## THOMPSON SANATORIUM ADDING TO REPUTATION OF HILL COUNTRY

The Thompson Sanatorium has 800 acres within its domain, so there is no danger of being crowded. This institution, that is proving of such great benefit in combating the white plague of this country, is situated on the crest of a mountain, west of Kerrville, a mile distant and across the beautiful Guadalupe River. The drive out there is an enjoyable one, for even in that short distance the scenery varies and each view presents a scene lovely to behold.

The main building of the Thompson Sanatorium was built for a hotel and was quite popular for some time. In 1917, Dr. S. E. Thompson secured the property and established his sanatorium. Formerly he had been with the State Tuberculosis Sanatorium at Carlsbad, where he had established a wide reputation for successful treatment of that disease. Dr. Thompson is also from Arkansas and is not ashamed of the fact. His home in that State was, at Eldorado.

In addition to the main building, there are thirty-five hollow tile cottages and eight more buildings. Eight of these are double and the remainder single. The capacity of the sanatorium is fifty-five.

Dr. H. Y. Swayze of Mississippi is the assistant of Dr. Thompson at the sanatorium. He also is a capable physician and experienced in the treatment of tuberculosis.

There are many cures to the credit of the Thompson Sanatorium, and the waiting list for admission is always a long one. Dr. Thompson is providing additional cottages as rapidly as the building conditions will permit and the ability to properly care for patients.

Dr. Thompson is a very busy man with his manifold duties at the sanatorium, but he takes the time to interest himself in the civic affairs and business interests of Kerrville. He is a city builder and booster, and a genial gentleman it is a pleasure to meet.

The Thompson Sanatorium is adding to the reputation of Kerrville and the Hill Country abroad, and it is a favorable one. Even those who leave before being cured are loud in their praise of the most excellent treatment and kindness shown them by the physicians and attendants. If a patient will come in time, a cure is almost an assured fact.

President Wilson also agreed to take an active part in the campaign and the whole Administration forces will also be lined up, it is believed.

## PRESIDENT AND GOVERNOR COX AGREE ON CAMPAIGN

Last Sunday, Governor Cox and Franklin D. Roosevelt went to the White House in Washington and conferred with President Wilson for two hours and took luncheon there.

Later, President Wilson and Governor Cox gave out interviews to the effect that they were in entire agreement as to the League of Nations, which should be the paramount issue in the campaign.

President Wilson also agreed to take an active part in the campaign and the whole Administration forces will also be lined up, it is believed.

Governor Cox was given a great ovation upon his arrival in Washington City Saturday afternoon. During that night and for several hours following his conference with President Wilson he met many of the Democratic leaders.

Senator Morris Shepherd was one of the first to confer with Governor

Cox and he has pledged his assistance in the campaign. He is now taking a rest, preparatory to making a speech-making tour of some of the Western States.

There is some doubt privately expressed by Democratic Senators and leaders to making the League of Nations the paramount issue, as also the inadvisability of putting forward President Wilson as leader of the campaign.

## FRIENDS OF J. W. BAILEY SPEAK IN HIS BEHALF

In the Court House at Kerrville Monday night there was speaking in behalf of the candidacy of Joseph W. Bailey for Governor.

A brief announcement was only possible of the date, so the attendance was not large as it would have been had more people known about it.

Judge W. C. Baker introduced Hon. A. J. Bell of San Antonio, and in making the presentation, Judge took occasion to make a most excellent short speech himself for Mr. Bailey. He stated that he and the candidate for Governor had been born within ten miles of each other in Mississippi, though he had never had the opportunity of meeting the distinguished gentleman. However, was well acquainted with the mother and a sister of Mr. Bailey, whom he esteemed highly, and that they were most lovable women.

Mr. Bell spoke mostly on the labor and open shop questions. He also referred to the extravagant mode of State government. In the correction of these conditions, he stated that Mr. Bailey could do the people more good than either of his opponents.

Mr. Bell was the guest of Mr. and Mrs. A. D. Atkins while in Kerrville as the former had studied law in the office of the father of Mrs. Atkins and so an old-time friend.

## WATER RATE INCREASE GRANTED BY COMMISSION

Upon petition of M. F. Weston and approval by the board of directors of the Chamber of Commerce, the City Commission adopted a resolution permitting an increase of 33 1-3 per cent on water rates, effecting the consumption of water in excess of 3,000 gallons as minimum, except as to the City of Kerrville.

It has been demonstrated to the City Commission that for about two years the Kerrville Water Works had been operated without profit.

The citizens are familiar with the voting of bonds to buy the Water Works and the delay attendant in reference to consummation of that deal.

From facts gathered, it seems that the city voted an excessive bond issue to the amount of \$1,500,000 more than the law permitted, and even if that had not been the case there was no market for the bonds at a figure the city would be willing to accept.

In addition to this, the citizens who favored sale of Water Works made a more thorough investigation than had been done when the question of purchase was being considered, and the conclusion was reached by most of them, that if Kerrville could sell its \$20,000,000 in bonds and then issue warrants for \$20,000,000 or assume that much more indebtedness, the city barred itself from any further bond issue, besides would incur a burden in the operation of the Water Works.

In other words, the old water rate would not pay the operating expenses, while the interest on bonds and balance due, with so much as a sinking fund, the citizens would be paying about \$4,200,000 a year and receiving no benefit, because they would be paying for a piece of property that was not a revenue producer.

It is believed that by the increase in water rate granted, that Mr. Weston will be willing to relieve the city of its contract to purchase the Water Works, and in fact, had just as well, because the city has voted more bonds than the law allowed, and in addition to that, there is no market for the bonds.

It is believed, that if the city can amicably be relieved of carrying out the deal with Mr. Weston, it would be a good business proposition for the city to accept.

The increase of 33 1-3 per cent in water rate granted, it is claimed, will not allow any profit of consequence over the cost of operation. The resolution adopted by the City Commission is as follows:

"The application of the Kerrville Water Works Company for an increase in the water rates which they are authorized to charge, increasing the flat rate from \$1.50 per month to \$2.00 per month, an increase of 33 1-3 per cent on meter rate effecting the consumption of water in excess of 3,000 gallons minimum, came on to be heard by the Mayor and City Commissioners, and after due consideration of the matter and the financial showing made by the Water Works Company, it is the opinion of the Commissioners that the company is entitled to the increase in the rate asked. Provided, however, that such increase in rates shall in no manner be construed as applying to any rates charged the City of Kerrville for being furnished to the city under contract between it and the Water Works Company. It being expressly stated by the representatives of the company that such increase of rates shall not apply to the city. It is, therefore, resolved by the City Commissioners of the City of Kerrville, Texas, that the Kerrville Water Works Company be and they are hereby authorized to increase the water rates as above specified until further ordered or changed by the Board of City Commissioners of said city. The increase of rates, as above provided for, to be effective on and after August 1st, 1920. Upon motion, duly seconded, the foregoing resolution was adopted. "E. H. TURNER, City Clerk."

## Careton Rules on Absentee Voting

Austin, Tex.—Attorney General Careton has ruled that absence from the county of his residence is sufficient to entitle a voter to take advantage of the absentee voting law.

This means that a voter, whether he is to be absent in the county other than his residence or out of the State, is entitled to the advantages of absentee voting law.

## ATHLETICS TAKE CLOSE GAME FROM ARSENAL'S

Kerrville Base Ball Park, Sunday, July 18.—The Kerrville Athletics made it a 50-50 break against the fast Arsenal Red Sox of the Alamo City by taking the second game of the season against them by the close score of 7 to 6.

The contest was marred, however with arguments and it was the first time this season that a visiting club threatened to forfeit a game by reason of Umpire Garrett's decisions. When we consider the good record attained by Umpire Garrett in the many games of the season, we can't help but take the Honorable Umpire's views.

The game was a free-for-all swatting exhibition and both Pitcher Caporal for the visitors and Captain Manny for the Athletics were hit hard. The visitors came within an inch of tying the score in the ninth but their rally fell short when the tying runner died on third on a foul pop-out.

Before their departure for San Antonio, the Arsenal arranged a final game with the Athletics for Sunday August 1st. It is expected that this will be beyond doubt the hardest and hottest battle of the season, as both teams seem to be evenly matched and each equally determined to make it the two best.

The Utilities "All Stars" of Camp Travis, consisting of the cream of the military base ball material, will cross bats with the Athletics on the coming Sunday and another interesting game is assured. Come out and help root the home boys to victory!

## GALVESTON STRIKE SITUATION MAY SOON BE HARMONIZED

Recently, Governor Hobby issued a proclamation suspending the local officers of Galveston from performing any duties pertaining to the enforcement of the penal offenses in that city.

Members of the State Militia have been appointed to all the positions of municipal authority for the special duty of looking after violations of the law.

The City Commission and other officers attend to the other affairs of the city.

This last act of Governor Hobby has caused considerable harsh feeling on the part of the Galveston city officers and many citizens.

The matter seems now to have reached a point where harmony can be restored and the troops withdrawn by the pledge of Galveston city officers and citizens to enforce the laws and also protect all who desire to work in any capacity.

## BODIES OF TWO MORE SOLDIERS FROM OVERSEAS

Friday of last week, the bodies of Harvey I. Merritt and Grover Hollomon were brought from overseas to Kerrville and Saturday were buried at Nichol's Cemetery near Ingram.

Corporal Tracht accompanied the bodies from Hoboken, N. J., to Kerrville and the ward Undertaking Company had charge of the remains.

These bodies of dead soldiers are shipped here in the cement casket, which was described recently in The Sun. The weight of the casket is over 500 pounds.

Harvey Merritt and Grover Hollomon both died of pneumonia in October, 1918.

There were a number of relatives to meet the remains at Kerrville and accompany them to the cemetery.

## EXTENDED STRIKE OF RAILWAY MEN MAY BE AVERTED

The United States Railroad Labor Board has granted an increase of 60 per cent of demand for increase of wages demanded by railway employees. It totals about \$900,000,000 and affects 1,800,000 men. The increase will be retroactive if accepted and include increase from May 1st.

