GET-TOGETHER BANQUET GRAND SUCCESS AND PORTENDS MUCH GOOD

BUILDING AND LOAN ASSOCIATION AND OTHER TOPICS FOR THE UPBUILDING OF KERRVILLE WERE DISCUSSED—CO-OPERATION OF ALL CITIZENS URGED.

Thursday evening of last week there was held at the St. Charles Hotel, this city, a banquet for what might be termed a "Get-Together Meeting" of the citizens of Kerrville. The following registered as present:

G. F. Schreiner, J. S. Wheelless, Prof. Franklin, Rev. W. A. Smith, Dr. Macdougall, Father Kemper, Dr. W. P. Dickey, Grover Colbath, W. C. Baker, Rev. Mr. Hull, E. F. Ferguson, Julius Real, Dr. P. Domingues, E. H. Prescott, D. C. Taylor, E. L. Sublett, E. Schwethelm, J. P. Freeman, G. E. Brooks, Thos. James, J. H. Anderson, Jno. H. Ward, R. N. Miller, B. F. Sarber, A. T. Adkins, A. B. Williamson, Dr. J. E. McDonald, W. A. Fawcett, L. A. Schreiner, W. B. Brown, C. W. Moore, Sid Peterson, A. M. Benson, W. L. Flanders, J. L. Tullis, H. C. Geddie, Dr. J. D. Jackson, Otho A. Morris, Rudolph Stehling, J. E. Grinstead, W. A. Smith, D. H. Compagrette, A. B. Burton, R. Holdsworth, Lee Mason, E. L. Nichols, A. L. Starkey, C. L. Mason, Miller Harwood, G. W. Walthers, W. G. Carpenter, Geo. E. Rouse, J. J. Starkey, A. C. Schreiner, Scott Schreiner, H. E. Butt, Lee Wallace, E. E. Saenger, W. E. Saenger, R. Saenger Jr., Martin Dies, L. W. McCoy, Sid Rees and Rev. J. E. Holt.

The large dining room of the St. Charles Hotel, as prettily decorated and with its unique miniature replicas of Kerrville as it is supposed to be today and what is predicted for the future, occupied a table in the center of the room where all could have a good view of the original and unique portrayal of conditions present and prospective. Mrs. Martin Dies and other ladies who are guests at the St. Charles planned and executed these miniature towns. The plans and mode of construction are highly creditable and should have considerable influence on the citizenship of Kerrville, to the effect that the predicted changes should take place.

As the large number of guests moved into the dining room a march was played on the piano by Mrs. Ben Ellis. During the progress of the banquet and between the speeches there was vocal music of entrancing sweetness given by Mrs. Ben Ellis, formerly of Dallas; Mrs. J. A. Taylor and Miss Ianth Demaree, the two latter of San Benito. These ladies have very sweet voices that have been highly cultivated and their singing was indeed a treat that the banqueters highly enjoyed.

Judge W. C. Baker, secretary of the Chamber of Commerce, was master of ceremonies, and he called upon different persons present without letting any of them know that he was to do so, and each requested to talk upon some special subject or anything that suited him.

Among those who responded, so far as we can remember, were Mayor J. S. Wheelless, President W. A. Fawcett of the Chamber of Commerce, Judge H. C. Geddie, Senator Julius Real, Father

Kemper, J. L. Tullis, Miller Harwood, E. H. Prescott, Dr. Macdougall, Rev. Holt, Dr. Dickey, Sid Rees, A. L. Starkey, Rev. Smith, D. H. Compagrette, Sid Peterson, Martin Dies, Judge Lee Wallace, J. E. Grinstead, and possibly others. These gentlemen may not have spoken in the order recorded here, but all contributed to the enjoyment of the occasion.

The main theme for consideration was the discussion of the organization of a building and loan association, and there was sufficient encouragement developed to warrant such a movement to assist in relieving the house shortage here. In addition to that plan, Mr. Dies suggested that those who could do so, build one or more residences for rent or sale. He offered to build one or more, and since then, several have expressed themselves as willing to build, which ought to result in providing quite a number of suitable places of abode by next spring and summer.

E. H. Prescott went into the plans of organizing a building and loan association, which information was much appreciated.

The speakers talked about many things, but all stressed the desire for a co-operation of all citizens of Kerrville to make of this city the great health resort which nature intended it should be.

One feature developed by Mayor Wheelless that is to be deplored, was to the effect that Kerrville has reached its bonding capacity, since effecting the purchase of the water works. Of course, as the city had this convenience, it is to be regretted that bonds were voted to buy it, and left this chance for revenue to build streets and improve sanitation. However, it has been done, so the next best thing must be to give Kerrville improved streets and sewerage system. It is believed that from the enthusiasm displayed at the banquet, there will be some plan devised to do these things so essential to make of this city what it is expected to be and should be.

Miller Harwood made a suggestion that should be acted upon, when he urged that the ladies of Kerrville be given an invitation to organize a Civic League so as to improve the sanitation of the city. This will no doubt result in such an organization and will be aid that is much needed.

Judge Baker, as toastmaster, inserted much merriment and some sound suggestions as he called upon the different individuals to make a few remarks.

The feast spread at the St. Charles was most substantial and prepared in an appetizing manner. Mrs. Morris certainly knows how to arrange a

banquet to appease the appetite and provide for the enjoyment of guests.

It is to be trusted that these gatherings of the citizens of Kerrville will be repeated every month or so, and let the movement for co-operation and the providing of things necessary to make Kerrville the prettiest, most healthful and delightful resort in Texas be carried forward to completion.

DR. S. E. THOMPSON CHAIRMAN COUNTY COMMITTEE

E. F. Ferguson having moved to El Paso, he resigned as chairman of the Kerr County Democratic Central Committee. At a called meeting of the committee last Saturday evening, the resignation of Mr. Ferguson was accepted and Dr. S. E. Thompson elected as his successor.

Those present were A. T. Adkins, Kerrville precinct; W. D. Burney, Center Point, by E. F. Ferguson as proxy; Hugo Wiedenfeld, by J. L. Tullis as proxy.

Mr. Ferguson desires The Sun to express to the Democrats of Kerr County his appreciation for the honor conferred upon him, and he regrets that it is necessary for him to leave here, necessitating his resignation.

Dr. Thompson is a staunch Democrat and active worker so the interests of the party will still be in excellent hands.

GRANDDAUGHTER OF CAPT. CHAS. SCHREINER MARRIED

A wedding of special social interest throughout the State took place at the St. Mark's Church in San Antonio, last Saturday evening, when Robert H. Stewart Jr. of Dallas and Miss Alice Partee, a granddaughter of Capt. Chas. Schreiner of Kerrville, were married. Bishop Capers performed the ceremony.

