kind for 1c. As an illustration: The standard price of Rexall Tooth Paste is 30c. You buy a tube at this price, and by paying 1c more, or 21c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A New Way of Advertising This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs money to get new customers, and the loss taken on this sale will be well spent if the goods please you.

Household Remedies and Toilet Goods

30c Rexall Cold Tablets, 2 for 31c Thirty tablets in each box. They do wonders toward breaking up a cold.	30c Peroxzone Vanishing Cream, 2 for 31c Just for a friendly tip, we mention sunburn and freckles.
30c Rexall Liver Pills, 2 for 31c Each package contains 190 pills. Every one guaranteed safe, sure and laxative.	90c Milk of Magnesia, 12 oz. bottle, 2 for 91c 12 uses are known. Do we need to say more than Riker makes it?
30c Rexall Eye Wash, 2 for 31c A full ounce bottle. Very efficient and soothing for all eye troubles.	35c Spring Tabs, Riker's, 2 for 36c Just as effective in June as in April if you are in need of the old-fashioned Sulphur and Cream of Tartar combination.
25c Rexall Baby Talcum, 2 for 26c A large-sized can just made for baby. Baby just can't be happy without it.	\$1.00 Bouquet Ramee Face Powder, 2 for \$1.01 Soft, delicate, pleasing to all. Just admired by the ladies because it adheres to the skin. White. Flesh Brandy.
35c Rexall Cherry Bark, 2 for 36c Undoubtedly America's best known and largest selling cough syrup. Pleasant to take. 4-ounce bottles.	\$1.00 Petrofol, Riker's, 16 oz. bottle, 2 for \$1.01 A mineral oil preparation to correct constipation. An enemy to chronic cases.

CATHOLIC CHURCH NOTES

By Father Kemper

As far as it was possible, the impressive ceremonies of Holy Week were carried out at St. Mary's Parish and were well attended on every occasion. In fact, on Maundy Thursday the number of communicants alone touched the hundred mark. According to the first quarterly statement for the current year, speedily published by The Mountain Sun press for distribution on Easter Sunday, we have had a most successful Lenten season, not only in the American congregation but particularly so in the Mexican Church. The number of Easter duties made during Lent is over one hundred in excess of the total for the whole paschal period till Trinity Sunday in 1919. At St. Mary's the increase was forty, and at Our Lady of Guadalupe it was about seventy, mostly among elderly men and women who had not gone to the holy sacraments for many years. Of these there were eight who made their First Holy Communion. Besides ten marriages, there were numerous neophytes who through the waters of regeneration were received into the fold of Mother Church.

Nor must we ignore our little negro flock, which is now too conspicuous to be disregarded. Credit for this wholesome growth is due to the missionary love of our good Guadalupe Sisters, as well as the unanimous cordial feeling among the Mexican parishioners.

The entire Guadalupe congregation celebrated Easter Monday with a "come-together" picnic and barbecue, about which further details can be supplied later.

No classes were conducted at Notre Dame on Easter Monday, primarily to celebrate the feast, and secondarily to permit the completion of some very attractive and helpful improvements.

Despite the sudden reversal to cold weather was below freezing after all stoves had been put in storage, we had a fine attendance on Easter Sunday at both parishes. The beautiful floral decorations of the high altar were due to the generosity of Mrs. Anthony Blum, who is spending the winter in our wonderful climate for her health. What this restorative atmosphere has done for her in so short a time makes her keenly anxious to see the memorial hospital for our brave soldier boys erected as quickly as possible, with the minimum amount of any local dissension. Having seen a great deal of this and other countries, she endorses the opinion of the State locating committee for the War Risk Benevolent Society that a more beautiful and suitable spot than their contemplated site, is hard to find in any part of the Union.

Miss Angeline Kemper went to San Antonio on Monday to take her two nephews back to St. Louis College, after their brief Easter vacation. Clarence Mosel went with them to the metropolis. His sister, Miss Hilda Mosel, spent Easter Sunday with her parents.

Wm. Tarrillon and his partner, Hugo Saetenfuss, were with their family in San Antonio on Easter.

John Goggan, a 16-year-old lad of the famous music house, had been associated with our parish several months under the alias of "Richard Fox" on a goat ranch. Last week his Mother learnt of his whereabouts and brought him home. Movie portrayal of cowboy life had lured him to the "Wild and Woolly West."

The Mexicans of Kerrville and vicinity held their annual "come-together" on Easter Monday at the banks of the Guadalupe near the homestead of Judge Dunbar, who very kindly permitted them the freedom of these beautiful picnic grounds. Over two hundred men, women and children put aside all other occupations for the day in order to make a first-class fiesta out of this big yearly event. Rafael Herrera, with the assistance of the Guadalupe faculty, managed the financial part in such a way that there was a superabundance of provisions and goodies, and not a cent had to be paid on the grounds for anything. Everybody was welcome and everything was free.

Within ten minutes after Easter services were concluded, more than enough money was voluntarily subscribed to pay for all the goats, bread, pickles, Mexican dishes, eggs, cakes, lemonade, ice cream, fruit and candies. Encarnacion Silvas and Guillermo Morales, as the most experienced cooks, had charge of the barbecue, and lived up to their reputation.