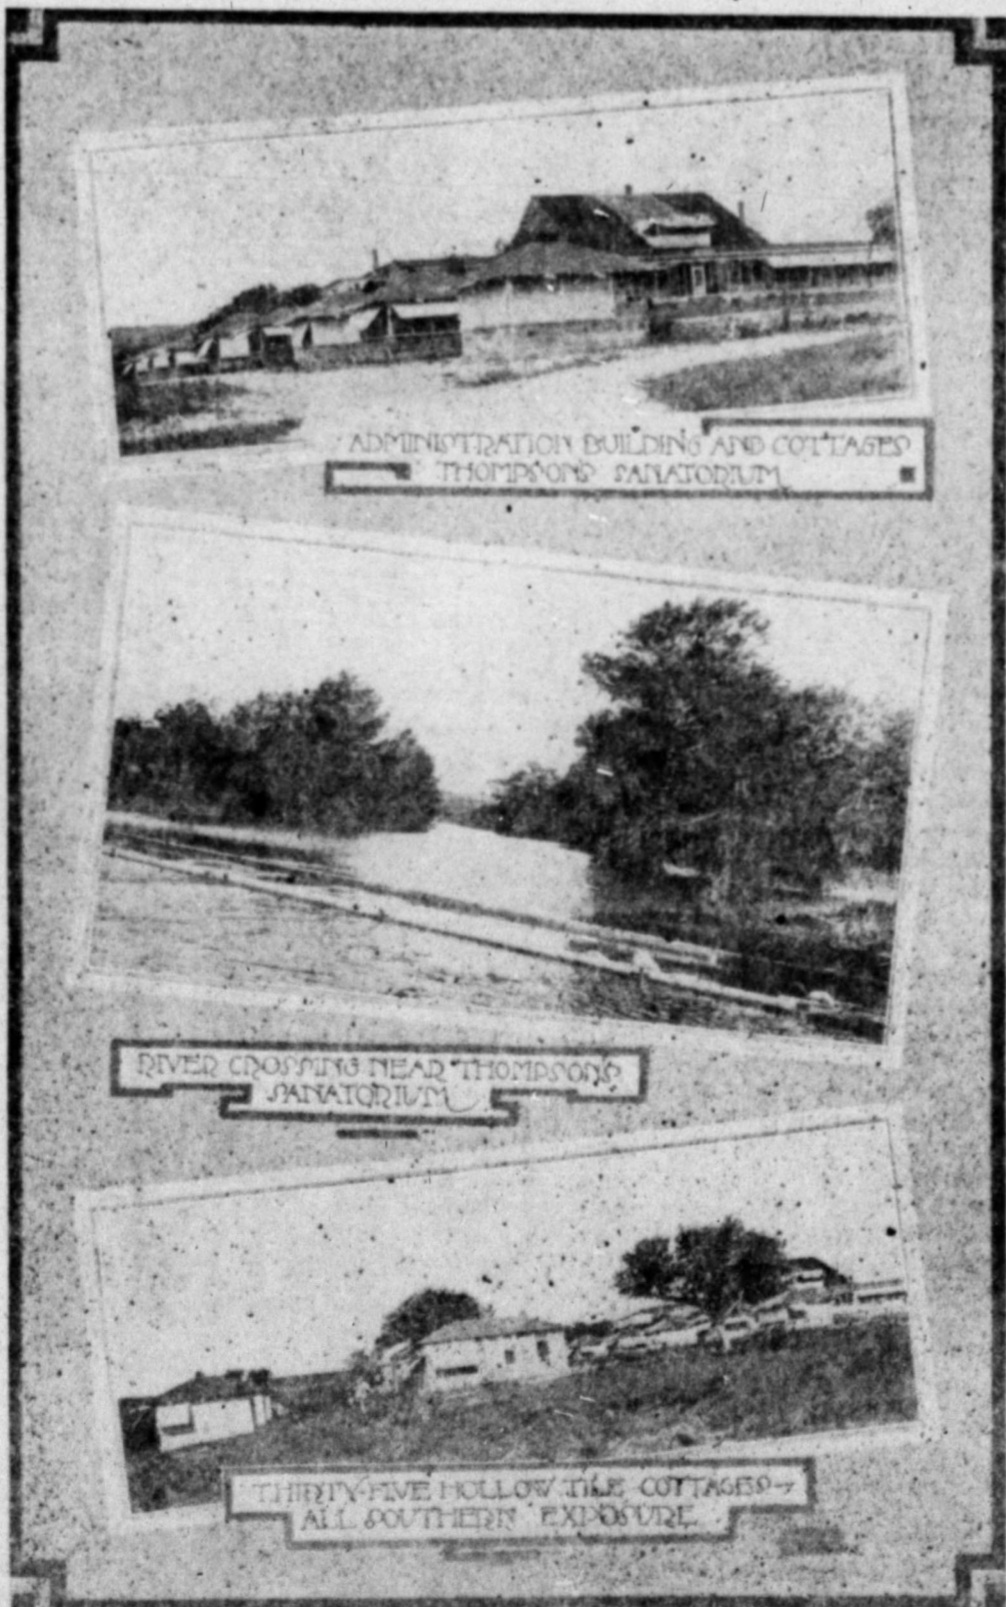

The railway union heads are considering the proposition and it is believed will urge its acceptance by the employees.

The railways have given notice to the Interstate Commerce Commission that they will apply for an increase in freight rates to meet the increase in wages made by the United States Labor Board.

## Delighted with Kerrville

The following article is from Ferguson's Forum at Austin, a recent copy of which had many pleasant and complimentary things to say of Kerrville and Kerr County citizens, written by the talented lady mentioned. Some of these flattering testimonials we will later reproduce:

"Miss Katie Daffan is now enjoying a visit to the beautiful Hill Country of Kerr County, and Forum readers are fortunate to have from her entertaining pen, accounts of the natural beauties of this portion of our wonderful State. She is now stopping at the St. Charles Hotel at Kerrville, and while she lingers in this romantic, ever old, ever new region, we may expect charming accounts of old Fredricksburg, of the mighty ranches known the world over, and of some of the early pioneers western life, told in her own wonderful way."

## TO VOTERS OF THE 115TH REPRESENTATIVE DISTRICT

To All Patriotic Citizens of 115th Representative District: Our friend, B. J. Stevenson of Edwards County, who is now a candidate for the House of Representatives, was a student in the University of Texas at the outbreak of war, volunteered his service to his country, served fifteen months overseas and was in the fight at San Mihiel, Champagne and the Argonne Forest. His opponent was within the draft age during the war, his questionnaire shows he had about \$50,000.00 worth of property; he was accepted for officers' training camp at Camp Pike, Arkansas, stood examination at San Antonio and was called for service in September, 1918. He did not go. Ask him why. Show your appreciation for the man who faced death on the battlefield that you and your family might enjoy freedom and show his opponent how the people feel about the fellow who was called and did not go.

JOHN REYNOLDS,  
H. H. LAWLER,  
TOM JOY,  
FRANK REMBOLD,  
Ex-Soldiers.

We all saw service in France and now live in Kimble County.

The foregoing is a characteristic example of the fight waged on Coke R. Stevenson in his race for Representative by A. O. Lawler. Mr. Lawler was able to obtain the names of only four ex-soldiers in Kimble County to his character assassin circular, and as the following affidavits show these were obtained by misrepresentation as to its contents. Two of these repudiate the statement in the following affidavit; the third one says that he never saw the above statement before it was printed, and did not sign his name thereto, but same was represented to him by Mr. Lawler over the telephone as "only a little endorsement of Stevenson's opponent." The fourth signer on the circular is Mr. Lawler's brother. No inquiry has been made as whether it was misrepresented to him or not. The best answer to the foregoing is the large number of ex-service men who have gladly, and many of them voluntarily, signed the endorsement of Judge Stevenson.

Junction, Texas, July 19th, 1920.  
State of Texas, County of Kimble.

Before me, the undersigned authority, on this day personally appeared John Reynolds and Frank Rembold well known to me to be credible citizens of Kimble County, and being by me duly sworn on oath depose and say, that their respective names appear as signed to a campaign circular gotten out by the political enemies of Hon. Coke R. Stevenson of Kimble County, Texas, a candidate for Representative of the 115th District; that at the time said campaign circular was signed they did not know its contents nor that it in any manner reflected upon the integrity or patriotism of the said Coke R. Stevenson, but that they relied upon the representations of A. O. Lawler as to its contents, and were misled as to what said circular contained, and did not intend in any manner to reflect upon the said Stevenson; that had they known the contents of said circular they would not have signed or authorized their names to be signed to same; and that they desire to repudiate that part of said circular which reflects upon the said Coke R. Stevenson and further say that said circular was represented to them to be merely an endorsement of the candidacy of his opponent. And said Frank Rembold further said that he never saw nor heard read said circular until after it was printed and distributed nor never signed the same himself, but relying upon the representations of A. O. Lawler as to its contents authorized his name to be signed thereto.

Senate Joint Resolution No. 17

Proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.  
Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 5.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the Amendment to Section 5 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.  
Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

**CATHOLIC CHURCH NOTES**

By Father Kemper

The customary program will be resumed this Sunday with services at 8 o'clock in the Mexican Church and a Low Mass at 10 o'clock in St. Mary's. Father Kemper is expected back on Saturday from his auto camping trip to Louisiana and Arkansas.

The Very Rev. D. Zaldivar, C. M. F., who was a recent guest at the Rectory, is at present in Mexico City on a visit to President Huerta in the interest of his religious community.

Last month the Rev. Richard E. Washington, student of the American College in Rome, Italy, where Father Kemper graduated, was raised to the priesthood. Father Washington is a great grand-nephew of the immortal George, Father of Our Country.

**Health-Seekers**  
Mr. and Mrs. Thos. Nixon Fondren, an aged and invalid French couple, gambled from Leesville, La., to our Hill Country and were given hospitality for several days in our St. Vincent emergency room, which has already befriended many a penniless and homeless stranger.

Peter J. Trial came from Hobson, Texas, to be benefitted by our climate. John Wittmann is a tubercular, all the way from Hungary, Europe.

Among the most recent Catholic arrivals at Dr. Thompson's Sanatorium are: Miss Anna Clancy of Toledo, Ohio; Miss Genevieve Murray, Houston, Curtis Beck, Coleman, Texas, and Edward J. Wittig of Galveston. The last-named is planning to make his permanent residence in our health resort.

**Colonization Scheme**  
Owing to our wonderful climate and other God-given attractions, this locality has interested Wm. Keiserburg, Immigration Agent for the Sap Railway. Mr. Keiserburg is at present establishing a colony of over one hundred German Catholic families near Sinton. He promised to present the advantages of Notre Dame Institute to his next bunch of colonists who might wish to live in our salubrious atmosphere.

**Visitors**  
Joe Maurer came from San Antonio with his fellow salesman, Jos. M. Connolly, on a business visit to Notre Dame.

Tom Dowd of Omaha, Neb., brother-in-law of James Flanagan, paid a business visit to Rudolph Stehling, who used to be in partnership with Flanagan.

Franz Lange and his son, Joe, of Harper were visitors here during Court week.

Felix Erasmus Risaacher of Verona, Pa., is spending the summer with his invalid sister, Zita, and at the same time gaining experience at Shaw's oil well. Felix is a junior in the Mining Engineering Course at Pittsburg University.

Mrs. Aline Martin with her son, Lynn, from Missouri City, Texas, visited Miss Jennie Smith Martin at Dr. Thompson's Sanatorium.

Mr. and Mrs. Lawrence Criswell came from Van Raub with Magdalene and Josephine Farris, who had spent a fortnight at their ranch. Margie Farris and Annie Treadaway enjoyed a week's vacation at Arthur Mossel's ranch near Ingram.

Last Saturday, Miss Hilda Mosel and her brother, Clarence, visited their parents. They came with Miss Elsa Schott and Miss Mary McDade, and returned early on Monday to San Antonio, where all four are employed. Clarence is in the bookkeeping department at Joske's, and as an avocation has been honored with a place on several ball teams.

Mrs. L. S. Tuft of San Antonio visited her sister, Mrs. Lee Brandon, on the Harper Route. She was escorted by her son, Harold, of Spofford, Texas.

**Vacation Seekers**  
Miss Annie Reif came from the Alamo City to spend a few days with her brother, Louis Reif.

Another tourist who desired to escape the heat of the Mission City is Mrs. Edmond Gutzert, who has been entertained by Mrs. J. L. Pampell.

Jack E. Hartman of San Antonio called on his sister-in-law, Mrs. Rudolph Staudt.

Miss Meta Michon had for week-end guests her cousins, Alice and Mae Ousset, of the metropolis.

The following Catholics have come lately to our play-grounds to spend their vacation: Mrs. P. H. Ward, Refugio; A. A. Flory, New Iberia, La.; Mr. and Mrs. H. J. Elbert, San Antonio, and Miss Theresa Rose Eckenroth, also of the metropolis.

Innumerable other Catholics tourists, health-seekers and vacation-seekers have been with us in the last few weeks, but it is impossible to chronicle them all in detail as we dislike to appear to overlook anyone in particular.

**Civil Service Examination**

High School teachers or other persons, who have completed a two-year normal course or two years of college work above high school and who have had one year's experience (1) in teaching in a high, agricultural or industrial school; or (2) in trade, industry or agriculture; or (3) as commissioned officer in Army, Navy or Marine Corps, are eligible to the United States Civil Service examination for Training Assistants at \$1,500 to \$2,400 a year for positions throughout the United States under the Federal Board for Vocational Education, for which qualified persons are urgently wanted, especially in the New York district in order that the rehabilitation of disabled soldiers may be facilitated.

Competitors are not required to report for examination at any place but are rated on their education and experience and upon theses or publications which are filed with their applications. Applications will be accepted for an indefinite period.

Full information and application blanks may be obtained from the Secretary, U. S. Civil Service Board, Post Office, this city, or the United States Civil Service Commission, Washington, D. C.