The church was beautifully decorated in yellow and green. On either side of the large doors entering the church were tall white willow baskets of chrysanthemums and on the ends of the pews, the entire length of the main aisle, were clusters of large yellow chrysanthemums tied in the same shade of maline. In the windows were boxes, filled with the chrysanthemums and ferns. The large columns, extending the length of the church, were covered in white and from the crowns were festoons of smilax, while from the sides of the church and over the center aisle were other festoons of the smilax. At the chancel steps were baskets of chrysanthemums and outlining the choir stalls were festoons of smilax. On either side of the altar were baskets of yellow chrysanthemums. Back of the altar was a curtain of smilax, on which was a cross of chrysanthemums and lights.

The bride wore a gown of ivory satin, mellowed by the passing years, as it was worn by her mother on her wedding day, and the lovely rose-point lace trimming was worn on the gown of her aunt, Mrs. W. C. Rigby. The satin skirt was draped to one side with an opening, finished on either side with a cascade effect of the lace. In the opening was a festooning of orange blossoms. The deep circle of the satin was partially covered with a bertha of the lace finished on the edge with loopings of pearls; the bodice was finished in short sleeves of the lace. The train of satin came from the waist line and was finished in lace and pearl passementerie. The veil of tulle fell over the train in soft folds and was caught to a coronet of the rose-point lace with sprays of orange blossoms on either side. A bridal bouquet of bride's roses, orchids, with a shower of lilies of the valley completed the costume.

The bridesmaids were in French blue crepe lisse over satin Francoise of the same shade, with trimmings of gold, trimmed in French blue plume; they wore arm bouquets of giant yellow chrysanthemums carried out the suggestion of gold and gold, and gold slippers with French blue hose. The maid of honor, Miss Eleanor Barclay, wore a gown of cloth of gold with a hat fashioned the same as those of the bridesmaids. The little flower girls wore frocks of French blue chiffon, fashioned in empire style with the full skirt falling over blue chiffon

bloomers. They wore sashes of gold ribbon and carried baskets of yellow chrysanthemums.

Following the ceremony a reception was held at the home of the bride's parents on Belknap Place. The lovely ivory finished interior with its wealth of old blue hangings was a fitting setting for the scores of cut flowers, potted plants, ferns and palms.

Among those assisting in the sun parlor were Mr. and Mrs. Charles Schreiner of San Antonio, Mr. and Mrs. G. F. Schreiner, Mr. and Mrs. L. A. Schreiner and Walter Schreiner of Kerrville.

Mr. and Mrs. Stewart left later in the evening for New York, where they will be until December 15, when they will return to Dallas and be at home at 5607 Gaston Street.

Mrs. Stewart was becomingly gowned in a Milgrim model traveling suit of brown dovetyn with hat of the same, trimmed in burnt goose, gloves and boots of the same shade of brown.

SON KILLS HIS FATHER ACCIDENTALLY ON HUNT

C. H. Darby shot and killed his father, J. D. Darby, Friday evening of last week, about 8 o'clock, thinking he was shooting at a deer, on the old Hildebrand ranch, twelve miles south of Center Point.

The father and son had separated on the evening hunt and the latter had told the former where to go, but not remaining there long, was on his return. The son saw his father moving and mistook the glistening gun barrel for the antlers of a buck while the grey sweater worn was considered the body of a deer, and fired with a load of buckshot and then a squirrel-shot load.

The buckshot entered the middle of the body, four going through, and the victim of the accident lived only about thirty minutes.

The son, seeing what he had done when reaching near his father, fired distress signals and then started for camp to secure relief and to send for medical aid. However, some of the camping party soon appeared and in a few minutes Mr. Darby died.

The deceased was over 70 years old and his son 30 or more. The son is president of the First National Bank at Lancaster, where the family live.

J. H. Ward of Kerrville went to Center Point and prepared the remains for shipment to Lancaster for burial.

This deplorable accident carries its own lesson. There was a disregard of the law by hunting at night, while too much readiness to shoot at any moving object. The wonder is that there are not more such accidents.

Young Darby, who is a large man and robust, was reported to be a nervous wreck on account of the accident by which he slew his father.

Thanksgiving Services

The annual Union Thanksgiving Service will be held in the Methodist Church, Thursday evening at 7:30 p. m. Rev. J. B. Holt, pastor of the Baptist Church, will preach the sermon.

The people of the community are invited to worship with the churches in this service, in order to express our appropriate thanks for the benefits of the past year.

Death of a Pioneer

Mrs. Hattie Pauline Jarmon died at her home in Kerrville, Sunday, Nov. 21st, and was buried Monday in the Mountain View Cemetery.

Deceased was born April 23, 1840, so was a few months over 80 years old. She was a pioneer of this section and well known.

A son and daughter are left of the family. They have the sympathy of The Sun and friends in their bereavement.

Local Ministers Organize

The ministers of Kerrville organized themselves into an association Monday morning at the home of Dr. Macdougall. Rev. J. B. Holt was elected president and W. A. Smith, secretary.

The ministers will meet every Monday morning at 10 o'clock in the study of the Baptist Church to study their mutual problems, as they are working for the entire community.

Mrs. Emil Dietert has been in San Antonio the past two weeks visiting her brother, Ed Seffel, and family.

Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

TODAY AND TOMORROW

To a great extent, the usefulness of the Chas. Schreiner Bank is due to the fact that it is a permanent institution—an established business managed to serve patrons day after day, year in and year out.

Thus, as a customer of the Chas. Schreiner Bank you are served today with a full measure of bank service, which is important to your larger success. Then, as you advance from one success to another, you have this institution with you, step by step, this year and during the years that follow, taking an interest in your advancement and lending encouragement at every turn. Become associated with an institution that will serve you tomorrow as well as today.

FIVE MILLION DOLLARS WAS THE HAUL, MOST RECOVERED

The robbery of a mail car between Omaha and Council Bluff was a five million dollar haul, for which ten were arrested, three under 21 years, and recovery of most of it was a bold exploit. It shows with what ease such things can occur.

It is believed that an overseas aviator got away in an airplane with \$25,000 in cash and \$500,000 in Liberty Bonds. Doubtless he will also be caught. Quite a large part of the loot was burned.

EFFORT IS BEING MADE TO FREE CHICAGO OF CRIMINALS

For a long time Chicago has been known throughout the country as containing the most lawless element in the United States, so Mayor Thompson, who had been anathematized for many misdeeds, concluded to try to relieve Chicago and himself of the stigma that attached.

