KERRVILLE, KERR COUNTY, TEXAS, FRIDAY, AUGUST 20, 1920

VOLUME 37  
NUMBER 35

## TWENTIETH EXHIBITION OF WEST TEXAS FAIR HAS BEEN CALLED OFF

The West Texas Fair has been called off this year by the officers of that association.

This action was made necessary by the presence of charbon among the live stock in adjoining counties to Kerr, and this disease is also said to be spreading in this county.

President Walter Schreiner and Secretary Chas. Real of the West Texas Fair Association met at Kerrville last Friday and definitely decided to call off the Fair for this year. They very reluctantly decided upon this course, but it was not considered safe to attempt to hold the exhibition this year.

The charbon has been among the stock around Uvalde for some time and gradually spread in this direction, finally getting into Kerr County, it is stated, though strenuous efforts have been made to curb the spread of the disease.

Stockmen and owners of race horses would not bring them to the West Texas Fair when there was the danger of coming into contact with stock infected with charbon. As this meeting of the West Texas Fair was especially for a live stock exhibit and racing, the failure to get them here would mean nothing to hold a Fair with.

The management of the West Texas Fair had prepared a list of prizes and premiums larger than heretofore offered, and had confined the list to live stock and racing, because this is particularly a live stock country.

The Fair management had prepared an attractive list which has been extensively circulated and much interest aroused in this year's proposed meeting, so the decision to recall it will cause much disappointment. However, there was nothing else left for the Fair management to do and be honest with owners of live stock and racers.

## ROAD BONDS DISTRICT NO. 1 APPROVED AND REGISTERED

Judge Wallace returned the first week from a trip to Austin, where he went to get completed the preliminaries to permit the sale of the road bonds for Road District No. 1.

These bonds have been approved by the Attorney General and registered by the Comptroller of State, and are now ready to be sold.

The State Bonds for Districts Nos. 1 and 2 have been approved and later will be made ready for sale.

Engineer Simpson is at work with a corps of surveyors making the survey of Road District No. 1, and has had 5,000 small stakes made to use in the work.

The bond market will likely soon be easier so as to sell the bonds and then real road building can be started.

## BOYS' PIG CLUBS WILL HOLD EXHIBIT OF PIGS

By authority of the West Texas Fair management The Sun announces that there will be an exhibit at Kerrville of the pigs raised by the Boys' Pig Clubs of Kerr County.

The exhibit will take place Friday and Saturday of next week. The prizes offered in the Fair Catalogue will apply in this exhibit, and is confined to the Boys' Pig Clubs.

The exhibit will take place in the vacant lot between Peterson-Moore Lumber Co. and Lee Mason & Son Garage.

County Agent Quintal and J. A. Ward are looking after the arrangements for the exhibit.

The Schreiners Brothers contribute the money for the prizes.

### Car Robbed

Sunday night a railway car at Center Point was robbed. The Sheriff's office got busy and captured two men at San Antonio, charged with the robbery, and one was caught at Kerrville, who is in jail.

Sheriff Staudt stated that their were overalls, neck ties, collars, garters, gloves, etc., missing, that were billed to a mercantile firm at Medina.

Those charged with the theft are Clarence Oleon, Paul Dodlow and Bill Trumpor, all white men, who have been at work with the bridge gang of the Sap.

The catching of these men was a piece of good work by the Sheriff's office.

### Women Vote in Nation

The Tennessee Legislature adopted Woman Suffrage Wednesday by a vote of 50 to 46.

This makes the thirty-sixth State to adopt Woman Suffrage, which entitles them to vote in the Presidential election in November.

## ROBT. REAL RANCH OF 9,085 ACRES SOLD FOR \$136,285.50

As further indication that real estate values are advancing in this section is the sale of the Robt. Real ranch of 9,085 acres for \$136,285.50. The purchaser is J. M. Hatch. There were \$114.00 in revenue stamps used on the deed.

Other real estate transactions recently are as follows:

I. W. Zumwalt and wife to Richard Joy and wife, 100 acres of Survey 703, south side Guadalupe River, 21 miles northwest of Kerrville; \$1,890.  
J. J. Talley to Ed Smith, 3 1/2 acres Survey 435, west of West Prong of Indian Creek; \$100.00.

Mrs. Ettie Shekell et al to A. C. Schreiner, half interest in Kerrville Roller Mill and gin property; \$15,000.00.

R. J. Riddey and wife to Robt. Rees and wife, 11 acres, part of Survey 60, W. T. Cook, and part of Survey 109, F. A. Sawyer, on Turtle Creek; \$1,890.  
Ed Talley et al. to Ed Smith, 69 acres, Survey 135, J. Huckins, 7-8th interest; \$850.00.

### Marriage License

McDonald Henderson and Miss Millie Conn.

Murray Warren and Miss Essie Knox.

Otto F. Raaz and Miss Lois A. Synnott.

R. A. Franklin and Miss Kate Hamilton.

## HOME SERVICE PROGRAM OF SALVATION ARMY OUTLINED

Actuated by a sincere desire to utilize the Salvation Army and its sixteen major activities whenever and wherever practical, a strong Advisory Board has been formed in Kerr County which will direct the Salvation Army in its work to better conditions throughout America.

This is a part of the Home Service Program for 1920. In each county in every State of the Union such a board has been formed, or will be formed, and through these boards the Salvation Army will be in a position to fight certain social evils that exist, before such evils become hardened and difficult of solution.

Foremost among the things the Salvation Army, through this program, hopes to prevent to a large extent are: Dependent maternity cases, classed usually as illegitimate; juvenile delinquency, its causes and effects; the unemployed, as a dependent class; missing persons, to trace and attempt to find every man or woman and child missing from any particular county; poverty, with reference to the old and infirm.

Any person in Kerr County knowing of any case of distress should feel at liberty to communicate with Judge H. C. Geddie, who, through his office

as county chairman of the Advisory Board, will be in a position to get immediate relief from the Salvation Army.

The men who will direct the work of the Home Service Program in Kerr County are:

Judge H. C. Geddie, Dr. J. D. Jackson, J. L. Pampell, Henry Duderstadt, A. M. Benson, C. C. Butt, Dr. J. L. Fowler, Judge Lee Wallace, A. B. Williamson and Dr. J. W. Merritt.

## COUNTY CENTRAL COMMITTEE MEETING HELD AT COURT HOUSE

The Democratic Central Committee of Kerr County met Tuesday afternoon in the Court House with E. F. Ferguson, the new County Chairman, presiding.

A. T. Adkins was present as member of the committee from Precinct No. 1; W. D. Burney for Precinct No. 2; Ed Smith, for Precinct No. 3, and Hugo Wiedenfeld for Precinct No. 4.

It was decided to order the tickets and election supplies and adjourn until Friday afternoon to see if sufficient funds could be raised to conduct the run-off primary.

Since the adjournment of the committee about sufficient funds have been raised to assure the holding of the primary, so no doubt the meeting of the committee Friday will so order, and that the run-off primary will be held Saturday, August 28th.

### Dixie Theater Sold

L. F. Eby has sold the Dixie Theater to Wm. Brice of Denison, the deal taking effect Tuesday. Mr. Brice is here with an invalid wife and likes Kerrville fine, so desired to get into some kind of business so as he could make his home here. He is a railroad man and comes highly recommended.

Mr. Brice says that he will endeavor to give the people high-class service in the way of pictures and make improvements as the occasion requires.

The Sun welcomes Mr. Brice to Kerrville and trusts he will become a permanent citizen.

## REPORT OF FARMERS' SHORT COURSE AT A. & M. COLLEGE

C. Quintal, County Agent, makes the following interesting report of his trip to College Station:

Each year there is a Farmers' Short Course held at the A. & M. College of Texas for one week, and each year it has gotten better, but this year it far surpassed any course yet held with an unusually large attendance, as well as the most instructive program ever given.