Mrs. Delfina Torres and Pablita Lemos Espinosa attended to the cakes and sandwiches. Ramon Castillo's task was to see that young and old had plenty of lemonade and ice cream all day long. Through the generosity of Miss Sue Robinson of Ingram and Mrs. Innocencia Juarez there were hundreds of hard-boiled and fancifully dyed Easter eggs which were scattered

in ornamental nests for the excitement of the children, who spent a busy afternoon looking for their rabbit. The young ladies of the parish made very attentive and obliging waitresses for the entire congregation and saw to it that no one could complain about not having been given all the eatables that their appetites craved. Nor could the weather-man himself be more favorable to any throng of picnickers.

The Notre Dame Sisters and the resident boarders were invited to this "dia de campo" and were so charmed that they determined on a similar treat for the American students and their parents before the close of the present scholastic term.

It was too cool for swimming, but very agreeable for boating and fishing, as well as for the many other field sports that the Sisters had scheduled for youngsters and adults in the famous pinata, a Mexican national game, the first prize was awarded to Carmen Torres.

When night pinned her curtain to the sky with a star, it was a happy, fraternal, tired and loyal Christian community that marched back to the Mexican settlement, where Easter peace and unanimity reigns undisturbed.

K.M.S. SCHOOL NOTES

As the close of school draws near, the combined efforts of teachers and students are for better work. Fine work in English notebooks is being done, and nine members of the Senior Class are preparing themes for the Liberty Bond Contest.

On Monday of this week the president of the Seniors called a meeting for the purpose of making further plans as to commencement costumes, decorations, etc.

The First and Third Grades enjoyed Easter hunts last Friday afternoon. The Domestic Art Class is arranging a nice exhibit for next Wednesday, at which time the Parent-Teachers' Club will meet.

Mrs. Tacquard and Misses Tiptot and Home spent last Saturday and Sunday in San Antonio.

In the Third Grade the following averages were made during the seven school months just passed: Florence Speckels, 95 2-3; Aubrey Lee Shelburne, 95 2-3; Edna Saenger, 95 1-6; Elizabeth Eastland, 94 5-6; Benjamin James, 94 1-3; Edna Heimann, 94 1-6; Imogene Ewing, 94 1-6; Walter Noll, 93 5-6; Chas. Ray Newman, 93 5-6; Otto Guenther, 93 5-6; Edgar Dietz, 93 2-3; Margaret Macdougall, 93 1-6; Little Miss Florence Speckels has the distinction of being the only pupil of this grade who has been neither absent nor tardy during the entire term. Edna Saenger has made the highest grade in department, Margaret Macdougall in writing and Imogene Ewing in reading, while Edna Heimann and Florence Speckels have made 100 per cent in spelling, straight through.

K.M.S. WOMEN GIVE OUT

Housework is hard enough when healthy. Every Kerrville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Kerrville woman's experience:

Miss Adele Michon, Tivey St., says: "I keep Doan's Kidney Pills on hand and whenever I have any sign of kidney complaint they are sure to give me relief. My kidneys were weak and I had attacks of backache and felt so tired and worn out, I could scarcely do my work. Headaches annoyed me and my kidneys acted irregularly. I used Doan's Kidney Pills from the Rock Pharmacy and they quickly stopped the backaches and regulated my kidneys. I depend on Doan's when I have any return of the trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Michon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

K.M.S. Parent-Teachers' Club

The Parent-Teachers' Club will hold its annual election of officers at the regular monthly meeting, to be held at 4 p. m. on Wednesday, April 14.

Every member of the club is urged to be present and participate in the election.

MRS. J. B. YOUNG, President.

N. H. Skaggs has received his Angora buck, "Nugget," which he purchased of Autrey Gist of Skull Valley, Ariz. Mr. Skaggs is among the leading goat breeders in West Texas and really knows a good goat when he sees one and he feels that the \$500 which he paid for "Nugget" is one of his best investments.—Junction Eagle.

Miss Gussie Mae Brown of Kerrville is the guest of Mr. and Mrs. Ernest Johnston—Gonzales Cor., San Antonio Express.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

The first gun is fired and the hosts of the Lord in Kerrville are now entering into their campaign to raise the indebtedness on the meeting-house of the First Baptist Church. At a meeting of the deacons Sunday afternoon the whole matter was gone over and plans were laid, and at the evening service Brother Procter presented the matter to the congregation, and the people entered into it enthusiastically. The members have been anxiously clamoring for the campaign for some time, for everybody wants to dedicate our beautiful church building free of debt, and they want to do it now. So into it now we go, all together for a sure finish. Everything worth while is done by prayer and prayer will put us over the top in this round-up. If we fail to pray we will sin against God and His cause and ourselves. If we do this thing right, every true Baptist will be in on it. We will make the thing unanimous, April, the 18th, will be the day of the glorious climax. Every member with his friends will be present. One of our prominent State leaders will be with us and help us swing over the top. It will be a day long to be remembered by the good people of our little city, so on with the battle.

Miss Faye Turley gave the members of her Sunbeam Band a pleasant outing down at Riverside Park last Saturday afternoon. It was in every way a success. Miss Faye did the thing up good and brown. She always goes in to win. The young folk love her very much.