He doubtless feels especially anxious to make a favorable impression on the country outside of Chicago, since winning the decided victory in Illinois at the last election. He possibly figures that the presidential nomination may hit him next time.

At all events, he changed chief of police and told the new officer to get busy and try to clean up Chicago. The result of one night's concerted raid was the arrest of about 1,000 suspects, among whom were several hundred known crooks and criminals of every character. Bail fixers and political influence had no effect in securing release, so it seems the officers mean business.

LARGE AND LIVE BUNCH OF HUNTERS TO PAINT CREEK

The annual hunt of the five Schreiner brothers on their Paint Creek game preserve is being taken, the party leaving Wednesday. Those included in this live bunch are as follows:

Jno. C. Storts, Judge W. S. Fly, Chas. Schreiner Jr., W. C. Rigby and W. T. Montgomery of San Antonio; J. W. Rainboldt, Gonzales; Dr. S. E. Thompson, Dr. E. E. Palmer, A. C., G. F., L. A. and Walter Schreiner.

The place where this party will hunt is one of the largest and best game preserves of this section, where there are many good ones. The trip will be a delightful one and plenty of game can be secured.

FOOTBALL GAME, KERRVILLE HIGH VS. JUNCTION HIGH

On Thanksgiving Day, Thursday, Nov. 25th, the local High School football team will clash with the strong Junction High School team on the local gridiron in one of the hottest games of the season.

Junction captured Tivy's goal in a fast game a few weeks ago, when the local team journeyed to that place for a game, and they claim that they are going to do it again. However, the local team is fast being whipped into shape to capture the Junction goal this time.

This is expected to be one of the best and exciting games to be played on the local field this season. Everybody is cordially invited to come out and help the local aggregation to victory. The game will be called about 3 p. m.

SHAW WELL SHOWING SOME FAVORABLE OIL INDICATIONS

The well being drilled on the Spicer Ranch by L. N. Shaw, about seven miles southwest of Kerrville, is showing some favorable oil indications. The drill has reached over 1,200 feet and within the next 100 feet some pay dirt is expected, or the project will likely be abandoned for the present, as the machinery will go only that much further down.

Mr. Shaw deserves credit for handling this drilling test as well as he has, and if there is brought in an oil gusher he is surely entitled to it. From the location, and in considering the trend of oil production, it appears that the Shaw well is properly located.

At the Spicer Ranch we had the pleasure of forming the acquaintance of Mr. Spicer, who has long been a resident of this section. He is the typical urbane Englishman of the old school, and is an artist of ability. We were delighted to have the privilege of viewing some of his excellent work with the brush.

Sunday afternoon, Mr. Shaw, Miss Higgins, Mrs. Tullis and the writer visited the well and also had a further pleasant ride south and returned by the Kerrville Sanatorium in the car of the former, which was much enjoyed.

County Officers Qualify

The Kerr County officers qualified Nov. 20th, and the bonds made were approved by the Board of County Commissioners.

All of them being re-elected, it was a mild form of procedure. This county has a most excellent corps of officers.

Will Increase Subscription Price Jan. 1

The Mountain Sun is the only paper in this section, except one, that is still being furnished for \$1.50 per year. The management has been trusting that the price of news print would decline so that the present rate might be maintained, but seems there is little chance for this to occur.

As the price of The Mountain Sun will be increased to \$2.00 on January 1st, 1921, those who desire the paper at the old price had better pay up to date and renew for another year.

With the price increased to \$2.00 we must insist on all who are on subscription to settle by January 1st, as at that time a cash-in-advance basis will be adopted.

We would like to continue to accommodate our subscribers by credit system, but the high price of paper, labor and all other expenses connected with issuing a newspaper, precludes such a policy as a sound business plan.

Don't fail to pay up your subscription at earliest convenience on or before January 1st and get the benefit of the \$1.50 rate for another year.

PRICES ARE SLASHED ON MANY ARTICLES

New York.—The epidemic of price slashing reached a climax on the 20th inst., on the face of reports from various sections of the country.

Here are a few of the high lights of that day's price tumbles:

The Federal Sugar Refining Company announced reduction in the price of refined sugar to 9 cents, the lowest price since the war sent prices kiting.

Cotton broke \$5 a bale in New York.

Wheat dropped 10 cents a bushel on Chicago Board of Trade. Corn lost 4 cents.

The Kabo Corset Company of Chicago announced a reduction of 20 to 25 per cent on corsets.

Hog prices at the Chicago Stock Yards dropped 25 to 40 cents, reaching the lowest level since 1917.

In the New York coffee market futures fell from 15 to 25 points.

Bradstreet's weekly food review showed a decline of 1 per cent from last week and of 21 per cent from the corresponding week last year. Of 76 commodities, on the basis of which the rise and fall is computed, six advanced from last week's prices, 33 declined and 37 remained unchanged.

Gifts for Hospital

San Antonio Light: A gift of 500 sweaters and 500 pairs of pajamas has been made by the American Red Cross to the American Legion Hospital for tubercular ex-service men at Kerrville, according to C. O. Wantland, acting post adjutant. The sweaters are hand knit and the pajamas hand made.

The hospital will be opened for patients about the middle of December, according to Mr. Wantland, and the United States Public Health Service will furnish the personnel and take care of the patients under contract with the legion.

The entire hospital project has been turned over to the legion by the Benevolent War Risk Society and will be administered by the State depart-

ment of the legion. The administration building has been completed and one of the wards and others are nearing completion.

WOMEN CALL UPON SENATOR- ELECT TO TAKE MARRIAGE VOW

Poplar Bluffs, Mo.—E. E. Penzel, successful State Senatorial candidate from this district in the recent election, is swamped amid a deluge of delicately perfumed mail.

Penzel conducted what has been referred to as a "pink tea" campaign, with a plank in his platform promising to marry some woman voter and take her to Jefferson City, the State Capital, with him, if the fair electors would cast sufficient votes to elect him. He won over his Democratic opponent by a plurality of 5,400. His Twenty-first district is normally Democratic by about 800 and the women cite this as evidence that their votes carried him through, regardless of the Republican landslide.

Penzel is 35 and a bachelor. He declares that he attended every affair given by women during the campaign. While some of the letters "pop the question" in a joking manner, many of the fair voters have written really serious proposals, demanding that Penzel keep his pledge and setting forth their qualifications.

Pictures by Wireless

New York, Nov. 15.—The New York World Sunday night announced the successful transmission Sunday of four photographs by wire between its office here and the office of the St. Louis Post-Dispatch.

