VOLUME 37  
NUMBER 33

## Z. LEONARD FOUND DEAD; JESUS SANCHEZ IN JAIL

Z. Leonard was found dead Thursday morning on the rear lot of his place in the north part of the city.

Jesus Sanchez is in the County Jail suspected of committing the crime.

Wednesday night about 1 o'clock four or more shots were heard fired near where deceased was found.

The body of Mr. Leonard was lying across a shotgun, and one barrel had been discharged, while the hammer of the other was cocked and finger of deceased on the trigger. There were two empty and two loaded shells in the pocket of the dead man.

Jesus Sanchez had rented and moved into the house next to Mr. Leonard's place just west of the Town Creek bridge. This had been disagreeable to the latter, and it is supposed that this caused the fight resulting in the death of Leonard.

Sanchez was tried for murder about ten years ago, but was acquitted and it is believed the verdict was a correct one. He has lived in this section a number of years.

Mr. Leonard had also lived here a long time and was known as an excellent and law-abiding citizen. He has a daughter here, Mrs. M. T. Davis, with whom he made his home.

There was an inquest started Thursday morning by Judge Turner and Dr. Palmer made an examination of the wounds producing death. There were ten or more buckshot that entered the body at right arm and side, several going through the body.

The body was brought to the Ward Undertaking parlors, where examination and inquest took place.

A thorough investigation of the case will be made before an inquest decision is made. It is believed that more than two men were engaged in the shooting.

In front of houses where Mr. Leonard and Jesus Sanchez lived, there appeared Thursday morning wet ground and some traces of blood, it is believed, while fresh gun shot traces were found on the roof of the house occupied by Sanchez

## ONE TOWNSHIP COMPOSES KERR COUNTY CONVENTION

The Kerrville delegation was the only one represented in the Kerr County Convention last Saturday, to declare results of the Democratic Primary and select delegates to the different conventions.

H. C. Geddie called the convention to order and was then elected permanent chairman. J. B. McCauley was elected secretary.

Committees appointed were as follows:

Credentials: A. F. Starkey, J. A. Jackson and Mrs. J. B. Young.

Platform and Resolutions: J. S. Wheelless, Mrs. Robt. Knox and Miss Alice Starkey.

To Select Delegates: J. J. Starkey, H. C. Geddie and Miss R. Duncan. This committee brought in the following report:

For State Convention: J. B. McCauley, H. C. Geddie, Mrs. Orion Froter, J. S. Wheelless, A. L. Starkey, Mrs. J. B. Young, Mrs. R. B. Knox, J. J. Starkey, Dr. Merrett, J. O. McNealy and J. C. Kirby.

For Congressional Convention: Miss Minnie Hudepeth, Mrs. J. B. Young, A. L. Starkey and Morris Hood.

For Representative Convention: J. S. Wheelless, J. J. Starkey, Tom Moore, Mrs. Dan Rees, J. B. Rees and Miss R. Duncan.

For Fourth Supreme Court Judicial District Convention: J. S. Wheelless, H. C. Geddie, W. G. Garrett and E. F. Ferguson.

The delegates were instructed to vote as units. A lengthy set of resolutions sent from some headquarters were presented and adopted.

As there were no delegates from other townships and no returns from any of them, as they had not at that time been canvassed, the Kerrville Township Convention named W. D. Barney as committeeman from Center

Point precinct; Andreas Bierman, District No. 3, and Ed Smith for District No. 4.

The friends of Mr. Neff held a private meeting after the convention adjourned, which is supposed to have included all those present and participating.

## ENCAMPMENT PROGRAM COMMENCED THIS WEEK

The Westminster Presbyterian Encampment program for August was launched Wednesday morning, the 4th, though an interesting prelude intervened Tuesday evening in the auditorium at the Camp, when there was quite a large gathering of those camping and of Kerrville citizens to hear the music and speeches.

The meeting was called to order by Rev. W. P. Dickey, who requested Rev. J. B. Holt, pastor of the Baptist Church, to make the opening prayer. Rev. Dickey briefly explained the program of the evening and first introduced Mayor Wheelless who extended the official welcome of Kerrville to the guests at the Encampment. In complying with his part of the program Mayor Wheelless left no one in doubt as to the genuineness of the welcome and the heartiness of it on the part of Kerrville citizens. The speaker also particularly emphasized the appreciation that our people felt at having at our doors the Westminster Presbyterian Encampment, as its beneficial influences were of great value in the spiritual and moral development of this section.

Judge W. C. Baker, Secretary of the Chamber of Commerce, was the next speaker as a representative of the business interests of Kerrville. In a semi-humorous vein, Judge Baker at the beginning told of his discovery of Kerrville, and how pleased he had since been at the find. In a more serious manner he recalled that while Kerrville might not be an industrial center, still, it could be an important little city by securing the location here of such worthy institutions as the Westminster Presbyterian Encampment, which resulted in a higher citizenship.

Judge Baker stated that it was not the business concerns of Kerrville that the visitors desired most to hear about, but to have that fellow-feeling of friendly greetings and social association, so that the visitor could be made to feel more at home, while the citizen would have a higher appreciation of the wonderful country where he abides after hearing the expression of the pleasure of the visitor that it was his good fortune to be here. The speaker also dwelt on the clean and pure religious effect on the people by having here such a gathering of devout men and women as compose the Westminster Encampment. He also complimentarily referred to the various religious denominations and nationalities at Kerrville and the amity that existed between them.

Rev. Tom Cunningham, the capable young secretary of the Y. M. C. A. at Austin College, Sherman, responded in an appropriate manner to the address of welcome. He expressed the pleasure that the visitors felt at being gathered where the environments were so genial for their work and the natural surroundings so conducive to enjoyment.

Miss Evans of Milford, Texas, and of the Presbyterian College for Girls sang very beautifully a solo.

A piano solo was exquisitely rendered by Miss Deta Sanders, also of Sherman.

Homer Raney, athletic director of Austin College, sang a Scotch song in perfect dialect, which was so much appreciated that he had to respond to an encore with another of similar variety.

The detailed program was started Wednesday morning by lessons in Bible Course, with Dr. W. W. Moore on Epoch Makers of the Old Testament.

This was followed by Sunday and Young People's Work with Dr. Gilbert Glass of Richmond, Va., in charge.

Rev. Charlton Storey, chairman of the program committee, arrived Wednesday morning and will be in charge of the meeting throughout the entire program.

Mr. Myers, musical director of the Daniel Baker College, Brownwood, is here and will be the regular pianist during the meeting.

### Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

## TODAY AND TOMORROW

To a great extent, the usefulness of the Chas. Schreiner Bank is due to the fact that it is a permanent institution—an established business managed to serve patrons day after day, year in and year out.

Thus, as a customer of the Chas. Schreiner Bank you are served today with a full measure of bank service, which is important to your larger success. Then, as you advance from one success to another, you have this institution with you, step by step, this year and during the years that follow, taking an interest in your advancement and lending encouragement at every turn. Become associated with an institution that will serve you tomorrow as well as today.

(Unincorporated)

## ATHLETICS WHITE-WASH FRITZTOWN GIANTS, 9-0

Kerrville Base Ball Park, Sunday, Aug. 1.—Manny's superb hurling was the cause of the Athletics white-washing the Fritztown Giants by the score of 9 to 0. He kept four hits well scattered and not a runner passed second, and in addition he pitched another homer himself in the eighth. His support was equally as good as his pitching.

Lee showed that he still possessed his old stuff with speed to spare, and no doubt could give the Athletics a hard battle if he had a team like Manny's behind him. For five innings it seemed as if Manny and Lee would stage a brilliant pitcher's battle, but in the sixth the Athletics located Lee's spitter and with the aid of errors put the game on ice, after which Lee and his bunch practically were helpless. The score of Sunday's game follows:

GIANTS	
Score:	AE R H O A E
Reichman, ss.	4 0 1 0 2 0
Lochte, 3b.	4 0 0 2 0 1

Summary: Home run, Manny; 2-base hit, Rawson; stolen bases, Henke, Pochron, McGinty, Lochte; struck out, by Lee 10, by Manny 10; bases on balls, off Lee 4, off Manny 1; hit by Lee, 1; double plays, Lee to Hollmig, McGinty to Pochron; time of game, 1:40; umpires, Holchak and Unsel.