**Woman's Missionary Union**

The W. M. U. of the Baptist Church met at the church on Tuesday afternoon for the regular Bible study meeting. Mrs. Cohron led an interesting lesson on the fifth chapters of James. During the business session, Mrs. J. L. Tullis was elected secretary-treasurer to fill the vacancy recently made by the resignation of Mrs. Garrett.

The next meeting will be a missionary program at the home of Mrs. J. B. Holt and Mrs. McCown as hostess, on Tuesday, July 27th. The following program will be given:

Subject, "Planning for the Convention Year."

**TEXAS WOMAN IS KILLED BY ANOTHER; BROKE UP HOME, IS DEFENSE CLAIM**

Denison, Tex.—Mrs. Leila Farrar, 30, was shot and instantly killed last Saturday afternoon, a bullet from a .38 caliber revolver taking effect in her right breast. Mrs. Tinney Morris surrendered to officers immediately after the shooting.

The shooting occurred at the corner of the State National Bank and just as Mrs. Farrar had purchased a sack of popcorn. She started to walk away from the popcorn stand when shot. No words passed between the women before the shooting.

To a newspaper reporter, a few minutes after the shooting, Mrs. Morris said: "I shot her because she came between me and my husband, because she was breaking up my home." Mrs. Morris appeared before Judge Woodward and gave an appearance bond of \$5,000.

**METHODIST CHURCH NOTES**

ROY T. HOUTS, Pastor

We desire to take this last opportunity of expressing our sincere thanks and appreciation to the people of the Kerrville Methodist Church and to the other people of the town for their many kindnesses shown us while we have been in the city. The people of the church have been indeed thoughtful, kind and considerate of us, showing us many little attentions and favors that mean a great deal more to the pastor than any one else knows. People of the other churches have treated us with great kindness, and we truly appreciate them all. We have not forgotten them, even from the attention we received from the time we got off the train in Kerrville to the present. We shall leave Kerrville with a warm place in our hearts for all those who have been so nice to us, and who have helped to uphold righteousness in high and low places. We pray that the richest blessings of God may be upon you, and that the Holy Spirit may lead you in the fight for truth and the great cause of the Master. We would address you in the words of the Apostle Paul, "Finally, brethren, farewell, be strong in the Lord and the power of His might. Put on the whole armour of God," stand for right in Kerrville.

We want to thank The Mountain Sun for their courtesy in giving us space in their columns. We appreciate this favor.

We invite your attention to the coming Sunday night service, especially, when we shall discuss Russellism, Dawnism, or whatever you want to call it. We hope you will be there.

The new pastor, Brother Smith, will be on the grounds for the first Sunday in August. Stand by him. Be loyal and true to him, whether you like him or not. It is your business as a member of the church to help him bear the cross.

**Resolutions of Respect**

Whereas, It has pleased Almighty God to remove from the scene of his earthly labors, Judge Robert A. Dunbar, a former secretary of this organization, and long a member of same; and

Whereas, The Kerrville Commercial Club, and its entire membership, deeply deplore the loss of this good citizen and good man to the community; therefore

Resolved, That in the death of Judge Dunbar the City of Kerrville and the entire community has sustained an irreparable loss. He was a citizen of whom any town or community might justly be proud, a friend whom the mutations of time and the bleak winds of adversity affected not at all. His word was his bond, and his integrity a treasure to those who won it; and be it further

Resolved, That the officers and members of the Kerrville Commercial Club extend their sincere sympathy and condolence to the bereaved family and that this resolution be spread upon the minutes of this organization, and a copy thereof sent to the family of Judge Dunbar.

(Signed) COMMITTEE.

**Junction Jots**

Eagle, July 16: R. E. Simpson of San Antonio, chief engineer of the good roads of Kimble County, is here for several weeks looking after good roads interest. Mr. Simpson states that the road work from Kerrville this way is to be started in a very short time.

U. D. Kendrick and Miss Mable Elizabeth Taylor were united in marriage July 10th, at 6:45 p. m. Rev. S. F. Marsh performed the ceremony in the Baptist Church. Mr. Tuff Taylor and Miss Lillian Kindrick were present.

This week A. C. Kenibbe from off Bear Creek brought to Junction a head of cabbage weighing five pounds and five ounces. This head was out of a patch belonging to Theo. Hunger, in which he has over two hundred heads as large as this one and every one is firm and solid.

The sad news has just reached us of the death of J. M. Tomberlin Wednesday night between Menard and Junction, while en route to Junction with a load of freight. Mr. Tomberlin has been in the freighting business some thirty years and has many good warm friends here, who will be sorry to learn of his death.

Find Extra Large Snakes

Hunt Tex., July 19.—J. W. Morris came down from the Thompson ranch last week with the banner rattlesnake story.

Two goats, his dog and cat were bitten by a rattlesnake. He found the den, containing seven snakes. Killing them all, he weighed and measured the two largest, which were 6 1/2 feet in length and weighed 15 pounds.

## PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

Let a fund be raised to be used for the weeding along the business streets cut, if there is no other way it can be effected.

F. D. Roosevelt is living up to the reputation of the name he bears, and will add considerably to the strength of the National ticket.

The Sun management appreciates the many compliments given the paper recently, and an effort will be made to continue to please you.

Governor Cox is proving himself a mixer and goer, which will all be needed to offset the handicap of the Wilson Administration record since the signing of the armistice.

Kerrville is still receiving additions to its many seekers after health and diversion from cares by fishing, hunting and bathing in this delightful section, where the shade, the cool mountain air, lovely scenery, all contribute to the pleasure of the visitor.

The Sun is glad to note that the holes in the main street have been filled, making travel much more comfortable and impressing the many visitors favorably. There may still be a few holes here and there on Water Street and some of the side streets, but possibly all will be looked after.

The Sun has just turned out the West Texas Fair Catalogue, which is a most creditable piece of printing. The local Telephone Directory also has been finished by the job department, and it is a neat job of work. It is an advantage to Kerrville to have a plant that can turn out such first-class job printing.

The delegates from Texas to the National Democratic Convention, who violated their instructions and voted against the prohibition resolution of Wm. J. Bryan, are still trying to explain their dereliction of duty and violation of a trust reposed in them. The more they and their defenders explain, the worse their case. They simply followed the automatic instructions of President Wilson instead of the wishes of the people of Texas they pretended to represent. The President didn't want any expression on the liquor question, for fear it would detract from the League of Nations issue.

### MRS. COX, MID-WEST BEAUTY, WOULD BE YOUNGEST MATRON

Dayton, Ohio.—A stranger to life at the National Capital, Mrs. James M. Cox would be the youngest matron who has graced the White House as the wife of the President if her husband, nominated for the Presidency by the Democratic National Convention, is elected in November. She is in her twenty-ninth year, and looks many years younger.

Mrs. Cox is one of the most beautiful women of the Middle West. Points of emphasis in her beauty are found in the masses of waving auburn hair which she wears simply coiffed in a graceful coil at the back of her neck and allows to curl softly over the brow and around the ears. Her eyes are brown and merry and unusually large, and she has a clear healthy complexion with fresh outdoor coloring.

Mrs. Cox was Miss Margaretta Parker Blair, daughter of Mr. and Mrs. Thomas P. Blair of Chicago. On September 15, 1916, she was married to the Governor of Ohio at a garden wedding in the home of Judge and the late Mrs. John Barton Payne at Elmhurst, Ill., in the suburbs of Chicago. Notables from Ohio and the entire Middle West attended the wedding and the bride received a fortune in gifts.

Their first child, Thomas Cox, died in infancy, but they have a wee daughter, Anne Baker Cox, who was born last November, and will succeed Baby McKee, Quentin Roosevelt and other famous White House babies in the public adoration, if her father is successful next November.

Mrs. Cox is a college graduate and has considerable personal wealth. She is of average height and has the graceful figure of the athlete and out-of-doors woman. She excels in riding, golf, tennis, swimming and skating. Her clothes are always fashionably modeled along simple but effective lines.

The first wife of the Governor, from whom he was divorced on account of "incompatibility" is the mother of his three older children, Helen, now the wife of Daniel Mahoney, her father's associate in the ownership and management of the Dayton Daily News; "Jim Junior," an 18-year-old student at Culver Institute and John Cox, a school boy of 11.

#### He Missed The Sun

In writing to have his address changed so that he could get The Sun, Frank F. Richards says:

"I am surprised at my nomination. I had not the least idea that this was going to happen when I came here as a delegate to the convention of the Committee of 48 as well as the Labor Party."

Christensen was selected by the Committee of 48 National Convention to act as its permanent chairman when it started to get unruly. After the Liberals had merged and the joint convention met at Carmen's Hall, Christensen was again sent into the breach when the convention threatened to split over some routine matters.

Christensen has been Speaker of the Utah Assembly, Prosecuting Attorney in Salt Lake City and chairman of the Republican State Convention in Utah. He taught school and was for a while Superintendent of Schools in Toole County, Utah.

Christensen's nomination makes the third newspaper man running for President. He once owned the Salt Lake Statesman, a weekly paper, and has done writing for newspapers.

#### JOSEPH W. BAILEY LEADS ON STRAW BALLOT VOTE

Fort Worth Telegram, July 18: J. F. Palmer of 912 West First Street took a poll on the incoming train from Mineral Wells Friday afternoon to find out how the passengers stood on the Governor's race.

He stated that the totals were: For Looney 2, for Neff 12, for Thomson 10, for Bailey 23.

#### Mother and Twin Daughters Wed

Valparaiso, Ind.—A Valparaiso mother and her twin daughters will have no difficulty recalling their wedding anniversary. The entire family assumed martial vows at once, three ceremonies being performed by two clergymen.

Mrs. Lillian Zane became the wife of John Hively, a prominent business man, and Cora and Nora, the daughters, became the brides of William Baker and Harry Eiler, respectively. The twins are prominent in the town's social circles.

Mrs. Lee Burney, a most estimable woman, died at Center Point last Sunday and was buried Monday. She had suffered for some time. There are a number of relatives at Center Point and some in Kerrville to mourn her death. The funeral was largely attended.

## Westminster Encampment Draws Visitors to Kerrville

The attractions of the Presbyterian Westminster Encampment continue to draw visitors to the Hill Country. Some stop by for a day or two, making it a resting place on a longer trip, but many stay to the limit of their vacation. Up to noon Wednesday, 490 persons had registered on the grounds since the opening, and of these about 175 are still there, in tent and cottage, enjoying the quiet, or visiting and entering into sports, according to choice.

Manager J. J. Delaney has built six new cottages for rent and is now

putting up one for Rev. Dr. W. P. Dickey and one for Rev. Dr. Arthur Jones of San Antonio. One of the largest privately owned cottages on the grounds has just been finished by A. W. Bally of San Antonio. The new Woman's Building and Rest Room is nearly ready for occupancy and will provide a delightful club house for the women in the camp. The old Woman's Building has been moved and made over into a dormitory for girls who come unattended. Beside these buildings there are two new bath houses and there will be a

post office and store, where campers may satisfy their taste for sweets. The grounds have never looked better than this year. The increasing number of little green cottages in place of tents adds greatly to their good appearance, and new roads are being made. Camp activities include beside meetings held in the auditorium, hikes, base ball, tennis and water sports. This Encampment advertises Kerrville all over Texas and there are people who have come here summer after summer, because they find here what they want in their vacation time.

**GOT SOMETHING YOU WANT TO SELL?**  
Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want. These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year.

**Why Not Sell Them?**  
Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in The Mountain Sun?

**AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION**  
 Senate Joint Resolution No. 12

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collectible only in current money, and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year;" and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. 30-42c  
 (Attest—A True Copy.) C. D. MIMS, Secretary of State.

**RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS**  
 House Joint Resolution No. 7

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials:

Be it resolved by the Legislature of the State of Texas:

Section 1/ That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 or Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exception as it may deem advisable.

This section shall supersede all other provisions of this Constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder. 30-42c  
 (Attest—A True Copy.) C. D. MIMS, Secretary of State.

### SAVING ON PAYDAY IS MADE EASY BY SAVINGS STAMPS

DINSMORE W. HUME  
 Federal Director of Savings.

