FINEST, LONGEST, BRIGHTEST CLIP OF MOHAIR FOR YEARS

The past week, Schreiner's Wool & Mohair Commission Company have received about 250,000 pounds of mohair, which is said to be the finest, longest and brightest mohair brought to this market for years.

Some of this mohair came as far as eighty miles—the Jas. A. Hunter clip. There were four truck loads from Rocksprings and Junction at one time, while there has been an almost continuous stream of different kinds of vehicles containing mohair to drive to the Schreiner warehouse.

Most of this fine mohair is being stored for sale in the future, when it is to be trusted the price will be better.

INCREASED ASSESSMENT FOR KERRVILLE OVER LAST YEAR

Most of the increase in taxable property in Kerr County this year is in Kerrville.

George Hugh Turner, City Collector and Clerk, gave The Sun the following information as to assessment of property and taxes for 1919 and 1920:

For 1919, the real estate was assessed at \$672,020.00, and personal property at \$669,736.00. The total taxes collected for that year were \$15,429.60.

For 1920, the real estate is assessed at \$775,610.00, and personal property at \$772,190.00.

The total is \$1,527,800.00. Amount of taxes to collect is \$19,252.04.

KERRVILLE PUBLIC SCHOOLS HAVE LARGE ENROLLMENT

The formal opening of the Kerrville Public Schools was held in the Auditorium of the High School Building on last Monday morning. The exercises were opened with the singing of "America" by the entire school, followed with the invocation by Dr. Macdonnell. Talks to the pupils and teachers were made by Rev. J. B. Holt and A. E. Self. Miss Rawson entertained with a reading. Dr. Macdonnell sang, asking the help of the pupils with the chorus. Announcements were made by Superintendent Franklin.

There were present about 420 children, the largest initial enrollment that the local schools have had; 151 have been enrolled in the High School, 20 of which are in the graduating class.

The High School shows promise of its most successful year, with a large attendance, enthusiastic pupils and an excellent corps of teachers. The High School teachers are as follows:

Miss Nellie Horn, S. W. T. N.; Miss Marion Dinter, University of Texas; Miss Lucile Parker, E. S. C. I. A.; Mrs. Anna Tacquard, Sam Houston Normal; Prin. W. L. Jordan, A. B., Baylor University; Supt. R. A. Franklin, Baylor University and University of California.

The grade teachers are as follows: Mrs. Beatrice Real, primary, University of Chicago and Columbia University; Miss Leah Hayes, kindergarten, Kindergarten Training School, Pasadena, Cal., and University of Texas; Miss Lynne Burnett, second grade, Sam Houston Normal; Miss Eva Strawn, third, S. W. T. N. and University of Texas; Miss Francis Teel, fourth, S. W. T. N.; Miss Lella White fifth, Baylor College, and Miss Mae Lee, sixth, S. T. N. The school opened on September 13, but on account of the issuing of the State books work was not commenced until

September 15. The pupils all seem to have come in from their vacation with the determination to make this a most profitable year, for all teachers report excellent discipline and good work.

Last year the High School department applied for affiliation in all high school subjects and succeeded in getting 15½ units, but only two of these were English. Universities require 15 units to enter, three of which must be English. If we succeed in getting our affiliation in the third year of English (and of course we will) our graduates can enter any university or college without a single condition. Let's do what we can to help get this extra credit of affiliation.

The High School is also offering some additional courses, making electives more open and adding needed improvements and changes.

The first year of Spanish is now being offered by Miss Parker. This course has been opened to all 8th and 10th grade pupils and over thirty have enrolled in the class. The course is elective.

Mr. Jordan is offering a course to 10th and 10th grade boys in animal husbandry. All bulletins published at A. & M. College on cattle, sheep and goats will be sent to this class, and every effort will be made to make the course as profitable and interesting as possible. This course is elective.

Miss Nellie Horn is offering a course in commercial arithmetic which will be made as practical and helpful as possible. This course is not required.

Mrs. Tacquard is offering a very unique course in the Senior English, using as the text book "English for Business." This book deals strictly with the English and grammar necessary in ordinary business, not in theory, but in a modern practical way. This course is required.

The text used in General Science is the latest publication of the Macmillan Co. in this new field. The book is practical, reasonable and in easy grasp of the 8th grade student. This book has been published during 1920. This course is offered by Miss Dinter and is elective.

The primary and elementary departments have made an excellent start and every teacher has shown that her work is above par. Kerrville is indeed fortunate in obtaining such an excellent group of grade teachers.

The Kindergarten was organized this year with Miss Leah Hayes in charge. This is the first attempt at a kindergarten in our Public Schools and it seems to have already proven a success. Twenty pupils have been enrolled. Miss Hayes did two years' special kindergarten work in the Kindergarten Training School in Pasadena, Cal., and we are indeed fortunate to have the opportunity of such qualifications and training in our first kindergarten.

The Kindergarten was made possible by the excellent co-operation of the Mothers' Club, as they have furnished the room with tables and chairs, which was quite an expense. Too much praise cannot be given a good, live, co-operative Mothers' Club, capable and willing to do good for its school.

As a last word we wish to mention in regard to our Superintendent, that though a young man he is in every way capable of conducting our schools. Previous to his coming here, during the year 1918-19, he had been an officer instructor in the army, and we were satisfied with the service he rendered us during that season. Last year he was elected principal and did his work in a manner entirely satisfactory to the superintendent and the Board of Trustees, at the same time becoming very popular with the larger boys. In all the subjects taught by Mr. Franklin our school has received affiliation and the same is true of Mr. Jordan in regard to the school where he taught last year.

We feel fortunate in securing the services of these two young men and ask for them from the patrons the same loyal support that was given Mr. G. C. Jones.

BOARD OF TRUSTEES.

BOYS' CORN CLUB CONTESTS ARE READY TO BE ADJUSTED

With the leaving of County Agent Quintal, the settling of the contests of boys in raising corn devolves on some one. Mr. Quintal requested Judge Wallace to look after the matter, and the latter desires The Sun to announce to those interested, to have their neighbors measure the amount of corn produced from the acre of corn for the contest, and report to him.

After the twenty or more contestants have had their acre of corn measured by disinterested parties, and the various reports are sent to Judge Wallace, he can ascertain who are entitled to the different prizes.

MYSTERIOUS BOMB EX- PLOSION IN WALL STREET

Thursday of last week just after the noon hour there was a mysterious explosion in Wall Street, New York, between the banking house of J. P. Morgan & Co. and the Sub-Treasury Building, which caused the death of thirty or more and the injury of possibly 300. The property loss will run into the millions.

The whole United States Government, State and city law authorities have been busy attempting to determine what character of explosion it was that created such havoc and also following every clue to trace the perpetrators of such a dastardly deed.

One writer described the explosion as "a crash out of a blue sky—an unexpected, death-dealing bolt, which in a twinkling turned into a shambles the busiest corner of America's financial center and sent scurrying to places of shelter hundreds of wounded, dumb-stricken, white-faced men and women—fleeing from an unknown danger."

It was a bold defiance of law and a brutal disregard for life. The Federal, State and city authorities of all sections should not cease efforts until the perpetrators of this infamous crime are apprehended and either hanged or burned at the stake.