### Certified Returns

Chairman E. F. Ferguson of the County Democratic Executive Committee and A. T. Adkins, local committeeman, canvassed the primary election returns last Monday and filed the same.

There is no change from the result announced last week in The Sun.

## COX WON'T INTERFERE IN THE TEXAS PRIMARY

Dayton, Ohio, Aug. 2.—A policy of non-interference in State Democratic primaries was announced today by Governor Cox, the Democratic Presidential candidate. He stated that he had been asked to take a stand in the Texas primary fight, in which former Senator Bailey is involved, and had refused.

"It is neither my province nor desire," said a telegram by the Governor, "to interfere in any way with the Texas situation. It is a matter for the Texas Democrats of the State. That has been my attitude from the start."

## LOCAL CHAPTER RED CROSS ELECTS TWO NEW OFFICERS

A called meeting of Kerr County Chapter, American Red Cross, was held Monday afternoon for the purpose of electing a county chairman and secretary, T. C. Johnston, the chairman, and D. H. Huntington, the secretary, having resigned.

W. G. Carpenter was elected chairman and Mrs. John W. Burney, secretary, to serve out the unexpired terms of above mentioned officers.

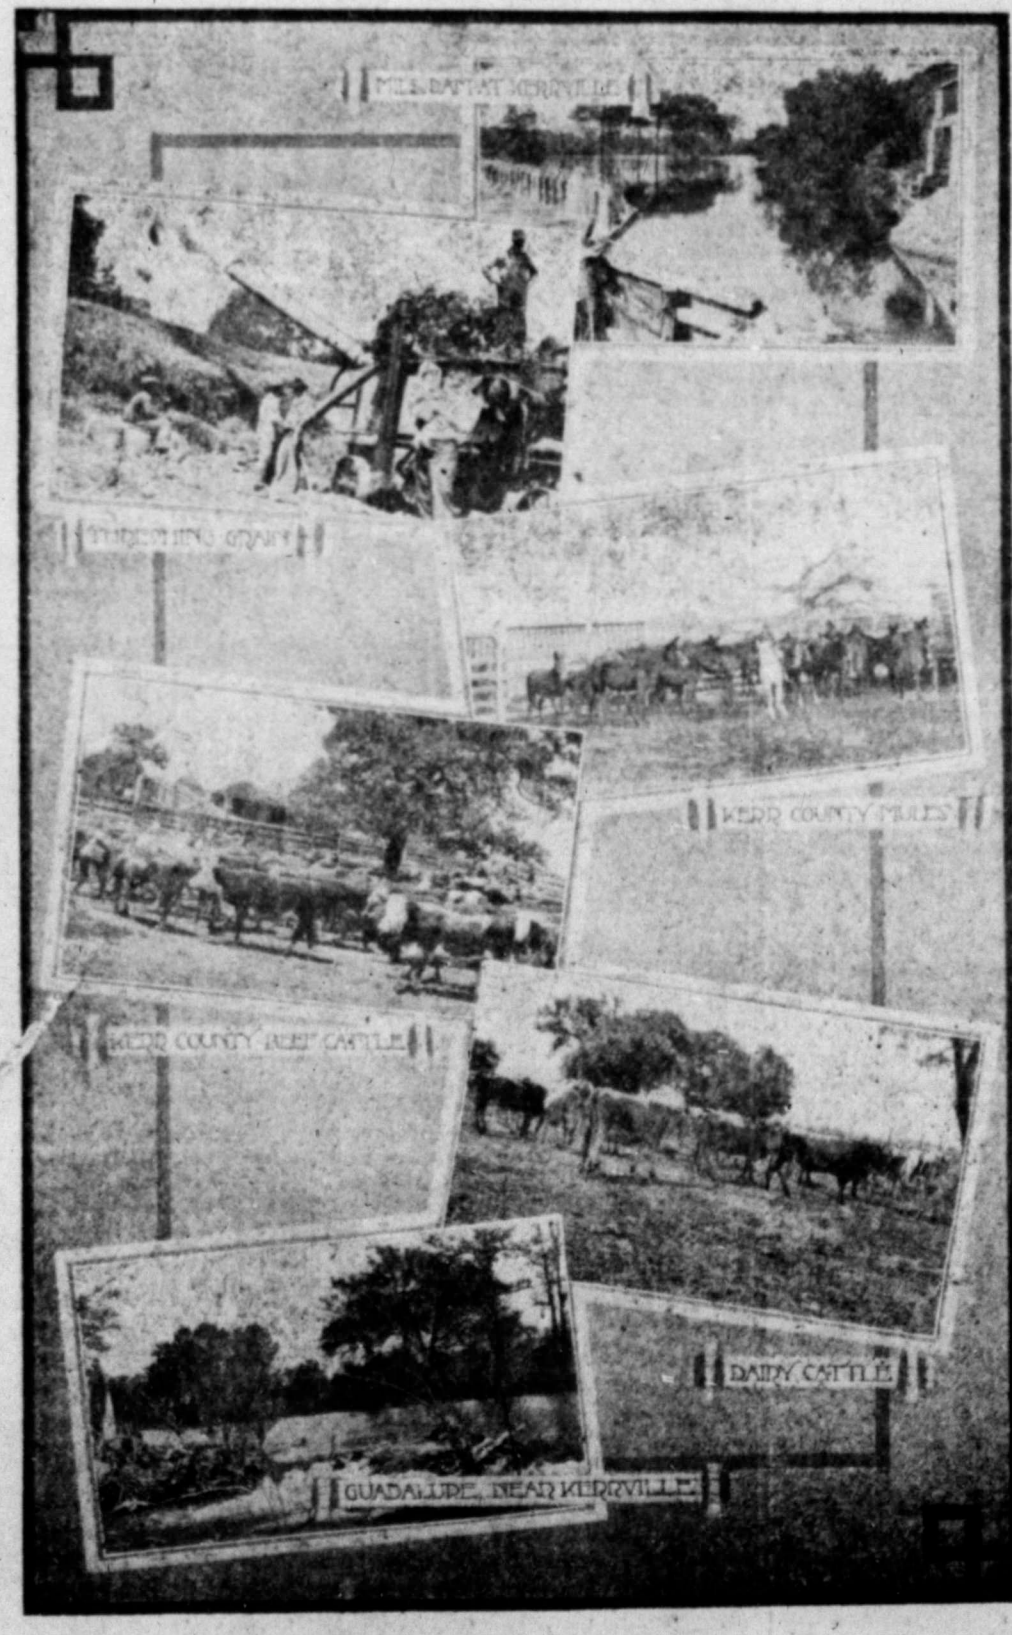

Miss Tucker of St. Louis, field representative of the Western District, was present and gave some valuable information for the peace time program for chapters. Miss Tucker is a very interesting talker and has the tact of putting "pep" into the work.

Plans were laid to have a rest room and first aid in connection with practical demonstrations at the West Texas Fair. Denitive information as to this will be published as soon as possible.

The new chairman states that it is the hope that renewed interest will be taken in the work of the chapter as the necessity for the work will exist as long as there remains a soldier or sailor who may need advice and assistance. The Red Cross has promised to look after the welfare of the returned service men and the job must be finished, especially for the sick ones. The peace time program is in the interest of humanity and Kerr County will come to the front in time of peace as she did in time of war.

The annual drive for renewed membership will start on Armistice Day and continue for two weeks. Plans are now being made and there is no fear but that Kerr County will remain on the honor roll.

A. M. McAdams of Teague, accompanied by a nephew, spent several days the past week as guests of Mr. and Mrs. J. F. Martin. The former is a brother-in-law of Mrs. Martin.