Because they do not stop to consider that laying aside a certain amount every payday will soon build up a sizeable savings fund for them, many persons are letting their opportunities for success and prosperity slip away from them, according to Dinsmore W. Hume, of Dallas, Federal District Director of the Government Savings Division. Thrift, he declares, is the good management of the business of living, and the business of living is the most important business men and women are engaged in.

"If one will have a quiet little session with himself, he will see that he can save money to be put away in a safe place every payday. Many people say they cannot save, but those who really make an effort to save and, after deciding that they will religiously salt away something each and every payday, stick to this decision will soon find that 'where there is a will there is also a way,'" the savings director says.

"Thrift Stamps and War Savings Stamps, which are issued by the Government and can be gotten at any bank or postoffice, make regular, systematic and safe saving easy. In this way, one can save in any amount from a quarter on up to a thousand dollars. Money so saved draws interest at the rate of four per cent, compounded every three months, and if one needs his money it can always be gotten at the postoffice with interest earned. The person who regularly purchases one or more War Savings Stamps each month every payday will not have to worry about the rainy day and he will never have to say: 'Oh, if I only had some money—' These little Government bonds issued in convenient denominations make saving easy and certain."

### GEO. B. TERRELL FOR COMMISSIONER OF AGRICULTURE

From Judge T. S. Henderson: "It gives me great pleasure to commend the candidacy of Geo. B. Terrell for Commissioner of Agriculture. I have watched his career all along and was glad indeed to see his announcement for this important office."

"He understands the duties of the office and his untiring energy and determination will serve to make it one of the most useful departments in our State government and I sincerely hope that he may find a majority of Democrats in this State on his side July 24th."—T. S. Henderson, Cameron, Texas.

From Judge Stewart R. Smith: "I believe where such a man can be obtained, the Commissioner of Agriculture should be a practical farmer, who is educated in that science and has broad aspirations for the progress of farming in all its branches and the elevation of that vocation to be one of the highest callings of man."

"Geo. B. Terrell of Alto embodies these elements in an intense degree. He carries the cause in his heart and in his brain. He is an evangel in the cause of agriculture, and he is the natural friend of the farmer, because he is with them and of them."

"I believe he would make us an enlightened, sane, practical and thorough Commissioner of Agriculture, and because of the legislation he has advocated and put through for the benefit of the farmers, he deserves the honor and I am for him."—Stewart R. Smith, Beaumont, Texas.

#### Hunt Happenings

Dr. S. J. Steele, accompanied by his daughters, Misses Agnes and Mary Louise, motored from San Antonio to spend a week with Mrs. Steele at their summer home.

James and Stewart Johnson returned to San Antonio Sunday, after a week at La Junta, the guests of Ralph Walsh.

Mrs. J. E. Clifton and daughter, Mary Marjorie, and son, J. E., are guests of relatives here this week.

John Graham and Ab Davis of Mercedes are here on a visit to relatives and friends.

H. M. Clark and family and Miss Mildred Clark, and Mr. and Mrs. Wheeler of Fort Worth are camping here.

Lynn Mitchell returned Monday from a visit to San Antonio.

Mr. and Mrs. J. E. King entertained with a watermelon party at Hope's Crossing last Friday evening. The guests, numbering thirty, met at Kamp King and motored to the lovely grove of pecan trees, where the feast was held.

Mr. and Mrs. Wm. King and Dr. Lawson Moody returned to San Antonio Sunday.

Mr. and Mrs. J. E. King, Mrs. F. C. Walsh, Mrs. Geddie and Miss Chula Waggoner motored to San Antonio Tuesday.

Norman Waldie returned to Floresville Monday, after a week's visit at the Mitchell Camp.

Mr. and Mrs. C. B. Ferguson of San Antonio are occupying their ranch home recently purchased from Mr. Baldwin. CORRESPONDENT.

#### Rocksprings Items

Leader, July 16: Mrs. Kate Wisenhunt and daughter, Miss Rachel Wisenhunt, of Center Point are here visiting Clarence Welborn and family. Mrs. Welborn is a daughter of Mrs. Wisenhunt.

The pecan crop down in the canyon country, which is usually worth considerable to the canyon pocketbooks, is reported almost a total failure this year. The late spring freeze caught the pecan blooms.

The wild plums are getting ripe on the Rocksprings Divide, and there seems to be a fine crop of them. But the folk do not value them quite as highly as usual on account of the high price of sugar.

#### Comfort Chat

News, July 16: Arthur H. Ingenuett will return next week from the State University at Austin, where he has been taking a special course.

News was received here this week that Mrs. Frances Schladouer, widow of the late Henry Schladouer, had died on July 1 at the home of her son at Moreno, Cal. The decedent was in her 89th year. Mrs. Schladouer was a sister of the late Theo. Wiedenfeld of Comfort, and was well known to the older people of this community, where she lived for many years and has numerous relatives. She leaves two sons, William and Sam, who live in California, and one daughter, Mrs. John Heinen, of Bandera.

### ARE YOU MAKING YOUR DREAMS AND HOPES COME TRUE?

What is your dream? Is it to own your own home some day? Is it to buy a farm for yourself or to set up your own business?

Is it your dream to give your children a better education than you had yourself—to see your boy or girl equipped for life by college training? In your dreams, are you planning for the future of your little people?

When the sun of life is going down, is it your dream to have accumulated enough to live on in comfort without financial worry? Is it your wish to have more for the rainy day than a worn-out umbrella?

Do you want to own your own car? To travel, perhaps, and see something of this great country of ours?

What is your dream? You have one. Whatever it may be, you will certainly need more money than you have now to make it come true.

A dream worth dreaming is one worth working and saving for. Start now to make your dream come true.

Saving will make your dream come true. Had you thought of the opportunity you have in War Savings Stamps and Thrift Stamps to save and make that dream real? They are Government bonds that rapidly turn quarters and dollars into five-dollar bills. In denominations from twenty-five cents on up, which make saving in any amount easy, they can be gotten at the United States Postoffice.

They will help you make your dream come true.

### MANY ARE INVESTING IN NEW \$100 CERTIFICATES AT THE POSTOFFICE HERE

Paying interest at the rate of 4 per cent, compounded every 90 days, United States Government War Savings Stamps make saving in large or small amounts easy and absolutely safe. These Savings Stamps increase in value regularly every month and they can always be cashed at the postoffice for the purchase price plus the interest they have earned, if the money is needed.

The attractive \$100 Registered Treasury Savings Certificate, which cost eighty odd dollars this month, can also be gotten at the postoffice now. Quite a number of these have been purchased through the local postoffice by people who desire to invest their money so that it will be absolutely safe and earning good compound interest. Like War Savings Stamps, the money plus accrued interest can be gotten on them if needed.

#### SCHOOLMAN MAKES STATEMENT

"No child who leaves the public schools without knowing how to live is less than he makes is thoroughly educated," says J. F. Kimball, Superintendent of Dallas Public Schools. The Dallas school children are taught how to save their money and they own nearly \$7,000 of Thrift Stamps and War Savings Stamps. Their teachers teach them thrift and saving.

#### AN EASY WAY TO SAVE

Five per cent of one's monthly salary or wages will build up a very tiny sum by the end of the year if regularly invested in War Savings Stamps and Thrift Stamps. These Government securities can't depreciate in value and they yield interest at the rate of four per cent, compounded every ninety days. They can be bought at the postoffice.

#### WHERE WILL YOU BE THEN?

When next January I rolls around and you count up your cash to see how you have gotten along in old 1920 are you going to be ahead or behind the game? If you salt away some of your salary in War Savings Stamps every payday, you will be ahead of the game—way ahead. It is better to save than to be sorry.

#### HOLD YOUR LIBERTY BONDS

Hold on to your Liberty Bonds. Remember they represent your savings. When you sell your Liberty Bonds you are spending your savings. Keep them. Cut the interest coupons as they fall due and exchange them for U. S. S. You will be glad you stuck to them.

When was the last time you got a War Savings Stamp at the postoffice? Remember what happened to that last five-dollar bill you "broke." The same thing is going to happen to the next one. Better put it in a War Savings Stamp and not have to say, "If I had the money—"

When the end of the year comes and they look back over 1920 and see how they have spent their money, a lot of people are going to wish that they had put some of it in War Savings Stamps at four per cent, compound interest.

It is a wise person who saves his dollars these days. He is also a wise man who salts away a few dollars in War Saving Stamps every payday.

The fellow who is holding on to his Liberty Bonds and buying more War Savings Stamps is not worrying about the future.

#### Bandera Budget

New Era, July 15: Coke R. Stevenson, County Judge of Kimble County and candidate for Representative, was here meeting the voters last Thursday. He was accompanied by J. M. Hamilton of Kerrville.

Mr. and Mrs. L. R. Landrum came over from Kerrville to visit friends. Their daughter, Eva Mae, who had been visiting at the home of Lee Fries for two weeks returned with them.

Mrs. G. Hicks of Tarpley had the misfortune to be butted down by a large pet ram on the ranch last week and was so seriously injured as to require the attention of a physician. She was confined to her bed for more than a week but is recovering slowly. The worst injury was to one of her knees, which was almost dislocated.

Let Your Dealer "Show You"

It is a very prevalent custom, to order goods by the "quarter's worth" or "half dollar's worth," but the custom is not a good one. It is much better to order by the pound or the yard or the gallon. Then, whether you have asked the price or not, your bill will show the price per pound, yard or gallon. In addition thereto, you can very easily verify the measurements or weights thus given whereas if you simply order "two bits' worth" or some other equally indefinite amount, it is very difficult with the means of weighing or measuring available in the ordinary household, to ascertain whether fair measurement or weight has been given, even if you know the price.

Now do not understand us to mean that it is usually necessary to weigh or measure your purchases. Upon the contrary, we do not believe that there is a merchant in Kerrville who would intentionally "short" a customer, but if there is, the system which will show him up, is a good one. Our plea is made however, for the sake of the honest, aboveboard merchant who gives you absolutely honest measure.

In these times of high and higher prices, you very often have the thought, "that is a mighty small dollar's worth," and, tucked away somewhere in the back of your mind, is a half formed suspicion that the weight or measure is unfair.

Don't you see that you owe it to the merchant, if he has been fair, to verify his measurement and remove that suspicion, and if he has not been fair, you owe it to yourself to prove it and stop dealing with him?

Intelligent buying will ring the death knell of rascality, if it exists, and justice to the public and to the honest merchant alike, demands that it shall be done.

## GROWERS STORE WOOL CROP FOR BETTER PRICES

Thousands of pounds of wool and mohair will be stored away this year until after the November election at least, if banks will advance money. This is the opinion of J. B. Murrah, former president of the Texas Sheep & Goat Raisers' Association.

"Financial aid through all of the local banks and the banks all over the wool growing section has been assured," said Mr. Murrah. "Large wool storage warehouses have been built in a number of towns during the last year and millions of pounds of fleece will be taken care of in that way until there is a market price," he declared.

At present most of the wool is stored in San Angelo, Mertzon, Big Lake, Sonora, Sanderson, Del Rio and Kerrville, according to Mr. Murrah. The warehouses at Big Lake and Sanderson were established this year, while the others have been in use for several years.

"There is no price on wool or mohair now at all. When the combine finds out that it cannot steal the fleece from us, the price is bound to go up some and that is what it will be held for," he said. "Factories and mills in the North are now closing down and slowing up production and this will have a strong effect on the price of wool. It will also have a strong effect on the price of clothes to be bought during the next year. Some of these mills are probably closed down for the reason they claim—that of order cancellation—others are forced to close because of stored wool, and others to force sale of that now in storage.

Mr. Murrah looks for this condition to prevail until after the general election. Just what effect the election will have on wool prices he will not forecast, but he insists that there will be no change in the administration.

"I look for the Democrats to stay in control," he declared. "And even if the Republicans are victorious there is no occasion for a money panic. The Democrats already have that fixed so that with continued production there will be plenty of money."

Conditions on the range are excellent, he says. This is especially true in the Pecos River section, where the range is in a better condition than it has been in for the last 15 years. From the Pecos to the border, taking in his ranch holdings in Val Verde County, the grass is long and the water holes are full.