Probably the most interesting and instructive numbers of the program were the lectures given each morning by Dr. Warren of Cornell University, New York. His addresses were along the most practical lines, and in his talks was much information regarding the present conditions of the farmers and the probable outcome for the next three years. He does not look for prices to the producer to be as high as they have been, and gave his reasons in a very clear way. Neither does he think that prices will be so very stable for the next two or three years, yet, he says, that he thinks the producer is still in the most desirable position of any of us and that he will still be able to make a little money during these coming years of readjustment, since there is no reason for the prices of anything produced by the farmer going below a fair price, and meaning by that, that he will receive a price that will enable him to pay all costs of production and still have a small profit.

Since Texas is increasing its live stock by leaps and bounds and as they increase in number, disease increases accordingly unless much care is exercised in prevention. Dr. Marsteller made three good talks on "Prevention of Diseases of Live Stock and the Care of Sick Animals." Sanitation is as much a preventative of disease among live stock as among humans, and he urged the farmers and ranchmen of the State to use every possible means to keep their pens and surroundings in the most sanitary condition.

Dr. M. C. Tanquary made two splendid talks on the Pink Boll Worm and the Boll Weevil, and while we, in Kerr County, were probably not so

(Continued to Page Four)

## MARRIAGE OF PROMINENT YOUNG PEOPLE HELD WEDNESDAY EVENING

The wedding of Miss Kate Hamilton and Raymond A. Franklin was solemnized Wednesday at 6 p. m. at the First Presbyterian Church with Rev. W. P. Dickey officiating.

The church was artistically decorated with ferns and pink blossoms, the organ being hidden behind a bower of ferns. The bridal party entered to the strains of Mendelssohn's Wedding March. Wiley Seal of Floresville and Hal Peterson entered first as ushers, followed by the groom, Raymond A. Franklin, and the best man, Jesse Franklin, of Floresville. The bride's maids, Misses Ethel Williams and Verna Franklin, entered next, followed by the maid of honor, Miss Hilda Hamilton. Next came the ring bearer, Master Jack Scholl, and the flower girl, Miss Annie Laurie Garrett, who were followed by the bride, on the arm of her brother, Clyde Hamilton. Before the ceremony Mrs. Geo. M. Doyle sang "Because" and "For You." During the ceremony Miss Hattie Garrett played "Blest Be the Tie That Binds."

The bride was beautifully gowned in cream lace over white charmoise with veil and orange blossoms. She carried a shower bouquet of astors, bride's roses and ferns. The bride's maids and the maid of honor wore pink organdies and carried bouquets of lillies, roses and ferns.

The wedding party went from the church to the home of the bride, where they enjoyed a wedding supper.

The bride is a winsome young lady and a daughter of Mr. and Mrs. J. M. Hamilton, one of the prominent and old-time families of Kerr County.

Mr. Franklin is a young man who has made many friends in Kerrville during his residence here and as principal in our public schools. He is the superintendent of the schools for next year. He is a young man of a most excellent family and possesses many admirable traits of character.

This young couple, which appears so well mated, have the best wishes of many friends for long life, happiness and prosperity.

## THIRD WEEK OF ENCAMPMENT WELL ATTENDED

At the 9 o'clock hour last Friday morning, Rev. W. W. Moore, D. D. of Richmond, Va., concluded his ten days' series of Bible studies in "Epoch Makers of the Old Testament." Dr. Moore has long been recognized as one of the greatest Hebrew scholars and Bible students in America and his first visit to Texas has proved an inspiration to all who had the privilege of hearing him. As a token of their appreciation of his services the Mont-air Merry-Makers, through their president, Knox Chandler of Kingsville, presented to Dr. Moore for himself and wife small remembrances in silver.

Rev. Thos. W. Currie, D. D., president of Austin Theological Seminary, together with alumni of that institution, presented the work and value of the seminary at the second conference hour Friday morning. At the closing hour, Rev. J. W. Skinner, D. D., president of Texas-Mexican Industrial Institute, very attractively presented the worthy work of that institution and brought to a very fitting close the week's inspirational conference on Presbyterian Education in Texas.

The best stunt night program perhaps in the history of the Camp was that staged last Saturday by students and alumni of Austin College, Daniel Baker, Texas Presbyterian College, Austin Presbyterian Theological Seminary and the University of Texas. Much unique originality was displayed and a most enjoyable evening's entertainment furnished.

Rev. W. L. Hickman of Texarkana superintended the Sunday School at the Camp Sunday, and Norman Anderson of San Antonio was leader for the Christian Endeavor meeting. Under the leadership of Messrs. Alva Wilgus of San Antonio and T. M. Cunningham and Homer Rainey of Austin College the music for the day was all that could be expected.

With a four days' conference on Home Missions, the Presbyterians entered into the third week of their fifteenth annual Encampment. Rev. Robt. M. Hall, D. D., former pastor of the First Presbyterian Church of

# Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

## TODAY AND TOMORROW

To a great extent, the usefulness of the Chas. Schreiner Bank is due to the fact that it is a permanent institution—an established business managed to serve patrons day after day, year in and year out.

Thus, as a customer of the Chas. Schreiner Bank you are served today with a full measure of bank service, which is important to your larger success. Then, as you advance from one success to another, you have this institution with you, step by step, this year and during the years that follow, taking an interest in your advancement and lending encouragement at every turn. Become associated with an institution that will serve you tomorrow as well as today.

ESTABLISHED 1869

(Unincorporated)

## OFFICIAL CENSUS OF POPULATION OF KERR COUNTY AND KERRVILLE

The census report of 1920 for Kerr County and Kerrville has been received by The Sun and it shows an increase since 1910 of 343 for the county and 519 for Kerrville.

The total for Kerr County is 5,842 and for Kerrville 2,353. This does not show any rapid growth in the population of either county or city, but it is a gradual and substantial increase that each has had.

It will be noted in the statement that there is no report of population in Precincts 5, 6, 7 and 8, as in the census of 1900, and the reason is, that these precincts have been dissolved and the population of each is represented in the other precincts, as we now have only four political precincts in the county. The tabulated statement follows:

Fourteenth Census, Kerr County, Texas (Precinct Means Justice Precinct)			
Minor Civil Division	1920	1910	1900
Precinct 1, including Kerrville town	3,067	2,472	1,832
Precinct 2	966	947	895
Precinct 3	483	519	293
Precinct 4	1,386	1,540	411
Precincts 5 and 6			1,063
Precinct 7			239
Precinct 8			247
Total for Kerr County	5,842	5,505	1,832
Kerrville town (Incorporated)	2,353	1,843	1,423

## TEST OF ENDURANCE, SPEED AND ECONOMY

The advertisement in this issue by the Kerrville Motor Sales, Otho A. Morris, manager, gives undisputable proof of the stability, speed and economy of an Overland regular stock car. Be sure to read this advertisement and then you will see what can be accomplished under adverse circumstances by an Overland.

What is most needed in a car is endurance and economy, and in these respects the Overland appears to have demonstrated that it is to be depended upon in this respect.

Mr. Morris has recently become sole manager of the Overland agency at Kerrville, and he shows that he is a live one by the way he pushes the excellent car he represents.

### Commercial Shows

I wish to say to the patrons of the West Texas Fair that the Commercial Shows, the same aggregation that showed at our last year's Fair and with whom we had again made contract to show at the Fair this year, will show in Kerrville one week, beginning August 24th and ending August 28th.

They will show under the auspices of the West Texas Fair.

Respectfully,  
CHAS. REAL,  
Secretary, West Texas Fair.

## MEXICAN LABORER BADLY HURT WHILE LOADING WOOL

Saturday afternoon of last week, Santos Juarez was quite badly injured at the Schreiner wool warehouse. It seems that the Mexican was moving the loading plank used to connect the warehouse with cars, and as he started to put the plank down the driver of the auto truck backed the car and moved it so as to catch Juarez between the door facing and the plank, and as the plank turned it tore off the skin from the right leg between the knee and ankle and also some above the knee on the right side of the leg as well as tearing some of the flesh. Two fingers of the right hand were also mashed off or made useless.

The injured man was rushed to the hospital in the ambulance of the Ward Undertaking Company and received the best of medical attention. He is getting along as well as could be expected.