GULF HURRICANE HIT NEW ORLEANS AND DID DAMAGE

The Gulf hurricane that had caused considerable uneasiness at Corpus Christi and Galveston, missed those places and hit New Orleans, then veering east toward Mobile.

The extent of damage done at New Orleans is not given as the wires were blown down and information is meager. Only one person was reported killed and he was electrocuted by falling electric wires.

Considerable damage may have been done along the coast and the Mississippi River near New Orleans.

KERRVILLE WOMAN FIRST TO GET A CHAIRMANSHIP

San Antonio Express, Sept. 18: Mrs. J. E. King of Kerrville is the first woman chairman named for the State Executive Committee. The appointment of Mrs. King was announced yesterday by J. Ira Kercheville, member of the executive committee from the 24th Senatorial District. State Democratic Chairman Frank C. Davis has received notice of the appointment of no other woman chairman so far.

As chairman of the district Mrs. King will have the same duties as the member of the executive committee, except that her work will be ex-

clusively among the women voters. The creation of such chairmanships was authorized at a meeting of the State Executive Committee held in Fort Worth at the time of the State Democratic convention. The plan was adopted as a means to give the women voters an equal part in the party operation. The committee could not itself be enlarged as the number is specified by law. The members from each senatorial district had also been selected by the delegations from the districts, and all of them were men.

Mrs. King, who attended the State convention, was honored by election as a vice chairman of the convention. The counties in the district she represents are Bexar, Bandera, Kendall, Kerr and Gillespie.

CASH IN SIGHT FOR THE KERRVILLE SANATORIUM

Austin, Tex., Sept. 18.—That interest in the memorial hospital for the World War, ex-service men, the new building being constructed at Kerrville, is stimulated by the approach of cool weather, when it is imperative to have room for as many tubercular soldiers as possible, is indicated by the increasing number of contributions which are coming in.

The Benevolent War Risk Society of Texas is in charge of raising funds for the hospital and a committee of this organization, composed of Capt. Wayne Davis, Hon. W. P. Bagby, Dr. George Macdonnell and G. B. Lucas, which had recently visited the counties of Goliad, Bee, Victoria, Wharton, Fort Bend, Matagorda, Brazoria, Calhoun, Lavaca, DeWitt, Caldwell, Mays and Comal in the interest of the sanatorium, reports excellent results. From Bee County there comes \$2,000 with the promise of even a larger contribution, while B. B. Hoskins Sr. of Gonzales County writes that this county's quota of between \$3,000 and \$5,000 will be in the hands of the treasurer of the Benevolent War Risk Society by October 1. Other counties in Southeast Texas state that their quotas, ranging from \$2,000 to \$5,000, will be turned in at an early date.

The soliciting committee also received this week a check for \$500 from Hon. J. A. Kemp of Wichita Falls and subscriptions from Fort Worth, contributors being: H. Williams & Co., wholesale druggists; Hubb Furniture Company; Maxwell Clark Drug Company and Sam Davidson. And a Dallas committee, headed by Sam Cochran and Ed. C. Crane, is making an effective drive in Dallas County.

Dr. C. W. Goddard and Maj. John C. Townes, in charge of collections for the Benevolent War Risk Society, are arranging for additional committees to visit other counties and assist in raising additional funds.

Is An Extensive Traveler

Hon. J. H. Burney of Fort Worth, one of the nine Burney brothers, is on a visit to his mother at the old homestead on Turtle Creek. Mr. Burney is an extensive traveler, having been around the world and recently returned from a trip into South American countries.

Mr. Burney has accumulated considerable wealth, and his wife being a linguist of considerable attainments, and there being no children in the family, they enjoy foreign travel.

Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

TODAY AND TOMORROW

To a great extent, the usefulness of the Chas. Schreiner Bank is due to the fact that it is a permanent institution—an established business managed to serve patrons day after day, year in and year out.

Thus, as a customer of the Chas. Schreiner Bank you are served today with a full measure of bank service, which is important to your larger success. Then, as you advance from one success to another, you have this institution with you, step by step, this year and during the years that follow, taking an interest in your advancement and lending encouragement at every turn. Become associated with an institution that will serve you tomorrow as well as today.

PROSPECTS GOOD FOR FULL ATTENDANCE AT SCOFIELD

The Scofield Home School for Girls has prospects for a full attendance the coming session which starts about October 1st. This school has a fine record for efficiency and its graduates take high rank whenever going to other and higher institutions of learning.

The location of the Scofield School is an ideal one, being 2,000 feet above the sea level and is on an eminence overlooking Kerrville, giving one of the finest scenic views in this section where there are many beautiful ones. The building is modern throughout, fire-proof, steam heated and built with a view to sanitation, hygiene and scientific lighting. This school is indeed what its name implies—a home school for girls. A place where parents can send their daughters with the absolute assurance that they will be surrounded by all the cultivating and ennobling surroundings of a perfectly ordered home, and at the same time receive instruction from a corps of teachers who are not excelled by those of any institution in the State.

Miss Sarah C. Scofield, the principal, is an educator of splendid reputation in Texas. Miss Scofield is a graduate of Mount Holyoke, and has wide and successful experience in school work in this and other States.

This school comprises in its curriculum that kind of home training that specially fits young women for the duties of life in their respective spheres. While great care is given to the actual school work of pupils, at the same time due regard is had for the physical culture of the body along with mental improvement.

Thus, month time is spent in out-of-door sports and athletics. There are few schools offering such a happy combination of home life, mental

BARBECUE AND ENJOYABLE TIME HAD BY MASONS HERE

Last Saturday afternoon late there was a barbecue given by the Masonic Lodge of Kerrville to visitors and local members. It was held at the bathing pavilion at Lake Side Park. There were more than 100 present and an enjoyable time was had.

Bandera, Boerne, Center Point and Junction lodges were well represented and about thirty visitors were from San Antonio to put on the work following the barbecue. The San Antonio delegation was headed by Judge Blackstone, 33rd Degree Mason. Others in the party were Judge Fly, Dr. McDaniel, Horace Kelton and Lonnie Irving. Several interesting talks were made. The candidates initiated were Ralph Fawcett and Charlie Johnston.