Cattle and sheep are naturally doing excellent all over West Texas, he says. This comes both from better stock and the good range.

### UNCLE TOM NELSON GOES TO DYERSBURG AT EARLY DATE

"J. T. Nelson, more affectionately and familiarly known as 'Uncle Tom,' has severed his connection with the Waldron Hotel to accept a place of a similar nature at the Atwood Hotel at Dyersburg, Tenn., after having been here for some time.

There are few men in the hotel business in this section who have more friends in the traveling public than Uncle Tom. He appears to know just what to do to make his fellow-man feel pleasant and doesn't mind doing it.

"He laid the foundation for his popularity through this part of the country many years ago, of course, but he was beloved of all men, women and children along the line of the G. M. & N. Railroad when he was a passenger conductor on that road. He will go to his Tennessee location at an early date.

"His host of friends here regret that he could not find it to his interest to remain in Corinth and follow him with the most kindly interest."

The above is a clipping from The Daily Corinthian of Corinth, Miss., the home of "Uncle Tom," who needs no introduction to the people of Kerrville or Kerr County, he having lived here for a good many years, and was formerly connected with the St. Charles Hotel.

# Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

### Remarkable Coincidence

Thursday of last week, there was seen in a group in Kerrville four of the early travelers of the old Town Creek road. They were having a big time recounting their experiences of years ago.

In the party of old-timers were "Uncle Dick" Joy, who drove the first wagon over this road 65 years ago; Wm. Alexander, who came over it in 1860; James Glenn, who traveled over it about the same time, and W. A. Peril, who came down just 58 years ago.

In those days Kerrville was merely a shingle camp on the Guadalupe. It is doubtful if another such gathering of old settlers will ever occur again.

Deputy County Clerk Lochte was indisposed Monday and Tuesday, but able to be up Wednesday afternoon. He played ball too hard, we expect.

## THOMPSON SANATORIUM ADDS TO REPUTATION OF COUNTRY

The Thompson Sanatorium has 800 beds within its domain, so there is no danger of being crowded. This institution, that is proving of such great benefit in combating the white plague of this country, is situated on the crest of a mountain, west of Kerrville a mile distant and across the beautiful Guadalupe River. The drive to the sanatorium is an enjoyable one, for even at short distance the scenery is so beautiful that each view presents a scene to behold.

The main building of the Thompson Sanatorium was built for a hotel quite popular for some time. Dr. S. E. Thompson secured property and established his sanatorium. Formerly he had been with State Tuberculosis Sanatorium at El Paso where he had established a reputation for successful treatment of that disease. Dr. Thompson came from Arkansas and is named of the fact. His home at State was at El Paso.

In addition to the main building there are thirty-five flow tile porches and eight porcelling. If these are double the remaining angle. The capacity of the sanatorium is fifty-five.

Dr. H. Y. Swartz of Mississippi is the assistant of Dr. Thompson at the sanatorium. He is a capable physician and a friend in the treatment of tuberculosis.

There are many of the credit of the Thompson sanatorium, and the waiting list for sanatorium is always long one. Dr. Thompson is providing additional beds as rapidly as the building comes will permit and the ability to care for patients.

Dr. Thompson is very busy man in his office at the sanatorium.

...the time to interest his of Kerrville. He is a business and booster, and a city man it's a pleasure to meet.

The Thompson Sanatorium is adding to the reputation of Kerrville Country abroad, and it is a pleasure to see those who are being cured are lead in the line of the most excellent and kindness shown them by physicians and attendants. If it will come in time, a cure is an assured fact.

## SIDENT AND GOVERNOR COX AGREE ON CAMPAIGN

Last Sunday, Governor Cox and Franklin D. Roosevelt went to the White House in Washington and conferred with President Wilson for two hours and took luncheon there.

Later, President Wilson and Governor Cox gave out interviews to the effect that they were in entire agreement as to the League of Nations, which should be the paramount issue in the campaign.

President Wilson also agreed to take an active part in the campaign and the whole Administration forces will also be lined up, it is believed.

Governor Cox was given a great ovation upon his arrival in Washington City Saturday afternoon. During that night and for several hours following his conference with President Wilson he met many of the Democratic leaders.

Senator Morris Shepherd was one of the first to confer with Governor

Cox and he has pledged his assistance in the campaign. He is now taking a rest, preparatory to making a speech-making tour of some of the Western States.

There is some doubt privately expressed by Democratic Senators and leaders to making the League of Nations the paramount issue, as also the inadvisability of putting forward President Wilson as leader of the campaign.

## FRIENDS OF J. W. BAILEY SPEAK IN HIS BEHALF

In the Court House at Kerrville Monday night there was speaking in behalf of the candidacy of Joseph W. Bailey for Governor.

A brief announcement was only possible of the date, so the attendance was not large as it would have been had more people known about it.

Judge W. C. Baker introduced Hon. A. J. Bell of San Antonio, and in making the presentation, Judge took occasion to make a most excellent short speech himself for Mr. Bailey. He stated that he and the candidate for Governor had been born within ten miles of each other in Mississippi, though he had never had the opportunity of meeting the distinguished gentleman. However, was well acquainted with the mother and a sister of Mr. Bailey, whom he esteemed highly, and that they were most lovable women.

Mr. Bell spoke mostly on the labor and open shop questions. He also referred to the extravagant mode of State government. In the correction of these conditions, he stated that Mr. Bailey could do the people more good than either of his opponents.

Mr. Bell was the guest of Mr. and Mrs. A. D. Atkins while in Kerrville as the former had studied law in the office of the father of Mrs. Atkins and so an old-time friend.

## WATER RATE INCREASE GRANTED BY COMMISSION

Upon petition of M. F. Weston and approval by the board of directors of the Chamber of Commerce, the City Commission adopted a resolution permitting an increase of 33 1-3 per cent on water rates, effecting the consumption of water in excess of 3,000 gallons as minimum, except as to the City of Kerrville.

It has been demonstrated to the City Commission that for about two years the Kerrville Water Works had been operated without profit.

The citizens are familiar with the voting of bonds to buy the Water Works and the delay attendant in reference to consummation of that deal.

From facts gathered, it seems that the city voted an excessive bond issue to the amount of \$1,500,000 more than the law permitted, and even if that had not been the case there was no market for the bonds at a figure the city would be willing to accept.

In addition to this, the citizens who favored sale of Water Works made a more thorough investigation than had been done when the question of purchase was being considered, and the conclusion was reached by most of them, that if Kerrville could sell its \$20,000,000 in bonds and then issue warrants for \$20,000,000 or assume that much more indebtedness, the city barred itself from any further bond issue, besides would incur a burden in the operation of the Water Works.

In other words, the old water rate would not pay the operating expenses, while the interest on bonds and balance due, with so much as a sinking fund, the citizens would be paying about \$4,200,000 a year and receiving no benefit, because they would be paying for a piece of property that was not a revenue producer.

It is believed that by the increase in water rate granted, that Mr. Weston will be willing to relieve the city of its contract to purchase the Water Works, and in fact, had just as well, because the city has voted more bonds than the law allowed, and in addition to that, there is no market for the bonds.

It is believed, that if the city can amicably be relieved of carrying out the deal with Mr. Weston, it would be a good business proposition for the city to accomplish.

The increase of 33 1-3 per cent in water rate granted, it is claimed, will not allow any profit of consequence over the cost of operation. The resolution adopted by the City Commission is as follows:

"The application of the Kerrville Water Works Company for an increase in the water rates which they are authorized to charge, increasing the flat rate from \$1.50 per month to \$2.00 per month, an increase of 33 1-3 per cent on meter rate effecting the consumption of water in excess of 3,000 gallons minimum, came on to be heard by the Mayor and City Commissioners, and after due consideration of the matter and the financial showing made by the Water Works Company, it is the opinion of the Commissioners that the company is entitled to the increase in the rate asked. Provided, however, that such increase in rates shall in no manner be construed as applying to any rates charged the City of Kerrville for being furnished to the city under contract between it and the Water Works Company. It being expressly stated by the representatives of the company that such increase of rates shall not apply to the city. It is, therefore, resolved by the City Commissioners of the City of Kerrville, Texas, that the Kerrville Water Works Company be and they are hereby authorized to increase the water rates as above specified until further ordered or changed by the Board of City Commissioners of said city. The increase of rates, as above provided for, to be effective on and after August 1st, 1920. Upon motion, duly seconded, the foregoing resolution was adopted."

"E. H. TURNER, City Clerk."

## GALVESTON STRIKE SITUATION MAY SOON BE HARMONIZED

Recently, Governor Hobby issued a proclamation suspending the local officers of Galveston from performing any duties pertaining to the enforcement of the penal offenses in that city.

Members of the State Militia have been appointed to all the positions of municipal authority for the special duty of looking after violations of the law.

The City Commission and other officers attend to the other affairs of the city.

This last act of Governor Hobby has caused considerable harsh feeling on the part of the Galveston city officers and many citizens.

The matter seems now to have reached a point where harmony can be restored and the troops withdrawn by the pledge of Galveston city officers and citizens to enforce the law and also protect all who desire to work in any capacity.

## ATHLETICS TAKE CLOSE GAME FROM ARSENAL'S

Kerrville Base Ball Park, Sunday July 18.—The Kerrville Athletics made it a 50-50 break against the fast Arsenal Red Sox of the Alamo City by taking the second game of the season against them by the close score of 7 to 6.

The contest was marred, however with arguments and it was the first time this season that a visiting club threatened to forfeit a game by reason of Umpire Garrett's decisions. When we consider the good record attained by Umpire Garrett in the many games of the season, we can't help but take the Honorable Umpire views.

The game was a free-for-all swatting exhibition and both Pitcher Caporal for the visitors and Captain Manny for the Athletics were hit hard. The visitors came within an inch of tying the score in the ninth, but their rally fell short when the tying runner died on third on a foul pop-out.

Before their departure for San Antonio, the Arsenal arranged a final game with the Athletics for Sunday August 1st. It is expected that this will be beyond doubt the hardest and hottest battle of the season, as both teams seem to be evenly matched and each equally determined to make it the two best.

The Utilities "All Stars" of Camp Travis, consisting of the cream of the military base ball material, will cross bats with the Athletics on the coming Sunday and another interesting game is assured. Come out and help root the home boys to victory!

## BODIES OF TWO MORE SOLDIERS FROM OVERSEAS

Friday of last week, the bodies of Harvey I. Merritt and Grover Hollomon were brought from overseas to Kerrville and Saturday were buried at Nichol's Cemetery near Ingram.

Corporal Tracht accompanied the bodies from Hoboken, N. J., to Kerrville and the ward Undertaking Company had charge of the remains.

These bodies of dead soldiers are shipped here in the cement casket, which was described recently in The Sun. The weight of the casket is over 500 pounds.

Harvey Merritt and Grover Hollomon both died of pneumonia in October, 1918.

There were a number of relatives to meet the remains at Kerrville and accompany them to the cemetery.

## EXTENDED STRIKE OF RAILWAY MEN MAY BE AVERTED

The United States Railroad Labor Board has granted an increase of 50 per cent of demand for increase of wages demanded by railway employees. It totals about \$600,000,000 and affects 1,800,000 men. The increase will be retroactive if accepted and include increase from May 1st.