The Sunday School program, arranged by Misses Dorothy Tacquard and Faye Turley and Mrs. Holt, was rendered at the 11 o'clock service last Sunday. The young people did well and the meeting was helpful, with \$20 given for missions.

A number of our people will attend the Regional Conference at San Antonio this Thursday. It will be a significant gathering.

The first of the Associational Rallies for our section will be held at our church next Sunday. Many of the preachers of the Medina River Association will be here and a feast awaits all who attend. Everybody is invited. Let's make it a red letter day.

State Sunday School Secretary Wm. P. Phillips will be in Kerrville to hold a Sunday School Institute May 23-30. We are expecting Bible School workers from all over the Association. Make your arrangements to attend every session. We want to make our Sunday Schools A-1.

- Reading, Ella May Burkhalter.
- "Joseph in Prison," Lily May Morris.
- "Joseph Entertains His Brethren," Roy Leazer.
- Song.
- Benediction.

K.M.S. IN MEMORY OF MEL. BERN TERRY BEARD

The hearse was driven to their door,
It brought a coffin white as snow;
Such coffins they had seen before,
But none that e'er concerned them so.

They took the cover from the coffin
And placed a snow white form inside;
They looked once more, it was the last,
On him who once had been their pride.

A voice then whispered from above:
I gave, I also take away.
It was their Father's voice of love,
Their consolation, hope and stay.

Their babe has only gone before,
He is safe at home on Jesus' breast,
Relieved from sorrow ever more
And soon with him they'll sweetly rest.

They by the empty cradle knelt
And out their chastened souls in prayer
A stronger tie to Heaven they felt
Because they know their babe was there.

A FRIEND.
—K.M.S.—

PRESBYTERIAN CHURCH

W. P. DICKEY, Pastor

Last Sunday morning the officers of the Presbyterian Church presented the report of the work of the year, ending March 31, to the annual congregational meeting.

The report showed a healthy growth in the various departments of the church, with a total membership of 105, a resident membership of 90 and an average contribution, per member, to all causes of \$76.10.

The Presbytery of Western Texas, to which this church belongs, meets this week at San Benito, and the Pastor, Dr. Dickey, is attending that meeting. For this reason there will be no service at the Presbyterian Church Sunday except Sunday School, which will meet at 9:45 a. m.

Sunday School Re-organization

The Presbyterian Sunday School is being re-organized under the efficient leadership of the Superintendent, Mr. Miller Harwood. This being the beginning of the church year in the Presbyterian Church, the classes have been reclassified, new teachers added and many new plans adopted.

There was a fine attendance Easter Sunday in spite of the cold, and the officers and ten teachers were installed.

Holterman-Flach Wedding

Sunday afternoon at 2:30 o'clock, John Holterman of San Antonio and Miss Elizabeth Flach of Comfort were united in marriage at the home of the bride's parents in Comfort. The Rev. W. P. Dickey, D. D. of Kerrville performed the ceremony. About thirty guests sat down to a bountiful wedding dinner, after which, amid the congratulations and good wishes of many friends, the happy couple departed for a tour of the State. Mr. and Mrs. Holterman will make their home in San Antonio.

K.M.S. "BEST HEALTH IN YEARS"

—FROM INTERNAL BATHS—
Miss Frances Herrod, care of Plunkett-Jarrel Grocery Co., Little Rock, Ark., writes Tyrell's Hygienic Institute, of New York, as follows:

"I am very glad to tell you that I am more than pleased with the results obtained from the use of the 'J. B. L. Cascade,' and am in better health than I have been in years." This is but one of thousands of the same kind of letters received by Dr. Chas. A. Tyrell, of New York, the inventor of the "J. B. L. Cascade." By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 95 per cent of all human ailments.

W. H. Rawson & Son in Kerrville have filled an enormous demand for "J. B. L. Cascade" in the past few years and will show and explain it to you on request. An interesting booklet on Internal Bathing—"Why Man of Today Is Only 50 Per Cent Efficient"—can be obtained at their store free of any cost.
K.M.S.—
The Mountain Sun, \$1.50 Per Year.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

THE HOME PAPER

Indiana (Pa.) Messenger.

The home paper! How it ties those who have gone to far-off places, to other conditions and surroundings, to the faith of their forebears to the plain, simple, normal life of rural America!

One is surprised when one looks over the "list" and sees where the paper goes, "out of the county." The Messenger for the past sixty-five years has been going to England and Chesett and Virginia; to England and California; to Oklahoma and Canada; to Australia and the many busy but grimy mill towns of Western Pennsylvania—in short to all the marts of trade and turmoil, whither our youth fare forth to win their spurs, and where too often they find instead of fame, failure; in place of wealth, travail of soul; and a weariness of the flesh for health and happiness. To these, the "home paper" causes many a smile of fond recollection; a re-focusing of perspective; a new balancing of comparative values; a courage to go in the way that is right; and above all an unshaken and unshakable faith in truth and freedom; a belief in real democracy and a hatred for autocracy, whether it is of a kaiser or of some malcontent, who knows not what he really does believe except that he is against anything that has been and is, and in favor of anything that he fancies may be, utterly regardless of either cause or effect.