S. F. McMURREY LOSES HEAVILY BY BURNING OF HOME PREMISES

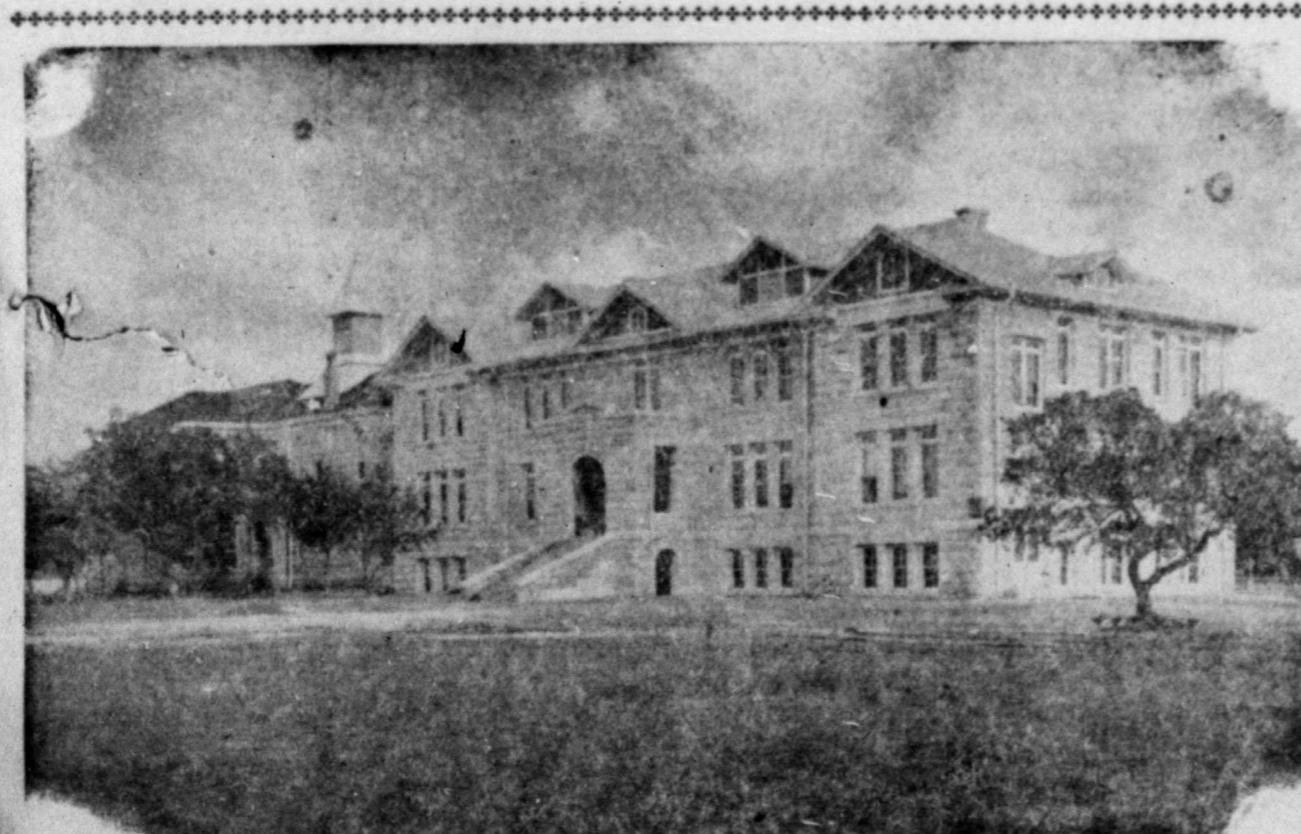

Friday evening of last week, about 6:30 o'clock, a coal oil cooking stove in the S. F. McMurrey residence on Town Creek caused a fire that consumed the building and contents with little exception, and extended to the barn and burned it with contents, including considerable feedstuff.

Fortunately, none of the family were injured.

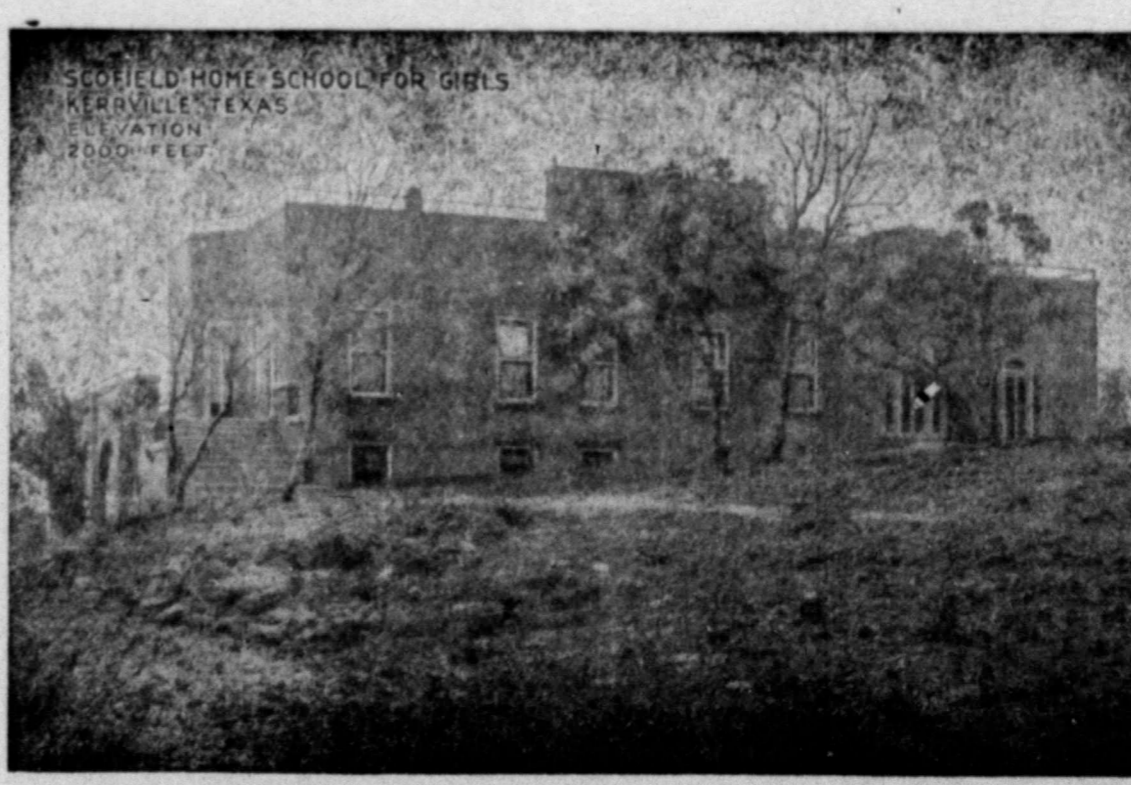

The loss is estimated at \$4,000 and not a dollar of insurance, though Mr. McMurrey was arranging to soon take out a policy.

Tuesday, Chas. Rawson circulated a subscription list to aid Mr. McMurrey and family some in their loss, and quite a tidy sum was raised.

This unfortunate family have the sympathy of many friends in their misfortune.

AUTOMOBILE OWNER'S WEEK

LEE MASON & SON announce this coming week, from Monday, September 27th, through Thursday, September 30th, as being "Automobile Owner's Week."

On these four days, we will allow the 5 per cent War Tax and an additional straight 15 per cent discount on any Kelly-Springfield, Firestone, Goodyear or Michelin Casing in stock, and the War Tax and an additional 20 per cent discount on any Inner Tube. We will give a straight 20 per cent discount on any Accessory in the house, Ford parts alone being excepted. We call your attention to the fact that these sale prices apply on ALL Casings and Tubes and not on certain styles which are being discontinued by some of the manufacturers. All items to be strictly cash.

We also promise a sensational surprise to prospective Ford owners—and if you are one and ever thought of buying a car, you are invited to read the information we will have on hand in our new Display Room. It is going to sound good.

Every owner of a used car, which he desires to sell, is invited to put it on sale in our Service Floor this week, and take advantage of this real "get together" opening week Automobile Owners and Prospects Sale.

Fordson Owners and prospective owners, listen. Your week commences October 13th and lasts through the 15th. It is going to be a big one, but we will tell you about it later. Just remember the dates for the present.

Junction Jots

Eagle, Sept. 17: Mrs. W. E. Williams of Kerrville was the guest of relatives and friends in Junction for the week-end.