**HERE IS A DISCUSSION  
OF PARTY PRINCIPLES**

To The Dallas News.

McKinney, Texas, July 29.—I notice in your issue of July 28 an article from M. M. Crane in which he discusses at length the two candidates for Governor, Mr. Bailey and Mr. Neff. Mr. Crane says his idea of a Democrat is one who believes in the party creed and votes the party ticket. But what is the party creed? If every National Democratic platform from 1800 to 1916 inclusive and the teachings of Democratic leaders during that time constitute the creed of the Democratic party, then Mr. Bailey is a faithful disciple of the Democratic party. For every one of those platforms, either directly or indirectly, declared for State rights and no National Democratic platform ever abandoned the doctrine of State rights except the one of 1920. Mr. Crane seems to think the League of Nations and the National woman suffrage now form the creed of the Democratic party, when such doctrine is not four years old. No National Democratic platform ever declared for National woman suffrage except the one of 1920, and it had to borrow the plank from the Republican party, which adopted it a few weeks before. And now Mr. Crane wants to read every man out of the Democratic party who will not swallow that Republican plank and who will not forever tie the Democratic party to the apron strings of the National Militant Suffragettes. Mr. Crane would have us abandon the doctrine of State rights, the right of the people to rule and acquiescence

in the will of the majority, all for National woman suffrage.

He says it is as impossible for a man to be a Democrat and repudiate the platform as it is to be a Christian and repudiate the Nazarene. As General Houston said to Santa Anna, "You should have remembered that at the Alamo and Goliad." The 1916 platform upon which we elected Mr. Wilson and both Houses of Congress declared, "We recommend woman suffrage by the States," showing the party still adhered to State rights. And yet in less than three years we see that Administration repudiating that platform. In addition to the platform, Mr. Wilson said he was opposed to National woman suffrage and that State rights was a life-long conviction with him. Yet that platform was treated like a scrap of paper or like Germany's treaty with Belgium. If the present Administration had carried out that platform and left the question of woman suffrage with the States there would be no division of importance in the party now. Mr. Bailey thinks the party ought to have stayed with the platform and State rights. He also thinks that 25,000 majority against woman suffrage in 1919 should have been obeyed by all the Legislators and United States Senators and Congressmen, or they should have resigned and not collected their salaries off of the people whose instructions they refused to obey.

Mr. Bailey believes in the binding force of platform when fairly adopted so as to express the will of the people, and he believes in letting the majority rule when they vote upon a question. While Mr. Neff does not believe in the binding force of the platform of 1916, for he indorses the National Administration for repudiating it. Neither does he believe in majority rule, for he indorses the State Legislature for overriding the will of

25,000 majority of the people on woman suffrage. He is also reported to have said that he did not believe much in platforms, but believed in settling questions as they arose.

Mr. Bailey stated in his opening speech that if he was defeated he would support the nominee and yet Mr. Neff is reported to have said that there was one of the Democratic candidates that he would not support if no other man was in the race.

Therefore, according to Mr. Crane's definition, which of the two candidates is the better Democrat?

Mr. Crane says Mr. Neff looked across the ocean and saw our boys fighting in the trenches and asked the people to buy bonds. He could have seen the only two boys of Mr. Bailey in the service, one of whom was in the trenches with his comrades falling around him and the other in reserve ready when ordered to go forward. How many boys did Mr. Neff send to the trenches? Was it the Liberty Bond speakers or the boys in the trenches that drove back the Hun? Was it the men who furnished the advice that did the most to win the war? Go ask the mothers and fathers whose sons are sleeping in France who paid the greatest price for our victory.

Mr. Bailey has spent five times as much time in Texas during the last ten years as both Senators Culberson and Sheppard and has shown himself one hundred times a better friend to Texas than either of them, for he would not have voted to force National woman suffrage upon Texas against the will of her people like Culberson and Sheppard did.

If Mr. Bailey is the nominee for Governor will Mr. Crane support him in the November election? If Mr. Bailey is elected does Mr. Crane think that the will of the people ought to be thwarted and he be denied his seat as Governor because of the technical claim of non-residence?

F. B. POPE.

**BAILEY TO MAKE SPEECHES  
IN NATIONAL CAMPAIGN**

Dallas, July 28.—Former Senator Bailey after the run-off primary, August 28, will take the stump in other sections of the Nation and actively campaign for Cox and Roosevelt, the Democratic nominees.

It was announced that Senator Bailey will do his campaign work in the Doubtful States for the Democratic nominees for President and Vice President whether he is or is not nominated Governor of Texas.

There has been a demand for Bailey in the North and East and he has already begun his plans for covering those sections of the country for Cox and Roosevelt. In the East it is said Senator Bailey will be influential in swinging the doubtful States to the Democrats in November. At Bailey headquarters it was said the active campaign for the Democratic nominees on the part of Bailey would begin shortly after the August primary in Texas.

**DESTROYS SLEEP**

Many Kerrville People Testify to This.

You can't sleep at night With aches and pains of a bad back. When you have to get up from urinary troubles.

If the kidneys are at fault: Set them working right with Doan's Kidney Pills.

Here is Kerrville proof of their merit.

T. M. Bradwell, retired farmer, Water St., says: "Doan's Kidney Pills helped me when I used them for kidney trouble. My kidneys acted too frequently and caused me lots of annoyance. I often had backache and a soreness across my kidneys. The action of my kidneys was my worst trouble, breaking my rest at night. I felt dull and tired, mornings, too. I used Doan's Kidney Pills and they helped me by regulating my kidneys and benefiting me in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bradwell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Prices—**

*Up or Down?*

High prices for livestock increase the producer's income. Low prices decrease it and even result in losses. Similarly, high prices for meat increase consumer's expenses.

*But Swift & Company as a middleman does not benefit by high or low prices.* Our income depends not on a high level of prices or a low level, but rather on the margin between the livestock price and the meat and by-products price.

The company's only concern, in whether prices should be high or low, is that they should be high enough to satisfy producers and low enough to please consumers; but over the movement of these prices Swift & Company has no control.

Swift & Company is compelled by competition to pay high enough prices for livestock to secure an adequate supply. We must sell meat at a price low enough to make it move. We endeavor also, between the two prices, to secure a margin large enough to pay all expenses and yield a fair profit.

Our profit for 1919 averaged less than two cents on each dollar of sales, or 6 1/2 per cent on money invested.

**CATHOLIC CHURCH NOTES**  
By Father Kemper  
Rev. J. Schmetzer With Us

We were honored last week by having for our guest the Rev. Jacob Schmetzer, founder and pastor of the Blessed Sacrament Church in Houston. This distinguished clergyman is a brother of Rev. Peter Schmetzer, formerly of Kerrville and now rector of St. Joseph's Church in San Antonio. Five of the Schmetzer brothers entered Holy Orders and two gave up their lives in the World War. Father Peter is visiting relatives and acquaintances in Brooklyn, Rochester, Columbus and Milwaukee, prior to holding the big Central Verein Convention in his parish, at which national assembly of the strongest German-American Catholic order, his Excellency, the Apostolic Delegate, will participate.

Accompanying Rev. Jacob Schmetzer was the distinguished artist, Richard Kleine, who accepted the contract to supervise the repainting of Notre Dame Institute and Our Lady of Guadalupe School together with the ten additional parochial buildings as soon as material and labor conditions are more satisfactory. Mr. Kleine frescoed some of the imperial palaces in Germany, and for nearly fifty years has been one of the largest paint contractors in Southeastern Texas.

Both guests motored with Father Kemper to Bandera on Saturday to visit Rev. P. J. Tarradellas, who took charge of our Mexican Parish last summer. On Sunday Rev. J. Schmetzer and Mr. Kleine continued their journey to Fredericksburg through the kindness of Rudolph Stehling, who, with his family, visited his parents in that city.