China is said to be "smarting under the ignominy of extraterritoriality." Now, we wonder if that thing's "ketching!"

Lenine, Russia's man of the hour says it is all right to accept from any source money for a "good" cause. "Money has no odor," says M. Lenine. Still he will doubtless admit that it has stirred up many a stink.

Some tons of canned goods and other stuff have been condemned at Fort Sam Houston as no longer fit for human food, and have been ordered sold at auction. Don't crowd, gentlemen, there'll be plenty to go around

IN THE COUNTRY

I was born in the country. God's earth is to me a part of life. I like to dig. By digging I learn to think; I unearth strange sleeping silences; powers of thought fresh from the soil come forth to see God's light and sky. Thoughts, like creatures, prone to rest all day—are made to move when I dig.

I like to sow. By sowing, I learn to trust; God's promises can ne'er be forgotten when with Him I make things grow. He plants His word as I sow the seed; out of my life He bringeth fruit, weak though my will; He sendeth showers and sunshine which makes me believe and pray, and trust and serve.

I like to reap. By reaping, I bring joy; I gather God's promises in my hand and my heart goes out to Him for His goodness and mercies to all mankind. He makes His Word full in due season; golden grain and whitened staple tell of His wealth and purity. I like to live because to me it hath been given to dig and sow and reap.

My closing days on earth shall be in the country; digging, sowing and reaping; serving my fellow man from day to day; then at the close to know that friendly earth is receiving me back and that upon my resting place God's sun and rain shall ever fall—this is, indeed, to make of that silence a sweet communion with all I have known and loved.

M. W. BRÄBHAM.

For the year ending April 1, Great Britain's expenditures for alcoholic beverages is reported at \$1,988,500,000.

Now Italy wants a concession in China. Everybody gets a concession in China except the Chinese.—Dallas Times-Herald.

Georges Carpentier, France's premier bruiser, is in America with a large-sized chip on his shoulder. Attention Mr. J. Dempsey.

A switchman's strike, which threatens to tie Chicago up, or to at least confine her to the main line. Somebody must be asleep at the switch.

The right of newspapers to publish testimony given in court hearings whether it subsequently proves to have been true or untrue, was established in a ruling by Circuit Judge Oscar M. Torrison in Chicago. "A newspaper has a legal right to publish what transpires in a judicial proceeding, even though such publication may injure a private citizen," Judge Torrison ruled.

At the midwinter meeting of the Oklahoma Press Association it was given as the opinion of the publishers that it costs 15 to 22 cents to produce one inch of advertising. These rates vary, of course, according to the cost of labor and material, which differ widely in different places. The general opinion is that the Oklahoma estimate is too low to be generally applies.—American Press.

MANY BOYS AND GIRLS NEVER GO TO SCHOOL

Austin, Tex., April 3.—In spite of the reputation of Texas that it has made generous provision for its schools, there are many white children in the State who have never seen the inside of a school house, according to Miss Annie Webb Blanton, State Superintendent of Education.

With its State permanent school fund of \$78,865,496, and its county permanent funds, aggregating \$12,751,493, Texas is reputed to have done well in regard to the schools, she says. In its special appropriation of \$2,000,000 per year for the aid of rural schools, and its State-wide system of free text books, it ranks first among the States in the Union in special State aid for these purposes says Miss Blanton.

Continuing to quote from Miss Blanton's statement:

"In its appropriation of school funds provided for public education through State taxation, Texas ranks tenth among the States of the Union. Those States ranking above Texas in this respect are Alabama, Arkansas, Delaware, Georgia, Kentucky, Maine, Mississippi, Montana and New Jersey.

But in provision for the schools through local and county taxation Texas is very far down in the scale her rank being forty-fourth. Only four States fall below Texas in this respect: Alabama, Georgia, Mississippi and Montana.

"When we consider the entire amount from all sources, spent for public education, in proportion to the total population funds, Texas ranks thirty-second among the States of the Union. Montana, taking first rank appropriates three times as much as Texas, and California, Arizona, Utah, North Dakota and Idaho more than twice as much, in proportion to the population. Iowa, Minnesota, New Jersey, Washington, Indiana, Kansas, Nebraska, South Dakota, Oregon and Wyoming, appropriate, in proportion to the total population, nearly twice as much as does Texas. The States ranking below Texas in this respect named in order of their rank, are West Virginia, Florida, New Hampshire, Oklahoma, Kentucky, Maryland, Virginia, Delaware, Louisiana, Tennessee, Arkansas, North Carolina, Georgia, South Carolina, Alabama and Mississippi.

"However, when the amount spent on the education of each child is considered, Texas stands even lower in the scale, taking the rank of thirty-fourth. For the education of each child, Montana spends four times as much as Texas; California, Nevada and Arizona, three times as much as Texas; Washington, Wyoming, New Jersey, Oregon, Idaho, North Dakota, Iowa, Utah, Indiana, Rhode Island, Michigan, Kansas and Nevada spend on the education of each child more than twice as much as does Texas.

"On percentage of illiteracy of persons 10 years of age or over, Texas ranks thirty-fifth among the States of the Union. Those below her in this respect, given in the order of their rank, are Kentucky, Arkansas, Tennessee, Florida, Virginia, New Mexico, North Carolina, Georgia, Arizona, Mississippi, Alabama, South Carolina and Louisiana."