C. E. Salter, the Kerrville Mountain Sun linotype operator, was a guest of old friends in Junction a few days last week.

Misses Willie and Dorris Wright left Wednesday, Miss Willie going to Harwood, Texas, where she will teach school, and Miss Dorris to Nacogdoches, Texas.

Mrs. Phillip Joseph left Monday night for Frankfort, Ky., to enter her daughter, Juliet, in school, and will return in two or three weeks.

Will Hill of San Angelo purchased four billies from James Prentice for \$300, and Mr. Martin of Menard also bought 12 for which he paid \$600.

At the meeting of the Commissioners' Court this week, it was deemed advisable for the county to appoint an assistant sheep inspector for this county. Chas. G. Race was appointed to this place for an indefinite time and

will work in conjunction with Geo. R. Ray, Federal Inspector for this and Menard County.

On Monday evening, September 20, Junction Rebekah Lodge will celebrate the 69th anniversary of the Rebekah Degree in Odd Fellowship, and on this joyful occasion the Rebekah branch extends a cordial invitation to all Odd Fellows and their invited guests.

W. E. Simpson, Good Roads Engineer for Kimble and Kerr Counties, was in Junction this week looking after the interest of the good roads in this county. Mr. Simpson tells us that when the good roads are completed to Kerrville there will only be five water crossings, the survey being made to eliminate all water crossings possible, and in doing this the distance will be shortened five or six miles.

Near Junction last week the following party, consisting of Mr. and Mrs. Oren C. Reid and daughter, Mr. and Mrs. J. D. Motley, son and daughters, Mrs. W. E. Williams and C. E. Salter of Kerrville and The Eagle scribe, enjoyed the pleasures of a few days' outing with plenty of fish, squirrels and doves, to say nothing of the other

good eats which were prepared by the ladies of the party who knew so well how to prepare anything so one could not help but feel uncomfortable after having partaken of each meal. The outing was in honor of Mrs. Williams who was a guest of Mrs. Reid and Mrs. Motley, and Mr. Salter, who was the guest of his old friend Mr. Motley. The entire party expressed themselves as having enjoyed every moment of the time spent on the beautiful South Llano. We hope to at some near future date to again be together and enjoy such another outing, where with plenty of eats and with nature reigning beauty and splendor, and where supreme in all her bounteous, the silvery placid waters of the Llano seem to say to all—peace and happiness be with you 'till we meet again.

GALVESTON MARTIAL LAW TO BE LIFTED ON SEPT. 30

Galveston, Tex., Sept. 18.—General Jacob F. Wolters will turn over the control of Galveston to Ranger Captain J. J. Brooks and Chief of Police W. J. Sedgwick at midnight on September 30. Military law will end at that hour.

Captain Brooks will be responsible for the maintenance of law and order on and after that date. He will have at his disposal a force of Rangers, regular and special police.

A committee of prominent citizens, representing every phase of the civic and commercial life of the city, will act in an advisory capacity with the city commissioners in handling such emergencies as may arise.

General Wolters expresses confidence that the non-union dockworkers on the Mallory and Morgan line docks may feel perfectly safe as a result of this arrangement.

National Guard troops now on duty here will break camp shortly after October 1 and will then go to Houston to take part in the Confederate reunion parade on October 8.

Martial law has been in effect here since June 7 and grew out of the alleged failure of the city administration to properly protect non-union dock workers on the Morgan and Mallory line docks. On July 15 the military authorities removed the police force and took over the task of policing the city and administering the criminal laws.

SAYS JOSEPH W. BAILEY WILL PUBLISH JOURNAL

Fort Worth, Tex., Sept. 17.—The Democratic Review, a weekly publication, with former United States Senator and late Candidate for Governor Joseph Weldon Bailey as editor and publisher, will make its appearance in Fort Worth November 1, it was announced here today by Robert Barker, former chief clerk of the House of Representatives of the Texas Legislature. Mr. Barker will be business and circulation manager of the newspaper. Mr. Barker said the paper will be published in the interest of true Democracy and devoted to the cause of returning the younger generation to the principles expounded by Jefferson and Jackson.

Mr. Barker said that Senator Bailey, who is now in Washington, will return to Texas about October 1, and begin the practice of law at Dallas.

CATHOLIC CHURCH NOTES

By Father Kemper
Kerrville Woman Honored
Last week representatives of all the Federated German Catholic Associations from everywhere in the United States met in various halls of San Antonio to conduct the 64th annual convention of the National Catholic Central Society.

Fifth prize was awarded to Mrs. Ernest Raba, wife of him who took the panoramic view of our two schools last week. In the hope of doing better justice to the front scene of St. Mary's Park, Mr. Raba will come back to Kerrville on Columbus, or Discovery Day, October 12th, and try his luck again.

Kerrville Knights of Columbus attended the election of officers held at the club house of Council 786 on Thursday. The post of Grand Knight was conferred on John Williams, as successor to A. J. Fitzpatrick.

Special attention is kindly called to the fact that beginning with this Sunday services will commence at 10:15 a. m. The choir is ready to sing the responses at High Mass. A short biblical instruction will be included. In the afternoon at 2:30 o'clock there will be Rosary and Benediction.

Four Sisters Cloistered
Sr. Constance, who is spending her sixth year at Notre Dame and who, we hope, will never be substituted, spent the week-end in San Antonio to see her sister, Sr. Felix, lately returned from Ireland with candidates for the Incarnate Word Order.

Rev. Dr. John Ford, a fellow-graduate of Father Kemper in Rome, was appointed superintendent of the Catholic Schools in Chicago, which means jurisdiction over 180,000 grade students, and collaboration with forty-six different educational communities.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

With no less pride do we learn that last week at the Notre Dame convent in Glasgow, Sr. Monica, a Doctor of Science, has discovered a method of breeding amoebae, and has won new honors from European savants.

Just Got Over a Cold?
Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Kerrville man says:

Frank Michon, City Marshal, Broadway, says: "My kidneys were out of order and every time I got wet or took cold it settled in my kidneys. I had a soreness and dull ache in the small of my back that worried me a lot. My kidneys did not act right, either. I used Doan's Kidney Pills from the Rock Pharmacy and they soon fixed me up in good shape. The backaches left and my kidneys were soon regulated. I am always glad to recommend Doan's Kidney Pills for I know they are just as represented."

News, Sept. 16: Miss Lucille Holman will leave next Wednesday for San Antonio, where she will attend St. Mary's Hall.

Mr. and Mrs. P. A. Karger, Mr. and Mrs. Gottfried Schellhase and daughters, Misses Emilie and Alma, went to Kerrville on Sunday to attend the wedding of Miss Anna Schwethelm.

On Tuesday Bruno Reich sustained a painful cut just above one of his eyes, when a male knooked a pitchfork against his forehead. Several stitches were required to close up the gash.

Mr. and Mrs. Henry Seidensticker's 12-year-old son, Kurt, is laid up with a broken leg, as the result of a fall while he was swinging on a rope. The rope broke and let him drop in such a way as to fracture both bones of his right leg just above the ankle.

Mr. and Mrs. Otto B. Schwethelm and son of Kerrville, and Mrs. Elsie Villaret of San Antonio, who had been their guest for some time, came down Tuesday for a visit to the A. S. Fallins. Mrs. Villaret left for her home on Wednesday and Mrs. Schwethelm and the child will remain here for several weeks.