Two photographs, one of the Yale-Princeton football game and the other one airplane view of New York City, were sent from New York to St. Louis and a picture of an Indian chief and one of a Mississippi River steamboat were sent from St. Louis to the World office. The total time of transmission for one picture was eight minutes.

hereof, in some newspaper published in your County, if there be a newspaper published therein, for 21 days, then in any newspaper published in the 38th Judicial District, if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District Court of Kerr County, to be held at the Court House thereof, in Kerrville, Texas, on the 3rd Monday of December, A. D. 1920, the same being the 26th day of December, A. D. 1920, then and there to answer a petition filed in said Court on the 26th day of December, A. D. 1919, in a suit, numbered on the docket of said Court, No. 1967, wherein Ella Bell Langtry Bell is Plaintiff, and Ellen Rees, J. B. Rees, Louis Rees and Charles J. Rees, Addie Ransom, wife of Frank Ransom; Brownie Coker, wife of W. A. Coker; Etta West, wife of W. A. West; Janie Carriger, wife of Wesley Carriger; Abbie Decherd, wife of D. G. Decherd, are Defendants, and said petition alleging:

FIRST: That plaintiff and the defendants own jointly and in common a tract of about 1.370 acres of land in one body near the town of Center Point, Kerr County, Texas, and a lot in the town of Center Point and also two lots in the City of San Antonio, Bexar County, Texas. That said acreage property has a value of about \$25,000.00, the lot in the town of Center Point, a value of about \$200.00, and the lots in the City of San Antonio, a value of about \$500.00.

SECOND: Plaintiff further avers that she and said defendants own jointly and in common bank stock of the par value of \$2,500.00 in the Guadalupe Valley Bank of Center Point, Texas, stock of the par value of \$2,000.00 in a flouring mill at Center Point, Texas, and stock of the par value of \$2,100 in the Center Point Mercantile Company. Also there is on deposit in the Schreiner Bank at Kerrville, about \$700 and in the Guadalupe Valley Bank aforesaid about \$400. Also the plaintiff and defendants own jointly and in common a note of about \$1,200, given by W. A. Coker to Alonzo Rees, now deceased, and under whom all parties hereto inherited same. Also a note given said Alonzo Rees by said Louie Rees for \$1,200.00 and also a note given to said Alonzo Rees by Charlie Rees for \$1,400.00 and a note given said Alonzo Rees by Wiley Stinson for \$100.00 besides other notes of comparatively small sums, but the amounts thereof and by whom given petitioner does not and can not allege.

THIRD: Plaintiff further avers that she is entitled to at least 1-18th in all of said property and the said Ellen Rees is entitled to approximately one-half thereof and each of the other defendants are entitled to approximately one-eighth, subject however to deductions for advancements made to any of them by the said Alonzo Rees, during his life.

FOURTH: Plaintiff further avers that she and all of the defendants save the said Ellen Rees inherited said property from their father, the said Alonzo Rees, and the said Ellen Rees is the owner of a one-half interest in said property because same was acquired during the marriage and by the joint efforts of herself and husband, the said Alonzo Rees. But petitioner alleges that the said Ellen Rees, J. B. Rees, Louie and Charlie Rees, have received and used funds, property or benefits by way of advancements or otherwise with which they are properly chargeable and should be required to account for in a final settlement and distribution of the property of said estate but the nature, value and amount of such advancements and funds used is not known to the pleader herein and at this time can not be more specifically alleged as shown.

FIFTH: Plaintiff further avers that all property sought to be divided and partitioned by this suit belongs to the community estate of the defendant Ellen Rees and the said Alonzo Rees, deceased, but plaintiff avers that the said Alonzo Rees died intestate and debt free and that there exists no necessity for a probate proceeding on or for the appointment of an administrator to supervise and wind up the affairs of said estate.

WHEREFORE, plaintiff prays that after all parties are before the court, either by service of process or waivers, that the court hear the evidence and determine what property and all the property that belongs jointly to the plaintiff and defendants as inheritors from and under the said Alonzo Rees and make proper and equitable partition and division of same, both real and personal property and for this purpose if found necessary by the court appoint commissioners of partition and designate a surveyor to assist in the partition of the realty, and this plaintiff prays for all relief, legal and equitable, general and special to which the court may find her entitled.

Herein Fail Not, but have fore said Court, at its aforesaid regular term, this writ with return thereon, showing how executed the same.

Given Under My Hand and of said Court, at office in Texas, this 23rd day of November, A. D. 1920.

CATHOLIC CHURCH NOTES By Father Kemper Guadalupe Society

Once more the Mexican Church was full of men and women at last Sunday's service, owing to the fact that within the last few days very many of the former resident families returned from the cotton fields. At the request of the officers of the Guadalupe Society a mass meeting was held Sunday evening in the school auditorium. It was decided to postpone the election of officers for the current year until practically all of the members are back in Kerrville.

By unanimous vote the Guild agreed to frame the State charter with which this association has been protected. Arrangements were also made to hold a befitting celebration of the patronal feast, Our Lady of Guadalupe, patroness of Mexico, on Sunday, December 12th. If the weather is favorable a public parade through the streets of the city will be one of the features of the program.

On Thanksgiving Day the Mexicans will have a free illustrated lecture enlivened with a selection of popular national songs. This entertainment will take place in the Guadalupe Auditorium on Thursday at 7:30 p. m.

The women's division of the Guadalupe Society considered measures for the suitable observance of Christmas week, with a Santa Claus, a tamale supper, a dramatic performance, and something of equal fascination for several nights.

Funeral of Rosa Giorgi

Rosa Giorgi, who conducted a restaurant opposite Moreno's Store for the past generation and became a widely known character in Western Texas, was buried last Thursday. She died without heirs and had refused to make a will. This fortunately facilitates efforts of city officers in protecting scores of neighbors whose protests heretofore were almost useless. The Mexicans, however poor they be, are passionately devoted to two ambitions: to raise a large family of chaste and courteous children, and to educate them biblically and un-molested in their national God-given faith. By request of one of Rosa Giorgi's creditors, the court had to appoint an administrator, and the man who duly qualified is an upright conscientious citizen, fearless in defending the law. The old institution known to rowdies and rough-necks has disappeared, thank God, from the history of Kerrville, a triumph to the respectability for which the Mexicans clamored recognition. Those who fail to accept the transformation effected by the legal custodian, may wake up some day, as Pat would say, to find their head shot off.

Thanksgiving Entertainment

The Notre Dame students, under auspices of the Brownson Literary Society, rendered an instructive program in Washington Hall in commemoration of Thanksgiving Day. At this writing it is premature to describe the event in detail.

No classes were scheduled at either school for Thursday or Friday, thus permitting the scholars four consecutive days of recreation during this deer and turkey hunting season.