It was an accident in which no one seems at fault, and one liable to occur in such work as loading railway cars.

### Dies of Diphtheria

The 13-year-old daughter of Willie Ward, near Ingram, died Tuesday of diphtheria and was buried Wednesday at the Nichols Cemetery.

It is not known if there are any other cases of diphtheria in that section.

**DRILLING FOR OIL NOW  
NEAR FREDERICKSBURG**

Wm. Dietel in The Fredericksburg Standard: In a good many instances the drilling for oil is but a scheme to sell oil leases. In this particular case, however, the company doing the drilling has, as far as I can ascertain, no oil leases for sale. It is organized to try out by a deep test well the oil possibilities of the land which is owned by some members of this company.

What is known here as the Hayden Ranch is a tract of land consisting of six leagues (3,840 acres). This land has been owned by people now living in New York City for some 50 or 60 years. All along this land has been developed, being fenced and acre after acre being put under cultivation until today there are some 600 acres under cultivation. Upon the repeated statements of geologists that the oil strata passes through this section of Texas, the owners of this ranch developed the idea of organizing a stock company, the purpose of which is to sink three deep test wells, locations for which have been made by eminent geologists on the above named property. The offices of this company, known as the Thousand Islands Oil Company, are in New York City and the officers are J. H. Hammond, president; E. L. Rafferty, secretary, and C. L. Hayden, treasurer. The company was originally organized with a capital of \$75,000, but this has been increased to \$200,000. A. F. Allen is superintending the drilling operations and Messrs. E. H. and D. A. Riley are the local representatives of the company.

Through the favor of E. H. Riley I had the opportunity to visit the Hayden Ranch and witness the drilling. The well is located 13 miles from Fredericksburg in a beautiful valley close to a stream of water. The drilling is proceeding day and night, for the night service there is a complete electrical installation. The men operating the machinery were very kind, indeed, giving me all explanation I could desire. Messrs. Joe Shone and Jno. Phipps are the drillers, Messrs. Jno. C. Moran and Mark McClockin are the tool dressers, and Claude Booker looks after the huge boiler, the engine pumping water and after whatever else may need attention, while Mrs. Booker serves meals to the men. They tell me that they would not trade their hotel for the best one in town.

As one approaches the spot, he sees the big derrick towering above the tree tops. The derrick is 84 feet high. The actual drilling began on Feb. 17th, 1920, on a 20-in. basis. When work had proceeded to a depth of 175 feet the first casing, 15 1/2 inches, had to be sunk. At a depth of 250 feet another 12 1/2-inch casing was sunk, from here on the drilling continues until today they had reached a depth of 1,100 feet. For the last few days Mr. Shone tells me they have drilled from 60 to 75 feet on a 24-hour run.

The company is fully equipped to drill to a depth of 4,500 feet, if necessary. There have been brought to this place 2,000 feet of 10-inch pipes, 2,500 feet of 8-inch pipes, and 3,000 feet of 6-inch pipes. They are equipped with two bits for each size of hole mentioned.

When I came to the place, they were just cleaning out the well. The huge string of tools, as they call it, was hanging from the top of the derrick. It weighs almost two tons (4,000 pounds). The bit itself, which is used now, weighs about 500 pounds. They were just sharpening one of the bits. There was a big furnace, the bellows run by steam, in which the bit was heated. After being sufficiently heated, this heavy piece of steel was lifted by a crane and placed in position to be worked

upon by the heavy hammer, weighing only 400 pounds. Of course, you must not imagine that one man swings this hammer all by himself. There is some machinery attachment to do this work, the biggest job the man has, is to guide the hammer so it does not miss its mark. The bit has to be heated two and three times before it attains the proper dimensions. The water or mud bucket contains several barrels of water at any rate. Whenever the well is being cleaned, material is gathered and a record of this is being kept. In technical terms, Mr. Allen is taking the log of the strata formation as the drilling proceeds.

Of course, I was anxious to find out about the cost of the material, machinery, operation, etc. Mr. Shone tells me that he thinks the machinery, including the derrick, must have cost about \$75,000.00. "Wages," he said, "they are good, Mr. Allen is paying top prices." They do not get very many days off. Mr. Shone said that after coming here in May he worked 64 days in succession.

I stepped aside to the 10-inch piping; it seemed just a little too heavy for lifting. I decided to let it rest after Mr. Shone had told me that it weighs 40 pounds to the foot.

What are the prospects of finding oil, I asked Mr. Shone. He answered that he had been a driller in Old Mexico and Texas for the last 25 years and that he never worked on a well where prospects were better. I do hope he is right—wouldn't we see our old town boom up. Inside a year you couldn't recognize it anymore. We all hope that they may strike oil in abundant quantities.

**Bandera Budget**

New Era, Aug. 12: J. M. Newcomer and Miss Mabel Reinartz of the Pipe Creek community were united in marriage at the court house yesterday morning by County Judge J. A. Eames.

The latest word from Vanderpool states that the driller is on the ground with all machinery about ready to spud in the big Wood-Texas test well. It is said to be one of the largest outfits ever set up in the State.

The railroad proposition is being pushed to Rocksprings, according to The Leader, and over \$38,000 of the bonus has been raised. Bandera has not yet started to raise her part. The sum asked is so large that 40 many people it seems impossible and therefore there is considerable discouragement. We are in favor of doing like Rocksprings. Let's start signing the notes and do our best towards raising our part. Then if we fall down, we shall at least have credit for doing our best.

It was a sad and shocking surprise to this community when last Sunday afternoon at about 1 o'clock the news was phoned out that W. M. Pingleton had just died at his home on Indian Creek. A strong man, in the very prime of life, and in good health, his sudden passing was a great surprise to all. He was in town Saturday afternoon and appeared to have slept well all Saturday night, and was sleeping Sunday morning, when, at the usual hour, Mrs. Pingleton dressed and went to the kitchen to begin breakfast. She had been away from him only a few moments when she heard him cry out, "Oh, oh!" and running to him she found him unconscious, apparently having started to dress and fallen back on the bed, when the pain struck him. She phoned at once for Dr. Butler and some of their neighbors, and all was done for him that could be, but he never regained consciousness or spoke, and died at 12:30 o'clock. The doctor pronounced his death to have resulted from cerebral hemorrhage.

The Mountain Sun, \$1.50 Per Year.

James M. Cox

Franklin D. Roosevelt

**1,000 BOYS AND GIRLS  
TO VISIT STATE FAIR**

Educational Encampment Also to See Distribution of Scholarships

One thousand boys and girls, coming from all the counties in Texas where the Boys' and Girls' Clubs are active, will be guests of the State of Texas during the season of 1920 at the Educational Encampment.

This season the work will be furthered a great deal more by the distribution of State Fair scholarships. These special prizes will be distributed during the State Fair season, as follows:

To Boys: Three A. & M. College scholarships to members of the Boys'

Boys and Girls From Farms Will Be Guests of State Fair

Agricultural Clubs, as follows: One for the best record in the production of corn in 1920, given by the Southland Life Insurance Co., Dallas; one for the best production of grain sorghum in 1920, given by J. F. Strickland, President Texas Electric Railways, Dallas; one for the best production of peanuts in 1920, given by the Times Herald Printing Co., Dallas.

To Girls: Three Home Demonstration Scholarships to one of the State Colleges for Girls for members of Girls' Clubs, as follows: One for the first and second year work for 1920, given by L. H. Lewis Company of Dallas; one for third year work for 1920 given by Sears-Roebuck & Co., of Texas; one for fourth year work for 1920, given by Titcher-Gottlinger Co. of Dallas.

While at the Fair as guests of the management, the youngsters of the Educational Encampment will be given a royal time. The entire period will by no means be devoted to research work. Amusement in plenty will be furnished.

**Rogers Speaks for Neff**

Beville, Tex., Aug. 16.—A. D. Rogers of San Antonio addressed the citizens of Beville and Bee County here Saturday afternoon in front of the First National Bank Building in behalf of Pat M. Neff for Governor.