The Portiuncula Indulgence was procurable on Sunday and Monday in St. Mary's Parish, where a special devotion has always been held to the Thirteenth Century Reformer, St. Francis of Assisi.

Those who did not receive the Holy Sacraments on this occasion have a fine opportunity to do so on the first Friday of this month.

Services next Sunday will be at 7 a. m., owing to the monthly engagement in Comfort at 9 o'clock.

The infant son of Adrian Ornelas was baptized and received the name of Anselmo.

Former Student Now Professed Nun. Mr. and Mrs. Franz Lange of Harper passed through here on Tuesday with their son, John, and baby girl, Ida, as well as their daughters, known in the Divine Providence Order as St. Francis and Sr. Julitta. The latter, who had been one of Father Kemper's students in Christian Doctrine at Harper, made her solemn profession in the teaching community at the Lady of the Lake Academy on Monday. Both Sisters are stationed at Oklahoma schools. They came home for a brief vacation and returned on Friday to San Antonio.

The first superiress of Notre Dame Institute, Mother Crescentia, will celebrate her silver jubilee as a Sister of Charity on Thursday of this week at the Mother-house in Reckenridge, Wis. Several members of last year's faculty will make their professional on the 15th of August, patronal feast of our parish. Meanwhile all our teachers of Notre Dame and Guadalupe are attending the annual Summer Normal, which is compulsory for all nuns no matter if they have had forty or fifty years of experience in class-work.

**Park Named After Kerrville Guest**

The City Commissioners of San Antonio have called the new park at South New Braunfels Avenue and Iowa Street the "Pittman-Sullivan Park" in honor of two heroes of the World War. Lieutenant Sullivan died in the aviation service. Seven years ago his widowed mother and family spent the summer in the newly built annex of our Rectory. Mrs. Agnes Sullivan is a second cousin of Cardinal Cullen, who finished his theological course at the age of 25 and defended 224 theses in the presence of the Pope and the elite of the Roman hierarchy. In consequence of his brilliant talents he was made Professor of Hebrew at the Propaganda University, which school he subsequently saved from Italian spoliation by raising the Stars and Stripes and procuring Uncle Sam's intervention. The Propaganda is one of the European Universities from which Father Kemper graduated.

**Personals**

After a two months' visit with her daughter, Mrs. Lester F. Eby, wife of the Dixie Aldome proprietor, Mrs. John Biegler returned to Dallas with her husband, her grandchild, Marcella Teresa Eby, and her ward, Miss Myrtle Keller.

Wm. J. Wise lost patience over his slow recovery during the past two

years and went back to Baltimore with his wife.

Last Saturday, Thos. M. Scoggins had to attend a picnic at New Braunfels given by men in the shoe industry, where he ranks foremost among all south of the Ohio River.

Besides Mr. Scoggins, we have many Houstonians with us this summer. Among others of that city we have the family of Frank Russell, cashier of the largest Texas bank; Miss Blanche V. O'Donnell, Mrs. Jno. T. Hogan and Wm. W. Anglin. Some of these motored from Comfort to attend Sunday services. With them came the following from Galveston as an evidence that our cool Alpine hills are preferred to the surfs of the Gulf: Mrs. W. L. Norwood and Mrs. A. J. Ressel, Leo A. Martin of Austin was another Sunday visitor.

**Ford Items of Interest**

We have heard many reports lately to the effect that Ford Touring Cars were selling at "\$811.00 at Kerrville," and have had inquiries along this line. The price of a Touring Car with the Starter is \$650.00 f. o. b. Detroit. Since last March they delivered price of the car has been around \$729.00. The new freight increase given to the railroads will immediately raise this to about \$738.00 and no more.

We do not believe that anyone has deliberately made these misrepresentations but imagine that they have been confused on interest and insurance charges added when making time sales. For instance if a purchaser wishes to pay 40 per cent cash on the price of a car, the Credit Companies that handle our paper add the interest due on the time amount and the charge for insuring the car against fire and theft to the delivered price of the car. The purchaser then pays this balance due in one flat sum each month. If in a certain sale this interest and insurance should be, say \$60, then the total cost of the car would be around \$800.00.

These rates are reasonable, and the many purchasers who have taken advantage of them will gladly acknowledge this fact. You must expect any business concern to charge interest when you borrow from them, and we are sure that this fact has been responsible for these various rumors.

The new Ford year started August 1st, and we are glad to announce that we have received an increase in our allotment of cars, due to our enlarging our building and being classified accordingly as a larger Dealership. However, only 50 per cent of all cars made this coming year will be touring cars, testimony to the great increase in popularity of the Sedan and the Coupe. You must remember that orders are handled in rotation and the sooner you get yours in, the sooner you can receive your car.

Another change of interest is in regard to the FORDSON Tractors. They will now be distributed directly through the Houston Branch instead of jobbers as before, and this will mean better service in all respects.

LEE MASON & SON.

**Births and Deaths**

The following are the births and deaths reported to the County Clerk during July:

Births: Born to Wm. M. Reeves and wife, July 30th; a son.

Geo. W. Baldwin and wife, July 27th; a girl.

Thos. Young and wife, June 28th; a girl.

Deaths: Mrs. Fannie Lee, 52 years, died July 16th.

R. A. Dunbar, died July 12th.

Thursia Lee Evans, died July 17th.

Thos. E. Keith, died July 11th.

Jesse Webb Nelson, died July 16th.

**Rocksprings Sprays**

Leader, July 30: J. A. Gibbens of Tarpley and his brother, A. J. Gibbens, of Center Point were in Rocksprings Tuesday, en route to Eldorado. They are pioneer citizens of Kerr County, having come to that section way back in Indian times.

What is said to be one of the best residences so far erected in Edwards County is being completed this week for R. H. Earwood, on his ranch about 12 miles east of town. J. J. Croft has charge of the work, and he and Mrs. Croft, and some of the carpenters have been camping out there.

Mrs. Harve Foley is rather "jubilant" about any place being ahead of this Divide for vegetables. She says she has had a fine garden all the late fall and summer. She raised a 12-pound cabbage, and a 11 inches in diameter tomato, and also a 11 inches in diameter onion, which is indeed going some for Divide country vegetables.

**Mexican Baptist Church**

Sunday School 11 a. m.

Evening service, 8:30 p. m.  
Prayer meeting, Wednesday night.  
MRS. NATIONS-SMITH.

**FIRST BAPTIST CHURCH**  
J. B. HOLT, Pastor

The pastor has been busily engaged in Revival Work the last three weeks. The first meeting was with Pastor W. L. Skinner and his people at Center Point. The Lord was present in saving power and some fifteen persons made profession faith. The good people were exceedingly kind to their visiting preacher.

The next meeting was with Bro. Roger Walker and the church at Ingram. There were nineteen conversions and a number of additions by letter. The people of Ingram are very kind and hospitable.

We enjoyed both of these meetings very much and do thank the Lord for His people and His saving grace. Our esteemed member, Rev. W. N. Flanders supplied for us one Sunday during our absence, and the members of the church as a whole were glad to loan their pastor for a season of help to others. No church will prosper that does not reach out through its pastor and workers to others.

Our next meeting will be at Harper from August 16th to 23d.

The services Sunday were good. There were additions at the morning service. The new members are Martin Meos, Josephine Patterson, Mrs. J. L. Tullis and Miss Edith Tullis. We cordially welcome these new workers into our fellowship.

Our people are urged to boost with all their hearts for the Presbyterian Encampment, which is now in session. This is a great and worthy organization and deserves the attendance and support of every individual in Kerrville. As pastor I am asking my people to faithfully attend these meetings and do all they can to make the whole session a big success. I regard this Encampment as one of Kerrville's best assets. Do the people of our little city realize the high social, moral, spiritual and educational value of this organization? Let's go and take it by storm and thus show what kind of folk we are in the mountain metropolis.