To satisfy the curiosity of enthusiasts of Notre Dame University whose football team holds the Northern undefeated collegiate championship, advance information was given about the 33-7 victory over Northwestern University.

Several parishioners went to San Antonio on Tuesday to witness the initiation of local novices into the Knights of Columbus. A noon-day banquet was held at the Gunter. Or Thanksgiving eve, the K. C.'s held a dance in their fraternity hall. Next day the Fourth Degree members, in full regalia, escorted the Bishop to the First Mission for the dedication of the new diocesan seminary.

Personals

Tony Bessan and his sister, Mrs. Howard Davis, are welcome guests this week in their old home town which they had left nine years ago. Mrs. Davis, after a brief recuperation will go with her son, Junior, to Tampico, Mexico, where Howard is working. Tony may linger around here longer if his health demands it. His

brother, Paul, is going to Carlsbad and William is fighting T. B.'s at Farmer's Sanatorium.

Julius Weslow, a Houston lawyer is visiting his invalid wife at Dr. Thompson's Sanatorium.

During Thanksgiving vacation, the Angelus will ring at 7 o'clock instead of 6:30 a. m., and mass will be read half an hour earlier than the customary time.

The Advent season begins on Sunday. Services will take place in St. Mary's at 10:15 a. m.

METHODIST LICENSE WOMEN TO PREACH

Chicago.—Fifteen women are now ministers in the Methodist Church, the right of women to qualify as preachers was granted by the general conference of the church last May.

Miss Madeline Southerd, president of the Association of Women Preachers in the United States and Canada, that represents fifteen denominations, and director of evangelism in the Epworth League, said today that the first woman preacher to be licensed in the Methodist Church under the new ruling was Miss D. Willis Caffrey of Wenatchee, Wash. Miss Caffrey comes of a family of preachers and had been acting as associate pastor of the First Methodist Church of Wenatchee. Miss Winifred Willard of Denver is among the other women preachers. Miss Southerd has also been licensed to preach, but has no fixed field because of her other duties. She believes ordination will be granted Methodist women at the next general conference.

Ingram Baptist Church Notes

Last Sunday was a splendid day with us. It was a lovely Lord's Day. Our people rejoiced as they came together again after the three weeks of bad weather. A fine interest was manifested in all of the services. The pastor attempted to speak to this subject: "God's Right to Claim Worship." The text was found in Heb. 10:25, "Not forsaking the assembling of ourselves together, as the manner of some is, but exhorting one another, and so much the more as ye see the day approaching." At the evening hour the theme was: "The Lost Christ," with the text, "But they, supposing him to have been in the company, went a day's journey, and they sought him among their kinsfolk and acquaintances."

We regret very much to have to suffer the loss of Grandmother Fessenden from our membership. We truly recognized her as a genuine christian mother. We also share with the family and loved ones in their bereavement. She goes on to meet her Savior in the better world.

We have succeeded thus far in granting letters to non-resident members to clear up our roll. Those of us who remain wish to be always found at work for the Master. This week we are to begin the study of the little book, "Pilgrim's Progress." Of course, it will be understood that we will take up a lesson each week on the Wednesday evening prayer services. Don't fail to be with us in the beginning of this study and remain to the end.

Remember, also, that the Fifth Sunday Meeting in January will be held with our church. The week preceding this meeting will be devoted to a Sunday School and B. Y. P. U. Institute, conducted by Rev. J. E. Byrd our Associational Missionary. May we count upon full co-operation from our members?

R. C. WALKER, Pastor.

MEXICO RECOGNIZES FOREIGN OIL OWNERSHIP

Washington, D. C.—Mexico will not give retroactive effect to its oil laws and decrees and will not confiscate legitimate private property rights of American oil men in convention here were recently assured by Roberto Pesquiera, special representative of the Mexican government.

Fear that Mexico would confiscate American oil interests in Mexico and circumstances construed in some quarters as indications of such policy, have been the principal factors in the withholding of American recognition of Mexico.

Pesquiera appealed for Mexican-American friendship and deplored "propaganda in both countries" that arouse feeling against the other.

Christmas Novelties

Among the best of the novelties introduced for Christmas gifts are the handsome beads made of sealing wax. They are strung on silk cord with or without glass or steel beads. The wax is heated over an alcohol flame, the colors combined and the beads shaped over a knitting needle while the wax is soft. Pretty hatpins are made in the same way.

HUNT HAPPENINGS

Alton Hardin spent last Saturday in Ingram.

Wm. King of San Antonio visited relatives here this week.

Mr. and Mrs. W. H. Page and Arcadia Crider were Kerrville visitors last Saturday.

Mrs. C. E. Cheesman has gone to San Antonio to spend Thanksgiving with her father, Dr. Allen.

Mr. and Mrs. Paul Adams of San Antonio spent the week-end at the Adams home at Sherman's Mill.

Mrs. DeWitte Dubose and baby have returned to their home at McAllen after a week spent with relatives here.

Mrs. A. J. Beaver and family will move to Ingram this week to make their home. Hunt regrets to have this good family leave this community.

The Literary Society of the Hunt School has prepared a Thanksgiving program, which will be given at the school house Friday afternoon. Patrons and friends of the school are urged to be present.

Mr. and Mrs. James Crow will entertain Thursday evening with a Thanksgiving party. This will be an old-fashioned "pound party," and each guest will bring the hostess a pound of something nice to eat, and this will be served after the games.

Mrs. J. A. Sing and two young sons, T. J. and Reuben, of Harlingen are here for a visit with Mr. and Mrs. Clarence Sing at Sherman's Mill. T. J. and Reuben are both very proud of the fact that they heard President-Elect Harding make a talk to the school children of Harlingen, and both boast of having talked with Mrs. Harding, who was so gracious to the children.

J. Albert Browning of Stockdale and Miss Effie Griffin were married last Sunday at the home of the bride's parents, Mr. and Mrs. Alva Griffin, Rev. Orr performing the ceremony. Only the immediate members of the family witnessed the beautiful and impressive ceremony. The bride was very attractive in a traveling suit of navy blue tulle with accessories to match. She carried an arm bouquet of white chrysanthemums. Mrs. Browning is the eldest daughter of Mr. and Mrs. Alva Griffin and was one of the most charming and popular girls of this community. She did such splendid work during the war, acting as secretary of the Red Cross at this place, and made an enviable record of always being at every meeting and on time. The young couple left Wednesday for their home at Stockdale where Mr. Browning is in business.

A price decline of 20 to 35 per cent on Dry Goods is now in effect, giving you an opportunity to make your Christmas purchases at very low prices. Chas. Schreiner Co. 49-tf

These United States

Commerce and Science: A great many of our own people delight in fostering the idea that these little old United States face dismal days ahead, and they've been harping on this pessimistic theory ever since the war ended.