The address was in the main an attack upon the record of Joseph Wel-

open shop campaign was promulgated by oil interests in Texas. He made few references to Mr. Neff, though in defending his land plank said that it was not socialistic, that it was analogous to Hogg's alien land law, and that for its enactment would require a constitutional amendment ratified by the people.

**Notice to Stockmen**

John I. Liles of Collins, Ohio, will be in Kerrville about August 25th with 100 Registered Delaine Bucks which will be offered for sale at reasonable prices. -35-1tp

**Subscription Honor Roll**

The following have either subscribed or renewed the past week to The Kerrville Mountain Sun:

W. A. Lochte, Kerrville; Chas. Weston, Center Point; Roy Littlefield, Ingram; E. M. McDonald, Kerrville; J. C. Stark, Hunt; Wm. Brice, Kerrville.

What is believed to be the largest deposit of high grade chrome ore in the world has been discovered in Rhodesia, more than 2,000,000 tons having been exposed already.

**UNIONS TO PUT FUNDS  
IN NONPARTISAN BANK**

Chicago, Ill., Aug. 15.—The Chicago Federation of Labor today voted to withdraw its funds from local banks and deposit them with the Nonpartisan League Bank in Bismarck, N. D., and also passed resolutions commending the Russian Soviet Government for its action in "quelling the Polish revolt."

The resolution calling for removal of the federation's funds recommended that all locals of the American Federation of Labor take similar action. It was passed after Carl Thompson of Bismarck told the meeting that "it would take \$20,000,000 to harvest the wheat crop of the Northwest" and that labor must co-operate with farmers in financing the harvest, or else the farmers "would have to go to capitalistic Wall Street."

Bamboo is split into phonograph needles by machinery at a rate of 10,000 needles an hour and another machine, into which they are fed by hand, can sharpen 30,000 a day.

**THE COMMERCIAL SHOWS  
The Big Carnival Company**

will show at Kerrville, Texas, under the auspices of the West Texas Fair Association, one week, beginning Aug. 24 and ending Aug. 28th.

These shows are clean, up-to-date and entertaining.

**DON'T MISS THE EXCITEMENT**

Drink  
**Coca-Cola**  
DELICIOUS and  
REFRESHING

—when "delicious and refreshing" mean the most.

THE COCA-COLA COMPANY  
ATLANTA, GA.

\*\*\*\*\*  
**CATHOLIC CHURCH NOTES**  
\*\*\*\*\*  
By Father Kemper  
\*\*\*\*\*  
Kerrville Nuns Professed

The impressive ceremonies of religious investiture and solemn profession of vows took place at the mother-house of the Sisters of Charity on Sunday, which was the patronal feast of our parish. Some members of our Notre Dame and Guadalupe faculties were participants in this touching ritual, and several parishioners went down to San Antonio to witness the liturgical functions. Sr. Rose Agnes, for five years connected with our school, received the gold ring on making her final life vows. Wm. Farish and his entire family motored to the metropolis on Saturday, returning Sunday before midnight.

Miss Wilhelmina Mosel, who had been in the Alamo City for three weeks with her sister, Hilda, and her brother, Clarence, remained there till Sunday evening, when she went back to Ingram. Her sister, Mary, had gone to San Antonio on the previous Thursday with Miss Norma Siebeck and Misses Mary and Antonette Treadaway. The Treadaway sisters had enjoyed a long and pleasant vacation with their aunt, Mrs. Ida Kirkpatrick, and their cousin, Mrs. John Dreddy.

A beautiful life-size statue of Our Savior was erected in the Convent during the triduum to the Assumption of the Bl. Virgin.

Will Lott of Hunt has purchased a home in our city so as to be able to send his children to Notre Dame. They will be cared for by their mother, while the oldest daughter, who had been working at the St. Charles Hotel, will act as housekeeper at the ranch.

Additional Baptisms  
On Sunday the infant daughter of Benny Hahn was christened and received the name of Elsie Louise. The sacrament of baptism was also administered at the Mexican Church to Daniel Flores, for whom Mrs. Moreno stood sponsor.

Word has reached Father Kemper that his old class-mate, Thomas Malloy, was elected auxiliary Bishop of Brooklyn. Another class-mate, Frank Lonergan, was appointed one of the supreme directors of the Knights of Columbus.

Last week the Benedictine priest, Father Aloysius Luther, became pastor of St. John the Baptist Church at Longmont, Colo. He is a direct descendant of Martin Luther, founder of Protestantism, and has several cousins in the priesthood.

Rev. Thomas Finn of La Porte Seminary passed through Kerrville on an auto excursion last Tuesday.

Vacationists  
Thomas Scoggins, a summer tourist at the St. Charles Hotel, was visited on Wednesday by the following Houston delegation: His son, Conroy, and the latter's friends, James and Fordtran Ellis and Frank Fowler.

Mrs. Bruno Schott had for guest her sister, Miss Katie Winkler of Meyersville.

J. B. Wood of Victoria, with his wife, visited his sister-in-law, Mrs. R. H. Wood, of Refugio, who is summing here.

Last Wednesday, John Riegger returned from Dallas to be with his invalid daughter, Mrs. Lester F. Eby.

Theodore Dietz entertained the following San Antonians on Sunday: Mrs. Felicia Derr with her daughters, Irene and Virginia, and Mrs. Juana Gutierrez and her daughter, Arna.

Meta Michon went to relatives at Mountain Home on Monday to while away the last two weeks of vacation.

From McAllen, Tex., we have with us Lieut. Vincent J. Meloy. Mrs. D. S. Duhard came from Lake Charles, La., to enjoy our cool mountain atmosphere.

A. B. Hillan of San Antonio, State organizer of the Retail Merchants' Association, is recuperating his health in our Hill Country.

Other newcomers are Miss Brouhove of Hitchcock, Tex., and Mrs. Navo of Galveston.

Mrs. Thomas John Lacour, after spending several months at Mrs. Ducote's, returned to her family in Kerrville, La.

Miss Nannie Jackson is taking things easily during the present business lull, and contrary to report has not gone back to Philadelphia.

\*\*\*\*\*

Leader, Aug. 13: The people of Sonora and Eldorado are still trying to get their railroad from San Angelo to Sonora. The latest is for the citizens along the route, who are the owners of the old Orient grade, to form a company, and they will try to build the railroad themselves if the Orient fails again to get assistance

\*\*\*\*\*  
**FIRST BAPTIST CHURCH**  
\*\*\*\*\*  
J. B. HOLT, Pastor  
\*\*\*\*\*

There will be services Sunday morning, and one of the ministers attending the Westminster Encampment will preach.

Sunbeams, Junior B. Y. P. U. and Senior B. Y. P. U. will meet at the regular hours.

There will be no preaching service Sunday evening, as Rev. Smith and Rev. Holt are both away holding meetings.

\*\*\*\*\*  
**Woman's Auxiliary**  
\*\*\*\*\*

The Woman's Auxiliary of the Baptist Church met at the church on Tuesday afternoon for the Bible Study meeting. Mrs. Cochran led the lesson on the first chapter in the Book of Peter.

Next Tuesday afternoon, August 24th, the Auxiliary will meet with Mrs. Lou Wharton for the regular monthly missionary meeting. The following program will be rendered:

- Subject, "Financing Missions."
- Leader, Mrs. Deering.
- Scripture reading.
- Prayer, Mrs. W. H. Rawson.
- Song, "Rescue the Perishing."
- "My Money Creed," Mrs. Cochran.
- "Who's Is It?" Mrs. Holt.
- "The Sin We Are Afraid to Mention," Mrs. O. E. Watson.
- Prayer for Deliverance From This Sin, Mrs. A. M. Morris.
- Song, Miss Ayleen Procter.
- "The Right Side of Giving," Mrs. Garrett.
- "Example of Chinese Stewardship," Mrs. Tallis.
- Music, Misses Josie B. Newman and Macbell Roberts.
- Song, "When I Survey the Wondrous Cross."
- Dismissed with chain of prayer.