K.M.S.— County Libraries

Austin, Tex., April 5.—Educators of Texas believe that the county library system, which was recently provided for by State legislation, will be of great value to those counties which adopt it.

At present there are fewer than 100 public libraries in the State, all of which are located in cities and larger towns. The provision states that if petitioned by as many as 100 residence tax payers, the Commissioners' Court in any county shall call an election for the levying of a tax, which shall not exceed five cents on the one hundred dollars. This tax goes for the maintenance of the county library which is to be located at the county seat with branches operating in other towns and school districts, and is to be presided over by a trained librarian.

Buying of books is under a single permanent management, which prevents duplications. The selection of these books is to be made by the librarian in consultation with teachers.

K.M.S.—

Had you noticed what a "Bargain Counter" The Mountain Sun's classified department is growing into? We started the new feature a few months ago as a doubtful experiment, but somewhat to our pleased surprise it has rapidly grown into one of the most popular features of the paper. The folk, who have something to sell and the folk who want to buy things, are brought together in a way that is good for both. Just watch it for a while and see in your own case how many things you'll see in it that are of interest to you.

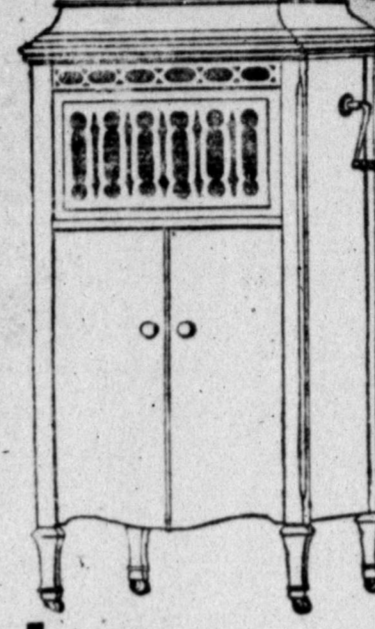

K.M.S.—

Subscribers will confer a favor on the management by notifying the office promptly when they fail to receive the paper, or when change of address occurs.

Come Over To-Night—and bring the Folks!

"I've got a real treat for you! Our new Pathé phonograph has just come home—and it has the most wonderful tone! Yes, and some new Pathé Records—operatic, instrumental and dance music and some hits from the shows I saw recently in New York. Yes, it's a Pathé—and now that we have it, we're going to enjoy our evenings a whole lot more. We'll expect you."

The Pathé PHONOGRAPH
COSTS NO MORE THAN THE ORDINARY

Come in and listen to the wondrous tone achieved in the Pathé Phonograph. To a great extent Pathé tone supremacy has been gained by the use of the permanent Pathé Sapphire Ball.

No needles to change.
The Pathé Phonograph Plays All Makes of Records

Easter Celebration

The beautiful ranch home of Mr. and Mrs. Oscar Strohacker was the scene of much gaiety Sunday afternoon, when Mrs. Strohacker and daughters entertained the school children and teacher and several friends with an Easter egg hunt.

The time was happily spent playing games and listening to the Edison until the time came for the hunt. Then armed with baskets the guests searched the lawn and roadside for those mysterious eggs. After the eggs had all been found and counted, all repaired to a warm, sunny place on the lawn, where delicious cakes and sherbet were served.

About twenty-one guests were present and all expressed themselves as having spent a delightful afternoon.

MORE THAN ONE HUNDRED GRADE CROSSINGS CUT OUT

Austin, Tex., April 3.—Within the last two years the State Highway Department has succeeded in eliminating more than one hundred railroad grade crossings on State Highways, according to G. G. Wickline, bridge engineer of the department. This action has been taken in order to stop the rapid increase in the number of accidents, which has been occasioned by the development of motor vehicles and the increase both in population and railroad traffic.

In Texas the figures for last year show a slight decrease in the number of accidents, due to the following causes, says Mr. Wickline: (1) exceedingly wet year, tourist travel curtailed by bad roads; (2) fewer intoxicated drivers of automobiles, prohibition in effect; (3) people becoming more cautious, due to "safety first" educational campaigns.

The most notable eliminations provided for are on the Dallas-Fort Worth Road, in which four grade crossings in Dallas County will be eliminated and four in Tarrant County, which will be accomplished by new location of the highway and by providing crossings either under or over the railroad.

Numerous fatal accidents have occurred on this highway, as the traffic is very heavy at present and is gradually increasing, both on the highway and the railroads," says Mr. Wickline's statement. Quoting him further, "this is considered a very valuable improvement.

"Nine grade crossings are eliminated in Montague County on State Highway No. 2. Nine grade crossings are eliminated in Hill County on State Highway No. 6; also eight grade crossings are eliminated in Hill County on State Highway No. 2-A and on numerous other projects."