Do you know that the United States has only 6 per cent of the population of the world and only 7 per cent of the land?

That the United States is the richest country in the world.

That the bank deposits in the United States exceed by billions the combined bank deposits of the whole world outside of this country.

That we produce 24 per cent of the world's wheat supply and

of all the cotton, 60 per cent

of all the corn, 75 per cent.

of all the cattle, 27 per cent.

of all the hogs, 40 per cent.

of all the dairy products, 25 per cent.

of all the iron and steel, 40 per cent.

of all the gold, 20 per cent.

of all the silver, 40 per cent.

of all the coal, 52 per cent.

of all the copper, 60 per cent.

of all the oil, 66 per cent.

of all the automobiles, 85 per cent.

That is to say, of the total products of the globe, we contribute one-quarter (twenty-five per cent) of the agricultural supplies.

Over one-third (forty per cent) of the mineral products, and

One-third (thirty-four per cent) of the manufactured goods.

Before the war we owed other nations \$5,000,000,000. We have not only paid this debt, but foreign nations now owe us \$10,000,000,000 and we hold the largest gold reserves of any nation in the world.

Oil Notes

Bandera New Era, Nov. 18: The Wood-Texas well at Vanderpool is now going ahead with two full crews day and night. The caving trouble has been overcome. Good headway is expected to be made this week.

The latest report, which has every evidence of being authentic, is that the Rex well on Julian Creek, three miles from Bandera, is to begin drilling again at once.

The Roberts-Brijsch well on Middle Verde, seven miles southwest of Bandera, has resumed drilling again after a temporary shutdown. Some interesting developments are being expected in this test almost any day.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

The Sun is issued a day
ahead of usual time this week
in order to give the force a
chance to enjoy Thanksgiv-
ing Day.
+++++

Pig pens scattered about any town
or city are not conducive to the
proper hygiene and sanitary regula-
tions, it does not appear to The Sun.

The building and loan association
will be organized and prove of great
benefit in assisting to provide homes
to those who are not able to build
alone.

Those citizens who are financially
able to do so, should at once begin to
formulate plans to build extra cot-
tages and bungalows for the people
who will be here next year desiring
them.

Kerrville citizens are seriously con-
sidering the needs of this city so as to
live up to the requirements of a beau-
tiful place and healthful surroundings.
Let that civic league of ladies get
organized and started and something
will be done.

Without any exaggeration or at-
tempt at flattery, The Sun desires to
state that the citizens of Kerrville,
attending the "Get-Together Meet-
ing" banquet Thursday night of last
week, presented a fine and impressive
appearance. For being above the
average in looks, dress, deportment
and the ability to properly express
themselves these representative of
Kerrville can with confidence be com-
pared with any similar number of citi-
zens in towns this size or even larger.

The exposure of supposed graft, ir-
regularities, incompetence, if not
down right bribery, being disclosed by
an investigation of the Shipping
Board, are matters to be greatly de-
plored. While from a political stand-
point they affirm the reputation of
the Democratic party leaders ad-
ministered by the people at the No-
vember election, it was a trust no
such aftermath from the war would
result. It is especially embarrassing
that the brother-in-law of the Presi-
dent is connected with the exposures,
under a charge of bribery, which may
not be sustained, still, mitigates
against the party and its leader. It
was a mistake to name him as treas-
urer of the Shipping Board.

WOMEN ON FARMS

New Orleans Times: We talk con-
stantly of persuading men either to
stay on the farms or go back to them
lest the cities feel the pinch of a lack
of production.

But the farm will not be a lodestone
for man unless it is also for woman,
and a farm home survey recently
completed by the Department of
Agriculture shows why it is not at-
tractive to the gentler sex.

Some 10,915 farm houses in thirty-
three States were included in the sur-
vey, which was made under the direc-
tion of Miss Florence E. Ward. Miss
Ward, as a result of it, makes an
earnest appeal to the farmer himself
to spend some of his increased income
in raising the standard of living, so
that women and young people on the
farm will not be tempted by better
living and amusements in the cities.

Miss Ward finds that the working
day of the average farm woman is
11.3 hours the year round. In sum-
mer it is 13.12 hours. Eighty-seven
out of each 106 women have no reg-
ular vacation during the year. On
the average the farm women can find
only 1.6 hours of leisure during the
summer and only 2.4 hours in winter.

Four per cent have water in the
kitchen, the others must go to the
pump. Seventy-nine per cent have
kerosene lamps to trim and fill. Ninety-six per cent do the family
washing, and only half of these have
washing machines. The garden work
is done by 56 per cent and 24 per cent
spend over six weeks in the year as-
sisting with some part of the field
work.

Of course, there are farms every-
where, including Louisiana, on which
living is as comfortable as in the
cities, and more healthful and sat-
isfying. But, generally, they are the
exceptions. What is essential is to
bring all up to the standard of the
exceptions or nearly so. Otherwise
the exodus from the country will con-
tinue. The farms, in these days, will
hold the farmer, his wife and child,
only if it offers them fairly attrac-
tive living conditions.

The glasses of grape juice, plate of
fruit, the lovely dishes and silver-
ware arranged in the show window of
A. E. Self make a very pretty picture
as well as an appetizing one. This
store has many substantial presents
suitable for holiday gifts and anyone
ought to be able to satisfy their de-
sires in this respect.

Mr. and Mrs. Scott Schreiner enter-
tained at an informal dinner party
Monday evening at 7:30 o'clock. A
delicious five-course dinner was served
to the following guests: Mr. and
Mrs. Eugene Prescott, Mr. and Mrs.
John Dee Jackson, Mr. and Mrs. A. C.
Schreiner, Mr. and Mrs. A. C. Schreiner
Jr., Mrs. Lee Wallace, Mrs. Florence
Davis of Danville, Ill., Hal Gar-
rett, Mr. and Mrs. Miller Harwood,
Mr. and Mrs. Robert Schmerbeck and
the host and hostess. After enjoying
the sumptuous repast, the evening
was spent in playing bridge, the
prizes for the highest score being
awarded to Mrs. A. C. Schreiner and
the gentlemen's prize to A. C.
Schreiner.

Christmas Circus

Crepe paper offers any number of
good opportunities for making Christ-
mas gifts, especially for the children.
Printed figures of wild, or of domestic
animals, are cut out, to make menager-
ies or familiar barnyard friends, that
delight the youngsters. The pictures
are pasted over stiff cardboard and
then cut out, following the outline of
the animal, but leaving a straight
piece to provide a support.