State Gets \$505,000 Interest
Austin, Tex., Sept. 18.—For the fiscal year ending September 1, 1920, the State of Texas received \$505,000 in interest from the 205 State depositories having State funds on deposit, according to State Treasurer J. W. Baker.

Next Sunday the pastor will be away at the mission stations, Sunset and White School, therefore it will be necessary to postpone the State Mission Rally until next month.

Bandera Budget
New Era, Sept. 16: Stanley Lewis has sold his ranch on West Verde, consisting of 844 acres, to Edgar Parsons of Hondo. Mr. Lewis and family have moved to town and occupy the Harper cottage near the school building.

County Commissioner Oscar Lackey of the Medina precinct has resigned and moved to Junction. Judge J. A. Eames appointed G. B. Robertson of Tuff to fill the unexpired term of Mr. Lackey. Mr. Robertson was here Wednesday and agreed to qualify for the office.

The New Era has received a preliminary report from the Census Bureau giving the total population of this county at 4,901. This is a decrease since 1910 of 926, and since 1900 of 1,331. The decrease during the past ten years can partly be accounted for by the west end of the county being cut off in the creation of Real County. The population is subdivided into five divisions conforming to the five justice precincts, as follows: Precinct No. 1, 1,341; No. 2, 498; No. 3, 333; No. 4, 537; No. 5, 292.

Bandera County maintains her position as among the foremost counties in the State in furnishing teachers, according to population. This year the following teachers will go to other counties to teach: Mrs. Anna Manning and Miss Mary Noonan, to Rockport; Miss Emma Mansfield, Weimar; Miss Edith Rambaie, Barnhart; Miss Allie Langford, Hebronville; Misses Jessie and Eugenia Johnson, Verdi; Miss Lila Johnson, Ganado; Miss Alma Garrison, Pettus; Miss Jennette Hay, Leming; Miss Ruby Langford, Del Rio; Miss Catherine Padgett, Medina County; Joy Tilley, Peach Tree School, Medina County.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

LET'S EFFECT ORGANIZATION

Kerr County Democrats should effect a thorough organization and give the nominees a good round majority. While there is only one county nominee with any opposition, there should be extra efforts to give Walter Peterson a decisive victory. To some extent this opposition is based on prejudice and misinformation, so it should be nipped at the outset and let those who would attempt to win by any such means learn that they cannot do so in Kerr County.

The people may differ in Kerr County in their religious and political views, but a majority of them are broad-gauged and will not aid in curtailing those privileges.

Kerrville is fortunate in having a high grade public school system, a girls' school and a mixed school. Few places the size of Kerrville have such educational advantages unless they are exclusive school towns.

The Democrats of Texas did so much campaigning in the primaries that they have no desire for any in the general election. One of these times the party leaders will wake up after the general election and find some kind of combination winning over the Democratic nominees.

Center Point Comments

Mrs. Jewel Richeson left Monday for El Paso, where she will join her husband. They will be absent several months.

Mrs. James Sellers returned last Friday from a two months' visit to her son, Cem Sellers, at Tucson, Ariz.

Mrs. M. C. Lane and her daughter, Miss Myrta, are home again after an absence of several weeks visiting relatives in Floresville, San Antonio and Fort Worth.

Judge W. C. Baker of Kerrville was in Center Point last Friday and while here made a very interesting address to the Mothers' Club at the School Auditorium.

Eugene T. Mangum and family of Nixon, Tex., moved into Center Point last week and are occupying the L. N. Coffey residence on Church Street.

M. C. Tally, a business man of San Antonio was prospecting here Saturday with a view of opening a hardware and implement business.

Lee Hale, formerly with the Stroud Motor Co., has purchased an interest in the Center Point Garage. The property is being enlarged and otherwise improved. Mr. Hale and family are occupying the F. F. Cooke residence on River Avenue.

W. T. Ramey of Woodville, Tex., is a recent arrival here. He comes in quest of health and may locate here permanently.

Rev. Felix R. Hill of San Antonio was here over Sunday and preached a very interesting sermon at the Methodist Church at 11 o'clock.

Mr. and Mrs. C. E. Richardson are home again from Colorado, where they spent the summer. Mr. Richardson, we understand, is to take his old job back as manager of the Telephone Company at this place.

A very enjoyable occasion was the porch and lawn social given at the Baptist pastor's home last Friday evening. The porch and lawn were well lighted with gasoline lights. Music and readings enlivened the evening's entertainment. The 150 guests were served with abundance of ice cream and cake. The Sunday School was out in force.

United Confederate Veterans hold their thirtieth annual reunion in Houston October 3rd to 8th. Some 10,000 "vets" are expected from all parts of the United States. Elaborate arrangements are being made for the entertainment of these heroes of '64 and every possible comfort will be provided.

Every annual roll call finds some of them missing. Their numbers are fast decreasing. Day after day and year after year these noble men pass into the Great Beyond. They hear the last "Taps," they make the last "stand."

All over the country commercial and civic bodies are furnishing the funds necessary for these valiant old warriors to attend the reunion. It may be their last one. Next year may find them missing in the ranks. A large number are not financially able to make the trip and these organizations are calling upon the citizens to help them.

Kerrville will make money and extended reputation by providing adequate and suitable accommodations for health-seeking visitors as well as those who come for recreation and sport with rod and gun.

Anarchists and bomb makers don't seem to have much fear of the Federal and police forces of Eastern cities. They work with impunity and go right into Wall Street, where officers are so thick they are in each other's way.

The State Democratic organization would have more success in raising a National campaign fund in Texas had not the Cox-Roosevelt Club at Dallas exceeded its authority and made a campaign of misrepresentation against Jos. W. Bailey in the run-off primary.

GILLESPIE COUNTY FAIR HAD 16,000 ATTENDANCE

Fredericksburg, Tex., Sept. 19.—Gillespie County's thirty-fourth annual fair today closed with an attendance exceeding 16,000 for the two days.

Agricultural exhibits were somewhat smaller this year than usual, and an effort will be made next year to increase their number. One of the live stock exhibits attracting much attention was a herd of Poland China hogs entered by the Mason County Boys' Pig Club.

BACKMAN-TINSCH TRAINED WILD ANIMAL SHOWS

Amusement-lovers, particularly the kiddies, will welcome the announcement of the coming of The Backman-Tinsch Big Trained Wild and Domestic Animal Shows to Kerrville, Tuesday, September 28th, for one day only. The big water proof tent will be pitched near the freight depot.

Every man, woman and child in Kerrville and surrounding country should avail themselves of this opportunity to witness this highly educational exhibition of Wonderfully Trained Lions; one of which actually makes a balloon ascension, accompanied by a beautiful young lady trainer, flying far into the lofty peaks of the mammoth canvas and while the Beauty and the Beast are enjoying their aerial flight a beautiful display of fire works is turned loose while the entire tent is darkened. Positively the most inspiring, sensational, at the same time beautiful act, ever before attempted of accomplishment by any other show in America.

Many other new and novel acts have been added to the Backman-Tinsch Shows, one of which deserves special mention, that of Handsome Mike, the Marvelous Roller Skating Bear, who skates around the big elevated stage with all the grace and confidence of a professional skater of the human type.

Remember the date, Tuesday, September 28th.