THE STATE OF TEXAS

To the Sheriff or any Constable of Kerr County, Greeting:

E. E. Palmer, Administrator of the Estate of Mrs. K. C. Lathrop, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said Mrs. K. C. Lathrop, Deceased, numbered 392 on the Probate Docket of Kerr County, together with an application to be discharged from said Administration;

You Are Hereby Commanded, That by publication of this Writ for twenty days in a newspaper printed in the County of Kerr, you give due notice to all persons interested in the Account for Final Settlement of said Estate; to appear and contest the same if they see proper so to do, on or before the May Term, 1920, of said County Court, commencing and to be held at the Court House of said County, in the City of Kerrville, Texas, on the first Monday in May, being the third day of said month, A. D. 1920, when said Account and Application will be acted upon by said Court.

Given Under my Hand and seal of said Court, at my office in the City of Kerrville, Texas, this 6th day of April, A. D. 1920.

(Seal) JNO. R. LEAVELL,
Clerk, County Court, Kerr County.
By W. A. LOCHTE, Deputy.
I Hereby Certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands.
J. T. MOORE,
Sheriff, Kerr County.

Administrator's Notice

The State of Texas, County of Kerr: To those indebted to or holding claims against the Estate of W. G. Bacon, Deceased:

The undersigned, having been duly appointed administrator of the Estate of W. G. Bacon, Deceased, late of Nevada County, California, by the Judge of the County Court of Kerr County, Texas, on the 9th day of February, 1920, during a regular term thereof, hereby notifies all persons indebted to said Estate to come forward and make settlement, and those having claims against said Estate to present them to him, within the time prescribed by law, at his residence on his ranch, in Kerr County, Texas, about thirty-eight miles west of Kerrville; Hunt, Kerr County, Texas, is where he receives his mail.

This, the 8th day of March, 1920.
CHARLES LEINWEBER,
Administrator of the Estate
of W. G. Bacon, Deceased.

Buy War Savings Stamps!

What Good Is a Dollar?

IT'S LARGELY UP TO YOU. It depends on how you spend it—on the value to you of what you get for it—on your ability to find where that value is to be had.

Of course, it's all right to shop around a bit if you like, but why not let the other fellow make it easier for you by doing a little shopping after your dollar—by showing you what you want and where you can get most of it for your money?

It's a great idea, once you get the hang of it, and here's how!

Right in The Mountain Sun you'll find various advertisements offering you merchandise. Some things you'll need today; some tomorrow; some next week or next year—but the point is that these merchants are coming to you, looking for your dollar and offering the best they have to get it.

You'll find, that by reading the advertisements in The Mountain Sun consistently this week and every week, you can increase the value—to yourself—of every dollar you have to spend. The things you see advertised are almost invariably as represented. The advertisers' statements are usually safer to trust than your own judgment. Advertised misrepresentation is business suicide.

Read the Advertisements and Increase the Value of Your Dollar

It's dollars to doughnuts—
no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

CHILD HEALTH CENTER IN EACH COUNTY OF STATE

Austin, Tex., April 6.—Recognizing Child Health Centers as an important factor in preventing diseases by means of health education, Dr. C. W. Goddard, State Health Officer, is leaving no stone unturned to establish one of these centers in every county in Texas.

Dr. Goddard's plan is through these agencies to teach Texas children some of the essential safeguards against contagious and infectious diseases which they do not want and may be able to avoid if properly informed by those in charge.

All thinking people realize that public health training should be as free to taxpayers as public education, and the proposed Child Health Center has this object in view.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Kerrville Mountain Sun, published weekly at Kerrville, Texas, for April 1, 1920.

State of Texas, County of Travis. Before me, a notary public in and for the State and county before said, personally appeared E. J. Martin, who, having been duly sworn according to law, deposes and says that he is the business manager of The Kerrville Mountain Sun and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of said publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, Terrell Publishing Company, Austin, Texas; editor, H. B. Terrell, Austin, Texas; managing editor, Orion Procter, Kerrville, Texas; business manager, E. J. Martin, Austin, Texas.

2. That the owners are as shown in the list hereto attached and marked "Exhibit A."

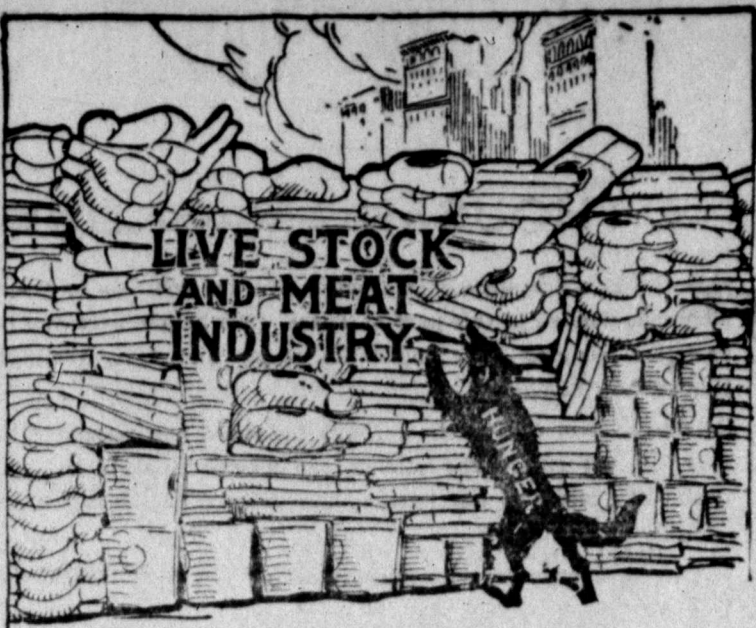

"Exhibit A"

Fighting Hunger

Hunger is never more than a few days away from the American people.