Pretty Breakfast Caps

Every dear lady, young or old, has
a right to expect that Santa Claus
will bring her a pretty new breakfast
cap. Three of this year's models, all
easy to make, are shown in the pic-
ture and they employ ribbons, net
laces and flowers, as usual.

The Christmas Candle

Every Christmas brings its new
candle and lamp shades that do so
much to make the house gay and
please their recipients. Parchment,
silk, ribbons and crepe paper are used
for making these gifts. The lovely
shade pictured is made of crepe paper.

Gift Bags of Ribbons

Plain satin, satin with picot edges
and handsome brocaded ribbons in
great variety, or silks go to make up
the lovely shopping and opera bags
designed for the holidays. Mountings
of metal or composition, to harmonize
with the patterns, and ornaments, in-
cluding silk cord, beads, pendants and
silk-covered forms, are all at hand to
help in the finishing of these gifts.

The Rawson Drug Store has unique displays in their show windows, including all kinds of Christmas toys for the kiddies. In addition to a large stock of suitable presents for the younger generation, Rawson's have a choice selection of Christmas gifts for the older ones.
In referring last week to 500 turkeys being driven to Kerrville and sold to J. R. Burnett, an error was made as to the buyer, Burney & Palmer being the purchasers. The man who brought the turkeys thought he was selling them to J. R. Burnett, is why The Sun erred. However, Mr. Burnett advertises quite regularly for turkeys and did really buy 265 this week, so the error is not so grievous.

A FORDSON AS A CHRISTMAS PRESENT
Better days for those who farm and a solution of the labor trouble on the farm. Buy one for the peace of mind you will have and the profit it will make for you, and have the comforting thought of money well spent. Turn over a new leaf at Christmas for the coming New Year and get the enthusiasm that goes hand in hand with a FORDSON.

+++++ FIRST BAPTIST CHURCH +++++
J. B. HOLT, Pastor
+++++
The pastor and his convention party got back to Kerrville last Thursday afternoon. It was one of the very finest trips of our whole lives. Every one enjoyed the meeting very much.
The convention was in every way a success. The attendance was good and the spirit was great. Texas raised last year for the 75 Million Campaign and for the Buckner Orphans' Home over two and a half million dollars.
El Paso is a splendid growing city of some eighty thousand in population. It has forty-five churches and chapels of different denominations and many beautiful public buildings. Their Liberty Hall has no equal in Texas, if in the South. The Baptists have a large Tuberculosis Sanatorium, which is being quadrupled in capacity; a splendid school for Mexicans; a Spanish printing plant; a fifty thousand dollar club for the soldiers of Fort Bliss; five vigorous churches, and there is on the horizon a large sanitarium and a school for the West.
Kerrville's financial report was far beyond the average last year.
Sunday at the morning and evening hours, the pastor gave reports of the convention. Our people seemed interested in the doings of their great denomination. Miss Zelma French of Boerne united with us at the morning hour. We were glad to welcome her into our membership.
The annual Thanksgiving Service will be held at the Methodist Church Thursday at 7:30 p. m. It will be participated in by all the churches. Everybody in the city cordially invited to attend.
Our women had a splendid missionary and social meeting at the home of Mrs. F. E. Garrett Tuesday afternoon at 4 o'clock. Mrs. Holt gave them an account of the meeting of the State W. M. U. at El Paso, and several fine papers were read.
We hope to have a great service next Lord's Day. Come and worship with us.
A Ford for Christmas! A Sedan for your Mother, Wife or Family would make the ideal present. Place orders now. Lee Mason & Son. 49-tfc
Among the out-of-town guests attending the Stewart-Partee wedding in San Antonio last Saturday were Mr. and Mrs. Gus Schreiner, Mr. and Mrs. L. A. Schreiner and Walter Schreiner of Kerrville.
Next Tuesday afternoon at 3 o'clock at the home of Mrs. W. E. Williams, the women of the Baptist Church will hold their "Dollar Day" meeting with a social hour following. All the members of the society are cordially invited and urged to be present.
A suitcase belonging to C. L. Mason was robbed at Center Point last Saturday evening. The suitcase was left in a car alongside of the road and the thief or thieves took their time in opening and picking through the same, then carefully closing and locking it again.

 Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Kerrville. It is an easy matter to verify it. You cannot ask for better proof.

Tom Eaton, farmer, Kerrville, says: "Doan's Kidney Pills are the best remedy I have ever used. My kidneys were in a bad fix. I had severe backaches and such a soreness across my kidneys that I could not do much stooping or lifting. When I got up morning I was stiff and lame. At times I had sharp catches through my kidneys. The secretions passed irregularly. I heard of Doan's Kidney Pills and used them, getting my supply at the Rock Pharmacy. They went right to the spot and it was not long before the pains and aches left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HAMON INJURED BY ACCIDENT SHOT FROM OWN GUN

Ardmore, Okla., Nov. 22.—Jake L. Hamon, Republican National Committeeman and wealthy oil operator, accidentally shot himself with a small automatic pistol about 8 o'clock last night. He was in his room at the Randol Hotel, this city, and packing his grip to leave on an early morning train for Texas.

He took the pistol from his grip to clean it. One shell was left in the clip and in manipulating the gun it was discharged, the bullet striking his right side, passed through one lobe of the liver and lodged in the muscles of the back. Hamon walked two blocks to the Hardy Sanitarium, where he received immediate attention. About a pint of blood that had accumulated in the cavity of the stomach was removed. He was restless this morning, but physicians say the wound is not necessarily dangerous unless complications arise.

Junction Jots

Eagle, Nov. 19: While chopping wood Wednesday-morning, Robert Leoffler had the misfortune of cutting his leg below the knee, eight stitches having to be taken to close the wound. Mr. Leoffler will be confined to his room for several days. The axe flying off the handle was the cause of the accident.

Friday, Nov. 5th. Joe Gardner happened to the misfortune of breaking his leg at his ranch home. Mr. Gardner's foot creaked when he got off his horse, breaking the bone at the ankle which is a very painful as well as a serious place to break a limb. He was brought to Junction Saturday morning by Gully Cowsett and is receiving the best attention of physicians here, and his many friends

wish for him a speedy recovery. At this time Mr. Gardner is doing nicely and we hope he will continue to improve.

The Eagle takes exception to the report of the football game between Junction and Kerrville teams, as published in The Sun, and thinks our football scribe had enlargement of eyesight. The following is the comment of The Eagle:

We would call our worthy contemporary's attention to the paragraph in which he refers to the weight of the Junction team's "lightest man weighing 220." One of the boys on the team weighs 220 pounds, but he is only 18 years old, and the lightest "man" on the team is only 16 years old and weighs but 120 pounds.