We join with the Methodists in our deep regret over the going of Brother and Mrs. Houts. They are intelligent and successful in their work, and will succeed wherever they go. May the Father bless them in their work. We welcome into our Christian circle the new minister and his wife, Rev. and Mrs. Smith. May their stay among us be pleasant and helpful.

The pastor will be here through the next two Sundays. Everybody is invited to attend our services. This is the church of the hearty welcome.

**Class Elects Officers.**

The Philis Class of the Baptist Sunday School, of which Mrs. F. E. Garrett is teacher, elected officers on Sunday morning at their business session as follows: Miss Iva Byas, president; Miss Aylme Wellborn, vice president, and Miss May Belle Roberts, secretary-treasurer.

A large membership is desired in this class, and all young ladies of the church who are not attending are cordially urged to meet with the class at 10 o'clock Sunday morning.

**Funeral of Mrs. Anna Noll**

Mrs. Anna Noll, wife of Henry Noll Sr., died on July 28th and was buried July 29th, 1920.

Mrs. Noll, nee Miss Anna Reiffert, was born August 3, 1851, in Hersfeld, Germany.

When 24 years old she came to Cuero, Tex., where, on Nov. 22d, 1877, she was married to Henry Noll.

Six children were born to them, five boys and one girl, of whom four survive the mother: Will, Henry, Julius and Elizabeth.

After leaving Cuero the family lived in San Antonio for eight years and have been living in Kerrville for thirty years.

Mrs. Noll was always active and enjoyed vigorous health until a few years ago, when she was stricken with rheumatism, which confined her closely to her home and was the cause of her death.

Mrs. Noll was a devoted Christian woman and was for many years a member of the Presbyterian Church and a supporter of the activities of the Women's organization of the church.

A large number of friends gathered at the home to attend the funeral service, conducted by Rev. W. P. Dickey assisted by Rev. J. D. Holt.

**Card of Thanks**

We are truly grateful to all those who so kindly attended and assisted us in the late sickness of our wife and mother, Mrs. Anna Noll, who died July 28th. We thank you for the beautiful floral offerings and kind words of sympathy.

H. NOLL AND CHILDREN.

**TO MAKE PAYMENT ON TUBERCULAR HOME**

Austin.—Directors of the Texas Benevolent War Risk Society will meet here Saturday for the purpose of arranging for the last installment of funds to pay for the Kerrville Tubercular Hospital at Soldiers, in course of construction, it was announced.

**Comfort Chat**

News, July 30: Mrs. Ernst Flach fell from an automobile Thursday of last week and sustained a serious compound fracture of the bones of one of her wrists.

Local friends of Mr. and Mrs. Otto B. Schwethelm of Kerrville received news last Saturday that a fine boy weighing nine and a half pounds had arrived at their home early that day. August Faltn, the newly made grandfather, is bearing his honors modestly, considering the pride he feels over the first grandchild.

The Guadalupe River is to be spanned by another concrete bridge. This one is to be built at the Boerner crossing, about four miles above Comfort, and the expense of building it is to be borne by Messrs. Herm. and Arthur Boerner. This bridge will be 80 feet in length, 14 feet in width and 3 feet high. It will be constructed of reinforced concrete and the contract has been placed with Otto Meyer, who will start work on it next week.

**B. J. Stewart Nominated**

B. J. Stewart of Edwards County has been nominated for Representative from this district, defeating Coke Stevenson of Kimble County by about 56 votes.

It is stated that Stevenson's name was not on the ballots in Edwards and Real Counties.

**RELATING TO TAXATION BY SCHOOL DISTRICTS**  
Senate Joint Resolution No. 17

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation tax and a poll tax of one (\$1.00) dollar on every inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the Amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

# PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

#### WHAT WILL IT MEAN?

Sweetwater Reporter: Contrary to the expectations of some, Thomason and Looney openly champion the cause of Pat Neff for Governor.

On the other hand, Thomason's manager and many of his and Looney's strongest supporters announced for Bailey, which goes to show that regardless of which candidate they support, little effect will be had on the voters who supported them as far as choosing between Neff and Bailey is concerned.

It may be that former supporters of Mr. Looney and Mr. Thomason will resent this line up of the factions and will support Bailey instead of Neff. Voters resent anything which looks like a "frame up" on the part of factions and bosses.

#### FACTS AND FIGURES

Texas Monthly Review: The burdens of the tax payer have increased by such leaps and bounds within the past few years that he feels indeed grateful that the fathers, in their wisdom, placed a Constitutional limit upon the rate of taxation, and, it is doubtful if the ever increasing demands upon the State Treasury can continue to be met on a cash basis. It is not to be wondered at that the property owners of the State, who bear the burdens of taxation, have become weary under the load which grows in weight with each passing year, and are casting about for relief, either by means of readjusting our system of taxation to curtailing the orgy of prodigal extravagances into which our government has fallen.

In this connection it may be of interest to make a few comparisons of appropriations made for the support and maintenance of our governmental institutions within the past thirty years, and for this purpose we will use ten-year periods of time, be-

ginning with the year 1891, in order that we may consider the decennial census figures of the Federal Government so that the increase in the per capita cost of our State Government may be shown:

In 1891 the Twenty-second Legislature appropriated a total of \$5,399,966.90 for the succeeding two fiscal years, and the Federal census for the year 1891 gave the State of Texas a population of 2,235,523, which shows a per capita cost for the two fiscal years of \$2.41, and the total assessed valuation of all property in the State for the year 1891, as shown by the Comptroller's report, was \$856,290,283.00.

After a lapse of ten years, the records show that in 1901, the Twenty-seventh Legislature appropriated a total of \$7,396,953.37 for the support of the State Government for the next succeeding two fiscal years, and the Federal census for the year 1900 gave the population of Texas as 3,043,710, which shows a per capita cost for the two fiscal years of \$2.42, and the total assessed valuation of all property in the State for the year 1901, as shown by the Comptroller's report, was \$982,187,865.00.

The next decennial session of the Legislature comes and we find that in 1911 the Thirty-second Legislature appropriated a total of \$10,619,371.60 for the support of the State Government for the next succeeding two fiscal years, and the Federal census for the year 1910 gave the population of the State as 3,896,542, which shows a per capita cost for these two fiscal years of \$2.72, and the total assessed valuation of all property in the State for the year 1911, as shown by the Comptroller's report, was \$2,516,632,745.00.

With the passing of another nine years, we now usher in the most prodigal of them all—the Thirty-sixth Legislature of 1919-1920, which has appropriated a total of \$37,000,000.00, and the population of Texas, as estimated by the Federal Census Bureau for the year 1919, was 4,687,136, which would show a per capita cost of more than \$7.00, with a total valuation of all property for the year 1919, as shown by the Comptroller's report, of \$3,200,295,000.00.

The foregoing figures reduced to a percentage basis show that for the period of 1891 to 1901 the population of the State increased 36 per cent; the total valuation of property increased 15 per cent and the appropriations increased 35 per cent. For the period 1901 to 1911 it is shown that the population increased 27 per cent; the total valuation of property increased 15 per cent and the appropriations increased 43 per cent. For the period 1911 to 1919, it is shown that the population increased 21 per cent; the total valuation of property increased 35 per cent, while the total appropriations increased 254 per cent.

How long can these ratios be maintained? Whether are we drifting?

The Run-Off Primary bids fair to be more interesting than the regular one held. It is possible that a larger total vote will be polled, even if not as many counties hold a primary.

There are quite a number of people in Texas classified as Democrats who do not seem much interested in any nominations. The vote was much lighter this year than the previous primary two years ago.

## RUSSIAN-POLAND WAR MAY LEAD TO GENERAL CONFLICT

There has been a truce promised the Allied Governments by Russian Soviets so that a meeting be held between representatives of that country and Poland, to see if an agreement can be reached to cease hostilities. Even with the truce agreed upon and the Poland delegates at the meeting place, still the Soviet forces continue their advance on Warsaw, the principal city of Poland, and the people are fleeing from there.