The coal strike showed us what a narrow margin the country goes on, even in a non-perishable necessity which can be stored.

Swift & Company is engaged in the business of fighting hunger.

From coast to coast, from the Great Lakes to the Gulf, the lines of defense are drawn—packing plants at strategic points; branch houses in four hundred towns and cities; hundreds of car routes; thousands of refrigerator cars; tens of thousands of loyal men and women expert in their work.

Day by day, hour by hour ceaselessly, this fight, your fight, goes on. Yet so smoothly, surely and victoriously that you, unaware how close hunger always is, are as certain each night of tomorrow's meat as you are of tomorrow's sun.

And so economically is this done that the cost to you for this service is less than three cents a pound of meat sold. The profit shared in by more than 30,000 shareholders whose money makes the victory possible is only a fraction of a cent a pound on all products.

If hunger did not make it necessary for us to fight this fight in the best possible way for all concerned, the competition of hundreds of other packers, large and small, would compel us.

Swift & Company, U. S. A.

(First Publication, March 19) Notice by Publication in Probate

THE STATE OF TEXAS, To the Sheriff or Any Constable of Kerr County, Greeting:

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county) at least once a week for two consecutive weeks previous to the return day hereof, copies of the following notice:

The State of Texas: To all persons interested in the Welfare of the Person and Estates of Solon and Lillian Crider, Minors. Mrs. M. M. Crider was by the County Court of Kerr County, Texas on the second day of February, A. D. 1920, duly appointed Temporary Guardian of the persons and estates of said Minors, which appointment will be made permanent, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in May A. D. 1920, the same being the third day of May, A. D. 1920, at the Court House thereof, in Kerrville, Texas, at which time all persons interested in the welfare of said Minors may appear and contest such appointment, if they so desire.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office, in Kerrville, Texas, this the fifth day of March, A. D. 1920.

JNO. R. LEAVELL, Clerk, County Court, Kerr County, Texas.

The Law of Compensation

"To him that hath shall be given, and from him that hath not, shall be taken away, even that which he hath."

We have heard good, sincere, intelligent and orthodox men puzzle over that passage of Scripture, groping for an interpretation which should, as they said, be free from the appearance of hardness and injustice which it bears on its face.

To us, we confess, there is no such appearance in the passage quoted. We regard it as merely a concise promulgation of The Law of Compensation on the job, so to speak, working out to its logical conclusion.

The truth of the statement, just as it stands, appears to us to be writ so large in the lives and daily experience of humanity as to need no amplification.

It is true of morals. It is true of intellect. It is true of character. It is true in many other applications, but it is of its financial aspect that we purpose here to speak. Like attracts like. The mass gathers and absorbs the itinerant atom.

It is an old, true saying that "It takes money to make money." How often have you heard, and how often have you said, "If I had a hundred dollars or five hundred dollars, or a thousand dollars, I could make this or that investment and make some easy money." But you lack the ready cash and you miss the opportunity, while he "that hath" the money embraces the opportunity and makes more money.

Look back over your past and you will see it thickly strewn with these lost opportunities. Look closely and you will see another thing; namely, that you have frittered away enough in small dribbles, pennies, nickels and dimes, which you thought too small to be worth bothering with, to have grasped most of those lost opportunities if you had only been thrifty and saving.

Now, face it squarely, if you are ever going to do anything or have anything, you must begin NOW slowly and patiently, little by little, to save and get a start. It is the only way. You have been wishing and hoping, but it has not gotten results. You will still be wishing and hoping when the Judgment Angel comes, if you depend upon that.

Stiffen up all along the line. Put your backbone where your wishbone has been and MAKE things happen instead of WISHING something would.

One of the sanest, safest ways to begin stopping the small leaks which have bled away your past opportunities is to pay cash for all your purchases. You will be surprised at the difference. Come in and let us figure with you on your next bill.

Cash-and-Carry Grocery, Kerrville, Texas

(NEXT DOOR TO RAWSON'S DRUG STORE)

DO YOU LIKE TO GO FISHING?

You know, to a good sportsman, Shakespeare means something far more meaningful than "Hamlet" and "The Merchant of Venice." Your true angler may not know how Othello won Desdemona with wild and thrilling tales, but he could undoubtedly go the Moor one better with his stories of how he landed 'em one after another with Shakespeare fishing tackle. For he knows that Shakespeare means first, last and all the time the best tackle—the smoothest-running reels—the most dependable line—the luringest bait. To go fishing with Shakespeare stuff means that—if the weather is right—and the season is on—and you're not an utter boob—you're BOUND to get the biggest bass in the hole.

And Who Carries Shakespeare Tackle?