All ladies of the church are urgently requested to be present, also all visiting ladies are cordially invited.

**Ford Items of Interest**  
\*\*\*\*\*

Ford Touring Cars with Starters are selling at \$735.00 at Kerrville now, still a long way this side of the rumor that "they were \$811.00."

The price of the Fordson Tractor is \$895.00 at Kerrville. We can now arrange a demonstration on your farm if you will notify us a few days in advance. Did you know that 70 per cent of all tractors in the United States are FORDSONS and that the other 30 per cent are divided into over two hundred and forty different makes? Just think that over, and you will admit that the Fordson hasn't much competition. Don't you need one on your farm? 35-17c

**Notice by Publication in Probate**  
\*\*\*\*\*

THE STATE OF TEXAS  
To the Sheriff or any Constable of Kerr County, Greeting:

You are Hereby Commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for two consecutive weeks previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS  
To all Persons Interested in the Estate of Charlotte Frances Bonnell, deceased, Chester Daniap Dickey has filed an application in the County Court of Kerr County on the 18th day of July, 1920, for Probate of the Last Will and Testament of Charlotte Frances Bonnell, deceased, which said application will be heard by said Court on the 1st day of November, 1920, being the first Monday in November, 1920, at the Court House of said County, in Kerrville, at which time all persons who are interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Kerrville, Texas, this 13th day of August, A. D. 1920.

(Seal) JNO. R. LEAVELL,  
Clerk County Court,  
Kerr County, Texas.  
By W. A. LOCHTE,  
Deputy.

**WEAK, NERVOUS,  
ALL RUN-DOWN**

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 5, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. "I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night. I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E-83

**POSITIVE PROOF**

Should Convince the Greatest Skeptic in Kerrville.

Because it's the evidence of a Kerrville citizen.

Testimony easily investigated.

The strongest endorsement of merit. The best proof. Read it:

Martin Moos, prop. barber shop, Water St., Kerrville, says: "I am glad to endorse Dean's Kidney Pills for I know they are reliable. My kidneys were weak and inactive. I had considerable bladder trouble and was often bothered with a lameness and soreness in my back and limbs. I read of Dean's Kidney Pills and used them. They were just what I needed and soon relieved the lameness and soreness in my back and limbs and regulated my kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Moos had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

# PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

### MR. BAILEY'S DIGNIFIED COURSE

Fort Worth Star-Telegram: Mr. Bailey's refusal to engage in a joint debate or a series of joint debates with Mr. Neff and the reasons he gives for refusing, will, we think, be regarded by unbiased voters as justified. It would be somewhat of a spectacle, to be sure, and would draw big crowds. But if it resulted in anything at all it would be, as Mr. Bailey says, disorder. For seldom in the history of the politics of the State has a campaign been marked by such unrestrained abuse of a candidate as is being directed at Mr. Bailey daily by Mr. Neff and the gentlemen who are on the stump in behalf of his candidacy—or rather in opposition to Mr. Bailey—and to bring together an immense crowd of the followers of both candidates under such conditions as are proposed by Mr. Neff would result in no benefit to the State. Mr. Bailey has shown remarkable self-restraint under the campaign of abuse which has been directed against him. He has been characterized as dishonest, as a traitor to his country in time of war, as the hireling of distillers and brewers who seek to bring back liquor and as a monster in human shape generally. He has been ridiculed and denounced and misrepresented. Under such circumstances undoubtedly his natural impulse would be to accept Mr. Neff's challenge immediately and characterize in fitting language the charges made against him. But sober second thought, no doubt, made clear that such a performance would not be a debate, but would be almost certain to become merely a contest in invective. Whether Mr. Bailey or Mr.

Neff is the more skilled of the two in this gentle art might be an interesting question to decide from a certain point of view. But it would contribute heat rather than light to the campaign and certainly would have no more effect in demonstrating the fitness of either for the office to which they aspire than could result had Neff challenged Bailey to meet him in the prize ring. Mr. Neff is free to make whatever capital he chooses of Mr. Bailey's refusal. He may draw the inference that Mr. Bailey is actuated by fear and by so declaring obtain whatever advantage that may accrue to him on that account. But Mr. Bailey undoubtedly chose the wiser course by continuing the even tenor of his way, patiently following out his itinerary from day to day as was mapped out at the opening of the campaign, and thus presenting his candidacy to the people so far as the time remaining until election day will permit. Whether wiser or not, however, certainly it is the more dignified course and in keeping with the attitude he has maintained in the face of the abuse which has been heaped upon him.

### "MATCHING DOLLARS"

Monthly News Bulletin: Way back in Jim Hogg's time, the Alexander Hamilton gang tried to turn the agricultural affairs of Texas over to the Federal Government, by means of a sugar bounty. What the glorious old Commoner did to the scheme was good and plenty. There was more gumshod tactics about the last attempt of Federalism to bribe the people with their own money—collected from them in Federal taxes and that is the reason why they came so near to putting over the federalization of the agricultural and other affairs of Texas and the other States. It remained for the News Bulletin to block the game this time, in which it is getting all sorts of backing. Among the latest to sound a note of warning is H. B. Terrell, Ex-Comptroller of Texas, in the following from the Houston Post: "Henry B. Terrell, former Comptroller, is of decided opinion that there is too much disposition upon the part of the members of the Legislature to accept funds from the Federal Government; to 'match dollars' with the various bureaus and commissions; and then to turn the work of expenditure and supervision over to the Federal agents. "It is a matter that has become serious in the estimation of Mr. Terrell; and he will oppose any further acceptance of funds involving Federal control. "Several voices were raised in the Thirty-Sixth Legislature against the practice of 'matching dollars' with the Federal Government; but in each instance there was a majority favorable to the acceptance of further funds upon matters already under way; and to abandon which, it was pointed out by the proponents, would throw a large burden upon the taxpayers of Texas. "That proposal was based, of course, upon the idea that the work was to be continued; and there was never anything said about discontinuing some of it. The basic idea upon which the great appropriation bill is built is the fact that the State annually adds several things which are a continuing expense and never cuts off any of them."

### REPORT OF FARMERS' SHORT COURSE AT A. & M. COLLEGE

(Continued From First Page) much interested in this matter as other sections of the State are, it would be well for us to know more about these pests.

An address given by J. A. Evans, chief of States Relation Service, was more for the County and Home Demonstration Agents, but was full of practical information. His ideas for combating the radical ideas held by so many of our people at this time were unusually sound, and if followed would have a strong tendency to restore normal conditions in a much shorter time than it now seems possible.

You would be surprised to know of the deplorable conditions of our public schools, and I am sorry that you were not present to hear the address given by Miss Annie Webb Blanton regarding this matter. She pointed out very clearly that if something wasn't done in the very near future (financial relief must be had immediately), that we could expect to have a decided increase in illiterate people in the State, and from available statistics we are already pretty well burdened with this class.

We also had the pleasure of hearing Clarence Ousley, former director of the Extension Work in Texas, as well as a most enthusiastic talk by our present director, Hon. T. O. Walton.

There are many in the State who do not as yet appreciate the work that is being done among the boys and girls of the State, but to relieve any doubt you might have, and to give you some idea of the extent to which this part of our work has been carried on throughout our State, you will have only to attend one of these Short Courses and become entirely convinced. The Boys' Stock Judging Teams were well represented and the Canning Club work done by the girls of the State are astounding.

I hope that you appreciate the fact that the A. & M. College belong to the people of the State. You are helping to keep it up, and it behooves you to get all of the good that you can out of it. Attending the Farmers' Short Course each year is one of the best ways to get much of the benefit offered by such an institution. Many of our people don't even know what we have at the college and just what it is for, but we hope that you will give this matter a little more thought and avail yourselves of the valuable information which can be obtained from there. Two of our ranchmen, Moritz Holekamp and Oscar Strochaker, were there the last days of the course and highly pleased with it, and I hope that next year many more of our good people will attend.

Kerr County and Kerrville have not grown so rapidly as some during the past ten years, but what was lacking in quantity is made up in quality and stability.