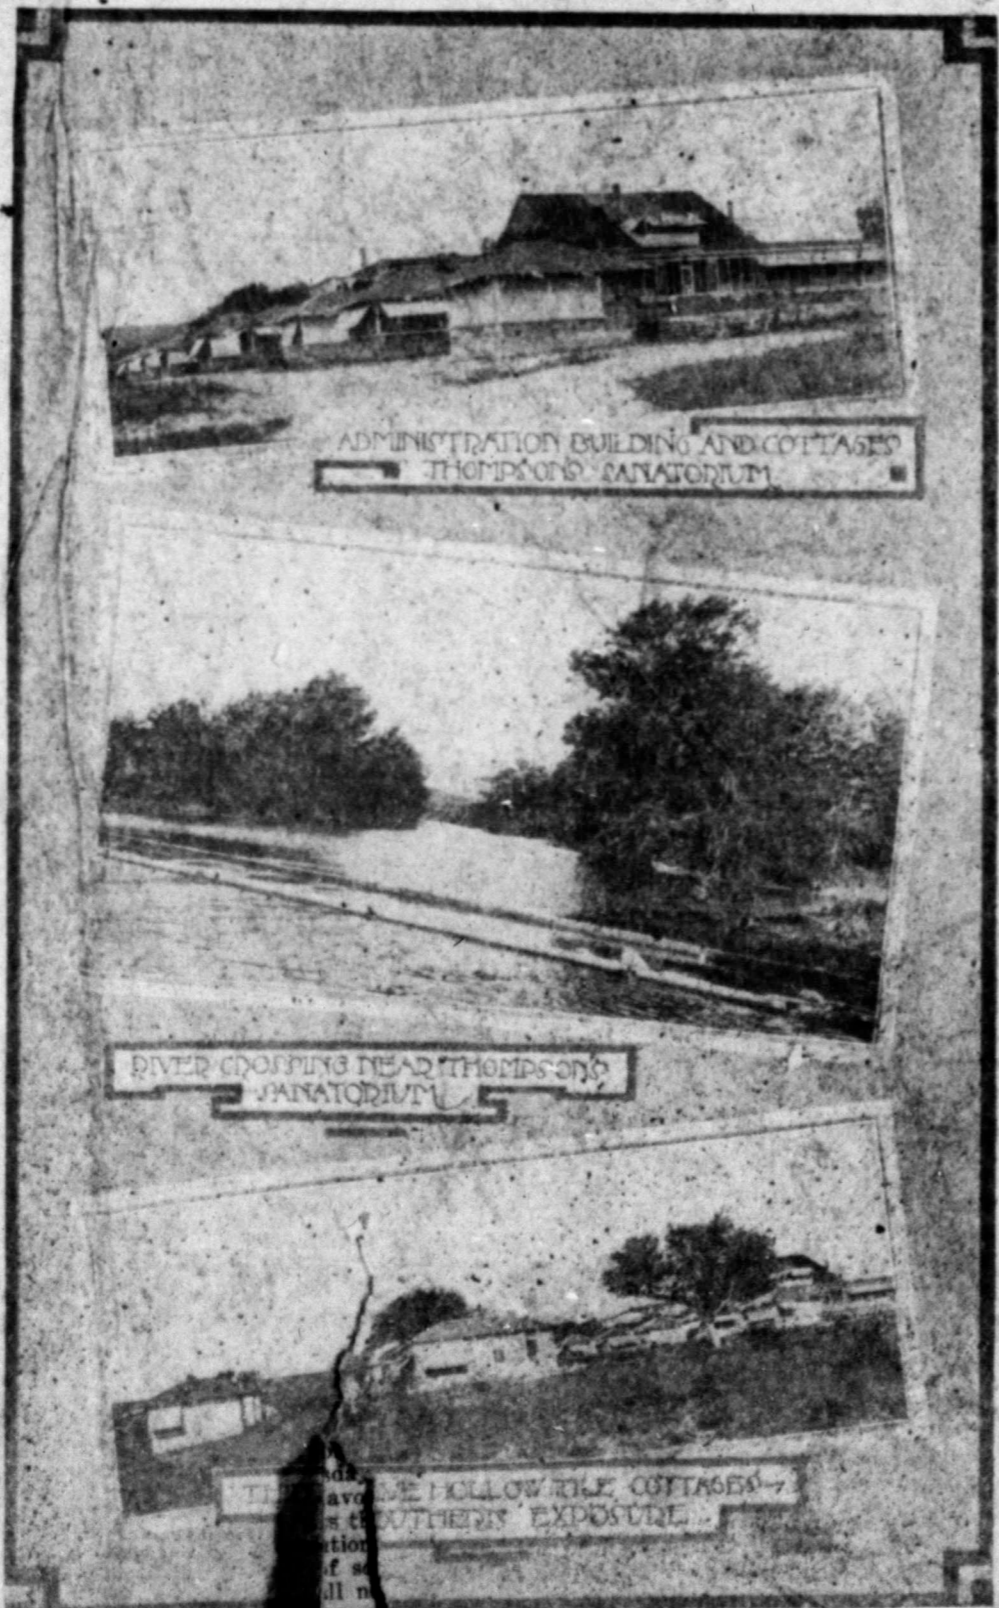

The railway union heads are considering the proposition and it is believed will urge its acceptance by the employees.

The railways have given notice to the Interstate Commerce Commission that they will apply for an increase in freight rates to meet the increase in wages made by the United States Labor Board.

## Delighted with Kerrville

The following article is from Ferguson's Forum at Austin, a recent copy of which had many pleasant and complimentary things to say of Kerrville and Kerr County citizens, written by the talented lady mentioned. Some of these flattering testimonials we will later reproduce:

"Miss Katie Daffan is now enjoying a visit to the beautiful Hill Country of Kerr County, and Ferguson's readers are fortunate to have from her entertaining pen, accounts of the natural beauties of this portion of our wonderful State. She is now stopping at the St. Charles Hotel at Kerrville, and while she lingers in this romantic, ever old, ever new region, we may expect charming accounts of old Fredericksburg, of the mighty ranches known the world over, and of some of the early pioneers western life, told in her own wonderful way."

Let a fund be raised to have the weeds along the business streets cut, if there is no other way it can be effected.

F. D. Roosevelt is living up to the reputation of the name he bears, and will add considerably to the strength of the National ticket.

The Sun management appreciates the many compliments given the paper recently, and an effort will be made to continue to please you.

Governor Cox is proving himself a mixer and goer, which will all be needed to offset the handicap of the Wilson Administration record since the signing of the armistice.

Kerrville is still receiving additions to its many seekers after health and diversion from cares by fishing, hunting and bathing in this delightful section, where the shade, the cool mountain air, lovely scenery, all contribute to the pleasure of the visitor.

The Sun is glad to note that the Jess in the main street have been making travel much more comfortable and impressing the many visitors favorably. There may still be a few here and there on Water Street and some of the side streets, but possibly they will be looked after.

The Sun has turned out the West Texas Fair Catalogue, which is a most creditable piece of printing. The local Telephone Directory also has been finished by the job department, and it is a neat job of work. It is an advantage to Kerrville to have a plant that can turn out such first-class job printing.

The delegates from Texas to the National Democratic Convention, who violated their instructions and voted against the prohibition resolution of Wm. J. Bryan, are still trying to explain their dereliction of duty and violation of a trust reposed in them. The more they and their defenders explain, the worse their case. They simply followed the automatic instructions of President Wilson instead of the wishes of the people of Texas they pretended to represent. The President didn't want any expression on the liquor question, for fear it would detract from the League of Nations issue.

### MRS. COX, MID-WEST BEAUTY. WOULD BE YOUNGEST MATRON

Dayton, Ohio.—A stranger to life at the National Capital, Mrs. James M. Cox would be the youngest matron who has graced the White House as the wife of the President if her husband, nominated for the Presidency by the Democratic National Convention, is elected in November. She is in her twenty-ninth year, and looks many years younger.

Mrs. Cox is one of the most beautiful women of the Middle West. Points of emphasis in her beauty are found in the masses of waving auburn hair which she wears simply coiffed in a graceful coil at the back of her neck and allows to curl softly over the brow and around the ears. Her eyes are brown and merry and unusually large, and she has a clear healthy complexion with fresh out-of-door coloring.

Mrs. Cox was Miss Margaretta Parker Blair, daughter of Mr. and Mrs. Thomas P. Blair of Chicago. On September 15, 1916, she was married to the Governor of Ohio at a garden wedding in the home of Judge and the late Mrs. John Barton Payne at Elmhurst, Ill., in the suburbs of Chicago. Notables from Ohio and the entire Middle West attended the wedding and the bride received a fortune in gifts.

Their first child, Thomas Cox, died in infancy, but they have a wee daughter, Anne Baker Cox, who was born last November, and will succeed Baby McKee, Quentin Roosevelt and other famous White House babies in the public adoration, if her father is successful next November.

Mrs. Cox is a college graduate and has considerable personal wealth. She is of average height and has the graceful figure of the athlete and out-of-doors woman. She excels in riding, golf, tennis, swimming and skating. Her clothes are always fashionably modeled along simple but effective lines.

The first wife of the Governor, from whom he was divorced on account of "incompatibility" is the mother of his three older children, Helen, now the wife of Daniel Mahoney, her father's associate in the ownership and management of the Dayton Daily News; "Jim Junior," an 18-year-old student at Culver Institute and John Cox, a school boy of 11.

The Woman's Auxiliary of the Presbyterian Church met Thursday, July 15th, with Mrs. Aug. Henke in her elegant new home.

The society had the pleasure of having Mrs. Mott Martin with them. Mrs. Martin recently returned from Africa and gave us a most interesting talk of the missionary work there and its needs.

#### Mallory Line to Resume Shipping

Austin, Tex.—The Mallory Steamship Company has advised Governor Hobby that the Galveston-New York service will be resumed with as frequent sailings as conditions will permit.

The telegram to the Governor was in answer to one he sent protesting against suspension of service by the steamship company, as far as the port of Galveston was concerned.

"Uncle John" Lowrance died Wednesday night at the hospital in Kerrville at the age of 80 years. Burial took place Thursday afternoon at the Turtle Creek Cemetery. Services were conducted by Rev. Roy T. Houts. Mr. Lowrance had been married three times and there are six children, five of those unions.

**NOTICE**

The attractions of the Presbyterian Westminster Encampment continue to draw visitors to the Hill Country. Some stop by for a day or two, making it a resting place on a longer trip, but many stay to the limit of their vacation. Up to noon Wednesday, 499 persons had registered on the grounds since the opening, and of these about 175 are still there, in tent and cottage, enjoying the quiet, or visiting and entering into sports, according to choice.

Manager J. J. Delaney has built six new cottages for rent and is now

putting up one for Rev. Dr. W. P. Dickey and one for Rev. Dr. Arthur Jones of San Antonio. One of the largest privately owned cottages on the grounds has just been finished by A. W. Baily of San Antonio. The new Woman's Building and Rest Room is nearly ready for occupancy and will provide a delightful club house for the women in the camp. The old Woman's Building has been moved and made over into a dormitory for girls who come unattended. Beside these buildings there are two new bath houses and there will be a

## PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

Let a fund be raised to have the  
weeds along the business streets cut,  
if there is no other way it can be  
effected.

F. D. Roosevelt is living up to the  
reputation of the name he bears, and  
will add considerably to the strength  
of the National ticket.

The Sun management appreciates  
the many compliments given the  
paper recently, and an effort will be  
made to continue to please you.

Governor Cox is proving himself a  
mixer and goer, which will all be  
needed to offset the handicap of the  
Wilson Administration record since  
the signing of the armistice.

Kerrville is still receiving additions  
to its many seekers after health and  
diversion from cares by fishing, hunt-  
ing and bathing in this delightful  
section, where the shade, the cool  
mountain air, lovely scenery, all con-  
tribute to the pleasure of the visitor.

The Sun is glad to note that the  
les in the main street have been  
making travel much more  
comfortable and impressing the many  
visitors favorably. There may still be  
a few here and there on Water  
Street and some of the side streets,  
but possibly they will be looked after.

The Sun has turned out the  
West Texas Fair Catalogue, which is  
a most creditable piece of printing.  
The local Telephone Directory also  
has been finished by the job depart-  
ment, and it is a neat job of work.  
It is an advantage to Kerrville  
to have a plant that can turn out such  
first-class job printing.

The delegates from Texas to the  
National Democratic Convention,  
who violated their instructions and  
voted against the prohibition resolu-  
tion of Wm. J. Bryan, are still try-  
ing to explain their dereliction of  
duty and violation of a trust reposed  
in them. The more they and their  
defenders explain, the worse their  
case. They simply followed the auto-  
cratic instructions of President Wil-  
son instead of the wishes of the peo-  
ple of Texas they pretended to repre-  
sent. The President didn't want any  
expression on the liquor question, for  
fear it would detract from the League  
of Nations issue.