Card of Thanks

We take this means of expressing our thanks to all those who so willingly came to our assistance during the burning of our house. Though their kind help was of little avail their efforts shall ever be remembered, and especially do we wish to thank the many good people of Kerrville—the members of the Eastern Star, Methodist Church, and all others who have kindly offered their assistance during our great emergency. Our appreciation is beyond words.—Mr. and Mrs. S. F. McMurry.

Harper Happenings

Star, Sept. 17: Mr. and Mrs. James Montgomery of Noxville passed through Harper Tuesday last, en route to Kerrville.

Miss Pearl Barker left Sunday for San Marcos, where she will enter school for the fall and winter term.

Miss Grace Whitewood left Sunday morning last for Cherokee, where she will enter the Cherokee Junior College for the fall and winter term.

The ranch house of J. S. Whitewood, seven miles from Harper on the London road, was completely destroyed Saturday night of last week by a fire of uncertain origin. It is believed that the fire started from the cook stove, but there being no one there when it originated, there is no certainty.

The constant buzzing of the gin saws in both of the Harper gins keeps us reminded that the fall harvest is now on, and our thrifty farmer friends are reaping the returns of their year's work. Crop reports in this section are very good, but if the cotton opens and hands can be obtained we do not expect the gathering season to last as long as usual as everyone is starting in with the full intention of getting the crops gathered as soon as possible and thereby save the waste that most of them suffered last year.

Reports of the farmers of various sections is that from one sixth to a half bale to the acre and better will be made, varying according to the amount the boll weevil bothered them in each section. The fears of some that there would be no market for cotton has been appeased by the recent sale of several bales here. However, it is feared that there will be a very poor sale for cotton grading lower than middling.

PROSPECTS GOOD FOR FULL ATTENDANCE AT SCOFIELD

(Continued From First Page)
training, domestic science, physical culture, and all things that go to make for the highest ideal in American womanhood.

Miss Scofield will have an excellent corps of teachers to aid her in the coming year of school work, so the results can confidently be expected to equal the best of any previous session, if not surpassing it in some respects.

This Home School for Girls is worthy of the patronage of home folk and is one that would be a credit to places much larger than Kerrville. The expenses are reasonable and the accommodations first-class.

Happenings of Hunt

School opened Monday morning with splendid attendance. Miss Lily Council of Sherman's Mill is the principal, assisted by Miss Mary Horn of Kerrville. Prospects for a splendid school year are good as the board feel they have secured able teachers.

Rev. Harvey Scott of Floresville is conducting a series of meetings at the Christian Church at Ingram. Rev. Scott is an able preacher and has large audiences at each service.

Judge and Mrs. W. S. Fly, Colonel and Mrs. Williams of San Antonio spent Monday here picnicking.

Mr. and Mrs. H. S. Vodic of San Antonio visited friends here the first of the week.

Miss Helen Root went to San Antonio Wednesday to visit relatives.

A. C. Joy has returned from a visit to his daughter, Mrs. Roy Cantwell, at Bisbee, Ariz.

Mr. and Mrs. Rose and daughters, Misses Emma and Katie, came down from their South Fork ranch Sunday to visit in the home of W. H. Page.

Harold Doebbler of San Antonio is spending his vacation here.

Mrs. Stokes has returned to her home in San Antonio after spending the entire summer here.

Dr. F. C. Walsh spent Monday in Kerrville on business.

Mr. and Mrs. Salentine entertained the young people at their ranch on Honey Creek last Friday evening, honoring Miss Helen Root of Oakland, Calif.

Mr. and Mrs. Harris Hardin of Sherman's Mill spent the first of the week here visiting relatives.

Geo. Cantwell came over from Ingram Saturday and sold his residence here to Jim Crow.

Mr. and Mrs. Walter Crider and little son are visiting Mr. and Mrs. Moore at Bandera.

Mr. and Mrs. Charles Rose of Kerrville visited relatives here this week.

Geo. Beitel of San Antonio spent the week-end in Kerrville.

Geo. Fordtran was in town the first of the week from his home on the Divide.

Prepare for the cold nights soon to be here. Our stock of wool and cotton blankets contain some rare values for the early shopper. Chas. Schreiner Co. 39-tfc

B. B. Procter and wife and two sons of Victoria were in Kerrville Wednesday. They came to visit Mrs. Procter and daughter, who are guests at Mrs. W. E. Williams'.

Let Nowlin & McCown do your Tailoring, Cleaning and Pressing Work right and promptly done. Old Newman Stand. Phone 218. W. C. Nowlin, Manager. 33-tfc

A. B. Burton, active vice president of the First State Bank, returned last Saturday from a trip to Edinburg and Corpus Christi. He reports considerable improvement going on in those places, and considers the rebuilding done at Corpus Christi as marvelous.

Miss Della Adams of near Harper passed through Kerrville Sunday to Fort Worth, where she will enter the Baptist Training School, preparatory to go as a missionary to some foreign field. Miss Adams was accompanied by her grandmother and mother. Only recently her great-grandmother died.

Those registered at the St. Charles Hotel are: Mrs. W. B. Loughborough, Mrs. E. Zander, Mrs. J. Martin and Mrs. Fly of San Antonio. Miss Ivy Eldridge, Mr. and Mrs. B. B. Procter and two sons, Bland and Fred, of Victoria, Mr. and Mrs. Martin Dies of Beaumont (now of Kerrville), and John B. Hardwick and Mrs. H. Gerhardt of Corpus Christi.

Last Sunday, Dr. W. C. Goddard, Col. Claud Burkhead and Raymond Phelps, connected with the management and construction of the Kerrville Sanatorium, were in this city and went out to inspect the property. They expressed themselves well pleased with the progress made and the excellent buildings that are being constructed by the McKenzie Construction Co.

Information reached Kerrville Wednesday morning to E. Y. Hartwell, that his brother, Geo. H. Hartwell, had died at an early hour that date at his home in San Antonio. The deceased had visited Kerrville quite regularly in the interest of an insurance company of which he was State agent for South Texas. The Sun joins many friends in sympathy to the bereaved relatives.

Watching Kimball Well

San Antonio Express, Sept. 18: The final outcome of the Kimball oil well near Devine, now held up in injunction proceedings, which have been appealed to the 4th Court of Civil Appeals, is being watched with considerable interest by oil men, especially since it has been reported from Devine that Dr. H. J. von Hagen was about to make a purchase of the interests of the Kimball Oil and Development Company. Since then it has been reported that C. L. Witherpoon and Dr. F. L. Thompson have each looked at the well with a view to purchasing it.

After reaching a depth of 2,300 feet it is understood that the Kimball Oil and Development Company was about to pull the casing and abandon the well when stopped from doing so by injunction proceedings instituted in the 37th District Court of Bexar County by the Southwestern Oil and Gas Company, which alleged that it had taken leases on 10,000 acres, including that on which the Kimball well is located, and had contracted with the Kimball Oil and Development Company to develop 5,000 acres of the lease.

It was reported that Dr. H. J. von Hagen and associates had contracted to take the well over and drill it down to a depth of 3,500 feet, but this is denied in the information from Devine.

It is claimed that the well at 2,300 feet is in black lime and showing signs of oil seepage from below, causing the lime to be black. It is claimed that efforts are still being made to get the well carried down deeper in the belief that oil is there in paying quantities.