Governor Cox and Franklin D. Roosevelt are on the stump and each is making a strenuous campaign. They do not mind words in their reference to the Republican platform and candidate for the Presidency.

It is certainly to be regretted that the West Texas Fair could not be held, but there was no other honorable course for the Fair management to pursue, as it would not have done to expose fine stock and good racers to charbon infection.

Nearly the whole of Europe is in turmoil and there is a possibility of a general war brought on by the Reds of Russia, aided by those of the same stripe in other countries. The Reds threaten that they will engulf all of the European nations, and after gaining control of them will then turn their attention to the United States.

Labor organizations of Chicago take up the cause of the Soviets of Russia and threaten this Government if any aid is extended Poland. That policy being so generally adopted by organized labor is going to lose it the sympathy of the great body of patriotic Americans, who are willing to treat organized labor fairly if organized labor will itself be fair. It is the extreme and radical element of organized labor responsible for such declarations as made by the Chicago unions.

This section of country has had more visitors recently than any season heretofore, and the chances are that next year there will be still a larger number seeking health and recreation here. The main thing that will cause those to come back and bring others, is to treat them right when they make their first visit. Don't try to get all of their money the first trip, but be as reasonable in all charges as possible and the visitors will multiply. They may not tell you that they resent your overcharges when made, but they will tell the other fellow.

## ATTRACTIVE DINING ROOM FURNITURE AT THE PRICE OF THE ORDINARY COMMONPLACE KIND

To beautify your dining room you must have the proper furniture. We offer you some choice period suites at reasonable prices. The eight-piece Queen Anne style in Mahogany we have in our display window this week gives you an idea of the class of dining room furniture we are offering you. Come in and look at our stock.

"Everything for the Home"

### A CHALLENGE

BY HARRY HAMPTON WILLIAMS.

Ho, Mister January! Let all your tempests blow,  
Fling on the bitter breezes all your million wings of snow;  
Beyond the frozen rivers and the whitened hills above,  
We know that June is waiting in the splendor of her love.

A-down the naked forest send the howling of your blast,  
And let the gray cloud galleons the heavens overcast;  
Beyond the tortured forest and the cruel skies of gray,  
June is binding up her flowers into wreaths for us today.

Let your furies sweep upon us as it seemeth to you meet,  
Our eyes will flash you scorning when we feel your stinging sleet;  
Beyond your slash of anger and the terror of your hiss,  
We know that June is waiting with the rapture of her kiss.

### GOT SOMETHING YOU WANT TO SELL?

Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want. These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year. Why Not Sell Them? Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in The Mountain Sun?

The Mountain Sun, \$1.50 Per Year.

Earl Crenshaw, who has been working on the Vanham Ranch on the Divide for the past year, is spending a week's vacation here visiting relatives and friends.

Miss Elizabeth Newton, with the local office of the Western Union Telegraph Co., has returned from her vacation trip to Fredericksburg, where she had an enjoyable visit.

Porter Farnsworth, Anna Neblett Thorburn, Louise Koehler, Helen Taylor, Mrs. Taylor and Louise Cox of the St. Charles Hotel climbed Tivy and several adjoining mountains Wednesday morning.

W. P. Witsell, Rector of St. Paul's Episcopal Church at Waco, is filling the pulpit at the local Episcopal Church during the absence of Rev. G. M. Macdougall, who is engaged in helping raise funds for the Soldiers' Sanatorium.

Mrs. Lou Wharton entertained at dinner last Saturday, August 14th, the occasion being her birthday. Those present were Mrs. W. E. Williams and daughter, Miss Ethel; Mrs. Blanche Vann, Mr. and Mrs. H. S. Renick of Houston, Glenn Brooks, J. T. S. Gammon and C. E. Salter. At supper Mrs. W. C. Thraikill of San Antonio and Mr. and Mrs. Sid Rees and daughter, Miss Leah Hayes, were additional guests to wish her many happy returns of the day. Needless to say the table was filled with delicious edibles, and Aunt Lou received many beautiful gifts.

W. C. Benton of Mathis has been in Kerrville several days and departed yesterday, but will return about September 1st to make this city his future home. The Sun is glad to welcome Mr. Benton as a citizen.

The ladies of the Presbyterian Encampment will entertain with a pageant tonight (Thursday) at 8:30 o'clock. There will be a free-will offering taken up for the benefit of the new Woman's Building.

Mr. and Mrs. Oscar Rosenthal of Houston arrived in Kerrville the first of the week to visit Mr. and Mrs. Albert Enderle and other relatives, but were called home Wednesday morning by a telegram, announcing the serious illness of a sister-in-law.

Lee Mason & Son announce the following deliveries for the week: Sedan, Mrs. R. A. Dunbar; sedan, Rev. W. A. Smith; touring car with starter, C. P. Oates; touring car, T. L. Dowdy, Ingram; touring car, W. W. Moore, Center Point; Fordson Tractor, Henry Dieter, Kerrville.

Mrs. J. M. Thompson gave a miscellaneous shower at her country home below the city Monday afternoon, in honor of Miss Kate Hamilton, bride of the week. About twenty-five guests were present and the bride-to-be received many beautiful and useful presents. A more complete account of the pleasant affair will be given next week.

 Wednesday, Aug. 25th, 11-12 M.—"Stewardship of Possessions," Rev. A. G. Jones, D. D.  
 Wednesday, Aug. 25th, 8 P. M.—Closing Conference in charge of Missionaries.

### POLES REPEL THE REDS AT GATES OF WARSAW

Warsaw, Aug. 17.—(1 a. m.)—The Russian pressure upon Warsaw has been relieved, according to the official Polish communique just issued. The statement reported that General Pilsudski directed the counter stroke that effected this relief.

The Polish counter offensive is declared to be in full sway at various points, with Soviet forces falling back in confusion.

The statement says the Bolsheviks, who had planned to cross the Vistula southeast of Warsaw, in the region of Maciejowice (35 miles from the capital), were forced back.

The right wing of the fourth Polish army, in breaking the Soviet resistance at Kock (32 miles south of Siedlee), took 200 Russian prisoners and captured one cannon and fourteen machine guns.

The communique announces that the Poles, in following up their counter offensive to relieve the pressure on

Warsaw, have advanced along the entire northern front. They have pushed the Russians beyond the Wkra River and regained Ciechanow, the Soviet forces retreating while Polish aviators fired on them with machine guns.

Fighting continues in the region of Radzymin, to the northeast of Warsaw, the statement says.

#### Come Supplied With Means

Dallas News: Hundreds of people come to Texas every year from Northern and Eastern States in the hope of being cured of tuberculosis. Only a small percentage come supplied with means to support themselves. Many come almost destitute, while the great majority come in hope of being able to support themselves by doing such light work as their condition makes them capable of doing, and the great majority are disappointed—tragically disappointed.

Climate alone is not a curative as they had pathetically imagined. There is needed, in addition, rest and an abundance of highly nourishing food. These curative aids they are unable to get, with the result that probably

most of those who came to Texas to be cured of tuberculosis only hasten their ends.

The folly of this course has often been declaimed against, and particularly have our authorities inveighed against the cruel practice of sending people in the grip of tuberculosis in circumstances which only make it rather likely that they will die as objects of charity. But that these warnings and expostulations have had little effect is indicated by the fact that the Texas Public Health Association has prepared a poster for distribution throughout the country setting forth the greater danger incurred by those who come to Texas for the double purpose of making a living and getting cured of tuberculosis. In addition to doing this, the Texas Public Health Association ought to present the facts in this matter to all the newspapers of the North and East, with the request that they disseminate them and reinforce them with such observations as they will inevitably suggest to every one.

As a general thing, a tourist misses too much of the scenery while looking for a bootlegger.

### LIGHTNING BOLT KILLS TWO MINISTERS IN INDIANA

Laporte, Ind.—"If a bolt of lightning should strike this tent tonight, how many would be ready for it," Rev. John Timber, evangelist, asked a congregation of Free Methodists crowded in a tent at Springville, six miles north of here. Outside a storm was threatening.