### MRS. COX, MID-WEST BEAUTY, WOULD BE YOUNGEST MATRON

Dayton, Ohio.—A stranger to life  
at the National Capital, Mrs. James  
M. Cox would be the youngest matron  
who has graced the White House as  
the wife of the President if her hus-  
band, nominated for the Presidency  
by the Democratic National Conven-  
tion, is elected in November. She is  
in her twenty-ninth year, and looks  
many years younger.

Mrs. Cox is one of the most beau-  
tiful women of the Middle West.  
Points of emphasis in her beauty are  
found in the masses of waving auburn  
hair which she wears simply coiffed  
in a graceful coil at the back of her  
neck and allows to curl softly over  
the brow and around the ears. Her  
eyes are brown and merry and un-  
usually large, and she has a clear  
healthy complexion with fresh out-  
door coloring.

Mrs. Cox was Miss Margaretta  
Parker Blair, daughter of Mr. and  
Mrs. Thomas P. Blair of Chicago. On  
September 15, 1916, she was married  
to the Governor of Ohio at a garden  
wedding in the home of Judge and  
the late Mrs. John Barton Payne at  
Elmhurst, Ill., in the suburbs of Chi-  
cago. Notables from Ohio and the  
entire Middle West attended the wed-  
ding and the bride received a fortune  
in gifts.

Their first child, Thomas Cox, died  
in infancy, but they have a wee  
daughter, Anne Baker Cox, who was  
born last November, and will succeed  
Baby McKee, Quentin Roosevelt and  
other famous White House babies in  
the public adoration, if her father is  
successful next November.

Mrs. Cox is a college graduate and  
has considerable personal wealth. She  
is of average height and has the  
graceful figure of the athlete and  
out-of-doors woman. She excels in  
riding, golf, tennis, swimming and  
skating. Her clothes are always  
fashionably modeled along simple but  
effective lines.

The first wife of the Governor,  
from whom he was divorced on ac-  
count of "incompatibility" is the  
mother of his three older children,  
Helen, now the wife of Daniel Ma-  
honey, her father's associate in the  
ownership and management of the  
Dayton Daily News; "Jim Junior," an  
18-year-old student at Culver Insti-  
tute and John Cox, a school boy of 11.

### He Missed The Sun

In writing to have his address  
changed so that he could get The  
Sun, Frank F. Richards says:

"I am surprised at my nomination.  
I had not the least idea that this was  
going to happen when I came here as  
a delegate to the convention of the  
Committee of 48 as well as the Labor  
Party."  
Christensen was selected by the  
Committee of 48 National Convention  
to act as its permanent chairman  
when it started to get unruly. After  
the Liberals had merged and the joint  
convention met at Carmen's Hall,  
Christensen was again sent into the  
breach when the convention threaten-  
ed to split over some routine mat-  
ters.

Christensen has been Speaker of  
the Utah Assembly, Prosecuting At-  
torney in Salt Lake City and chair-  
man of the Republican State Con-  
vention in Utah. He taught school and  
was for a while Superintendent of  
Schools in Toole County, Utah.

Christensen's nomination makes the  
third newspaper man running for  
President. He once owned the Salt  
Lake Statesman, a weekly paper, and  
has done writing for newspapers.

### JOSEPH W. BAILEY LEADS ON STRAW BALLOT VOTE

Fort Worth Telegram, July 18: J.  
F. Palmer of 912 West First Street  
took a poll on the incoming train  
from Mineral Wells Friday afternoon  
to find out how the passengers stood  
on the Governor's race.

He stated that the totals were: For  
Looney 2, for Neff 12, for Thomason  
10, for Bailey 23.

### Mother and Twin Daughters Wed

Valparaiso, Ind.—A Valparaiso  
mother and her twin daughters will  
have no difficulty recalling their wed-  
ding anniversary. The entire family  
assumed martial vows at once, three  
ceremonies being performed by two  
clergymen.

Mrs. Lillian Zane became the wife  
of John Hively, a prominent business  
man, and Cora and Nora, the daugh-  
ters, became the brides of William  
Baker and Harry Erler, respectively.  
The twins are prominent in the town's  
social circles.

Mrs. Lee Burney, a most estimable  
woman, died at Center Point last  
Sunday and was buried Monday. She  
had suffered for some time. There  
are a number of relatives at Center  
Point and some in Kerrville to mourn  
her death. The funeral was largely  
attended.

### An Endorsement

Junction, Tex., July 2.—We, the  
undersigned citizens of Kimble Coun-  
ty, Texas, being soldiers of the late  
war and Confederate Veterans respec-  
tively, wish to say that we have  
carefully examined the circular issued  
in behalf of B. J. Stewart, candidate  
for Representative, and signed by  
four ex-soldiers and that the facts  
stated in said circular are correct.

(Signed) John F. Durst, R. J.  
Pickett, J. L. Bishop and G. W. L.  
Randle, Confederate Veterans.  
Dave Turner, T. B. Petty, Carroll  
B. Collier, Gifford Evans, Almar V.  
Pierce and Pat. Smith, Veterans Late  
war. (Political Adv.)

### Woman's Auxiliary

The Woman's Auxiliary of the  
Presbyterian Church met Thursday,  
July 15th, with Mrs. Aug. Henke in  
her elegant new home.  
The society had the pleasure of hav-  
ing Mrs. Mott Martin with them.  
Mrs. Martin recently returned from  
Africa and gave us a most interesting  
talk of the missionary work there and  
its needs.

### Mallory Line to Resume Shipping

Austin, Tex.—The Mallory Steam-  
ship Company has advised Governor  
Hobby that the Galveston-New York  
service will be resumed with as fre-  
quent sailings as conditions will per-  
mit.

The telegram to the Governor was  
in answer to one he sent protesting  
against suspension of service by the  
steamship company, as far as the port  
of Galveston was concerned.

"Uncle John" Lowrance died Wed-  
nesday night at the hospital in Ker-  
ville at the age of 80 years. Burial  
took place Thursday afternoon at the  
Turtle Creek Cemetery. Services were  
conducted by Rev. Roy T. Houts. Mr.  
Lowrance had been married three  
times and there are six children, left  
of those unions.

## Westminster Encampment Draws Visitors to Kerrville

The attractions of the Presbyterian Westminster Encampment continue to draw visitors to the Hill Country. Some stop by for a day or two, making it a resting place on a longer trip, but many stay to the limit of their vacation. Up to noon Wednesday, 499 persons had registered on the grounds since the opening, and of these about 175 are still there, in tent and cottage, enjoying the quiet, or visiting and entering into sports, according to choice.

Manager J. J. Delaney has built six new cottages for rent and is now putting up one for Rev. Dr. W. P. Dickey and one for Rev. Dr. Arthur Jones of San Antonio. One of the largest privately owned cottages on the grounds has just been finished by A. W. Baily of San Antonio. The new Woman's Building and Rest Room is nearly ready for occupancy and will provide a delightful club house for the women in the camp. The old Woman's Building has been moved and made over into a dormitory for girls who come unattended. Beside these buildings there are two new bath houses and there will be a post office and store, where campers may satisfy their taste for sweets.

The grounds have never looked better than this year. The increasing number of little green cottages in place of tents adds greatly to their good appearance, and new roads are being made. Camp activities include beside meetings held in the auditorium, hikes, base ball, tennis and water sports.

This Encampment advertises Kerrville all over Texas and there are people who have come here summer after summer, because they find here what they want in their vacation time.

**AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION**  
 Senate Joint Resolution No. 12

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collectible only in current money, and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year," and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. 30-4tc  
 (Attest—A True Copy.) C. D. MIMS, Secretary of State.

**RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS**  
 House Joint Resolution No. 7

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials:

Be it resolved by the Legislature of the State of Texas:

Section 1. That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 or Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exception as it may deem advisable.

This section shall supersede all other provisions of this Constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared by the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated for the purpose of paying the expenses of such publication and publication of this amendment. 30-4tc

SAVING ON PAYDAY IS MADE EASY BY SAVINGS STAMPS

DINSMORE W. HUME Federal Director of Savings.

Because they do not stop to consider that laying aside a certain amount every payday will soon build up a sizeable savings fund for them, many persons are letting their opportunities for success and prosperity slip away from them, according to Dinsmore W. Hume, of Dallas, Federal District Director of the Government Savings Division.

"If one will have a quiet little session with himself, he will see that he can save money to be put away in a safe place every payday. Many people say they cannot save, but those who really make an effort to save and, after deciding that they will religiously salt away something each and every payday, stick to this decision will soon find that 'where there is a will there is also a way,' the savings director says.

"Thrift Stamps and War Savings Stamps, which are issued by the Government and can be gotten at any bank or postoffice, make regular, systematic and safe saving easy. In this way, one can save in any amount from a quarter on up to a thousand dollars. Money so saved draws interest at the rate of four per cent, compounded every three months, and if one needs his money it can always be gotten at the postoffice with interest earned. The person who regularly purchases one or more War Savings Stamps each month every payday will not have to worry about the rainy day and he will never have to say, 'Oh, if I only had some money.' These little Government bonds issued in convenient denominations make saving easy and certain."

GEO. B. TERRELL FOR COMMISSIONER OF AGRICULTURE

From Judge T. S. Henderson: "It gives me great pleasure to commend the candidacy of Geo. B. Terrell for Commissioner of Agriculture. I have watched his career all along and was glad indeed to see his announcement for this important office.

"He understands the duties of the office and his untiring energy and determination will serve to make it one of the most useful departments in our State government and I sincerely hope that he may find a majority of Democrats in this State on his side July 24th."—T. S. Henderson, Cameron, Texas.

From Judge Stewart E. Smith: "I believe where such a man can be obtained, the Commissioner of Agriculture should be a practical farmer, who is educated in that science and has broad aspirations for the progress of farming in all its branches and the elevation of that vocation to be one of the highest callings of man.

"Geo. B. Terrell of Alto embodies these elements in an intense degree. He carries the cause in his heart and in his brain. He is an evangelist of the cause of agriculture, and he is the natural friend of the farmer, because he is with them and of them.

"I believe he would make us a enlightened, sane, practical and thorough Commissioner of Agriculture, because of the legislation he has advocated and put through for the benefit of the farmers. He deserves honor and I am for him."—Stewart E. Smith, Beaumont, Texas.

Comfort Chat  
16: Arthur H. Ingerton next week from the city at Austin, where he is on a special course.

When the end of the year comes and they look back over 1920 and see how they have spent their money, a lot of people are going to wish that they had put some of it in War Savings Stamps at four per cent, compound interest.

It is a wise person who saves his dollars these days. He is also a wise man who suits away a few dollars in War Saving Stamps every payday.

The fellow who is holding on to his Liberty Bonds and buying more War Savings Stamps is not worrying about the future.

When next January 1 rolls around and you count up your cash to see how you have gotten along in 1920, are you going to be ahead or behind the game? If you salt away some of your salary in War Savings Stamps every payday, you will be ahead of the game—way ahead. It is better to save than to be sorry.

When was the last time you got a War Savings Stamp at the postoffice? Remember what happened to that last five-dollar bill you "broke." The same thing is going to happen to the next one. Better put it in a War Savings Stamp and not have to say, "If I had the money—"

ARE YOU MAKING YOUR DREAMS AND HOPES COME TRUE?

What is your dream? Is it to own your own home some day? Is it to buy a farm for yourself or to set up your own business?

Is it your dream to give your children a better education than you had yourself—to see your boy or girl equipped for life by college training? In your dreams, are you planning for the future of your little people?

When the sun of life is going down, is it your dream to have accumulated enough to live on in comfort without financial worry? Is it your wish to have more for the rainy day than a worn-out umbrella?

Do you want to own your own car? To travel, perhaps, and see something of this great country of ours?

What is your dream? You have one. Whatever it may be, you will certainly need more money than you have now to make it come true.

A dream worth dreaming is one worth working and saving for. Start now to make your dream come true.