 In our Men's Furnishing Department are some new fall and winter hat arrivals of unusual merit. See them before deciding on your winter hat. Chas. Schreiner Co.
 A. E. Young returned from Hempstead last Sunday. He says that the cotton crop on his 1,600-acre Brazos River farm will produce less than a third of a crop, but his cattle and hogs are doing well.
 Mrs. Lou Wharton, Mrs. W. E. Williams and Messrs. J. M. Hamilton, Herman Mosel and Glenn Brooks went to Austin Saturday of last week in the car of Mrs. Wharton. The party returned Sunday evening with the exception of Mr. Hamilton who remained to see the special session of the Legislature convene.

ANNOUNCEMENTS

The Sun is authorized to announce John A. Leinweber as an independent candidate for County Assessor of Kerr County, at the election to be held the first Tuesday in November, 1920.
 The Sun hereby announces the candidacy of Walter G. Peterson, who is the Democratic nominee for Assessor. He solicits the suffrage of all of the voters of Kerr County, upon a record of efficiency.
 There were three airplanes flying over Kerrville Thursday of last week at one time, which brought to the streets many sightseers. One of the aviators gave an exhibition of several stunts, and one time seemed as if he was going to alight on Water Street between the business houses.
 Mrs. L. A. Schreiner and daughter, Miss Mae Louise, left Tuesday morning for San Antonio, where they will visit a short while and then go to Houston for a few days. Mr. Schreiner will join them at the latter place and accompany them to New York, where Miss Mae Louise will enter the Miss Spence School for Young Ladies. As Miss Schreiner's eyes are still troubling her, she will likely secure a companion.

ANNOUNCEMENTS

 John Rogers Young, son of Mr. and Mrs. A. E. Young, left Sunday afternoon for Houston to resume work in the office of his uncle. He had an enjoyable time with the young people of Kerrville, with whom he became quite a favorite.
 The Dixie Theatre had several good films last week, and one of them was shown here before being booked at any of the large cities of Texas. Manager Brice is trying to secure the best picture service he can for a town the size of Kerrville.
 Geo. R. Pepper, who formerly lived in Edwards County and has been at Kerrville for some time under medical treatment, has about recovered. He favored The Sun with a pleasant call Monday and had his name enrolled as a subscriber.
 Mrs. P. J. Domingues, her daughter, Miss Alice, and son, Lewis, left Monday morning for Austin, where they will join Francis who left last week and the latter three will enter the Texas University. Mrs. Domingues will remain there with them during the school term.
 A surprise party was given Mrs. W. C. Baker at her suburban home Friday afternoon of last week. The ladies attending were Mesdames J. S. Whelless, S. E. Thompson, L. A. Schreiner, Lee Wallace, E. H. Prescott and Gus F. Schreiner. These ladies took chickens and other accessories for a barbecued repast and had along a chef to prepare the eatables. A very enjoyable time was spent.
 Judge W. C. Baker accepted an invitation to address the Mothers' Club at Center Point Friday afternoon of last week, which was the time for the annual election of their officers. As usual, the Judge acquitted himself creditably, as he is adept at saying the right thing in the right way and at the right time. Having been a District Prosecuting Attorney and then District Judge in the section of Louisiana where he hails from, Judge Baker is accustomed to handling any situation which confronts him.

An Easy Way to Get Bigger Grain Yields with Less Seed

Planting with a grain drill, instead of with a broadcast seeder will cause you no more work, in fact, considerably less, and in a short time the saving in seed will pay for the drill.
 That, in itself, is sufficient reason why we want you to see the John Deere-Van Brunt Grain Drill we have on display. There are other reasons that apply only to the Van Brunt. This drill has a patented, adjustable gate force feed that successfully handles any size seed from alfalfa to bearded oats without choking.
 The force feed compels the seed to leave the grain box in even continuous streams and the seed is protected until it reaches the bottom of the furrow.
 That is why a field planted with a Van Brunt Drill makes such a pleasing appearance to the eye—and why it adds extra money to your bank account. All of the grain is ready for harvest at one time. There are no bare spots in the field and you can feel absolutely sure that no seed is wasted in planting. Come in and let us show you how easy it is to regulate the flow of seed so that an equal amount is placed in each furrow—simply moving a lever regulates the quantity sown.

Come by and see them—and then decide whether or not you can wait another week before having one in your own home. Note the splendid lines, the simplicity and perfection of construction; in short, the QUALITY. Then, if you are wise—and have the price—or, if you haven't the price but have enough to make a small payment down and a little a month—take one while you can.

THREE SUBSTANTIAL, LOVELY HOMES BUILT BY SCHREINERS

Capt. Chas. Schreiner has builded with a view to durability in all the structures he has had erected at Kerrville. Among these is the handsome home constructed years ago and which today is unique in its design, beautiful in its setting and imposing in its appearance.

The sons of Captain Schreiner have followed his example, that whatever is worth doing is worth doing well. The elder sons, A. C. Gus F. and L. A. Schreiner have built substantial and lasting homes. A. C. Schreiner's fine residence has been built some time; Gus F. Schreiner's new home has recently been completed, while L. A. Schreiner's is in course of construction.

The residence of Gus F. Schreiner is built of stone for the first story and the remainder of re-enforced concrete, so is fire-proof. It is two stories and an attic. It is located on an eminence across the Guadalupe from Kerrville, and can be seen for quite a distance from the main highway or the railroad.

You enter the house from the north-west corner by steps to a porch and from here there is a tiled promenade to rear of residence around east and south sides of the building.

There are 24-inch columns of solid concrete that give an imposing appearance to the front.

Upon entering the house from the front porch you go into a hall 12x24, which has three colonades. From here there is a stairway to the second floor. This hall and the other rooms of the first floor have polished oak floors. From the hall to the west is a dining room, 15x32, with colonade between that and the breakfast room. The kitchen, pantry and butler's quarters are on the southeast side. The conservatory is also further to the east.

The second floor has a hall, 12x36, around which are four bed rooms, two bath rooms, sitting or work room. The bath rooms have built-in fixtures and all necessary modern conveniences.

The attic is one large room about 36x56 to be used as billiard room and dancing. These two last floors are white maple polished.

The paneled ceilings of the interior are painted with six or seven coats and then rubbed until it looks like ivory. The decorations are solid and harmonize with the general tone of durability and comfort throughout this home.

The building is steam or vapor heated; also has three fire places of brick and tile. The roof is of asbestos shingles.

The residence has recently been newly furnished.

Mr. and Mrs. Gus F. Schreiner have a fine, comfortable home that it will be a pleasure to occupy.

Louis A. Schreiner's large home he is having built is about three-quarters of a mile out of Kerrville on one of the hills overlooking the surrounding country. The elevation on which the house is being constructed is about 100 feet higher than the town. The house is to be two stories and basement and of semi-fireproof construction, the style being Georgian Period. Atlee B. Ayres of San Antonio is the architect.

The first floor contains a living room which is 21x63, with a large double stairway leading from center of room up to second floor. On one side of the stairway is a dining room 19x23, and on the opposite side of the stairway is a ballroom 19x40. A breakfast room is connected with the dining room and adjoining this is a large pantry and kitchen. A feature is the sun parlor on the extreme southeast portion of the house with a porte cochere attached. The sun parlor is to have an attractively designed tile fountain, tile flooring and lattice panels on walls. There are two servants' rooms and servants' dining room on first floor in rear of kitchen.