A few moments later a bolt of lightning entered the canvass top, killing two ministers on the platform, seriously burned the Rev. Mr. Timber, whose home is at Jackson, Mich., and knocked down many of the worshippers. The Rev. Mr. Timber was unconscious for several hours.

The dead are the Rev. Henry Lens of Belvidere, Ill., and the Rev. L. S. Huston, field agent of the Evansville Seminary, Evansville, Wis.

#### 125 Texas Boys See Chicago

Chicago, Aug. 12.—They aren't deserting the farm for the gay city in Texas, no matter what they may be doing up North. At least the boys aren't. For, in the Lone Star State 30,000 of them were sufficiently in-

terested in agricultural pursuits to take examinations in subjects pertaining to the farm. Of this number 125 lucky boys are in Chicago on a trip of many thousand miles, to find out how the Northern farmer goes about his business.

A special train of nine cars pulled into the LaSalle Street Station at 9 o'clock yesterday morning and boys in silk shirts, khaki shirts and trousers, in sombreros and caps, all with "Texas" flaming from their red and white arm bands, jumped off.

Later in the day they were taken on a special elevated train to the stockyards as guests of one of the big packing companies. A girls' band, playing "Dixie," conducted them through the plant.

#### Attention, Sheepmen!

Will have a carload of nice young bucks in Kerrville about August 22d. Call and see them.

A. T. GAMBER.

In the top of an English inventor's table is a zigzag cut that enables the table to be used either in a square or long and narrow form.

### LAND INVESTORS WILL AWAIT PRIMARY RESULT

Plainview, Tex., Aug. 13.—(By a Staff Correspondent, San Antonio Light)—The threat contained in the Pat Neff graduated land tax plank is frightening outside capital from Texas that would otherwise invest in raw land of the west and northwest, according to Plainview real estate dealers, who cite specific instances in which foreign capital has been withheld on that account.

J. B. Nance, large land owner and Plainview real estate man Thursday made the announcement that J. H. Maynard of Redcloud, Neb., wealthy capitalist who came here to purchase Hale County lands left the city Wednesday without buying after stating that he would await the outcome of the election, and if Neff is elected he wanted no land investment in Texas.

Mr. Nance quoted Mr. Maynard as saying:

"I am not going to invest anything until after the election.

"If Mr. Neff is elected I will not want an investment in Texas." The statement was made in Mr. Nance's office in the presence of a number of Plainview people and several of them have reiterated Mr. Nance's declaration to that effect.

Instances are Cited

"Mr. Maynard purchased 320 acres of land through my real estate department in February last and came here Monday of this week to buy more Hale County land," Mr. Nance said. "He learned of the proposed graduated land tax advocated by Mr. Neff, one of the candidates for Governor, and he declined to buy a section, consisting of 640 acres, which he came here to close a deal on.

"He left here Wednesday for Kansas, where he has purchased some land and where he said he would buy more. He left me a note which reads, 'Good-bye Nance.' I suppose he also intends this note to mean good-bye Texas, if Mr. Neff is elected.

"The land Maynard came here to buy is raw undeveloped land and it was priced to him at \$32.50 per acre. He said that he intended buying the land, dividing it into farms and placing outside farmers on it."

A similar situation is reported by men from Castor County who said a party of Pennsylvania men called to that county last week to look at seven sections of undeveloped land comprising 4,480 acres. They had agreed to accept the land, but on learning of the proposal to put an extra tax on excess land holding, departed. It was stated in Plainview Thursday that after the election, if Mr. Neff is defeated and the land is still unstold, they will return and make the purchase.

Section Developed Fast

This section of the State has been largely developed during the past fourteen years. Prior to that time the town of Plainview was fifty miles from a railroad and the lands were barren prairie. They have been settled by outside farmers, many of whom were brought here by the Pioneer Syndicate which first settled this district and which bought thousands of acres of land, dug water wells on each tract and sold the land on long term payments.

The people here recognize that this section owes its development to the land companies. Particularly the Pioneer Syndicate which blazed the trails, and that any hardship put on outside investments will halt the development of the thousands of remaining acres. This section obtains water at 300 feet and every farm has a well pumped by motors for irrigation, and crops seldom fail. Few farmers are in position to buy undeveloped lands, sink wells and equip the land for cultivation and water supply without the help of outside and abundant capital, which permits them to buy on long terms.

The land plank advocated by Mr. Neff, they say, whether he intends to apply it as he first said to all lands or as he later said to only lands owned by non-residents will handicap the natural growth of this part of the State.

Struck By a Car

Comfort-News, Aug. 12: On Monday morning as Miss Trixie Dart and her brother, Will, were driving into Comfort from Waring in a buggy, their vehicle was struck by a passing automobile, which skidded just as it was turning from Eighth Street into High Street. The left front wheel of the car struck the right rear wheel of the buggy, tearing the felloe from the wheel and frightening the horse which then broke the single tree and dashed off, but was quickly caught.

Neither of the occupants of the buggy was thrown out nor hurt in any way.

Another odd circumstance is that so many girls are willing to pay two prices for a one-piece bathing suit.

## Remarkable Cross-Continent Record---27.2 Miles Per Gallon

Think of it! An Overland stock car, taking on gas at 32 different public stations, driven by 25 different drivers who never saw the car before, smashed all trans-continental economy records in a day and night run from New York to San Francisco. 3,443 miles of incessant driving in 179 hours; the car punished by unfamiliar driving---reckless or conservative, according to the driver---yet the car's inherent economy is so certain that this Overland averaged 27.2 miles to the gallon. How was this remarkable cross-continental record made?

#### Over Continent, Car Is Relayed From Driver to Driver

A FEW weeks ago an Overland dealer down in Arizona suggested an entirely new kind of trip for a motor car. He said, "Let's have the distributors and dealers clear across the continent relay a stock Overland automobile from driver to driver on a continuous trip, and see what the car will do."

At first the idea was scoffed at, as every man who knows automobiles knows that under such handling no car can be reasonably expected to perform even up to its normal requirements. But on second thought, it was decided that a trip like this would be the best kind of test that could possibly be given, as it would show NOT THE BEST THAT A CAR COULD PERFORM, but the best that could be expected under the most adverse conditions.

#### Running at Times 40 Miles An Hour

SO an Overland stock car started from New York at midnight on July 18th. The roads were rough. Not a single driver had ever sat in the car before. In many cases the road was missed, and the distance had to be covered back until the right road or the detour was found.

"Let's try to average 20 miles an hour clear across," was the suggestion of the Overland dealers. "But that

means driving 35 to 40 miles an hour part of the time," was the objection. "and you can't get gasoline economy at that speed." But 20 miles an hour was decided upon.

#### 25 Different Men Sit at the Wheel

A MOTOR car trip across the United States in a week's time, in a car weighing less than 2,000 pounds. That was the plan.

Mile after mile clipped off on schedule time. Distributors met the car at appointed locations. Change of the 25 drivers was made sometimes in less than two or three minutes. Once a windshield was broken which had to be fixed. Here and there a nut had to be tightened. But the car pounded on through rain and dust and heat, over mountains and plains.

At Kearney, Nebraska, the half-way mark, the average stood 25 miles per gallon over a distance of 1,690 miles. And the car was running so perfectly that every driver expressed the utmost enthusiasm over its performance.

#### As Standard as the Car You Buy

ONE of the remarkable things about the trip was the low oil consumption. And the car went across, not on cord tires such as are

normally used for this kind of trip, but on standard Fisk fabric tires.

The standard Tillotson carburetor, and the standard Auto-Lite generator system and U. S. L. batteries were used. The car was a standard car with absolutely no reinforcements throughout.

#### Mayor Hylan of New York Indorses Economy Advantages

FINALLY, after covering the almost impassable roads across the Nevada desert, the wonderful little Overland, protected throughout by TRIPLEX Springs, rolled gaily down the paved highways of California into San Francisco, delivering to Mayor Rolph a letter from Mayor Hylan of New York, which read:

This wonderful trip of the Overland again emphasizes in a truly dramatic and remarkable way the wonderful stamina and riding qualities, and the extraordinary economy of this great car.