Saving will make your dream come true. Had you thought of the opportunity you have in War Savings Stamps and Thrift Stamps to save and make that dream real? They are Government bonds that rapidly turn quarters and dollars into five-dollar bills. In denominations from twenty-five cents on up, which make saving in any amount easy, they can be gotten at the United States Postoffice.

They will help you make your dream come true.

MANY ARE INVESTING IN NEW \$100 CERTIFICATES AT THE POSTOFFICE HERE

Paying interest at the rate of 4 per cent, compounded every 90 days, United States Government War Savings Stamps make saving in large or small amounts easy and absolutely safe. These Savings Stamps increase in value regularly every month and they can always be cashed at the postoffice for the purchase price plus the interest they have earned, if the money is needed.

The attractive \$100 Registered Treasury Savings Certificates, which cost eighty-four dollars this month, can also be gotten at the postoffice now. Quite a number of these have been purchased through the local postoffice by people who desire to invest money so that it will be absolutely safe and earning good compound interest. Like War Savings Stamps, they money plus accrued interest gotten on them if needed.

SCHOOLMAN MAKES STATEMENT

"No child who goes to school without being thoroughly on less than he is well, Superintended of the Public Schools, incident of the month are taught The Dallas school money and they how to save their Thrift Stamps own nearly 700,000. Their and War Savings Thrift and saving teacher."

AN EASY WAY TO SAVE

Investment of one's monthly salaries will build up a very good fund by the end of the year if invested in War Savings Stamps and Thrift Stamps. These little Government bonds can't be depreciated and their value and they yield interest at the rate of four per cent, compounded every ninety days. They can be purchased from the postoffice.

WHERE WILL YOU BE THEN?

When next January 1 rolls around and you count up your cash to see how you have gotten along in 1920, are you going to be ahead or behind the game? If you salt away some of your salary in War Savings Stamps every payday, you will be ahead of the game—way ahead. It is better to save than to be sorry.

HOLD YOUR LIBERTY BONDS

Hold on to your Liberty Bonds. Remember they represent your savings. When you sell your Liberty Bonds you are spending your savings. Keep them. Cash the interest coupons as they fall due and exchange them for W. S. S. You will be glad you stuck to them.

When was the last time you got a War Savings Stamp at the postoffice? Remember what happened to that last five-dollar bill you "broke." The same thing is going to happen to the next one. Better put it in a War Savings Stamp and not have to say, "If I had the money—"

Bandera Budget

New Era, July 15: Coke R. Stevenson, County Judge of Kimble County and candidate for Representative, was here meeting the voters last Thursday. He was accompanied by J. M. Hamilton of Kerrville.

Mr. and Mrs. L. R. Landrum came over from Kerrville to visit friends. Their daughter, Eva Mae, who had been visiting at the home of Lee Fries for two weeks returned with them.

Mrs. G. Hicks of Tarpley had the misfortune to be butted down by a large pet ram on the ranch last week and was so seriously injured as to require the attention of a physician. She was confined to her bed for more than a week but is recovering slowly. The worst injury was to one of her knees, which was almost dislocated.

WHAT DOES THE FUTURE HAVE IN STORE FOR YOU?

What does the future hold for you—good things or bad? Look ahead! Five, ten, fifteen, twenty years from now, where and what will you be then? Many men and women, more than half of them, think they will be on the up-grade—getting somewhere, successful, prospering. Most of them are not, though. Many of them are on the down-grade twenty years from now. Where will you be? On the up-grade, getting along on an easy street? Or on the down grade, worrying where the next dollar is coming from?

Easy Street or Poverty?

To be on an easy street, to have a home, to be prosperous and successful one must save now. A great deal can be done if one has a hundred dollars safely put away. Five hundred dollars saved up will enable one to hold of a hundred opportunities. There will be a thousand savings one's prosperity fund will grow. How, though, to save that hundred? Look around you. How many opportunities have you? How many can you grow while you can you know safe?

Let Your Dealer "Show You"

It is a very prevalent custom, to order goods by the "quarter's worth" or "half dollar's worth," but the custom is not a good one. It is much better to order by the pound or the yard or the gallon. Then, whether you have asked the price or not, your bill will show the price per pound, yard or gallon. In addition thereto, you can very easily verify measurements or weights thus given whereas if you simply order "bits' worth" or some other equally indefinite amount, it is very difficult with the means of weighing or measuring available in the ordinary household, to ascertain whether fair measurement or weight has been given, even if you know the price.

Now do not understand us to mean that it is usually necessary to weigh or measure your purchases. On the contrary, we do not believe that there is a merchant in Kerrville who would intentionally "short" a customer, but if there is, the system which will show him up, is a good one. Our plea is made however, for the sake of the honest, aboveboard merchant who gives you absolutely honest measure.

In these times of high and higher prices, you very often have the thought, "that is a mighty small dollar's worth," and, tucked away somewhere in the back of your mind, is a half formed suspicion that the weight or measure is unfair.

Don't you see that you owe it to the merchant, if he has been fair, to verify his measurement and remove that suspicion, and if he has not been fair, you owe it to yourself to see it and stop dealing with him?

Intelligent buying will ring the death knell of rascality, if it exists, and justice to the public and to the honest merchant alike, demands that it shall be done.

# GROWERS STORE WOOL CROP FOR BETTER PRICES

Thousands of pounds of wool and mohair will be stored a way this year until after the November election at least, if banks will advance money. This is the opinion of J. E. Murrah, former president of the Texas Sheep & Goat Raisers' Association.

"Financial aid through all of the local banks and the banks all over the wool growing section has been assured," said Mr. Murrah. "Large wool storage warehouses have been built in a number of towns during the last year and millions of pounds of fleece will be taken care of in that way until there is a market price," he declared.

At present most of the wool is stored in San Angelo, Mertzon, Big Lake, Sonora, Sanderson, Del Rio and Kerrville, according to Mr. Murrah. The warehouses at Big Lake and Sanderson were established this year, while the others have been in use for several years.

"There is no price on wool or mohair now at all. When the combine finds out that it cannot steal the fleece from us, the price is bound to go up some and that is what it will be held for," he said. "Factories and mills in the North are now closing down, slowing up production and this will have a strong effect on the price of wool. It will also have a strong effect on the price of clothes to be bought during the next year. Some of the mills are probably closed down for the reason they claim—their orders cancelled—others are ordered to close because of stored wool, and others to force sale of that wool in storage."

Mr. Murrah looks for this condition to prevail until after the general election. Just what effect the election will have on wool prices he will not forecast, but insists that there will be no change in the administration.

"I look for Democrats to stay in control," he declared. "And even if the Republicans are victorious there is no occasion for a money panic. The Democrats already have that fixed so that continued production there will be plenty of money."

Conditions on the range are excellent, he says. This is especially true in the Pecos River region, where the range is in a better condition than it has been in for the last 15 years. From the Pecos to the border, taking in his ranch holdings in Val Verde County, the grass is long and the water holes are full.

Cattle and sheep are naturally doing excellent all over Texas, he says. This comes from better stock and the good range.

## UNCLE TOM NELSON DIES TO DYERSBURG AT ELY DATE

J. T. Nelson, more affectionately and familiarly known as Uncle Tom, has severed his connection with the Waldron Hotel to accept a position of a similar nature at the A. J. Hotel at Dyersburg, Tenn., at having been here for some time.

There are few men in hotel business in this section who have more friends in the traveling public than Uncle Tom. He appears to know what to do to make his guests feel pleasant and does not neglect the foundation of his country, although this part of the business has been neglected for years ago, and he has moved all men, women and children along the line.

G. M. & J. Waldron, who have been passengers on the boat, will go to their new place at an early date.

His host of friends hope that he could not find it to remain in Corinth, and with the most kindly wishes.

The above is a clipping from the Daily Corinthian of Corinth, Miss. The home of "Uncle Tom" and his family is at Waldron, Mo. No introduction to the people of Waldron or Kerr County, he has been here for a good many years, and formerly connected with the Charles Hotel.

# Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

Boise, Idaho.—William J. ## REFUSES TO GIVE AGE; NOT ALLOWED TO REGISTER

Topeka, Kan.—Rather than give her age when she went to the city hall to register, Mrs. Margaret Hill McCarter, well known authoress and

Mrs. McCarter insisted "over 21" was sufficient in recording her age but was informed by the clerk that a rule had been established this year that women must give their age or they cannot register.

Mr. and Mrs. Arthur and Mr. and Mrs. Julius Real left Tuesday morning for a month's stay at Denver, Colo., and other Northwestern points. They may go as far west as Washington or they may go north into Canada.

Washington, was a man of great natural ability and had strong influence in behalf of all of the tribes in the Indian Territory at that time. The writer knew him well, as we were then connected with a paper in Muskogee.

## Remarkable Coincidence

Thursday of last week, there was seen in a group in Kerrville four of the early travelers of the old Town Creek road. They were having a big time recounting their experiences of years ago.

In the party of old-timers were "Uncle Dick" Joy, who drove the first wagon over this road 63 years ago; Wm. Alexander, who came over in 1860; James Glenn, who traveled over it about the same time, and W. A. Peril, who came down just 58 years ago.

In those days Kerrville was merely a shingle camp on the Guadalupe. It is doubtful if another such gathering of old settlers will ever occur again.

Deputy County Clerk Lochte was able to be up Wednesday afternoon, and the ball too hard, we expect.

The world plays the peculiar blued, and the Rockies keep on coming. You going seems to be the best thing you can do. You going seems to be the best thing you can do. You going seems to be the best thing you can do.

Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

"THE HOUSE OF QUALITY"

Washington, was a man of great natural ability and had strong influence in behalf of all of the tribes in the Indian Territory at that time. The writer knew him well, as we were then connected with a paper in Muskogee.

## Remarkable Coincidence

Thursday of last week, there was seen in a group in Kerrville four of the early travelers of the old Town Creek road. They were having a big time recounting their experiences of years ago.

In the party of old-timers were "Uncle Dick" Joy, who drove the first wagon over this road 63 years ago; Wm. Alexander, who came over it in 1860; James Glenn, who traveled over it about the same time, and W. A. Peril, who came down just 58 years ago.

In those days Kerrville was merely a shingle camp on the Guadalupe. It is doubtful if another such gathering of old settlers will ever occur again.

Deputy County Clerk Lochte was indisposed Monday and Tuesday, but able to be up Wednesday afternoon. "Ball toe hard, we expect."

## LEGION URGES SUPPORT FOR KERRVILLE HOSPITAL

Houston, Tex.—A resolution, endorsing the building of a Memorial Hospital at Kerrville for tubercular former soldiers and calling upon the people of the State to "give to the extent of their ability to this worthy cause," was adopted by the State Executive Committee of the American Legion in session here.

## Bryan Denounces Both Parties

Boise, Idaho.—William J. Bryan in an address here severely censured both Democrats and Republicans for their nomination of alleged "wet candidates" their failure to make recognition in their platform of America's fight for prohibition or the adoption of dry planks, and the uncertainty and ambiguity of both party planks on the League of Nations.

## REFUSES TO GIVE AGE; NOT ALLOWED TO REGISTER

Topeka, Kan.—Rather than give her age when she went to the city hall to register, Mrs. Margaret Hill McCarter, well known authoress and

club woman, left without registering. Mrs. McCarter, who spoke before the recent Republican National Convention, was credited with being the first woman to address a National convention of the party.

Mrs. McCarter insisted "over 21" was sufficient in recording her age but was informed by the clerk that a rule had been established this year that women must give their age or they cannot register.

## Subscription Honor Roll

The following have either subscribed or renewed the past week to The Sun: J. E. Douglass, Ed C. Henke, Chas. Johnston and Andrew Stevens, all of Kerrville; J. R. Maynugh, Hunt; J. H. McNeese, Wadsworth; Nelson Davis, Menard; Frank F. Richards, Goldthwaite; Paul Ingenhuett, Comfort; H. M. Baldwin, Morris Ranch; E. R. Pampell, Marfa, Texas.

Mr. and Mrs. Arthur and Mr. and Mrs. Julius Real left Tuesday morning for a month's stay at Denver, Colo., and other Northwestern points. They may go as far west as Washington or they may go north into Canada.