The second floor contains five bedrooms, a sitting room and a large trunk room, sleeping porches, etc. Each bedroom has private bath with tile floors and wainscoting.

The main stairway and border to floors in principal rooms on first floor are to be of marble, and the walls to be paneled with ornamental plastering; floors in breakfast room and retiring room on first floor to be of tile; kitchen, pantry and rear hall to be of composition flooring with tile wainscoting, etc.

There are a number of built-in features, such as closets for vacuum cleaner, brooms, mop closets, etc.

There is a terrace which extends across the front and returns on either side of house. All walls are to be faced with a light cream colored brick with stone trimming, stone ballustrade, columns and cornice.

McCreary & Schoot are the contractors for these residences as they have been for the numerous other improvements made by the Schreiners, which have been going on for six years.

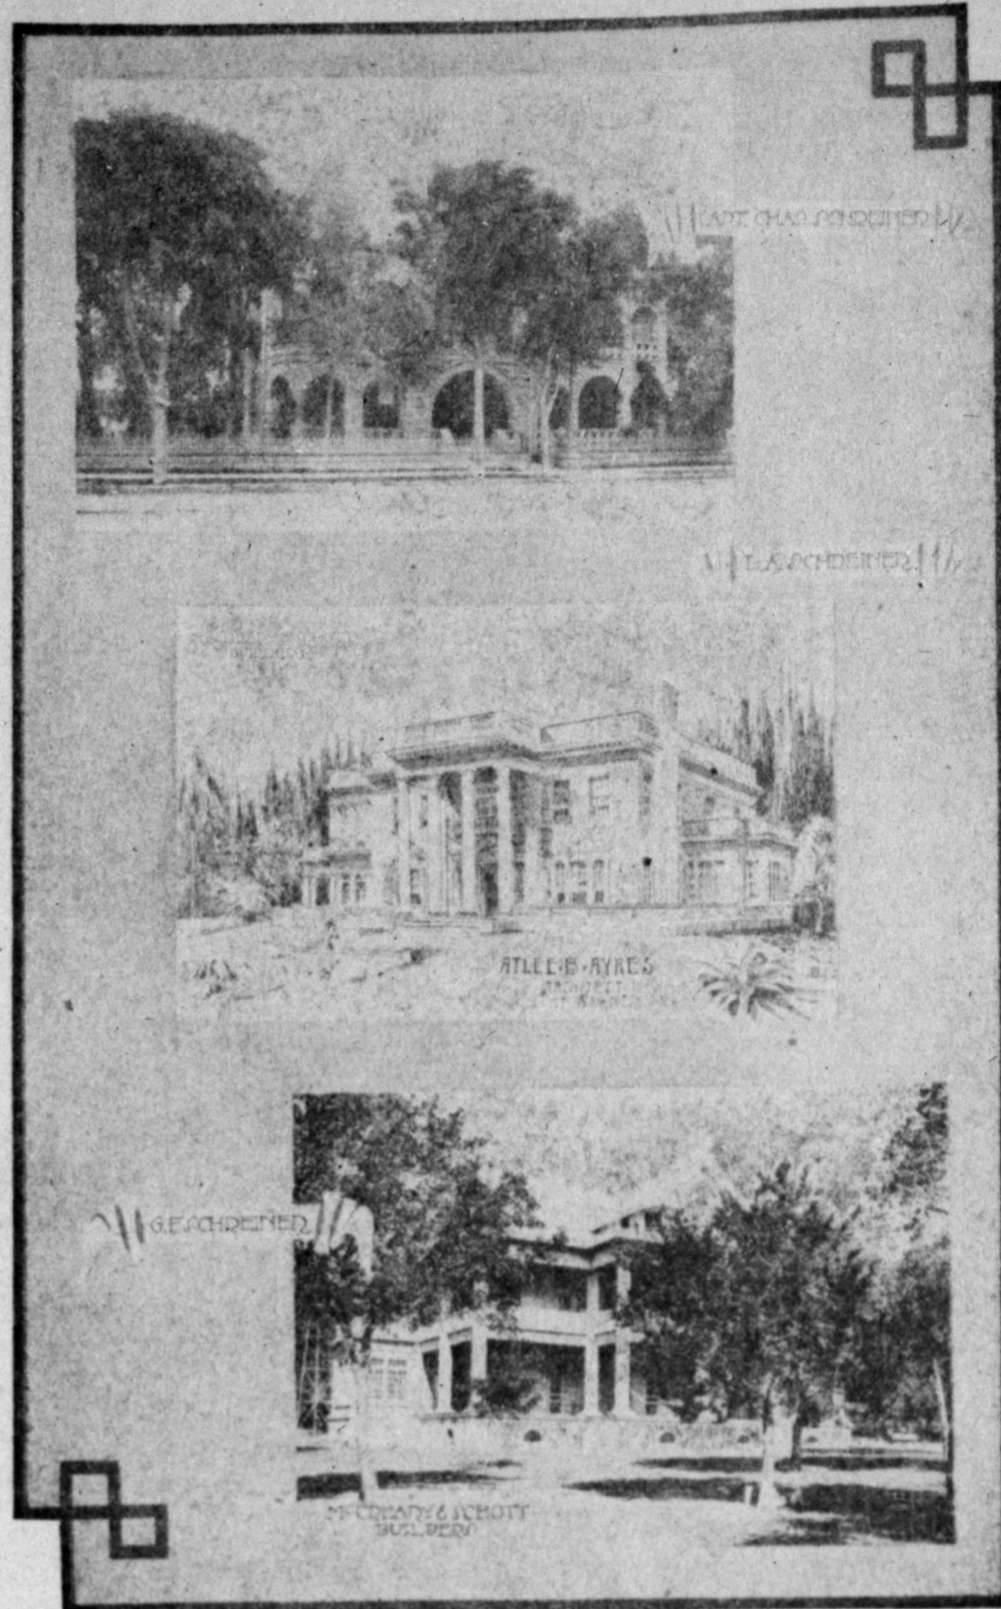

This firm takes the time necessary to do the job right, and they do not permit any inferior or shoddy work.

Such structures, and especially the store building and residences, the Schreiners have built, are comparable with those of any section, and do much to give Kerrville that stability and tone of culture, refinement and advancement that is so noticeable to visitors. And again, these structures fit in harmoniously with the beauty, grandeur and unsurpassed natural scenery, and the clear Guadalupe River meandering through it.

OUR POLICY IS NOT TO SIDE STEP

Did you ever notice how peculiar most of us humans are in the matter of sidestepping? The man who can't play golf dubs it "an old man's game"; the chap who can't dance will side step a two-step and ask his partner to "sit it out" with him; the man who never had the pluck or price to go to Europe shouts "See America First!" One of the firmest policies of this firm is not to side step. We tell you what we have and we tell you the whole truth, not half truths. We don't claim to be infallible—all we can do is to try to have everything you want just when you want it and at prices that are reasonable. You may be sure that anything and everything you purchase from us is just as represented. If for any reason you think you have not received value for your money, bring back the goods. If you don't want them we don't want you to have them. We spend a lot of time studying your needs and means, and when we put anything in our stock you may be sure it is worth all we ask, most times a little more. We step straight ahead successfully, because our policy is never to side step.