The Allied Governments have agreed that if the Soviets do not consent to cease hostilities that Poland will be given Allied aid. Already there are officers of the different Allied countries at Polish headquarters giving assistance in the way of advice and arranging for delivery of arms and munitions.

Germany also wants to get into the conflict, and has sent troops to the border to prevent the Soviets entering Germany territory. Over 2,000 of Poland's troops entered Germany and were disarmed. They were being pursued by Soviet cavalry.

Russia has a well armed and thoroughly drilled army that some estimate as high as three million. The fear is felt, that unless this horde is stopped soon the whole of Europe is endangered by the Red fanatics, who mostly compose the Russian army.

## PUBLIC TO PAY INCREASED PRICE FOR WAGE ADVANCE

The Railroad Labor Board allowed the employees of railways of America about \$600,000,000 increase in wages, and the Interstate Commerce Commission allows the railways \$1,500,000,000 increase in freight and passenger charges—nearly a billion more than the wages of employees increase. An explanation is given that the additional amount is to cover the 6 per cent interest the Government guaranteed the railroads for a certain length of time after turning them back to the owners.

The result will be, that in addition to this enormous increase of a billion and a half, that by the time the public pays the bill it will have doubled again, because each dealer in anything where freight or passenger fare is necessary to conduct the business the additional charge will be doubled to the consumer.

The railway employees, like everybody else, will pay more for what they consume to live and provide necessary comforts. Where is this kind of procedure to stop? Every time wages are advanced, there is an increased price in living expenses. It is going around in a circle and making it harder for those whose pay is not increased.

#### Tractor Demonstration

A demonstration of a tractor used for street work was given last week to the city officials. The three blocks in the center of town, from Krueger's Blacksmith Shop to the Schreiner Bank and Store corner, were scraped and cleaned in two hours' time. This same work would have taken over a day with teams. One man was used to operate the tractor with another man on the grader.

The grader was the property of the city and the demonstration was given for the purpose of showing what a very big saving in time and labor could be accomplished by the use of a tractor for this purpose. The tractor, a Fordson, together with the man, was furnished by Lee Mason & Son, and the practical demonstration was a success in every way.

Chairman White of the Democratic National Committee is not in favor of the League of Nations as the paramount issue. In this he differs from the reported position of Governor Cox. After the latter made that visit to Washington and had an interview with President Wilson, they each announced that the League of Nations including Article X, would be the paramount issue. Possibly, Chairman White has since been hearing from the many Democrats who do not take kindly to this position, nor do they like the recognition of President Wilson as head of the party. He has held that job too long now for the good of the party. It may be that Governor Cox has also heard a rumbling in the ranks and is not adverse to Chairman White taking the responsibility of intimating to President Wilson that his assumption of authority is not desired, nor will the League of Nations Covenant without reservations, be insisted upon by the Democratic nominee for President.

Sheriff Jack Moore is still at his farm doing all kinds of work. Deputy Sheriff Staudt says that the Sheriff is actually milking the cows.

## BETTER BEDROOM FURNITURE

Many new suites, splendidly designed, just added to our floors. Of superior workmanship, this furniture is of the life-time variety that any one would be proud to own.

If you have furniture that does not suit--want something different and more up to date--we will take it in as part payment on new and better furniture. Liberal allowances are made for furniture that is in good condition.

## COLLEGE OF INDUSTRIAL ARTS

The State College for Women  
DENTON, TEXAS

The College of Industrial Arts, Denton, Texas, enrolled during the past session 1,462 students and during the summer session 666, or a total of 2,128 Texas girls, making it the largest College for Girls in the United States with the exception of two, both of which are located in Massachusetts. It is a college of the first-class; and gives literary, technical, industrial and vocational training of the best quality, designed solely to develop mental discipline, social culture, industrial efficiency, and spiritual vision and outlook.

Its courses of study are composed of correlated subjects, including every necessary phase of woman's education, and are grouped as follows:

- (1) Literary, (2) household arts, (3) fine and applied arts, (4) manual arts, (5) rural arts and science, (6) music, including piano, voice, violin and public school music, (7) reading or expression, (8) secretarial studies, (9) kindergarten training, (10) homemaking, rural and urban, (11) teacher-training for public school music, public school art, household arts, vocational home economics, primary grades and high school subjects; practice teaching under expert supervision, (12) vocational training of both college and non-college rank for many of the most remunerative and attractive vocations, rural and urban, for women. It confers the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Literary Interpretation, and Bachelor of Business Administration; awards vocational diplomas and certificates of proficiency, and issues teachers' State certificates.

The College plant is valued at \$1,500,000; the management is modern, safe and wholesome; the faculty is one of the best in the Southwest; it is a Texas College for Texas girls. The next session opens Tuesday, September 14, 1920. For further information or for the latest catalogue, address:

F. M. BRALLEY, LL. D., President,  
College of Industrial Arts,  
Denton, Texas.

E. L. Nichols was taken to San Antonio Tuesday, where he was to undergo an operation for appendicitis. It is to be trusted the operation will prove successful.

Mrs. Boyd Jetton and children returned to Junction last Saturday after a two weeks' visit with her parents on Turtle Creek and her sister, Mrs. C. S. Childs, of this city.

Burney & Palmer have bought the Heimann & Grona stock of dry goods and groceries, and offer them for sale at greatly reduced prices. See their ad. elsewhere in this paper. 33-2tc

J. F. Brookman, with The Junction Eagle and formerly with The Sun, was a pleasant caller last Friday. He was accompanying his son, Willis, to San Antonio, who was en route to California.

San Antonio Weather Bureau reports last Sunday the hottest of the year. We can well believe it, because it was a scorcher at Kerrville. In fact, the old-timer says that this has been the hottest season ever experienced here.

M. Holekamp and Oscar Strohecker left the first of the week to join the Boys' Special from Texas, that will take in several places of interest. This trip is given those who have earned prizes and awards for agriculture and live stock.

Rev. G. M. Macdougall was sent to Beville the first of the week by the chairman of the board, having in charge the Soldiers and Sailors' Sanatorium, to secure aid to complete payment for this structure. Rev. Macdougall will likely go to other points for such purpose. He will no doubt do efficient and beneficial work for that worthy cause.

Farmers of Gillespie County are busily engaged in making molasses. The cane is of unusually good quality, consequently the syrup is excellent. Honey also has been good in that section this season, and the grape crop is in fine condition which is just ripening. Fine water melons also come from the Fredericksburg section. For some reason those people appear to raise more eatables and produce than those of Kerr County. Why?

P. B. Butler of Karnes County, who with his family is on a trip of recreation in this section, made a pilgrimage to the grave of Mr. Tivy and wife on the top of Tivy Mountain east of Kerrville. The deceased was a citizen of Karnes County before his removal to this section, and he owned a fine place and considerable live stock there. Mr. Butler bought cattle of

 For Women**  
 "I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of  
**CARDUI**  
 The Woman's Tonic  
 "I decided to try it," continues Mrs. Ray. "I took eight bottles in all. . . I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot outdoors. . . I can sure recommend Cardui."  
 Take Cardui today. It may be just what you need.  
 At all druggists.

**AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION**

Senate Joint Resolution No. 12  
 Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:  
 Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collectible only in current money; and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year," and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election. 30-4tc  
 (Attest—A True Copy.) C. D. MIMS, Secretary of State.

**RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS**

House Joint Resolution No. 7  
 A joint resolution of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials:

Be it resolved by the Legislature of the State of Texas:  
 Section 1. That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 or Article XVI of the Constitution of the State of Texas, which shall read as follows:

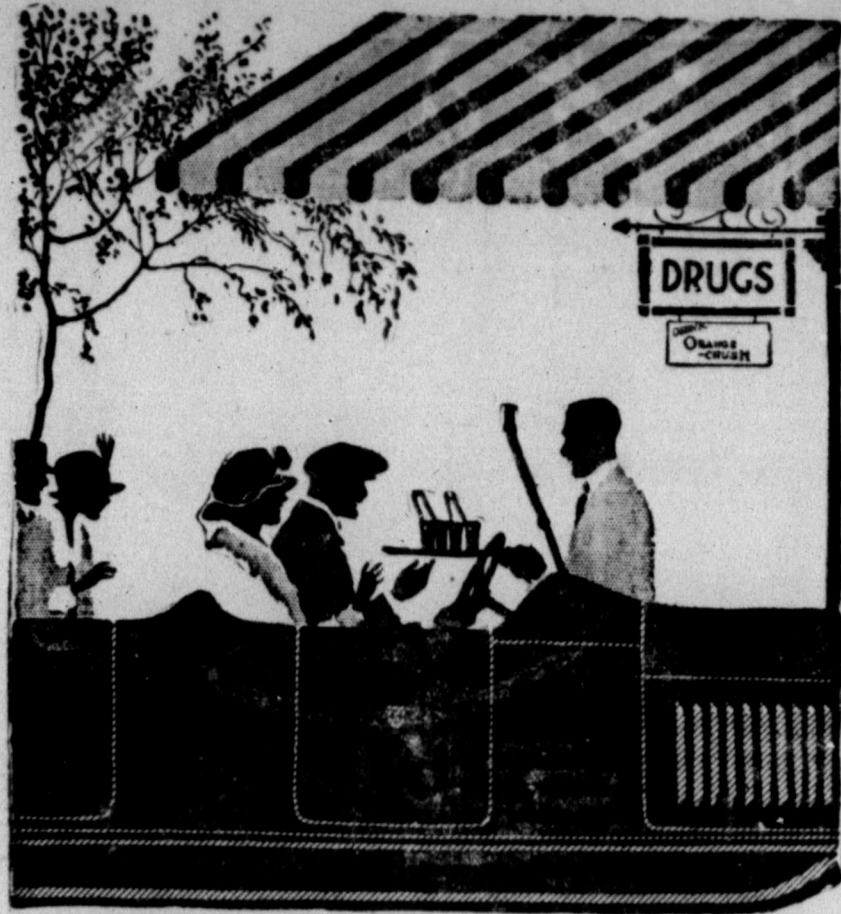

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exception as it may deem advisable. This section shall supersede all other provisions of this Constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words: "Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder. 30-4tc  
 (Attest—A True Copy.) C. D. MIMS, Secretary of State.

drink ORANGE-CRUSH

Cold, sparkling Ward's Orange-Crush—what a refreshing delight after hot, dusty driving!

Ward's Lemon-Crush—the companion drink to Orange-Crush—is equally delicious!

These drinks derive their delicious flavors from fruit oils pressed from freshly-picked oranges or lemons, combined with pure sugar and citric acid (the natural acid of citrus fruits).

PLEDGE NEFF SUPPORT IN COMING ELECTION

Joseph W. Hale, secretary to Pat M. Neff, gave out the following in Waco Tuesday night:

"Pat M. Neff announced tonight that he had received during the last two days literally hundreds of letters and telegrams from former supporters of Mr. Thomason and Mr. Looney in every section of the State, pledging to him their unqualified support in the coming campaign. Among the telegrams were many from chairmen of county organizations who spoke in behalf of their co-workers. The Thomason Club of Gainesville was the first club to send such a message.

"Assurance is given that both Thomason and Looney leaders have taken a prominent part in the re-organizing of the Neff forces in many leading counties."

CUERO MAN SPINNING SILK WITH HIS OWN MACHINE

Cuero.—With a homemade device, constructed under his own direction by a local mechanic, George Nami, a Cuero merchant, has been busy the last few days spinning silk thread from 2,500 silk cocoons he raised at his home.

Many persons have called to witness the novel sight, and have come away with the conviction that a new industry has gone successfully through the experimental stages in DeWitt County.

Mr. Nami is a native of Syria, and for sixteen years was at the head of manufacturing in a large chain of silk producing plants. Mrs. Nami, also a native of Syria, came from the section where the silkworms are produced. Aside from the incidental cost and the ability to compete with larger plants of France, Mr. Nami is convinced there is no place that can equal South Texas as a silk producing section.

Harper Happenings

Star, July 30: A light rain fell on Harper and surrounding country Monday last. A fine rain is reported to have fallen in the James River section.

Mr. and Mrs. Theo Oehler of Reservation brought their little daughter into town Tuesday for treatment of the doctor. A horse had stepped on the little girl's hand and an abscess had set up from the bruise. The hand was very badly swollen but he said that after lancing it he thought it would soon be alright.

Sweden's only coal region is estimated to contain 300,000,000 tons of fuel.

P UN AND PUNTURE

By KATIE DAFFAN

"KERRVILLE"

Where gray hills tower gilt with green And purple flowers of royal sheen Grow every where in tangled mass 'Midst waving, trailing meadow grass Sits KERRVILLE. And your heart will sing For golden autumn's wed with spring.

As balmy, fresh as fragrant pines And strengthening, too, as Eastern wines, Is KERRVILLE AIR, for health it brings And happiness, on hastening wings. Here lillies grow and mosses sweep, By a rippling, flowing river deep.

Where sunbeams laugh and play all day Upon its dancing, silver spray As on it flows wood'd by the sea, In mad impatience to be free, Browsing sheep fill the valley's shade, Lowing herds roam 'neath mountain glade.

Cold pools tempt the angler's line Skilled sportsmen seek the games' confine, White roads wind 'round the hill top's crest Across the valleys green, gold breast, Clear and defined against the green At night and noon these may be seen.

Fair, fadeless; curving, gleaming roads, A joy to travelers with their loads, The world has learned the great good done Right here, where life the victory's won O'er Death, disease, and sorrow, fears And separations, pains and tears,

For God spoke low—"Go find My hills, Breathe My pure air and cease your ills, I've made a place for man's own home, Go there and stay and do not roam To distant lands in search of health, Or scene bizarre, or Nature's wealth

Of rare true beauty, here it lies In Southern land neath Southern skies." This is His message, plain and true, Ope' wide your heart, He calls to you, For what we need is Nature blest, Seek it—find it—to God the rest.

COLQUITT SAYS HE IS STRONG FOR JOE BAILEY

Eastland, July 29.—Ex-Governor O. B. Colquitt was in Eastland today attending to oil interests.

While here the Governor said that he was "for Bailey strong" and was going to support him.

"I am going to support Bailey," he said, "for he stands for clean government and stands against the Socialistic oppressors who would do away with our republican form of government."

It is rumored here that Colquitt will take the stump for Senator Bailey.

STATE DEMOCRATIC COMMITTEE MEETS AUGUST 9

Dallas, Aug. 4.—A meeting of the State Democratic Executive Committee in Dallas at the Chamber of Commerce, August 9, at 10 a. m., has been called by Edwin Hobby, vice chairman. The Executive Committee will canvass returns in the July 24 primaries, prepare the ballot and arrange for the second primaries August 23.

Mr. Hobby is acting as chairman of the Executive Committee in the absence of M. H. Wolfe, who is in Europe.

Announcement also was made by Mr. Hobby that the Democratic Convention will be held September 7 at Fort Worth.

## TRIBUTE TO GREAT BENEFACTOR WHOSE SOUL RESTS IN PEACE

(CONTRIBUTED)

Last week I read an interesting article in The Kerrville Mountain Sun, entitled "Kerrville," which I must say I enjoyed very much, and am glad that I have the privilege of living in such a clime. I shall not try to add to Miss Daffan's description of the grandeur of Kerrville and its country, she so beautifully portrayed, for she expressed my thoughts and admiration exactly.

She brought out the merits of some of our noble citizens and left the impression that certain ones had bestowed greater gifts of charity and benevolence on the town than one whom we feel can never be fully praised for what he has given to Kerrville.