We are sure The Sun intended to say that the Junction boys all looked like 220-pounders to the Kerrville boys before the game was over.

The average weight of our team is about 135 pounds, but we are proud to say that every ounce of that 135 pounds is of muscle, and back of that 185 pounds of determination, which if added together would make the "220" pounds, and perhaps that is what The Sun intended to say.

We are at a loss to understand where The Sun could have got this "220" pound stuff, for we are sure the boys on the Kerrville team did not hand it out.

This same team will be in Kerrville on Thanksgiving Day and we would like you to look them over and see how badly you have missed the "220" statement.

Cow, Sow and Hen

Paris News: The cow, the sow and the hen will yield as much as the cotton does, and will assist in growing just as much cotton on half the acreage now devoted to it. That is trite and has been said so many times that everyone grows weary when they hear it; but occasionally some one acts upon it and that makes constant reiteration worth while.

Dallas News: Trite, 'tis true, but true as trite. Cow, Sow & Hen compose a firm that can make any Texas farm owner rich if he will give them a fair chance to thrive. The trouble with that firm's popularity in most parts of the South is that the members of it require a good deal of waiting on and considerable care and patience in handling. This is objectionable to many of our very best people. They prefer to give their land to a hit or miss tenant to raise a crop of cotton on. There is no use in quarreling with this condi-

tion. It was inherited and is all but ineradicable. Meat and bread and butter crops are grown throughout the world by high-class labor accustomed to good living standards. Cotton is grown throughout the world by Hindus in India, fellahs in Egypt, coolies in China—and American citizens in the United States. This means precisely that American cotton farmers, producing a world staple, have to compete with the cheapest labor on earth, whereas meat and bread and butter farmers compete with the higher priced labor of earth. Is it any wonder that very often our cotton raisers are reduced to poverty? Can our cotton growers, competing with the pauper labor of Asia, afford to buy their foodstuffs? They can not. And that's all there is to it.

CHANDLER SIX

Famous For Its Marvelous Motor

Maximum of Comfort with Rare Beauty and Real Mechanical Excellence

Chandler closed cars, the big handsome sedan and the equally splendid coupe, appeal to discriminating men and women seeking the most comfortable means of transportation for their daily requirements in any season and any weather, coupled with assured mechanical excellence. They are first preferred cars among such buyers.

Substantial and durable in their splendid construction, most pleasing in design, lustrous in finish, deep cushioned and attractively upholstered in silk plush, they bring to you all that you could

desire. They are free from objectionable outside door hinges and mouldings that mar.

The Chandler Sedan seats seven in real comfort when the spring-cushioned auxiliary chairs are in use. The Coupe seats four in equal comfort.

Chandler closed car bodies are mounted on the one standard Chandler chassis, now in its eighth year of constant development and refinement and featured and favored for its marvelous motor.

These closed car bodies compare favorably with the similar bodies of the most costly cars.

The New Chandler Price Eliminates Competition

For years the Chandler has held the lead for real quality at the fairest price. The new Chandler price puts it in a position of being without competition. Any other car which may be compared with the Chandler is priced at hundreds of dollars more. And some smaller cars which give you much less are priced but little lower. Chandler is the real first choice in the motor car field today. These are facts, easily proven.

LEAGUE OF NATIONS IS CONSIDERING MANY PROBLEMS

The League of Nations is in session at Geneva attempting to get in working order to consider the many problems that present themselves and see if any solution can be found.

One of the most pressing matters is the relief of the Armenians still being persecuted by the Turks. It is agreed that only armed force will give the necessary relief, but just how to secure this armed force is the question. It is likely that all the nations, including the United States, will be asked to furnish a quota of this armed force.

It was the idea of the other nations some time ago to have this country assume a protectorate over Armenia, and if protests had not been made such an error would possibly have been committed, and today the soldiers of the United States would be engaged with bands of Turks in defense of Armenians.

A threat has been sent out from the League, that unless the United States hurries she may be isolated as the membership books of the League may be soon closed. Judging by the vote at the recent presidential election, it is not supposed by any sane person, that this country will grieve much if the League as organized does proceed without this country. At all events, it does not appear that as the League is constituted this country will join it.

American Legion Meeting

The Garrett-Baker Post of the American Legion met Tuesday, November 23rd, at the Court House to discuss plans for future activities.

Several important subjects were voted on and Tuesday, December 7, was decided on as the time of our next meeting.

Various committees were appointed as follows: Dr. Macdougall, Merrill Doyle and Prof. Franklin were appointed as a social committee. Will Garrett was placed in charge of ordering the membership buttons and to write up by-laws to be adopted at our next meeting. We sincerely hope that all of our members will see Mr. Garrett at once about these emblems, so he can send in the list as soon as possible.

We regret to state that through the arising of things unforeseen barely a quorum was present to see our post re-launched, but we hope that these absentees will be able to attend to their business before hand next month and be on the job, for one night a month is asking but little and we may profit by the example of our officers, who are willing to suspend other duties to humor the whims of their post.

Christmas Presents

Christmas is almost here. What is the most practical present you can give to Mother, to Father or to the Family?

A Ford car is the most useful present you can think of. A bright new car in front of the door on Christmas morning would mean a lot of happiness then and for a long time to come.

Summing it up—something PRACTICAL, something USEFUL, and something that will make HAPPINESS for yourself and for others—that's a Ford.

Think it over and give us your order now, and we will have it here for you on Christmas morning.

OUR AMBITION

AMBITION is the test of one's greatness and worth. Ambition is essential to all achievements. All the good things that we gain and the improvements that we make are the answer of ambition. As power is essential to mechanical operation so is ambition necessary to gain success. Without ambition you do not advance, but stay in a rut. This same applies to merchandising. If you wish the best, wish to save, you want to trade with the ambitious, progressive store. For such an institution will bring you satisfactory results, and as it helps them advance will also further your interests. This worthwhile desire or ambition has brought us unlimited success. We have worked for the betterment of this institution in order to be of more real service to you.

"WHY I CAN'T GET WELL?"

COUNTLESS thousands are asking themselves this very question every day, yet if they would but stop long enough to seek a true and trusted method, this terrible question would eventually be numbered by the hundreds instead of thousands.

CHIROPRACTIC

CAN AND WILL bring you the result you are seeking, but cannot help you unless you will take a sufficient number of adjustments to bring about a condition that is noticeable. You could not expect to come to my office two or three times, then quit for a while. Constant work on my part alone will do what you want. The cases, of course, vary according to your condition.

I reiterate, that if you really want to get well, Chiropractic is the sure and safe road to recovery.