If you don't know this car and its remarkable achievements come in and look it over. It will pay you to find out what a great automobile you can buy for so small a sum of money.

Touring, \$985; Roadster, \$985; Coupe, \$1,525; Sedan, \$1,575  
Prices f. o. b. Toledo, subject to change without notice

The above prices will be advanced Sept. 1st, 1920, \$50.00 on Touring Cars and \$100.00 on Sedans. It will pay you to order your new car now. Call and see OTHO A. MORRIS at the

### THIRD WEEK OF ENCAMPMENT WELL ATTENDED

(Continued From First Page)

Galveston, opened this conference with a stirring sermon on "Evangelism" Sunday morning. This was followed Sunday evening with a very interesting and informational address on "Home Missions" by Rev. Homer McMillan, D. D., of Atlanta, Ga. Dr. McMillan, who is associate secretary of Home Missions for the Southern Presbyterian Church, had charge of the four days' conference.

Some people left at the close of the Educational Conference, but many more arrived for the four days' conference on Home Missions and to stay through the remaining days of the Encampment program. The usual large number of week-enders from San Antonio were up for Saturday night and Sunday, returning via auto and the early morning train Monday.

The morning Bible hour for this week and the rest of the program is being occupied by Rev. James O. Reavis, D. D., of Columbia, S. C. Rev. Thornton Whaling, D. D., president of Columbia Theological Seminary, spoke Monday night on "Jesus and His Apostles." Tuesday night on "The Making of Woodrow Wilson," and concluded his series of inspirational addresses Wednesday night with the subject, "Home Missions as a Life Work."

In addition to a practical discussion of Home Mission problems at the morning conferences a very interesting theme was brought out in a series of lectures on "Presbyterianism in Texas." Rev. Thos. W. Currie, D. D., of Austin presented this Monday morning from the retrospective view Rev. B. I. Dickey, D. D., of San Antonio Tuesday introspectively, and Rev. T. A. Wharton, D. D., of Sherman Wednesday prospectively.

The Montair Merry-Makers entertained with a hike to the top of Mt. Tivy Tuesday morning and have several other similar features on their social calendar before the program closes.

Runners up for the semi-finals in the tennis tournament are Messrs. T. M. Cunningham, Wright Butler and Homer Rainey of Austin College Knox Chandler of the University of Texas, and F. W. Thompson and H. E. Meyer of Daniel Baker. Light showers daily the first part of the week have interfered somewhat with the running off of this tournament.

Registrations at the close of the second week of the Encampment have totaled more than 975, people coming from all parts of Texas and a number from Louisiana.

Among late arrivals are: Mrs. Yale Hicks, Miss Marion Hicks and Yale Hicks Jr. of San Antonio; Thomas W. Currie and family of Austin; Miss Johanna Pearson, Miss Edith Fly and A. R. Wilgus of San Antonio; Rev. J. L. Bowling, Mrs. Bowling and family of Waxahachie; Miss Mildred Morris of Palestine; Mrs. F. H. Farley of Austin, Rev. Herbert S. Springall and family of Ennis; Mrs. George Allen, Miss Nelle Nisbit, Edwin Allen, Alex Nisbit and Miss Benn Ran of San Antonio; W. J. Eakens of Hempstead; Rev. T. S. Clyce of Sherman; W. C. Tenny of Oakdale, La.; J. F. McKinzie of Lake Charles, La.; L. H. McInnis of Brandon; Juan Cavazos of San Antonio; G. Baldino of Laredo; L. P. Balderas of Kingsville; E. S. Rodriguez of Dallas; Rev. Walter S. Scott of Taylor; Mr. and Mrs. W. L. Downing of San Antonio; Mrs. D. M. Anderson of Eagle Lake; G. G. Bourne of Milford; Mrs. J. F. Ellis and family of Hardin; Mr. and Mrs. T. A. Hardin of Uvalde; Mrs. Anna Stoner of Laguna; I. F. Trafis of Dallas; Mrs. James G. Buck and Miss Genevieve Buck of San Benito; Mr. and Mrs. H. A. Swan of Abilene; E. S. Lowrance and family of Iowa Park; H. A. Swan Jr. of Abilene; Rev. J. W. Skinner of Kingsville; J. M. Batte of Bartlett; L. J. Batte and J. L. Batte of Hillsboro; W. W. Maulie and J. M. Simmons of San Antonio.

#### Luncheon for Miss Hamilton

Miss Ethel Williams entertained Tuesday with a beautifully appointed five-course luncheon, honoring Miss Kate Hamilton, a bride of the week.

The table was artistically decorated in pink and green, the bridal colors, having as a central decoration a miniature bridegroom standing on a mound of pink mallow and pink bride's roses. The favors were hand-embroidered sachets, and hand-painted place cards of Kewpie brides marked the places for the following guests:

Miss Kate Hamilton, the honoree; Mrs. J. M. Hamilton, Mrs. Chas. Rawson, Miss Hattie Garrett, Miss Hilda Hamilton, Mrs. G. M. Doyle and the hostess.

#### Farm Wanted

Wanted to hear from owner of farm or good land for sale. Must be priced right. Write L. Jones, Box 551, Olney, Ill. 25-1tp

## Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.

## NOTICE

### DR. J. STEVENS

Veterinary Surgeon

Will Be at Ruff's Cafe

the Latter Part of August

Have your horse's teeth examined. It will save 1-3 of the feed.

#### A Romance of the War

Before the Hun had been made to realize that the coveted Place in the Sun was not for him or his, when young men from the North, South, East and West were hurrying to the various training camps, there came to Kelly Field a man.

He was young, of course; was fired, like most young Americans, with a desire to do something worth while for this land of ours, and answered joyously his country's call.

Destiny, or what you will, decided on San Antonio as the place where this young man should be trained for service over seas and he came cheerfully, willingly from his home in Sunny California, knowing not, caring little what fortune had in store for him.

At this time and ever since her birth there lived in San Antonio a girl, young and fair to look upon. She, too, had been fired with enthusiasm in her country's cause, had become an active Red Cross worker, and month after month among her other duties, met and conducted to the recreation rooms of the organization young soldiers, strangers in a strange land. There they were made to feel that though far from relatives they were surrounded by friends.

On a bright, sunny day this girl met this man and so began a romance which culminated in a wedding at high noon of August 7th at Los Angeles, California.

Her friends in Texas will be delighted when they learn that the girl, Marguerite Rummel, sister of Mrs. Gus F. Schreiner, has found happiness at the end of the Rainbow Trail, but will regret the distance separating them from her.

Though her people lived in San Antonio, we take pride in claiming Marguerite as a Kerrville girl, spending, as she did, the greater part of

each year at Cedar Lodge on the Guadalupe.

Her husband is Frank Hart, a prosperous young business man of Los Angeles, Calif.

We wish for these young people every happiness, yet we grudge to California the acquisition of one of Texas' finest flowers—Our Marguerite.

German scientists claim to have found that a species of plant growing profusely on waste lands in that country yields a vegetable fat resembling coconut oil.

Norwegian interests with a concession covering several hundred square miles of territory will begin the manufacture of paper pulp from papyrus grass in Zululand.

#### William Pierson

We again present William Pierson of Hunt County for Associate Justice of the Supreme Court. He won first primary by 24,835 plurality. Vote for him August 28th. 35-1tp

#### Notice to Public

I have sold my interest in the Kerrville Motor Sales to Otho A. Morris, and I have no interest in the accounts due the firm nor am I responsible for any of the indebtedness of the firm. 35-2tc T. O. STANLEY.

A new material for electrical insulation, made from fish offal, has been invented by a Danish chemist.

## Public Speaking

Court House in Kerrville, FRIDAY, AUG. 20, at 8:30 p. m.

The speaking will be in behalf of JOS. W. BAILEY, for Governor, by P. C. PETSCH, of Fredericksburg.

All are invited, and especially the ladies. Mr. Petsch is an interesting speaker.