It seems that we are prone to forget our dead and the valiant deeds they have done; that is why we bring this remarkable character up and try to point out the "ever living deed" he has sown in our town. This man looked into the future and caught a "great vision," of what? "Future Citizenship." He saw a greater vision than any of us for he established an institution that will live for ever. As the thousands pass from these "Halls of Learning" into the world, taking upon themselves the responsibilities of life, we feel sure they can not help blessing his name and expressing their gratitude to that silent body in some way, for his great heart.

Captain Tivy gave to our boys and girls greater gifts than we could ever bestow upon them, by placing that wonderful institution within their reach, where they could gain that which money can not buy nor the world can not take away—education.

In after years, when these boys and girls have made their fortunes and settled down in life, perhaps they may chance this way again. We know they can not help their eyes wandering toward that circling trail that leads to "Tivy Mountain," where rests the remains of one so noble, so good and true; and as they look upon that silent sepulcher, within which sleeps the great man who helped make them what they are, we know tears will stain their cheeks as they turn their longing eyes from the one who shall not sleep forever, but whose memory and great deed will live forever and ever.

A FRIEND.

### Paying War Debts

Farm and Ranch: According to an eminent authority, O. P. Austin, statistician for the National City Bank of New York, the debts of the world are about \$265,000,000,000. At the beginning of the European War the indebtedness was \$44,000,000,000. This is an enormous increase, the present amount being so great as to be incomprehensible.

The interest charges on the world's debt is said to be about \$9,000,000,000 per year. One year before the war it was \$75,000,000 a year. The per capita indebtedness of the world is said to be \$150 now; interest charges \$6 per capita. In 1913 the per capita debt was \$27 a year and the interest \$1 per capita every year.

This enormous debt must be paid. Every individual must discharge his portion of the debt if normal civilization is to continue and if nations are to show through their governments that they are worthy to exist. There is but one legitimate way to pay and that is in taxes, each citizen of the nation paying his proportionate part. But people who do not work and earn cannot pay. The idle, the agitators, the disturbers of the peace will have nothing with which to pay and will interfere with others who are trying to pay.

Unless the people of this country go to work, quit spending for luxuries and cease trying to get wages and salaries without adequate service, how are they to pay their portion of the war debt? It will require more than farmers to provide the revenue to discharge this country's war debt and feed and clothe the people. Every individual must do his "bit" and do it willingly.

### West Texas Fair

You cannot miss seeing the attractive three-column ad. in The Sun telling about the many features of entertainment planned by the management for those who attend this important event on August 23-6-7.

There will certainly be a larger number and variety of stock because the prizes are considerably more, while the larger purses will bring faster racers.

There will be good band music, base ball games, and the Commercial Shows will give you excellent entertainment.

Be sure to make your arrangements to come to the West Texas Fair at Kerrville.

# Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

### SENATOR GORE DEFEATED BY FERRIS IN OKLAHOMA

Partial returns from the primary election held in Oklahoma Tuesday indicate that Senator Gore has been defeated by a large majority by Congressman Scott Ferris.

They both live at Lawton.

### Subscription Honor Roll

The following have either subscribed or renewed the past week to The Sun:

Cyrus Brown of Hettick, Ill.; Neal Caldwell, Center Point; J. M. Hatch, Ingram; R. E. Jump, Lexington, Okla.; Walter Jarmon, T. C. Johnston, R. J. Castillo and Mrs. Fred Neale of Kerrville.

### Real Estate Transfers

Louisa and Elisha Hughes to Mrs. M. E. Oliver, lots 1 to 8 and 13, 14, 15 and 16, block 6, Walker Addition, Center Point; \$900.00.

Bruno Schwethelm and wife to Oscar Lich, 285 1/2 acres, known as the Otto Schellhase place, on Cypress Creek; \$10,500.00.

John Rees and wife to S. A. McDonald, 300 acres in Kerr and Bandera Counties; \$6,000.00.

### Marriage Licenses

Geo. Jones and Miss Mary Aaron Geo. A. Heiman and Miss Hazel Gibson.

### Radium Supply on Increase

Washington.—The world supply of radium is being increased at a hitherto unequalled rate, according to the report given by Dr. E. B. Rosa, chief physicist of the Bureau of Standards which makes official tests for practically the entire radium output of the United States.

Radium's use as a cure for cancers is the principal reason why the most valuable and mysterious of minerals is coming into more general use. Hospitals and institutions of research are the usual purchasers, Rosa said.

Seventeen grams of the precious substance, worth approximately \$2,125,000, have been tested already this year. Tuesday a man appeared at the bureau with capsules containing one gram, worth \$125,000, the largest single amount ever received for testing.

This fortune, concentrated in a few tiny particles looking like brown

sand, has been obtained from 125 tons of a mineral found largely in Colorado. After the amount of radium is determined officially it will be delivered to the Institute for Malignant Diseases at Buffalo, N. Y.

Up to the present year, the total amount of radium tested in Washington was 43 grams, 19 of which came in 1919. As a gram is one-thirtieth of an ounce, the approximate amount of Government tested radium in the United States is two ounces, not taking into consideration lesser that have taken place.

The never-ceasing activity of radium in radiating penetrating discharges makes its testing a task requiring unusual precautions. To hold radium in the hand for any length of time results in killing of tissues and the developing of radium sores. The result is that there have been frequent changes in the personnel doing the testing work.

The single purpose of the testing is to determine the exact amount of radium, in order to give an official guarantee to the purchaser. In 1914 the bureau obtained a sample of radium from Europe which is used as the standard for tests. The radium brought into the laboratories is placed near a gold leaf stethoscope, which records the amount of radiation. It is on the basis of this radiation that the amount of radium is determined, and not by the size of the brown particles, which sometimes contain foreign material.

Although radium makes its discharges continuously, it has been determined that it will take 2,600 years for a particle to lose half its power. An idea of the heating capacity contained in a gram of radium is given by Rosa, who said that if placed in a forty-five-ton block of ice kept at freezing point the radium would eventually melt all the ice.

Several safes are used by the bureau to store the radium during the tests, which take several days. Other precautions are taken. Recent thefts at the Bureau of Standards of valuable platinum supplies have awakened the authorities to possibilities of radium thefts. The companies producing radium have paid more than \$5,000 this year to the bureau for making the tests.

One type of motor plow of French manufacture is equipped with mirrors that enable a driver to see the ground ahead of him and the work he is doing at the same time.

The Mountain Sun, \$1.50 Per Year.

### Federal Investigation

Federal authorities at Fort Worth and other points in Texas have started an investigation into the increased prices for bread that seems to have been generally made by bakeries.

Attention is called by the newspapers, that flour and other ingredients have decreased in price and that there is no justice in the increase for bread.

At San Antonio bread is selling at 11 and 12 cents per pound loaf, and 17 cents for pound and a half.

At Kerrville the price has been hiked to 12 cents for pound loaf.

A later report is to the effect that the bakers of Fort Worth have recalled the increased price of bread.

A. M. Morris was in town this week from his ranch near Big Point.

William Anglin spent several days here this week visiting his wife.

Miss Mable Marsh motored to San Antonio for a few days last week.

Jack Jackson of Beaumont is visiting Mrs. Neff at the Dunbar place.

Ed. Kaiser motored to his brother's ranch near Mountain Home last week.

Mrs. R. Galbraith is visiting her daughter in Austin for several weeks.

Fred Smith motored to San Antonio to visit his sister for a few days.

Mrs. Tom Templeton returned to San Antonio after a few days' stay with friends here.

Mrs. R. A. Dunbar and little daughter, Robie, are spending a few days in San Antonio this week.

Hugh Perry and family have returned to their home in Dallas, after a number of months' stay here.

Miss Sallie Hopkins and Margaret Trueheart motored to their home in San Antonio after a few weeks' visit here.

Miss Mary Mosel and William Voiss were Kerrville visitors Wednesday of this week from the Mosel Ranch near Ingram.

Miss Bernice Boyle of San Antonio is here for a few weeks with her mother, who is speedily recovering from her operation.