DR. McDONALD'S PAPER BEFORE PARENT-TEACHERS

(Continued From Page One)

and protect her child, overdoes herself and the result is that the child is brought up a weakling; in other words, a hot-house plant, which must be protected from every change in the weather by heavy coverings and a life indoors. You will often hear mothers say that they will not give the child a dose of oil, because he objects to taking it too much. Practices of this kind in neglecting one of the most necessary functions to good health is a condition which everyone should realize the importance of attending to without delay. The use of a little judgment in these cases will greatly reduce the ills of the child and prevent many serious consequences. The mother is not entirely to be blamed for this condition of affairs for it is almost wholly due to a lack of the knowledge of hygienic conditions and necessities.

Again, you have heard some parents say that a child must have whooping cough, measles, etc., so why not let them have it early and be done with it. So proper protection from undue exposure is not exercised. Yet, look at the results! In many cases the child is left with some complication of the so-called diseases of children, which may influence disastrously his future health. No disease condition is normal or to be expected in a normal child who has had the proper care and attention. Of course, in spite of all precautions, some of the diseases will appear, but will not be so severe to a child whose resistance is built up by proper care.

Early in life the child should be taught that a normal bowel action daily is essential to good health, and the mother should teach the child that habit is a great factor in the daily performance of this duty.

The child should sleep in a well ventilated room at all times. This does not mean that the room should be cold, for in the very young an even temperature should be maintained at all times in the sleeping room, at the same time permitting an abundance of fresh air to enter. A hot, stuffy room will oftener lead to illness than one a little too cold, for in the latter case the mother will see that the child is well covered and warm in its bed.

Some mothers make the mistake of underfeeding the child after its first and second years. Others permit the child to have anything it wishes at any time he wishes it. One condition is as bad as the other and can be corrected by feeding a well balanced and nutritious diet, governed by the age of the child. As he grows older the diet should be increased and additions made to it. Feeding at regular intervals and at no other time will often relieve many complaints of the child. The subject of properly feeding the child is too lengthy to be dealt with in detail in this paper, but each mother should make herself thoroughly and properly acquainted with this subject and rigidly follow it.

Give the child an abundance of fresh air, proper food and exercise, and the number of under developed children and men will be materially decreased. Now, the child is of school age. Here the teacher plays her part, and a very important part it is, too, for at school the child, if not properly dealt with, will soon become lax in the performance of the duties the mother has labored to teach it.

The teacher should realize the importance of thoroughly understanding and enforce her duty toward the health of the children under her charge, as well as teaching them their A B C's and arithmetic.

The school-room should be well lighted and ventilated. Proper periods for recess and relaxation from studies should be provided. At these times the teacher should see that the child does not remain in the room to study or to take his books out in the yard and sit huddled up in some corner against the building to study. He should be taught to see that these periods are for exercise and relaxation and not for study. They should be interested in various games and sports during the recess. The teacher will be rewarded for her trouble by securing increased attention from her pupils, and application to and progress in their studies, thereby relieving herself of a great strain and worry in trying to get the children to apply themselves. The child should be made to understand that recess is the time for play and the school-room the place for study and application to their books.

An abundance of time should be allowed at noon for the child to eat his lunch, so that he will not be forced to swallow his food half chewed.

It would be ideal if the teacher and parents could come to a common understanding of the welfare of children under their joint control. The mother should see that the child leaves for school properly clothed and with face and hands clean, and the teacher should see that he arrives at school

HALF A CENTURY

1869---1919

THE SPRING SEASON

of the first year of our second half-century finds us well prepared to take care of our trade. Our new store building is nearly finished and will soon be ready for occupancy, and the reconstruction work on the balance of the block will soon be under way, so that we can ere many moons invite you to probably the biggest and best retail store in any town of this size in the State. Meantime, we are prepared to serve you well, and you are urged to come often. We appreciate your patronage.

THE CHARLES SCHREINER COMPANY

Established 1869
"THE HOUSE OF QUALITY"

in the same way. If he arrives with dirty hands, face or teeth, some provision should be made whereby the child could be forced to attend to them. It would require very little trouble and time to make the child understand the importance personal hygiene bears to good health and progress.

The child should never be permitted to slouch in his seat at school, but should be taught the proper position and the importance of this as a safeguard to health and a straight, strong body should be impressed upon the child.

Often the pupils are overburdened with home-work, so that it is necessary for them to stay inside to prepare it after school is dismissed, when they should be out in the open. Then at night when they should be resting they are at work on the following day's lessons. This will soon undermine the child's health and should not be necessary if the teacher gets the proper co-operation and attendance from her pupils.

A child continually complaining after returning from school should be examined to determine the cause. Probably his eyesight needs attention at once. Any delay in that case may prove detrimental to the child's progress and health. In fact, any complaint of the school child should not be ignored or put down as trying to dodge his duty, but should at once be fully investigated and the cause corrected.

I have merely touched upon the most outstanding features of this subject. A detailed discussion would require volumes and an extraordinary amount of time and labor. Mother, look after your child and give him the chance that he should have, and this country will at once experience such a marked change for the better, morally, physically and progressively, as will surprise even the most optimistic of us, and we need never fear being caught unprepared to deal with any emergency.

—K.M.S.—
Rt. Rev. Bishop Capers of San Antonio preached to a congregation which filled the Episcopal Church to capacity Tuesday evening, the service being also one of confirmation of a number of the young members of the congregation.
